1. All quotations must be signed with the firm name and by an authorized officer or employee.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. **IF** a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

A cone of silence is in effect on this bid. DO NOT contact City employees with questions. All questions must be emailed to purchasing@cityofmobile.org.

All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to issuance of a Purchase Order.

State of Alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

1. All quotations must be signed with the firm name and by an authorized officer or employee.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. **IF** a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

You may bid using cooperative pricing, but price must be firm. City will not change or adjust pricing upon delivery

Price must include delivery FOB Mobile.

Price must include a minimum of eight (8) hours training for maintenance of machine and for operation training.

Include cost of the title application in your price.

A cone of silence is in effect on this bid. DO NOT contact City employees with questions. All questions must be emailed to purchasing@cityofmobile.org.

All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State,

1. All quotations must be signed with the firm name and by an authorized officer or employee.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. **IF** a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

	Page 2 of 3 A cone of silence is in effect on this bid. DO NOT contact City employees with questions. All questions must be emailed to purchasing@cityofmobile.org. All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/** If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks. Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number). Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to issuance of a Purchase Order. State of Alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

1. All quotations must be signed with the firm name and by an authorized officer or employee.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. IF a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

All vendors will be required to provide verification of Enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, Vendor may be required to have a Certificate of Authority to do Business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to the award of this bid.

State of Alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

CONE OF SILENCE. From the time of advertising, and until the final award by completion of a signed contract or purchase document issued by the City, there is a prohibition on communication by respondents (or anyone on their behalf) with the City staff and elected officials regarding this request for bids, proposals, or qualifications. This does not apply to communications directly with the Procurement Department staff during authorized question periods, or with designated City staff during pre-bid conferences, interviews, requests for clarification, and written contract negotiations. Breaking the established prohibition on communication, if proven, may result in a disqualification of your submittal.

If you have any questions, please feel free to contact the Purchasing Department at 251-208-7434 or purchasing@cityofmobile.org.

1. All quotations must be signed with the firm name and by an authorized officer or employee.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. IF a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

A cone of silence is in effect on this bid. DO NOT contact City employees with questions. All questions must be emailed to purchasing@cityofmobile.org.

All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to issuance of a Purchase Order.

State of Alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. **IF** a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

A cone of silence is in effect on this bid. DO NOT contact City employees with questions. All questions must be emailed to purchasing@cityofmobile.org.

All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to issuance of a Purchase Order.

State of Alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

Five (5) Year Chassis Warranty
Five (5) Year/250,000 Mile Engine & Aftertreatment Warranty

The vendor is responsible for getting the unit to the repair dealer for warranty service while the cab chassis or body are under warranty.

TRAINING:

Vendor to provide 8-10 hours at the factory training on use and maintenance of the loader. Dealer training is not acceptable. City will travel to factory location at City's expense.

PARTS MANUAL:

Bidder shall furnish a complete parts, maintenance, and operator's manual with each body sold.

COMPLIANCE:

Bidder shall complete every space in the specification bidder's proposal column with a check mark to indicate if the item being bid is exactly as specified. If not, the "NO" column must be checked and a detailed description of the deviation from the specification to be supplied. Bidder shall provide, with his bid package, complete body and complete chassis specification. Failure to provide these required specifications or misrepresentation of the bidder's compliance to the bid specifications will cause the bid to be deemed "non-responsive".

	YES	NO
I. LOADER		
Unit to be manufactured in an ISO 9000:2000 certified facility	☐	☐
BOOM		
Total boom length to be 20'. Boom may be extendable to 20 feet.	☐	☐
Minimum lift capacity to be 3,000 lbs. @ 18', including grapple.	☐	☐
Boom pedestal to be constructed of high strength steel providing a 3:1 safety factor.	☐	☐
All hydraulic hoses located at the operator position (boom pedestal) must be enclosed in the pedestal base. Access provided by an easily removable steel cover.	☐	☐
Boom pivot shall be mounted to the pedestal by means of a slewing ring/bearing that has a minimum capacity of 513,000 lbs. static load and 186,000 ft-lbs. moment.	☐	☐
Slewing ring shall be 3 ½" thick and have an O.D. of 25 ¾".	☐	☐
Boom pivot shall be constructed with a 9" O.D. safety retaining tube. The boom pivot safety retaining tube shall be a minimum of 12" long and confine all hoses that pass through the pedestal/boom pivot assembly.	☐	☐
Boom rotation of 320 degrees minimum with mechanical stops for safety.	☐	☐
Stops between 320 degrees and 350 degrees.		
Boom must be able to service both sides of street in same pass.	☐	☐
Boom rotation shall be accomplished by a direct hydraulic swing drive through a slewing (bearing) ring and planetary gear box producing 250,000 in-lbs. torque.	☐	☐
Entire boom assembly shall be designed with a tensile strength to provide a safety factor of 3:1 at the rated load capacity.	☐	☐
Main boom shall be constructed of (2) 4" x 8" high strength steel tube.	☐	☐
Tip boom shall be constructed from a 5" x 7" high strength steel tube.	☐	☐
Main boom shall be equipped with mechanical stops to prohibit hydraulic cylinders from bottoming out.	☐	☐
Boom pedestal to be mounted directly to the chassis frame rails. Mounting must include inside frame rail supports at the mounting points.	☐	☐
The entire boom must be serviceable down to the component level (e.g., every hydraulic hose, fluid tubes, bracket, pint, etc.) Having to replace subassemblies in order to repair a component will not be acceptable.	☐	☐
All boom connections requiring pins shall be equipped with replaceable bushings and heat-treated pins.	☐	☐
Boom must rack behind cab, no rear racking of boom. Boom rack must have a cutaway for the boom will rest in while traveling.	☐	☐
Must have solid tread plated catwalk on open area of unit between cab and pedestal covering the frame preventing any debris from falling and lodging on the drive shaft or any components between the frame rails. Catwalk shall be solid—no open grating allowed.	☐	☐
All hydraulics must be inside pedestal tower.	☐	☐
All moving or swiveling points shall be greaseable and have grease fittings that are easily accessible.	☐	☐
All grease points that are not easy to access shall have grease lines run to allow easy accessibility.	☐	☐

	YES	NO
All moving parts of grapple bucket and grapple swivel shall be greaseable and have grease fittings.	☐	☐
An over height boom alarm shall be installed	☐	☐
OPERATOR'S STATION		
All operating functions shall be controlled from the operator station mounted on the left-hand side of the boom. The operator station must rotate with the boom assembly and have a cushioned operator seat with armrest and seat belt.	☐	☐
	☐	☐
A step made of slip resistant material is required for ease of access to the operator's position.	☐	☐
Steps shall be provided for operator access when the boom stowed in the forward rack and rear the boom is stowed in trailer. Steps must have diamond skid on top of outrigger for first step.	☐	☐
Operator controls shall be joystick type. All controls shall be clearly identified as to function.	☐	☐
All controls must be forward of the center line of the operator's bottom seat side to side. All controls shall be in front of the Operator. No controls are to be behind the centerline of the bottom of the operator's seat	☐	☐
No controls on side of seat.	☐	☐
TRASH GRAPPLE		
Bucket shall have a 360-degree continuous rotating grapple with a replaceable hydraulic swivel. Swivel shall not be welded to or be an integral part of the grapple.	☐	☐
Bucket is to be opened and closed by two (2) hydraulic cylinders with a closing force/" bite" of 3,600 lbs.	☐	☐
Bucket is to be 4' long and capable of opening to 60" between cutting edges.	☐	☐
Bucket shall be fabricated with a bolt on replaceable H.S.H.C. steel cutting edge.	☐	☐
Provision shall be made to store the grapple to the front of the pedestal base while the unit is being transported.	☐	☐
HYDRAULICS		
Two stage tandem pump allows for multiple function control of the loader.	☐	☐
Reservoir shall be a minimum of 45 gallons. It shall have a dual level/oil temperature gauge on side of tank. An in-tank suction strainer is included.	☐	☐
Filter shall be a 10-micron, return line replaceable filter mounted on outside of reservoir.	☐	☐
Pressure filter to be installed in hydraulic system after pump and prior to any other hydraulic components. Pressure filter to be equipped with a condition sensor and dash mounted light. Light will remain on when filter element needs servicing.	☐	☐

	YES	NO
Quarter turn Cut-off valves shall be provided for return and suction lines for the hydraulic tank, as well as either side of the filter assemblies. There shall be "D" shaped handles accessible from the side of the vehicle. Operator shall not have to crawl under vehicle to close hydraulic valves.	☐	☐
There shall be a filter on the return line from the wet line return line from the trailer to the hydraulic tank. There shall be a quarter turn valve with remote "D" handle between the filter and the hydraulic tank. Operator shall not have to crawl under vehicle to close hydraulic valves.	☐	☐
EXTERNAL HYDRAULIC OIL COOLER FOR LOADER There shall be an external fan forced air hydraulic oil cooler of loader's Hydraulic oil. Fan shall be thermostatically controlled. There shall be quarter turn valve either side of the external cooler with remote access from the side of the truck with "D" handles.	☐	☐
There shall be a filter mounted between the hydraulic tank outlet and the hydraulic pump. There shall be a quarter turn valve with "D" handle controls. Employee should not have to crawl under truck to close valve.	☐	☐
Main boom, tip boom and outrigger hydraulic cylinders shall contain pilot operated check valves as an integral part of each cylinder to prevent boom movement in the event of hydraulic hose failure. Bolt on pilot operated check valves will not be permissible.	☐	☐
Two operator-controlled valves located at the operator station will allow for travel (floating) of the boom in the trailer. These valves allow the main boom and swing functions "free float". These valves must incorporate safety latches. They are to be mounted in front of operator for easy access.	☐	☐
There shall be no over height boom alarm that goes off on loader when boom is raised over height provided.	☐	☐
All hoses shall be rated at 4,000 PSI working pressure.	☐	☐
Port tubing throughout the boom shall be zinc plated.	☐	☐
Control valves shall have a 20 GPM rating	☐	☐
POWER SOURCE		
Unit to be mounted on any chassis that meets the manufacturers recommended specification with a heavy-duty (hot shift) PTO and a heavy duty bi-rotational tandem hydraulic pump.	☐	☐
THROTTLE CONTROL		
Unit to have an electrically operated throttle control to maintain proper engine speed when loader is operated under load. Switch for throttle control to be mounted on operator's platform for operator's convenience.	☐	☐
Throttle speed-up shall operate only when the transmission in the neutral position.	☐	☐
OUTRIGGERS		
Outrigger controls up/down levers must be side by side; in/out must be side by side. The up/down levers shall be to the front of the operator.	☐	☐
Outriggers shall be extendable to a distance that will resist loads of 85% of the tipping moment under maximum rated load.	☐	☐
The outriggers are to be equipped with steel wear pads to cause minimum damage to contacted surface.	☐	☐

	YES	NO
Outriggers shall telescope horizontally in and out, and vertically up and down and operate independently by means of individual mechanical linkage controls. Controls can be located separate from the main boom controls but located in front of operator or located in the joysticks.	☐	☐
Outrigger cylinders for stabilizing loader shall be mounted inside telescoping legs.	☐	☐
Outriggers shall retract to within the maximum highway width and will extend to a maximum width to resist the design load moment.	☐	☐
Outrigger cylinders shall contain holding valves on extend and retract functions to prevent outrigger leak down.	☐	☐
Outriggers must have grease fittings on all 4 sides of each moving section.	☐	☐

LIGHTS AND REFLECTORS

Lights and reflectors shall conform to current state and federal standards.	☐	☐
There shall be single faced amble/yellow LED strobe lights facing forward and rear ward built into the Headache rack, Two facing Forward and 2 facing Rearward. Light size shall be no less than 6"x6". The headache rack LED enclosure shall be no smaller than 8"x8" inside dimensions. The enclosure shall be built of 3/8" bar metal. The enclosures shall be built into the upper left and right corners of the headache rack.	☐	☐
The LED strobe lights shall be rated Class 1.	☐	☐
Round LED, Halogen, Strobe, Rotating, or incandescent lights are not acceptable.		

PAINT

Unit shall receive one (1) coat of high-grade primer and (2) coats of high-grade enamel paint.	☐	☐
Color: White Loader/ Black platform, cylinders, grapple & outrigger	☐	☐

TOW PACKAGE

Wet line kit to include transmission mount PTO, hydraulic pump, hydraulic oil tank, hydraulic return filter on lines from the trailer and another filter between the tank and the pump inlet, hydraulic relief valves, operator controls, electrical junction box, trailer connections, safety chain, and two (2) D-rings.	☐	☐
PTO on/off switch must be accessible from standing outside of truck.	☐	☐
Pintle Hitch to be SAF-Holland mode/part #PH-210RD11. NO SUBSTITUTE. Hitch shall be mounted in such a way that the center point of hitch is 37 inches from the ground. Hitch mounting shall be able to handle 90,000 pounds.	☐	☐
Vendor to supply pictures of proposed wet line kit if requested.	☐	☐

	YES	NO
Trailer connections shall include connections for lighting, air brakes, and hydraulic connections for dumping trailer and operating the landing gear.	☐	☐
Tow package must be approved before manufactured and installed.	☐	☐
PINTLE HITCH TRAILER CONNECTION		
The loader shall have a Pintle hitch connection rated no less than 90,000 pounds for shuttle trailer attachment. (To include d-ring safety chain hooks & 6-pin trailer plug.) Pintle hitch must be Holland brand part number PH-210RN11, no substitute.	☐	☐
Air brake gladhand connections for air brakes will be mounted.	☐	☐
Hydraulic "quick connect/disconnect" fittings shall be provided at the rear of the unit for hookup to the trailer dump system, and hydraulic jack stand. Controls for this function shall be located at the rear of the loader.	☐	☐
Provisions to be made for selector to provide pressure when trailer is connected	☐	☐
Diverter valve for PTO must be mounted at rear of truck for ease of access.	☐	☐
II. CHASSIS		
GENERAL		
2025 or newer/unused Conventional Chassis	☐	☐
33,000 lb. GVWR	☐	☐
FRAME & WHEELBASE		
175" Wheelbase, 107.6" CA, 120" AF	☐	☐
Single piece white painted bumper	☐	☐
RH frame mounted front tow hook	☐	☐
Single frame, 120,000 PSI, 1,933,200 RBM/rail	☐	☐
Integrated battery box in drivers sidestep	☐	☐
ENGINE		
Diesel Minimum 8 Liter, 260 HP, 660 Ft/Lbs. Torque with Turbo charge Cummins, Duramax, or Detroit engine brands only.	☐	☐
130AMP Alternator	☐	☐
Power steering pump	☐	☐
Gear driven engine air compressor	☐	☐
Bendix AD-IS Air dryer	☐	☐
Intake air warmer – glow plugs	☐	☐
Donaldson intake air filter and service indicator	☐	☐
Engine block heater with insulated breather hose and EGR valve	☐	☐
Stacked DPF & SCR underneath cab RH horizontal tailpipe	☐	☐
Engine exhaust brake	☐	☐

	YES	NO
Heated DEF tank: 5 Gallons frame mounted forward of passenger steps	☐	☐
TRANSMISSION		
Allison 3000 RDS Automatic transmission with PTO provisions	☐	☐
Push button electronic shift selector – dash mounted	☐	☐
Synthetic transmission fluid	☐	☐
Transmission oil cooler	☐	☐
DRIVELINE		
Dana Spicer SPL 140HD main driveline with ½ round yokes (or equal)	☐	☐
FRONT AXLE & SUSPENSION		
12,000 lb. Front axle	☐	☐
Synthetic front axle lube	☐	☐
12,000lb Taper leaf front suspension	☐	☐
Front shock absorbers	☐	☐
REAR AXLE & SUSPENSION		
Meritor RS23-160 23,000 lb. Single rear axle (or equal)	☐	☐
Conventional rear differential gear lubricant	☐	☐
5.38 Rear axle Ratio	☐	☐
23,000 lb. Multi Leaf steel spring suspension	☐	☐
BRAKES		
Wabco 4s/4m ABS without traction control	☐	☐
Air brake service brake system	☐	☐
15.0" x 4" Front brakes	☐	☐

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. **IF** a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to issuance of a Purchase Order.

Any questions or problems, contact the City of Mobile Purchasing Department at 251-208-7434 or purchasing@cityofmobile.org.

State of Alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

Pricing to be firm for the six (6) month period following the award of this bid. At the option of the City of Mobile and the successful vendor, the award of this bid may be extended for two (2) additional six (6) month periods.

If you have any questions, please feel free to contact the Purchasing Department at 251-208-7434 or purchasing@cityofmobile.org.

Manholes:
(2) 25-inch or larger diameter manholes with hinged, solid, vented lids, with an Anti-slosh ring (1) at each end of the tank. With OSHA approved climbing ladders (1) at each manhole for getting into and out of tank.
Or a minimum of a 24in wide by 36in long by 12in. tall rectangular manhole/refilling port at center of tank with a hinged, solid, vented lid. Made so that nothing can be thrown in to the tank from above. With a OSHA approved climbing ladder.
NOTE: At Mardi Gras, celebrants on balconies tend to want to throw stuff at tops of vehicles, and anything dark or open becomes a target or part of a contest to see if they can ring the hole or opening on top of the tank so the lid must be solid, no screens or open opening on top.

Ladder and Walk Way
OSHA approved ladder to get to the top of tank. Constructed from ¾-inch pipe located on rear of tank. A textured nonslip walk way on tank top to entry points and equipment.

Fenders:
Fenders attached to tanker base on chassis constructed of at least 12 gauge steel. Mud flaps mounted rear of fenders. Hose storage mounted in/on fenders. (see pictures for reference)

Mounting:
Installed with skid to frame mounting. Four (4) spring loaded mounts shall be furnished for installation.

Lights:
Safety and Work Lights includes four corner strobe system four 100,000 candle power work lights mounted at the rear, and front corners of the tank / dual 40" 14 LED light bars 11 flash patterns, 5 strobe head groupings for 55 flash sequences / lens patterns red, clear, and amber w/ monetary switch panel, in-cab controls, mounted /Work lights 2 on the front 2 on the left side 2 on the right side and 2 on the rear w/ monetary switch panel, in-cab controls, mounted all lights 12 volt led and all dot required reflectors and reflective stripping .
On the roof of the truck chassis there shall be a full width LED light bar, across the full width of the cab. This light bar shall be such that the bat is split horizontally so the upper section will light up in amber or yellow LED's and the bottom portion will be a all around "takedown or work light", LED's and bar will capable of doing both at the same time. This bar shall be controlled from within the cab of the truck by the driver.

Auxiliary Motor: Auxiliary Motor to power water pump system rated at a minimum of 41 HP that meets EPA Final Tier IV standards and be a Non-DEF liquid cooled diesel motor that is fueled from the trucks diesel tank. And all controls for motor and pump are to in the cab and easily accessible to driver.

Water Pump:
Water Pump is to be powered by the auxiliary motor, self-priming, and capable of producing at least 750 GPM and 65 PSI. And all controls for the pump are to in the cab and easily accessible to driver.

Gravity Drop Bar:
Air actuated gravity tube at bottom end center of tank as close to the rear as possible. 96inches x 4-inches with vitriolic caps and quick release clamps at each end. With Individual cab mounted controls to actuate.

Spray System:
Individual cab mounted controls to actuate each of the five. 2" Threaded Nozzle Spray Head with 6"wide x 1/8" Slot. Also known as a "Frog Mouth Street Flusher" See part # (SHNOZFR-2) for an example three (3) air operated valves with adjustable volume and Frog Mouth Street Flusher nozzles mounted on front spray bar at the corners and center of the truck 10in. above the ground facing forward at about 45° spray pattern. Two (2) air operated valves with adjustable volume mounted on rear spray bar at the rear corners of the truck

with Frog Mouth Street Flusher nozzles 10in. above the ground facing forward with a spray pattern that just does clear the rear wheels spraying outward. (see pictures)
Plumbing from the spray bars to the nozzles shall use vicraulic type fittings to allow adjustment to nozzles as well as replacement as needed.

Lifting Eyes
Tank is to have a minimum of four (4) lifting eyes. Two (2) eyes on the front and two (2) eyes on the rear, capable of lifting the weight of the tank when it is empty without causing any deformation in the tank.

Hydrant Fill
A 5-inch schedule 40 pipe (anti-siphon standards air break at top) runs up over and in to the top of the tank. The fill pipe shall be located at the rear curb side of the tank or at the center at the rear of the tank depending how the truck and tank are constructed. Ther filler line shall have a 5-inch quarter turn valve installed in the fill line. The fill line shall terminate in standard pipe thread. Vendor shall fit a 5-inch STORZ hose fitting on the end of the fill pipe. Between the 5-inch quarter turn valve and the STORZ fitting, there shall be a 1.5-inch quarter turn valve for bleeding purposes. (see drawing)
Vendor shall also install at the rear of the truck a "basket" or platform that would hold 20 ft of 5-inch filler hose.

NOTE: As stated earlier, there must be a solid covering over the opening in the tank where the anti-siphon air break is so that Mardi Gras celebrants are unable to "ring" the hole (filler) on top of the tank. The side opening should have some sort of screen (like hardware cloth) to help keep out debris that is thrown.

Hose Reel
There shall be an electric rewind hose reel mounted to the truck with 100 feet of 1 inch hose with a removable adjustable nozzle. The reel shall have a valve to shut off the reel.

Displacement Pipe
Located at the rear of the tank. The 1½-inch displacement pipe shall have a 1½-inch ball valve installed on it.

Drains
There shall be drains located in all low spots of the plumbing to allow draining of all water from the tank, pump, piping, and plumbing during freezing weather.

Valves
All discharges / nozzles shall be individually controlled by remote controls from the cab.
Drain valves are not to be remotely controlled

Tank and Spray System Operating and Service Manuals and Parts Lists
One (1) operator manual shall be included with the unit upon delivery. In addition, there shall be a total of one (1) service, shop, or maintenance manual, and one (1) parts manual or available w/CD or online

Tank and Spray System Warranty The manufacturer's standard warranty or service policy is to apply to the unit. Such warranty or service policy is to be recognized at any authorized/franchised unit dealer, representing manufacturer of proposed unit throughout the State of Alabama and within a radius of 50 miles of the City of Mobile. To Whom It May Concern,

In accordance with Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975 as amended by Act No. 2022-135, the Department has reviewed the competitive bidding process used by Sourcewell, a national, governmental purchasing cooperative, for the contracts awarded as of the date of this letter. The Department did not identify any matters that were contrary to proper purchasing procedures or routine governmental procurement practices. Each contract was awarded by Sourcewell pursuant to the competitive bid laws of the State of Minnesota.

Based on the Department's review, the competitive bid process used by Sourcewell is approved for use through **December 31, 2025**. This approval authorizes the purchase, lease, or lease/purchase of certain goods or services, other than voice or data wireless communication services, when certain statutory conditions are fulfilled. See Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975 as amended by Act No. 2023-135.

Prior to utilizing Sourcewell, each governmental entity must verify that the goods or services to be purchased, leased, or lease/purchased are either not at the time available on the state purchasing program or are available at a price equal to or less than that on the state purchase program. *Id.* Any such purchases, leases, or lease/purchases must be made through a participating Alabama vendor holding an Alabama business license if such a vendor exists. *Id.* Any such vendor shall also comply with Section 41-16-51(a)(16)d, *Ala. Code* 1975 when applicable. Further, all such purchases must comply with the requirements of *Uniform Guidance*.

Should the Department receive notice that Sourcewell or its awarded vendors are allowing Alabama governmental entities to make unauthorized purchases or other unlawful business transactions, Sourcewell's competitive bid process approval will subject to immediate revocation by the Department.

*****Please be advised, this letter authorizes the purchase of materials or equipment (by counties or municipalities only) that are otherwise part of a contract for "public works," as defined in Section 39-2-1(6), *Ala. Code* 1975, as long as the remaining portion of the public works project is subject to the requirements of Title 39, even if the remaining portion of the project would involve an amount less than $100,000 as a result of the exclusion of the purchase of materials or equipment. See Section 39-2-2(l)(1) and (2), *Ala. Code* 1975, as amended by Act 2023-497.**

If the Department can be of further assistance, please let us know.

Sincerely,

Rachel Laurie Riddle
CHIEF EXAMINER

1. All quotations must be signed with the firm name and by an authorized officer or employee.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. IF a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

A cone of silence is in effect on this bid. DO NOT contact City employees with questions. All questions must be emailed to purchasing@cityofmobile.org.

All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to issuance of a Purchase Order.

State of Alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

1. All quotations must be signed with the firm name and by an authorized officer or employee.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. IF a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft or Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

1. All quotations must be signed with the firm name and by an authorized officer or employee.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. IF a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to issuance of a Purchase Order.

State of Alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

RESOLUTION

Sponsored by: _____

WHEREAS, the City Council determined through Resolution 09-902 on September 27, 2024 that it is wise, expedient, and necessary to facilitate neighborhood revitalization through the acquisition, construction and rehabilitation of residential, mixed-use, commercial, and public projects; and,

WHEREAS, in addition, the City Council through Resolution 09-902 identified a public need for affordable, attainable and/or workforce housing due to the unprecedented nationwide increase in housing costs and that the expenditure of funds through a revolving fund will serve a valid and sufficient public purpose and named the revolving fund the Housing Improvement Plan Enterprise Fund; and,

WHEREAS, the City Council in its identification of the public need and declaration of public purpose above, includes the allowance of participation by certified police department personnel, certified fire department personnel, and current certified elementary, primary, middle, and high school educator personnel as part of the stabilization plan for the Housing Improvement Plan areas of investment; and,

WHEREAS, the City of Mobile continues to seek and promote local economic and commercial development of the City; to promote the expansion and retention of business enterprise within the City; to increase employment in the City, especially for those residing in the City; to promote and develop for the public good and welfare, commerce, industry, and employment opportunities in the City; to increase tax revenue base of the City and property values of the City; and to promote the convenience, order, prosperity and welfare of its citizens. The increased revenues, additional economic activity, creation of new jobs and other benefits will directly benefit the City; and,

WHEREAS, within the Housing Improvement Plan, the acquisition of vacant and blighted properties; the stabilization of existing structures; and the construction of houses, either by the City directly or through the use of public-private partnerships; and, the sale of said properties will serve a public purpose by returning under-utilized land to productive use, leverage ongoing capital investments, and providing housing; and,

WHEREAS, the City finds the Housing Improvement Plan to be beneficial to the people of the City to such an extent as to fully warrant and justify the appropriation of City funding and support contemplated herein;

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, that $1,000,000 from General Funds within the Mayor's Office for the purpose of funding operations for the Housing Improvement Plan and $500,000 from Council District 2

Capital Funds for use on capital improvements within the plan target area located in District 2 are authorized to be moved to the Housing Improvement Plan Enterprise Account; those funds moved from Council Capital Funds being subject to coordination requirements between the Councilor of the District and Mayor as outlined in Resolution 09-902 and authorizing any requirements related to this coordination;

BE IT FURTHER RESOLVED that the Mayor, or his designee, is authorized to utilize the Housing Improvement Plan Enterprise Fund to create and administer a comprehensive program to redevelop neighborhoods for the end purpose of providing additional affordable and/or workforce units of housing within the City of Mobile. This authorization extends to the additional hiring of personnel within the Neighborhood Development Department to administer this program. The Mayor, or his designee, is further authorized to acquire and dispose of land and/or execute Subrecipient Agreement, Conditional Commitment Letters, Developer Agreements, Administrative Agreements, Loan Agreements, and associated security documents on behalf of the City for the purpose described for the Fund.

NON-CONSTRUCTION
PROFESSIONAL SERVICES CONTRACT
City of Mobile

This Professional Services Contract (sometimes hereinafter "Agreement"), made and entered into as of the date on which the last party executes this agreement (the "Effective Date"), by and between **THE CITY OF MOBILE**, a Municipal Corporation of the State of Alabama (hereinafter referred to as the "City") and Benjamin Victor Studios, Inc, 10619 W. Victory Road, Boise, ID 83709, (hereinafter "Contractor"), as follows:

WHEREAS, the Contractor is uniquely qualified and has expertise in life-size bronze sculpture; and

WHEREAS, the City desires to engage this Contractor, due to the Contractor's high degree of professional skill, competence, and personality, especially suited to provide said services upon the following terms and conditions.

NOW THEREFORE, City and Contractor, for and in consideration of the mutual covenants and agreements hereinafter set forth to be kept and performed by the other, and other good and valuable consideration, the receipt and sufficiency of all of which are hereby acknowledged, do hereby covenant and agree as follows:

I. PROFESSIONAL SERVICES/ SCOPE

A. The professional services to be performed by the Contractor under this Agreement ("Services") for City of Mobile are to provide the following:
Contractor shall design, model, cast, finish, deliver, and (if requested by City) oversee installation of one (1) 125% life-size bronze sculpture of Jimmy Buffett with guitar; pair of flip-flops, separate (**Exhibit A**). Deliverables/acceptance: (a) concept sketch(s); (b) maquette; (c) full-size clay; (d) mold/bronze casting; (e) patina/finish; (f) installation instructions & maintenance guide; (g) as-installed photo log. City approval is required at (a)–(c) before proceeding.

B. The Contractor shall perform all professional services under this contract with the professional skill and care ordinarily provided by a competent professional practicing under the same or similar circumstances and as expeditiously as is prudent considering the ordinary professional skill and care of such profession

C. The Contractor shall report to the "City Project Manager," who will be the Director, National Maritime Museum of the Gulf of Mexico, or her designated representative, who shall provide specific tasking to the Contractor with respect to these services.

II. TERM OF AGREEMENT

A. This Contract shall commence immediately upon execution by both the City and the Contractor and shall continue through the completion of the Project, in accordance with **Exhibit B** Project Schedule attached hereto and incorporated herein.

III. COMPENSATION

A. The City shall pay the Contractor for the services rendered hereunder and completed in accordance with the terms and conditions of this Contract an amount not to exceed Two hundred twenty thousand dollars **[$220,000.00]** for the entire Project in accordance with **Exhibit C** Fee Schedule attached hereto and incorporated herein, upon the completion and acceptance thereof by the City Project Manager, who will be the Director, National Maritime Museum of the Gulf of Mexico, subject to annual appropriation and compliance with this Agreement.

IV. METHOD OF PAYMENT

A. The City shall pay the Contractor through payment issued by the City upon receipt of the Contractor's invoice and written approval of same by the City's Project Manager, indicating that services have been rendered in conformity with this Contract. The "City Project Manager" will be the Director, National Maritime Museum of the Gulf of Mexico, or her designated representative.

B. The Contractor's invoices shall be in a form satisfactory to the Project Manager who shall initiate disbursements. The Contractor is responsible for providing all necessary documentation that may be required by the City.

C. Proper invoice must reference the applicable **Exhibit C** fee schedule, include evidence of City acceptance for that milestone, and be submitted Net 30. City may withhold disputed portions pending resolution.

V. ADDITIONAL SERVICES

A. No changes to this Contract or the performance contemplated hereunder shall be made unless the same are in writing and signed by both the Contractor and the City's authorized agent.

B. If the City requires the Contractor to perform additional services related to this Contract then the Contractor shall be entitled to additional compensation based on an amended fee schedule to the extent necessary to accommodate such additional work. The additional compensation shall be agreed upon before the commencement of any additional services or changes and shall be incorporated into this Contract by written amendment. The City shall not pay for any additional service or work performed before a written amendment to this Contract is executed by the City and the Contractor. Notwithstanding the preceding, in the event additional services are required as a result of error, omission or negligence of the Contractor, the Contractor shall not be entitled to additional compensation.

C. Design changes requested by City after milestone approval require a written amendment with fee/time adjustments. Contractor must obtain written City approval before incurring costs.

VI. LIABILITY OF CONTRACTOR

A. To the fullest extent permitted by law, Contractor covenants to release, defend, indemnify, hold harmless, protect, and exonerate both the City and its agents, employees, and representatives, from and against any and all liability, claims (direct and indirect), damages, losses, suits, actions, demands, liens, arbitrations, administrative proceedings, awards, judgments, expenses, costs, and attorneys' fees pertaining to personal injury, bodily injury, death, damage to or destruction of property (including any loss of use), economic loss or damage, labor disputes, safety requirements, performance or non-performance of obligations, certifications, property rights of third parties, sickness or disease, which (1) are caused in whole or in part by the Contractor (herein defined to include but not be limited to Contractor's owners, employees, agents, representatives, subcontractors, suppliers, and invitees or other third parties connected with the Contractor as well as the agents or employees of any of them), or (2) arise out of or are related to work undertaken or to be performed by the Contractor, or (3) arise out of or are related to any other act or omission relating to the Contractor, the Contract, the work under the Contract or otherwise undertaken by the Contractor as defined in the parenthetical of (1) above. It is the specific and express intent of the parties to the contract for the foregoing covenants and indemnity obligations to apply to the fullest extent permitted by applicable law,

regardless of whether the liability is caused in whole or in part by a party indemnified hereunder, and whether said liability be caused by, or arise out of, any joint, concurrent, or contributory negligence of a party indemnified hereunder. Contractor agrees it is not a design professional within the meaning of § 41-9A-3, Ala. Code (1975).

B. This section of the Agreement will survive the expiration or termination of the Agreement.

VII. CONTRACTOR'S INSURANCE.

A. Contractor shall procure and maintain insurance as specified in Exhibit E, City of Mobile Insurance Requirements, attached hereto and made a part of this Agreement.

B. WORKERS' COMPENSATION/EMPLOYER'S LIABILITY

Workers' Compensation insurance in the amounts required by all applicable laws, rules or regulations of the state of Alabama.
Employer's Liability with limits of not less than:

1. Bodily Injury by Accident $1,000,000 Each Accident
2. Bodily Injury by Disease $1,000,000 Policy Limit
3. Bodily Injury by Disease $1,000,000 Each Employee

Borrowed Servant/Alternate Employer endorsement in favor of City of Mobile.

C. COMMERCIAL GENERAL LIABILITY INSURANCE

Contractor shall also obtain Commercial General Liability coverage (occurrence form) including coverage for products/completed operations, independent Contractors, and blanket contractual liability, specifically covering the obligations assumed by Contractor with the following minimums:

1. $1,000,000 Each Occurrence (combined single limit for bodily injury and property damage)
2. $2,000,000 Products/Completed Operations aggregate
3. $1,000,000 Personal and Advertising Injury per person/organization
4. $2,000,000 General Aggregate Limit per Project

D. AUTOMOBILE LIABILITY INSURANCE

Contractor shall also obtain a minimum of $1,000,000 combined single limit coverage per accident, including owned, hired and non-owned automobiles. (If Contractor does not own an automobile, but one is used in the execution of the contract, then only "hired and non-owned coverage" is required. If a vehicle is not used in the execution of the contract, then automobile coverage is not required.)

E. COMMERCIAL UMBRELLA LIABILITY INSURANCE

Contractor shall also obtain Umbrella Liability over and above the limits of liability required in the Employers Liability, General Liability, Automobile Liability. The Umbrella coverage form will be at least as broad as the underlying policies. The Additional Insureds requirements of underlying policies shall also be met by the Umbrella. Umbrella limits shall be at least $2,000,000 per line of coverage.

F. FINE ARTS AND INLAND MARINE INSURANCE

Contractor shall also obtain Fine Arts and Inland Marine Insurance which covers the sculpture from the studio and through the final delivery location. Such insurance shall cover, at a minimum, the value of the sculpture and its replacement cost at each stage of work.

G. PROFESSIONAL LIABILITY INSURANCE

1. Projects $0 - $1,000,000 — $1,000,000/$2,000,000 annual aggregate
2. Projects over $1,000,000 — to be determined by Owner

City is not required to be an additional insured for the purposes of professional liability insurance.

H. CERTIFICATES OF INSURANCE

Contractor and/or any Subcontractors shall provide City of Mobile with valid certificates of insurance within ten (10) days from the date of issuance of contract forms for execution verifying said insurance requirements have been met. Attached to each certificate of insurance, shall be a copy of the Additional Insured Endorsement that is part of the Contractor/Subcontractor's Commercial General Liability Policy. Policies must be issued by companies with an A.M. Best rating of A-VII or better. All deductibles or Self-Insured Retentions for each policy shall not exceed $5,000 unless otherwise indicated by City of

Mobile. The Description section of the Certificate shall contain reference to the Project name. The Contractor shall ensure that each Subcontractor complies with the terms of this Section.

I. ADDITIONAL INSUREDS

These liability policies shall endorse City of Mobile as an Additional Insured. Coverage for City of Mobile and their officers, directors, and employees as additional insureds shall be provided by a policy provision or by an endorsement providing coverage. Forms that are limited to "liability arising out of your ongoing operations" or that do not extend to Products and Completed Operations are not acceptable. Should a separate excess and/or umbrella liability policy be used to satisfy the above required limits, said policy will also be endorsed to include the Contractor, Owner et al. as an additional insured. Additionally, Contractor agrees to continue to procure and maintain liability insurance coverage meeting these requirements for the statutory limitation of claims (or statute of repose, if applicable) after the Project completion.

The policies shall be endorsed to stipulate that the insurance afforded the additional insureds shall apply as primary insurance and that any other insurance or self-insurance maintained by City of Mobile shall be excess only and shall not be called upon to contribute with this insurance. A copy of each endorsement shall be attached to the Certificate of Insurance. The Certificate shall indicate the Certificate Holder as:

City of Mobile
P.O. Box 1827
Mobile, AL 36633

J. INSURANCE REQUIREMENT FOR SUBCONTRACTORS

Contractor shall ensure that its Subcontractors of any tier shall procure and maintain insurance that complies with the requirements set forth in this Agreement, including the additional insured, primary and non-contributory and waiver of subrogation requirements. Copies of the certificate(s) must be provided prior to the Subcontractors entering the site.

K. CANCELLATION

Each policy shall be endorsed to provide that the insurance company agrees that the policy shall not be modified, canceled, changed, allowed to lapse, or expire for any reason without at least thirty (30) days written notice to City of Mobile. Not less than two (2) weeks prior to the expiration, cancellation, or termination of any such policy, the

Contractor/Subcontractor shall supply City of Mobile with a new and replacement certificate of insurance and Additional Insured endorsement as proof of renewal of said original policy. Said new and replacement endorsements shall be similarly endorsed in favor of City of Mobile and City of Mobile's parties as set forth above.

L. WAIVER OF SUBROGATION

Contractor shall waive its right to subrogation on each of the policies herein. If any of the policies do not permit the insured to enter into a pre-loss waiver, or voids coverage because of same, then this Waiver of Subrogation requirement shall not apply and Contractor shall obtain a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent.

Insurance required by this Agreement shall be as broad as necessary to support the indemnification requirement in said contract or as broad as the indemnitor's insurance coverage, whichever is broader.

VIII. RESPONSIBILITIES OF THE CONTRACTOR

A. The Contractor agrees to respond to communication from the City within three working days unless a shorter response time is specified by the City.

B. The Contractor shall maintain books, records, documents, and other evidence directly pertaining to or connected with the services under this Contract which shall be available and accessible at the Contractor's offices for the purpose of inspection, audit, and copying during normal business hours by the City, or any of its authorized representatives.

C. The Contractor is, and shall be, in the performance of all work, services and activities under this Contract, an independent contractor.

IX. FORCE MAJEURE

A. The Contractor specifically agrees that all work performed under the terms and conditions of this Contract shall be completed within the time limits as set forth herein, or as otherwise identified in the City's purchase order or specified by the City's Department Head, subject only to delays caused by force majeure, or as otherwise defined herein. "Force majeure" shall be deemed to be any cause affecting the performance of this Contract arising from or attributable to acts, events, omissions or accidents beyond the reasonable control of the parties. Force majeure extends deadlines but does not create entitlement to payment for unperformed work.

X. OBLIGATIONS OF CITY

A. City shall designate a Department Head(s) or other person to act as City's representative with respect to this Agreement, as set out herein above. Such person(s) will have the authority to transmit instructions, receive information, and interpret and define the City's policies and decisions regarding the scope of services.

B. City shall furnish to Contractor all applicable information and technical data in City's possession or control reasonably requested by Contractor for the proper performance of the Services.

C. The City's Designated representative will do all things necessary to properly administer the terms and conditions of this Agreement.

D. The City shall not provide any services to the Contractor in connection with any claim brought on behalf of or against the Contractor.

XI. TERMINATION

A. The City shall have the right at any time upon thirty (30) calendar day's written notice to the Contractor to terminate the services of the Contractor. The City shall pay to the Contractor and the Contractor shall accept as full payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

B. Any failure of the Contractor to satisfy the requirements of this Contract, as documented by the Department Head, shall be considered a default of the Contract and sufficient reason for termination. 1. For defaults that are curable (as determined by the City), the Contractor shall be notified in writing by the City and shall have an opportunity to cure such default(s) within ten (10) working days after notification. 2. For defaults that are not curable (as determined by the City), notice of the termination date shall be given as deemed appropriate by the City.

C. In the event the City's termination of this Contract for default is in any way deficient, at the option of the City such termination shall be deemed to be a termination for convenience.

D. The parties may mutually agree to terminate this Contract. Such termination shall be evidenced by a notice issued by the City. The City shall pay to the Contractor and the

Contractor shall accept as payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

E. In the event that the Contractor has abandoned performance under this Contract, then the City may terminate this Contract upon fourteen (14) calendar day's written notice to the Contractor indicating its intention to do so. Payment for work performed prior to the Contractor's abandonment shall be as stated above.

F. In any conflict with Artist proposals/forms, this Agreement controls; no 'non-refundable deposits' apply. City pays only for work accepted up to the effective termination date.

XII. DISPUTE RESOLUTION

A. Any dispute, action or proceeding arising out of or related to this Agreement will be exclusively commenced in the state courts of Mobile County, Alabama, or where proper subject matter jurisdiction exists in the United States District Court for the Southern District of Alabama. Each party irrevocably submits and waives any objections to the exclusive personal jurisdiction and venue of such courts, including any objection based on forum non conveniens.

B. Contractor agrees to waive all rights to trial by jury for any litigation undertaken concerning this Agreement.

C. No arbitration. Any artist form terms to the contrary are void.

D. This Agreement and the rights and obligations of the parties shall be governed by the laws of the State of Alabama without regard to its conflict of laws principles.

XIII. LICENSE

A. Contractor grants to the City an irrevocable, royalty-free license, and worldwide right to photograph, film, video, or otherwise reproduce images of the Commissioned Sculpture for awards, publications, publicity, promotion, research, and other uses.

B. City grants Contractor a non-exclusive, royalty-free license to photograph and use images of the Commissioned Sculpture for awards, publications, publicity, promotion, research, and other uses. City may reproduce two-dimensional (2D) images for any civic purpose; no three-dimensional (3D) reproductions will be made without Artist's written consent.

C. Contractor maintains full and sole copyright to the reproduction of the sculpture in three-dimensional form. The sculpture shall not be reproduced in physical form without the written consent of the Contractor, and any reproduction by anyone other than the Contractor is strictly prohibited.

XIV. WARRANTY:

A. Contractor warrants that the Commissioned Sculpture under normal use and service will be free from material defects in materials and workmanship.

B. Contractor warrants that the materials furnished and work performed in conjunction with the creation of the Commissioned Sculpture will be free from defects due to defective materials or workmanship for a period of one year from the date of delivery to the City.

C. Contractor to repair at its expense for defects reported within one year. Such defects may include bronze alloy standard (e.g., silicon bronze), foundry quality, patina stability, and anchoring hardware.

XV. NOTICES

A. The City of Mobile Authorized Agent, authorized to act on the City's behalf with respect to the Project is The Maritime Museum Executive Director, or the Director's designated representative.

B. Any notices of default or termination shall be sufficient if sent by parties via United States Certified mail, postage paid, or recognized overnight courier and email-with-copy, or via nationally recognized delivery service, to the address listed below:

C. Any change in The Maritime Museum Executive Director, the Director's Representative, or the Contractor's Representative will be promptly communicated by the party making the change.

XVI. DEFAULT/ BREACH.

A. **Default**. Default, for purposes of this contract, shall include, but is not limited to, any of the following: 1) failure to perform the work or provide the services in accordance with the terms of the contract, 2) failure to meet established deadlines or schedules, 3) substandard or non-compliant work or services, 4) failure to comply with applicable laws, regulations, or permits, including state and federal law, local ordinances and any federal grant requirements, 5) failure to communicate adequately with the City regarding progress or issues, 6) unauthorized assignment or transfer of the contract without prior written consent from the City, 7) failure to correct deficiencies after receiving written notice from the City, 8) misrepresentation or falsification of information provided during performance, 9) failure to maintain required insurance coverage , 10) unauthorized use of City property, equipment, or resources, 11) violation of confidentiality or data protection requirements outlined in the contract, 12) failure to provide required reports, documentation, or certifications, 13) failing to comply with written directives from the City to correct specific issues or deficiencies, 14) failure to maintain adequate security measures for sensitive information or physical assets.

XVII. EFFECT OF DEFAULT

A. Upon the occurrence of default, City shall have rights which include but are not limited to (i) the right to keep this Contract in effect and sue Contractor for all damages caused by the default and recover the cost thereof; (ii) the right to cure any such default by Contractor and to recover any damages caused thereby; and (iii) the right to terminate this Contract either as to the entire Project or part thereof, in either case by giving Contractor written notice of such termination. In the event of termination of this Agreement by the City because of the Contractor's default or breach, the City may take possession of all material, and may finish the Project by whatever method and means City may select subject to its obligation to reasonably mitigate.

XVIII. WITHHOLDING PAYMENT DUE

A. Default by Contractor shall excuse any obligation of City to pay compensation or sums otherwise due Contractor under the agreement. City may withhold any and all sums due if there has been a default or breach by Contractor of any provision of this agreement.

XIX. CURE PLAN

A. If Contractor fails to comply with any material provision of this agreement, the City may issue a written notice requiring Contractor to submit a corrective action plan (CAP) within such time as City directs. If Contractor fails to provide an acceptable CAP or does not cure the breach within the time frame specified, the City may invoke additional sanctions or terminate this Agreement.

XX. ANTI-BOYCOTT

A. Contractor agrees it is not currently engaged in and will not engage in the boycott of a person or an entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade within the meaning of Alabama Code 41-16-5.

XXI. NON-DISCRIMINATION

A. Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

XXII. COMPLIANCE WITH IMMIGRATION LAW

A. By signing this contract, the contracting parties affirm, for the duration of the Agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Pursuant to Alabama Code (1975) Section 31-13-9, if Contractor employs one or more employees within the State of Alabama, Contractor shall provide documentation establishing that Contractor is enrolled in the *E-Verify* program. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the Agreement and shall be responsible for all damages resulting therefrom.

XXIII. SUPREMACY

A. Supremacy of City Agreement. Contractor proposals, quotes, invoices, or form agreements (including any attached Artist terms) are for scope description only. No terms or conditions therein modify this Agreement, and any conflicting or additional terms are void unless a City-executed amendment expressly states otherwise.

XXIII. MISCELLANEOUS

A. This Agreement constitutes the sole and complete understanding between the parties and supersedes all agreements between them, whether oral or written with respect to the subject matter. No Amendment, change or addendum to this Agreement is enforceable unless agreed to in writing by both parties and incorporated into this Agreement.

B. The language of this Agreement shall be construed, in all cases, according to its fair meaning and not for or against any party hereto.

C. The parties hereto do not intend nor shall this Agreement be construed to grant any rights, privileges or interest to any third party.

D. Time is of the essence with regard to each and every aspect of the Contractor's performance under this Contract.

E. The rights and remedies of the City provided for under this Agreement are in addition to any other rights and remedies provided by law.

F. If the Contractor is comprised of more than one legal entity, each entity shall be jointly and severally liable hereunder.

G. The exercise by either party of any rights or remedies provided herein shall not constitute a waiver of any other rights or remedies available under this Agreement or any applicable law.

H. If any term, condition, or covenant of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this Agreement shall be valid and binding on each party.

I. The parties covenant and agree that each is duly authorized to enter into and perform this Agreement and those executing this Agreement have all requisite power and authority to bind the parties.

J. Neither the City's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

K. Paragraph headings are for the convenience of the parties and for reference purposes only and shall be given no legal effect.

L. All provisions of this Agreement have been subject to full and careful review by and negotiation between Contractor and City. Each such party has availed itself of such legal advice and counsel as it, respectively, has deemed appropriate. The parties hereto agree that neither one of them shall be deemed to be the drafter or author of this Agreement, and in the event this Agreement is subject to interpretation or construction by a court of law or panel of arbitration, such court or panel shall not construe this Agreement or any portion hereof against either party as the drafter of this Agreement.

M. This Agreement embodies the entire agreement and understanding between the parties pertaining to the subject matter of this Agreement, and supersedes all prior agreements, understandings, negotiations, representations and discussions, whether verbal or written, of the parties pertaining to that subject matter.

N. The provisions of this Agreement shall bind and inure to the benefit of the parties and their respective successors and permitted assigns.

O. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute a single agreement.

P. This Agreement may be amended, modified or supplemented only by a writing executed by each of the parties. Any party may in writing waive any provisions of this Agreement to the extent such provision is for the benefit of the waiving party. No action taken pursuant to this Agreement shall be deemed to constitute a waiver by that party of any other party's compliance with provisions of this Agreement. No waiver by any party of a breach of any provision of this Agreement shall be construed as a waiver of any subsequent or different breach, and no forbearance by a party to seek a remedy for noncompliance or breach by another party shall be construed as a waiver of any right or remedy with respect to such noncompliance or breach.

Q. If the City is required to take legal action to enforce this contract, the contractor agrees to reimburse the City for all reasonable attorney's fees and associated costs incurred.

R. Failure by the City to enforce any provision of this contract shall not be deemed a waiver of its rights to enforce any other provision or the same provision in the future.

S. Nothing in this Agreement shall be construed as a waiver of any governmental, sovereign, or other immunity by the City, its officials, or employees. All defenses and limitations of liability provided by law remain fully applicable.

T. The City and Contractor each bind itself, its successors and assigns, to the other party of this contract, in respect to all covenants of this agreement. The contractor shall not transfer or assign this contract or the license or any of the rights or privileges granted herein without the prior written consent of the City, which such consent shall be granted or denied solely at the City's sole discretion.

U. This Agreement is the final expression of the agreement between the parties and the complete and exclusive statement of the terms agreed upon and shall supersede all prior negotiations, understandings, or agreements. No representations, warranties, or stipulations, either oral or written, are not contained herein.

Exhibit A – Concept & Site

Estimated finished dimensions of the statue will be: 7'6" tall x 4' wide x 4 deep

Estimated Weight: 800 lbs

Anchoring Pattern: TBD depending on the placement of the foot of the sculpture. The bolts will thread directly into the foot of the sculpture, hidden on the underside, inside the sculpture under the foot that is touching the ground. The bolt pattern and size is to be determined, but it will most likely be three (3) ¾" nuts welded into cross members inside the bottom of the foot and then three (3) 8" threaded rods which are threaded into the nuts for installation into corresponding holes in the concrete footing provided at the site. Alternate placement or structure will be provided by the artist upon site review and upon foundry review of the clay sculpture to determine the exact pattern and size of bolts and nuts.

The below illustration shows the approximate location of the statue on the waterfront side of the National Maritime Museum.

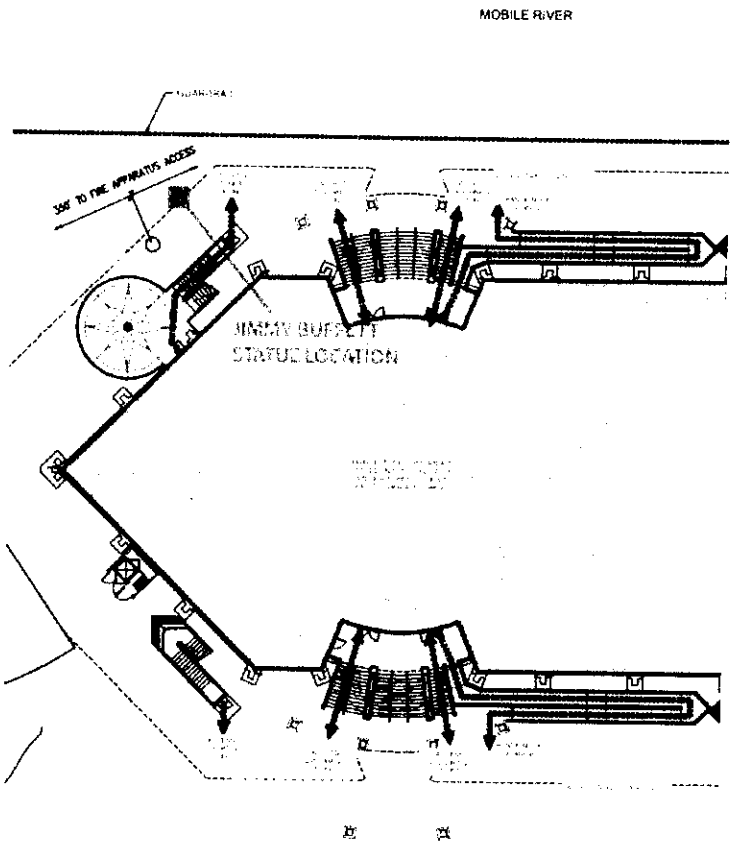

Exhibit B – Project Schedule (milestones & days to review)

The city will have 5 business days per submittal for review. Extensions may be requested due to Buffett Family schedule. Sculptor will proceed only after written approval is given from the city.

Artist Timeline – Jimmy Buffett

Phase 1: Design, Approval & Engineering (2 Months, July – August 2025)
- July 2025 – Finalize concept sketches, pose, and details in consultation with the committee
- August 2025 – Create and refine a small-scale maquette (12"-24" model)
- Late August 2025 – Committee review and approval of the maquette

Phase 2: Full-Size Clay Model & Refinements (6-7 Months, September 2025 – March 2026)
- September 2025 – Begin sculpting the life-size clay model
- October 2025 – January 2026 – Detailed refinement of likeness, pose, and gestures
- February 2026 – Preliminary committee review and feedback
- March 2026 – Final refinements and preparation for mold-making

Phase 3: Mold-Making & Bronze Casting (6 Months, April – September 2026)
(Extended to ensure high-quality casting, chasing, and patina application.)
- March 15th 2026 – Create silicone & plaster molds from full-size clay sculpture
- April 2nd 2026 – Begin lost-wax bronze casting at the foundry
- June 2026 – Metal chasing, welding, and refining details
- July 2026 – Patina application, final quality control, and finishing touches

(Base fabrication runs concurrently for efficiency.)
Phase 4: Concurrent Base Fabrication (April – August 2026)
- April 2026 – Engineering finalization for the base, materials ordered
- May -June 2026 – Base fabrication (stone, concrete, or metal, per committee specifications)
- July 2026 – Base transported to Mobile, AL

Phase 5: Installation and Dedication
- July 2026 – Transport sculpture to Mobile, AL
- August 1, 2026 – Installation of sculpture on site
- September 2026 – Dedication ceremony

Exhibit C- Fee Schedule /Milestones:

1. **25%** on City approval of concept sketch(s)
2. **25%** upon approval of clay sculpture
3. **25%** upon approval of bronze casting
4. **Balance** due upon installation

Caring for Your Bronze Sculpture

By Benjamin Victor

It is very important that whoever cares for the sculptures follows these instructions in order to protect the patina.

Approved Waxes

Only use these approved waxes:

Preferred: Real Milk Paint Co. Clear Carnauba Wax Cool climate alternative: Real Milk Paint Co. Soft Wax If you're in Europe or unable to get these, contact me before substituting. Bowling alley wax may be acceptable, but many waxes—especially car waxes—can damage the patina. Do not use any other products without consulting me or a bronze conservation expert.

Indoor Bronze Care (once or twice a year)

Dust gently with a soft cotton cloth and a clean paintbrush. Wrap the metal ferrule of the brush in masking tape so it cannot scratch the surface. If needed, lightly wash with clean water and a very small amount of mild dish soap. Use a soft cloth or sponge—never abrasives. Rinse thoroughly with clean water and dry completely with towels.

Note: Washing is only necessary if there is noticeable buildup, residue, or dirt. If not needed, skip this step and move directly to waxing.

Important: If the sculpture is washed with soap, it must be re-waxed afterwards. The sculpture must be completely dry before waxing—never trap moisture beneath the wax. Apply a very thin coat of wax with a chip brush. Don't overload—less is more. Let it dry for 30 minutes. Buff lightly with a clean cotton cloth in circular motions. Skip this step if you prefer a matte finish.

Outdoor Bronze Care (typically twice a year)

Outdoor bronze may require additional care. If possible, contact me before proceeding.

Rinse thoroughly with clean water, especially in textured areas. If dirt or deposits remain, wash with either a neutral-pH soap (from a janitorial supply store) or a small amount of mild dish soap mixed in a plastic bucket. Use a soft brush, rinse often, and dry completely.

Important: After washing, the sculpture must be re-waxed. It is essential that the sculpture is fully dry—use towels and allow time in the sun or air circulation. Wax will not adhere or protect properly if moisture remains. Apply wax in small sections using the same technique as indoor care. Buff gently once dry.

Never Use

Bleach, vinegar, alcohol, soda, citrus juice Furniture polish, glass cleaner, oven cleaner Abrasives like steel wool or scouring pads

If you ever have questions or concerns please contact Ben Victor directly.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the 25th of the month.

§ 5.1.3 Provided that an Application for Payment in acceptable format is received by the Architect not later than the first 1st day of a month, the Owner shall make payment of the amount certified to the Contractor not later than the tenth 10th day of the following month. If an Application for Payment in acceptable format is received by the Architect after the application date fixed above, payment of the amount certified shall be made by the Owner not later than Forty (40) days after the Architect receives the Application for Payment.
(Federal, state or local laws may require payment within a certain period of time.)

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This accepted schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.6 In accordance with AIA Document A201, General Conditions of the Contract for Construction (including Owner's then current Modifications), and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.6.1 The amount of each progress payment shall first include:

.1 That portion of the Contract Sum properly allocable to completed Work;

.2 That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing and insured as specified.

.3 Completed work shall be determined by multiplying the percentage completion of each portion of the Work by the share of the Contract Sum allocated to that portion of the Work in the schedule of values.

§ 5.1.6.2 The amount of each progress payment shall then be reduced by:

.1 The aggregate of any amounts previously paid by the Owner;

.2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017;

.3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;

.4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and

.5 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.6.3 Any Progress Payment shall include partial release of liens for material and labor for previous application for payment amount approved and paid. The DBE Utilization Report shall be included with the pay application.

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:
(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

Five percent (5%) of the first fifty percent (50%) of the completed work and after fifty percent (50%) completion has been accomplished, no further retainage shall be held from the original Contract Sum. Increases in the contract sum by Change Order shall also be subject to retainage.

§ 5.1.7.1.1 The following items are not subject to retainage:
(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)

§ 5.1.7.2
(Paragraphs deleted)
Except as set forth in this Section 5.1.7.3, upon Substantial Completion of the Work, the Contractor may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section 5.1.7. The Application for Payment submitted at Substantial Completion shall not include retainage as follows:
(Insert any other conditions for release of retainage upon Substantial Completion.)

The net amount of the Retainage shall be equal to two and one half percent (2.5%) of total Contract Sum, as increased or decreased by Change Order.

(Paragraphs deleted)
§ 5.1.8 If final completion of the Work is materially delayed through no fault of the Contractor, the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.

§ 5.1.9 Except with the Owner's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 5.2 Final Payment
§ 5.2.1 Final monthly progress payment, constituting the entire unpaid balance of the Contract Sum, less retainage, shall be made by the Owner to the Contractor when

.1 the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A201 (including Owner's then-current modifications which may be obtained from the Owner or, alternatively, a copy of which is incorporated in the Project Manual and incorporated by reference herein as a part thereof), and to satisfy other requirements, if any, which extend beyond final payment; and

.2 a Certificate of Substantial Completion has been issued by the Architect/Owner and the project accepted.

§ 5.2.2 The Owner's final payment to the Contractor of retainage shall be made as follows:

The final two and one half percent (2.5%) of the total Contract Sum retained will not be paid until proof of publication is submitted and all written claims paid in full. Contractor to submit the following:
•Contractor's Affidavit of Payment of Debts and Claims (AIA form G706, included in contract documents) with
a.) Contractor's Release or Waiver of Liens
b.) Releases or Waivers of Liens from Subcontractors and Material and Equipment Suppliers;
•Contractor's Affidavit of Release of Liens (AIA form G706A, included in contract documents);
•Consent of Surety, if any, to final payment (AIA form G707, included in contract documents);
•Any additional close out requirements per the contract documents; and
•Notarized Affidavit of Notice of Completion advertisement from publisher.

Contractor shall provide proof of publication of Notice of Completion in a local newspaper once per week for four (4) consecutive weeks, as required in the Title 39, Section 39-1-1, Subsection (f), of the Code of Alabama quoted below. "The Contractor shall, immediately after the completion of the contract, give notice of Completion by an advertisement in a newspaper of general circulation published within the city or county in which the work has been done, for a period of four (4) consecutive weeks. A final settlement shall not be made upon the contract until the expiration of thirty (30) days after the completion of the notice. Proof of publication of the notice shall be made by the contractor to the authority by whom the contract was made by affidavit of the publisher and a printed copy of the notice published. If no newspaper is published in the county in which the work is done, the notice may be given by the contract." (Acts 1927, No. 39, 9.37; Acts 1935, No. 39, 9. 70; Code 1940, T. 50, Section 16; Acts 1983, No. 83-737, 9.1203; Acts 1989, No. 89-650m 9. 1284, Section 1; Acts 1994, No. 94-207, p, 270, Section 1; Acts 1997, No. 97-225, p. 348, Section 1.)

maintained without interruption from the date of commencement of the Work until the date of final payment and termination of any coverage required to be maintained after final payment, and, with respect to the Contractor's completed operations coverage, until the expiration of the period for correction of Work or for such other period for maintenance of completed operations coverage as specified in the Contract Documents.

Certificates of insurance acceptable to the Owner shall be filed with the Owner within ten (10) calendar days from date of issuance of contract forms for execution. Contractor shall deliver to the City of Mobile, certificates of insurance certifying the existence and limits of the insurance coverages along with separate policy endorsements. Contractor shall also be responsible for delivering policy renewal certificates to the City of Mobile, and thereafter upon renewal or replacement of each required policy of insurance. These certificates and the insurance policies shall contain a provision that coverages afforded under the policies will not be cancelled subject to non-renewal nor material change, or allowed to expire without at least thirty (30) days' (except ten (10) days from non-payment) prior written notice has been given to the Owner. An additional certificate evidencing continuation of liability coverage, including coverage for completed operations, shall be submitted with the final Application for Payment and thereafter upon renewal or replacement of such coverage until the expiration of the time. Information concerning reduction of coverage on account of revised limits or claims paid under the General Aggregate, or both, shall be furnished by the Contractor with reasonable promptness.

All policies of insurance, except worker's compensation, shall be endorsed to provide that all such insurances are primary and non-contributing with any other insurance maintained by the City of Mobile and endorsed to waive rights of subrogation in favor of the City of Mobile.

The Contractor shall cause the commercial liability coverage required by the Contract Documents to include (1) the Owner, the Architect and the Architect's Consultants as additional insureds for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's operations; and (2) the Owner as an additional insured for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's completed operations.

§ 8.5.2 The Contractor shall provide bonds as set forth below:
Contractor shall furnish bonds covering faithful performance of the Contract and payment of obligations arising thereunder.

Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

The Labor and Material Payment Bond and the Performance Bond shall each be for one hundred percent (100%) of the Contract Sum.

1. Bond shall be submitted with the executed agreement on provided form(s).
2. Power of Attorney is required for both bonds.
3. A Surety authorized to do business in the State of Alabama shall furnish both bonds.
4. A Surety licensed to do business in the State of Alabama must execute the bonds.
5. The Surety must have a minimum rating of A/Class VI as reported in the latest issue of Best's Key Rating Guide Property-Casualty, published by Alfred M. Best Company, Inc., if the bid price exceeds $50,000.00.
6. The Surety company shall be required to execute AIA Document G-707, "Consent of Surety to Final Payment" prior to Final Payment being made to the Contractor.

Indemnification:
Contractor shall indemnify, defend and hold harmless City and its officers, elected officials, agents, representatives, and employees in respect of any and all claims, injuries, losses, diminution in value, damages, liabilities, whether or not currently due, and related expenses (including without limitation, settlement costs and any legal or other expenses for investigating or defending any actions or threatened actions) arising from or in connection with Contractor's performance under this agreement, including but not limited to, environmental laws, regulations, orders and decrees of whatever character or nature and damage or injury to persons or property. Contractor hereby confirms and agrees that Contractor is not a 'design professional' as defined in Alabama Act 2021-318, and not required to carry professional liability insurance for the performance or obligations of this contract.

§ 8.7 Other provisions:

Contractor shall provide a minimum one (1) years warranty from the date of substantial completion of all Labor and Materials for the Work covered by this contract, unless otherwise specified. Labor and Material warranties required by other sections of the construction document shall not conflict with this provision. The most stringent warranty provision shall apply.

§ 8.8 Force Majeure:
In the event that either party hereto shall be delayed or hindered in or prevented from the performance of any act required hereunder by reason of strikes, lockouts, labor troubles, inability to procure materials, failure of power, restrictive governmental laws or regulations, riots, insurrection, war, Act of God, or other reason of a like nature not the fault of the party delayed in performing work or doing acts required under the terms of this Agreement, then performance of such act shall be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay.

violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

§ 9.2.5 Public Contracts with Entities Engaging in certain Boycott Activities:
By signing this contract, the Contractor further represents and agrees that it is not currently engaged in, nor will it engage in, any boycott of a person or entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade.

§ 9.2.6 Severability Clause:
In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this Agreement, but this Agreement shall be construed as if such invalid or illegal or unenforceable provision had never been contained herein. Upon such determination that any term or other provision is invalid, illegal or unenforceable, the court or other tribunal making such determination is authorized and instructed to modify this Agreement so as to effect the original intent of the parties as closely as possible so that the transactions and agreements contemplated herein are consummated as originally contemplated to the fullest extent possible.

§ 9.2.7 Non-Agency Clause:
Contractor, in the performance of its operations and obligations hereunder, shall not be deemed to be an agent of City but shall be deemed to be an independent Contractor in every respect and shall take all steps at its own expense, as City may from time to time request, to indicate that it is an independent Contractor. City does not and will not assume any responsibility for the means by which or the manner in which the services by Contractor provided for herein are performed, but on the contrary, Contractor shall be wholly responsible therefore.

LABOR AND MATERIAL PAYMENT BOND

Bond No. 101435217

Any singular reference to Contractor, Surety, Owner or other Party shall be considered plural where applicable.

KNOW ALL MEN BY THESE PRESENTS: That the Contractor, **Bill Smith Electric, Inc. 1095 Hidden Terrace Drive, Cantonment, FL 32533**, as Principal, and Merchants National Bonding, Inc. P.O. BOX 14498, DES MOINES, IA 50306 - 3498, as Surety, are held and firmly bound unto the **City of Mobile, P. O. Box 1827, Mobile, AL 36633** (hereinafter called the "Obligee") in the penal sum of Two Hundred Thousand Four Hundred and 00/100 Dollars ($200,400.00) lawful money of the United States, for the payment of which sum well and truly to be made we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally, firmly by these presents.

WHEREAS, said Principal has entered into a certain Contract with said Obligee, dated the ____ day of _____, 2025 (hereinafter called the "Contract") for furnishing all labor, material, equipment and insurance and perform all work required to properly complete MFRD CENTRAL SUPPLY – EMERGENCY GENERATOR 2851 Old Shell Road Mobile, Alabama 36607 Project No. FD-031-24, which, **THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH** that if said Principal and all subcontractors to whom any portion of work provided for in said Contract is sublet and all assignees of said Principal and of such subcontractors shall promptly make payments to all persons supplying him or them with labor, materials or supplies for or in the prosecution of the work provided for in such Contract, or in any amendment or extension of or additions to said Contract, and for the payment of reasonable attorney's fees, incurred by the claimant or claimants in suits on each bond, then the above obligations shall be void; otherwise to remain in full force and effect. **PROVIDED,** however, that this bond is subject to the following conditions and limitations.

(a) Any person, firm or corporation that has furnished labor, materials or supplies for or in the prosecution of the work provided for in said contract shall have a direct right of action against the Principal and Surety on this bond, which right of action shall be asserted in a proceeding instituted in the County in which the work provided for in said Contract is to be performed or in any county in which said Principal and Surety does business. Such right of action shall be asserted in a proceeding instituted in the name of the claimant or claimants for his or their use and benefit against said Principal and Surety or either of them (but not later than one year after the final settlement of said Contract) in which action such claim or claims shall be adjudicated and judgment rendered thereon.

(b) The Principal and Surety hereby designate and appoint Mark W. Edwards, II, **Attorney-In-Fact,** as the agent of each of them to receive and accept service of process or other pleading issued or filed in any proceeding instituted on this bond and hereby consent that such service shall be the same as personal service on the Principal and/or Surety. In addition to any other legal mode of service, service of summons, and other process in civil actions brought in Mobile County may be had on the Contractor or the Surety on the bond by leaving a copy of the summons and complaint or other pleading or process with the Mayor of the City of Mobile which shall bind the principal Contractor and Surety to the mode of service above described and that the service shall be the same as personal service on the contractor or surety.

(c) The Surety shall not be liable hereunder for damage or compensation recoverable under any Workmen's Compensation or Employer's Liability Statute.

(d) In no event shall the Surety be liable for a greater sum than the penalty of this bond, or subject to any suit, action or proceeding thereon that is instituted later than two years after the final settlement of said Contract.

(e) This bond is given pursuant to the terms of Alabama Code, Title 39-1-1, et. al., As Amended.

EXECUTED IN FOUR (4) COUNTERPARTS.

Bidders and Proposers – Please complete and submit these forms as required by your City of Mobile Bid or Proposal Specification.

This document provides information to the City of Mobile about the subcontractors and major suppliers you intend to use to complete this contract. Failure to submit this form, when so required by the bid or proposal specification, will render your bid non-responsible. Not all specifications require this form to be completed, or may require its completion under varying circumstances. Refer to the specification for direction.

The City of Mobile will use this form to:

- Understand your intended use of subcontractors and major suppliers as part of your bid/proposal submission.
- Evaluate your capability to complete the performance of this contract.
- Determine your use of Disadvantaged Business Enterprises (DBEs) as subcontractors and suppliers.
- For certain contracts, assess whether you exercised "good faith efforts" to use DBE subcontractors and suppliers for at least 15% of the value of your bid/proposal amount. (See City of Mobile City Code Sec. 14-2.)

Include this form with your bid/proposal submission. Should your bid be considered the lowest responsible bid, you will have the opportunity to update this form at contract signature. You also will be required to re-verify your information at contract conclusion.

The bid specification may require you to attempt in "good faith" to use DBE subcontractors and suppliers for at least 15% of the value of your bid in the performance of this contract. If you don't have that level of DBE subcontractor / supplier usage (as documented on **Form 1)**, you are required to complete the "good faith effort" documentation on **Form 2**. When so required, failure to adequately address the good faith effort factors on **Form 2** will render your bid or proposal as non-responsive. The determination whether the bid or proposal adequately demonstrates and documents a DBE subcontractor/supplier plan, or good faith efforts to complete such a plan, will be at the sole discretion of the City of Mobile. You are encouraged to work with the City of Mobile Supplier Diversity Manager when preparing this form.

About **"DBEs"**: The City of Mobile considers businesses owned by minorities, women, or disabled veterans to be DBEs. Please consult with the City Supplier Diversity Manager for clarification or lists of certified DBEs.

About **"Good Faith" Effort**: The City of Mobile expects contractors holding large contracts to recruit and engage DBEs to be a part of their team. If the specification sets, and you cannot meet, the 15% target, you must show us how you attempted to recruit and engage DBEs to meet this target. This helps the City identify DBE market weaknesses for development, and ensures all bidders are equally considering this obligation in preparing a bid. The "good faith effort" factors on **Form 2** are not intended to be a mandatory, exhaustive, or exclusive. They are a tool to help you, and to help the City consistently and fairly consider your effort.

YES (☐)	NO (☐)	Did you do these suggested areas for DBE recruitment and engagement
✓		**PRE-BID MEETING(S):** The bidder attended all pre-bid meetings scheduled by the City to inform DBEs of contracting and subcontracting opportunities.
	✓	**CMDBE/ALDOT DBE LIST(S):** The bidder utilized the Office of Supplier Diversity's list or lists of certified ALDOT DBE 's
	✓	**SMALL CONTRACT(S):** The bidder selected specific portions of the work to be performed by DBEs in order to increase the likelihood of meeting the DBE goals (including breaking down contracts into smaller units to facilitate DBE participation). Consider support services, including insurance, accounting, temporary labor, and transportation, landscaping, and janitorial as potential areas for DBE use.
	✓	**FOLLOW-UP:** The bidder followed-up initial indications of interest by DBEs by contacting those DBEs to determine with certainty if they remained interested in bidding.
	✓	**ADVERTISEMENT:** The bidder advertised in general circulation and/or trade association publications concerning subcontracting opportunities, and allowed DBEs reasonable time to respond.
	✓	**INTERNET ADVERTISING:** The bidder advertised DBE and/or subcontracting opportunities on the *City of Mobile* Facebook page or other internet portals that are accessible to DBEs and/or potential subcontractors.
	✓	**GOOD FAITH NEGOTIATIONS:** The bidder negotiated in good faith with interested DBEs and did not reject DBEs as unqualified without sound business reasons based on a thorough investigation of their capabilities.

Subcontracting and Major Supplier Plan

		INFORMATION: The bidder provided interested DBEs with adequate information about the plans, specifications and requirements of the subcontract.
	✓	**WRITTEN NOTICE(S):** The bidder/proposer took the necessary steps to provide written notice in a manner reasonably calculated to inform DBEs of subcontracting opportunities and allowed sufficient time for them to participate effectively.
	✓	**COMMUNITY RESOURCES:** The bidder/proposer used the services of available community organizations, small and/or disadvantaged business assistance offices and other organizations that provided assistance in the recruitment and placement of DBE firms.
	✓	**CONTRACT RECORDS:** The bidder/proposer has maintained the following records for each DBE that has bid on the subcontracting opportunity: 1. Name, address, and telephone number; 2. A description of information provided by the bidder/proposer or subcontractor; and 3. A statement of whether an agreement was reached, and if not, why not, including any reasons for concluding that the DBE was unqualified to perform the job.

Please indicate if any of the following applied:

_____ There are not ways to break out 15% of the value of this contract for subcontractors / suppliers.

_____ Could not find sufficient DBEs to provide subcontracting or supplier services.

_____ DBEs were available but did not have sufficient qualifications or experience to meet the needs of this contract.

Please indicate additional efforts you have taken to recruit and engage DBEs. _____

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

AUTOMATIC INSURED – BUSINESS AUTO POLICY PRIMARY/NON-CONTRIBUTING WHEN REQUIRED BY CONTRACT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

This endorsement is subject to the terms, conditions, exclusions and any other provisions of the BUSINESS AUTO COVERAGE FORM or any endorsement attached thereto unless changes or additions are indicated below.

For the purpose of this endorsement, Section II.A.1. Who Is An Insured is amended by adding the following:

1. Any person or organization when you and such person have agreed in writing in a contract signed and executed by you prior to the loss for which coverage is sought, that such person or organization be added as an "insured" on your auto policy. Such person or organization shall be an "insured" to the extent your negligent actions or omissions impose liability on such "insured" without fault on its part.

2. This insurance is primary and non-contributory to other liability coverages of the person or organization being added to this policy as an "insured" when so required in a written contract or agreement that is executed prior to the loss for which coverage is sought.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – AUTOMATIC STATUS WHEN REQUIRED IN CONSTRUCTION AGREEMENT WITH YOU – ONGOING OPERATIONS AND PRODUCTS-COMPLETED OPERATIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

SCHEDULE (OPTIONAL)

Name of Additional Insured Persons or Organizations
(As required by written contract or agreement per Paragraph A. below.)

Locations of Covered Operations
(As per the written contract or agreement, provided the location is within the "coverage territory".)

(Information required to complete this Schedule, if not shown above, will be shown in the Declarations.)

A. SECTION II – WHO IS AN INSURED is amended to include as an additional insured:

1. Any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement in effect during the term of this policy that such person or organization be added as an additional insured on your policy; and
2. Any other person or organization you are required to add as an additional insured under the contract or agreement described in Paragraph 1. above; and
3. The particular person or organization, if any, scheduled above.

Such person(s) or organization(s) is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" occurring after the execution of the contract or agreement described in Paragraph 1. above and caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf in the performance of your ongoing operations for the additional insured; or
3. "Your work" performed for the additional insured and included in the "products-completed operations hazard" if such coverage is specifically required in the written contract or agreement.

However, the insurance afforded to such additional insured(s) described above:

1. Only applies to the extent permitted by law;
2. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured;
3. Will not be broader than that which is afforded to you under this policy; and
4. Nothing herein shall extend the term of this policy.

B. The insurance provided to the additional insured does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

1. The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

2. Supervisory, inspection, architectural or engineering activities.

C. This insurance is excess over any other valid and collectible insurance available to the additional insured whether on a primary, excess, contingent or any other basis; unless the written contract or agreement requires that this insurance be primary and non-contributory, in which case this insurance will be primary and non-contributory relative to insurance on which the additional insured is a Named Insured.

D. With respect to the insurance afforded to these additional insureds, the following is added to **SECTION III – LIMITS OF INSURANCE**:

The most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement described in Paragraph **A.1.**; or

2. Available under the applicable Limits of Insurance;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance.

E. SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS is amended as follows:

Paragraph **2. Duties In The Event of Occurrence, Offense, Claim Or Suit** is amended to add the following additional conditions applicable to the additional insured:

An additional insured under this endorsement must as soon as practicable:

1. Give us written notice of an "occurrence" or an offense which may result in a claim or "suit" under this insurance, and of any claim or "suit" that does result;

2. Send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions; and

3. Tender the defense and indemnity of any claim or "suit" to any provider of other insurance which would cover the additional insured for a loss we cover under this endorsement and agree to make available all such other insurance. However, this condition does not affect Paragraph **C.** above.

We have no duty to defend or indemnify an additional insured under this endorsement until we receive from the additional insured written notice of a claim or "suit".

F. This endorsement does not apply to any additional insured or project that is specifically identified in any other additional insured endorsement attached to the **COMMERCIAL GENERAL LIABILITY COVERAGE FORM**.

For purposes of this **Limited Electronic Data Liability** coverage, the definition of "Property Damage" in **SECTION V – DEFINITIONS** of the Coverage Form is replaced by the following:

17. "Property damage" means:

a. Physical injury to tangible property, including all resulting loss of use of that property. All such loss of use shall be deemed to occur at the time of the physical injury that caused it;

b. Loss of use of tangible property that is not physically injured. All such loss of use shall be deemed to occur at the time of the "occurrence" that caused it;

c. Loss of, loss of use of, damage to, corruption of, inability to access, or inability to properly manipulate "electronic data", resulting from physical injury to tangible property. All such loss of "electronic data" shall be deemed to occur at the time of the "occurrence" that caused it.

For purposes of this insurance, "electronic data" is not tangible property.

SECTION I – COVERAGES, COVERAGE B. PERSONAL AND ADVERTISING INJURY LIABILITY is amended as follows:

Paragraph 2.e. Exclusions – the Contractual Liability Exclusion is deleted.

SECTION I – COVERAGES, the following coverages are added:

COVERAGE D. VOLUNTARY PROPERTY DAMAGE

1. Insuring Agreement

We will pay, at your request, for "property damage" caused by an "occurrence", to property of others caused by you, or while in your possession, arising out of your business operations. The amount we will pay for damages is described in SECTION III LIMITS OF INSURANCE.

2. Exclusions

This insurance does not apply to:

"Property Damage" to:

a. Property at premises owned, rented, leased or occupied by you;

b. Property while in transit;

c. Property owned by, rented to, leased to, loaned to, borrowed by, or used by you;

d. Premises you sell, give away, or abandon, if the "property damage" arises out of any part of those premises;

e. Property caused by or arising out of the "products-completed operations hazard";

f. Motor vehicles;

g. "Your product" arising out of it or any part of it; or

h. "Your work" arising out of it or any part of it.

3. Deductible

We will not pay for loss in any one "occurrence" until the amount of loss exceeds $250. We will then pay the amount of loss in excess of $250 up to the applicable limit of insurance.

4. Cost Factor

In the event of a covered loss, you shall, if requested by us, replace the damaged property or furnish the labor and materials necessary for repairs thereto at your actual cost, excluding profit or overhead charges.

The insurance afforded under COVERAGE D is excess over any other valid and collectible property or inland marine insurance (including the deductible applicable to the property or inland marine coverage) available to you whether primary, excess, contingent or any other basis.

Coverage D covers unintentional damage or destruction, but does not cover disappearance, theft, or loss of use.

The insurance under COVERAGE D does not apply if a loss is paid under COVERAGE E.

COVERAGE E. CARE, CUSTODY OR CONTROL

1. **Insuring Agreement**

   We will pay those sums that the insured becomes legally obligated to pay as damages because of "property damage" caused by an "occurrence", to property of others while in your care, custody, or control or property of others as to which you are exercising physical control if the "property damage" arises out of your business operations. The amount we will pay for damages is described in SECTION III LIMITS OF INSURANCE.

2. **Exclusions**

   This insurance does not apply to:

   "Property Damage" to:

   a. Property at premises owned, rented, leased or occupied by you;

   b. Property while in transit;

   c. Premises you sell, give away, or abandon, if the "property damage" arises out of any part of those premises;

   d. Property caused by or arising out of the "products-completed operations hazard";

   e. Motor vehicles;

   f. "Your product" arising out of it or any part of it; or

   g. "Your work" arising out of it or any part of it.

3. **Deductible**

   We will not pay for loss in any one "occurrence" until the amount of loss exceeds $250. We will then pay the amount of loss in excess of $250 up to the applicable limit of insurance.

4. **Cost Factor**

   In the event of a covered loss, you shall, if requested by us, replace the damaged property or furnish the labor and materials necessary for repairs thereto at your actual cost, excluding profit or overhead charges.

The insurance afforded under COVERAGE E is excess over any other valid and collectible property or inland marine insurance (including the deductible applicable to the property or inland marine coverage) available to you whether primary, excess, contingent or any other basis.

The insurance under COVERAGE E does not apply if a loss is paid under COVERAGE D.

COVERAGE F. LIMITED PRODUCT WITHDRAWAL EXPENSE

1. **Insuring Agreement**

   a. If you are a "seller", we will reimburse you for "product withdrawal expenses" associated with "your product" incurred because of a "product withdrawal" to which this insurance applies.

      The amount of such reimbursement is limited as described in SECTION III - LIMITS OF INSURANCE. No other obligation or liability to pay sums or perform acts or services is covered.

 Includes copyrighted material of the Insurance Services Office, Inc., with its permission.

a. This insurance applies to a "product withdrawal" only if the "product withdrawal" is initiated in the "coverage territory" during the policy period because:

(1) You determine that the "product withdrawal" is necessary; or

(2) An authorized government entity has ordered you to conduct a "product withdrawal".

c. We will reimburse only those "product withdrawal expenses" which are incurred and reported to us within one year of the date the "product withdrawal" was initiated.

d. The initiation of a "product withdrawal" will be deemed to have been made only at the earliest of the following times:

(1) When you have announced, in any manner, to the general public, your vendors or to your employees (other than those employees directly involved in making the determination) your decision to conduct a "product withdrawal" This applies regardless of whether the determination to conduct a "product withdrawal" is made by you or is requested by a third party;

(2) When you received, either orally or in writing, notification of an order from an authorized government entity to conduct a "product withdrawal; or

(3) When a third party has initiated a "product withdrawal" and you communicate agreement with the "product withdrawal", or you announce to the general public, your vendors or to your employees (other than those employees directly involved in making the determination) your decision to participate in the "product withdrawal", whichever comes first.

e. "Product withdrawal expenses" incurred to withdraw "your products" which contain:

(1) The same "defect" will be deemed to have arisen out of the same "product withdrawal"; or

(2) A different "defect" will be deemed to have arisen out of a separate "product withdrawal" if newly determined or ordered in accordance with paragraph 1.b of this coverage.

2. Exclusions

This insurance does not apply to "product withdrawal" expenses" arising out of:

a. Any "product withdrawal" initiated due to:

(1) The failure of "your products" to accomplish their intended purpose, including any breach of warranty of fitness, whether written or implied. This exclusion does not apply if such failure has caused or is reasonably expected to cause "bodily injury" or physical damage to tangible property.

(2) Copyright, patent, trade secret or trademark infringements;

(3) Transformation of a chemical nature, deterioration or decomposition of "your product", except if it is caused by:

(a) An error in manufacturing, design, processing or transportation of "your product"; or

(b) "Product tampering".

(4) Expiration of the designated shelf life of "your product".

b. A "product withdrawal", initiated because of a "defect" in "your product" known to exist by the Named Insured or the Named Insured's "executive officers", prior to the inception date of this Coverage Part or prior to the time "your product" leaves your control or possession.

c. Recall of any specific products for which "bodily injury" or "property damage" is excluded under Coverage A - Bodily Injury And Property Damage Liability by endorsement.

d. Recall of "your products" which have been banned from the market by an authorized government entity prior to the policy period.

e. The defense of a claim or "suit" against you for "product withdrawal expenses".

3. For the purposes of the insurance afforded under COVERAGE F, the following is added to 2. Duties In The Event Of Occurrence, Offense, Claim Or Suit Condition under SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:

e. Duties In The Event Of A "Defect" Or A "Product Withdrawal"

(1) You must see to it that we are notified as soon as practicable of any actual, suspected or threatened "defect" in "your products", or any governmental investigation, that may result in a "product withdrawal". To the extent possible, notice should include:

(a) How, when and where the "defect" was discovered;

(b) The names and addresses of any injured persons and witnesses; and

(c) The nature, location and circumstances of any injury or damage arising out of use or consumption of "your product".

(2) If a "product withdrawal" is initiated, you must:

(a) Immediately record the specifics of the "product withdrawal" and the date it was initiated;

(b) Send us written notice of the "product withdrawal" as soon as practicable; and

(c) Not release, consign, ship or distribute by any other method, any product, or like or similar products, with an actual, suspected or threatened defect.

(3) You and any other involved insured must:

(a) Immediately send us copies of pertinent correspondence received in connection with the "product withdrawal";

(b) Authorize us to obtain records and other information; and

(c) Cooperate with us in our investigation of the "product withdrawal".

4. For the purposes of this Coverage F, the following definitions are added to the Definitions Section:

a. "Defect" means a defect, deficiency or inadequacy that creates a dangerous condition.

b. "Product tampering" is an act of intentional alteration of "your product" which may cause or has caused "bodily injury" or physical injury to tangible property.

When "product tampering" is known, suspected or threatened, a "product withdrawal" will not be limited to those batches of "your product" which are known or suspected to have been tampered with.

c. "Product withdrawal" means the recall or withdrawal of "your products", or products which contain "your products", from the market or from use, by any other person or organization, because of a known or suspected "defect" in "your product", or a known or suspected "product tampering", which has caused or is reasonably expected to cause "bodily injury" or physical injury to tangible property.

d. "Product withdrawal expenses" means those reasonable and necessary extra expenses, listed below paid and directly related to a "product withdrawal":

(1) Costs of notification;

(2) Costs of stationery, envelopes, production of announcements and postage or facsimiles;

(3) Costs of overtime paid to your regular non-salaried employees and costs incurred by your employees, including costs of transportation and accommodations;

(4) Costs of computer time;

(5) Costs of hiring independent contractors and other temporary employees;

(6) Costs of transportation, shipping or packaging;

(7) Costs of warehouse or storage space; or

(8) Costs of proper disposal of "your products", or products that contain "your products", that cannot be reused, not exceeding your purchase price or your cost to produce the products; but "product withdrawal expenses" does not include costs of the replacement, repair or redesign of "your product", or the costs of regaining your market share, goodwill, revenue or profit.

e. "Seller" means a person or organization that manufactures, sells or distributes goods or products. "Seller" does not include a "contractor" as defined elsewhere in this endorsement.

The insurance under COVERAGE F does not apply if a loss is paid under COVERAGE G.

COVERAGE G. CONTRACTORS ERRORS AND OMISSIONS

1. Insuring Agreement

If you are a "contractor", we will pay those sums that you become legally obligated to pay as damages because of "property damage" to "your product", "your work" or "impaired property", due to faulty workmanship, material or design, or products including consequential loss, to which this insurance applies. The damages must have resulted from your negligent act, error or omission while acting in your business capacity as a contractor or subcontractor or from a defect in material or a product sold or installed by you while acting in this capacity. The amount we will pay for damages is described in SECTION III LIMITS OF INSURANCE.

We have no duty to investigate or defend claims or "suits" covered by this Contractors Errors or Omissions coverage.

This coverage applies only if the "property damage" occurs in the "coverage territory" during the policy period.

This coverage does not apply to additional insureds, if any.

Supplementary Payments – Coverage A and B do not apply to Coverage G. Contractors Errors and Omissions.

2. Exclusions

This insurance does not apply to:

a. "Bodily injury" or "personal and advertising injury".

b. Liability or penalties arising from a delay or failure to complete a contract or project, or to complete a contract or project on time.

c. Liability because of an error or omission:

(1) In the preparation of estimates or job costs;

(2) Where cost estimates are exceeded;

(3) In the preparation of estimates of profit or return on capital;

(4) In advising or failure to advise on financing of the work or project; or

(5) In advising or failing to advise on any legal work, title checks, form of insurance or suretyship.

d. Any liability which arises out of any actual or alleged infringement of copyright or trademark or trade dress or patent, unfair competition or piracy, or theft or wrongful taking of concepts or intellectual property.

e. Any liability for damages:

(1) From the intentional dishonest, fraudulent, malicious or criminal acts of the Named Insured, or by any partner, member of a limited liability company, or executive officer, or at the direction of any of them; or

(2) Which is in fact expected or intended by the insured, even if the injury or damage is of a different degree or type than actually expected or intended.

f. Any liability arising out of manufacturer's warranties or guarantees whether express or implied.

g. Any liability arising from "property damage" to property owned by, rented or leased to the insured.

h. Any liability incurred or "property damage" which occurs, in whole or in part, before you have completed "your work." "Your work" will be deemed completed at the earliest of the following times:

(1) When all of the work called for in your contract or work order has been completed;

(2) When all the work to be done at the job site has been completed if your contract calls for work at more than one job site; or

(3) When that part of the work done at a job site has been put to its intended use by any person or organization other than another contractor or subcontractor working on the same project.

Work that may need service or maintenance, correction, repair or replacement, but which is otherwise complete, will be treated as complete.

i. Any liability arising from "property damage" to products that are still in your physical possession.

j. Any liability arising out of the rendering of or failure to render any professional services by you or on your behalf, but only with respect to either or both of the following operations:

(1) Providing engineering, architectural or surveying services to others; and

(2) Providing or hiring independent professionals to provide engineering, architectural or surveying services in connection with construction work you perform.

Professional services include the preparing, approving or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders, or drawings and specifications. Professional services also include supervisory or inspection activities performed as part of any related architectural or engineering activities.

But, professional services do not include services within construction means, methods, techniques, sequences and procedures employed by you in connection with construction work you perform.

k. Your loss of profit or expected profit and any liability arising therefrom.

l. "Property damage" to property other than "your product," "your work" or "impaired property."

m. Any liability arising from claims or "suits" where the right of action against the insured has been relinquished or waived.

n. Any liability for "property damage" to "your work" if the damaged work or the work out of which the damage arises was performed on your behalf by a subcontractor.

o. Any liability arising from the substitution of a material or product for one specified on blueprints, work orders, contracts or engineering specifications unless there has been written authorization, or unless the blueprints, work orders, contracts or engineering specifications were written by you, and you have authorized the changes.

p. Liability of others assumed by the insured under any contract or agreement, whether oral or in writing. This exclusion does not apply to liability for damages that the insured would have in the absence of the contract or agreement.

3. For the purposes of Coverage G, the following definition is added to the Definitions section:

a. "Contractor" means a person or organization engaged in activities of building, clearing, filing, excavating or improvement in the size, use or appearance of any structure or land. "Contractor" does not include a "seller" as defined elsewhere in this endorsement.

4. Deductible

We will not pay for loss in any one "occurrence" until the amount of loss exceeds $250. The limits of insurance will not be reduced by the application of the deductible amount.

 Includes copyrighted material of the Insurance Services Office, Inc., with its permission.

We may pay any part or all of the deductible amount to effect settlement of any claim or "suit", and upon notification of the action taken, you shall promptly reimburse us for such part of the deductible amount as has been paid by us.

5. Cost Factor

In the event of a covered loss, you shall, if requested by us, replace the damaged property or furnish the labor and materials necessary for repairs thereto at your actual cost, excluding profit or overhead charges.

The insurance under COVERAGE G does not apply if a loss is paid under COVERAGE F.

COVERAGE H. LOST KEY COVERAGE

1. Insuring Agreement

We will pay those sums, subject to the limits of liability described in SECTION III LIMITS OF INSURANCE in this endorsement and the deductible shown below, that you become legally obligated to pay as damages caused by an "occurrence" and due to the loss or mysterious disappearance of keys entrusted to or in the care, custody or control of you or your "employees" or anyone acting on your behalf. The damages covered by this endorsement are limited to the:

a. Actual cost of the keys;

b. Cost to adjust locks to accept new keys; or

c. Cost of new locks, if required, including the cost of installation.

2. Exclusions

This insurance does not apply to:

a. Keys owned by any insured, employees of any insured, or anyone acting on behalf of any insured;

b. Any resulting loss of use; or

c. Any of the following acts by any insured, employees of any insured, or anyone acting on behalf of any insured:

1) Misappropriation;

2) Concealment;

3) Conversion;

4) Fraud; or

5) Dishonesty.

3. Deductible

We will not pay for loss in any one "occurrence" until the amount of loss exceeds $1,000. The limits of insurance will not be reduced by the application of the deductible amount.

We may pay any part or all of the deductible amount to effect settlement of any claim or "suit" and, upon notification of the action taken, you shall promptly reimburse us for such part of the deductible amount as has been paid by us.

EXPANDED COVERAGE FOR TENANT'S PROPERTY AND PREMISES RENTED TO YOU

The first paragraph after subparagraph (6) in Exclusion j., Damage to Property is amended to read as follows:

Paragraphs **(1), (3)** and **(4)** of this exclusion do not apply to "property damage" (other than damage by fire) to premises, including the contents of such premises, rented to you. A separate limit of insurance applies to Damage To Premises Rented To You as described in Section **III** – Limits Of Insurance.

SECTION I - COVERAGES, SUPPLEMENTARY PAYMENTS – COVERAGE A and B is amended as follows:

All references to SUPPLEMENTARY PAYMENTS – COVERAGES A and B are amended to SUPPLEMENTARY PAYMENTS – COVERAGES A, B, D, E, G, and H.

1. Cost of Bail Bonds

Paragraph 1.b. is replaced with the following:

b. Up to $2,500 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

2. Loss of Earnings

Paragraph 1.d. is replaced with the following:

d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to $500 a day because of time off from work.

SECTION II – WHO IS AN INSURED is amended as follows:

1. Incidental Malpractice

Paragraph 2.a.(1)(d) is replaced with the following:

(d) Arising out of his or her providing or failing to provide professional health care services. However, this exclusion does not apply to a nurse, emergency medical technician or paramedic employed by you to provide medical services, unless:

(i) You are engaged in the occupation or business of providing or offering medical, surgical, dental, x-ray or nursing services, treatment, advice or instruction; or

(ii) The "employee" has another insurance that would also cover claims arising under this provision, whether the other insurance is primary, excess, contingent or on any other basis.

2. Broadened Who Is An Insured

The following are added to Paragraph 2.:

Subsidiaries

e. Your subsidiaries if:

(1) They are legally incorporated entities; and

(2) You own more than 50% of the voting stock in such subsidiaries as of the effective date of this policy. If such subsidiaries are not shown in the Declarations, you must report them to us within 180 days of the inception of your original policy.

Additional Insureds

f. Any person or organization described in paragraphs g. through k. below whom you are required to add as an additional insured on this policy under a written contract or agreement in effect during the term of this policy, provided the written contract or agreement was executed prior to the "bodily injury", "property damage" or "personal and advertising injury" for which the additional insured seeks coverage.

However, the insurance afforded to such additional insured(s):

(1) Only applies to the extent permitted by law;

(2) Will not be broader than that which you are required by the contract or agreement to provide for such additional insured;

(3) Will not be broader than that which is afforded to you under this policy;

(4) Is subject to the conditions described in paragraphs g. through k. below; and

(5) Nothing herein shall extend the term of this policy.

g. Owner, Lessor or Manager of Premises

If the additional insured is an owner, lessor or manager of premises, such person or organization shall be covered only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by you or those acting on your behalf in connection with the ownership, maintenance or use of that part of any premises leased to you and subject to the following additional exclusions:

(1) Any "occurrence" that takes place after you cease to occupy those premises; or

(2) Structural alterations, new construction or demolition operations performed by or on behalf of such person or organization.

h. State or Governmental Agency or Subdivision or Political Subdivision – Permits or Authorizations

If the additional insured is the state or any political subdivision, the state or political subdivision shall be covered only with respect to operations performed by you or on your behalf for which the state or political subdivision has issued a permit or authorization. This insurance does not apply to:

(1) "Bodily injury", "property damage", or "personal and advertising injury" arising out of operations performed for the federal government, state or municipality; or

(2) "Bodily injury" or "property damage" included within the "products-completed operations hazard".

i. Lessor of Leased Equipment

If the additional insured is a lessor of leased equipment, such lessor shall be covered only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your maintenance, operation or use of equipment leased to you by such person(s) or organization(s). With respect to the insurance afforded to these additional insureds, this insurance does not apply to any "occurrence" which takes place after the equipment lease expires.

j. Mortgagee, Assignee, or Receiver

If the additional Insured is a mortgagee, assignee, or receiver of premises, such mortgagee, assignee or receiver of premises is an additional insured only with respect to their liability as mortgagee, assignee, or receiver and arising out of the ownership, maintenance, or use of the premises by you. This insurance does not apply to structural alterations, new construction and demolition operations performed by or for that person or organization.

k. Vendor

If the additional insured is a vendor, such vendor is an additional insured only with respect to liability for "bodily injury" or "property damage" caused by "your products" which are distributed or sold in the regular course of the vendor's business, subject to the following additional exclusions:

(1) The insurance afforded to the vendor does not apply to:

(a) "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in absence of the contract or agreement.

(b) Any express warranty unauthorized by you;

(c) Any physical or chemical change in "your product" made intentionally by the vendor;

(d) Repackaging, unless unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;

(e) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;

(f) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;

(g) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or

(h) "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:

i. The exceptions contained in Subparagraphs d. or f.; or

ii. Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

(2) This insurance does not apply to any insured person or organization, from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.

3. Newly Formed or Acquired Organizations

Paragraph 3. is amended as follows:

a. Coverage under this provision is afforded until the end of the policy period.

d. Coverage A does not apply to product recall expense arising out of any withdrawal or recall that occurred before you acquired or formed the organization.

SECTION III – LIMITS OF INSURANCE is amended as follows:

1. Paragraph 2. is replaced with the following:

2. The General Aggregate Limit is the most we will pay for the sum of:

a. Medical expenses under Coverage C;

b. Damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard";

c. Damages under Coverage B;

d. Voluntary "property damage" payments under Coverage D;

e. Care, Custody or Control damages under Coverage E.; and

f. Lost Key Coverage under Coverage H.

2. Paragraph 5. is replaced with the following:

5. Subject to Paragraph 2. or 3. above, whichever applies, the Each Occurrence Limit is the most we will pay for the sum of:

a. Damages under Coverage A;

b. Medical expenses under Coverage C;

c. Voluntary "property damage" payments under Coverage D;

d. Care, Custody or Control damages under Coverage E;

e. Limited Product Withdrawal Expense under Coverage F;

f. Contractors Errors and Omissions under Coverage G.; and,

g. Lost Key Coverage under Coverage H.

because of all "bodily injury" and "property damage" arising out of any one "occurrence".

3. Paragraph 6. is replaced with the following:

6. Subject to Paragraph 5. above the Damage To Premises Rented To You Limit is the most we will pay under Coverage A for damages because of "property damage" to any one premises, while rented to you, or in the case of damage by fire or explosion, while rented to you or temporarily occupied by you with permission of the owner.

   The Damage to Premises Rented to You Limit is the higher of the Each Occurrence Limit shown in the Declarations or the amount shown in the Declarations as Damage To Premises Rented To You Limit.

4. Paragraph 7. is replaced with the following:

7. Subject to Paragraph 5. above, the higher of $10,000 or the Medical Expense Limit shown in the Declarations is the most we will pay under Coverage C for all medical expenses because of "bodily injury" sustained by any one person.

5. Paragraph 8. is added as follows:

8. Subject to Paragraph 5. above, the most we will pay under Coverage D. Voluntary Property Damage for loss arising out of any one "occurrence" is $1,500. The most we will pay in any one-policy period, regardless of the number of claims made or suits brought, is $3,000.

6. Paragraph 9. is added as follows:

9. Subject to Paragraph 5. above, the most we will pay under Coverage E. Care, Custody or Control for "property damage" arising out of any one "occurrence" is $1,000. The most we will pay in any one-policy period, regardless of the number of claims made or suits brought, is $5,000.

7. Paragraph 10. is added as follows:

10. Subject to Paragraph 5. above, the most we will pay under Coverage F. Limited Product Withdrawal Expense for "product withdrawal expenses" in any one-policy period, regardless of the number of insureds, "product withdrawals" initiated or number of "your products" withdrawn is $10,000.

8. Paragraph 11. is added as follows:

11. Subject to Paragraph 5. above, the most we will pay under Coverage G. Contractors Errors and Omissions for damage in any one-policy period, regardless of the number of insureds, claims or "suits" brought, or persons or organizations making claim or bringing "suits" is $10,000.

    For errors in contract or job specifications or in recommendations of products or materials to be used, this policy will not pay for additional costs of products and materials to be used that would not have been incurred had the correct recommendations or specifications been made.

9. Paragraph 12. is added as follows:

12. Subject to Paragraph 5. above, the most we will pay under Coverage H., Lost Key Coverage for damages arising out of any one occurrence is $50,000.

10. Paragraph 13. is added as follows:

13. The General Aggregate Limit applies separately to:

    a. Each of your projects away from premises owned by or rented to you; or

    b. Each "location" owned by or rented to you.

    "Location" as used in this paragraph means premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

11. Paragraph 14. is added as follows:

14. With respect to the insurance afforded to any additional insured provided coverage under this endorsement:

    If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

a. Required by the contract or agreement; or

b. Available under the applicable Limits of Insurance;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance.

SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS is amended as follows:

1. Subparagraph 2.a. of Duties In The Event Of Occurrence, Offense, Claim, or Suit is replaced with the following:

a. You must see to it that we are notified as soon as practicable of an "occurrence" or an offense which may result in a claim. This requirement applies only when the "occurrence" or offense is known to the following:

(1) An individual who is the sole owner;

(2) A partner, if you are a partnership or joint venture;

(3) An "executive officer" or insurance manager, if you are a corporation;

(4) A manager, if you are a limited liability company;

(5) A person or organization having proper temporary custody of your property if you die;

(6) The legal representative of you if you die; or

(7) A person (other than an "employee") or an organization while acting as your real estate manager.

To the extent possible, notice should include:

(1) How, when and where the "occurrence" or offense took place;

(2) The names and addresses of any injured persons and witnesses; and

(3) The nature and location of any injury or damage arising out of the "occurrence" or offense.

2. The following is added to Subparagraph 2.b. of Duties In The Event Of Occurrence, Offense, Claim, or Suit:

The requirement in 2.b.applies only when the "occurrence" or offense is known to the following:

(1) An individual who is the sole owner;

(2) A partner or insurance manager, if you are a partnership or joint venture;

(3) An "executive officer" or insurance manager, if you are a corporation;

(4) A manager or insurance manager, if you are a limited liability company;

(5) Your officials, trustees, board members or insurance manager, if you are a not-for-profit organization;

(6) A person or organization having proper temporary custody of your property if you die;

(7) The legal representative of you if you die; or

(8) A person (other than an "employee") or an organization while acting as your real estate manager.

3. The following is added to paragraph 2. of Duties in the Event of Occurrence, Offense, Claim or Suit:

e. If you report an "occurrence" to your workers compensation carrier that develops into a liability claim for which coverage is provided by the Coverage Form, failure to report such an "occurrence" to us at the time of the "occurrence" shall not be deemed a violation of paragraphs a., b., and c. above. However, you shall give written notice of this "occurrence" to us as soon as you become aware that this "occurrence" may be a liability claim rather than a workers compensation claim.

4. Paragraph 6. is replaced with the following:

6. Representations

By accepting this policy, you agree:

a. The statements in the Declarations are accurate and complete;

b. Those statements are based upon representations you made to us; and

c. We have issued this policy in reliance upon your representations.

Any error or omission in the description of, or failure to completely describe or disclose any premises, operations or products intended to be covered by the Coverage Form will not invalidate or affect coverage for those premises, operations or products, provided such error or omission or failure to completely describe or disclose premises, operations or products was not intentional.

You must report such error or omission to us as soon as practicable after its discovery. However, this provision does not affect our right to collect additional premium charges or exercise our right of cancellation or nonrenewal.

5. The following is added to paragraph 8. Transfer Of Rights Of Recovery Against Others To Us:

We waive any right of recovery against any person or organization, because of any payment we make under this Coverage Part, to whom the insured has waived its right of recovery in a written contract or agreement. Such waiver by us applies only to the extent that the insured has waived its right of recovery against such person or organization prior to loss.

6. Paragraph 10. is added as follows:

10. Liberalization

If we revise this Coverage Form to provide more coverage without additional premium charge, your policy will automatically provide the additional coverage as of the day the revision is effective in the applicable state(s).

2. Regardless of the number of covered "autos" damaged or stolen, the maximum deductible applicable for all "loss" in any one event caused by:
   a. Theft or mischief or vandalism; or
   b. All perils;

   will be equal to five times the highest deductible applicable to any one covered "auto" on the Policy for Comprehensive or Specified Causes of Loss Coverage. The application of the highest deductible used to calculate the maximum deductible will be made regardless of which covered "autos" were damaged or stolen in the "loss".
3. Any Comprehensive Coverage deductible shown in the Declarations does not apply to:
   a. "Loss" arising out of theft of your vehicle if your vehicle is equipped with an active GPS tracking system.
   b. Glass damage if repaired rather than replaced.

SECTION IV – BUSINESS AUTO CONDITIONS is amended as follows:

A. The following is added to paragraph **a.** under section **A. Loss Conditions, 2. Duties in the Event of Accident, Claim, Suit or Loss**:

This duty applies when the "accident", claim, "suit" or "loss" is first known to:

(a) You, if you are an individual;

(b) A partner, if you are a partnership;

(c) An executive officer or insurance manager, if you are a corporation; or

(d) A member or manager, if you are a limited liability company.

B. Condition **5. Transfer of Rights of Recovery against Others to Us** under section **A. Loss Conditions** is deleted and replaced by the following:

5. Transfer of Rights of Recovery against Others to Us

If a person or organization to or for whom we make payment under this coverage form has rights to recover damages from another, those rights are transferred to us. That person or organization must do everything necessary to secure our rights and must do nothing after "accident" or "loss" to impair them. However, if the insured has waived rights to recover through a written contract, or if your work was commenced under a letter of intent or work order, subject to a subsequent reduction in writing of such a waiver with customers whose customary contracts require a waiver, we waive any right of recovery we may have under this coverage form.

C. The following is added to Condition **2. Concealment, Misrepresentation or Fraud** under section **B. General Conditions**:

However, if you unintentionally fail to disclose any hazards at the inception of your policy, we will not deny coverage under this coverage form because of such failure. This provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

D. Paragraph **b.** of Condition **5. Other Insurance** under section **B. General Conditions** is deleted and replaced by the following:

b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own;

(1) Any covered "auto" you lease, hire, rent or borrow; and

(2) Any covered "auto" hired or rented by your "employee" under a contract in that individual "employee's" name, with your permission, while performing duties related to the conduct of your business. However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto", nor is any "auto" you hire from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company), or members of their households.

4. Other Insurance

If other valid and collectible insurance is available to the insured for a loss we cover under Coverages **A** or **B** of this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary except when Paragraph **b.** below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in Paragraph **c.** below.

b. Excess Insurance

(1) This insurance is excess over:

(a) Any of the other insurance, whether primary, excess, contingent or on any other basis:

(i) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

(ii) That is Fire insurance for premises rented to you or temporarily occupied by you with permission of the owner;

(iii) That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner; or

(iv) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion **g.** of Section **I** – Coverage **A** – Bodily Injury And Property Damage Liability.

(b) Any other primary insurance available to you covering liability for damages arising out of the premises or operations, or the products and completed operations, for which you have been added as an additional insured.

(2) When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

(3) When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and

(b) The total of all deductible and self-insured amounts under all that other insurance.

(4) We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

5. Premium Audit

a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.

b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.

c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 Basic Definitions

§ 1.1.1 The Contract Documents

The Contract Documents are enumerated in the Agreement between the Owner and Contractor (hereinafter the Agreement) and consist of the Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Agreement, and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive, or (4) a written order for a minor change in the Work issued by the Architect. Unless specifically enumerated in the Agreement, the Contract Documents do not include the advertisement or invitation to bid, Instructions to Bidders, sample forms, other information furnished by the Owner in anticipation of receiving bids or proposals, the Contractor's bid or proposal, or portions of Addenda relating to bidding or proposal requirements.

§ 1.1.2 The Contract

The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect's consultants, (2) between the Owner and a Subcontractor or a Sub-subcontractor, (3) between the Owner and the Architect or the Architect's consultants, or (4) between any persons or entities other than the Owner and the Contractor. The Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of the Architect's duties.

§ 1.1.3 The Work

The term "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project.

§ 1.1.4 The Project

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by Separate Contractors.

§ 1.1.5 The Drawings

The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules, and diagrams.

§ 1.1.6 The Specifications

The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

§ 1.1.7 Instruments of Service

Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, **Project Manual**, specifications, and other similar materials.

§ 1.1.8 Initial Decision Maker

The Initial Decision Maker is the person identified in the Agreement to render initial decisions on Claims in accordance with Section 15.2. The Initial Decision Maker shall not show partiality to the Owner or Contractor and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 1.2 Correlation and Intent of the Contract Documents

§ 1.2.1 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results.

§ 1.2.1.1 The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. If it is determined that any provision of the Contract Documents violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Contract.

§ 1.2.2 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

§ 1.3 Capitalization

Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other documents published by the American Institute of Architects.

§ 1.4 Interpretation

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 1.5 Ownership and Use of Drawings, Specifications, and Other Instruments of Service

§ 1.5.1 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and retain all common law, statutory, and other reserved rights in their Instruments of Service, including copyrights. The Contractor, Subcontractors, Sub-subcontractors, and suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Architect's or Architect's consultants' reserved rights.

§ 1.5.2 The Contractor, Subcontractors, Sub-subcontractors, and suppliers are authorized to use and reproduce the Instruments of Service provided to them, subject to any protocols established pursuant to Sections 1.7 and 1.8, solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and suppliers may not use the Instruments of Service on other projects or for additions to the Project outside the scope of the Work without the specific written consent of the Owner, Architect, and the Architect's consultants.

§ 1.6 Notice

§ 1.6.1 Except as otherwise provided in Section 1.6.2, where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the designated representative of the party to whom the notice is addressed and shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic transmission if a method for electronic transmission is set forth in the Agreement.

§ 1.6.2 Notice of Claims as provided in Section 15.1.3 shall be provided in writing and shall be deemed to have been duly served only if delivered to the designated representative of the party to whom the notice is addressed by certified or registered mail, or by courier providing proof of delivery.

ARTICLE 2 OWNER

§ 2.1 General

§ 2.1.1 The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization. Except as otherwise provided in Section 4.2.1, the Architect does not have such authority. The term "Owner" means the Owner or the Owner's authorized representative.

(Paragraph deleted)

§ 2.2 Evidence of the Owner's Financial Arrangements

§ 2.2.1 Prior to commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract. The Contractor shall have no obligation to commence the Work until the Owner provides such evidence. If commencement of the Work is delayed under this Section 2.2.1, the Contract Time shall be extended appropriately.

§ 2.2.2 Following commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract only if (1) the Owner fails to make payments to the Contractor as the Contract Documents require; (2) the Contractor identifies in writing a reasonable concern regarding the Owner's ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within fourteen days of the Contractor's request, the Contractor may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. However, if the request is made because a change in the Work materially changes the Contract Sum under (3) above, the Contractor may immediately stop only that portion of the Work affected by the change until reasonable evidence is provided. If the Work is stopped under this Section 2.2.2, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided in the Contract Documents.

§ 2.2.3 After the Owner furnishes evidence of financial arrangements under this Section 2.2, the Owner shall not materially vary such financial arrangements without prior notice to the Contractor.

§ 2.2.4 Where the Owner has designated information furnished under this Section 2.2 as "confidential," the Contractor shall keep the information confidential and shall not disclose it to any other person. However, the Contractor may disclose "confidential" information, after seven (7) days' notice to the Owner, where disclosure is required by law, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or by court or arbitrator(s) order. The Contractor may also disclose "confidential" information to its employees, consultants, sureties, Subcontractors and their employees, Sub-subcontractors, and others who need to know the content of such information solely and exclusively for the Project and who agree to maintain the confidentiality of such information.

§ 2.3 Information and Services Required of the Owner

§ 2.3.1 Except for permits and fees that are the responsibility of the Contractor under the Contract Documents, including those required under Section 3.7.1, the Owner shall secure and pay for necessary approvals, easements, assessments and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

§ 2.3.2 The Owner shall retain an architect lawfully licensed to practice architecture, or an entity lawfully practicing architecture, in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 2.3.3 If the employment of the Architect terminates, the Owner shall employ a successor to whom the Contractor has no reasonable objection and whose status under the Contract Documents shall be that of the Architect.

§ 2.3.4 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site. The Contractor shall be entitled to rely on the accuracy of

information furnished by the Owner but shall exercise proper precautions relating to the safe performance of the Work.

§ 2.3.5 The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner's control and relevant to the Contractor's performance of the Work with reasonable promptness after receiving the Contractor's written request for such information or services.

§ 2.3.6 Unless otherwise provided in the Contract Documents, the Owner shall furnish to the Contractor one copy of the Contract Documents for purposes of making reproductions pursuant to Section 1.5.2.

§ 2.4 Owner's Right to Stop the Work

If the Contractor fails to correct Work that is not in accordance with the requirements of the Contract Documents as required by Section 12.2 or repeatedly fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity, except to the extent required by Section 6.1.3.

§ 2.5 Owner's Right to Carry Out the Work

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a ten-day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. Such action by the Owner and amounts charged to the Contractor are both subject to prior approval of the Architect and the Architect may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Architect's additional services made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

ARTICLE 3 CONTRACTOR

§ 3.1 General

§ 3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under this Contract. The term "Contractor" means the Contractor or the Contractor's authorized representative.

§ 3.1.2 The Contractor shall perform the Work in accordance with the Contract Documents.

§ 3.1.3 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Architect in the Architect's administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

§ 3.2 Review of Contract Documents and Field Conditions by Contractor

§ 3.2.1 Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become generally familiar with local conditions under which the Work is to be performed, and correlated personal observations with requirements of the Contract Documents.

§ 3.2.2 Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.3.4, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall

promptly report to the Architect any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information in such form as the Architect may require. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.

§ 3.2.3 The Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Contractor shall promptly report to the Architect any nonconformity discovered by or made known to the Contractor as a request for information in such form as the Architect may require.

§ 3.2.4 If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor fails to perform the obligations of Sections 3.2.2 or 3.2.3, the Contractor shall pay such costs and damages to the Owner, subject to Section 15.1.7, as would have been avoided if the Contractor had performed such obligations. If the Contractor performs those obligations, the Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

§ 3.3 Supervision and Construction Procedures

§ 3.3.1 The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under the Contract. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences, or procedures, the Contractor shall evaluate the jobsite safety thereof and shall be solely responsible for the jobsite safety of such means, methods, techniques, sequences, or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely notice to the Owner and Architect, and shall propose alternative means, methods, techniques, sequences, or procedures. The Architect shall evaluate the proposed alternative solely for conformance with the design intent for the completed construction. Unless the Architect objects to the Contractor's proposed alternative, the Contractor shall perform the Work using its alternative means, methods, techniques, sequences, or procedures.

§ 3.3.2 The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

§ 3.3.3 The Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

§ 3.3.4 Three (3) days after the opening of the Bids, the Contractor shall furnish for written approval, an outline of the education, experience, and character of the Contractor's Project Manager, Superintendent, and Engineer. Any future substitution must have prior written approval of the Architect.

§ 3.4 Labor and Materials

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

§ 3.4.2 Except in the case of minor changes in the Work approved by the Architect in accordance with Section 3.12.8 or ordered by the Architect in accordance with Section 7.4, the Contractor may make substitutions only with the consent of the Owner, after evaluation by the Architect and in accordance with a Change Order or Construction Change Directive.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 3.4.4 The Contractor's or his/her Subcontractor's supervisors and workmen engaged on special work or skilled Work in any supervisory position or trade shall be qualified and have had sufficient education, training, and experience as a recognized professional or master mechanic in such Work to perform it properly and satisfactorily as prescribed in the Contract Documents.

§ 3.4.5 Any project manager, superintendent, engineer, foreman, or workman employed by the Contractor or by a Subcontractor who, in the sole opinion of the Architect, does not perform his/her Work in a proper and skillful manner or becomes party to disrespectful, intemperate, disorderly, intoxicated, or dishonest behavior, or uses foul language, fights, commits criminal act(s), falsifies records and construction, covers-up faulty Work or materials, does not comprehend or follow instructions, does not get along with the Architect or Owner's representative, or is otherwise objectionable, shall at the written request by the Architect, be discharged within 24 hours by the Contractor or Subcontractor employing such project manager, superintendent, engineer, foreman or workman, and shall not be employed again or any portion of the Work without the written consent of the Architect.

§ 3.4.6 Should the Contractor fail to remove such person or persons specified in Article 3.4.5 hereinabove or fail to furnish suitable and sufficient machinery, equipment, materials or qualified labor force for the proper execution of the Work, the Architect may withhold all payments which are or may become due to the Contractor or may suspend the Work until such orders are complied with.

§ 3.4.7 Contractor shall abide by provisions of Section 14.1 and Section 14.2, Code of the City of Mobile, originally adopted December 10, 1991. Prohibiting Discrimination in Employment by Contractors, Subcontractors, and Vendors performing Work and providing materials and supplies for the City of Mobile. A copy of said Code is located in the City's Projects Architectural Engineering Department. Certification of compliance with this requirement shall be made for all persons involved in the Work by the signature of the General Conditions on the Bid Form.

§ 3.5 Warranty

§ 3.5.1 The Contractor warrants to the Owner and Architect that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

§ 3.5.2 All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4.

§ 3.6 Taxes

The Contractor shall pay sales, consumer, use and similar taxes for the Work provided by the Contractor that are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect.

§ 3.7 Permits, Fees, Notices and Compliance with Laws

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall secure **City of Mobile building permit without cost, and shall secure and pay for** other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

§ 3.7.1.1 The Contractor shall secure building and other permits customarily obtained from the City of Mobile at no cost.

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work.

§ 3.7.3 If the Contractor performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction.

§ 3.7.4 Concealed or Unknown Conditions

If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner and the Architect before conditions are disturbed and in no event later than 14 days after first observance of the conditions. The Architect will promptly investigate such conditions and, if the Architect determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will recommend that an equitable adjustment be made in the Contract Sum or Contract Time, or both. If the Architect determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner and Contractor, stating the reasons. If either party disputes the Architect's determination or recommendation, that party may submit a Claim as provided in Article 15.

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 3.8 Allowances

§ 3.8.1 The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

§ 3.8.2 Unless otherwise provided in the Contract Documents,

- **.1** allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;
- **.2** Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and
- **.3** whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 3.8.2.1 and (2) changes in Contractor's costs under Section 3.8.2.2.

§ 3.8.3 Materials and equipment under an allowance shall be selected by the Owner with reasonable promptness.

§ 3.9 Superintendent

§ 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor.

§ 3.9.2 The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the name and qualifications of a proposed superintendent. Within 14 days of receipt of the information, the Architect may notify the Contractor, stating whether the Owner or the Architect (1) has reasonable objection to the proposed

superintendent or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 3.9.3 The Contractor shall not employ a proposed superintendent to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.

§ 3.10 Contractor's Construction and Submittal Schedules

§ 3.10.1 The Contractor, **within ten (10) business days** after being awarded the Contract, shall submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project.

§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule for the Architect's approval. The Architect's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow the Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, or fails to provide submittals in accordance with the approved submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 3.10.3 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Architect.

§ 3.11 Documents and Samples at the Site

The Contractor shall make available, at the Project site, the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and the approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Architect and Owner, and delivered to the Architect for submittal to the Owner upon completion of the Work as a record of the Work as constructed.

§ 3.12 Shop Drawings, Product Data and Samples

§ 3.12.1 Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor to illustrate some portion of the Work.

§ 3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

§ 3.12.3 Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Work will be judged.

§ 3.12.4 Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate how the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review by the Architect is subject to the limitations of Section 4.2.7. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Architect without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Architect, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documentswith reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of Separate Contractors. **Submittals which are not marked as reviewed for compliance with the Contract**

Documents and approved by the Contractor may be returned by the Architect without action. Wherever Shop Drawings are required in these Specifications, Shop Drawings shall be submitted for approval before materials are fabricated. Drawings shall show complete details. The General Contractor shall check and approve them either in writing or by stamp before forwarding to the Architect. The Architect will mark copies "Approved" if correct; or, "Approved As Noted" if only minor corrections are necessary. If major corrections are necessary, they will be noted on the Shop Drawings and they will be returned to the Contractor for correction and resubmission. Submit four (4) copies for Architect's and Owner's use plus the number of copies the Contractor requires for his/her own use.

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor represents to the Owner and Architect that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been approved by the Architect.

§ 3.12.8 The Work shall be in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from the requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data, Samples, or similar submittals, unless the Contractor has specifically notified the Architect of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples, or similar submittals, by the Architect's approval thereof.

§ 3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples, or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such notice, the Architect's approval of a resubmission shall not apply to such revisions.

§ 3.12.10 The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences, and procedures. The Contractor shall not be required to provide professional services in violation of applicable law.

§ 3.12.10.1 If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will specify all performance and design criteria that such services must satisfy. The Contractor shall be entitled to rely upon the adequacy and accuracy of the performance and design criteria provided in the Contract Documents. The Contractor shall cause such services or certifications to be provided by an appropriately licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings, and other submittals related to the Work, designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Architect. The Owner and the Architect shall be entitled to rely upon the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor the performance and design criteria that such services must satisfy. Pursuant to this Section 3.12.10, the Architect will review and approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

§ 3.12.10.2 If the Contract Documents require the Contractor's design professional to certify that the Work has been performed in accordance with the design criteria, the Contractor shall furnish such certifications to the Architect at the time and in the form specified by the Architect.

§ 3.13 Use of Site
The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

§ 3.14 Cutting and Patching
§ 3.14.1 The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise required by the Contract Documents.

§ 3.14.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner or Separate Contractors by cutting, patching, or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter construction by the Owner or a Separate Contractor except with written consent of the Owner and of the Separate Contractor. Consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold, from the Owner or a Separate Contractor, its consent to cutting or otherwise altering the Work.

§ 3.15 Cleaning Up
§ 3.15.1 The Contractor shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract. At completion of the Work, the Contractor shall remove waste materials, rubbish, the Contractor's tools, construction equipment, machinery, and surplus materials from and about the Project.

§ 3.15.2 If the Contractor fails to clean up as provided in the Contract Documents, the Owner may do so and the Owner shall be entitled to reimbursement from the Contractor.

§ 3.16 Access to Work
The Contractor shall provide the Owner and Architect with access to the Work in preparation and progress wherever located.

§ 3.17 Royalties, Patents and Copyrights
The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner and Architect harmless from loss on account thereof, but shall not be responsible for defense or loss when a particular design, process, or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications, or other documents prepared by the Owner or Architect. However, if an infringement of a copyright or patent is discovered by, or made known to, the Contractor, the Contractor shall be responsible for the loss unless the information is promptly furnished to the Architect.

§ 3.18 Indemnification
§ 3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity **which** would otherwise exist as to a party or person described in this Section 3.18.

§ 3.18.2 In claims against any person or entity indemnified under this Section 3.18 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the indemnification obligation under Section 3.18.1 shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefit acts, or other employee benefit acts.

§ 3.19 As applicable, the Contractor shall be responsible at the appropriate time during construction of the Project to have all permanent meters installed (electrical, water, gas, etc.) and all utilities connected prior to the time of Final Inspection. The Contractor shall pay all utility costs until the Project is accepted by the City of Mobile.

ARTICLE 4 ARCHITECT

§ 4.1 General

§ 4.1.1 The Owner shall retain an Architect lawfully licensed to practice architecture or an entity lawfully practicing architecture in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 4.1.2 Duties, responsibilities, and limitations of authority of the Architect as set forth in the Contract Documents shall not be restricted, modified, or extended without written consent of the Owner, Contractor, and Architect. Consent shall not be unreasonably withheld.

§ 4.2 Administration of the Contract

§ 4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative **(1) during construction, (2) until all conditions necessary for the final completion and payment have been fulfilled, and (3) with the Owner's concurrence, from time to time during the one-year period for correction of Work described in Section 12.2.** The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents**, unless otherwise modified in writing in accordance with other provisions of the Contract.**

§ 4.2.3 On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work. The Architect will not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not have control over or charge of, and will not be responsible for acts or omissions of, the Contractor, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

§ 4.2.4 Communications

The Owner and Contractor shall include the Architect in all communications that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and suppliers shall be through the Contractor. Communications by and with Separate Contractors shall be through the Owner. The Contract Documents may specify other communication protocols.

§ 4.2.5 Based on the Architect's evaluations of the Contractor's Applications for Payment, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts.

§ 4.2.6 The Architect has authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect will have authority to require inspection or testing of the Work in accordance with Sections 13.4.2 and 13.4.3, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

User Notes:

§ 4.2.7 The Architect will review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action will be taken in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. The Architect's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 4.2.8 The Architect will prepare Change Orders and Construction Change Directives, and may order minor changes in the Work as provided in Section 7.4. The Architect will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

§ 4.2.9 The Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to Section 9.8; receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10; and issue a final Certificate for Payment pursuant to Section 9.10.

§ 4.2.10 If the Owner and Architect agree, the Architect will provide one or more Project representatives to assist in carrying out the Architect's responsibilities at the site. The Owner shall notify the Contractor of any change in the duties, responsibilities and limitations of authority of the Project representatives.

§ 4.2.11 The Architect will interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 4.2.12 Interpretations and decisions of the Architect will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings. When making such interpretations and decisions, the Architect will endeavor to secure faithful performance by both Owner and Contractor, will not show partiality to either, and will not be liable for results of interpretations or decisions rendered in good faith.

§ 4.2.13 The Architect's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

§ 4.2.14 The Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

ARTICLE 5 SUBCONTRACTORS

§ 5.1 Definitions

§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include a Separate Contractor or the subcontractors of a Separate Contractor.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

§ 5.2 Award of Subcontracts and Other Contracts for Portions of the Work

§ 5.2.1 The apparent low bidder, within (3) days after bids are opened shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect (1) has reasonable objection to any such proposed person or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection.

§ 5.2.4 The Contractor shall not substitute a Subcontractor, person, or entity for one previously selected if the Owner or Architect makes reasonable objection to such substitution.

§ 5.3 Subcontractual Relations

By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work that the Contractor, by these Contract Documents, assumes toward the Owner and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies, and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

§ 5.4 Contingent Assignment of Subcontracts

§ 5.4.1 Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Owner, provided that

.1 assignment is effective only after termination of the Contract by the Owner for cause pursuant to Section 14.2 and only for those subcontract agreements that the Owner accepts by notifying the Subcontractor and Contractor; and

.2 assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of a subcontract agreement, the Owner assumes the Contractor's rights and obligations under the subcontract.

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than 30 days, the Subcontractor's compensation **may** be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor contractor or other entity.

ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

§ 6.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 6.1.1 The term "Separate Contractor(s)" shall mean other contractors retained by the Owner under separate agreements. The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under Conditions of the Contract substantially similar to

those of this Contract, including those provisions of the Conditions of the Contract related to insurance and waiver of subrogation.

§ 6.1.2 When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Agreement.

§ 6.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces and of each Separate Contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with any Separate Contractors and the Owner in reviewing their construction schedules. The Contractor shall make any revisions to its construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Contractor, Separate Contractors, and the Owner until subsequently revised.

§ 6.1.4 Unless otherwise provided in the Contract Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Contractor has under the Conditions of the Contract, including, without excluding others, those stated in Article 3, this Article 6, and Articles 10, 11, and 12.

§ 6.2 Mutual Responsibility

§ 6.2.1 The Contractor shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

§ 6.2.2 If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner or a Separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly notify the Architect of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Contractor's Work. Failure of the Contractor to notify the Architect of apparent discrepancies or defects prior to proceeding with the Work shall constitute an acknowledgment that the Owner's or Separate Contractor's completed or partially completed construction is fit and proper to receive the Contractor's Work. The Contractor shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractor that are not apparent.

§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Contractor's delays, improperly timed activities or defective construction. The Owner shall be responsible to the Contractor for costs the Contractor incurs because of a Separate Contractor's delays, improperly timed activities, damage to the Work or defective construction.

§ 6.2.4 The Contractor shall promptly remedy damage that the Contractor wrongfully causes to completed or partially completed construction or to property of the Owner or Separate Contractor as provided in Section 10.2.5.

§ 6.2.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14.

§ 6.3 Owner's Right to Clean Up

If a dispute arises among the Contractor, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and the Architect will allocate the cost among those responsible.

ARTICLE 7 CHANGES IN THE WORK

§ 7.1 General

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents. **The total of all Change Orders on each contract shall not exceed (10%) of the contract price for each project and shall be subject to at least one of the following criteria:**

User Notes:

1. **Minor changes for a total monetary value less than required for competitive bidding under the State Competitive Bid Laws.**
2. **Changes for matters relatively minor and incidental to the original contract necessitated by unforeseen circumstances arising during the course of the Work.**
3. **Emergencies arising during the course of the Work of the Contract.**
4. **Changes or Alterations provided for the original bidding where there is no difference in price on the Change Order from the original best bid on the Alternate.**
5. **Changes of relatively minor items not contemplated when the plans and specifications were prepared and the Project was bid, which are in the public interest.**

§ 7.1.2 A Change Order shall be based upon agreement among the Owner, Contractor, and Architect. A Construction Change Directive requires agreement by the Owner and Architect and may or may not be agreed to by the Contractor. An order for a minor change in the Work may be issued by the Architect alone.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents. The Contractor shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work.

§ 7.2 Change Orders

§ 7.2.1 A Change Order is a written instrument prepared by the Architect and signed by the Owner, Contractor, and Architect stating their agreement upon all of the following:

.1 The change in the Work;
.2 The amount of the adjustment, if any, in the Contract Sum; and
.3 The extent of the adjustment, if any, in the Contract Time.
.4 **There shall be attached to each Change Order, a signed statement from the Architect containing the following:**

A. **A statement of what the Change Order covers and who instituted the Change Order and why it is necessary or desired.**
B. **A statement setting forth the reasons for using the Change Order method rather than taking new competitive bids.**
C. **A statement that all prices have been reviewed and found reasonable, fair, and equitable and recommending approval of the same.**

§ 7.2.2 Change Orders and Contract Sum Adjustments:

No change in the Work, Contract Sum, or Contract Time shall be valid unless executed by written Change Order or Construction Change Directive issued by the Owner in accordance with the Contract Documents. All Change Orders shall comply with the requirements of the Alabama Public Works Bid Law and applicable Attorney General opinions interpreting the law.

(a) Scope Limitation: Change Orders shall be limited to work that is incidental, closely related to, or necessary for the proper completion of the original scope of work. No Change Order shall materially alter the nature of the Project or substitute an entirely new undertaking for the original Contract.

(b) Compliance with Competitive Bidding: Change Orders shall not be used to circumvent the competitive bidding requirements of Alabama law. Any modification that is so substantial as to constitute a new or different undertaking must be procured by separate bid in accordance with Ala. Code § 39-2-2.

(c) Written Authorization Required: The Contractor shall not perform any work that will result in additional compensation or time without prior written approval from the Owner through a duly executed Change Order. Any work performed without such approval shall be at the Contractor's sole risk and expense.

(d) Supporting Documentation: All requests for a Change Order must include detailed cost breakdowns, schedule impacts, and any supporting documentation as required by the Owner.

(e) City Appropriation Contingency: All Change Orders are subject to available appropriations and shall not be effective unless sufficient funds are appropriated for the increase in the Contract Sum.

§ 7.3 Construction Change Directives

§ 7.3.1 A Construction Change Directive is a written order prepared by the Architect and signed by the Owner and Architect, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 7.3.3 If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:

.1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
.2 Unit prices stated in the Contract Documents or subsequently agreed upon;
.3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
.4 As provided in Section 7.3.4.

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Architect shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an **allowance of (10%) mark-up on Subcontractor's direct cost (actual cost of Labor & Materials) and (15%) mark-up on General Contractor's direct (actual cost of Labor & Materials).** In such case, and also under Section 7.3.3.3, the Contractor

shall keep and present, in such form as the Architect may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

.1 Costs of labor, including applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by the Architect;

.2 Costs of materials, supplies, and equipment, including cost of transportation, **actually incorporated or consumed in the work;**

.3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented **by** the Contractor or others;

.4 Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and

.5 Costs of supervision and field office personnel directly attributable to the change.

§ 7.3.5 If the Contractor disagrees with the adjustment in the Contract Time, the Contractor may make a Claim in accordance with applicable provisions of Article 15.

§ 7.3.6 Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.7 A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by the Architect. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. The Architect will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Architect determines, in the Architect's professional judgment, to be reasonably justified. The Architect's interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.

§ 7.3.10 When the Owner and Contractor agree with a determination made by the Architect concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Architect will prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

§ 7.4 Minor Changes in the Work

The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. The Architect's order for minor changes shall be in writing. If the Contractor believes that the proposed minor change in the Work will affect the Contract Sum or Contract Time, the Contractor shall notify the Architect and shall not proceed to implement the change in the Work. If the Contractor performs the Work set forth in the Architect's order for a minor change without prior notice to the Architect that such change will affect the Contract Sum or Contract Time, the Contractor waives any adjustment to the Contract Sum or extension of the Contract Time.

ARTICLE 8 TIME

§ 8.1 Definitions

§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work.

§ 8.1.2 The date of commencement of the Work is the date established in the Agreement.

§ 8.1.3 The date of Substantial Completion is the date certified by the Architect in accordance with Section 9.8.

§ 8.1.4 The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined.

§ 8.2 Progress and Completion

§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

1. **No Work shall commence and no materials ordered until the Owner issues the written Notice to Proceed.**
2. **The Work shall be commenced within ten (10) days of the date of written Notice to Proceed.**

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, commence the Work prior to the effective date of insurance required to be furnished by the Contractor and Owner.

§ 8.2.3 The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.3 Delays and Extensions of Time

§ 8.3.1 If the Contractor is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner or Architect, of an employee of either, or of a Separate Contractor; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, or other causes beyond the Contractor's control; (4) by delay authorized by the Owner ; or (5) by other causes that the Contractor asserts, and the Architect determines, justify delay, then the Contract Time shall be extended for such reasonable time as the Architect may determine.

§ 8.3.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.3.3 This Section 8.3 does not preclude recovery of damages for delay by either party under other provisions of the Contract Documents.

§ 8.4 Liquidated Damages

§ 8.4.1 Time is the essence of the Contract. Any delay in the completion of the Work as provided for in the Contract Documents will cause inconvenience to the public and loss and damage to the Owner in interest, and in additional administrative, architectural, inspection, and supervision charges. Therefore, a time charge equal to ($250.00) per calendar day will be made against the Contractor for the entire period that any part of the Work remains uncompleted or any required closeout documents are not acceptably submitted for more that (30) days after the time specified for the Substantial Completition of the Work, the amount of which shall be deducted by the Owner, and shall be retained by the Owner out of monies otherwise due the Contractor in the final payment, not as a penalty, but as liquidated damages sustatined.

ARTICLE 9 PAYMENTS AND COMPLETION

§ 9.1 Contract Sum

§ 9.1.1 The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents.

§ 9.1.2 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed so that application of such unit prices to the actual quantities causes substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values

Where the Contract is based on a stipulated sum or Guaranteed Maximum Price, the Contractor shall submit a schedule of values to the Architect before the first Application for Payment, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to substantiate its accuracy, required by the Architect. This schedule, unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's Applications for Payment. Any changes to the schedule of values shall be

submitted to the Architect and supported by such data to substantiate its accuracy as the Architect may require, and unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's subsequent Applications for Payment.

1. **Unit Prices and Allowances, if stated in Contract Documents, shall be identified within the Schedule of Values.**

§ 9.3 Applications for Payment

§ 9.3.1 The Contractor shall submit to the Architect **on the first of each month for Work performed through the 25th of the preceding month, four (4) original, itemized Applications for Payment for Work completed in accordance with the accepted** schedule of values, if required under Section 9.2, for completed portions of the Work. The application shall be notarized and supported by all data substantiating the Contractor's right to payment that the Owner or Architect require, such copies of requisitions, and releases and waivers of liens from Subcontractors and suppliers, and shall reflect retainage **and documents as follows:**

1. **Until the final payment is made, the Owner shall pay ninety-seven and one half percent (97.5%) of the amount due the Contractor on account of progress payments (note: the 2-1/2% retainage is calculated by withholding the first 5% of the first 50% of the Work completed); and**
2. **The Contractor shall provide documentation substantiating that test, inspections and approvals for portions of Work included in an Application for Payment and required by the Contract Documents, or by laws, ordinances, rules, regulations or orders of public authorities having jurisdiction were made at the appropriate time.**

§ 9.3.1.1 Such applications may include requests for payment on account of changes in the Work, **which have been authorized and approved by properly executed Change Order(s)**.

§ 9.3.2 Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Contractor, Subcontractors, suppliers, or other persons or entities that provided labor, materials, and equipment relating to the Work.

§ 9.4 Certificates for Payment

§ 9.4.1 The Architect will, within seven days after receipt of the Contractor's Application for Payment, either (1) issue to the Owner a Certificate for Payment in the full amount of the Application for Payment, with a copy to the Contractor; or (2) issue to the Owner a Certificate for Payment for such amount as the Architect determines is properly due, and notify the Contractor and Owner of the Architect's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Contractor and Owner of the Architect's reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.4.2 The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on the Architect's evaluation of the Work and the data in the Application for Payment, that, to the best of the Architect's knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion, and to specific qualifications expressed by the Architect.

However, the issuance of a Certificate for Payment will not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work; (2) reviewed construction means, methods, techniques, sequences, or procedures; (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment; or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Architect may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Architect's opinion the representations to the Owner required by Section 9.4.2 cannot be made. If the Architect is unable to certify payment in the amount of the Application, the Architect will notify the Contractor and Owner as provided in Section 9.4.1. If the Contractor and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Architect may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Architect's opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from acts and omissions described in Section 3.3.2, because of

- **.1** defective Work not remedied;
- **.2** third party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Contractor;
- **.3** failure of the Contractor to make payments properly to Subcontractors or suppliers for labor, materials or equipment;
- **.4** reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
- **.5** damage to the Owner or a Separate Contractor;
- **.6** reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or
- **.7** repeated failure to carry out the Work in accordance with the Contract Documents.

§ 9.5.2 When either party disputes the Architect's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, that party may submit a Claim in accordance with Article 15.

§ 9.5.3 When the reasons for withholding certification are removed, certification will be made for amounts previously withheld.

§ 9.5.4 If the Architect withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Contractor and to any Subcontractor or supplier to whom the Contractor failed to make payment for Work properly performed or material or equipment suitably delivered. If the Owner makes payments by joint check, the Owner shall notify the Architect and the Contractor shall reflect such payment on its next Application for Payment.

§ 9.6 Progress Payments

§ 9.6.1 After the Architect has issued a Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Contract Documents, and shall so notify the Architect.

§ 9.6.2 The Contractor shall pay each Subcontractor, no later than seven days after receipt of payment from the Owner, the amount to which the Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the Subcontractor's portion of the Work. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner.

§ 9.6.3 The Architect will, on request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Architect and Owner on account of portions of the Work done by such Subcontractor.

§ 9.6.4 The Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within seven days, the Owner shall have the right to contact Subcontractors and suppliers

to ascertain whether they have been properly paid. Neither the Owner nor Architect shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.6.5 The Contractor's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

§ 9.6.7 Unless the Contractor provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Contractor for Work properly performed by Subcontractors or provided by suppliers shall be held by the Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with the Contractor for which payment was made by the Owner. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Contractor, create any fiduciary liability or tort liability on the part of the Contractor for breach of trust, or entitle any person or entity to an award of punitive damages against the Contractor for breach of the requirements of this provision.

§ 9.6.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor. If approved by the applicable court, when required, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.7 Failure of Payment

If the Architect does not issue a Certificate for Payment, through no fault of the Contractor, within seven days after receipt of the Contractor's Application for Payment, or if the Owner does not pay the Contractor within seven days after the date established in the Contract Documents, the amount certified by the **Architect**, then the Contractor may, upon seven additional days' notice to the Owner and Architect, stop the Work until payment of the amount owing has been received. The Contract Time **may** be extended appropriately and the Contract Sum **may** be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided for in the Contract Documents.

§ 9.8 Substantial Completion

§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

§ 9.8.3 Upon receipt of the Contractor's list, the Architect will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. In such case, the Contractor shall then submit a request for another inspection by the Architect to determine Substantial Completion.

§ 9.8.4 When the Work or designated portion thereof is substantially complete, the Architect will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion; establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance; and fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in the Certificate. Upon such acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work .

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Architect as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner, Contractor, and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon receipt of the Contractor's notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Architect will promptly make such inspection. When the Architect finds the Work acceptable under the Contract Documents and the Contract fully performed, the Architect will promptly issue a final Certificate for Payment stating that to the best of the Architect's knowledge, information and belief, and on the basis of the Architect's on-site visits and inspections, the Work has been completed in accordance with the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Architect's final Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect, (3) a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment, **(5) Contractors Affidavit of Release of Liens, (6) separate Releases or Waivers of Liens from Subcontractors and material and equipment suppliers, (7) written warranty on Contractor's letterhead covering materials and labor for one-year, and (8) the advertisement of completion. The Contractor shall provide proof of publication of Advertisement of completion in a local newspaper for three (3) consecutive weeks, as required in Title 39, Section 39-1-1, Subsection (f), of the Code of Alabama. The final 2.5% retained will not be paid until proof of publication is submitted and all written claims paid in full. This advertisement shall not begin until the City of Mobile has accepted the Project.**

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor and the Architect so confirms, the Owner shall, upon application by the Contractor and certification by the Architect, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Architect prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

- **.1** liens, Claims, security interests, or encumbrances arising out of the Contract and unsettled;
- **.2** failure of the Work to comply with the requirements of the Contract Documents;
- **.3** terms of special warranties required by the Contract Documents; or
- **.4** audits performed by the Owner, if permitted by the Contract Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor, or a supplier, shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

§ 10.1 Safety Precautions and Programs

The Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Contract.

§ 10.2 Safety of Persons and Property

§ 10.2.1 The Contractor shall **comply with all Federal, State, and Local law regarding safety including the requirements of the Occupational Safety and Health Act of 1970, Public Law #91-596, latest version**. **Contractor shall** take **all other** reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury, or loss to

- **.1** employees on the Work and other persons who may be affected thereby;
- **.2** the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Contractor, a Subcontractor, or a Sub-subcontractor; and
- **.3** other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.
- **.4** **The Contractor shall be responsible for damage done to buried cables and other utilities by its equipment and shall contact the appropriate offices prior to construction for information depth, etc., of utilities in the area.**

§ 10.2.2 The Contractor shall comply with, and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on safety of persons or property or their protection from damage, injury, or loss.

§ 10.2.3 The Contractor shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Contractor shall promptly remedy damage and loss to property referred to in Sections 10.2.1.2 and 10.2.1.3 caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under Sections 10.2.1.2 and 10.2.1.3. The Contractor may make a Claim for the cost to remedy the damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under Section 3.18.

§ 10.2.6 The Contractor shall designate a responsible member of the Contractor's organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated by the Contractor in writing to the Owner and Architect.

§ 10.2.7 The Contractor shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 Injury or Damage to Person or Property
If either party suffers injury or damage to person or property because of an act or omission of the other party, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 21 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

§ 10.3 Hazardous Materials and Substances
§ 10.3.1 The Contractor is responsible for compliance with any requirements included in the Contract Documents regarding hazardous materials or substances. If the Contractor encounters a hazardous material or substance not addressed in the Contract Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop Work in the affected area and notify the Owner and Architect of the condition.

§ 10.3.2 Upon receipt of the Contractor's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Contract Documents, the Owner shall furnish in writing to the Contractor and Architect the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Contractor and the Architect will promptly reply to the Owner in writing stating whether or not either has reasonable objection to the persons or entities proposed by the Owner. If either the Contractor or Architect has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Contractor and the Architect have no reasonable objection. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written agreement of the Owner and Contractor. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable additional costs of shutdown, delay, and start-up, **except to the extent that any such delay is attributable to the Contractor's objection to the persons or entitles whom Owner shall have furnished to perform the task of removal of safe containment of such material or substance.**

(Paragraph deleted)
§ 10.3.4 The Owner shall not be responsible **for materials or substances brought to the site by the Contractor regardless of whether such materials or substances were required by the Contract Documents.**

§ 10.3.5 The Contractor shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of hazardous materials or substances the Contractor brings to the site and negligently handles, or (2) where the Contractor fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 If, without negligence **or wantonness** on the part of the Contractor, the Contractor is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Work as required by the Contract Documents, the Owner **may** reimburse the Contractor for all **reasonable** cost and expense thereby incurred.

§ 10.4 Emergencies
In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury, or loss. Additional compensation or extension of time claimed by the Contractor on account of an emergency **may** be determined **only** as provided in Article 15 and Article 7.

ARTICLE 11 INSURANCE AND BONDS

§ 11.1 Contractor's Insurance and Bonds

§ 11.1.1 The Contractor shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Contractor shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner, Architect, and Architect's consultants shall be named as additional insureds under the Contractor's commercial general liability policy or as otherwise described in the Contract Documents.

§ 11.1.2 The Contractor shall provide surety bonds of the types, for such penal sums, and subject to such terms and conditions as required by the Contract Documents. The Contractor shall purchase and maintain the required bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 11.1.3 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

§ 11.1.4 Notice of Cancellation or Expiration of Contractor's Required Insurance. Within three (3) business days of the date the Contractor becomes aware of an impending or actual cancellation or expiration of any insurance required by the Contract Documents, the Contractor shall provide notice to the Owner of such impending or actual cancellation or expiration. Upon receipt of notice from the Contractor, the Owner shall, unless the lapse in coverage arises from an act or omission of the Owner, have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by the Contractor. The furnishing of notice by the Contractor shall not relieve the Contractor of any contractual obligation to provide any required coverage.

§ 11.2 Owner's Insurance

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in the Agreement or elsewhere in the Contract Documents, the Owner shall inform the Contractor in writing prior to commencement of the Work. Upon receipt of notice from the Owner, the Contractor may delay commencement of the Work and may obtain insurance that will protect the interests of the Contractor, Subcontractors, and Sub-Subcontractors in the Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Contractor is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Contractor for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Contract Documents, the Owner shall provide notice to the Contractor of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Contractor: (1) the Contractor, upon receipt of notice from the Owner, shall have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Contractor; (2) the Contract Time and Contract Sum shall be equitably adjusted.

ARTICLE 12 UNCOVERING AND CORRECTION OF WORK

§ 12.1 Uncovering of Work

§ 12.1.1 If a portion of the Work is covered contrary to the Architect's request or to requirements specifically expressed in the Contract Documents, it must, if requested in writing by the Architect, be uncovered for the Architect's examination and be replaced at the Contractor's expense without change in the Contract Time.

§ 12.1.2 If a portion of the Work has been covered that the Architect has not specifically requested to examine prior to its being covered, the Architect may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, the Contractor shall be entitled to an equitable adjustment to the Contract Sum and Contract Time as may be appropriate. If such Work is not in accordance with the Contract Documents, the costs of uncovering the Work, and the cost of correction, shall be at the Contractor's expense.

§ 12.2 Correction of Work

§ 12.2.1 Before Substantial Completion

The Contractor shall promptly correct Work rejected by the Architect or failing to conform to the requirements of the Contract Documents, discovered before Substantial Completion and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Architect's services and expenses made necessary thereby, shall be at the Contractor's expense.

§ 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Contractor's obligations under Section 3.5, if, within one year after the date of Substantial Completion of the Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of notice from the Owner to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of Work, if the Owner fails to notify the Contractor and give the Contractor an opportunity to make the correction, the Owner waives the rights to require correction by the Contractor and to make a claim for breach of warranty. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from the Owner or Architect, the Owner may correct it in accordance with Section 2.5.

§ 12.2.2.2 The one-year period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.

§ 12.2.2.3 The one-year period for correction of Work shall not be extended by corrective Work performed by the Contractor pursuant to this Section 12.2.

§ 12.2.3 The Contractor shall remove from the site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.

§ 12.2.4 The Contractor shall bear the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

§ 12.3 Acceptance of Nonconforming Work

If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 MISCELLANEOUS PROVISIONS

§ 13.1 Governing Law

The Contract shall be governed by the law of **State of Alabama.**

§ 13.2 Successors and Assigns

§ 13.2.1 The Owner and Contractor respectively bind themselves, their partners, successors, assigns, and legal representatives to covenants, agreements, and obligations contained in the Contract Documents. Except as provided in Section 13.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 13.2.2 The Owner may, without consent of the Contractor, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Contract Documents. The Contractor shall execute all consents reasonably required to facilitate the assignment.

§ 13.2.3 No assignment of the Contract shall be made without the written permission of Surety providing bonding and the City of Mobile.

§ 13.3 Rights and Remedies

§ 13.3.1 Duties and obligations imposed by the Contract Documents and rights and remedies available thereunder shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 13.3.2 No action or failure to act by the Owner, Architect, or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 13.4 Tests and Inspections

§ 13.4.1 Tests, inspections, and approvals of portions of the Work shall be made as required by the Contract Documents and by applicable laws, statutes, ordinances, codes, rules, and regulations or lawful orders of public authorities. Unless otherwise provided, the Contractor shall make arrangements for such tests, inspections, and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs of tests, inspections, and approvals. The Contractor shall give the Architect timely notice of when and where tests and inspections are to be made so that the Architect may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after bids are received or negotiations concluded. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

§ 13.4.2 If the Architect, Owner, or public authorities having jurisdiction determine that portions of the Work require additional testing, inspection, or approval not included under Section 13.4.1, the Architect will, upon written authorization from the Owner, instruct the Contractor to make arrangements for such additional testing, inspection, or

approval, by an entity acceptable to the Owner, and the Contractor shall give timely notice to the Architect of when and where tests and inspections are to be made so that the Architect may be present for such procedures. Such costs, except as provided in Section 13.4.3, shall be at the Owner's expense.

§ 13.4.3 If procedures for testing, inspection, or approval under Sections 13.4.1 and 13.4.2 reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, all costs made necessary by such failure, including those of repeated procedures and compensation for the Architect's services and expenses, shall be at the Contractor's expense.

§ 13.4.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Architect.

§ 13.4.5 If the Architect is to observe tests, inspections, or approvals required by the Contract Documents, the Architect will do so promptly and, where practicable, at the normal place of testing.

§ 13.4.6 Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

(Paragraphs deleted)

§ 13.4.7 Test, inspections or approvals made in addition to the Architect's normal design and contract administration services caused by the Contractor shall be paid for by the Contractor. The normal service schedule is contained in Article 2.8.1 of AIA B102-2017 as amended by the Owner and is available to Contractor on request.

§ 13.4.8 The Contractor must call the Urban Development Department of the City of Mobile for their inspections and approval at the times required by the Urban Development Department, as well as notify the Architect, Consulting Engineer, and/or Test Laboratory, for inspection and approval of sub-grade conditions, under slab and footing conditions, vapor barrier placement, reinforcing steel placement, all structural connections, electrical, mechanical, etc. None of the above will be accepted that have been covered up before receiving approval of the Architect or his Consultant.

ARTICLE 14 TERMINATION OR SUSPENSION OF THE CONTRACT

§ 14.1 Termination by the Contractor

§ 14.1.1 The Contractor may terminate the Contract if the Work is stopped for a period of 30 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, for any of the following reasons:

- **.1** Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;
- **.2** An act of government, such as a declaration of national emergency, that requires all Work to be stopped;
- **.3** Because the Architect has not issued a Certificate for Payment and has not notified the Contractor of the reason for withholding certification as provided in Section 9.4.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Contract Documents; or
- **.4** The Owner has failed to furnish to the Contractor reasonable evidence as required by Section 2.2.

§ 14.1.2 The Contractor may terminate the Contract if, through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven days' notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work **executed.**

§ 14.1.4 If the Work is stopped for a period of 60 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, or their agents or employees or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon seven additional days' notice to the Owner and the Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3.

§ 14.2 Termination by the Owner for Cause

§ 14.2.1 The Owner may terminate the Contract if the Contractor

- **.1** repeatedly refuses or fails to supply enough properly skilled workers or proper materials;
- **.2** fails to make payment to Subcontractors or suppliers in accordance with the respective agreements between the Contractor and the Subcontractors or suppliers;
- **.3** repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or
- **.4** otherwise is guilty of substantial breach of a provision of the Contract Documents.

§ 14.2.2 When any of the reasons described in Section 14.2.1 exist, and upon certification by the Architect that sufficient cause exists to justify such action, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor's surety, if any, seven days' notice, terminate employment of the Contractor and may, subject to any prior rights of the surety:

- **.1** Exclude the Contractor from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor;
- **.2** Accept assignment of subcontracts pursuant to Section 5.4; and
- **.3** Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Contractor, the Owner shall furnish to the Contractor a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 14.2.3 When the Owner terminates the Contract for one of the reasons stated in Section 14.2.1, the Contractor shall not be entitled to receive further payment until the Work is finished.

§ 14.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work, including compensation for the Architect's services and expenses made necessary thereby, and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to the Owner. The amount to be paid to the Contractor or Owner, as the case may be, shall be certified by the Initial Decision Maker, upon application, and this obligation for payment shall survive termination of the Contract.

§ 14.3 Suspension by the Owner for Convenience

§ 14.3.1 The Owner may, without cause, order the Contractor in writing to suspend, delay or interrupt the Work, in whole or in part for such period of time as the Owner may determine.

§ 14.3.2 The Contract Sum and Contract Time **may** be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent

- **.1** that performance is, was, or would have been, so suspended, delayed, or interrupted, by another cause for which the Contractor is responsible; or
- **.2** that an equitable adjustment is made or denied under another provision of the Contract.

§ 14.4 Termination by the Owner for Convenience

§ 14.4.1 The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause.

§ 14.4.2 Upon receipt of notice from the Owner of such termination for the Owner's convenience, the Contractor shall

- **.1** cease operations as directed by the Owner in the notice;
- **.2** take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and
- **.3** except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

ARTICLE 15 CLAIMS AND DISPUTES

§ 15.1 Claims

§ 15.1.1 Definition

A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Contractor arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims

The Owner and Contractor shall commence all Claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in the Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Contractor waive all Claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims

§ 15.1.3.1 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered prior to expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant **acting with due diligence, reasonably should have first recognized** the condition giving rise to the Claim, whichever is later. **Claims must be initiated by written notice to the Architect and the other party.**

§ 15.1.3.2 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by notice to the other party. In such event, no decision by the Initial Decision Maker is required.

§ 15.1.4 Continuing Contract Performance

§ 15.1.4.1 Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Contract Documents.

§ 15.1.4.2 The Contract Sum and Contract Time shall be adjusted in accordance with the Initial Decision Maker's decision, subject to the right of either party to proceed in accordance with this Article 15. The Architect will issue Certificates for Payment in accordance with the decision of the Initial Decision Maker.

§ 15.1.5 Claims for Additional Cost

If the Contractor wishes to make a Claim for an increase in the Contract Sum, notice as provided in Section 15.1.3 shall be given before proceeding to execute the portion of the Work **giving rise to such claim.** that is the subject of the Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

§ 15.1.6 Claims for Additional Time

§ 15.1.6.1 If the Contractor wishes to make a Claim for an increase in the Contract Time, notice as provided in Section 15.1.3 shall be given. The Contractor's Claim shall include an estimate of cost and of probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

§ 15.1.6.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated, and had an adverse effect on the scheduled construction.

User Notes:

§ 15.1.7 Waiver of Claims for Consequential Damages

The Contractor and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes

.1 damages incurred by the Owner for rental expenses, for losses of use, income, profit, financing, business and reputation, and for loss of management or employee productivity or of the services of such persons; and

.2 damages incurred by the Contractor for principal office expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit, except anticipated profit arising directly from the Work.

This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with Article 14. Nothing contained in this Section 15.1.7 shall be deemed to preclude assessment of liquidated damages, when applicable, in accordance with the requirements of the Contract Documents.

§ 15.2 Initial Decision

§ 15.2.1 Claims, excluding those where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2 or arising under Sections 10.3, 10.4, and 11.5, shall be referred to the Initial Decision Maker for initial decision. The Architect will serve as the Initial Decision Maker, unless otherwise indicated in the Agreement. Except for those Claims excluded by this Section 15.2.1, an initial decision shall be required as a condition precedent to mediation of any Claim. If an initial decision has not been rendered within 30 days after the Claim has been referred to the Initial Decision Maker, the party asserting the Claim may demand mediation and binding dispute resolution without a decision having been rendered. Unless the Initial Decision Maker and all affected parties agree, the Initial Decision Maker will not decide disputes between the Contractor and persons or entities other than the Owner.

§ 15.2.2 The **Architect** will review Claims and within ten days of the receipt of a Claim take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim, (4) suggest a compromise, or (5) advise the parties that the Initial Decision Maker is unable to resolve the Claim if the Initial Decision Maker lacks sufficient information to evaluate the merits of the Claim or if the **Architect reasonably concludes that**, it would be inappropriate for the Initial Decision Maker to resolve the Claim.

§ 15.2.3 In evaluating Claims, the Initial Decision Maker may, but shall not be obligated to, consult with or seek information from either party or from persons with special knowledge or expertise who may assist the Initial Decision Maker in rendering a decision. The Initial Decision Maker may request the Owner to authorize retention of such persons at the Owner's expense.

§ 15.2.4 If the Initial Decision Maker requests a party to provide a response to a Claim or to furnish additional supporting data, such party shall respond, within ten days after receipt of the request, and shall either (1) provide a response on the requested supporting data, (2) advise the Initial Decision Maker when the response or supporting data will be furnished, or (3) advise the Initial Decision Maker that no supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Initial Decision Maker will either reject or approve the Claim in whole or in part.

§ 15.2.5 The Initial Decision Maker will render an initial decision approving or rejecting the Claim, or indicating that the Initial Decision Maker is unable to resolve the Claim. This initial decision shall (1) be in writing; (2) state the reasons **therefore**; and (3) notify the parties and the Architect, if the Architect is not serving as the Initial Decision Maker, of any change in the Contract Sum or Contract Time or both. The initial decision shall be final and binding on the parties .

NASPO ValuePoint
PURCHASING ENTITY AGREEMENT
WIRELESS, DATA, VOICE AND ACCESSORIES
Led by the state of Utah

Master Agreement #: MA152
Contractor: **CELLCO PARTNERSHIP, D/B/A VERIZON WIRELESS**
Purchasing Entity: City of Mobile

1. **Scope**: Verizon Wireless ("Contractor") and the State of Utah, for itself and on behalf of NASPO ValuePoint ("NASPO ValuePoint" and/or "Customer"), have entered into a Master Agreement #MA152 with an effective date of August 12, 2019 (together with any amendments and addenda the "Master Agreement"). The State of **Alabama** ("Participating State") has entered into a Participating Addendum ("PA") with Contractor pursuant to the Master Agreement, allowing certain state agencies, political subdivisions, and other eligible entities to make purchases under the PA. This Purchasing Entity Agreement applies to the purchase and use of Products (e.g. wireless service, software and other services) by the Purchasing Entity under the PA. Contractor reserves the right to terminate this Agreement if at any time it is determined that Purchasing Entity is not eligible to purchase under the PA. All capitalized terms not defined in this Purchasing Entity Agreement will have the same meaning provided in the Master Agreement, as modified by the PA.
2. **Participation**: By executing this Purchasing Entity Agreement, the Purchasing Entity certifies that it has all approvals required by law, regulation or otherwise to complete purchases under the PA, and further represents and agrees as follows:
   2.1. It is eligible to complete purchases under the PA, will provide documentation substantiating its eligibility as may be requested by Contractor from time to time, and will immediately notify Contractor of any change in its eligibility to purchase under the PA;
   2.2. All purchases are governed by the terms of the Master Agreement and PA, and Purchasing Entity specifically agrees to these terms. To the extent the Purchasing Entity purchases any Verizon's Smart Communities products, services and solutions, those purchases are governed by the supplemental terms set forth at: https://enterprise.verizon.com/solutions/public-sector/state-local/contracts/naspo/;
   2.3. It consents to the release of its account information to NASPO ValuePoint and the Participating State for the purpose of Contractor meeting its contractual reporting requirements, as further described in the Master Agreement and the PA;
   2.4. It will ensure that this Purchasing Entity Agreement will only be used in support of government, not for profit and private education business; and
   2.5. The contact person listed below ("Authorized Contact") is authorized to act on behalf of, and otherwise bind Purchasing Entity, on account matters, including purchase equipment, add and cancel lines of service.
3. The undersigned represents and warrants that he or she is fully authorized to execute this Purchasing Entity Agreement on behalf of the Purchasing Entity, and that the delivery and execution of this Purchasing Entity Agreement has been approved by all required organizational action.

Re: Verizon Wireless

I am requesting that the City's current Verizon Wireless account # 642401355-00001 be transferred from the GSA contract to the State of Alabama contract (NASPO purchasing cooperative contract of which the State of Alabama is a participant pursuant to Master Agreement #MA152). The agreement between Verizon Wireless and the City is in the amount not to exceed $300,000.00 per year, for three years, for wireless telephone services and equipment.

The City will utilize the **"Custom 4G Unlimited Smartphone Plan with Mobile Broadband Priority and Preemption for National Security, Public Safety, and First Responders Government Liable Subscribers Only"** plan with the same pricing as the current GSA plan. Also, the State contract allows the City to be eligible for the international travel plan, whereas the current GSA does not.

Master Agreement #: MA152

Contractor: **CELLCO PARTNERSHIP, D/B/A VERIZON WIRELESS**

Participating Entity: State of Alabama

1. Scope: Verizon Wireless ("Contractor") and the State of Utah, for itself and on behalf of the NASPO ValuePoint ("NASPO ValuePoint"and/or "Customer"), have entered into a Master Agreement #MA152 with an effective date of August 12, 2019, which together with any and all amendments and/or addenda thereto constitute the "Master Agreement". This Participating Addendum applies to the purchase and use of Products (e.g. wireless service, software and other services) by state agencies and other eligible entities authorized by a state's statutes to purchase under state/entity contracts. All capitalized terms not defined in this Participating Addendum will have the same meaning provided in the Master Agreement.

2. Participation: Use of specific NASPO ValuePoint cooperative contracts by agencies, political subdivisions and other entities (including cooperatives and non-profits) authorized by an individual state's statutes to use state/entity contracts may be subject to the acknowledgement of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the State Chief Procurement Official. Pursuant to NASPO ValuePoint rules and policies, entities in those states without a State Participating Addendum to the Master Agreement are eligible to participate in the Master Agreement to the extent not prohibited by their state and local procurement laws and regulations. It will be the responsibility of the Purchasing Entity to comply with any legal or regulatory provisions applicable to the Purchasing Entity. By signing and entering into this Participating Addendum, the Participating Entity certifies that they have obtained all of the acknowledgements and approvals required by state or local law or regulation. Purchasing Entity will immediately notify Contractor of any change in its eligibility to purchase under this Participating Addendum. Contractor reserves the right to terminate this Participating Addendum if at any time it is determined that Purchasing Entity is not eligible to purchase under this Participating Addendum.

3. Purchase Order Instructions: All Purchase Orders and any other ordering documents under this Participating Addendum will be governed by the terms and conditions of this Participating Addendum and the Master Agreement including, without limitation, the obligation to pay Contractor for Products provided. Contractor and the Participating Entity (together the "Parties") acknowledge and agree that orders submitted to Contractor from a Purchasing Entity through the Purchasing Entity's Business Procurement Card are authorized Purchase Orders under the Master Agreement.

All Purchase Orders issued by Purchasing Entities under this Participating Addendum shall include a reference to this Participating Addendum and the Master Agreement, number MA152.

4. Individual Customer: Except to the extent modified by this Participating Addendum and Attachment A, Alabama Special Terms and Conditions, the Participating Entity and each Purchasing Entity will be responsible for compliance with the terms and conditions of the Master Agreement, and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including the same rights to any indemnity or to recover any costs. Each Purchasing Entity will be responsible for its own taxes, charges, fees, and liabilities. The Contractor will apply the charges to each Purchasing Entity individually.

All Participating Entities and Purchasing Entities agree to the terms and conditions of the Master Agreement (except to the extent modified by this Participating Addendum) including the disclosure of limited account information as part of the contractual reporting requirements to NASPO ValuePoint and/or the Participating Entity for purposes of monitoring the Master Agreement and this Participating Addendum, and calculating the administrative fees.

*****Attachment A – Alabama Special Terms and Conditions*****

Mandatory Source:
All State agencies must use this contract, as established through the Division of Purchasing. State agencies that have their own procurement authority have the option to utilize this contract. This contract may also be available to local governments.

Choice of Law, Venue:
This Participating Addendum and all agreements relating to purchases or leases resulting therefrom will be governed by the laws of the State of Alabama and the sole venue for litigation will be the Circuit Court of Montgomery County, Alabama. No other court shall have jurisdiction.

Immigration:
By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

Open Trade/No Boycott:
For the term of this contract, Contractor represents that it is not currently engaged in, and agrees not to engage in, the boycott of a person or an entity based in or doing business with a jurisdiction with which this State can enjoy open trade.

Dispute Resolution:
In the event of any dispute between the parties arising from this Participating Addendum and any agreement relating to purchases or leases resulting therefrom, senior officials of both parties shall meet and engage in a good faith attempt to resolve the dispute. Should that effort fail and the dispute involves the payment of money, contractor's sole remedy is the filing of a claim with the Board of Adjustment of the State of Alabama. For any and all other disputes arising under the terms of this contract which are not resolved by negotiation, the parties agree to utilize appropriate forms of non-binding alternative dispute resolution including, but not limited to, mediation. Such dispute resolution shall occur in Montgomery, Alabama, utilizing where appropriate, mediators selected from the roster of mediators maintained by the Center For Dispute Resolution of the Alabama State Bar Association.

Conflict of Law:
If any provision of this Participating Addendum shall contravene any statute or Constitutional provision or amendment, either now in effect or which may, during the course of this agreement, be enacted, then that conflicting provision in the Participating Addendum shall be deemed null and void.

No Indemnification:
Contractor acknowledges and agrees that, under the terms of this Participating Addendum and agreements relating to purchases or leases resulting therefrom, the State is prohibited from indemnifying the Contractor. The State does not agree to and will not indemnify the Contractor for any reason.

Assignment:
Contractor acknowledges and agrees that Alabama Code Section 41-16-29 prohibits assignment of contracts without the written consent of the State and the requisitioning agency.

Not to Constitute a Debt to the State:
The terms and commitments contained in this master agreement shall not constitute a debt to the State of Alabama, in the incurring of which is prohibited by Section 213 of the Office Recompilation of the Constitution of Alabama, 1901, as amended by Amendment No. 26.

Vendor Subscription:
Contract vendors must maintain a Vendor Self Service (VSS) profile and be actively subscribed and remain active with State Purchasing for the life of the contract. Subscriptions may be completed by following the "Pay Subscription Fee" link at https://procurement.staars.alabama.gov or follow the Vendor Self Service link at www.purchasing.alabama.gov.

Disclosure Statement:
Section 41-16-82, Code of Alabama 1975 requires the disclosure statement to be completed and filed with all proposals, bids, contracts, or grant proposals to the State of Alabama in excess of $5,000. In circumstances where a contract is awarded by competitive bid, the disclosure statement shall be required only from the person receiving the contract and shall be submitted within ten (10) days of the award.

Administrative fee:
Awarded bidder(s) are to pay the State an administrative fee for the sale of Product on CRU accounts (as defined in Master Agreement #MA152) under this contract, less applicable sales tax, returns, credits, and adjustments. This fee will be one percent (1.0% or0.01) of the total dollar amount as described above. In return, the standard discount provided under the Master Agreement will be reduced by one percent (1% or 0.01) The fee is to be remitted no later than thirty (30) calendar days after the end of each quarter and will represent a single, one-time payment for all sales, as described above, paid during the prior quarter and as adjusted for errors associated with earlier quarters. This fee is not to be listed as a separate cost on invoices. The awarded bidder(s) will be required to provide a summary report each quarter by the 30th listing sales paid during the prior calendar quarter. This report is to include the quarter being reported, the master agreement number, purchasing entity, sales amount, and fee amount. A report is due even when there is no activity. This report is to be sent electronically to telecom.admin@oit.alabama.gov. A copy of the summary report is to also accompany the payment. The remittance is to be identified with the reporting quarter and master agreement number. Failure to comply with provisions of this paragraph will be grounds for termination of the contract(s).

Administrative fee payments under any expired predecessor Participating Addendum will be discontinued effective December 31, 2020.

Reports and Payments will be due according to the following schedule:

October, November, December – Due by January 30th
January, February, March – Due by April 30th
April, May, June – Due by July 30th
July, August, September – Due by October 30th

Remittance is to be payable to the "State of Alabama Department of Finance" and be sent to:

Alabama Department of Finance
Division of Accounting and Administration

Electronic Payments:
Vendors must accept multiple forms of electronic payment at no additional cost to the State. Payment forms include but are not limited to state issued credit cards, P-cards, EFT or other forms of electronic payment.

Late Payments:
Penalty for agencies paying invoices late may not exceed the rate charged by State of Alabama Comptroller's Office per the Code of Alabama, Section 41-16-3 and as established by the Secretary of the Treasury under the authority of 26 U.S.C. §6621.

Non-appropriation of funds:
Continuation of any agreement between the State and a bidder beyond a fiscal year is contingent upon continued legislative appropriation of funds for the purpose of this bid and any resulting agreement. Non-availability of funds at any time shall cause any agreement to become void and unenforceable and no liquidated damages shall accrue to the State as a result. The State will not incur liability beyond the payment of accrued agreement payment. The State shall notify the Contractor at the earliest possible time of the services which will or may be affected by a shortage of funds. If a written notice is delivered under this section, the State will reimburse Contractor for the procurement item(s) properly ordered and/or properly performed until the effective date of said notice (whether or not they have been fully paid for as of the date of notice).

Proration:
Any provision of a contract resulting from this bid to the contrary notwithstanding, in the event of failure of the State to make payment hereunder as a result of partial unavailability, at the time such payment is due, of such sufficient revenues of the State as to make such payment (proration of appropriated funds for the State having been declared by the governor pursuant to Section 41-4-90 of the Code of Alabama 1975), the contractor shall have the option, in addition to the other remedies of the contract, of renegotiating the contract (extending or changing payment terms or amounts) or terminating the contract.

State Purchasing Vendor Expo:
Contract holders are required to attend the Vendor Expo in the initial year of this agreement (2021). Participation is optional for the remainder of the contract term.

Ordering process:
Purchases for state agencies will be made by delivery orders (DO) showing specific shipping information. Cities, counties, school systems and other political subdivisions will be responsible for issuing their own purchase orders directly to the vendor. Agencies must submit a new DO every time new equipment or accessories are needed. Modification of DOs will not be accepted for new equipment or accessories. Modification of DOs will be allowed for service only.
A signed DO, which includes the State of Alabama MA number (TBD) is the only document that will be submitted to the vendor for service and/or equipment orders. Contractor will not require entities purchasing under this contract to sign any additional documents in order to receive service and/or equipment available under this addendum.

Restricted Items:

Netbooks, Tablets, iPads, and related equipment cannot be purchased from this contract; however, agencies must utilize this contract to get service for these devices. Contract users cannot purchase push-to-talk (PTT) devices and services from this contract per the Code of Alabama (41-16-27- as amended 2014-343).

Quotes:
Quotes must have list and discount price. Quotes must be dated. If quotes do not have an expiration date it will be assumed that the quote expires 30 days after the date of the quote.

Taxes:
The State of Alabama does not pay Federal, State or Local Excise Tax, E-911 tax, state or local sales tax. The State is required to pay the Alabama Mobile Telecommunications Services tax, which is currently 6%.

Requested information:
Any additional information requested from a vendor must be furnished within five (5) days from receipt of request.

Master Terms for VSC Products

These Master Terms for VSC Products ("**VSC Master Terms**") amend the NASPO ValuePoint Master Agreement Terms and Conditions ("**NASPO Agreement**"). Without limiting the foregoing, the pricing, payment, liability and indemnification terms set forth in the NASPO Agreement shall apply to VSC Products (as defined below). All capitalized terms not defined herein shall have the meaning provided in the NASPO Agreement.

1. **SCOPE**. These VSC Master Terms apply to the following Products available under Category 3: Turnkey Wireless and IoT Solutions offered as a Product (collectively referred herein as "**VSC Products**"):

- Category 3J: Intelligent Lighting
- Category 3G: Parking Optimization
- Category 3G: Traffic Data Services (TDS)
- Category 3J: Real Time Response System (RTRS)
- Category 3J: Intelligent Video (IV)

In addition to these VSC Master Terms, the VSC Products are subject to additional terms tailored to address specific details about each VSC Product (collectively, the "**VSC Product Supplements**"). The VSC Product Supplements are set forth in Section 14 below.

The NASPO Agreement, these VSC Master Terms, the relevant VSC Product Supplement, and the relevant Statement of Work ("**SOW**"), including the exhibits and schedules attached hereto and referenced herein or therein (collectively, the "**Agreement**"), constitutes the entire understanding with respect to the VSC Products, and supersedes all other agreements, understandings, and arrangements, whether written or oral, between the parties concerning the subject matter of this Agreement. This Agreement may only be modified by a written amendment executed by the parties hereto.

In the event of a conflict between the terms applicable to each VSC Product, the terms shall be given precedence in the following order of priority:

1) NASPO Master Agreement (Highest Priority);
2) VSC Product Terms;
3) VSC Product Supplement; and
4) the applicable Statement of Work (Lowest Priority).

2. **DEFINITIONS.**

- **Software:** software includes computer programs, including software and firmware embedded in Equipment, as provided to Purchasing Entity by Contractor, and any upgrades, updates, bug fixes or modified versions thereto or backup copies of any of the foregoing.
- **Solution Service:** service that grants Purchasing Entity with access to view data made available to Purchasing Entity for the Subscription Period through a web-based portal ("**Portal**") associated with the VSC Product pursuant to these VSC Master Terms and the relevant VSC Product Supplement. The Portal might utilize (a) Verizon's **NetSense® Platform** (a cloud-based management platform that serves as a central management system (CMS) for integrating and controlling networked lighting, and a management platform for other Verizon smart community solutions); or (b) a third-party cloud platform.
- **Equipment:** hardware and associated accessories described in the VSC Product Supplement and applicable SOW for each VSC Product.
- **Professional Services:** technical or other functions performed by Contractor related to the VSC Products to the extent set forth in an applicable SOW, such as installation, implementation, consulting, technology- or project-related services.
- **Subscription Period:** the period (e.g., Monthly Subscription, Annual Subscription) during which Participating Entity is entitled to access and use the Solution Service, which period shall be reflected in the applicable Order and shall commence on the date Contractor activates the subscription.

3. **VSC PRODUCTS OVERVIEW.** If required for the VSC Product to work as described in the VSC Product Supplement, and unless otherwise agreed in writing by Contractor and the Purchasing Entity, then a VSC Product may include the following:

(A) **Solution Service**
(B) **Software**
(C) **Equipment**
(D) **Support Service and Maintenance** - included with all VSC Products as further described in Section 8
(E) **Professional Services** - to the extent set forth in the relevant SOW.

4. **USE OF VSC PRODUCTS**.

4.1. Right to Access and Use the Solution Service. Subject to the applicable terms and conditions of the Agreement, Contractor grants Purchasing Entity a limited, revocable, non-assignable, world-wide, non-exclusive license to access and use the Solution Service during the

Subscription Period solely for Purchasing Entity's internal business use purpose and as further detailed in the relevant SOW. Purchasing Entity shall permit access to the Portal only by individuals who are authorized by Purchasing Entity to use the Solution Service and who have been supplied the user credentials by Purchasing Entity (collectively, "Users"). Users may include employees, consultants, contractors and agents of Purchasing Entity. Purchasing Entity shall be liable for the acts and omissions of its Users and any unauthorized users accessing the Solution Service by or through Purchasing Entity and its information system(s) as if such acts or omissions were taken (or omitted to be taken) by Purchasing Entity directly. Contractor can, without notice, limit, suspend, or cancel Purchasing Entity's access to or use of the Solution Service if Purchasing Entity breaches these VSC Product Terms or for good cause, which shall include, but shall not be limited to, any governmental body of competent jurisdiction instituting a law that conflicts with the Agreement and/or causes Contractor to incur additional material expense or undertake additional material burden or obligation in connection with the Solution Service.

4.2. Software Use. Subject to the applicable terms and conditions of the Agreement, Contractor grants Purchasing Entity a license to use the Software in accordance with the terms in the URL set forth below and any supplemental license terms set forth in the applicable VSC Product Supplement.

Software License URL: https://enterprise.verizon.com/content/dam/r3s0u4c3s/public-sector/state-local/contracts/naspo/vsc-software-license-terms.pdf

4.3. Purchasing Entity Responsibilities for VSC Product.

(i) Purchasing Entity represents and warrants that: (a) it has and will continue to have full rights, power, and authority to consent to having the VSC Products provided in the manner as contemplated in these VSC Master Product Terms and applicable VSC Product Supplement and SOW, including, without limitation, having obtained in writing all consents, approvals and licenses necessary from any third party to allow Verizon to provide such VSC Products.

(ii) Purchasing Entity represents that all access to and use of the VSC Products by Purchasing Entity and its Users, or otherwise through Purchasing Entity's facilities, equipment, identifiers or passwords will be solely for its internal business purposes as contemplated by these VSC Master Product Terms and applicable VSC Product Supplement and SOW.

(iii) Purchasing Entity is responsible for securing an internet connection at its own cost and must use a supported browser to access the Portal.

(iv) Purchasing Entity further represents that the performance of its obligations and its Users' access to and use of the VSC Products or other exercise of its rights under this Agreement will not violate any applicable local, state or national laws, rules or regulations (collectively, "Laws"), the rights of any third party, or Contractor's VSC Products Acceptable Use Policy located at the following URL ("AUP").

AUP URL: https://enterprise.verizon.com/content/dam/r3s0u4c3s/public-sector/state-local/contracts/naspo/vsc-acceptable-use-policy.pdf

(v) Without limiting the foregoing, Purchasing Entity represents that it will not, and will not permit any third party to resell, sublicense, rent, lease, time-share, copy, modify, create derivative works of, translate, reverse engineer, decompile, translate, or disassemble the VSC Products or licensed components thereof or to otherwise attempt to extract any or all of the source code of the VSC Products or licensed components thereof (except to the extent such restriction is expressly prohibited by applicable law or open source terms), access a VSC Product in order to build a competitive product or service or to copy any ideas, features or functions of VSC Products or otherwise engage in or permit any use, reproduction, distribution, disposition, possession, disclosure or other activity involving VSC Products or Contractor's Confidential Information (as defined below) that is not authorized by Contractor.

(vi) Upon termination or expiration of the applicable Order for any reason: (a) Customer shall immediately cease using the Solution Service and any other information and materials provided by Contractor in connection therewith, and (b) any and all licenses and access rights granted to Purchasing Entity hereunder shall terminate.

5. **PROFESSIONAL SERVICES**. Contractor may provide to the Purchasing Entity certain technical and consultative Professional Services in connection with the VSC Products. Professional Services may include, but are not limited to, site design, installation, configuration, Equipment testing, training, turn-over and project management. The provision of Professional Services requires the execution of a SOW by both parties. Contractor controls the means, methods, places, and time of its performance of the Professional Services (including the use of subcontractors and consultants).

6. **VSC PRODUCT DEPLOYMENT AND ACCEPTANCE**. Contractor will install and deploy the VSC Product set forth in the applicable VSC Product SOW. Acceptance terms shall be set forth in the applicable VSC Product SOW. Title and risk of loss or damage to Equipment will pass to Purchasing Entity upon Purchasing Entity's Acceptance of the Equipment for Equipment installed by Contractor. If Purchasing Entity chooses not to have the Contractor install the Equipment, then title and risk of loss or damage to Equipment shall pass to Purchasing Entity upon Purchasing Entity's receipt of the Equipment.

7. **EQUIPMENT WARRANTY**. The warranty terms for the Contractor-manufactured Equipment are set forth at the URL set forth below and the length of the warranty period for each VSC Product is set forth in VSC Product Supplement. For any Equipment for which Contractor is not the manufacturer, Contractor will transfer or pass through to Purchasing Entity the benefit of any and all manufacturer warranties which can be transferred or passed through on the same terms as offered by such manufacturers.

Equipment Warranty URL: https://enterprise.verizon.com/content/dam/r3s0u4c3s/public-sector/state-local/contracts/naspo/vsc-equipment-warranty.pdf

8. **SUPPORT AND UPDATES.**

8.1. VSC Product Support. Contractor will provide support for the VSC Product as described in the URL set forth below. Purchasing Entity acknowledges and agrees that under the applicable VSC Product Supplement, Contractor will remotely access Equipment to (a) verify Purchasing Entity credentials; (b) issue reports and alerts (such as automated support requests and alert messages); (c) provide maintenance, Product Updates (as defined below) and other technical support; (d) apply policy and configuration changes; and (e) extract usage information, service performance information, and infection logs. Purchasing Entity agrees that the VSC Products may be manufactured and supported by, and its information accessed and/or stored by, resources located within and outside the United States and consents to such access and storage of its information.

Service Support & Maintenance URL: https://enterprise.verizon.com/content/dam/r3s0u4c3s/public-sector/state-local/contracts/naspo/vsc-service-support-maintenance.pdf

8.2. Product Updates. Contractor may, but is not required to, make new applications, tools, data, features or functionality available from time to time through the VSC Product and add new services and features to the "VSC Product" definition from time to time (collectively, "**Product Updates**"). If any Product Update is contingent upon Purchasing Entity's agreement to additional terms or is a material change to the VSC Product, Contractor will inform Purchasing Entity by either sending an email to the Notice address or alerting Purchasing Entity through the administrator console.

8.3. Material Changes to Products. Contractor will use commercially reasonable efforts to continue providing the VSC Product without any material adverse change to the Purchasing Entity, unless Contractor determines in its reasonable good faith judgment that (a) it cannot do so by law or by contract (including if there is a change in applicable law or contract) or (b) doing so could create a (i) security risk or (ii) substantial economic or technical burden. Notwithstanding the foregoing, Contractor reserves the right to discontinue VSC Products from time to time as part of its product lifecycle management practices.

9. **DATA PRIVACY**. By using the VSC Product, Purchasing Entity consents to Contractor's collection and use of information in accordance with the terms of Contractor's Privacy Policy, located at https://www.Verizon.com/about/privacy/. Purchasing Entity represents and warrants that it has the rights and the authority with respect to information provided by Purchasing Entity or transmitted through Purchasing Entity's use of the VSC Products to grant Contractor the rights necessary to deliver the VSC Products, comply with Laws, and to engage in any other activity set forth in this VSC Product Supplement. Purchasing Entity grants to Contractor and its affiliates (with rights to sublicense to their suppliers) the non-exclusive, fully paid-up, sublicensable, transferable license, and right to collect, access, copy, store and use such data to provide the VSC Products, to analyze, measure and optimize the performance of the VSC Products, to develop new offerings, and for other business purposes of Contractor and its affiliates, including the development of data products for sale, licensing and distribution to third parties. Purchasing Entity agrees that Contractor may access the Equipment and Portal so that Contractor may comply with a valid legal process, or as otherwise required or authorized by applicable Laws (whether video, metadata, or other information is at issue). To the extent practicable and permitted by applicable Laws or the legal process, Contractor will give notice to Purchasing Entity. Except as may be required under applicable Laws or court order or reasonably required to provide the VSC Products, Contractor will not disclose or distribute data provided by Purchasing Entity to a third party in a form that permits individual identification of Purchasing Entity without Purchasing Entity's prior consent. Purchasing Entity will use commercially reasonable efforts to comply with the privacy and security terms contained in the URL set forth below, and shall notify the Contractor promptly of any unauthorized access to, or use of the VSC Product.

Data Privacy & Security URL: https://enterprise.verizon.com/content/dam/r3s0u4c3s/public-sector/state-local/contracts/naspo/vsc-data-privacy-security-standards.pdf

10. **INTELLECTUAL PROPERTY.** Contractor and its suppliers own all intellectual property rights in the VSC Products, product documentation and other materials relating thereto, including any modifications, updates, revisions or enhancements of any of the foregoing. Except as expressly granted herein, Purchasing Entity receives no ownership, license, or other interest in or to any VSC Products or intellectual property created, delivered, or otherwise made available by Contractor, whether in connection with its provision of the VSC Products, performance of its obligations under any VSC Product Supplement or otherwise and all rights not explicitly given are reserved by Contractor and its suppliers. Purchasing Entity grants Contractor, a royalty-free, world-wide, transferable, sublicensable, irrevocable, perpetual license to use or incorporate into the VSC Product and/or other products any suggestions, enhancement requests, recommendations or other feedback provided by Purchasing Entity or its Users relating to the operation and use of the VSC Products (or components thereof).

11. **CONFIDENTIALITY**.

11.1. The confidentiality obligations set forth herein will apply to information exchanged pursuant to this VSC Master Terms and any applicable VSC Product Supplement. Contractor's confidentiality obligations are set forth in the NASPO Agreement and Purchasing Entity agrees that Contractor may disclose Purchasing Entity's Confidential Information (as defined in the NASPO Agreement) to: (a) Contractor's affiliates; (b) Contractor or Contractor affiliates' suppliers and/or subcontractors that offer (including new offers or renewal offers), provide, repair, maintain, bill, collect, or perform other functions in connection with Contractor or Contractor affiliates' products or services under or in connection with a VSC Product Supplement; (c) successors in interest to Contractor or Contractor affiliates (by merger or otherwise); or (d) persons to whom Contractor or Contractor affiliates may sell all or part of their respective businesses or assets.

11.2. Participating Entity and Purchasing Entity shall treat as confidential and protect from disclosure using the same degree of care it uses for its own confidential information (but no less than a reasonable degree of care), and shall not disclose to any third party except as provided herein, any information received from or disclosed by Contractor in whatever form and designated as confidential by Contractor by conspicuous markings (if tangible Confidential Information) or by announcement at the time of initial disclosure (if oral Confidential Information) or if not so marked or announced should reasonably have been understood as confidential to Contractor (or one of its affiliates or their suppliers), either because of legends or other markings, the circumstances of disclosure or the nature of the information itself and that relates to Contractor's technology, business affairs, marketing, sales plans, customers, products, services, developments, trade secrets, know-how or personnel (collectively, "Contractor's Confidential Information"). Participating Entity and Purchasing Entity shall use Contractor's Confidential Information only for the purpose of the NASPO Agreement. Participating Entity and Purchasing Entity may disclose Contractor's Confidential Information to subcontractors and consultants solely for the purpose of assisting Purchasing Entity with the use of VSC Products as permitted in the Agreement by Purchasing Entity. The foregoing restrictions on use and disclosure of Contractor's Confidential Information do not apply to information that: (i) is or becomes publicly known, through no wrongful act or omission of the Purchasing Entity; (ii) is received without restriction from a third party free to disclose it without obligation to Contractor; (iii) is developed independently without reference to, or use of, the Contractor's Confidential Information; or (iv) is required to be disclosed by law, regulation, or court or governmental order.

11.3. As Participating Entity and/or Purchasing Entity is a public entity, Contractor acknowledges and agrees that Participating Entity and/or Purchasing Entity has a responsibility and, in many cases, legal obligation to conduct its business in a manner open and available to the public, including being subject to the Public Records Act ("PRA"). Accordingly, any information provided by Contractor to Participating Entity and/or Purchasing Entity may be required to be disclosed to the public as a result of a public request or court order. If any third party requests that Participating Entity and/or Purchasing Entity disclose the contents of Contractor's Confidential Information pursuant to a PRA or otherwise, Participating Entity and/or Purchasing Entity (as the case may be) agrees to (i) notify Contractor in writing within a reasonable time period after it receives such request; (ii) assert all appropriate defenses or exemptions to disclosure under the PRA; and (iii) not to disclose Confidential Information that qualifies for an applicable exemption under the PRA, unless ordered to do so by a reviewing court of competent jurisdiction.

11.4. Participating Entities and/or Purchasing Entities (as the case may be) acknowledges that breach of this section, including disclosure of any Contractor's Confidential Information, will cause irreparable injury to Contractor that is inadequately compensable in damages. Accordingly, Contractor may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Each Participating Entity and Purchasing Entity acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Contractor and are reasonable in scope and content.

12. **LIMITATION OF LIABILITY.** WITHOUT LIMITING ANYTHING ELSE IN THE AGREEMENT, THE TOTAL LIABILITY OF CONTRACTOR IN CONNECTION WITH THESE VSC MASTER TERMS AND THE VSC PRODUCTS IS LIMITED TO THE LESSER OF: (A) DIRECT DAMAGES PROVEN BY THE PURCHASING ENTITY THAT INCURS DAMAGE; OR (B) THE AGGREGATE AMOUNT DUE FROM THE AFFECTED PURCHASING ENTITY TO CONTRACTOR UNDER THE RELEVANT ORDER FOR THE SIX MONTHS PRIOR TO ACCRUAL OF THE LATEST CAUSE OF ACTION FOR WHICH THE LIMITATION OF LIABILITY UNDER THIS CLAUSE IS BEING CALCULATED, IN EACH CASE TO THE MAXIMUM EXTENT PERMITTED BY LAW. THE LIMITATION OF LIABILITY DOES NOT LIMIT (A) ANY PARTY'S LIABILITY: (I) IN TORT FOR DAMAGES PROXIMATELY CAUSED BY ITS WILLFUL OR INTENTIONAL MISCONDUCT, OR BY ITS GROSS NEGLIGENCE, OR (II) WHERE MANDATORY LOCAL LAW DOES NOT ALLOW THE LIMITATION, (B) PURCHASING ENTITY'S PAYMENT OBLIGATIONS UNDER ANY STATEMENT OF WORK OR THE AGREEMENT OR (C) ANY PARTY'S INDEMNIFICATION OBLIGATIONS UNDER THE AGREEMENT.

13. **WARRANTY DISCLAIMER**. EXCEPT AS EXPRESSLY PROVIDED HEREIN, CONTRACTOR DISCLAIMS ALL REPRESENTATIONS OR WARRANTIES TO THE FULLEST EXTENT PERMITTED BY LAW, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR THAT THE VSC PRODUCT SHALL BE ERROR-FREE OR COMPLETELY SECURE. CONTRACTOR DISCLAIMS ANY AND ALL LIABILITY RELATED TO ANY OUTAGE, DOWNTIME, INTERRUPTION, BREAKDOWN OR UNAVAILABILITY (FOR MAINTENANCE, UPGRADES, UPDATES OR

OTHERWISE) OF ITS PLATFORM, PORTAL, SYSTEMS AND/OR SERVICES. NEITHER PARTY SHALL BE LIABLE FOR LOST DATA, LOST PROFITS, LOST REVENUES, BUSINESS INTERRUPTION, OR ANY OTHER INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES. CONTRACTOR WILL BEAR NO LIABILITY FOR USE OF THE VSC PRODUCT PROVIDED PURSUANT TO THESE VSC MASTER TERMS IN CONNECTION WITH LIFE SUPPORT SYSTEMS OR DEVICES OR PUBLIC SAFETY SYSTEMS. EXCEPT AS EXPRESSLY STATED OTHERWISE HEREIN, CONTRACTOR WILL HAVE NO LIABILITY OR RESPONSIBILITY FOR INTEROPERABILITY OR COMPATIBILITY OF THE SOLUTION WITH THIRD-PARTY PRODUCTS OR SYSTEMS THAT PURCHASING ENTITY MAY UTILIZE IN CONJUNCTION WITH THE VSC PRODUCT OR TO WHICH PURCHASING ENTITY MAY CONNECT TO THE VSC PRODUCT. THE VSC PRODUCT MAY BE SUBJECT TO LIMITATIONS, DELAYS, AND OTHER PROBLEMS INHERENT IN THE USE OF THE INTERNET OR ELECTRONIC COMMUNICATIONS. CONTRACTOR IS NOT RESPONSIBLE FOR DELAYS, DELIVERY FAILURES, OR OTHER DAMAGE, LOSS OR LIABILITY RESULTING FROM SUCH PROBLEMS NOT CAUSED BY CONTRACTOR.

14. **OFFSHORE SUPPORT**. PURCHASING ENTITY AGREES THAT THE VSC PRODUCTS MAY BE PROVIDED BY, AND ITS INFORMATION ACCESSED AND/OR STORED BY, RESOURCES LOCATED WITHIN AND OUTSIDE THE UNITED STATES AND CONSENTS TO SUCH ACCESS AND STORAGE OF ITS INFORMATION.

15. **VSC PRODUCT SUPPLEMENTS**. The VSC Product Supplement applicable to Purchasing Entity's use of each VSC Product is located at following locations:

ITEM I
INVITATION TO BID

Notice to Contractors:

Sealed proposals will be received by the City Clerk of the City of Mobile, Alabama, 205 Government Street, 9th Floor, South Tower, until 2:30 p.m. local time, August 20, 2025 and then publicly opened and read in the Atrium, 1st Floor, for constructing:

Project No:	2024-3005-19
Project:	Miscellaneous Drainage Repairs (D1-7) Part 1(A) Multiple Bridge Culvert Sites and Part 2 Toulmins Spring Branch East of Wilson Ave
Project Description:	Various drainage repairs at multiple bridge culvert sites

Plans and contract documents may be inspected and obtained from ***Michael Baker International, 11 N. Water Street, Suite 14290, Mobile, AL 36602*** upon payment of one hundred dollars ($100.00). This deposit shall be refunded in full to each prime Contractor Bidder upon return of the documents in reusable condition within ten (10) days after Bid Opening. The cost of and return of additional sets of specifications shall be in accordance with Act 97-225, Public Works Contracts.

No Bid Packages will be issued to Contractors later than twenty-four (24) hours after the Pre-Bid Conference. No questions, whether orally or written, will be addressed after 12:00 p.m. on August 15, 2025.

A Mandatory Pre-Bid Conference will be held at the City Engineering Department, 3rd Floor, South Tower, Room 357, Mobile Government Plaza, 205 Government Street, Mobile, Alabama, on August 13, 2025 at 10:00 A.M. Significant items related to the proposed construction will be explained. Representative must be a principal or current employee of the contracting company at the time of the Pre-Bid Conference. ***Any contractor not represented at the Pre-Bid Conference will be disqualified from bidding on the project.*** **A single individual cannot represent more than one contracting company.**

No bid will be received and considered unless made out on the blank form or Proposal attached, and unless all papers attached hereto are returned with the bid and the Proposal sheet attached.

This project is being bid EXCLUDING TAXES and requires the Contractor to comply with applicable provisions of Section 11-2A-14.1, Code of Alabama, 1975, as amended; applicable provisions of the Alabama Administrative Code; and applicable requirements of the Alabama Department of Revenue (ADOR).

Each bid shall be accompanied by a check or bid bond for the sum of five percent (5%) of the amount bid (maximum amount of bond $10,000), made payable to the CITY, and certified by a reputable banking institution. These monies shall serve as assurance that within ten (10) days of

notice of contract award contemplated in the Proposal, the successful bidder will enter into such contract and file a bond for the execution of same.

The performance bond required will be for the amount bid, and labor and material bond shall be one hundred percent (100%) of the amount of contract, and shall be made by a Surety Company acceptable to the City of Mobile and upon the forms of bonds appended hereto.

In default of the entering into of such contract and the execution of such bond, the certified check required to accompany such bid shall be forfeited to the City of Mobile, Alabama. These fees shall not be a penalty but damages for delays, or for the additional cost or expenses that the CITY may incur by reason of such default.

In addition, the Contractor must furnish to the City at the time of the signing of the Contract a certificate of insurance coverage as provided in the specification which will include comprehensive insurance, Contractor's Automobile Liability Insurance, Owner's Protective Liability Insurance, or a Comprehensive General and Public Liability policy naming the City of Mobile, its agents and employees as additionally insured, and where applicable, subcontractor's Public Liability and Property Damage Insurance. The right is reserved to reject any and/or all bids and to waive informalities and to furnish any item of material or work to change the amount of said Contract.

Liquidated damages for non-completion of the work within the time limit agreed upon will be assessed according to Section 108.11 of Alabama Department of Transportation Standard Specifications for Highway Construction 2018 Edition.

Bidders must be licensed Contractors in the State of Alabama pursuant to Sections 34-8-1 through 34-8-27 of the Code of Alabama of 1975 as amended, and shall indicate State License Number on outside of bid envelope. **Any contractor that desires to bid as a prime contractor must possess a Municipal & Utility (MU) Major Classification or a Highways & Streets (HS) Major Classification per Section 230-X-.27 of the State of Alabama Licensing Board for General Contractors Administrative Code.** The bidder must not be disqualified from bidding on ALDOT projects at the time of the Pre-Bid Conference.

The awarding of a contract will require the Contractor to pay the prevailing wage rates for this district that are applicable to the trades engaged in this project.

The City of Mobile reserves the right to reject any and all bids and waive informalities in the bidding.

Bids must be sealed and have the project name and number marked on the outside of the envelope. The envelope containing bids must be addressed as follows, and delivered to Ms. Lisa Lambert, City Clerk; City of Mobile, P. O. Box 1827, Mobile, Alabama 36633; "Bid for completion of **Miscellaneous Drainage Repairs (D1-7) Part 1(A) Multiple Bridge Culvert Sites and Part 2 Toulmins Spring Branch East of Wilson Ave,** City of Mobile Project No. **2024-3005-19**, in the City of Mobile, Alabama".

PLEASE PUBLISH IN THE ISSUES JULY 23, JULY 30, AND AUGUST 6, 2025

ITEM II
INSTRUCTIONS TO BIDDERS

1. PREPARATION OF BIDS:
Forms furnished, or copies thereof shall be used, and strict compliance with the requirements of the advertisement, these instructions, and the instructions printed on the forms is necessary. Special care shall be exercised in the preparation of Bids. Bidders must make their own estimates of the facilities and difficulties attending the performance of the proposed Contract, including local conditions, uncertainty of weather, and all other contingencies. All designations and prices shall be fully and clearly set forth. The proper spaces in the Bid and guaranty forms shall be suitably filled. A City of Mobile Subcontracting Plan must be submitted with the bid documents.

2. LABOR AND MATERIALS NOT TO BE FURNISHED BY CITY OF MOBILE, ALABAMA:
The City of Mobile, Alabama will not furnish any labor, materials or supplies unless specifically provided in the Contract.

3. SIGNATURE OF BIDDERS:
Each Bid must give the full business address of the Bidder and be signed by him with his usual signature. Bids by partnerships must furnish the full names of all partners and must be signed with the partnership name by one of the members of the partnership or by an authorized representative, followed by the signature and designation of the person signing. Bids by Corporations must be signed with the legal name of the corporation, followed by the name of State of Incorporation and by the signature of the president, secretary or other person authorized to bind it in the matter. The name of each person shall also be typed or printed below the signature. A Bid by a person who affixes to his signature the word "President", "Secretary", "Agent", or other designation without disclosing his principal may be held responsible for the Bid. When requested by the City of Mobile, Alabama satisfactory evidence of the authority of the office signing on behalf of the corporation shall be furnished.

4. SPECIFICATIONS AND SCHEDULES:
The specifications, conditions, schedules and drawings that form the basis of any Bid will be considered as a part thereof and will form a part of the Contract. Copies of these papers, together with a copy of the standard Contract form, including authorized additions, or deletions, if any, will be furnished to or made available for the inspections of Bidders by the office indicated in the advertisement of invitation. The current specifications to be used for this project will be the **Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 edition**, subject to any amendments set forth in the Special Provisions or the Supplemental Specifications.

5. CORRECTIONS:
Erasures or other changes in the Bids must be explained or noted over the signature of the Bidder.

6. OWNER:
Where the word "Owner" appears herein, the same refers to the City of Mobile, Alabama, and includes the Mayor acting through the City Council, its governing body.

7. GUARANTY AND INSURANCE:
Security is required to ensure the execution of the Contract and bond for performance of the services; no Bid will be considered unless it is so guaranteed. The Bidder must furnish with his Bid, a guaranty bond or certified check in the amount of five percent (5%) (maximum amount $10,000) of his Bid price payable to the City of Mobile, Alabama. Upon default of the Contract and the execution of such bond within ten (10) consecutive working days of written notice of award of the Contract, the Certified Check or Bid Bond required to accompany such Bid shall be forfeited to the City of Mobile, Alabama, not as a penalty but as liquidated damages for delays, or any additional cost or expenses which may be incurred by the CITY by reason of such default.

8. BONDS AND INSURANCE:
The bonds and insurance policies of any surety company or insurance company respectively, authorized to do business in the State of Alabama, will be accepted as security and insurance as required for any Bid or Contract. See the instructions hereinafter contained and the applicable standard forms with respect to the type, form, and the amounts of required bonds and insurance policies.

9. MARKING AND MAILING BIDS:
Bids, with their guaranty, must be securely sealed in suitable envelopes, addressed and marked on the outside "Bid for completion of **Miscellaneous Drainage Repairs (D1-7) Part 1(A) Multiple Bridge Culvert Sites and Part 2 Toulmins Spring Branch East of Wilson Ave**, City of Mobile Project No. **2024-3005-19**, in the City of Mobile, Alabama".

10. TIME FOR RECEIVING BIDS:
Bids received prior to the time of opening will be securely stored, unopened. The Owner will decide when the specified time has arrived; no Bid will be considered if received thereafter. When a Bid arrives by mail after time for opening, but before award is made, and it is shown to the Owner's satisfaction that the late arrival was due solely to mail delays, beyond the Bidder's responsibility, the Bid will be received and considered. Non-responsibility will be attached to the City of Mobile for the premature opening of a Bid not properly addressed and identified. Unless specifically authorized, telegraphic Bids will not be considered; however, modifications to previously submitted Bids will be considered if received prior to the hour set for opening.

11. WITHDRAWAL OF BIDS:
Bids may be withdrawn by written or telegraphic requests received from Bidders prior to the time fixed for opening. Negligence on the part of the Bidder in preparing the Bid confers no right for the withdrawal of Bid after it has been opened.

12. BIDDERS PRESENT:
At the time fixed for opening Bids, Bid contents will be made public for the information of Bidders and others properly interested, who may be present either in person or by representation.

13. AWARD OR REJECTION OF BIDS:

The Contract will be awarded to the lowest responsible Bidder, complying with the conditions of the Invitation for Bids, provided his Bid is reasonable and in the best interest of the Owner for acceptance. The Bidder to whom the award is made will be notified at the earliest possible date. The Owner, however, reserves the right to reject any and all Bids and to waive any informality in Bids received whenever such rejection or waiver is in the best interest of the Owner. The Owner also reserves the right to reject the Bidder who has previously failed to perform properly or complete projects on time; to complete Contracts of a similar nature; or a Bidder who is not, in the judgment of the Owner, in a position to perform the Contract.

14. PRE-QUALIFICATION OF BIDDERS:

The bidder must not be disqualified from bidding on ALDOT projects at the time of the Pre-Bid Conference. Any contractor that desires to bid as a prime contractor must possess a Municipal & Utility (MU) **Major Classification** or a Highways & Streets (HS) **Major Classification** per Section 230-X-.27 of the State of Alabama Licensing Board for General Contractors Administrative Code.

15. ISSUANCE OF PROPOSAL FORMS:

The Owner reserves the right to refuse to issue a proposal form to a prospective bidder, should such bidder be in default for any of the following reasons:

- **a.** Failure to comply with any pre-qualification regulations of the Owner, if such regulations are cited, or otherwise included, in the proposal as a requirement for bidding.
- **b.** Failure to pay, or satisfactorily settle, all bills due for labor and materials on former contracts in force (with the owner) at the time the owner issues the proposal to the prospective bidder.
- **c.** Contractor default under previous contracts with the owner.
- **d.** Unsatisfactory work of any nature, or failure to meet schedule on previous contracts with the Owner.
- **e.** Uncompleted work or work behind schedule, which, in the opinion of the owner, might hinder or prevent prompt completion of this work.
- **f.** Lack of competent workmen and equipment to perform at least 50% of the required work with contractor's own forces and equipment.

16. BIDDERS INTERESTED IN MORE THAN ONE BID:

If more than one Bid is offered by any one party, by, or in the name of his clerk, partner, a corporation in which he has a substantial interest, in which he is an officer, or other person, all such Bids may be rejected. A party who has quoted prices on materials to a Bidder is not disqualified from quoting prices to other Bidders or from submitting a Bid directly for the materials or work. The City of Mobile reserves the right to determine, in its discretion, whether any Bidder has violated the provisions of this clause.

17. ERRORS IN BID:

Bidders or their authorized agents are expected to examine the maps, drawings, specifications and all other documents pertaining to the work, which will be open to their inspection. Failure to do so will be at the Bidder's own risk; the Bidder cannot secure relief on the plea of error in the Bid. In case of error in the extenuation of prices, the unit price will govern.

Should any Bidder observe any ambiguity, discrepancy, omission, or error in the Drawings or any Contract Document, or be in doubt as to the intention and meaning thereof, he should at once report such to the Engineer and request clarification, in writing, with a copy of his request to the City.

Clarification will be made only by written Addenda sent to all prospective bidders. Neither the Engineer nor the City Engineer will be responsible, in any manner, for verbal instructions made prior to the award of the Contract.

Should conflict occur in or between Drawings and Specifications, a Bidder will be deemed to have estimated on the more expensive way of doing the work involved; unless, prior to submission of the proposal, the bidder requested and obtained the Engineer's written decision indicating the preferred method, materials, or equipment.

18. CONTRACT AND BOND:

The Bidder to whom award is made, must, when requested, enter into Contract on the standard form as set out herein, with satisfactory security in the amount required, within the period specified, within ten (10) working days after the required forms are presented to him for signature.

19. COLLUSION:

If there is any reason for believing that collusion exists among the Bidders, any or all Proposals may be rejected, and those participating in such collusion may be barred from submitting Bids on the same or other work with the City.

20. SUBLETTING OR ASSIGNING OF CONTRACT:

(a) Limitations: The Contractor shall not sublet, assign, transfer, convey, sell or otherwise dispose of any portion of the Contract, his right, title or interest therein, or his power to execute such Contract, to any person, firm, or corporation without written consent of the City; such consent shall not be construed to relieve the Contractor of any responsibility for the fulfillment of the Contract. Unless otherwise stipulated in the proposal or special provisions, the Contractor shall perform with his own organization, and with the assistance of workmen under his immediate supervision, and reported on his payroll, all Contract work of a value not less than fifty percent (50%) of the total Contract amount. Any items designated in the Contract as "Specialty Items", so performed by Subcontract may be deducted from the total Contract amount before computing the amount of work required to be performed by the Contractor with his own organization.

(b) Subcontractor's Status: A Subcontractor shall be recognized only in the capacity of an employee or agent of the Contractor. The Contractor will be responsible to the City for the entire Subcontractor's work, including failures or omissions. The City Engineer may require a Subcontractor's removal, as in the case of a Contractor's employee.

21. PROSECUTION OF WORK:

(a) Notice of Intent: The Contractor shall give the City Engineer definite notice of his intention to start work at least seventy-two (72) hours in advance of beginning particular features of construction, such as driving piles, placing concrete, etc. Should the Contractor, with the consent of the Engineer, discontinue prosecution of the work, the Contractor shall give the City Engineer at least forty-eight (48) hours notice in writing before resuming operations.

(b) **General:** The Contractor shall prosecute the work continuously and diligently in the order and manner set out in his schedule as approved by the City Engineer. The Contractor shall provide sufficient material, labor, and equipment to ensure that the work will be completed in a satisfactory manner within the time specified in the Contract.

Should the Contractor fail to maintain a satisfactory rate of progress, the City Engineer will direct additional forces and equipment to work on the project to ensure the project continues on schedule and maintain satisfactory progress.

Should the Contractor fail to furnish sufficient satisfactory equipment and labor for maintaining the quality and progress of the work, the City Engineer may withhold all pay requests and estimates that are or may become due, until satisfactory quality and progress are maintained or the Contract may be annulled.

ITEM III
PROPOSAL

TO: Honorable Mayor
City of Mobile
Mobile, Alabama

Date 8/20/2025

The undersigned, as Bidder, hereby declares that he has examined the site of the work and is fully aware of conditions pertaining to the place where the work is to be done. The Bidder also declares that he has carefully examined the Instructions to Bidders, the General Conditions of the Specifications and the drawings, as prepared by the ***Michael Baker International***, as well as the premises

Project Name: Miscellaneous Drainage Repairs (D1-7) Part 1(A) Multiple Bridge Culvert Sites and Part 2 Toulmins Spring Branch East of Wilson Ave
Project No: 2024-3005-19
Project Description: Various drainage repairs at multiple bridge culvert sites
Major work items include: Concrete slope paving, crack repair, spall repair, clearing and grubbing

The Bidder further agrees to construct the improvements in **155** working days.

The Bidder proposes and accepts the Articles of Agreement with the City of Mobile, Mobile, Alabama to furnish all necessary materials, equipment, tools, machinery, and means of transportation, and labor to complete the construction of the project.

All work performed under this contract shall be in accordance with the State of Alabama Highway Department Standard Specifications for Highway Construction, 2018 Edition, with all latest additions and modifications by the Engineering Department for the City of Mobile, or as amended herein.

The quantities for bid items listed on the proposal sheets are estimated quantities. Payment to the Contractor will be made only for the actual quantities of work performed and accepted on materials furnished in accordance with the contract. The scheduled quantities of work to be done and materials to be furnished may each be increased, decreased or omitted as herein provided.

No interpretations of the meaning of the plans, specifications or other bid documents will be made to any bidder orally. Any request for such interpretation should be in writing, addressed to ***Michael Baker International, 11 N. Water Street, Suite 14290, Mobile, AL 36602***. In order to receive consideration, the request must be received before 12:00 p.m. on August 15, 2025. Any such interpretation, any supplemental instructions will be mailed or delivered to all prospective bidders.

ITEM V
LABOR AND MATERIALS BOND

KNOW ALL MEN BY THESE PRESENT, that we C. Thornton, Inc. as Principal and Atlantic Specialty Insurance Company as Surety, are held and firmly bound unto said City of Mobile, a political subdivision of the body corporate in the State of Alabama, hereinafter called the Obligee, in the penal sum of one million, one hundred forty-nine thousand, six hundred ninety-one dollars and fifty cents ($1,149,691.50) lawful money of the United States, for the payment of which sum and truly to be made, we bind ourselves, our heirs, personal representatives, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, said Principal has entered into a certain Contract with said Obligee, dated _____, 20___ (hereinafter called the Contract) for **Miscellaneous Drainage Repairs (D1-7) Part 1(A) Multiple Bridge Culvert Sites and Part 2 Toulmins Spring Branch East of Wilson Ave, City of Mobile Project No.** ***2024-3005-19*** which Contract the Specifications for said work shall be deemed a part hereof as fully as if set out herein.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH THAT if said Principal, all subcontractors to whom any portion of the work in said Contract is sublet, all assignees of said Principal and of such subcontractors shall promptly make payments to all persons supplying him or them with labor, materials, or supplies for or in the prosecution of the work provided for in such Contract, or in any amendment or extension of or addition to said Contract, and for the payment of reasonable attorney's fees, incurred by the successful claimant or plaintiffs in suits or claims against the CONTRACTOR arising out of or in connection with the said Contract, then the above obligation shall be void; otherwise to remain in full force and effect.

PROVIDED, however, that this bond is subject to the following conditions and limitations:

(a) Any person, firm or corporation that has furnished labor, materials, or supplies for or in the projection of the work provided for in said Contract shall have a direct right of action against the Principal and Surety on this bond, which right of action shall be asserted in a proceeding, instituted in the CITY, in which the work provided for in said Contract is to be performed or in any CITY in which said Principal or Surety does business. Such right of action shall be asserted in a proceeding instituted in the name of the claimant or claimants for his or their use and benefit against the Principal and Surety or either of them (but not later than one year after the final settlement of said Contract falls due) in which action such claim or claims shall be adjusted and judgment rendered thereon.

(b) The Principal and Surety hereby designate and appoint the Mayor of the City of Mobile, Mobile County, State of Alabama, or his successor or representative, as the agent of each of them to receive and accept services of process or other pleading issued or filed in any proceeding instituted on this bond and hereby consent that such service shall be the same as personal service on the Principal and/or Surety.

(c) The Surety shall not be liable hereunder for any damage or compensation recoverable under Workmen's Compensation or Employer's Liability Statute.

(d) In no event shall the Surety be liable for a greater sum than the penalty of this bond, or subject to any suit, action or proceeding thereon that is instituted later than one year after the final settlement of said contract.

(e) This Bond is given pursuant to the terms of an Act of the Legislature of the State of Alabama approved February 8, 1935, entitled: "An Act to Further Provide for Bonds of Contractors on State and Other Public Works and Suits Thereon."

This Power of Attorney is made and executed by authority of the following resolutions adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the President, any Senior Vice President or Vice-President (each an "Authorized Officer") may execute for and in behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and affix the seal of the Company thereto; and that the Authorized Officer may appoint and authorize an Attorney-in-Fact to execute on behalf of the Company any and all such instruments and to affix the Company seal thereto; and that the Authorized Officer may at any time remove any such Attorney-in-Fact and revoke all power and authority given to any such Attorney-in-Fact.

Resolved: That the Attorney-in-Fact may be given full power and authority to execute for and in the name and on behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed and sealed by an Authorized Officer and, further, the Attorney-in-Fact is hereby authorized to verify any affidavit required to be attached to bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof.

This power of attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the signature of an Authorized Officer, the signature of the Secretary or the Assistant Secretary, and the Company seal may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing an Attorney-in-Fact for purposes only of executing and sealing any bond, undertaking, recognizance or other written obligation in the nature thereof, and any such signature and seal where so used, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, ATLANTIC SPECIALTY INSURANCE COMPANY has caused these presents to be signed by an Authorized Officer and the seal of the Company to be affixed this first day of January, 2023.

ITEM VI
PERFORMANCE BOND

KNOW ALL MEN: That we C. Thornton, Inc.
(Name of Contractor)
a Corporation, Partnership, or Individual (underline correct legal title of Contractor), hereinafter called the "Principal", and

Atlantic Specialty Insurance Company, 605 Highway 169 North, Suite 800, Plymouth, MN 55441, a NY corporation
(Name and Address or legal title of one or more sureties)

hereinafter called the "Surety" or "Sureties", are held and firmly bound unto the Council of the City of Mobile, Alabama hereinafter called the "Owner", in the sum of one million, one hundred forty-nine thousand, six hundred ninety-one dollars and fifty cents ($1,149,691.50), for the payment whereof the Principal and the Surety or Sureties bond themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, the Principal has, by means of a written agreement dated _____, 20__, entered into a Contract with the Owner for **Miscellaneous Drainage Repairs (D1-7) Part 1(A) Multiple Bridge Culvert Sites and Part 2 Toulmins Spring Branch East of Wilson Ave** which agreement is by reference made a part hereof.

NOW THEREFORE, the condition of this obligation is such that if the Principal shall faithfully perform the Contract on his part, and satisfy all claims and demands, incurred for the same, and shall fully indemnify and save harmless the Owner from all cost and damage which he may suffer by reason of failure to do so, and shall fully reimburse and repay the Owner all outlay and expense which the Owner may incur in making good any such default, thence this obligation shall be null and void; otherwise it shall remain in full force and effect.

PROVIDED, however, that no suit action or proceedings by reason of any default whatever be brought on his Bond after twelve months from the day on which the final payment under the Contract falls due.

PROVIDED, further that the said Surety, or Sureties, for the value received hereby stipulate and agree that no charge, extension of time or addition to the terms of the Contract or to the work to be performed thereunder of the Specifications thereof shall in any way effect their obligations on this bond, and they do hereby waive notice of such change, extension of time, alteration or addition to the terms of the contract, or to the work, or to the Specifications.

During the performance of this contract, the CONTRACTOR agrees as follows:

1. The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color or national origin. Such shall include but not be limited to the following:

   Employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation, and selection for training, include apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting agency of the municipality setting forth the provisions of this nondiscrimination clause.

2. The CONTRACTOR will, in all solicitations or advertisements for employees placed by or on behalf of the CONTRACTOR, state that all qualifying applicants will receive consideration for employment without regard to race, creed, color, or national origin.

3. The CONTRACTOR will send to each labor union or representative of workers with which he has a collective bargaining agreement or other Contract or understanding, a notice to be provided by the municipal contracting agency, advising the labor union or workers' representative of the CONTRACTOR's commitments under this ordinance. Copies of the notice shall be posted in conspicuous places available to employees and applicants for employment.

4. In the event of the CONTRACTOR's non-compliance with the non-discrimination clauses of this Contract, this Contract may be canceled, terminated or suspended in whole or in part and the CONTRACTOR may be declared ineligible for further municipal contracts.

5. CONTRACTOR will include the provisions of this ordinance in every subcontract or purchase order unless exempted by written orders of the governing body of the City of Mobile so that provisions will be binding upon each subcontractor or vendor.

ITEM VII

ITEM VIII
SPECIAL PROVISIONS

1. Subletting or Assigning of Contract:

(a) Limitations: The Contractor shall not sublet, assign, transfer, convey, sell or otherwise dispose of any portion of the contract, his right, title or interest therein, or his power to execute such contract, to any person, firm or corporation without written consent of the City and such written consent shall not be construed to relieve the Contractor of any responsibility for the fulfillment of the contract. Unless otherwise stipulated in the proposal or special provisions, the Contractor shall perform with his own organization, and with the assistance of workmen under his immediate supervision and reported on his payroll, all contract work of a value not less than 50 percent of the total contract amount, except that any items designated in the contract as "Specialty Items" may be performed by subcontract, and the cost of any such "Specialty Items" so performed by subcontract may be deducted from the total contract amount before computing the amount of work required to be performed by the Contractor, with his own organization.

(b) Subcontractor's Status: A subcontractor shall be recognized only in the capacity of an employee or agent of the Contractor and the Contractor will be responsible to the City for all subcontractors' work, including failures or omissions; and his removal may be required by the City Engineer, as in the case of an employee.

2. The contractor shall not sublet the contract on any portion thereof without written permission from the City Engineer. If consent is given, the contractor will be permitted to sublet a portion of the work, but shall perform with his own organization, work amounting to not less than fifty (50%) percent of the total contract price. The performance of the contract may not be assigned.

3. The City Engineering Department reserves the right to disqualify or refuse to award the contract to a prospective bidder for the following reasons:

(a) Uncompleted work which, in the judgment of the City Engineering Department, might hinder or prevent the prompt completion of additional work if awarded.

(b) Failure to pay or satisfactorily settle all bills due to labor and material on former contracts in force at the time of issuance of proposals.

(c) Default, as defined in Article 108.12 of the Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile under a previous contract, or unsatisfactory work of any nature on previous work. In addition to the above, disqualification for unsatisfactory progress of an on-going contract will be administered as outlined in Subarticle 108.04(c) Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile. Disqualification applies to

bidding as a prime contractor or doing any subcontract work for a prime contractor.

(d) The Owner, reserves the right to reject any Bidder who has previously failed to perform properly or complete on time contracts of similar nature, or a bid of a bidder who is not, in the judgment of the Owner, in a position to perform the Contract.

4. The successful bidder shall make every reasonable effort to have at least fifteen (15%) percent of the total value of the contract performed by socially and economically disadvantaged individuals. A City of Mobile DBE Compliance Form must be submitted with the bid documents. Contractors will be required to submit a City of Mobile DBE Utilization Report with each invoice and with final closeout documents.

5. It is the intent to construct the within described work as shown on the plans and specifications prepared by the Engineering Department of the City of Mobile in accordance with the Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile.

6. In said specifications, where the words State of Alabama, Governor, State, State Highway Department, Director, etc. appear substitute City of Mobile acting by and through its Mayor.

7. All insurance and bonds must be furnished by a Surety licensed to do business in the State of Alabama, signed or countersigned by a licensed Resident Agent of Alabama and have a minimum rating of A Class VI as reported in the latest issue of Best's Key Rating Guide Property and Casualty.

8. Payment for any work incidental to the completion of this contract, for which no item was set up, shall be absorbed in other bid items.

9. The City of Mobile reserves the right to add to or reduce quantities or delete any item or items in this contract without any adjustment in unit price. Additional items of work necessary for the completion of this contract may be added by Change Order.

10. Failure to complete the work in this contract within the time stipulated will result in a deduction for money due the contractor. Such liquidated damages will be assessed as provided for in Item 108 of the Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile.

11. **The contractor shall provide maintenance for a period of one year from final payment for all work. This maintenance work shall include furnishing all materials, labor, and incidentals necessary to maintain the project in acceptable condition as determined by the City Engineering Department. This maintenance for a one year period shall be provided with no additional compensation.**

12. The City of Mobile may retain a reputable laboratory to make all tests, inspections, etc. required by the Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile at no cost to the contractor. The laboratory shall furnish copies of all test results to the City Engineer.

13. The successful bidder will be required to submit mix designs to comply with Item 429-A, based on the State of Alabama Highway Department Standard Specifications for Highway Construction, 2006 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile, to the City's Testing Lab for approval.

14. Any asphalt used on the project shall have an approved mix design and shall not contain shingles (RAS).

15. The Contractor shall have on the job site at all times, as his agent, a competent superintendent capable of reading and thoroughly understanding the plans and specifications and thoroughly experienced in the type of work being performed, who shall receive instructions from the City Engineer or his authorized representatives. The Superintendent shall have full authority to execute orders or directions of the City Engineer without delay and to promptly supply such materials, equipment, tools, labor and incidentals as may be required. Joint venture Contractors shall have one such superintendent for all ventures. Such superintendents shall be furnished irrespective of the amount of work sublet and shall have full authority over all subcontract work. The superintendent shall be required to have direct communication with the supplier in case of mechanical failure at the site or the plant.

16. The contractor shall take all necessary precautions for the protection of the work and safety and comfort of the general work. Such work shall comply with applicable spec sections of Items 104 and 107. There will be no compensation for this work.

17. The quantities shown on the proposal and plans are approximate. The Contractor will be paid only for the amount of each item to complete the project.

18. It will be the Contractor's responsibility to determine the exact location of all existing utilities, whether public or private, and make the necessary adjustments as required to construct the project. Prior to construction, the Contractor shall notify all utility companies to obtain information on locations, depths, etc. of their utilities. The utility companies, directed by the City Engineer unless provided for in this contract, shall undertake any relocation and/or adjustments of utilities. The Contractor shall cooperate with the utility companies and provide assistance in excavation for such adjustments and relocation work, if requested. This work will be paid for under the appropriate items of work for excavation and borrow.

    If any private utility line, including but not limited to irrigation lines, are encountered within the right-of-way, it is the Contractor's responsibility to make the necessary adjustments of said facilities and coordinate with the property owner or private company. Such adjustments are considered incidental to the project (no said pay item).

19. It shall be the Contractor's responsibility to determine if the required construction can be performed within the area provided and comply with requirements of the Occupational Safety and Health Regulations (OSHA) for construction projects of this type. Any safety measures or methods of construction that are necessary in the construction of this project to comply with these regulations are the Contractor's responsibility and shall be provided with all costs to be included in the various pay items of the contract (no direct payment).

20. The Contractor shall submit a Traffic Control Scheme for the City Traffic Engineer's approval prior to commencement of any work on this project. The scheme shall be in full compliance with all the provisions and requirements as designated in Item 740 and Article 104.04 of the Standard Specifications, the Federal MUTCD Manual, Millennium Edition, and other requirements set forth by the Traffic Engineer. There shall be no direct payment for said traffic control plan preparation. All materials, signage, lights, hardware, drums, equipment, labor, handling and maintenance until project completion and any other incidentals necessary to complete the job shall be considered incidental to the project Item 740-A. The Contractor shall restore existing traffic mechanisms to original condition.

21. All equipment shall be in good mechanical working order. If not, the Project Inspector can require removal from the project.

22. The Contractor at no direct payment will support any utilities encountered during construction, requiring support. Contractor is responsible for securing and supporting all utilities located adjacent to or within the limits of excavation. The cost associated with this work will be a subsidiary obligation of clearing & grubbing (no direct payment).

23. Maintenance roads, haul roads, laydown yards, staging areas, and detours constructed for the Contractor's use and convenience, shall be constructed at the Contract's expense, and shall be absorbed in other bid items. All construction entrances to the site of work shall have aggregate surfacing placed over filter fabric for a minimum of fifty (50) linear feet from the adjacent connecting roadway, by an appropriate width, in an effort to minimize the transportation of sediment onto existing roadways. All areas shall be restored to their preconstruction condition after project completion. Any damage to the asphalt wearing surface beyond or within the limits of construction, as determined by the Engineer or Owner, shall be repaired at no cost to the Owner. Any traffic control required to complete such repairs shall be in accordance with Federal MUTCD manual, Latest Edition and at no cost to the Owner.

24. Any damage caused by the Contractor or his subcontractors to the existing bituminous asphalt surface and/or base structure on local streets leading to or associated with this project shall be repaired by the Contractor at no cost to the owner.

25. It shall be the responsibility of the contractor to provide a substantial stand of grass at the time of the Final Inspection. Any sod that is not living and/or viable in the opinion of the Engineer shall be replaced at no additional cost to the project. The Contractor shall provide a one-year warranty period from the time of final payment.

26. Contactor shall remove and dispose of all waste and unsuitable material, from the project site. The Contractor will be held responsible for disposal of debris and construction materials in an appropriate manner and at an approved, permitted location. The Contractor will be responsible for compliance with applicable laws or ordinances regarding material type and disposal site. **Disposal of construction materials and debris is specified in Subarticles 206.4(c) and 201.03(d) of the Standard Specifications.**

    The Contractor will submit a plan for the disposal of construction materials, indicating proposed disposal location, type of debris and quantity of material. City Engineering staff will monitor the disposal of construction materials for compliance with applicable laws and ordinances. There will be no additional compensation for disposing of such material off the project site.

27. All salvageable material from the project shall be stored on the project at locations designated by the City Engineer. Any material not wanted by the City of Mobile shall be the property of the Contractor and removed from the project. There will be no direct payment for removing and storing the salvageable materials, nor removing unwanted materials from the project.

28. Existing excavated material suitable for use as backfill, embankments, etc. shall be used on the project at no direct payment. Additional material required and compaction of the additional fill material shall be paid for under Item 210-D and Section 306.03 of the Standard Specifications.

29. Existing topsoil material suitable for use on the project shall be stockpiled and utilized at no direct payment. Additional topsoil required shall be paid for under Item 650-A, as designated in the Standard Specifications and will be measured by Truck Bed Measurement.

30. **All water and sanitary sewer work shall comply with the Mobile Area Water and Sewer System (MAWSS) Standard Specifications, latest edition. All MAWSS work, whether by prime or subcontractor, shall be accomplished by an experienced contractor, familiar with MAWSS construction and specifications. The Engineer may require the Contractor to provide necessary documentation explaining such experience before permission to accomplish work is granted.**

31. The project site shall be kept clean at all times. Loose dirt, materials, excavation, etc. shall be kept cleared from streets, walks, ditches, etc. The Owner reserves the right to demand that the Contractor's forces be diverted to clean up whenever conditions warrant such diversion. Diversion of Contractor's forces will not entitle the Contractor to any extension of time or additional compensation.

32. The contractor shall take whatever steps are necessary to ensure that dust is controlled during operations.

33. If provided in the Bid Schedule, accepted Concrete Combination Curb and Gutter, as designated in the Standard Specifications, will be measured in linear feet, complete, in place, along the base of the curb face. Measurement for payment will not extend across driveways or inlets.

34. If provided in the Bid Schedule, mix design for Bituminous Concrete Wearing Surface, Item 429-A, shall be based on the Alabama Department of Transportation Standard Specifications for Highway Construction, 2006 edition. The successful bidder will be required to submit mix designs to comply with Item 429-A, based on the Alabama Department of Transportation Standard Specifications for Highway Construction, 2006 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile, to the City's Testing Lab for approval.

35. The Contractor, at no cost to the Owner, shall replace any existing survey monument or property corner that is damaged during construction.

36. Project Documentation: Prior to the start of construction, the **Contractor** shall document any features or items of interest or importance by the use of photography and/or videotapes. At least two (2) copies of video and/or photos shall be made. City Engineer shall retain one set. Prints and/or tapes shall be delivered to the City Engineer within one week after they are made.

37. Pipe is to be videoed before acceptance by the City of Mobile. No pay item provided. Cost is considered incidental to the Project.

38. It is the sole responsibility of the Contractor to protect his/her equipment. The owner or the engineer shall not entertain any claims by the Contractor due to any damage to his or her equipment or materials.

39. The Contractor shall notify property owners prior to construction. The Contractor shall provide documentation to the Engineer that this has been accomplished. Notifying property owners is considered incidental to the project.

40. The relocation of signs and mailboxes shall be considered a subsidiary obligation of the project.

41. Any damage to private property beyond the limits required to install the storm drain system, sidewalk, curbing, etc., as determined by the Engineer, shall be repaired at the Contractor's expense.

42. The Contractor shall use extreme caution when working in close proximity to existing houses or other structures. Any damage to the existing structures from the Contractor's negligence shall be repaired at the Contractor's expense. The Contractor shall be very cautious of existing landscaping items located within the project area and shall coordinate with property owners regarding landscaping items to be removed. Any damage to existing items not scheduled to be removed shall be replaced at the Contractor's expense.

43. All pipe joints shall be wrapped to City of Mobile specifications. Pipes shall not have lifting holes.

44. There shall be **NO** adjustment to fuel or asphalt index for this project.

45. The contractor shall be responsible for implementing and maintaining any and all necessary environmental control measures in accordance with all Local, State, and Federal laws and requirements. This includes protection from concrete surface preparations, erosion and sediment controls, as well as a result from any other construction related activities. There will be no direct payment for the materials, equipment, labor or other incidentals required to fulfill this requirement, shall be subsidiary of Item No. 600A, Mobilization.

46. The Contractor shall provide, install and maintain all temporary erosion control measures shown on the drawings. Wattles, hay bales, silt fences and other approved erosion control devices shall be installed by the Contractor and shall be maintained throughout the course of this project. Adjustments to the methods and types of erosion control will be necessary during the course of the construction, and it will be the responsibility of the Contractor to provide, install and maintain these as well. The Engineer shall approve methods of erosion control. It will be the responsibility of the Contractor to satisfy the City and himself that all Federal, State and Local Codes and Ordinances are abided by at all times during construction. Additionally, the Contractor shall implement any and all other Best Management Practices applicable per Federal, State, County and Municipal laws concerning water pollution.

47. The Contractor shall be responsible for implementing all erosion control BMPs on City construction projects and for all sediment within and leaving the construction site until the project is accepted by the City. Severe penalties will be imposed to ensure compliance.

48. All projects and construction sites shall be in accordance with the Clean Water Act; the Alabama Water Pollution Control Act; the current version of the Alabama Handbook for Erosion Control, Sediment Control and Stormwater Management on Construction Sites and Urban Areas; current version of the Mobile, Alabama City Code Chapter 17 Stormwater Management and Flood Control.

    Any fines, penalties, or judgments accessed to City of Mobile, its agents or representatives due to inadequately installed or maintained erosion control shall be the responsibility of the Contractor. The Contractor shall indemnify and hold harmless the Engineer, City of Mobile, its agents or representatives from all claims resulting, all or in part, from inadequately installed or maintained erosion control.

49. The Contractor shall be required to have an 8 – 10 Ton Steel Wheel Roller that has all the mechanical parts working properly. In addition, a backup 8 – 10 Ton Steel Wheel roller in case of breakdown so as not to interrupt the continuous placing of asphalt. The tack truck shall, at all times during working hours, have the tack heated to a temperature suitable for placing. The spreader will be required to have all mechanical parts working properly. Mechanical parts are defined as hydraulics, tamper bars, burners, etc. A backup spreader shall be readily available so as not to interrupt the continuous placing of asphalt in case of breakdown.

50. Working hours on certain streets will be limited. All working times, closures, etc., will be coordinated with the City of Mobile Traffic Engineering Department.

51. Workmen shall wear reflectorized vests, shirts or jackets.

52. The Contractor shall not commence with milling, tacking, resurfacing, or striping until all vehicles are removed from the street.

53. At intersections, driveways, and all turnouts, the City Project Inspectors and/or its Engineer shall determine the limits to mill and resurface. The Contractor shall ensure that the asphalt surface meets the elevation at the gutter so as to facilitate drainage, sidewalk ramp construction, and ADA compliance.

54. Tack coat shall be emulsified asphalt grade CRS-2, CRS-2h, CSS-1, CSS-1h, CQS-1h, or CQS-1hp, or one of the Performance Graded Asphalt Binders shown in Article 804.07 in accordance with requirements of Section 405 of the State of Alabama Highway Department Standard Specifications for Highway Construction, 2018 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile.

55. Contractor shall use a mechanical broom with blower in operating condition for cleaning streets prior to tacking and resurfacing operations.

56. On some streets, a "ski pole" will be required to insure the correct grade on the street. This will be done at the discretion of the Project Inspector.

57. All temporary stop work joints shall be made using paper. At the beginning of the next work day the contractor shall make every effort to make a joint that will conform to the existing road surface.

58. Omit

59. All traffic control configurations shall be restored to their original patterns, unless otherwise directed by the Traffic Engineering Director.

60. Omit

61. Omit

62. The Engineer will prepare an estimate once each month for work completed. The contractor will send the Engineer a copy of his estimate figures for the month. Contractors will be required to submit a City of Mobile DBE Utilization Report with each invoice and with final closeout documents.

63. Tack coat shall be applied prior to placement of asphalt per ALDOT Section 405. There will be no direct payment for this work. It shall be absorbed in other items of work. Only trackless tack shall be allowed on this project.

Major work items include: Concrete slope paving, crack repair, spall repair, clearing and grubbing.

City of Mobile Project Number **2024-3005-19**, all complete in place with all appurtenances for the consideration of unit prices set forth in CONTRACTOR's Proposal (estimated to total **$1,149,691.50**) in strict accordance with this contract. The advertisement, proposal, special provisions, plans and specifications are all made a part of this agreement.

CITY:

(2) Wherever the word "CITY" is used, it shall refer to the City of Mobile, Alabama.

COUNCIL:

(3) Whenever the word "COUNCIL" is used in the Specifications, it shall refer to the governing body of the City of Mobile, Alabama, the party of the first part of the Agreement.

CONTRACT:

(4) Whenever the word "CONTRACT" is used it shall be held to mean the executed documents comprising the written agreement between the City of Mobile and the Contractor setting forth the obligations of the parties hereunder for the performance of the prescribed work. The Contract includes the invitation for bids, proposal, contract forms and contract bonds, specifications, supplemental specifications, special provisions, general and detailed plans, these Articles of Agreement, notice to proceed, and any change orders that are required to complete

the construction of the work in an acceptable manner, including authorized extensions thereof, and such other documents as by law or references are made a part thereof, all of which constitute one instrument.

CONTRACTOR:

(5) Whenever the word "CONTRACTOR" is used it shall be held to mean any individual, corporation, partnership, or other entity selected to perform any or all construction services. The contractor shall be eligible to bid Alabama Department of Transportation projects at the time of the prebid conference to be considered a valid bidder for this project.

CITY ENGINEER:

(6) Whenever the word "CITY ENGINEER" is used, it shall refer to the CITY ENGINEER for the City of Mobile or his appointed assistants.

ENGINEER:

(7) The engineering company assigned to perform engineering design and construction inspection services for this project. The engineering company so assigned to this project is ***Michael Baker International.***

AUTHORITY OF THE CITY ENGINEER:

(8) The CITY ENGINEER will decide all questions which may arise as to the quality and acceptability of materials furnished and work performed and as to the rate of progress of the work; all questions which may arise as to the interpretation of the plans and specifications; all questions as to the acceptable fulfillment of the contract on the part of the CONTRACTOR.

The CITY ENGINEER shall have the authority to withhold further payment or to suspend the work wholly or in part due to failure of the CONTRACTOR to correct conditions unsafe for the workmen or the general public; failure to carry out provisions of the contract; failure to carry out orders; for such periods as he may deem necessary due to unsuitable weather; for conditions unsuitable for prosecution of the work; or for any other conditions or reason deemed to be in the public interest.

DUTIES OF THE CONTRACTOR:

(9) The work performed under this contract and agreement shall be in strict compliance with the "State of Alabama Highway Department Standard Specifications for Highway Construction", 2018 Edition, with all latest additions and modifications by the Engineering Department of the City of Mobile and with the plans on file in the office of the CITY ENGINEER or as noted herein.

ARBITRATOR:

(10) Both parties to this contract hereby agree that the CITY ENGINEER shall act as referee in all questions and disputes arising under the terms of this Contract between the parties thereto and that the decision of the CITY ENGINEER in all such cases shall be final.

STANDARD SPECIFICATIONS:

(11) Whenever the word "STANDARD SPECIFICATIONS" is used, it shall refer to State of Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 edition, with all latest additions and modifications by the Engineering

Department of the City of Mobile, a copy of which is on file in the office of the CITY ENGINEER.

WAGE SCALE:

(12) The CONTRACTOR will be required to pay the prevailing wage rates for this district that are applicable to the trades engaged in the several different lines of work.

APPOINTMENT AND AUTHORITY OF INSPECTORS:

(13) The CITY ENGINEER may appoint such inspectors, assistants, or representatives as he deems necessary, and they shall be granted full access to the work and to the mills and factories in which material is being prepared for use under the contract.

Inspectors will be authorized to inspect all work done and materials furnished. Such inspection may extend to all or any part of the work and to the preparation, fabrication or manufacture of the materials to be used. The inspector will not be authorized to alter or waive the provisions of this contract. The inspector will not be authorized to issue instructions contrary to the plans and specifications, or to act as foreman for the CONTRACTOR; however, he shall have the authority to reject work or materials until any questions at issue can be referred to and decided by the CITY ENGINEER.

The CITY ENGINEER reserves the right to require replacement of any inspector considered to be unqualified for the work.

INSPECTION:

(14) Inspection and acceptance of materials and construction during the progress of the work shall not relieve the CONTRACTOR from any of the obligations assumed under this contract to furnish materials and to perform work strictly in accordance with its terms, and any work in accordance therewith (although overlooked and passed), shall be made good and inferior materials shall be removed and replaced with proper materials upon the demand of the CITY ENGINEER at any time prior to the completion of the work and its acceptance by the CITY ENGINEER.

INCOMPETENT EMPLOYEES TO BE DISCHARGED:

(15) If the work of any person employed by the CONTRACTOR should appear to the CITY ENGINEER to be incompetent or disorderly, he shall be immediately discharged upon the request of the CITY ENGINEER.

CHANGES AND EXTRA WORK PRECAUTIONS TO PREVENT ACCIDENT:

(16) Should the COUNCIL deem it proper or necessary in the execution of the work to make any alterations, which shall increase or diminish the quantities or the expense, such alterations or reductions shall not validate or annul the contract or agreement hereby entered into. The said COUNCIL shall determine the value of the work to be added or omitted; such value to be added to or to be deducted from the contract price as the case may be.

No claim whatever shall be made by the CONTRACTOR for extra materials or work, or for a greater amount of money than is herein stipulated to be paid, unless some changes in or additions to said work requiring additional outlay by the CONTRACTOR shall first have been ordered, in writing, by the said COUNCIL on application of the CITY ENGINEER. Said

writing will be attached to the contract for the making of said improvements, stating that such work is not included in the contract, what the extras are and that such are necessary for the proper completion of the work, or for the security of the work previously done and the reason therefor.

RESPONSIBILITY FOR ACCIDENTS:

(17) The CONTRACTOR covenants to and shall defend, hold harmless, indemnify and exonerate the CITY and any of its officers, directors and employees of and from any and all claims, demands, liability, losses, damages, suits and/or judgments, whether frivolous or otherwise of any character, arising out of, or connected with, the work covered by this contract, regardless of how it may be caused. The CONTRACTOR shall be responsible for providing the City of Mobile and any of its officers, directors, and employees a defense and paying all costs of defending it and investigating said claims, including attorney's fees and expenses.

WORK TO BE PROSECUTED AS DIRECTED:

(18) All work shall be done according to the direction of the CITY ENGINEER or his authorized assistant.

GENERAL COMPLIANCE WITH LAWS:

(19) The Contractor shall comply with the provisions of the labor laws, state laws and federal and local statutes, ordinances and regulations that are applicable to the performance of this Agreement, and procure all necessary licenses and permits.

SUSPENSION OF WORK:

(20) If, in the opinion of the CITY ENGINEER, during the progress of the work the conditions of the weather make it inexpedient or hazardous to proceed with the same, or if the public need seems to demand a temporary suspension, prosecution of the project shall cease for such a period as the CITY ENGINEER may direct in writing. No allowance will be made to the CONTRACTOR for damages alleged to have been sustained on account of such suspension of the work. The period of such cessation shall be determined and recorded by the CITY ENGINEER and shall be added to the time herein specified for the completion of the work. It is further agreed that in case of any legal obstruction or injunction affecting the prosecution of the work, such delay shall extend the time of completion of such part or parts of the work as obstructed and delayed for the length of time the obstruction continued and no longer. No damages shall be claimed or allowed the CONTRACTOR by reason of such unavoidable delay.

DELAYS:

(21) Delay in completion or the acceptance of any portion of the work shall not be deemed or construed as a waiver of any of the rights of the CITY under this contract, or to prevent the abrogation of this contract on account of the violations of its terms or the enforcement and collection of any just claim for loss or damage sustained by the CITY by reason thereof. Should delay arise by reason of the neglect or inability of the CONTRACTOR to prosecute the work or to furnish materials to the extent that, in the opinion of the CITY ENGINEER, it becomes necessary to ensure the completion within the limit of time specified to this contract, the CITY ENGINEER shall serve a warning to the CONTRACTOR requiring him to provide the means or material to insure the completion of work. Should such warning be disregarded to the extent that unnecessary and unreasonable delay is likely, in the opinion of the CITY ENGINEER, to ensue, the CITY ENGINEER shall notify the COUNCIL of such fact.

Should said COUNCIL so elect, the CITY may complete the contract using for such purpose all materials and tools found upon the work site and belonging to the CONTRACTOR. The COUNCIL shall assess the cost of such work against the sum, which would have been due under this contract.

COMMENCEMENT AND COMPLETION:

(22) The work shall commence within ten (10) days from the date specified in a Notice to Proceed Order to be issued to the Contractor by the Council, or its authorized representative, and shall be completed within the number of working days indicated in this Proposal, following the commencement date stipulated in said Notice to Proceed Order. In the event the Contractor should fail to complete the work within the time specified herein, the Contractor shall pay the Council, as liquidated damages, the amount specified in Section 108 of the Standard Specifications for each working day beyond the required date of completion.

ESTIMATE:

(23) In making partial payments to the CONTRACTOR, the CITY shall retain no more than five percent (5%) of the estimated amount of work done, the value of materials stored on the site (if applicable), and the value of materials suitably stored and insured off-site (if applicable). Following fifty percent (50%) completion, no further retainage shall be withheld. Each payment request must be accompanied by the DBE Utilization Report.

FINAL ESTIMATE:

(24) Upon the final completion of the work according to the terms of these Articles of Agreement, the Engineer shall inspect all work and materials not previously accepted and returned, and shall render to the City Engineer and the Contractor a semi-final estimate of all work performed and materials furnished. A FINAL estimate, containing only the retainage due to the CONTRACTOR, shall then be prepared by the ENGINEER and rendered to the CITY and CONTRACTOR. Upon receipt of the Engineer's certification of project completion, the City Engineer shall inspect the work and, if satisfactory, shall pay or cause to be paid to the Contractor the final estimate, under the terms of these Articles of Agreement.

Prior to issuance of the FINAL ESTIMATE, the Contractor shall furnish, to the Engineer, the following documents:

- The Contractor must publicly advertise the Notice of Completion a minimum of once a week for four consecutive weeks and submit proof of advertising publication, original form with notary seal, as required by Section 39-2-12 of the 1975 Code of Alabama.
- The Contractor must execute copies of Contractor's Affidavit of Payment of Claims and Debts.
- The Contractor must have his/her surety execute copies of Consent of Surety to Final Payment.
- The Contractor must furnish a letter on his letterhead acknowledging that acceptance of final payment by the Contractor constitutes a waiver of all claims, present or future, in connection with this project.
- The Contractor must furnish a written guarantee on his letterhead covering all defects in material and workmanship for a period of one (1) year commencing on the date that final payment is received.

- The Contractor must provide a Maintenance Agreement for the grassing for up to one (1) year from the date of final payment.
- The Contractor must provide a City of Mobile DBE Utilization Report summarizing DBE participation to include the name of the DBE firm, address, telephone number and amount paid. If there was no DBE participation on the project, this report must summarize the reasons why and document any attempts made to secure DBE participation.

Upon successful completion of these documents, payment of the FINAL ESTIMATE shall be made to the Contractor.

E-VERIFY:

(25) By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate Federal Immigration Law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

The CONTRACTOR shall insure that all subcontractors under his employment for this project shall participate in the e-verify program. The CONTRACTOR shall be responsible for having each subcontractor sign the enclosed e-verify form. Any subcontractor found to be in violation of this provision shall cause the CONTRACTOR to be in breach of the agreement and the CONTRACTOR shall be responsible for all damages resulting therefrom.

SOURCE OF FUNDS FOR PAYMENT:

(26) The source of funds for payment by City under this contract is City Capital Funds. Said funds are on hand at the time of the execution of this contract.

PROHIBITION OF BOYCOTTING:

(27) By signing this contract, the Contractor represents and agrees that it is not currently engaged in, nor will it engage in, any boycott of a person or entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade.

ANTI-DISCRIMINATION CLAUSE:

(28) Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

GOVERNING LAW AND VENUE:

(29) This Agreement shall be governed by the laws of the State of Alabama, and the appropriate venue for any actions arising out of this Agreement shall be a court of proper jurisdiction in Mobile, Alabama.

TRIMBLE UNITY CONSTRUCT:

ITEM X
SUPPLEMENTAL SPECIFICATIONS

Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 Edition, shall be amended as follows:

1. PARAGRAPH 105.06(b) *CONTRACTOR'S SUPERINTENDENCE AND SUPERVISION* SHALL BE **AMENDED TO INCLUDE** THE FOLLOWING:

    a. If requested by the ENGINEER, Contractor shall provide resume or other information necessary to ensure that project superintendent is experienced in drainage work and associated work items. At the request of the ENGINEER in writing with concurrence of the City of Mobile, Contractor shall immediately remove any superintendent or other employee whose lack of experience, conduct or inability to effectively communicate in the English language is detrimental to the project. Said removal shall not be cause for claim against ENGINEER, City of Mobile or their agents.

    b. In the event that additional engineering or construction administration effort is required due to personnel changes required in accordance with paragraph A or solely initiated by the Contractor, the ENGINEER shall be reimbursed by the contractor for such additional effort at the ENGINEER'S prevailing hourly rates.

    Engineer shall provide Contractor a minimum of 48 hours' notice prior to initiating additional effort charges, clearly stating the reasons for such charges and notifying the Contractor of necessary steps or corrective actions to avoid additional effort charges.

    Proper corrective action taken within 48 hours by the Contractor shall void additional engineering fee charges.

    No corrective action by the Contractor shall initiate additional engineering fees retro-active to date of contractor notification.

2. ITEM 108.01 *SUBLETTING AND ASSIGNMENT (a):* PARAGRAPH 1 *LIMITATIONS* SHALL BE **AMENDED TO INCLUDE** THE FOLLOWING:

    The ENGINEER reserves the right, with approval from the CITY ENGINEER, to disapprove or disqualify a Subcontractor that has exhibited or participated in fraudulent activities either as a prime Contractor or a Subcontractor under a previous contract administered by the ENGINEER. Furthermore; the ENGINEER may require a list of references from local Contractors, Project Engineers or Government Agents in order to verify past performances, capabilities and competency before acceptance of the Subcontractor is granted.

3. SECTION 109, SUB-SECTION 109.07 *PARTIAL PAYMENT* SHALL BE **REPLACED** WITH THE FOLLOWING:

   Once each month the ENGINEER will make an appropriate estimate on the regulation form of the work or portion of the work completed and the value thereof based on the contract Unit Prices, or proportional part thereof for Lump Sum items, less retainage or any assessed liquidated damages or other designated deductions.

   The payment of any monthly estimate for any portion of the work as provided in the Specifications shall in no way affect the obligation of the Contractor to complete the work in accordance with the contract. Payment of any monthly invoice will not be made until such time as all records and forms are completed and submitted.

   No Payment for stored material will be included on the monthly estimates.

4. SECTION 210, PAY ITEM 210-A *UNCLASSIFIED EXCAVATION*; PAY ITEM 210-D *BORROW EXCAVATION. STRUCTURE FILL (A-2-4 OR BETTER)*: PAY ITEM 210-E *BORROW EXCAVATION STRUCTURE*, SUB-SECTION 210.09 METHOD OF MEASUREMENT SHALL BE **REPLACED** WITH THE FOLLOWING:

   Unit of Measurement for all accepted Excavation shall be by the cubic yard truck bed measure. The accepted volume of Excavation shall be based on certified delivery tickets as determined by truck bed measure

5. SECTION 631, PAY ITEM 631-G *GUARDRAIL END ANCHOR RESET*: SUB-SECTION 631.05(b) SHALL BE **REPLACED** WITH THE FOLLOWING:

   Payment will be made under Item No.: 631-E Guardrail End Anchor Reset

6. SECTION 650, PAY ITEM 650-A *TOPSOIL*: SUB-SECTION 650.04 *METHOD OF MEASUREMENT* SHALL BE **REPLACED** WITH THE FOLLOWING:

   Unit of Measurement for all accepted TOPSOIL shall be by the cubic yard truck bed measure. The accepted volume of TOPSOIL shall be based on certified delivery tickets as determined by truck bed measure.

7. ITEM 654-A *SOLID SODDING*:

   654.A.1

   Description
   This pay item shall include all labor, tools, equipment and materials necessary to provide, on the project site, solid sodding. It is the responsibility of the Contractor to determine the type of sod present and replace in kind.

654.A.2

Basis of Payment
Payment will be based on the respective unit bid price for solid sodding, complete-in-place, which shall be payment in full for furnishing the individual solid sodding, for hauling, preparation, placing, and maintenance (incl. watering) of the solid sodding and for all labor, equipment, tools and incidentals necessary to complete this item.

8. ITEM 659-A *EROSION CONTROL NETTING:*

Description
This pay item shall include the furnishing, laying, and maintaining an approved protective netting material over seeded, sprigged or sodded areas as directed by the Engineer. The Contractor may select North American Green S150 Erosion Control Blanket or an equivalent.

9. ITEM 690-A *PROJECT SIGN:*

690.A.01

Description
This pay item shall include all labor and maintenance necessary to provide, on the project site, a project sign(s) for the duration of the project. The project sign shall display the district number(s) and be in accordance with the detail shown in Attachment E.

690.A.02

Basis of Payment
Payment will be based on the respective unit bid price for project signs, complete-in-place, which shall be payment in full for furnishing the individual signs, preparation, placing, and maintenance of the signs and for all labor, equipment, tools and incidentals necessary to complete this item;

10. ITEM 690-B *PORTABLE TOILETS:*

690.B.01

Description
This pay item shall include all labor and maintenance necessary to provide, on the project site, portable toilets for the duration of the project. The Contractor, or his Subcontractors, shall provide for regularly scheduled maintenance and each unit shall be in good working order when work crews are present.

690.B.02

Basis of Payment

Payment will be based on the respective unit bid price for portable toilets, Item 690-B, complete-in- place, per toilet, which shall be payment in full for furnishing the individual toilet units, for hauling, preparation, placing, and maintenance of the toilet units and for all labor, equipment, tools and incidentals necessary to complete this item.

11. ITEM 690-C. *FLOWABLE FILL:*

690 C.1

Description
A CONTROLLED LOW-STRENGTH MATERIAL (concrete flowable fill) is a low strength material mixed to a wet flowable slurry used to fill voids in pipes, sewers and manholes.

690 C.2

Materials
See Attachment F.

690 C.3

Proportioning
See Attachment F.

690 C.4

Mix Design
The Contractor shall use Mix #2. See Attachment F.

690 C.5

Test Methods
Sampling the freshly mixed flowable fill shall be performed according to AASHTO T 141, except the elapsed time for obtaining the composite sample shall not exceed 2 minutes. The flow test shall start within 5 minutes of obtaining the composite sample. The molding of strength test specimens shall start within 10 minutes of obtaining the composite sample.

The temperature test shall be according to ASTM C 1064.

The flow test shall consist of filling a 3-inch inside diameter by 6-inch long plastic cylinder. The maximum variation from the normal inside diameter and length shall be 3 mm (1/8 inch). The plastic cylinder shall be smooth, rigid and open at both ends. The test method shall consist of placing the cylinder on a flat, level, firm surface which is free of vibration or other disturbances. The cylinder shall be firmly held in place and filled in

one lift. The top of the cylinder shall be struck off to form a level surface while holding the cylinder in place. The cylinder shall be pulled straight up, and the approximate diameter of the mixture's spread shall be measured.

The air content test shall be according to AASHTO T 152, except the bowl shall be filled in one lift without vibration, rodding, or tapping.

The compressive strength test shall be according to AASHTO T 22; neoprene caps shall be used for compressive testing. Strength is defined as the average of two or more cylinder breaks. The 6-inch x 12-inch cylinders shall be made according to AASHTO T 23, except the cylinders shall be filled in one lift without vibration, rodding, or tapping. When bleed water appears at the top of the mold after a few minutes, the mold shall be refilled. The curing method shall be modified by not removing the covered specimen from the mold until the time of testing. The cylinders shall be stored in a shaded area with a controlled temperature of 60°F to 80°F.

The Engineer reserves the right to adjust the proportion of materials in the field for flowability. No additional compensation will be paid to the Contractor for a mix adjustment.

CONSTRUCTION REQUIREMENTS

690 C.6

Placement

The mix shall not be placed on frozen ground, in standing water, during wet weather conditions or during high tides. Mixing and placing shall begin only if the air temperature is 35°F minimum and rising. At time of placement, the material temperature shall be 40°F minimum. Mixing and placing shall stop when the air temperature is 40°F and falling. The mix shall be placed directly from the chute into the space to be filled. Other placement methods may be approved by the Engineer if the mix design is appropriate. When backfilling against structures, the mix shall be placed in layers to prevent damage by lateral pressures. Side slopes shall be stepped or serrated to prevent wedging action of the backfill against the structure. Each layer shall be allowed to harden prior to placing the next layer.

When backfilling pipe culverts, the mix shall be distributed evenly on each side of the pipe culvert to prevent movement. To prevent uplift of the pipe culvert, the first layer shall stop at one-fourth the height of the culvert. After settlement of the first layer as determined by the Engineer, the second layer shall stop at one-half the height of the culvert. After settlement of the second layer, as determined by the Engineer, the remainder of the trench shall be filled. A mix may be placed in a single layer for Portland cement pipe culverts.

The mix shall not be exposed to freezing temperatures or wet weather conditions during the first 24 hours after placement.

The contractor shall not place backfill over the concrete flowable backfill for a minimum of 48 hours.

Any falsework required to place this material shall be a subsidiary obligation of the concrete flowable fill.

690 C.07

Method Of Measurement
This work will be measured for payment and the volume computed in cubic yards.

690 C.08

Basis of Payment
This work will be paid for at the contract unit price per cubic yard for CONCRETE FLOWABLE FILL.

12. ITEM 690-D. *DEWATERING*

690.D.01
Description

This pay item shall include all labor and maintenance necessary to provide dewatering, regardless of nature, for the duration of the project.

690.D.02
Basis of Payment

Payment will be based on the respective unit bid price for dewatering, complete-in-place, which shall be payment in full for hauling, preparation, placing, and maintenance of all dewatering items and for all labor, equipment, tools and incidentals necessary to complete this item.

13. ITEM 690-E. *RESIDENTIAL FENCE, ALL TYPES (INCLUDING GATES)*

690.E.01
Description

This pay item shall include all labor and materials necessary to provide, on the project site, all residential fence, all types (including gates). The residential fence shall be match-in-kind.

690.E.02
Basis of Payment

Payment will be based on the respective unit bid price for residential fence, all types (including gates), which shall be payment in full for materials, labor, equipment, tools and incidentals necessary to complete this item.

14. ITEM 690-F *TEMPORARY STREAM DIVERSION:*

690.F.01

Description

This pay item shall include all labor and maintenance necessary to provide temporary stream diversion, regardless of nature, for the duration of the project.

690.F.02

Basis of Payment

Payment will be based on the respective unit bid price for temporary stream diversion, complete-in-place, which shall be payment in full for hauling, preparation, placing, and maintenance of all temporary stream diversion items and for all labor, equipment, tools and incidentals necessary to complete this item.

15. ITEM 740-A. *TRAFFIC CONTROL:*

740 A.1

Description

This section shall include the work of furnishing, installing, relocating, re-installing and maintaining Construction Signs, Drums, Cones and Weights as required to maintain traffic and to provide a safe work zone, including sign post and portable supports as necessary.

740 A.2

Materials

All materials shall conform to the appropriate Section of the 2018 ALDOT Standard Specifications for Highway Construction.

740 A.3

Basis of Payment

Payment will be based on the respective unit bid price and shall be paid in full for all labor, materials, equipment, tools, transporting, installing, removal, re-installing and all incidentals necessary to complete this item.

Bidders and Proposers – Please complete and submit these forms as required by your City of Mobile Bid or Proposal Specification.

If you are submitting a proposal in response to a Request for Qualifications, Request for Proposal, or other solicitation ("Solicitations") issued by the City of Mobile, the bid specification may require you to utilize disadvantaged business enterprise ("DBE") subcontractors and suppliers. If DBE participation is required, you must complete and submit these forms with your proposal. If required, failure to submit this form will render your bid non-responsive. NOTE: To satisfy participation requirements for a federally funded project, you must utilize DBEs certified through the Alabama Unified Certification Program.

If DBE participation is required, and you fail to satisfy the participation requirement, you must show that you made a good faith effort to include such participation; you will be required to submit DBE Compliance Form 2 and include additional information if needed. When so required, failure to address adequately the good faith effort factors on Form 2 will render your bid or proposal non-responsive. The "good faith effort" factors on Form 2 are not intended to be a mandatory, exhaustive, or exclusive.

You are encouraged to work with the City of Mobile Supplier Diversity Manager when preparing this form. Please consult with the City Supplier Diversity Manager for a list of eligible DBEs. The "good faith effort" factors on **Form 2** are not intended to be mandatory, exhaustive, or exclusive; they are a tool to help you, and the City of Mobile, determine whether you made efforts which, by their scope, intensity, and appropriateness to the objective, would reasonably be expected to fulfill the participation requirement.

About **"DBEs"**: Disadvantaged business enterprise or DBE means a for-profit small business concern (1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and (2) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

About **"Good Faith" Effort**: Good faith efforts means efforts to achieve a DBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program requirement. The City of Mobile expects contractors holding large contracts to recruit and engage DBEs to be a part of their team.

Failure to submit this form, when so required by the bid or proposal specification, will render your bid non-responsive.

YES (□)	NO (□)	Did you do these suggested areas for DBE recruitment and engagement
X		**PRE-BID MEETING(S):** The bidder attended all pre-bid meetings scheduled by the City to inform DBEs of contracting and subcontracting opportunities.
X		**CMDBE/ALDOT DBE LIST(S):** The bidder utilized the Office of Supplier Diversity's list or lists of certified through the Alabama Department of Transportation UCP DBE Listing
X		**SMALL CONTRACT(S):** The bidder selected specific portions of the work to be performed by DBEs in order to increase the likelihood of meeting the DBE goals (including breaking down contracts into smaller units to facilitate DBE participation). Consider support services, including insurance, accounting, temporary labor, and transportation, landscaping, and janitorial as potential areas for DBE use.
X		**FOLLOW-UP:** The bidder followed-up initial indications of interest by DBEs by contacting those DBEs to determine with certainty if they remained interested in bidding.
X		**GOOD FAITH NEGOTIATIONS:** The bidder negotiated in good faith with interested DBEs and did not reject DBEs as unqualified without sound business reasons based on a thorough investigation of their capabilities. Bidders are not expected to engage unqualified subcontractors or subcontractors whose pricing, after negotiation, remains excessive or unreasonable. (Please document qualification deficiencies or unreasonable pricing if it prevented your engagement of specific DBE subcontractors.)
	X	**ADVERTISEMENT:** The bidder advertised in general circulation and/or trade association publications concerning subcontracting opportunities and allowed DBEs reasonable time to respond.
	X	**INTERNET ADVERTISING:** The bidder advertised DBE and/or subcontracting opportunities in the newspaper or other internet portals that are accessible to DBEs and/or potential subcontractors.

X		**INFORMATION:** The bidder provided interested DBEs with adequate information about the plans, specifications and requirements of the subcontract.
	X	**WRITTEN NOTICE(S):** The bidder/proposer took the necessary steps to provide written notice in a manner reasonably calculated to inform DBEs of subcontracting opportunities and allowed sufficient time for them to participate effectively.
	X	**COMMUNITY RESOURCES:** The bidder/proposer used the services of available community organizations, small and/or disadvantaged business assistance offices and other organizations that provided assistance in the recruitment and placement of DBE firms.

CONTRACT RECORDS:
The bidder/proposer has maintained the following records for each DBE that has bid on the subcontracting opportunity:

1. Name, address, email address and telephone number
2. A description of information provided by the bidder/proposer or subcontractor; and
3. A statement of whether an agreement was reached, and if not, why not, including any reasons for concluding that the DBE was unqualified to perform the job.

Section 2(B)

_____ There are not ways to break out 15% of the value of this contract for subcontractors / suppliers. Provide further detail in Section2(c) If the inability to break-out 15% of the value of the contract was the reason, or a reason, you could not meet the participation requirements.

_____ Could not find sufficient DBEs to provide subcontracting or supplier services.

_____ DBEs were available but did not have sufficient qualifications or experience to meet the needs of this contract.

STANDARD SPECIFICATIONS – Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 edition, with all latest additions and modifications by the Engineering Department of the City of Mobile, on file in the office of the PROJECT MANAGER.

TECHNICAL SPECIFICATIONS – Technical specifications written for this PROJECT and provided by the ENGINEER.

II. STANDARDS

The CITY hereby retains the ENGINEER and the ENGINEER agrees to perform for the CITY the professional engineering services in connection with the PROJECT. Professional engineering services shall include all work necessary to the performance in proper sequence of the items of work as hereinafter set forth. The ENGINEER, in the preparation of plans and any other items pertaining to this PROJECT, will meet the requirements for conformance with the TECHNICAL SPECIFICATIONS provided for the project, and STANDARD SPECIFICATIONS, adopted by the State of Alabama Department of Transportation, and applicable local ordinances, and will ascertain the practices of the CITY prior to beginning any work on this PROJECT. All work required

under this CONTRACT will be performed in accordance with these specifications, standards and any special requirements hereinafter set forth. All work performed by the ENGINEER under this CONTRACT will be submitted to the CITY for review and administrative approval only.

III. SCOPE OF WORK

The ENGINEER shall ensure that all engineers, technical staff, inspectors, observers and agents are duly licensed and qualified as to any duties assigned by, or the responsibility of, the ENGINEER. The parties agree that throughout the life of the contract that the ENGINEER shall submit in writing to the PROJECT MANAGER, all qualifications of all engineers, technical staff, inspectors, observers, agents and any substitutions, replacements or additions prior to appointment or use by the ENGINEER. Although the PROJECT MANAGER shall have the right to suspend the work wholly, or in part, due to any inadequacies, as opined by the PROJECT MANAGER, of any of ENGINEER'S technical staff, inspectors, observers, engineers or agents, all acts by the ENGINEER, or ENGINEER'S technical staff, inspectors, observers, engineers or agents are the sole responsibility and liability of the ENGINEER.

The scope of work for this project consists of the Construction Phase and Closeout Phase.

1. Quality Assurance

    a. ENGINEER shall require the CONTRACTOR to ensure quality assurance during construction. The CONTRACTOR's quality assurance shall be conducted in general conformance to procedures set forth in the TECHNICAL SPECIFICATIONS and STANDARD SPECIFICATIONS and the requirements of the National Pollution Discharge Elimination System (NPDES) Storm Water Discharge General Permit, if applicable. The ENGINEER shall require the CONTRACTOR to maintain on-site a copy of the TECHNICAL SPECIFICATIONS and STANDARD SPECIFICATIONS and the ENGINEER shall ensure that all of the personnel involved in the construction phase of the project are thoroughly familiar with the provisions of the TECHNICAL SPECIFICATIONS and STANDARD SPECIFICATIONS.

2. Compliance with Plans and Specifications

    The ENGINEER shall enforce all requirements of the plans and specifications for compliance with quality, quantity, materials, and measurements excluding safety.

    a. The ENGINEER shall supply lines and grades for the improvements undertaken, including those for the control of the work. This shall include setting lines and grade stakes and control points throughout the PROJECT. The CONTRACTOR shall be responsible for maintenance of the line and grade stakes.

    b. The ENGINEER shall inform and coordinate with the material testing firm contracted by the ENGINEER, to perform materials testing and associated services.

c. The ENGINEER shall ensure the materials comply with specifications by continuous coordination and communication with the material testing firm assigned by the engineer.

d. The ENGINEER shall review construction invoices, verify quantities, and certify accuracy for submittal to and approval and payment by the CITY.

e. The ENGINEER shall provide construction administration and be in responsible charge of the project.

3. PROJECT Observation/Inspection

a. The ENGINEER shall appoint a competent INSPECTOR, capable of reading and thoroughly understanding the plans and specifications and thoroughly experienced in the type of work to be performed, who shall work under the direct supervision of a registered PROJECT ENGINEER. The INSPECTOR shall be experienced and qualified to determine the requirements of the plans and specifications. The ENGINEER shall ensure that all engineers, technical staff, inspectors, observers and agents are duly licensed and qualified as to any duties assigned by, or the responsibility of, the ENGINEER. The parties agree that throughout the life of the contract that the ENGINEER shall submit in writing to the PROJECT MANAGER, all qualifications of all engineers, technical staff, inspectors, observers, agents and any substitutions, replacements or additions prior to appointment or use by the ENGINEER. Although the PROJECT MANAGER shall have the right to suspend the work wholly, or in part, due to any inadequacies, as opined by the PROJECT MANAGER, of any of ENGINEER'S technical staff, inspectors, observers, engineers or agents, all acts by the ENGINEER, or ENGINEER'S technical staff, inspectors, observers, engineers or agents are the sole responsibility and liability of the ENGINEER.

b. The CITY reserves the right to require replacement of any INSPECTOR considered to be unqualified for the work. The duty of the INSPECTOR is to determine CONTRACTOR compliance with the plans and specifications. Nothing contained herein shall be construed to mean that the INSPECTOR or the ENGINEER’s agent controls or assumes a right to the manner in which the CONTRACTOR performs the work.

c. The PROJECT MANAGER reserves the right to appoint department representatives to observe all plans and works of the ENGINEER. The appointed CITY representatives shall have access to all plans, drawings, specifications and reports of the ENGINEER relating to the PROJECT.

d. The CITY will retain a material testing firm to provide laboratory services for all soils studies, reports, inspections, and tests required throughout the construction of the PROJECT.

e. The PROJECT ENGINEER in responsible charge shall conduct periodic field reviews to assure compliance with plans and specifications. All inspections shall be documented and submitted to the PROJECT MANAGER.

f. The ENGINEER shall have a copy of and be thoroughly familiar with TECHNICAL SPECIFICATIONS and applicable STANDARD SPECIFICATIONS, Standard and Special Drawings, Testing Manual, and

Construction Manual, current non-metric edition, materials sources, and devices with special acceptance requirements.

g. The INSPECTOR shall keep a daily diary, listing equipment on site and in use, weather conditions, CONTRACTOR's personnel on site, and the work accomplished each day.

h. Monthly estimates shall be broken down and include an explanation submitted for pay items exceeding plan quantities by more than five percent (5%). The report of overruns shall be submitted with the monthly estimate in which the overrun was incurred. The Project Engineer in responsible charge for the PROJECT must sign these estimates. A summary of the above noted overruns exceeding five percent (5%) shall be submitted with the Final Closeout Documentation. Monthly estimates shall also include a DBE Utilization Report and Progress Report for the month.

i. No major changes in the "as bid" construction plans shall be made prior to submittal to the PROJECT MANAGER for review and administrative approval.

j. The INSPECTOR will sign all material tickets, at the site, previously signed by the materials testing firm's representative, indicating the INSPECTOR'S approval of the materials to be installed.

k. The ENGINEER shall require the CONTRACTOR to check all of the CONTRACTOR's equipment before it is used on the PROJECT to assure that it meets the requirements of the TECHNICAL SPECIFICATIONS and STANDARD SPECIFICATIONS, for the sole purpose of quality assurance. The CITY or ENGINEER shall stop the PROJECT at any time if the equipment is not in accordance with TECHNICAL SPECIFICATIONS and STANDARD SPECIFICATIONS.

l. When all pay items have been completed; the ENGINEER shall hold a semi-final review and give the CONTRACTOR a written "Punch List" of items to be completed prior to the ENGINEER's recommendation for acceptance of the PROJECT. When the CONTRACTOR has completed the work on the Punch List to the satisfaction of the ENGINEER, a written recommendation for acceptance of the PROJECT will be submitted to the PROJECT MANAGER.

m. Upon written certification by the ENGINEER that the PROJECT has been completed in accordance with the contract documents, the PROJECT MANAGER will conduct a final review. Following the PROJECT MANAGER's concurrence with the recommendation for acceptance, the ENGINEER shall submit the final estimate and close out documents to the CITY. The date of receipt of the final payment by the CONTRACTOR will be the date of acceptance of the PROJECT by the CITY.

4. Progress Review

a. The ENGINEER will be required to maintain strict review of progress of the PROJECT's construction. A monthly time report shall be submitted to the PROJECT MANAGER and to the CONTRACTOR with each monthly estimate.

b. Any discrepancies between the CONTRACTOR and the ENGINEER regarding the monthly calendar day charge must be resolved immediately. Discrepancies not resolved within ten (10) calendar days of the original report date shall be documented by the ENGINEER and delivered to the PROJECT MANAGER. At this time, the PROJECT MANAGER will intervene and resolve the dispute. The PROJECT MANAGER's resolution shall be accepted by and binding on both the ENGINEER and the CONTRACTOR. If the CONTRACTOR has not informed the ENGINEER in writing of any disagreement with the monthly calendar day charge within ten (10) calendar days of the original report date, such monthly calendar day charge shall be deemed accepted by the CONTRACTOR. When the work has been stopped by reasons beyond the CONTRACTOR's control, such as weather, unacquired right-of-way, utility obstructions, etc., it will be the duty of the ENGINEER to notify the CONTRACTOR when work and time charges can resume.

c. The ENGINEER will upload daily updates including progress photos to E-Builder.

d. The ENGINEER will review the CONTRACTOR's schedule and ensure it is updated weekly and provided to the CITY.

5. PROJECT Closeout

a. "As Built" plans that clearly delineate any changes from the original "As Bid" plans shall be submitted to the PROJECT MANAGER within thirty (30) working days of the acceptance for maintenance of the PROJECT. One bound copy of all test reports for the PROJECT will be submitted with these plans. The "As-Built" plans with any changes from "As Bid" plans shall be prepared and submitted by the PROJECT ENGINEER.

b. All final quantities shall be prepared and all necessary supporting information shall be submitted with the "As Built" plans to the PROJECT MANAGER. This information, including copies of the daily diary and calculations by which the final quantities were determined shall be submitted in accordance with the TECHNICAL SPECIFICATIONS and STANDARD SPECIFICATIONS. ENGINEER shall submit to the CITY all documentation required for PROJECT closeout as outlined in Exhibit D.

IV. MUTUAL AGREEMENT

It is mutually agreed by the parties hereto as follows:

A. The ENGINEER agrees to start work on the professional services outlined herein within ten (10) calendar days after issuance of and in accordance with a NOTICE TO PROCEED. The CITY and the ENGINEER shall mutually agree upon the schedule and completion time for Professional Services under this CONTRACT.

B. This CONTRACT may be terminated by the CITY for any reason, with or without cause, by providing thirty (30) calendar days written notice to the ENGINEER. In the event of termination, all finished and unfinished documents, data, studies, surveys, drawings, maps, models, photographs, perspectives, and reports prepared by the ENGINEER shall, upon payment of all amounts due ENGINEER, become the property of the CITY. Any use of such documents by the CITY or others on any Project other

than the Project which is the subject of this Agreement is not advised and shall be done without warranty, representation or liability to any extent whatsoever on the part of ENGINEER. In the event of termination, the ENGINEER shall be compensated for services performed prior to termination. Such compensation shall be negotiated at the time of termination and as based on Section V.A, " ed Services". The CITY may notify the ENGINEER, in writing, to suspend, delay, or interrupt all or any part of the work for the CITY's convenience, due to events beyond the control of the CITY, or for any other reasons. After the CITY suspends the PROJECT for more than ninety (90) consecutive calendar days, the ENGINEER may terminate this CONTRACT by giving thirty (30) calendar days written notice.

C. The CITY and the ENGINEER each binds itself, its successors, and assigns to the other party in respect to all covenants of this CONTRACT. Neither party shall transfer or assign this contract or the license or any of the rights or privileges granted herein without the prior written consent of the other Party ; which such consent shall be granted or denied solely at the other Party's discretion.

D. All covenants, agreements, and stipulations of this CONTRACT shall remain in full force until completion of construction of the PROJECT encompassed herein or for a period of two (2) years from the date of this CONTRACT, whichever occurs first. The CONTRACT time may be extended by mutual CONTRACT between the CITY and the ENGINEER, provided that nothing contained in this CONTRACT will be deemed to limit or to reduce the ENGINEER's duties and responsibilities for providing professional engineering services, nor to limit or reduce ENGINEER's liability for any breach thereof.

V. BASIS OF PAYMENT

Any language to the contrary in this CONTRACT notwithstanding, all payments to the ENGINEER for professional engineering services as identified in Section V shall be made only in return for work actually performed in completion of the PROJECT and properly documented to the CITY. All payments to the ENGINEER for such work performed shall be compensated at the cost stated in the PROPOSAL and rates stated in the ENGINEER'S Hourly Rates, which is incorporated into this CONTRACT in Exhibit C. In all instances where compensation amounts are based upon or associated with a percentage of completion calculation, that percentage of completion calculation shall be determined by the PROJECT MANAGER.

A. CONTRACTED SERVICES

Subject to the provisions below and upon receipt by CITY of the deliverables listed in Section III, CITY agrees to pay the ENGINEER, as compensation for such professional engineering services, as shown in the PROPOSAL and the ENGINEER'S Hourly Rates in Exhibit C and as authorized by the CITY as follows:

1. It is mutually agreed that compensation to the ENGINEER will be as follows:

   a. After receipt of a NOTICE TO PROCEED from the CITY, the ENGINEER shall perform Construction Phase services in accordance with Section III.A of this CONTRACT.

   b. Upon letting of the contract for construction of this PROJECT, compensation to the ENGINEER shall continue to be based on work performed and

documented but shall be limited to the percentage completion of the construction, which such percentage of completion shall be determined by the PROJECT MANAGER. The ENGINEER's invoice shall be submitted with the CONTRACTOR'S monthly estimate. Full payment cannot be paid to the ENGINEER until all close out documents have been received and retainage is released to the CONTRACTOR. See Exhibit D for requirements for closing the PROJECT. The Professional Engineering Services cost attached hereto as stated in the PROPOSAL, and in Exhibit B, sets out the maximum amount to be disbursed for work performed under Section III, and will be based on the hourly rates in Exhibit C, unless otherwise authorized by the CITY in its sole discretion. Payment for work performed in Section III of this CONTRACT shall not exceed $1,481,507.84 (One Million Four Hundred and Eighty-One Thousand Five Hundred Seven Dollars and Eighty-Four Cents).

c. Failure to perform any service identified in a NOTICE TO PROCEED shall result in an equitable deduction from ENGINEER's compensation, without limitation or waiver of any other remedy available to CITY for such failure.

d. In the event of termination of this CONTRACT due to failure by the ENGINEER to perform any and/or all of the ENGINEER's obligations in the prompt and efficient manner satisfactory to the CITY, the CITY will have the right to employ one or more other engineers of its choice to complete the PROJECT. The ENGINEER will reimburse the CITY all costs, fees and expenses which may result from such termination and employment of other engineers.

VI. INDEMNITY AND INSURANCE REQUIREMENTS

A. INDEMINIFICATION: The ENGINEER shall indemnify and hold harmless CITY and its officers, elected officials, agents, representatives, and employees for any and all claims, injuries, losses, diminution in value, damages, liabilities, whether or not currently due, and related expenses to the extent caused by any negligence, recklessness, intentional tort, intellectual property infringement, or failure to pay a subconsultant or supplier that is committed by ENGINEER or the ENGINEER'S agent, ENGINEER under contract, or other entity for which ENGINEER is legally liable. The parties acknowledge and agree that this contract requires ENGINEER to procure and maintain professional liability insurance that satisfies the named requirements. ENGINEER shall reimburse the CITY for its reasonable attorney fees, damages, losses, injuries, or other litigation costs in proportion to ENGINEER'S liability, or in proportion to the extent ENGINEER participates in resolution of a claim also made against the CITY. The parties acknowledge and agree that nothing in the foregoing shall be construed to require ENGINEER to indemnify, hold harmless or defend the CITY except as permissible under Acts of Alabama 2021-318, or subsequent codifications thereof.

STANDARD OF PERFORMANCE: ENGINEER shall perform all professional services under this contract with the professional skill and care ordinarily provided by a similar design professional practicing under the same or similar circumstances and professional licenses at the same time and in the same locale and performing the same or similar services as expeditiously as is prudent considering the ordinary professional skill and care.

XIV. DEFAULT/ BREACH.

Default. Default, for purposes of this contract, shall include, but is not limited to, any of the following: 1) failure to perform the work or provide the services in accordance with

the terms of the contract, 2) failure to meet established deadlines or schedules, due to ENGINEER'S breach of its Standard of Care or its negligent acts, errors or omissions 3) substandard or non-compliant work or services, 4) failure to comply with applicable laws, regulations, or permits, including state and federal law, local ordinances and any federal grant requirements, 5) failure to make payments to subcontractors or suppliers, 6) failure to communicate adequately with the CITY regarding progress or issues, 7) unauthorized assignment or transfer of the contract without prior written consent from the CITY, 8) failure to correct deficiencies after receiving written notice from the CITY, specifying in detail the alleged deficiencies 9) misrepresentation or falsification of information provided in contract proposals or during performance,10) failure to maintain required insurance coverage, 11) use of unapproved subcontractors or failure to supervise subcontractors adequately, 12) unauthorized use of CITY property, equipment, or resources, 13) failure to comply with applicable safety standards, resulting in hazardous conditions or accidents, 14) violation of confidentiality or data protection requirements outlined in the contract, 15) breach of warranties related to the compliance by ENGINEER with its Standard of Care in the services provided, 16) failure to provide required reports, documentation, or certifications within specified timelines, 17) delays caused by inadequate staffing, equipment, or materials, 18) failure to replace defective or non-compliant materials or equipment within a reasonable time-frame, 19) violation of environmental regulations, including improper disposal of hazardous materials, 20) failure to cooperate with CITY designated officials during site visits or reviews, 21) failing to comply with written directives from the CITY to correct specific issues or deficiencies, 22) subcontractor abandonment or unauthorized substitution of key personnel, 23) unauthorized cessation of work or delays caused by disputes with subcontractors, 24) misuse of funds allocated for specific tasks or deliverables, 25) failure to meet minority, small business, or other subcontracting goals as specified in the contract, 26) failure to maintain adequate security measures for sensitive information or physical assets, 27) failure to address health and safety violations that result in injury or property damage, 28) providing false claims for payments, reimbursements, or change orders, 29) failing to meet requirements for workforce certifications or qualifications outlined in the contract, 30) failure to disclose debarment or loss of required license.

XV. EFFECT OF DEFAULT

A. Upon the occurrence of default, CITY shall have rights which include but are not limited to (i) the right to keep this CONTRACT in effect and sue ENGINEER for all damages caused by the default and recover the cost thereof; (ii) the right to cure any such default by ENGINEER and to recover any damages caused thereby; and (iii) the right to terminate this CONTRACT either as to the entire Project or part thereof, in either case by giving ENGINEER written notice of such termination. In the event of termination of this CONTRACT by the CITY because of the ENGINEER'S default or breach, the CITY may, upon payment of all amounts previously invoiced and due ENGINEER take possession of all materials, thereon owned by the ENGINEER and may finish the Project by whatever method and means CITY may select subject to its obligation to reasonably mitigate.

XVI. WITHHOLDING PAYMENT DUE

Default by ENGINEER shall excuse any obligation of CITY to pay compensation or sums otherwise due ENGINEER over and above any sums necessary to cure the alleged default under the CONTRACT. CITY may withhold any and all such sums if there has been a default or breach by ENGINEER of any provision of this CONTRACT.

XVII. CURE PLAN

If ENGINEER fails to comply with any material provision of this CONTRACT, the CITY shall issue a specific and detailed written notice requiring ENGINEER to submit a corrective action plan (CAP) within such time as CITY directs. If ENGINEER fails to provide an acceptable CAP or does not cure the breach within the time frame specified, the CITY may terminate this CONTRACT.

XVIII. EFFECT OF DEFAULT ON FUTURE COMPETITIVE BIDDING

Failure by the ENGINEER to perform in accordance with the terms, conditions, and specifications of this CONTRACT, including but not limited to failure to complete work within the specified time frame, due to the ENGINEER'S breach of its Standard of Care or its negligent acts, errors or omissions failure to meet quality or safety standards, or abandonment of the project, and any other breach as defined herein, may be considered by CITY in evaluating the ENGINEER's status as a 'responsible bidder' as defined under Alabama law in future competitive bid determinations within the parameters of acceptable evaluation.

XIX. MISCELLANEOUS

A. This CONTRACT constitutes the sole and complete understanding between the parties and supersedes all CONTRACTs between them, whether oral or written with respect to the subject matter. No Amendment, change or addendum to this CONTRACT is enforceable unless agreed to in writing by both parties and incorporated into this CONTRACT.

B. The language of this CONTRACT shall be construed, in all cases, according to its fair meaning and not for or against any party hereto.

C. The parties hereto do not intend nor shall this CONTRACT be construed to grant any rights, privileges or interest to any third party.

D. Time is of the essence, subject to ENGINEER'S Standard of Care, with regard to each and every aspect of the ENGINEER's performance under this CONTRACT.

E. The rights and remedies of the CITY provided for under this CONTRACT are in addition to any other rights and remedies provided by law.

F. If the ENGINEER is comprised of more than one legal entity, each entity shall be jointly and severally liable hereunder.

G. The exercise by either party of any rights or remedies provided herein shall not constitute a waiver of any other rights or remedies available under this CONTRACT or any applicable law.

H. If any term, condition, or covenant of this CONTRACT is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this CONTRACT shall be valid and binding on each party.

I. The parties covenant and agree that each is duly authorized to enter into and perform this CONTRACT and those executing this CONTRACT have all requisite power and authority to bind the parties.

J. Neither the CITY's review, approval or acceptance of, nor payment for, the services required under this CONTRACT shall be construed to operate as a waiver of any rights under this CONTRACT or of any cause of action arising out of the performance of this CONTRACT.

K. Paragraph headings are for the convenience of the parties and for reference purposes only and shall be given no legal effect.

L. In the event of conflicts or inconsistencies between the provisions of this CONTRACT and those in any attachment or Exhibit hereto, then the provisions of this CONTRACT will take precedence and be applicable, binding and enforceable.

M. Preparation of CONTRACT. All provisions of this CONTRACT have been subject to full and careful review by and negotiation between ENGINEER and CITY. Each such party has availed itself of such legal advice and counsel as it, respectively, has deemed appropriate. The parties hereto agree that neither one of them shall be deemed to be the drafter or author of this CONTRACT, and in the event this CONTRACT is subject to interpretation or construction by a court of law or panel of arbitration, such court or panel shall not construe this CONTRACT or any portion hereof against either party as the drafter of this CONTRACT.

N. Entire CONTRACT. This CONTRACT embodies the entire CONTRACT and understanding between the parties pertaining to the subject matter of this CONTRACT, and supersedes all prior CONTRACTs, understandings, negotiations, representations and discussions, whether verbal or written, of the parties pertaining to that subject matter.

O. Binding Effect. The provisions of this CONTRACT shall bind and inure to the benefit of the parties and their respective successors and permitted assigns.

P. Counterparts. This CONTRACT may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute a single CONTRACT.

Q. Amendment and Waiver. This CONTRACT may be amended, modified or supplemented only by a writing executed by each of the parties. Any party may in writing waive any provisions of this CONTRACT to the extent such provision is for the benefit of the waiving party. No action taken pursuant to this CONTRACT shall be deemed to constitute a waiver by that party of any other party's compliance with provisions of this CONTRACT. No waiver by any party of a breach of any provision of this CONTRACT shall be construed as a waiver of any subsequent or different breach, and no forbearance by a party to seek a remedy for noncompliance or breach by another party shall be construed as a waiver of any right or remedy with respect to such noncompliance or breach.

R. Attorney's Fees and Costs. If the CITY is required to take legal action to enforce this contract, the contractor agrees to reimburse the CITY for all reasonable attorney's fees and associated costs incurred.

S. Non-Waiver of Rights. Failure by the CITY to enforce any provision of this contract shall not be deemed a waiver of its rights to enforce any other provision or the same provision in the future.

T. Sovereign Immunity. Nothing in this CONTRACT shall be construed as a waiver of any governmental, sovereign, or other immunity by the CITY, its officials, or employees. All defenses and limitations of liability provided by law remain fully applicable.

AFFIDAVIT OF VENDOR / CONTRACTOR

Before me, a Notary public, personally appeared Thomas A. Hand (affiant) who, being duly sworn says as follows:

Chairman/CEO of Volkert, Inc.

As a condition for the award of a contract by the City of Mobile to a business entity or employer that employs one or more employees, I hereby attest that in my capacity as CEO for Volkert, Inc. that said employer shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien.

By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate Federal Immigration Law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

I further attest that said Volkert is enrolled in the E-Verify program. The Company ID Number in the E-Verify program is as follows: 105558.

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and Volkert, Inc. (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify

case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

a. Scanning and uploading the document, or

b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to,

Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

RESOLUTION

Sponsored by Mayor William S. Stimpson and Councilmember William Carroll

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA that the City hereby accepts the following temporary construction easement for the Project Number 2024-3005-19, Miscellaneous Drainage Repairs Part 2, Toulmins Spring Branch East of Wilson Avenue:

1. Temporary Construction Easement from Port City Cleaners, Inc., 662 South Wilson Avenue.

SAID document with sketch being attached hereto and made a part hereof as fully as if set forth herein.

Adopted:

_____
City Clerk

TEMPORARY CONSTRUCTION EASEMENT

STATE OF ALABAMA

COUNTY OF MOBILE

This indenture made this 7th day of October, 2025, PORT CITY CLEANERS, INC., an Alabama corporation (hereinafter "Grantor"), and the CITY OF MOBILE, a Municipal corporation, organized and existing under the laws of the State of Alabama (hereinafter "Grantee").

W I T N E S S E T H:

That the Grantor is the owner of the real property located at 662 South Wilson Avenue; Mobile, Alabama 36610.

That the Grantor, in consideration of the sum of ONE DOLLAR and 00/100's ($1.00) paid by the Grantee, the receipt whereof is hereby acknowledged, and for the further consideration of the general public benefit which will accrue to the neighborhood and the benefit which will accrue to our property, does hereby grant and convey to the said Grantee, its successors and assigns, full and free right, liberty and authority to enter upon and to use the lands hereinafter described for the operation and storage of such equipment and materials as may be necessary in the construction of the drainage improvements on adjacent land for **Project Number 2024-3005-19, Miscellaneous Drainage Repairs Part 2, Toulmins Spring Branch East of Wilson Avenue**, said easement being on and across the lands described in **Exhibit A and Exhibit B** attached hereto.

TO HAVE AND TO HOLD the said temporary construction easement unto the Grantee its successors and assigns until twelve months after the Grantee completes construction of the above named Project, it being understood that the work will be done in an orderly manner and any property disturbed by the Grantee will be returned to a condition substantially the same as it was

on the date work started on the above-described property. And for and in consideration of the above, Grantors hereby release Grantee from all consequential damages, present or prospective to the property of Grantors, arising out of construction, maintenance or repair of said easement.

IN WITNESS WHEREOF, we have hereunto set our hands and seals this the 7th day of October, 2025.

A RESOLUTION OF THE CITY COUNCIL OF MOBILE REGARDING THE REVOCATION OR SUSPENSION OF THE CITY BUSINESS LICENSE OF PHAT TUESDAY SPORTS BAR, LLC

WHEREAS the City Council of Mobile is empowered under Mobile City Code §34-64(a)–(b) to revoke, suspend, or refuse renewal of any business license issued by the City when the licensee, its agents, or employees violate provisions of the City Code or state law relating to the licensed business; and

WHEREAS proper written notice of a public hearing, as required by §34-64(c), was issued to Phat Tuesday Sports Bar, LLC, c/o Robert L. King, III, registered agent/member, on September 12, 2025; WITH SERVICE AFFIRMED BY City staff; and

WHEREAS on September 23, 2025, the Council held a duly noticed public hearing to consider the proposed revocation or suspension of the City business license for Phat Tuesday Sports Bar, LLC, 1608 St. Stevens Road, Mobile, Alabama 36603; and

WHEREAS the Council reviewed the Chronological Incident Index (Exhibit A) documenting violations, arrests, and public-safety issues from January 2022 through August 2025, heard testimony from City staff, law-enforcement officers, and other witnesses, and received evidence offered by or on behalf of the licensee.

FINDINGS OF FACT

After considering all evidence, the City Council finds:

1. **Alcohol violations:** On July 26, August 6, and August 10, 2025, alcoholic beverages were sold after 2:00 a.m. and/or on Sunday in violation of state law and ABC regulations; an ABC citation issued August 10, 2025.

2. **Controlled substances:** Controlled buys of marijuana occurred on multiple dates between February 2022 and August 2025 inside the premises.

3. **Weapons and violence:** Numerous calls for service (274 between Jan. 2022–July 2025) included shootings, assaults, and large fights, presenting threats to public safety.

4. **Search warrant & arrest:** On August 14, 2025, MPD executed a search warrant at the premises, recovered a handgun, and arrested an owner for Certain Persons Forbidden.

5. **Illegal gambling devices:** Gambling machines were documented and seized during operations, including on April 26, 2022.

6. These facts establish violations of City Code and state law relating to the licensed business and show that the operation has led to circumstances detrimental to the public health, safety, and welfare within the meaning of §34-64(e)(2).

CONCLUSIONS OF LAW

- The above Findings constitute grounds under Mobile City Code §34-64(a) for revocation or suspension of the business license of Phat Tuesday Sports Bar, LLC.

- The Council further concludes, pursuant to §34-64(e)(2), that operation of the business at 1608 St. Stephens Road has created circumstances detrimental to the public health, safety, and welfare and, therefore, warrants the premises-based restrictions provided in that section.

ORDER

NOW, THEREFORE, BE IT RESOLVED by the City Council of Mobile:

1. The City business license of Phat Tuesday Sports Bar, LLC, License No. 94813, for operation at 1608 St. Stephens Road, Mobile, Alabama, is hereby:

   ☐ **REVOKED**, effective immediately upon adoption of this Resolution;

   ☐ **SUSPENDED** for a period of [__] months beginning [date], with reinstatement conditioned on [security plan / hours / cameras / compliance training];

   ☐ **NON-RENEWED**, effective [date].

2. Pursuant to §34-64(e)(1), no new business license shall be issued to the licensee or its affiliates for twelve (12) months following revocation/suspension.

3. Pursuant to §34-64(e)(2), no new license shall be issued for the operation of the same or similar business at the premises for twelve (12) months from the effective date.

4. The licensee shall cease all business operations requiring a City license as of the effective date and shall surrender the license certificate to the Revenue Department within 24 hours.

5. Operating without a valid license after revocation or during suspension may result in citation, injunction, or other enforcement as allowed by law.

NOW, THEREFORE, BASED UPON THE EVIDENCE PRESENTED, BE IT RESOLVED BY THE CITY COUNCILOF THE CITY OF MOBILE that the license of the business **PHAT TUESDAY SPORTS BAR. LLC** is hereby revoked.

BE IT FURTHER RESOLVED the City Clerk of the City shall mail a certified copy of this resolution by registered or certified mail to the interested persons listed above.

PURPOSE: In order to amend a Limited Liability Company's (LLC) Certificate of Formation/Articles of Organization under Section 10A-1-3.13 and 10A-5-2.03 of the Code of Alabama 1975 this Amendment and the appropriate filing fees must be filed with the Office of the Judge of Probate in the county where the LLC was initially formed/ incorporated.

INSTRUCTIONS: Mail one (1) signed original and two (2) copies of this completed form and the appropriate filing fee to the Office of the Judge of Probate in the county where the LLC's Certificate of Formation was recorded. Contact the Judge of Probate's Office to determine the county filing fees. Make a separate check or money order payable to the **Secretary of State for the state filing fee of $50.00 for standard processing or $150.00 if expedited processing within 3 business days of receipt by the Office of the Secretary of State is requested (10A-1-4.31)** and the Judge of Probate's Office will transmit the fee along with a certified copy of the Amendment to the Office of the Secretary of State within 10 days after the filing is recorded. Once the Secretary of State's Office has indexed the filing, the information will appear at www.sos.alabama.gov under the Government Records tab and the Business Entity Records link – you may search by entity name or number. You may pay the Secretary of State fees by credit card if the county you are filing in will accept that method of payment (see attached). Your Amendment will not be indexed if the credit card does not authorize and will be removed from the index if the check is dishonored.

This form must be typed or laser printed.

1. The name of the Limited Liability Company from the Certificate of Formation/Articles of Organization: Phat Tuesday Sports Bar LLC
2. The date the Certificate of Formation was filed in the county: 12/21/12 (format MM/DD/YYYY)
3. RESOLUTION SETTING A PUBLIC HEARING TO CONSIDER THE REVOCATION OF THE BUSINESS LICENSE OF ROBERT L. KING, D/B/A PHAT TUESDAY SPORTS BAR FOR VIOLATING THE LAWS AND ORDINANCES OF THE CITY OF MOBILE, ALABAMA

FINDINGS.

1. On March 2nd, 2025, Phat Tuesday Sports Bar was re-issued a business license to operate a drinking establishment at 1608 St. Stephens Road, a location within the corporate limits of the city.

2. On July 26, August 6, and August 10, 2025, alcoholic beverages were sold after 2:00 a.m. and/or on Sunday in violation of state law and ABC regulations; an ABC citation issued August 10, 2025.

3. Controlled buys of marijuana occurred on multiple dates between February 2022 and August 2025 inside the premises.

4. Numerous calls for service (274 between Jan. 2022–July 2025) included shootings, assaults, and large fights, presenting threats to public safety.

5. On August 14, 2025, MPD executed a search warrant at the premises, recovered a handgun, and arrested an owner for Certain Persons Forbidden.

6. Gambling machines were documented and seized during operations, including on April 26, 2022.

7. These facts establish violations of City Code and state law relating to the licensed business and show that the operation has led to circumstances detrimental to the public health, safety, and welfare within the meaning of §34-64(e)(2):

> No new license shall be issued for a period of twelve (12) months for the operation or conduct of any business that is the same, or of similar nature, as that engaged in by the licensee at the premises or location at which the licensee conducted such business if the revocation or non-renewal of the license is based, in whole or in part, on:

a. A finding that the operation of such business at such premises or location has led to or resulted in the creation of a nuisance; or

b. A finding that the operation of such business at such premises or location has created, caused or led to circumstances that are detrimental to adjacent residential neighborhoods; or

c. A finding that the operation of such business at such premises or location has created, caused, or led to circumstances that are detrimental to the public health, safety or welfare; or

d. A finding that the operation of such business at such premises or location has resulted in a violation of applicable zoning restrictions or regulations; or

e. A finding that the licensee, his agent, servant or employee has permitted or suffered to allow habitual conduct which violates applicable state laws or regulations or city ordinances relating to the business for which such license is issued.

8. Section 34-64 of the City Code provides:

> Any lawful license issued to any person to conduct any business shall be subject to revocation or suspension by the city council for the violation by the licensee, his agent, servant, or employee, of any provision of this Code or of any ordinance of the city, or any statute of the state relating to the business for which such license is issued; and shall also be subject to revocation or suspension by the council if the licensee, his agent, servant, or employee, under color of such license violates or aids or abets in violating or knowingly permits or suffer to be violated any penal ordinance of the city or any criminal law of the state; and shall also be subject to revocation or suspension by the council if, in connection with the issuance or renewal of any license, the licensee or his agent filed or caused to be filed any application, affidavit, statement, certificate, book, or any other data containing any false, deceptive, or other misleading information or omission of material fact.

Now, therefore, be it resolved by the City Council of the City of Mobile, Alabama as follows:

9. That there is reasonable cause to believe that Robert L. King is operating a business that has led to circumstances detrimental to the public health, safety, and welfare within the meaning of §34-64(e)(2);

10. That this matter is hereby set for a hearing to consider the revocation of said license on October 14th, 2025, at 10:30 a.m. in the Council Chambers located at 205 Government Street, Mobile, Alabama;

11. That a copy of this Resolution shall be personally served upon the licensee not less than 10 days before the date set for the hearing;

12. That on the date appointed for the hearing, the council shall hear all evidence offered by any party and consider all evidence that may be presented bearing upon the question of revocation of the license; and

13. That following the hearing the council will render a decision on the proposed revocation in accordance with Chapter 34 of the City Code.

Dear Applicant(s)/ Property Owner (s):

At its meeting on August 21, 2025, the Planning Commission considered the above referenced application.

After discussion the Planning Commission determined the following Findings of Fact to support the request for a Conditional Use Permit:

1. The request is consistent with all applicable requirements of this Chapter, including:

   a) Any applicable development standards; and
   b) Any applicable use regulations.

2. The request will not impede the orderly development and improvement of surrounding property; and
3. Having considered the applicable factors, the request will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood or be more injurious to property or improvements in the neighborhood.
4. The request will be adequately served by water and sanitary sewer services;
5. The request is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
6. The request shall not be detrimental to or endanger the public health, safety or general welfare.
7. The proposed use will meet the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

As such, the Planning Commission voted to recommend approval of the Conditional Use Permit to City Council, subject to the following conditions:

1. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,
2. Full compliance with all municipal codes and ordinances.

Good morning,

We have completed our review of the above-referenced Short Term Rental Conditional Use Permit application and determined that it is **partially complete**.

An invoice for the application fees has been issued. Once payment is received, the application will be placed on the appropriate Planning Commission agenda. However, **please note** that a **complete legal description** of the subject property (not the abbreviated version currently provided) is required in order to calculate the City Council advertising fees.

Following the Planning Commission's recommendation, this full legal description must be submitted to the Planning and Zoning Department **before** the application can proceed to the City Council for final consideration.

IMPORTANT
The City of Mobile Planning and Zoning Department will **never request payment via wire transfer** or any other suspicious method. If you receive any questionable communication claiming to be from our department, please report it immediately to: planning@cityofmobile.org.

If you have any questions or need further assistance, please don't hesitate to reach out.

Thank you for the Neighborhood Meeting documents.

As mentioned in my email, please complete the following:

1. **Correct Application Submission:**
   Please submit the appropriate application via the Customer Self-Service (CSS) Portal. The correct Plan Type is **"Short Term Rental - Conditional Use Permit"** and can be found further down the list of available applications. ***You submitted the correct paper application, we need you to please submit the correct online application ("Short Term Rental - Conditional Use Permit" instead of "Conditional Use Permit.")***

2. **Notification Labels:**
   - Resubmit your notification labels, ensuring that all portions of names and addresses are fully visible. ***Our staff cannot print what you provided within the template of our mailing labels as some of them are cut-off or askew.***
   - Remove any duplicate labels to avoid unnecessary charges.

3. **Site Plan Requirements:**
   Provide a site plan that includes all items listed on **Page 4** of the Short-Term Rental application and meets any applicable requirements of **Article 10** of the Unified Development Code (**Pages 6–7**).
   - Aerial photographs are not sufficient.
   - A hand-drawn plot plan is acceptable, provided it includes all required dimensions.

Applicant or Agent Signature (if applicable) — Date: 6/7/25

I, the undersigned, constituting the owner of the hereinafter described real property do hereby execute and file with the City of Mobile this written application requesting that my property as described be issued a Conditional Use Permit for a Short-Term Rental in the City of Mobile, Alabama.

Furthermore, I certify that said property shall comply with the site and design criteria of Article 5, Section 64-5-6.E.11.(g) suitable for consideration of a Conditional Use Permit for Short-Term Rentals, to wit:

(1) There shall be no on-site employees.
(2) The establishment shall not serve meals.
(3) Guest rooms shall not contain cooking facilities.
(4) A valid City of Mobile business license must be obtained for each discrete Short-Term Rental location and the business license number must be stated on any advertisement or listing for each Short-Term Rental. Provided, however, that Short-Term Rentals containing multiple units within a single structure that can be rented separately shall only be required to obtain a single license for each structure.
(5) No signage or advertising copy such as Vacancy/No Vacancy, Rent/Lease, etc. is permitted.
(6) The name and telephone number of a local responsible party shall be conspicuously posted within each Short-Term Rental. The local responsible party shall answer and respond to calls twenty-four (24) hours a day, seven (7) days a week for the duration of each Short-Term Rental period to address problems or complaints associated with the Short-Term Rental.
(7) Each Short-Term Rental must meet applicable building and fire codes and be equipped with the following safety equipment and features:
   a. Operational smoke and carbon monoxide detectors.
   b. One (1) 2.5 lb. Class A-B-C fire extinguisher per floor.
   c. Prominently displayed and legible 9-1-1 address on building exterior

I further certify that I hereby agree to allow the City of Mobile to post on my property, which is under consideration for Planning Commission/City Council approval, a sign notifying the general public of said request. I understand that the City of Mobile will erect and maintain said sign for the prescribed period of time.

IN WITNESS WHEREOF, I have hereunto subscribed my name this the 7th day of June 2025

Commercial Mortgage, Security Agreement and Assignment of Leases and Rents

This COMMERCIAL MORTGAGE, SECURITY AGREEMENT AND ASSIGNMENT OF LEASES AND RENTS (this *"Mortgage"*) is entered into as of May 1, 2023, between R & P INVESTING LLC , a Tennessee limited liability company, with an address of 710 E. CAMBELL RD, MADISON, TN 37115 (the *"Mortgagor"*) and Cadence Bank, a Mississippi State Chartered Bank, with an address of 402 South Broad Street, Scottsboro, AL 35768 (the *"Bank"*).

The real property which is the subject matter of this Mortgage has the following address(es): 2316 W. HILLWOOD DR, MOBILE, AL 36605 (the *"Address(es)"*).

1. Mortgage, Obligations and Future Advances

1.1 Mortgage. For valuable consideration paid and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Mortgagor hereby irrevocably and unconditionally mortgages, grants, bargains, transfers, sells, conveys, sets over and assigns to Bank and its successors and assigns forever, WITH MORTGAGE COVENANTS, all of Mortgagor's right, title and interest in and to the Property described below, to secure the prompt payment and performance of the Obligations (as hereinafter defined), including without limitation, all amounts due and owing to Bank and all obligations respecting that certain One Year Adjustable Term Note, dated May 1, 2023, by R & P INVESTING LLC in favor of Bank in the original principal amount of $400,000.00 (the *"Note"*; and collectively, along with all other agreements, documents, certificates and instruments delivered in connection therewith, the *"Loan Documents"*), and any substitutions, modifications, extensions or amendments to any of the Loan Documents.

The latest Obligation secured by the Mortgage matures on April 30, 2043.

1.2 Security Interest in Property. As continuing security for the Obligations the Mortgagor hereby pledges, assigns and grants to the Bank, and its successors and assigns, a security interest in any of the Property (as hereinafter defined) constituting personal property or fixtures. This Mortgage is and shall be deemed to be a security agreement and financing statement pursuant to the terms of the *Uniform Commercial Code of Alabama* (the *"Uniform Commercial Code"*) as to any and all personal property and fixtures and as to all such property the Bank shall have the rights and remedies of a secured party under the Uniform Commercial Code in addition to its rights hereunder. This Mortgage constitutes a financing statement filed as a fixture filing under Section 7-9-502(c) of the Uniform Commercial Code covering any Property which now is or later may become a fixture.

1.3 Collateral Assignment of Leases and Rents. The Mortgagor hereby irrevocably and unconditionally assigns to Bank, and its successors and assigns, as collateral security for the Obligations all of the Mortgagor's rights and benefits under any and all Leases (as hereinafter defined) and any and all rents and other amounts now or hereafter owing with respect to the Leases or the use or occupancy of the Property. This collateral assignment shall be absolute and effective immediately, but the Mortgagor shall have a license, revocable by Bank, to continue to collect rents owing under the Leases until an Event of Default (as hereinafter defined) occurs and Bank exercises its rights and remedies to collect such rents as set forth herein.

1.4 Conditions to Grant. Bank shall have and hold the above granted Property unto and to the use and benefit of Bank, and its successors and assigns, forever; provided, however, the conveyances, grants and assignments contained in this Mortgage are upon the express condition that, if Mortgagor shall irrevocably pay and perform

the Obligations in full, including, without limitation, all principal, interest and premium thereon and other charges, if applicable, in accordance with the terms and conditions in the Loan Documents and this Mortgage, shall pay and perform all other Obligations as set forth in this Mortgage and shall abide by and comply with each and every covenant and condition set forth herein and in the Loan Documents, the conveyances, grants and assignments contained in this Mortgage shall be appropriately released and discharged.

1.5 Property. The term *"Property"*, as used in this Mortgage, shall mean that certain parcel of land and the fixtures, structures and improvements and all personal property constituting fixtures, as that term is defined in the *Uniform Commercial Code*, now or hereafter thereon located at the Address(es), as more particularly described in Exhibit A attached hereto, together with: (i) all rights now or hereafter existing, belonging, pertaining or appurtenant thereto; (ii) the following categories of assets as defined in the Uniform Commercial Code: goods (including inventory, equipment and any accessions thereto), instruments (including promissory notes), documents, accounts (including health-care-insurance receivables), chattel paper (whether tangible or electronic), deposit accounts, letter-of-credit rights (whether or not the letter of credit is evidenced by a writing), securities and all other investment property, general intangibles (including payment intangibles and software), supporting obligations and any and all proceeds of any thereof, whether now owned or hereafter acquired, that are located on or used in connection with, or that arise in whole or in part out of the Mortgagor's use of or business conducted on or respecting, the Property and any substitutions, replacements, accessions and proceeds of any of the foregoing; (iii) all judgments, awards of damages and settlements hereafter made as a result or in lieu of any Taking, as hereinafter defined; (iv) all of the rights and benefits of the Mortgagor under any present or future leases and agreements relating to the Property, including, without limitation, rents, issues and profits, or the use or occupancy thereof together with any extensions and renewals thereof, specifically excluding all duties or obligations of the Mortgagor of any kind arising thereunder (the *"Leases"*); and (v) all contracts, permits and licenses respecting the use, operation or maintenance of the Property.

1.6 Obligations. The term *"Obligation(s)"*, as used in this Mortgage, shall mean, without limitation, all loans, advances, indebtedness, notes, liabilities and amounts, liquidated or unliquidated, now or hereafter owing by the Mortgagor to Bank at any time, of each and every kind, nature and description, whether arising under this Mortgage or otherwise, and whether secured or unsecured, direct or indirect (that is, whether the same are due directly by the Mortgagor to Bank; or are due indirectly by the Mortgagor to Bank as endorser, guarantor or other surety, or as obligor of obligations due third persons which have been endorsed or assigned to Bank, or otherwise), absolute or contingent, due or to become due, now existing or hereafter contracted, including, without limitation, payment of $400,000.00 of the amounts outstanding pursuant to the terms of the Loan Documents as set forth herein. Said term shall also include all interest and other charges chargeable to the Mortgagor or due from the Mortgagor to Bank from time to time and all advances, costs and expenses referred to in this Mortgage, including without limitation the costs and expenses (including reasonable attorney's fees) of enforcement of Bank's rights hereunder or pursuant to any document or instrument executed in connection herewith.

1.7 Cross-Collateral and Future Advances. It is the express intention of the Mortgagor that this Mortgage secure payment and performance of all of the Obligations, whether now existing or hereinafter incurred by reason of future advances by Bank or otherwise, and regardless of whether such Obligations are or were contemplated by the parties at the time of the granting of this Mortgage. Notice of the continuing grant of this Mortgage shall not be required to be stated on the face of any document evidencing any of the Obligations, nor shall such documents be required to otherwise specify that they are secured hereby.

2. Representations, Warranties, Covenants

2.1 Representations and Warranties. The Mortgagor represents and warrants that:

(A) This Mortgage has been duly executed and delivered by the Mortgagor and is the legal, valid and binding obligation of the Mortgagor enforceable in accordance with its terms, except as limited by bankruptcy, insolvency, reorganization, moratorium or other laws affecting the enforcement of creditors' rights generally;

(B) The Mortgagor is the sole legal owner of the Property, holding good and marketable fee simple title to the Property, subject to no liens, encumbrances, leases, security interests or rights of others, other than as set forth in detail in Exhibit B hereto (the *"Permitted Encumbrances"*);

(C) The Mortgagor is the sole legal owner of the entire lessor's interest in Leases, if any, with full power and authority to encumber the Property in the manner set forth herein, and the Mortgagor has not executed any other assignment of Leases or any of the rights or rents arising thereunder;

(D) As of the date hereof, there are no Hazardous Substances (as hereinafter defined) in, on or under the Property, except as disclosed in writing to and acknowledged by Bank; and

(E) Each Obligation is a commercial obligation and does not represent a loan used for personal, family or household purposes and is not a consumer transaction.

2.2 Recording; Further Assurances. The Mortgagor covenants that it shall, at its sole cost and expense and upon the request of Bank, cause this Mortgage, and each amendment, modification or supplement hereto, to be recorded and filed in such manner and in such places, and shall at all times comply with all such statutes and regulations as may be required by law in order to establish, preserve and protect the interest of Bank in the Property and the rights of Bank under this Mortgage. Mortgagor will from time to time execute and deliver to Bank such documents, and take or cause to be taken, all such other or further action, as Bank may request in order to effect and confirm or vest more securely in Bank all rights contemplated by this Mortgage (including, without limitation, to correct clerical errors) or to vest more fully in, or assure to Bank the security interest in, the Property or to comply with applicable statute or law. To the extent permitted by applicable law, Mortgagor authorizes Bank to file financing statements, continuation statements or amendments, and any such financing

statements, continuation statements or amendments may be filed at any time in any jurisdiction. Bank may at any time and from time to time file financing statements, continuation statements and amendments thereto that describe the Property as defined in this Mortgage and which contain any other information required by Article 9 of the *Uniform Commercial Code* for the sufficiency or filing office acceptance of any financing statement, continuation statement or amendment, including whether Mortgagor is an organization, the type of organization and any organization identification number issued to Mortgagor; Mortgagor also authorizes Bank to file financing statements describing any agricultural liens or other statutory liens held by Bank. Mortgagor agrees to furnish any such information to Bank promptly upon request. In addition, Mortgagor shall at any time and from time to time, take such steps as Bank may reasonably request for Bank (i) to obtain an acknowledgment, in form and substance satisfactory to Bank, of any bailee having possession of any of the Property that the bailee holds such Property for Bank, and (ii) otherwise to insure the continued perfection and priority of Bank's security interest in any of the Property and the preservation of its rights therein. Mortgagor hereby constitutes Bank its attorney-in-fact to execute and file all filings required or so requested for the foregoing purposes, all acts of such attorney being hereby ratified and confirmed; and such power, being coupled with an interest, shall be irrevocable until this Mortgage terminates in accordance with its terms, all Obligations are paid in full and the Property is released.

2.3 Restrictions on the Mortgagor. The Mortgagor covenants that it will not, nor will it permit any other person to, directly or indirectly, without the prior written approval of Bank in each instance:

(A) Sell, convey, assign, transfer, mortgage, pledge, hypothecate, lease or dispose of all or any part of any legal or beneficial interest in the Mortgagor or the Property or any part thereof or permit any of the foregoing, except as expressly permitted by the terms of this Mortgage;

(B) Permit the use, generation, treatment, storage, release or disposition of any oil or other material or substance constituting hazardous waste or hazardous materials or substances under any applicable Federal or state law, regulation or rule (*"Hazardous Substances"*); or

(C) Permit to be created or suffer to exist any mortgage, lien, security interest, attachment or other encumbrance or charge on the Property or any part thereof or interest therein (except for the Permitted Encumbrances), including, without limitation, (i) any lien arising under any Federal, state or local statute, rule, regulation or law pertaining to the release or cleanup of Hazardous Substances and (ii) any mechanics' or materialmen's lien. The Mortgagor further agrees to give Bank prompt written notice of the imposition, or notice, of any lien referred to in this Section and to take any action necessary to secure the prompt discharge or release of the same. The Mortgagor agrees to defend its title to the Property and Bank's interest therein against the claims of all persons and, unless Bank requests otherwise, to appear in and diligently contest, at the Mortgagor's sole cost and expense, any action or proceeding that purports to affect the Mortgagor's title to the Property or the priority or validity of this Mortgage or Bank's interest hereunder.

2.4 Operation of Property. The Mortgagor covenants and agrees as follows:

(A) The Mortgagor will not permit the Property to be used for any unlawful or improper purpose, will at all times comply with all Federal, state and local laws, ordinances and regulations, and the provisions of any Lease, easement or other agreement affecting all or any part of the Property, and will obtain and maintain all governmental or other approvals relating to the Mortgagor, the Property or the use thereof, including without limitation, any applicable zoning or building codes or regulations and any laws or regulations relating to the handling, storage, release or cleanup of Hazardous Substances, and will give prompt written notice to Bank of (i) any violation of any such law, ordinance or regulation by the Mortgagor or relating to the Property, (ii) receipt of notice from any Federal, state or local authority alleging any such violation and (iii) the presence or release on the Property of any Hazardous Substances;

(B) The Mortgagor will at all times keep the Property insured for such losses or damage, in such amounts and by such companies as may be required by law and which Bank may require, provided that, in any case, the Mortgagor shall maintain: (i) physical hazard insurance on an "all risks" basis in an amount not less than 100% of the full replacement cost of the Property; (ii) flood insurance if and as required by applicable Federal law and as otherwise required by Bank; (iii) comprehensive commercial general liability insurance; (iv) rent loss and business interruption insurance; and (v) such other insurance as Bank may require from time to time, including builder's risk insurance in the case of construction loans. All policies regarding such insurance shall be issued by companies licensed to do business in the state where the policy is issued and also in the state where the Property is located, be otherwise acceptable to Bank, provide deductible amounts acceptable to Bank, name Bank as mortgagee, loss payee and additional insured, and provide that no cancellation or material modification of such policies shall occur without at least zero (0) days prior written notice to Bank. Such policies shall include (i) a mortgage endorsement determined by Bank in good faith to be equivalent to the "standard" mortgage endorsement so that the insurance, as to the interest of Bank, shall not be invalidated by any act or neglect of the Mortgagor or the owner of the Property, any foreclosure or other proceedings or notice of sale relating to the Property, any change in the title to or ownership of the Property, or the occupation or use of the Property for purposes more hazardous than are permitted at the date of inception of such insurance policies; (ii) a replacement cost endorsement; (iii) an agreed amount endorsement; (iv) a contingent liability from operation endorsement; and (v) such other endorsements as Bank may request. The Mortgagor will furnish to Bank upon request such original policies, certificates of insurance or other evidence of the foregoing as are acceptable to Bank. The terms of all insurance policies shall be such that no coinsurance provisions apply, or if a policy does contain a coinsurance provision, the Mortgagor shall insure the Property in an amount sufficient to prevent the application of the coinsurance provisions;

(C) Mortgagor will not enter into or modify the Leases in any material respect without the prior written consent of Bank, execute any assignment of the Leases except in favor of Bank, or accept any rentals under any Lease for more than one month in advance and will at all times perform and fulfill every term and condition of the Leases;

(D) Mortgagor will at all times (i) maintain complete and accurate records and books regarding the Property in accordance with generally accepted accounting principles and (ii) permit Bank and Bank's agents, employees and representatives, at such reasonable times as Bank may request, to enter and inspect the Property and such books and records;

(E) Mortgagor will at all times keep the Property in good and first-rate repair and condition (damage from casualty not excepted) and will not commit or permit any strip, waste, impairment, deterioration or alteration of the Property or any part thereof; and

(F) Mortgagor shall not use or occupy the Property or allow any other party to use or occupy the Property in any manner that would constitute a violation of any state and/or Federal laws involving controlled substances, even in a jurisdiction that allows such use by state or local law or ordinance. If Mortgagor becomes aware of such a violation, Mortgagor shall take all actions allowed by law to terminate the violating activity. Violation of this paragraph is a material breach of this Mortgage and constitutes an Event of Default.

2.5 Payments. The Mortgagor covenants to pay when due: all Federal, state, municipal, real property and other taxes, betterment and improvement assessments and other governmental levies, water rates, sewer charges, insurance premiums and other charges on the Property, this Mortgage or any Obligation secured hereby that could, if unpaid, result in a lien on the Property or on any interest therein. If and when requested by Bank, the Mortgagor shall deposit from time to time with Bank sums determined by Bank to be sufficient to pay when due the amounts referred to in this Section. The Mortgagor shall have the right to contest any notice, lien, encumbrance, claim, tax, charge, betterment assessment or premium filed or asserted against or relating to the Property; provided that it contests the same diligently and in good faith and by proper proceedings and, at Bank's request, provides Bank with adequate cash security, in Bank's reasonable judgment, against the enforcement thereof. The Mortgagor shall furnish to Bank the receipted real estate tax bills or other evidence of payment of real estate taxes for the Property within thirty (30) days prior to the date from which interest or penalty would accrue for nonpayment thereof. The Mortgagor shall also furnish to Bank evidence of all other payments referred to above within fifteen (15) days after written request therefor by Bank. If Mortgagor shall fail to pay such sums, Bank may, but shall not be obligated to, advance such sums. Any sums so advanced by Bank shall be added to the Obligations, shall bear interest at the highest rate specified in any note evidencing the Obligations, and shall be secured by the lien of this Mortgage.

2.6 Notices; Notice of Default. The Mortgagor will deliver to Bank, promptly upon receipt of the same, copies of all notices or other documents it receives that affect the Property or its use, or claim that the Mortgagor is in default in the performance or observance of any of the terms hereof or that the Mortgagor or any tenant is in default of any terms of the Leases. The Mortgagor further agrees to deliver to Bank written notice promptly upon the occurrence of any Event of Default hereunder or event that with the giving of notice or lapse of time, or both, would constitute an Event of Default hereunder.

2.7 Takings. In case of any condemnation or expropriation for public use of, or any damage by reason of the action of any public or governmental entity or authority to, all or any part of the Property (a *"Taking"*), or the commencement of any proceedings or negotiations that might result in a Taking, the Mortgagor shall immediately give written notice to Bank, describing the nature and extent thereof. Bank may, at its option, appear in any proceeding for a Taking or any negotiations relating to a Taking and the Mortgagor shall immediately give to Bank copies of all notices, pleadings, determinations and other papers relating thereto. The Mortgagor shall in good faith and with due diligence and by proper proceedings file and prosecute its claims for any award or payment on account of any Taking. The Mortgagor shall not settle any such claim without Bank's prior written consent. The Mortgagor shall hold any amounts received with respect to such awards or claims, by settlement, judicial decree or otherwise, in trust for Bank and immediately pay the same to Bank. The Mortgagor authorizes any award or settlement due in connection with a Taking to be paid directly to Bank in amounts not exceeding the Obligations. Bank may apply such amounts to the Obligations in such order as Bank may determine.

2.8 Insurance Proceeds. The proceeds of any insurance resulting from any loss with respect to the Property shall be paid to Bank and, at the option of Bank, be applied to the Obligations in such order as Bank may determine; provided, however, that if Bank shall require repair of the Property, Bank may release all or any portion of such proceeds to the Mortgagor for such purpose. Any insurance proceeds paid to the Mortgagor shall be held in trust for Bank and promptly paid to it.

3. Certain Rights of Bank

3.1 Legal Proceedings. Bank shall have the right, but not the duty, to intervene or otherwise participate in any legal or equitable proceeding that, in Bank's reasonable judgment, might affect the Property or any of the rights created or secured by this Mortgage. Bank shall have such right whether or not there shall have occurred an Event of Default hereunder.

3.2 Appraisals/Assessments. Bank shall have the right, at the Mortgagor's sole cost and expense, to obtain appraisals, environmental site assessments or other inspections of the portions of the Property that are real estate at such times as Bank deems necessary or as may be required by applicable law, or its prevailing credit or underwriting policies.

3.3 Financial Statements. Bank shall have the right, at the Mortgagor's sole cost and expense, to require delivery of financial statements in form and substance acceptable to Bank from the Mortgagor or any guarantor of any of the Obligations and the Mortgagor hereby agrees to deliver such financial statements and/or cause any such guarantor to so deliver any such financial statement when required by Bank.

3.4 Leases and Rent Roll. The Mortgagor shall deliver to Bank (i) during each calendar year and at such other times as Bank shall request a rent roll for the Property, in form acceptable to Bank, listing all tenants and occupants and describing all of the Leases; and (ii) at such times as Bank shall request executed copies of all the Leases.

4. Defaults and Remedies

4.1 Events of Default. *"Event of Default"* shall mean the occurrence of any one or more of the following events:

(A) default of any liability, obligation, covenant or undertaking of the Mortgagor or any guarantor of the Obligations to Bank, hereunder or otherwise, including, without limitation, failure to pay in full and when due any installment of principal or interest or default of the Mortgagor or any guarantor of the Obligations under any other Loan Document or any other agreement with Bank;

(B) failure by the Mortgagor or any guarantor of the Obligations to perform, observe or comply with any of the covenants, agreements, terms or conditions set forth in this Mortgage or the Loan Documents;

(C) the (i) occurrence of any material loss, theft, damage or destruction of, or (ii) issuance or making of any levy, seizure, attachment, execution or similar process on a material portion of the Property;

(D) failure of the Mortgagor or any guarantor of the Obligations to maintain aggregate collateral security value satisfactory to Bank;

(E) default of any material liability, obligation or undertaking of the Mortgagor or any guarantor of the Obligations to any other party;

(F) any statement, representation or warranty heretofore, now or hereafter made by the Mortgagor or any guarantor of the Obligations in connection with this Mortgage or in any supporting financial statement of the Mortgagor or any guarantor of the Obligations shall be determined by Bank to have been false or misleading in any material respect when made;

(G) if the Mortgagor or any guarantor of the Obligations is a corporation, trust, partnership or limited liability company, the liquidation, termination or dissolution of any such organization, or the division, merger or consolidation of such organization into another entity, or its ceasing to carry on actively its present business or the appointment of a receiver for its property;

(H) the death of the Mortgagor or any guarantor of the Obligations and, if the Mortgagor or any guarantor of the Obligations is a partnership or limited liability company, the death of any partner or member;

(I) the institution by or against the Mortgagor or any guarantor of the Obligations of any proceedings under the *Bankruptcy Code* 11 USC §101 *et seq.* or any other law in which the Mortgagor or any guarantor of the Obligations is alleged to be insolvent or unable to pay its debts as they mature, or the making by the Mortgagor or any guarantor of the Obligations of an assignment for the benefit of creditors or the granting by the Mortgagor or any guarantor of the Obligations of a trust mortgage for the benefit of creditors;

(J) the service upon Bank of a writ in which Bank is named as trustee of the Mortgagor or any guarantor of the Obligations;

(K) a judgment or judgments for the payment of money shall be rendered against the Mortgagor or any guarantor of the Obligations, and any such judgment shall remain unsatisfied and in effect for any period of thirty (30) consecutive days without a stay of execution;

(L) any levy, lien (including mechanics lien), seizure, attachment, execution or similar process shall be issued or levied on any of the property of the Mortgagor or any guarantor of the Obligations;

(M) the termination or revocation of any guaranty of the Obligations; or

(N) the occurrence of such a change in the condition or affairs (financial or otherwise) of the Mortgagor or any guarantor of the Obligations, or the occurrence of any other event or circumstance, such that Bank, in its sole discretion, deems that it is insecure or that the prospects for timely or full payment or performance of any obligation of the Mortgagor or any guarantor of the Obligations to Bank has been or may be impaired.

4.2 Remedies. On the occurrence of any Event of Default Bank may, at any time thereafter, at its option and, to the extent permitted by applicable law, without notice, exercise any or all of the following remedies:

(A) Declare the Obligations due and payable, and the Obligations shall thereupon become immediately due and payable, without presentment, protest, demand or notice of any kind, all of which are hereby expressly waived by the Mortgagor except for Obligations due and payable on demand, which shall be due and payable on demand whether or not an Event of Default has occurred hereunder;

(B) Enter, take possession of, manage and operate the Property (including all personal property and all records and documents pertaining thereto) and any part thereof and exclude the Mortgagor therefrom, take all actions it deems necessary or proper to preserve the Property and operate the Property as a mortgagee in possession with all the powers as could be exercised by a receiver or as otherwise provided herein or by applicable law; provided, however, the entry by Bank upon the Property for any reason shall not cause Bank to be a mortgagee in possession, except upon the express written declaration of Bank;

(C) With or without taking possession, receive and collect all rents, income, issues and profits (*"Rents"*) from the Property (including all real estate and personal property and whether past due or thereafter accruing), including as may arise under the Leases, and the Mortgagor appoints Bank as its true and

lawful attorney with the power for Bank in its own name and capacity to demand and collect Rents and take any action that the Mortgagor is authorized to take under the Leases. Bank shall (after payment of all costs and expenses incurred) apply any Rents received by it to the Obligations in such order as Bank determines, or in accordance with any applicable statute, and the Mortgagor agrees that exercise of such rights and disposition of such funds shall not be deemed to cure any default or constitute a waiver of any foreclosure once commenced nor preclude the later commencement of foreclosure for breach thereof. Bank shall be liable to account only for such Rents actually received by Bank. Lessees under the Leases are hereby authorized and directed, following notice from Bank, to pay all amounts due the Mortgagor under the Leases to Bank, whereupon such lessees shall be relieved of any and all duty and obligation to the Mortgagor with respect to such payments so made;

(D) In addition to any other remedies, to sell the Property or any part thereof or interest therein pursuant to exercise of its power of sale or otherwise at public auction on terms and conditions as Bank may determine, or otherwise foreclose this Mortgage in any manner permitted by law, and upon such sale the Mortgagor shall execute and deliver such instruments as Bank may request in order to convey and transfer all of the Mortgagor's interest in the Property, and the same shall operate to divest all rights, title and interest of the Mortgagor in and to the Property. In the event this Mortgage shall include more than one parcel of property or subdivision (each hereinafter called a *"Portion"*), Bank shall, in its sole and exclusive discretion and to the extent permitted by applicable law, be empowered to foreclose upon any such Portion without impairing its right to foreclose subsequently upon any other Portion or the entirety of the Property from time to time thereafter. In addition, Bank may in its sole and exclusive discretion subordinate this Mortgage to one or more Leases for the sole purpose of preserving any such Lease in the event of a foreclosure;

(E) Cause one or more environmental assessments to be taken, arrange for the cleanup of any Hazardous Substances or otherwise cure the Mortgagor's failure to comply with any statute, regulation or ordinance relating to the presence or cleanup of Hazardous Substances, and the Mortgagor shall provide Bank or its agents with access to the Property for such purposes; provided that the exercise of any of such remedies shall not be deemed to have relieved the Mortgagor from any responsibility therefor or given Bank "control" over the Property or cause Bank to be considered to be a mortgagee in possession, "owner" or "operator" of the Property for purposes of any applicable law, rule or regulation pertaining to Hazardous Substances; and

(F) Take such other actions or proceedings as Bank deems necessary or advisable to protect its interest in the Property and ensure payment and performance of the Obligations, including, without limitation, appointment of a receiver (and the Mortgagor hereby waives any right to object to such appointment) and exercise of any of Bank's remedies provided herein or in any other document evidencing, securing or relating to any of the Obligations or available to a secured party under the *Uniform Commercial Code* or under other applicable law.

In addition, the Bank shall have all other remedies provided by applicable law, including, without limitation, the right to pursue a judicial sale of the Property or any portion thereof by deed, assignment or otherwise.

The Mortgagor agrees and acknowledges that the acceptance by the Bank of any payments from either the Mortgagor or any guarantor after the occurrence of any Event of Default, the exercise by the Bank of any remedy set forth herein or the commencement, discontinuance or abandonment of foreclosure proceedings against the Property shall not waive the Bank's subsequent or concurrent right to foreclose or operate as a bar or estoppel to the exercise of any other rights or remedies of the Bank. The Mortgagor agrees and acknowledges that the Bank, by making payments or incurring costs described herein, shall be subrogated to any right of the Mortgagor to seek reimbursement from any third parties, including, without limitation, any predecessor in interest to the Mortgagor's title or other party who may be responsible under any law, regulation or ordinance relating to the presence or cleanup of Hazardous Substances.

4.3 Advances. If the Mortgagor fails to pay or perform any of its obligations respecting the Property, Bank may in its sole discretion do so without waiving or releasing Mortgagor from any such obligation. Any such payments may include, but are not limited to, payments for taxes, assessments and other governmental levies, water rates, insurance premiums, maintenance, repairs or improvements constituting part of the Property. Any amounts paid by Bank hereunder shall be, until reimbursed by the Mortgagor, part of the Obligations and secured by this Mortgage, and shall be due and payable to Bank, on demand, together with interest thereon to the extent permitted by applicable law, at the highest rate permitted under any of the notes evidencing the Obligations.

4.4 Cumulative Rights and Remedies. All of the foregoing rights, remedies and options (including without limitation the right to enter and take possession of the Property, the right to manage and operate the same, and the right to collect Rents, in each case whether by a receiver or otherwise) are cumulative and in addition to any rights Bank might otherwise have, whether at law or by agreement, and may be exercised separately or concurrently and none of which shall be exclusive of any other. The Mortgagor further agrees that Bank may exercise any or all of its rights or remedies set forth herein without having to pay the Mortgagor any sums for use or occupancy of the Property.

4.5 Mortgagor's Waiver of Certain Rights. To the extent permitted by applicable law, the Mortgagor hereby waives the benefit of all present and future laws (i) providing for any appraisal before sale of all or any portion of the Property or (ii) in any way extending the time for the enforcement of the collection of the Obligations or creating or extending a period of redemption from any sale made hereunder.

5. Miscellaneous

5.1 Costs and Expenses. To the extent permitted by applicable law, the Mortgagor shall pay to Bank, on demand, all reasonable expenses (including attorneys' fees and expenses and reasonable consulting, accounting, appraisal, brokerage and similar professional fees and charges) incurred by the Bank in connection with Bank's interpretation, recordation of this Mortgage, exercise, preservation or enforcement of any of its rights, remedies and options set forth in this Mortgage and in connection with any litigation, proceeding or dispute whether arising hereunder or otherwise relating to the Obligations, together with interest thereon to the extent permitted by applicable law, until paid in full by the Mortgagor at the highest rate set forth in any of the notes evidencing the Obligations. Any amounts owed by the Mortgagor hereunder shall be, until paid, part of the Obligations and secured by this Mortgage, and Bank shall be entitled, to the extent permitted by law, to receive and retain such amounts in any action for a deficiency against or redemption by the Mortgagor, or any accounting for the proceeds of a foreclosure sale or of insurance proceeds.

5.2 Indemnification Regarding Leases. The Mortgagor hereby agrees to defend, and does hereby indemnify and hold Bank and each of its directors, officers, employees, agents and attorneys and any Bank Affiliate and its directors, officers, employees, agents and attorneys (each an *"Indemnitee"*) harmless from all losses, damages, claims, costs or expenses (including attorneys' fees and expenses) resulting from the assignment of the Leases and from all demands that may be asserted against such Indemnitees arising from any undertakings on the part of Bank to perform any obligations under the Leases. It is understood that the assignment of the Leases shall not operate to place responsibility for the control or management of the Property upon Bank or any Indemnitee or make them liable for performance of any of the obligations of the Mortgagor under Leases, respecting any condition of the Property or any other agreement or arrangement, written or oral, or applicable law.

5.3 Indemnification Regarding Hazardous Substances. The Mortgagor hereby agrees to defend, and does hereby indemnify and hold harmless each Indemnitee from and against any and all losses, damages, claims, costs or expenses, including, without limitation, litigation costs and attorneys' fees and expenses and fees or expenses of any environmental engineering or cleanup firm incurred by such Indemnitee and arising out of or in connection with the Property or resulting from the application of any current or future law, regulation or ordinance relating to the presence or cleanup of Hazardous Substances on or affecting the Property. The Mortgagor agrees its obligations hereunder shall be continuous and shall survive termination or discharge of this Mortgage and/or the repayment of all debts to Bank including repayment of all Obligations.

5.4 Indemnitee's Expenses. If any Indemnitee is made a party defendant to any litigation or any claim is threatened or brought against such Indemnitee concerning this Mortgage or the Property or any part thereof or therein or concerning the construction, maintenance, operation or the occupancy or use thereof by the Mortgagor or other person or entity, then the Mortgagor shall indemnify, defend and hold each Indemnitee harmless from and against all liability by reason of said litigation or claims, including attorneys' fees and expenses incurred by such Indemnitee in connection with any such litigation or claim, whether or not any such litigation or claim is prosecuted to judgment. The within indemnification shall survive payment of the Obligations, and/or any termination, release or discharge executed by Bank in favor of the Mortgagor.

5.5 Waivers. The Mortgagor waives notice of nonpayment, demand, presentment, protest or notice of protest of the Obligations and all other notices, consents to any renewals or extensions of time of payment thereof, and generally waives any and all suretyship defenses and defenses in the nature thereof. No delay or omission of Bank in exercising or enforcing any of its rights, powers, privileges, remedies, immunities or discretion (all of which are hereinafter collectively referred to as *"Bank's Rights and Remedies"*) hereunder shall constitute a waiver thereof; and no waiver by Bank of any default of the Mortgagor hereunder or of any demand shall operate as a waiver of any other default hereunder or of any other demand. No term or provision hereof shall be waived, altered or modified except with the prior written consent of Bank, which consent makes explicit reference to this Mortgage. Except as provided in the preceding sentence, no other agreement or transaction, of whatsoever nature, entered into between Bank and the Mortgagor at any time (whether before, during or after the effective date or term of this Mortgage) shall be construed as a waiver, modification or limitation of any of Bank's Rights and Remedies under this Mortgage (nor shall anything in this Mortgage be construed as a waiver, modification or limitation of any of Bank's Rights and Remedies under any such other agreement or transaction) but all Bank's Rights and Remedies not only under the provisions of this Mortgage but also under any such other agreement or transaction shall be cumulative and not alternative or exclusive, and may be exercised by Bank at such time or times and in such order of preference as Bank in its sole discretion may determine.

5.6 Joint and Several. If there is more than one Mortgagor, each of them shall be jointly and severally liable for payment and/or performance of all obligations secured by this Mortgage and the term *"Mortgagor"* shall include each as well as all of them.

5.7 Severability. If any provision of this Mortgage or portion of such provision or the application thereof to any person or circumstance shall to any extent be held invalid or unenforceable, the remainder of this Mortgage (or the remainder of such provision) and the application thereof to other persons or circumstances shall not be affected thereby.

5.8 Complete Agreement. This Mortgage and the other Loan Documents constitute the entire agreement and understanding between and among the parties hereto relating to the subject matter hereof, and supersede all prior proposals, negotiations, agreements and understandings among the parties hereto with respect to such subject matter.

5.9 Binding Effect of Agreement. This Mortgage shall run with the land and be binding upon and inure to the benefit of the respective heirs, executors, administrators, legal representatives, successors and assigns of

All rights reserved.

the parties hereto, and shall remain in full force and effect (and Bank shall be entitled to rely thereon) until all Obligations are fully and indefeasibly paid. Bank may transfer and assign this Mortgage and deliver any collateral to the assignee, who shall thereupon have all of the rights of Bank; and Bank shall then be relieved and discharged of any responsibility or liability with respect to this Mortgage and such collateral. Except as expressly provided herein or in the other Loan Documents, nothing, expressed or implied, is intended to confer upon any party, other than the parties hereto, any rights, remedies, obligations or liabilities under or by reason of this Mortgage or the other Loan Documents.

5.10 Notices. Any notices under or pursuant to this Mortgage shall be deemed duly received and effective if delivered in hand to any officer or agent of Mortgagor or Bank, or if mailed by registered or certified mail, return receipt requested, addressed to Mortgagor or Bank at the address set forth in this Mortgage or as any party may from time to time designate by written notice to the other party.

5.11 Governing Law. This Mortgage shall be governed by federal law applicable to Bank and, to the extent not preempted by federal law, the laws of the State of Alabama without giving effect to the conflicts of laws principles thereof.

5.12 Reproductions. This Mortgage and all documents which have been or may be hereinafter furnished by the Mortgagor to Bank may be reproduced by Bank by any photographic, photostatic, microfilm, xerographic or similar process, and any such reproduction shall be admissible in evidence as the original itself in any judicial or administrative proceeding (whether or not the original is in existence and whether or not such reproduction was made in the regular course of business).

5.13 Bank Affiliates. The term *"Bank Affiliate"* as used in this Mortgage shall mean any Affiliate of Bank or any lender acting as a participant under any loan arrangement between Bank and the Mortgagors. The term *"Affiliate"* shall mean with respect to any person, (a) any person which, directly or indirectly through one or more intermediaries controls, or is controlled by, or is under common control with, such person, or (b) any person who is a director or officer (i) of such person, (ii) of any subsidiary of such person, or (iii) any person described in clause (a) above. For purposes of this definition, control of a person shall mean the power, direct or indirect, (x) to vote 5% or more of the Capital Stock having ordinary voting power for the election of directors (or comparable equivalent) of such person, or (y) to direct or cause the direction of the management and policies of such person whether by contract or otherwise. Control may be by ownership, contract, or otherwise.

5.14 Jurisdiction and Venue. The Mortgagor irrevocably submits to the nonexclusive jurisdiction of any Federal or state court sitting in Alabama, over any suit, action or proceeding arising out of or relating to this Mortgage. The Mortgagor irrevocably waives, to the fullest extent it may effectively do so under applicable law, any objection it may now or hereafter have to the laying of the venue of any such suit, action or proceeding brought in any such court and any claim that the same has been brought in an inconvenient forum. The Mortgagor hereby consents to process being served in any such suit, action or proceeding (i) by the mailing of a copy thereof by registered or certified mail, postage prepaid, return receipt requested, to the Mortgagor's address set forth herein or such other address as has been provided in writing to Bank and (ii) in any other manner permitted by law, and agrees that such service shall in every respect be deemed effective service upon the Mortgagor.

I, the undersigned, constituting the owner of the hereinafter described real property do hereby execute and file with the City of Mobile this written application requesting that my property as described be issued a Conditional Use Permit for a Short-Term Rental in the City of Mobile, Alabama.

Furthermore, I certify that said property shall comply with the site and design criteria of Article 5, Section 64-5-6.E.11.(g) suitable for consideration of a Conditional Use Permit for Short-Term Rentals, to wit:

(1) There shall be no on-site employees.
(2) The establishment shall not serve meals.
(3) Guest rooms shall not contain cooking facilities.
(4) A valid City of Mobile business license must be obtained for each discrete Short-Term Rental location and the business license number must be stated on any advertisement or listing for each Short-Term Rental. Provided, however, that Short-Term Rentals containing multiple units within a single structure that can be rented separately shall only be required to obtain a single license for each structure.
(5) No signage or advertising copy such as Vacancy/No Vacancy, Rent/Lease, etc. is permitted.
(6) The name and telephone number of a local responsible party shall be conspicuously posted within each Short-Term Rental. The local responsible party shall answer and respond to calls twenty-four (24) hours a day, seven (7) days a week for the duration of each Short-Term Rental period to address problems or complaints associated with the Short-Term Rental.
(7) Each Short-Term Rental must meet applicable building and fire codes and be equipped with the following safety equipment and features:
   a. Operational smoke and carbon monoxide detectors.
   b. One (1) 2.5 lb. Class A-B-C fire extinguisher per floor.
   c. Prominently displayed and legible 9-1-1 address on building exterior

I further certify that I hereby agree to allow the City of Mobile to post on my property, which is under consideration for Planning Commission/City Council approval, a sign notifying the general public of said request. I understand that the City of Mobile will erect and maintain said sign for the prescribed period of time.

IN WITNESS WHEREOF, I have hereunto subscribed my name this the 7th day of June 2025

APPLICATION NUMBER 1 DATE August 21, 2025

APPLICANT Ryan Kozlowski, R&P Investing, LLC

REQUEST Conditional Use Permit STR

N

NTS

HOLDOVER COMMENTS

The application was heldover from the July 18th meeting to allow the application to address the following:

1. Revise the site plan to depict the location of any/all garbage cans or other waste refuse bins;
2. Provide proof that all waste (garbage) refuse containers are screened from view (via photographs), and,
3. Revise the site plan to illustrate the required off-street parking spaces.

The applicant has provided the requisite information for approval of the Conditional Use Permit.

It should be noted that, if approved, the Conditional Use Permit, including all restrictions and conditions concerning the use of the property, shall be recorded in the Office of the Judge of Probate. A copy of the recorded document shall be provided to the Planning and Zoning Department.

HOLDOVER CONSIDERATIONS

Based on the requested Conditional Use Permit application, if the Commission and City Council consider approval of the request, the following Findings of Fact must be present. The application:

1. Is consistent with all applicable requirements of this Chapter, including:

   (a) Any applicable development standards; and
   (b) Any applicable use regulations.

2. Is compatible with the character of the surrounding neighborhood;
3. Will not impede the orderly development and improvement of surrounding property; and
4. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood. In making this determination, the Planning Commission and City Council shall consider:

   (a) The location, type and height of buildings or structures;
   (b) The type and extent of landscaping and screening;
   (c) Lighting;
   (d) Hours of operation; and
   (e) Other conditions that might require mitigation of the adverse impacts of the proposed development.

5. Is designed to provide ingress and egress that minimizes traffic hazards and traffic congestion on the public roads;
6. Is designed to minimize the impact on storm water facilities;
7. Will be adequately served by water and sanitary sewer services;
8. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
9. Shall not be detrimental to or endanger the public health, safety or general welfare.
10. The proposed use will meet the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

The Commission and City Council should determine if the site meets all requisite criteria for approval of a Short-Term Rental, as detailed in Article 5, Section 64-5-6.E.11.(g) of the UDC.

If the application is considered for approval, it should be subject to the following conditions:

1. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,
2. Full compliance with all municipal codes and ordinances.

SHORT-TERM RENTAL CONDITIONAL USE PERMIT CRITERIA

Standards of Review:

Conditional Use Permits (CUPs) are required for certain uses in the Use Table (Table 64-2-24.1). These uses may have some special impact which differs from the potential impacts of permitted uses, such as exceeding permitted uses in intensity, or have unique requirements specified for compliance in the Unified Development Code (UDC).

General CUP Review Criteria (UDC Article 5, Section 6-E):

The City Council shall not approve an Application for Conditional Use Permit unless the following are satisfied:

1. **Code Compliance:**
    a. Meets all **development standards** and **use regulations** under the UDC.
2. **Neighborhood Compatibility:**
    a. Compatible with the **character** of the surrounding neighborhood.
3. **Development Impact:**
    a. Does **not impede** orderly development/improvement of nearby residents.
4. **Health, Safety, Welfare:**
    a. Does **not adversely affect** health, safety, or welfare of nearby residents.
    b. Considerations:
        i. Building type/height
        ii. Landscaping/screening
        iii. Lighting
        iv. Hours of operation
        v. Other mitigatable impacts
5. **Traffic & Access:**
    a. Safe ingress/egress; no traffic hazards or congestion.
6. **Stormwater Impact:**
    a. Minimizes impact on stormwater infrastructure.
7. **Utility Access:**
    a. Adequate water and sanitary sewer service.
8. **Emissions/Disturbance:**
    a. Not offensive due to emissions, noise, vibration, odor, etc.
9. **Public Welfare:**
    a. Will **not endanger public health, safety, or general welfare.**
10. **Community Benefit:**
    a. Serves a **need**, offers a **public benefit**, or fulfills a **public purpose**.
11. **Use-Specific Considerations:**
    a. Short-Term-Rental-specific criteria (see below) must be met.
    b. Reasonable conditions may be imposed by the Planning Commission or City Council.

Criteria Specific to Short-Term Rentals (STR):

1. **Employees:** No on-site employees allowed.
2. **Rooms:** Maximum of eight (8) guest rooms per STR.
3. **Meals:** No meal service permitted.
4. **Cooking Facilities:** Guest rooms must **not** have cooking facilities.
5. **Business License:** Valid license required; the license number must appear on all STR advertisements or listings.
6. **Residential Character:** Must **not alter** the residential nature or dwelling's character.
7. **Refuse Area:**
    a. Must be **screened from view.**
    b. Must be no closer than 20 feet from any property line.
    c. Must be no closer than 100 feet from any dwelling on an adjacent lot.
8. **Parking:**
    a. At least **two (2) off-street spaces for primary residents** (if applicable).
    b. At least **one (1) space per guest room.**
    c. Parking must not be in **required front/side yard setbacks** and must be **screened** from view of adjacent properties.
9. **Signage:** No "Vacancy," "Rent," etc. signs allowed.
10. **Local Contact:**
    a. Name and phone number posted inside the STR.
    b. Must respond to complaints **24 hours a day, seven (7) days a week** during rental periods.
11. **Safety Equipment:**
    a. Operational smoke and carbon monoxide detectors.
    b. One (1) 2.5-pound Class A-B-C fire extinguisher per floor.
    c. Prominently displayed and legible 9-1-1 address on building exterior.
12. **Structures:** No rentals permitted in **accessory structures, outdoor spaces,** or **Recreational Vehicles**.

PLANNING COMMENTS

The applicant is requesting a Conditional Use Permit to allow a Short-Term Rental in an R-1, Single-Family Residential Suburban District. The applicant's narrative justifying the request can be viewed using the link on Page 1 of this report.

In reviewing the request, staff has determined that the site **does/does not** meet the following site and design criteria of Article 5, Section 6-E. of the UDC:

The site **does** meet the criteria		That there are no more than eight (8) guest rooms.
The site **does** meet the criteria		That the operation will not alter the residential nature of the neighborhood.
The site **does** meet the criteria		That the operation does not alter the character of the dwelling as a residence.
	The site **does not** meet the criteria	That the refuse (garbage) area is screened from view.
	The site **does not** meet the criteria	That the refuse (garbage) area is no closer than 20 feet from any property line.
	The site **does not** meet the criteria	That the refuse (garbage) area is no closer than 100 feet from any other dwelling.

	The site **does not** meet the criteria	That the minimum number of parking spaces are provided.
The site **does** meet the criteria		That the operation does not occupy any accessory structure, accessory dwelling unit, outdoor space, or recreational vehicle on the site.

The applicant **has/has not** certified the following in their application:

Has certified		That there shall be no on-site employees.
Has certified		That the establishment shall not serve meals.
Has certified		That the guest rooms shall not contain cooking facilities.
Has certified		That a valid City of Mobile business license shall be obtained for the site, and the business license number shall be provided on any advertisement or listing for the Short-Term Rental.
Has certified		That no signage or advertising copy such as Vacancy/No Vacancy, Rent/Lease, etc. shall be placed on the site.
Has certified		That the name and telephone number of a local responsible party shall be conspicuously posted within the Short-Term Rental.
Has certified		That the local responsible party shall answer and respond to calls twenty-four (24) hours a day, seven (7) days a week for the duration of the Short-Term Rental period to address guests' problems or complaints.
Has certified		That the Short-Term Rental shall be equipped with smoke and carbon monoxide detectors.
Has certified		That one (1) 2.5 lb. Class A-B-C fire extinguisher shall be provided on each floor of the dwelling.
Has certified		That the address of the dwelling shall be prominently displayed and legible on the building.

Approval of the request should be contingent upon full compatibility with the requisite criteria for approval of a Conditional Use Permit for a Short-Term Rental. **All criteria in the above tables should be certified and the site must meet all criteria for the Conditional Use Permit to be approved.** If the criteria are not certified and the site does not meet all applicable criteria, then the Conditional Use Permit cannot be approved.

It should be noted that, if approved, the Conditional Use Permit, including all restrictions and conditions concerning the use of the property, shall be recorded in the Office of the Judge of Probate. A copy of the recorded document shall be provided to the Planning and Zoning Department.

SHORT-TERM RENTAL CONDITIONAL USE PERMIT CONSIDERATIONS

The Planning Commission should consider a holdover of the request until the August 21st meeting, with additional information submitted no later than August 4th, to allow the applicant to address the following:

1. Revise the site plan to depict the location of any/all garbage cans or other waste refuse bins;
2. Provide proof that all waste (garbage) refuse containers are screened from view (via photographs), and,

3. Revise the site plan to illustrate the required off-street parking spaces.

If the Planning Commission and City Council consider approving the request, the following Findings of Fact must be present. The application:

1. Is consistent with all applicable requirements of this Chapter, including:

   (a) Any applicable development standards; and
   (b) Any applicable use regulations.

2. Is compatible with the character of the surrounding neighborhood;
3. Will not impede the orderly development and improvement of surrounding property; and
4. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood. In making this determination, the Planning Commission and City Council shall consider:

   (a) The location, type and height of buildings or structures;
   (b) The type and extent of landscaping and screening;
   (c) Lighting;
   (d) Hours of operation; and
   (e) Other conditions that might require mitigation of the adverse impacts of the proposed development.

5. Is designed to provide ingress and egress that minimizes traffic hazards and traffic congestion on the public roads;
6. Is designed to minimize the impact on storm water facilities;
7. Will be adequately served by water and sanitary sewer services;
8. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
9. Shall not be detrimental to or endanger the public health, safety or general welfare.
10. The proposed use will meet the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

The Planning Commission and City Council should determine if the site meets all requisite criteria for approval of a Short-Term Rental, as detailed in Article 5, Section 64-5-6.E.11.(g) of the UDC.

If the application is considered for approval, it should be subject to the following conditions:

1. Provision of a revised site plan depicting the location of any/all garbage cans or other waste refuse bins;
2. Provision of photographs proving that all waste (garbage) refuse containers are screened from view;
3. Revision of the site plan to illustrate the required off-street parking spaces;
4. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,
5. Full compliance with all municipal codes and ordinances.

Zoning District Correspondence Matrix

- ■ Directly Related
- ○ Elements of the zoning category are related to the future LU category, but with qualifications (such as a development plan with conditions)
- □ Land use category is appropriate, but the district does not directly implement the category (e.g., open space in an industrial district)

LOW DENSITY RESIDENTIAL (LDR)

This designation applies to existing residential neighborhoods found mostly west of the Beltline or immediately adjacent to the east side of the Beltline.

The primary land use in the LDR districts is residential and the predominant housing type is the single-family housing unit, detached or semi-detached, typically placed within a street grid or a network of meandering suburban streets. The density in these districts ranges between 0 and 6 dwelling units per acre (du/ac).

These neighborhoods may also contain small-scale, low-rise multi-unit structures at appropriate locations, as well as complementary retail, parks and civic institutions such as schools, community centers, neighborhood playgrounds, and churches or other religious uses if those uses are designed and sited in a manner compatible with and connected to the surrounding context. The presence of individual ancillary uses should contribute to the fabric of a complete neighborhood, developed at a walkable, bikeable human scale.

PLANNING COMMENTS

The applicant is requesting a Conditional Use Permit to allow a Short-Term Rental in an R-1, Single-Family Residential Suburban District. The applicant's narrative justifying the request can be viewed using the link on Page 1 of this report.

In reviewing the request, staff has determined that the site **does/does not** meet the following site and design criteria of Article 5, Section 6-E. of the UDC:

The site **does** meet the criteria		That there are no more than eight (8) guest rooms.
The site **does** meet the criteria		That the operation will not alter the residential nature of the neighborhood.
The site **does** meet the criteria		That the operation does not alter the character of the dwelling as a residence.
	The site **does not** meet the criteria	That the refuse (garbage) area is screened from view.
	The site **does not** meet the criteria	That the refuse (garbage) area is no closer than 20 feet from any property line.
	The site **does not** meet the criteria	That the refuse (garbage) area is no closer than 100 feet from any other dwelling.
	The site **does not** meet the criteria	That the minimum number of parking spaces are provided.
The site **does** meet the criteria		That the operation does not occupy any accessory structure, accessory dwelling unit, outdoor space, or recreational vehicle on the site.

The applicant **has/has not** certified the following in their application:

Has certified		That there shall be no on-site employees.
Has certified		That the establishment shall not serve meals.
Has certified		That the guest rooms shall not contain cooking facilities.
Has certified		That a valid City of Mobile business license shall be obtained for the site, and the business license number shall be provided on any advertisement or listing for the Short-Term Rental.
Has certified		That no signage or advertising copy such as Vacancy/No Vacancy, Rent/Lease, etc. shall be placed on the site.
Has certified		That the name and telephone number of a local responsible party shall be conspicuously posted within the Short-Term Rental.
Has certified		That the local responsible party shall answer and respond to calls twenty-four (24) hours a day, seven (7) days a week for the duration of the Short-Term Rental period to address guests' problems or complaints.
Has certified		That the Short-Term Rental shall be equipped with smoke and carbon monoxide detectors.
Has certified		That one (1) 2.5 lb. Class A-B-C fire extinguisher shall be provided on each floor of the dwelling.
Has certified		That the address of the dwelling shall be prominently displayed and legible on the building.

Approval of the request should be contingent upon full compatibility with the requisite criteria for approval of a Conditional Use Permit for a Short-Term Rental. **All criteria in the above tables should be certified and the site must meet all criteria for the Conditional Use Permit to be approved.** If the criteria are not certified and the site does not meet all applicable criteria, then the Conditional Use Permit cannot be approved.

It should be noted that, if approved, the Conditional Use Permit, including all restrictions and conditions concerning the use of the property, shall be recorded in the Office of the Judge of Probate. A copy of the recorded document shall be provided to the Planning and Zoning Department.

SHORT-TERM RENTAL CONDITIONAL USE PERMIT CONSIDERATIONS

The Planning Commission should consider a holdover of the request until the August 21st meeting, with additional information submitted no later than August 4th, to allow the applicant to address the following:

1. Revise the site plan to depict the location of any/all garbage cans or other waste refuse bins;
2. Provide proof that all waste (garbage) refuse containers are screened from view (via photographs), and,
3. Revise the site plan to illustrate the required off-street parking spaces.

If the Planning Commission and City Council consider approving the request, the following Findings of Fact must be present. The application:

1. Is consistent with all applicable requirements of this Chapter, including:
   (a) Any applicable development standards; and
   (b) Any applicable use regulations.
2. Is compatible with the character of the surrounding neighborhood;
3. Will not impede the orderly development and improvement of surrounding property; and
4. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood. In making this determination, the Planning Commission and City Council shall consider:
   (a) The location, type and height of buildings or structures;
   (b) The type and extent of landscaping and screening;
   (c) Lighting;
   (d) Hours of operation; and
   (e) Other conditions that might require mitigation of the adverse impacts of the proposed development.
5. Is designed to provide ingress and egress that minimizes traffic hazards and traffic congestion on the public roads;
6. Is designed to minimize the impact on storm water facilities;
7. Will be adequately served by water and sanitary sewer services;
8. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
9. Shall not be detrimental to or endanger the public health, safety or general welfare.
10. The proposed use will meet the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

The Planning Commission and City Council should determine if the site meets all requisite criteria for approval of a Short-Term Rental, as detailed in Article 5, Section 64-5-6.E.11.(g) of the UDC.

If the application is considered for approval, it should be subject to the following conditions:

1. Provision of a revised site plan depicting the location of any/all garbage cans or other waste refuse bins;
2. Provision of photographs proving that all waste (garbage) refuse containers are screened from view;
3. Revision of the site plan to illustrate the required off-street parking spaces;
4. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,
5. Full compliance with all municipal codes and ordinances.

Zoning District Correspondence Matrix

- ■ Directly Related
- ○ Elements of the zoning category are related to the future LU category, but with qualifications (such as a development plan with conditions)
- □ Land use category is appropriate, but the district does not directly implement the category (e.g., open space in an industrial district)

LOW DENSITY RESIDENTIAL (LDR)

This designation applies to existing residential neighborhoods found mostly west of the Beltline or immediately adjacent to the east side of the Beltline.

The primary land use in the LDR districts is residential and the predominant housing type is the single-family housing unit, detached or semi-detached, typically placed within a street grid or a network of meandering suburban streets. The density in these districts ranges between 0 and 6 dwelling units per acre (du/ac).

These neighborhoods may also contain small-scale, low-rise multi-unit structures at appropriate locations, as well as complementary retail, parks and civic institutions such as schools, community centers, neighborhood playgrounds, and churches or other religious uses if those uses are designed and sited in a manner compatible with and connected to the surrounding context. The presence of individual ancillary uses should contribute to the fabric of a complete neighborhood, developed at a walkable, bikeable human scale.

Major Modification of a previously approved Planned Unit Development amending a previously approved master plan, to allow construction of a healthcare facility with multiple buildings on a single building site.

Dear Applicant(s)/ Property Owner (s):

At its meeting on August 21, 2025, the Planning Commission considered the above referenced application.

After discussion the Planning Commission determined the following Findings of Fact to support modification of the previously approved Planned Unit Development:

a. The request is consistent with all applicable requirements of this Chapter;
b. The request is compatible with the character of the surrounding neighborhood;
c. The request will not impede the orderly development and improvement of surrounding property;
d. Having considered the applicable factors, the request will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood;
e. The request is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;
f. The request is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
g. The request hall not be detrimental or endanger the public health, safety or general welfare.
h. Benefits Consideration. In addition, consideration was given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

As such, the Planning Commission voted to recommend approval of the Major Planned Unit Development Modification to the City Council, subject to the following conditions:

1. Revision of the site plan to illustrate the driveway to Cody Road will be paved with either asphalt or concrete;
2. Placement of a note on the site plan stating that the site will fully comply with tree planting and landscape area requirements;
3. Revision of the site plan to provide the number of beds and number of proposed parking spaces;
4. Revision of the site plan to depict any additional parking spaces over the minimum required as having an Alternative Paving Surface, if appropriate;
5. Placement of a note on the site plan stating future development or redevelopment of the property may require approval by the Planning Commission and City Council;
6. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit site plan prior to their recording in Probate Court, and the provision of copies of the recorded site plans (.pdf) to Planning and Zoning; and,
7. Full compliance with all municipal codes and ordinances.

The advertising fee for this application is based on the current legal description is **$651.32.** Upon receipt of this fee (*check made out to the "City of Mobile"*), your application will be forwarded to the City Clerk's office to be scheduled for public hearing by the City Council.

Once the application has been approved by the City Council, the approved site plan illustrating compliance with all required conditions must be recorded in Probate Court. A copy of the recorded document in pdf format must be submitted to the Planning and Zoning Department via email (planning@cityofmobile.org) or uploaded to the case via CSS. If no construction permit is obtained to implement the approved modification within two (2) years of approval, the modification shall expire, unless an extension request is filed and approved by the Planning Commission and City Council.

If you have any questions regarding this action, please call this office at 251-208-5895.

Invoice - Providence Park Rehabilitation & Healthcare (MOD-003425-2025).pdf;

Good morning,

We have completed our review of the above-referenced Major Modification application and determined that it is **partially complete**.

An invoice for the application fees has been issued. Once payment is received, the application will be placed on the appropriate Planning Commission agenda. However, **please note** that a **complete legal description** of the subject property (not the abbreviated version provided on the License Commissioner's website) is required in order to calculate the City Council advertising fees.

Following the Planning Commission's recommendation, this full legal description must be submitted to the Planning and Zoning Department **before** the application can proceed to the City Council for final consideration.

If application fees are paid **by noon on July 21, 2025**, the application will be scheduled for the **August 21, 2025,** Planning Commission agenda. If the deadline is not met, the application will be held until all outstanding requirements have been addressed.

Billing contacts associated with the request with Customer Self-Service Portal (CSS) accounts are: Clarence Ball (cmball@ballhealth.com) and David Dichiara (ddichiara@kadr-eng.com). Said contacts may log into their CSS account and pay the associated fees by opening the Major Modification case number listed in the subject line of this email.

If you do not have access to the case or do not have a registered CSS account, you may pay the fees via telephone by calling **(251) 208-7904**; or a business/cashier's check made payable to "City of Mobile" may be delivered to the Planning and Zoning Department at 205 Government Street, 3rd Floor, South Tower, Mobile, AL 36633.

IMPORTANT
The City of Mobile Planning and Zoning Department will **never request payment via wire transfer** or any

other suspicious method. If you receive any questionable communication claiming to be from our department, please report it immediately to: planning@cityofmobile.org.

If you have any questions or need further assistance, please don't hesitate to reach out.

Thank You,

All,

I failed to mention that we'll need one additional item for your application to be considered complete:

A complete legal description of the subject property (not the abbreviated version provided on the License Commissioner's website) is required in order to calculate the City Council advertising fees.

Following the Planning Commission's recommendation, this full legal description must be submitted to the Planning and Zoning Department **before** the application can proceed to the City Council for final consideration.

This will not hold-up your current application, but, as mentioned, it will need to be provided before the application can be forwarded to City Council. Please provide this information in a Microsoft Word document to planning@cityofmobile.org.

Good morning,

Staff has reviewed the above referenced Major Modification application submitted to our office and have determined it is **incomplete**. Please see the attached **Application Completeness Review** form for additional information.

Once all items have been submitted and verified, an invoice will be issued for the application fees. Please note that the application will not be considered complete—and therefore cannot be scheduled—until all required materials have been received and the fees have been processed.

For your convenience I have provided the list of addresses that are required to be notified of the public hearing.

If all items are submitted **no later than noon on July 21, 2025**, the application will be placed on the agenda for the **August 21, 2025, Planning Commission** meeting. Otherwise, the application will be held over until it is made complete.

If you have any questions or need further clarification, please don't hesitate to reach out.

Thank You,

APPLICATION NUMBER 7 DATE August 8, 2025

APPLICANT Providence Park Rehabilitation & Healthcare (David Dichiara, Kadre Engineering, LLC, Agent)

REQUEST PUD Modification

N

NTS

SITE HISTORY

The site came before the Planning Commission at its April 21, 2022 meeting as part of a Subdivision and a Planned Unit Development (PUD) to allow the creation of two (2) new lots with access to private streets.

The site has not been before the Board of Zoning Adjustment previously.

STAFF COMMENTS

Engineering Comments:

1. Label the drawing that was submitted (Sheet No. C2.0) as the PUD Site Plan.
2. Show and label the proposed sidewalk along Cody Rd. and Providence Park Dr. E.
3. Label the existing public roadways.
4. ADD THE FOLLOWING NOTES TO THE PUD SITE PLAN:
    a. Any work performed in the existing ROW (right-of-way) such as driveways, sidewalks, utility connections, grading, drainage, irrigation, or landscaping will require a ROW permit from the City of Mobile Engineering Permitting Department (251-208-6070) and must comply with the City of Mobile Right-of-Way Construction and Administration Ordinance (Mobile City Code, Chapter 57, Article VIII).
    b. A Land Disturbance Permit application shall be submitted for any proposed land disturbing activity with the property. A complete set of construction plans including, but not limited to, drainage, utilities, grading, storm water detention systems and paving will need to be included with the Land Disturbance permit. This Permit must be submitted, approved, and issued prior to beginning any of the construction work.
    c. Any and all proposed land disturbing activity within the property will need to be submitted for review and be in conformance with Mobile City Code, Chapter 17, Storm Water Management and Flood Control); the City of Mobile, Alabama Flood Plain Management Plan (1984); and, the Rules For Erosion and Sedimentation Control and Storm Water Runoff Control.
    d. Any existing or proposed detention facility shall be maintained as it was constructed and approved. The Land Disturbance Permit application for any proposed construction includes a requirement of a Maintenance and Inspection Plan (signed and notarized by the Owner) for the detention facility. This Plan shall run with the land and be recorded in the County Probate Office prior to the Engineering Department issuing their approval for a Final Certificate of Occupancy.
    e. The approval of all applicable federal, state, and local agencies (including all storm water runoff, wetland and floodplain requirements) will be required prior to the issuance of a Land Disturbance permit. The Owner/Developer is responsible for acquiring all of the necessary permits and approvals.
    f. The proposed development must comply with all Engineering Department design requirements and Policy Letters.

Traffic Engineering Comments:

Driveway number, size, location, and design to be approved by Traffic Engineering and conform to AASHTO standards. Any required on-site parking, including ADA handicap spaces, shall meet the minimum standards as defined in Article 3, Section 64-3-12 of the City's Unified Development Code

Urban Forestry Comments:

Property to be developed in compliance with state and local laws that pertain to tree preservation and protection on both city and private properties [Act 929 of the 1961 Regular Session of the Alabama Legislature (Acts 1961, p. 1487), as amended, and City Code Chapters 57 and 65]. Private removal of trees in the right-of-way will require approval of the Mobile Tree Commission. Removal of heritage trees from undeveloped residential sites, developed residential sites in historic districts, and all commercial sites will require a tree removal permit.

Fire Department Comments:

All projects located within the City Limits of Mobile shall comply with the provisions of the City of Mobile Fire Code Ordinance, which adopts the 2021 edition of the *International Fire Code (IFC)*.

Fire apparatus access roads shall be provided to within 150 feet of all non-sprinklered commercial buildings and within 300 feet of all sprinklered commercial buildings, as measured along an approved route around the exterior of the facility.

An approved fire water supply capable of meeting the requirements set forth in *Appendices B and C* of the 2021 IFC shall be provided for all commercial buildings.

Fire hydrant placement shall comply with the following minimum standards:

- Within 400 feet of non-sprinklered commercial buildings
- Within 600 feet of sprinklered commercial buildings
- Within 100 feet of fire department connections (FDCs) serving standpipe or sprinkler systems

Although the *International Residential Code (IRC)* functions as a stand-alone document for the construction of one- and two-family dwellings and townhouses, it does not govern the design or layout of emergency access or community-level fire protection infrastructure. Therefore, residential developments must also comply with the applicable requirements of the *International Fire Code*, including, but not limited to, those listed above concerning the design, construction, regulation, and maintenance of fire apparatus access roads and fire protection water supplies.

Planning Comments:

The site has been before the Planning Commission previously as part of a Planned Unit Development (PUD) in 2022. At that time, no development was depicted for the subject site. As the applicant is now ready to move forward with the development of the subject site, a Major Modification is required to amend the previously approved plans.

Detailed descriptions of the request are available via the links on page 1 of this report.

The applicant is proposing to build a new rehabilitation center with associated parking and a maintenance building on Lot A of the Providence Park, Northwest Development Parcel Resubdivision, with access to Cody Road depicted through Lot B of the same Subdivision.

It should be noted that the proposed access to Cody Road is depicted as being surfaced with gravel. The UDC requires all access and maneuvering areas to be paved with either asphalt or concrete. If approved, the site plan should be revised to depict compliance with paving requirements.

Because this is the first commercial development of the property, it will be required to fully comply with tree planting and landscape area requirements.

The application does not state how many patient beds the facility will have. The UDC requires medical facilities with overnight patients to have one (1) parking space per bed. If approved, the site plan should be revised in order to provide both the number of beds and the number of parking spaces. Any parking provided over the minimum required number, must be paved with an Alternative Paving Surface.

It should be noted that future development or redevelopment of either lot may require additional modifications of the PUD to be approved by the Planning Commission and City Council. A note stating as much should be placed on the recorded site plans, if approved.

PLANNED UNIT DEVELOPMENT MODIFICATION CONSIDERATIONS

Standards of Review:

The Unified Development Code (UDC) in Section 64-5-8-B.(5) states the following concerning Planned Unit Development / Planning Approval Modifications:

Approval Criteria. The Planning Commission shall not recommend a major modification for approval, and the City Council shall not approve the modification, unless the proposed modification:

1. Is consistent with all applicable requirements of this Chapter;
2. Is compatible with the character of the surrounding neighborhood;
3. Will not impede the orderly development and improvement of surrounding property;
4. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood:

    a. In making this determination, the Planning Commission and City Council shall consider the location, type and height of buildings or structures, the type and extent of landscaping and screening, lighting, hours of operation or any other conditions that mitigate the impacts of the proposed development; and
    b. Includes adequate public facilities and utilities;

5. Is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;
6. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
7. Shall not be detrimental or endanger the public health, safety or general welfare.
8. Benefits Consideration. In addition, consideration should also be given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

Considerations:

If the Planning Commission considers a recommendation of approval for the Modified Planning Approval / Planned Unit Development, the following Findings of Fact must apply:

a. The request is consistent with all applicable requirements of this Chapter;
b. The request is compatible with the character of the surrounding neighborhood;
c. The request will not impede the orderly development and improvement of surrounding property;

d. The request will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood:

    1. In making this determination, the Planning Commission and City Council shall consider the location, type and height of buildings or structures, the type and extent of landscaping and screening, lighting, hours of operation or any other conditions that mitigate the impacts of the proposed development; and
    2. Includes adequate public facilities and utilities;

e. The request is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;
f. The request is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
g. The request shall not be detrimental or endanger the public health, safety or general welfare.
h. Benefits Consideration. In addition, consideration should also be given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

If approved, the following conditions could apply:

1. Revision of the site plan to illustrate the driveway to Cody Road will be paved with either asphalt or concrete;
2. Placement of a note on the site plan stating that the site will fully comply with tree planting and landscape area requirements;
3. Revision of the site plan to provide the number of beds and number of proposed parking spaces;
4. Revision of the site plan to depict any additional parking spaces over the minimum required as having an Alternative Paving Surface, if appropriate;
5. Placement of a note on the site plan stating future development or redevelopment of the property may require approval by the Planning Commission and City Council;
6. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit site plan prior to their recording in Probate Court, and the provision of copies of the recorded site plans (.pdf) to Planning and Zoning; and,
7. Full compliance with all municipal codes and ordinances.

Zoning District Correspondence Matrix

- ■ Directly Related
- ○ Elements of the zoning category are related to the future LU category, but with qualifications (such as a development plan with conditions)
- □ Land use category is appropriate, but the district does not directly implement the category (e.g., open space in an industrial district)

Institutional Land Use (INS)

This designation includes land and buildings occupied by municipal and other governmental agencies for the exercise of their functions, to serve the public or provide a civic use or amenity. These include major libraries, airports, public schools and public safety facilities, but exclude parks and public open space which are identified under a separate land use classification (see below). Semi-public uses such as grammar and high schools, colleges and universities, hospitals, and other major institutions that serve the public and/or operate in a public function are included.

Note: Small-scale properties (less than 2 acres) accommodating subsidiary public and semi-public facilities, such as branch libraries, substations, satellite clinics, etc., may not be specifically called out in the FLUM under this land use designation, but may instead be considered part of the array of integrated complementary uses typically found in a residential neighborhood or a mixed-use center or corridor. The specific location and design of these complementary uses is subject to zoning.

11-056 2025

AN ORDINANCE TO AMEND CHAPTER 11, ARTICLE II, SECTION 11, OF THE CITY OF MOBILE MUNICIPAL CODE TO INCLUDE A SUBSECTION ENTITLED "ALABAMA CONSTRUCTION TRADE ACADEMY FUND FEES".

Sponsored by: City Councilmember Ben Reynolds, District 4

WHEREAS, the City of Mobile recognizes the shortage of skilled trade workers in the residential construction industry; and

WHEREAS, Alabama Act 2025-398 affords municipalities with an opportunity to provide funding derived from specific building permit fees and specific other permit fees to the Alabama Construction Trade Academy Fund established in the State Treasury; and

WHEREAS, Act 2025-398 states, in part, that the Alabama Construction Trade Academy board may award grants to programs recognized by the Alabama Home Builders Foundation as a part of the Alabama Homebuilding Academy Network; and

WHEREAS, the Alabama Home Builders Foundation has submitted a letter addressed to Mobile city council members asserting that every dollar collected within the Mobile jurisdiction will be for the sole use of the South Alabama Homebuilding Academy (SAHA); and

THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF MOBILE, ALABAMA,

that Chapter 11, Article II, Section 11, of the City of Mobile Municipal Code is hereby amended by the addition of a Subsection entitled "Alabama Construction Trade Academy Fund Fees" and this Subsection shall read as follows:

Pursuant to Alabama Act 2025-398 there is hereby a fee of twenty dollars ($20.00) levied on every building permit, mechanical permit, plumbing permit, or any combination of these permits, and any other permit required for the construction or remodeling of a new or existing residence or structure as defined in Section 34-14A-2, Code of Alabama 1975.

(1) Section 34-14A-2 defines a residence as a single unit providing complete independent residential living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking, and sanitation.

(2) Section 34-14A-2 defines a structure as a residence on a single lot, including a site-built home, a condominium, a duplex or multi-unit residential building consisting of not more than four residential units, or any improvement thereto.

(3) All funds collected by the City pursuant to this subsection shall be remitted to the State Treasury's Alabama Construction Trade Academy Fund in the manner and frequency preferred by the State.

(4) Unless otherwise amended, this Subsection and the fees levied pursuant to it shall sunset, completely, effective September 30, 2030.

City of Mobile Alcoholic Beverage License Application

CERTIFICATION and SIGNATURE

prb The undersigned agree, if a license is used as herein applied for, to comply at all times with and to fully observe all the provisions of the Alabama Alcoholic Beverage Control Act, as appears in the Code of Alabama, Title 28, and all laws of the State of Alabama and the Codes/Ordinances of the City of Mobile relative to the handling of alcoholic beverages.

prb The undersigned agree, if a license is used as herein requested, further agrees to obey all rules and regulations promulgated by the Board and the Code/Ordinances of the City of Mobile relative to all alcoholic beverages received in this State. The undersigned, if issued a license as herein requested, also agrees to allow and hereby invites duly authorized agents of the Alabama Alcoholic Beverage Control Board and any duly commissioned law enforcement officers of the State, County or Municipality in which the licensed premises are located to enter and search with a warrant the licensed premises or any building owned or occupied by him/her in connection with, adjoining, or adjacent thereto, whether connected or not, and whether used by him/her as his/her private dwelling.

prb The undersigned understands that should he or she violate any of the provisions of the Code of Alabama, Title 28, or any of the rules and regulations of the Alcoholic Beverage Control Board, his/her license shall be subject to revocation.

prb The undersigned understands that the City of Mobile reserves the right to file for suspension, revocation or an objection with the Alabama Alcoholic Beverage Control Board to a license renewal for failure to follow the Alcoholic Beverage Control Laws of the State of Alabama and the Codes/Ordinances of the City of Mobile or the creation of a nuisance. The undersigned further understands and agrees that no changes in the manner of operation, nature of owner and no deletion or discontinuance of any services or facilities as described in this application will be allowed with prior written approval of the City of Mobile and the Alabama Alcoholic Beverage Control Board.

prb Applicant for the Alcoholic Beverage license, requested by the forgoing applicant hereby swears or affirms that he/she has read said application and all the statements and facts set forth therein or in supporting documents are true and correct, and that, except as otherwise indicated therein, the applicant is the only person interested in the business for which license is requested.

prb In reference to ACT No. 80-529, I understand that if my application is denied or discontinued, I will not be refunded the filing fee required by this application.

prb Applicant understands that approval from the State of Alabama Alcoholic Beverage Control Board and the City of Mobile is owner and location specific. If the owner(s) named in the application and/or approval change and/or business is relocated to another location from what was applied for, then they must contact the Alabama Alcoholic Beverage Control Board and the City of Mobile for a new approval.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 45-3055957. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

When filing tax documents, payments, and related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear off stub and return it to us.

Based on the information received from you or your representative, you must file the following form(s) by the date(s) shown.

Form 941	04/30/2012
Form 940	01/31/2013
Form 1065	04/15/2012

If you have questions about the form(s) or the due date(s) shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 538, *Accounting Periods and Methods*.

We assigned you a tax classification based on information obtained from you or your representative. It is not a legal determination of your tax classification, and is not binding on the IRS. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRS under the guidelines in Revenue Procedure 2004-1, 2004-1 I.R.B. 1 (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, *Entity Classification Election*. See Form 8832 and its instructions for additional information.

A limited liability company (LLC) may file Form 8832, *Entity Classification Election*, and elect to be classified as an association taxable as a corporation. If the LLC is eligible to be treated as a corporation that meets certain tests and it will be electing S corporation status, it must timely file Form 2553, *Election by a Small Business Corporation*. The LLC will be treated as a corporation as of the effective date of the S corporation election and does not need to file Form 8832.

If you are required to deposit for employment taxes (Forms 941, 943, 940, 944, 945, CT-1, or 1042), excise taxes (Form 720), or income taxes (Form 1120), you will receive a Welcome Package shortly, which includes instructions for making your deposits electronically through the Electronic Federal Tax Payment System (EFTPS). A Personal Identification Number (PIN) for EFTPS will also be sent to you under separate cover. Please activate the PIN once you receive it, even if you have requested the services of a tax professional or representative. For more information about EFTPS, refer to Publication 966, *Electronic Choices to Pay All Your Federal Taxes*. If you need to make a deposit immediately, you will need to make arrangements with your Financial Institution to complete a wire transfer.

The IRS is committed to helping all taxpayers comply with their tax filing obligations. AMENDMENT
TO LEASE AGREEMENT

THIS AMENDMENT TO LEASE AGREEMENT is made and entered into as of the 1 day of May, 2021, by, between, and among Ashland Fire Station No. 12, LLC, an Alabama limited liability company ("Landlord"), Bake My Day, L.L.C., an Alabama limited liability company ("Tenant"), and Paula R. Bentley, Rachel E. Harbin, and Rebecca E. Springer (collectively, "Guarantors").

WITNESSETH:

WHEREAS, by Lease Agreement dated August 24, 2019 (the "Lease"), Landlord and Tenant provided for the lease of certain premises therein described and located at 2407 Old Shell Road, Mobile, Alabama; and,

WHEREAS, Landlord and Tenant desire to amend the Lease in certain particulars:

NOW, THEREFORE, in consideration of the premises, Landlord and Tenant do hereby amend the Lease in the following particulars and no others:

A. The first two sentences of Section 1.03 of the Lease are hereby deleted in their entirety and the following new sentences shall be inserted in lieu thereof:

> **Section 1.03 Term and Commencement**
>
> The initial term of this lease shall be for a period of ten (10) years (the "Term"). The Term shall commence the earlier of (i) Tenant opening for business in the Leased Premises or (ii) that certain date which is sixty (60) days following notice of substantial completion of Landlord's Work, attached hereto as Exhibit "C" (the "Commencement Date").

B. Section 2.01 is hereby revised to delete Lease Years 11-12 from the Minimum Rent Chart.

C. Section 2.03 of the Lease is hereby deleted in its entirety and the following new Section 2.03 shall be inserted in lieu thereof:

Section 2.03: Year 7 Termination Option

For a period of one hundred eighty (180) days beginning on the first day of Year Seven (7) of the Lease Term, Tenant, at its option, may terminate this Lease by giving Landlord written notice to terminate the Lease with such termination to be effective one hundred eighty (180) days from the date of such written notice. In consideration of such early termination, if exercised, Tenant shall make a one-time payment to Landlord in an amount equal to six (6) months Minimum Rent in effect on the date of the termination notice plus six (6) months unamortized brokerage fees based upon a four (4%) commission on a straight line basis (the "Early Termination Fee"). If the Tenant fails to give notice within said one hundred eighty (180) day period, then this option shall expire and the Lease shall continue in full force and effect. In the event Landlord relets the Leased Premises within six (6) months of Tenant vacating the Leased Premises, Landlord shall refund to Tenant any Minimum Rent collected by Landlord from any tenant for such six (6) month period less Landlord's costs of releting (including reasonable brokerage fees) amortized on a straight line basis. Notwithstanding anything to the contrary set forth herein, Landlord shall make reasonable efforts to relet the Leased Premises. Upon termination of the Lease, neither party shall have any further rights or obligations hereunder except for those that expressly survive.

IN WITNESS WHEREOF, Landlord and Tenant have caused this Amendment to be executed as of the day and date above written.

LEASE AGREEMENT

THIS LEASE AGREEMENT is made on the 24th day of August 2019, by and between Ashland Fire Station No. 12, LLC, an Alabama limited liability company, (the "Landlord"), and Paula R. Beasley, Rachel E. Harbin, Rebecca L. Springer and Bake My Day, LLC, an Alabama limited liability company (collectively referred to herein as "Tenant")

WITNESSETH

ARTICLE I

GRANT AND TERM

SECTION 1.01: Leased Premises.

In consideration of the rents, covenants and agreements hereinafter reserved and contained on the part of Tenant to be observed and performed Landlord demises and leases to Tenant, and Tenant rents from Landlord those certain premises, said premises being commonly known as the Ashland Fire Station located at 2407 Old Shell Road, City of Mobile, County of Mobile, Alabama, which premises consist of a one-story building containing an area of approximately 2,147 square feet of building (herein called the "Leased Premises") attached hereto as Exhibit "A"

SECTION 1.02: Use of Additional Areas.

The use and occupation by Tenant of the Leased Premises shall include the use in common with others entitled thereto of the common areas, employees' parking areas, and other facilities as may be designated from time to time by the Landlord; subject, however, to the terms and conditions of this lease and to reasonable rules and regulations for the use thereof as prescribed from time to time by the Landlord. Tenant shall have exclusive use of the patio and grassy area in front of the Leased Premises, attached hereto as Exhibit "B"

SECTION 1.03: Term and Commencement.

The initial term of this lease shall be for a period of twelve (12) years (the "Term"). The Term shall commence on that certain date which is thirty (30) days following the notice of substantial completion of Landlord's Work, attached hereto as Exhibit "C" (the "Commencement Date"). The target date for substantial completion of Landlord's Work is **January 1st,2020. Landlord shall not deliver building to Tenant during the month of February, April 1st through 12th, nor during the month of May 2020.**

SECTION 1.04: Failure of Tenant to Open.

In the event that Landlord notifies Tenant that the Leased Premises is ready for occupancy as herein defined, and Tenant fails to take possession and open the Leased Premises for business fully fixtured, stocked and staffed, within ninety (90) days following the Commencement Date as defined in Section 1.03, then Landlord may, at its option, in addition to collecting said minimum rent, cancel and terminate this Lease by giving written notice to Tenant within Thirty (30) days

ARTICLE II

RENT

SECTION 2.01: Minimum Rent.

Year	Monthly Rent	Annual Rent
1	$4,472.92	$53,675.00
2	$4,472.92	$53,675.00
3	$4,656.26	$55,875.14

7	$5,139.64	$61,675.70
8	$5,268.13	$63,217.59

9	$5,399.84	$64,798.03
10	$5,534.83	$66,417.98
11	$5,673.20	$68,078.43
12	$5,815.03	$69,780.39

All payments are due in advance on or before the first day of each month, at

Ashland Fire Station No. 12, LLC
740 Museum Drive
Mobile, Alabama 36608

or such other place as may be designated by Landlord, without any prior demand therefore, and without any deduction or setoff whatsoever

The amount of each of the said installments of rent shall be increased by TEN (10%) PERCENT if the same shall remain unpaid ten (10) days after the date on which such installment shall be due. All such charges shall be secured as additional rents under this Lease

SECTION 2.02: Security Deposit

Tenant shall deposit with Landlord one month's rent in the amount of **Four Thousand Four Hundred Seventy-Two and 00/100 ($4,472.92)** Dollars as security for the faithful performance and observance by Tenant of the terms, provisions and conditions of this Lease within 20 days of the execution of this Lease. It is agreed that in the event Tenant defaults in respect of any of the terms, provisions and conditions of this Lease, including but not limited to, the payment of rent and additional rent, Landlord may use, apply or retain the whole or any part of the security so deposited to the extent required for the payment thereof or for payment of any other sums which Landlord may be required to expend by reason of Tenant's default including, but not limited to, any damages or deficiency in the re-letting, whether such damages or deficiency accrued before or after summary proceeding or other re-entry by Landlord. In the event that Tenant shall fully and faithfully comply with all the terms, provisions, covenants and conditions of this Lease, the security shall be returned to Tenant without interest, after the expiration of the Lease and delivery of entire possession of the Leased Premises to Landlord.

SECTION 2.03: Year 8 Termination Options

Tenant Option:

For a period of one hundred eighty (180) days beginning on the first day of Year Eight (8) of the Lease Term, Tenant, at its option, may terminate this Lease by giving Landlord one hundred eighty (180) days written notice and making a one-time payment to Landlord in an amount equal to six (6) months Minimum Rent in effect on the date of the notice and Tenant shall reimburse Landlord for six (6) months unamortized brokerage fees for the ("Lump Sum"), provided that if Tenant should fail to give notice within said 180 day period, then this option shall expire and the Lease shall continue in full force and effect. Upon termination of the Lease neither party shall have any further rights or obligations hereunder except for those that expressly survive

Landlord Option:

For a period of one hundred eighty (180) days beginning on the first day of Year 8 of the Lease Term, Landlord, at its option, may terminate this Lease by giving Tenant one hundred eighty (180) days written notice, provided that if Landlord should fail to give notice within said 180 day period, then this option shall expire and the Lease shall continue in full force and effect. Upon termination of the Lease neither party shall have any further rights or obligations hereunder except for those that expressly survive

SECTION 2.04: Option to Extend

Tenant, at its option, may extend the Lease for an additional five (5) years by giving written notice to Landlord at least one hundred twenty (120) days prior to the expiration of the Term. If Tenant should exercise this option, then the Lease shall continue upon the same terms and conditions except that the Minimum Rent

shall increase by two percent (2%) and continue to increase by the same percentage each year from the prior year's Minimum Rent

SECTION 2.05: Additional Rent.

Tenant shall pay as additional rent all sums of money or charges required to be paid by Tenant under this Lease, whether or not the same be designated "Additional Rent". If such amounts or charges are not paid at the time provided in this Lease, they shall nevertheless, if not paid when due, be collectible as additional rent with any installment of rent thereafter due hereunder, but nothing herein contained shall be deemed to suspend or delay the payment of any amount of money or charge at the time the same become due and payable hereunder, or limit any other remedy of Landlord

SECTION 2.06: Insurance.

Tenant shall reimburse Landlord for all insurance premiums all premiums for casualty, workers compensation, liability boiler, flood and all other types of insurance required to be obtained by Landlord c/o 2407 Old Shell Rd, either in its entirety, or by its pro-ratta share if applicable (if Landlord constructs another building on the property at the time construction begins), hereunder and relating to the Property. The additional rental provided for in this section may be billed separately for each item or expense, and may be recomputed and adjusted from time to time. All such additional rental shall become due and payable thirty (30) days after notice from Landlord. At Landlord's discretion this shall be billed on a monthly basis. Insurance is currently estimated at $1.60 per square foot annually. Tenant shall not be responsible for reimbursing Landlord for Insurance premiums for the property for the first year of the lease.

If the term of this Lease shall begin on and /or terminate at a time other than the beginning (or ending, as the case may be) of a calendar year, in the event of an adjustment, a proper apportionment of the above charges shall be made to cover the fraction of a year included within the term of this lease

SECTION 2.07: Real Estate Taxes.

Tenant shall pay when due in each tax year during the Term all amounts payable (or by its pro-ratta share if Landlord constructs another building on the property, at the time construction begins) for real estate taxes, ad valorem taxes and assessments (general and special), or any other tax imposed upon or levied against real estate or upon owners or lessees of real estate as such, including taxes imposed on leasehold improvements and Tenant's personal property and fixtures whether the same are assessed against Landlord or Tenant, all with respect to the property making up the Total Premises ("**Real Estate Taxes**"). Notwithstanding anything contained in the preceding sentence, Tenant shall not be responsible for Real Estate Taxes for the property for the first year. The additional rental provided for in this section may be billed separately for each item or expense and may be recomputed and adjusted from time to time. All such additional rental shall become due and payable Thirty (30) days after notice from Landlord. Landlord shall bill tenant on a monthly basis for estimated taxes and either bill or credit an adjustment when the actual bill becomes available. Real Estate Taxes are currently estimated at $2.95 per square foot

If the term of this lease shall begin on and /or terminate at a time other than the beginning (or ending, as the case may be) of a calendar year, in the event of an adjustment, a proper apportionment of the above charges shall be made to cover the fraction of a year included within the term of this lease

SECTION 2.08: Tenants Financials.

Tenant shall submit financials showing gross revenue to Landlord semi-annually

ARTICLE III

CONSTRUCTION, ALTERATION AND RELOCATION

SECTION 3.01: Landlord's Obligation.

Landlord shall, at its cost and expense, deliver to Tenant the Leased Premises for Tenant's use and occupancy substantially in accordance with Landlord's Work attached hereto. Any work in addition to any of the items specified on Landlord's Work shall be performed by Tenant at its own cost and expense with Landlord's prior written approval. The taking of possession of the Leased Premises by Tenant shall be

conclusive evidence that said premises were in good and satisfactory condition and fully completed in accordance with the terms of this Lease at the time such possession was taken

SECTION 3.02: Tenant Improvements.

1. Tenant will install its own FF&E at its own expense
2. If Tenant needs a specialty drop ceiling in the main room where the cashier and customer ordering station is currently contemplated, Tenant shall apply for its permit and install its own ceiling as required by code with Landlord's written approval of design
3. Tenant shall apply for its permit install its own signage with Landlord's written approval
4. Tenant shall install its own cabinetry and shelving (Landlord shall provide a $5,000 tenant allowance for cabinetry)

SECTION 3.03: Patio.

Tenant may place tables and chairs for outdoor seating as allowed by Code outside the store front doors on the front side of the building as allowed by code

SECTION 3.04:

[INTENTIONALLY LEFT BLANK]

SECTION 3.05: Tenant Shall Discharge All Liens.

Tenant shall promptly pay all its contractors and material men, so as to minimize the possibility of a lien attaching to the Leased Premises, and should any such lien be made or filed, Tenant shall bond against or discharge the same within ten (10) days after written request by Landlord. If Tenant should fail to do the same, Landlord may take action to prevent a lien attaching to the property, in which event, the cost plus 20% administration fee, and attorneys' fees shall be payable by Tenant as Additional Rent

ARTICLE IV

CONDUCT OF BUSINESS BY TENANT

SECTION 4.01: Use of Premises

Tenant shall not use, permit or suffer the use of the premises or any part thereof for any purpose other than the following:

Bakery and food service establishment

Tenant agrees to conduct its business in the premises under the name or trade name of **Bake My Day, LLC** and under no other name or trade name except such as may be first approved by Landlord in writing, and further that the premises are leased exclusively for said business and commercial purposes

Tenant shall occupy the Leased Premises promptly after the commencement of the Term of this Lease and thereafter continuously during the Term of this Lease and any renewal or extension thereof, and shall conduct in said premises the business permitted under this Section 4.01, using its best efforts at all times to obtain at the premises the highest volume of said permitted business possible

SECTION 4.03: Storage and Office Space.

Tenant shall warehouse, store, and/or stock in the Leased Premises only such goods, wares and merchandise as Tenant intends to offer for sale at retail at, in, from, or upon the Leased Premises. This shall not preclude occasional emergency transfers of merchandise to other stores of Tenant, if any. Tenant shall use for office, clerical or other non-selling purposes, only such space in the Leased Premises as in from time to time reasonably required for Tenant's business in the Leased Premises. No auction, fire or bankruptcy sales may be conducted in the Leased Premises without the previous written consent of Landlord

SECTION 4.04: Landlord Account

To the extent permitted by law, Tenant will provide Landlord with a store credit of One Hundred and 00/100 ($100.00) Dollars per calendar month. Any amount in excess of the $100.00 will be billed to Landlord

ARTICLE V

COMMON AREAS AND FACILITIES

SECTION 5.01: Operation and Maintenance of Common Areas.

Landlord shall provide Tenant with 20 parking spaces during the entirety of the Lease. All portions of the lot located at 2407 Old Shell Rd, except the Leased Premises and the Exclusive Use Area shown in Exhibit 'B', shall be designated common area. The landlord shall install the parking and landscaping, and the Tenant shall maintain the entire property including grass cutting and trimming, unless and until the Landlord utilizes and/or constructs in the back portion of the property. If the Landlord decides to construct another structure on the property the common area maintenance responsibilities shall, upon mutual agreement between Landlord and Tenant, some or all, be transferred to the Landlord (at the time construction begins)who would then charge back Tenant's pro-ratta share of the cost

ARTICLE VI

TENANT'S LIABILITY FOR MAINTENANCE & SUPERVISION

SECTION 6.01: Tenant's Responsibilities.

Except for the maintenance obligations of Landlord expressly setout herein, Tenant shall, at all times maintain the entirety of the Leased Premises; this shall include, but in no way is limited to, maintenance of exterior entrances, the parking lot, all glass and show window moldings, landscaping and all partitions, doors, fixtures, plate glass, ceiling tile, toilets, sinks, all pipes, electrical wires, gas lines, gutters (repair if damaged) fence (repair if damaged), HVAC and electrical equipment and appurtenances thereof (including lighting, heating and plumbing fixtures, and any air conditioning system) within, attached and under the building, in good order, condition and repair. In pursuance of its obligation of maintenance, Tenant agrees to maintain the Leased Premises at its own expense in a clean, orderly and sanitary condition, free of insects, rodents, vermin and other pests, not to cause or permit objectionable odors to emanate or be dispelled therefrom, to comply with all laws and ordinances and all valid rules and regulations of any Federal, State, municipal or other public authority having jurisdiction over the Leased Premises, and to conduct its business in the Leased Premises in all respects in a dignified manner and in accordance with high standards of store operation. Tenant's obligations to repair items in need of repair at the expiration or termination of the Lease shall survive. Landlord shall warranty its work for a period of one year following the completion of Landlord's Work and deliver any warranties to Tenant for Tenant's use during the term of the Lease and Option.

SECTION 6.02: Landlord's Right to Intervene.

If Tenant refuses or neglects to repair property as required hereunder to the reasonable satisfaction of Landlord as soon as reasonably possible after written demand, Landlord may make such repairs without liability to Tenant for any loss or damage that may accrue to Tenant's merchandise, fixtures or other property, or to Tenant's business by reason thereof, and upon completion thereof, Tenant shall pay as Additional Rent Landlord's costs for making such repairs plus twenty percent (20%) for overhead upon presentation of bill therefore.

SECTION 6.03: Surrender of Leased Premises.

At the expiration of the tenancy hereby created, Tenant shall surrender the Leased Premises in the same condition as the Leased Premises were in upon delivery of possession thereto under this Lease, reasonable wear and tear excepted and damage by unavoidable casualty expected, and shall surrender all keys for the Leased Premises to Landlord at the place then fixed for the payment of rent and shall inform Landlord of all combinations on locks, safes and vaults, if any. If required by Landlord, Tenant shall remove all its trade fixtures and any alterations or improvements before surrendering the premises as aforesaid, and shall repair any damage to the Leased Premises caused thereby, however Tenant shall have no right to remove same.

Tenant is in default under this Lease. Tenant's obligation to observe or perform this covenant shall survive the expiration or other termination of this Lease.

SECTION 6.04: Rules and Regulations.

[INTENTIONALLY LEFT BLANK]

ARTICLE VII

LANDLORD'S OBLIGATION FOR MAINTENANCE

SECTION 7.01: Responsibilities of Landlord.

Landlord shall maintain the roof, foundations, exterior walls and underground pipes and lines running from the building to the street, gutters (replace if stolen), fence (repair if rotten). In the event any repairs become necessary to the structural portions of the roof, exterior walls or foundations of the Leased Premises, or sidewalks adjacent to said premises, during the Term, then upon written notice from Tenant to Landlord stating the necessity therefore and the nature thereof, Landlord, with reasonable promptness and at its own expense, shall make any such necessary repairs specified in such notice. The phrase "structural portions" as above used shall not be so construed as to require Landlord to make repairs to interior surfaces of the Leased Premises. Landlord shall not be liable for damage to any goods or property, or death or injury to persons, caused by failure to perform any maintenance or repair which Landlord is obligated hereunder to perform, it being understood that Landlord shall be liable only for the cost of making such maintenance or repair as stated herein.

ARTICLE VIII

SIGNS, AWNINGS, PAINTING ALTERATIONS AND TRADE FIXTURES

SECTION 8.01: Signs.

Tenant shall not place or suffer to be placed or maintained on the exterior or in the interior of the Leased Premises, any sign, advertising matter or other thing of any kind which may be visible from the exterior, and shall not place or maintain any decoration, lettering or advertising matter on the glass of any window or door of the premises without first obtaining Landlord's written approval thereof; and Tenant agrees to maintain such sign, decoration, lettering, advertising matter or other thing as may be approved, in good condition and repair at all times. The exterior signs shall consist only of a wall sign which shall either fit the current hangers above the roll-up fire door or be hand-painted, plus a new monument sign. Tenant shall apply for its own sign permits and shall supply its own signs. Landlord approves Tenant's use of glass window signs showing hours of operation, Tenant's logo, credit card acceptance logos.

SECTION 8.02: Awnings.

Awnings are not currently planned for Tenant's space, but may be discussed at a later date for an additional cost to the Tenant. Landlord will work with Tenant in its attempt to obtain necessary historic and other approvals necessary for an awning at that time.

SECTION 8.03: Painting.

Tenant shall not paint or decorate any part of the exterior of the Leased Premises without first obtaining Landlord's written approval of such painting or decoration, which may be denied for any or no reason at all by Landlord; and Tenant agrees to promptly remove, upon order of Landlord, any paint or any such decoration which has been applied to or installed upon the exterior of the Leased Premises without Landlord's prior written approval, or to take such other action with reference thereto as Landlord may direct. Tenant may not paint over any historically significant painted signs from the fires use of the building including the Fire Department signs in the Engine Room. These signs are historic and must remain unless express written approval is received from the Landlord for each occurrence. Landlord plans to seek the ability to move the mural in the main room to the customer area over the fireplace. If the mural is able to be repainted in another area, Landlord is responsible for having repainted, at their discretion.

SECTION 8.04: Alterations.

Tenant shall not alter the store front of the Leased Premises and shall not make any structural alteration to the premises or any part thereof without first obtaining Landlord's written approval of such alteration, which may be denied for any or no reason at all by Landlord Tenant also agrees that any improvements made by it shall immediately become the property of Landlord This building is historic and Alterations cannot be made without Landlord s written permission

SECTION 8.05: Trade Fixtures.

All trade fixtures and apparatus installed by Tenant in the Leased Premises, other than alterations referred to in Section 8.04 immediately above, shall remain the property of Tenant and be removable at any time Tenant shall promptly, and at its own expense, repair any damage to the premises in removing any such trade fixtures and apparatus Such obligation to repair shall survive the expiration or termination of this Lease

ARTICLE IX

INSURANCE AND INDEMNITY

SECTION 9.01: Liability Insurance.

Tenant shall, during the entire term hereof, keep in full force and effect, a policy of public liability and property damage insurance with respect to the Leased Premises and the business operated by Tenant and any subtenants of Tenant in the Leased Premises in which the limits of public liability shall be not less than $1,000,000 00 Bodily Injury for each occurrence and in which the Property Damage Liability shall not be less than $1,000,000 00 for each occurrence The policy shall name Landlord any person, firms or corporations designated by Landlord, and Tenant as insured, and shall contain a clause that the insurer will not cancel or change the insurance without first giving the Landlord thirty (30) days prior written notice The insurance shall be in an insurance company that is AM Best BBB+ rated, and a copy of the policy or a Certificate of Insurance shall be delivered to Landlord Should Tenant fail to provide such policy of insurance, then Landlord may, at its option, purchase such policy and assess the cost thereof against Tenant as additional rent hereunder

SECTION 9.02: Indemnification of Landlord.

Tenant will indemnify Landlord and save it harmless from and against any and all claims, actions, damages liability and expense in connection with loss of life, personal injury and/or damage to property arising from or out of any occurrence in, upon or at the Leased Premises, or the occupancy or use by Tenant of the Leased Premises or any part thereof, or occasioned wholly or in part by any act or omission of Tenant, its agents, contractors, employees, servants, lessees or concessionaires In case Landlord shall without fault on its part, be made a party to any litigation commenced by or against Tenant, then Tenant shall protect and hold Landlord harmless and shall pay all costs, expenses and reasonable attorney's fees incurred or paid by Landlord in connection with such litigation

SECTION 9.03: Waiver of Subrogation.

Tenant waives any right or claim against Landlord for damage sustained by it and which might be covered under any insurance policy and Tenant shall cause Tenant's insurance carriers to waive their respective rights of subrogation with respect to same, and to so notify Landlord

ARTICLE X

UTILITIES

SECTION 10.01: Utility Charges.

Landlord shall, at its sole expense, arrange for the entry and connection of all necessary utility services to the Leased Premises but shall not be required to pay any connection, "hook-up" or meter charge, which payment shall be the obligation of Tenant Tenant shall pay for all water, sewer service charges, fuels, electricity, steam and gas used in or at the premises for any purpose In no event shall Landlord be liable for an interruption or failure in the supply of any such utilities to the leased premises

ARTICLE XI

OFFSET STATEMENT, ATTORNMENT AND SUBORDINATION

SECTION 11.01: Offset Statement.

Within ten (10) days after request therefore by Landlord, or in the event that upon any sale, assignment or hypothecation of the Leased Premises and/or the land thereunder by Landlord an offset statement shall be required from Tenant, Tenant agrees to deliver, in recordable form, a certificate to any proposed mortgagee or purchaser, or to Landlord, certifying (if such be the case) that this Lease is in full force and effect and that there are no defenses or offsets thereto, or stating those claimed by Tenant.

SECTION 11.02: Attornment.

Tenant shall, in the event any proceedings are brought for the foreclosure of, or in the event of exercise of the power of sale under any mortgage made by the Landlord covering the Leased Premises, attorn to the purchaser upon any such foreclosure or sale and recognize such purchaser as the Landlord under this lease.

SECTION 11.03: Subordination.

Landlord reserves the right, at its option, to require that this Lease be subject and subordinate to, the lien of any mortgage or deed of trust now or hereafter placed upon Landlord's interest in the Leased Premises, or upon the land or premises of which the Leased Premises are a part, or upon any building now or thereafter placed upon the land of which the premises form a part, and to all advances made or thereafter to be made upon the security thereof. Upon request of Landlord, Tenant shall execute and deliver such instrument evidencing such superiority or subordination as Landlord may reasonably request within 10 days.

SECTION 11.03: Estoppel Certificate.

Within ten (10) days after request therefore by Landlord, Tenant shall execute an estoppel certificate in form suitable to Landlord, attesting that the Lease is unmodified and in full force and effect (or if there have been modifications, that the same is in full force and effect as modified and stating the modifications), and the dates to which the Minimum Rent and other payments due hereunder from Tenant have been paid in advance, if any, and stating whether or not, the other party is in Default in performance of any covenant, agreement or condition contained in this Lease and, if so, specifying each such Default, and any other reasonable information requested.

ARTICLE XII

ASSIGNMENT, SUBLETTING AND CONCESSIONS

SECTION 12.01: Consent Required.

Tenant will not assign this Lease in whole or in part, nor sublet all or any part of the Leased Premises, without the prior written consent of Landlord in each instance. The consent by Landlord to any assignment or subletting shall not constitute a waiver of the necessity for such consent to any subsequent assignment or subletting. This prohibition against assigning or subletting shall be construed to include a prohibition against any assignment or subletting by operation of law. If thereof be underlet or occupied by anybody other than Tenant, Landlord may collect rent from the assignee, under tenant or occupant, and apply the net amount collected to the rent herein reserved, but no such assignment, underletting, occupancy or collection shall be deemed a waiver of this covenant, or the acceptance of the assignee, undertenant or occupant as tenant, or a release of Tenant from the further performance by Tenant of covenants on the part of Tenant herein contained. Notwithstanding any assignment or sublease, if Tenant requests Landlord's consent to any assignment of the Lease or subletting of all of the Leased Premises, it shall submit to Landlord, in writing, the name of the proposed assignee or subtenant and the nature and character of the business of the proposed assignee or subtenant. Landlord shall have the option (to be exercised within thirty (30) days from the submission of Tenant's written request) to cancel the Lease as of the commencement date stated in the above-mentioned sublet or assignment. If Landlord elects to cancel the Lease as stated, then, the term, tenancy, and occupancy

of the said premises, under said Lease or otherwise, shall cease, determine, expire, and come to an end as if the cancellation date was the original termination date

If Landlord shall not exercise its option within the time set forth above its consent to any such proposed assignment or subletting shall not be unreasonably withheld, provided that Tenant and any guarantor of Tenant shall remain fully liable on this lease and shall not be released from performing any of the terms covenants, and conditions of this Lease In the event of any assignment/sublease as stipulated herein, Tenant agrees to pay the brokerage fee for subleasing the space in the amount of 6-8% to landlord's designated broker

SECTION 12.02: Benefits and Burdens on Assignment.

This Lease, and the covenants and conditions herein contained, shall inure to the benefit of and be binding upon Landlord, its heirs, personal representatives, successors and assigns, and shall be binding upon Tenant, its heirs, successors and assigns, and shall inure to the benefit of Tenant and only such assigns of Tenant to whom the assignment by Tenant has been consented to in writing by Landlord Nothing contained in this Lease shall in any manner restrict Landlord's right to assign or encumber this Lease in its sole discretion

SECTION 12.03: Limitation of Liability

Anything to the contrary contained in this Lease notwithstanding, it is specifically understood and agreed that there shall be absolutely no personal liability on the part of the Landlords individually or collectively with respect to any of the terms, covenants, conditions and provisions of this Lease and Tenant shall look solely to the equity of Landlord, their respective heirs, personal representatives, successors and assigns in the Leased Premises for the satisfaction of each and every remedy of Tenant in the event of any breach by Landlord, or in the event of any liability on the part of Landlord, their respective heirs, personal representatives, successors and assigns under any of the terms, covenants, conditions and provisions of this lease, such exculpation of personal liability being absolute and without exception whatsoever

SECTION 12.04: Operation of Concessions.

Tenant shall not permit any business to be operated in or from the Leased Premises by any concessionaire or licensee without the prior written consent of Landlord

ARTICLE XIII

WASTE AND GOVERNMENTAL REGULATIONS

SECTION 13.01: Waste or Nuisance.

Tenant shall not commit, or suffer to be committed, any waste upon the Leased Premises or any nuisance or other act or thing which may disturb the quiet enjoyment which may disturb the quiet enjoyment of any person within five hundred (300) feet of the boundaries of the Leased Premises

SECTION 13.02: Governmental Regulations.

Tenant shall' at Tenant's sole cost and expense, comply with all of the requirements of all county municipal, state, federal and other applicable governmental authorities now in force, or which may hereafter be in force, pertaining to the said premises, and shall faithfully observe in the use of the premises all municipal and county ordinances and state and federal statutes now in force, or which may hereafter be in force

ARTICLE XIV

DESTRUCTION OF LEASED PREMISES

SECTION 14.01: Destruction of the Leased Premises.

If the premises shall be damaged or destroyed in whole or in part by fire, the elements, unavoidable accident or other casualty, Landlord shall have the right to terminate this lease by giving Tenant written notice of its election to do so within Sixty (60) Days after the date on which the damage occurs, whereupon this lease shall terminate as of the date on which the damage occurs, and the rent shall be adjusted as of said date; but in default of such notice by Landlord, this lease shall continue and Landlord shall cause the premises to be

repaired or restored with due diligence Except in the event of termination of this lease as aforesaid, the minimum rent shall be abated to the extent of the fair rental value of such portion, if any, of the premises as shall be rendered unfit for occupancy for the usual conduct of Tenant's business in consequences of the damage aforesaid for the period of such unfitness for occupancy

Notwithstanding anything in the above paragraph or elsewhere in this lease to the contrary, if the Leased Premises shall be damaged in whole or in part due to any negligent act or omission of Tenant or failure by Tenant to observe the terms, conditions and covenants of this Lease, then Landlord shall be under no obligation to repair or restore the premises, and such act, omission or failure of Tenant shall constitute an event of default under this Lease, entitling Landlord to all rights and remedies reserved to Landlord under this Lease in addition to all rights and remedies granted Landlord under the laws of the State of Alabama

In the event that Fifty (50%) Percent or more of the rentable area of the Leased Premises shall be damaged or destroyed by fire or other cause, Landlord may terminate this Lease and the tenancy hereby created by giving to Tenant Five (5) Days prior written notice of Landlord's election to do so, which notice shall be given, if at all, within the Sixty (60) Days following the date of said occurrence Rent shall be adjusted as of the date of such termination

ARTICLE XV

EMINENT DOMAIN

SECTION 15.01: Total Condemnation.

If the whole of the Leased Premises shall be acquired or condemned by eminent domain for any public or quasi-public use or purpose, then the Term of this Lease shall cease and terminate as of the date of title vesting in such proceeding, and all rentals shall be paid up to that date and Tenant shall have no claim against Landlord for the value of any unexpired Term of this Lease.

SECTION 15.02: Partial Condemnation.

If any part of the Leased Premises shall be acquired or condemned by eminent domain for any public or quasi-public use or purpose, and in the event that such partial taking or condemnation shall render the Leased Premises unsuitable for the business of the Tenant, then the Term of this Lease shall cease and terminate as of the date of title vesting in such proceeding and Tenant shall have no claim against Landlord for the value of any unexpired Term of this Lease In the event of a partial taking or condemnation which is not extensive enough to render the premises unsuitable for the business of the Tenant, then Landlord shall promptly restore the Leased Premises to a condition comparable to its conditions at the time of such condemnation, less the portion lost in the taking, and the Lease shall continue in full force and effect and the minimum rent shall be reduced proportionately as to the portion lost in the taking

SECTION 15.03: Landlord's Damages.

In the event of any condemnation or taking as hereinbefore provided, whether whole or partial, the Tenant shall not be entitled to any part of the award as damages or otherwise for such condemnation, and the Landlord is to received the full amount of such award, the Tenant hereby expressly waiving any right or claim to any part thereof.

ARTICLE XVI

TENANT'S PROPERTY

SECTION 16.01: Taxes on Leasehold.

Tenant shall be responsible for, and shall pay for delinquency, all municipal, county or state taxes assessed during the Term of this Lease against any leasehold interest or personal property of any kind placed in, upon, or about the Leased Premises by Tenant.

SECTION 16.02: Loss and Damage.

Landlord shall not be liable for any damage to property of Tenant or of others entrusted to Tenant, nor for the loss of or damage to any property of Tenant by theft or otherwise. Landlord shall not be liable for any injury or damage to persons or property resulting from fire, explosion, falling plaster, steam, gas, electricity, water, rain or snow, or leaks from any part of the leased premises, or from the pipes, appliances or plumbing works or from the roof, street or subsurface, or from any other place, or by dampness, or by any other cause of whatsoever nature. Landlord shall not be liable for any latent defect in the Leased Premises or in the building of which they form a part. All property of Tenant kept or stored on the Leased Premises shall be so kept or stored at the risk of Tenant only, and Tenant shall hold Landlord Harmless from any claims arising out of damage to the same, including subrogation claims by Tenant's insurance carriers.

ARTICLE XVII

ADVERTISING

SECTION 17.01: Change of Name.

Tenant agrees not to change the advertised name of the business operated on the Leased Premises without the written approval of Landlord.

SECTION 17.02: Solicitation of Business.

[INTENTIONALLY LEFT BLANK]

ARTICLE XVIII

DEFAULT OF THE TENANT

SECTION 18.01: Right to Re-enter.

The occurrence of any one or more events listed below by Tenant shall be a default under and brach of this Lease by Tenant. In the event of any failure of Tenant 1) to pay any rental (Minimum Rent, Additional Rent, or otherwise) due hereunder within ten (10) days after the same shall be due, or any failure to perform any other of the terms, conditions or covenants of this Lease to be observed or performed by Tenant for more than thirty (30) days after written notice of such default shall have been given to Tenant or 2) if Tenant or an agent of Tenant shall falsify any report required to be furnished to Landlord pursuant to the terms of this Lease or 3) if Tenant or any such guarantor makes an assignment for the benefit of creditors, or petitions for or enters into an arrangement, 4) or if Tenant shall abandon the premises, 5) or suffer this Lease to be taken under writ of execution, then Tenant shall be deemed to be in default hereunder and to have committed a breach hereof and Landlord, besides other rights or remedies at law or equity it may have, shall have the immediate right of re-entry and may remove all persons and property from the Leased Premises, and such property may be removed and stored in a public warehouse or elsewhere at the cost of, and for the account of, Tenant, all without service of notice or resort to legal process and without being deemed guilty of trespass or becoming liable for any loss or damage which may be occasioned thereby. If Tenant, or any guarantor of this Lease, shall become bankrupt or insolvent, or file any debtor proceedings, or take or have taken against Tenant or guarantor of this Lease in any court pursuant to any statute either of the United States or of any State, a petition in bankruptcy or insolvency or for reorganization or for the appointment of a receiver or trustee of all or a portion of Tenant's or any such guarantor's property, then this Lease shall thereupon be automatically terminated. Upon such termination, Landlord, besides other rights or remedies it may have, shall have the immediate right of re-entry and may remove all persons and property from the Leased Premises, and such property may be removed and stored in a public warehouse or elsewhere at the cost of, and for the account of, Tenant or Guarantor of this Lease and their heirs, successors and assigns, all without service of notice or resort to legal process and without being deemed guilty of trespass, or becoming liable for any loss or damage which may be occasioned thereby.

SECTION 18.02: Right to Relet and Accelerate.

Landlord may re-enter, as herein provided, or should it take possession pursuant to legal proceedings or pursuant to any notice provided by law, it may either terminate this Lease or it may, from time to time without terminating this Lease, make such alterations and repairs as may be necessary in order to relet the Leased Premises, and relet said premises or any part thereof for such term or terms (which may be for a term extending beyond the Term of this Lease) and at such rental or rentals and upon such other terms and conditions as Landlord, in its sole discretion, may deem advisable. Upon each such reletting, all rentals received by the Landlord from such reletting shall be applied first to the payment of any indebtedness other than rent due hereunder from Tenant to Landlord; second, to the payment of any costs and expenses of such reletting, including brokerage fees and attorney's fees and of costs of such alterations and repairs; and, third, to the payment of rent due and unpaid hereunder and the residue, if any, shall be held by Landlord and applied in payment of future rent as the same may become due and payable hereunder. If such rentals received from such reletting during any month be less than that to be paid during that month by Tenant hereunder, Tenant shall pay any such deficiency to Landlord. Such deficiency shall be calculated and paid monthly. No such re-entry or taking possession of said Leased Premises by Landlord shall be construed as an election on its part to terminate this Lease unless a written notice of such intention be given to Tenant or unless the termination thereof be decreed by a court of competent jurisdiction. Notwithstanding any such reletting without termination, Landlord may, at any time thereafter elect to terminate this Lease for such previous breach. Should this Lease be terminated as provided for herein, in addition to any other remedies it may have, Landlord may recover from Tenant all damages it may incur by reason of such breach, including the cost of recovering the Leased Premises, reasonable attorney's fees, and including the worth at the time of such termination of the excess, if any, of the amount of rent and charges equivalent to rent reserved in this Lease for the remainder of the stated Term over the then reasonable rental value of the Leased Premises for the remainder of the stated Term, all of which amounts shall be immediately due and payable from Tenant to Landlord. In determining the rent which would be payable by Tenant hereunder subsequent to default, the annual rent for each year of the unexpired Term shall be equal to the average annual minimum and percentage rents paid by Tenant from the commencement of the Term to the time of default, or during the preceding three (3) full calendar years, whichever period is shorter. Without limitation of Landlord's other rights and remedies, and regardless of whether or not Landlord shall have re-entered, relet or terminated this Lease, in the event of any default or breach by Tenant, at the election of Landlord 1) the entire rent for the whole Term of this Lease and any other indebtedness of Tenant to Landlord hereunder shall be immediately due and payable or 2) Landlord may proceed for past due installments and indebtedness only, reserving Landlord's right to proceed later for the remaining installments and subsequently maturing indebtedness. All rights and remedies of Landlord as set forth in this Lease, shall be in addition to such other rights and remedies as Landlord may have under any applicable law.

SECTION 18.03: Legal Expenses.

In case of employment of an attorney or if suit shall be brought for recovery of possession of the Leased Premises, for the recovery of rent or any other amount due under the provisions of this Lease, or because of the breach of any other covenant herein contained on the part of Tenant to be kept or performed, and a breach shall be established, Tenant shall pay to Landlord all expenses incurred therefore, including reasonable attorneys' fees.

ARTICLE XIX

HOLDING OVER

SECTION 19.01: Holding Over.

Any holding over after the expiration of the Term hereof, without the consent of the Landlord, shall be construed to be a tenancy from month-to-month at the rents herein specified (prorated on a monthly basis) and shall otherwise be on the terms and conditions here specified at a 150% increase, so far as applicable. Tenant may terminate the Hold Over Tenancy with nine (9) months prior written notice to Landlord.

ARTICLE XX

ACCESS, RESERVATIONS AND RELEASES OF LANDLORD

SECTION 20.01: Right of Entry.

Tenant shall permit Landlord its agents, employees and contractors, to renter the premises and all parts thereof at any reasonable time to inspect the same and to enforce or carry out any provision of this Lease

SECTION 20.02:

[INTENTIONALLY LEFT BLANK]

SECTION 20.03: Non-Exclusive Remedies.

The mention in this Lease of any specific right or remedy shall not preclude Landlord from exercising any other right, or from having any other remedy, or from maintaining any action to which it may be otherwise entitled, either at law or in equity

SECTION 20.04: Release from Liability.

Tenant agrees not to hold Landlord responsible or liable in damages by abatement of rent or otherwise for any damage sustained by Tenant or any other person due to the building, or any part thereof, or any appurtenances thereof, becoming out of repair, or due to the happening of any accident, especially, but not exclusively, any damage caused by water, snow, windstorm, tornado, gas, steam, electric wiring plumbing or heating apparatus Notwithstanding anything elsewhere in this Lease, Tenant hereby released Landlord from any claim (regardless of cause) with respect to water or other damage sustained by Tenant from the sprinkler system which may be covering the premises and/or the operation of said sprinkler system.

ARTICLE XXI

QUIET ENJOYMENT

SECTION 21.01: Landlord's Covenant.

Upon payment by Tenant of the rents provided, and upon the faithful observance and performance of all the covenants, terms and conditions on Tenant's part to be observed and performed, Tenant shall peaceably and quietly hold and enjoy the Leased Premises for the term hereby demised without hindrance or interruption by Landlord or any other person or persons lawfully or equitably claiming by, through or under Landlord, subject, nevertheless, to the terms and conditions of this Lease

ARTICLE XXII

MISCELLANEOUS

SECTION 22.01: Waiver.

The waiver by Landlord of any breach of any term, covenant or condition herein contained shall not be deemed to be a waiver of such term, covenant or condition or any subsequent breach of the same, or any other term, covenant or condition herein contained The subsequent acceptance of rent hereunder by Landlord shall not be deemed to be a waiver of any preceding breach by Tenant of any term, covenant or condition of this lease, other than the failure of Tenant to pay the particular rental so accepted, regardless of Landlord's knowledge of such preceding breach at the time of acceptance of such rent. No covenant, term or condition of this lease shall be deemed to have been waived by Landlord, unless such a waiver be in writing by Landlord

SECTION 22.02: Accord and Satisfaction.

No payment by Tenant, or receipt by Landlord, of a lesser amount than the monthly rent herein stipulated shall be deemed to be other than on account of the earliest stipulated rent, nor shall any endorsement or statement on any check or any letter accompanying any check or payment as rent be deemed an accord and satisfaction, and Landlord may accept such check or payment without prejudice to Landlord's right to recover the balance of such rent or pursue any other remedy in this Lease provided

SECTION 22.03: Entire Agreement.

This Lease, and the exhibits and rider if any attached hereto and forming a part hereof set forth all the covenants, promises, agreements, conditions and understandings between Landlord and Tenant concerning the Leased Premises, and there are no covenants, promises, agreements, conditions or understandings either oral or written, between them other than are herein set forth. Except as herein otherwise provided, no subsequent alteration, amendment, change or addition to this Lease shall be binding upon Landlord or Tenant unless reduced to writing and signed by them

SECTION 22.04: Notices.

All notices required, or options granted, under this Lease shall be given or exercised in writing, and shall be deemed to be properly served if delivered personally or sent by Certified Mail with return receipt requested

to Tenant at its office located at:

or such other address any may be specified by Tenant in written notice to Landlord.

and to Landlord as follows: Ashland Fire Station No 12 LLC

GUARANTY OF LEASE

THIS GUARANTY is given this ____day of August 2019, by Paula R. Bentley, Owner, Rachel E. Harbin, Owner, Rebecca E. Springer, Owner d/b/a Bake My Day, LLC, an Alabama limited liability company (hereinafter "Guarantors"), to Ashland Fire Station No. 12, LLC, an Alabama limited liability company, its successors and assigns ("Landlord").

WITNESSETH:

WHEREAS, Landlord has agreed to enter into a written lease agreement ("Lease Agreement") with Paula R. Bentley, Owner and Rachel E. Harbin, Owner, and Bake My Day, LLC (collectively the "Tenant"), for space at 2407 Old Shell Road, Mobile, Alabama, and

WHEREAS, Landlord is unwilling to enter into the Agreement of Lease with Tenant unless Guarantors guarantees Tenant's obligations under the Agreement of Lease for a period of three years beginning with the commencement of rent (as defined therein).

NOW, THEREFORE, in consideration of the sum of Ten Dollars ($10.00) by each of the parties to the other paid, receipt of which is hereby acknowledged, and in order to induce Landlord to enter into the Agreement of Lease with Tenant, Guarantor hereby guarantees to Landlord, its successors and assigns, during the Term of the Agreement of Lease (1) the prompt and punctual payment by Tenant of all rental and other sums, including Landlord's attorneys' fees to become due pursuant to the terms of the Agreement of Lease, and (2) the prompt and faithful performance by Tenant of all of the terms, covenants, and conditions of the Agreement of Lease.

The obligations of Guarantor shall be direct and immediate and not contingent, and Guarantor agrees that Landlord may, without notice to Guarantor and without affecting Guarantor's liability under this Guaranty, extend the time for the performance of Tenant's obligation under the Agreement of Lease and/or release any security given by Tenant to secure its obligations under the Agreement of Lease.

Landlord and Tenant may also, without notice to Guarantor and without affecting Guarantor's liability under this Guaranty, enter into such modifications, extensions and/or amendments of the Agreement of Lease as Landlord and Tenant may from time to time determine, and neither Guarantor's obligations to make payments in accordance with the terms of the Guaranty or any remedy for the enforcement hereof shall be impaired, changed, or released in any manner whatsoever by any release, impairment, or limitation of the liability of the Tenant or its estate in bankruptcy or other creditor's proceeding under any statute or from the decision of any court.

This Guaranty shall inure to the benefit of Landlord and Landlord's successors and assigns.

IN WITNESS WHEREOF, Guarantor has set his hand and seal the day and year first written.

I have reviewed the attached application submitted to me by CRO April Dunklin. Our records show no discrepancies in the information furnished by the applicants.

This is a new application for a business that will be named DE MAIZ DOWNTOWN INC. The City of Mobile Revenue Department advised that no taxes need to be paid, and their business license is currently being applied for. Since this is a new application, the Underage Drinking Coordinator of the Mobile Police Department has advised that the location has not had a compliance check; therefore, the location is currently in good standing. Based on the aforementioned facts, I find no legal reason to deny this application.

Alcoholic Beverage License Application Checklist

According to the City of Mobile Revenue Department, this business has:

☐ an up-to-date business license.

☐ currently paid all taxes due.

☑ other: This liquor application is new; therefore, the business license is currently being applied for and no taxes need to be paid.

Re: **Application # 5752 / 360 Dauphin St.**

Attached please find a land use and zoning vicinity map for the above referenced application. The site is zoned T-5.1 and has a non-conforming status. This is to advise that a restaurant with retail liquor sales with an occupancy load greater than 100 persons is a permitted use under the non-conforming status.

The site is located within the Downtown Development District, which exempts T-5.1 from parking requirements.

If I can be of further assistance, please do not hesitate to contact me.

The site is located in District # 2, William Carroll (Council Member).

City of Mobile Alcoholic Beverage License Application

CERTIFICATION and SIGNATURE

IL The undersigned agree, if a license is used as herein applied for, to comply at all times with and to fully observe all the provisions of the Alabama Alcoholic Beverage Control Act, as appears in the Code of Alabama, Title 28, and all laws of the State of Alabama and the Codes/Ordinances of the City of Mobile relative to the handling of alcoholic beverages.

IL The undersigned agree, if a license is used as herein requested, further agrees to obey all rules and regulations promulgated by the Board and the Code/Ordinances of the City of Mobile relative to all alcoholic beverages received in this State. The undersigned, if issued a license as herein requested, also agrees to allow and hereby invites duly authorized agents of the Alabama Alcoholic Beverage Control Board and any duly commissioned law enforcement officers of the State, County or Municipality in which the licensed premises are located to enter and search with a warrant the licensed premises or any building owned or occupied by him/her in connection with, adjoining, or adjacent thereto, whether connected or not, and whether used by him/her as his/her private dwelling.

IL The undersigned understands that should he or she violate any of the provisions of the Code of Alabama, Title 28, or any of the rules and regulations of the Alcoholic Beverage Control Board, his/her license shall be subject to revocation.

IL The undersigned understands that the City of Mobile reserves the right to file for suspension, revocation or an objection with the Alabama Alcoholic Beverage Control Board to a license renewal for failure to follow the Alcoholic Beverage Control Laws of the State of Alabama and the Codes/Ordinances of the City of Mobile or the creation of a nuisance. The undersigned further understands and agrees that no changes in the manner of operation, nature of owner and no deletion or discontinuance of any services or facilities as described in this application will be allowed with prior written approval of the City of Mobile and the Alabama Alcoholic Beverage Control Board.

IL Applicant for the Alcoholic Beverage license, requested by the forgoing applicant hereby swears or affirms that he/she has read said application and all the statements and facts set forth therein or in supporting documents are true and correct, and that, except as otherwise indicated therein, the applicant is the only person interested in the business for which license is requested.

IL In reference to ACT No. 80-529, I understand that if my application is denied or discontinued, I will not be refunded the filing fee required by this application.

IL Applicant understands that approval from the State of Alabama Alcoholic Beverage Control Board and the City of Mobile is owner and location specific. If the owner(s) named in the application and/or approval change and/or business is relocated to another location from what was applied for, then they must contact the Alabama Alcoholic Beverage Control Board and the City of Mobile for a new approval.

Dear Mr. Rodriguez,

The ALEA Criminal Justice Information Services Division has received and processed your Alabama Criminal History Record Information (CHRI) request.

Our review found no state criminal records based on the information you provided in your application, based on a fingerprint check of Alabama criminal records only. As additions or deletions to an individual's criminal history may be made at any time, a new request for your state CHRI should be made via the same procedure if it is needed later.

Please do not hesitate to contact the Criminal Justice Information Services Division at 334-353-4340 if we may be of further assistance in this matter.

Respectfully,

ARTICLE I
Offices

The principal office of the Corporation in the State of Alabama shall be located in the City of Theodore, County of Mobile. The Corporation may have such other offices, either within or without the State of Alabama as the Board of Directors may designate or as the business of the Corporation may require from time to time.

The registered office of the Corporation, required by the Alabama Business Corporation Act to be maintained in the State of Alabama may be, but need not be, identical with the principal office in the State of Alabama, and the address of the registered office may be changed from time to time by the Board of Directors.

ARTICLE II
Shareholders

Section 2.1 *Annual Meeting.* The annual meeting of the Shareholders shall be held on the first Monday in December at such hour as designated by the notice thereof, or such other time on such other day as shall be fixed by the Board of Directors, for the purpose of electing Directors and for the transaction of such other business as may come before the meeting. If the day fixed for the meeting shall be a legal holiday in the State of Alabama, such meeting shall be held on the next succeeding business day. If the election of Directors shall not be held on the day designated herein for any annual meeting of the Shareholders, or at any adjournment thereof, the Board of Directors shall cause the election to be held at a special meeting of the Shareholders as soon thereafter as conveniently may be.

Section 2.2 *Special Meetings.* Special meetings of the Shareholders for any purpose or purposes, unless otherwise prescribed by statute, may be called by the President or by the Board of Directors, and shall be called by the President at the request of the holders of not less than one-fourth (1/4) of all outstanding shares of the Corporation entitled to vote at the meeting.

Section 2.3 *Place of Meeting.* The Board of Directors may designate any place, either within or without the State of Alabama as the place of meeting for any annual meeting of Shareholders or for any special meeting of Shareholders called by the Board of Directors. If no designation is made, the place of meeting shall be the principal office of the Corporation in the State of Alabama.

Section 2.4 *Notice of Meeting.* Written notice stating the date, time and place of the meeting and, in case of a special meeting, the purpose or purposes for which the meeting is called, shall, unless otherwise prescribed by law, be delivered not less than ten (10) nor more than sixty (60) days before the date of the meeting, either personally, by mail, by telecopier, by facsimile transmission, or by any means allowable under the Alabama Business Corporation Act or the general corporation law of the State of Alabama, by or at the direction of the President, or the Secretary, or the Officer or other persons calling the meeting, to each Shareholder of record entitled to vote at such meeting. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail, addressed to the Shareholder at his or her address as it appears on the stock transfer books of the Corporation, with postage thereon prepaid.

Section 2.5 *Fixing of Record Date.* For the purpose of determining the Shareholders entitled to notice of a shareholder's meeting, to demand a special meeting, to vote or to take any other action, the Board of Directors of the Corporation may fix in advance a date as the record date for any such determination of Shareholders, such date in any case to be not more than seventy (70) days before the meeting or action requiring a determination. If no record date is fixed by the Board of Directors, the date on which notice of the meeting is mailed or sent, or the date the Board of Directors adopts a resolution to take such other action, as the case may be, shall be the record date for such determination of Shareholders. When a determination of Shareholders entitled to vote at any meeting of Shareholders has been made as provided in this section 2.5, such determination shall apply to any adjournment thereof; provided however, that the Board of Directors shall fix a new record date if the meeting is adjourned to a date more than one hundred twenty (120) days after the date fixed for the original meeting.

Section 2.6 *Shareholders List.* After fixing a record date for a meeting, the Officer or agent having charge of the stock transfer books for shares of the Corporation shall prepare an alphabetical list of the names of all Shareholders who are entitled to notice of a shareholders' meeting. The list must be arranged by voting group, if applicable, and show the address and number of shares held by each Shareholder. The Officer or agent shall make the list available for inspection by any Shareholder beginning two (2) days after notice of the meeting is given for which the list was prepared and continuing through the meeting, at the Corporation's principal office, or if the Corporation's principal office is located outside of the State of Alabama, at its

registered office. A Shareholder, or his or her agent or attorney is entitled on written demand to inspect and, for the proper purpose, to copy the list, during regular business hours at his or her expense, during the period it is available for inspection.

Section 2.7 *Quorum.* A majority of the outstanding shares of the Corporation entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of Shareholders. If less than a majority of the outstanding shares are represented at a meeting, a majority of the shares so represented may adjourn the meeting from time to time, without further notice. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally noticed.

Section 2.8 *Proxies.* At all meetings of Shareholders, a Shareholder may vote in person or by proxy. A Shareholder may appoint a proxy to vote or otherwise act for him or her by signing an appointment form, either personally or by his or her duly authorized attorney-in-fact. Such appointment form shall be filed with the Secretary of the Corporation before or at the time of the meeting. No appointment shall be valid after eleven months from the date of its execution, unless otherwise provided in the appointment form. Each appointment of proxy shall be revocable unless conspicuously provided therein to be irrevocable and/or otherwise made irrevocable by law.

Section 2.9 *Voting of Shares.* Subject to the provisions of Section 2.10 of this Article II, each outstanding share entitled to vote shall be entitled to one vote upon each matter submitted to a vote at a meeting of Shareholders.

Section 2.10 *Voting of Shares by Certain Holders.* The shares of the Corporation are not entitled to a vote if the shares are owned by another corporation and the Corporation owns, directly or indirectly, a majority of the shares entitled to vote for directors of the other corporation except as may be provided by law.

Notwithstanding the foregoing, shares held by an administrator, executor, guardian or conservator (or otherwise in a fiduciary capacity) may be voted by him or her, either in person or by proxy, without a transfer of such shares into his or her name. Shares standing in the name of a trustee may be voted by him or her, either in person or by proxy, but no trustee shall be entitled to vote shares held by him or her without a transfer of such shares into his or her name.

Shares standing in the name of a receiver may be voted by such receiver, and shares held by or under the control of a receiver may be voted by such receiver without the transfer thereof into his or her name if authority to do so is contained in an appropriate order of the court by which such receiver was appointed.

A Shareholder whose shares are pledged shall be entitled to vote such shares until the shares have been transferred into the name of the pledgee, and thereafter the pledge shall be entitled to vote the shares so transferred.

Section 2.11 *Informal Action by Shareholders.* Any action required or permitted to be taken at a meeting of the Shareholders may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by all of the Shareholders entitled to vote with respect to the subject matter thereof.

ARTICLE III
Board of Directors

Section 3.1 *General Powers.* The business and affairs of the Corporation shall be managed by its Board of Directors.

Section 3.2 *Number, Tenure and Qualifications.* The number of Directors of the Corporation shall be not less than one (1). Each Director shall hold office until the next annual meeting of Shareholders and until his or her successor shall have been elected and qualified. Each Director must be a natural person of the age of at least nineteen (19) years, but need not be a resident of the State of Alabama or a Shareholder of the Corporation.

Section 3.3 *Regular Meetings.* A regular meeting of the Board of Directors shall be held, without other notice than this Bylaw, immediately after and at the same place as the annual meeting of Shareholders. The Board of Directors may provide, by resolution, the time and place for the holding of additional regular meetings without other notice than such resolution.

Section 3.4 *Special Meetings.* Special meetings of the Board of Directors may be called by or at the request of the President or any two (2) Directors.

Section 3.5 *Notice of Special Meetings.* Notice of the date, time and place of any special meeting shall be given at least two (2) days prior thereto by written notice delivered personally or by mail or private carrier to each Director at his or her business address. Such notice shall be deemed to be delivered at the earliest of the following: when received; five (5) days after it is deposited in the United States mail, so addressed, with postage thereon prepaid; or on the date shown on the signed return receipt, if sent by registered or certified mail, return receipt requested. Any Director may waive notice of any meeting. The attendance of a Director at a meeting shall constitute a waiver of notice of such meeting, except where a Director attends a meeting for the express purpose of objecting to the transaction of any business because

the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of any regular or special meeting of the Board of Directors need be specified in the notice or waiver of notice of such meeting.

Section 3.6 *Place of Meeting.* The Board of Directors (or other person calling a meeting) may designate any place, either in or out of the State of Alabama, as the place of the meeting for any regular or special meeting of the Board of Directors. Any or all directors may participate in a meeting by, or conduct the meeting through the use of, any means of communication by which all directors participating may simultaneously hear each other during the meeting.

Section 3.7 *Quorum.* A majority of the number of Directors fixed by Section 3.2 of this Article III shall constitute a quorum for the transaction of business at any meeting of the Board of Directors, but if less than such majority is present at a meeting, a majority of the Directors present may adjourn the meeting from time to time without further notice.

Section 3.8 *Manner of Acting.* The act of the majority of the Directors present at a meeting at which a quorum is present shall be the act of the Board of Directors.

Section 3.9 *Order of Business.* The order of business at all regular meetings, and so far as practicable at special meetings, of the Directors shall be as follows:

(1) Call to order.

(2) Proof of due notice (if necessary) of the meeting by the Secretary.

(3) Roll call.

(4) Announcement of a quorum.

(5) Reading, or waiver thereof, correction, and approval of the minutes of the previous meeting.

(6) Announcements.

(7) Reports of officers.

(8) Reports of committees.
(9) Election of Officers.

(10) Old or unfinished business.

(11) New business.

(12) Adjournment.

Section 3.10 *Action Without a Meeting.* Any action required or permitted to be taken by the Board of Directors at a meeting may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by all of the Directors. Action taken without a meeting shall be effective when the last director signs the consent, unless the consent specifies a different effective date.

Section 3.11 *Vacancies.* Any vacancy occurring in the Board of Directors may be filled by the affirmative vote of a majority of the remaining Directors though less than a quorum of the Board of Directors, except that any vacancy resulting from an increase in the number of Directors may be filled only by the Shareholders at the next annual meeting or at a special meeting of the Shareholders called for that purpose. A Director elected to fill a vacancy shall be elected for the unexpired term of his or her predecessor in office.

Section 3.12 *Compensation.* By resolution of the Board of Directors, each Director may be paid his or her expenses, if any, of attendance at each meeting of the Board of Directors, and may be paid a stated salary as director or a fixed sum for attendance at each meeting of the Board of Directors or both. No such payment shall preclude any Director from serving the Corporation in any other capacity and receiving compensation therefor.

Section 3.13 *Presumption of Assent.* A Director of the Corporation who is present at a meeting of the Board of Directors at which action on any corporate matter is taken shall be presumed to have assented to the action taken unless his or her dissent shall be entered in the minutes of the meeting or unless he or she shall file his or her written dissent to such action with the person acting as the secretary of the meeting before the adjournment thereof or shall forward such dissent by registered mail to the Secretary of the Corporation immediately after the adjournment of the meeting. Such right to dissent shall not apply to a Director who voted in favor of such action.

ARTICLE IV
Officers

Section 4.1 *Number.* The Officers of the Corporation shall be a President, one or more Vice Presidents (the number thereof to be determined by the Board of Directors), a Secretary, and a Treasurer, each of whom shall be elected by the Board of Directors.

Such other Officers and assistant Officers as may be deemed necessary may be elected or appointed by the Board of Directors. Any ___ or more offices may be held by the same person.

Section 4.2 *Election and Term of Office.* The Officers of the Corporation to be elected by the Board of Directors shall be elected annually by the Board of Directors at the first meeting of the Board of Directors held after each annual meeting of the Shareholders. If the election of Officers shall not be held at such meeting, such election shall be held as soon thereafter as conveniently may be. Each Officer shall hold office until his or her successor shall have been duly elected and shall have qualified or until his or her death or until he or she shall resign or shall have been removed in the manner hereinafter provided.

Section 4.3 *Removal.* Any Officer or agent may be removed by the Board of Directors at any time with or without cause. Such removal shall not affect the contract rights, if any, of the person so removed. Election or appointment of an Officer or agent shall not of itself create contract rights.

Section 4.4 *Vacancies.* A vacancy in any office because of death, resignation, removal, disqualification or otherwise, may be filled by the Board of Directors, and the officer so elected shall hold office until his or her successor is chosen and qualified.

Section 4.5 *President.* The President shall be the Chief Executive Officer of the Corporation and, subject to the control of the Board of Directors, shall in general supervise and control all of the business and affairs of the Corporation. The President may sign, with the Secretary or any other proper Officer of the Corporation thereunto authorized by the Board of Directors, certificates for shares of the Corporation and deeds, mortgages, bonds, contracts, or other instruments which the Board of Directors has authorized to be executed, except in cases where the signing and execution thereof shall be expressly delegated by the Board of Directors or by these Bylaws to some other Officer or agent of the Corporation, or shall be required by law to be otherwise signed or executed; and in general shall perform all duties incident to the office of President and such other duties as may be prescribed by the Board of Directors from time to time.

Section 4.6 *The Vice-Presidents.* In the absence of the President or in the event of his or her death, inability or refusal to act, the Vice-President (or in the event there be more than one Vice-President, the Vice-Presidents in the order designated at the time of their election, or in the absence of any designation, then in the order of their election) shall perform the duties of the President, and when so acting, shall have all the powers of and be subject to all the restrictions upon the President and shall perform such other

duties as from time to time may be assigned to him or her by the President or by the Board of Directors.

Section 4.7 *The Secretary.* The Secretary shall: (a) keep the minutes of the proceedings of the Shareholders and of the Board of Directors in one or more books provided for that purpose; (b) see that all notices are duly given in accordance with the provisions of these Bylaws or as required by law; (c) be custodian of the corporate records and of the seal of the Corporation and see that the seal of the Corporation is affixed to all documents the execution of which on behalf of the Corporation under its seal is duly authorized; (d) keep a register of the post office address of each Shareholder which shall be furnished to the Secretary by such Shareholder; (e) sign with the President, or a Vice-President, certificates for shares of the Corporation, the issuance of which shall have been authorized by resolution of the Board of Directors; (f) have general charge of the stock transfer books of the Corporation; and (g) in general perform all duties incident to the office of Secretary and such other duties as from time to time may be assigned to him or her by the President or by the Board of Directors.

Section 4.8 *The Treasurer.* The Treasurer shall (a) have charge and custody of and be responsible for all funds and securities of the Corporation; (b) receive and give receipt for moneys due and payable to the Corporation from any source whatsoever, and deposit all such moneys in the name of the Corporation in such banks, trust companies or other depositories as shall be selected by the Board of Directors; and (c) in general perform all of the duties incident to the office of Treasurer and such other duties as from time to time may be assigned to him or her by the President or by the Board of Directors. If required by the Board of Directors, the Treasurer shall give a bond for the faithful discharge of his or her duties in such sum and with such surety or sureties as the Board of Directors shall determine.

Section 4.9 *Assistant Secretaries and Assistant Treasurers.* The Assistant Secretaries, when authorized by the Board of Directors, may sign with the President or a Vice-President certificates for shares of the Corporation the issuance of which shall have been authorized by a resolution of the Board of Directors. The Assistant Treasurers shall respectively, if required by the Board of Directors, give bonds for the faithful discharge of their duties in such sums and with such sureties as the Board of Directors shall determine. The Assistant Secretaries and Assistant Treasurers, in general, shall perform such duties as shall be assigned to them by the Secretary or the Treasurer, respectively, or by the President or the Board of Directors.

Section 4.10 *Salaries.* The salaries of the Officers shall be fixed from time to time by the Board of Directors and no Officer shall be prevented from receiving such salary by reason of the fact that he or she is also a Director of the Corporation.

ARTICLE V
Contracts, Loans, Checks and Deposits

Section 5.1 *Contracts.* The Board of Directors may authorize any Officer or Officers, agent or agents, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Corporation, and such authority may be general or confined to specific instances.

Section 5.2 *Loans.* No loans shall be contracted on behalf of the Corporation and no evidences of indebtedness shall be issued in its name unless authorized by a resolution of the Board of Directors. Such authority may be general or confined to specific instances.

Section 5.3 *Checks, Drafts, etc.* All checks, drafts or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Corporation shall be signed by such Officer or Officers, agent or agents of the Corporation and in such manner as shall from time to time be determined by resolution of the Board of Directors.

Section 5.4 *Deposits.* All funds of the Corporation not otherwise employed shall be deposited from time to time to the credit of the Corporation in such banks, trust companies or other depositories as the Board of Directors may select.

ARTICLE VI
Certificates for Shares and their Transfer

Section 6.1 *Certificates for Shares.* Certificates representing shares of the Corporation shall be in such form as shall be determined by the Board of Directors. Such certificates shall be signed by the President or a Vice-President and by the Secretary or an Assistant Secretary and sealed with the corporate seal or a facsimile thereof. The signatures of such Officers upon a certificate may be facsimiles if the certificate is manually signed on behalf of a transfer agent or a registrar, other than the Corporation itself or one of its employees. Each certificate for shares shall be consecutively numbered or otherwise identified. The name and address of the person to whom the shares represented thereby are issued, with the number of shares and date of issue, shall be entered on the stock transfer books of the Corporation. All certificates surrendered to the Corporation for transfer shall be canceled and no new certificate shall be issued until the former certificate for a like number of shares shall have been surrendered and canceled, except that in case of a lost, destroyed or

mutilated certificate, a new one may be issued therefor upon such terms and indemnity to the Corporation as the Board of Directors may prescribe.

Section 6.2 *Transfer of Shares.* Transfer of shares of the Corporation shall be made only on the stock transfer books of the Corporation by the holder of record thereof or by his or her legal representative, who shall furnish proper evidence of authority to transfer, or by his or her attorney thereunto authorized by power of attorney duly executed and filed with the secretary of the Corporation, and on surrender for cancellation of the certificate for such shares. The person in whose name shares stand on the books of the Corporation shall be deemed by the Corporation to be the owner thereof for all purposes.

ARTICLE VII
Fiscal Year

The fiscal year of the Corporation shall begin on the first day of January and end on the thirty-first day of December in each year, unless another date shall be fixed by resolution of the Board of Directors.

ARTICLE VIII
Dividends

The Board of Directors may, from time to time, declare and the Corporation may pay dividends on its outstanding shares in the manner and upon the terms and conditions provided by law and its Articles of Incorporation.

ARTICLE IX
Corporate Seal

The Board of Directors shall provide a corporate seal which shall be circular in form and shall have inscribed thereon the name of the Corporation.

ARTICLE X
Waiver of Notice

Whenever any notice is required to be given to any Shareholder or Director of the Corporation under the provisions of these Bylaws or under the provisions of the Articles of Incorporation or under the provisions of the Alabama Business Corporation Act, a

waiver thereof in writing signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be deemed equivalent to the giving of such notice.

ARTICLE XI
Amendments

These Bylaws may be altered, amended or repealed and new Bylaws may be adopted by the Board of Directors at any regular or special meeting, provided, however that the Board of Directors may not alter, amend or repeal any by-law establishing what is a quorum of a shareholders meeting.

ARTICLE XII
Indemnification

Section 12.1 (a) *Right to Indemnification.* Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit, or proceeding, whether civil, criminal, administrative, or investigative (hereinafter a proceeding), by reason of the fact that he or she is or was a director, officer, or employee of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee, or agent of another corporation or of a partnership, joint venture, trust, or other enterprise, including service with respect to employee benefit plans (hereinafter an indemnitee), whether the basis of the proceeding is alleged action in an official capacity as a director, officer, employee, or agent or in any other capacity while serving as a director, officer, employee, or agent, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the Alabama Business Corporation Act and the general corporation law of the State of Alabama, as the same exists or hereafter may be amended (but, in the case of any such amendment, only to the extent that the amendment permits the Corporation to provide broader indemnification rights than that law permitted the Corporation to provide prior to any such amendment), against all expense, liability, and loss (including attorneys' fees, judgments, fines, ERISA excise taxes or penalties, and amounts paid in settlement) reasonably incurred or suffered by the indemnitee in connection therewith, and the indemnification shall continue as to an indemnitee who has ceased to be a director, officer, employee, or agent and shall inure to the benefit of the indemnitee's heirs, executors, and administrators; provided, however, that, except as provided in subparagraph (b) below with respect to proceedings to enforce rights to indemnification, the Corporation shall indemnify any such indemnitee in connection with a proceeding

(or part thereof) initiated by the indemnitee only if the proceeding (or part thereof) was authorized by the Board of Directors of the Corporation. The right to indemnification conferred in this subparagraph (a) shall be a contract right and shall include the right to be paid by the Corporation the expenses incurred in defending any such proceeding in advance of its final disposition (hereinafter an advancement of expenses); provided, however, that, if the Alabama Business Corporation Act or the general corporation law of the State of Alabama requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by the indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the Corporation of an undertaking, by or on behalf of the indemnitee, to repay all amounts so advanced if it ultimately shall be determined by final judicial decision from which there is further right to appeal that the indemnitee is not entitled to be indemnified for those expenses under this subparagraph (a) or otherwise (hereinafter an undertaking).

(b) *Right of Indemnitee to Bring Suit.* If a claim under subparagraph (a) above is not paid in full by the Corporation within sixty (60) days after a written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be twenty (20) days, the indemnitee at any time thereafter may bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee shall be entitled to be paid also the expense of prosecuting or defending that suit. In any suit brought by the indemnitee to enforce a right to indemnifications hereunder (but not in a suit brought by the indemnitee to enforce a right to an advancement of expenses), it shall be a defense that the indemnitee has not met the applicable standard of conduct set forth in the Alabama Business Corporation Act or the general corporation law of the State of Alabama. In any suit by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Corporation shall be entitled to recover such expenses upon a final adjudication that the indemnitee has not met the applicable standard of conduct set forth in the Alabama Business Corporation Act or the general corporation law of the State of Alabama. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of the suit that indemnification of the indemnitee is proper in the circumstances because the indemnitee has met the applicable standard of conduct set forth in the Alabama Business Corporation Act or the general corporation law of the State of Alabama, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) that the indemnitee has not met such applicable standard of conduct, shall create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be a defense to the suit. In any suit brought by the indemnitee to

enforce a right hereunder, or by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified or to the advancement of expenses under this Article XII or otherwise shall be on the Corporation.

(c) *Nonexclusivity of rights.* The right to indemnification and to the advancement of expenses conferred in this Article XII shall not be exclusive of any other right that any person may have or hereafter may acquire under any statute, Articles of Incorporation, these Bylaws, agreement, vote of stockholders or disinterested directors, or otherwise.

(d) *Insurance.* The Corporation may maintain insurance, at its expense, to protect itself and any director, officer, employee, or agent of the Corporation or another corporation, partnership, joint venture, trust, or other enterprise against any expenses, liability, or loss, whether or not the Corporation would have the power to indemnify that person against the expense, liability, or loss under the Alabama Business Corporation Act and the general corporation law of the State of Alabama.

(e) *Indemnification of Agents of the Corporation.* The Corporation, to the extent authorized from time to time by the Board of Directors, may grant rights to indemnification and to the advancement of expenses, to any agent of the Corporation to the fullest extent of the provisions of this Article XII with respect to the indemnification and advancement of expenses of directors, officers, and employees of the Corporation.

Section 12.2 *Invalidity.* If any of the indemnification provisions of Article XII shall be held invalid, the same shall be reduced in scope and coverage to the extent necessary to render the same valid, and, if not possible, shall be deemed severable and shall not defeat the remaining provisions.

ARTICLE XIII
General Provisions

Section 13.1 *Financial Report to Shareholders.* The Board of Directors shall cause an annual report to be sent to the shareholders not later than one hundred twenty (120) days after the close of the fiscal year.

Section 13.2 *Contents of Annual Reports.* The annual report shall include the following financial statements prepared so as to represent fairly the corporation's financial condition and the result of its operations:

(1) a balance sheet as of closing date;

(2) statement of income and surplus for such year ended on closing date; and

(3) such other information as the Directors shall determine.

Section 13.3 *Preparation of Financial Statements.* The financial statements shall have been examined in accordance with generally accepted accounting principles by an independent certified public accountant of any State or territory of the United States or by a firm thereof, and shall be accompanied by such accountant's or firm's opinion as to the fairness of the presentation of the financial statements. They shall be prepared in a form sanctioned by generally accepted accounting principles for the particular kind of business carried on by the corporation.

Section 13.4 *Reliance on Corporate Records.* Any Officer or Director may rely and act upon information contained in the corporate records maintained by the Secretary and Treasurer of the Corporation. Unless he or she has actual knowledge that such information is incorrect, he or she shall not be liable to the Corporation or any person for any action based upon such information.

IF YOU WRITE, ATTACH THE
STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 99-0440212. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

Taxpayers request an EIN for their business. Some taxpayers receive CP575 notices when another person has stolen their identity and are opening a business using their information. If you did **not** apply for this EIN, please contact us at the phone number or address listed on the top of this notice.

When filing tax documents, making payments, or replying to any related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear-off stub and return it to us.

Based on the information received from you or your representative, you must file the following forms by the dates shown.

Form 941	10/31/2024
Form 940	01/31/2025
Form 1120	04/15/2024

If you have questions about the forms or the due dates shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 538, *Accounting Periods and Methods*.

We assigned you a tax classification (corporation, partnership, etc.) based on information obtained from you or your representative. It is not a legal determination of your tax classification, and is not binding on the IRS. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRS under the guidelines in Revenue Procedure 2020-1, 2020-1 I.R.B. 1 (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, *Entity Classification Election*. See Form 8832 and its instructions for additional information.

IMPORTANT INFORMATION FOR S CORPORATION ELECTION:
If you intend to elect to file your return as a small business corporation, an election to file a Form 1120-S, U.S. Income Tax Return for an S Corporation, must be made within certain timeframes and the corporation must meet certain tests. All of this information is included in the instructions for Form 2553, Election by a Small Business Corporation.

LEASE AGREEMENT

This lease agreement ("Lease"), dated January 1st, 2025 (the "Effective Date"), is made by and between **Propiedades Downtown, LLC**, an Alabama limited liability company (herein called "Lessor"), and **De Maiz Downtown, Inc.**, an Alabama corporation (herein called the "Lessee").

1. Premises. Lessor hereby leases to Lessee and Lessee leases from Lessor for the term, at the rental, and upon all of the conditions set forth herein, that certain real property, including the land and all improvements therein, situated at 360 Dauphin Street, Mobile, Alabama 36602 (the "Premises").

2. Term. The term of this Lease shall commence on the Effective Date and terminate at midnight, central time on December 31, 2029, unless sooner terminated pursuant to any provision hereof.

3. Rent Commencement Date. Lessee's obligation to pay rent shall commence at the earlier of: (i) February 1, 2025, and (ii) the date on which Lessee opens its business on the Premises to the public (the "Rent Commencement Date").

4. Rent. Beginning on the Rent Commencement Date, Lessee shall pay to Lessor as rent for the Premises, monthly payments of $8,000.00 in advance, on the 5th day of each calendar month. Rent for any period during the term hereof which is for less than one month shall be a pro rata portion of the monthly installment. Rent shall be payable in lawful money of the United States to Lessor at the address stated herein or to such other persons or at such other places as Lessor may designate in writing.

5. Special Net Lease. This Lease is what is commonly called a "Net, Net, Net Lease", it being understood that the Lessor shall receive the rent set forth in Section 4 above free and clear of any and all other impositions, taxes, liens, charges or expenses of any nature whatsoever in connection with the ownership and operation of the Premises. In addition to payment of rent, Lessee shall pay to the parties respectively entitled thereto all impositions, insurance premiums, operating charges, maintenance charges, construction costs, and any other charges, costs and expenses which arise or may be contemplated under any provisions of this Lease during the term hereof. All of such charges costs and expenses shall constitute additional rent, and upon the failure of Lessee to pay any of such costs, charges or expenses, Lessor shall have the same rights and remedies as otherwise provided in this Lease for the failure of Lessee to pay rent. It is the intention of the parties hereto that this Lease shall not be terminable for any reason by the Lessee, and that Lessee shall in no event be entitled to any abatement of or reduction in rent payable under this Lease, except as herein expressly provided. Any present or future law to the contrary shall not alter this agreement of the parties.

6. Use of Premises.

6.1 Use. During the term of this Lease and any extension thereof, the Premises shall be used and occupied only for a use as a restaurant. Lessee shall not use or occupy the Premises for any other use or purpose without Lessor's consent.

6.2 Compliance with Law. Lessee shall, at Lessee's expense, comply promptly with all applicable statutes, ordinances, rules, regulations, orders, covenants and restrictions of record, and requirements in effect during the term or any part of the term hereof, regulating the

At the request of the City of Mobile Revenue Department, the Mobile Police Department Narcotics and Vice Unit conducted an investigation into the above business. Our records show no discrepancies in the information furnished by the applicant.

This is a transfer-ownership application for a business named PRIYAN LLC. The City of Mobile Revenue Department has advised that the business license is current, and all taxes have been reported and paid. The Underage Drinking Coordinator of the Mobile Police Department advised that this location is currently in good standing.

It is my recommendation that the application be:

I have reviewed the attached application submitted to me by Cro April Dunklin. Our records show no discrepancies in the information furnished by the applicants.

This is a transfer-ownership application for a business named PRIYAN LLC. The City of Mobile Revenue Department advised that all taxes have been reported and paid for, and their business license is current. The Underage Drinking Coordinator of the Mobile Police Department has advised that the location is currently in good standing. Based on the aforementioned facts, I find no legal reason to deny this application.

Alcoholic Beverage License Application Checklist

According to the City of Mobile Revenue Department, this business has:

☑ an up-to-date business license.

☑ currently paid all taxes due.

City of Mobile Alcoholic Beverage License Application

CERTIFICATION and SIGNATURE

The undersigned agree, if a license is used as herein applied for, to comply at all times with and to fully observe all the provisions of the Alabama Alcoholic Beverage Control Act, as appears in the Code of Alabama, Title 28, and all laws of the State of Alabama and the Codes/Ordinances of the City of Mobile relative to the handling of alcoholic beverages.

The undersigned agree, if a license is used as herein requested, further agrees to obey all rules and regulations promulgated by the Board and the Code/Ordinances of the City of Mobile relative to all alcoholic beverages received in this State. The undersigned, if issued a license as herein requested, also agrees to allow and hereby invites duly authorized agents of the Alabama Alcoholic Beverage Control Board and any duly commissioned law enforcement officers of the State, County or Municipality in which the licensed premises are located to enter and search with a warrant the licensed premises or any building owned or occupied by him/her in connection with, adjoining, or adjacent thereto, whether connected or not, and whether used by him/her as his/her private dwelling.

The undersigned understands that should he or she violate any of the provisions of the Code of Alabama, Title 28, or any of the rules and regulations of the Alcoholic Beverage Control Board, his/her license shall be subject to revocation.

The undersigned understands that the City of Mobile reserves the right to file for suspension, revocation or an objection with the Alabama Alcoholic Beverage Control Board to a license renewal for failure to follow the Alcoholic Beverage Control Laws of the State of Alabama and the Codes/Ordinances of the City of Mobile or the creation of a nuisance. The undersigned further understands and agrees that no changes in the manner of operation, nature of owner and no deletion or discontinuance of any services or facilities as described in this application will be allowed with prior written approval of the City of Mobile and the Alabama Alcoholic Beverage Control Board.

Applicant for the Alcoholic Beverage license, requested by the forgoing applicant hereby swears or affirms that he/she has read said application and all the statements and facts set forth therein or in supporting documents are true and correct, and that, except as otherwise indicated therein, the applicant is the only person interested in the business for which license is requested.

In reference to ACT No. 80-529, I understand that if my application is denied or discontinued, I will not be refunded the filing fee required by this application.

Applicant understands that approval from the State of Alabama Alcoholic Beverage Control Board and the City of Mobile is owner and location specific. If the owner(s) named in the application and/or approval change and/or business is relocated to another location from what was applied for, then they must contact the Alabama Alcoholic Beverage Control Board and the City of Mobile for a new approval.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 39-2455441. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

Taxpayers request an EIN for their business. Some taxpayers receive CP575 notices when another person has stolen their identity and are opening a business using their information. If you did **not** apply for this EIN, please contact us at the phone number or address listed on the top of this notice.

When filing tax documents, making payments, or replying to any related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear-off stub and return it to us.

Based on the information received from you or your representative, you must file the following forms by the dates shown.

Form 941	10/31/2025
Form 940	01/31/2026
Form 1065	03/15/2026

If you have questions about the forms or the due dates shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 538, *Accounting Periods and Methods*.

We assigned you a tax classification (corporation, partnership, etc.) based on information obtained from you or your representative. It is not a legal determination of your tax classification, and is not binding on the IRS. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRS under the guidelines in Revenue Procedure 2020-1, 2020-1 I.R.B. 1 (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, *Entity Classification Election*. See Form 8832 and its instructions for additional information.

IMPORTANT INFORMATION FOR S CORPORATION ELECTION:
If you intend to elect to file your return as a small business corporation, an election to file a Form 1120-S, U.S. Income Tax Return for an S Corporation, must be made within certain timeframes and the corporation must meet certain tests. All of this information is included in the instructions for Form 2553, Election by a Small Business Corporation.

(IRS USE ONLY) 575A 06-02-2025 PRIY B 9999999999 SS-4

A limited liability company (LLC) may file Form 8832, *Entity Classification Election*, and elect to be classified as an association taxable as a corporation. If the LLC is eligible to be treated as a corporation that meets certain tests and it will be electing S corporation status, it must timely file Form 2553, *Election by a Small Business Corporation*. The LLC will be treated as a corporation as of the effective date of the S corporation election and does not need to file Form 8832.

If you are required to deposit for employment taxes (Forms 941, 943, 940, 944, 945, CT-1, or 1042), excise taxes (Form 720), or income taxes (Form 1120), you will receive a Welcome Package shortly, which includes instructions for making your deposits electronically through the Electronic Federal Tax Payment System (EFTPS). A Personal Identification Number (PIN) for EFTPS will also be sent to you under separate cover. Please activate the PIN once you receive it, even if you have requested the services of a tax professional or representative. For more information about EFTPS, refer to Publication 966, *Electronic Choices to Pay All Your Federal Taxes*. If you need to make a deposit immediately, you will need to make arrangements with your Financial Institution to complete a wire transfer.

The IRS is committed to helping all taxpayers comply with their tax filing obligations. If you need help completing your returns or meeting your tax obligations, Authorized e-file Providers, such as Reporting Agents or other payroll service providers, are available to assist you. Visit www.irs.gov/mefbusproviders for a list of companies that offer IRS e-file for business products and services.

IMPORTANT REMINDERS:

* Keep a copy of this notice in your permanent records. This notice is issued only one time and the IRS will not be able to generate a duplicate copy for you. You may give a copy of this document to anyone asking for proof of your EIN.
* Use this EIN and your name exactly as they appear at the top of this notice on all your federal tax forms.
* Refer to this EIN on your tax-related correspondence and documents.
* Provide future officers of your organization with a copy of this notice.

Your name control associated with this EIN is PRIY. You will need to provide this information along with your EIN, if you file your returns electronically.

Safeguard your EIN by referring to Publication 4557, Safeguarding Taxpayer Data: A Guide for Your Business.

You can get any of the forms or publications mentioned in this letter by visiting our website at www.irs.gov/forms-pubs or by calling 800-TAX-FORM (800-829-3676).

If you have questions about your EIN, you can contact us at the phone number or address listed at the top of this notice. If you write, please tear off the stub at the bottom of this notice and include it with your letter.

Thank you for your cooperation.

LEASE AGREEMENT

THIS LEASE AGREEMENT (herein called "Lease" or "Agreement"), made and entered into effective as of the **6th** day of **June, 2025**, by and between **Alabama Petro LLC,** an Alabama Limited Liability Company (hereinafter called "Landlord"), and **Priyan LLC**, an Alabama Limited Liability Company (hereinafter called "Tenant"), for the Premises known as **3110 Dauphin Island Parkway, Mobile, AL 36605**, and legally described in Exhibit "A" attached hereto. Landlord and Tenant, in consideration of the covenants herein contained, hereby agree as follows:

ARTICLE I – DEFINITIONS

1.01 Definitions.

A. "Article" means an article of this Lease.

B. "Building" means any building or other structure presently existing or hereafter constructed on the Premises.

C. "Commencement Date" means date Landlord turns property over to Tenant contemporaneous to or after acquisition of the Premises by Landlord.

D. "Environmental Requirements" mean all laws, ordinances, statutes, codes, rules, regulations, agreements, judgments, orders, decrees, now or hereafter enacted, promulgated, or amended, of the United States, the states, the counties, the cities, or any other political subdivisions, in which the Premises is located, and any other political subdivisions, agency or instrumentality exercising jurisdiction over the owner of the Premises, or the use of the Premises, relating to pollution, the protection or regulation of human health, natural resources, or the environment, or the emission, discharge, release or threatened release of pollutant, contaminants, chemical, or industrial, toxic or hazardous substances or waste or Hazardous Materials into the environment (including, without limitation, ambient air, surface water, ground water or land or soil).

E. "Hazardous Materials" means any substance which is or contains (i) any "hazardous substance" as now or hereafter defined in Section 101(14) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA") or any regulations promulgated under CERCLA; (ii) any "hazardous waste" as now or hereafter defined in the Resource Conservation and Recovery Act (42 U.S.C. Section 6901, et seq.) ("RCRA") or regulations promulgated under RCRA; (iii) any substance regulated by the Toxic Substances Control Act (15 U.S.C. Section 2601 et seq.); (iv) gasoline, diesel fuel, or other petroleum hydrocarbons; (v) asbestos and asbestos containing materials, in any form, whether friable or non-friable; (vi) polychlorinated biphenyls; (vii) radon gas; and (viii) any additional substances for materials which are now or hereafter classified or considered to be hazardous or toxic under Environmental Requirements or the common law, or any other applicable laws relating to the Property. Hazardous Materials shall include, without limitation, any substance, the presence of which on the Premises: (A) requires reporting, investigations or remediation under Environmental Requirements; (B) causes or threatens to cause a nuisance on the Property or

adjacent property or poses or threatens to pose a health hazard to the health or safety of persons on the Property or adjacent property; or (C) which, if it emanated or migrated from the Property, could constitute a trespass.

F. "Lease" means this Lease, exhibits to this Lease, and every properly executed instrument, which by its terms amends, modifies, or supplements this Lease.

G. "Premises" means **3110 Dauphin Island Parkway, Mobile, AL 36605**, more particularly described in Exhibit "A" to this Lease.

H. "Rent" means the amount payable by the Tenant to the Landlord in respect of each month of the Term under Article 4.01.

ARTICLE II – GRANT OF LEASE

2.01 Grant. Landlord hereby demises and leases the premises to Tenant, and Tenant hereby leases and accepts the Premises from Landlord, to have to hold during the Term, subject to the terms and conditions of this Lease. The Premises shall consist of the real estate, building, signs, and improvements located at **3110 Dauphin Island Parkway, Mobile, AL 36605** together with all personal property located on the Premises as of the date this Lease is executed ("Personal Property").

2.02 Quiet Enjoyment. Landlord shall warrant and defend Tenant in the possession of the Premises during the Term, subject to the terms and conditions of this Lease.

2.03 Covenants of Landlord and Tenant. Landlord covenants to observe and perform all of the terms and conditions to be observed and performed by Landlord under this Lease. Tenant covenants to pay the Rent when due under this Lease and to observe and perform all of the terms and conditions to observed and performed by Tenant under this Lease.

ARTICLE III – TERM AND POSSESSION

3.01 Term. The initial term of this Lease shall be for **Ten (10)** years from the Commencement Date (the "Term"), with **one option of Five (5) years** each after the initial term of the Lease.

3.02 Renewal Options. The Agreement does not include any options to extend the term.

ARTICLE IV – RENT, OCCUPANCY COSTS, AND OTHER CHARGES

4.01 Rent and Operating Expenses. Tenant agrees to pay to Landlord as monthly rent for the Premises, the sum which is equal to "Base Rent" and "Operating Expenses" (as defined in Section 4.02). Base Rent is payable in equal monthly installments as set forth in Exhibit "B" attached hereto, in advance during the Term, **commencing on 1st July, 2025** and continuing on the **1st** day of each calendar month of the Term. Operating Expenses may be billed by Landlord to Tenant either together with Base Rent, or at such other times as deemed appropriate by Landlord, in its sole discretion. Tenant also shall pay with each installment of Base Rent and/or Operating

Expenses the applicable State sales tax assessed against payments of Base Rent and/or Operating Expenses. Such installments shall be paid, without demand or deduction, at such address as Landlord may designate. Further, in the event the property option is not exercised by the Tenant during the Two (2) year Option Term, Rent shall escalate at the rate of 2% every year for the remaining years of the Term.

4.02 Definitions. As used in this Lease, the following terms shall have the following meanings:

A. "Base Rent" shall mean the amount per month for each month of the Term, as set forth in Exhibit "B".

B. "Operating Expenses" shall mean and include (i) all real estate taxes and assessments with respect to the Premises, Building and the common areas; (ii) premiums for all insurance as set forth in Article VIII; (iii) the cost of all lawn maintenance and repairs, building maintenance and repairs, and petroleum dispensing and container equipment repair and maintenance expenses; (iv) all refuse collection expenses; and, (v) utility expenses. To the extent the Operating Expenses can be billed by a third-party provider directly to Tenant, then these expenses shall be paid to said third party by Tenant; provided, however, that in such instances, Landlord is to receive copies of bills and monthly evidence of payment, as well as notice and opportunity to cure any vendor deficiency prior to default. Operating Expenses billed directly to Landlord will be paid by Tenant within ten (10) days of receiving notice from Landlord that same are due and payable. In the event that there is more than one Tenant being serviced by a Landlord paid Operating Expense, then such payment shall be allocated *pro rata* in accordance with the percentage of the premises and property being leased by Tenant over the total square footage of the premises and property.

C. "Rent" shall mean Base Rent, plus all sums due and payable by Tenant in respect to the Operating Expenses; providing that, should any sales or use tax be assessed against any items of Rent other than Base Rent, Tenant shall also pay such sales or use tax as it relates to those other items of Rent.

4.03 Deposit and Inventory. The Lease shall not include any allocation for Deposit, goodwill, or inventory. However, it is understood and agreed that the Tenant shall be responsible for purchasing the inventory.

4.04 Carefree, Net Lease. It is the intention and purpose of the parties hereto to create by this instrument a lease of a kind commonly known as "carefree" or "triple net" to Landlord. Accordingly, except as otherwise provided herein, Tenant agrees:

A. To bear, pay for and discharge not only such items as it has specifically agreed by the provisions of this Lease to bear, pay for and discharge, but also all other costs, charges and expenses, which Landlord has not specifically agreed to bear under the terms of this Lease, including without limitation, all utility costs, maintenance costs, Real Estate Taxes, and all other costs and expenses of every kind and description whatsoever which must be borne, paid for and discharged in connection with the Premises;

B. That Landlord shall receive from Tenant the rentals agreed to be paid by Tenant, without abatement, offset, claim, counterclaim, set off or deduction; and

C. That Landlord shall be subject to no expense whatsoever on account of the operation and maintenance of the Premises arising pursuant to the terms of this Lease, including, but not limited to any applicable sales, use or rent taxes, during the Primary Term or any Renewal Term.

D. Tenant's obligation to pay all Rent under this Lease is separate, absolute, unconditional and independent covenant. Tenant shall have no right to be released, relieved or discharged from any obligation or liability to pay Rent or for any reason whatsoever, including without limitation, Tenant's inability to use or occupy the Premises or disturbance thereof.

4.05 Late Charges. In the event that any Rent to be paid by Tenant under the provisions of this Lease shall not be paid within five (5) days of the due date, Tenant shall pay to Landlord a late charge of 5% of the Base Rent Payment plus sales tax, if any. Should Rent remain unpaid within ten (10) days of the due, an additional late charge of fifteen (15%) of the Base Rent Payment shall be due and payable. All such late charges shall be deemed Rent for purposes under this Lease. All delinquent rents shall accrue at the highest interest rate allowable by law, to include all awarded prejudgment and post-judgement until paid. This provision shall survive the termination of the Lease.

ARTICLE V – USE OF PREMISES

5.01 Use Restrictions. The Tenant may use the Leased Premises solely as a convenience store with petroleum sales, and at all times Tenant's use shall conform to all applicable laws and regulations. The Tenant will not injure, overload, or deface or suffer to be injured, overloaded, or defaced the Leased Premises or any part thereof, or store inflammables or explosives in any part thereof. During the term of the Lease, and for such term as set forth in the Exclusive Fuel Supply Agreement(s), Tenant shall be required to enter into a Dealer Supply Agreement between KARS Petro Distributors LLC and Priyan LLC, for a term of 20 years at Rack +1 cent and requiring the agreeable branding. As a condition of this Lease, the Tenant shall exclusively purchase petroleum from KARS Petro Distributors, LLC, a Florida limited liability company.

5.02 Nuisance. Tenant shall not cause or maintain any nuisance in or about the Premises, and shall keep the Premises free of debris, rodents, vermin and anything of a dangerous noxious, or offensive nature or which could create a fire hazard (through undue load on electrical circuits or otherwise) or undue vibration, heat or noise.

ARTICLE VI – MAINTENANCE, REPAIR, AND ALTERATIONS

6.01 Maintenance, Repair, and Replacement. Tenant shall thereafter maintain the Premises and all improvements thereon in good condition, less reasonable wear and tear, at Tenant's sole cost and expense, including, but not limited to, the HVAC system, doors, windows and all fixtures of every kind, the foundations, structures and roof of the Building, petroleum dispensing equipment and tanks, underground tanks and sumps, less reasonable wear and tear over the Term. Tenant shall also maintain the Personal Property. Tenant shall also be responsible for

maintaining all tanks and lines in working order, including such testing as required by law. Tenant accepts the Premises and Personal Property in "as-is" condition and acknowledges that it had the opportunity to inspect the Premises, including but not limited to, the petroleum dispensing equipment and tanks, roof, building structures and foundations.

6.02 Alterations by Tenant. Tenant may from time to time at Tenant's own expense make changes, additions and improvements in the Premises to better adapt the same to its business, provided that any such change, addition or improvement shall:

A. Comply with requirements of any governmental authority having jurisdiction; and

B. Equal or exceed the then current local, state, and federal standards and codes for the Building; and

C. Require the prior written consent of Landlord, which shall not be unreasonably withheld, but which may require the presentation of sufficient funds or bonds to ensure sufficient funds to complete the anticipated alteration.

D. When Tenant vacates the building, the building shall be in the same condition as the Tenant received it. Any modifications to the building or equipment will be considered permanent and will become the property of the Landlord, with no expense to the Landlord.

E. In no event shall Tenant allow any construction or other lien to be attached to the Premises, and if same occurs, the lien shall be bonded to other security within thirty (30) days.

6.03 Access by Landlord. Tenant shall permit Landlord or Landlord's agent to enter the Premises outside normal business hours, and during normal business hours where such will not unreasonably disturb or interfere with Tenant's use of the Premises and operation of its business, to examine, inspect, and show the Premises to persons wishing to lease them, to provide services, to make repairs, replacements, changes or alterations as set out in this Lease, and to take such steps as Landlord may deem necessary for the safety, improvement or preservation of the Premises or the Building. Landlord shall whenever possible, consult with or give reasonable notice to Tenant prior to such entry, but no such entry shall constitute an eviction or entitle Tenant to any abatement of Rent.

6.04 Indemnification for ADA Compliance. As the sole occupant of the Premises, Tenant shall indemnify, defend and hold Landlord harmless for any and all costs, expense, liability, or obligation that may arise, or be imposed on the Tenant, Landlord, or the Premises under the Americans With Disabilities Act of 1990, as now in effect or hereafter amended, and all rules and regulations issued under that law (collectively referred to as the "ADA"). Without limitation of the foregoing, Tenant shall be solely responsible for compliance with any of the following requirements of the ADA that may be applicable, and all cost and expense related thereto: barrier removal to ensure that members of the public with disabilities have access to Premises and all goods and services provided at the Premises; providing auxiliary aids and services when necessary to remove communication barriers for members of the public with disabilities; compliance with the ADA Accessibility Guidelines when performing any alterations, renovations, or remodels or when otherwise required by local, state or federal authorities; and

providing reasonable accommodations for all employees and employment applicants with disabilities. This indemnification shall include the defense of any action or proceeding (including the payment of attorney's fees and court costs) brought against Landlord by the U.S. Department of Justice, the Equal Employment Opportunity Commission, or any individual or class of individuals, alleging violation or non-compliance with the ADA, and payment of any liability arising out of such actions or proceedings.

6.05 Fire Safety Inspection: Tenant shall furnish and maintain the appropriate number of and type of portable fire extinguishers. Tenant shall comply with all applicable federal, state and local laws, regulations and ordinances related to furnishing, using and maintaining portable fire extinguishers, including but not limited to Title 29, Code of Federal Regulations, Sections 1910.157 and 1910.106; Not less than annually, Landlord will have the fire extinguisher inspected and add the inspection fees to Tenant's monthly rent invoice.

6.06 Environmental Compliance: Tenant shall comply with, including but not limited to, the Environmental Protection Act, and any other regulation relating to the storage, handling, and use of Hazardous Substances and Contaminates as defined by applicable State and Federal law, paying special attention to the regulations governing the storage, dispensing and sale of motor fuel, and/or diesel motor fuel and all other federal, state and local laws and ordinances relating to the environment, and with the rules, orders, and regulations issued and promulgated there under and shall defend, indemnify and hold Landlord harmless from and against any and all Penalties, interest, costs, expenses, claims, judgments and orders with respect to such laws, ordinances, rules, orders and regulations.

Tenant must carry storage tank third party liability, corrective action and clean up insurance, maintain monthly inspections, including but not limited to monthly compliance inspections, Leak detector tests, Integrity tests, and placard registration. All insurance policies and inspections/monitoring shall be maintained through Landlord's corporate office and invoiced to the Tenant along with the rent.

ARTICLE VII - TAXES

7.01 Tenant's Taxes. Tenant shall pay before and as otherwise set forth in this Lease, every tax, assessment, license fee, excise and other charge, however described, which is imposed, levied, assessed or charged by any governmental authority having jurisdiction and which is payable in respect of this Lease including but not limited to:

A. Operations at, occupancy of, or conduct of business in or from the Premises by or with the permission of Tenant, including, but not limited to real property taxes and assessments charged against the Premises by the appropriate governmental authorities. These taxes shall be prorated between the parties for the first year of this Lease;

B. Fixtures or personal property in the Premises which do not belong to the Landlord; and

C. Rent paid or payable by Tenant to Landlord for the Premises or for the use and occupancy of all or any part thereof, specifically including but not limited to any sales and/or

use taxes imposed by any governmental authority having jurisdiction.

ARTICLE VIII - INSURANCE

8.01 Casualty Insurance. During the Term, Tenant shall maintain coverage against loss or damage by fire or other risks now or hereafter embraced by "All-Risk Coverage", so called, and against such other risks as at the time are commonly insured against in the case of premises similarly situated, in the amount not less than 100% of the then "full insurable value", which, for the purpose of this Article 8.01 shall be deemed to be the cost of replacing the Building less the cost of excavations, foundations and footings, or such greater amount as may be required by any mortgagee. The insurance shall contain coverage of not less than the greater of the full insurable value or fair market value determined by the Landlord for each items; such as building, canopy, pumps, sign, content and any & all equipment and items attached to the real estate.

8.02 General Liability and Other Insurance.

During the term of this Agreement, Tenant shall maintain in force a policy of insurance insuring Landlord and Tenant against any and all liability (including petroleum liability) arising regarding the Leased Premises, with limits of coverage not less than **$2,000,000** aggregate and not less than **$1,000,000** for injury to any one person from any one accident. Coverage shall further include: contents coverage, for contents including Tenant's and Landlord's equipment in the minimum amount of **$50,000** (The first **$50,000** of any contents coverage held by Tenant will be applied to Landlord's equipment in the event that Tenant underinsures its content value); loss of Tenant's business income coverage; liquor liability **($1,000,000)**, worker's compensation, and not less than **$10,000** crime (inside and out) coverage. If Landlord elects, Landlord shall have the right to procure liability insurance coverage on behalf of the Tenant, and Tenant shall reimburse Landlord upon receipt of an invoice therefore as additional rent due hereunder. Tenant shall also obtain and maintain worker's compensation coverage, Flood, Tank, EPLI and Environmental insurance.

Tenant shall furnish Landlord with evidence of such insurance on the Commencement Date and that the premium therefor has been prepaid for a period of not less than twelve (12) months. Evidence of renewal shall be provided at least 30 days prior to expiration. Said insurance policies shall provide that the same may not be canceled by the insurer without giving the Landlord at least thirty (30) days notice of such cancellation prior to the date of such cancellation.

Additionally, if Landlord elects to provide such coverage, Tenant shall pay, as additional rent, the amounts set forth above. If Landlord elects not to provide such coverage, Tenant shall secure such coverage for the full insurable value of the building and personal property on the Premises.

Failure to provide proof of insurance shall constitute default of this Agreement. The foregoing are minimum insurance requirements only and may or may not adequately meet the entire insurance needs of Tenant.

ARTICLE IX – INJURY TO PERSON OR PROPERTY

9.01 Indemnity by Tenant. Tenant shall indemnify and hold harmless Landlord from and against every demand, claim, cause of action, judgment and expense, including reasonable attorney's fees, and all loss and damage arising from any injury or damage to the person or property of Tenant or to the person or property of Tenant's agents, servants, employees, guests, invitees, or to any other person on the Premises, where the injury or damage is caused by negligence or misconduct of Tenant, its agents, servants or employees, or of any other person entering upon the Premises under express or implied invitation of Tenant, where the injury or damage results from the violation created by Tenant, of any law, ordinance or governmental order of any kind, or of the provisions of this Lease, or where the injury or damage is in any way related to or connected with the conduct of the Tenant's business.

ARTICLE X – ASSINGMENT AND SUBLETTING

10.01 Assignment or Sublease by Tenant. Tenant may not assign this Lease, or sublet the Premises without the prior written consent of Landlord, which consent may be granted or withheld in Landlord's sole discretion.

10.02 No Waiver. Consent by Landlord to a particular assignment or sublease shall not be deemed consent to any other or subsequent transaction. If this Lease is assigned or if the Premises are subleased in violation of this Article X, then Landlord may nevertheless collect rent from the assignee or subtenants and apply the net amount collected to the rent payable hereunder, but no such transaction or collection of rent or application thereof by Landlord shall be deemed a waiver of any provision hereof or a release of Tenant from performance by Tenant of its obligations hereunder.

ARTICLE XI – SURRENDER

11.01 Possession. Upon the expiration of the Term, Tenant shall immediately quit and surrender possession of the Premises in substantially the condition in which Tenant is required to maintain the Premises excepting only reasonable wear and tear and "acts of God". Upon such surrender, all right, title and interest of Tenant in the Premises shall cease.

11.03 Termination of Lease. Landlord has the right to terminate lease with a 30-day notice for any reason necessary. In the event Landlord exercises the right of termination pursuant to this Section 11.03, Tenant shall not be liable for any rents or obligations which are incurred from and after the date of termination, other than in the event Tenant refuses to timely vacate, in which case Landlord shall have all rights and privileges associated with ejectment and holdover tenancies.

11.02 Merger. The voluntary or other surrender of this Lease by Tenant or the cancellation of this Lease by mutual agreement of Tenant and Landlord shall not work a merger, and shall at Landlord's option terminate all or any subleases and sub-tenancies or operate as an assignment to Landlord of all or any subleases or sub-tenancies. Landlord's option hereunder shall

be exercised by notice to Tenant and all known assignees or subtenants in the Premises or any part thereof.

11.04 Payments after Termination. No payments of money by Tenant to Landlord after the expiration or other termination of the Term or after the giving of any notice (other than a demand for payment of money) by Landlord to Tenant, shall reinstate, continue or extend the Term, or make ineffective any notice given to Tenant prior to the payment of such money. After the service of notice or the commencement of a suit, or after final judgment granting Landlord possession of the Premises, Landlord may receive and collect any sums of Rent or other charges due under the Lease and the payment thereof shall not make ineffective any notice, or in any manner affect any pending suit or any judgment theretofore obtained.

ARTICLE XII – UTILITIES AND CHARGES

12.01 Utilities. Tenant shall make arrangements directly with the appropriate utility companies for the supply of gas, electricity, light, power, telephone or other services and shall pay all deposits, fees, expenses and charges therefore.

12.02 Water and Sewer Services. Tenant shall make arrangements directly with the appropriate governmental authorities for the supply of water and sewer services and shall pay all deposits, fees, expenses, and charges therefore.

ARTICLE XIII – EMINENT DOMAIN

13.01 Taking of Premises. If all or any part of the Leased Premises shall be taken, damaged or acquired by virtue of eminent domain for any public or quasi-public use, or under such threat, with or without litigation, during the remaining term of the Lease, the rent shall be reduced proportionately to the reduction in the utility of the Leased Premises to the Tenant. Landlord shall be exclusively entitled to be paid by the condemning authority any condemnation award or compensation for the value of the real estate taken, for real estate severance damages, and for Landlord's attorney's fees and litigation expenses which are taxable against the condemning authority to the extent that the law provides for the same. Further, it is agreed that the Tenant shall be exclusively entitled to be paid by the condemning authority any condemnation award of compensation for expenses related to removal from the Leased Premises, for any loss of business, for business damages, for any relocation benefits, for moving expenses (excluding expenses for moving property belonging to the Tenant), for any losses resulting to trade fixtures owned by Tenant, and for Tenant's attorney's fees and litigation expenses taxable against the condemning authority to the extent that the law provides for the same.

ARTICLE XIV – DAMAGE BY FIRE OR OTHER CASUALTY

14.01 Damage to Premises. Tenant, to the extent of available insurance proceeds, shall be required to repair all or part of the Premises damaged by fire or other casualty within one hundred twenty (120) days from the dated of such casualty. In the event that Landlord, as an additional insured, receives any compensation resulting from such casualty, Landlord shall pay over such money to Tenant.

ARTICLE XV – TRANSFERS BY LANDLORD

15.01 Sale, Conveyance, and Assignment. Nothing in this Lease shall restrict the right of the Landlord to sell, convey, assign, mortgage or otherwise deal with the Premises or the right of Landlord to assign its interest in this Lease.

15.02 Subordination. This Lease is and shall be subject and subordinate in all respects to any and all mortgages and deeds of trust now or hereafter placed on the Premises, and to all renewals, modifications, consolidations, replacements and extensions thereof. At any time and from time to time, Tenant shall execute, acknowledge, and deliver to Landlord a certificate evidencing its subordination and evidencing whether or not; (a) this Lease is in full force and effect; (b) this Lease has been amended in any way; (c) there are any existing defaults hereunder to the knowledge of Tenant and specifying the nature of such defaults if any; (d) the amount of Rent and the date to which Rent has been paid; and (e) improvements to the Premises or allowances for such improvements required of Landlord have been made or paid and accepted by Tenant. Each certificate delivered pursuant to this section may be relied on by any prospective purchaser or transferee or the holder or prospective holder of any mortgage or deed of trust of the Building or of Landlord's interest hereunder

ARTICLE XVI – NOTICES

16.01 Notices. Any notice from one party to the other hereunder shall be in writing and shall be deemed duly served if delivered to the party being served or if mailed by registered or certified mail, in either case, to the address as set forth below. Any notice shall be deemed to have been given at the time of delivery if the day of such delivery is not a Saturday, Sunday or statutory holiday. If the day of delivery is a Saturday, Sunday or statutory holiday, such notice shall be deemed to have been given on the next following day that is not a Saturday, Sunday or statutory holiday. If such notice is mailed, notice shall be deemed to have been given seven (7) days after the date of mailing thereof unless the postal system has been disrupted by strikes or slowdowns, in which case notice shall be given by personal delivery only. Either party shall have the right to designate by notice, in the manner above set forth, a different address to which notices are to be mailed.

Notices to Landlord: **Alabama Petro LLC**
380 Commerce Pkwy
Rockledge, FL 32955

Notices to Tenant: **Priyan LLC**

Mobile, AL 36619

ARTICLE XVII - DEFAULT

17.01 Costs. Tenant shall indemnify Landlord against all costs and charges (including all pre-litigation, litigation, and post-litigation legal fees) lawfully and reasonably incurred in

enforcing payment thereof, and in obtaining possession of the Premises after default of Tenant or upon expiration or earlier termination of the Term of this Lease, or in enforcing any covenant, proviso, or agreement of Tenant herein contained.

17.02 Right of Landlord to Perform Covenants. All covenants and agreements to be performed by Tenant under any of the terms of this Lease shall be performed by Tenant, at Tenant's sole cost and expense, and without an abatement of Rent. If Tenant shall fail to perform any act on its part to be performed hereunder, and such failure shall continue for twenty (20) days after written notice thereof from Landlord, Landlord may (but shall not be obligated to do so) perform such act without waiving or releasing Tenant from any of its obligations relative thereto. All sums paid or costs incurred by Landlord in so performing such acts under this Article 16.02, together with interest thereon at the highest rate allowable by law from the date each such payment was made or each such cost incurred by Landlord, shall be payable by Tenant to Landlord on demand.

17.03 Events of Default. An event of default shall occur whenever;

A. Part or all of the Rent, other charges or other amounts hereby reserved are not paid when due, and such default continues for three (3) days after the due date thereof, without any required notice from Landlord; or

B. Tenant's interest in this Lease is taken or is subject to execution or attachment or if a writ of execution is issued against Tenant; or

C. Tenant fails to observe, perform and keep each and every of the covenants, agreements, provisions, stipulations and conditions herein contained to be observed, performed and kept by Tenant (other than payment of Rent and other charges hereunder) and persists in such failure after ten (10) days' notice by Landlord requiring that Tenant remedy, correct, desist or comply, or if any such breach would reasonably require more than ten (10) days to rectify, unless Tenant commences rectification within ten (10) days of such notice and thereafter promptly and effectively and continuously proceeds with the rectifications of the breach; or

D. Tenant engagement in illegal activity, including, but not limited to, drug-related illegal activity, on the premises. "Drug-related illegal activity" means the illegal manufacture, sale, distribution, purchase, use or possession with intent to manufacture, sell, distribute or use of a controlled substance (as defined in Section 102 of the Controlled Substance Act [21 U.S.C. 802]) or possession or sale of drug paraphernalia; or

E. Tenant engagement in any act intending to facilitate illegal activity, including drug-related illegal activity on the premises; or

F. Tenant selling tobacco products to minors or not limiting access to such products by underage customers; or

G. Tenant conviction of any felony involving moral turpitude.

H. Default in any dealer supply agreement between the tenant and Kars Petro Distributors, LLC (fuel supplier).

17.04 Remedies. Upon occurrence of any event of default, Landlord shall have the option, in addition to and not in limitation of any other remedy permitted by law or by this Lease, to terminate this Lease, in which event the Tenant shall immediately surrender the Premises to Landlord, but if Tenant shall fail to do so, Landlord may without notice and without prejudice to any other remedy Landlord may have, enter upon and take possession of the Premises and expel or remove Tenant and its effects without being liable to prosecution or any claim for damages there from; and Landlord may seize and sell all of the Tenant's chattels upon which it has a lien for Rent , and otherwise distrain for all sums due, and apply the proceeds there from to the amounts owed to Landlord; and Tenant agrees to indemnify Landlord for all loss and damage which Landlord may suffer by reason of such termination, whether through inability to re-let the Premises or otherwise, including any loss of rental for the remainder of the Lease Term.

17.05 Cross-Default. Any default by the Tenant under this Lease Agreement shall constitute a Cross-Default under the Option to Purchase Agreement, Promissory Note, and Dealer Supply Agreement (collectively, the "Related Agreements"), owned individually or collectively by Mohammad Azmeer, Nahid Akter with Raj Shah, and all their assigns. In the event of such default under any of the Related Agreements, the Landlord may, at its discretion, declare all obligations under all Related Agreements, immediately due and payable without notice or demand. This cross-default provision shall apply notwithstanding any waiver, indulgence, or extension granted by the Lender under any of the Related Agreements.

ARTICLE XVIII –FUEL SUPPLY AGREEMENT

18.01 Fuel Supply Agreement. Not later than contemporaneously with the execution of this Lease, Tenant will enter into a Fuel Supply Agreement between KARS Petro Distributors, LLC and Priyan LLC, which has a duration of 20 years at Rack +1 cent, and such agreement shall survive any termination of this Lease, and which shall run with the land if so, requested by Kars Petro Distributors LLC. Additionally, The Deal Supply Agreement shall be renewed for a 20-year term beginning on the date Tenant exercises the Option to Purchase Agreement with the existing terms of Rack plus one cent ($0.01).

ARTICLE XIX – USE OF EQUIPMENT/PERSONAL PROPERTY

19.01 Use of Equipment. Tenant may use the Personal Property after the Commencement Date, together with such other equipment as may be located on the Premises and owned by Landlord. Tenant shall be responsible for repairing and replacing this equipment as may be needed from time to time, in which case the landlord shall be required to join in said document.

ARTICLE XX – MISCELLANEOUS

20.01 Relationship of Parties. Nothing contained in this Lease shall create any relationship between the parties hereto other than that of Landlord and Tenant, and it is acknowledged and agreed that Landlord does not in any way or for any purpose become a partner of Tenant in the conduct of its business, or a joint venture or a member of a joint or common enterprise with Tenant.

20.02 Consent Not Unreasonably Withheld. Except as otherwise specifically provided,

whenever consent or approval of Landlord or Tenant is required under the terms of this Lease, such consent, or approval shall not be unreasonably withheld or delayed. If either party withholds any consent or approval, such party shall on written request deliver to the other party a written statement giving the reasons therefore.

20.03 Applicable Law and Construction. This Lease shall be governed by and construed under the laws of the State of Alabama and its provisions shall be construed as a whole according to their common meaning and not strictly for or against Landlord or Tenant. The words Landlord and Tenant shall include the plural as well as the singular. If this Lease is executed by more than one Tenant, Tenant's obligations hereunder shall be joint and several obligations of such executing Tenants. Time is of the essence of this Lease and each of its provisions. The captions of the Articles are included for convenience only, and shall have no effect upon the construction or interpretation of this Lease. Further Florida is the sole and exclusive appropriate venue as it is the state where the Lease is entered, payments are due, and records are kept.

20.04 Entire Agreement. This Lease contains the entire agreement between the parties hereto with respect to the subject matter of this Lease. Tenant acknowledges and agrees that it has not relied upon any statement, representation, agreement or warranty except such as are set out in this Lease.

20.05 Amendment or Modification. Unless otherwise specifically provided in this Lease, no amendment, modification, or supplement to this Lease shall be valid or binding unless let out in writing and executed by the parties hereto in the same manner as the execution of this Lease.

20.06 Construed Covenants and Severability. All of the provisions of this Lease are to be construed as covenants and agreements as though the words importing such covenants and agreements were used in each separate Article hereof. Should any provision of this Lease be or become invalid, void, illegal or not enforceable, it shall be considered separate and severable from the Lease and the remaining provisions shall remain in force and be binding upon the parties hereto as though such provisions had not be included.

20.07 Successors Bound. Except as otherwise specifically provided, the covenants, terms, and conditions contained in this Lease shall apply to and bind the heirs, successors, executors, administrators and assigns of the parties hereto.

20.08 Headings. The article headings contained in this Lease are for convenience only and shall in no way enlarge or limit the scope or meaning of the various and several articles hereof.

20.09 Attorney's Fees. In the event of any legal action or suit under this Agreement, the prevailing party is entitled to receive reimbursement of its reasonable attorney's fees and costs, even if this Agreement is determined to be non-binding for any reason.

20.10 Radon Gas Disclosure. Radon is a naturally occurring radioactive gas that when accumulated in a building in sufficient quantities may present health risks to persons who are exposed to it over time. Levels of radiation that exceed federal and state guidelines have been

found in buildings in Alabama. Additional information regarding Radon or Radon testing may be obtained from your County Public Health Unit.

20.11 Exculpation. Tenant agrees that Tenant shall look solely to Landlord's interest in the real property on which the Demised Premises are located for the satisfaction of any claim, judgment or decree requiring the payment of money by Landlord based upon any default hereunder, and no other property or assets of Landlord, its heirs, successors or assigns, shall be subject to levy, execution or other enforcement procedure for the satisfaction of any such claim, judgment, injunction or order.

20.12 UCC Filing. Tenant agrees that Landlord shall have the right to file a State of Alabama Uniform Commercial Code Financing Statement Form on Tenant's equipment and inventory.

20.13 Licenses, Permits, Sale tax, etc.: On or before the date TENANT takes possession of the premises, TENANT shall cause to be issued or transferred to TENANT, lottery licenses, alcohol and tobacco sales licenses, Class C operator license, etc., and shall at all times have in good standing all necessary occupational and other licenses and otherwise comply with all governmental regulations applicable to the conduct of the Business. TENANT shall not use any licenses or permits of LANDLORD. Further, TENANT shall be responsible for all sales tax collection and reporting regarding the Business, and for compliance with all employment and tax withholding laws with regard to conduct of the TENANT's Business. TENANT shall be liable to LANDLORD for any additional taxes, interest or penalties that arise out of TENANT's failure to properly collect said taxes. Copies of such licenses, permits, and sales tax numbers shall be furnished to LANDLORD prior to possession, and when the same are renewed during the term of this Agreement. All original copies of said licenses and permits shall be posted as per governmental regulations.

20.14 No Recording of Agreement. Both parties agree that this lease agreement shall not be recorded or filed in any public land or other public records of any jurisdiction by either party and any attempt to do so may be treated by the other party as a breach of this agreement; provided, however, that a Memorandum of Lease MAY be recorded for the sole and exclusive purpose of complying with §713.10(2) Florida Statutes.

20.15 Guaranty. The obligations under this lease are to be guaranteed by Divyeshkumar C Patel and Yogesh Gulab on a continuing and unconditional basis, the terms of which are set forth on Exhibit "C" attached hereto and incorporated by reference herein.

BY SIGNING THIS LEASE AGREEMENT THE TENANT AGREES THAT UPON SURRENDER OR ABANDONMENT, AS DEFINED BY THE ALABAMA STATUTES, THE LANDLORD SHALL NOT BE LIABLE OR RESPONSIBLE FOR STORAGE OR DISPOSITION OF THE TENANT'S PERSONAL PROPERTY.

IN WITNESS WHEREOF, the parties have executed this Lease on the date set forth above.

IN WITNESS WHEREOF, the Landlord and Tenant have properly executed this Option to Purchase as of the date set out on page one.

Summary of Incident / Action	I would like to nominate FireMedic Driver T.S. Manning for Firefighter of the Month. He is one of the most dedicated paramedics in our department. His unwavering commitment to delivering exceptional service to our community is apparent in every shift he undertakes. As his Captain, I deeply appreciate his enthusiasm and approachable demeanor, which create a welcoming and supportive atmosphere among our crew. Rescue 14 (RA14) has become one of the premier rescue units, largely due to Driver Manning's outstanding reputation both within our department and the broader EMS community. This has led to a consistent influx of paramedic, nursing, physician and EMT ride-alongs from various training programs in the region. With nearly three decades of experience in emergency medical services, Driver Manning continuously strives to uphold the highest standards of skill and practice. Recently, he volunteered to train the next generation of EMTs for the 25-02 recruit school, ensuring that his extensive experience serves as a valuable resource for new recruits. He takes this responsibility seriously, often seen studying training materials both on and off duty to prepare for his lectures. Moreover, Driver Manning regularly seeks input from crew members to reevaluate and enhance his teaching, ensuring that recruits receive the best possible instruction from diverse perspectives. Recruit Class 25-02 recently completed the National Registry examination, achieving an impressive overall passing rate of 96%. This outstanding result reflects Driver Manning's unwavering commitment to adequately preparing his students for success. Manning’s teaching approach emphasizes not only technical skills but also the vital importance of compassion and effective communication in emergency situations. Overall, Driver Manning exemplifies the core values of our department, serving as an inspiration to both his peers and the next generation of emergency medical professionals. His dedication to excellence and community service truly sets a standard for others to follow.

CONTRACTOR SHORT FORM CONTRACT
BETWEEN CITY OF MOBILE AND CONTRACTOR

THIS AGREEMENT is made and entered into as of the date of execution by both parties, by and between City of Mobile, a political subdivision of the State of Alabama, hereinafter referred to as the "City" and Amerson Roofing, Inc., hereinafter referred to as "Contractor."

This Agreement, including its Exhibits, attached hereto, all incorporated herein, represents the entire agreement between Contractor and City with respect to the subject matter hereof and supersedes all prior agreements, negotiations, or understandings between the parties in any way relating to the subject matter of this Agreement. Contractor and City acknowledge having read and understood this Agreement and hereby agree to be bound by its terms and conditions.

WHEREAS, the City has found the Contractor qualified to perform the necessary services; and

WHEREAS, the Contractor has reviewed the services required pursuant to the Agreement and is qualified, willing and able to provide and perform all such services in accordance with its terms.

NOW, THEREFORE, the City and the Contractor, in consideration of the mutual covenants contained herein, agree as follows:

I. CONTRACTOR'S SERVICE

A. The Contractor's Services consist of those described in the Scope of Work which is attached hereto as "**Exhibit A**" and is hereby incorporated as a part of this Agreement and as provided in the Request for Quotes documents that are hereby incorporated by reference as a part of this Agreement as though fully set out herein.

B. If Additional Services are required due to circumstances beyond the Contractor's control, the Contractor shall give written notice to the Owner and obtain written authorization from the Owner before commencing such Services. The Contractor's notice shall include a description of the circumstances justifying the "Additional Services" and a proposal to provide the Services.

C. All work and labor shall be done in accordance with the plans and specifications on file with the City and are incorporated herein by reference.

II. TERM

A. **Commencement & Duration**: This Contract shall commence on the date of the written Notice to Proceed issued by the City and shall remain in effect until the earlier of (i) completion of all obligations under this Contract or (ii) Ninety (90) days from the Effective Date, unless otherwise terminated as provided herein.

III. COMPENSATION AND PAYMENT OF CONTRACTORS SERVICE

A. The City shall compensate Contractor in accordance with the agreed-upon pricing schedule:

1. Total Contract Value: Seventy Eight Thousand Two Hundred Eighty Nine and 00/100 Dollars ($78,289.00)

2. Base Bid: $37,974.00

5. Payment Schedule: The period covered by each Application for Payment shall be one calendar month ending on the 25th of the month. Provided that an Application for Payment in acceptable format is received by the City of Mobile not later than the first 1st day of a month, the City shall make payment of the amount certified to the Contractor not later than the tenth 10th day of the following month.
6. Invoice Submission: Contractor shall submit invoices in accordance with the City's invoicing guidelines, including an itemized description of work performed, associated costs, and supporting documentation.
7. The City reserves the right to withhold payment if deliverables do not meet contractual specifications or if the Contractor is in violation of any contract provision as outlined in Exhibit A.

B. The City shall pay the Contractor for the services rendered hereunder and completed in accordance with the terms and conditions of this Contract an amount not to exceed Seventy Eight Thousand Two Hundred Eighty Nine and 00/100 Dollars ($78,289.00) which includes a Contingency Allowance of Seven Thousand and 00/100 ($7,000.00) for unanticipated work within the scope of the agreement and may only be authorized at the discretion of the City's Department Head of the Architectural Engineering Department.

C. Contingency Allowance shall cover cost of material, labor, overhead, profit and other expenses for complete installation of items of additional Work as required for a complete, functional project. Contractor shall provide an itemized proposal including same for all Work. Contractor's charges for overhead and profit are limited to 10% of labor, materials and equipment costs on subcontractor's work; and 15% on work of Contractor's own forces.

D. Contingency Allowance shall be used for unforeseen circumstances not covered in the construction documents. All extra work under this section must be authorized by the Owner, in writing, prior to ordering materials or undertaking work. No contingency shall be used without written change order signed by City.

E. Upon completion of the Work, the unused portion of the Contingency Allowance shall be credited back to the Owner in the form of a Change Order.

F. Notwithstanding the preceding, Contractor shall perform no work under this Contract until receipt of a notice to proceed. Contractor acknowledges and agrees that no minimum amount of work is guaranteed under this Contract and City may elect to issue no notice to proceed. If a notice is issued, the City reserves the right to amend, reduce or cancel the notice in its sole discretion.

G. The City's performance and obligation to pay under this Contract is contingent upon an appropriation by the City Council or by grant award. In the event funds are not appropriated or approved for any fiscal year, this agreement shall terminate upon notice to Contractor. The City shall promptly notify the Contractor if the necessary appropriation is not made.

IV. METHOD OF PAYMENT

1. The City shall pay the Contractor through payment issued by City upon receipt of the Contractor's invoice and written approval of same by the City's Department Head of the Architectural Engineering Department indicating that services have been rendered in conformity with this Contract.

2. The Contractor shall provide one notarized original signature copies of invoices to the Architectural Engineering Department on a monthly basis and/or upon successful completion of service. Contractor invoices shall be provided on AIA Document G702 and AIA Document G703. Final payment shall not be processed until all required Close-out Documents are submitted to and approved by the Owner.

    b. the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A201 (including City's then-current modifications which may be obtained from the City or, alternatively, a copy of which is incorporated in the Project Manual and incorporated by reference herein as a part thereof), and to satisfy other requirements, if any, which extend beyond final payment; and
    c. a Certificate of Substantial Completion has been issued by the Architect/Engineer/City and the project accepted.
    d. The City's final payment to the Contractor of retainage shall be made as follows:

A. The final two and one half percent (2.5%) of the total Contract Sum retained will not be paid until proof of publication is submitted and all written claims paid in full. Contractor to submit the following:

    e. Contractor's Affidavit of Payment of Debts and Claims (AIA form G706, included in contract documents) with
        i. Contractor's Release or Waiver of Liens
        ii. Releases or Waivers of Liens from Subcontractors and Material and Equipment Suppliers;
    f. Contractor's Affidavit of Release of Liens (AIA form G706A, included in contract documents);
    g. Consent of Surety, if any, to final payment (AIA form G707, included in contract documents);
    h. Any additional close out requirements per the contract documents; and
    i. Notarized Affidavit of Notice of Completion advertisement from publisher.

Contractor shall provide proof of publication of Notice of Completion in a local newspaper once per week for four (4) consecutive weeks, as required in the Title 39, Section 39-1-1, Subsection (f), of the Code of Alabama quoted below. "The Contractor shall, immediately after the

completion of the contract, give notice of Completion by an advertisement in a newspaper of general circulation published within the city or county in which the work has been done, for a period of four (4) consecutive weeks. A final settlement shall not be made upon the contract until the expiration of thirty (30) days after the completion of the notice. Proof of publication of the notice shall be made by the contractor to the authority by whom the contract was made by affidavit of the publisher and a printed copy of the notice published. If no newspaper is published in the county in which the work is done, the notice may be given by the contract." (Acts 1927, No. 39, 9.37; Acts 1935, No. 39, 9. 70; Code 1940, T. 50, Section 16; Acts 1983, No. 83-737, 9.1203; Acts 1989, No. 89-650m 9. 1284, Section 1; Acts 1994, No. 94-207, p, 270, Section 1; Acts 1997, No. 97-225, p. 348, Section 1.)

3. The Notice of Completion shall read as follows:

STATE OF ALABAMA
COUNTY OF MOBILE
NOTICE OF COMPLETION

A. In accordance with Chapter I, Title 39, Code of Alabama, 1975, NOTICE IS HEREBY given that Amerson Roofing Inc. has completed the contract for Hillsdale Senior Center Roof Replacement, 6024 Lorma Road Mobile, Alabama 36608 Project #PR-049a-25. All persons having any claims for labor, material or otherwise in connection with this project should immediately notify the Architectural Engineering Department, City of Mobile, P. O. Box 1827, Mobile, Alabama 36633-1827.

B. Publication of the Notice of Completion shall not begin until the Project has been accepted as Substantially Complete by the City of Mobile.

1. The Contractor's invoices shall be in a form satisfactory to the Department Head of the Architectural Engineering Department who shall initiate disbursements. The Contractor is responsible for providing all necessary documentation that may be required by the City.

2. For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:

1. Five percent (5%) of the first fifty percent (50%) of the completed work and after fifty percent (50%) completion has been accomplished, no further retainage shall be held from the original Contract Sum. Increases in the contract sum by Change Order shall also be subject to retainage.

2. The net amount of the Retainage shall be equal to two- and one-half percent (2.5%) of the total Contract Sum, as increased or decreased by Change Order.

V. ADDITIONAL SERVICES

A. No changes to this Contract or the performance contemplated hereunder shall be made unless the same are in writing and signed by both the Contractor and the City's authorized agent.

B. If the City's Department Head of the Architectural Engineering Department requires the Contractor to perform additional services related to this Contract then the Contractor shall be entitled to additional compensation based on the Fee Schedule as amended to the extent necessary to accommodate such additional work. The additional compensation shall be agreed upon before commencement of any additional services or changes and shall be incorporated into this Contract by written amendment. The City shall not pay for any additional service or work performed before a written amendment to this Contract is executed by the City and the Contractor. Notwithstanding the preceding, in the event additional services are required as a result of error, omission or negligence of the Contractor, the Contractor shall not be entitled to additional compensation.

VI. LIABILITY OF CONTRACTOR

A. To the fullest extent permitted by law, Contractor covenants to release, defend, indemnify, hold harmless, protect, and exonerate both the City and its agents, employees, and representatives, from and against any and all liability, claims (direct and indirect), damages, losses, suits, actions, demands, liens, arbitrations, administrative proceedings, awards, judgments, expenses, costs, and attorneys' fees pertaining to personal injury, bodily injury, death, damage to or destruction of property (including any loss of use), economic loss or damage, labor disputes, safety requirements, performance or non-performance of obligations, certifications, property rights of third parties, sickness or disease, which (1) are caused in whole or in part by the Contractor (herein defined to include but not be limited to Contractor's owners, employees, agents, representatives, subcontractors, suppliers, and invitees or other third parties connected with the Contractor as well as the agents or employees of any of them), or (2) arise out of or are related to work undertaken or to be performed by the Contractor, or (3) arise out of or are related to any other act or omission relating to the Contractor, the Contract, the work under the Contract or otherwise undertaken by the Contractor as defined in the parenthetical of (1) above. It is the specific and express intent of the parties to the contract for the foregoing covenants and indemnity obligations to apply to the fullest extent permitted by applicable law, regardless of whether the liability is caused in whole or in part by a party indemnified hereunder, and whether said liability be caused by, or arise out of, any joint, concurrent, or contributory negligence of a party indemnified hereunder. The contractor agrees it is not a design professional within the meaning of § 41-9A-3, Ala. Code (1975).

B. This section of the Agreement will survive the expiration or termination of the Agreement.

VII. CONTRACTORS INSURANCE

For the term of this Agreement, Contractor shall acquire and maintain in full force and effect the following liability and comprehensive insurance issued by a company licensed and qualified to do business in the State of Alabama, which such insurance shall be endorsed to name the City of Mobile as an additional insured, and shall attach to this contract as proof thereof a certificate of insurance issued by an agent licensed and qualified to do business in the State of Alabama:

A. Workers' Compensation/Employer's Liability:

1. Workers' Compensation insurance in the amounts required by all applicable laws, rules or regulations of the state of Alabama

2. Employer's Liability with limits of not less than:

   Bodily Injury by Accident $1,000,000 each accident
   Bodily Injury by Disease $1,000,000 policy limit
   Bodily Injury by Disease $1,000,000 each employee

B. Comprehensive General Liability Insurance

1. Comprehensive General Liability (occurrence form) including coverage for products/completed operations, independent contractors, and blanket contractual liability, specifically covering the obligations assumed by Contractor.

2. Limit of Liability: $1,000,000 combined single limit of liability each occurrence bodily injury or property damage.

3. General Aggregate Limit shall apply on a "Per Project" Basis.

C. Automobile Liability Insurance:

1. Automobile Liability Insurance to cover any auto, including all owned, non-owned, and hired vehicles, with a $1,000,000 combined single limit of liability each accident for bodily injury and/or property damage.

D. Excess/Umbrella Liability Insurance

1. Providing following form coverage for Employer's Liability, Comprehensive General Liability, and Automobile Liability.

2. Limit of Liability: $2,000,000 combined single limit of liability each occurrence for bodily injury and/or property damage.

E. Waiver of Subrogation - All policies of insurance shall be endorsed to waive rights of subrogation in favor of City of Mobile.

F. Additional Insured - All policies of insurance, except those referenced under paragraph A, shall be endorsed to name City of Mobile as an Additional Insured.

G. Primary Insurance - All policies of insurance, except those referenced under paragraph A, shall be endorsed to provide that all such insurances are primary and non-contributing with any other insurance maintained by City of Mobile.

H. Notice of Cancellation – Certificates shall provide that such insurance shall not be subject to cancellation, non-renewal nor material change without 30 days or more (except 10 days for non-payment) prior written notice thereof to the City of Mobile.

I. Certificates of Insurance – General – Within ten (10) calendar days from date of issuance of Contract forms for execution, Contractor shall deliver to the City of Mobile, certificates of insurance (standard ACORD format) certifying the existence and limits of the insurance coverages along with separate policy endorsements as described above. Contractor shall also be responsible for delivering policy renewal certificates to the City of Mobile.

J. If the certificate of insurance referenced in this Agreement does not evidence insurance of owned vehicles, said certificate and this sentence shall evidence the Contractor's covenant that it does not own any vehicles and that it will not purchase or obtain any vehicles during the term of this Agreement. Said certificate shall require that said insurance coverage will not be altered or terminated unless City shall have been given written notice of such alteration or termination delivered to City not less than thirty (30) days before the effective date of such alteration or termination.

VIII. RESPONSIBILITIES OF THE CONTRACTOR

A. The personnel assigned by the Contractor to perform the services of this Contract shall comply with the terms set forth in this Contract. The Contractor shall ensure that all key personnel, support personnel, and other agents are fully qualified and capable to perform their assigned tasks. Any change or substitution to the Contractor's key personnel must receive the City's Department Head's written approval before said changes or substitution can become effective.

B. The Contractor agrees to respond to communication from the City within three working days unless a shorter response time is specified by the City.

C. The Contractor warrants that it has not employed or retained any company or person (other than a bona fide employee working solely for the Contractor), to solicit or secure this Contract and that he has not paid or agreed to pay any person, company, corporation, individual, or firm other than a bona fide employee working solely for the Contractor; any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award of this Contract.

D. Contractor agrees that it and its employees shall communicate with City employees and members of the public in a civil manner. All aspects of a Contractor's performance, including complaints received from City employees or members of the public, may impact the City's decision to renew or terminate this Contract in accordance with the provisions contained herein. The City further reserves the right to suspend or debar the Contractor from consideration for award of future contracts in accordance with Alabama competitive bid law if the Contractor does not abide by the terms of this contract.

E. The Contractor shall comply with all federal, state, and local laws, regulations and ordinances applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex, or national origin in the performance of work under this Contract.

F. The Contractor shall maintain books, records, documents, and other evidence directly pertaining to or connected with the services under this Contract which shall be available and accessible at the Contractor's offices for the purpose of inspection, audit, and copying during normal business hours by the City, or any of its authorized representatives.

G. The Contractor is, and shall be, in the performance of all work, services and activities under this Contract, an independent contractor. Contractor is not an employee, agent, or servant of the City and shall not represent itself as such. All persons engaged in any work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the Contractor's sole direction, supervision and control. The Contractor shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the Contractor's relationship and the relationship of its employees to the City shall be that of an independent contractor and not as employees of the City. The Contractor shall be solely responsible for providing benefits and insurance to its employees.

IX. PROOF OF ADVERTISEMENT OF COMPLETION

A. Contractor shall provide proof of publication of Notice of Completion in a locally published newspaper of general circulation, in accordance with Title 39, Section 39-1-1 of the Code of Alabama. For final Contract Sums less than Fifty Thousand and 00/100 Dollars ($50,000.00), the Contractor shall also provide, at the same time notice is sent to the newspaper, an electronic or hard copy of notice verbiage on Contractor letterhead to the City of Mobile for public posting for one week. This Notice of Completion shall not begin until the project has been accepted by the City of Mobile.

B. Notice of Completion advertisement shall read as follows:

STATE OF ALABAMA
COUNTY OF MOBILE
NOTICE OF COMPLETION

In accordance with Chapter I, Title 39, Code of Alabama, 1975, NOTICE IS HEREBY given that Amerson Roofing Inc. has completed the contract for Hilldale Senior Center Roof Replacement 6024 Lorma Road Mobile, Alabama 36608 Project #PR-049a-25, in Mobile, Alabama. All persons having any claim for labor, material or otherwise in connection with this project should immediately notify the Architectural Engineering Department, City of Mobile, P. O. Box 1827, Mobile, AL 36633-1827.

X. LIQUIDATED DAMAGES

A. The parties to this Contract agree that time is of the essence in the work provided for herein and that a precise determination of actual damages which would be incurred by the City for delay in the completion of the work provided for herein, aside from the additional cost of inspection and supervision, would be difficult to ascertain. Accordingly, the parties to the Contract agree that the liquidated damages for those items of damage not otherwise provided for by this Contract, for each and every day that the time consumed in completing the work provided for in these

construction documents exceeds the time(s) allowed therefore, shall be the amount(s) stated below per day, including Saturdays, Sundays, and legal holidays. The parties specifically agree that the liquidated damages provided for herein do not constitute a penalty. Furthermore, since the additional cost of inspection and supervision arising from a delay is not difficult to ascertain, it is agreed that the Contractor shall pay, in addition to the liquidated damages provided for herein, all expenses for inspection and supervision occasioned by the failure of the Contractor to complete the work within the time(s) fixed for completion herein. The amount(s) of liquidated damages together with the additional costs for inspection and supervision occasioned by the Contractor's delay will be deducted and retained out of the monies payable to the Contractor. If not so deducted, the Contractor and sureties for the Contractor shall be liable therefore. The amount of liquidated damages to be assessed for each calendar day that Substantial Completion is delayed beyond the required date of Substantial Completion shall be $250 per day for Substantial Completion; $125 per day for Final Completion. The amount of liquidated damages to be assessed for each calendar day that Final Acceptance is delayed beyond the required date of Final Acceptance shall be (25% OF LIQUIDATED DAMAGES) per day.

XI. FORCE MAJEURE

A. The Contractor specifically agrees that all work performed under the terms and conditions of this Contract shall be completed within the time limits as set forth herein, or as otherwise identified in the City's purchase order or specified by the City's Department Head, subject only to delays caused by force majeure, or as otherwise defined herein. "Force majeure" shall be deemed to be any cause affecting the performance of this Contract arising from or attributable to acts, events, omissions or accidents beyond the reasonable control of the parties.

XII. OBLIGATIONS OF THE CITY

A. City shall designate a Department Head or other person to act as City's representative with respect to this Agreement. Such person will have authority to transmit instructions, receive information, and interpret and define City's policies and decisions regarding the scope of services.

B. City shall furnish to Contractor all applicable information and technical data in City's possession or control reasonably requested by Contractor for the proper performance of the Services.

C. The City's Designated representative will do all things necessary to properly administer the terms and conditions of this Agreement, including, but not limited to: 1. Review of all Contractor payment requests for approval or rejection. 2. Periodic reviews of the work of the Contractor as necessary for the completion of the Contractor's services during the period of this Agreement.

D. The City shall not provide any services to the Contractor in connection with any claim brought on behalf of or against the Contractor.

XIII. TERMINATION

A. The City shall have the right at any time upon thirty (30) calendar day's written notice to the Contractor to terminate the services of the Contractor. The City shall pay to the Contractor and

the Contractor shall accept as full payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

B. Any failure of the Contractor to satisfy the requirements of this Contract, as documented by the Department Head, shall be considered a default of the Contract and sufficient reason for termination. 1. For defaults that are curable (as determined by the City), the Contractor shall be notified in writing by the City and shall have an opportunity to cure such default(s) within ten (10) working days after notification. 2. For defaults that are not curable (as determined by the City), notice of the termination date shall be given as deemed appropriate by the City.

C. In the event the City's termination of this Contract for default is in any way deficient, at the option of the City such termination shall be deemed to be a termination for convenience pursuant to Section 13.1 above.

D. The parties may mutually agree to terminate this Contract. Such termination shall be evidenced by a notice issued by the City. The City shall pay to the Contractor and the Contractor shall accept as payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

E. In the event that the Contractor has abandoned performance under this Contract, then the City may terminate this Contract upon three (3) calendar day's written notice to the Contractor indicating its intention to do so. Payment for work performed prior to the Contractor's abandonment shall be as stated above. Contractor shall have one hundred and eighty (180) days to submit invoices. Invoices submitted after one hundred and eighty (180) days may not be accepted for payment.

F. The Contractor shall have the right to terminate services only in the event of the City failing to pay the Contractor's properly documented and submitted invoice within ninety (90) calendar days of the approval by the City's Department Head, or if the Project is suspended by the City for a period greater than ninety (90) calendar days.

G. After consultation with and written Notice to the Contractor providing a reasonable opportunity to cure, the City shall have the right to refuse to make payment, in whole or part due to: 1. The quality of a portion, or all, of the Contractor's work not performed in accordance with the requirements of this Contract; 2. The quantity of the Contractor's work not delivered or performed as represented in the Contractor's Payment Request, or otherwise; 3. Claims made, or likely to be made, against the City, or its property; 4. Damages to the City or a third party caused by Contractor; 5. The Contractor's failure or refusal to perform any other obligation under this Contract. City does not and will not assume any responsibility for the means by which or the manner in which the services by Contractor provided for herein are performed, but on the contrary, Contractor shall be wholly responsible therefore.

H. BEST MANAGEMENT PRACTICES (BMPs): The Contractor shall be responsible for providing, implementing, and maintaining BMPs for sediment and erosion control, and all other applicable regulations, in full compliance with Local, State, and Federal Codes and Ordinances throughout the contract period. All Work shall be in accordance with the Clean Water Act, the Alabama Water Pollution Control Act, the current version of the Alabama Handbook for Erosion Control, Sediment Control and Storm Water Management on Construction Sites and Urban Areas;

and the current version of the Mobile, Alabama City Code Chapter 17 Storm Water Management and Flood Control. All waste water with oils, grease, etc., shall be properly contained and disposed of.

XIV. DISPUTE RESOLUTION

A. In the event of a dispute or claim arising out of this Agreement, the parties agree first to try in good faith to settle the dispute by direct discussion. If this is unsuccessful, the parties may enter into mediation in Mobile City, Alabama, with the parties sharing equally in the cost of such mediation.

B. In the event mediation, if attempted, is unsuccessful in resolving a dispute, the parties may proceed to litigation as set forth below.

C. Any dispute, action or proceeding arising out of or related to this Agreement will be exclusively commenced in the state courts of Mobile City, Alabama, or where proper subject matter jurisdiction exists in the United States District Court for the Southern District of Alabama. Each party irrevocably submits and waives any objections to the exclusive personal jurisdiction and venue of such courts, including any objection based on forum non conveniens.

D. Contractor agrees to waive all rights to trial by jury for any litigation undertaken concerning this Agreement

E. This Agreement and the rights and obligations of the parties shall be governed by the laws of the State of Alabama without regard to its conflict of laws principles.

F. Unless otherwise agreed in writing, the Contractor shall be required to continue its services and all other obligations under this Agreement during the pendency of the claim or dispute, including, but not limited to, the actual period of mediation or judicial proceedings.

XV. CONTRACTOR WARRANTY

A. Upon completion of the contract the Contractor shall certify under oath that all bills have been paid in full.

B. In addition to manufacturer warranties required by the Bid Documents, Contractor shall provide a one (1) year Labor and Materials Warranty on company letterhead at completion of the Contract.

C. All products provided under this Contract shall be new and of the most suitable grade for the purpose intended.

D. If any product delivered does not meet performance representations or other quality assurance representations as published by manufacturers, producers or distributors of the products or the specifications listed in this Contract, the Contractor shall pick up the product from the City at no expense to the City. The City reserves the right to reject any or all materials if, in its judgment, the

item reflects unsatisfactory workmanship or manufacturing or shipping damage. In such case, the Contractor shall refund to the City any money which has been paid for same.

E. Contractor warrants that the products under normal use and service will be free from material defects in materials and workmanship. In the event Contractor's standard product warranty is for a period of time longer than that stated above, this warranty shall be extended to that longer duration.

F. All services will be performed (i) by qualified personnel in a professional and workmanlike manner, consistent with industry standards, (ii) in accord with the performance specifications, scope of work and terms and conditions set forth in this agreement, (iii) with due care and in accord with applicable laws and regulations including all laws and regulations relating to the scope of work in the agreement, health, safety and the environment, fair labor practices, unlawful discrimination and immigration, and (iv) in accord with generally prevailing industry standards. Upon City providing notice to Contractor as set out in a reasonably detailed written notice to cure any non-conformance within thirty (30) days of occurrence, Contractor agrees to re-perform the services to achieve commercially reasonable conformance with this warranty.

XVI. SUSPENSION/STOP WORK ORDER

A. The City's Department Head, may at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract. Any order shall be identified specifically as a stop work order issued pursuant to this clause. This order shall be effective as of the date the order is delivered to the Contractor. Upon receipt of such an order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. The Contractor shall not resume work unless specifically so directed in writing by the City. The Department Head shall take one of the following actions:

1. Cancel the stop work order; or 2. Terminate the work covered by the order; or 3. Terminate the Contract in accordance with provisions contained in Section 13.1.

B. In the event the City of Mobile determines not to direct the Contractor to resume work, the stop work order may be converted into a notice of termination for convenience pursuant to Section 13.1. The notice period for such termination shall be deemed to commence on the date of issuance of the stop work order. In the event the City does not direct the Contractor to resume work within ninety (90) days, the Contractor may terminate this Contract.

XVII. NOTICES

A. The City of Mobile Authorized Agent, authorized to act on the City's behalf with respect to the Project is the Architectural Engineering Director.

B. Any notices of any nature, whatsoever, including but not limited to notice of termination or default shall be sufficient if sent by parties via United States Certified mail, postage paid, or via nationally recognized delivery service, to the address listed below:

C. Any change in the City's Department Head or the Contractor's Authorized Agent will be promptly communicated by the party making the change.

XVIII. DEFAULT/ BREACH

A. Default. Default, for purposes of this contract, shall include, but is not limited to, any of the following: 1) failure to perform the work or provide the services in accordance with the terms of the contract, 2) failure to meet established deadlines or schedules, 3) substandard or non-compliant work or services, 4) failure to comply with applicable laws, regulations, or permits, including state and federal law, local ordinances and any federal grant requirements, 5) failure to make payments to subcontractors or suppliers, 6) failure to communicate adequately with the City regarding progress or issues, 7) unauthorized assignment or transfer of the contract without prior written consent from the City, 8) failure to correct deficiencies after receiving written notice from the City, 9) misrepresentation or falsification of information provided in contract proposals or during performance,10) failure to maintain required insurance coverage, 11) use of unapproved subcontractors or failure to supervise subcontractors adequately, 12) unauthorized use of City property, equipment, or resources, 13) failure to comply with safety standards, resulting in hazardous conditions or accidents, 14) violation of confidentiality or data protection requirements outlined in the contract, 15) breach of warranties related to the quality, fitness, or compliance of goods or services provided, 16) failure to provide required reports, documentation, or certifications within specified timelines, 17) delays caused by inadequate staffing, equipment, or materials, 18) failure to replace defective or non-compliant materials or equipment within a reasonable time-frame, 19) violation of environmental regulations, including improper disposal of hazardous materials, 20) failure to cooperate with City inspectors, auditors, or other designated officials during site visits or reviews, 21) failing to comply with written directives from the City to correct specific issues or deficiencies, 22) subcontractor abandonment or unauthorized substitution of key personnel, 23) unauthorized cessation of work or delays caused by disputes with subcontractors, 24) breach of intellectual property rights, including unauthorized use of copyrighted or proprietary materials, 25) misuse of funds allocated for specific tasks or deliverables, 26) failure to meet minority, small business, or other subcontracting goals as specified in the contract, 27) failure to

maintain adequate security measures for sensitive information or physical assets, 28) failure to address health and safety violations that result in injury or property damage, 29) providing false claims for payments, reimbursements, or change orders, 30) failing to meet requirements for workforce certifications or qualifications outlined in the contract, 31) failure to disclose debarment or loss of required license.

XIX. EFFECT OF DEFAULT

A. Upon the occurrence of default, City shall have rights which include but are not limited to (i) the right to keep this Contract in effect and sue Contractor for all damages caused by the default and recover the cost thereof; (ii) the right to cure any such default by Contractor and to recover any damages caused thereby; and (iii) the right to terminate this Contract either as to the entire Project or part thereof, in either case by giving Contractor written notice of such termination. In the event of termination of this Agreement by the City because of the Contractor's default or breach, the City may take possession of all materials, equipment, tools, construction equipment, and machinery thereon owned by the Contractor and may finish the Project by whatever method and means City may select subject to its obligation to reasonably mitigate.

XX. WITHHOLDING PAYMENT DUE

A. Default by Contractor shall excuse any obligation of City to pay compensation or sums otherwise due Contractor under the agreement. City may withhold any and all sums due if there has been a default or breach by Contractor of any provision of this agreement.

XXI. CURE PLAN

A. If Contractor fails to comply with any material provision of this agreement, the City may issue a written notice requiring Contractor to submit a corrective action plan (CAP) within such time as City directs. If Contractor fails to provide an acceptable CAP or does not cure the breach within the time frame specified, the City may invoke additional sanctions or terminate this Agreement.

XXII. PEER REVIEW/VALUE ENGINEERING

A. The City reserves the right to engage independent experts to conduct peer reviews or value engineering analyses of the Project at any stage. Contractor shall cooperate fully by providing necessary documentation and access. If the peer review identifies opportunities for cost savings or performance improvements without compromising safety or quality, Contractor shall implement such recommendations as directed by the City, subject to equitable adjustments if necessary.

XXIII. ANTI-BOYCOTT

A. Contractor agrees it is not currently engaged in and will not engage in the boycott of a person or an entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade within the meaning of Alabama Code 41-16-5.

XXIV. NON-DISCRIMINATION

A. Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

XXV. COMPLIANCE WITH IMMIGRATION LAW

A. By signing this contract, the contracting parties affirm, for the duration of the Agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Pursuant to Alabama Code (1975) Section 31-13-9, if Contractor employs one or more employees within the State of Alabama, Contractor shall provide documentation establishing that Contractor is enrolled in the *E-Verify* program. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the Agreement and shall be responsible for all damages resulting therefrom.

XXVI. CONTRACT DOCUMENTS

A. The contract documents consist of this Agreement, the Request for Quotes documents, Exhibit "A" Scope of Work, Addenda issued prior to the execution of the Contract, other documents listed in this Agreement, and Modifications issued after the execution of this Agreement, all of which form the Contract, and are fully a part of the Contract as if attached to this Agreement or repeated herein. The contract documents are intended to agree, and if clarification of a conflict has not been made via Addendum, then the most restrictive or costly interpretation by the Director of Real Estate Asset Management will apply.

B. The following documents are incorporated by reference and made part of this Contract:

Exhibit A: Scope Of Services
Exhibit B: Project Schedule
Exhibit C: Schedule of Values
Exhibit D: Office of Small Business Development Subcontracting and Major Supplier Plan
Exhibit E: Performance, Labor and Material Bonds
Exhibit F: Certificate of Liability Insurance [Required]
Exhibit G: E-Verify Documents [Required]
Exhibit H: Secretary of State
Exhibit I: Bidding And Contract Requirement Documents

XXVII. MISCELLANEOUS

A. Contractor shall obtain, at his own expense, all necessary licenses, inspections, permits, insurance, authorization and assurances necessary in order to abide by the terms of this Agreement. City of Mobile department permits, when required, shall be obtained by the Contractor at no cost.

B. This Agreement constitutes the sole and complete understanding between the parties and supersedes all agreements between them, whether oral or written with respect to the subject matter. No Amendment, change or addendum to this Agreement is enforceable unless agreed to in writing by both parties and incorporated into this Agreement.

C. The language of this Agreement shall be construed, in all cases, according to its fair meaning and not for or against any party hereto.

D. The parties hereto do not intend nor shall this Agreement be construed to grant any rights, privileges or interest to any third party.

E. Time is of the essence with regard to each and every aspect of the Contractor's performance under this Contract.

F. The rights and remedies of the City provided for under this Agreement are in addition to any other rights and remedies provided by law.

G. If the Contractor is comprised of more than one legal entity, each entity shall be jointly and severally liable hereunder.

H. The exercise by either party of any rights or remedies provided herein shall not constitute a waiver of any other rights or remedies available under this Agreement or any applicable law.

I. If any term, condition, or covenant of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this Agreement shall be valid and binding on each party.

J. The parties covenant and agree that each is duly authorized to enter into and perform this Agreement and those executing this Agreement have all requisite power and authority to bind the parties.

K. Neither the City's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

L. Paragraph headings are for the convenience of the parties and for reference purposes only and shall be given no legal effect.

M. In the event of conflicts or inconsistencies between the provisions of this agreement and those in any attachment or Exhibit hereto, then the provisions of this agreement will take precedence and be applicable, binding and enforceable.

N. Preparation of Agreement. All provisions of this Agreement have been subject to full and careful review by and negotiation between Contractor and City. Each such party has availed itself of such legal advice and counsel as it, respectively, has deemed appropriate. The parties hereto agree that

neither one of them shall be deemed to be the drafter or author of this Agreement, and in the event this Agreement is subject to interpretation or construction by a court of law or panel of arbitration, such court or panel shall not construe this Agreement or any portion hereof against either party as the drafter of this Agreement.

O. Entire Agreement. This Agreement embodies the entire agreement and understanding between the parties pertaining to the subject matter of this Agreement, and supersedes all prior agreements, understandings, negotiations, representations and discussions, whether verbal or written, of the parties pertaining to that subject matter.

P. Binding Effect. The provisions of this Agreement shall bind and inure to the benefit of the parties and their respective successors and permitted assigns.

Q. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute a single agreement.

R. Amendment and Waiver. This Agreement may be amended, modified or supplemented only by a writing executed by each of the parties. Any party may in writing waive any provisions of this Agreement to the extent such provision is for the benefit of the waiving party. No action taken pursuant to this Agreement shall be deemed to constitute a waiver by that party of any other party's compliance with provisions of this Agreement. No waiver by any party of a breach of any provision of this Agreement shall be construed as a waiver of any subsequent or different breach, and no forbearance by a party to seek a remedy for noncompliance or breach by another party shall be construed as a waiver of any right or remedy with respect to such noncompliance or breach.

S. Attorney's Fees and Costs. If the City is required to take legal action to enforce this contract, the contractor agrees to reimburse the City for all reasonable attorney's fees and associated costs incurred.

T. Non-Waiver of Rights. Failure by the City to enforce any provision of this contract shall not be deemed a waiver of its rights to enforce any other provision or the same provision in the future.

U. Sovereign Immunity. Nothing in this Agreement shall be construed as a waiver of any governmental, sovereign, or other immunity by the City, its officials, or employees. All defenses and limitations of liability provided by law remain fully applicable.

Bidders and Proposers – Please complete and submit these forms as required by your City of Mobile Bid or Proposal Specification.

If you are submitting a proposal in response to a Request for Qualifications, Request for Proposal, or other solicitation ("Solicitations") issued by the City of Mobile, the bid specification may require you to utilize disadvantaged business enterprise ("DBE") subcontractors and suppliers. If SBE participation is required, you must complete and submit these forms with your proposal. If required, failure to submit this form will render your bid non-responsive. NOTE: To satisfy participation requirements for a federally funded project, you must utilize SBEs certified through the Alabama Unified Certification Program.

If SBE participation is required, and you fail to satisfy the participation requirement, you must show that you made a good faith effort to include such participation; you will be required to submit DBE Compliance Form 2 and include additional information if needed. When so required, failure to address adequately the good faith effort factors on Form 2 will render your bid or proposal non-responsive. The "good faith effort" factors on Form 2 are not intended to be a mandatory, exhaustive, or exclusive.

You are encouraged to work with the City of Mobile Small Business Development Manager when preparing this form. Please consult with the City Small Business Development Manager for a list of eligible SBEs. The "good faith effort" factors on **Form 2** are not intended to be mandatory, exhaustive, or exclusive; they are a tool to help you, and the City of Mobile, determine whether you made efforts which, by their scope, intensity, and appropriateness to the objective, would reasonably be expected to fulfill the participation requirement.

About **"DBEs"**: Disadvantaged business enterprise or DBE means a for-profit small business concern (1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and (2) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

About **"Good Faith" Effort**: Good faith efforts mean efforts to achieve a DBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program requirement. The City of Mobile expects contractors holding large contracts to recruit and engage DBEs to be a part of their team.

Failure to submit this form, when so required by the bid or proposal specification, will render your bid non-responsive.

Form 2: Good Faith Effort Documentation

Name of Bidder: Amerson Roofing, Inc.

Contact Person: Maurice Square Phone: 251-368-5295 Email: sandra@amersonroofing.com

Please complete this form if you are unable to identify DBE subcontractors or suppliers to reach 15% of the value of your bid.

YES (□)	NO (□)	Did you do these suggested areas for DBE recruitment and engagement
X		**PRE-BID MEETING(S):** The bidder attended all pre-bid meetings scheduled by the City to inform DBEs of contracting and subcontracting opportunities.
X		**DBE/ALDOT DBE LIST(S):** The bidder utilized the Office of Small Business Development list or lists of certified through the Alabama Department of Transportation UCP DBE Listing
X		**SMALL CONTRACT(S):** The bidder selected specific portions of the work to be performed by DBEs in order to increase the likelihood of meeting the DBE goals (including breaking down contracts into smaller units to facilitate DBE participation). Consider support services, including insurance, accounting, temporary labor, and transportation, landscaping, and janitorial as potential areas for DBE use.
X		**FOLLOW-UP:** The bidder followed-up initial indications of interest by DBEs by contacting those DBEs to determine with certainty if they remained interested in bidding.
X		**GOOD FAITH NEGOTIATIONS:** The bidder negotiated in good faith with interested DBEs and did not reject DBEs as unqualified without sound business reasons based on a thorough investigation of their capabilities. Bidders are not expected to engage unqualified subcontractors or subcontractors whose pricing, after negotiation, remains excessive or unreasonable. (Please document qualification deficiencies or unreasonable pricing if it prevented your engagement of specific DBE subcontractors.)
	X	**ADVERTISEMENT:** The bidder advertised in general circulation and/or trade association publications concerning subcontracting opportunities and allowed DBEs reasonable time to respond.
	X	**INTERNET ADVERTISING:** The bidder advertised DBE and/or subcontracting opportunities in the newspaper or other internet portals that are accessible to DBEs and/or potential subcontractors.

CITY OF MOBILE

Subcontracting and Major Supplier Plan

X		**INFORMATION:** The bidder provided interested DBEs with adequate information about the plans, specifications and requirements of the subcontract.
X		**WRITTEN NOTICE(S):** The bidder/proposer took the necessary steps to provide written notice in a manner reasonably calculated to inform DBEs of subcontracting opportunities and allowed sufficient time for them to participate effectively.
X		**COMMUNITY RESOURCES:** The bidder/proposer used the services of available community organizations, small and/or disadvantaged business assistance offices and other organizations that provided assistance in the recruitment and placement of DBE firms.

CONTRACT RECORDS:

The bidder/proposer has maintained the following records for each DBE that has bid on the subcontracting opportunity:

1. Name, address, email address and telephone number
2. A description of information provided by the bidder/proposer or subcontractor; and
3. A statement of whether an agreement was reached, and if not, why not, including any reasons for concluding that the DBE was unqualified to perform the job.

Section 2(B)

NO There are not ways to break out 15% of the value of this contract for subcontractors / suppliers. Provide further details as to why and attach the document to this form if there is an inability to break out 15% of the value of the contract was the reason, or a reason, you could not meet the participation requirements.

NO Could not find sufficient DBEs to provide subcontracting or supplier services.

N/A DBEs were available but did not have sufficient qualifications or experience to meet the needs of this contract.

Please indicate additional efforts you have taken to recruit and engage DBEs. _____

LABOR AND MATERIAL PAYMENT BOND

Any singular reference to Contractor, Surety, Owner or other Party shall be considered plural where applicable.

KNOW ALL MEN BY THESE PRESENTS: That the Contractor, Amerson Roofing, Inc. 2125 Cary St. Flomaton Alabama, 36441, as Principal, and Atlantic Specialty Insurance Company, 605 Hwy. 169 N., Ste. 800, Plymouth, MN 55441, as Surety, are held and firmly bound unto the **City of Mobile, P. O. Box 1827, Mobile, AL 36633** (hereinafter called the "Obligee") in the penal sum of Seventy Eight Thousand Two Hundred Eighty Nine and 00/100 Dollars ($78,289.00) lawful money of the United States, for the payment of which sum well and truly to be made we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally, firmly by these presents.

WHEREAS, said Principal has entered into a certain Contract with said Obligee, dated the 25 day of Sept. 2025 (hereinafter called the "Contract") for furnishing all labor, material, equipment and insurance and perform all work required to properly complete Hillsdale Senior Center - Roof Replacement 6024 Lorma Road Mobile, Alabama 36608 Project Number: PR-049a-25, which, **THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH** that if said Principal and all subcontractors to whom any portion of work provided for in said Contract is sublet and all assignees of said Principal and of such subcontractors shall promptly make payments to all persons supplying him or them with labor, materials or supplies for or in the prosecution of the work provided for in such Contract, or in any amendment or extension of or additions to said Contract, and for the payment of reasonable attorney's fees, incurred by the claimant or claimants in suits on each bond, then the above obligations shall be void; otherwise to remain in full force and effect. **PROVIDED,** however, that this bond is subject to the following conditions and limitations.

(a) Any person, firm or corporation that has furnished labor, materials or supplies for or in the prosecution of the work provided for in said contract shall have a direct right of action against the Principal and Surety on this bond, which right of action shall be asserted in a proceeding instituted in the County in which the work provided for in said Contract is to be performed or in any county in which said Principal and Surety does business. Such right of action shall be asserted in a proceeding instituted in the name of the claimant or claimants for his or their use and benefit against said Principal and Surety or either of them (but not later than one year after the final settlement of said Contract) in which action such claim or claims shall be adjudicated and judgment rendered thereon.

(b) The Principal and Surety hereby designate and appoint Mike Gardner **Attorney-In-Fact,** as the agent of each of them to receive and accept service of process or other pleading issued or filed in any proceeding instituted on this bond and hereby consent that such service shall be the same as personal service on the Principal and/or Surety. In addition to any other legal mode of service, service of summons, and other process in civil actions brought in Mobile County may be had on the Contractor or the Surety on the bond by leaving a copy of the summons and complaint or other pleading or process with the Mayor of the City of Mobile which shall bind the principal Contractor and Surety to the mode of service above described and that the service shall be the same as personal service on the contractor or surety.

(c) The Surety shall not be liable hereunder for damage or compensation recoverable under any Workmen's Compensation or Employer's Liability Statute.

(d) In no event shall the Surety be liable for a greater sum than the penalty of this bond, or subject to any suit, action or proceeding thereon that is instituted later than two years after the final settlement of said Contract.

(e) This bond is given pursuant to the terms of Alabama Code, Title 39-1-1, et. al., As Amended.

SECTION 00100
INVITATION TO BID

You are invited to submit a sealed bid for construction of the following facility:

PROJECT NAME:	Hillsdale Senior Center Roof Replacement
PROJECT LOCATION:	6024 Lorma Road, Mobile, Alabama 36608
PROJECT NUMBER:	PR-049a-25

1 BID DATE:

A. Sealed Bids will be received and clocked in until 2:15 PM local time, Wednesday, the 17th day of September. Bidders shall insert sealed Bids into a receptacle, marked "City of Mobile Bids", located in the elevator lobby outside the office of the City Clerk Office, 9th Floor South Tower, Government Plaza, 205 Government Street, Mobile, Alabama 36602.

B. All Bids not clocked in at the City Clerk's Office prior to the specified time, or Bids received after the specified time, will be automatically rejected, and returned immediately, unopened.

C. Bids will be publicly opened and read at 2:30 PM local time, in the Atrium Lobby of Government Plaza.

2 SPECIFICATIONS AND DRAWINGS:

A. Specifications and Drawings are on file and may be examined and obtained from the following location: https://www.cityofmobile.org/bids/

B. Bidders shall use complete sets of Bid Documents in preparing their bid. Neither the Owner nor Architect/Engineer assumes responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bid Documents.

C. **Addenda will be posted on the City of Mobile Bidding Website.** https://www.cityofmobile.org/bids/

D. **This is a tax-exempt project and shall be certified by the requirements of the Alabama Department of Revenue. Bidders shall NOT include sales and use taxes with their bid amounts. Bidders shall complete the Sales Tax Form C-3A and include it as an attachment to their Bid Form (see Section 00400).**

E. Product Substitutions must be pre-approved before the bid (see Section 01635 Substitution Procedures for requirements).

3 BID SURETY: Required on Bids $50,000.00 or more

A. A Cashier's Check drawn on a bank registered to do business in the State of Alabama, and which is a member of the Federal Deposit Insurance Corporation, or a Bid Bond payable to Owner, City of Mobile, in the amount of 5% of the Base Bid, but in no event more than $10,000.00 is required to accompany Bid.

B. Bid Bond must be issued by a Surety licensed to do business in the State of Alabama. Bidder shall require the attorney in fact who executes the required bonds on behalf of the surety to affix to the bond a certified and current copy of the power of attorney.

C. No Bid may be modified, withdrawn, or canceled for a period of sixty (60) days after the time designated above for receipt of bids.

D. The City of Mobile will have sixty (60) days from the bid opening date to award contract.

4 SURETY QUALIFICATIONS:

A. A Surety authorized to do business in the State of Alabama must issue Bonds.

B. If the Base Bid is $50,000 or more, the Surety must have a minimum rating of A/Class VI as reported by the latest issue of Best Key Rating Guide Property-Casualty published by Alfred M. Best Company, Inc.

5 IRREGULARITIES AND REJECTION:

A. The City of Mobile reserves the right to waive irregularities in the Bid and in Bidding, and to reject any or all Bids.

6 BIDDER QUALIFICATIONS:

A. Bids for Work costing $50,000 or more must be licensed pursuant to current Alabama law and of classifications compliant with the State of Alabama Licensing Board for General Contractors. Note that if the contract amount is $10,000 or greater, both a Performance Bond and a Labor and Material Payment Bond shall be required. **Before Bidding, Contractor shall verify their license classification of their General Contractors license with the State of Alabama Licensing Board for General Contractors to verify classification is acceptable to perform 51% of the Scope of Work.**

B. In case of a joint venture of two or more Contractors, the amount for the bid shall be within the maximum bid limitations as set by the State of Alabama Licensing Board for General Contractors of at least one of the partners to the joint venture.

7 NON-RESIDENT CONTRACTORS:

A. Except for contracts funded in whole or part with funds received from a federal agency, preference shall be given to resident Contractors on the same basis as the nonresident Contractor’s state awards contracts to Alabama Contractors bidding in similar circumstances.

B. Nonresident Bidders shall, prior to submitting a bid, be registered with the Alabama Secretary of State and the Alabama Department of Revenue. Provide the Secretary of State Business “Entity ID Number” on the Bid Form in the space provided.

8 PRE-BID CONFERENCE:

A. A pre-bid conference will be held on September 10, 2025, at 9:00 am on site at the Pavilion behind the building. Note that any information conveyed by facility personnel outside written addenda is not official.

9 BID SUBMITTAL:

A. Bids must be submitted on copies of the Bid Forms furnished in the bidding documents.

B. Bid, with Bid Security, Sales Tax Form C-3A, City of Mobile Subcontracting and Major Supplier Plan and other supporting data specified, shall be contained in a sealed, opaque envelope, approximately 9x12 inches or larger and be marked on the outside with the words "**SEALED BID FOR HILLSDALE SENIOR CENTER ROOF REPLACEMENT - PROJECT NUMBER: PR-049a-25".**

C. The Bid envelope shall be clearly addressed to the Owner as indicated on the Bid Form and include the bid date, the name, address and State License number and classification of the Bidder issued by the State of Alabama Licensing Board for General Contractors.

D. All Bids of $50,000 or more must include the bidder's State of Alabama General Contractor's License information written on the outside of the bid envelope. Any bid submitted without such license information may be rejected and returned to the bidder unopened.

E. In addition, in large letters on both front and back of envelope, write the following: **DO NOT OPEN UNTIL TWO-THIRTY PM, SEPTEMBER 17, 2025.**

F. For a bid to be valid it shall be delivered at designated location prior to time and date for receipt of Bids indicated in INVITATION TO BID, or prior to any extension thereof issued to Bidders. After that time no Bid will be received or withdrawn.

G. When sent by mail, preferably special delivery, express service, or registered mail, the sealed Bid, marked as indicated above, shall be enclosed in another envelope for mailing such that the exterior mailing container or envelope may be opened without revealing the contents of the Bid. It is the Contractors responsibility to assure delivery of the bid to the City Clerk's Office prior the time and date established.

10 EQUAL OPPORTUNITY:

A. The City of Mobile, Alabama is an Equal Opportunity Employer and requires that all Contractors comply with the Equal Employment Opportunity laws and the provisions of the Bid Documents in this regard.

B. The City of Mobile also encourages and supports the utilization of Minority Business Enterprises on these and all other publicly solicited Bids and shall be in compliance with the City of Mobile's Minority Utilization Plan as adopted by the City Council.

C. Contractor shall provide an appropriately completed copy of the "City of Mobile Subcontracting and Major Supplier Plan" in the envelope with their Bid Form. Form shall document DBE Subcontractors participating in the project and, should the total % of DBE participation not meet the 15% minimum, all efforts to obtain DBE Subcontractors shall be documented on or attached to the DBE Form when submitted. During construction, contractors are required to submit a "DBE Utilization Report" with every Pay Application.

D. Contractors should contact the City of Mobile, Supplier Diversity Manager for assistance with DBE Subcontractor information and any questions regarding the DBE Compliance Forms. Contact Archnique Kidd at 251-208-7967.

E. A Directory of DBE Vendors can be found at the following location: https://workwith.cityofmobile.org/

11 ADDITIONAL BIDDING PROCEDURES:

A. Refer to the complete information in the Bid Documents prior to submitting a bid. Additional Bidding Procedure information is contained therein, particularly in the specification Section 00200 “Instructions to Bidders - AIA Document A701” and in the specification Section 00300 “Supplementary Instructions to Bidders”.

12 STATE OF ALABAMA IMMIGRATION ACT

“The State of Alabama, under the Beason-Hammon Alabama Taxpayer and Citizen Protection Act, Act No. 2011-535, Alabama Code Section 31-13-1, et. Seq., requires:

A. That the Contractor shall be enrolled in the E-Verify Program, shall participate in that Program during the performance of the contract, and shall verify the immigration status of every employee who is required to be verified, according to the applicable federal rules and regulations; and

B. That it will attach to the contract the company’s documentation of enrollment in E-Verify.

C. The subcontractor must also enroll in the E-Verify Program prior to performing any work on the contract and shall attach to its sworn affidavit documentation establishing that the subcontractor is enrolled in the E-Verify Program.

13 PUBLIC CONTRACTS WITH ENTITIES ENGAGING IN CERTAIN BOYCOTT ACTIVITIES

A. By signing this contract, Contractor further represents and agrees that it is not currently engaged in, nor will it engage in, any boycott of a person or entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade.

14 SECRETARY OF STATE

A. The contractor must also provide documentation of being enrolled in the Alabama Secretary of State Business Identity Records prior to performing any work on the contract and shall attach to bidding documentation.

ARTICLE 1 DEFINITIONS

§ 1.1 Bidding Documents include the Bidding Requirements and the Proposed Contract Documents. The Bidding Requirements consist of the advertisement or invitation to bid, Instructions to Bidders, supplementary instructions to bidders, the bid form, and any other bidding forms. The Proposed Contract Documents consist of the unexecuted form of Agreement between the Owner and Contractor and that Agreement's Exhibits, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, all Addenda, and all other documents enumerated in Article 8 of these Instructions.

§ 1.2 Definitions set forth in the General Conditions of the Contract for Construction, or in other Proposed Contract Documents apply to the Bidding Documents.

§ 1.3 Addenda are written or graphic instruments issued by the Architect, which, by additions, deletions, clarifications, or corrections, modify or interpret the Bidding Documents.

§ 1.4 A Bid is a complete and properly executed proposal to do the Work for the sums stipulated therein, submitted in accordance with the Bidding Documents.

§ 1.5 The Base Bid is the sum stated in the Bid for which the Bidder offers to perform the Work described in the Bidding Documents, to which Work may be added or deleted by sums stated in Alternate Bids.

§ 1.6 An Alternate Bid (or Alternate) is an amount stated in the Bid to be added to or deducted from, or that does not change, the Base Bid if the corresponding change in the Work, as described in the Bidding Documents, is accepted.

§ 1.7 A Unit Price is an amount stated in the Bid as a price per unit of measurement for materials, equipment, or services, or a portion of the Work, as described in the Bidding Documents.

§ 1.8 A Bidder is a person or entity who submits a Bid and who meets the requirements set forth in the Bidding Documents. A Bidder must be licensed by the State Licensing Board for General Contractors if the amount for the Contract exceeds the amount established by said Board.

§ 1.9 A Sub-bidder is a person or entity who submits a bid to a Bidder for materials, equipment, or labor for a portion of the Work. A Sub-bidder performing Work must be licensed by the State Licensing Board for General Contractors if the Sub-bidders' contract amount exceeds that established by said Board.

1.10 A non-resident Bidder or Sub-bidder is one who

a. Is neither organized nor existing under the laws of the State of Alabama
b. nor maintains its principal place of business in the State of Alabama.

A non-resident contractor who has maintained a permanent branch office within the State of Alabama for at least five (5) continuous years shall not thereafter be deemed to be a non-resident contractor so long as such contractor continues to maintain a branch office within Alabama.

ARTICLE 2 BIDDER'S REPRESENTATIONS

§ 2.1 By submitting a Bid, the Bidder represents that:

.1 the Bidder has read and understands the Bidding Documents;

.2 the Bidder understands how the Bidding Documents relate to other portions of the Project, if any, being bid concurrently or presently under construction;

.3 the Bid complies with the Bidding Documents;

.4 the Bidder has visited the site, become familiar with local conditions under which the Work is to be performed, and has correlated the Bidder's observations with the requirements of the Proposed Contract Documents;

.5 the Bid is based upon the materials, equipment, and systems required by the Bidding Documents without exception; and

.6 the Bidder has read and understands the provisions for liquidated damages, if any, set forth in the form of Agreement between the Owner and Contractor.

User Notes: (1969713257)

§ 2.2 The Bidder is licensed by the State Licensing Board for General Contractors and the amount Bid does not exceed the Bid Limit stipulated in the Bidder's License and by the City of Mobile.

§ 2.3 Each and every Contractor belonging to or comprising a part of any entity that is bidding as a joint venture or association involving two or more contractors is licensed by the State Licensing Board for General Contractors and that the amount Bid does not exceed the Bid limit stipulated in at least one of their licenses.

§ 2.4 Any non-resident Bidder is authorized by the Secretary of State of Alabama and is registered with Alabama Department of Revenue to transact business in Alabama.

§ 2.5 Joint Ventures or Associations of Contractors, whether the same are Bidders or Subcontractors of Bidders, will remain in existence until all insurance and warranty requirements for the Project have been fulfilled.

ARTICLE 3 BIDDING DOCUMENTS

§ 3.1 Distribution

§ 3.1.1 Bidders shall obtain complete Bidding Documents, as indicated below, from the issuing office designated in the advertisement or invitation to bid, for the deposit sum, if any, stated therein.
(Paragraphs deleted)
§ 3.1.2 Any required deposit shall be refunded to Bidders who submit a bona fide Bid and return the paper Bidding Documents in good condition within ten days after receipt of Bids. The cost to replace missing or damaged paper documents will be deducted from the deposit. A Bidder receiving a Contract award may retain the paper Bidding Documents, and the Bidder's deposit will be refunded.

§ 3.1.3 Bidding Documents will not be issued directly to Sub-bidders unless specifically offered in the advertisement or invitation to bid, or in supplementary instructions to bidders.

§ 3.1.4 Bidders shall use complete Bidding Documents in preparing Bids. Neither the Owner nor Architect assumes responsibility for errors or misinterpretations resulting from the use of incomplete Bidding Documents.

§ 3.1.5 The Bidding Documents will be available for the sole purpose of obtaining Bids on the Work. No license or grant of use is conferred by distribution of the Bidding Documents.

§ 3.2 Modification or Interpretation of Bidding Documents

§ 3.2.1 The Bidder shall carefully study the Bidding Documents, shall examine the site and local conditions, and shall notify the Architect of errors, inconsistencies, or ambiguities discovered and request clarification or interpretation pursuant to Section 3.2.2.

§ 3.2.2 Requests for clarification or interpretation of the Bidding Documents shall be submitted by the Bidder in writing and shall be received by the Architect at least five (5) calendar days prior to the date for receipt of Bids.
(Paragraphs deleted)

§ 3.2.3 Modifications and interpretations of the Bidding Documents shall be made by Addendum. Modifications and interpretations of the Bidding Documents made in any other manner shall not be binding, and Bidders shall not rely upon them.

§ 3.2.4 The Contract Drawings and Specifications are intended to cooperate and agree, but should conflicts or difference be found to exist between the requirements within either and clarification has not been obtained in accordance with the above procedure prior to Bidding, then the most costly and/or restrictive interpretation by the decision of the Architectural Engineering Department Director will be final.

§ 3.3 Substitutions

§ 3.3.1 The materials, products, and equipment described in the Bidding Documents establish a standard of required function, dimension, appearance, and quality to be met by any proposed substitution.

§ 3.3.2 Substitution Process

§ 3.3.2.1 Written requests for substitutions shall be received by the Architect at least fifteen (15) calendar days prior to the date for receipt of Bids. Requests shall be submitted in the same manner as that established for submitting clarifications and interpretations in Section 3.2.2.

§ 3.3.2.2 Bidders shall submit substitution requests on a Substitution Request Form if one is provided in the Bidding Documents.

§ 3.3.2.3 If a Substitution Request Form is not provided, requests shall include (1) the name of the material or equipment specified in the Bidding Documents; (2) the reason for the requested substitution; (3) a complete description of the proposed substitution including the name of the material or equipment proposed as the substitute, performance and test data, and relevant drawings; and (4) any other information necessary for an evaluation. The request shall include a statement setting forth changes in other materials, equipment, or other portions of the Work, including changes in the work of other contracts or the impact on any Project Certifications (such as LEED), that will result from incorporation of the proposed substitution.

§ 3.3.3 The burden of proof of the merit of the proposed substitution is upon the proposer. The Architect's decision of approval or disapproval of a proposed substitution shall be final.

§ 3.3.4 If the Architect approves a proposed substitution prior to receipt of Bids, such approval shall be set forth in an Addendum. Approvals made in any other manner shall not be binding, and Bidders shall not rely upon them.

§ 3.3.5 No substitutions will be considered after the Contract award unless specifically provided for in the Contract Documents.

§ 3.3.6 See Division One Section "Substitution Procedures", if included in Specification.

§ 3.4 Addenda

§ 3.4.1 Addenda will be transmitted to Bidders known by the issuing office to have received complete Bidding Documents.

(Paragraphs deleted)

§ 3.4.2 Addenda will be available where Bidding Documents are on file.

§ 3.4.3 Addenda will be issued no later than two (2) days prior to the date for receipt of Bids, except an Addendum withdrawing the request for Bids or one which includes postponement of the date for receipt of Bids.

§ 3.4.4 Prior to submitting a Bid, each Bidder shall ascertain that the Bidder has received all Addenda issued, and the Bidder shall acknowledge their receipt in the Bid.

ARTICLE 4 BIDDING PROCEDURES

§ 4.1 Preparation of Bids

§ 4.1.1 Bids shall be submitted on the forms included with or identified in the Bidding Documents. No bid will be considered unless made out and submitted on a copy of the Bid Form, Section 00410. Additional Bid Forms will be furnished to prospective Bidders upon request.

§ 4.1.2 All blanks on the bid form shall be legibly executed. Paper bid forms shall be executed in a non-erasable medium.

§ 4.1.3 Sums shall be expressed in both words and numbers, unless noted otherwise on the bid form. In case of discrepancy, the amount entered in words shall govern.

§ 4.1.4 Edits to entries made on paper bid forms must be initialed by the signer of the Bid.

§ 4.1.5 All requested Alternates shall be bid. If no change in the Base Bid is required, enter "No Change" or as required by the bid form.

Unit Prices: Supply requested Unit Prices where shown on the Bid Form, Such Unit Prices shall be used to adjust the Contract Amount where the quantities shown on the Drawings and/or Specifications do not reflect amounts required for

completion of the work. Where Completion of the Work requires quantities in excess of those shown on the drawings and specifications, unit prices shall be used to compute an extra payment to the Contractor. Where completion of work required quantities less than those on the Drawings and/or specifications, unit prices shall be used to compute a credit to the Owner.

Contingency Allowance: As shown on the Bid Form, Contractor shall add the amount of the contingency allowance to the Base Bid to derive the Total Bid. The contingency allowance shall cover cost of material, labor, overhead, profit and other expenses for complete installation of items of additional work as required for a complete functional project. The contingency allowance shall be used to fund unforeseen conditions not covered in the construction documents and shall be subject to the provisions of change orders. Upson the completion of work any unused portion of the contingency allowance shall be credited to the Owner by change order.

§ 4.1.6 Where two or more Bids for designated portions of the Work have been requested, the Bidder may, without forfeiture of the bid security, state the Bidder's refusal to accept award of less than the combination of Bids stipulated by the Bidder. The Bidder shall neither make additional stipulations on the bid form nor qualify the Bid in any other manner.

§ 4.1.7 Each copy of the Bid shall state the legal name and legal status of the Bidder. As part of the documentation submitted with the Bid, the Bidder shall provide evidence of its legal authority to perform the Work in the jurisdiction where the Project is located. Each copy of the Bid shall be signed by the person or persons legally authorized to bind the Bidder to a contract. A Bid by a corporation shall further name the state of incorporation and have the corporate seal affixed. A Bid submitted by an agent shall have a current power of attorney attached, certifying the agent's authority to bind the Bidder.

§ 4.1.8 A Bidder shall incur all costs associated with the preparation of its Bid.

§ 4.2 Bid Security

§ 4.2.1 Each Bid shall be accompanied by the following bid security if so required in the Bidding Documents:
(Insert the form and amount of bid security.)

The Bidder shall provide a Bid Security in the form of a cashier's check drawn on a bank registered to do business in the State of Alabama and which is a member of the Federal Deposit Insurance Corporation, or a Bid Bond. Bid Security is required for bids exceeding $10,000.00. Bid Security shall be in the amount of 5% of the TOTAL BID, but in no event more than $10,000.00.

§ 4.2.2 The Bidder pledges to enter into a Contract with the Owner on the terms stated in the Bid and shall, if required, furnish bonds covering the faithful performance of the Contract and payment of all obligations arising thereunder. Should the Bidder refuse to enter into such Contract or fail to furnish such bonds if required, the amount of the bid security shall be forfeited to the Owner as liquidated damages, not as a penalty.

§ 4.2.3 If a surety bond is required as bid security, it shall be written on AIA Document A310™, Bid Bond, unless otherwise provided in the Bidding Documents. The attorney-in-fact who executes the bond on behalf of the surety shall affix to the bond a certified and current copy of an acceptable power of attorney. The Bidder shall provide surety bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 4.2.4 The Owner will have the right to retain the bid security of Bidders to whom an award is being considered until (a) the Contract has been executed and bonds, if required, have been furnished; (b) the specified time has elapsed so that Bids may be withdrawn; or (c) all Bids have been rejected.

§ 4.2.5 Bonds must be issued by a Surety authorized to do business in the State of Alabama. A Performance Bond and a Labor and Material Payment Bond are required for projects exceeding $10,000.00. If the project cost is $50,000.00 or more, the Surety must have a minimum rating of A/Class VI as reported by the latest issue of Best's Key Rating Guide Property-Casualty published by Alfred M. Best Company, Inc.

§ 4.3 Submission of Bids

§ 4.3.1 A Bidder shall submit its Bid as indicated below:
(Indicate how, such as by website, host site/platform, paper copy, or other method Bidders shall submit their Bid.)

Submission of Bid shall be as stated in Section 00100, Invitation to Bid, Paragraph 9, titled "Bid Submittal".

(Paragraph deleted)

§ 4.3.3 Bids shall be submitted by the date and time and at the place indicated in the invitation to bid. Bids submitted after the date and time for receipt of Bids, or at an incorrect place, will not be accepted and will be returned unopened.

§ 4.3.4 The Bidder shall assume full responsibility for timely delivery at the location designated for receipt of Bids.

§ 4.3.5 A Bid submitted by any method other than as provided in this Section 4.3 will not be accepted.

§ 4.4 Modification or Withdrawal of Bid

§ 4.4.1 Prior to the date and time designated for receipt of Bids, a Bidder may submit a new Bid to replace a Bid previously submitted, or withdraw its Bid entirely, by notice to the party designated to receive the Bids. Such notice shall be received and duly recorded by the receiving party on or before the date and time set for receipt of Bids. The receiving party shall verify that replaced or withdrawn Bids are removed from the other submitted Bids and not considered. Notice of submission of a replacement Bid or withdrawal of a Bid shall be worded so as not to reveal the amount of the original Bid.

§ 4.4.2 Withdrawn Bids may be resubmitted up to the date and time designated for the receipt of Bids in the same format as that established in Section 4.3, provided they fully conform with these Instructions to Bidders. Bid security, if required, shall be in an amount sufficient for the Bid as resubmitted.

(Paragraphs deleted)

ARTICLE 5 CONSIDERATION OF BIDS

§ 5.1 Opening of Bids

If stipulated in an advertisement or invitation to bid, or when otherwise required by law, Bids properly identified and received within the specified time limits will be publicly opened and read aloud. A summary of the Bids may be made available to Bidders.

§ 5.2 Rejection of Bids

Unless otherwise prohibited by law, the Owner shall have the right to reject any or all Bids.

§ 5.3 Acceptance of Bid (Award)

§ 5.3.1 It is the intent of the Owner to award a Contract to the lowest responsive and responsible Bidder, provided the Bid has been submitted in accordance with the requirements of the Bidding Documents and does not exceed the funds available. Unless otherwise prohibited by law, the Owner shall have the right to waive informalities and irregularities in a Bid received and to accept the Bid which, in the Owner's judgment, is in the Owner's best interests.

§ 5.3.2 The Owner shall accept Alternates in the order listed on the Bid Form to determine the lowest responsive and responsible Bidder on the basis of the sum of the Base Bid and Alternates accepted.

ARTICLE 6 POST-BID INFORMATION

§ 6.1 Contractor's Qualification Statement

Bidders to whom award of a Contract is under consideration shall submit to the Architect, upon request and within the timeframe specified by the Architect, a properly executed AIA Document A305™, Contractor's Qualification Statement, unless such a Statement has been previously required and submitted for this Bid.

(Paragraphs deleted)

§ 6.3 Submittals

§ 6.3.1 After notification of selection for the award of the Contract, the Bidder shall, within three (3) calendar days or as stipulated in the Bidding Documents, submit in writing to the Owner through the Architect:

.1 a designation of the Work to be performed with the Bidder's own forces;

.2 names of the principal products and systems proposed for the Work and the manufacturers and suppliers of each; and

.3 names of persons or entities (including those who are to furnish materials or equipment fabricated to a special design) proposed for the principal portions of the Work.

.4 The name of the Project Superintendent and Project Manager together with the resume of qualifications of each;

.5 Nonresident Contractor shall submit a letter from an attorney as required by Subparagraph 11.1.2 below and;

.6 Engineering Firm or Testing Laboratory for testing as specified.

§ 6.3.2 The Bidder will be required to establish to the satisfaction of the Architect and Owner the reliability and responsibility of the persons or entities proposed to furnish and perform the Work described in the Bidding Documents.

§ 6.3.3 Prior to the execution of the Contract, the Architect will notify the Bidder if either the Owner or Architect, after due investigation, has reasonable objection to a person or entity proposed by the Bidder. If the Owner or Architect has reasonable objection to a proposed person or entity, the Bidder may, at the Bidder's option, withdraw the Bid or submit an acceptable substitute person or entity. The Bidder may also submit any required adjustment in the Base Bid or Alternate Bid to account for the difference in cost occasioned by such substitution. The Owner may accept the adjusted bid price or disqualify the Bidder. In the event of either withdrawal or disqualification, bid security will not be forfeited.

§ 6.3.4 Persons and entities proposed by the Bidder and to whom the Owner and Architect have made no reasonable objection must be used on the Work for which they were proposed and shall not be changed except with the written consent of the Owner and Architect.

§ 6.3.5 The Contractor shall, within ten (10) calendar days of receiving Contract Forms for signature, furnish to the Owner the following items, along with the signed contract, or the Bid Security will be forfeited automatically without further delay:

.1 A Signed Construction Contract;
.2 Performance Bond and Labor and Material Payment Bond (originals) on all Bids over $10,000.00;
.3 Certificate of Insurance and copy of Builder's Risk Policy (original), as identified in the specifications;
.4 Schedule of Values; and
.5 Federal Immigration Law Compliance: E-Verify enrollment documentation.

§ 6.3.6 The Bid Check or Bond of the three (3) lowest Bidders will not be returned until after the Construction Contract is executed.

ARTICLE 7 PERFORMANCE BOND AND PAYMENT BOND

§ 7.1 Bond Requirements

§ 7.1.1 If stipulated in the Bidding Documents, the Bidder shall furnish bonds covering the faithful performance of the Contract and payment of all obligations arising thereunder.

§ 7.1.2 If the furnishing of such bonds is stipulated in the Bidding Documents, the cost shall be included in the Bid. If the furnishing of such bonds is required after receipt of bids and before execution of the Contract, the cost of such bonds shall be added to the Bid in determining the Contract Sum.

§ 7.1.3 The Bidder shall provide surety bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 7.1.4 Unless otherwise indicated below, the Penal Sum of the Payment and Performance Bonds shall be the amount of the Contract Sum.

§ 7.1.4 A Surety authorized to do business in the State of Alabama shall issue Performance Bond and Labor and Material Payment Bond, as required by the Contract Documents. If the project cost is $50,000.00 or more, the Surety must have a minimum rating of A/Class VI as reported by the latest issue of Best's Key Rating Guide Property-Casualty, published by Alfred M. Best Company, Inc.

§ 7.2 Time of Delivery and Form of Bonds

§ 7.2.1 The Bidder shall deliver the required bonds to the Owner not later than ten (10) calendar days from receiving the Construction Contract forms for signature.

§ 7.2.2 The bonds shall be written on City's Performance Bond and Labor and Material Payment Bond forms.

§ 7.2.3 The bonds shall be dated on or after the date of the Contract.

§ 7.2.4 The Bidder shall require the attorney-in-fact who executes the required bonds on behalf of the surety to affix to the bond a certified and current copy of the power of attorney.

ARTICLE 8 FORM OF AGREEMENT BETWEEN OWNER AND CONTRACTOR

Unless otherwise required in the Bidding Documents, the Agreement for the Work will be written on AIA Document A101, Standard Form of Agreement Between Owner and Contractor Where the Basis of Payment Is a Stipulated Sum.

§ 8.1.1 AIA Document A101, Standard Form of Agreement Between Owner and Contractor where the Basis of Payment is a stipulated sum will be edited electronically and include the standard signatures as required by the City of Mobile.

ARTICLE 9 NONDISCRIMINATION

§9.1.1 Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, *inter alia*, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities. Contractor shall provide a completed copy of the City of Mobile Subcontracting and Major Supplier Plan with the Bid Form, for bids of $250,000.00 or greater.

ARTICLE 10 USE OF DOMESTIC PRODUCTS

§ 10.1.1 Section 39-3-1 Code of Alabama provides that the Contractor agrees, in the execution of this contract, to use material supplies and products manufactured, mined, processed or otherwise produced in the United States or its territories, if available at reasonable prices, and that breach of this agreement by the Contractor shall result in the assessment of liquidated damages in an amount not less than $500 nor more than 20 percent of the gross amount of the contract price.

§ 10.1.2 Section 39-3-4, Code of Alabama provides that the Contractor for a municipal construction project, financed by the State of Alabama or any political subdivision thereof, is required to use steel produced within the United States. If the Contractor violates the requirement to use domestic steel, this contract will automatically be revoked and the contractor shall not be entitled to any set-off or recoupment for labor or materials used up to the time of revocation.

ARTICLE 11 PREFERENCE TO RESIDENT CONTRACTORS

§ 11.1.1 Except for contracts funded in whole or in part with funds received from a federal agency, preference shall be given to Alabama resident contractors, and a nonresident bidder domiciled in a state having laws granting preference to local contactors shall be awarded the contracts only on the same basis as a the nonresident bidder's state awards contracts to Alabama contractors bidding under similar circumstances. In the letting of public contracts in which any state, county or municipal funds are utilized, resident contractors in Alabama, be they corporations, individuals or partnerships, are to be granted preference over nonresidents in awarding of contracts in the same manner and to the same extent as provided by the laws of the state of domicile of the nonresident.

§ 11.1.2 A successful nonresident bidder shall include in his post bid submittals a written opinion of an attorney at law licensed to practice law in such nonresident bidders' state of domicile, as to the preferences, if any or none, granted by the law of that state to its own business entities whose principal places of business are in that state in the letting of any or all public contracts.

ARTICLE 12 PRE-BID REQUIREMENTS

§ 12.1 STATE OF ALABAMA CONTRACTORS LICENSE

§ 3.4.3 Addenda will be issued no later than ~~four~~ two (2) days prior to the date for receipt of Bids, except an Addendum withdrawing the request for Bids or one which includes postponement of the date for receipt of Bids.

...

§ 4.1.1 Bids shall be submitted on the forms included with or identified in the Bidding Documents. No bid will be considered unless made out and submitted on a copy of the Bid Form, Section 00410. Additional Bid Forms will be furnished to prospective Bidders upon request.

...

Unit Prices: Supply requested Unit Prices where shown on the Bid Form, Such Unit Prices shall be used to adjust the Contract Amount where the quantities shown on the Drawings and/or Specifications do not reflect amounts required for completion of the work. Where Completion of the Work requires quantities in excess of those shown on the drawings and specifications, unit prices shall be used to compute an extra payment to the Contractor. Where completion of work required quantities less than those on the Drawings and/or specifications, unit prices shall be used to compute a credit to the Owner.

Contingency Allowance: As shown on the Bid Form, Contractor shall add the amount of the contingency allowance to the Base Bid to derive the Total Bid. The contingency allowance shall cover cost of material, labor, overhead, profit and other expenses for complete installation of items of additional work as required for a complete functional project. The contingency allowance shall be used to fund unforeseen conditions not covered in the construction documents and shall be subject to the provisions of change orders. Upson the completion of work any unused portion of the contingency allowance shall be credited to the Owner by change order.

SECTION 00300

SUPPLEMENTARY INSTRUCTIONS TO BIDDERS

THE ATTENTION OF ALL BIDDERS IS CALLED TO THE FOLLOWING INSTRUCTIONS AND CONDITIONS:

1. BIDDING DOCUMENTS:

   A. Bidders may obtain complete sets of Bid Documents and Specifications (Project Manual) from the Department of Architectural Engineering as listed in the Invitation to Bid.

   B. Bidders shall use the complete set of documents in preparing their bid. The City of Mobile assumes no responsibility for errors or misinterpretations resulting from the use of an incomplete set of documents.

   C. Bidders shall use the complete set of documents in preparing their bid. Neither the City of Mobile nor the Engineer assume responsibility for errors or misinterpretations resulting from the use of an incomplete set of documents.

2. INTERPRETATION OF BID DOCUMENTS:

   A. Bidders shall carefully study and compare the Bidding Documents and compare various components of the Bidding Documents with each other, shall examine the site and local conditions and shall at once report to the Project Manager any errors, inconsistencies or ambiguities discovered.

   B. Bidders requiring clarification or interpretation of the Bidding Documents shall make a written request to the Project Manager by 3:00 PM September 12, 2025. E-mail requests are required and should be addressed to the Project Manager elizabeth.miller@cityofmobile.org . Interpretations, corrections and changes to the Bidding Documents will be made by a formal, written Addendum. Interpretations, corrections and changes to the Bidding Documents made in any other manner will not be binding, and Bidders shall not rely on them.

   C. Any discrepancy not resolved prior to Bidding shall be bid by the Contractor to provide for the costliest and/or restrictive interpretation of the documents.

3. BIDDING PROCEDURES:

   A. No Bid will be considered unless made out and submitted on a copy of the Bid Form as set forth by the Bid Documents.

   B. All blanks on the Bid Form shall be legibly executed in a non-erasable medium.

   C. Sums shall be expressed in both words and figures. In case of discrepancy, the amount written in words shall govern.

   D. Interlineations, alterations and erasures must be initialed by the signer of the Bid.

E. All requested Alternates, Unit Prices and Allowances shall be bid as indicated on the Bid Form and the Bid Documents.

F. Addenda shall be considered as a part of the Bid Documents and those issued prior to the opening of Bids shall be acknowledged on the Bid Form and any adjustment in cost shall be included in the Contract Sum.

4. BID SECURITY:

A. A Cashier's Check drawn on a bank registered to do business in the State of Alabama, and which is a member of the Federal Deposit Insurance Corporation, or Bid Bond payable to Owner, City of Mobile, in the amount of 5% of the Base Bid, but in no event more than $10,000.00, must accompany bid. By submitting a Bid Security, the Bidder pledges to enter into a Contract with the City of Mobile on the terms stated in the Bid, and will, if required, furnish bonds covering faithful performance of the Contract and required insurance certificate. Should the Bidder refuse to enter into such Contract or fail to furnish such bonds or insurance or any other required document, the amount of the Bid security shall be forfeited to the Owner as liquidated damages, not as a penalty.

B. Bid Bond shall be valid for a minimum of sixty (60) days from the date of the Bid. The Owner reserves the right to retain the security of all Bidders until the successful Bidder enters into the Contract or until (60) days after Bid opening, whichever is sooner.

C. Bonds must be issued by a Surety licensed to do business in the State of Alabama. If the project cost is more than $50,000.00 the Surety must have a minimum rating of A/Class VI as reported by the latest issue of Best's Key Rating Guide Property-Casualty published by Alfred M. Best Company, Inc.

D. Power of Attorney is required for all Bonds.

E. The Surety company shall be required to execute AIA Document G-707, "Consent of Surety to Final Payment" prior to Final Payment of retainage being made to the Contractor.

5. EXAMINATION OF DOCUMENTS AND SITE WORK:

A. Before submitting a Bid, Bidders should carefully examine the Bid Documents, visit the site of the Work and fully inform themselves as to existing conditions and limitations, and include in the Bid a sum to cover the cost of all items included in the Contract and necessary to perform the Work. The submission of a Bid will be considered as conclusive evidence that the Bidder has made such examination.

B. **Request for substitutions shall be entertained pre-bid only. Submit requests in accordance with Section 01635 Substitutions via e-mail to the Project Manager by 3:00 pm September 12, 2025.**

6. SUBMISSION OF BIDS:

   A. Bid, with Bid Security, Sales Tax Form C-3A, City of Mobile Subcontracting & Major Supplier Plan and other supporting data specified, shall be contained in a sealed, opaque envelope, approximately 9 x 12 inches or larger and be marked on the outside with the words "SEALED BID FOR HILLSDALE SENIOR CENTER ROOF REPLACEMENT: PR-049A-25", the Bid Date, and Contractor's name, address, and City of Mobile Business License number. And, if bidding in an amount of $50,000 or greater, the State of Alabama General Contractor's License number and classification of the Bidder issued by the State of Alabama Licensing Board for General Contractors shall be written on the envelope.

   B. Bids shall be deposited at the designated location prior to the time and date for receipt of Bids. Bids received after the time and date specified in the Invitation to Bid, or as modified by Addendum, will not be considered. Late Bids will be returned to the Bidder unopened.

   C. The Bidder shall assume full responsibility for timely delivery at the location designated for receipt of Bids.

   D. Oral, telephonic, facsimile or other electronically transmitted bids will not be considered.

7. MODIFICATION OR WITHDRAWAL OF BIDS:

   A. A Bid may not be modified, withdrawn, or canceled by the Bidder for a period of sixty (60) days following the time and date designated for receipt of bids, and each Bidder so agrees in submitting a Bid.

8. CONSIDERATION AND AWARD OF BIDS:

   A. At the discretion of the City, the properly identified Bids received on time will be publicly opened and will be read aloud.

   B. The City shall have the right to reject any and all Bids. A Bid not accompanied by a required Bid security or a Bid which is in any way incomplete or irregular is subject to rejection.

   C. It is the intent of the City to award a Contract to the lowest qualified Bidder provided the Bid has been submitted in accordance with the requirements of the Bidding Documents and does not exceed the funds available. The City shall have the right to waive informalities and irregularities in a Bid received and to accept the Bid which, in the City's judgment, is in the City's best interest.

   D. The award shall be based on the lowest Total Bid for the Base Bid and any allowances, plus any alternates and/or options that may be accepted, as listed on the Bid Form.

9. PROOF OF COMPETENCY OF BIDDER:

   A. Bidders may be required to furnish evidence satisfactory to the City of Mobile that they have sufficient means and experience in the types of work called for to assure the completion of the Contract in a satisfactory manner.

10. SIGNING OF CONTRACT:

A. The Standard Agreement between the City of Mobile and the Contractor, included herein, shall serve as the Agreement between the City and the Contractor.

B. The Bidder to whom the Contract is awarded shall, within ten (10) calendar days of receiving the Contract Forms, properly execute and deliver to the Owner, the following items with the signed Agreement:
   (1). Performance Bond and Labor and Material Payment Bond (originals);
   (2). Certificate of Insurance (original) with endorsements to City of Mobile;
   (3). Evidence of enrollment in the E-Verify program.
   (4). Other documentation as required by the Contract Documents.

C. Failure or refusal to sign the Agreement or to provide Certificates of Insurance in a form satisfactory to the City of Mobile, E-Verify verification, or other required documentation, shall subject the Bidder to immediate forfeiture of Bid Security.

D. On all documents: City of Mobile Business License, the Alabama Secretary of State Business Identity, the Alabama Secretary of State Certificate of Authority (out of state contractors), E-verify documentation, and ACORD Insurance Form, the Contractor's name shall be EXACTLY the same.

11. NONDISCRIMINATION:

A. Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

12. AMERICANS WITH DISABILITIES ACT (ADA):

A. Bidders shall comply with the provisions of the Americans with Disabilities Act (ADA) of 1990 which prohibits discrimination against individuals with disabilities.

13. USE OF DOMESTIC PRODUCTS:

A. Section 39-3-1, Alabama Code, 1975, provides that the Contractor agree, in the execution of this Contract, to use materials, supplies and products manufactured, mined, processed or otherwise produced in the United States or its territories, if available at reasonable prices, and that breach of this Agreement by the Contractor shall result in the assessment of liquidated damages in an amount not less than $500.00 nor more than twenty (20) percent of gross amount of the Contract Price.

14. NON-RESIDENT (OUT OF STATE) CONTRACTORS:

A. Preference to Resident Contractors: Section 39-3-5, Code of Alabama, 1975, provides that a non-resident (out of State) bidder domiciled in a state which grants a preference to local Contractors is to be awarded a public contract on the same basis as the non-resident bidder's state awards contracts to Alabama bidders. Alabama bidders are given a preference to the same extent that a non-resident bidder receives a preference in his home state. A non-resident bidder must include with any written bid documents a written opinion of an attorney licensed to practice in the non-resident bidder's state declaring what preferences, if any, exists in the non-resident's state.

B. Certificate of Authority: All non-resident (out of State) bidders shall be registered with the Alabama Secretary of State and the Alabama Department of Revenue prior to submitting a Bid. Provide the Secretary of State Business "Entity ID Number" on the Bid Form in the space provided.

15. ALABAMA IMMIGRATION ACT:

A. The State of Alabama Immigration Law (Act No. 2011-535 as amended by Act No. 2012-491), requires that Contractors not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. In addition, Contractors are required to enroll in the federal E-Verify program and submit verification of enrollment to the City of Mobile within ten (10) days of receiving the contract forms (see Section 00600).

16. CITY OF MOBILE BUSINESS LICENSE:

A. A City of Mobile Business License is required and must be current at time of contract award and throughout contract period.

17. CITY OF MOBILE CONTRACTOR'S BUSINESS LICENSE:

A. A City of Mobile Contractor's Business License is required and must be current when contractor signs the contract and throughout contract period.

B. Contractor must qualify and post a $10,000 surety bond with the Land Use/Code Administration Department before a Contractor's Business License will be issued by the Revenue Department. Information on the City Contractor's License may be obtained by writing or calling:

Land Use/Code Administration
P.O. Box 1827
Mobile, Alabama 36633-1827

Phone: 251-208-7461p

18. CITY OF MOBILE BUILDING PERMIT:

A. City of Mobile Building Permits are required and shall be obtained from the Code Administration Department, but at no cost to the Contractor.

B. Contractor is responsible for ensuring that all inspections are successfully performed in accordance with City of Mobile regulations.

19. CONSTRUCTION SCHEDULE AND ACCESS:

A. Equipment required for the project shall be submitted to the engineer for approval within fifteen (15) calendar days of Notice to Proceed. After approved submittals are returned, the equipment shall be ordered within ten (10) days of approval. Work shall be completed within fifteen (15) calendar days from the date of equipment delivery.

B. At all buildings that will remain in use throughout the Construction period, the Contractor is directed to coordinate all areas of work and scheduling of work with the Owner. Within five days of the bid opening, the Apparent Low Bidder shall meet with the Owner to discuss Owner scheduling and priorities. Apparent Low Bidder shall then provide a proposed schedule within 5 calendar days of the initial meeting for Owner review and approval.

C. Contractor shall have access to the various buildings between 7:30 am and 5:00 pm or as otherwise scheduled with the Facility Maintenance Staff. Schedules to be discussed at the meeting referenced in part B directly above.

D. The Contractor may be allowed additional construction days due to inclement conditions (“rain days”) only as such are appropriately documented and are in excess of the NOAA/National Weather Service average (previous 5 years) for the given month. A “rain day” is defined as more than a “trace” (0.10”) of rain falling within a given 24-hour period. The Contractor shall provide documentation and formally request any “rain days” they feel are legitimately due. Documentation shall be submitted to the Project Manager, in writing, within ten (10) calendar days of the rain event. Claim shall include documentation of trades adversely impacted and the impacted activities of each trade.

20. SITE CONSIDERATIONS:

A. It is the Contractor’s responsibility to carefully remove and store any items not permanently installed within the work areas. It is strongly recommended that the Contractor photograph, videotape or in some manner document any features to be removed and their condition, prior to removal.

B. Noise and strong smells shall be isolated or kept to a minimum when adjacent portions of the site are occupied.

C. Contractor shall be responsible to leave the work area and adjacent site clear of equipment and debris, etc. at the end of each workday. All final cleaning is the

responsibility of the Contractor and shall be executed prior to acceptance for reuse of any portion of the site.

D. A dumpster and lay down area for Contractor materials and staging may be located at the site and located per the direction of the Owner. The Contractor is responsible for the removal of the dumpster, any storage containers and any security fencing, temporary erosion control (BMPs), etc. as soon as practical after their use by the Contractor or the work is complete.

21. SALES AND USE TAX EXEMPTION:

A. As per the State of Alabama ACT 2013-205, the Alabama Department of Revenue (ADOR) has been granted the authority to issue a "Certificate of Exemption from Sales and Use Tax for Governmental Entities" on construction projects. Therefore, this project shall qualify for State of Alabama Sales and Use Tax Exemptions under this ACT. It is the responsibility of the Bidder to confirm the potential tax-exempt status of their bid with the ADOR and include any such savings in their bid, as well as accounting for same on their bid form attachment Sales Tax Form C-3A.

B. The full text of ACT 2013-205 is available on the State of Alabama Building Commission website at www.bc.alabama.gov .

22. SUBMISSION OF LIEN WAIVERS AND DBE COMPLIANCE, UTILIZATION REPORTS:

A. At each monthly Application for Payment submitted to the owner, the Contractor shall provide completed "City of Mobile DBE Compliance, Utilization Reports" and lien waivers, including those from Subcontractors and material suppliers.

23. NOTICE OF COMPLETION:

A. For Contracts $50,000 or greater:
Contractor shall provide proof of publication of Advertisement of Completion for four consecutive weeks in a local newspaper, as required in the Title 39, Section 39-1-1, Subsection (f), of the Code of Alabama. This Advertisement shall not begin until the Project has been accepted by the City of Mobile.

B. Notice of Completion advertisement shall read as follows:

Bidders and Proposers – Please complete and submit these forms as required by your City of Mobile Bid or Proposal Specification.

If you are submitting a proposal in response to a Request for Qualifications, Request for Proposal, or other solicitation ("Solicitations") issued by the City of Mobile, the bid specification may require you to utilize disadvantaged business enterprise ("DBE") subcontractors and suppliers. If SBE participation is required, you must complete and submit these forms with your proposal. If required, failure to submit this form will render your bid non-responsive. NOTE: To satisfy participation requirements for a federally funded project, you must utilize SBEs certified through the Alabama Unified Certification Program.

If SBE participation is required, and you fail to satisfy the participation requirement, you must show that you made a good faith effort to include such participation; you will be required to submit DBE Compliance Form 2 and include additional information if needed. When so required, failure to address adequately the good faith effort factors on Form 2 will render your bid or proposal non-responsive. The "good faith effort" factors on Form 2 are not intended to be a mandatory, exhaustive, or exclusive.

You are encouraged to work with the City of Mobile Small Business Development Manager when preparing this form. Please consult with the City Small Business Development Manager for a list of eligible SBEs. The "good faith effort" factors on **Form 2** are not intended to be mandatory, exhaustive, or exclusive; they are a tool to help you, and the City of Mobile, determine whether you made efforts which, by their scope, intensity, and appropriateness to the objective, would reasonably be expected to fulfill the participation requirement.

About **"DBEs"**: Disadvantaged business enterprise or DBE means a for-profit small business concern (1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and (2) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

About **"Good Faith" Effort**: Good faith efforts mean efforts to achieve a DBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program requirement. The City of Mobile expects contractors holding large contracts to recruit and engage DBEs to be a part of their team.

Failure to submit this form, when so required by the bid or proposal specification, will render your bid non-responsive.

YES (□)	NO (□)	Did you do these suggested areas for DBE recruitment and engagement
		PRE-BID MEETING(S): The bidder attended all pre-bid meetings scheduled by the City to inform DBEs of contracting and subcontracting opportunities.
		DBE/ALDOT DBE LIST(S): The bidder utilized the Office of Small Business Development list or lists of certified through the Alabama Department of Transportation UCP DBE Listing
		SMALL CONTRACT(S): The bidder selected specific portions of the work to be performed by DBEs in order to increase the likelihood of meeting the DBE goals (including breaking down contracts into smaller units to facilitate DBE participation). Consider support services, including insurance, accounting, temporary labor, and transportation, landscaping, and janitorial as potential areas for DBE use.
		FOLLOW-UP: The bidder followed-up initial indications of interest by DBEs by contacting those DBEs to determine with certainty if they remained interested in bidding.
		GOOD FAITH NEGOTIATIONS: The bidder negotiated in good faith with interested DBEs and did not reject DBEs as unqualified without sound business reasons based on a thorough investigation of their capabilities. Bidders are not expected to engage unqualified subcontractors or subcontractors whose pricing, after negotiation, remains excessive or unreasonable. (Please document qualification deficiencies or unreasonable pricing if it prevented your engagement of specific DBE subcontractors.)
		ADVERTISEMENT: The bidder advertised in general circulation and/or trade association publications concerning subcontracting opportunities and allowed DBEs reasonable time to respond.
		INTERNET ADVERTISING: The bidder advertised DBE and/or subcontracting opportunities in the newspaper or other internet portals that are accessible to DBEs and/or potential subcontractors.

		INFORMATION: The bidder provided interested DBEs with adequate information about the plans, specifications and requirements of the subcontract.
		WRITTEN NOTICE(S): The bidder/proposer took the necessary steps to provide written notice in a manner reasonably calculated to inform DBEs of subcontracting opportunities and allowed sufficient time for them to participate effectively.
		COMMUNITY RESOURCES: The bidder/proposer used the services of available community organizations, small and/or disadvantaged business assistance offices and other organizations that provided assistance in the recruitment and placement of DBE firms.

CONTRACT RECORDS:
The bidder/proposer has maintained the following records for each DBE that has bid on the subcontracting opportunity:
1. Name, address, email address and telephone number
2. A description of information provided by the bidder/proposer or subcontractor; and
3. A statement of whether an agreement was reached, and if not, why not, including any reasons for concluding that the DBE was unqualified to perform the job.

A. In accordance with Chapter I, Title 39, Code of Alabama, 1975, NOTICE IS HEREBY given that _____ [contractor name] has completed the contract for Hillsdale Senior Center Roof Replacement 6024 Lorma Road Mobile, Alabama 36608 Project #PR-

DRAFT SUBJECT TO CHANGE

049a-25. All persons having any claims for labor, material or otherwise in connection with this project should immediately notify the Architectural Engineering Department, City of Mobile, P. O. Box 1827, Mobile, Alabama 36633-1827.

B. Publication of the Notice of Completion shall not begin until the Project has been accepted as Substantially Complete by the City of Mobile.

1. The Contractor's invoices shall be in a form satisfactory to the Department Head of the Architectural Engineering Department who shall initiate disbursements. The Contractor is responsible for providing all necessary documentation that may be required by the City.

2. For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:

1. Five percent (5%) of the first fifty percent (50%) of the completed work and after fifty percent (50%) completion has been accomplished, no further retainage shall be held from the original Contract Sum. Increases in the contract sum by Change Order shall also be subject to retainage.

2. The net amount of the Retainage shall be equal to two- and one-half percent (2.5%) of the total Contract Sum, as increased or decreased by Change Order.

V. ADDITIONAL SERVICES

A. No changes to this Contract or the performance contemplated hereunder shall be made unless the same are in writing and signed by both the Contractor and the City's authorized agent.

B. If the City's Department Head of the Architectural Engineering Department requires the Contractor to perform additional services related to this Contract then the Contractor shall be entitled to additional compensation based on the Fee Schedule as amended to the extent necessary to accommodate such additional work. The additional compensation shall be agreed upon before commencement of any additional services or changes and shall be incorporated into this Contract by written amendment. The City shall not pay for any additional service or work performed before a written amendment to this Contract is executed by the City and the Contractor. Notwithstanding the preceding, in the event additional services are required as a result of error, omission or negligence of the Contractor, the Contractor shall not be entitled to additional compensation.

VI. LIABILITY OF CONTRACTOR

A. To the fullest extent permitted by law, Contractor covenants to release, defend, indemnify, hold harmless, protect, and exonerate both the City and its agents, employees, and representatives, from and against any and all liability, claims (direct and indirect), damages, losses, suits, actions, demands, liens, arbitrations, administrative proceedings, awards, judgments, expenses, costs, and attorneys' fees pertaining to personal injury, bodily injury, death, damage to or destruction of property (including any loss of use), economic loss or damage, labor disputes, safety requirements, performance or non-performance of obligations, certifications, property rights of

D. Excess/Umbrella Liability Insurance

1. Providing following form coverage for Employer's Liability, Comprehensive General Liability, and Automobile Liability.

2. Limit of Liability: $2,000,000 combined single limit of liability each occurrence for bodily injury and/or property damage.

E. Waiver of Subrogation - All policies of insurance shall be endorsed to waive rights of subrogation in favor of City of Mobile.

F. Additional Insured - All policies of insurance, except those referenced under paragraph A, shall be endorsed to name City of Mobile as an Additional Insured.

G. Primary Insurance - All policies of insurance, except those referenced under paragraph A, shall be endorsed to provide that all such insurances are primary and non-contributing with any other insurance maintained by City of Mobile.

H. Notice of Cancellation – Certificates shall provide that such insurance shall not be subject to cancellation, non-renewal nor material change without 30 days or more (except 10 days for non-payment) prior written notice thereof to the City of Mobile.

I. Certificates of Insurance – General – Within ten (10) calendar days from date of issuance of Contract forms for execution, Contractor shall deliver to the City of Mobile, certificates of insurance (standard ACORD format) certifying the existence and limits of the insurance coverages along with separate policy endorsements as described above. Contractor shall also be responsible for delivering policy renewal certificates to the City of Mobile.

J. If the certificate of insurance referenced in this Agreement does not evidence insurance of owned vehicles, said certificate and this sentence shall evidence the Contractor's covenant that it does not own any vehicles and that it will not purchase or obtain any vehicles during the term of this Agreement. Said certificate shall require that said insurance coverage will not be altered or terminated unless City shall have been given written notice of such alteration or termination delivered to City not less than thirty (30) days before the effective date of such alteration or termination.

VIII. RESPONSIBILITIES OF THE CONTRACTOR

A. The personnel assigned by the Contractor to perform the services of this Contract shall comply with the terms set forth in this Contract. The Contractor shall ensure that all key personnel, support

DRAFT SUBJECT TO CHANGE

personnel, and other agents are fully qualified and capable to perform their assigned tasks. Any change or substitution to the Contractor's key personnel must receive the City's Department Head's written approval before said changes or substitution can become effective.

B. The Contractor agrees to respond to communication from the City within three working days unless a shorter response time is specified by the City.

C. The Contractor warrants that it has not employed or retained any company or person (other than a bona fide employee working solely for the Contractor), to solicit or secure this Contract and that he has not paid or agreed to pay any person, company, corporation, individual, or firm other than a bona fide employee working solely for the Contractor; any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award of this Contract.

D. Contractor agrees that it and its employees shall communicate with City employees and members of the public in a civil manner. All aspects of a Contractor's performance, including complaints received from City employees or members of the public, may impact the City's decision to renew or terminate this Contract in accordance with the provisions contained herein. The City further reserves the right to suspend or debar the Contractor from consideration for award of future contracts in accordance with Alabama competitive bid law if the Contractor does not abide by the terms of this contract.

E. The Contractor shall comply with all federal, state, and local laws, regulations and ordinances applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex, or national origin in the performance of work under this Contract.

F. The Contractor shall maintain books, records, documents, and other evidence directly pertaining to or connected with the services under this Contract which shall be available and accessible at the Contractor's offices for the purpose of inspection, audit, and copying during normal business hours by the City, or any of its authorized representatives.

G. The Contractor is, and shall be, in the performance of all work, services and activities under this Contract, an independent contractor. Contractor is not an employee, agent, or servant of the City and shall not represent itself as such. All persons engaged in any work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the Contractor's sole direction, supervision and control. The Contractor shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the Contractor's relationship and the relationship of its employees to the City shall be that of an independent contractor and not as employees of the City. The Contractor shall be solely responsible for providing benefits and insurance to its employees.

IX. PROOF OF ADVERTISEMENT OF COMPLETION

A. Contractor shall provide proof of publication of Notice of Completion in a locally published newspaper of general circulation, in accordance with Title 39, Section 39-1-1 of the Code of Alabama. For final Contract Sums less than Fifty Thousand and 00/100 Dollars ($50,000.00), the Contractor shall also provide, at the same time notice is sent to the newspaper, an electronic or

DRAFT SUBJECT TO CHANGE

hard copy of notice verbiage on Contractor letterhead to the City of Mobile for public posting for one week. This Notice of Completion shall not begin until the project has been accepted by the City of Mobile.

B. Notice of Completion advertisement shall read as follows:

STATE OF ALABAMA
COUNTY OF MOBILE
NOTICE OF COMPLETION

In accordance with Chapter I, Title 39, Code of Alabama, 1975, NOTICE IS HEREBY given that (Contractor Name) has completed the contract for Hilldale Senior Center Roof Replacement 6024 Lorma Road Mobile, Alabama 36608 Project #PR-049a-25, in Mobile, Alabama. All persons having any claim for labor, material or otherwise in connection with this project should immediately notify the Architectural Engineering Department, City of Mobile, P. O. Box 1827, Mobile, AL 36633-1827.

X. LIQUIDATED DAMAGES

A. The parties to this Contract agree that time is of the essence in the work provided for herein and that a precise determination of actual damages which would be incurred by the City for delay in the completion of the work provided for herein, aside from the additional cost of inspection and supervision, would be difficult to ascertain. Accordingly, the parties to the Contract agree that the liquidated damages for those items of damage not otherwise provided for by this Contract, for each and every day that the time consumed in completing the work provided for in these construction documents exceeds the time(s) allowed therefore, shall be the amount(s) stated below per day, including Saturdays, Sundays, and legal holidays. The parties specifically agree that the liquidated damages provided for herein do not constitute a penalty. Furthermore, since the additional cost of inspection and supervision arising from a delay is not difficult to ascertain, it is agreed that the Contractor shall pay, in addition to the liquidated damages provided for herein, all expenses for inspection and supervision occasioned by the failure of the Contractor to complete the work within the time(s) fixed for completion herein. The amount(s) of liquidated damages together with the additional costs for inspection and supervision occasioned by the Contractor's delay will be deducted and retained out of the monies payable to the Contractor. If not so deducted, the Contractor and sureties for the Contractor shall be liable therefore. The amount of liquidated damages to be assessed for each calendar day that Substantial Completion is delayed beyond the required date of Substantial Completion shall be be $250 per day for Substantial Completion; $125 per day for Final Completion. The amount of liquidated damages to be assessed for each calendar day that Final Acceptance is delayed beyond the required date of Final Acceptance shall be (25% OF LIQUIDATED DAMAGES) per day.

XI. FORCE MAJEURE

A. The Contractor specifically agrees that all work performed under the terms and conditions of this Contract shall be completed within the time limits as set forth herein, or as otherwise identified in the City's purchase order or specified by the City's Department Head, subject only to delays

DRAFT SUBJECT TO CHANGE

caused by force majeure, or as otherwise defined herein. “Force majeure” shall be deemed to be any cause affecting the performance of this Contract arising from or attributable to acts, events, omissions or accidents beyond the reasonable control of the parties.

XII. OBLIGATIONS OF THE CITY

A. City shall designate a Department Head or other person to act as City’s representative with respect to this Agreement. Such person will have authority to transmit instructions, receive information, and interpret and define City’s policies and decisions regarding the scope of services.

B. City shall furnish to Contractor all applicable information and technical data in City’s possession or control reasonably requested by Contractor for the proper performance of the Services.

C. The City’s Designated representative will do all things necessary to properly administer the terms and conditions of this Agreement, including, but not limited to: 1. Review of all Contractor payment requests for approval or rejection. 2. Periodic reviews of the work of the Contractor as necessary for the completion of the Contractor’s services during the period of this Agreement.

D. The City shall not provide any services to the Contractor in connection with any claim brought on behalf of or against the Contractor.

XIII. TERMINATION

A. The City shall have the right at any time upon thirty (30) calendar day’s written notice to the Contractor to terminate the services of the Contractor. The City shall pay to the Contractor and the Contractor shall accept as full payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

B. Any failure of the Contractor to satisfy the requirements of this Contract, as documented by the Department Head, shall be considered a default of the Contract and sufficient reason for termination. 1. For defaults that are curable (as determined by the City), the Contractor shall be notified in writing by the City and shall have an opportunity to cure such default(s) within ten (10) working days after notification. 2. For defaults that are not curable (as determined by the City), notice of the termination date shall be given as deemed appropriate by the City.

C. In the event the City’s termination of this Contract for default is in any way deficient, at the option of the City such termination shall be deemed to be a termination for convenience pursuant to Section 13.1 above.

D. The parties may mutually agree to terminate this Contract. Such termination shall be evidenced by a notice issued by the City. The City shall pay to the Contractor and the Contractor shall accept as payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

E. In the event that the Contractor has abandoned performance under this Contract, then the City may terminate this Contract upon three (3) calendar day’s written notice to the Contractor indicating its intention to do so. Payment for work performed prior to the Contractor's abandonment shall be

DRAFT SUBJECT TO CHANGE

as stated above. Contractor shall have one hundred and eighty (180) days to submit invoices. Invoices submitted after one hundred and eighty (180) days may not be accepted for payment.

F. The Contractor shall have the right to terminate services only in the event of the City failing to pay the Contractor's properly documented and submitted invoice within ninety (90) calendar days of the approval by the City's Department Head, or if the Project is suspended by the City for a period greater than ninety (90) calendar days.

G. After consultation with and written Notice to the Contractor providing a reasonable opportunity to cure, the City shall have the right to refuse to make payment, in whole or part due to: 1. The quality of a portion, or all, of the Contractor's work not performed in accordance with the requirements of this Contract; 2. The quantity of the Contractor's work not delivered or performed as represented in the Contractor's Payment Request, or otherwise; 3. Claims made, or likely to be made, against the City, or its property; 4. Damages to the City or a third party caused by Contractor; 5. The Contractor's failure or refusal to perform any other obligation under this Contract. City does not and will not assume any responsibility for the means by which or the manner in which the services by Contractor provided for herein are performed, but on the contrary, Contractor shall be wholly responsible therefore.

H. BEST MANAGEMENT PRACTICES (BMPs): The Contractor shall be responsible for providing, implementing, and maintaining BMPs for sediment and erosion control, and all other applicable regulations, in full compliance with Local, State, and Federal Codes and Ordinances throughout the contract period. All Work shall be in accordance with the Clean Water Act, the Alabama Water Pollution Control Act, the current version of the Alabama Handbook for Erosion Control, Sediment Control and Storm Water Management on Construction Sites and Urban Areas; and the current version of the Mobile, Alabama City Code Chapter 17 Storm Water Management and Flood Control. All waste water with oils, grease, etc., shall be properly contained and disposed of.

XIV. DISPUTE RESOLUTION

A. In the event of a dispute or claim arising out of this Agreement, the parties agree first to try in good faith to settle the dispute by direct discussion. If this is unsuccessful, the parties may enter into mediation in Mobile City, Alabama, with the parties sharing equally in the cost of such mediation.

B. In the event mediation, if attempted, is unsuccessful in resolving a dispute, the parties may proceed to litigation as set forth below.

C. Any dispute, action or proceeding arising out of or related to this Agreement will be exclusively commenced in the state courts of Mobile City, Alabama, or where proper subject matter jurisdiction exists in the United States District Court for the Southern District of Alabama. Each party irrevocably submits and waives any objections to the exclusive personal jurisdiction and venue of such courts, including any objection based on forum non conveniens.

D. Contractor agrees to waive all rights to trial by jury for any litigation undertaken concerning this Agreement

DRAFT SUBJECT TO CHANGE

E. This Agreement and the rights and obligations of the parties shall be governed by the laws of the State of Alabama without regard to its conflict of laws principles.

F. Unless otherwise agreed in writing, the Contractor shall be required to continue its services and all other obligations under this Agreement during the pendency of the claim or dispute, including, but not limited to, the actual period of mediation or judicial proceedings.

XV. CONTRACTOR WARRANTY

A. Upon completion of the contract the Contractor shall certify under oath that all bills have been paid in full.

B. In addition to manufacturer warranties required by the Bid Documents, Contractor shall provide a one (1) year Labor and Materials Warranty on company letterhead at completion of the Contract.

C. All products provided under this Contract shall be new and of the most suitable grade for the purpose intended.

D. If any product delivered does not meet performance representations or other quality assurance representations as published by manufacturers, producers or distributors of the products or the specifications listed in this Contract, the Contractor shall pick up the product from the City at no expense to the City. The City reserves the right to reject any or all materials if, in its judgment, the item reflects unsatisfactory workmanship or manufacturing or shipping damage. In such case, the Contractor shall refund to the City any money which has been paid for same.

E. Contractor warrants that the products under normal use and service will be free from material defects in materials and workmanship. In the event Contractor's standard product warranty is for a period of time longer than that stated above, this warranty shall be extended to that longer duration.

F. All services will be performed (i) by qualified personnel in a professional and workmanlike manner, consistent with industry standards, (ii) in accord with the performance specifications, scope of work and terms and conditions set forth in this agreement, (iii) with due care and in accord with applicable laws and regulations including all laws and regulations relating to the scope of work in the agreement, health, safety and the environment, fair labor practices, unlawful discrimination and immigration, and (iv) in accord with generally prevailing industry standards. Upon City providing notice to Contractor as set out in a reasonably detailed written notice to cure any non-conformance within thirty (30) days of occurrence, Contractor agrees to re-perform the services to achieve commercially reasonable conformance with this warranty.

XVI. SUSPENSION/STOP WORK ORDER

A. The City's Department Head, may at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract. Any order shall be identified specifically as a stop work order issued pursuant to this clause. This order shall be

DRAFT SUBJECT TO CHANGE

effective as of the date the order is delivered to the Contractor. Upon receipt of such an order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. The Contractor shall not resume work unless specifically so directed in writing by the City. The Department Head shall take one of the following actions:

1. Cancel the stop work order; or 2. Terminate the work covered by the order; or 3. Terminate the Contract in accordance with provisions contained in Section 13.1.

B. In the event the City of Mobile determines not to direct the Contractor to resume work, the stop work order may be converted into a notice of termination for convenience pursuant to Section 13.1. The notice period for such termination shall be deemed to commence on the date of issuance of the stop work order. In the event the City does not direct the Contractor to resume work within ninety (90) days, the Contractor may terminate this Contract.

XVII. NOTICES

A. The City of Mobile Authorized Agent, authorized to act on the City's behalf with respect to the Project is the Architectural Engineering Director.

B. Any notices of any nature, whatsoever, including but not limited to notice of termination or default shall be sufficient if sent by parties via United States Certified mail, postage paid, or via nationally recognized delivery service, to the address listed below:

XVIII. DEFAULT/ BREACH

A. Default. Default, for purposes of this contract, shall include, but is not limited to, any of the following: 1) failure to perform the work or provide the services in accordance with the terms of the contract, 2) failure to meet established deadlines or schedules, 3) substandard or non-compliant work or services, 4) failure to comply with applicable laws, regulations, or permits, including state and federal law, local ordinances and any federal grant requirements, 5) failure to make payments to subcontractors or suppliers, 6) failure to communicate adequately with the City regarding progress or issues, 7) unauthorized assignment or transfer of the contract without prior written consent from the City, 8) failure to correct deficiencies after receiving written notice from the City, 9) misrepresentation or falsification of information provided in contract proposals or during performance,10) failure to maintain required insurance coverage, 11) use of unapproved subcontractors or failure to supervise subcontractors adequately, 12) unauthorized use of City property, equipment, or resources, 13) failure to comply with safety standards, resulting in hazardous conditions or accidents, 14) violation of confidentiality or data protection requirements outlined in the contract, 15) breach of warranties related to the quality, fitness, or compliance of goods or services provided, 16) failure to provide required reports, documentation, or certifications within specified timelines, 17) delays caused by inadequate staffing, equipment, or materials, 18) failure to replace defective or non-compliant materials or equipment within a reasonable time-frame, 19) violation of environmental regulations, including improper disposal of hazardous materials, 20) failure to cooperate with City inspectors, auditors, or other designated officials during site visits or reviews, 21) failing to comply with written directives from the City to correct specific issues or deficiencies, 22) subcontractor abandonment or unauthorized substitution of key personnel, 23) unauthorized cessation of work or delays caused by disputes with subcontractors, 24) breach of intellectual property rights, including unauthorized use of copyrighted or proprietary materials, 25) misuse of funds allocated for specific tasks or deliverables, 26) failure to meet minority, small business, or other subcontracting goals as specified in the contract, 27) failure to maintain adequate security measures for sensitive information or physical assets, 28) failure to address health and safety violations that result in injury or property damage, 29) providing false claims for payments, reimbursements, or change orders, 30) failing to meet requirements for workforce certifications or qualifications outlined in the contract, 31) failure to disclose debarment or loss of required license.

XIX. EFFECT OF DEFAULT

A. Upon the occurrence of default, City shall have rights which include but are not limited to (i) the right to keep this Contract in effect and sue Contractor for all damages caused by the default and recover the cost thereof; (ii) the right to cure any such default by Contractor and to recover any damages caused thereby; and (iii) the right to terminate this Contract either as to the entire Project or part thereof, in either case by giving Contractor written notice of such termination. In the event of termination of this Agreement by the City because of the Contractor's default or breach, the City may take possession of all materials, equipment, tools, construction equipment, and machinery thereon owned by the Contractor and may finish the Project by whatever method and means City may select subject to its obligation to reasonably mitigate.

DRAFT SUBJECT TO CHANGE

XX. WITHHOLDING PAYMENT DUE

A. Default by Contractor shall excuse any obligation of City to pay compensation or sums otherwise due Contractor under the agreement. City may withhold any and all sums due if there has been a default or breach by Contractor of any provision of this agreement**.**

XXI. CURE PLAN

A. If Contractor fails to comply with any material provision of this agreement, the City may issue a written notice requiring Contractor to submit a corrective action plan (CAP) within such time as City directs. If Contractor fails to provide an acceptable CAP or does not cure the breach within the time frame specified, the City may invoke additional sanctions or terminate this Agreement.

XXII. PEER REVIEW/VALUE ENGINEERING

A. The City reserves the right to engage independent experts to conduct peer reviews or value engineering analyses of the Project at any stage. Contractor shall cooperate fully by providing necessary documentation and access. If the peer review identifies opportunities for cost savings or performance improvements without compromising safety or quality, Contractor shall implement such recommendations as directed by the City, subject to equitable adjustments if necessary.

XXIII. ANTI-BOYCOTT

A. Contractor agrees it is not currently engaged in and will not engage in the boycott of a person or an entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade within the meaning of Alabama Code 41-16-5.

XXIV. NON-DISCRIMINATION

A. Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

XXV. COMPLIANCE WITH IMMIGRATION LAW

A. By signing this contract, the contracting parties affirm, for the duration of the Agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Pursuant to Alabama Code (1975) Section 31-13-9, if Contractor employs one or more employees within the State of Alabama, Contractor shall provide documentation establishing that Contractor is enrolled in the *E-Verify* program. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the Agreement and shall be responsible for all damages resulting therefrom.

DRAFT SUBJECT TO CHANGE

XXVI. CONTRACT DOCUMENTS

A. The contract documents consist of this Agreement, the Request for Quotes documents, Exhibit "A" Scope of Work, Addenda issued prior to the execution of the Contract, other documents listed in this Agreement, and Modifications issued after the execution of this Agreement, all of which form the Contract, and are fully a part of the Contract as if attached to this Agreement or repeated herein. The contract documents are intended to agree, and if clarification of a conflict has not been made via Addendum, then the most restrictive or costly interpretation by the Director of Real Estate Asset Management will apply.

B. The following documents are incorporated by reference and made part of this Contract:

Exhibit A: Scope Of Services
Exhibit B: Project Schedule
Exhibit C: Schedule of Values
Exhibit D: Office of Small Business Development Subcontracting and Major Supplier Plan
Exhibit E: Performance, Labor and Material Bonds
Exhibit F: Certificate of Liability Insurance [Required]
Exhibit G: E-Verify Documents [If Applicable]
Exhibit H: Secretary of State
Exhibit I: Bidding And Contract Requirement Documents

XXVII. MISCELLANEOUS

A. Contractor shall obtain, at his own expense, all necessary licenses, inspections, permits, insurance, authorization and assurances necessary in order to abide by the terms of this Agreement. City of Mobile department permits, when required, shall be obtained by the Contractor at no cost.

B. This Agreement constitutes the sole and complete understanding between the parties and supersedes all agreements between them, whether oral or written with respect to the subject matter. No Amendment, change or addendum to this Agreement is enforceable unless agreed to in writing by both parties and incorporated into this Agreement.

C. The language of this Agreement shall be construed, in all cases, according to its fair meaning and not for or against any party hereto.

D. The parties hereto do not intend nor shall this Agreement be construed to grant any rights, privileges or interest to any third party.

E. Time is of the essence with regard to each and every aspect of the Contractor's performance under this Contract.

F. The rights and remedies of the City provided for under this Agreement are in addition to any other rights and remedies provided by law.

DRAFT SUBJECT TO CHANGE

G. If the Contractor is comprised of more than one legal entity, each entity shall be jointly and severally liable hereunder**.**

H. The exercise by either party of any rights or remedies provided herein shall not constitute a waiver of any other rights or remedies available under this Agreement or any applicable law.

I. If any term, condition, or covenant of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this Agreement shall be valid and binding on each party.

J. The parties covenant and agree that each is duly authorized to enter into and perform this Agreement and those executing this Agreement have all requisite power and authority to bind the parties.

K. Neither the City's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

L. Paragraph headings are for the convenience of the parties and for reference purposes only and shall be given no legal effect.

M. In the event of conflicts or inconsistencies between the provisions of this agreement and those in any attachment or Exhibit hereto, then the provisions of this agreement will take precedence and be applicable, binding and enforceable.

N. Preparation of Agreement. All provisions of this Agreement have been subject to full and careful review by and negotiation between Contractor and City. Each such party has availed itself of such legal advice and counsel as it, respectively, has deemed appropriate. The parties hereto agree that neither one of them shall be deemed to be the drafter or author of this Agreement, and in the event this Agreement is subject to interpretation or construction by a court of law or panel of arbitration, such court or panel shall not construe this Agreement or any portion hereof against either party as the drafter of this Agreement.

O. Entire Agreement. This Agreement embodies the entire agreement and understanding between the parties pertaining to the subject matter of this Agreement, and supersedes all prior agreements, understandings, negotiations, representations and discussions, whether verbal or written, of the parties pertaining to that subject matter.

P. Binding Effect. The provisions of this Agreement shall bind and inure to the benefit of the parties and their respective successors and permitted assigns.

Q. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute a single agreement.

LABOR AND MATERIAL PAYMENT BOND

Any singular reference to Contractor, Surety, Owner or other Party shall be considered plural where applicable.

KNOW ALL MEN BY THESE PRESENTS: That the Contractor**,** _____, _____, _____ , as Principal, and _____ _____, as Surety, are held and firmly bound unto the **City of Mobile, P. O. Box 1827, Mobile, AL 36633** (hereinafter called the "Obligee") in the penal sum of _____ and xx/100 ($_____.00) lawful money of the United States, for the payment of which sum well and truly to be made we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally, firmly by these presents.

WHEREAS, said Principal has entered into a certain Contract with said Obligee, dated the ____ day of _____, 2025 (hereinafter called the "Contract") for furnishing all labor, material, equipment and insurance and perform all work required to properly complete Hillsdale Senior Center Roof Replacement (PR-049a-25), 6024 Lorma Road, Mobile, Alabama, 36608, which**, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH** that if said Principal and all subcontractors to whom any portion of work provided for in said Contract is sublet and all assignees of said Principal and of such subcontractors shall promptly make payments to all persons supplying him or them with labor, materials or supplies for or in the prosecution of the work provided for in such Contract, or in any amendment or extension of or additions to said Contract, and for the payment of reasonable attorney's fees, incurred by the claimant or claimants in suits on each bond, then the above obligations shall be void; otherwise to remain in full force and effect. **PROVIDED,** however, that this bond is subject to the following conditions and limitations.

(a) Any person, firm or corporation that has furnished labor, materials or supplies for or in the prosecution of the work provided for in said contract shall have a direct right of action against the Principal and Surety on this bond, which right of action shall be asserted in a proceeding instituted in the County in which the work provided for in said Contract is to be performed or in any county in which said Principal and Surety does business. Such right of action shall be asserted in a proceeding instituted in the name of the claimant or claimants for his or their use and benefit against said Principal and Surety or either of them (but not later than one year after the final settlement of said Contract) in which action such claim or claims shall be adjudicated and judgment rendered thereon.

(b) The Principal and Surety hereby designate and appoint _____ **Attorney-In-Fact,** as the agent of each of them to receive and accept service of process or other pleading issued or filed in any proceeding instituted on this bond and hereby consent that such service shall be the same as personal service on the Principal and/or Surety. In addition to any other legal mode of service, service of summons, and other process in civil actions brought in Mobile County may be had on the Contractor or the Surety on the bond by leaving a copy of the summons and complaint or other pleading or process with the Mayor of the City of Mobile which shall bind the principal Contractor and Surety to the mode of service above described and that the service shall be the same as personal service on the contractor or surety.

(c) The Surety shall not be liable hereunder for damage or compensation recoverable under any Workmen's Compensation or Employer's Liability Statute.

(d) In no event shall the Surety be liable for a greater sum than the penalty of this bond, or subject to any suit, action or proceeding thereon that is instituted later than two years after the final settlement of said Contract.

(e) This bond is given pursuant to the terms of Alabama Code, Title 39-1-1, et. al., As Amended.

Form **W-9**
(Rev. December 2014)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give Form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification; check only **one** of the following seven boxes:

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶

Note. For a single-member LLC that is disregarded, do not check LLC; check the appropriate box in the line above for the tax classification of the single-member owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from FATCA reporting code (if any)

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

6 City, state, and ZIP code

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at *www.irs.gov/fw9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding?* on page 2.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 Basic Definitions

§ 1.1.1 The Contract Documents

The Contract Documents are enumerated in the Agreement between the Owner and Contractor (hereinafter the Agreement) and consist of the Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Agreement, and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive, or (4) a written order for a minor change in the Work issued by the Architect. Unless specifically enumerated in the Agreement, the Contract Documents do not include the advertisement or invitation to bid, Instructions to Bidders, sample forms, other information furnished by the Owner in anticipation of receiving bids or proposals, the Contractor's bid or proposal, or portions of Addenda relating to bidding or proposal requirements.

§ 1.1.2 The Contract

The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect's consultants, (2) between the Owner and a Subcontractor or a Sub-subcontractor, (3) between the Owner and the Architect or the Architect's consultants, or (4) between any persons or entities other than the Owner and the Contractor. The Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of the Architect's duties.

§ 1.1.3 The Work

The term "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project.

§ 1.1.4 The Project

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by Separate Contractors.

§ 1.1.5 The Drawings

The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules, and diagrams.

§ 1.1.6 The Specifications

The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

§ 1.1.7 Instruments of Service

Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, **Project Manual**, specifications, and other similar materials.

§ 1.1.8 Initial Decision Maker

The Initial Decision Maker is the person identified in the Agreement to render initial decisions on Claims in accordance with Section 15.2. The Initial Decision Maker shall not show partiality to the Owner or Contractor and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 1.2 Correlation and Intent of the Contract Documents

§ 1.2.1 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results.

User Notes:

§ 1.2.1.1 The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. If it is determined that any provision of the Contract Documents violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Contract.

§ 1.2.2 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

§ 1.3 Capitalization

Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other documents published by the American Institute of Architects.

§ 1.4 Interpretation

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 1.5 Ownership and Use of Drawings, Specifications, and Other Instruments of Service

§ 1.5.1 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and retain all common law, statutory, and other reserved rights in their Instruments of Service, including copyrights. The Contractor, Subcontractors, Sub-subcontractors, and suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Architect's or Architect's consultants' reserved rights.

§ 1.5.2 The Contractor, Subcontractors, Sub-subcontractors, and suppliers are authorized to use and reproduce the Instruments of Service provided to them, subject to any protocols established pursuant to Sections 1.7 and 1.8, solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and suppliers may not use the Instruments of Service on other projects or for additions to the Project outside the scope of the Work without the specific written consent of the Owner, Architect, and the Architect's consultants.

§ 1.6 Notice

§ 1.6.1 Except as otherwise provided in Section 1.6.2, where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the designated representative of the party to whom the notice is addressed and shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic transmission if a method for electronic transmission is set forth in the Agreement.

§ 1.6.2 Notice of Claims as provided in Section 15.1.3 shall be provided in writing and shall be deemed to have been duly served only if delivered to the designated representative of the party to whom the notice is addressed by certified or registered mail, or by courier providing proof of delivery.

ARTICLE 2 OWNER

§ 2.1 General

§ 2.1.1 The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization. Except as otherwise provided in Section 4.2.1, the Architect does not have such authority. The term "Owner" means the Owner or the Owner's authorized representative.

(Paragraph deleted)

§ 2.2 Evidence of the Owner's Financial Arrangements

§ 2.2.1 Prior to commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract. The Contractor shall have no obligation to commence the Work until the Owner provides such evidence. If commencement of the Work is delayed under this Section 2.2.1, the Contract Time shall be extended appropriately.

§ 2.2.2 Following commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract only if (1) the Owner fails to make payments to the Contractor as the Contract Documents require; (2) the Contractor identifies in writing a reasonable concern regarding the Owner's ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within fourteen days of the Contractor's request, the Contractor may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. However, if the request is made because a change in the Work materially changes the Contract Sum under (3) above, the Contractor may immediately stop only that portion of the Work affected by the change until reasonable evidence is provided. If the Work is stopped under this Section 2.2.2, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided in the Contract Documents.

§ 2.2.3 After the Owner furnishes evidence of financial arrangements under this Section 2.2, the Owner shall not materially vary such financial arrangements without prior notice to the Contractor.

§ 2.2.4 Where the Owner has designated information furnished under this Section 2.2 as "confidential," the Contractor shall keep the information confidential and shall not disclose it to any other person. However, the Contractor may disclose "confidential" information, after seven (7) days' notice to the Owner, where disclosure is required by law, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or by court or arbitrator(s) order. The Contractor may also disclose "confidential" information to its employees, consultants, sureties, Subcontractors and their employees, Sub-subcontractors, and others who need to know the content of such information solely and exclusively for the Project and who agree to maintain the confidentiality of such information.

§ 2.3 Information and Services Required of the Owner

§ 2.3.1 Except for permits and fees that are the responsibility of the Contractor under the Contract Documents, including those required under Section 3.7.1, the Owner shall secure and pay for necessary approvals, easements, assessments and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

§ 2.3.2 The Owner shall retain an architect lawfully licensed to practice architecture, or an entity lawfully practicing architecture, in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 2.3.3 If the employment of the Architect terminates, the Owner shall employ a successor to whom the Contractor has no reasonable objection and whose status under the Contract Documents shall be that of the Architect.

§ 2.3.4 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site. The Contractor shall be entitled to rely on the accuracy of

§ 2.3.5 The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner's control and relevant to the Contractor's performance of the Work with reasonable promptness after receiving the Contractor's written request for such information or services.

§ 2.3.6 Unless otherwise provided in the Contract Documents, the Owner shall furnish to the Contractor one copy of the Contract Documents for purposes of making reproductions pursuant to Section 1.5.2.

§ 2.4 Owner's Right to Stop the Work

If the Contractor fails to correct Work that is not in accordance with the requirements of the Contract Documents as required by Section 12.2 or repeatedly fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity, except to the extent required by Section 6.1.3.

§ 2.5 Owner's Right to Carry Out the Work

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a ten-day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. Such action by the Owner and amounts charged to the Contractor are both subject to prior approval of the Architect and the Architect may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Architect's additional services made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

ARTICLE 3 CONTRACTOR

§ 3.1 General

§ 3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under this Contract. The term "Contractor" means the Contractor or the Contractor's authorized representative.

§ 3.1.2 The Contractor shall perform the Work in accordance with the Contract Documents.

§ 3.1.3 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Architect in the Architect's administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

§ 3.2 Review of Contract Documents and Field Conditions by Contractor

§ 3.2.1 Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become generally familiar with local conditions under which the Work is to be performed, and correlated personal observations with requirements of the Contract Documents.

§ 3.2.2 Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.3.4, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall

promptly report to the Architect any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information in such form as the Architect may require. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.

§ 3.2.3 The Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Contractor shall promptly report to the Architect any nonconformity discovered by or made known to the Contractor as a request for information in such form as the Architect may require.

§ 3.2.4 If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor fails to perform the obligations of Sections 3.2.2 or 3.2.3, the Contractor shall pay such costs and damages to the Owner, subject to Section 15.1.7, as would have been avoided if the Contractor had performed such obligations. If the Contractor performs those obligations, the Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

§ 3.3 Supervision and Construction Procedures

§ 3.3.1 The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under the Contract. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences, or procedures, the Contractor shall evaluate the jobsite safety thereof and shall be solely responsible for the jobsite safety of such means, methods, techniques, sequences, or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely notice to the Owner and Architect, and shall propose alternative means, methods, techniques, sequences, or procedures. The Architect shall evaluate the proposed alternative solely for conformance with the design intent for the completed construction. Unless the Architect objects to the Contractor's proposed alternative, the Contractor shall perform the Work using its alternative means, methods, techniques, sequences, or procedures.

§ 3.3.2 The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

§ 3.3.3 The Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

§ 3.3.4 Three (3) days after the opening of the Bids, the Contractor shall furnish for written approval, an outline of the education, experience, and character of the Contractor's Project Manager, Superintendent, and Engineer. Any future substitution must have prior written approval of the Architect.

§ 3.4 Labor and Materials

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

§ 3.4.2 Except in the case of minor changes in the Work approved by the Architect in accordance with Section 3.12.8 or ordered by the Architect in accordance with Section 7.4, the Contractor may make substitutions only with the consent of the Owner, after evaluation by the Architect and in accordance with a Change Order or Construction Change Directive.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 3.4.4 The Contractor's or his/her Subcontractor's supervisors and workmen engaged on special work or skilled Work in any supervisory position or trade shall be qualified and have had sufficient education, training, and experience as a recognized professional or master mechanic in such Work to perform it properly and satisfactorily as prescribed in the Contract Documents.

§ 3.4.5 Any project manager, superintendent, engineer, foreman, or workman employed by the Contractor or by a Subcontractor who, in the sole opinion of the Architect, does not perform his/her Work in a proper and skillful manner or becomes party to disrespectful, intemperate, disorderly, intoxicated, or dishonest behavior, or uses foul language, fights, commits criminal act(s), falsifies records and construction, covers-up faulty Work or materials, does not comprehend or follow instructions, does not get along with the Architect or Owner's representative, or is otherwise objectionable, shall at the written request by the Architect, be discharged within 24 hours by the Contractor or Subcontractor employing such project manager, superintendent, engineer, foreman or workman, and shall not be employed again or any portion of the Work without the written consent of the Architect.

§ 3.4.6 Should the Contractor fail to remove such person or persons specified in Article 3.4.5 hereinabove or fail to furnish suitable and sufficient machinery, equipment, materials or qualified labor force for the proper execution of the Work, the Architect may withhold all payments which are or may become due to the Contractor or may suspend the Work until such orders are complied with.

§ 3.4.7 Contractor shall abide by provisions of Section 14.1 and Section 14.2, Code of the City of Mobile, originally adopted December 10, 1991. Prohibiting Discrimination in Employment by Contractors, Subcontractors, and Vendors performing Work and providing materials and supplies for the City of Mobile. A copy of said Code is located in the City's Projects Architectural Engineering Department. Certification of compliance with this requirement shall be made for all persons involved in the Work by the signature of the General Conditions on the Bid Form.

§ 3.5 Warranty

§ 3.5.1 The Contractor warrants to the Owner and Architect that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

§ 3.5.2 All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4.

§ 3.6 Taxes

The Contractor shall pay sales, consumer, use and similar taxes for the Work provided by the Contractor that are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect.

§ 3.7 Permits, Fees, Notices and Compliance with Laws

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall secure **City of Mobile building permit without cost, and shall secure and pay for** other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

§ 3.7.1.1 The Contractor shall secure building and other permits customarily obtained from the City of Mobile at no cost.

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work.

§ 3.7.3 If the Contractor performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction.

§ 3.7.4 Concealed or Unknown Conditions

If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner and the Architect before conditions are disturbed and in no event later than 14 days after first observance of the conditions. The Architect will promptly investigate such conditions and, if the Architect determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will recommend that an equitable adjustment be made in the Contract Sum or Contract Time, or both. If the Architect determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner and Contractor, stating the reasons. If either party disputes the Architect's determination or recommendation, that party may submit a Claim as provided in Article 15.

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 3.8 Allowances

§ 3.8.1 The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

§ 3.8.2 Unless otherwise provided in the Contract Documents,

- **.1** allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;
- **.2** Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and
- **.3** whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 3.8.2.1 and (2) changes in Contractor's costs under Section 3.8.2.2.

§ 3.8.3 Materials and equipment under an allowance shall be selected by the Owner with reasonable promptness.

§ 3.9 Superintendent

§ 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor.

§ 3.9.2 The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the name and qualifications of a proposed superintendent. Within 14 days of receipt of the information, the Architect may notify the Contractor, stating whether the Owner or the Architect (1) has reasonable objection to the proposed

superintendent or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 3.9.3 The Contractor shall not employ a proposed superintendent to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.

§ 3.10 Contractor's Construction and Submittal Schedules

§ 3.10.1 The Contractor, **within ten (10) business days** after being awarded the Contract, shall submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project.

§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule for the Architect's approval. The Architect's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow the Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, or fails to provide submittals in accordance with the approved submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 3.10.3 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Architect.

§ 3.11 Documents and Samples at the Site

The Contractor shall make available, at the Project site, the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and the approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Architect and Owner, and delivered to the Architect for submittal to the Owner upon completion of the Work as a record of the Work as constructed.

§ 3.12 Shop Drawings, Product Data and Samples

§ 3.12.1 Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor to illustrate some portion of the Work.

§ 3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

§ 3.12.3 Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Work will be judged.

§ 3.12.4 Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate how the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review by the Architect is subject to the limitations of Section 4.2.7. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Architect without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Architect, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documentswith reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of Separate Contractors. **Submittals which are not marked as reviewed for compliance with the Contract**

Documents and approved by the Contractor may be returned by the Architect without action. Wherever Shop Drawings are required in these Specifications, Shop Drawings shall be submitted for approval before materials are fabricated. Drawings shall show complete details. The General Contractor shall check and approve them either in writing or by stamp before forwarding to the Architect. The Architect will mark copies "Approved" if correct; or, "Approved As Noted" if only minor corrections are necessary. If major corrections are necessary, they will be noted on the Shop Drawings and they will be returned to the Contractor for correction and resubmission. Submit four (4) copies for Architect's and Owner's use plus the number of copies the Contractor requires for his/her own use.

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor represents to the Owner and Architect that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been approved by the Architect.

§ 3.12.8 The Work shall be in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from the requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data, Samples, or similar submittals, unless the Contractor has specifically notified the Architect of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples, or similar submittals, by the Architect's approval thereof.

§ 3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples, or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such notice, the Architect's approval of a resubmission shall not apply to such revisions.

§ 3.12.10 The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences, and procedures. The Contractor shall not be required to provide professional services in violation of applicable law.

§ 3.12.10.1 If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will specify all performance and design criteria that such services must satisfy. The Contractor shall be entitled to rely upon the adequacy and accuracy of the performance and design criteria provided in the Contract Documents. The Contractor shall cause such services or certifications to be provided by an appropriately licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings, and other submittals related to the Work, designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Architect. The Owner and the Architect shall be entitled to rely upon the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor the performance and design criteria that such services must satisfy. Pursuant to this Section 3.12.10, the Architect will review and approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

§ 3.12.10.2 If the Contract Documents require the Contractor's design professional to certify that the Work has been performed in accordance with the design criteria, the Contractor shall furnish such certifications to the Architect at the time and in the form specified by the Architect.

§ 3.13 Use of Site

The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

§ 3.14 Cutting and Patching

§ 3.14.1 The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise required by the Contract Documents.

§ 3.14.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner or Separate Contractors by cutting, patching, or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter construction by the Owner or a Separate Contractor except with written consent of the Owner and of the Separate Contractor. Consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold, from the Owner or a Separate Contractor, its consent to cutting or otherwise altering the Work.

§ 3.15 Cleaning Up

§ 3.15.1 The Contractor shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract. At completion of the Work, the Contractor shall remove waste materials, rubbish, the Contractor's tools, construction equipment, machinery, and surplus materials from and about the Project.

§ 3.15.2 If the Contractor fails to clean up as provided in the Contract Documents, the Owner may do so and the Owner shall be entitled to reimbursement from the Contractor.

§ 3.16 Access to Work

The Contractor shall provide the Owner and Architect with access to the Work in preparation and progress wherever located.

§ 3.17 Royalties, Patents and Copyrights

The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner and Architect harmless from loss on account thereof, but shall not be responsible for defense or loss when a particular design, process, or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications, or other documents prepared by the Owner or Architect. However, if an infringement of a copyright or patent is discovered by, or made known to, the Contractor, the Contractor shall be responsible for the loss unless the information is promptly furnished to the Architect.

§ 3.18 Indemnification

§ 3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity **which** would otherwise exist as to a party or person described in this Section 3.18.

§ 3.18.2 In claims against any person or entity indemnified under this Section 3.18 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the indemnification obligation under Section 3.18.1 shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefit acts, or other employee benefit acts.

§ 3.19 As applicable, the Contractor shall be responsible at the appropriate time during construction of the Project to have all permanent meters installed (electrical, water, gas, etc.) and all utilities connected prior to the time of Final Inspection. The Contractor shall pay all utility costs until the Project is accepted by the City of Mobile.

ARTICLE 4 ARCHITECT

§ 4.1 General

§ 4.1.1 The Owner shall retain an Architect lawfully licensed to practice architecture or an entity lawfully practicing architecture in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 4.1.2 Duties, responsibilities, and limitations of authority of the Architect as set forth in the Contract Documents shall not be restricted, modified, or extended without written consent of the Owner, Contractor, and Architect. Consent shall not be unreasonably withheld.

§ 4.2 Administration of the Contract

§ 4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative **(1) during construction, (2) until all conditions necessary for the final completion and payment have been fulfilled, and (3) with the Owner's concurrence, from time to time during the one-year period for correction of Work described in Section 12.2.** The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents**, unless otherwise modified in writing in accordance with other provisions of the Contract.**

§ 4.2.3 On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work. The Architect will not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not have control over or charge of, and will not be responsible for acts or omissions of, the Contractor, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

§ 4.2.4 Communications

The Owner and Contractor shall include the Architect in all communications that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and suppliers shall be through the Contractor. Communications by and with Separate Contractors shall be through the Owner. The Contract Documents may specify other communication protocols.

§ 4.2.5 Based on the Architect's evaluations of the Contractor's Applications for Payment, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts.

§ 4.2.6 The Architect has authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect will have authority to require inspection or testing of the Work in accordance with Sections 13.4.2 and 13.4.3, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 4.2.7 The Architect will review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action will be taken in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. The Architect's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 4.2.8 The Architect will prepare Change Orders and Construction Change Directives, and may order minor changes in the Work as provided in Section 7.4. The Architect will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

§ 4.2.9 The Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to Section 9.8; receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10; and issue a final Certificate for Payment pursuant to Section 9.10.

§ 4.2.10 If the Owner and Architect agree, the Architect will provide one or more Project representatives to assist in carrying out the Architect's responsibilities at the site. The Owner shall notify the Contractor of any change in the duties, responsibilities and limitations of authority of the Project representatives.

§ 4.2.11 The Architect will interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 4.2.12 Interpretations and decisions of the Architect will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings. When making such interpretations and decisions, the Architect will endeavor to secure faithful performance by both Owner and Contractor, will not show partiality to either, and will not be liable for results of interpretations or decisions rendered in good faith.

§ 4.2.13 The Architect's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

§ 4.2.14 The Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

ARTICLE 5 SUBCONTRACTORS

§ 5.1 Definitions

§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include a Separate Contractor or the subcontractors of a Separate Contractor.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

§ 5.2 Award of Subcontracts and Other Contracts for Portions of the Work

§ 5.2.1 The apparent low bidder, within (3) days after bids are opened shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect (1) has reasonable objection to any such proposed person or entity or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection.

§ 5.2.4 The Contractor shall not substitute a Subcontractor, person, or entity for one previously selected if the Owner or Architect makes reasonable objection to such substitution.

§ 5.3 Subcontractual Relations

By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work that the Contractor, by these Contract Documents, assumes toward the Owner and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies, and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

§ 5.4 Contingent Assignment of Subcontracts

§ 5.4.1 Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Owner, provided that

.1 assignment is effective only after termination of the Contract by the Owner for cause pursuant to Section 14.2 and only for those subcontract agreements that the Owner accepts by notifying the Subcontractor and Contractor; and

.2 assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of a subcontract agreement, the Owner assumes the Contractor's rights and obligations under the subcontract.

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than 30 days, the Subcontractor's compensation **may** be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor contractor or other entity.

ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

§ 6.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 6.1.1 The term "Separate Contractor(s)" shall mean other contractors retained by the Owner under separate agreements. The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under Conditions of the Contract substantially similar to

those of this Contract, including those provisions of the Conditions of the Contract related to insurance and waiver of subrogation.

§ 6.1.2 When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Agreement.

§ 6.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces and of each Separate Contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with any Separate Contractors and the Owner in reviewing their construction schedules. The Contractor shall make any revisions to its construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Contractor, Separate Contractors, and the Owner until subsequently revised.

§ 6.1.4 Unless otherwise provided in the Contract Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Contractor has under the Conditions of the Contract, including, without excluding others, those stated in Article 3, this Article 6, and Articles 10, 11, and 12.

§ 6.2 Mutual Responsibility

§ 6.2.1 The Contractor shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

§ 6.2.2 If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner or a Separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly notify the Architect of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Contractor's Work. Failure of the Contractor to notify the Architect of apparent discrepancies or defects prior to proceeding with the Work shall constitute an acknowledgment that the Owner's or Separate Contractor's completed or partially completed construction is fit and proper to receive the Contractor's Work. The Contractor shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractor that are not apparent.

§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Contractor's delays, improperly timed activities or defective construction. The Owner shall be responsible to the Contractor for costs the Contractor incurs because of a Separate Contractor's delays, improperly timed activities, damage to the Work or defective construction.

§ 6.2.4 The Contractor shall promptly remedy damage that the Contractor wrongfully causes to completed or partially completed construction or to property of the Owner or Separate Contractor as provided in Section 10.2.5.

§ 6.2.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14.

§ 6.3 Owner's Right to Clean Up

If a dispute arises among the Contractor, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and the Architect will allocate the cost among those responsible.

ARTICLE 7 CHANGES IN THE WORK

§ 7.1 General

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents. **The total of all Change Orders on each contract shall not exceed (10%) of the contract price for each project and shall be subject to at least one of the following criteria:**

User Notes:

1. **Minor changes for a total monetary value less than required for competitive bidding under the State Competitive Bid Laws.**
2. **Changes for matters relatively minor and incidental to the original contract necessitated by unforeseen circumstances arising during the course of the Work.**
3. **Emergencies arising during the course of the Work of the Contract.**
4. **Changes or Alterations provided for the original bidding where there is no difference in price on the Change Order from the original best bid on the Alternate.**
5. **Changes of relatively minor items not contemplated when the plans and specifications were prepared and the Project was bid, which are in the public interest.**

§ 7.1.2 A Change Order shall be based upon agreement among the Owner, Contractor, and Architect. A Construction Change Directive requires agreement by the Owner and Architect and may or may not be agreed to by the Contractor. An order for a minor change in the Work may be issued by the Architect alone.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents. The Contractor shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work.

§ 7.2 Change Orders

§ 7.2.1 A Change Order is a written instrument prepared by the Architect and signed by the Owner, Contractor, and Architect stating their agreement upon all of the following:

.1 The change in the Work;
.2 The amount of the adjustment, if any, in the Contract Sum; and
.3 The extent of the adjustment, if any, in the Contract Time.
.4 **There shall be attached to each Change Order, a signed statement from the Architect containing the following:**
A. **A statement of what the Change Order covers and who instituted the Change Order and why it is necessary or desired.**
B. **A statement setting forth the reasons for using the Change Order method rather than taking new competitive bids.**
C. **A statement that all prices have been reviewed and found reasonable, fair, and equitable and recommending approval of the same.**

§ 7.3 Construction Change Directives

§ 7.3.1 A Construction Change Directive is a written order prepared by the Architect and signed by the Owner and Architect, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 7.3.3 If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:

.1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
.2 Unit prices stated in the Contract Documents or subsequently agreed upon;
.3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
.4 As provided in Section 7.3.4.

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Architect shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an **allowance of (10%) mark-up on Subcontractor's direct cost (actual cost of Labor & Materials) and (15%) mark-up on General Contractor's direct (actual cost of Labor & Materials).** In such case, and also under Section 7.3.3.3, the Contractor

shall keep and present, in such form as the Architect may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

.1 Costs of labor, including applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by the Architect;

.2 Costs of materials, supplies, and equipment, including cost of transportation, **actually incorporated or consumed in the work;**

.3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented **by** the Contractor or others;

.4 Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and

.5 Costs of supervision and field office personnel directly attributable to the change.

§ 7.3.5 If the Contractor disagrees with the adjustment in the Contract Time, the Contractor may make a Claim in accordance with applicable provisions of Article 15.

§ 7.3.6 Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.7 A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by the Architect. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. The Architect will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Architect determines, in the Architect's professional judgment, to be reasonably justified. The Architect's interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.

§ 7.3.10 When the Owner and Contractor agree with a determination made by the Architect concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Architect will prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

§ 7.4 Minor Changes in the Work

The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. The Architect's order for minor changes shall be in writing. If the Contractor believes that the proposed minor change in the Work will affect the Contract Sum or Contract Time, the Contractor shall notify the Architect and shall not proceed to implement the change in the Work. If the Contractor performs the Work set forth in the Architect's order for a minor change without prior notice to the Architect that such change will affect the Contract Sum or Contract Time, the Contractor waives any adjustment to the Contract Sum or extension of the Contract Time.

ARTICLE 8 TIME

§ 8.1 Definitions

§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work.

§ 8.1.2 The date of commencement of the Work is the date established in the Agreement.

§ 8.1.3 The date of Substantial Completion is the date certified by the Architect in accordance with Section 9.8.

§ 8.1.4 The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined.

§ 8.2 Progress and Completion

§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

1. **No Work shall commence and no materials ordered until the Owner issues the written Notice to Proceed.**
2. **The Work shall be commenced within ten (10) days of the date of written Notice to Proceed.**

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, commence the Work prior to the effective date of insurance required to be furnished by the Contractor and Owner.

§ 8.2.3 The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.3 Delays and Extensions of Time

§ 8.3.1 If the Contractor is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner or Architect, of an employee of either, or of a Separate Contractor; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, or other causes beyond the Contractor's control; (4) by delay authorized by the Owner ; or (5) by other causes that the Contractor asserts, and the Architect determines, justify delay, then the Contract Time shall be extended for such reasonable time as the Architect may determine.

§ 8.3.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.3.3 This Section 8.3 does not preclude recovery of damages for delay by either party under other provisions of the Contract Documents.

§ 8.4 Liquidated Damages

§ 8.4.1 Time is the essence of the Contract. Any delay in the completion of the Work as provided for in the Contract Documents will cause inconvenience to the public and loss and damage to the Owner in interest, and in additional administrative, architectural, inspection, and supervision charges. Therefore, a time charge equal to ($250.00) per calendar day will be made against the Contractor for the entire period that any part of the Work remains uncompleted or any required closeout documents are not acceptably submitted for more that (30) days after the time specified for the Substantial Completition of the Work, the amount of which shall be deducted by the Owner, and shall be retained by the Owner out of monies otherwise due the Contractor in the final payment, not as a penalty, but as liquidated damages sustatined.

ARTICLE 9 PAYMENTS AND COMPLETION

§ 9.1 Contract Sum

§ 9.1.1 The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents.

§ 9.1.2 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed so that application of such unit prices to the actual quantities causes substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values

Where the Contract is based on a stipulated sum or Guaranteed Maximum Price, the Contractor shall submit a schedule of values to the Architect before the first Application for Payment, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to substantiate its accuracy, required by the Architect. This schedule, unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's Applications for Payment. Any changes to the schedule of values shall be

submitted to the Architect and supported by such data to substantiate its accuracy as the Architect may require, and unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's subsequent Applications for Payment.

1. **Unit Prices and Allowances, if stated in Contract Documents, shall be identified within the Schedule of Values.**

§ 9.3 Applications for Payment

§ 9.3.1 The Contractor shall submit to the Architect **on the first of each month for Work performed through the 25th of the preceding month, four (4) original, itemized Applications for Payment for Work completed in accordance with the accepted** schedule of values, if required under Section 9.2, for completed portions of the Work. The application shall be notarized and supported by all data substantiating the Contractor's right to payment that the Owner or Architect require, such copies of requisitions, and releases and waivers of liens from Subcontractors and suppliers, and shall reflect retainage **and documents as follows:**

1. **Until the final payment is made, the Owner shall pay ninety-seven and one half percent (97.5%) of the amount due the Contractor on account of progress payments (note: the 2-1/2% retainage is calculated by withholding the first 5% of the first 50% of the Work completed); and**
2. **The Contractor shall provide documentation substantiating that test, inspections and approvals for portions of Work included in an Application for Payment and required by the Contract Documents, or by laws, ordinances, rules, regulations or orders of public authorities having jurisdiction were made at the appropriate time.**

§ 9.3.1.1 Such applications may include requests for payment on account of changes in the Work, **which have been authorized and approved by properly executed Change Order(s)**.

§ 9.3.2 Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Contractor, Subcontractors, suppliers, or other persons or entities that provided labor, materials, and equipment relating to the Work.

§ 9.4 Certificates for Payment

§ 9.4.1 The Architect will, within seven days after receipt of the Contractor's Application for Payment, either (1) issue to the Owner a Certificate for Payment in the full amount of the Application for Payment, with a copy to the Contractor; or (2) issue to the Owner a Certificate for Payment for such amount as the Architect determines is properly due, and notify the Contractor and Owner of the Architect's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Contractor and Owner of the Architect's reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.4.2 The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on the Architect's evaluation of the Work and the data in the Application for Payment, that, to the best of the Architect's knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion, and to specific qualifications expressed by the Architect.

However, the issuance of a Certificate for Payment will not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work; (2) reviewed construction means, methods, techniques, sequences, or procedures; (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment; or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Architect may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Architect's opinion the representations to the Owner required by Section 9.4.2 cannot be made. If the Architect is unable to certify payment in the amount of the Application, the Architect will notify the Contractor and Owner as provided in Section 9.4.1. If the Contractor and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Architect may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Architect's opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from acts and omissions described in Section 3.3.2, because of

- **.1** defective Work not remedied;
- **.2** third party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Contractor;
- **.3** failure of the Contractor to make payments properly to Subcontractors or suppliers for labor, materials or equipment;
- **.4** reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
- **.5** damage to the Owner or a Separate Contractor;
- **.6** reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or
- **.7** repeated failure to carry out the Work in accordance with the Contract Documents.

§ 9.5.2 When either party disputes the Architect's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, that party may submit a Claim in accordance with Article 15.

§ 9.5.3 When the reasons for withholding certification are removed, certification will be made for amounts previously withheld.

§ 9.5.4 If the Architect withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Contractor and to any Subcontractor or supplier to whom the Contractor failed to make payment for Work properly performed or material or equipment suitably delivered. If the Owner makes payments by joint check, the Owner shall notify the Architect and the Contractor shall reflect such payment on its next Application for Payment.

§ 9.6 Progress Payments

§ 9.6.1 After the Architect has issued a Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Contract Documents, and shall so notify the Architect.

§ 9.6.2 The Contractor shall pay each Subcontractor, no later than seven days after receipt of payment from the Owner, the amount to which the Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the Subcontractor's portion of the Work. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner.

§ 9.6.3 The Architect will, on request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Architect and Owner on account of portions of the Work done by such Subcontractor.

§ 9.6.4 The Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within seven days, the Owner shall have the right to contact Subcontractors and suppliers

to ascertain whether they have been properly paid. Neither the Owner nor Architect shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.6.5 The Contractor's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

§ 9.6.7 Unless the Contractor provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Contractor for Work properly performed by Subcontractors or provided by suppliers shall be held by the Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with the Contractor for which payment was made by the Owner. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Contractor, create any fiduciary liability or tort liability on the part of the Contractor for breach of trust, or entitle any person or entity to an award of punitive damages against the Contractor for breach of the requirements of this provision.

§ 9.6.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor. If approved by the applicable court, when required, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.7 Failure of Payment

If the Architect does not issue a Certificate for Payment, through no fault of the Contractor, within seven days after receipt of the Contractor's Application for Payment, or if the Owner does not pay the Contractor within seven days after the date established in the Contract Documents, the amount certified by the **Architect**, then the Contractor may, upon seven additional days' notice to the Owner and Architect, stop the Work until payment of the amount owing has been received. The Contract Time **may** be extended appropriately and the Contract Sum **may** be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided for in the Contract Documents.

§ 9.8 Substantial Completion

§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

§ 9.8.3 Upon receipt of the Contractor's list, the Architect will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. In such case, the Contractor shall then submit a request for another inspection by the Architect to determine Substantial Completion.

§ 9.8.4 When the Work or designated portion thereof is substantially complete, the Architect will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion; establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance; and fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in the Certificate. Upon such acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work .

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Architect as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner, Contractor, and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon receipt of the Contractor's notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Architect will promptly make such inspection. When the Architect finds the Work acceptable under the Contract Documents and the Contract fully performed, the Architect will promptly issue a final Certificate for Payment stating that to the best of the Architect's knowledge, information and belief, and on the basis of the Architect's on-site visits and inspections, the Work has been completed in accordance with the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Architect's final Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect, (3) a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment, **(5) Contractors Affidavit of Release of Liens, (6) separate Releases or Waivers of Liens from Subcontractors and material and equipment suppliers, (7) written warranty on Contractor's letterhead covering materials and labor for one-year, and (8) the advertisement of completion. The Contractor shall provide proof of publication of Advertisement of completion in a local newspaper for three (3) consecutive weeks, as required in Title 39, Section 39-1-1, Subsection (f), of the Code of Alabama. The final 2.5% retained will not be paid until proof of publication is submitted and all written claims paid in full. This advertisement shall not begin until the City of Mobile has accepted the Project.**

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor and the Architect so confirms, the Owner shall, upon application by the Contractor and certification by the Architect, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Architect prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

- **.1** liens, Claims, security interests, or encumbrances arising out of the Contract and unsettled;
- **.2** failure of the Work to comply with the requirements of the Contract Documents;
- **.3** terms of special warranties required by the Contract Documents; or
- **.4** audits performed by the Owner, if permitted by the Contract Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor, or a supplier, shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

§ 10.1 Safety Precautions and Programs

The Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Contract.

§ 10.2 Safety of Persons and Property

§ 10.2.1 The Contractor shall **comply with all Federal, State, and Local law regarding safety including the requirements of the Occupational Safety and Health Act of 1970, Public Law #91-596, latest version**. **Contractor shall** take **all other** reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury, or loss to

- **.1** employees on the Work and other persons who may be affected thereby;
- **.2** the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Contractor, a Subcontractor, or a Sub-subcontractor; and
- **.3** other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.
- **.4** **The Contractor shall be responsible for damage done to buried cables and other utilities by its equipment and shall contact the appropriate offices prior to construction for information depth, etc., of utilities in the area.**

§ 10.2.2 The Contractor shall comply with, and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on safety of persons or property or their protection from damage, injury, or loss.

§ 10.2.3 The Contractor shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Contractor shall promptly remedy damage and loss to property referred to in Sections 10.2.1.2 and 10.2.1.3 caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under Sections 10.2.1.2 and 10.2.1.3. The Contractor may make a Claim for the cost to remedy the damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under Section 3.18.

§ 10.2.6 The Contractor shall designate a responsible member of the Contractor's organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated by the Contractor in writing to the Owner and Architect.

§ 10.2.7 The Contractor shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 Injury or Damage to Person or Property
If either party suffers injury or damage to person or property because of an act or omission of the other party, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 21 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

§ 10.3 Hazardous Materials and Substances
§ 10.3.1 The Contractor is responsible for compliance with any requirements included in the Contract Documents regarding hazardous materials or substances. If the Contractor encounters a hazardous material or substance not addressed in the Contract Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop Work in the affected area and notify the Owner and Architect of the condition.

§ 10.3.2 Upon receipt of the Contractor's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Contract Documents, the Owner shall furnish in writing to the Contractor and Architect the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Contractor and the Architect will promptly reply to the Owner in writing stating whether or not either has reasonable objection to the persons or entities proposed by the Owner. If either the Contractor or Architect has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Contractor and the Architect have no reasonable objection. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written agreement of the Owner and Contractor. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable additional costs of shutdown, delay, and start-up, **except to the extent that any such delay is attributable to the Contractor's objection to the persons or entitles whom Owner shall have furnished to perform the task of removal of safe containment of such material or substance.**

(Paragraph deleted)
§ 10.3.4 The Owner shall not be responsible **for materials or substances brought to the site by the Contractor regardless of whether such materials or substances were required by the Contract Documents.**

§ 10.3.5 The Contractor shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of hazardous materials or substances the Contractor brings to the site and negligently handles, or (2) where the Contractor fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 If, without negligence **or wantonness** on the part of the Contractor, the Contractor is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Work as required by the Contract Documents, the Owner **may** reimburse the Contractor for all **reasonable** cost and expense thereby incurred.

§ 10.4 Emergencies
In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury, or loss. Additional compensation or extension of time claimed by the Contractor on account of an emergency **may** be determined **only** as provided in Article 15 and Article 7.

ARTICLE 11 INSURANCE AND BONDS

§ 11.1 Contractor's Insurance and Bonds

§ 11.1.1 The Contractor shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Contractor shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner, Architect, and Architect's consultants shall be named as additional insureds under the Contractor's commercial general liability policy or as otherwise described in the Contract Documents.

§ 11.1.2 The Contractor shall provide surety bonds of the types, for such penal sums, and subject to such terms and conditions as required by the Contract Documents. The Contractor shall purchase and maintain the required bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 11.1.3 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

§ 11.1.4 Notice of Cancellation or Expiration of Contractor's Required Insurance. Within three (3) business days of the date the Contractor becomes aware of an impending or actual cancellation or expiration of any insurance required by the Contract Documents, the Contractor shall provide notice to the Owner of such impending or actual cancellation or expiration. Upon receipt of notice from the Contractor, the Owner shall, unless the lapse in coverage arises from an act or omission of the Owner, have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by the Contractor. The furnishing of notice by the Contractor shall not relieve the Contractor of any contractual obligation to provide any required coverage.

§ 11.2 Owner's Insurance

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in the Agreement or elsewhere in the Contract Documents, the Owner shall inform the Contractor in writing prior to commencement of the Work. Upon receipt of notice from the Owner, the Contractor may delay commencement of the Work and may obtain insurance that will protect the interests of the Contractor, Subcontractors, and Sub-Subcontractors in the Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Contractor is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Contractor for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Contract Documents, the Owner shall provide notice to the Contractor of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Contractor: (1) the Contractor, upon receipt of notice from the Owner, shall have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Contractor; (2) the Contract Time and Contract Sum shall be equitably adjusted.

ARTICLE 12 UNCOVERING AND CORRECTION OF WORK

§ 12.1 Uncovering of Work

§ 12.1.1 If a portion of the Work is covered contrary to the Architect's request or to requirements specifically expressed in the Contract Documents, it must, if requested in writing by the Architect, be uncovered for the Architect's examination and be replaced at the Contractor's expense without change in the Contract Time.

§ 12.1.2 If a portion of the Work has been covered that the Architect has not specifically requested to examine prior to its being covered, the Architect may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, the Contractor shall be entitled to an equitable adjustment to the Contract Sum and Contract Time as may be appropriate. If such Work is not in accordance with the Contract Documents, the costs of uncovering the Work, and the cost of correction, shall be at the Contractor's expense.

§ 12.2 Correction of Work

§ 12.2.1 Before Substantial Completion

The Contractor shall promptly correct Work rejected by the Architect or failing to conform to the requirements of the Contract Documents, discovered before Substantial Completion and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Architect's services and expenses made necessary thereby, shall be at the Contractor's expense.

§ 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Contractor's obligations under Section 3.5, if, within one year after the date of Substantial Completion of the Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of notice from the Owner to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of Work, if the Owner fails to notify the Contractor and give the Contractor an opportunity to make the correction, the Owner waives the rights to require correction by the Contractor and to make a claim for breach of warranty. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from the Owner or Architect, the Owner may correct it in accordance with Section 2.5.

§ 12.2.2.2 The one-year period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.

§ 12.2.2.3 The one-year period for correction of Work shall not be extended by corrective Work performed by the Contractor pursuant to this Section 12.2.

§ 12.2.3 The Contractor shall remove from the site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.

§ 12.2.4 The Contractor shall bear the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

§ 12.3 Acceptance of Nonconforming Work

If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 MISCELLANEOUS PROVISIONS

§ 13.1 Governing Law

The Contract shall be governed by the law of **State of Alabama.**

§ 13.2 Successors and Assigns

§ 13.2.1 The Owner and Contractor respectively bind themselves, their partners, successors, assigns, and legal representatives to covenants, agreements, and obligations contained in the Contract Documents. Except as provided in Section 13.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 13.2.2 The Owner may, without consent of the Contractor, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Contract Documents. The Contractor shall execute all consents reasonably required to facilitate the assignment.

§ 13.2.3 No assignment of the Contract shall be made without the written permission of Surety providing bonding and the City of Mobile.

§ 13.3 Rights and Remedies

§ 13.3.1 Duties and obligations imposed by the Contract Documents and rights and remedies available thereunder shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 13.3.2 No action or failure to act by the Owner, Architect, or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 13.4 Tests and Inspections

§ 13.4.1 Tests, inspections, and approvals of portions of the Work shall be made as required by the Contract Documents and by applicable laws, statutes, ordinances, codes, rules, and regulations or lawful orders of public authorities. Unless otherwise provided, the Contractor shall make arrangements for such tests, inspections, and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs of tests, inspections, and approvals. The Contractor shall give the Architect timely notice of when and where tests and inspections are to be made so that the Architect may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after bids are received or negotiations concluded. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

§ 13.4.2 If the Architect, Owner, or public authorities having jurisdiction determine that portions of the Work require additional testing, inspection, or approval not included under Section 13.4.1, the Architect will, upon written authorization from the Owner, instruct the Contractor to make arrangements for such additional testing, inspection, or

approval, by an entity acceptable to the Owner, and the Contractor shall give timely notice to the Architect of when and where tests and inspections are to be made so that the Architect may be present for such procedures. Such costs, except as provided in Section 13.4.3, shall be at the Owner's expense.

§ 13.4.3 If procedures for testing, inspection, or approval under Sections 13.4.1 and 13.4.2 reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, all costs made necessary by such failure, including those of repeated procedures and compensation for the Architect's services and expenses, shall be at the Contractor's expense.

§ 13.4.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Architect.

§ 13.4.5 If the Architect is to observe tests, inspections, or approvals required by the Contract Documents, the Architect will do so promptly and, where practicable, at the normal place of testing.

§ 13.4.6 Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

(Paragraphs deleted)

§ 13.4.7 Test, inspections or approvals made in addition to the Architect's normal design and contract administration services caused by the Contractor shall be paid for by the Contractor. The normal service schedule is contained in Article 2.8.1 of AIA B102-2017 as amended by the Owner and is available to Contractor on request.

§ 13.4.8 The Contractor must call the Urban Development Department of the City of Mobile for their inspections and approval at the times required by the Urban Development Department, as well as notify the Architect, Consulting Engineer, and/or Test Laboratory, for inspection and approval of sub-grade conditions, under slab and footing conditions, vapor barrier placement, reinforcing steel placement, all structural connections, electrical, mechanical, etc. None of the above will be accepted that have been covered up before receiving approval of the Architect or his Consultant.

ARTICLE 14 TERMINATION OR SUSPENSION OF THE CONTRACT

§ 14.1 Termination by the Contractor

§ 14.1.1 The Contractor may terminate the Contract if the Work is stopped for a period of 30 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, for any of the following reasons:

- **.1** Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;
- **.2** An act of government, such as a declaration of national emergency, that requires all Work to be stopped;
- **.3** Because the Architect has not issued a Certificate for Payment and has not notified the Contractor of the reason for withholding certification as provided in Section 9.4.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Contract Documents; or
- **.4** The Owner has failed to furnish to the Contractor reasonable evidence as required by Section 2.2.

§ 14.1.2 The Contractor may terminate the Contract if, through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven days' notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work **executed.**

User Notes:

§ 14.1.4 If the Work is stopped for a period of 60 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, or their agents or employees or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon seven additional days' notice to the Owner and the Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3.

§ 14.2 Termination by the Owner for Cause

§ 14.2.1 The Owner may terminate the Contract if the Contractor

- **.1** repeatedly refuses or fails to supply enough properly skilled workers or proper materials;
- **.2** fails to make payment to Subcontractors or suppliers in accordance with the respective agreements between the Contractor and the Subcontractors or suppliers;
- **.3** repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or
- **.4** otherwise is guilty of substantial breach of a provision of the Contract Documents.

§ 14.2.2 When any of the reasons described in Section 14.2.1 exist, and upon certification by the Architect that sufficient cause exists to justify such action, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor's surety, if any, seven days' notice, terminate employment of the Contractor and may, subject to any prior rights of the surety:

- **.1** Exclude the Contractor from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor;
- **.2** Accept assignment of subcontracts pursuant to Section 5.4; and
- **.3** Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Contractor, the Owner shall furnish to the Contractor a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 14.2.3 When the Owner terminates the Contract for one of the reasons stated in Section 14.2.1, the Contractor shall not be entitled to receive further payment until the Work is finished.

§ 14.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work, including compensation for the Architect's services and expenses made necessary thereby, and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to the Owner. The amount to be paid to the Contractor or Owner, as the case may be, shall be certified by the Initial Decision Maker, upon application, and this obligation for payment shall survive termination of the Contract.

§ 14.3 Suspension by the Owner for Convenience

§ 14.3.1 The Owner may, without cause, order the Contractor in writing to suspend, delay or interrupt the Work, in whole or in part for such period of time as the Owner may determine.

§ 14.3.2 The Contract Sum and Contract Time **may** be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent

- **.1** that performance is, was, or would have been, so suspended, delayed, or interrupted, by another cause for which the Contractor is responsible; or
- **.2** that an equitable adjustment is made or denied under another provision of the Contract.

§ 14.4 Termination by the Owner for Convenience

§ 14.4.1 The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause.

§ 14.4.2 Upon receipt of notice from the Owner of such termination for the Owner's convenience, the Contractor shall

- **.1** cease operations as directed by the Owner in the notice;
- **.2** take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and
- **.3** except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

ARTICLE 15 CLAIMS AND DISPUTES

§ 15.1 Claims

§ 15.1.1 Definition

A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Contractor arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims

The Owner and Contractor shall commence all Claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in the Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Contractor waive all Claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims

§ 15.1.3.1 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered prior to expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant **acting with due diligence, reasonably should have first recognized** the condition giving rise to the Claim, whichever is later. **Claims must be initiated by written notice to the Architect and the other party.**

§ 15.1.3.2 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by notice to the other party. In such event, no decision by the Initial Decision Maker is required.

§ 15.1.4 Continuing Contract Performance

§ 15.1.4.1 Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Contract Documents.

§ 15.1.4.2 The Contract Sum and Contract Time shall be adjusted in accordance with the Initial Decision Maker's decision, subject to the right of either party to proceed in accordance with this Article 15. The Architect will issue Certificates for Payment in accordance with the decision of the Initial Decision Maker.

§ 15.1.5 Claims for Additional Cost

If the Contractor wishes to make a Claim for an increase in the Contract Sum, notice as provided in Section 15.1.3 shall be given before proceeding to execute the portion of the Work **giving rise to such claim.** that is the subject of the Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

§ 15.1.6 Claims for Additional Time

§ 15.1.6.1 If the Contractor wishes to make a Claim for an increase in the Contract Time, notice as provided in Section 15.1.3 shall be given. The Contractor's Claim shall include an estimate of cost and of probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

§ 15.1.6.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated, and had an adverse effect on the scheduled construction.

§ 15.1.7 Waiver of Claims for Consequential Damages

The Contractor and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes

.1 damages incurred by the Owner for rental expenses, for losses of use, income, profit, financing, business and reputation, and for loss of management or employee productivity or of the services of such persons; and

.2 damages incurred by the Contractor for principal office expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit, except anticipated profit arising directly from the Work.

This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with Article 14. Nothing contained in this Section 15.1.7 shall be deemed to preclude assessment of liquidated damages, when applicable, in accordance with the requirements of the Contract Documents.

§ 15.2 Initial Decision

§ 15.2.1 Claims, excluding those where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2 or arising under Sections 10.3, 10.4, and 11.5, shall be referred to the Initial Decision Maker for initial decision. The Architect will serve as the Initial Decision Maker, unless otherwise indicated in the Agreement. Except for those Claims excluded by this Section 15.2.1, an initial decision shall be required as a condition precedent to mediation of any Claim. If an initial decision has not been rendered within 30 days after the Claim has been referred to the Initial Decision Maker, the party asserting the Claim may demand mediation and binding dispute resolution without a decision having been rendered. Unless the Initial Decision Maker and all affected parties agree, the Initial Decision Maker will not decide disputes between the Contractor and persons or entities other than the Owner.

§ 15.2.2 The **Architect** will review Claims and within ten days of the receipt of a Claim take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim, (4) suggest a compromise, or (5) advise the parties that the Initial Decision Maker is unable to resolve the Claim if the Initial Decision Maker lacks sufficient information to evaluate the merits of the Claim or if the **Architect reasonably concludes that**, it would be inappropriate for the Initial Decision Maker to resolve the Claim.

§ 15.2.3 In evaluating Claims, the Initial Decision Maker may, but shall not be obligated to, consult with or seek information from either party or from persons with special knowledge or expertise who may assist the Initial Decision Maker in rendering a decision. The Initial Decision Maker may request the Owner to authorize retention of such persons at the Owner's expense.

§ 15.2.4 If the Initial Decision Maker requests a party to provide a response to a Claim or to furnish additional supporting data, such party shall respond, within ten days after receipt of the request, and shall either (1) provide a response on the requested supporting data, (2) advise the Initial Decision Maker when the response or supporting data will be furnished, or (3) advise the Initial Decision Maker that no supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Initial Decision Maker will either reject or approve the Claim in whole or in part.

§ 15.2.5 The Initial Decision Maker will render an initial decision approving or rejecting the Claim, or indicating that the Initial Decision Maker is unable to resolve the Claim. This initial decision shall (1) be in writing; (2) state the reasons **therefore**; and (3) notify the parties and the Architect, if the Architect is not serving as the Initial Decision Maker, of any change in the Contract Sum or Contract Time or both. The initial decision shall be final and binding on the parties .

~~**§ 1.7 Digital Data Use and Transmission**~~

~~The parties shall agree upon written protocols governing the transmission and use of, and reliance on, Instruments of Service or any other information or documentation in digital form.~~

~~**§ 1.8 Building Information Models Use and Reliance**~~

~~Any use of, or reliance on, all or a portion of a building information model without agreement to written protocols governing the use of, and reliance on, the information contained in the model shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.~~

PAGE 11

~~**§ 2.1.2** The Owner shall furnish to the Contractor, within fifteen days after receipt of a written request, information necessary and relevant for the Contractor to evaluate, give notice of, or enforce mechanic's lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner's interest therein.~~

PAGE 13

§ 3.3.4 Three (3) days after the opening of the Bids, the Contractor shall furnish for written approval, an outline of the education, experience, and character of the Contractor's Project Manager, Superintendent, and Engineer. Any future substitution must have prior written approval of the Architect.

PAGE 14

§ 3.4.4 The Contractor's or his/her Subcontractor's supervisors and workmen engaged on special work or skilled Work in any supervisory position or trade shall be qualified and have had sufficient education, training, and experience as a recognized professional or master mechanic in such Work to perform it properly and satisfactorily as prescribed in the Contract Documents.

§ 3.4.5 Any project manager, superintendent, engineer, foreman, or workman employed by the Contractor or by a Subcontractor who, in the sole opinion of the Architect, does not perform his/her Work in a proper and skillful manner or becomes party to disrespectful, intemperate, disorderly, intoxicated, or dishonest behavior, or uses foul language, fights, commits criminal act(s), falsifies records and construction, covers-up faulty Work

§ 3.4.6 Should the Contractor fail to remove such person or persons specified in Article 3.4.5 hereinabove or fail to furnish suitable and sufficient machinery, equipment, materials or qualified labor force for the proper execution of the Work, the Architect may withhold all payments which are or may become due to the Contractor or may suspend the Work until such orders are complied with.

§ 3.4.7 Contractor shall abide by provisions of Section 14.1 and Section 14.2, Code of the City of Mobile, originally adopted December 10, 1991. Prohibiting Discrimination in Employment by Contractors, Subcontractors, and Vendors performing Work and providing materials and supplies for the City of Mobile. A copy of said Code is located in the City's Projects Architectural Engineering Department. Certification of compliance with this requirement shall be made for all persons involved in the Work by the signature of the General Conditions on the Bid Form.

...

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall ~~secure and pay for the building permit as well as for~~ **City of Mobile building permit without cost, and shall secure and pay for** other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

§ 3.7.1.1 The Contractor shall secure building and other permits customarily obtained from the City of Mobile at no cost.
PAGE 16

§ 3.10.1 The Contractor, ~~promptly~~ **within ten (10) business days** after being awarded the Contract, shall submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project.

...

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Architect, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract ~~Documents, in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with~~ Documentswith reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of Separate Contractors. **Submittals which are not marked as reviewed for compliance with the Contract Documents and approved by the Contractor may be returned by the Architect without action. Wherever Shop Drawings are required in these Specifications, Shop Drawings shall be submitted for approval before materials are fabricated. Drawings shall show complete details. The General Contractor shall check and approve them either in writing or by stamp before forwarding to the Architect. The Architect will mark copies "Approved" if correct; or, "Approved As Noted" if only minor corrections are necessary. If major corrections are necessary, they will be noted on the Shop Drawings and they will be returned to the Contractor for correction and resubmission. Submit four (4) copies for Architect's and Owner's use plus the number of copies the Contractor requires for his/her own use.**

§ 3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity ~~that~~ **which** would otherwise exist as to a party or person described in this Section 3.18.
PAGE 19

§ 3.19 As applicable, the Contractor shall be responsible at the appropriate time during construction of the Project to have all permanent meters installed (electrical, water, gas, etc.) and all utilities connected prior to the time of Final Inspection. The Contractor shall pay all utility costs until the Project is accepted by the City of Mobile.

§ 4.1.1 The ~~Architect is the person or entity retained by the Owner pursuant to Section 2.3.2 and identified as such in the Agreement.~~**Owner shall retain an Architect lawfully licensed to practice architecture or an entity lawfully practicing architecture in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.**

...

§ 4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative ~~during construction until the date the Architect issues the final Certificate for Payment.~~ **(1) during construction, (2) until all conditions necessary for the final completion and payment have been fulfilled, and (3) with the Owner's concurrence, from time to time during the one-year period for correction of Work described in Section 12.2.** The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract ~~Documents.~~Documents**, unless otherwise modified in writing in accordance with other provisions of the Contract.**
PAGE 21

§ 5.2.1 ~~Unless otherwise stated in the Contract Documents, the Contractor, as soon as practicable after award of the Contract,~~ **The apparent low bidder, with (3) days after bids are** opened shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect (1) has reasonable objection to any such proposed person or entity or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

...

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection. ~~If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be~~

However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required.~~

...

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than 30 days, the Subcontractor's compensation ~~shall~~ **may** be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor contractor or other entity. ~~If the Owner assigns the subcontract to a successor contractor or other entity, the Owner shall nevertheless remain legally responsible for all of the successor contractor's obligations under the subcontract.~~

PAGE 22

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents. **The total of all Change Orders on each contract shall not exceed (10%) of the contract price for each project and shall be subject to at least one of the following criteria:**

1. **Minor changes for a total monetary value less than required for competitive bidding under the State Competitive Bid Laws.**
2. **Changes for matters relatively minor and incidental to the original contract necessitated by unforeseen circumstances arising during the course of the Work.**
3. **Emergencies arising during the course of the Work of the Contract.**
4. **Changes or Alterations provided for the original bidding where there is no difference in price on the Change Order from the original best bid on the Alternate.**
5. **Changes or relatively minor items not contemplated when the plans and specifications were prepared and the Project was bid, which are in the public interest.**

A. **A statement of what the Change Order covers and who instituted the Change Order and why it is necessary or desired.**

B. **A statement setting forth the reasons for using the Change Order method rather than taking new competitive bids.**

C. **A statement that all prices have been reviewed and found reasonable, fair, and equitable and recommending approval of the same.**

...

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Architect shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an ~~amount for overhead and profit as set forth in the Agreement, or if no such amount is set forth in the Agreement, a reasonable amount.~~ **allowance of (10%) mark-up on Subcontractor's direct cost (actual cost of Labor & Materials) and (15%) mark-up on General Contractor's direct (actual cost of Labor & Materials).** In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as the Architect may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

§ 10.3.2 Upon receipt of the Contractor's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Contract Documents, the Owner shall furnish in writing to the Contractor and Architect the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Contractor and the Architect will promptly reply to the Owner in writing stating whether or not either has reasonable objection to the persons or entities proposed by the Owner. If either the Contractor or Architect has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Contractor and the Architect have no reasonable objection. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written agreement of the Owner and Contractor. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable additional costs of shutdown, delay, and ~~start-up.~~start-up, **except to the extent that any such delay is attributable to the Contractor's objection to the persons or entitles whom Owner shall have furnished to perform the task of removal of safe containment of such material or substance.**

~~**§ 10.3.3** To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Contractor, Subcontractors, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work in the affected area if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), except to the extent that such damage, loss, or expense is due to the fault or negligence of the party seeking indemnity.~~

§ 10.3.4 The Owner shall not be responsible ~~under this Section 10.3 for hazardous materials or substances the Contractor brings to the site unless such materials or substances are required by the Contract Documents. The Owner shall be responsible for hazardous materials or substances required by the Contract Documents, except to the extent of the Contractor's fault or negligence in the use and handling of such materials or substances.~~**for materials or**

~~**§ 11.3 Waivers of Subrogation**~~
~~**§ 11.3.1** The Owner and Contractor waive all rights against (1) each other and any of their subcontractors, sub-subcontractors, agents, and employees, each of the other; (2) the Architect and Architect's consultants; and (3) Separate Contractors, if any, and any of their subcontractors, sub-subcontractors, agents, and employees, for damages caused by fire, or other causes of loss, to the extent those losses are covered by property insurance required by the Agreement or other property insurance applicable to the Project, except such rights as they have to proceeds of such insurance. The Owner or Contractor, as appropriate, shall require similar written waivers in favor of the individuals and entities identified above from the Architect, Architect's consultants, Separate Contractors, subcontractors, and sub-subcontractors. The policies of insurance purchased and maintained by each person or entity agreeing to waive claims pursuant to this section 11.3.1 shall not prohibit this waiver of subrogation. This waiver of subrogation shall be effective as to a person or entity (1) even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, (2) even though that person or entity did not pay the insurance premium directly or indirectly, or (3) whether or not the person or entity had an insurable interest in the damaged property.~~

~~**§ 11.3.2** If during the Project construction period the Owner insures properties, real or personal or both, at or adjacent to the site by property insurance under policies separate from those insuring the Project, or if after final payment property insurance is to be provided on the completed Project through a policy or policies other than those insuring the Project during the construction period, to the extent permissible by such policies, the Owner waives all rights in accordance with the terms of Section 11.3.1 for damages caused by fire or other causes of loss covered by this separate property insurance.~~

~~**§ 11.4 Loss of Use, Business Interruption, and Delay in Completion Insurance**~~
~~The Owner, at the Owner's option, may purchase and maintain insurance that will protect the Owner against loss of use of the Owner's property, or the inability to conduct normal operations, due to fire or other causes of loss. The Owner waives all rights of action against the Contractor and Architect for loss of use of the Owner's property, due to fire or other hazards however caused.~~

~~§11.5 Adjustment and Settlement of Insured Loss~~

~~§ 11.5.1 A loss insured under the property insurance required by the Agreement shall be adjusted by the Owner as fiduciary and made payable to the Owner as fiduciary for the insureds, as their interests may appear, subject to requirements of any applicable mortgagee clause and of Section 11.5.2. The Owner shall pay the Architect and Contractor their just shares of insurance proceeds received by the Owner, and by appropriate agreements the Architect and Contractor shall make payments to their consultants and Subcontractors in similar manner.~~

~~§ 11.5.2 Prior to settlement of an insured loss, the Owner shall notify the Contractor of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Contractor shall have 14 days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Contractor does not object, the Owner shall settle the loss and the Contractor shall be bound by the settlement and allocation. Upon receipt, the Owner shall deposit the insurance proceeds in a separate account and make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Contract for convenience, the Owner and Contractor shall execute a Change Order for reconstruction of the damaged or destroyed Work in the amount allocated for that purpose. If the Contractor timely objects to either the terms of the proposed settlement or the allocation of the proceeds, the Owner may proceed to settle the insured loss, and any dispute between the Owner and Contractor arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Construction Change Directive for the reconstruction of the damaged or destroyed Work.~~

§ 15.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, and 15.1.7, shall **not** be subject to mediation as a condition precedent to binding dispute resolution.

~~**§ 15.3.2** The parties shall endeavor to resolve their Claims by mediation which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. A request for mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. Carefully document the total square footage of roof deck to be replaced in order to determine the final quantities required, for reconciliation of Unit Prices upon completion of the project (see SECTION 01220: UNIT PRICES).

D. Contract Description: Stipulated sum.

E. Equipment required for the project shall be submitted to the engineer for approval within fifteen (15) calendar days of Notice to Proceed. After the approved submittals are returned, the equipment shall be ordered within ten (10) days of approval. Work shall be completed within fifteen (15) calendar days from the date of equipment delivery. Substitutions on named equipment shall be considered pre-bid only.

1.3 CONTRACTOR USE OF PREMISES

A. Limit use of premises to allow continued Owner occupancy. All facilities shall remain in use except the immediate building and work area for this project. Obey all Facility Regulations and coordinate access and schedule of work with Project Manager.

1.4 CONTINGENCY ALLOWANCE

A. Include in the Contract the stipulated amount for use upon Owner's instruction.

B. Contractor's costs for products, delivery, installation, labor, insurance, payroll, taxes, bonding, equipment rental, overhead and profit are included in Change or Field Orders authorizing expenditure of funds from this Contingency Allowance.

1.5 SCHEDULE OF VALUES

A. Submit Schedule of Values on AIA Form G703 within five (5) calendar days of notification of project award.

1.6 APPLICATIONS FOR PAYMENT

A. Submit two signed and notarized originals of each application on AIA Form G702 and AIA Form G703. Submit Lien Release Waivers, including from subcontractors and major suppliers, with each pay application. Submit DBE Utilization Form with each pay application.

B. Content and Format: Utilize Schedule of Values, AIA Form G703, for listing items in Application for Payment.

C. Payment Period: Monthly, except for final payment of retainage after all Close Out documents are submitted and approved.

1.7 CHANGE ORDER PROCEDURES

A. All contract changes involving a change in scope, payment and/or time shall be made by change order.

B. Stipulated Sum/Price Change Order: Based on Proposal Request and Contractor's fixed price quotation or Contractor's request for a Change Order as approved by Owner.

1.8 ALTERNATE BID ITEMS

A. Alternates quoted on Bid Form, if any, will be reviewed and accepted in the order listed.

B. Coordinate related Work and modify surrounding Work as required.

C. Schedule of Alternates: Listed on bid form, as applicable.

1.9 COORDINATION

A. Coordinate scheduling, submittals, and Work at the facility to ensure an efficient and orderly sequence and to facilitate the continued uninterrupted use of the Facility.

B. Request Utility interruptions at least 72 hours in advance. Note that due to scheduling in the facility, utility interruptions must be approved.

1.10 FIELD ENGINEERING

A. Establish elevations, lines, and levels and certify that elevations and locations of the Work conform to the Contract Documents. Verify existing conditions.

B. Contractor shall field verify all measurements and quantities required for a complete installation.

1.11 PRECONSTRUCTION MEETINGS

A. Owner will schedule a pre-construction meeting after contract award for all affected parties.

1.12 PROGRESS MEETINGS

A. Schedule and administer meetings throughout progress of the Work at pre-approved intervals at least every week while work on site is proceeding.

B. Preside at meetings, record minutes, and distribute copies within two days to those affected by decisions made.

1.13 CONSTRUCTION PROGRESS SCHEDULES

A. Submit initial progress schedule in duplicate within five (5) calendar days after date of notice of award of project for Project Manager’s review.

B. Submit revised schedules with each Application for Payment, identifying changes since previous version. Indicate estimated percentage of completion for each item of Work at each submission.

1.14 SHOP DRAWINGS

A. Shop Drawings for Review: Submit to Project Manager/Engineer for review for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

B. Submit electronic submittals to the Project Manager. Close Out documents shall include electronic and hard copies of all submittals.

1.15 QUALITY ASSURANCE - CONTROL OF INSTALLATION

A. Monitor quality control over suppliers, manufacturers, products, services, site conditions, and workmanship, to produce Work of specified quality.

B. Comply with manufacturers' written instructions.

C. Comply with specified standards as minimum quality for the Work except when

more stringent tolerances, codes, or specified requirements indicate higher standards or more precise workmanship.

D. Supply certification from manufacturer that the installed Work meets or exceeds all manufacturers' requirements.

1.16 EXAMINATION

A. Verify that existing site conditions and subsurfaces are acceptable for subsequent Work. Beginning new Work means acceptance of existing conditions.

B. Verify that utility services are available, of the correct characteristics, and in the correct location.

1.17 PREPARATION

A. Prepare surfaces prior to applying next material installation.

1.18 TOLERANCES

A. Monitor fabrication and installation tolerance control of installed Products over suppliers, manufacturers, Products, site conditions, and workmanship, to produce acceptable Work. Do not permit tolerances to accumulate. Comply fully with manufacturers' tolerances.

1.19 REFERENCES

A. Conform to reference standards by date of issue current as of date of Contract Documents.

B. Should specified reference standard conflict with Contract Documents, request clarification from Project Manager before proceeding.

1.20 ELECTRICITY

A. Unless otherwise provided for, Contractor shall be allowed to utilize power from the facility in moderate amounts.

B. Provide power outlets for construction operations, branch wiring, distribution boxes, and flexible power cords as required.

1.21 TEMPORARY LIGHTING FOR CONSTRUCTION PURPOSES

A. Provide and maintain temporary lighting for construction operations as may be required.

B. Provide branch wiring from power source to distribution boxes with lighting conductors, pigtails, and lamps as required.

1.22 WATER SERVICE

A. Owner shall provide suitable potable water in moderate quantities without cost to the Contractor.

1.23 TEMPORARY SANITARY FACILITIES

A. Contractor shall provide his own temporary facilities. Use of facility facilities is not possible.

1.24 BARRIERS AND FENCING

A. Provide barriers and fencing as needed to prevent unauthorized entry to construction areas and to protect existing facilities and adjacent properties from dust, debris and damage.

1.25 PROTECTION OF INSTALLED WORK

A. Protect installed Work and provide special protection where specified in individual specification sections. Prohibit traffic or storage upon grass or paving surfaces.

1.26 SECURITY

A. Provide security and facilities to protect Work and existing facilities from unauthorized entry, vandalism, or theft.

1.27 ACCESS ROADS & HAULING

A. Maintain temporary access routes through the public thoroughfare and parking areas to serve the construction area as required without obstructing traffic or blocking access for facility staff or participants. Provide drive pads as required.

B. Restore site to pre-construction condition. Fill ruts, replace broken or damaged amenities, sod disturbed areas.

1.28 PARKING

A. Arrange for temporary parking areas to accommodate construction personnel on site. Do not block traffic.

1.29 PROGRESS CLEANING AND WASTE REMOVAL

A. Collect and maintain work areas free of waste materials, debris, and rubbish on a

daily basis. Maintain site in a clean and orderly condition. Provide refuse containers and dispose of construction debris legally off site. The Owner may request load tickets from landfills permitted to accept construction debris.

1.30 REMOVAL OF UTILITIES, FACILITIES, AND CONTROLS

A. Remove temporary utilities, equipment, facilities and materials, prior to Substantial Completion review.

B. Clean and repair damage caused by installation or use of temporary work.

C. Restore existing facilities used during construction to original condition. Restore permanent facilities used during construction to specified condition.

1.31 PRODUCTS

A. Products: Means new material, machinery, components, equipment, fixtures, and systems forming the Work but does not include machinery and equipment used for preparation, fabrication, conveying and erection of the Work.

1.32 TRANSPORTATION, HANDLING, STORAGE AND PROTECTION

A. Transport, handle, store, and protect Products in accordance with manufacturers' instructions.

1.33 PRODUCT OPTIONS

A. Products Specified: **Equal alternate products to be approved by Owner as PRE-BID Substitutions. Submit product data as required in SUBSTITUTIONS.**

1.34 SUBSTITUTIONS

A. **Architect/Engineer will consider requests for Substitutions only Pre-Bid. Submit requests by September 12, 2025, by 3:00pm via e-mail to Project Manager elizabeth.miller@cityofmobile.org.**

B. Document each request with complete backup data substantiating compliance of proposed Substitution with all characteristics of the materials specified in the Contract Documents. Comply with procedures and documentation as per Section 01635 Substitutions.

C. Acceptance or Rejection of Pre-Bid Substitution Requests will be issued by Addendum.

1.35 FINAL CLEANING

A. Execute final cleaning prior to final inspection of work area. User may occupy portions of the work incrementally as the work is completed and accepted. Entire project to be ready for use by User once all areas of work are completed.

B. Clean debris from site and drainage systems.

C. Remove waste and surplus materials, rubbish, and construction facilities from the facility and the site. Leave site in raked and smooth condition.

1.36 PROJECT RECORD DOCUMENTS

A. Maintain on site one set of Contract Documents to be utilized only for record documents.

B. Record actual revisions to the Work. Record information concurrent with construction progress.

C. Specifications: Legibly mark and record at each Product section a description of actual Products installed.

D. Record Documents and Shop Drawings: Legibly mark each item to record actual construction.

E. Submit documents to Project Manager with claim for final Application for Payment.

F. Submit 2 paper copies and 1 disc with pdf copies to include:
   a. As built drawings and specifications
   b. Approved submittals
   c. Warrantees and guarantees
   d. Certificate of Occupancy or Letter of Completion from Permitting Department or other agencies, as applicable.

1.37 WARRANTIES

A. Product and Manufacturer’s Warranties shall be provided per specifications.

B. In addition, all materials and labor shall be warranted for a minimum of two (2) years after Substantial Completion of the entire project. Contractor to promptly repair all deficiencies within that time. A warranty inspection shall be scheduled by the Owner, with the Contractor and Owner’s representative, before the end of the warranty period, in order to review the work and note deficiencies for the Contractor to correct. Said meeting may be waived if no deficiencies are noted.

SECTION 01210

ALLOWANCES

PART 1GENERAL

1.1 RELATED DOCUMENTS

Drawings and general provisions of the Contract, including General Conditions and Division 01 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Allowances will be utilized to:

1. Defer selection of certain items until more information is available.

2. Provide for discretionary installation of materials where exact and specific conditions cannot be determined in advance.

3. Provide for the discretionary use of labor where tasks and time frames cannot be determined in advance.

B. Include in Total Bid a stipulated lump sum allowance amount as specified in this Section.

1.3 ALLOWANCE

A. Include in the Total Base Quote a stipulated allowance(s) as indicated on the Quote Form for the use upon Owner's instruction. Upon Contractor inspection and Owner approval, any additional work that may be required, but not covered in the original Scope of Work (Base Scope Quote), shall be added to the scope and cost charged against the Contingency Allowance. Contractor's cost for products, delivery, installation labor, insurance, payroll, bonding, equipment rental and overhead and profit will be included in the Allowances. Contractor's markups on allowances are limited to 10% for subcontractor's work and 15% for his own forces.

B. Use of Contingency Allowance(s) shall be approved in writing by the Owner before any materials are ordered or work performed.

C. Upon completion of the Work, any unused portion of the Allowances shall be credited back to the City of Mobile in the form of a Change Order.

D. Contractor shall provide a detailed proposal of the work with overhead and profit broken out. Such proposals shall include proposals from subcontractors, also showing their detailed proposal with overhead and profit broken out.

1.4 SELECTION AND PURCHASE

A. Advise the Project Manager when final selection and purchase of allowance item must be complete to avoid delay.

1.5 SUBMITTALS

A. Request for Use of Allowance: Submit proposals for approval that detail and break out costs for contractors and subcontractor's markups.

B. After Use of Allowance: Submit invoices to show quantity delivered to the site for each allowance.

PART 2 PRODUCTS

Not used

PART 3 EXECUTION

3.1 INSPECTION

A. Promptly inspect all Allowance items upon delivery. Immediately report any shortage, damage, or defects to Project Manager.

3.2 PREPARATION

A. Coordinate materials and installation to assure that each item is integrated with related construction activities.

3.3 ALLOWANCE SCHEDULE

A. Include as a Contingency Allowance the lump sum amount of seven thousand Dollars ($7,000.00).

UNIT PRICES

PART 1 GENERAL

1.1 RELATED DOCUMENTS

Drawings and general provisions of the Contract, including General Conditions and Division 01 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section Includes:
   1. Measurement.
   2. Payment.

1.3 UNIT PRICES

A. Provide unit prices for items listed, for inclusion in Contract, guaranteed to apply for duration of Project as basis for additions to or deductions from Contract Sum.

B. Actual quantities and measurements supplied or placed in the Work will determine payment. Contractor must document quantities involved with photographs and measurements, or **in some other manner satisfactory to the Owner**.

C. Payment includes full compensation for all required labor, Products, tools, equipment, services, and incidentals, and for erection, application, or installation of an item of the Work.

PART 2 PRODUCTS Not used

PART 3 EXECUTION

3.1 UNIT PRICE SCHEDULE

A. Remove and replace (1) square foot of rotten or otherwise unsuitable treated wood deck boards to match adjacent (Base Bid – Senior Center, Alternate Bid #1 - Pavilion #1 & Alternate Bid #2 - Pavilion #2).
   1. Unit of measure: Per Board Foot.
   2. Basis of payment:
      a. Contract Sum to be based on quantities material provided and installed.
      b. Adjustments to Contract Sum will be made based on actual quantity of items provided to owner.

B. Remove, replace and paint to match one (1) linear foot of treated 6” (verify board size in field to match existing fascia board) soffit fascia board (Alternate Bid #1 - Pavilion #1
& Alternate Bid #2 - Pavilion #2):
   1. Unit of measure: Per board foot or portion thereof.
   2. Basis of payment:
      a. Contract Sum to be based on quantities of material provided and installed.
      b. Adjustments to Contract Sum will be made based on actual quantity of items provided to owner.

ALTERNATIVE BID ITEMS

PART 1 GENERAL

1.1 RELATED DOCUMENTS
Drawings and general provisions of the Contract, including General Conditions and Division 01 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section Includes
1. Documentation of changes to Contract Sum and/or Contract Time.

B. Contract Documents contain pertinent requirements for materials and methods to accomplish work described herein.

C. Provide alternate costs for inclusion in Contract Sum if accepted by Owner.

1.3 RELATED REQUIREMENTS

A. Owner/Contractor Agreement: Alternates accepted by Owner for incorporation into the Work.

B. Individual specification sections identified.

PROCEDURES

C. Alternates will be exercised at the option of Owner.

D. Coordinate related work and modify surrounding work as required to complete the work, including changes under each Alternate, when acceptance is designated in Owner/Contractor Agreement.

1.4 DESCRIPTION OF ALTERNATES

A. Alternate #1 (Pavilion #1, ± 1,000 SF): The Work includes replacement of the existing asphalt roof across the entire Pavilion roof. This work will include the following activities:

1) Remove and dispose of the existing asphalt shingle roof assembly, and inspect the existing deck. Remove and replace any wet or otherwise unsuitable deck or fascia board. Carefully document the total square footage of roof deck or fascia board to be replaced in order to determine the final quantities required, for reconciliation of Unit Prices upon completion of the project (see SECTION 01220: UNIT PRICES).
2) Provide and install new PBR 24-gauge Kynar-coated metal roof panels, counterflashings and sealants at required locations. Kynar color shall match the color of the existing metal roof pavilion adjacent to the tennis courts and as

selected by Architect from manufacturer's full range. Install metal panels according to manufacturer's instructions in orientation, sizes, and locations indicated. Use the specified fasteners according to manufacturer's instructions in material & spacing

3) Install all necessary terminations at perimeters, penetrations; curbs, etc., as required by the roofing manufacturer. Cover all exposed termination bars with new 24-gauge Kynar-coated counterflashings and sealants at required locations. Kynar color shall match the color of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's full range.

B. Alternate #2 (Pavilion #2, ± 800 SF): The Work includes replacement of the existing asphalt roof across the entire Pavilion roof. This work will include the following activities:

1) Remove and dispose of the existing asphalt shingle roof assembly, and inspect the existing deck. Remove and replace any wet or otherwise unsuitable deck or fascia board. Carefully document the total square footage of roof deck or fascia board to be replaced in order to determine the final quantities required, for reconciliation of Unit Prices upon completion of the project (see SECTION 01220: UNIT PRICES).
2) Provide and install new PBR 24-gauge Kynar-coated metal roof panels, counterflashings and sealants at required locations. Kynar color shall match the color of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's full range. Install metal panels according to manufacturer's instructions in orientation, sizes, and locations indicated. Use the specified fasteners according to manufacturer's instructions in material & spacing.
3) Install all necessary terminations at perimeters, penetrations; curbs, etc., as required by the roofing manufacturer. Cover all exposed termination bars with new 24-gauge Kynar-coated counterflashings and sealants at required locations. Kynar color shall match the color of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's full range.

SECTION 01310
PROJECT MANAGEMENT AND COORDINATION

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 1 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section includes administrative provisions for coordinating construction operations on Project including, but not limited to, the following:

1. General project coordination procedures.
2. Administrative and supervisory personnel.
3. Coordination drawings.
4. Requests for Information (RFIs).
5. Project meetings.

B. Each contractor shall participate in coordination requirements. Certain areas of responsibility are assigned to a specific contractor.

C. Related Sections:
1. Division 1 Section "Execution Requirements"
2. Division 1 Section "Project Record Drawings" for coordinating closeout of the Contract.

1.3 DEFINITIONS

A. RFI: Request from Owner, Architect, Engineer, or Contractor seeking information from each other during construction.

1.4 COORDINATION

A. Contractor shall be responsible for coordinating all trades of his contract, Owners Contractors, coordinating construction sequences and schedules, and coordinating actual installed location and interface of work.

B. Contractor shall supervise and direct the development of coordination drawings showing comprehensive coordination and integration of all Work of this project

including, but not limited to, structural, architectural mechanical, plumbing, fire protection, electrical disciplines, and Owners Contractors.

C. Coordination drawings are intended to assist Contractor and all trades during construction and may be used to supplement shop drawings, record drawings, and other required submittals.

D. Coordination: Each contractor shall supervise and direct construction operations with those of subcontractors and entities to ensure efficient and orderly installation of each part of the Work. Each contractor shall coordinate its operations with operations, included in different Sections that depend on each other for proper installation, connection, and operation.

1. Schedule construction operations in sequence required to obtain the best results where installation of one part of the Work depends on installation of other components, before or after its own installation.
2. Coordinate installation of different components with other contractors to ensure maximum performance and accessibility for required maintenance, service, and repair.
3. Make adequate provisions to accommodate items scheduled for later installation.p

E. Prepare memoranda for distribution to each party involved, outlining special procedures required for coordination. Include such items as required notices, reports, and list of attendees at meetings.

1. Prepare similar memoranda for Owner and separate contractors if coordination of their Work is required.

F. Administrative Procedures: Coordinate scheduling and timing of required administrative procedures with other construction activities to avoid conflicts and to ensure orderly progress of the Work. Such administrative activities include, but are not limited to, the following:

1. Preparation of Contractor's construction schedule.
2. Preparation of the schedule of values.
3. Installation and removal of temporary facilities and controls.
4. Delivery and processing of submittals.
5. Progress meetings.
6. Preinstallation conferences.
7. Project closeout activities.
8. Startup and adjustment of systems.
9. Project closeout activities.

1.5 KEY PERSONNEL

A. Key Personnel Names: Within 5 days of Notice to Proceed, submit a list of key personnel assignments, including superintendent and other personnel in attendance at

Project site. Identify individuals and their duties and responsibilities; list addresses and telephone numbers, including home, office, and cellular telephone numbers and email addresses. Provide names, addresses, and telephone numbers of individuals assigned as standbys in the absence of individuals assigned to Project.

1. Post copies of list at site. Keep list current at all times.

1.6 REQUESTS FOR INFORMATION (RFIs)

A. General: Immediately on discovery of the need for additional information or interpretation of the Contract Documents, Contractor shall prepare and submit an RFI in the form specified.

1. Engineer will return RFIs submitted to Engineer by other entities controlled by Contractor with no response.
2. Coordinate and submit RFIs in a prompt manner so as to avoid delays in Contractor's work or work of subcontractors.

1.7 PROJECT MEETINGS

A. General: Attendance of subcontractors and superintendent at a weekly progress meeting is required.

SUBMITTAL PROCEDURES

PART 1 GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contact, including General and Supplementary Conditions and Division 01 Specification Section, apply to this Section.

1.2 SUMMARY

A. Section Includes:
   1. Submittal Procedure
   2. Submittal Schedule
   3. Shop Drawings
   4. Product Data
   5. Samples

1.3 SUBMITTAL PROCEDURES

A. Number each submittal with Project Manual specification Section number and sequential number within each section. Number resubmittals with original number and an alphabetic suffix.

B. Identify Project, Contractor, Subcontractor or supplier, pertinent Drawing sheet and detail numbers, and specification Section number, as appropriate.

C. Submit all submittals simultaneously for each Produce or Specification Section. Where multiple Products function as an assembly, group submittals for all related Products into single submittal.

D. Project Manager will not review incomplete submittals.

E. Apply Contractor's stamp, signed or initialed certifying that:

   1. Submittal was reviewed.
   2. Products, field dimensions, and adjacent construction have been verified.
   3. Information has been coordinated with requirements for Work and Contract Documents.

F. Schedule submittals to expedite the Project, and deliver to Project Manager. Coordinate submittal of related items.

G. For each submittal, allow 10 days for Project Manager's review, excluding delivery time to and from Contractor. Identify variations from Contract Documents and

Product or system limitations that may be detrimental to successful performance of completed Work.

H. Revise and resubmit submittals when required; identify all changes made since previous submittals.

I. Distribute copies of reviewed submittals to concerned parties and to Project Record Documents file. Instruct parties to promptly report any inability to comply with provisions.

.

1.4 SUBMITTAL SCHEDULE

A. Submit a submittal schedule showing all submittals proposed for project, including:
1. Submittals for Review
2. Closeout Submittals.

B. Include for each submittal:
1. Specification section number.
2. Description of submittal.
3. Type of submittal.
4. Anticipated submittal date.

C. Submit one (1) PDF copy, concurrently.

1.5 SHOP DRAWINGS

A. Present information in clear and thorough manner.

B. Identify details by reference to sheet and detail numbers or areas shown on Drawings.

C. Reproductions of details contained in Contract Documents are not acceptable.

D. Submit one (1) PDF copy (concurrently). One hard copy and a PDF copy will be returned to Contractor for printing and distribution.

1.6 PRODUCT DATA

A. Mark each copy to identify applicable products, models, options, and other data.

B. Supplement manufacturers' standard data to provide information unique to this Project.

C. Submit one (1) pdf copy. Project Manager will return one copy to Contractor for printing and distribution.

1.7 SAMPLES

A. Submit samples to illustrate functional and aesthetic characteristics of Products, with integral parts and attachment of devices. Coordinate sample submittals for interfacing work.

B. Where so indicated, submit samples of finishes from the full range of manufacturers' standard colors, textures, and patterns for Project Manager's selection.

C. Include identification for each sample, with full Project information.

D. Project Manager will notify Contractor of approval or rejection of samples, or of selection of color, texture or pattern if full range is submitted.

SECTION 01635
SUBSTITUTION PROCEDURES

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 1 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section includes administrative and procedural requirements for substitutions.

B. **Named products and products that are scheduled to be direct replacements must obtain substitution approval prior to bid**. If a substitution is approved, all costs to provide a complete and turn key project that may be associated with the substitution shall be included in the Bid.

C. Related Sections:
1. Divisions 2 through 16 Sections for specific requirements and limitations for substitutions and pre-bid approvals.

1.3 DEFINITIONS

A. Substitutions: Changes in products, materials, equipment, and methods of construction from those required by the Contract Documents and proposed by Contractor.

1. Substitutions for Cause: Changes proposed by Contractor that are required due to changed Project conditions, such as unavailability of product, regulatory changes, or unavailability of required warranty terms.
2. Substitutions for Convenience: Changes proposed by Contractor or Owner that are not required in order to meet other Project requirements but may offer advantage to Contractor or Owner.

1.4 SUBMITTALS

A. Substitution Requests: Submit three copies of each request for consideration. Identify product or fabrication or installation method to be replaced.

1. Documentation: Show compliance with requirements for substitutions and the following, as applicable:

a. Statement indicating why specified product or fabrication or installation cannot be provided, if applicable.
b. Coordination information, including a list of changes or modifications needed to other parts of the Work and to construction performed by Owner and separate contractors that will be necessary to accommodate proposed substitution.
c. Product Data, including drawings and descriptions of products and fabrication and installation procedures.
d. 6”x12” Samples of each finish material in proposed pattern and color.
e. Certificates and qualification data.
f. Material test reports from a qualified testing agency indicating and interpreting test results for compliance with requirements indicated.
g. Cost information, including a proposal of change, if any, in the Contract Sum (not applicable for pre-bid Submittals).
h. Impact of substitution on construction schedule.
i. Contractor's certification that proposed substitution complies with requirements in the Contract Documents except as indicated in substitution request, is compatible with related materials, and is appropriate for applications indicated.
j. Contractor's waiver of rights to additional payment or time that may subsequently become necessary because of failure of proposed substitution to produce indicated results.

2. Project Manager’s Action: If necessary, Project Manager will request additional information or documentation for evaluation within seven days of receipt of a request for substitution. Project Manager will notify Contractor of acceptance or rejection of proposed substitution within 7 days of receipt of request, or seven days of receipt of additional information or documentation, whichever is later.

a. Forms of Acceptance: Change Order, Construction Change Directive, or Project Manager Supplemental Instructions for minor changes in the Work.
b. Use product specified if Project Manager does not issue a decision on use of a proposed substitution within time allocated.

1.5 QUALITY ASSURANCE

A. Compatibility of Substitutions: Investigate and document compatibility of proposed substitution with related products and materials. Engage qualified testing agency to perform compatibility tests recommended by manufacturers.

1.6 PROCEDURES

A. Coordination: Modify or adjust affected work as necessary to integrate work of the approved substitutions.

PART 2 - PRODUCTS (Not Used)

PART 3 - EXECUTION (Not Used)

END OF SECTION

SECTION 01700
EXECUTION REQUIREMENTS

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 1 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section includes general administrative and procedural requirements governing execution of the Work including, but not limited to, the following:

1. Environmental concerns.
2. Installation of the Work.
3. Cutting and patching.
4. Progress cleaning.
5. Starting and adjusting.
6. Protection of installed construction.
7. Correction of the Work.

B. Related Sections:
1. Division 1 Sections “Summary of the Work”, “Project Record Documents”, or "Closeout Procedures", if included in Project Manual, for submitting closeout documents and final cleaning.

1.3 DEFINITIONS

A. Cutting: Removal of in-place construction necessary to permit installation or performance of other work.

B. Patching: Fitting and repair work required to restore construction to original conditions after installation of other work.

1.4 INFORMATIONAL SUBMITTALS

A. Cutting and Patching Plan: Submit plan describing procedures at least 10 days prior to the time cutting and patching will be performed. Include the following information:

1. Extent: Describe reason for and extent of each occurrence of cutting and patching.
2. Changes to In-Place Construction: Describe anticipated results. Include changes to structural elements and operating components as well as changes in building appearance and other significant visual elements.

3. Products: List products to be used for patching and firms or entities that will perform patching work.
4. Dates: Indicate when cutting and patching will be performed.
5. Utilities and Mechanical and Electrical Systems: List services and systems that cutting and patching procedures will disturb or affect. List services and systems that will be relocated and those that will be temporarily out of service. Indicate how long services and systems will be disrupted. Prior approval of Utility outages is required. Notify Owner of intent at least 72 hours in advance for outages less than 1 hour in duration and two (2) months in advance for outages over 1 hour in duration.

1.5 QUALITY ASSURANCE

A. Cutting and Patching: Comply with requirements for and limitations on cutting and patching of construction elements.

PART 2 - PRODUCTS

2.1 MATERIALS

A. General: Comply with requirements specified in other Sections.

B. In-Place Materials: Use materials for patching identical to in-place materials. For exposed surfaces, use materials that visually match in-place adjacent surfaces to the fullest extent possible.

1. If identical materials are unavailable or cannot be used, use materials that, when installed, will provide a match acceptable to the Architect for the visual and functional performance of in-place materials.

PART 3 - EXECUTION

3.1 EXAMINATION

A. Existing Conditions: The existence and location of underground and other utilities and construction indicated as existing are not guaranteed. Before beginning work, investigate and verify the existence and location of underground utilities, mechanical and electrical systems, and other construction affecting the Work.

1. Before construction, verify the location and invert elevation at points of connection of sanitary sewer, storm sewer, and water-service piping; underground electrical services, and other utilities.
2. Furnish location data for work related to Project that must be performed by public utilities serving Project site.

B. Examination and Acceptance of Conditions: Before proceeding with each component of the Work, examine substrates, areas, and conditions, with Installer or Applicator present where indicated, for compliance with requirements for installation tolerances and other conditions affecting performance. Record observations.

1. Written Report: Where a written report listing conditions detrimental to performance of the Work is required by other Sections, include the following:

a. Description of the Work.
b. List of detrimental conditions, including substrates.
c. List of unacceptable installation tolerances.
d. Recommended corrections.

2. Verify compatibility with and suitability of substrates, including compatibility with existing finishes or primers.
3. Examine roughing-in for mechanical and electrical systems to verify actual locations of connections before equipment and fixture installation.
4. Examine walls, floors, and roofs for suitable conditions where products and systems are to be installed.
5. Proceed with installation only after unsatisfactory conditions have been corrected. Proceeding with the Work indicates acceptance of surfaces and conditions.

3.2 PREPARATION

A. Field Measurements: Take field measurements as required to fit the Work properly. Recheck measurements before installing each product. Where portions of the Work are indicated to fit to other construction, verify dimensions of other construction by field measurements before fabrication. Coordinate fabrication schedule with construction progress to avoid delaying the Work.

B. Space Requirements: Verify space requirements and dimensions of items shown diagrammatically on Drawings.

C. Review of Contract Documents and Field Conditions: Immediately on discovery of the need for clarification of the Contract Documents caused by differing field conditions outside the control of the Contractor, submit a request for information to Architect according to requirements in Division 1 Section "Project Management and Coordination."

D. Surface and Substrate Preparation: Comply with manufacturer's recommendations for preparation of substrates to receive subsequent work.

3.3 INSTALLATION

A. General: Locate the Work and components of the Work accurately, in correct alignment and elevation, as indicated.

1. Make vertical work plumb and make horizontal work level.

2. Where space is limited, install components to maximize space available for maintenance and ease of removal for replacement.
3. Conceal pipes, ducts, and wiring in finished areas, unless otherwise indicated.
4. Maintain minimum headroom clearance of 96 inches, but in no case shall the new piping be lower than the existing piping.

B. Comply with manufacturer's written instructions and recommendations for installing products in applications indicated.

C. Install products at the time and under conditions that will ensure the best possible results. Maintain conditions required for product performance until Substantial Completion.

D. Conduct construction operations so no part of the Work is subjected to damaging operations or loading in excess of that expected during normal conditions of occupancy.

E. Tools and Equipment: Do not use tools or equipment that produce harmful noise levels.

F. Templates: Obtain and distribute to the parties involved templates for work specified to be factory prepared and field installed. Check Shop Drawings of other work to confirm that adequate provisions are made for locating and installing products to comply with indicated requirements.

G. Attachment: Provide blocking and attachment plates and anchors and fasteners of adequate size and number to securely anchor each component in place, accurately located and aligned with other portions of the Work. Where size and type of attachments are not indicated, verify size and type required for load conditions.

1. Mounting Heights: Where mounting heights are not indicated, mount components at heights directed by Architect.
2. Allow for building movement, including thermal expansion and contraction.
3. Coordinate installation of anchorages. Furnish setting drawings, templates, and directions for installing anchorages, including sleeves, concrete inserts, anchor bolts, and items with integral anchors, that are to be embedded in concrete or masonry. Deliver such items to Project site in time for installation.

H. Joints: Make joints of uniform width. Where joint locations in exposed work are not indicated, arrange joints for the best visual effect. Fit exposed connections together to form hairline joints.

I. Hazardous Materials: Use products, cleaners, and installation materials that are not considered hazardous, and meet environmental requirements.

3.4 CUTTING AND PATCHING

A. Cutting and Patching, General: Employ skilled workers to perform cutting and patching. Proceed with cutting and patching at the earliest feasible time, and complete without delay.

1. Cut in-place construction to provide for installation of other components or performance of other construction, and subsequently patch as required to restore surfaces to their original condition.

B. Temporary Support: Provide temporary support of work to be cut.

C. Protection: Protect in-place construction during cutting and patching to prevent damage. Provide protection from adverse weather conditions for portions of Project that might be exposed during cutting and patching operations.

D. Adjacent Occupied Areas: Where interference with use of adjoining areas or interruption of free passage to adjoining areas is unavoidable, coordinate cutting and patching in accordance with requirements of Division 1 Section "Summary."

E. Existing Utility Services and Mechanical/Electrical Systems: Where existing services/systems are required to be removed, relocated, or abandoned, bypass such services/systems before cutting to prevent interruption to occupied areas.

F. Cutting: Cut in-place construction by sawing, drilling, breaking, chipping, grinding, and similar operations, including excavation, using methods least likely to damage elements retained or adjoining construction. If possible, review proposed procedures with original Installer; comply with original Installer's written recommendations.

1. In general, use hand or small power tools designed for sawing and grinding, not hammering and chopping. Cut holes and slots neatly to minimum size required, and with minimum disturbance of adjacent surfaces. Temporarily cover openings when not in use.
2. Finished Surfaces: Cut or drill from the exposed or finished side into concealed surfaces.
3. Concrete and Masonry: Cut using a cutting machine, such as an abrasive saw or a diamond-core drill.
4. Mechanical and Electrical Services: Cut off pipe or conduit in walls or partitions to be removed. Cap, valve, or plug and seal remaining portion of pipe or conduit to prevent entrance of moisture or other foreign matter after cutting.
5. Proceed with patching after construction operations requiring cutting are complete.

G. Patching: Patch construction by filling, repairing, refinishing, closing up, and similar operations following performance of other work. Patch with durable seams that are as invisible as practicable. Provide materials and comply with installation requirements specified in other Sections, where applicable.

1. Inspection: Where feasible, test and inspect patched areas after completion to demonstrate physical integrity of installation.
2. Exposed Finishes: Restore exposed finishes of patched areas and extend finish restoration into retained adjoining construction in a manner that will minimize evidence of patching and refinishing.

    a. Clean piping, conduit, and similar features before applying paint or other finishing materials.
    b. Restore damaged pipe covering to its original condition.

3. Floors and Walls: Where walls or partitions that are removed extend one finished area into another, patch and repair floor and wall surfaces in the new space. Provide an even surface of uniform finish, color, texture, and appearance. Remove in-place floor and wall coverings and replace with new materials, if necessary, to achieve uniform color and appearance.

    a. Where patching occurs in a painted surface, prepare substrate and apply primer and intermediate paint coats appropriate for substrate over the patch, and apply final paint coat over entire unbroken surface containing the patch. Provide additional coats until patch blends with adjacent surfaces.

4. Ceilings: Patch, repair, or rehang in-place ceilings as necessary to provide an even-plane surface of uniform appearance.
5. Exterior Building Enclosure: Patch components in a manner that restores enclosure to a weathertight condition.

H. Cleaning: Clean areas and spaces where cutting and patching are performed. Remove paint, mortar, oils, putty, and similar materials from adjacent finished surfaces.

3.5 PROGRESS CLEANING

A. General: Clean Project site and work areas daily, including common areas. Enforce requirements strictly. Dispose of materials lawfully.

1. Comply with requirements in NFPA 241 for removal of combustible waste materials and debris.
2. Do not hold waste materials more than seven days during normal weather or three days if the temperature is expected to rise above 80 deg F (27 deg C).
3. Containerize hazardous and unsanitary waste materials separately from other waste. Mark containers appropriately and dispose of legally, according to regulations.

    a. Utilize containers intended for holding waste materials of type to be stored.

4. Coordinate progress cleaning for joint-use areas where more than one installer has worked.

B. Site: Maintain Project site free of waste materials and debris.

C. Work Areas: Clean areas where work is in progress to the level of cleanliness necessary for proper execution of the Work.

1. Remove liquid spills promptly.
2. Where dust would impair proper execution of the Work, broom-clean or vacuum the entire work area, as appropriate.

D. Installed Work: Keep installed work clean. Clean installed surfaces according to written instructions of manufacturer or fabricator of product installed, using only cleaning

materials specifically recommended. If specific cleaning materials are not recommended, use cleaning materials that are not hazardous to health or property and that will not damage exposed surfaces.

E. Exposed Surfaces in Finished Areas: Clean exposed surfaces and protect as necessary to ensure freedom from damage and deterioration at time of Substantial Completion.

F. Waste Disposal: Do not bury or burn waste materials on-site. Do not wash waste materials down sewers or into waterways.

G. During handling and installation, clean and protect construction in progress and adjoining materials already in place. Apply protective covering where required to ensure protection from damage or deterioration at Substantial Completion.

H. Clean completed construction as frequently as necessary through the remainder of the construction period.

3.6 STARTING AND ADJUSTING

A. Coordinate startup and adjusting of equipment and operating components with requirements in other Division 2 -16 Sections."

B. Start equipment and operating components to confirm proper operation. Remove malfunctioning units, replace with new units, and retest.

C. Adjust equipment for proper operation. Adjust operating components for proper operation without binding.

D. Test each piece of equipment to verify proper operation. Test and adjust controls and safeties. Replace damaged and malfunctioning controls and equipment.

E. Manufacturer's Field Service: Comply with qualification requirements in other Division 2-16 Sections.

3.7 PROTECTION OF INSTALLED CONSTRUCTION

A. Provide final protection and maintain conditions that ensure installed Work is without damage or deterioration at time of Substantial Completion.

B. Comply with manufacturer's written instructions for temperature and relative humidity.

3.8 CORRECTION OF THE WORK

A. Repair or remove and replace defective construction. Restore damaged substrates and finishes.

1. Repairing includes replacing defective parts, refinishing damaged surfaces, touching up with matching materials, and properly adjusting operating equipment.

B. Restore permanent facilities used during construction to their specified condition.

C. Remove and replace damaged surfaces that are exposed to view if surfaces cannot be repaired without visible evidence of repair.

D. Repair components that do not operate properly. Remove and replace operating components that cannot be repaired.

E. Re-grade and sod any disturbed grass areas.

3.9 ENVIRONMENTAL CONCERNS

1. Provide protection and conduct construction in ways that comply with environmental regulations and that minimize possible air, waterway, and subsoil contamination or pollution or other undesirable effects.

3.10 STORMWATER CONTROL AND DISCHARGE

1. Comply with City of Mobile and Alabama Department of Environmental Management requirements. Pay particular attention to Water Regulations and Allowable Discharges.

2. See City of Mobile Code, Chapter 17, Storm Water Management and Flood Control.

3. Obtain any necessary permits that may be required due to discharges.

END OF SECTION 01700

SECTION 01710
CLOSEOUT PROCEDURES

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 01 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section includes administrative and procedural requirements for contract closeout, including, but not limited to, the following:

1. Substantial Completion procedures.
2. Final completion procedures.
3. Warranties.
4. Final cleaning.
5. Repair of the Work.

1.3 ACTION SUBMITTALS

A. Product Data: For each type of cleaning agent.

B. Contractor's List of Incomplete Items: Initial submittal at Substantial Completion.

C. Certified List of Incomplete Items: Final submittal at final completion.

1.4 CLOSEOUT SUBMITTALS

A. Certificates of Release: From authorities having jurisdiction.

B. Certificate of Insurance: For continuing coverage.

1.5 MAINTENANCE MATERIAL SUBMITTALS

A. Schedule of Maintenance Material Items: For maintenance material submittal items specified in other Sections.

1.6 SUBSTANTIAL COMPLETION PROCEDURES

A. Contractor's List of Incomplete Items: Prepare and submit a list of items to be completed and corrected (Contractor's punch list), indicating the value of each item on the list and reasons why the Work is incomplete.

B. Submittals Prior to Substantial Completion: Complete the following a minimum of 10 days prior to requesting inspection for determining date of Substantial Completion. List items below that are incomplete at time of request.

1. Certificates of Release: Obtain and submit releases from authorities having jurisdiction permitting Owner unrestricted use of the Work and access to services and utilities. Include occupancy permits, operating certificates, and similar releases.
2. Submit closeout submittals specified in other Division 01 Sections, including project record documents, operation and maintenance manuals, damage or settlement surveys, property surveys, and similar final record information.
3. Submit closeout submittals specified in individual Sections, including specific warranties, workmanship bonds, maintenance service agreements, final certifications, and similar documents.
4. Submit maintenance material submittals specified in individual Sections, including tools, spare parts, extra materials, and similar items, and deliver to location designated by Engineer. Label with manufacturer's name and model number.

    a. Schedule of Maintenance Material Items: Prepare and submit schedule of maintenance material submittal items, including name and quantity of each item and name and number of related Specification Section. Obtain Engineer’s signature for receipt of submittals.

5. Submit testing, adjusting, and balancing records.
6. Submit sustainable design submittals not previously submitted.
7. Submit changeover information related to Owner's occupancy, use, operation, and maintenance.

C. Procedures Prior to Substantial Completion: Complete the following a minimum of 10 days prior to requesting inspection for determining date of Substantial Completion. List items below that are incomplete at time of request.

1. Advise Owner of pending insurance changeover requirements.
2. Make final changeover of permanent locks and deliver keys to Owner. Advise Owner's personnel of changeover in security provisions.
3. Complete startup and testing of systems and equipment.
4. Perform preventive maintenance on equipment used prior to Substantial Completion.
5. Instruct Owner's personnel in operation, adjustment, and maintenance of products, equipment, and systems.
6. Advise Owner of changeover in utility services.
7. Terminate and remove temporary facilities from Project site, along with mockups, construction tools, and similar elements.

8. Complete final cleaning requirements.
9. Touch up paint and otherwise repair and restore marred exposed finishes to eliminate visual defects.

D. Inspection: Submit a written request for inspection to determine Substantial Completion a minimum of 10 days prior to date the Work will be completed and ready for final inspection and tests. On receipt of request, Engineer will either proceed with inspection or notify Contractor of unfulfilled requirements. Engineer will prepare the Certificate of Substantial Completion after inspection or will notify Contractor of items, either on Contractor's list or additional items identified by Engineer, that must be completed or corrected before certificate will be issued.

1. Request reinspection when the Work identified in previous inspections as incomplete is completed or corrected.
2. Results of completed inspection will form the basis of requirements for final completion.

1.7 FINAL COMPLETION PROCEDURES

A. Submittals Prior to Final Completion: Before requesting final inspection for determining final completion, complete the following:

1. Certified List of Incomplete Items: Submit certified copy of Engineer's Substantial Completion inspection list of items to be completed or corrected (punch list), endorsed and dated by Engineer. Certified copy of the list shall state that each item has been completed or otherwise resolved for acceptance.
2. Certificate of Insurance: Submit evidence of final, continuing insurance coverage complying with insurance requirements.
3. Submit final completion photographic documentation.

B. Inspection: Submit a written request for final inspection to determine acceptance a minimum of 10 days prior to date the work will be completed and ready for final inspection and tests. On receipt of request, Engineer will either proceed with inspection or notify Contractor of unfulfilled requirements. Engineer will prepare a final Certificate for Payment after inspection or will notify Contractor of construction that must be completed or corrected before certificate will be issued.

1. Request reinspection when the Work identified in previous inspections as incomplete is completed or corrected.

1.8 LIST OF INCOMPLETE ITEMS (PUNCH LIST)

A. Organization of List: Include name and identification of each space and area affected by construction operations for incomplete items and items needing correction including, if necessary, areas disturbed by Contractor that are outside the limits of construction.
1. Organize items applying to each space by major element, including categories for ceiling, individual walls, floors, equipment, and building systems.
2. Include the following information at the top of each page:

a. Project name.
b. Date.
c. Name of Engineer.
d. Name of Contractor.
e. Page number.

3. Submit list of incomplete items in the following format:

a. MS Excel electronic file. Engineer will return annotated file.
b. PDF electronic file. Engineer will return annotated file.

1.9 SUBMITTAL OF PROJECT WARRANTIES

A. Time of Submittal: Submit written warranties on request of Engineer for designated portions of the Work where warranties are indicated to commence on dates other than date of Substantial Completion, or when delay in submittal of warranties might limit Owner's rights under warranty.

B. Organize warranty documents into an orderly sequence based on the table of contents of Project Manual.

C. Warranty Electronic File: Provide warranties and bonds in PDF format. Assemble complete warranty and bond submittal package into a single electronic PDF file with bookmarks enabling navigation to each item. Provide bookmarked table of contents at beginning of document.

D. Warranties in Paper Form:

1. Bind warranties and bonds in heavy-duty, three-ring, vinyl-covered, loose-leaf binders, thickness as necessary to accommodate contents, and sized to receive 8-1/2-by-11-inch paper.
2. Provide heavy paper dividers with plastic-covered tabs for each separate warranty. Mark tab to identify the product or installation. Provide a typed description of the product or installation, including the name of the product and the name, address, and telephone number of Installer.
3. Identify each binder on the front and spine with the typed or printed title "WARRANTIES," Project name, and name of Contractor.

E. Provide additional copies of each warranty to include in operation and maintenance manuals.

PART 2 - PRODUCTS

2.1 MATERIALS

A. Cleaning Agents: Use cleaning materials and agents recommended by manufacturer or fabricator of the surface to be cleaned. Do not use cleaning agents that are potentially hazardous to health or property or that might damage finished surfaces.

1. Use cleaning products that comply with Green Seal's GS-37, or if GS-37 is not applicable, use products that comply with the California Code of Regulations maximum allowable VOC levels.

PART 3 - EXECUTION

3.1 FINAL CLEANING

A. General: Perform final cleaning. Conduct cleaning and waste-removal operations to comply with local laws and ordinances and Federal and local environmental and antipollution regulations.

B. Cleaning: Employ experienced workers or professional cleaners for final cleaning. Clean each surface or unit to condition expected in an average commercial building cleaning and maintenance program. Comply with manufacturer's written instructions.

1. Complete the following cleaning operations before requesting inspection for certification of Substantial Completion for entire Project or for a designated portion of Project:

a. Clean Project site, and grounds, in areas disturbed by construction and delivery activities, of rubbish, waste material, litter, and other foreign substances.
b. Sweep paved areas broom clean. Remove petrochemical spills, stains, and other foreign deposits.
c. Remove tools, construction equipment, machinery, and surplus material from Project site.
d. Clean interior hard-surfaced finishes to a dirt-free condition, free of stains, films, and similar foreign substances. Avoid disturbing natural weathering of exterior surfaces. Restore reflective surfaces to their original condition.
e. Remove debris and surface dust from limited access spaces, including roofs, plenums, shafts, trenches, equipment vaults, manholes, attics, and similar spaces.
f. Sweep concrete floors broom clean in unoccupied spaces.
g. Vacuum carpet and similar soft surfaces, removing debris and excess nap; clean according to manufacturer's recommendations if visible soil or stains remain.
h. Clean transparent materials, including mirrors and glass in doors and windows. Remove glazing compounds and other noticeable, vision-

obscuring materials. Polish mirrors and glass, taking care not to scratch surfaces.

i. Remove labels that are not permanent.

j. Wipe surfaces of mechanical and electrical equipment, and similar equipment. Remove excess lubrication, paint and mortar droppings, and other foreign substances.

k. Replace disposable air filters and clean permanent air filters. Clean exposed surfaces of diffusers, registers, and grills.

l. Clean ducts, blowers, and coils if units were operated without filters during construction or that display contamination with particulate matter on inspection.

m. Clean light fixtures, lamps, globes, and reflectors to function with full efficiency.

n. Leave Project clean and ready for occupancy.

3.2 REPAIR OF THE WORK

A. Complete repair and restoration operations before requesting inspection for determination of Substantial Completion.

B. Repair, or remove and replace, defective construction. Repairing includes replacing defective parts, refinishing damaged surfaces, touching up with matching materials, and properly adjusting operating equipment. Where damaged or worn items cannot be repaired or restored, provide replacements. Remove and replace operating components that cannot be repaired. Restore damaged construction and permanent facilities used during construction to specified condition.

1. Remove and replace chipped, scratched, and broken glass, reflective surfaces, and other damaged transparent materials.
2. Touch up and otherwise repair and restore marred or exposed finishes and surfaces. Replace finishes and surfaces that that already show evidence of repair or restoration.

    a. Do not paint over "UL" and other required labels and identification, including mechanical and electrical nameplates. Remove paint applied to required labels and identification.

3. Replace parts subject to operating conditions during construction that may impede operation or reduce longevity.
4. Replace burned-out bulbs, bulbs noticeably dimmed by hours of use, and defective and noisy starters in fluorescent and mercury vapor fixtures to comply with requirements for new fixtures.

END OF SECTION

SECTION 01731
CUTTING AND PATCHING

PART 1 - GENERAL

1.1 SUMMARY

A. This section includes procedural requirements for cutting and patching.

B. Definition: Cutting and patching includes cutting into existing construction to provide for the installation or performance of other work and subsequent fitting and repair required to restore surfaces to their original condition.

C. Operational Limitations: Do not cut and patch operating elements, safety related systems, or related components in a manner that would result in reducing their capacity to perform as intended. Do not cut and patch operating elements, safety related systems or related components in a manner that would result in increased maintenance or decreased operational life or safety.

PART 2 - PRODUCTS

2.1 MATERIALS

A. Use materials identical to existing materials to the maximum extent available.

B. For exposed surfaces, use materials that visually match existing adjacent surfaces to the fullest extent possible.

C. Use materials whose installed performance will equal or surpass that of existing materials.

PART 3 - EXECUTION

3.1 INSPECTION

A. Before cutting, examine surfaces to be cut and patched and conditions under which cutting and patching is to be performed. If unsafe or unsatisfactory conditions are encountered, take corrective action before proceeding.

B. Before proceeding with cutting and patching involving two or more trades, meet at the Project site with the entities providing or affected by the cutting and patching. Review areas of potential interference and conflict. Coordinate procedures and resolve potential conflicts before proceeding.

3.2 PREPARATION

A. Provide temporary support of work to be cut.

B. Protect existing conditions during cutting and patching to prevent damage.

C. Bypass in-service existing pipe, conduit, or ductwork scheduled to be removed or relocated before cutting.

3.3 PERFORMANCE

A. Employ skilled workmen to perform cutting and patching. Proceed with cutting and patching at the earliest feasible time and complete without delay.

B. Cutting: Cut existing construction using methods least likely to damage elements retained and adjoining construction. Where possible, review proposed procedures with the original installer and comply with the original installer's recommendations.

1. In general, use hand or small power tools designed for sawing or grinding, not for hammering and chopping.
2. Cut through concrete and masonry using a cutting machine, such as a Carborundum saw or a diamond-core drill.

C. Patching: Patch with durable seams that are as invisible as possible. Comply with specified tolerances.

1. Where feasible, inspect and test patched areas to demonstrate integrity of the installation.
2. Restore exposed finishes of patched areas and extend finish restoration into adjoining construction in a manner that will eliminate evidence of patching and refinishing.

3.4 CLEANING

A. Clean areas and spaces where cutting and patching are performed. Completely remove paint, mortar, oils, putty, and similar items.

END OF SECTION

SECTION 017839
PROJECT RECORD DOCUMENTS

PART 1 - GENERAL

1.1 SUMMARY

A. This Section includes administrative and procedural requirements for Project Record Documents, including the following:

1. Record Drawings.
2. Record Specifications.
3. Record Product Data.

B. See Division 01 Section "Operation and Maintenance Data" for operation and maintenance manual requirements.

C. See Divisions 01 through 16 Sections for specific requirements for Project Record Documents of the Work in those Sections.

1.2 SUBMITTALS

A. Record Drawings: Comply with the following:

1. Number of Copies: Submit copies of Record Drawings as follows:
   a. Final Submittal: Submit two sets of marked-up Record Prints, showing all dimensional locations, materials changes, any changes via addendum or change order. Pay particular attention to noting underground utilities.

B. Record Specifications: Submit two copies of Project's Specifications, including addenda and contract modifications.

C. Record Product Data: Submit two copies of each Product Data submittal.

D. Submit PDF’s of Record Drawings, Record Specifications, Record Change Orders, Requests for Proposal, Documentation of use of Allowances, Product and Contractor’s Warrantees, Product Test Reports, Final Surveys, Record Product Data, etc on 2 discs.

PART 2 - PRODUCTS

2.1 RECORD DRAWINGS

A. Record Prints: Maintain one set of blue- or black-line white prints of the Contract Drawings and Shop Drawings.

1. Preparation: Mark Record Prints to show the actual installation where installation varies from that shown originally. Require individual or entity who obtained record data, whether individual or entity is Installer, subcontractor, or similar entity, to prepare the marked-up Record Prints.

    a. Give particular attention to information on concealed elements that would be difficult to identify or measure and record later.
    b. Record data as soon as possible after obtaining it. Record and check the markup before enclosing concealed installations.

2. Mark the Contract Drawings or Shop Drawings, whichever is most capable of showing actual physical conditions, completely and accurately. If Shop Drawings are marked, show cross-reference on the Contract Drawings.
3. Mark record sets with erasable, red-colored pencil. Use other colors to distinguish between changes for different categories of the Work at same location.
4. Note Construction Change Directive numbers, alternate numbers, Change Order numbers, and similar identification, where applicable.

B. Format: Identify and date each Record Drawing; include the designation "PROJECT RECORD DRAWING" in a prominent location.

1. Record Prints: Organize Record Prints and newly prepared Record Drawings into manageable sets. Bind each set with durable paper cover sheets. Include identification on cover sheets.
2. Record Transparencies: Organize into unbound sets matching Record Prints. Place transparencies in durable tube-type drawing containers with end caps. Mark end cap of each container with identification. If container does not include a complete set, identify Drawings included.
3. Record CAD Drawings: Organize CAD information into separate electronic files that correspond to each sheet of the Contract Drawings. Name each file with the sheet identification. Include identification in each CAD file.
4. Identification: As follows:

    a. Project name.
    b. Date.
    c. Designation "PROJECT RECORD DRAWINGS."
    d. Name of Architect and Engineer.
    e. Name of Contractor.

2.2 RECORD SPECIFICATIONS

A. Preparation: Mark Specifications to indicate the actual product installation where installation varies from that indicated in Specifications, addenda, and contract modifications.

1. Give particular attention to information on concealed products and installations that cannot be readily identified and recorded later.

2. Mark copy with the proprietary name and model number of products, materials, and equipment furnished, including substitutions and product options selected.
3. Record the name of manufacturer, supplier, Installer, and other information necessary to provide a record of selections made.
4. Note related Change Orders, Record Product Data, and Record Drawings where applicable.

2.3 RECORD PRODUCT DATA

A. Preparation: Mark Product Data to indicate the actual product installation where installation varies substantially from that indicated in Product Data submittal.

1. Give particular attention to information on concealed products and installations that cannot be readily identified and recorded later.
2. Include significant changes in the product delivered to Project site and changes in manufacturer's written instructions for installation.
3. Note related Change Orders, Record Specifications, and Record Drawings where applicable.

2.4 MISCELLANEOUS RECORD SUBMITTALS

A. Assemble miscellaneous records required by other Specification Sections for miscellaneous record keeping and submittal in connection with actual performance of the Work. Bind or file miscellaneous records and identify each, ready for continued use and reference.

B. Completed Test Reports.

PART 3 - EXECUTION

3.1 RECORDING AND MAINTENANCE

A. Recording: Maintain one copy of each submittal during the construction period for Project Record Document purposes. Post changes and modifications to Project Record Documents as they occur; do not wait until the end of Project.

B. Maintenance of Record Documents and Samples: Store Record Documents and Samples in the field office apart from the Contract Documents used for construction. Do not use Project Record Documents for construction purposes. Maintain Record Documents in good order and in a clean, dry, legible condition, protected from deterioration and loss. Provide access to Project Record Documents for Architect's reference during normal working hours.

END OF SECTION 017839

SECTION 02 41 26

SELECTIVE ROOF DEMOLITION

PART 1 - GENERAL

1.01 SUMMARY

A. Extent of demolition Work is indicated on Drawings. Demolition requires selective removal and subsequent offsite disposal. The adjacent buildings are occupied and it will be necessary to maintain access to adjacent buildings.

B. Types of Demolition Work include, but are not limited to the following items:
   1. Removal of existing roofing material, felts, flashings, fasteners and fascia board as indicated on Drawings and as required to accommodate new roof assembly per manufacturer specifications.

1.02 DEFINITIONS

A. Remove: Detach items from existing construction and legally dispose of them off-site.

B. Existing to Remain: Existing items of construction that are not to be permanently removed and that are not otherwise indicated to be removed.

1.03 PRE-INSTALLATION MEETINGS

A. Pre-roofing Conference: Conduct conference at Project site.

1.04 INFORMATIONAL SUBMITTALS

A. Pre-demolition Photographs or Video: Submit to Architect before Work begins.

1.05 FIELD CONDITIONS

A. Owner will occupy buildings immediately adjacent to selective roof demolition area. Conduct selective roof demolition so Owner's operations will not be disrupted.

B. Conditions existing at time of inspection for bidding purpose will be maintained by Owner as far as practical.

C. Notify Architect of discrepancies between existing conditions and Drawings before proceeding with selective roof demolition.

D. Hazardous Materials: It is not expected that hazardous materials will be encountered in the Work.
   1. If suspected hazardous materials are encountered, do not disturb; immediately notify the Architect. Hazardous materials will be removed by Owner under a separate contract.

E. Storage or sale of removed items or materials on-site is not permitted.

PART 2 - PRODUCTS

2.01 PEFORMANCE REQUIREMENTS

A. Regulatory Requirements: Comply with governing EPA notification regulations before beginning selective demolition. Comply with hauling and disposal regulations of authorities having jurisdiction.

B. Standards: Comply with ANSI/ASSE A10.6 and NFPA 241.

PART 3 - EXECUTION

3.01 EXAMINATION

A. Survey existing conditions and correlate with requirements indicated to determine extent of selective roof demolition required.

B. When unanticipated mechanical, electrical, or structural elements that conflict with intended function or design are encountered, investigate and measure the nature and extent of conflict. Promptly submit a written report to the Architect and Owner.

C. Survey of Existing Conditions: Record existing conditions by use of measured drawings and preconstruction photographs. .

3.02 PREPARATION

A. Site Access and Temporary Controls: Conduct selective roof demolition and debris-removal operations to ensure minimum interference with roads, streets, walks, walkways, and other adjacent occupied and used facilities.

B. Temporary Facilities: Provide temporary barricades and other protection required to prevent injury to people and damage to adjacent buildings and facilities to remain.

3.03 SELECTIVE ROOF DEMOLITION, GENERAL

A. General: Demolish and remove existing construction only to the extent required by new construction and as indicated. Use methods required to complete the Work within limitations of governing regulations and as follows:
   1. Neatly remove existing roofing materials. Use methods least likely to damage construction to remain or adjoining construction. Use hand tools or small power tools designed to minimize disturbance of adjacent surfaces.
   2. Do not begin demolition if inclement weather is interment.
   3. Do not remove more roofing that cannot be replaced on the same day. Protect interior of building from moisture /rain damage.
   4. Avoid marring existing finished surfaces that are to remain.
   5. Locate selective roof demolition equipment and remove debris and materials so as not to impose excessive loads on supporting framing.
   6. Dispose of demolished items and materials promptly.

B. Existing Items to Remain: Protect construction indicated to remain against damage and soiling during selective roof demolition

3.04 DISPOSAL OF DEMOLISHED ROOF MATERIALS

A. General: Remove demolished materials from Project site and legally dispose of them.
   1. Do not allow demolished materials to accumulate on-site.
   2. Remove and transport debris in a manner that will prevent spillage on adjacent surfaces and areas.
   3. Remove debris from roof by hoist or other device that will convey debris to grade level in a controlled descent.
   4. Use magnet or other safe means to remove nails and screws from ground surface.

B. Burning: Do not burn demolished materials.

3.05 CLEANING

A. Clean adjacent structures and improvements of dust, dirt, and debris caused by selective roof demolition operations. Return adjacent areas to condition existing before selective roof demolition operations began.

END OF SECTION

SECTION 06 10 13

ROUGH CARPENTRY – ARCHITECTURAL

PART 1 - GENERAL

SUMMARY

A. Section Includes:

1. Framing with dimension lumber.
2. Wood blocking and nailers.
3. Wood furring and grounds.
4. Wood sleepers.

B. Related Sections:

1. Section 01 22 00 – Unit Prices.

ACTION SUBMITTALS

A. Product Data: For each type of process and factory-fabricated product. Indicate component materials and dimensions and include construction and application details.

INFORMATIONAL SUBMITTALS

A. Evaluation Reports: For the following, from ICC-ES:

1. Preservative-treated wood.
2. Power-driven fasteners.

1.4 COORDINATION

A. Fit carpentry Work to other Work; scribe and cope as required for accurate fit. Correlate location of furring, nailers, blocking, grounds and similar supports to allow proper attachment of other Work.

DELIVERY, STORAGE AND PROTECTION

A. Keep materials dry during delivery and storage. Protect against exposure to weather and contact with damp or wet surfaces. Stack lumber and plywood, and provide air circulation within stacks. Protect installed carpentry work from damage by work of other trades until Owner's acceptance of the Work. Contractor shall comply with manufacturer’s required protection procedures.

PROJECT CONDITIONS

A. Installer must examine all parts of the supporting structure and the conditions under which the carpentry Work is to be installed, and notify the Contractor in writing of any conditions detrimental to the proper and timely completion of the Work. Do not proceed with the installation until unsatisfactory conditions have been corrected in a manner acceptable to the installer.

PART 2 - PRODUCTS

2.1 WOOD PRODUCTS, GENERAL

A. Lumber: DOC PS 20 and applicable rules of grading agencies indicated. If no grading agency is indicated, provide lumber that complies with the applicable rules of any rules-writing agency certified by the ALSC Board of Review. Provide lumber graded by an agency certified by the ALSC Board of Review to inspect and grade lumber under the rules indicated.

1. Factory mark each piece of lumber with grade stamp of grading agency.
2. For exposed lumber indicated to receive a stained or natural finish, mark grade stamp on end or back of each piece or omit grade stamp and provide certificates of grade compliance issued by grading agency.
3. Provide dressed lumber, S4S, unless otherwise indicated.

B. Maximum Moisture Content of Lumber: 15 percent for 2-inch nominal thickness or less, 19 percent for more than 2-inch nominal thickness unless otherwise indicated.

2.2 WOOD-PRESERVATIVE-TREATED MATERIALS

A. Preservative Treatment by Pressure Process: AWPA U1; Use Category UC2 for interior construction not in contact with the ground, Use Category UC3b for exterior construction not in contact with the ground, and Use Category UC4a for items in contact with the ground.

1. Preservative Chemicals: Acceptable to authorities having jurisdiction and containing no arsenic or chromium. Do not use inorganic boron (SBX) for sill plates.

B. Kiln-dry lumber after treatment to a maximum moisture content of 19 percent. Do not use material that is warped or does not comply with requirements for untreated material.

C. Mark lumber with treatment quality mark of an inspection agency approved by the ALSC Board of Review.

D. Application: Treat items indicated on Drawings, and the following:

1. Wood cants, nailers, curbs, equipment support bases, blocking, stripping, and similar members in connection with roofing, flashing, vapor barriers, and waterproofing.
2. Wood sills, sleepers, blocking, furring, stripping, and similar concealed members in contact with masonry or concrete.
3. Wood framing and furring attached directly to the interior of below-grade exterior masonry or concrete walls.

4. Wood framing members that are less than 18 inches above the ground in crawl spaces or unexcavated areas.
5. Wood floor plates that are installed over concrete slabs-on-grade

2.3 DIMENSION LUMBER FRAMING..

A. Non-Load-Bearing Interior Partitions: Standard, Stud, or No. 3 grade of any species.

B. Load Bearing Framing: Refer to Structural.

C. Other Framing: Construction or No. 2 grade and any of the following species:

1. Hem-fir (north); NLGA.
2. Southern pine; SPIB.
3. Douglas fir-larch; WCLIB or WWPA.
4. Mixed southern pine; SPIB.
5. Spruce-pine-fir; NLGA.
6. Douglas fir-south; WWPA.
7. Hem-fir; WCLIB or WWPA.
8. Douglas fir-larch (north); NLGA.
9. Spruce-pine-fir (south); NeLMA, WCLIB, or WWPA.

2.4 MISCELLANEOUS LUMBER

A. General: Provide miscellaneous lumber indicated and lumber for support or attachment of other construction, including the following:

1. Blocking.
2. Nailers.
3. Furring.
4. Grounds.
5. Utility shelving.

B. For items of dimension lumber size, provide Standard, Stud, or No. 3 grade lumber of any species.

C. For utility shelving, provide lumber with 15 percent maximum moisture content of eastern white pine, Idaho white, lodgepole, ponderosa, or sugar pine; Standard or No. 3 Common grade; NeLMA, NLGA, WCLIB, or WWPA.

D. For concealed boards, provide lumber with 15 percent maximum moisture content and any of the following species and grades:

1. Mixed southern pine, No. 2 grade; SPIB.
2. Eastern softwoods, No. 3 Common grade; NELMA.
3. Northern species, No. 3 Common grade; NLGA.
4. Western woods, Standard or No. 3 Common grade; WCLIB or WWPA.

2.5 PLYWOOD BACKING PANELS

A. Equipment Backing Panels: DOC PS 1, Exterior, AC fire-retardant treated, in thickness indicated or, if not indicated, not less than 3/4-inch nominal thickness.

2.6 FASTENERS

A. General: Provide fasteners of size and type indicated that comply with requirements specified in this article for material and manufacture.

1. Where carpentry is exposed to weather, in ground contact, pressure-preservative treated, or in area of high relative humidity, provide fasteners of Type 304 stainless steel.

B. Power-Driven Fasteners: Fastener systems with an evaluation report acceptable to authorities having jurisdiction, based on ICC-ES AC70.

C. Screws for Fastening to Metal Framing: ASTM C 1002 length as recommended by screw manufacturer for material being fastened.

2.7 MISCELLANEOUS MATERIALS

A. Flexible Flashing: Self-adhesive butyl rubber or rubberized-asphalt compound, bonded to a high-density polyethylene film, aluminum foil, or spunbonded polyolefin to produce an overall thickness of not less than 0.025 inch.

PART 3 - EXECUTION

3.1 INSTALLATION, GENERAL

A. Set carpentry to required levels and lines, with members plumb, true to line, cut, and fitted. Fit carpentry to other construction; scribe and cope as needed for accurate fit.

B. Framing Standard: Comply with AF&PA's WCD 1, "Details for Conventional Wood Frame Construction," unless otherwise indicated.

C. Cut, join, and tightly fit framing around other Work. Do not splice structural members between supports unless otherwise indicated.

D. Comply with AWPA M4 for applying field treatment to cut surfaces of preservative-treated lumber.

E. Securely attach carpentry work to substrate by anchoring and fastening as indicated, complying with the following:

1. Table 2304.9.1, "Fastening Schedule," in ICC's International Building Code.
2. Table R602.3(1), "Fastener Schedule for Structural Members," and Table R602.3(2), "Alternate Attachments," in ICC's International Residential Code for One- and Two-Family Dwellings.
3. ICC-ES evaluation report for fastener.

3.2 PROTECTION

A. Protect wood that has been treated with inorganic boron (SBX) from weather. If, despite protection, inorganic boron-treated wood becomes wet, apply EPA-registered borate treatment. Apply borate solution by spraying to comply with EPA-registered label.

B. Protect rough carpentry from weather. If, despite protection, rough carpentry becomes wet enough that moisture content exceeds that specified, apply EPA-registered borate treatment. Apply borate solution by spraying o comply with EPA-registered label

FORMED METAL ROOF PANELS

ALTERNATE BID ITEMS #1 & #2

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and other Contract Documents, listed in the agreement between the Owner and Contractor, apply to this Section.

B. Section 01220 Unit Prices
Section 01230 Alternate Bid Items
Section 024126 Selective Roof Demolition
Section 061013 Rough Carpentry
Section 076200 Sheet Metal Flashing & Trim

1.2 SUMMARY

A. Section includes exposed-fastener, metal roof panels.

1.3 SUBMITTALS

A. Product Data: For each type of product.

1. Include construction details, material descriptions, dimensions of individual components and profiles, and finishes for each type of panel and accessory.
2. Include color chart. Color to match the PBR roofing of the existing Pavilion near tennis courts and shall be selected by Architect prior to ordering.

B. Shop Drawings:

1. Include fabrication and installation layouts of metal panels; details of edge conditions, joints, panel profiles, corners, anchorages, attachment system, trim, flashings, closures, and accessories; and special details.
2. Accessories: Include details of the flashing, trim, and anchorage systems, at a scale of not less than 1-1/2 inches per 12 inches.

C. Samples: For each type of exposed finish required, prepared on Samples of size indicated below.

1. Metal Panels: 12 inches long by actual panel width. Include clips, fasteners, closures, and other metal panel accessories.
2. Include similar Samples of trim and accessories involving color selection.

D. Qualification Data: For Installer.

E. Product Test Reports: For each product, for tests performed by a qualified testing agency.

F. Field quality-control reports.

G. Sample Warranties: For special warranties.

H. Maintenance Data: For metal panels to include in maintenance manuals.

1.4 QUALITY ASSURANCE

A. Installer Qualifications: Installer of sheet metal roofing for a minimum of 10 years documented experience.

B. Panel Manufacturer: Minimum of 10 years experience in manufacturing architectural roof panels in a permanent stationary indoor facility. Provide facility information if requested.

1.5 DELIVERY, STORAGE, AND HANDLING

A. Deliver components, metal panels, and other manufactured items so as not to be damaged or deformed. Package metal panels for protection during transportation and handling.

B. Unload, store, and erect metal panels in a manner to prevent bending, warping, twisting, and surface damage.

C. Store panels in accordance with manufacturer’s recommendations.

D. Upon receipt of delivery of metal panel system, and prior to signing the delivery ticket, the installer is to examine each shipment for damage and for completion of the consignment.

1.6 FIELD CONDITIONS

A. Weather Limitations: Proceed with installation only when existing and forecasted weather conditions permit assembly of metal panels to be performed according to manufacturers' written instructions and warranty requirements.

1.7 PRE-INSTALLATION MEETING

A. Convene meeting not less than one week before starting work of this section.

B. Review methods and procedures related to roof deck construction and roofing system including, but not limited to, the following.

1. Meet with Owner, Architect, Owner's roof consultant, additional testing and inspecting agency representative if applicable, roofing installer, roofing system manufacturer's technical representative, and installers whose work interfaces with or affects roofing including installers of roof accessories and roof-mounted equipment.

2. Review and finalize construction schedule and verify availability of materials, installer's personnel, equipment, and facilities needed to make progress and avoid delays.
3. Examine existing roof conditions and finishes for compliance with requirements, including flatness and fastening.
4. Review structural loading limitations of roof deck during and after roofing.
5. Review base flashings, special roofing details, roof drainage, roof penetrations, equipment curbs, and condition of other construction that will affect roofing system.
6. Review governing regulations and requirements for insurance and certificates if applicable.
7. Review temporary protection requirements for roofing system during and after installation.
8. Review roof observation and repair procedures after roofing installation.
9. Review access to roof by Contractor's personnel.
10. Review location(s) for storage of materials and methodology for delivery of materials to the rooftop.
11. Review the requirements for demolition of the existing roof, see related specification for demolition.
12. Coordinate sizes and locations of roof curbs, equipment supports, and roof penetrations with actual equipment provided with Separate Project for Interior Improvements.
13. Coordinate metal panel installation with rain drainage work, flashing, trim, construction of soffits, and other adjoining work to provide a leakproof, secure, and noncorrosive installation.

1.8 WARRANTY

A. Material and Workmanship Warranty: Manufacturer agrees to repair or replace components of metal panel systems that fail in materials or workmanship within specified warranty period.

1. Failures include, but are not limited to, the following:

a. Structural failures including rupturing, cracking, or puncturing.
b. Deterioration of metals and other materials beyond normal weathering.

2. Warranty Period: Two years from date of Substantial Completion.

B. Paint Finish Warranty from date of Substantial Completion.

1. 30 years for Kynar type finish.

C. Installer's Warranty: Submit installer's warranty, signed by Installer, covering the Work of this Section, including all components of wall panels for the following warranty period:

1. Warranty Period: Two years from date of Substantial Completion.

PART 2 - PRODUCTS

2.1 PERFORMANCE REQUIREMENTS

A. Refer to Manufacturer's product data for specific performance criteria.

1. 1HR / 2HR / 3HR firewall assemblies UL U646 / U642 / U643
2. ICC-ES ER-5468 Report
3. UL Class A Fire
4. UL 2218 Class 4 Hail
5. Perforating available
6. Mitred corners available

2.2 MANUFACTURER –

Basis of Design:

2.3 EXPOSED-FASTENER, METAL ROOF PANELS

PBR, an exposed fastener panels that offers superior strength-to-weight ratio and spanning capabilities:

1. Galvalume Steel: AZ50 / AZ55Mar

a. Material Gauge: 24 ga Kynar
b. Exterior Finish: Shall match the finish of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's Kynar finishes.
c. Color: Shall match the color of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's full range.

2. Rib Spacing: 1 2 " inches o.c. with 2 minor ribs between each
3. Panel Coverage: 36 inches.
4. Panel Height: 1-1/4" inches.

2.4 MATERIALS

A. Metallic-Coated and Painted Steel Sheet aluminum-zinc alloy-coated steel sheet(Galvalume) complying with ASTM A 792/A 792M, Class AZ50 coating designation; structural quality. Pre-painted by the coil-coating process to comply with ASTM A 755/A 755M.

B. ASTM A 792A Class AZ55 Clear Acrylic Coated for Unpainted.

C. Aluminum Sheet: Coil-coated sheet, ASTM B 209, alloy as standard with manufacturer, with temper as required to suit forming operations and structural performance required.

2.5 MISCELLANEOUS MATERIALS

A. Miscellaneous Metal Sub-framing and Furring: Provide manufacturer's standard sections as required for support and alignment of metal panel system.

B. Panel Accessories: Provide components required for a complete, weather-tight panel system including trim, copings, fasciae, mullions, sills, corner units, clips, flashings, sealants, gaskets, fillers, closure strips, and similar items. Match material and finish of metal panels unless otherwise indicated.

C. Flashing and Trim: Provide flashing and trim formed from same material as metal panels as required to seal against weather and to provide finished appearance. Locations include, but are not limited to, eaves, rakes, corners, bases, framed openings, ridges, fasciae, and fillers. Finish flashing and trim with same finish system as adjacent metal panels.

D. Panel Fasteners: Self-tapping screws designed to withstand design loads. Provide exposed fasteners with heads matching color of metal panels by means of plastic caps or factory-applied coating. Provide EPDM or PVC sealing washers for exposed fasteners.

E. Panel Sealants: Provide sealant types recommended by manufacturer that are compatible with panel materials, are non-staining, and do not damage panel finish.

1. Sealant Tape: Butyl Mastic
2. Joint Sealant: Butyl Mastic
3. Butyl-Rubber-Based, Solvent-Release Sealant: ASTM C 1311.

2.6 FABRICATION

A. Provide panel profile, including major ribs for full length of panel.

B. Sheet Metal Flashing and Trim: Fabricate flashing and trim to comply with manufacturer's recommendations and recommendations in SMACNA's "Architectural Sheet Metal Manual" that apply to design, dimensions, metal, and other characteristics of item indicated.

1. Form exposed sheet metal accessories that are without excessive oil canning, buckling, and tool marks and that are true to line and levels indicated, with exposed edges folded back to form hems.
2. Sealed Joints: Form non-expansion, but movable, joints in metal to accommodate sealant and to comply with SMACNA standards.
3. Conceal fasteners and expansion provisions where possible. Exposed

fasteners are not allowed on faces of accessories exposed to view.

4. Fabricate cleats and attachment devices from same material as accessory being anchored or from compatible, noncorrosive metal recommended in writing by metal panel manufacturer.

   a. Size: As recommended by SMACNA's "Architectural Sheet Metal Manual" or metal panel manufacturer for application, but not less than thickness of metal being secured.

2.7 FINISHES

A. Appearance of Finished Work: Variations in appearance of abutting or adjacent pieces are acceptable if they are within one-half of the range of approved Samples. Noticeable variations in same piece are unacceptable. Variations in appearance of other components are acceptable if they are within the range of approved Samples and are assembled or installed to minimize contrast.

B. Steel Panels and Accessories:

1. Two-Coat Fluoropolymer: AAMA 621. Fluoropolymer finish containing not less than 70 percent PVDF resin by weight in color coat. Prepare, pretreat, and apply coating to exposed metal surfaces to comply with coating and resin manufacturers' written instructions. (STD 24-18 GA)
2. Concealed Finish: Apply pretreatment and manufacturer's standard white or light-colored acrylic or polyester backer finish consisting of prime coat and wash coat with a minimum total dry film thickness of 0.5 mil.

PART 3 - EXECUTION

3.1 EXAMINATION

A. Examine substrates, areas, and conditions, with Installer present, for compliance with requirements for installation tolerances, metal panel supports, and other conditions affecting performance of the Work.
1. Examine primary and secondary roof framing to verify that rafters, purlins, angles, channels, and other structural panel support members and anchorages have been installed within alignment tolerances required by metal roof panel manufacturer.
2. Examine solid roof sheathing to verify that sheathing joints are supported by framing or blocking and that installation is within flatness tolerances required by metal roof panel manufacturer.

B. Examine roughing-in for components and systems penetrating metal panels to verify actual locations of penetrations relative to seam locations of metal panels before installation.

C. Proceed with installation only after unsatisfactory conditions have been corrected.

3.2 PREPARATION

A. Miscellaneous Supports: Install sub-framing, furring, and other miscellaneous panel support members and anchorages according to ASTM C 754 and metal panel manufacturer's written recommendations.

3.3 METAL PANEL INSTALLATION

A. General: Install metal panels according to manufacturer's written instructions in orientation, sizes, and locations indicated. Install panels perpendicular to supports unless otherwise indicated. Anchor metal panels and other components of the Work securely in place, with provisions for thermal and structural movement.

1. Shim or otherwise plumb substrates receiving metal panels.
2. Flash and seal metal panels at perimeter of all openings. Fasten with self-tapping screws. Do not begin installation until air- or water-resistive barriers and flashings that will be concealed by metal panels are installed.
3. Install screw fasteners in predrilled holes.
4. Locate and space fastenings in uniform vertical and horizontal alignment.
5. Install flashing and trim as metal panel work proceeds.
6. Locate panel splices over, but not attached to, structural supports. Stagger panel splices and end laps to avoid a four-panel lap splice condition.
7. Align bottoms of metal panels and fasten with blind rivets, bolts, or self-tapping screws. Fasten flashings and trim around openings and similar elements with self-tapping screws.
8. Provide weather-tight escutcheons for pipe- and conduit-penetrating panels.

B. Fasteners:

1. Steel Panels: Use stainless-steel fasteners for surfaces exposed to the exterior; use galvanized-steel fasteners for surfaces exposed to the interior.
2. Aluminum Panels: Use aluminum or stainless-steel fasteners for surfaces exposed to the exterior; use aluminum or galvanized-steel fasteners for surfaces exposed to the interior.

C. Metal Protection: Where dissimilar metals contact each other or corrosive substrates, protect against galvanic action as recommended in writing by metal panel manufacturer.

D. Lap-Seam Metal Panels: Fasten metal panels to supports with fasteners at each lapped joint at location and spacing recommended by manufacturer.

1. Lap ribbed or fluted sheets one full rib or as shown in manufacturers recommendations . Apply panels and associated items true to line for neat and weather-tight enclosure.
2. Provide metal-backed washers under heads of exposed fasteners bearing on weather side of metal panels.
3. Locate and space exposed fasteners in uniform vertical and horizontal alignment. Use proper tools to obtain controlled uniform compression for positive seal without rupture of washer.
4. Install screw fasteners with power tools having controlled torque adjusted to compress washer tightly without damage to washer, screw threads, or

panels. Install screws in predrilled holes.

5. Flash and seal panels with weather closures at perimeter of all openings.
6. Watertight Installation:

    a. Apply a continuous ribbon of sealant or tape to seal lapped joints of metal panels, using sealant or tape as recommend by manufacturer on side laps of nesting-type panels and elsewhere as needed to make panels watertight.
    b. Provide sealant or tape between panels and protruding equipment, vents, and accessories.
    c. At panel splices, nest panels with minimum 6-inch end lap, sealed with sealant and fastened together by interlocking clamping plates.

E. Accessory Installation: Install accessories with positive anchorage to building and weather-tight mounting, and provide for thermal expansion. Coordinate installation with flashings and other components.

F. Flashing and Trim: Comply with performance requirements, manufacturer's written installation instructions, and SMACNA's "Architectural Sheet Metal Manual." Provide concealed fasteners where possible, and set units true to line and level as indicated. Install work with laps, joints, and seams that will be permanently watertight and weather resistant.

1. Install exposed flashing and trim that is without buckling and tool marks, and that is true to line and levels indicated, with exposed edges folded back to form hems. Install sheet metal flashing and trim to fit substrates and achieve waterproof and weather-resistant performance.
2. Expansion Provisions: Provide for thermal expansion of exposed flashing and trim. Space movement joints at a maximum of 10 feet with no joints allowed within 24 inches of corner or intersection. Where lapped expansion provisions cannot be used or would not be sufficiently weather resistant and waterproof, form expansion joints of intermeshing hooked flanges, not less than 1 inch deep, filled with mastic sealant (concealed within joints).

3.4 ERECTION TOLERANCES

A. Installation Tolerances: Shim and align metal panel units within installed tolerance of 1/4 inch in 20 feet on slope and location lines as indicated and within 1/8-inch offset of adjoining faces and of alignment of matching profiles.

3.5 FIELD QUALITY CONTROL

A. Manufacturer's Field Service: Engage a factory-authorized service representative to inspect metal roof panel installation, including accessories. Report results in writing.

B. Remove and replace applications of metal roof panels where tests and inspections indicate that they do not comply with specified requirements.

C. Additional tests and inspections, at Contractor's expense, are performed to determine compliance of replaced or additional work with specified requirements.

D. Prepare inspection reports.

3.6 CLEANING AND PROTECTION

A. Remove temporary protective coverings and strippable films, if any, as metal panels are installed, unless otherwise indicated in manufacturer's written installation instructions. On completion of metal panel installation, clean finished surfaces as recommended by metal panel manufacturer. Maintain in a clean condition during construction.

B. Replace metal panels that have been damaged or have deteriorated beyond successful repair by finish touchup or similar minor repair procedures.

END OF SECTION

SECTION 075423
THERMOPLASTIC-POLYOLEFIN ROOFING (TPO)

PART 1 GENERAL

1.1 SECTION INCLUDES

A. TPO roofing membrane for tear-off applications.

B. Cover boards.

C. Insulation.

1.2 RELATED REQUIREMENTS

A. Section 061013 - Rough Carpentry: Wood nailers, curbs, and blocking.

3.02 REFERENCE STANDARDS

A. ASCE 7 - Minimum Design Loads and Associated Criteria for Buildings and Other Structures.

B. ASTM C1289 - Standard Specification for Faced Rigid Cellular Polyisocyanurate Thermal Insulation Board.

C. ASTM D6878/D6878M - Standard Specification for Thermoplastic Polyolefin-Based Sheet Roofing.

D. ASTM E96/E96M - Standard Test Methods for Gravimetric Determination of Water Vapor Transmission Rate of Materials.

E. ASTM E1980 - Standard Practice for Calculating Solar Reflectance Index of Horizontal and Low-Sloped Opaque Surfaces.

F. ASTM G155 - Standard Practice for Operating Xenon Arc Lamp Apparatus for Exposure of Materials.

G. NRCA (RM) - The NRCA Roofing Manual.

H. NRCA (WM) - The NRCA Waterproofing Manual.

3.03 ADMINISTRATIVE REQUIREMENTS

A. Preinstallation Meeting: Convene one week before starting work of this section.

1. Attendees: Owner, Contractor, Architect, Installer, roofing manufacturer's technical representative, and installers whose work interfaces with or affects the work of this section.

2. Review project requirements, including the following:

a. Preparation and acceptance of substrates.

b. Sequencing and coordination between trades and acceptance of substrates for roofing installation.

c. Approved materials, details and sequencing for transitions, tie-ins, flashings, drainage, penetrations, and curbs.

d. Protection of installed materials.
e. Repair procedures.

3.04 SUBMITTALS

A. See Section 01330 - Administrative Requirements for submittal procedures.

3.05 QUALITY ASSURANCE

A. Manufacturer Qualifications: Company specializing in manufacturing products specified in this section with minimum five years of documented experience.

B. Installer Qualifications: Company specializing in performing work of this section with at least three years of documented experience and approved by manufacturer for specified warranty.
   1. Installer shall be classified as a GAF Chairman's Circle, PlatinumElite™, or GoldElite™ Commercial Contractor as defined and certified by GAF.

C. Testing Firm Qualifications: Company specializing in performing work of the type specified and approved by manufacturer.

3.06 DELIVERY, STORAGE, AND HANDLING

A. Deliver materials in manufacturer's original containers, dry and undamaged, with seals unbroken and labels intact, unless otherwise indicated.

B. Store materials in weather protected environment, clear of ground and moisture, and within temperature range required by manufacturer.

C. Ensure storage and staging of materials does not exceed static and dynamic load-bearing capacities of roof decking.

D. Protect liquids and foam insulation from direct exposure to sunlight.

3.07 FIELD CONDITIONS

A. Contact roofing manufacturer to confirm acceptable assemblies for special applications. Conform with manufacturer's instructions.

B. Do not apply roofing membrane during unsuitable weather.

C. Do not apply roofing materials when ambient temperature is below 40 degrees F (5 degrees C) unless otherwise permitted by manufacturer in writing.

D. Do not apply roofing membrane to damp or frozen deck surface or when precipitation is expected or occurring.

E. Do not expose materials vulnerable to water or sun damage in quantities greater than can be covered the same day.

F. Schedule applications so no partially completed sections of roof are left exposed at end of workday.

3.08 GUARANTEE

A. See Section 01710 - Closeout Submittals for additional guarantee requirements.

B. Material Warranty: Provide membrane manufacturer's limited warranty agreeing to replace material that leaks due to manufacturing defects within 20 years.

C. System Guarantee: Provide manufacturer's system guarantee.
   1. Guarantee: GAF EverGuard® Diamond Pledge NDL Roof Guarantee.
   2. Term: 20 years.
   3. Liability Limit: No dollar limit on covered repairs.
   4. Scope of Coverage:
      a. Repair of covered leaks resulting from manufacturing defects, ordinary wear and tear, or workmanship in applying the covering materials, subject to certain exclusions.

PART 2 PRODUCTS

4.01 MANUFACTURERS

A. Basis of Design:
   1. GAF; 1 Campus Drive; Parsippany, NJ 07054; Toll Free Tel: 877-423-7663; Email: designservices@gaf.com: www.gaf.com.

B. Source Limitations: Obtain components for roofing system from roof membrane manufacturer or manufacturers approved by roof membrane manufacturer.

4.02 ROOFING SYSTEM

A. Roofing System Description: Listed from top of roof down.
   1. Single Ply Membrane: Adhered.
   2. Cover Board: High density polyisocyanurate board; mechanically fastened.
   3. Insulation: Polyisocyanurate foam board 1.5” ISO and Tapered.
      a. Total System R-value (RSI-value) : Minimum R-11.1.
      b. Slope: Provide minimum slope of 1/4” by means of tapered insulation.
      c. Top Layers: Polyisocyanurate foam board; [loose-laid, no attachment
      d. Bottom Layer: Polyisocyanurate foam board;[loose-laid, no attachment
      e. Crickets: Tapered insulation; minimum slope of 1/2” unless otherwise indicated in drawings.

B. Performance Requirements:
   1. General: Roofing system to withstand specified uplift pressures, thermally induced movement, and exposure to ordinary weather conditions.
   2. Material Compatibility: Provide roofing materials and accessories compatible with one another under conditions of service and application, as demonstrated by roof membrane manufacturer based on testing and field experience.
   3. Florida Building Code: Provide roofing system listed in the current P.E. Evaluation Report demonstrating compliance with the 2021 International Building Code.

a. FL5293-R67, Assembly No: W-80

4.03 MEMBRANE MATERIALS

A. Membrane:
   1. TPO Membrane: Thermoplastic polyolefin sheet complying with ASTM D6878/D6878M with internally reinforced scrim.
      a. Smooth Membrane: 60 mil, 0.060 inch (1.5 mm)
   2. Impact Resistance: Membrane to resist impact damage when tested in accordance with the "Resistance to Foot Traffic Test" in FM 4470.
   3. Color: White.
   4. Products - Basis of Design:
      a. GAF EverGuard® TPO Membrane

B. Membrane Attachment: Bonding adhesive as recommended by roofing manufacturer.

C. Flexible Flashing: Manufacturer's standard TPO sheet flashing matching primary membrane in type and color.

4.04 COVER BOARDS

A. Cover Board: High-density polyisocyanurate (ISO) insulation board complying with ASTM C1289, and the following characteristics:
   1. Classification: Type II, Class 4 - faced with coated glass-fiber-mat facers on both major surfaces of core foam.
   2. Compressive Strength: Grade 1, 80 psi (Grade 1, 550 kPa).
   3. Thickness: 1/2 inch (12.7 mm).
   4. Insulation Thermal Resistance, R-value (RSI-value): 2.5 (0.44), nominal.
   5. Products:
      a. GAF EnergyGuard™ HD Polyiso Cover Board

B. Fasteners: As recommended and approved by roofing manufacturer.

4.05 INSULATION

A. Polyisocyanurate (ISO) Board Insulation: Rigid cellular foam, complying with ASTM C1289.
   1. Classification: Type II, Class 1 - Faced with glass fiber reinforced cellulosic facers on both major surfaces of the core foam.
   2. Mold Growth Resistance: Passing ASTM D3273.
   3. Low Temperature Stability: Maintains R-value at 75 degrees F (21 degrees C) and 40 degrees F (5 degrees C) mean temperature when tested in accordance with ASTM C518.
   4. Compressive Strength: Grade 2, 20 psi (138 kPa) minimum.
   5. Board Size: 48 by 96 inches (1220 by 2440 mm).
   6. Tapered Board: Same type as primary roof insulation.

B. Products Basis of Design:

a. GAF; EnergyGuard™ Polyiso Insulation

4.06 ACCESSORIES

A. Miscellaneous Accessories: Provide pourable sealers, primers, preformed cone and vent sheet flashings, preformed inside and outside corner sheet flashings, T-joint covers, lap sealants, termination reglets, and other accessories.
   1. EverGuard Extreme® accessories are required for guarantees over 20 years.

B. Prefabricated Flashing Accessories: Same material as membrane in manufacturer's standard thicknesses, including:
   1. Inside corners, outside corners, universal corners, and fluted corners.
   2. Square tube wraps.
   3. Conical pipe boots and split pipe boots.
   4. Pourable sealer pockets.
   5. T-Joint cover patches.

C. Wood Nailers, Curbs, and Blocking: See Section 061013.

D. Fasteners and Plates: Factory-coated steel fasteners and metal or plastic plates complying with corrosion-resistance provisions in FM 4470, designed for fastening roofing components to substrate, and acceptable to roofing system manufacturer.
   1. Drill-Tec™ #12 Fastener
   2. Drill-Tec™ 3" (76 mm) Standard Steel Plate

E. Termination Bars: Drill-Tec™ Termination Bar, by GAF.

F. Thinners and Cleaners: As recommended by adhesive manufacturer, compatible with membrane.

G. Bonding Adhesive:
   1. Manufacturer’s standard bonding adhesive, specially formulated for compatibility and use with TPO membranes.
      a. Product:
         1) EverGuard™ TPO Quick Spray Adhesive

H. Welded Flexible Walkways: Heavy-duty, slip-resistant, textured TPO walkway roll, suitable for maintenance traffic and visually distinctive from roof membrane.
   1. Roll Width: 34 inches (860 mm).
   2. Surface Color: Gray.
   3. Products:
      a. GAF EverGuard™ TPO Walkway Roll.

PART 3 EXECUTION

5.01 EXAMINATION

A. Verify surfaces and site conditions are ready to receive work.

B. Verify deck is supported and secure.

C. Verify deck is clean and smooth, flat, free of depressions, waves, or projections, properly sloped and suitable for installation of roof system.

D. Verify deck surfaces are dry and free of moisture, snow or ice.

E. Verify roof openings, curbs, and penetrations through roof are solidly set, and nailing strips are in place.

F. If substrate preparation is the responsibility of another installer, notify Architect of unsatisfactory preparation before proceeding.

5.02 PREPARATION - WOOD DECK

A. Verify wood deck conforms with manufacturer's minimum requirements.
   1. Minimum Thickness: Nominal 1 x 4-inch (25 x 100-mm) for wood planks. If wood deck boards are determined to be tongue and groove boards, see manufacturer’s specifications for attachment.
   2. Oriented Strand Board (OSB): Structural 1 rated.
   3. Wood Joist Spacing: Not exceeding 24 inches (609 mm) on center.
   4. Sheathing: Installed with all four sides bearing on and secured to joists and cross blocking. “H” clips are not acceptable.

B. Verify flatness and tightness of joints in wood decking; fill knot holes with latex filler.

C. Confirm dry deck by moisture meter with 16 percent moisture maximum.

D. Proceed with installation only after unsatisfactory conditions have been corrected.

5.03 INSTALLATION, GENERAL

A. Perform work in accordance with manufacturer's instructions.

B. Do not apply roofing components during cold or wet weather conditions outside of manufacturer’s approved conditions.

C. Do not apply roofing membrane when ambient temperature is outside of manufacturer’s required temperature range.

D. Do not apply roofing membrane to damp or frozen deck surface or when precipitation is expected or occurring.

E. Do not expose materials vulnerable to water or sun damage in quantities greater than can be covered the same day.

F. Coordinate this work with installation of associated counterflashings installed by other sections as work of this section proceeds.

G. Prevent materials from entering and clogging roof drains and conductors and from spilling or migrating onto surfaces of other construction. Remove roof-drain plugs when no work is taking place or when rain is forecast.

H. Install night seal at end of each workday or when rain is forecast. Provide temporary seals to prevent water from entering completed sections of roofing system. Ensure

stagger and offset of underlying insulation to prevent thermal breaks. Remove and discard temporary seals before beginning work on adjoining roofing.

5.04 INSTALLATION - INSULATION

A. Attach insulation in accordance with roofing manufacturer's instructions.
   1. Base Layer: Loosely lay base layer of insulation units over substrate.
   2. Upper Layers: Loosely lay upper layers of insulation units over substrate.

B. Lay subsequent layers of insulation with joints staggered from joints of preceding layer in accordance with manufacturer's instructions.

C. Place tapered insulation to required slope pattern in accordance with manufacturer's instructions.

D. Lay boards with edges in moderate contact without forcing. Cut insulation to fit neatly to perimeter blocking and around penetrations through roof.

E. At roof drains, slope insulation down to roof drains with each side equal to the diameter of the drain bowl plus 36 inches (914 mm).

F. Do not install more insulation than can be covered with membrane in same day.

5.05 INSTALLATION - COVER BOARD

A. Install cover board over insulation with joints staggered from joints of insulation in accordance with manufacturer's instructions.

B. Trim cover board neatly to fit around penetrations and projections as directed by cover board manufacturer.

C. Attach cover board in accordance with roofing manufacturer's instructions.
   1. Cover board: Simultaneously fasten cover board through insulation using fasteners specifically designed and sized for fastening specified roof insulation to specified deck.

5.06 INSTALLATION - MEMBRANE

A. Install membrane and flashings in accordance with roofing system manufacturer's instructions.

B. Roll out membrane, free from wrinkles or tears.

C. Accurately align roof membrane and maintain uniform side and end laps of minimum dimensions required by manufacturer. Shingle joints on sloped substrates in direction of drainage where possible.

D. Adhered Application:
   1. Adhesive: Apply adhesive at prescribed rate and in conformance with manufacturer’s instructions. Bond membrane and apply pressure by means required by manufacturer. Adhere one roll before proceeding to adjacent rolls. Avoid trapping air between membrane and substrate.

2. In addition to adhering, mechanically fasten roof membranes securely at terminations, penetrations, and perimeter of roofing.

E. Seams: Clean seam areas, overlap roof membrane, and hot-air weld side and end laps of roof membrane and sheet flashings. Test lap edges with probe to verify seam weld continuity in accordance with manufacturer's technical bulletins. Seams shall overlap per manfuacturer's specification for the Warranty Guarantee provided.

F. At intersections with vertical surfaces terminate and seal top of sheet flashings with termination bars secured to nailing strips or structural backing or in conformance with roofing manufacturer's approved details.
   1. Insert flashing into reglets and secure.

G. Extend membrane under edge metal system and secure to outside face of wall.

H. Around roof penetrations, seal flanges and flashings with flexible flashing.

I. Install roofing expansion joints where indicated. Make joints watertight.

J. Coordinate installation of roof drains, sumps and related flashings. Terminate membranes according to manufacturer's approved details. Spread sealant bed over deck-drain flange at roof drains, and securely seal roof membrane in place with clamping ring.

K. Walkways: Install walkways in accordance with roofing system manufacturer's instructions at the following locations. Provide manufacturer's minimum clearance between units.
   1. Perimeter of each rooftop unit.
   2. Between each rooftop unit location, creating continuous paths connecting rooftop unit locations.
   3. Between each roof hatch and each rooftop unit location or path connecting rooftop unit locations.
   4. Top and bottom of each roof access ladder.
   5. Between each roof access ladder and each rooftop unit location or path connecting rooftop unit locations.
   6. Locations indicated on Drawings.
   7. Other locations required by roof membrane manufacturer's requirements.

5.07 FIELD QUALITY CONTROL

A. Repair or remove and replace components of roofing system where tests or inspections indicate they do not comply with specified requirements. Perform repairs using manufacturer's approved repair procedures.

B. Perform additional testing and inspecting at Contractor's expense to determine if repaired or additional work complies with specified requirements.

5.08 CLEANING

A. See Section 01700 - Execution Requirements and Section 01710 Closeout Procedures for additional requirements.

B. Properly dispose of all product wrappers, pallets, cardboard, scrap, waste and debris. Replace damaged material with new materials.

C. Clean adjacent construction where soiled by work of this section. Comply with manufacturer of adjacent construction's instructions and procedures.

5.09 PROTECTION

A. Protect installed roofing system from construction operations.

B. Correct deficiencies in work in accordance with guarantee requirements. Repair or replace defaced or damaged finishes caused by work of this section.

SECTION 07 62 00

SHEET METAL FLASHING AND TRIM

PART 1 - GENERAL

1.1 SUMMARY

A. Section Includes:

1. Flashing and sheet metal work as indicated on the Drawings and provisions of this Specification. The types of work include the following:
   a. Metal (stainless steel) flashing, counter flashing and roof drip edge.

B. Related Sections:

1. Section 061013 Rough Carpentry; for wood nailers, and blocking.
   Section 074113 Formed Metal Roof Panel – Add Alternates #1 & #2
   Section 075423 Thermoplastic-Polyolefin Roofing (TPO)

1.2 ACTION SUBMITTALS

A. Product Data: For each type of product indicated. Include construction details, material descriptions, dimensions of individual components and profiles, and finishes.

B. Shop Drawings: For sheet metal flashing, trim and roof drip edge.

1. Include plans, elevations, sections, and attachment details.
2. Distinguish between shop- and field-assembled work.
3. Identify material, thickness, weight, and finish for each item and location in Project.
4. Include pattern of seams and details of termination points, expansion joints and expansion-joint covers, direction of expansion, roof-penetration flashing, and connections to adjoining work.

1.3 INFORMATIONAL SUBMITTALS

A. Fabricator’s Qualification Data: Submit 2 copies of Qualification Statements that demonstrate capabilities and experience for the firms and/or persons hired for fabrication and installation. Include a list with five (5) completed Project names and addresses, and name and addresses of Architects and Owners.

B. Product certificates.

C. Product test reports.

D. Sample warranty.

1.4 CLOSEOUT SUBMITTALS

A. Maintenance Data.

1.5 QUALITY ASSURANCE

A. Fabricator Qualifications: Employs skilled workers who custom fabricate sheet metal flashing and trim similar to that required for this Project and whose products have a record of successful in-service performance.

PART 2 - PRODUCTS

2.1 PERFORMANCE REQUIREMENTS

A. General: Sheet metal flashing and trim assemblies shall withstand wind loads, structural movement, thermally induced movement, and exposure to weather without failure due to defective manufacture, fabrication, installation, or other defects in construction. Completed sheet metal flashing and trim shall not rattle, leak, or loosen, and shall remain watertight.

B. Sheet Metal Standard for Flashing and Trim: Comply with NRCA's "The NRCA Roofing Manual" and SMACNA's "Architectural Sheet Metal Manual" requirements for dimensions and profiles shown unless more stringent requirements are indicated.

C. SPRI Wind Design Standard: Manufacture and install roof edge flashings tested according to SPRI ES-1 and capable of resisting the following design pressure:

1. Design Pressure: As indicated on Drawings.

D. Thermal Movements: Allow for thermal movements from ambient and surface temperature changes.

1. Temperature Change: 120 deg F, ambient; 180 deg F, material surfaces.

2.2 FLASHING AND SHEET METAL MATERIALS

A. General: Protect mechanical and other finishes on exposed surfaces from damage by applying strippable, temporary protective film before shipping.

B. Stainless Steel Sheet: Provide .032 thick stainless steel, unless indicated otherwise on the Drawings.

2.3 MISCELLANEOUS MATERIALS

A. General: Provide materials and types of fasteners, solder, protective coatings, sealants, and other miscellaneous items as required for complete sheet metal flashing and trim installation and as recommended by manufacturer of primary sheet metal unless otherwise indicated.

B. Fasteners: Wood screws, annular threaded nails, self-tapping screws, self-locking rivets and bolts, and other suitable fasteners designed to withstand design loads and recommended by manufacturer of primary sheet metal or manufactured item.

1. General: Blind fasteners or self-drilling screws, gasketed, with hex-washer head.
   a. Exposed Fasteners: Heads matching color of sheet metal using plastic caps or factory-applied coating. Provide metal-backed EPDM or PVC sealing washers under heads of exposed fasteners bearing on weather side of metal.
   b. Blind Fasteners: High-strength stainless-steel rivets suitable for metal being fastened.
2. Fasteners for Stainless-Steel Sheet: Series 300 stainless steel.

C. Solder:

1. For Stainless Steel: ASTM B 32,Grade Sn60 or Grade Sn96, with acid flux of type recommended by stainless-steel sheet manufacturer.

D. Sealant Tape: Pressure-sensitive, 100 percent solids, polyisobutylene compound sealant tape with release-paper backing. Provide permanently elastic, nonsag, nontoxic, nonstaining tape 1/2 inch wide and 1/8 inch thick.

E. Elastomeric Sealant: ASTM C 920, elastomeric polyurethane, polysulfide and / or silicone polymer sealant; of type, grade, class, and use classifications required to seal joints in sheet metal flashing and trim and remain watertight.

F. Butyl Sealant: ASTM C 1311, single-component, solvent-release butyl rubber sealant; polyisobutylene plasticized; heavy bodied for hooked-type expansion joints with limited movement.

G. Asphalt Roofing Cement: ASTM D 4586, asbestos free, of consistency required for application.

2.4 FABRICATION, GENERAL

A. General: Custom fabricate sheet metal flashing and trim to comply with details shown and recommendations in cited sheet metal standard that apply to design, dimensions, geometry, metal thickness, and other characteristics of item required. Fabricate sheet metal flashing and trim in shop to greatest extent possible.

1. Obtain field measurements for accurate fit before shop fabrication.
2. Form sheet metal flashing and trim to fit substrates without excessive oil canning, buckling, and tool marks; true to line, levels, and slopes; and with exposed edges folded back to form hems.
3. Conceal fasteners and expansion provisions where possible. Do not use exposed fasteners on faces exposed to view.

B. Expansion Provisions: Form metal for thermal expansion of exposed flashing and trim.

1. Form expansion joints of intermeshing hooked flanges, not less than 1 inch deep, filled with butyl sealant concealed within joints.
2. Use lapped expansion joints only where indicated on Drawings.

C. Sealant Joints: Where movable, nonexpansion-type joints are required, form metal to provide for proper installation of elastomeric sealant according to cited sheet metal standard.

D. Fabricate cleats and attachment devices from same material as accessory being anchored or from compatible, noncorrosive metal.

E. Fabricate cleats and attachment devices of sizes as recommended by cited sheet metal standard for application, but not less than thickness of metal being secured.

F. Seams: Fabricate nonmoving seams with flat-lock seams. Tin edges to be seamed, form seams, and solder.

G. Seams: Fabricate nonmoving seams with flat-lock seams. Form seams and seal with elastomeric sealant unless otherwise recommended by sealant manufacturer for intended use. Rivet joints where necessary for strength.

PART 3 - EXECUTION

3.1 INSTALLATION, GENERAL

A. General: Anchor sheet metal flashing and trim and other components of the Work securely in place, with provisions for thermal and structural movement. Use fasteners, solder, separators, sealants, and other miscellaneous items as required to complete sheet metal flashing and trim system.

1. Install sheet metal flashing and trim true to line, levels, and slopes. Provide uniform, neat seams with minimum exposure of solder, welds, and sealant.
2. Install sheet metal flashing and trim to fit substrates and to result in watertight performance. Verify shapes and dimensions of surfaces to be covered before fabricating sheet metal.
3. Space cleats not more than 12 inches apart. Attach each cleat with at least two fasteners. Bend tabs over fasteners.
4. Install exposed sheet metal flashing and trim with limited oil canning, and free of buckling and tool marks.
5. Torch cutting of sheet metal flashing and trim is not permitted.

B. Metal Protection: Where dissimilar metals contact each other, or where metal contacts pressure-treated wood or other corrosive substrates, protect against corrosion by painting contact surfaces with bituminous coating or by other permanent separation as recommended by sheet metal manufacturer or cited sheet metal standard.

1. Underlayment: Where installing sheet metal flashing and trim directly on wood substrates, install underlayment and cover with slip sheet.

C. Expansion Provisions: Provide for thermal expansion of exposed flashing and trim. Space movement joints at maximum of 10 feet with no joints within 24 inches of corner or intersection.

1. Form expansion joints of intermeshing hooked flanges, not less than 1 inch deep, filled with sealant concealed within joints.

D. Fasteners: Use fastener sizes that penetrate wood blocking or sheathing not less than 1-1/4 inches for nails and not less than 3/4 inch for wood screws. Substrate not less than recommended by fastener manufacturer to achieve maximum pull-out resistance.

E. Conceal fasteners and expansion provisions where possible in exposed work and locate to minimize possibility of leakage. Cover and seal fasteners and anchors as required for a tight installation.

F. Seal joints as required for watertight construction. Prepare joints and apply sealants to comply with requirements in Section 07920 "Joint Sealants."

G. Soldered Joints: Clean surfaces to be soldered, removing oils and foreign matter. Pre-tin edges of sheets with solder to width of 1-1/2 inches; however, reduce pre-tinning where pre-tinned surface would show in completed Work.

1. Do not use torches for soldering.
2. Heat surfaces to receive solder, and flow solder into joint. Fill joint completely. Completely remove flux and spatter from exposed surfaces.

H. Rivets: Rivet joints in uncoated aluminum where necessary for strength.

3.2 CLEANING AND PROTECTION

A. Clean exposed metal surfaces of substances that interfere with uniform oxidation and weathering.

B. Clean and neutralize flux materials. Clean off excess solder and sealants.

C. Remove temporary protective coverings and strippable films as sheet metal flashing and trim are installed unless otherwise indicated in manufacturer's written installation instructions.

D. Protection: Installer shall advise Contractor of required procedures for surveillance and protection of flashings, sheet metal work, and accessories during construction, to ensure that work will be without damage or deterioration, other than natural weathering, at time of substantial completion.

E. Flashings and sheet metal with cuts, abrasions, or imperfections will not be acceptable and is to be replaced.

END OF SECTION

SECTION 09900

PAINTS AND COATINGS

PART 1 - GENERAL

1.01 SUMMARY

A. Painting and finishing of exterior and interior exposed items and surfaces throughout the project, except as otherwise indicated. Surface preparation, priming and finish coats specified in this Section are in addition to shop priming and surface treatment specified under other Sections of the Work.

1. The Work includes field painting of exposed soffit and fascia wood and metals flashing (per drawings)
2. “Paint” means all coating systems materials, including primers, emulsions, enamels, stains, sealers and fillers, and other applied materials whether used as prime, intermediate or finish coats.
3. Paint all exposed surfaces whether or not colors are designated in "schedules." Where items or surfaces are not specifically mentioned, paint these the same as adjacent similar materials or areas. If color or finish is not designated, the Architect will select these from standard colors available for the materials system specified.

1.02 PAINTING NOT INCLUDED

A. The following categories of Work are not included as parts of the field-applied finish Work, or are included in other Sections of these Specifications.

B. Shop Priming: Unless otherwise specified, shop priming of ferrous metal items is included under the various Sections for structural steel, miscellaneous metal, hollow metal work, and similar items. Also, for fabricated or factory-built mechanical and electrical equipment or accessories.

C. Pre-Finished Items: Unless otherwise indicated, do not include painting when factory-finishing or installer finishing is specified for such items as (but not limited to) architectural woodwork.

D. Concealed Surfaces: Unless otherwise indicated, painting is not required on surfaces such as walls or ceilings in concealed areas and generally inaccessible areas, foundation spaces, furred areas, utility tunnels, pipe spaces, duct shafts and elevator shafts.

E. Finished Metal surfaces: Metal surfaces of anodized aluminum, stainless steel, chromium plate, copper, bronze and similar finished materials will not require finish painting, unless otherwise indicated.

1.03 SUBMITTALS

A. Product Data: Submit manufacturer's technical information including basic materials analysis and application instructions for each coating material specified.

B. Samples for Initial Selection: For each type of topcoat product indicated. Submit color samples for selection by Architect from manufacturer’s full range of colors. Indicate submitted manufacturer’s closest STANDARD colors that match colors specified or provide “Custom” color if not match.

C. Samples for Verification: For each type of paint system and each color and gloss/sheen of topcoat indicated.

1. Submit Samples on rigid backing, 8 inches square.
2. Step coats on Samples to show each coat required for system.
3. Label each coat of each Sample.
4. Label each Sample for location and application area.

D. Product List: For each product indicated, include the following:

1. Comply with Articles 3.7 and 3.8 indicating each type of primer, intermediate coat and topcoat required for each substrate by product name and number.
2. Cross-reference to paint system and locations of application areas. Use same designations indicated on Drawings and in schedules.

E. Coating Maintenance Manual: Upon conclusion of the project, the Contractor or paint manufacturer / supplier shall furnish a coating maintenance manual, such as Sherwin-Williams “Custodian Project Color and Product Information” report or equal. Manual shall include an Area Summary with finish schedule, Area Detail designating where each product / color / finish was used, product data pages, Material Safety Data sheets (MSDS), care and cleaning instructions, including touch-up procedures.

F. Substitutions for Convenience: Architect will consider formal written requests from Contractor for substitution of products in place of those specified if received within 10 days prior to Bids. Requests received after that time may be considered or rejected at discretion of Architect. Substitutions which decrease the film thickness, the number of coats applied, change the generic type of coating or fail to meet the performance criteria of the specified materials WILL NOT be approved. All primers and topcoats plus the seam sealer and pit filler shall be furnished by the same manufacturer to ensure compatibility.

1.04 QUALITY ASSURANCE

1. Final approval of color selections shall match existing and adjacent surfaces and selected by Architect prior to installation.

1.05 DELIVERY, STORAGE, AND HANDLING

A. Deliver all materials to the job site in original, new and unopened packages and

containers bearing manufacturer's name and label, and the following information:

1. Name or title of material.
2. Fed. Spec. Number, if applicable.
3. Manufacturer's stock number and date of manufacturer.
4. Manufacturer's name.
5. Contents by volume, for major pigment and vehicle constituents.
6. Thinning instructions.
7. Application instructions.
8. Color name and number.
9.

B. Store materials not in use in tightly covered containers in well-ventilated areas with ambient temperatures continuously maintained at not less than 45 deg F.

1. Maintain containers in clean condition, free of foreign materials and residue.
2. Remove rags and waste from storage areas daily.
3.

1.06 PROJECT CONDITIONS

A. Apply paints only when temperature of product, surfaces to be painted and ambient air temperatures are between 50 and 95 deg F.

B. Do not apply paint late in the day when dew and condensation are likely to form; or snow, rain, fog or mist is expected; or when the relative humidity exceeds 85 percent; or to damp or wet surfaces; unless otherwise permitted by the paint manufacturer's printed instruction. Painting may be continued during inclement weather only if the areas and surfaces to be painted are enclosed and heated within the temperature limits specified by the paint manufacturer during application and drying periods.

1.07 EXTRA MATERIALS

A. Furnish extra materials described below that are from same production run (batch mix) as materials applied and that are packaged for storage and identified with labels describing contents.

1. Quantity: Furnish an additional 5 percent, but not less than 1 gallon of each material and color applied.

PART 2 - PRODUCTS

2.01 MANUFACTURERS

A. Manufacturers: Subject to compliance with requirements, provide products by one of the following:

1. BLP Mobile Paint, Theodore, AL Tel. (251) 443-6110.
2. Benjamin Moore & Company, Montvale, NJ. Tel. (800) 344-0400.
3. Farrell-Calhoun Paint, Memphis, TN. Tel. (901) 526-2211.

4. PPG Paints, Inc., Pittsburgh, PA. Tel (412) 434-3131.
5. Rust-Oleum, Vernon Hills, IL. 60061. Tel. (800) 323-3584.
6. Sherwin-Williams Company, Cleveland, OH 44115. Tel. (800) 321-8194. (Basis-of-Design)
7.

B. Substitution Requests: Substitutions that fully meet or exceed the specified requirements may be considered under provisions of Section 01635 - Substitution Procedures

2.02 COLORS AND FINISHES

A. Paint colors, surface treatments, and finishes will be selected from color chips submitted by contractor. Prior to beginning Work, the Architect will select color chips for surfaces to be painted. Use representative colors when preparing samples for review. Final acceptance of colors will be from samples.

B. Colors Pigments: Pure, non-fading, applicable types to suit the substrates and service indicated. Lead content in the pigment, if any, is limited to contain not more than 0.5 percent lead, as lead metal based on the total non-volatile (dry-film) of the paint by weight.

C. Paint Coordination: Provide finish coats which are compatible with prime paints used. Review other sections of these Specifications in which prime paints are to be provided to ensure compatibility of total coats system for various substrates. Upon request from other trades, furnish information on characteristics of finish materials provided for use, to ensure compatible prime coats are used. Provide barrier coats over incompatible primer or remove and reprime as required. Notify the Architect in writing of any anticipated problems using specified coating systems with substrates primed by others.

2.03 MATERIAL QUALITY

A. Provide the best quality grade of the various types of coatings as regularly manufactured by acceptable paint materials manufacturers. Materials not displaying the manufacturer's identification as a standard, BEST GRADE product WILL NOT be acceptable. Proprietary names used to designate colors or materials are not intended to imply that products of the named manufacturers are required to the exclusion of equivalent products of other manufacturers.

B. Provide undercoat paint produced by the same manufacturer as the finish coats. Use only thinners approved by the paint manufacturer, and use only within recommended limits.

PART 3 - EXECUTION

3.01 EXAMINATION

A. Applicator must examine the areas and conditions under which painting Work is to be applied and notify the Contractor in writing of conditions detrimental to the proper and

timely completion of the Work. Do not proceed with the Work until unsatisfactory conditions have been corrected in a manner acceptable to the Applicator. Starting of painting Work will be construed as the Applicator's acceptance of the surfaces and conditions within any particular area.

B. Maximum Moisture Content of Substrates: When measured with an electronic moisture meter as follows:

1. Wood Interior & Exterior located: 10 percent per ASTM D2016.

C. Do not paint over dirt, rust, scale, grease, moisture, scuffed surfaces, or conditions otherwise detrimental to the formation of a durable paint film.

3.02 SURFACE PREPARATION

A. Perform preparation and cleaning procedures in strict accordance with the paint manufacturer's instructions and as herein specified, for each particular substrate condition.

1. Remove all hardware, hardware accessories, machined surfaces, plates, lighting fixtures, and similar items in place and not to be finish-painted, or provide surface-applied protection prior to surface preparation and painting operations.
2. Remove, if necessary, for the complete painting of the items and adjacent surfaces.
3. Following completion of painting of each space or area, re-install the removed items by workmen skilled in the trades involved.
4. Clean surfaces to be painted before applying paint or surface treatments.
5. Remove oil and grease prior to mechanical cleaning.
6. Remove mildew by washing with a mixture of 1 part liquid chlorine bleach to 3 parts water. Before use, be sure to read and follow instructions and warnings on label. Rinse thoroughly.
7. Schedule the cleaning and painting so that contaminates from the cleaning process with not fall onto wet, newly painted surfaces.
8. Warning-If you scrape, sand, or remove old paint; you may release lead dust or fumes. Lead is toxic and can cause serious illness. Wear a properly fitted NIOSH-approved respirator and prevent skin contact to control lead exposure.

B. Ferrous Metals:

1. Clean ferrous surfaces, which are not galvanized or shop-coated, of oil, grease, dirt, loose mill scale and other foreign substances by solvent or mechanical cleaning.
2. Touch-up shop-applied prime coats wherever damaged or bare. Where required by other Sections of these Specifications, clean and touch-up with the same type shop primer.

C. Galvanized Surfaces: Clean free of oil and surface contaminants with acceptable non-petroleum based solvent.

D. Wood: Clean wood surfaces to be painted of all dirt, oil, or other foreign substances with scrapers, mineral spirits, and sandpaper, and dust off. Scrape and clean small, dry, seasoned knots and apply a thin coat of white shellac or other recommended knot sealer before application of the priming coat.

1. Prime, stain, or seal wood required being job-painted, as soon as practicable upon delivery to job. Prime edges, ends, faces, under sides, and backsides of such wood, including cabinets, counters, cases, paneling, etc. After priming, fill holes and imperfections in finish surfaces with putty or plastic wood-filler. Sandpaper smooth when dry.
2. When transparent finish is required, use sealer as recommended by manufacturer. Seal tops, bottoms, and cutouts of unprimed wood doors with sealer immediately upon delivery to project.

3.03 MATERIALS PREPARATION

A. Mix and prepare painting materials in accordance with manufacturer's directions. Store materials not in actual use in tightly covered containers. Maintain containers used in storage, mixing and application of paint in a clean condition, free of foreign materials and residue. Stir materials before application to produce a mixture of uniform density, and stir as required during the application of the materials. Do not stir surface film into the material. Remove the film and if necessary, strain the material before using.

3.04 APPLICATION

A. Apply paint in accordance with the manufacturer's directions. Use applications and techniques best suited for the substrate and type of material being applied. Apply additional coats when undercoats, stains or other conditions show through the final coat of paint, until the paint film is of uniform finish, color and appearance. Give special attention to insure that all surfaces, including edges, corners, crevices, welds, and exposed fasteners receive a dry film thickness equivalent to that of flat surfaces.

B. Paint surfaces behind movable equipment and furniture the same as similar exposed surfaces. Paint surfaces behind permanently fixed equipment or furniture with prime coat only before final installation of equipment. Paint interior surfaces of ducts, where visible through registers or grilles, with a flat, non-specular black paint. Paint the back-sides of access panels, and removable or hinged covers to match the exposed surfaces.

C. Finish exterior doors on tops, bottoms and side edges the same as the exterior faces, unless otherwise indicated.

D. Sand lightly between each succeeding enamel or varnish coat.

E. Omit the first coat (primer) on metal surfaces that have been shop-primed and touch-up painted, unless otherwise indicated or barrier coat is required for compatibility.

F. Scheduling Paint: Apply the first-coat material to surfaces that have been cleaned, pretreated or otherwise prepared for painting as soon as practicable after preparation and before subsequent surface deterioration. Allow sufficient time between successive

coatings to permit proper drying. Do not re-coat until paint has dried to where it feels firm, does not deform or feel sticky under moderate thumb pressure and the application of another coat of paint does not cause lifting or loss of adhesion of the undercoat.

G. Minimum Coating Thickness: Apply each material at not less than the manufacturer's recommended spreading rate, to establish a total dry film thickness as indicated or, if not indicated, as recommended by coating manufacturer.

H. Prime Coats: Apply a prime coat of material which is required to be painted or finished, and which has not been prime coated by others. Re-coat primed and sealed surfaces where there is evidence of suction spots or unsealed areas in first coat, to assure a finish coat with no burn-through or other defects due to insufficient sealing.

I. Pigmented (Opaque) Finishes: Completely cover to provide an opaque, smooth surface of uniform finish, color appearance and coverage. Cloudiness, spotting, holidays, laps, brush marks, runs, sags, or other surface imperfections will not be acceptable.

J. Transparent (Clear) Finishes: Use multiple coats to produce glass-smooth surface film of even luster. Provide a finish free of laps, cloudiness, color irregularity, runs, brush marks, orange peel, nail holes, or other surface imperfections. Provide satin finish for final coats, unless otherwise indicated.

K. Completed Work: Match approved samples for color, texture and coverage. Remove, refinish or repaint Work not in compliance with specified requirements.

3.05 FIELD QUALITY CONTROL

A. Testing of Paint Materials: Owner reserves the right to invoke the following procedure at any time and as often as Owner deems necessary during the period when paints are being applied:

1. Owner will engage the services of a qualified testing agency to sample paint materials being used. Samples of material delivered to Project site will be taken, identified, sealed, and certified in presence of Contractor.
2. Testing agency will perform tests for compliance of paint materials with product requirements.
3. Owner may direct Contractor to stop applying paints if test results show materials being used do not comply with product requirements.
4. Contractor shall remove non-complying-paint materials from Project site, pay for testing, and repaint surfaces painted with rejected materials.
5. Contractor will be required to remove rejected materials from previously painted surfaces if, on repainting with complying materials, the two paints are incompatible.
6.

3.06 CLEANING AND PROTECTION

A. Cleaning: During the progress of the Work, remove from the site all discarded paint materials, rubbish, cans and rags at the end of each workday. Upon completion of painting work, clean window glass and other paint-spattered surfaces. Remove

spattered paint by proper methods of washing and scraping, using care not to scratch or otherwise damage finished surfaces.

B. Protection: Protect Work of other trades, whether to be painted or not, against damage by painting and finishing Work. Correct damage by others for protection of their Work, after completion of painting operations. At the completion of Work of other trades, touch-up and restore all damaged or defaced painted surfaces.

3.07 EXTERIOR PAINTING SCHEDULE

A. Provide the following Sherwin-Williams (or equal) paint systems for the various substrates, as indicated:

1. Ferrous and Zinc Coated Metal
   a. Prime Coat: S-W ProCryl® Universal Primer, B66-310 Series (2.0-4.0 mils dry)
   b. Intermediate Coat: Sher-Cryl™ HPA Acrylic, B66-350 Series (2.5-4.0 mils dry)
   c. Topcoat: Sher-Cryl™ HPA Acrylic, B66-350 Series (2.5-4.0 mils dry)
2. Painted Woodwork
   a. Prime Coat: S-W Exterior Latex primer, B42W841 (1.4 mils dry). If tannin bleeding occurs, use A-100 Exterior Stain Blocking Primer, Y24 Series.
   b. Intermediate Coat: S-W A-100 Exterior Latex Gloss, A8 Series (1.3 mils dry)
   c. Topcoat: S-W A-100 Exterior Latex Gloss, A8 Series (1.3 mils dry)

(Comply with manufacturer's instructions for coverage and uniform color.)

1. THE CONTRACT DOCUMENTS CONSIST OF THIS SET OF DRAWINGS, ADDENDA, CONSTRUCTION CHANGE DIRECTIVES, CHANGE ORDERS, THE CONTRACT BETWEEN THE OWNER AND CONTRACTOR, CONDITIONS OF THE CONTRACT, INTERIOR DESIGN DOCUMENTS, GEOTECHNICAL REPORT AND ANY OTHER INFORMATION WRITTEN AND MUTUALLY AGREED UPON BETWEEN THE OWNER AND CONTRACTOR AND RELEVANT TO THIS PROJECT SCOPE.
2. THESE DRAWINGS ARE COMPLEMENTARY AND INTERRELATED; WORK OF ANY INDIVIDUAL TRADE IS NOT CONFINED TO SPECIFIC DOCUMENTS, CHAPTERS OR LOCATIONS.
3. THE CONTRACTOR SHALL COMPLY WITH ALL CODES AND ORDINANCES IN EFFECT AT THE TIME THE PERMIT IS ISSUED.
4. IF DISCREPANCIES OR INCONSISTENCIES IN THE DOCUMENTS ARE DISCOVERED, THE CONTRACTOR IS TO NOTIFY THE ARCHITECT IMMEDIATELY IN WRITING.
5. CONSTRUCTION TECHNIQUES, PROCEDURES, SEQUENCING AND SCHEDULING ARE SOLELY THE RESPONSIBILITY OF THE CONTRACTOR.
6. ALL PENETRATIONS IN RATED CONSTRUCTION ARE TO BE SEALED WITH APPROPRIATE MATERIALS AS INDICATED BY THESE DOCUMENTS OR OTHERWISE REQUIRED BY INSPECTORS OR APPLICABLE CODES AND ORDINANCES.
7. DO NOT SCALE DRAWINGS; USE DIMENSIONS ONLY. ALL DIMENSIONS MUST BE VERIFIED ON THE JOB AND THE ARCHITECT MUST BE NOTIFIED OF ANY DISCREPANCIES BEFORE PROCEEDING WITH THE WORK.
8. IT IS THE INTENT OF THE DOCUMENTS TO PROVIDE A COMPLETELY WATERPROOF BUILDING ENVELOPE. REPORT TO ARCHITECT ANY CONDITION THAT WOULD PREVENT THIS IMMEDIATELY.
9. COORDINATE LOCATIONS AND/OR ELEVATIONS OF VENTS, REGISTERS, GRILLES, LOUVERS, DUCTS, UNIT HEATERS, PANELS, ETC. WITH MECHANICAL AND ELECTRICAL CONTRACTORS AND ARCHITECTURAL DRAWINGS.
10. THERE SHALL BE NO BACK-TO-BACK ELECTRICAL, TELEPHONE, OR OTHER OUTLETS.
11. ALL BLOCKING IN CONTACT W/ CONCRETE OR CMU TO BE FIRE RETARDANT PRESSURE TREATED. ALTERNATE BLOCKING USE MINIMUM OF 16 GAUGE X 8" MATERIAL SHALL BE USED WITH METAL FASTENERS.
12. WHERE A DETAIL IS SHOWN FOR ONE CONDITION, IT SHALL APPLY TO ALL LIKE OR SIMILAR CONDITIONS, EVEN THOUGH NOT SPECIFICALLY MARKED ON THE DRAWINGS.
13. THE CONTRACTOR SHALL FOLLOW MANUFACTURER'S INSTRUCTIONS, DETAILS & SPECIFICATIONS FOR ALL CONSTRUCTION MATERIALS, SYSTEMS & WARRANTIES.
14. THE CONTRACTOR IS RESPONSIBLE FOR LOCATING, IDENTIFYING & COORDINATING EXISTING UTILITIES PRIOR TO ANY WORK.
15. THE CONTRACTOR IS RESPONSIBLE FOR VISITING THE SITE & BECOMING FAMILIAR WITH THE WORK SCOPE. ANY QUESTIONS OR CONFLICTS ARE TO BE ADDRESSED TO THE ARCHITECT PRIOR TO THE START OF ANY WORK. ALL WORK METHODOLOGY & SEQUENCING IS THE SOLE RESPONSIBILITY OF THE CONTRACTOR.
16. THESE CONSTRUCTION DOCUMENTS COMPLY WITH THE 2021 IBC AS REQUIRED.
17. ALL NOTES, ABBREVIATIONS, MATERIALS AND SYMBOLS IN LEGENDS MAY OR MAY NOT BE USED.
18. THE CONTRACTOR IS RESPONSIBLE TO REVIEW THE PROJECT MANUAL AND ADDRESS BID ALTERNATES AND UNIT COSTS AS SPECIFIED.

A Statement of Special Inspections shall be submitted as a condition for the issuance of a permit in accordance with the International Building Code, Chapter 17. The Statement of Special Inspections shall include a Schedule of Special Inspections for the above-referenced project, as well as identify the individuals, agencies, or firms intended to be retained for conducting the Special Inspections.

The Special Inspector (s) shall keep records of all inspections and shall furnish interim inspection reports to the building official and to the registered design professional in responsible charge and at a frequency agreed upon by the permit applicant and building official prior to the start of work. Discrepancies shall be brought to the immediate attention of the contractor for correction. If the discrepancies are not corrected, the discrepancies shall be brought to the attention of the building official and the registered design professional in charge prior to the completion of that phase of the work. A Final Report of Final Inspections documenting required Special Inspections and correction of any discrepancies noted in the inspections shall be submitted by each agent at the completion of that phase of work.

The minimum frequency of interim report submittals shall be not less than:
Monthly Bi-Monthly Upon completion Per Attached Schedule

The Special Inspection Program does not relieve the Contractor of the responsibility to comply with the Contract Documents. Jobsite safety, means and methods of construction are solely the responsibility of the Contractor.

3.3 Existing Buildings

The building will remain in operation during construction ___Yes X No

If yes, add provisions for rigid safety barriers and dust barriers to protect the public during construction in accordance with the applicable provisions of IBC Chapter 33. Yellow safety tape not acceptable.

3.4 Renovations

Is the work in this building or space a change of occupancy? ___Yes X No

3.5 Historic buildings

This building is a Historic Building ___Yes X No

3.6 Compliance Alternatives- (IBC Section 3412)

Provide building evaluations when existing building does not meet current codes and renovations will not meet all requirements of current building code. Provide evaluation of existing building and a second evaluation reflecting those design features chosen by the Architect/Engineer to give the building a positive score for fire safety, means of egress, and general safety. Call Chief Building Inspector if you are not sure whether evaluation is required or not. Include Summary sheet (Tables in 3412) on drawings including applicable calculations.

Exception _____

Identify whether you are using the provisions of Non-Separated Uses or Separated Uses by placing an "X" below by your design choice.

___ Non-Separated Mixed Occupancy (508.3)

The required type of construction for the building shall be determined by applying the height and area limitations for each of the applicable occupancies to the entire building. The most restrictive type of construction, so determined, shall apply to the entire building.

___ Separated Mixed Occupancy (508.4)

Each portion of the building shall be individually classified as to use and shall be completely separated from adjacent areas by fire barrier walls or horizontal assemblies or both having a fire-resistance rating determined in accordance with **Table 508.4** for the uses being separated. For each story, the area of the occupancy shall be such that the sum of the ratios of the actual floor area of each use divided by the allowable floor area for each use shall not exceed 1.

___ Incidental Use Areas (Table 508.2.5)

$\frac{\text{Actual Area of Occupancy A}}{\text{Allowable Area of Occupancy A}} + \frac{\text{Actual Area of Occupancy B}}{\text{Allowable Area of Occupancy B}} \leq 1$

ALTERNATE #1 & #2 - PAVILIONS #1 & #2: NEW ROOF

Addendum No. 1

To: Pre-Bid Meeting Attendees and Registered Plan holders

From: Elizabeth Miller
City of Mobile Architectural Engineering Department

Re: Hillsdale Senior Center Roof Replacement
Project # PR-049a-25

Date: September 12, 2025

This Addendum forms a part of, and modifies, the Request for Bids for the above referenced project, dated September 10, 2025. Acknowledge the receipt of this Addendum No. 1, if any, in the space provided on the Bid Form. Failure to do so may subject Bidder to disqualification.

General:

Clarifications:

Item 1. The Pre-Bid Conference Agenda with modifications, the Pre-Bid Conference Attendance Roster, dated September 10, 2025, as part of Addendum No. 1.
Item 2. A vapor barrier is not required for the Pavilion roofs.
Item 3. Fasteners should not be visible from the interior of the building.
Item 4. The TPO roof installation is changing from a mechanically fastened to a Hybrid TPO roof assembly. Revised plans and specifications will be issued with Addendum #2.
Item 5. Approved roof assembly manufacturer, all others must be pre-approved:

GAF
Preston Gerrish
Commercial Territory Manager AL,
FL Panhandle
251-481-9038
preston.gerrish@gaf.com

Item 6. The length of the Labor and Material Warranty needs does not match between Supplemental Instructions to Bidders (Section 00300, 24.B) and the Summary of the Work (Section 01010, 1.37.B). They both should require five (5) years.
Item 7. Specification Section 074113 Formed Metal Roof Panel - Alternate Bid Items #1 & #2, 1.4.A Quality Assurance – Contractor must meet the Installer Qualifications. If documented experience is less than 10 years, Contractor may provide 5 projects where metal roof was installed, including contact information,
Item 8. Specification Section 075423 Thermoplastic-Polyolefin Roofing (TPO), 3.05 Quality Assurance – Contractor must meet the qualifications as specified by approved manufacturer.

Forms and Specifications:

Item 1. Replace Index to Documents with Index to Documents, Addendum #1, dated September 12, 2025.
Item 2. Added Alternate #3 and removed Unit Price #2 on Bid Form in Section 00400 Bid Form, Addendum #1, dated September 12, 2025.
Item 3. Removed Unit Price #2 in Section 01220 Unit Prices, Addendum #1, dated September 12, 2025.
Item 4. Added Alternate #3 to Description of Alternates (1.4.C) to Section 01230 Alternative Bid Items, Addendum #1, dated September 12, 2025.
Item 5. Added Section 01310 Project Management & Co-ordination, Addendum #1, dated September 12, 2025

Drawings: N/A

RFI's:

Item 1. The TPO roof substitution (Carlisle Syntec Systems) is no longer an approved substitution due to the requirement of no visible fasteners (from inside the building) and the specification change to a Hybrid roof assembly.

Note: This Agenda is complimentary, for general use as an outline and for discussion during this meeting. Any errors, omissions, or clarifications shall be communicated to the Engineer for distribution. This Agenda does not attempt to be, nor represent, any recapitulation of Project requirements, and does not change or alter same in any respect; Changes, if any, will only be made by written Addendum.

1. Welcoming remarks. Reminder to sign in on sheet being circulated. Include a contact person and an e-mail address where any Addenda should be sent. Please write legibly. Addenda will be posted on the City of Mobile Bid Website under the Project. https://www.cityofmobile.org/bids/ Please check this website for all Addenda prior to submitting your bid form.

2. Name of Owner – City of Mobile
   Project Manager – Elizabeth Miller
   Design Consultant – Karrie Maurin

3. Every General Contractor and every Subcontractor should read and be familiar with all of the "front-end" documents and all of Division 1 of the Project Manual, in addition to the work they are bidding and have to coordinate with.

4. Bid time, date, place – are indicated in the Advertisement for Bids; Sealed bids will be received and clocked in until 2:15 pm, Wednesday, the 17th day of September, 2025 ; bidders shall insert sealed Bids into a receptacle, marked "City of Mobile Bids", located in the elevator lobby outside the office of the City Clerk Office, 9th Floor South Tower, Government Plaza, 205 Government Street, Mobile, Alabama 36602. Bid will be publicly opened and read at 2:30 PM local time, in the Atrium Lobby of Government Plaza. It is the Contractors responsibility to make sure Bid is received prior to bid time or they will not be accepted.

5. Note that Advertisement and Instructions to Bidders should be read by each bidder. For insurance requirements refer to Invitation & Instructions to Bidders in the Project Manual. A Certificate of Insurance evidencing all the minimum requirements must be provided to and accepted by the City of Mobile prior to commencing on the contract.

6. Contractors shall use the Bid Form included in Project Manual, copies of which are furnished to each bidder with Bid Documents.

7. Before submitting a bid for the Work, the bidders shall carefully examine the Bid Documents, visit the site, and satisfy themselves as to the nature and location of the Work, and the general and local conditions, including weather, the general character of the site, the character and extent of existing work within or adjacent to the site and any other work being performed thereon at the time of submission of their bids.

8. Addenda - Minutes of Mandatory Pre-Bid Conference, and any pertinent items discussed shall be issued as Addendum following the Mandatory Pre-Bid Conference.

9. Clarification will be made only by written Addenda posted on the City of Mobile website. Questions and Clarifications must be submitted in writing five (5) days prior to bid.

10. When the Bid Documents identify three or more sources and the list of sources is not followed by “or approved equal” or similar wording, the bidder’s proposal shall be based upon one of the identified sources, unless the bidder obtains “Pre-bid Approval” of another source. Approval of substitutions, if granted, shall not be effective until published by the Engineer in an addendum to the Bid Documents. Requests for substitutions will only be considered five (5) days prior to bid.

11. If there is a conflict, discrepancy, or confusion between the existing conditions, plans and specifications for work, materials or equipment and the Contractor does not receive written clarification from the Engineer prior to the opening of bids the Contractor shall include the better quality or greater quantity of work in his/her bid.

12. Bids must be submitted on the Bid Form as contained in the Bid Documents; only one copy is required to be submitted.

13. All information requested of the bidder on the Bid Form must be filled in. The form must be completed by typewriter or hand-printed in ink.

14. Bids shall be accompanied by a Bid Security equal to 5% (percent) of the total bid price, including the allowance if any, but in no event not more than $10,000.00. Bid Security shall be on the form of a Bid Bond or cashier’s check payable to the City of Mobile. No Bid Security is required on Bids less than $10,000.00.

15. Bid, with Bid Security, Sales Tax Form C-3A, City of Mobile Subcontracting and Major Supplier Plan and other supporting data specified, shall be contained in a sealed, opaque envelope, approximately 9x12 inches or larger and be marked on the outside with the words "SEALED BID FOR HILLSDALE SENIOR CENTER ROOF REPLACEMENT PROJECT NUMBER: (PR-049a-25)”.

16. Performance Assurance and Insurance: The bidder to whom award is made shall provide a Performance Bond equal to 100% of the total Contract Amount (including the allowance) and a Labor and Material Bond equal to 100% of the total contract amount (including the allowance). The accepted Bidder shall also provide insurance as required in section 1.20
NO WORK IS TO BE PERFORMED UNTIL PROOF OF COMPLIANCE WITH THE INSURANCE REQUIREMENTS HAS BEEN RECEIVED BY THE CITY OF MOBILE.

17. A valid City of Mobile business license for the duration of the contract period. E-verify Documentation: The Beason-Hammond Taxpayer Protection Act applies to this project. Contractor shall comply with the requirements of this Act and show proof of enrollment in the E-verify program by submitting the electronically generated Federal E-verify document prior to signing of the construction contract. (see Project Manual)

18. Bids may be delivered in person or by mail if ample time is allowed for delivery.

19. Bids will be opened and read publicly at the time and place indicated in the Advertisement for Bids.

20. Alternates, if any, are listed in the Bid Form in the order in which they shall cumulatively add to from the base bid for determining the lowest bidder.

21. Bid Forms may be rejected if they contain any omissions, alterations of forms, additions not called for, conditional bids, alternate bids unless called for, incomplete bids, erasures, or irregularities of any kind.

22. Discussion of Scope of Work (discussion:
    a. Base Bid: The work includes tear off and replacement of the built-up roof membrane across the entire roof as specified in the consultant drawings attached to this project manual.
    b. Add Alternate 1 (Pavilion #1, ± 1,000 SF): The Work includes replacement of the existing asphalt roof across the entire Pavilion #1 roof.
    c. Add Alternate 2 (Pavilion #2, ± 800 SF): The Work includes replacement of the existing asphalt roof across the entire Pavilion #2 roof.
    d. Unit prices: Remove and replace any wet or otherwise unsuitable deck. Carefully document the total square footage of roof deck to be replaced in order to determine the final quantities required, for reconciliation of Unit Prices upon completion of the project (see SECTION 01220: UNIT PRICES).
    e. ~~***TPO substitution request already approved, see attachment at end of the Pre-Bid Agenda.***~~ ***The TPO substitution request is no longer approved, due to the changes requiring no fasteners to be visible from inside the building and installation of a Hybrid roof assembly.***

23. There is a separate interior renovation project for the Senior Center. The roof replacement was planned to be done before the interior renovation project; however, the interior renovation project could be completed simultaneously with the construction of this project. In this case, the construction schedules will need to be coordinated.

24. Completion Time for Project: Base Bid Completion Time: The Project shall be completed within ninety (90) calendar days from the date indicated by the Notice to Proceed**.** Time begins from date of Official Notice to Proceed.

25. There is a $7,000.00 Contingency Allowance. Allowances shall be utilized only after advanced written approval by the Owner. At the end of the project, remaining contingency will be returned to the City via Change Order.

26. At the time the Contractor duly awarded the Bid receives the signed Contract and the Notice to Proceed, he shall submit a Schedule of Work Progress to the Architect which reasonably reflects the amount of time required for each Phase of Work and the deadline by which it can be expected that such phase of the Work shall be completed. This Schedule should accurately reflect the date for Substantial Completion, and take into consideration any reasonable contingencies.

27. The Contractor shall be responsible for all project safety. Neither the Architect nor the Owner will be responsible for the Contractor's safety precautions, means, methods, techniques, sequences, or procedures. Contractor's personnel responsible for safety shall be OSHA certified. Safety barricades (as described in the contract documents) for project, including equipment and storage areas, part of contractors means, methods, techniques, sequences, procedures; cost of any type fencing, barricades, etc. necessary shall be incidental to project.

28. Protect all existing non-moveable items through the course of construction. Verify with Project Manager if non-moveable item is in conflict with work areas.

29. Contractor shall have access to the site five days a week, 7:00 am until 5:00 pm unless approved differently by Project Manager.

30. Contractor shall keep an exceptionally clean site. The Community Center will continue to operate during normal business hours. All Construction and lay down areas must be protected from public and Community Center staff.

~~***31. The Contractor is responsible for protecting the floor in the gymnasium during the project. Any damage to the floor shall be repaired to match the existing floor.***~~

32. Contractor may utilize, without cost: power, electricity, toilet, and handwashing facilities, etc. if available in moderation.

33. Protect all concrete sidewalks, pads and paving. Contractor shall be responsible for re-pouring any concrete cracked or damaged throughout the course of the work. It is advised that the Contractor document the area before beginning Construction.

34. Remove waste, spoils, surplus materials, rubbish, and construction facilities from the site. On-Site Dumpster location to be coordinated with Owner Contact. Do not use facilities waste bins or dumpsters. Site must be kept clean.
    a. Storm and Wastewater:
        i. Comply with City of Mobile and Alabama Department of Environmental Management requirements. Pay attention to Water Regulations and Allowable Discharges.

ii. See City of Mobile Code, Chapter 17, Storm Water Management and Flood Control.

35. Contractor must obtain permits and arrange for all permit inspections required by the City of Mobile. There is no charge for the Permit. Subcontractors will need to obtain their own permits.

36. Parking for Contractors and their Subs and workers: Shall be coordinated with the Owner.

37. Traffic Control:
- Coordinate all construction activities with parties having jurisdiction.
- Particular attention shall also be paid to vehicular and pedestrian traffic and routing of such during project.

38. Meetings: Owner / Architect / Contractor (OAC) Progress Meeting to be held per project requirements. Pre-Construction Conference will be held once a Contractor has been awarded the project and contract signed.

39. Liquidated Damages: Per Item II Invitation & Instructions to Bidders, 1.24 LIQUIDATED DAMAGES: for non-completion of the work within the time limited agreed upon will be accessed in the amount of actual damages to the Owner but in no event not more than $250.00 per day.

40. Retainage withheld at 5% of the first 50% of Construction Completed until the amount equals 2.5% of the full contract amount. The final 2.5% of the full contract amount is withheld as retainage until all close out requirements are met, proof of advertisement, warranties, Consent of Surety and release of liens, etc. By State of Alabama Law, notice of final completion of the contract shall be published in a local newspaper of general circulation.

41. Closing remarks / questions. Any observed ambiguities, discrepancies, omissions or errors in any part of the contract documents shall be submitted as written RFIs to Elizabeth Miiller at elizabeth.miller@cityofmobile.org.

ALTERNATIVE BID ITEMS
ADDENDUM #1, DATED SEPTEMBER 12, 2025

PART 1 GENERAL

1.1 RELATED DOCUMENTS
Drawings and general provisions of the Contract, including General Conditions and Division 01 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section Includes
1. Documentation of changes to Contract Sum and/or Contract Time.

B. Contract Documents contain pertinent requirements for materials and methods to accomplish work described herein.

C. Provide alternate costs for inclusion in Contract Sum if accepted by Owner.

1.3 RELATED REQUIREMENTS

A. Owner/Contractor Agreement: Alternates accepted by Owner for incorporation into the Work.

B. Individual specification sections identified.

PROCEDURES

C. Alternates will be exercised at the option of Owner.

D. Coordinate related work and modify surrounding work as required to complete the work, including changes under each Alternate, when acceptance is designated in Owner/Contractor Agreement.

1.4 DESCRIPTION OF ALTERNATES

A. Alternate #1 (Pavilion #1, ± 1,000 SF): The Work includes replacement of the existing asphalt roof across the entire Pavilion roof. This work will include the following activities:

1) Remove and dispose of the existing asphalt shingle roof assembly, and inspect the existing deck. Remove and replace any wet or otherwise unsuitable deck or fascia board. Carefully document the total square footage of roof deck or fascia board to be replaced in order to determine the final quantities required, for reconciliation of Unit Prices upon completion of the project (see SECTION 01220: UNIT PRICES).

2) Provide and install new PBR 24-gauge Kynar-coated metal roof panels, counterflashings and sealants at required locations. Kynar color shall match the color of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's full range. Install metal panels according to manufacturer's instructions in orientation, sizes, and locations indicated. Use the specified fasteners according to manufacturer's instructions in material & spacing
3) Install all necessary terminations at perimeters, penetrations; curbs, etc., as required by the roofing manufacturer. Cover all exposed termination bars with new 24-gauge Kynar-coated counterflashings and sealants at required locations. Kynar color shall match the color of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's full range.

B. Alternate #2 (Pavilion #2, ± 800 SF): The Work includes replacement of the existing asphalt roof across the entire Pavilion roof. This work will include the following activities:

1) Remove and dispose of the existing asphalt shingle roof assembly, and inspect the existing deck. Remove and replace any wet or otherwise unsuitable deck or fascia board. Carefully document the total square footage of roof deck or fascia board to be replaced in order to determine the final quantities required, for reconciliation of Unit Prices upon completion of the project (see SECTION 01220: UNIT PRICES).
2) Provide and install new PBR 24-gauge Kynar-coated metal roof panels, counterflashings and sealants at required locations. Kynar color shall match the color of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's full range. Install metal panels according to manufacturer's instructions in orientation, sizes, and locations indicated. Use the specified fasteners according to manufacturer's instructions in material & spacing.
3) Install all necessary terminations at perimeters, penetrations; curbs, etc., as required by the roofing manufacturer. Cover all exposed termination bars with new 24-gauge Kynar-coated counterflashings and sealants at required locations. Kynar color shall match the color of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's full range.

C. Alternate #3 (Senior Center): Install a fully adhered roof assembly instead of a hybrid roof assembly (base bid) per the construction documents. The difference in cost to install the fully adhered systems instead of a hybrid roof assembly is to be shown on the bid form.

SECTION 01320
CONSTRUCTION PROGRESS DOCUMENTATION
ADDENDUM #1, DATED SEPTEMBER 12, 2025

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 1 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section includes administrative and procedural requirements for documenting the progress of construction during performance of the Work, including the following:

1. Start-up construction schedule.
2. Contractor's construction schedule.
3. Field condition reports.
4. Special reports.

1.3 INFORMATIONAL SUBMITTALS

A. Format for Submittals: Submit required submittals in the following format:

1. PDF electronic file.

B. Start-up construction schedule.

C. Contractor's Construction Schedule: Initial schedule, of size required to display entire schedule for entire construction period.

D. Field Condition Reports: Submit at time of discovery of differing conditions.

E. Special Reports: Submit at time of unusual event.

F. Existing Condition Photos: Submit prior to onsite mobilization to record existing conditions. If, during construction, damage occurs by others, notify Project Manager right away.

PART 2 - PRODUCTS

2.1 CONTRACTOR'S CONSTRUCTION SCHEDULE, GENERAL

A. Time Frame: Extend schedule from date established for the Notice to Proceed to date of final completion.

B. Activities: Treat each story or separate area as a separate numbered activity for each principal element of the Work. Show the following:

1. Activity Duration
2. Procurement Activities: Include procurement process activities for long lead items and major items, requiring a cycle of more than 60 days, as separate activities in schedule. Procurement cycle activities include, but are not limited to, submittals, approvals, purchasing, fabrication, and delivery.
3. Submittal Review Time: Include review and resubmittal times indicated in Division 1 Section "Submittal Procedures" in schedule. Coordinate submittal review times in Contractor's construction schedule with submittal schedule.
4. Startup and Testing Time: Include not less than 15 days for startup, testing and training.
5. Substantial Completion: Indicate completion in advance of date established for Substantial Completion, and allow time for Architect's administrative procedures necessary for certification of Substantial Completion.

C. Constraints: Include constraints and work restrictions indicated in the Contract Documents and as follows in schedule, and show how the sequence of the Work is affected.

1. Phasing: Arrange list of activities on schedule by phase.
2. Work Restrictions: Show the effect of the following items on the schedule:

a. Coordination with existing construction.
b. Limitations of continued occupancies.
c. Uninterruptible services.
d. Partial occupancy before Substantial Completion.
e. Use of premises restrictions.
f. Provisions for future construction.
g. Seasonal variations.
h. Environmental control.

D. Milestones: Include milestones indicated in the Contract Documents in schedule, including, but not limited to, the Notice to Proceed, Substantial Completion, and final completion.

E. Upcoming Work Summary: Prepare summary report indicating activities scheduled to occur or commence prior to submittal of next schedule update. Summarize the following issues:

1. Unresolved issues.
2. Unanswered RFIs.
3. Rejected or unreturned submittals.
4. Notations on returned submittals.

2.2 START-UP CONSTRUCTION SCHEDULE

A. Bar-Chart Schedule: Submit start-up horizontal bar-chart-type construction schedule within seven days of date established for the Notice to Proceed .

B. Preparation: Indicate each significant construction activity separately. Identify first workday of each week with a continuous vertical line. Outline significant construction activities for first 90 days of construction.

2.3 CONTRACTOR'S CONSTRUCTION SCHEDULE (CPM SCHEDULE)

A. CPM Schedule Preparation: Prepare a list of all activities required to complete the Work. Using the start-up network diagram, prepare a skeleton network to identify probable critical paths.

1. Activities: Indicate the estimated time duration, sequence requirements, and relationship of each activity in relation to other activities. Include estimated time frames for the following activities:

    a. Preparation and processing of submittals.
    b. Mobilization and demobilization.
    c. Purchase of materials.
    d. Delivery.
    e. Fabrication.
    f. Utility interruptions.
    g. Installation.
    h. Work by Owner that may affect or be affected by Contractor's activities.
    i. Testing and commissioning.
    j. Punch list and final completion.
    k. Activities occurring following final completion.

2. Critical Path Activities: Identify critical path activities, including those for interim completion dates. Scheduled start and completion dates shall be consistent with Contract milestone dates.
3. Format: Mark the critical path. Locate the critical path near center of network; locate paths with most float near the edges.

B. Contract Modifications: For each proposed contract modification and concurrent with its submission, prepare a time-impact analysis using a network fragment to demonstrate the effect of the proposed change on the overall project schedule.

C. Initial Issue of Schedule: Identify critical activities. Prepare tabulated reports showing the following:

1. Contractor or subcontractor and the Work or activity.
2. Description of activity.
3. Principal events of activity.
4. Immediate preceding and succeeding activities.
5. Early and late start dates.
6. Early and late finish dates.
7. Activity duration in workdays.

D. Schedule Updating: Submit at each weekly coordination meeting.

1. Identification of activities that have changed.
2. Changes in early and late start dates.
3. Changes in early and late finish dates.
4. Changes in activity durations in workdays.
5. Changes in the critical path.
6. Changes in total float or slack time.
7. Changes in the Contract Time.

Note: The Contractor may be allowed additional construction days due to inclement conditions ("rain days") only as such are appropriately documented and are in excess of the NOAA/National Weather Service average (previous 5 years) for the given month. A "rain day" is defined as more than a "trace" (0.10") of rain falling within a given 24 hour period. The Contractor shall provide documentation and formally request any "rain days" they feel are legitimately due. Documentation shall be submitted to the Project Manager, in writing, within ten (10) calendar days of the rain event. Documentation shall include trades and activities that were adversely impacted by the weather.

2.4 REPORTS

A. Field Condition Reports: Immediately on discovery of a difference between field conditions and the Contract Documents, prepare and submit a detailed report. Submit with a Request for Information. Include a detailed description of the differing conditions, together with recommendations for changing the Contract Documents.

2.5 SPECIAL REPORTS

A. General: Submit special reports directly to Owner within one day of an occurrence. Distribute copies of report to parties affected by the occurrence.

B. Reporting Unusual Events: When an event of an unusual and significant nature occurs at Project site, whether or not related directly to the Work, prepare and submit a special report. List chain of events, persons participating, response by Contractor's personnel,

evaluation of results or effects, and similar pertinent information. Advise Owner in advance when these events are known or predictable.

Requirements above are subject to change. Always review the appropriate Application & Specification Manual to confirm that the requirements provided above are current, and to obtain additional information that is important for a successful installation. This Cut Spec specification shall not waive, supersede or alter the requirements and recommendations found in the most current Application & Specification Manual(s), printed technical bulletins or specific correspondence drafted for this project by Field Services, Design Services, or Technical Services Manager. Application & Specification Manuals and specimen copies of guarantee/warranty documents are available at www.gaf.com. Note: Your Field Services or Technical Services Managers are the only employees who can approve any deviation from GAF's published specification manual(s).

Each roof has unique requirements. This specification is a representation of products and their installation. To properly assess specific roofing needs, code compliance, system configurations, and warranty eligibility, contact Design Services. The above listed roofing system is based on GAF guarantee requirements and is not intended to modify, negate or alter any requirements specified by the design professional or others. Fastener pullout testing should be performed to ensure acceptable attachment into substrate. Adhesion testing is required prior to guarantee registration to ensure foam adhesive will bond to a given substrate. Any wet or damaged existing decking must be removed and replaced prior to re-roofing.

This system shall be installed by a GAF GoldElite™ Commercial Contractor or GAF PlatinumElite™ Commercial Contractor.

All GAF and EverGuard™ accessories shall be used where applicable.

Average R-value for tapered insulation system varies, and total R-value listed above does not include tapered insulation. See tapered plans for minimum thickness required and average R-value for this project.

*Fy is 80-ksi material reduced to 60-ksi in accordance with the 2007 edition of the *North American Specification for the Design of Cold-Formed Steel Structural Members* – A2.3.2.

NOTES:

1. All calculations for the properties of PBR panels are calculated with the 2007 edition of the *North American Specification for the Design of Cold-Formed Steel Structural Members*.
2. All values are for one foot of panel width.
3. Ixe is for deflection determination.
4. Sxe is for bending.
5. Maxo is allowable bending Moment.
6. Positive Bending refers to compression above the x-axis, i.e. top of panel in compression.
7. Negative Bending refers to compression below the x-axis, i.e. bottom of panel in compression.
8. Panel weight is based on panel coverage width.
9. Panel gauge refers to the design and minimum delivered uncoated thicknesses noted in table below.

The Engineering data contained herein is for the express use of customers and design professionals. Along with this data, it is recommended that the design professional have a copy of the most current version of the *North American Specification for the Design of Cold-Formed Steel Structural Members* published by the American Iron and Steel Institute to facilitate design. This Specification contains the design criteria for cold-formed steel components. Along with the Specification, the designer should reference the most current building code applicable to the project jobsite in order to determine environmental loads. If further information or guidance regarding cold-formed design practices is desired, please contact the manufacturer.

HT SMOOTH

High-Temperature Smooth Poly Surface

QUIK-STICK HT SMOOTH is an SBS modified seld-adhering membrane reinforced with non-woven fiberglass mat for extra strength and durability. HT Smooth's non-abrasive surface is excellent for use in tile and metal roof applications.

For use on decks 2:12 and greater.

Benefits:

- Offers a skid resistant, polyester working surface
- Silicone-treated, split-back, release film allows for easy installation an handling.
- Softening point is a minimum of 250˚F
- May be installed directly to concrete, plywood, wood composition board and gypsum
- Self sealing around mechanical fasteners
- May be used in new construction or re-roofing
- Provides protection for critical areas such as rakes, eves, valleys, flashings, hips, ridges, dormers, ad skylights
- Up to 180 day exposure prior to application of finished roof
- Florida Approval (FL # 17401)
- Miami-Dade County Approved

SECTION 01010
SUMMARY OF THE WORK

PART 1 GENERAL

1.1 SECTION INCLUDES

A. Summary of Work: Contract, contractor use of premises.

B. Contract Considerations: Contingency allowance, schedule of values, applications for payment, change procedures, alternates.

C. Coordination and Meetings: Coordination, field engineering, cutting and patching, meetings, progress meetings, examination, preparation.

D. Submittals: Submittal procedures, construction progress schedules, proposed products list, shop drawings, product data, samples, manufacturers' installation instructions, manufacturers' certificates.

E. Quality Control: Quality assurance - control of installation, Tolerances, References, Mock-ups, Manufacturers' field services and reports.

F. Construction Facilities and Temporary Controls: power, temporary lighting for construction purposes, heat, temporary ventilation, telephone service, water service, temporary sanitary facilities, barriers and fencing, exterior enclosures, protection of installed work, security, access roads, parking, progress cleaning and waste removal, project identification, field offices and sheds, removal of utilities, facilities, and controls.

G. Material and Equipment: Products, transportation, handling, storage, and protection, products options, substitutions.

H. Contract Closeout: Contract closeout procedures, final cleaning, adjusting, project record documents, operation and maintenance data, spare parts and maintenance materials, warranties.

1.2 CONTRACT

A. Summary of Work:
Base Bid: The Work includes tear off and replace the built-up roof membrane across the entire roof. This work will include the following activities:

1) Remove and dispose of the existing built-up roof membrane, and inspect the existing deck. Remove and replace any wet or otherwise unsuitable deck. Carefully document the total square footage of roof deck to be replaced in order to determine the final quantities required, for reconciliation of Unit Prices upon completion of the project (see

SECTION 01220: UNIT PRICES).

1) Prepare existing wood deck for new roof installation. Install 1/2in plywood sheathing over existing 2x wood deck boards, continuous and per SECTION 075423: THERMOPLASTIC-POLYOLEFIN ROOFING (TPO).

2) Follow instructions for roof assembly installation as described in SECTION 075423: THERMOPLASTIC-POLYOLEFIN ROOFING (TPO).

3) INSULATION: Adhered Base and Upper layers of insulation board over substrate. Reduce thickness of insulation around roof drains and overflow scuppers to facilitate drainage of the roof surface.

4) COVER BOARD: Adhered cover board specifically designed and sized for specified roof insulation to specified deck.

5) MEMBRANE: Fully adhere a new 60-mil TPO roof smooth membrane to the cover board, using low-rise adhesive per specification.

D. Contract Description: Stipulated sum.

E. Equipment required for the project shall be submitted to the engineer for approval within fifteen (15) calendar days of Notice to Proceed. After the approved submittals are returned, the equipment shall be ordered within ten (10) days of approval. Work shall be completed within fifteen (15) calendar days from the date of equipment delivery. Substitutions on named equipment shall be considered pre-bid only.

1.3 CONTRACTOR USE OF PREMISES

A. Limit use of premises to allow continued Owner occupancy. All facilities shall remain in use except the immediate building and work area for this project. Obey all Facility Regulations and coordinate access and schedule of work with Project Manager.

1.4 CONTINGENCY ALLOWANCE

A. Include in the Contract the stipulated amount for use upon Owner's instruction.

B. Contractor's costs for products, delivery, installation, labor, insurance, payroll, taxes, bonding, equipment rental, overhead and profit are included in Change or Field Orders authorizing expenditure of funds from this Contingency Allowance.

1.5 SCHEDULE OF VALUES

A. Submit Schedule of Values on AIA Form G703 within five (5) calendar days of notification of project award.

1.6 APPLICATIONS FOR PAYMENT

A. Submit two signed and notarized originals of each application on AIA Form G702 and AIA Form G703. Submit Lien Release Waivers, including from subcontractors and major suppliers, with each pay application. Submit DBE Utilization Form with each pay application.

B. Content and Format: Utilize Schedule of Values, AIA Form G703, for listing items in Application for Payment.

C. Payment Period: Monthly, except for final payment of retainage after all Close Out documents are submitted and approved.

1.7 CHANGE ORDER PROCEDURES

A. All contract changes involving a change in scope, payment and/or time shall be made by change order.

B. Stipulated Sum/Price Change Order: Based on Proposal Request and Contractor's fixed price quotation or Contractor's request for a Change Order as approved by Owner.

1.8 ALTERNATE BID ITEMS

A. Alternates quoted on Bid Form, if any, will be reviewed and accepted in the order listed.

B. Coordinate related Work and modify surrounding Work as required.

C. Schedule of Alternates: Listed on bid form, as applicable.

1.9 COORDINATION

A. Coordinate scheduling, submittals, and Work at the facility to ensure an efficient and orderly sequence and to facilitate the continued uninterrupted use of the Facility.

B. Request Utility interruptions at least 72 hours in advance. Note that due to scheduling in the facility, utility interruptions must be approved.

1.10 FIELD ENGINEERING

A. Establish elevations, lines, and levels and certify that elevations and locations of the Work conform to the Contract Documents. Verify existing conditions.

B. Contractor shall field verify all measurements and quantities required for a complete installation.

1.11 PRECONSTRUCTION MEETINGS

A. Owner will schedule a pre-construction meeting after contract award for all affected parties.

1.12 PROGRESS MEETINGS

A. Schedule and administer meetings throughout progress of the Work at pre-approved intervals at least every week while work on site is proceeding.

B. Preside at meetings, record minutes, and distribute copies within two days to those affected by decisions made.

1.13 CONSTRUCTION PROGRESS SCHEDULES

A. Submit initial progress schedule in duplicate within five (5) calendar days after date of notice of award of project for Project Manager’s review.

B. Submit revised schedules with each Application for Payment, identifying changes since previous version. Indicate estimated percentage of completion for each item of Work at each submission.

1.14 SHOP DRAWINGS

A. Shop Drawings for Review: Submit to Project Manager/Engineer for review for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

B. Submit electronic submittals to the Project Manager. Close Out documents shall include electronic and hard copies of all submittals.

1.15 QUALITY ASSURANCE - CONTROL OF INSTALLATION

A. Monitor quality control over suppliers, manufacturers, products, services, site conditions, and workmanship, to produce Work of specified quality.

B. Comply with manufacturers' written instructions.

C. Comply with specified standards as minimum quality for the Work except when

more stringent tolerances, codes, or specified requirements indicate higher standards or more precise workmanship.

D. Supply certification from manufacturer that the installed Work meets or exceeds all manufacturers' requirements.

1.16 EXAMINATION

A. Verify that existing site conditions and subsurfaces are acceptable for subsequent Work. Beginning new Work means acceptance of existing conditions.

B. Verify that utility services are available, of the correct characteristics, and in the correct location.

1.17 PREPARATION

A. Prepare surfaces prior to applying next material installation.

1.18 TOLERANCES

A. Monitor fabrication and installation tolerance control of installed Products over suppliers, manufacturers, Products, site conditions, and workmanship, to produce acceptable Work. Do not permit tolerances to accumulate. Comply fully with manufacturers' tolerances.

1.19 REFERENCES

A. Conform to reference standards by date of issue current as of date of Contract Documents.

B. Should specified reference standard conflict with Contract Documents, request clarification from Project Manager before proceeding.

1.20 ELECTRICITY

A. Unless otherwise provided for, Contractor shall be allowed to utilize power from the facility in moderate amounts.

B. Provide power outlets for construction operations, branch wiring, distribution boxes, and flexible power cords as required.

1.21 TEMPORARY LIGHTING FOR CONSTRUCTION PURPOSES

A. Provide and maintain temporary lighting for construction operations as may be required.

B. Provide branch wiring from power source to distribution boxes with lighting conductors, pigtails, and lamps as required.

1.22 WATER SERVICE

A. Owner shall provide suitable potable water in moderate quantities without cost to the Contractor.

1.23 TEMPORARY SANITARY FACILITIES

A. Contractor shall provide his own temporary facilities. Use of facility facilities is not possible.

1.24 BARRIERS AND FENCING

A. Provide barriers and fencing as needed to prevent unauthorized entry to construction areas and to protect existing facilities and adjacent properties from dust, debris and damage.

1.25 PROTECTION OF INSTALLED WORK

A. Protect installed Work and provide special protection where specified in individual specification sections. Prohibit traffic or storage upon grass or paving surfaces.

1.26 SECURITY

A. Provide security and facilities to protect Work and existing facilities from unauthorized entry, vandalism, or theft.

1.27 ACCESS ROADS & HAULING

A. Maintain temporary access routes through the public thoroughfare and parking areas to serve the construction area as required without obstructing traffic or blocking access for facility staff or participants. Provide drive pads as required.

B. Restore site to pre-construction condition. Fill ruts, replace broken or damaged amenities, sod disturbed areas.

1.28 PARKING

A. Arrange for temporary parking areas to accommodate construction personnel on site. Do not block traffic.

1.29 PROGRESS CLEANING AND WASTE REMOVAL

A. Collect and maintain work areas free of waste materials, debris, and rubbish on a

daily basis. Maintain site in a clean and orderly condition. Provide refuse containers and dispose of construction debris legally off site. The Owner may request load tickets from landfills permitted to accept construction debris.

1.30 REMOVAL OF UTILITIES, FACILITIES, AND CONTROLS

A. Remove temporary utilities, equipment, facilities and materials, prior to Substantial Completion review.

B. Clean and repair damage caused by installation or use of temporary work.

C. Restore existing facilities used during construction to original condition. Restore permanent facilities used during construction to specified condition.

1.31 PRODUCTS

A. Products: Means new material, machinery, components, equipment, fixtures, and systems forming the Work but does not include machinery and equipment used for preparation, fabrication, conveying and erection of the Work.

1.32 TRANSPORTATION, HANDLING, STORAGE AND PROTECTION

A. Transport, handle, store, and protect Products in accordance with manufacturers' instructions.

1.33 PRODUCT OPTIONS

A. Products Specified: **Equal alternate products to be approved by Owner as PRE-BID Substitutions. Submit product data as required in SUBSTITUTIONS.**

1.34 SUBSTITUTIONS

A. **Architect/Engineer will consider requests for Substitutions only Pre-Bid. Submit requests by September 5, 2025 by 3:00pm via e-mail to Project Manager elizabeth.miller@cityofmobile.org.**

B. Document each request with complete backup data substantiating compliance of proposed Substitution with all characteristics of the materials specified in the Contract Documents. Comply with procedures and documentation as per Section 01635 Substitutions.

C. Acceptance or Rejection of Pre-Bid Substitution Requests will be issued by Addendum.

1.35 FINAL CLEANING

A. Execute final cleaning prior to final inspection of work area. User may occupy portions of the work incrementally as the work is completed and accepted. Entire project to be ready for use by User once all areas of work are completed.

B. Clean debris from site and drainage systems.

C. Remove waste and surplus materials, rubbish, and construction facilities from the facility and the site. Leave site in raked and smooth condition.

1.36 PROJECT RECORD DOCUMENTS

A. Maintain on site one set of Contract Documents to be utilized only for record documents.

B. Record actual revisions to the Work. Record information concurrent with construction progress.

C. Specifications: Legibly mark and record at each Product section a description of actual Products installed.

D. Record Documents and Shop Drawings: Legibly mark each item to record actual construction.

E. Submit documents to Project Manager with claim for final Application for Payment.

F. Submit 2 paper copies and 1 disc with pdf copies to include:
   a. As built drawings and specifications
   b. Approved submittals
   c. Warrantees and guarantees
   d. Certificate of Occupancy or Letter of Completion from Permitting Department or other agencies, as applicable.

1.37 WARRANTIES

A. Product and Manufacturer’s Warranties shall be provided per specifications.

B. In addition, all materials and labor shall be warranted for a minimum of two (2) years after Substantial Completion of the entire project. Contractor to promptly repair all deficiencies within that time. A warranty inspection shall be scheduled by the Owner, with the Contractor and Owner’s representative, before the end of the warranty period, in order to review the work and note deficiencies for the Contractor to correct. Said meeting may be waived if no deficiencies are noted.

SECTION 02 41 26

SELECTIVE ROOF DEMOLITION

PART 1 - GENERAL

1.01 SUMMARY

A. Extent of demolition Work is indicated on Drawings. Demolition requires selective removal and subsequent offsite disposal. The adjacent buildings are occupied and it will be necessary to maintain access to adjacent buildings.

B. Types of Demolition Work include, but are not limited to the following items:
   1. Removal of existing roofing material, felts, flashings, fasteners and fascia board as indicated on Drawings and as required to accommodate new roof assembly per manufacturer specifications.

1.02 DEFINITIONS

A. Remove: Detach items from existing construction and legally dispose of them off-site.

B. Existing to Remain: Existing items of construction that are not to be permanently removed and that are not otherwise indicated to be removed.

1.03 PRE-INSTALLATION MEETINGS

A. Pre-roofing Conference: Conduct conference at Project site.

1.04 INFORMATIONAL SUBMITTALS

A. Pre-demolition Photographs or Video: Submit to Architect before Work begins.

1.05 FIELD CONDITIONS

A. Owner will occupy buildings immediately adjacent to selective roof demolition area. Conduct selective roof demolition so Owner's operations will not be disrupted.

B. Conditions existing at time of inspection for bidding purpose will be maintained by Owner as far as practical.

C. Notify Architect of discrepancies between existing conditions and Drawings before proceeding with selective roof demolition.

D. Hazardous Materials: It is not expected that hazardous materials will be encountered in the Work.
   1. If suspected hazardous materials are encountered, do not disturb; immediately notify the Architect. Hazardous materials will be removed by Owner under a separate contract.

E. Storage or sale of removed items or materials on-site is not permitted.

PART 2 - PRODUCTS

2.01 PEFORMANCE REQUIREMENTS

A. Regulatory Requirements: Comply with governing EPA notification regulations before beginning selective demolition. Comply with hauling and disposal regulations of authorities having jurisdiction.

B. Standards: Comply with ANSI/ASSE A10.6 and NFPA 241.

PART 3 - EXECUTION

3.01 EXAMINATION

A. Survey existing conditions and correlate with requirements indicated to determine extent of selective roof demolition required.

B. When unanticipated mechanical, electrical, or structural elements that conflict with intended function or design are encountered, investigate and measure the nature and extent of conflict. Promptly submit a written report to the Architect and Owner.

C. Survey of Existing Conditions: Record existing conditions by use of measured drawings and preconstruction photographs. .

3.02 PREPARATION

A. Site Access and Temporary Controls: Conduct selective roof demolition and debris-removal operations to ensure minimum interference with roads, streets, walks, walkways, and other adjacent occupied and used facilities.

B. Temporary Facilities: Provide temporary barricades and other protection required to prevent injury to people and damage to adjacent buildings and facilities to remain.

3.03 SELECTIVE ROOF DEMOLITION, GENERAL

A. General: Demolish and remove existing construction only to the extent required by new construction and as indicated. Use methods required to complete the Work within limitations of governing regulations and as follows:
   1. Neatly remove existing roofing materials. Use methods least likely to damage construction to remain or adjoining construction. Use hand tools or small power tools designed to minimize disturbance of adjacent surfaces.
   2. Do not begin demolition if inclement weather is interment.
   3. Do not remove more roofing that cannot be replaced on the same day. Protect interior of building from moisture /rain damage.
   4. Avoid marring existing finished surfaces that are to remain.
   5. Locate selective roof demolition equipment and remove debris and materials so as not to impose excessive loads on supporting framing.
   6. Dispose of demolished items and materials promptly.

B. Existing Items to Remain: Protect construction indicated to remain against damage and soiling during selective roof demolition

3.04 DISPOSAL OF DEMOLISHED ROOF MATERIALS

A. General: Remove demolished materials from Project site and legally dispose of them.
   1. Do not allow demolished materials to accumulate on-site.
   2. Remove and transport debris in a manner that will prevent spillage on adjacent surfaces and areas.
   3. Remove debris from roof by hoist or other device that will convey debris to grade level in a controlled descent.
   4. Use magnet or other safe means to remove nails and screws from ground surface.

B. Burning: Do not burn demolished materials.

3.05 CLEANING

A. Clean adjacent structures and improvements of dust, dirt, and debris caused by selective roof demolition operations. Return adjacent areas to condition existing before selective roof demolition operations began.

SECTION 06 10 13

ROUGH CARPENTRY – ARCHITECTURAL

PART 1 - GENERAL

SUMMARY

A. Section Includes:

1. Framing with dimension lumber.
2. Wood blocking and nailers.
3. Wood furring and grounds.
4. Wood sleepers.

B. Related Sections:

1. Section 01 22 00 – Unit Prices.

ACTION SUBMITTALS

A. Product Data: For each type of process and factory-fabricated product. Indicate component materials and dimensions and include construction and application details.

INFORMATIONAL SUBMITTALS

A. Evaluation Reports: For the following, from ICC-ES:

1. Preservative-treated wood.
2. Power-driven fasteners.

1.4 COORDINATION

A. Fit carpentry Work to other Work; scribe and cope as required for accurate fit. Correlate location of furring, nailers, blocking, grounds and similar supports to allow proper attachment of other Work.

DELIVERY, STORAGE AND PROTECTION

A. Keep materials dry during delivery and storage. Protect against exposure to weather and contact with damp or wet surfaces. Stack lumber and plywood, and provide air circulation within stacks. Protect installed carpentry work from damage by work of other trades until Owner's acceptance of the Work. Contractor shall comply with manufacturer’s required protection procedures.

PROJECT CONDITIONS

A. Installer must examine all parts of the supporting structure and the conditions under which the carpentry Work is to be installed, and notify the Contractor in writing of any conditions detrimental to the proper and timely completion of the Work. Do not proceed with the installation until unsatisfactory conditions have been corrected in a manner acceptable to the installer.

PART 2 - PRODUCTS

2.1 WOOD PRODUCTS, GENERAL

A. Lumber: DOC PS 20 and applicable rules of grading agencies indicated. If no grading agency is indicated, provide lumber that complies with the applicable rules of any rules-writing agency certified by the ALSC Board of Review. Provide lumber graded by an agency certified by the ALSC Board of Review to inspect and grade lumber under the rules indicated.

1. Factory mark each piece of lumber with grade stamp of grading agency.
2. For exposed lumber indicated to receive a stained or natural finish, mark grade stamp on end or back of each piece or omit grade stamp and provide certificates of grade compliance issued by grading agency.
3. Provide dressed lumber, S4S, unless otherwise indicated.

B. Maximum Moisture Content of Lumber: 15 percent for 2-inch nominal thickness or less, 19 percent for more than 2-inch nominal thickness unless otherwise indicated.

2.2 WOOD-PRESERVATIVE-TREATED MATERIALS

A. Preservative Treatment by Pressure Process: AWPA U1; Use Category UC2 for interior construction not in contact with the ground, Use Category UC3b for exterior construction not in contact with the ground, and Use Category UC4a for items in contact with the ground.

1. Preservative Chemicals: Acceptable to authorities having jurisdiction and containing no arsenic or chromium. Do not use inorganic boron (SBX) for sill plates.

B. Kiln-dry lumber after treatment to a maximum moisture content of 19 percent. Do not use material that is warped or does not comply with requirements for untreated material.

C. Mark lumber with treatment quality mark of an inspection agency approved by the ALSC Board of Review.

D. Application: Treat items indicated on Drawings, and the following:

1. Wood cants, nailers, curbs, equipment support bases, blocking, stripping, and similar members in connection with roofing, flashing, vapor barriers, and waterproofing.
2. Wood sills, sleepers, blocking, furring, stripping, and similar concealed members in contact with masonry or concrete.
3. Wood framing and furring attached directly to the interior of below-grade exterior masonry or concrete walls.

4. Wood framing members that are less than 18 inches above the ground in crawl spaces or unexcavated areas.
5. Wood floor plates that are installed over concrete slabs-on-grade

2.3 DIMENSION LUMBER FRAMING..

A. Non-Load-Bearing Interior Partitions: Standard, Stud, or No. 3 grade of any species.

B. Load Bearing Framing: Refer to Structural.

C. Other Framing: Construction or No. 2 grade and any of the following species:

1. Hem-fir (north); NLGA.
2. Southern pine; SPIB.
3. Douglas fir-larch; WCLIB or WWPA.
4. Mixed southern pine; SPIB.
5. Spruce-pine-fir; NLGA.
6. Douglas fir-south; WWPA.
7. Hem-fir; WCLIB or WWPA.
8. Douglas fir-larch (north); NLGA.
9. Spruce-pine-fir (south); NeLMA, WCLIB, or WWPA.

2.4 MISCELLANEOUS LUMBER

A. General: Provide miscellaneous lumber indicated and lumber for support or attachment of other construction, including the following:

1. Blocking.
2. Nailers.
3. Furring.
4. Grounds.
5. Utility shelving.

B. For items of dimension lumber size, provide Standard, Stud, or No. 3 grade lumber of any species.

C. For utility shelving, provide lumber with 15 percent maximum moisture content of eastern white pine, Idaho white, lodgepole, ponderosa, or sugar pine; Standard or No. 3 Common grade; NeLMA, NLGA, WCLIB, or WWPA.

D. For concealed boards, provide lumber with 15 percent maximum moisture content and any of the following species and grades:

1. Mixed southern pine, No. 2 grade; SPIB.
2. Eastern softwoods, No. 3 Common grade; NELMA.
3. Northern species, No. 3 Common grade; NLGA.
4. Western woods, Standard or No. 3 Common grade; WCLIB or WWPA.

2.5 PLYWOOD BACKING PANELS

A. Equipment Backing Panels: DOC PS 1, Exterior, AC fire-retardant treated, in thickness indicated or, if not indicated, not less than 3/4-inch nominal thickness.

2.6 FASTENERS

A. General: Provide fasteners of size and type indicated that comply with requirements specified in this article for material and manufacture.

1. Where carpentry is exposed to weather, in ground contact, pressure-preservative treated, or in area of high relative humidity, provide fasteners of Type 304 stainless steel.

B. Power-Driven Fasteners: Fastener systems with an evaluation report acceptable to authorities having jurisdiction, based on ICC-ES AC70.

C. Screws for Fastening to Metal Framing: ASTM C 1002 length as recommended by screw manufacturer for material being fastened.

2.7 MISCELLANEOUS MATERIALS

A. Flexible Flashing: Self-adhesive butyl rubber or rubberized-asphalt compound, bonded to a high-density polyethylene film, aluminum foil, or spunbonded polyolefin to produce an overall thickness of not less than 0.025 inch.

PART 3 - EXECUTION

3.1 INSTALLATION, GENERAL

A. Set carpentry to required levels and lines, with members plumb, true to line, cut, and fitted. Fit carpentry to other construction; scribe and cope as needed for accurate fit.

B. Framing Standard: Comply with AF&PA's WCD 1, "Details for Conventional Wood Frame Construction," unless otherwise indicated.

C. Cut, join, and tightly fit framing around other Work. Do not splice structural members between supports unless otherwise indicated.

D. Comply with AWPA M4 for applying field treatment to cut surfaces of preservative-treated lumber.

E. Securely attach carpentry work to substrate by anchoring and fastening as indicated, complying with the following:

1. Table 2304.9.1, "Fastening Schedule," in ICC's International Building Code.
2. Table R602.3(1), "Fastener Schedule for Structural Members," and Table R602.3(2), "Alternate Attachments," in ICC's International Residential Code for One- and Two-Family Dwellings.
3. ICC-ES evaluation report for fastener.

3.2 PROTECTION

A. Protect wood that has been treated with inorganic boron (SBX) from weather. If, despite protection, inorganic boron-treated wood becomes wet, apply EPA-registered borate treatment. Apply borate solution by spraying to comply with EPA-registered label.

B. Protect rough carpentry from weather. If, despite protection, rough carpentry becomes wet enough that moisture content exceeds that specified, apply EPA-registered borate treatment. Apply borate solution by spraying o comply with EPA-registered label

FORMED METAL ROOF PANELS

ALTERNATE BID ITEMS #1 & #2

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and other Contract Documents, listed in the agreement between the Owner and Contractor, apply to this Section.

B. Section 01220 Unit Prices
Section 01230 Alternate Bid Items
Section 024126 Selective Roof Demolition
Section 061013 Rough Carpentry
Section 076200 Sheet Metal Flashing & Trim

1.2 SUMMARY

A. Section includes exposed-fastener, metal roof panels.

1.3 SUBMITTALS

A. Product Data: For each type of product.

1. Include construction details, material descriptions, dimensions of individual components and profiles, and finishes for each type of panel and accessory.
2. Include color chart. Color to match the PBR roofing of the existing Pavilion near tennis courts and shall be selected by Architect prior to ordering.

B. Shop Drawings:

1. Include fabrication and installation layouts of metal panels; details of edge conditions, joints, panel profiles, corners, anchorages, attachment system, trim, flashings, closures, and accessories; and special details.
2. Accessories: Include details of the flashing, trim, and anchorage systems, at a scale of not less than 1-1/2 inches per 12 inches.

C. Samples: For each type of exposed finish required, prepared on Samples of size indicated below.

1. Metal Panels: 12 inches long by actual panel width. Include clips, fasteners, closures, and other metal panel accessories.
2. Include similar Samples of trim and accessories involving color selection.

D. Qualification Data: For Installer.

E. Product Test Reports: For each product, for tests performed by a qualified testing agency.

F. Field quality-control reports.

G. Sample Warranties: For special warranties.

H. Maintenance Data: For metal panels to include in maintenance manuals.

1.4 QUALITY ASSURANCE

A. Installer Qualifications: Installer of sheet metal roofing for a minimum of 10 years documented experience.

B. Panel Manufacturer: Minimum of 10 years experience in manufacturing architectural roof panels in a permanent stationary indoor facility. Provide facility information if requested.

1.5 DELIVERY, STORAGE, AND HANDLING

A. Deliver components, metal panels, and other manufactured items so as not to be damaged or deformed. Package metal panels for protection during transportation and handling.

B. Unload, store, and erect metal panels in a manner to prevent bending, warping, twisting, and surface damage.

C. Store panels in accordance with manufacturer’s recommendations.

D. Upon receipt of delivery of metal panel system, and prior to signing the delivery ticket, the installer is to examine each shipment for damage and for completion of the consignment.

1.6 FIELD CONDITIONS

A. Weather Limitations: Proceed with installation only when existing and forecasted weather conditions permit assembly of metal panels to be performed according to manufacturers' written instructions and warranty requirements.

1.7 PRE-INSTALLATION MEETING

A. Convene meeting not less than one week before starting work of this section.

B. Review methods and procedures related to roof deck construction and roofing system including, but not limited to, the following.

1. Meet with Owner, Architect, Owner's roof consultant, additional testing and inspecting agency representative if applicable, roofing installer, roofing system manufacturer's technical representative, and installers whose work interfaces with or affects roofing including installers of roof accessories and roof-mounted equipment.

2. Review and finalize construction schedule and verify availability of materials, installer's personnel, equipment, and facilities needed to make progress and avoid delays.
3. Examine existing roof conditions and finishes for compliance with requirements, including flatness and fastening.
4. Review structural loading limitations of roof deck during and after roofing.
5. Review base flashings, special roofing details, roof drainage, roof penetrations, equipment curbs, and condition of other construction that will affect roofing system.
6. Review governing regulations and requirements for insurance and certificates if applicable.
7. Review temporary protection requirements for roofing system during and after installation.
8. Review roof observation and repair procedures after roofing installation.
9. Review access to roof by Contractor’s personnel.
10. Review location(s) for storage of materials and methodology for delivery of materials to the rooftop.
11. Review the requirements for demolition of the existing roof, see related specification for demolition.
12. Coordinate sizes and locations of roof curbs, equipment supports, and roof penetrations with actual equipment provided with Separate Project for Interior Improvements.
13. Coordinate metal panel installation with rain drainage work, flashing, trim, construction of soffits, and other adjoining work to provide a leakproof, secure, and noncorrosive installation.

1.8 WARRANTY

A. Material and Workmanship Warranty: Manufacturer agrees to repair or replace components of metal panel systems that fail in materials or workmanship within specified warranty period.

1. Failures include, but are not limited to, the following:

a. Structural failures including rupturing, cracking, or puncturing.
b. Deterioration of metals and other materials beyond normal weathering.

2. Warranty Period: Two years from date of Substantial Completion.

B. Paint Finish Warranty from date of Substantial Completion.

1. 30 years for Kynar type finish.

C. Installer’s Warranty: Submit installer's warranty, signed by Installer, covering the Work of this Section, including all components of wall panels for the following warranty period:

1. Warranty Period: Two years from date of Substantial Completion.

PART 2 - PRODUCTS

2.1 PERFORMANCE REQUIREMENTS

A. Refer to Manufacturer's product data for specific performance criteria.

1. 1HR / 2HR / 3HR firewall assemblies UL U646 / U642 / U643
2. ICC-ES ER-5468 Report
3. UL Class A Fire
4. UL 2218 Class 4 Hail
5. Perforating available
6. Mitred corners available

2.2 MANUFACTURER –

Basis of Design:

APEC

Dothan, AL

2.3 EXPOSED-FASTENER, METAL ROOF PANELS

PBR, an exposed fastener panels that offers superior strength-to-weight ratio and spanning capabilities:

1. Galvalume Steel: AZ50 / AZ55Mar

a. Material Gauge: 24 ga Kynar
b. Exterior Finish: Shall match the finish of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's Kynar finishes.
c. Color: Shall match the color of the existing metal roof pavilion adjacent to the tennis courts and as selected by Architect from manufacturer's full range.

2. Rib Spacing: 1 2 " inches o.c. with 2 minor ribs between each
3. Panel Coverage: 36 inches.
4. Panel Height: 1-1/4" inches.

2.4 MATERIALS

A. Metallic-Coated and Painted Steel Sheet aluminum-zinc alloy-coated steel sheet(Galvalume) complying with ASTM A 792/A 792M, Class AZ50 coating designation; structural quality. Pre-painted by the coil-coating process to comply with ASTM A 755/A 755M.

B. ASTM A 792A Class AZ55 Clear Acrylic Coated for Unpainted.

C. Aluminum Sheet: Coil-coated sheet, ASTM B 209, alloy as standard with manufacturer, with temper as required to suit forming operations and structural performance required.

2.5 MISCELLANEOUS MATERIALS

A. Miscellaneous Metal Sub-framing and Furring: Provide manufacturer's standard sections as required for support and alignment of metal panel system.

B. Panel Accessories: Provide components required for a complete, weather-tight panel system including trim, copings, fasciae, mullions, sills, corner units, clips, flashings, sealants, gaskets, fillers, closure strips, and similar items. Match material and finish of metal panels unless otherwise indicated.

C. Flashing and Trim: Provide flashing and trim formed from same material as metal panels as required to seal against weather and to provide finished appearance. Locations include, but are not limited to, eaves, rakes, corners, bases, framed openings, ridges, fasciae, and fillers. Finish flashing and trim with same finish system as adjacent metal panels.

D. Panel Fasteners: Self-tapping screws designed to withstand design loads. Provide exposed fasteners with heads matching color of metal panels by means of plastic caps or factory-applied coating. Provide EPDM or PVC sealing washers for exposed fasteners.

E. Panel Sealants: Provide sealant types recommended by manufacturer that are compatible with panel materials, are non-staining, and do not damage panel finish.

1. Sealant Tape: Butyl Mastic
2. Joint Sealant: Butyl Mastic
3. Butyl-Rubber-Based, Solvent-Release Sealant: ASTM C 1311.

2.6 FABRICATION

A. Provide panel profile, including major ribs for full length of panel.

B. Sheet Metal Flashing and Trim: Fabricate flashing and trim to comply with manufacturer's recommendations and recommendations in SMACNA's "Architectural Sheet Metal Manual" that apply to design, dimensions, metal, and other characteristics of item indicated.

1. Form exposed sheet metal accessories that are without excessive oil canning, buckling, and tool marks and that are true to line and levels indicated, with exposed edges folded back to form hems.
2. Sealed Joints: Form non-expansion, but movable, joints in metal to accommodate sealant and to comply with SMACNA standards.
3. Conceal fasteners and expansion provisions where possible. Exposed

fasteners are not allowed on faces of accessories exposed to view.

4. Fabricate cleats and attachment devices from same material as accessory being anchored or from compatible, noncorrosive metal recommended in writing by metal panel manufacturer.

    a. Size: As recommended by SMACNA's "Architectural Sheet Metal Manual" or metal panel manufacturer for application, but not less than thickness of metal being secured.

2.7 FINISHES

A. Appearance of Finished Work: Variations in appearance of abutting or adjacent pieces are acceptable if they are within one-half of the range of approved Samples. Noticeable variations in same piece are unacceptable. Variations in appearance of other components are acceptable if they are within the range of approved Samples and are assembled or installed to minimize contrast.

B. Steel Panels and Accessories:

1. Two-Coat Fluoropolymer: AAMA 621. Fluoropolymer finish containing not less than 70 percent PVDF resin by weight in color coat. Prepare, pretreat, and apply coating to exposed metal surfaces to comply with coating and resin manufacturers' written instructions. (STD 24-18 GA)
2. Concealed Finish: Apply pretreatment and manufacturer's standard white or light-colored acrylic or polyester backer finish consisting of prime coat and wash coat with a minimum total dry film thickness of 0.5 mil.

PART 3 - EXECUTION

3.1 EXAMINATION

A. Examine substrates, areas, and conditions, with Installer present, for compliance with requirements for installation tolerances, metal panel supports, and other conditions affecting performance of the Work.
1. Examine primary and secondary roof framing to verify that rafters, purlins, angles, channels, and other structural panel support members and anchorages have been installed within alignment tolerances required by metal roof panel manufacturer.
2. Examine solid roof sheathing to verify that sheathing joints are supported by framing or blocking and that installation is within flatness tolerances required by metal roof panel manufacturer.

B. Examine roughing-in for components and systems penetrating metal panels to verify actual locations of penetrations relative to seam locations of metal panels before installation.

C. Proceed with installation only after unsatisfactory conditions have been corrected.

3.2 PREPARATION

A. Miscellaneous Supports: Install sub-framing, furring, and other miscellaneous panel support members and anchorages according to ASTM C 754 and metal panel manufacturer's written recommendations.

3.3 METAL PANEL INSTALLATION

A. General: Install metal panels according to manufacturer's written instructions in orientation, sizes, and locations indicated. Install panels perpendicular to supports unless otherwise indicated. Anchor metal panels and other components of the Work securely in place, with provisions for thermal and structural movement.

1. Shim or otherwise plumb substrates receiving metal panels.
2. Flash and seal metal panels at perimeter of all openings. Fasten with self-tapping screws. Do not begin installation until air- or water-resistive barriers and flashings that will be concealed by metal panels are installed.
3. Install screw fasteners in predrilled holes.
4. Locate and space fastenings in uniform vertical and horizontal alignment.
5. Install flashing and trim as metal panel work proceeds.
6. Locate panel splices over, but not attached to, structural supports. Stagger panel splices and end laps to avoid a four-panel lap splice condition.
7. Align bottoms of metal panels and fasten with blind rivets, bolts, or self-tapping screws. Fasten flashings and trim around openings and similar elements with self-tapping screws.
8. Provide weather-tight escutcheons for pipe- and conduit-penetrating panels.

B. Fasteners:

1. Steel Panels: Use stainless-steel fasteners for surfaces exposed to the exterior; use galvanized-steel fasteners for surfaces exposed to the interior.
2. Aluminum Panels: Use aluminum or stainless-steel fasteners for surfaces exposed to the exterior; use aluminum or galvanized-steel fasteners for surfaces exposed to the interior.

C. Metal Protection: Where dissimilar metals contact each other or corrosive substrates, protect against galvanic action as recommended in writing by metal panel manufacturer.

D. Lap-Seam Metal Panels: Fasten metal panels to supports with fasteners at each lapped joint at location and spacing recommended by manufacturer.

1. Lap ribbed or fluted sheets one full rib or as shown in manufacturers recommendations . Apply panels and associated items true to line for neat and weather-tight enclosure.
2. Provide metal-backed washers under heads of exposed fasteners bearing on weather side of metal panels.
3. Locate and space exposed fasteners in uniform vertical and horizontal alignment. Use proper tools to obtain controlled uniform compression for positive seal without rupture of washer.
4. Install screw fasteners with power tools having controlled torque adjusted to compress washer tightly without damage to washer, screw threads, or

panels. Install screws in predrilled holes.

5. Flash and seal panels with weather closures at perimeter of all openings.
6. Watertight Installation:

    a. Apply a continuous ribbon of sealant or tape to seal lapped joints of metal panels, using sealant or tape as recommend by manufacturer on side laps of nesting-type panels and elsewhere as needed to make panels watertight.
    b. Provide sealant or tape between panels and protruding equipment, vents, and accessories.
    c. At panel splices, nest panels with minimum 6-inch end lap, sealed with sealant and fastened together by interlocking clamping plates.

E. Accessory Installation: Install accessories with positive anchorage to building and weather-tight mounting, and provide for thermal expansion. Coordinate installation with flashings and other components.

F. Flashing and Trim: Comply with performance requirements, manufacturer's written installation instructions, and SMACNA's "Architectural Sheet Metal Manual." Provide concealed fasteners where possible, and set units true to line and level as indicated. Install work with laps, joints, and seams that will be permanently watertight and weather resistant.

1. Install exposed flashing and trim that is without buckling and tool marks, and that is true to line and levels indicated, with exposed edges folded back to form hems. Install sheet metal flashing and trim to fit substrates and achieve waterproof and weather-resistant performance.
2. Expansion Provisions: Provide for thermal expansion of exposed flashing and trim. Space movement joints at a maximum of 10 feet with no joints allowed within 24 inches of corner or intersection. Where lapped expansion provisions cannot be used or would not be sufficiently weather resistant and waterproof, form expansion joints of intermeshing hooked flanges, not less than 1 inch deep, filled with mastic sealant (concealed within joints).

3.4 ERECTION TOLERANCES

A. Installation Tolerances: Shim and align metal panel units within installed tolerance of 1/4 inch in 20 feet on slope and location lines as indicated and within 1/8-inch offset of adjoining faces and of alignment of matching profiles.

3.5 FIELD QUALITY CONTROL

A. Manufacturer's Field Service: Engage a factory-authorized service representative to inspect metal roof panel installation, including accessories. Report results in writing.

B. Remove and replace applications of metal roof panels where tests and inspections indicate that they do not comply with specified requirements.

C. Additional tests and inspections, at Contractor's expense, are performed to determine compliance of replaced or additional work with specified requirements.

D. Prepare inspection reports.

3.6 CLEANING AND PROTECTION

A. Remove temporary protective coverings and strippable films, if any, as metal panels are installed, unless otherwise indicated in manufacturer's written installation instructions. On completion of metal panel installation, clean finished surfaces as recommended by metal panel manufacturer. Maintain in a clean condition during construction.

B. Replace metal panels that have been damaged or have deteriorated beyond successful repair by finish touchup or similar minor repair procedures.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, that the sum of $5,190.73 be transferred from Build Mobile Professional and Technical Account (10043040.42200) to grant project G-HIST023. These funds will be reallocated as a grant match for the Alabama Historical Commission grant.

Adopted:

_____
City Clerk

The Design Review Guidelines Updates project will make limited, but much needed, additions and revisions to the existing *Design Guidelines*. These updates will make the Guidelines more approachable and user-friendly for property owners, contractors, and design professionals. This will include updates to the list of allowable replacement materials to remain current with improvements in modern building materials and evolving guidance from the National Park Service. Finally, the updates will also seek to provide City staff and Architectural Review Board members with much needed clarification on which Guidelines are based on the Secretary of the Interior's Standards for the Treatment of Historic Properties and which are simply recommendations for best practices.

RESOLUTION

Sponsored by: Mayor Stimpson

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, that the Mayor is authorized to apply, accept and receive historic preservation grant funding from the U.S. Department of Interior through the Alabama Historical Commission in the amount of $18,000.00 in support of their Historic Sites Grant. There is a match requirement of $12,000.00 bringing the total project cost to $30,000.00.

BE IT FURTHER RESOLVED that the Mayor or his designee be authorized to accept said grant if offered and to sign any agreements or other documents in connection with the grant application and to provide any information required by the U.S. Department of Interior or the Alabama Historical Commission. Any agreements for grant assistance, together with the exhibits, shall be filed with the City Clerk after award and execution.

BE IT FURTHER RESOLVED that the Mobile City Council commits to a local cash match in the amount of $12,000.00.

Adopted: MAY 07 2024

AGENDA NOT REQUIRED

AMENDMENT #1

FEDERAL SUBGRANT AGREEMENT
UNITED STATES DEPARTMENT OF THE INTERIOR
National Park Service
Program Title: Historic Preservation Fund Grants-in-aid
CFDA Number 15.904
Alabama Historical Commission
{Code of Alabama 1975 Section 41-9-249. (3) & (12)}

This amendment adds $5831.10 to the original grant amount of $8400 to total $14,231.10. The scope of work changed from Church Street Graveyard Assessment to Design Guidelines Revision, Phase 2.

This amended grant agreement is entered into by and between
City of Mobile
(herein called the Grantee) and the Alabama Historical Commission. The Grantee has provided information for this grant agreement in its project application titled
Design Guidelines Revision / Phase 2
According to the terms and conditions set forth herein, the Alabama Historical Commission expects to pay to the Grantee the total amount not to exceed
$14,231.10
from the grantor - United States Department of the Interior.

NOW THEREFORE the parties hereto do mutually agree as follows:

1. AMOUNT OF AGREEMENT. The Alabama Historical Commission agrees to provide $14,231.10 to match the Grantee contributions of $9487.40 of the total project costs of $23,718.50. If project cost is reduced, then grant monies and matching share may both be proportionally reduced.

Cost for the project will be financed, when eligible for federal participation, not to exceed a maximum sum of $14,231.10 in federal funds. Payment to Grantee shall not exceed $14,231.10.

It is expressly understood that federal funds for this project will be provided from the federal Historic Preservation Fund of the Department of Interior, National Park Service, and that the Alabama Historical Commission will not be liable for any funding. It is further understood that this is a cost reimbursement program and no federal funds will be provided to the Grantee prior to accomplishment of the work for which reimbursement is requested.

2. AUDIT REQUIREMENTS. All funds reimbursed under this agreement are U. S. Department of Interior funds and shall be accounted for by the Grantee and reported in its 2 CFR Part 200 Audit Report as follows:
Federal Grantor: U. S. Department of Interior
Program Title: Historic Preservation Grants-in-aid
Federal CFDA Number: 15.904
Pass-through Grantor: Alabama Historical Commission
Federal Pass-through Grant Number: AL-23-10023
Project Funding Period: 06/04/2024 - 9/30/2025

Total Grant Award: $14,231.10

The Grantee shall comply with the **2 CFR Part 200 Subpart F, Single Audit Act Amendments of 1996, (31 U.S.C. 7501-7507).** If a Federal Compliance Audit in accordance with 2 CFR Part 200, revised or applicable supplement, is performed for the Grantee, a copy of the audit report shall be provided to the Alabama Historical Commission by the Grantee, thirty days after its issuance, for the period which contains this grant agreement.

Delivery of the audit report shall be made directly to:

Chad Stinson, Grants Manager

If requested by The Alabama Historical Commission, the Grantee shall provide the following for each fiscal year which contains this grant: amount of federal funds received from all sources; schedule of federal programs administered; and, if material exceptions are noted in the Grantee's audit, a copy of the responses and corrective actions taken. In the case of a delay in completing the 2 CFR Part 200 single audit for each fiscal year, the Grantee shall provide a justification for not completing the audit in a timely manner.

3. COST AND ACCOUNTING STANDARDS. The financial activities of the Grantee will be consistent with the cost principles identified in **2 CFR 200 Subpart E**, which includes all financial transactions and financial records involving federal grant funds.

The Grantee shall comply with the **Historic Preservation Fund Grants Manual**, as revised, and as applicable, subject to the restrictions of this grant agreement. The manual can be found at: http://www.nps.gov/preservation-grants/manual/HPF_Manual.pdf

Frequently cited chapters are included in the **Federal Subrecipient Management Guidelines**.
The Grantee shall comply with the **Federal Subrecipient Management Guidelines**, as revised, written by the Alabama Historical Commission for pass-through subrecipients under the United States Department of the Interior, National Park Service, Program Title: Historic Preservation Fund Grants-in-aid, CFDA Number 15.904. The Grantee shall comply with applicable federal, state, and local government wide regulations governing the use of these funds.

4. ACCESS TO RECORDS. The Director of the Alabama Historical Commission, the Chief Examiner of Public Accounts, or any of their duly authorized representatives shall have access to any pertinent books, documents, papers, and records of the Grantee for the purpose of making audits, financial reviews, examinations, excerpts and transcripts.

5. RETENTION AND ACCESS REQUIREMENTS FOR RECORDS. All Recipient financial and programmatic records, supporting documents, statistical records, and other grants-related projects shall be maintained and available for access in accordance with 2 CFR Part 200.333 – 200.337 and the Historic Preservation Fund Grants Manual.

Financial records, supporting documents, statistical records, and all other records pertinent to a grant must be retained by the Grantee for a period of 3 years or until an acceptable audit has been performed and all claims and audit findings involving the records have been resolved. The 3-year retention period starts from the date of the submission of the final expenditure report. If any litigation, claim, or audit is started before the expiration of the 3-year period, the records must be retained until all litigations, claims, or audit findings involving the records have been resolved. Records for nonexpendable property acquired with Federal funds must be retained for 3 years after the final disposition of the property.

6. NOT TO CONSTITUTE A DEBT TO THE STATE. It is agreed that the terms and commitments contained herein shall not be constituted as a debt of the State of Alabama in violation of Article 11, Section 213 of the Constitution of Alabama, 1901, as amended by Amendment No. 26. It is further agreed that if any provision of this Grant Agreement shall contravene any statute or constitutional provision or amendment, either now in effect or which may, during the course of this Grant Agreement, be enacted, then that conflicting provision in the Grant Agreement shall be deemed null and void. The Grantee sole remedy for the settlement of any and all disputes arising under the terms of the Grant Agreement shall be limited to the filing of a claim with the Board of Adjustment for the State of Alabama.

7. CONFLICT OF INTEREST. The Grantee, by their signature, certifies that to the best of their knowledge and belief no conflicts of interest(s) existed or now exist which have, may have, or have had an effect on the grant award. Conflict is defined in 2 CFR Part 200 Subpart B.

8. LOBBYING. The Grantee shall conform to the text of 18 U.S.C. 1913 and no contract will be processed which does not include the text of 18 U.S.C. 1913 as set forth in the following paragraph.
"The Contractor shall be responsible to see that no part of this money appropriated by any enactment of Congress shall, in the absence of express authorization by Congress, be used directly or indirectly to pay for any personal service, advertisement, telegram, telephone, letter, printed or written matter, or other device, intended or designed to influence in any manner a Member of Congress, to favor or oppose, by vote or otherwise, any legislation or appropriation by Congress, whether before or after the introduction of any bill or resolution proposing such legislation or appropriation; but this shall not prevent officers or employees of the United States or its Department or agencies from communicating to Members of Congress on the request of any Member or to Congress, through the proper official channels, requests for legislation or appropriations which they deem necessary for the efficient conduct of the public business."

9. PUBLIC INFORMATION AND ENDORSEMENTS. The Grantee and/or consultant must include acknowledgement of grant support from the Historic Preservation Fund of the National Park Service, Department of Interior, and a nondiscrimination statement in all publications and videos assisted with grant monies and/or concerning NPS grant-supported activities. At least two digital copies of any publications or video concerning NPS grant-assisted activities, or published with NPS grant assistance, must be furnished to the NPS Grant Awarding Official or Alabama Historical Commission within 30 calendar days of publication. All publications, audio, and video must contain the following disclaimer and acknowledgement of NPS support: "Partially funded by the Historic Preservation Fund, National Park Service, Department of Interior. Any opinions, findings, and conclusions or recommendations expressed in this material do not necessarily reflect the views of the Department of Interior." All consultants hired by the Grantee must be informed of this requirement. The National Park Service shall have a royalty-free right to republish any published material generated by this grant. Use of an allowable NPS logo with prior permission is permissible.

10. POLITICAL ACTIVITY. The Grantee will comply with the Hatch Act (5 U.S.C. 1501-1508 and 7324-7328 et seq.) regarding political activity by public employees or those paid in whole or in part with federal funds. None of the funds, materials, property, or services contributed by the Grantee or the Alabama Historical Commission under this Grant Agreement shall be used for any partisan political activity or to further the election or defeat of any candidate in public office.

11. DISCRIMINATION. The Grantee will comply with Title VI, Section 504, and Americans with Disabilities Act and will abide by and incorporate the following requirements in all contracts; if any, for services covered by this contract: "In the carrying out of the contract work, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, age, national origin, or handicap. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, sex, age, national origin, or handicap. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment advertising, layoff, or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notice to be provided by the Government setting forth the provisions of this nondiscrimination clause. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor state that all qualified applicants will receive consideration for employment without regard to race, creed, color, sex, age, national origin, or handicap."

12. DISPUTE RESOLUTION. In the event of any dispute between the parties, senior officials of both parties shall meet and engage in a good faith attempt to resolve the dispute. Should that effort fail, and the dispute involves the payment of money, a party's sole remedy is the filing of a claim with the Board of Adjustment of the State of Alabama.

For any and all other disputes arising under the terms of this contract which are not resolved by negotiation, the parties agree to utilize appropriate forms of non-binding alternative dispute resolution including, but not limited to, mediation. Such dispute resolution shall occur in Montgomery, Alabama, utilizing where appropriate, mediators maintained by the Center for Dispute Resolution of the Alabama State Bar.

13. DURATION OF AGREEMENT. This agreement is effective on the date that it is fully executed and will end on September 15, 2025. All expenditures of Grant and Matching Share must be incurred within the time period of this grant agreement. Obligations outstanding as of the official grant agreement termination date should be liquidated within 15 days thereafter.

15. PERFORMANCE OF THE WORK. Project work is scheduled to begin immediately and to be completed prior to 09/30/2025. Prior approval of work planned and accomplished, progress reports, delivery of products must be on schedule when receiving reimbursement of grant funds.

16. ADMINISTRATION OF THE GRANT. The federal fiscal year is from October 1st to September 30th. All costs incurred under this agreement must be reported for each federal fiscal year no later than October 1st of the succeeding fiscal year. Costs not reported in a timely manner are subject to disallowance and may not be reimbursed to Grantee.

The Grantee will not solicit competitive sealed bids until each request for price quotes; bid package (plans, specifications, estimates, invitation for sealed bids, etc.) is approved by the Alabama Historical Commission contact person for contract, financial and accounting compliance. Two or more responsible suppliers must be willing and able to compete effectively for the grantee's business.

The Grantee will not solicit proposals for professional services until each request for proposals (RFP) is approved by the Alabama Historical Commission contact person for contract, financial and accounting compliance. Proposals are to be requested from a number of sources and may only be used if conditions are not appropriate for the use of competitive sealed bids. Two or more responsible professionals should be willing and able to compete effectively for the grantee's business.

The grantee shall have its contractual agreements reviewed by the Alabama Historical Commission for

compliance with this grant agreement. The Grantee will not award the contract or work until it has received approval from the Alabama Historical Commission contact person for contract, financial and accounting compliance.

The Grantee's in-state and out-of-state travel reimbursements are limited to the rates and amounts prescribed in the State of Alabama's Comptroller Manual. The State Comptroller Manual can be viewed in its entirety at the following website: http://comptroller.alabama.gov/Docs/FPPM%2010-2011.pdf

17. SCOPE OF WORK/WORK TO BE PERFORMED. Revise current design guidelines to apply to Mobile's historic districts and incorporate design ready files that can are accessible and understandable. The Grantee shall carry out this agreement in the manner and to the full extent as set forth in the Grantee's Application to the Alabama Historical Commission, or as subsequently modified in this grant agreement

The Grantee shall, in a satisfactory manner as determined by the Alabama Historical Commission, perform activities of the National Historic Preservation Act of 1966, as amended, in accordance with regulations promulgated by the National Park Service.

The Grantee agrees that all work done under this agreement shall satisfy general requirements of the Alabama Historical Commission and the U. S. Department of the Interior. All project work will be carried out in conformance with the Secretary of the Interior's Standards for Archaeology and Historic Preservation. Work will be performed in accordance with the Secretary of the Interior's "Standards and Guidelines for Planning, Identification, Evaluation and Registration."

18. INTERIM PERFORMANCE SCHEDULE, PROGRESS REPORTS, FINAL PRODUCTS AND REPORT. Monitoring and verification of work completed by Responsible Alabama Historical Commission staff member named above is necessary before payment of grant share of expenses can be made. During the project, Grantee shall submit the following for approval and/or verification to the Alabama Historical Commission by the dates indicated below. Failure by the Grantee to meet this Performance Schedule is reasonable cause for termination of this grant agreement by the Alabama Historical Commission. Amount of Grant Share Requested for Payment should not exceed the Payment Amount indicated below.

TIME PRODUCT ESTIMATED PAYMENT SCHEDULE

Performance Progress Reports and Estimated Payment for each Completed Step	Estimated Payment

FEDERAL SUBGRANT AGREEMENT
UNITED STATES DEPARTMENT OF THE INTERIOR
National Park Service
Program Title: Historic Preservation Fund Grants-in-aid
CFDA Number 15.904
Alabama Historical Commission
{Code of Alabama 1975 Section 41-9-249. (3) & (12)}

This grant agreement is entered into by and between
City of Mobile
(herein called the Grantee) and the Alabama Historical Commission. The Grantee has provided information for this grant agreement in its project application titled
Church Street Graveyard Assessment
According to the terms and conditions set forth herein, the Alabama Historical Commission expects to pay to the Grantee the total amount not to exceed
$8,400.00
from the grantor - United States Department of the Interior.

NOW THEREFORE the parties hereto do mutually agree as follows:

1. AMOUNT OF AGREEMENT. The Alabama Historical Commission agrees to provide $8,400.00 to match the Grantee contributions of $5,600.00 of the total project costs of $14,000.00. If project cost is reduced, then grant monies and matching share may both be proportionally reduced.

Cost for the project will be financed, when eligible for federal participation, not to exceed a maximum sum of $8,400.00 in federal funds. Payment to Grantee shall not exceed $8,400.00.

It is expressly understood that federal funds for this project will be provided from the federal Historic Preservation Fund of the Department of Interior, National Park Service, and that the Alabama Historical Commission will not be liable for any funding. It is further understood that this is a cost reimbursement program and no federal funds will be provided to the Grantee prior to accomplishment of the work for which reimbursement is requested.

2. AUDIT REQUIREMENTS. All funds reimbursed under this agreement are U. S. Department of Interior funds and shall be accounted for by the Grantee and reported in its 2 CFR Part 200 Audit Report as follows:
Federal Grantor: U. S. Department of Interior
Program Title: Historic Preservation Grants-in-aid
Federal CFDA Number: 15.904
Pass-through Grantor: Alabama Historical Commission
Federal Pass-through Grant Number: AL-23-10023
Project Funding Period: 10/01/22 - 9/30/24
Total Grant Award: $8,400.00

The Grantee shall comply with the **2 CFR Part 200 Subpart F, Single Audit Act Amendments of 1996, (31 U.S.C. 7501-7507).** If a Federal Compliance Audit in accordance with 2 CFR Part 200, revised or applicable supplement, is performed for the Grantee, a copy of the audit report shall be provided to the Alabama Historical Commission by the Grantee, thirty days after its issuance, for the period which contains this grant agreement.

Delivery of the audit report shall be made directly to:

Chad Stinson, Grants Manager
The Alabama Historical Commission
468 South Perry Street
Montgomery, Alabama 36130-0900
Chad.Stinson@ahc.alabama.gov
(334) 230-2680

If requested by The Alabama Historical Commission, the Grantee shall provide the following for each fiscal year which contains this grant: amount of federal funds received from all sources; schedule of federal programs administered; and, if material exceptions are noted in the Grantee's audit, a copy of the responses and corrective actions taken. In the case of a delay in completing the 2 CFR Part 200 single audit for each fiscal year, the Grantee shall provide a justification for not completing the audit in a timely manner.

3. COST AND ACCOUNTING STANDARDS. The financial activities of the Grantee will be consistent with the cost principles identified in **2 CFR 200 Subpart E**, which includes all financial transactions and financial records involving federal grant funds.

The Grantee shall comply with the **Historic Preservation Fund Grants Manual**, as revised, and as applicable, subject to the restrictions of this grant agreement. The manual can be found at: http://www.nps.gov/preservation-grants/manual/HPF_Manual.pdf

Frequently cited chapters are included in the **Federal Subrecipient Management Guidelines**. The Grantee shall comply with the **Federal Subrecipient Management Guidelines**, as revised, written by the Alabama Historical Commission for pass-through subrecipients under the United States Department of the Interior, National Park Service, Program Title: Historic Preservation Fund Grants-in-aid, CFDA Number 15.904. The Grantee shall comply with applicable federal, state, and local government wide regulations governing the use of these funds.

4. ACCESS TO RECORDS. The Director of the Alabama Historical Commission, the Chief Examiner of Public Accounts, or any of their duly authorized representatives shall have access to any pertinent books, documents, papers, and records of the Grantee for the purpose of making audits, financial reviews, examinations, excerpts and transcripts.

5. RETENTION AND ACCESS REQUIREMENTS FOR RECORDS. All Recipient financial and programmatic records, supporting documents, statistical records, and other grants-related projects shall be maintained and available for access in accordance with 2 CFR Part 200.333 – 200.337 and the Historic Preservation Fund Grants Manual.

Financial records, supporting documents, statistical records, and all other records pertinent to a grant must be retained by the Grantee for a period of 3 years or until an acceptable audit has been performed and all claims and audit findings involving the records have been resolved. The 3-year retention period starts from the date of the submission of the final expenditure report. If any litigation, claim, or audit is started before the expiration of the 3-year period, the records must be retained until all litigations, claims, or audit findings involving the records have been resolved. Records for nonexpendable property acquired with Federal funds must be retained for 3 years after the final disposition of the property.

6. NOT TO CONSTITUTE A DEBT TO THE STATE. It is agreed that the terms and commitments contained herein shall not be constituted as a debt of the State of Alabama in violation of Article 11, Section 213 of the Constitution of Alabama, 1901, as amended by Amendment No. 26. It is further agreed that if any provision of this Grant Agreement shall contravene any statute or constitutional provision or amendment, either now in effect or which may, during the course of this Grant Agreement, be enacted, then that conflicting provision in the Grant Agreement shall be deemed null and void. The Grantee sole remedy for the settlement of any and all disputes arising under the terms of the Grant Agreement shall be limited to the filing of a claim with the Board of Adjustment for the State of Alabama.

7. CONFLICT OF INTEREST. The Grantee, by their signature, certifies that to the best of their knowledge and belief no conflicts of interest(s) existed or now exist which have, may have, or have had an effect on the grant award. Conflict is defined in 2 CFR Part 200 Subpart B.

8. LOBBYING. The Grantee shall conform to the text of 18 U.S.C. 1913 and no contract will be processed which does not include the text of 18 U.S.C. 1913 as set forth in the following paragraph. "The Contractor shall be responsible to see that no part of this money appropriated by any enactment of Congress shall, in the absence of express authorization by Congress, be used directly or indirectly to pay for any personal service, advertisement, telegram, telephone, letter, printed or written matter, or other device, intended or designed to influence in any manner a Member of Congress, to favor or oppose, by vote or otherwise, any legislation or appropriation by Congress, whether before or after the introduction of any bill or resolution proposing such legislation or appropriation; but this shall not prevent officers or employees of the United States or its Department or agencies from communicating to Members of Congress on the request of any Member or to Congress, through the proper official channels, requests for legislation or appropriations which they deem necessary for the efficient conduct of the public business."

9. PUBLIC INFORMATION AND ENDORSEMENTS. The grantee shall have its contractual agreements reviewed by the Alabama Historical Commission for compliance with this grant agreement. The Grantee will not award the contract or work until it has received approval from the Alabama Historical Commission contact person for contract, financial and accounting compliance.

The Grantee's in-state and out-of-state travel reimbursements are limited to the rates and amounts prescribed in the State of Alabama's Comptroller Manual. The State Comptroller Manual can be viewed in its entirety at the following website: http://comptroller.alabama.gov/Docs/FPPM%2010-2011.pdf

17. SCOPE OF WORK/WORK TO BE PERFORMED. Contract Chicora to conduct an updated assessment on Church Street Graveyard.

The Grantee shall carry out this agreement in the manner and to the full extent as set forth in the Grantee's Application to the Alabama Historical Commission, or as subsequently modified in this grant agreement

The Grantee shall, in a satisfactory manner as determined by the Alabama Historical Commission, perform activities of the National Historic Preservation Act of 1966, as amended, in accordance with regulations promulgated by the National Park Service.

The Grantee agrees that all work done under this agreement shall satisfy general requirements of the Alabama Historical Commission and the U. S. Department of the Interior. All project work will be carried out in conformance with the Secretary of the Interior's Standards for Archaeology and Historic Preservation. Work will be performed in accordance with the Secretary of the Interior's "Standards and Guidelines for Planning, Identification, Evaluation and Registration."

18. INTERIM PERFORMANCE SCHEDULE, PROGRESS REPORTS, FINAL PRODUCTS AND REPORT. Monitoring and verification of work completed by Responsible Alabama Historical Commission staff member named above is necessary before payment of grant share of expenses can be made. During the project, Grantee shall submit the following for approval and/or verification to the Alabama Historical Commission by the dates indicated below. Failure by the Grantee to meet this Performance Schedule is reasonable cause for termination of this grant agreement by the Alabama Historical Commission. Amount of Grant Share Requested for Payment should not exceed the Payment Amount indicated below.

TIME PRODUCT ESTIMATED PAYMENT SCHEDULE

Performance Progress Reports and Estimated Payment for each Completed Step	Estimated Payment
November-December 2023 Prep and approve contract with Chicora Foundation and development of work schedule.	$00.00

TOTAL GRANT SHARE PAYMENT	$8,400.00

Acceptance of work -- The Grantee's professional consultant shall not invoice for his or her work for step 1 above until the Alabama Historical Commission contact person for standards of work accepts the product of the consultant. This is done so that an invoice can be reimbursed for the same fiscal year

that reimbursement is approved by the Alabama Historical Commission.

Survey and Registration Project Budgets:
36 CFR 60.6. "The list of owners shall be obtained from either official land recordation records or tax records . . . within 90 days prior to the notification of intent to nominate . . .. The State is responsible for notifying only those owners whose names appear on the list consulted. Where there is more than one owner on the list, each separate owner shall be notified."

A statement must be provided to document who obtained property owner addresses to meet National Register property owner notification requirements, date information was obtained and where information was obtained.

In addition, the city will provide a public notice in a newspaper with a wide circulation in the local area to notify local property owners of the pending nomination and again when the listing is made final by the National Park Service. The city will post a notice on their city website on the pending nomination and again when the listing is made final by the National Park Service.

In the case where the schedule of work is not met by the Grantee and/or the Alabama Historical Commission is not able to accept the work of the consultant according to this grant agreement, payment to the Grantee will be forfeited.

WHEN TO SEND GRANTEE COST REPORT
The Grantee Cost Report must be submitted according to the schedule below for each expense period by the due dates specified.

GRANTEE COST REPORT

EXPENSE PERIOD	DUE FROM GRANTEE
October 1, 2023 – December 31, 2023	January 15, 2023
January 1, 2024– March 31, 2024	April 15, 2023
April 1, 2024 – June 30, 2024	July 15, 2024
July 1, 2024 – September 15, 2024	October 1, 2024

All costs incurred between October 1, 2022 and September 15, 2024 - not reported by October 1, 2024, are subject to disallowance and may not be reimbursed to Grantee.

19. NATIONAL ENVIRONMENTAL POLICY ACT. All National Park Service Historic Preservation Fund grant actions are subject to the provisions of National Environmental Policy Act (NEPA) and the Council on Environmental Quality Regulations for Implementing the Procedural Provisions of NEPA (40 CFR 1500-1508). The national policy concerning the assessment of the environmental impact of Federal and federally funded actions is contained in National Environmental Policy Act of 1969 (42 U.S.C. 4321-4347).

20. GENERAL PROVISIONS. The Grantee will comply with the following Federal regulations:

a) 2 CFR 182 & 1401, Government-wide Requirements for a Drug-Free Workplace;
b) 2 CFR 180 & 1400, Non-procurement Debarment and Suspension, previously located at 43 CFR Part 42, Government wide Debarment and Suspension;
c) 43 CFR 18, New Restrictions on Lobbying;
d) 2 CFR 175, Trafficking Victims Protection Act of 2000;

21. PATENTS AND INVENTIONS. Recipients of agreements which support experimental, developmental, or research work shall be subject to applicable regulations governing patents and inventions, including the government-wide regulations issued by the Department of Commerce at 37 CFR 401, Rights to Inventions Made by Non-profit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements. These regulations do not apply to any agreement made primarily for educational purposes.

22. TERMINATION OF AGREEMENT. If, through any cause, the Grantee shall fail to fulfill in timely and proper manner its obligations under this agreement, or violates any of the covenants, agreements, or stipulations of this agreement, the Alabama Historical Commission shall thereupon have the right to terminate or suspend this agreement by giving written notice to the Grantee of such termination or suspension and specifying the effective date thereof, at least fifteen days before such effective date.

IN WITNESS WHEREOF, the parties to this agreement have caused same to be executed

RESOLUTION

Sponsored by: Mayor William S. Stimpson

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, that the sum of $1,400,000.00 be appropriated in the Rebuild Alabama Special Revenue Fund (Fund 4055) for the following Capital Project.

ADOPTED:

_____

CITY CLERK

October 9, 2025

Dear Councilmembers:

The attached resolution and supporting information appropriate funds from the Rebuild Alabama Special Revenue Fund (Fund 4055) to the Broad Street Redevelopment project for FY2025. Phase III includes improvements on Broad Street from the traffic circle at Canal Street to Garrity Street. The scope of this project includes the reconstruction of the roadbed, curb and gutter, inlets, landscaping and sidewalks and bike infrastructure.

The reconstruction of the streetscape and roadway will be a significant improvement in traffic flow, aesthetics, and safety for pedestrians and cyclists along this corridor for the City of Mobile. Comprehensively, this project correlates with broader objectives for redeveloping the Broad Street corridor (e.g. Tiger Grant project) and fostering additional business development and economic revitalization opportunities within the corridor and the surrounding area.

We look forward to continuing communication on this important project. Please call me with questions at 251-208-7199 or email me at jennifer.greene@cityofmobile.org.

PROFESSIONAL SERVICES CONTRACT
City of Mobile

This Professional Services Contract (sometimes hereinafter "Agreement"), made and entered into as of the date of execution, by and between **THE CITY OF MOBILE**, a Municipal Corporation of the State of Alabama (hereinafter referred to as the "City") and Spire, LLC(hereinafter "Contractor"), an Alabama limited liability company with a principal address at 304 Congress Street., Mobile AL 36603, (hereinafter "Contractor"), as follows:

WHEREAS, the Contractor is uniquely qualified and has expertise advertising, design, marketing, and public relations; and

WHEREAS, City desires to engage this Contractor, due to the Contractor's high degree of professional skill, competence, and personality especially suited to provide said services for the City of Mobile's Parks and Recreation Department upon the following terms and conditions.

NOW THEREFORE, City and Contractor, for and in consideration of the mutual covenants and agreements hereinafter set forth to be kept and performed by the other, and other good and valuable consideration, the receipt and sufficiency of all of which are hereby acknowledged, do hereby covenant and agree as follows:

I. PROFESSIONAL SERVICES TO BE PERFORMED

A. The professional services to be performed by the Service Provider under this Agreement ("Services") for City of Mobile are to provide services described in **Exhibit A** which is attached hereto and incorporated herein.

B. The Contractor shall perform all professional services under this contract with the professional skill and care ordinarily provided by a competent professional practicing under the same or similar circumstances and as expeditiously as is prudent considering the ordinary professional skill and care of such profession

C. The Contractor shall report to both the Director of the Office of Public Safety or his designee and the Director of Mobile County Public Schools Security or his designee and may receive direct support requests from staff at the Gulf Coast Technology Center and the Mobile Police Department's Intelligence Division, who shall provide specific tasking to the Contractor with respect to these services.

II. TERM OF AGREEMENT

A. This Contract shall commence immediately upon execution by both the City and the Contractor. It shall continue for a period one (1) year subject to the renewal and/or availability of funding.

Ill. COMPENSATION

A. The City agrees to pay the Contractor an annual salary of forty-two thousand dollars and xx/100. **(**$42,000**)**, payable in monthly installments of three-thousand five hundred dollars and xx/100 ($3,500.00). Additionally, The City agrees to pay the Contractor for up-front costs for media placements of twenty-five thousand dollars and xx/100 ($25,000.00). The total amount of compensation due to Contractor for services provided under this contract will not exceed sixty-seven thousand dollars and xx/100 ($67,000.00) per year.

IV. METHOD OF PAYMENT

A. Payments shall be made via direct deposit to a banking institution designated by the Contractor.

V. ADDITIONAL SERVICES

A. No changes to this Contract or the performance contemplated hereunder shall be made unless the same are in writing and signed by both the Contractor and the City's authorized agent.

B. If the City requires the Contractor to perform additional services related to this Contract then the Contractor shall be entitled to additional compensation based on an amended fee schedule to the extent necessary to accommodate such additional work. The additional compensation shall be agreed upon before the commencement of any additional services or changes and shall be incorporated into this Contract by written amendment. The City shall not pay for any additional service or work performed before a written amendment to this Contract is executed by the City and the Contractor. Notwithstanding the preceding, in the event additional services are required as a result of error, omission or negligence of the Contractor, the Contractor shall not be entitled to additional compensation.

VI. LIABILITY OF CONTRACTOR

A. To the fullest extent permitted by law, Contractor covenants to release, defend, indemnify, hold harmless, protect, and exonerate both the City and its agents, employees, and representatives, from and against any and all liability, claims (direct and indirect), damages, losses, suits, actions, demands, liens, arbitrations, administrative proceedings, awards, judgments, expenses, costs, and attorneys' fees pertaining to personal injury,

bodily injury, death, damage to or destruction of property (including any loss of use), economic loss or damage, labor disputes, safety requirements, performance or non-performance of obligations, certifications, property rights of third parties, sickness or disease, which (1) are caused in whole or in part by the Contractor (herein defined to include but not be limited to Contractor's owners, employees, agents, representatives, subcontractors, suppliers, and invitees or other third parties connected with the Contractor as well as the agents or employees of any of them), or (2) arise out of or are related to work undertaken or to be performed by the Contractor, or (3) arise out of or are related to any other act or omission relating to the Contractor, the Contract, the work under the Contract or otherwise undertaken by the Contractor as defined in the parenthetical of (1) above. It is the specific and express intent of the parties to the contract for the foregoing covenants and indemnity obligations to apply to the fullest extent permitted by applicable law, regardless of whether the liability is caused in whole or in part by a party indemnified hereunder, and whether said liability be caused by, or arise out of, any joint, concurrent, or contributory negligence of a party indemnified hereunder. Contractor agrees it is not a design professional within the meaning of § 41-9A-3, Ala. Code (1975).

B. This section of the Agreement will survive the expiration or termination of the Agreement.

VII. CONTRACTOR'S INSURANCE.

A. For the term of this Agreement, the Contractor shall acquire and maintain in full force and effect professional liability insurance issued by a company licensed and qualified to do business in the State of Alabama, in a minimum amount of $1,000,000, which such insurance shall name the City of Mobile as an additional insured, and shall attach to this contract, as proof thereof, a certificate of said insurance.

B. Said certificate shall require that said insurance coverage will not be altered or terminated unless City shall be given written notice of such alteration or termination delivered to City not less than thirty (30) days before the effective date of such alteration or termination.

VIII. RESPONSIBILITIES OF THE CONTRACTOR

A. The Contractor agrees to respond to communication from the City within three (3) working days unless a shorter response time is specified by the City.

B. The Contractor shall maintain books, records, documents, and other evidence directly pertaining to or connected with the services under this Contract which shall be available and accessible at the Contractor's offices for the purpose of inspection, audit, and copying during normal business hours by the City, or any of its authorized representatives.

C. The Contractor is, and shall be, in the performance of all work, services and activities under this Contract, an independent contractor.

IX. FORCE MAJEURE

A. The Contractor specifically agrees that all work performed under the terms and conditions of this Contract shall be completed within the time limits as set forth herein, or as otherwise identified in the City's purchase order or specified by the City's Department Head, subject only to delays caused by force majeure, or as otherwise defined herein. "Force majeure" shall be deemed to be any cause affecting the performance of this Contract arising from or attributable to acts, events, omissions or accidents beyond the reasonable control of the parties.

X. OBLIGATIONS OF CITY

A. City shall designate a Department Head(s) or other person to act as City's representative with respect to this Agreement, as set out herein above. Such person(s) will have the authority to transmit instructions, receive information, and interpret and define the City's policies and decisions regarding the scope of services.

B. City shall furnish to Contractor all applicable information and technical data in City's possession or control reasonably requested by Contractor for the proper performance of the Services.

C. The Contractor shall be issued or permitted to maintain a City of Mobile Employee Identification Number, a City email address, and access keys or proximity cards necessary to perform his/her duties.

D. The City's Designated representative will do all things necessary to properly administer the terms and conditions of this Agreement.

E. The City shall not provide any services to the Contractor in connection with any claim brought on behalf of or against the Contractor.

X. OWNERSHIP OF ASSETS

Upon full payment for services rendered, the City shall retain full, exclusive, and perpetual ownership of all designs, assets, and intellectual property created by Contractor under this agreement, including but not limited to logos, graphics, illustrations, layouts, visual designs, and other deliverables (the "Created Assets"). Contractor agrees that the Created Assets shall be considered "works for hire" under applicable copyright law, and all right, title, and interest in and to the Created Assets shall immediately and automatically be transferred to the City.

XI. Use of City Logos, Marks, and Intellectual Property

Contractor acknowledges that all logos, trademarks, service marks, trade names, images, photographs, video, audio, slogans, and other intellectual property owned or controlled by the

City of Mobile (collectively, "City IP") remain the sole property of the City. Any proposed use of City IP in connection with marketing, advertising, promotional materials, social media, or public communications may be subject to prior review and approval by the City's Communications Department.

Contractor shall provide the Communications Department with all requested drafts, materials, concepts, or other information necessary to facilitate such review. The City reserves the right to require reasonable modifications or prohibit the use of any materials that, in its sole discretion, do not align with City standards, branding guidelines, or public interests. Contractor agrees to make all requested changes promptly and at no additional cost to the City.

XII. TERMINATION

A. The City shall have the right at any time upon thirty (30) calendar day's written notice to the Contractor to terminate the services of the Contractor. The City shall pay to the Contractor and the Contractor shall accept as full payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

B. Any failure of the Contractor to satisfy the requirements of this Contract, as documented by the Department Head, shall be considered a default of the Contract and sufficient reason for termination. 1. For defaults that are curable (as determined by the City), the Contractor shall be notified in writing by the City and shall have an opportunity to cure such default(s) within ten (10) working days after notification. 2. For defaults that are not curable (as determined by the City), notice of the termination date shall be given as deemed appropriate by the City.

C. In the event the City's termination of this Contract for default is in any way deficient, at the option of the City such termination shall be deemed to be a termination for convenience.

D. The parties may mutually agree to terminate this Contract. Such termination shall be evidenced by a notice issued by the City. The City shall pay to the Contractor and the Contractor shall accept as payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

E. In the event that the Contractor has abandoned performance under this Contract, then the City may terminate this Contract upon three (3) calendar day's written notice to the Contractor indicating its intention to do so. Payment for work performed prior to the Contractor's abandonment shall be as stated above.

XIII. DISPUTE RESOLUTION

A. Any dispute, action or proceeding arising out of or related to this Agreement will be exclusively commenced in the state courts of Mobile City, Alabama, or where proper subject matter jurisdiction exists in the United States District Court for the Southern District of Alabama. Each party irrevocably submits and waives any objections to the

exclusive personal jurisdiction and venue of such courts, including any objection based on forum non conveniens.

B. Contractor agrees to waive all rights to trial by jury for any litigation undertaken concerning this Agreement.

C. This Agreement and the rights and obligations of the parties shall be governed by the laws of the State of Alabama without regard to its conflict of laws principles.

XIV. NOTICES

A. Any notices of default or termination shall be sufficient if sent by parties via United States Certified mail, postage paid, or via nationally recognized delivery service, to the address listed below:

B. Any change in the City's Department Head or the Contractor's Representative will be promptly communicated by the party making the change.

XV. DEFAULT/ BREACH.

A. Default. Default, for purposes of this contract, shall include, but is not limited to, any of the following: 1) failure to perform the work or provide the services in accordance with the terms of the contract, 2) failure to meet established deadlines or schedules, 3) substandard or non-compliant work or services, 4) failure to comply with applicable laws, regulations, or permits, including state and federal law, local ordinances and any federal grant requirements, 5) failure to communicate adequately with the City regarding progress or issues, 6) unauthorized assignment or transfer of the contract without prior written consent from the City, 7) failure to correct deficiencies after receiving written notice from the City, 8) misrepresentation or falsification of information provided during performance, 9) failure to maintain required insurance coverage , 10) unauthorized use of City property, equipment, or resources, 11) violation of confidentiality or data protection requirements outlined in the contract, 12) failure to provide required reports,

documentation, or certifications, 13) failing to comply with written directives from the City to correct specific issues or deficiencies, 14) failure to maintain adequate security measures for sensitive information or physical assets.

XVI. EFFECT OF DEFAULT

A. Upon the occurrence of default, City shall have rights which include but are not limited to (i) the right to keep this Contract in effect and sue Contractor for all damages caused by the default and recover the cost thereof; (ii) the right to cure any such default by Contractor and to recover any damages caused thereby; and (iii) the right to terminate this Contract either as to the entire Project or part thereof, in either case by giving Contractor written notice of such termination. In the event of termination of this Agreement by the City because of the Contractor's default or breach, the City may take possession of all material, and may finish the Project by whatever method and means City may select subject to its obligation to reasonably mitigate.

XVII. WITHHOLDING PAYMENT DUE

A. Default by Contractor shall excuse any obligation of City to pay compensation or sums otherwise due Contractor under the agreement. City may withhold any and all sums due if there has been a default or breach by Contractor of any provision of this agreement.

XVIII. CURE PLAN

A. If Contractor fails to comply with any material provision of this agreement, the City may issue a written notice requiring Contractor to submit a corrective action plan (CAP) within such time as City directs. If Contractor fails to provide an acceptable CAP or does not cure the breach within the time frame specified, the City may invoke additional sanctions or terminate this Agreement.

XIX. ANTI-BOYCOTT

A. Contractor agrees it is not currently engaged in and will not engage in the boycott of a person or an entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade within the meaning of Alabama Code 41-16-5.

XX. NON-DISCRIMINATION

A. Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

XXI. COMPLIANCE WITH IMMIGRATION LAW

A. By signing this contract, the contracting parties affirm, for the duration of the Agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Pursuant to Alabama Code (1975) Section 31-13-9, if Contractor employs one or more employees within the State of Alabama, Contractor shall provide documentation establishing that Contractor is enrolled in the *E-Verify* program. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the Agreement and shall be responsible for all damages resulting therefrom.

XXII. MISCELLANEOUS

A. This Agreement constitutes the sole and complete understanding between the parties and supersedes all agreements between them, whether oral or written with respect to the subject matter. No Amendment, change or addendum to this Agreement is enforceable unless agreed to in writing by both parties and incorporated into this Agreement.

B. The language of this Agreement shall be construed, in all cases, according to its fair meaning and not for or against any party hereto.

C. The parties hereto do not intend nor shall this Agreement be construed to grant any rights, privileges or interest to any third party.

D. Time is of the essence with regard to each and every aspect of the Contractor's performance under this Contract.

E. The rights and remedies of the City provided for under this Agreement are in addition to any other rights and remedies provided by law.

F. If the Contractor is comprised of more than one legal entity, each entity shall be jointly and severally liable hereunder.

G. The exercise by either party of any rights or remedies provided herein shall not constitute a waiver of any other rights or remedies available under this Agreement or any applicable law.

H. If any term, condition, or covenant of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this Agreement shall be valid and binding on each party.

I. The parties covenant and agree that each is duly authorized to enter into and perform this Agreement and those executing this Agreement have all requisite power and authority to bind the parties.

J. Neither the City's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

K. Paragraph headings are for the convenience of the parties and for reference purposes only and shall be given no legal effect.

L. All provisions of this Agreement have been subject to full and careful review by and negotiation between Contractor and City. Each such party has availed itself of such legal advice and counsel as it, respectively, has deemed appropriate. The parties hereto agree that neither one of them shall be deemed to be the drafter or author of this Agreement, and in the event this Agreement is subject to interpretation or construction by a court of law or panel of arbitration, such court or panel shall not construe this Agreement or any portion hereof against either party as the drafter of this Agreement.

M. This Agreement embodies the entire agreement and understanding between the parties pertaining to the subject matter of this Agreement, and supersedes all prior agreements, understandings, negotiations, representations and discussions, whether verbal or written, of the parties pertaining to that subject matter.

N. The provisions of this Agreement shall bind and inure to the benefit of the parties and their respective successors and permitted assigns.

O. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute a single agreement.

P. This Agreement may be amended, modified or supplemented only by a writing executed by each of the parties. Any party may in writing waive any provisions of this Agreement to the extent such provision is for the benefit of the waiving party. No action taken pursuant to this Agreement shall be deemed to constitute a waiver by that party of any other party's compliance with provisions of this Agreement. No waiver by any party of a breach of any provision of this Agreement shall be construed as a waiver of any subsequent or different breach, and no forbearance by a party to seek a remedy for noncompliance or breach by another party shall be construed as a waiver of any right or remedy with respect to such noncompliance or breach.

Q. If the City is required to take legal action to enforce this contract, the contractor agrees to reimburse the City for all reasonable attorney's fees and associated costs incurred.

R. Failure by the City to enforce any provision of this contract shall not be deemed a waiver of its rights to enforce any other provision or the same provision in the future.

S. Nothing in this Agreement shall be construed as a waiver of any governmental, sovereign, or other immunity by the City, its officials, or employees. All defenses and limitations of liability provided by law remain fully applicable.

T. The City and Contractor each bind itself, its successors and assigns, to the other party of this contract, in respect to all covenants of this agreement. The contractor shall not transfer or assign this contract or the license or any of the rights or privileges granted herein without the prior written consent of the City, which such consent shall be granted or denied solely at the City's sole discretion.

U. The Contractor shall submit to and maintain proper background clearance with the City of Mobile Police Department and comply with all pre-employment measures, including participation in the City's Drug-Free Workplace Program.

V. The Contractor shall maintain a valid Alabama Driver's License and report any traffic incidents or violations to his/her supervisor.

W. The Contractor is required to use his or her own vehicle however, the same shall be authorized to use and operate City-owned equipment and vehicles as directed by the Director of Public Safety.

X. The City shall provide the Contractor with appropriate office space and equipment as necessary to perform assigned duties, including the operation and/or use of a City-owned vehicle as required.

Y. This Agreement is the final expression of the agreement between the parties and the complete and exclusive statement of the terms agreed upon and shall supersede all prior negotiations, understandings, or agreements. No representations, warranties, or stipulations, either oral or written, are not contained herein.

E-VERIFY IS A SERVICE OF DHS AND SSA

Company ID Number: 2901981

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and Spire, LLC (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

    a. Notice of E-Verify Participation

    b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the anti-discrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps
(see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance
(indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@uscis.dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin

E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case.

The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

   a. Scanning and uploading the document, or

   b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

RE 6/13/2 5

CONTRACTOR SHORT FORM CONTRACT
BETWEEN CITY OF MOBILE AND CONTRACTOR

THIS AGREEMENT is made and entered into as of the date of execution by both parties, by and between City of Mobile, a political subdivision of the State of Alabama, hereinafter referred to as the "City" and MOBILE ARTS COUNCIL, INC., an Alabama not-for-profit corporation, , hereinafter referred to as "Contractor."

This Agreement, including its Exhibits, attached hereto, all incorporated herein, represents the entire agreement between Contractor and City with respect to the subject matter hereof and supersedes all prior agreements, negotiations, or understandings between the parties in any way relating to the subject matter of this Agreement. Contractor and City acknowledge having read and understood this Agreement and hereby agree to be bound by its terms and conditions.

WHEREAS, the City has found the Contractor qualified to perform the necessary services; and

WHEREAS, the Contractor has reviewed the services required pursuant to the Agreement and is qualified, willing and able to provide and perform all such services in accordance with its terms.

NOW, THEREFORE, the City and the Contractor, in consideration of the mutual covenants contained herein, agree as follows:

I. CONTRACTOR'S SERVICE

A. The Contractor's Services consist of those described in the Scope of Work Timeline and Public Request for Proposal which is attached hereto as "**Exhibit A Scope of Work and Timeline & Exhibit B Public Request for Proposal**" and is hereby incorporated as a part of this Agreement and as provided in the Request for Quotes documents that are hereby incorporated by reference as a part of this Agreement as though fully set out herein.

B. All work and labor shall be done in accordance with the Scope of Work and Timeline, which is attached hereto and incorporated herewith as "**Exhibit A Scope of Work and Timeline** ".

II. TERM

A. **Commencement & Duration**: This Contract shall commence upon full execution by both parties and shall remain in effect until completion of all obligations hereunder or August 28, 2026, whichever occurs first, unless otherwise terminated as provided herein.

III. COMPENSATION AND PAYMENT OF CONTRACTORS SERVICE

A. The City shall compensate Contractor in accordance with the agreed-upon pricing schedule:

1. Total Contract Value: **TWENTY THOUSAND DOLLARS AND NO/100 ($20,000.00)**

2. Payment Schedule: Upon completion of services described in Exhibit A, the contractor shall submit a written invoice to the City's Accounting Department. Payment will be made in a single lump-sum disbursement upon written verification of satisfactory competition by the Maritime Museum Executive Director.

B. The City's performance and obligation to pay under this Contract is contingent upon an appropriation by the City Council or by grant award. In the event funds are not appropriated or approved for any fiscal year, this agreement shall terminate upon notice to Contractor. The City shall promptly notify the Contractor if the necessary appropriation is not made.

IV. METHOD OF PAYMENT

A. Upon completion of service, said funds will be disbursed in a single payment, which shall result from a written invoice request to be delivered to the City's Accounting Department.

B. The City shall pay the Contractor through payment issued by the City upon receipt of the Contractor's invoice and written approval of same by the Maritime Museum Executive Director, indicating that services have been rendered in conformity with this Contract.

V. LIABILITY OF CONTRACTOR

A. To the fullest extent permitted by law, Contractor covenants to release, defend, indemnify, hold harmless, protect, and exonerate both the City and its agents, employees, and representatives, from and against any and all liability, claims (direct and indirect), damages, losses, suits, actions, demands, liens, arbitrations, administrative proceedings, awards, judgments, expenses, costs, and attorneys' fees pertaining to personal injury, bodily injury, death, damage to or destruction of property (including any loss of use), economic loss or damage, labor disputes, safety requirements, performance or non-performance of obligations, certifications, property rights of third parties, sickness or disease, which (1) are caused in whole or in part by the Contractor (herein defined to include but not be limited to Contractor's owners, employees, agents, representatives, subcontractors, suppliers, and invitees or other third parties connected with the Contractor as well as the agents or employees of any of them), or (2) arise out of or are related to work undertaken or to be performed by the Contractor, or (3) arise out of or are related to any other act or omission relating to the Contractor, the Contract, the work under the Contract or otherwise undertaken by the Contractor as defined in the parenthetical of (1) above. It is the specific and express intent of the parties to the contract for the foregoing covenants and indemnity obligations to apply to the fullest extent permitted by applicable law, regardless of whether the liability is caused in whole or in part by a party indemnified hereunder, and whether said liability be caused by, or arise out of, any joint, concurrent, or contributory negligence of a party

indemnified hereunder. The contractor agrees it is not a design professional within the meaning of § 41-9A-3, Ala. Code (1975).

B. This section of the Agreement will survive the expiration or termination of the Agreement.

VI. CONTRACTORS INSURANCE

For the term of this Agreement, Contractor shall acquire and maintain in full force and effect the following liability and comprehensive insurance issued by a company licensed and qualified to do business in the State of Alabama, which such insurance shall be endorsed to name the City of Mobile as an additional insured, and shall attach to this contract as proof thereof a certificate of insurance issued by an agent licensed and qualified to do business in the State of Alabama:

A. Workers' Compensation/Employer's Liability:

1. Workers' Compensation insurance in the amounts required by all applicable laws, rules or regulations of the state of Alabama

2. Employer's Liability with limits of not less than:

   Bodily Injury by Accident $1,000,000 each accident
   Bodily Injury by Disease $1,000,000 policy limit
   Bodily Injury by Disease $1,000,000 each employee

B. Comprehensive General Liability Insurance

1. Comprehensive General Liability (occurrence form) including coverage for products/completed operations, independent contractors, and blanket contractual liability, specifically covering the obligations assumed by Contractor.

2. Limit of Liability: $1,000,000 combined single limit of liability each occurrence bodily injury or property damage.

3. General Aggregate Limit shall apply on a "Per Project" Basis.

C. Automobile Liability Insurance:

1. Automobile Liability Insurance to cover any auto, including all owned, non-owned, and hired vehicles, with a $1,000,000 combined single limit of liability each accident for bodily injury and/or property damage.

D. Excess/Umbrella Liability Insurance

1. Providing following form coverage for Employer's Liability, Comprehensive General Liability, and Automobile Liability.

2. Limit of Liability: $2,000,000 combined single limit of liability each occurrence for bodily injury and/or property damage.

E. Waiver of Subrogation - All policies of insurance shall be endorsed to waive rights of subrogation in favor of City of Mobile.

F. Additional Insured - All policies of insurance, except those referenced under paragraph A, shall be endorsed to name City of Mobile as an Additional Insured.

G. Primary Insurance - All policies of insurance, except those referenced under paragraph A, shall be endorsed to provide that all such insurances are primary and non-contributing with any other insurance maintained by City of Mobile.

H. Notice of Cancellation – Certificates shall provide that such insurance shall not be subject to cancellation, non-renewal nor material change without 30 days or more (except 10 days for non-payment) prior written notice thereof to the City of Mobile.

I. Certificates of Insurance – General – Within ten (10) calendar days from date of issuance of Contract forms for execution, Contractor shall deliver to the City of Mobile, certificates of insurance (standard ACORD format) certifying the existence and limits of the insurance coverages along with separate policy endorsements as described above. Contractor shall also be responsible for delivering policy renewal certificates to the City of Mobile.

J. If the certificate of insurance referenced in this Agreement does not evidence insurance of owned vehicles, said certificate and this sentence shall evidence the Contractor's covenant that it does not own any vehicles and that it will not purchase or obtain any vehicles during the term of this Agreement. Said certificate shall require that said insurance coverage will not be altered or terminated unless City shall have been given written notice of such alteration or termination delivered to City not less than thirty (30) days before the effective date of such alteration or termination.

VII. RESPONSIBILITIES OF THE CONTRACTOR

A. The personnel assigned by the Contractor to perform the services of this Contract shall comply with the terms set forth in this Contract. The Contractor shall ensure that all key personnel, support personnel, and other agents are fully qualified and capable to perform their assigned tasks. Any change or substitution to the Contractor's key personnel must receive the City's Department Head's written approval before said changes or substitution can become effective.

B. The Contractor agrees to respond to communication from the City within three working days unless a shorter response time is specified by the City.

C. The Contractor warrants that it has not employed or retained any company or person (other than a bona fide employee working solely for the Contractor), to solicit or secure this Contract and that he has not paid or agreed to pay any person, company, corporation, individual, or firm other than

a bona fide employee working solely for the Contractor; any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award of this Contract.

D. Contractor agrees that it and its employees shall communicate with City employees and members of the public in a civil manner. All aspects of a Contractor's performance, including complaints received from City employees or members of the public, may impact the City's decision to renew or terminate this Contract in accordance with the provisions contained herein. The City further reserves the right to suspend or debar the Contractor from consideration for award of future contracts in accordance with Alabama competitive bid law if the Contractor does not abide by the terms of this contract.

E. The Contractor shall comply with all federal, state, and local laws, regulations and ordinances applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex, or national origin in the performance of work under this Contract.

F. The Contractor shall maintain books, records, documents, and other evidence directly pertaining to or connected with the services under this Contract which shall be available and accessible at the Contractor's offices for the purpose of inspection, audit, and copying during normal business hours by the City, or any of its authorized representatives.

G. The Contractor is, and shall be, in the performance of all work, services and activities under this Contract, an independent contractor. Contractor is not an employee, agent, or servant of the City and shall not represent itself as such. All persons engaged in any work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the Contractor's sole direction, supervision and control. The Contractor shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the Contractor's relationship and the relationship of its employees to the City shall be that of an independent contractor and not as employees of the City. The Contractor shall be solely responsible for providing benefits and insurance to its employees.

VIII. LIQUIDATED DAMAGES

IX. OBLIGATIONS OF THE CITY

A. City shall designate a Department Head or other person to act as City's representative with respect to this Agreement. Such person will have authority to transmit instructions, receive information, and interpret and define City's policies and decisions regarding the scope of services.

B. City shall furnish to Contractor all applicable information and technical data in City's possession or control reasonably requested by Contractor for the proper performance of the Services.

C. The City's Designated representative will do all things necessary to properly administer the terms and conditions of this Agreement, including, but not limited to: 1. Review of all Contractor

payment requests for approval or rejection. 2. Periodic reviews of the work of the Contractor as necessary for the completion of the Contractor's services during the period of this Agreement.

D. The City shall not provide any services to the Contractor in connection with any claim brought on behalf of or against the Contractor.

X. TERMINATION

A. The City shall have the right at any time upon thirty (30) calendar day's written notice to the Contractor to terminate the services of the Contractor. The City shall pay to the Contractor and the Contractor shall accept as full payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

B. Any failure of the Contractor to satisfy the requirements of this Contract, as documented by the Department Head, shall be considered a default of the Contract and sufficient reason for termination. 1. For defaults that are curable (as determined by the City), the Contractor shall be notified in writing by the City and shall have an opportunity to cure such default(s) within ten (10) working days after notification. 2. For defaults that are not curable (as determined by the City), notice of the termination date shall be given as deemed appropriate by the City.

C. In the event the City's termination of this Contract for default is in any way deficient, at the option of the City such termination shall be deemed to be a termination for convenience pursuant to Section 13.1 above.

D. The parties may mutually agree to terminate this Contract. Such termination shall be evidenced by a notice issued by the City. The City shall pay to the Contractor and the Contractor shall accept as payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

E. In the event that the Contractor has abandoned performance under this Contract, then the City may terminate this Contract upon three (3) calendar day's written notice to the Contractor indicating its intention to do so. Payment for work performed prior to the Contractor's abandonment shall be as stated above. Contractor shall have one hundred and eighty (180) days to submit invoices. Invoices submitted after one hundred and eighty (180) days may not be accepted for payment.

F. The Contractor shall have the right to terminate services only in the event of the City failing to pay the Contractor's properly documented and submitted invoice within ninety (90) calendar days of the approval by the City's Department Head, or if the Project is suspended by the City for a period greater than ninety (90) calendar days.

G. After consultation with and written Notice to the Contractor providing a reasonable opportunity to cure, the City shall have the right to refuse to make payment, in whole or part due to: 1. The quality of a portion, or all, of the Contractor's work not performed in accordance with the requirements of this Contract; 2. The quantity of the Contractor's work not delivered or performed as represented in the Contractor's Payment Request, or otherwise; 3. Claims made, or likely to be made, against the City, or its property; 4. Damages to the City or a third party caused by

Contractor; 5. The Contractor's failure or refusal to perform any other obligation under this Contract. City does not and will not assume any responsibility for the means by which or the manner in which the services by Contractor provided for herein are performed, but on the contrary, Contractor shall be wholly responsible therefore.

XI. DISPUTE RESOLUTION

A. Any dispute, action or proceeding arising out of or related to this Agreement will be exclusively commenced in the state courts of Mobile County, Alabama, or where proper subject matter jurisdiction exists in the United States District Court for the Southern District of Alabama. Each party irrevocably submits and waives any objections to the exclusive personal jurisdiction and venue of such courts, including any objection based on forum non conveniens.

B. Contractor agrees to waive all rights to trial by jury for any litigation undertaken concerning this Agreement

C. This Agreement and the rights and obligations of the parties shall be governed by the laws of the State of Alabama without regard to its conflict of laws principles.

D. Unless otherwise agreed in writing, the Contractor shall be required to continue its services and all other obligations under this Agreement during the pendency of the claim or dispute, including, but not limited to, the actual period of mediation or judicial proceedings.

XII. CONTRACTOR WARRANTY

A. Upon completion of the contract the Contractor shall certify under oath that all bills have been paid in full.

B. All services will be performed (i) by qualified personnel in a professional and workmanlike manner, consistent with industry standards, (ii) in accord with the performance specifications, scope of work and terms and conditions set forth in this agreement, (iii) with due care and in accord with applicable laws and regulations including all laws and regulations relating to the scope of work in the agreement, health, safety and the environment, fair labor practices, unlawful discrimination and immigration, and (iv) in accord with generally prevailing industry standards. Upon City providing notice to Contractor as set out in a reasonably detailed written notice to cure any non-conformance within thirty (30) days of occurrence, Contractor agrees to re-perform the services to achieve commercially reasonable conformance with this warranty.

XIII. SUSPENSION/STOP WORK ORDER

A. The City's Department Head, may at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract. Any order shall be identified specifically as a stop work order issued pursuant to this clause. This order shall be effective as of the date the order is delivered to the Contractor. Upon receipt of such an order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

The Contractor shall not resume work unless specifically so directed in writing by the City. The Department Head shall take one of the following actions:

1. Cancel the stop work order; or 2. Terminate the work covered by the order; or 3. Terminate the Contract in accordance with provisions contained in Section 13.1.

B. In the event the City of Mobile determines not to direct the Contractor to resume work, the stop work order may be converted into a notice of termination for convenience pursuant to Section 13.1. The notice period for such termination shall be deemed to commence on the date of issuance of the stop work order. In the event the City does not direct the Contractor to resume work within ninety (90) days, the Contractor may terminate this Contract.

XIV. NOTICES

A. The City of Mobile Authorized Agent, authorized to act on the City's behalf with respect to the Project is Ms. Karen Poth, Maritime Museum Executive Director or the Director's designated representative.

B. Any notices of any nature, whatsoever, including but not limited to notice of termination or default shall be sufficient if sent by parties via United States Certified mail, postage paid, or via nationally recognized delivery service, to the address listed below:

C. Any change in the City's Department Head or the Contractor's Authorized Agent will be promptly communicated by the party making the change.

XV. WITHHOLDING PAYMENT DUE

A. Default by Contractor shall excuse any obligation of City to pay compensation or sums otherwise due Contractor under the agreement. City may withhold any and all sums due if there has been a default or breach by Contractor of any provision of this agreement.

XVI. ANTI-BOYCOTT

A. Contractor agrees it is not currently engaged in and will not engage in the boycott of a person or an entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade within the meaning of Alabama Code 41-16-5.

XVII. NON-DISCRIMINATION

A. Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

XVIII. COMPLIANCE WITH IMMIGRATION LAW

A. By signing this contract, the contracting parties affirm, for the duration of the Agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Pursuant to Alabama Code (1975) Section 31-13-9, if Contractor employs one or more employees within the State of Alabama, Contractor shall provide documentation establishing that Contractor is enrolled in the *E-Verify* program. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the Agreement and shall be responsible for all damages resulting therefrom.

XIX. CONTRACT DOCUMENTS

A. The contract documents consist of this Agreement, the Request for Quotes documents, Exhibit "A" Scope of Work, Addenda issued prior to the execution of the Contract, other documents listed in this Agreement, and Modifications issued after the execution of this Agreement, all of which form the Contract, and are fully a part of the Contract as if attached to this Agreement or repeated herein. The contract documents are intended to agree, and if clarification of a conflict has not been made via Addendum, then the most restrictive or costly interpretation by the Director of Real Estate Asset Management will apply.

B. The following documents are incorporated by reference and made part of this Contract:

1. Scope of Work (attached hereto as Exhibit A);

2. Certificate of Liability Insurance (attached hereto as Exhibit B);

3. Sample E-Verify MOU for Employers (attached hereto as Exhibit C); and

XX. MISCELLANEOUS

A. Contractor shall obtain, at his own expense, all necessary licenses, inspections, permits, insurance, authorization and assurances necessary in order to abide by the terms of this Agreement. City of Mobile department permits, when required, shall be obtained by the Contractor at no cost.

B. This Agreement constitutes the sole and complete understanding between the parties and supersedes all agreements between them, whether oral or written with respect to the subject matter. No Amendment, change or addendum to this Agreement is enforceable unless agreed to in writing by both parties and incorporated into this Agreement.

C. The language of this Agreement shall be construed, in all cases, according to its fair meaning and not for or against any party hereto.

D. The parties hereto do not intend nor shall this Agreement be construed to grant any rights, privileges or interest to any third party.

E. Time is of the essence with regard to each and every aspect of the Contractor's performance under this Contract.

F. The rights and remedies of the City provided for under this Agreement are in addition to any other rights and remedies provided by law.

G. If the Contractor is comprised of more than one legal entity, each entity shall be jointly and severally liable hereunder.

H. The exercise by either party of any rights or remedies provided herein shall not constitute a waiver of any other rights or remedies available under this Agreement or any applicable law.

I. If any term, condition, or covenant of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this Agreement shall be valid and binding on each party.

J. The parties covenant and agree that each is duly authorized to enter into and perform this Agreement and those executing this Agreement have all requisite power and authority to bind the parties.

K. Neither the City's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

L. Paragraph headings are for the convenience of the parties and for reference purposes only and shall be given no legal effect.

M. In the event of conflicts or inconsistencies between the provisions of this agreement and those in any attachment or Exhibit hereto, then the provisions of this agreement will take precedence and be applicable, binding and enforceable.

N. Preparation of Agreement. All provisions of this Agreement have been subject to full and careful review by and negotiation between Contractor and City. Each such party has availed itself of such legal advice and counsel as it, respectively, has deemed appropriate. The parties hereto agree that neither one of them shall be deemed to be the drafter or author of this Agreement, and in the event this Agreement is subject to interpretation or construction by a court of law or panel of arbitration, such court or panel shall not construe this Agreement or any portion hereof against either party as the drafter of this Agreement.

O. Entire Agreement. This Agreement embodies the entire agreement and understanding between the parties pertaining to the subject matter of this Agreement, and supersedes all prior agreements, understandings, negotiations, representations and discussions, whether verbal or written, of the parties pertaining to that subject matter.

P. Binding Effect. The provisions of this Agreement shall bind and inure to the benefit of the parties and their respective successors and permitted assigns.

Q. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute a single agreement.

R. Amendment and Waiver. This Agreement may be amended, modified or supplemented only by a writing executed by each of the parties. Any party may in writing waive any provisions of this Agreement to the extent such provision is for the benefit of the waiving party. No action taken pursuant to this Agreement shall be deemed to constitute a waiver by that party of any other party's compliance with provisions of this Agreement. No waiver by any party of a breach of any provision of this Agreement shall be construed as a waiver of any subsequent or different breach, and no forbearance by a party to seek a remedy for noncompliance or breach by another party shall be construed as a waiver of any right or remedy with respect to such noncompliance or breach.

S. Attorney's Fees and Costs. If the City is required to take legal action to enforce this contract, the contractor agrees to reimburse the City for all reasonable attorney's fees and associated costs incurred.

T. Non-Waiver of Rights. Failure by the City to enforce any provision of this contract shall not be deemed a waiver of its rights to enforce any other provision or the same provision in the future.

U. Sovereign Immunity. Nothing in this Agreement shall be construed as a waiver of any governmental, sovereign, or other immunity by the City, its officials, or employees. All defenses and limitations of liability provided by law remain fully applicable.

IN WITNESS WHEREOF, we have hereunto set our hands and seals on this the day and year last written below.

MOBILE arts COUNCIL

About Us

The Mobile Arts Council, Inc. (MAC) was formed in the summer of 1955 as the result of a survey conducted by the Junior League of Mobile. The organization was primarily a funding source for the cultural community. In February of 1960, the Arts Council Board adopted a new constitution and was incorporated under the name of Allied Arts Council of Metropolitan Mobile, Inc. In the early 1980's, the organization switched back to its original name, Mobile Arts Council. The purpose of the Council was to increase cooperation among artistic organizations in the area and to provide a forum for challenges in art, music, theatre, and literature. Through strategic planning and organizational assessment, MAC began to shift its focus from being a grantor to becoming an advocate and supporter of the arts and arts education.

As the only local arts agency (LAA) in our area, MAC offers programs, services, and funding to local artists and arts organizations across all realms of the arts. MAC strives to enrich the quality of life in the greater Mobile area through increasing accessibility to the arts and promoting a vibrant cultural community. Now celebrating our 70th anniversary, MAC is expanding the presence of the arts in Mobile by expanding arts education programs to the Mobile County Public School System, offering gallery exhibitions, and coordinating large scale public art initiatives.

Mission and Vision

Today MAC exists to enrich the quality of life in the Mobile area through increasing accessibility to the arts and promoting a vibrant cultural community. MAC fulfills its mission by creating opportunities for local artists and arts organizations through education, advocacy, and enrichment.

The Mobile Arts Council envisions a dynamic future for Mobile, where the arts are a catalyst for positive change. Rooted in the values of education, inclusivity, and inspiration, we're committed to making the arts accessible to all. This focus ensures that everyone can explore their artistic potential. We work to celebrate our shared humanity through diverse artistic voices. We're dedicated to nurturing both emerging and established local talent while staying relevant in our ever-changing community.

Request

The Mobile Arts Council (MAC) requests $20,000 to assist the city of Mobile and the National Maritime Museum of the Gulf of Mexico in the development of the waterfront by coordinating an art competition (two phases) and selection process for the design of a bronze statuary in memory of Jimmy Buffett. This process will include gathering necessary data for the project, creating an online RFP (request for proposal) for two different phases of the selection process,

advertising the project through social media and art-centric outlets, organizing an advisory committee that will select the artwork, and paying the finalist stipends upon receipt of the final proposals.

Both phases of the application process will be online. Phase I of the online application will include an overview of the project, the scope of work, timeline, evaluation criteria, and information on the installation area. This phase of the RFP will require each applicant to submit a brief letter of interest, preliminary budget, preliminary timeline, and work samples. The selection committee will then choose a maximum of five applicants for Phase II.

Phase II will require applicants to submit a detailed proposal to include the following:

1. Detailed narrative.
2. Detailed budget that must include the cost of fabrication, transportation, installation, all materials, artist fees, and lighting design. If work with any other independent contractors is required, those costs must also be included.
3. Conceptual design images.
4. Conceptual design layout based on provided site map.
5. Timeline and workplace for fabrication, transportation, and installation of the work.
6. Long-term maintenance plan.

Eligibility

The RFP will only consider artists and artists teams with the following qualifications:

1. Must be 18 years or older.
2. Have at least five years of experience as a professional artist.
3. Have experience with projects of the proposed scale and resources available for completing the project.
4. Carry personal liability insurance for the duration of the project until installation is complete and accepted.
5. Meet all contractual obligations and adhere to the timeline provided.
6. If selected, be prepared to present their concept to a selection committee if needed.

The following criteria will be used to evaluate RFP submissions:

1. Artistic Merit: the applicant's experience should represent a professional history and successful body of site-specific public art projects of a similar scope as demonstrated by the application's resume/CV and the quality, creativity, and uniqueness of the applicant’s past work as demonstrated by the work samples.
2. Demonstrated proficiency in craftsmanship and technical knowledge of the materials and techniques in the required medium. Artists should demonstrate an understanding

of material durability to eliminate or minimize long-term maintenance needs in a highly used public space.
3. Success with prior work of similar scale and scope on budget and within the provided timeline.
4. Ability to work with representatives from Mobile County and Mobile Arts Council staff, and other stakeholders to meet any design/construction requirements, schedule, and deadlines.
5. Overall quality and comprehensiveness of the submission package.

Applicants will be required to prepare and submit the following requirements using the Mobile Arts Council's platform created through their website and on JotForm. Incomplete or late applications will not be considered.

Timeline (subject to change)

February 24 - April 25, 2025: RFP Open, Phase I

April 28 - May 2, 2025: Committee Selects RFP finalist(s)

May 5 - May 9, 2025: Finalist invited to submit for Phase II

May 12 - June 13, 2025: RFP Open, Phase II

June 30, 2025: Winner announced

August 2026: Statue complete and installed at site location no later than August 28, 2026

Sculpture Project - Request for Proposals

Phase II

Project Description

The Mobile Arts Council is searching for an experienced artist or artist team to create a larger-than-life (7'0") realistic representation of Jimmy Buffett, including a pedestal, or if sitting, with a bench or low wall. This sculpture will be installed at The National Maritime Museum of the Gulf on the Mobile River. **Final proposals are due on Friday, June 13, by midnight.**

The committee is looking for a realistic representation of the quintessential Jimmy Buffett (circa 2010) for visitors and residents to capture selfies with. His happy-go-lucky nature, iconic guitar, and of course, his love of the water should be incorporated into the design. The committee asks that no parrot be placed upon his shoulder.

Keep this in mind:

"I never wanted to be a statue."
-Jimmy Buffett

The winner will be announced the week of June 30, 2025.
Finalists will be compensated $1,000 after submitting their final proposal.

VENDOR NAME: PORT CITY TRANSIT, LLC
VENDOR #:299964

The attached resolution coincides with the above-mentioned current contract for transit provider services. With the disbanding of *The Wave* as the City's transportation entity, the role and responsibility of filing for annual federal assistance and grant awards will need to revert to the City of Mobile staff designee to perform moving forward. The responsibilities will include:

1) Execution and application submittal for Federal assistance on behalf of the CITY OF MOBILE with the Federal Transit Administration (FTA);

2) Annual certification and assurances and filing of other documents and semi-annual reports the Federal Transit Administration requires before awarding Federal assistance grants or cooperative agreements;

3) Execution of grant and cooperative agreements with the Federal Transit Administration on behalf of the CITY OF MOBILE

Without said approval and role reassignment per the attached document, which must be uploaded to the FTA digital portal, the City of Mobile will be ineligible for Federal Formula Funding and other federal assistance and/or grants.
