19. ANNOUNCEMENTS

APPLICATION FOR WAIVER OF NOISE ORDINANCE

Section 39-96-1(c) of the Mobile City Code: Noise in Residential Areas Restricted [2/18/15]:
(a) Use, operate, or permit to be used or operated, any device, radio, musical instrument, television, phonography, drum, sound amplifying equipment or device which produces or reproduces sound, either stationary or mobile, in such a manner that, during the hours from 6:00 am. to 10:00 p.m.:

(i) It is plainly audible at a distance of 50 feet or more from any property line within a residential district or upon any public street or right-of-way within, or bordering upon, any residential district within the corporate limits of the City; or

(ii) It creates any noise which exceeds 85 db(a) at any property line within a residential district or upon any public street or right-of-way within, or bordering upon, any residential district within the corporate limits of the City.

NOTE: If your event will have any type of sound system, it is recommended that you apply for a waiver of the City's Noise Ordinance.

Please submit your request at least two (2) weeks prior to your event. The City Council meets every Tuesday and applications have to be received before **2:00 p.m. the previous Thursday** in order to be placed on their next agenda.

RESOLUTION

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, that the City Clerk be, and she hereby is, instructed to publish in a newspaper of general circulation within the municipality the attached notice stating the time and place a proposed amendment to the Zoning Ordinance is to be considered by the City Council and further stating that at such time and place all persons who desire shall have an opportunity of being heard in opposition to or in favor of the proposed amendment.

Adopted:

_____

City Clerk

Notice of Public Hearing for the Proposed Conditional Use Permit
for Property Located at 2316 Hillwood Drive West

Pursuant to Resolution of the Mobile, Alabama City Council adopted **September 16, 2025**, a public hearing will be held on the **21st** day of **October, 2025**, at 10:30 a.m., to consider adoption of an ordinance for the proposed Conditional Use Permit for property located at 2316 Hillwood Drive West to allow a Short-Term Rental in an R-1, Single-Family Residential Suburban District.

The public hearing will be held in the Auditorium of Government Plaza, 205 Government Street, Mobile, Alabama. All persons who desire shall have an opportunity to be heard in favor of or in opposition to the proposed amendment at such time and place. Further, the City Council may consider zoning classifications other than the ones sought by the applicant, and may take other actions allowed by law.

Lisa C. Lambert
City Clerk

AN ORDINANCE AMENDING THE ORDINANCE ADOPTED BY THE CITY COUNCIL OF THE CITY OF MOBILE ON THE 12TH DAY OF JULY, 2022, SAID ORDINANCE BEING COMMONLY KNOWN AS THE UNIFIED DEVELOPMENT CODE

WHEREAS, a Conditional Use Permit application was filed on June 10, 2025, to allow a Short-Term Rental in an R-1, Single-Family Residential Suburban District, located at 2316 Hillwood Drive West and described as follows:

LOT 34, BLOCK "A" EDGEWOOD PARK, ACCORDING TO PLAT THEREOF RECORDED IN THE OFFICE OF THE JUDGE OF PROBATE COURT OF MOBILE COUNTY, ALABAMA IN MAP BOOK 5, PAGES 69-72.

LOT 33, BLOCK "A" EDGEWOOD PARK, ACCORDING TO PLAT THEREOF RECORDED IN THE OFFICE OF THE JUDGE OF PROBATE COURT OF MOBILE COUNTY, ALABAMA, IN MAP BOOK 5, PAGES 69-72.

LESS AND EXCEPT THE FOLLOWING DESCRIBED PARCEL: COMMENCING AT THE NORTHERNMOST CORNER OF SAID LOT 33; THENCE RUN SOUTH 48 DEGREES 15 MINUTES WEST, 148.85 FEET ALONG THE LINE BETWEEN LOT 32AND LOT 33 OF SAID EDGEWOOD PARK TO THE POINT OF BEGINNING OF THE PROPERTY HEREIN DESCRIBED; THENCE RUN SOUTH 25 DEGREES 52 MINUTES WEST, 391.9 FEET, MORE OR LESS TO THE MARGIN OF DOG RIVER; THENCE SOUTHEASTWARDLY, 70 FEET, MORE OR LESS TO A POINT ON SAID LINE BETWEEN LOT 32 AND LOT 33 OF EDGEWOOD PARK; THENCE RUN NORTH 17 DEGREES 30 MINUTES EAST 350 FEET MORE OR LESS ALONG THE EAST LINE OF SAID LOT 33 TO THE POINT OF BEGINNING.

WHEREAS, the Planning Commission held a public hearing on the requested Conditional Use Permit on August 21, 2025, and recommended approval of the Conditional Use Permit subject to the following conditions:

1. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a

copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,

2. Full compliance with all municipal codes and ordinances.

WHEREAS, the City Council finds that the Conditional Use Permit request:

1. The request is consistent with all applicable requirements of this Chapter, including:
   (a) Any applicable development standards; and
   (b) Any applicable use regulations.
2. The request will not impede the orderly development and improvement of surrounding property; and
3. Having considered the applicable factors the request will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood.
4. The request will be adequately served by water and sanitary sewer services;
5. The request is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
6. The request shall not be detrimental to or endanger the public health, safety or general welfare.
7. The proposed use will meet the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOBILE AS FOLLOWS:

Section One: That the Conditional Use Permit is hereby approved with the following required conditions:

1. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,

2. Full compliance with all municipal codes and ordinances.

Section Two: This Ordinance shall be in force and effect from and after its adoption and publication.

NOTICE OF HEARING
OF PROPOSED AMENDMENT
TO THE UNIFIED DEVELOPMENT CODE

Notice is hereby given that the Mobile City Council proposes to consider the adoption of the below synopsized amendment to the Ordinance adopted on the 12th day of July, 2022, and known as the "Unified Development Code". The adoption of such amendment will be considered by the Mobile City Council in the Auditorium of the Government Plaza in Mobile, Alabama on the 21st day of October 2025, at 10:30 AM. At such time and place all persons who desire shall have an opportunity to be heard in opposition to or in favor of the amendment.

Synopsis of Proposed Amendment to the Unified Development Code

The proposed amendment to the Unified Development Code was published in full on the 24th day of September, 2025 in the Lagniappe.

The proposed amendment to the Unified Development Code concerns the property within the City of Mobile, located at **2316 Hillwood Drive West.**

The proposed amendment will approve a Conditional Use Permit. The owner of said property has applied for a Conditional Use Permit to allow a Short-Term Rental in an **R-1, Single-Family Residential Suburban District.** If approved, the Conditional Use Permit will allow a Short-Term Rental in an **R-1, Single-Family Residential Suburban District**, subject to the following proposed conditions: 1. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and, 2. Full compliance with all municipal codes and ordinances.

This proposed amendment to the Unified Development Code will be in full force and effect from after its publication and adoption by the Mobile City Council.

AN ORDINANCE AMENDING THE ORDINANCE ADOPTED BY THE CITY COUNCIL OF THE CITY OF MOBILE ON THE 12TH DAY OF JULY, 2022, SAID ORDINANCE BEING COMMONLY KNOWN AS THE UNIFIED DEVELOPMENT CODE

WHEREAS, a Conditional Use Permit application was filed on **June 10, 2025**, to allow a Short-Term Rental in an **R-1, Single-Family Residential Suburban District**, located at **2316 Hillwood Drive West** and described as follows:

LOT 34, BLOCK "A" EDGEWOOD PARK, ACCORDING TO PLAT THEREOF RECORDED IN THE OFFICE OF THE JUDGE OF PROBATE COURT OF MOBILE COUNTY, ALABAMA IN MAP BOOK 5, PAGES 69-72.

THE CITY OF MOBILE, ALABAMA
Planning & Zoning Department
MOBILE CITY PLANNING COMMISSION

September 8, 2025
City Council
Mobile Government Plaza
Mobile, Alabama 36644

Dear Council Members:

The Mobile City Planning Commission at its meeting on **August 21, 2025**, considered the request of Ryan Kozlowski, R & P Investing, LLC, for a Conditional Use Permit to allow a Short-Term Rental in an **R-1, Single-Family Residential Suburban District**, for the property located at **2316 Hillwood Drive West**.

After discussion it was decided to recommend approval of the conditional use permit request to the City Council subject to the following conditions:

1. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,

2. Full compliance with all municipal codes and ordinances.

Copies of the application and reports are attached.

Sincerely,

Stephen Guthrie

LETTER OF DECISION

August 25, 2025

Ryan Kozlowski
R & P Investing, LLC
Post Office Box 2072
Goodlettsville, Tennessee 37070

Re: 2316 Hillwood Drive West
ZON-STR-003382-2025
Ryan Kozlowski, R & P Investing, LLC
District 3
Conditional Use Permit approval to allow a Short-Term Rental in an R-1, Single-Family Residential Suburban District.

Dear Applicant(s)/ Property Owner (s):

At its meeting on August 21, 2025, the Planning Commission considered the above referenced application.

After discussion the Planning Commission determined the following Findings of Fact to support the request for a Conditional Use Permit:

1. The request is consistent with all applicable requirements of this Chapter, including:

   a) Any applicable development standards; and
   b) Any applicable use regulations.

2. The request will not impede the orderly development and improvement of surrounding property; and
3. Having considered the applicable factors, the request will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood or be more injurious to property or improvements in the neighborhood.
4. The request will be adequately served by water and sanitary sewer services;
5. The request is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
6. The request shall not be detrimental to or endanger the public health, safety or general welfare.
7. The proposed use will meet the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

As such, the Planning Commission voted to recommend approval of the Conditional Use Permit to City Council, subject to the following conditions:

1. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,
2. Full compliance with all municipal codes and ordinances.

The advertising fee for this application is based on the current legal description is **$357.58** Upon receipt of this fee (*check made out to the "City of Mobile"*), your application will be forwarded to the City Clerk's office to be scheduled for public hearing by the City Council.

If you have any questions regarding this action, please call this office at 251-208-5895.

Sincerely,

LETTER OF DECISION

July 18, 2025

Ryan Kozlowski
R & P Investing, LLC
Post Office Box 2072
Goodlettsville, Tennessee 37070

Re: 2316 Hillwood Drive West
ZON-STR-003382-2025
Ryan Kozlowski, R & P Investing, LLC
District 3
Conditional Use Permit approval to allow a Short-Term Rental in an R-1, Single-Family Residential Suburban District.

Dear Applicant(s)/ Property Owner (s):

At its meeting on July 17, 2025, the Planning Commission considered the above referenced application.

After discussion the Planning Commission heldover the request until the August 21st meeting, with additional information submitted no later than August 4th, to allow the applicant to address the following:

1. Revise the site plan to depict the location of any/all garbage cans or other waste refuse bins;
2. Provide proof that all waste (garbage) refuse containers are screened from view (via photographs), and,
3. Revise the site plan to illustrate the required off-street parking spaces.

If you have any questions regarding this action, please call this office at 251-208-5895.

Sincerely,

MOBILE CITY PLANNING COMMISSION
Ms. Jennifer Denson, Secretary

Notice of Neighborhood Meeting

Date of Notice 04/25/2025

Dear Property Owners(s):

This letter is to inform you that a Neighborhood Meeting has been scheduled to discuss the following application that **Ryan Kozlowski** will be submitting to the Mobile City Planning Commission:

(1) Application for a Conditional Use Permit to operate a short-term rental (STR) at 2316 W Hillwood Dr. Mobile, AL 36605.

The Neighborhood Meeting will be held at the following time, date, and location:

Friday May 23rd,2025

4:00pm-5:30pm

Parkway Branch-Mobile Public Library Meeting Room

1924 Dauphin Island Pkwy-B Mobile, AL 36605

You are receiving this notice because your property is located within 300 feet of **2316 W Hillwood Dr. Mobile, AL 36605,** in compliance with the notification requirements of Article 5 of the city's Unified Development Code (UDC). You or your agent are invited to attend the Neighborhood Meeting to learn more about the above-referenced application(s), ask questions, and present your views.

Sincerely, Ryan Kozlowski

Ryan Kozlowski

PUBLIC HEARING NOTICE

MOBILE
ALABAMA

Re: 2316 Hillwood Drive West
ZON-STR-003382-2025
Ryan Kozlowski, R&P Investing, LLC
District 3
Conditional Use Permit approval to allow a Short-Term Rental in an R-1, Single-Family Residential Suburban District.

Dear Applicant(s) / Owner(s):

The Mobile City Planning Commission will hold a Public Hearing on Thursday, July 17 , 2025, at 2:00 p.m. to consider your above referenced application.

The meeting will be held in the Auditorium at 205 Government Street, Mobile, Alabama.

Your presence, or that of your agent, is required at this hearing. Failure to participate in the hearing may result in a denial of your request. Please be prepared to present your application to the Commission and respond to any questions they might have.

If you wish to comment on the application, you may email your comments to planning@cityofmobile.org or upload your comments to the case, which can be found under the meeting date on the web portal at https://www.buildmobile.org/planning-commission/. You may also submit comments by letter:

Planning & Zoning/City of Mobile
P.O. Box 1827
Mobile, Alabama 36633-1827

Include your full name and address with any comments. All comments must be submitted via email or uploaded to the portal, or received via mail, by 2:00 p.m. on Wednesday, July 16, 2025, to allow adequate time for the Commission members to review the information.

For additional information or assistance, please contact a Planner at (251) 208-5895.

Re: 2316 Hillwood Drive West
ZON-STR-003382-2025
Ryan Kozlowski, R&P Investing, LLC
District 3
Conditional Use Permit approval to allow a Short-Term Rental in an R-1, Single-Family Residential Suburban District.

Dear Property Owner(s):

This letter is to advise adjacent property owners, as required by State Law, that the Mobile City Planning Commission will hold a Public Hearing on Thursday, July 17, 2025, at 2:00 p.m., to consider the above referenced application.

The meeting will be held in the Auditorium at 205 Government Street, Mobile, Alabama.

While your presence is not required, this notice is to advise you of the meeting so that you may participate and if you wish, present your views concerning this application to the Planning Commission. Please note, this application will not re-zone your property.

If you wish to comment on the application, you may email your comments to planning@cityofmobile.org or upload your comments to the case, which can be found under the meeting date on the web portal at https://www.buildmobile.org/planning-commission/. You may also submit comments by letter:

Planning & Zoning/City of Mobile
P.O. Box 1827
Mobile, Alabama 36633-1827

Include your full name and address with any comments. All comments must be submitted via email or uploaded to the portal, or received via mail, by 2:00 p.m. on Wednesday, July 16, 2025, to allow adequate time for the Commission members to review the information.

If you wish to present your views to the Commission in person, the Commission's Operating Rules and Procedures limit both the proponent and opposition to four (4) speakers each, for a maximum of five (5) minutes.

For additional information or assistance, please contact a Planner at (251) 208-5895.

Good morning,

We have completed our review of the above-referenced Short Term Rental Conditional Use Permit application and determined that it is **partially complete**.

An invoice for the application fees has been issued. Once payment is received, the application will be placed on the appropriate Planning Commission agenda. However, **please note** that a **complete legal description** of the subject property (not the abbreviated version currently provided) is required in order to calculate the City Council advertising fees.

Following the Planning Commission's recommendation, this full legal description must be submitted to the Planning and Zoning Department **before** the application can proceed to the City Council for final consideration.

IMPORTANT
The City of Mobile Planning and Zoning Department will **never request payment via wire transfer** or any other suspicious method. If you receive any questionable communication claiming to be from our department, please report it immediately to: planning@cityofmobile.org.

If you have any questions or need further assistance, please don't hesitate to reach out.

Regards,

Thank you for the Neighborhood Meeting documents.

As mentioned in my email, please complete the following:

1. **Correct Application Submission:**
   Please submit the appropriate application via the Customer Self-Service (CSS) Portal. The correct Plan Type is **"Short Term Rental - Conditional Use Permit"** and can be found further down the list of available applications. ***You submitted the correct paper application, we need you to please submit the correct online application ("Short Term Rental - Conditional Use Permit" instead of "Conditional Use Permit.")***

2. **Notification Labels:**
   - Resubmit your notification labels, ensuring that all portions of names and addresses are fully visible. ***Our staff cannot print what you provided within the template of our mailing labels as some of them are cut-off or askew.***
   - Remove any duplicate labels to avoid unnecessary charges.

3. **Site Plan Requirements:**
   Provide a site plan that includes all items listed on **Page 4** of the Short-Term Rental application and meets any applicable requirements of **Article 10** of the Unified Development Code (**Pages 6–7**).
   - Aerial photographs are not sufficient.
   - A hand-drawn plot plan is acceptable, provided it includes all required dimensions.

Thank You,
Logan Anderson

You don't often get email from randpinvesting@gmail.com. Learn why this is important

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning,

I submitted all documents for items 1, 2 & 3. Are they not showing up on your end or is something insufficient with them? Also, when I log into the CSS portal to review this application there is no way to upload additional documents?

Once all the above items have been addressed, an invoice will be issued for the applicable application fees. Please be aware that the application **will not be considered complete** until all required materials are received **and** the invoice has been paid.

If all requirements are fulfilled **by noon on Monday, June 16, 2025**, the application will be considered **partially complete** and placed on the agenda for the **July 17, 2025** Planning Commission meeting. If this deadline is not met, the application will be **held over** until it is complete.

Important:
If the required Neighborhood Meeting documentation is not received by **July 2, 2025**, the application will be held over. A new Neighborhood Meeting may be required if the submitted documentation does not comply with the required submittal timeline.

If you have any questions or need further clarification, please do not hesitate to contact us.

Good Morning,

We have completed our initial review of the Conditional Use Permit application referenced above. Before the application can be considered complete and scheduled for consideration by the Planning Commission, the following items must be addressed:

1. **Correct Application Submission:**
   Please submit the appropriate application via the Customer Self-Service (CSS) Portal. The correct Plan Type is **"Short Term Rental - Conditional Use Permit"** and can be found further down the list of available applications.

2. **Notification Labels:**

   - Resubmit your notification labels, ensuring that all portions of names and addresses are fully visible.

   - Remove any duplicate labels to avoid unnecessary charges.

3. **Neighborhood Meeting Documentation:**
   Complete and compliant Neighborhood Meeting documentation must be submitted to the Planning and Zoning Department **by 4:30 PM on Wednesday, July 2, 2025**.
   Note: To date, only a dated photograph of the Neighborhood Meeting sign has been received.

4. **Site Plan Requirements:**
   Provide a site plan that includes all items listed on **Page 4** of the Short-Term Rental application and meets any applicable requirements of **Article 10** of the Unified Development Code (**Pages 6–7**).

   - Aerial photographs are not sufficient.

   - A hand-drawn plot plan is acceptable, provided it includes all required dimensions.

Once all the above items have been addressed, an invoice will be issued for the applicable application fees. Please be aware that the application **will not be considered complete** until all required materials are received **and** the invoice has been paid.

If all requirements are fulfilled **by noon on Monday, June 16, 2025**, the application will be considered **partially complete** and placed on the agenda for the **July 17, 2025** Planning Commission meeting. If this deadline is not met, the application will be **held over** until it is complete.

Important:
If the required Neighborhood Meeting documentation is not received by **July 2, 2025**, the application will be held over. A new Neighborhood Meeting may be required if the submitted documentation does not comply with the required submittal timeline.

If you have any questions or need further clarification, please do not hesitate to contact us.

City of Mobile • Planning &Zoning

Planning Commission Application

Conditional Use Permit Application for Short Term Rental

All the necessary information as required by the Unified Development Code, including the site plan, must be submitted in digital format no later than noon Central Time on the deadline filing date.

Fees

Conditional Use Permit $500

Notification fees: First Class Postage per property owner within 300', and each applicant/owner.

Additional fees: A legal advertisement fee will be required for each application, after consideration by the Planning Commission and prior to consideration by the City Council. If approved by the City Council, documentation must be recorded in Mobile County Probate Court at the expense of the applicant.

---

1. APPLICANT INFORMATION If other than the property owner, must furnish written authorization from owner. Owner must submit evidence, such as deed or tax assessment that the person has right of possession to the land and any structures thereon.

	Applicant	Owner (If different from Applicant)
Name:	Ryan Kozlowski	
Firm:	R & P Investing, LLC	
Phone:	615-310-3275	
Email:	randpinvesting@gmail.com	
Address:	PO Box 2072 Goodlettsville, TN 37070	

2. PROPERTY INFORMATION Attach a brief description of the property location, parcel number, and legal description. As well as photos of the front, back, and both sides of the property and an aerial view of the site.

2316 W Hillwood Dr Mobile, AL 36605 — Property Address

1.5 acres — Property Area (acres or square feet)

R023204350003056.000 — Parcel Number(s) or Key Number(s)

Low Density Residential, District 3 — Present Zoning or Transect District

N/A — Proposed Zoning or Transect District (if applicable)

3. NEIGHBORHOOD MEETING Attach the Neighborhood Meeting Documentation as shown on page 5.

4. LABELS FOR NOTIFICATION Provide the names and complete addresses of owners of property lying within 300 feet of the property in this application, as shown by the latest assessment records of the Mobile County Revenue Commissioner's Office located in the plat and map room. ALL property ownership information provided for notification MUST be verified through Probate Court records. Each name and address must be TYPED on a standard size (approximately 1" x 2-5/8", use 8 ½" x 11" sheets of labels). Include one (1) label with the APPLICANT'S name and address, plus one (1) label with the OWNER'S name and address (if applicant and owner differ).

5. SIGNATURE It is warranted in good faith by the applicant whose name is signed hereto that all of the above facts are true and correct.

Owner Signature — Date: 6/17/25

Applicant or Agent Signature (if applicable) — Date: 6/17/25

I, the undersigned, constituting the owner of the hereinafter described real property do hereby execute and file with the City of Mobile this written application requesting that my property as described be issued a Conditional Use Permit for a Short-Term Rental in the City of Mobile, Alabama.

Furthermore, I certify that said property shall comply with the site and design criteria of Article 5, Section 64-5-6.E.11.(g) suitable for consideration of a Conditional Use Permit for Short-Term Rentals, to wit:

(1) There shall be no on-site employees.
(2) The establishment shall not serve meals.
(3) Guest rooms shall not contain cooking facilities.
(4) A valid City of Mobile business license must be obtained for each discrete Short-Term Rental location and the business license number must be stated on any advertisement or listing for each Short-Term Rental. Provided, however, that Short-Term Rentals containing multiple units within a single structure that can be rented separately shall only be required to obtain a single license for each structure.
(5) No signage or advertising copy such as Vacancy/No Vacancy, Rent/Lease, etc. is permitted.
(6) The name and telephone number of a local responsible party shall be conspicuously posted within each Short-Term Rental. The local responsible party shall answer and respond to calls twenty-four (24) hours a day, seven (7) days a week for the duration of each Short-Term Rental period to address problems or complaints associated with the Short-Term Rental.
(7) Each Short-Term Rental must meet applicable building and fire codes and be equipped with the following safety equipment and features:
   a. Operational smoke and carbon monoxide detectors.
   b. One (1) 2.5 lb. Class A-B-C fire extinguisher per floor.
   c. Prominently displayed and legible 9-1-1 address on building exterior

I further certify that I hereby agree to allow the City of Mobile to post on my property, which is under consideration for Planning Commission/City Council approval, a sign notifying the general public of said request. I understand that the City of Mobile will erect and maintain said sign for the prescribed period of time.

IN WITNESS WHEREOF, I have hereunto subscribed my name this the 7th day of June 2025

Signature

Conditional Use Permit – Short Term Rentals

Note: The establishment shall not serve meals. Guest rooms shall not contain cooking facilities.

The following information is required to evaluate applications for Conditional Use Permits. Please provide a statement for all items.

Conditional Use Permits for Short Term Rentals will be reviewed for compliance with the approval criteria provided in Approval Criteria of Article 5 (Section 64-5-6.E) as well as with the information requested below.

If a site cannot comply with the site plan requirements, a CUP application will not be processed by the Planning and Zoning Department.

The Following information is required for Conditional Use Permits. Please refer to Section 64-10-6 for a full description of the requirements and verify that the following documentation is provided:

- ☑ Planning Commission Application
- ☑ Conditional Use Permit – Short Term Rentals
- ☐ Traffic Impact Studies, as prescribed by the Traffic Engineer
- ☑ Mailing Labels
- ☑ Neighborhood Meeting Documentation
- ☑ Site Plan
- ☑ Fees

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

   The proposal operates a safe, family-oriented rental contributing to the city's goals outlined in the comprehensive plan.

2. Future Land Use Map (FLUM) Designation N/A

3. Is the application compliant with Development Standards of Article 3? ☒ Yes ☐ No
   If no, what are the deficiencies?
   N/A

4. Describe how the proposal prevents impacts on the development or improvement of adjacent property.

   The property will operate as a single family residence and within the neighborhood development plan.

5. Describe how the proposal will minimize elements that may be noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; or have elements that are detrimental to the public health, safety or general welfare.

   There will be no construction involved in the proposal and none of these will occur.

6. Describe how the short term rental will not alter the surrounding neighborhood or the character of the dwelling.
   The short term rental will operate as a single family residence as it was designed too and within the city development plan

7. Will there be any on-site employees? ☐ Yes ☒ No

SITE PLAN AND BUILDING INFORMATION

The following are required to evaluate the conditional use application. In order for an application to be considered complete, the following information is required on the site plan.

☑ Provide a building plan for the site illustrating all accessory structures, outdoor spaces and the floor plans of each.

☑ How many guest rooms are provided? 4

☑ Does the site comply with the Refuse (Garbage) Collection area requirements of Article 5, 64-5-6.E.11.(g)(7). of the Unified Development Code below:

☐ The refuse (garbage) collection area must be illustrated on the site plan. Provide a photo of the refuse (garbage) location and it's screening.

☐ Is the refuse (garbage) collection area closer than twenty (20) feet from any property line? ☐ Yes ☒ No

☐ Is the refuse (garbage) collection area closer than 100 feet from any dwelling on an adjacent lot? ☐ Yes ☒ No

NOTE: IF THE SITE CANNOT COMPLY WITH THIS REQUIREMENT, PER 64-5-6.E., the City Council cannot approve the Conditional Use Permit application.

☑ Does the site comply with the requirements of 64-5-6.E.11.(g)(8) of the Unified Development Code below:

☐ Are there a minimum of two (2) off-street parking spaces for the principal occupants of the residence (if any) ☒ Yes ☐ No

☐ Is there a minimum of one (1) additional parking space per guest room; parking spaces shall not be located in any required front or side yard setback area and shall be screened from the view of adjacent properties by natural or artificial means; with access, maneuvering and surfacing in compliance with both 64-3-12? ☒ Yes ☐ No

NOTE: IF THE SITE CANNOT COMPLY WITH THIS REQUIREMENT, PER 64-5-6.E., the City Council cannot approval the Condition Use Permit application.

NEIGHBORHOOD MEETING DOCUMENTATION

The following are required for neighborhood meeting documentation. Please provide a statement for all items. Refer to Section 64-5-4 of the UDC for full requirements.

Please verify the following documentation is provided:

- ☑ Dated Photograph(s) of the posted sign(s)
- ☑ The verified address list of surrounding property owners who were notified
- ☑ A sign-in sheet documenting meeting attendance
- ☑ Written summary or minutes of the meeting
- ☑ Copies of any site plans, building elevations or other documents provided or references at the meeting

Neighborhood Meeting Proceedings:

1. What was the date and location of the meeting?
   5/23/25 from 4:00pm-5:30pm at Parkway Branch library at 1924 Dauphin Island Pkwy-B Mobile, AL 36605
   5/23/25 from 4:00pm-5:30pm at Parkway Branch library at 1924 Dauphin Island Pkwy-B Mobile, AL 36605

2. What information was presented at the meeting?
   I presented an overview on the reason for the meeting, the intentions for the conditional use permit, the property location, intended business goals and contact information for any future issues.

3. What concerns were raised during the meeting?
   Out of all attendees their were two concerns brought up from two residents in the neighborhood. One neighbor broughr up arriving guest accidentally pulling into the wrong driveway upon arrival. The other wanted to discuss property lines at the rear of the property at the waterfront.

4. Were any modifications made or considered in response to the concerns raised at the meeting?
   I intend to install an illuminated numerical display of the property address at the front of the driveway to prevent any confusion on which driveway when arriving to the property at night.

Neighborhood Meeting Summary

Meeting Date: 5/23/25

Meeting Time: 4:00 - 5:30 pm

Meeting Location: Parkway Branch
Mobile Public library

Below is a summary of the proposed project presented at the Neighborhood Meeting:
I presented an overview on the reason for the meeting, the intentions for the conditional use permit, the property location, intended business goals and contact information for any future issues or needs.

The following information was distributed (e.g. site plan, building elevation drawings, traffic study, etc.):
The property layout and photos of the property.

Please attach copies of the distributed information to this summary.

Below is a summary of what occurred at the meeting (please provide the names of anyone who spoke, summarize any questions and responses, summarize any pertinent information discussed or any important activities that occurred):
Paul Shields & Susan Goff. First two and only two that showed up on time. They thought I was with the city council and showed up to discuss the neighborhood boat ramp.
Alison Richardson - showed up next to discuss property lines at the rear of the property near the water front and dog issues with 2308 W Hillwood Dr.
Janie & Neil - The neighbor's at 2320 W Hillwood Dr showed up to discuss arriving guest accidently pulling down their driveway.

Neighborhood Meeting Summary
Date: 5/23/25
Applicant: Ryan Kozlowski

Meeting Location: Parkway Branch - Mobile Library
Application: Conditional Use Permit

(Meeting summary, continued)

David and his guest were the last to arrive. They were confused about the letter and thought they were required to show up. They had no questions or comments in regards to the permit. All attendees were gone by 5:00pm. I stayed until 5:30 and no additional guest showed up.

If meeting minutes were recorded, please provide a copy of the written minutes with this summary.

The Neighborhood Meeting ended at the following time: 5:00 pm

Applicant's signature attesting to the accuracy of this summary:

X _____ **Date:** 5/23/25

Neighborhood Meeting Checklist:

- [x] Neighborhood meeting scheduled not more than 60 days, and not less than 21 days, before the Planning Commission meeting date.
- [x] Sign(s) posted on the subject property not more than 30 days, and not less than 10 days, before the Neighborhood Meeting.
- [x] Notices advertising the Neighborhood Meeting prepared and mailed to all property owners within 300 feet of the subject property, the Planning and Zoning Department, and the applicable City Council representative no less than 15 days before the meeting.
- [x] Neighborhood Meeting held.
- [x] All required Neighborhood Meeting documentation gathered and signed by the applicant/agent:
  - [x] Dated photograph(s) of the posted sign(s)
  - [x] The verified address list of surrounding property owners to whom notification was provided
  - [x] A copy of the notice advertising the Neighborhood Meeting
  - [x] A sign-in sheet documenting meeting attendance
  - [x] A written summary or minutes of the meeting
  - [x] Copies of any site plans, building elevations or other documents provided of referenced at the meeting
- [x] Sign(s) removed from the subject property within three (3) working days after the Neighborhood Meeting.
- [x] All required meeting documentation submitted to the Planning and Zoning Department not less than 15 days before the Planning Commission meeting date.

Notice of Neighborhood Meeting

Date of Notice 04/25/2025

Dear Property Owners(s):

This letter is to inform you that a Neighborhood Meeting has been scheduled to discuss the following application that **Ryan Kozlowski** will be submitting to the Mobile City Planning Commission:

(1) Application for a Conditional Use Permit to operate a short-term rental (STR) at 2316 W Hillwood Dr. Mobile, AL 36605.

The Neighborhood Meeting will be held at the following time, date, and location:

Friday May 23rd,2025

4:00pm-5:30pm

Parkway Branch-Mobile Public Library Meeting Room

1924 Dauphin Island Pkwy-B Mobile, AL 36605

You are receiving this notice because your property is located within 300 feet of **2316 W Hillwood Dr. Mobile, AL 36605,** in compliance with the notification requirements of Article 5 of the city's Unified Development Code (UDC). You or your agent are invited to attend the Neighborhood Meeting to learn more about the above-referenced application(s), ask questions, and present your views.

Sincerely, Ryan Kozlowski

Ryan Kozlowski

Commercial Mortgage, Security Agreement and Assignment of Leases and Rents

This COMMERCIAL MORTGAGE, SECURITY AGREEMENT AND ASSIGNMENT OF LEASES AND RENTS (this *"Mortgage"*) is entered into as of May 1, 2023, between R & P INVESTING LLC , a Tennessee limited liability company, with an address of 710 E. CAMBELL RD, MADISON, TN 37115 (the *"Mortgagor"*) and Cadence Bank, a Mississippi State Chartered Bank, with an address of 402 South Broad Street, Scottsboro, AL 35768 (the *"Bank"*).

The real property which is the subject matter of this Mortgage has the following address(es): 2316 W. HILLWOOD DR, MOBILE, AL 36605 (the *"Address(es)"*).

1. Mortgage, Obligations and Future Advances

1.1 Mortgage. For valuable consideration paid and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Mortgagor hereby irrevocably and unconditionally mortgages, grants, bargains, transfers, sells, conveys, sets over and assigns to Bank and its successors and assigns forever, WITH MORTGAGE COVENANTS, all of Mortgagor's right, title and interest in and to the Property described below, to secure the prompt payment and performance of the Obligations (as hereinafter defined), including without limitation, all amounts due and owing to Bank and all obligations respecting that certain One Year Adjustable Term Note, dated May 1, 2023, by R & P INVESTING LLC in favor of Bank in the original principal amount of $400,000.00 (the *"Note"*; and collectively, along with all other agreements, documents, certificates and instruments delivered in connection therewith, the *"Loan Documents"*), and any substitutions, modifications, extensions or amendments to any of the Loan Documents.

The latest Obligation secured by the Mortgage matures on April 30, 2043.

1.2 Security Interest in Property. As continuing security for the Obligations the Mortgagor hereby pledges, assigns and grants to the Bank, and its successors and assigns, a security interest in any of the Property (as hereinafter defined) constituting personal property or fixtures. This Mortgage is and shall be deemed to be a security agreement and financing statement pursuant to the terms of the *Uniform Commercial Code of Alabama* (the *"Uniform Commercial Code"*) as to any and all personal property and fixtures and as to all such property the Bank shall have the rights and remedies of a secured party under the Uniform Commercial Code in addition to its rights hereunder. This Mortgage constitutes a financing statement filed as a fixture filing under Section 7-9-502(c) of the Uniform Commercial Code covering any Property which now is or later may become a fixture.

1.3 Collateral Assignment of Leases and Rents. The Mortgagor hereby irrevocably and unconditionally assigns to Bank, and its successors and assigns, as collateral security for the Obligations all of the Mortgagor's rights and benefits under any and all Leases (as hereinafter defined) and any and all rents and other amounts now or hereafter owing with respect to the Leases or the use or occupancy of the Property. This collateral assignment shall be absolute and effective immediately, but the Mortgagor shall have a license, revocable by Bank, to continue to collect rents owing under the Leases until an Event of Default (as hereinafter defined) occurs and Bank exercises its rights and remedies to collect such rents as set forth herein.

1.4 Conditions to Grant. Bank shall have and hold the above granted Property unto and to the use and benefit of Bank, and its successors and assigns, forever; provided, however, the conveyances, grants and assignments contained in this Mortgage are upon the express condition that, if Mortgagor shall irrevocably pay and perform

the Obligations in full, including, without limitation, all principal, interest and premium thereon and other charges, if applicable, in accordance with the terms and conditions in the Loan Documents and this Mortgage, shall pay and perform all other Obligations as set forth in this Mortgage and shall abide by and comply with each and every covenant and condition set forth herein and in the Loan Documents, the conveyances, grants and assignments contained in this Mortgage shall be appropriately released and discharged.

1.5 Property. The term *"Property"*, as used in this Mortgage, shall mean that certain parcel of land and the fixtures, structures and improvements and all personal property constituting fixtures, as that term is defined in the *Uniform Commercial Code*, now or hereafter thereon located at the Address(es), as more particularly described in Exhibit A attached hereto, together with: (i) all rights now or hereafter existing, belonging, pertaining or appurtenant thereto; (ii) the following categories of assets as defined in the Uniform Commercial Code: goods (including inventory, equipment and any accessions thereto), instruments (including promissory notes), documents, accounts (including health-care-insurance receivables), chattel paper (whether tangible or electronic), deposit accounts, letter-of-credit rights (whether or not the letter of credit is evidenced by a writing), securities and all other investment property, general intangibles (including payment intangibles and software), supporting obligations and any and all proceeds of any thereof, whether now owned or hereafter acquired, that are located on or used in connection with, or that arise in whole or in part out of the Mortgagor's use of or business conducted on or respecting, the Property and any substitutions, replacements, accessions and proceeds of any of the foregoing; (iii) all judgments, awards of damages and settlements hereafter made as a result or in lieu of any Taking, as hereinafter defined; (iv) all of the rights and benefits of the Mortgagor under any present or future leases and agreements relating to the Property, including, without limitation, rents, issues and profits, or the use or occupancy thereof together with any extensions and renewals thereof, specifically excluding all duties or obligations of the Mortgagor of any kind arising thereunder (the *"Leases"*); and (v) all contracts, permits and licenses respecting the use, operation or maintenance of the Property.

1.6 Obligations. The term *"Obligation(s)"*, as used in this Mortgage, shall mean, without limitation, all loans, advances, indebtedness, notes, liabilities and amounts, liquidated or unliquidated, now or hereafter owing by the Mortgagor to Bank at any time, of each and every kind, nature and description, whether arising under this Mortgage or otherwise, and whether secured or unsecured, direct or indirect (that is, whether the same are due directly by the Mortgagor to Bank; or are due indirectly by the Mortgagor to Bank as endorser, guarantor or other surety, or as obligor of obligations due third persons which have been endorsed or assigned to Bank, or otherwise), absolute or contingent, due or to become due, now existing or hereafter contracted, including, without limitation, payment of $400,000.00 of the amounts outstanding pursuant to the terms of the Loan Documents as set forth herein. Said term shall also include all interest and other charges chargeable to the Mortgagor or due from the Mortgagor to Bank from time to time and all advances, costs and expenses referred to in this Mortgage, including without limitation the costs and expenses (including reasonable attorney's fees) of enforcement of Bank's rights hereunder or pursuant to any document or instrument executed in connection herewith.

1.7 Cross-Collateral and Future Advances. It is the express intention of the Mortgagor that this Mortgage secure payment and performance of all of the Obligations, whether now existing or hereinafter incurred by reason of future advances by Bank or otherwise, and regardless of whether such Obligations are or were contemplated by the parties at the time of the granting of this Mortgage. Notice of the continuing grant of this Mortgage shall not be required to be stated on the face of any document evidencing any of the Obligations, nor shall such documents be required to otherwise specify that they are secured hereby.

2. Representations, Warranties, Covenants

2.1 Representations and Warranties. The Mortgagor represents and warrants that:

(A) This Mortgage has been duly executed and delivered by the Mortgagor and is the legal, valid and binding obligation of the Mortgagor enforceable in accordance with its terms, except as limited by bankruptcy, insolvency, reorganization, moratorium or other laws affecting the enforcement of creditors' rights generally;

(B) The Mortgagor is the sole legal owner of the Property, holding good and marketable fee simple title to the Property, subject to no liens, encumbrances, leases, security interests or rights of others, other than as set forth in detail in Exhibit B hereto (the *"Permitted Encumbrances"*);

(C) The Mortgagor is the sole legal owner of the entire lessor's interest in Leases, if any, with full power and authority to encumber the Property in the manner set forth herein, and the Mortgagor has not executed any other assignment of Leases or any of the rights or rents arising thereunder;

(D) As of the date hereof, there are no Hazardous Substances (as hereinafter defined) in, on or under the Property, except as disclosed in writing to and acknowledged by Bank; and

(E) Each Obligation is a commercial obligation and does not represent a loan used for personal, family or household purposes and is not a consumer transaction.

2.2 Recording; Further Assurances. The Mortgagor covenants that it shall, at its sole cost and expense and upon the request of Bank, cause this Mortgage, and each amendment, modification or supplement hereto, to be recorded and filed in such manner and in such places, and shall at all times comply with all such statutes and regulations as may be required by law in order to establish, preserve and protect the interest of Bank in the Property and the rights of Bank under this Mortgage. Mortgagor will from time to time execute and deliver to Bank such documents, and take or cause to be taken, all such other or further action, as Bank may request in order to effect and confirm or vest more securely in Bank all rights contemplated by this Mortgage (including, without limitation, to correct clerical errors) or to vest more fully in, or assure to Bank the security interest in, the Property or to comply with applicable statute or law. To the extent permitted by applicable law, Mortgagor authorizes Bank to file financing statements, continuation statements or amendments, and any such financing

statements, continuation statements or amendments may be filed at any time in any jurisdiction. Bank may at any time and from time to time file financing statements, continuation statements and amendments thereto that describe the Property as defined in this Mortgage and which contain any other information required by Article 9 of the *Uniform Commercial Code* for the sufficiency or filing office acceptance of any financing statement, continuation statement or amendment, including whether Mortgagor is an organization, the type of organization and any organization identification number issued to Mortgagor; Mortgagor also authorizes Bank to file financing statements describing any agricultural liens or other statutory liens held by Bank. Mortgagor agrees to furnish any such information to Bank promptly upon request. In addition, Mortgagor shall at any time and from time to time, take such steps as Bank may reasonably request for Bank (i) to obtain an acknowledgment, in form and substance satisfactory to Bank, of any bailee having possession of any of the Property that the bailee holds such Property for Bank, and (ii) otherwise to insure the continued perfection and priority of Bank's security interest in any of the Property and the preservation of its rights therein. Mortgagor hereby constitutes Bank its attorney-in-fact to execute and file all filings required or so requested for the foregoing purposes, all acts of such attorney being hereby ratified and confirmed; and such power, being coupled with an interest, shall be irrevocable until this Mortgage terminates in accordance with its terms, all Obligations are paid in full and the Property is released.

2.3 Restrictions on the Mortgagor. The Mortgagor covenants that it will not, nor will it permit any other person to, directly or indirectly, without the prior written approval of Bank in each instance:

(A) Sell, convey, assign, transfer, mortgage, pledge, hypothecate, lease or dispose of all or any part of any legal or beneficial interest in the Mortgagor or the Property or any part thereof or permit any of the foregoing, except as expressly permitted by the terms of this Mortgage;

(B) Permit the use, generation, treatment, storage, release or disposition of any oil or other material or substance constituting hazardous waste or hazardous materials or substances under any applicable Federal or state law, regulation or rule (*"Hazardous Substances"*); or

(C) Permit to be created or suffer to exist any mortgage, lien, security interest, attachment or other encumbrance or charge on the Property or any part thereof or interest therein (except for the Permitted Encumbrances), including, without limitation, (i) any lien arising under any Federal, state or local statute, rule, regulation or law pertaining to the release or cleanup of Hazardous Substances and (ii) any mechanics' or materialmen's lien. The Mortgagor further agrees to give Bank prompt written notice of the imposition, or notice, of any lien referred to in this Section and to take any action necessary to secure the prompt discharge or release of the same. The Mortgagor agrees to defend its title to the Property and Bank's interest therein against the claims of all persons and, unless Bank requests otherwise, to appear in and diligently contest, at the Mortgagor's sole cost and expense, any action or proceeding that purports to affect the Mortgagor's title to the Property or the priority or validity of this Mortgage or Bank's interest hereunder.

2.4 Operation of Property. The Mortgagor covenants and agrees as follows:

(A) The Mortgagor will not permit the Property to be used for any unlawful or improper purpose, will at all times comply with all Federal, state and local laws, ordinances and regulations, and the provisions of any Lease, easement or other agreement affecting all or any part of the Property, and will obtain and maintain all governmental or other approvals relating to the Mortgagor, the Property or the use thereof, including without limitation, any applicable zoning or building codes or regulations and any laws or regulations relating to the handling, storage, release or cleanup of Hazardous Substances, and will give prompt written notice to Bank of (i) any violation of any such law, ordinance or regulation by the Mortgagor or relating to the Property, (ii) receipt of notice from any Federal, state or local authority alleging any such violation and (iii) the presence or release on the Property of any Hazardous Substances;

(B) The Mortgagor will at all times keep the Property insured for such losses or damage, in such amounts and by such companies as may be required by law and which Bank may require, provided that, in any case, the Mortgagor shall maintain: (i) physical hazard insurance on an "all risks" basis in an amount not less than 100% of the full replacement cost of the Property; (ii) flood insurance if and as required by applicable Federal law and as otherwise required by Bank; (iii) comprehensive commercial general liability insurance; (iv) rent loss and business interruption insurance; and (v) such other insurance as Bank may require from time to time, including builder's risk insurance in the case of construction loans. All policies regarding such insurance shall be issued by companies licensed to do business in the state where the policy is issued and also in the state where the Property is located, be otherwise acceptable to Bank, provide deductible amounts acceptable to Bank, name Bank as mortgagee, loss payee and additional insured, and provide that no cancellation or material modification of such policies shall occur without at least zero (0) days prior written notice to Bank. Such policies shall include (i) a mortgage endorsement determined by Bank in good faith to be equivalent to the "standard" mortgage endorsement so that the insurance, as to the interest of Bank, shall not be invalidated by any act or neglect of the Mortgagor or the owner of the Property, any foreclosure or other proceedings or notice of sale relating to the Property, any change in the title to or ownership of the Property, or the occupation or use of the Property for purposes more hazardous than are permitted at the date of inception of such insurance policies; (ii) a replacement cost endorsement; (iii) an agreed amount endorsement; (iv) a contingent liability from operation endorsement; and (v) such other endorsements as Bank may request. The Mortgagor will furnish to Bank upon request such original policies, certificates of insurance or other evidence of the foregoing as are acceptable to Bank. The terms of all insurance policies shall be such that no coinsurance provisions apply, or if a policy does contain a coinsurance provision, the Mortgagor shall insure the Property in an amount sufficient to prevent the application of the coinsurance provisions;

(C) Mortgagor will not enter into or modify the Leases in any material respect without the prior written consent of Bank, execute any assignment of the Leases except in favor of Bank, or accept any rentals under any Lease for more than one month in advance and will at all times perform and fulfill every term and condition of the Leases;

(D) Mortgagor will at all times (i) maintain complete and accurate records and books regarding the Property in accordance with generally accepted accounting principles and (ii) permit Bank and Bank's agents, employees and representatives, at such reasonable times as Bank may request, to enter and inspect the Property and such books and records;

(E) Mortgagor will at all times keep the Property in good and first-rate repair and condition (damage from casualty not excepted) and will not commit or permit any strip, waste, impairment, deterioration or alteration of the Property or any part thereof; and

(F) Mortgagor shall not use or occupy the Property or allow any other party to use or occupy the Property in any manner that would constitute a violation of any state and/or Federal laws involving controlled substances, even in a jurisdiction that allows such use by state or local law or ordinance. If Mortgagor becomes aware of such a violation, Mortgagor shall take all actions allowed by law to terminate the violating activity. Violation of this paragraph is a material breach of this Mortgage and constitutes an Event of Default.

2.5 Payments. The Mortgagor covenants to pay when due: all Federal, state, municipal, real property and other taxes, betterment and improvement assessments and other governmental levies, water rates, sewer charges, insurance premiums and other charges on the Property, this Mortgage or any Obligation secured hereby that could, if unpaid, result in a lien on the Property or on any interest therein. If and when requested by Bank, the Mortgagor shall deposit from time to time with Bank sums determined by Bank to be sufficient to pay when due the amounts referred to in this Section. The Mortgagor shall have the right to contest any notice, lien, encumbrance, claim, tax, charge, betterment assessment or premium filed or asserted against or relating to the Property; provided that it contests the same diligently and in good faith and by proper proceedings and, at Bank's request, provides Bank with adequate cash security, in Bank's reasonable judgment, against the enforcement thereof. The Mortgagor shall furnish to Bank the receipted real estate tax bills or other evidence of payment of real estate taxes for the Property within thirty (30) days prior to the date from which interest or penalty would accrue for nonpayment thereof. The Mortgagor shall also furnish to Bank evidence of all other payments referred to above within fifteen (15) days after written request therefor by Bank. If Mortgagor shall fail to pay such sums, Bank may, but shall not be obligated to, advance such sums. Any sums so advanced by Bank shall be added to the Obligations, shall bear interest at the highest rate specified in any note evidencing the Obligations, and shall be secured by the lien of this Mortgage.

2.6 Notices; Notice of Default. The Mortgagor will deliver to Bank, promptly upon receipt of the same, copies of all notices or other documents it receives that affect the Property or its use, or claim that the Mortgagor is in default in the performance or observance of any of the terms hereof or that the Mortgagor or any tenant is in default of any terms of the Leases. The Mortgagor further agrees to deliver to Bank written notice promptly upon the occurrence of any Event of Default hereunder or event that with the giving of notice or lapse of time, or both, would constitute an Event of Default hereunder.

2.7 Takings. In case of any condemnation or expropriation for public use of, or any damage by reason of the action of any public or governmental entity or authority to, all or any part of the Property (a *"Taking"*), or the commencement of any proceedings or negotiations that might result in a Taking, the Mortgagor shall immediately give written notice to Bank, describing the nature and extent thereof. Bank may, at its option, appear in any proceeding for a Taking or any negotiations relating to a Taking and the Mortgagor shall immediately give to Bank copies of all notices, pleadings, determinations and other papers relating thereto. The Mortgagor shall in good faith and with due diligence and by proper proceedings file and prosecute its claims for any award or payment on account of any Taking. The Mortgagor shall not settle any such claim without Bank's prior written consent. The Mortgagor shall hold any amounts received with respect to such awards or claims, by settlement, judicial decree or otherwise, in trust for Bank and immediately pay the same to Bank. The Mortgagor authorizes any award or settlement due in connection with a Taking to be paid directly to Bank in amounts not exceeding the Obligations. Bank may apply such amounts to the Obligations in such order as Bank may determine.

2.8 Insurance Proceeds. The proceeds of any insurance resulting from any loss with respect to the Property shall be paid to Bank and, at the option of Bank, be applied to the Obligations in such order as Bank may determine; provided, however, that if Bank shall require repair of the Property, Bank may release all or any portion of such proceeds to the Mortgagor for such purpose. Any insurance proceeds paid to the Mortgagor shall be held in trust for Bank and promptly paid to it.

3. Certain Rights of Bank

3.1 Legal Proceedings. Bank shall have the right, but not the duty, to intervene or otherwise participate in any legal or equitable proceeding that, in Bank's reasonable judgment, might affect the Property or any of the rights created or secured by this Mortgage. Bank shall have such right whether or not there shall have occurred an Event of Default hereunder.

3.2 Appraisals/Assessments. Bank shall have the right, at the Mortgagor's sole cost and expense, to obtain appraisals, environmental site assessments or other inspections of the portions of the Property that are real estate at such times as Bank deems necessary or as may be required by applicable law, or its prevailing credit or underwriting policies.

3.3 Financial Statements. Bank shall have the right, at the Mortgagor's sole cost and expense, to require delivery of financial statements in form and substance acceptable to Bank from the Mortgagor or any guarantor of any of the Obligations and the Mortgagor hereby agrees to deliver such financial statements and/or cause any such guarantor to so deliver any such financial statement when required by Bank.

3.4 Leases and Rent Roll. The Mortgagor shall deliver to Bank (i) during each calendar year and at such other times as Bank shall request a rent roll for the Property, in form acceptable to Bank, listing all tenants and occupants and describing all of the Leases; and (ii) at such times as Bank shall request executed copies of all the Leases.

4. Defaults and Remedies

4.1 Events of Default. *"Event of Default"* shall mean the occurrence of any one or more of the following events:

(A) default of any liability, obligation, covenant or undertaking of the Mortgagor or any guarantor of the Obligations to Bank, hereunder or otherwise, including, without limitation, failure to pay in full and when due any installment of principal or interest or default of the Mortgagor or any guarantor of the Obligations under any other Loan Document or any other agreement with Bank;

(B) failure by the Mortgagor or any guarantor of the Obligations to perform, observe or comply with any of the covenants, agreements, terms or conditions set forth in this Mortgage or the Loan Documents;

(C) the (i) occurrence of any material loss, theft, damage or destruction of, or (ii) issuance or making of any levy, seizure, attachment, execution or similar process on a material portion of the Property;

(D) failure of the Mortgagor or any guarantor of the Obligations to maintain aggregate collateral security value satisfactory to Bank;

(E) default of any material liability, obligation or undertaking of the Mortgagor or any guarantor of the Obligations to any other party;

(F) any statement, representation or warranty heretofore, now or hereafter made by the Mortgagor or any guarantor of the Obligations in connection with this Mortgage or in any supporting financial statement of the Mortgagor or any guarantor of the Obligations shall be determined by Bank to have been false or misleading in any material respect when made;

(G) if the Mortgagor or any guarantor of the Obligations is a corporation, trust, partnership or limited liability company, the liquidation, termination or dissolution of any such organization, or the division, merger or consolidation of such organization into another entity, or its ceasing to carry on actively its present business or the appointment of a receiver for its property;

(H) the death of the Mortgagor or any guarantor of the Obligations and, if the Mortgagor or any guarantor of the Obligations is a partnership or limited liability company, the death of any partner or member;

(I) the institution by or against the Mortgagor or any guarantor of the Obligations of any proceedings under the *Bankruptcy Code* 11 USC §101 *et seq.* or any other law in which the Mortgagor or any guarantor of the Obligations is alleged to be insolvent or unable to pay its debts as they mature, or the making by the Mortgagor or any guarantor of the Obligations of an assignment for the benefit of creditors or the granting by the Mortgagor or any guarantor of the Obligations of a trust mortgage for the benefit of creditors;

(J) the service upon Bank of a writ in which Bank is named as trustee of the Mortgagor or any guarantor of the Obligations;

(K) a judgment or judgments for the payment of money shall be rendered against the Mortgagor or any guarantor of the Obligations, and any such judgment shall remain unsatisfied and in effect for any period of thirty (30) consecutive days without a stay of execution;

(L) any levy, lien (including mechanics lien), seizure, attachment, execution or similar process shall be issued or levied on any of the property of the Mortgagor or any guarantor of the Obligations;

(M) the termination or revocation of any guaranty of the Obligations; or

(N) the occurrence of such a change in the condition or affairs (financial or otherwise) of the Mortgagor or any guarantor of the Obligations, or the occurrence of any other event or circumstance, such that Bank, in its sole discretion, deems that it is insecure or that the prospects for timely or full payment or performance of any obligation of the Mortgagor or any guarantor of the Obligations to Bank has been or may be impaired.

4.2 Remedies. On the occurrence of any Event of Default Bank may, at any time thereafter, at its option and, to the extent permitted by applicable law, without notice, exercise any or all of the following remedies:

(A) Declare the Obligations due and payable, and the Obligations shall thereupon become immediately due and payable, without presentment, protest, demand or notice of any kind, all of which are hereby expressly waived by the Mortgagor except for Obligations due and payable on demand, which shall be due and payable on demand whether or not an Event of Default has occurred hereunder;

(B) Enter, take possession of, manage and operate the Property (including all personal property and all records and documents pertaining thereto) and any part thereof and exclude the Mortgagor therefrom, take all actions it deems necessary or proper to preserve the Property and operate the Property as a mortgagee in possession with all the powers as could be exercised by a receiver or as otherwise provided herein or by applicable law; provided, however, the entry by Bank upon the Property for any reason shall not cause Bank to be a mortgagee in possession, except upon the express written declaration of Bank;

(C) With or without taking possession, receive and collect all rents, income, issues and profits (*"Rents"*) from the Property (including all real estate and personal property and whether past due or thereafter accruing), including as may arise under the Leases, and the Mortgagor appoints Bank as its true and

lawful attorney with the power for Bank in its own name and capacity to demand and collect Rents and take any action that the Mortgagor is authorized to take under the Leases. Bank shall (after payment of all costs and expenses incurred) apply any Rents received by it to the Obligations in such order as Bank determines, or in accordance with any applicable statute, and the Mortgagor agrees that exercise of such rights and disposition of such funds shall not be deemed to cure any default or constitute a waiver of any foreclosure once commenced nor preclude the later commencement of foreclosure for breach thereof. Bank shall be liable to account only for such Rents actually received by Bank. Lessees under the Leases are hereby authorized and directed, following notice from Bank, to pay all amounts due the Mortgagor under the Leases to Bank, whereupon such lessees shall be relieved of any and all duty and obligation to the Mortgagor with respect to such payments so made;

(D) In addition to any other remedies, to sell the Property or any part thereof or interest therein pursuant to exercise of its power of sale or otherwise at public auction on terms and conditions as Bank may determine, or otherwise foreclose this Mortgage in any manner permitted by law, and upon such sale the Mortgagor shall execute and deliver such instruments as Bank may request in order to convey and transfer all of the Mortgagor's interest in the Property, and the same shall operate to divest all rights, title and interest of the Mortgagor in and to the Property. In the event this Mortgage shall include more than one parcel of property or subdivision (each hereinafter called a *"Portion"*), Bank shall, in its sole and exclusive discretion and to the extent permitted by applicable law, be empowered to foreclose upon any such Portion without impairing its right to foreclose subsequently upon any other Portion or the entirety of the Property from time to time thereafter. In addition, Bank may in its sole and exclusive discretion subordinate this Mortgage to one or more Leases for the sole purpose of preserving any such Lease in the event of a foreclosure;

(E) Cause one or more environmental assessments to be taken, arrange for the cleanup of any Hazardous Substances or otherwise cure the Mortgagor's failure to comply with any statute, regulation or ordinance relating to the presence or cleanup of Hazardous Substances, and the Mortgagor shall provide Bank or its agents with access to the Property for such purposes; provided that the exercise of any of such remedies shall not be deemed to have relieved the Mortgagor from any responsibility therefor or given Bank "control" over the Property or cause Bank to be considered to be a mortgagee in possession, "owner" or "operator" of the Property for purposes of any applicable law, rule or regulation pertaining to Hazardous Substances; and

(F) Take such other actions or proceedings as Bank deems necessary or advisable to protect its interest in the Property and ensure payment and performance of the Obligations, including, without limitation, appointment of a receiver (and the Mortgagor hereby waives any right to object to such appointment) and exercise of any of Bank's remedies provided herein or in any other document evidencing, securing or relating to any of the Obligations or available to a secured party under the *Uniform Commercial Code* or under other applicable law.

In addition, the Bank shall have all other remedies provided by applicable law, including, without limitation, the right to pursue a judicial sale of the Property or any portion thereof by deed, assignment or otherwise.

The Mortgagor agrees and acknowledges that the acceptance by the Bank of any payments from either the Mortgagor or any guarantor after the occurrence of any Event of Default, the exercise by the Bank of any remedy set forth herein or the commencement, discontinuance or abandonment of foreclosure proceedings against the Property shall not waive the Bank's subsequent or concurrent right to foreclose or operate as a bar or estoppel to the exercise of any other rights or remedies of the Bank. The Mortgagor agrees and acknowledges that the Bank, by making payments or incurring costs described herein, shall be subrogated to any right of the Mortgagor to seek reimbursement from any third parties, including, without limitation, any predecessor in interest to the Mortgagor's title or other party who may be responsible under any law, regulation or ordinance relating to the presence or cleanup of Hazardous Substances.

4.3 Advances. If the Mortgagor fails to pay or perform any of its obligations respecting the Property, Bank may in its sole discretion do so without waiving or releasing Mortgagor from any such obligation. Any such payments may include, but are not limited to, payments for taxes, assessments and other governmental levies, water rates, insurance premiums, maintenance, repairs or improvements constituting part of the Property. Any amounts paid by Bank hereunder shall be, until reimbursed by the Mortgagor, part of the Obligations and secured by this Mortgage, and shall be due and payable to Bank, on demand, together with interest thereon to the extent permitted by applicable law, at the highest rate permitted under any of the notes evidencing the Obligations.

4.4 Cumulative Rights and Remedies. All of the foregoing rights, remedies and options (including without limitation the right to enter and take possession of the Property, the right to manage and operate the same, and the right to collect Rents, in each case whether by a receiver or otherwise) are cumulative and in addition to any rights Bank might otherwise have, whether at law or by agreement, and may be exercised separately or concurrently and none of which shall be exclusive of any other. The Mortgagor further agrees that Bank may exercise any or all of its rights or remedies set forth herein without having to pay the Mortgagor any sums for use or occupancy of the Property.

4.5 Mortgagor's Waiver of Certain Rights. To the extent permitted by applicable law, the Mortgagor hereby waives the benefit of all present and future laws (i) providing for any appraisal before sale of all or any portion of the Property or (ii) in any way extending the time for the enforcement of the collection of the Obligations or creating or extending a period of redemption from any sale made hereunder.

5. Miscellaneous

5.1 Costs and Expenses. To the extent permitted by applicable law, the Mortgagor shall pay to Bank, on demand, all reasonable expenses (including attorneys' fees and expenses and reasonable consulting, accounting, appraisal, brokerage and similar professional fees and charges) incurred by the Bank in connection with Bank's interpretation, recordation of this Mortgage, exercise, preservation or enforcement of any of its rights, remedies and options set forth in this Mortgage and in connection with any litigation, proceeding or dispute whether arising hereunder or otherwise relating to the Obligations, together with interest thereon to the extent permitted by applicable law, until paid in full by the Mortgagor at the highest rate set forth in any of the notes evidencing the Obligations. Any amounts owed by the Mortgagor hereunder shall be, until paid, part of the Obligations and secured by this Mortgage, and Bank shall be entitled, to the extent permitted by law, to receive and retain such amounts in any action for a deficiency against or redemption by the Mortgagor, or any accounting for the proceeds of a foreclosure sale or of insurance proceeds.

5.2 Indemnification Regarding Leases. The Mortgagor hereby agrees to defend, and does hereby indemnify and hold Bank and each of its directors, officers, employees, agents and attorneys and any Bank Affiliate and its directors, officers, employees, agents and attorneys (each an *"Indemnitee"*) harmless from all losses, damages, claims, costs or expenses (including attorneys' fees and expenses) resulting from the assignment of the Leases and from all demands that may be asserted against such Indemnitees arising from any undertakings on the part of Bank to perform any obligations under the Leases. It is understood that the assignment of the Leases shall not operate to place responsibility for the control or management of the Property upon Bank or any Indemnitee or make them liable for performance of any of the obligations of the Mortgagor under Leases, respecting any condition of the Property or any other agreement or arrangement, written or oral, or applicable law.

5.3 Indemnification Regarding Hazardous Substances. The Mortgagor hereby agrees to defend, and does hereby indemnify and hold harmless each Indemnitee from and against any and all losses, damages, claims, costs or expenses, including, without limitation, litigation costs and attorneys' fees and expenses and fees or expenses of any environmental engineering or cleanup firm incurred by such Indemnitee and arising out of or in connection with the Property or resulting from the application of any current or future law, regulation or ordinance relating to the presence or cleanup of Hazardous Substances on or affecting the Property. The Mortgagor agrees its obligations hereunder shall be continuous and shall survive termination or discharge of this Mortgage and/or the repayment of all debts to Bank including repayment of all Obligations.

5.4 Indemnitee's Expenses. If any Indemnitee is made a party defendant to any litigation or any claim is threatened or brought against such Indemnitee concerning this Mortgage or the Property or any part thereof or therein or concerning the construction, maintenance, operation or the occupancy or use thereof by the Mortgagor or other person or entity, then the Mortgagor shall indemnify, defend and hold each Indemnitee harmless from and against all liability by reason of said litigation or claims, including attorneys' fees and expenses incurred by such Indemnitee in connection with any such litigation or claim, whether or not any such litigation or claim is prosecuted to judgment. The within indemnification shall survive payment of the Obligations, and/or any termination, release or discharge executed by Bank in favor of the Mortgagor.

5.5 Waivers. The Mortgagor waives notice of nonpayment, demand, presentment, protest or notice of protest of the Obligations and all other notices, consents to any renewals or extensions of time of payment thereof, and generally waives any and all suretyship defenses and defenses in the nature thereof. No delay or omission of Bank in exercising or enforcing any of its rights, powers, privileges, remedies, immunities or discretion (all of which are hereinafter collectively referred to as *"Bank's Rights and Remedies"*) hereunder shall constitute a waiver thereof; and no waiver by Bank of any default of the Mortgagor hereunder or of any demand shall operate as a waiver of any other default hereunder or of any other demand. No term or provision hereof shall be waived, altered or modified except with the prior written consent of Bank, which consent makes explicit reference to this Mortgage. Except as provided in the preceding sentence, no other agreement or transaction, of whatsoever nature, entered into between Bank and the Mortgagor at any time (whether before, during or after the effective date or term of this Mortgage) shall be construed as a waiver, modification or limitation of any of Bank's Rights and Remedies under this Mortgage (nor shall anything in this Mortgage be construed as a waiver, modification or limitation of any of Bank's Rights and Remedies under any such other agreement or transaction) but all Bank's Rights and Remedies not only under the provisions of this Mortgage but also under any such other agreement or transaction shall be cumulative and not alternative or exclusive, and may be exercised by Bank at such time or times and in such order of preference as Bank in its sole discretion may determine.

5.6 Joint and Several. If there is more than one Mortgagor, each of them shall be jointly and severally liable for payment and/or performance of all obligations secured by this Mortgage and the term *"Mortgagor"* shall include each as well as all of them.

5.7 Severability. If any provision of this Mortgage or portion of such provision or the application thereof to any person or circumstance shall to any extent be held invalid or unenforceable, the remainder of this Mortgage (or the remainder of such provision) and the application thereof to other persons or circumstances shall not be affected thereby.

5.8 Complete Agreement. This Mortgage and the other Loan Documents constitute the entire agreement and understanding between and among the parties hereto relating to the subject matter hereof, and supersede all prior proposals, negotiations, agreements and understandings among the parties hereto with respect to such subject matter.

5.9 Binding Effect of Agreement. This Mortgage shall run with the land and be binding upon and inure to the benefit of the respective heirs, executors, administrators, legal representatives, successors and assigns of

the parties hereto, and shall remain in full force and effect (and Bank shall be entitled to rely thereon) until all Obligations are fully and indefeasibly paid. Bank may transfer and assign this Mortgage and deliver any collateral to the assignee, who shall thereupon have all of the rights of Bank; and Bank shall then be relieved and discharged of any responsibility or liability with respect to this Mortgage and such collateral. Except as expressly provided herein or in the other Loan Documents, nothing, expressed or implied, is intended to confer upon any party, other than the parties hereto, any rights, remedies, obligations or liabilities under or by reason of this Mortgage or the other Loan Documents.

5.10 Notices. Any notices under or pursuant to this Mortgage shall be deemed duly received and effective if delivered in hand to any officer or agent of Mortgagor or Bank, or if mailed by registered or certified mail, return receipt requested, addressed to Mortgagor or Bank at the address set forth in this Mortgage or as any party may from time to time designate by written notice to the other party.

5.11 Governing Law. This Mortgage shall be governed by federal law applicable to Bank and, to the extent not preempted by federal law, the laws of the State of Alabama without giving effect to the conflicts of laws principles thereof.

5.12 Reproductions. This Mortgage and all documents which have been or may be hereinafter furnished by the Mortgagor to Bank may be reproduced by Bank by any photographic, photostatic, microfilm, xerographic or similar process, and any such reproduction shall be admissible in evidence as the original itself in any judicial or administrative proceeding (whether or not the original is in existence and whether or not such reproduction was made in the regular course of business).

5.13 Bank Affiliates. The term *"Bank Affiliate"* as used in this Mortgage shall mean any Affiliate of Bank or any lender acting as a participant under any loan arrangement between Bank and the Mortgagors. The term *"Affiliate"* shall mean with respect to any person, (a) any person which, directly or indirectly through one or more intermediaries controls, or is controlled by, or is under common control with, such person, or (b) any person who is a director or officer (i) of such person, (ii) of any subsidiary of such person, or (iii) any person described in clause (a) above. For purposes of this definition, control of a person shall mean the power, direct or indirect, (x) to vote 5% or more of the Capital Stock having ordinary voting power for the election of directors (or comparable equivalent) of such person, or (y) to direct or cause the direction of the management and policies of such person whether by contract or otherwise. Control may be by ownership, contract, or otherwise.

5.14 Jurisdiction and Venue. The Mortgagor irrevocably submits to the nonexclusive jurisdiction of any Federal or state court sitting in Alabama, over any suit, action or proceeding arising out of or relating to this Mortgage. The Mortgagor irrevocably waives, to the fullest extent it may effectively do so under applicable law, any objection it may now or hereafter have to the laying of the venue of any such suit, action or proceeding brought in any such court and any claim that the same has been brought in an inconvenient forum. The Mortgagor hereby consents to process being served in any such suit, action or proceeding (i) by the mailing of a copy thereof by registered or certified mail, postage prepaid, return receipt requested, to the Mortgagor's address set forth herein or such other address as has been provided in writing to Bank and (ii) in any other manner permitted by law, and agrees that such service shall in every respect be deemed effective service upon the Mortgagor.

Applicant or Agent Signature (if applicable) — Date: 6/7/25

I, the undersigned, constituting the owner of the hereinafter described real property do hereby execute and file with the City of Mobile this written application requesting that my property as described be issued a Conditional Use Permit for a Short-Term Rental in the City of Mobile, Alabama.

Furthermore, I certify that said property shall comply with the site and design criteria of Article 5, Section 64-5-6.E.11.(g) suitable for consideration of a Conditional Use Permit for Short-Term Rentals, to wit:

(1) There shall be no on-site employees.
(2) The establishment shall not serve meals.
(3) Guest rooms shall not contain cooking facilities.
(4) A valid City of Mobile business license must be obtained for each discrete Short-Term Rental location and the business license number must be stated on any advertisement or listing for each Short-Term Rental. Provided, however, that Short-Term Rentals containing multiple units within a single structure that can be rented separately shall only be required to obtain a single license for each structure.
(5) No signage or advertising copy such as Vacancy/No Vacancy, Rent/Lease, etc. is permitted.
(6) The name and telephone number of a local responsible party shall be conspicuously posted within each Short-Term Rental. The local responsible party shall answer and respond to calls twenty-four (24) hours a day, seven (7) days a week for the duration of each Short-Term Rental period to address problems or complaints associated with the Short-Term Rental.
(7) Each Short-Term Rental must meet applicable building and fire codes and be equipped with the following safety equipment and features:
   a. Operational smoke and carbon monoxide detectors.
   b. One (1) 2.5 lb. Class A-B-C fire extinguisher per floor.
   c. Prominently displayed and legible 9-1-1 address on building exterior

I further certify that I hereby agree to allow the City of Mobile to post on my property, which is under consideration for Planning Commission/City Council approval, a sign notifying the general public of said request. I understand that the City of Mobile will erect and maintain said sign for the prescribed period of time.

IN WITNESS WHEREOF, I have hereunto subscribed my name this the 7th day of June 2025

Conditional Use Permit – Short Term Rentals

Note: The establishment shall not serve meals. Guest rooms shall not contain cooking facilities.

The following information is required to evaluate applications for Conditional Use Permits. Please provide a statement for all items.

Conditional Use Permits for Short Term Rentals will be reviewed for compliance with the approval criteria provided in Approval Criteria of Article 5 (Section 64-5-6.E) as well as with the information requested below.

If a site cannot comply with the site plan requirements, a CUP application will not be processed by the Planning and Zoning Department.

The Following information is required for Conditional Use Permits. Please refer to Section 64-10-6 for a full description of the requirements and verify that the following documentation is provided:

- ☑ Planning Commission Application
- ☑ Conditional Use Permit – Short Term Rentals
- ☐ Traffic Impact Studies, as prescribed by the Traffic Engineer
- ☑ Mailing Labels
- ☑ Neighborhood Meeting Documentation
- ☑ Site Plan
- ☑ Fees

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

   The proposal operates a safe, family-oriented rental contributing to the city's goals outlined in the comprehensive plan.

2. Future Land Use Map (FLUM) Designation N/A

3. Is the application compliant with Development Standards of Article 3? ☒ Yes ☐ No
   If no, what are the deficiencies?
   N/A

4. Describe how the proposal prevents impacts on the development or improvement of adjacent property.

   The property will operate as a single family residence and within the neighborhood development plan.

5. Describe how the proposal will minimize elements that may be noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; or have elements that are detrimental to the public health, safety or general welfare.

   There will be no construction involved in the proposal and none of these will occur.

6. Describe how the short term rental will not alter the surrounding neighborhood or the character of the dwelling.
   The short term rental will operate as a single family residence as it was designed too and within the city development plan

7. Will there be any on-site employees? ☐ Yes ☒ No

SITE PLAN AND BUILDING INFORMATION

The following are required to evaluate the conditional use application. In order for an application to be considered complete, the following information is required on the site plan.

☑ Provide a building plan for the site illustrating all accessory structures, outdoor spaces and the floor plans of each.

☑ How many guest rooms are provided? 4

☑ Does the site comply with the Refuse (Garbage) Collection area requirements of Article 5, 64-5-6.E.11.(g)(7). of the Unified Development Code below:

- ☐ The refuse (garbage) collection area must be illustrated on the site plan. Provide a photo of the refuse (garbage) location and it's screening.
- ☐ Is the refuse (garbage) collection area closer than twenty (20) feet from any property line? ☐ Yes ☒ No
- ☐ Is the refuse (garbage) collection area closer than 100 feet from any dwelling on an adjacent lot? ☐ Yes ☒ No

NOTE: IF THE SITE CANNOT COMPLY WITH THIS REQUIREMENT, PER 64-5-6.E., the City Council cannot approve the Conditional Use Permit application.

☑ Does the site comply with the requirements of 64-5-6.E.11.(g)(8) of the Unified Development Code below:

- ☐ Are there a minimum of two (2) off-street parking spaces for the principal occupants of the residence (if any) ☒ Yes ☐ No
- ☐ Is there a minimum of one (1) additional parking space per guest room; parking spaces shall not be located in any required front or side yard setback area and shall be screened from the view of adjacent properties by natural or artificial means; with access, maneuvering and surfacing in compliance with both 64-3-12? ☒ Yes ☐ No

NOTE: IF THE SITE CANNOT COMPLY WITH THIS REQUIREMENT, PER 64-5-6.E., the City Council cannot approval the Condition Use Permit application.

NEIGHBORHOOD MEETING DOCUMENTATION

The following are required for neighborhood meeting documentation. Please provide a statement for all items. Refer to Section 64-5-4 of the UDC for full requirements.

Please verify the following documentation is provided:

- ☑ Dated Photograph(s) of the posted sign(s)
- ☑ The verified address list of surrounding property owners who were notified
- ☑ A sign-in sheet documenting meeting attendance
- ☑ Written summary or minutes of the meeting
- ☑ Copies of any site plans, building elevations or other documents provided or references at the meeting

Neighborhood Meeting Proceedings:

1. What was the date and location of the meeting?
   5/23/25 from 4:00pm-5:30pm at Parkway Branch library at 1924 Dauphin Island Pkwy-B Mobile, AL 36605
   5/23/25 from 4:00pm-5:30pm at Parkway Branch library at 1924 Dauphin Island Pkwy-B Mobile, AL 36605

2. What information was presented at the meeting?
   I presented an overview on the reason for the meeting, the intentions for the conditional use permit, the property location, intended business goals and contact information for any future issues.

3. What concerns were raised during the meeting?
   Out of all attendees their were two concerns brought up from two residents in the neighborhood. One neighbor brought up arriving guest accidentally pulling into the wrong driveway upon arrival. The other wanted to discuss property lines at the rear of the property at the waterfront.

4. Were any modifications made or considered in response to the concerns raised at the meeting?
   I intend to install an illuminated numerical display of the property address at the front of the driveway to prevent any confusion on which driveway when arriving to the property at night.

The site is surrounded by residential units.

APPLICATION NUMBER 1 DATE August 21, 2025

APPLICANT Ryan Kozlowski, R&P Investing, LLC

REQUEST Conditional Use Permit STR

N

NTS

HOLDOVER COMMENTS

The application was heldover from the July 18th meeting to allow the application to address the following:

1. Revise the site plan to depict the location of any/all garbage cans or other waste refuse bins;
2. Provide proof that all waste (garbage) refuse containers are screened from view (via photographs), and,
3. Revise the site plan to illustrate the required off-street parking spaces.

The applicant has provided the requisite information for approval of the Conditional Use Permit.

It should be noted that, if approved, the Conditional Use Permit, including all restrictions and conditions concerning the use of the property, shall be recorded in the Office of the Judge of Probate. A copy of the recorded document shall be provided to the Planning and Zoning Department.

HOLDOVER CONSIDERATIONS

Based on the requested Conditional Use Permit application, if the Commission and City Council consider approval of the request, the following Findings of Fact must be present. The application:

1. Is consistent with all applicable requirements of this Chapter, including:

   (a) Any applicable development standards; and
   (b) Any applicable use regulations.

2. Is compatible with the character of the surrounding neighborhood;
3. Will not impede the orderly development and improvement of surrounding property; and
4. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood. In making this determination, the Planning Commission and City Council shall consider:

   (a) The location, type and height of buildings or structures;
   (b) The type and extent of landscaping and screening;
   (c) Lighting;
   (d) Hours of operation; and
   (e) Other conditions that might require mitigation of the adverse impacts of the proposed development.

5. Is designed to provide ingress and egress that minimizes traffic hazards and traffic congestion on the public roads;
6. Is designed to minimize the impact on storm water facilities;
7. Will be adequately served by water and sanitary sewer services;
8. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
9. Shall not be detrimental to or endanger the public health, safety or general welfare.
10. The proposed use will meet the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

The Commission and City Council should determine if the site meets all requisite criteria for approval of a Short-Term Rental, as detailed in Article 5, Section 64-5-6.E.11.(g) of the UDC.

If the application is considered for approval, it should be subject to the following conditions:

1. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,
2. Full compliance with all municipal codes and ordinances.

SHORT-TERM RENTAL CONDITIONAL USE PERMIT CRITERIA

Standards of Review:

Conditional Use Permits (CUPs) are required for certain uses in the Use Table (Table 64-2-24.1). These uses may have some special impact which differs from the potential impacts of permitted uses, such as exceeding permitted uses in intensity, or have unique requirements specified for compliance in the Unified Development Code (UDC).

General CUP Review Criteria (UDC Article 5, Section 6-E):

The City Council shall not approve an Application for Conditional Use Permit unless the following are satisfied:

1. **Code Compliance:**
    a. Meets all **development standards** and **use regulations** under the UDC.
2. **Neighborhood Compatibility:**
    a. Compatible with the **character** of the surrounding neighborhood.
3. **Development Impact:**
    a. Does **not impede** orderly development/improvement of nearby residents.
4. **Health, Safety, Welfare:**
    a. Does **not adversely affect** health, safety, or welfare of nearby residents.
    b. Considerations:
        i. Building type/height
        ii. Landscaping/screening
        iii. Lighting
        iv. Hours of operation
        v. Other mitigatable impacts
5. **Traffic & Access:**
    a. Safe ingress/egress; no traffic hazards or congestion.
6. **Stormwater Impact:**
    a. Minimizes impact on stormwater infrastructure.
7. **Utility Access:**
    a. Adequate water and sanitary sewer service.
8. **Emissions/Disturbance:**
    a. Not offensive due to emissions, noise, vibration, odor, etc.
9. **Public Welfare:**
    a. Will **not endanger public health, safety, or general welfare.**
10. **Community Benefit:**
    a. Serves a **need**, offers a **public benefit**, or fulfills a **public purpose**.
11. **Use-Specific Considerations:**
    a. Short-Term-Rental-specific criteria (see below) must be met.
    b. Reasonable conditions may be imposed by the Planning Commission or City Council.

Criteria Specific to Short-Term Rentals (STR):

1. **Employees:** No on-site employees allowed.
2. **Rooms:** Maximum of eight (8) guest rooms per STR.
3. **Meals:** No meal service permitted.
4. **Cooking Facilities:** Guest rooms must **not** have cooking facilities.
5. **Business License:** Valid license required; the license number must appear on all STR advertisements or listings.
6. **Residential Character:** Must **not alter** the residential nature or dwelling's character.
7. **Refuse Area:**
    a. Must be **screened from view.**
    b. Must be no closer than 20 feet from any property line.
    c. Must be no closer than 100 feet from any dwelling on an adjacent lot.
8. **Parking:**
    a. At least **two (2) off-street spaces for primary residents** (if applicable).
    b. At least **one (1) space per guest room.**
    c. Parking must not be in **required front/side yard setbacks** and must be **screened** from view of adjacent properties.
9. **Signage:** No "Vacancy," "Rent," etc. signs allowed.
10. **Local Contact:**
    a. Name and phone number posted inside the STR.
    b. Must respond to complaints **24 hours a day, seven (7) days a week** during rental periods.
11. **Safety Equipment:**
    a. Operational smoke and carbon monoxide detectors.
    b. One (1) 2.5-pound Class A-B-C fire extinguisher per floor.
    c. Prominently displayed and legible 9-1-1 address on building exterior.
12. **Structures:** No rentals permitted in **accessory structures, outdoor spaces,** or **Recreational Vehicles**.

PLANNING COMMENTS

The applicant is requesting a Conditional Use Permit to allow a Short-Term Rental in an R-1, Single-Family Residential Suburban District. The applicant's narrative justifying the request can be viewed using the link on Page 1 of this report.

In reviewing the request, staff has determined that the site **does/does not** meet the following site and design criteria of Article 5, Section 6-E. of the UDC:

The site **does** meet the criteria		That there are no more than eight (8) guest rooms.
The site **does** meet the criteria		That the operation will not alter the residential nature of the neighborhood.
The site **does** meet the criteria		That the operation does not alter the character of the dwelling as a residence.
	The site **does not** meet the criteria	That the refuse (garbage) area is screened from view.
	The site **does not** meet the criteria	That the refuse (garbage) area is no closer than 20 feet from any property line.
	The site **does not** meet the criteria	That the refuse (garbage) area is no closer than 100 feet from any other dwelling.

	The site **does not** meet the criteria	That the minimum number of parking spaces are provided.
The site **does** meet the criteria		That the operation does not occupy any accessory structure, accessory dwelling unit, outdoor space, or recreational vehicle on the site.

The applicant **has/has not** certified the following in their application:

Has certified		That there shall be no on-site employees.
Has certified		That the establishment shall not serve meals.
Has certified		That the guest rooms shall not contain cooking facilities.
Has certified		That a valid City of Mobile business license shall be obtained for the site, and the business license number shall be provided on any advertisement or listing for the Short-Term Rental.
Has certified		That no signage or advertising copy such as Vacancy/No Vacancy, Rent/Lease, etc. shall be placed on the site.
Has certified		That the name and telephone number of a local responsible party shall be conspicuously posted within the Short-Term Rental.
Has certified		That the local responsible party shall answer and respond to calls twenty-four (24) hours a day, seven (7) days a week for the duration of the Short-Term Rental period to address guests' problems or complaints.
Has certified		That the Short-Term Rental shall be equipped with smoke and carbon monoxide detectors.
Has certified		That one (1) 2.5 lb. Class A-B-C fire extinguisher shall be provided on each floor of the dwelling.
Has certified		That the address of the dwelling shall be prominently displayed and legible on the building.

Approval of the request should be contingent upon full compatibility with the requisite criteria for approval of a Conditional Use Permit for a Short-Term Rental. **All criteria in the above tables should be certified and the site must meet all criteria for the Conditional Use Permit to be approved.** If the criteria are not certified and the site does not meet all applicable criteria, then the Conditional Use Permit cannot be approved.

It should be noted that, if approved, the Conditional Use Permit, including all restrictions and conditions concerning the use of the property, shall be recorded in the Office of the Judge of Probate. A copy of the recorded document shall be provided to the Planning and Zoning Department.

SHORT-TERM RENTAL CONDITIONAL USE PERMIT CONSIDERATIONS

The Planning Commission should consider a holdover of the request until the August 21st meeting, with additional information submitted no later than August 4th, to allow the applicant to address the following:

1. Revise the site plan to depict the location of any/all garbage cans or other waste refuse bins;
2. Provide proof that all waste (garbage) refuse containers are screened from view (via photographs), and,

3. Revise the site plan to illustrate the required off-street parking spaces.

If the Planning Commission and City Council consider approving the request, the following Findings of Fact must be present. The application:

1. Is consistent with all applicable requirements of this Chapter, including:

   (a) Any applicable development standards; and
   (b) Any applicable use regulations.

2. Is compatible with the character of the surrounding neighborhood;
3. Will not impede the orderly development and improvement of surrounding property; and
4. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood. In making this determination, the Planning Commission and City Council shall consider:

   (a) The location, type and height of buildings or structures;
   (b) The type and extent of landscaping and screening;
   (c) Lighting;
   (d) Hours of operation; and
   (e) Other conditions that might require mitigation of the adverse impacts of the proposed development.

5. Is designed to provide ingress and egress that minimizes traffic hazards and traffic congestion on the public roads;
6. Is designed to minimize the impact on storm water facilities;
7. Will be adequately served by water and sanitary sewer services;
8. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
9. Shall not be detrimental to or endanger the public health, safety or general welfare.
10. The proposed use will meet the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

The Planning Commission and City Council should determine if the site meets all requisite criteria for approval of a Short-Term Rental, as detailed in Article 5, Section 64-5-6.E.11.(g) of the UDC.

If the application is considered for approval, it should be subject to the following conditions:

1. Provision of a revised site plan depicting the location of any/all garbage cans or other waste refuse bins;
2. Provision of photographs proving that all waste (garbage) refuse containers are screened from view;
3. Revision of the site plan to illustrate the required off-street parking spaces;
4. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,
5. Full compliance with all municipal codes and ordinances.

Zoning District Correspondence Matrix

- ■ Directly Related
- ○ Elements of the zoning category are related to the future LU category, but with qualifications (such as a development plan with conditions)
- □ Land use category is appropriate, but the district does not directly implement the category (e.g., open space in an industrial district)

LOW DENSITY RESIDENTIAL (LDR)

This designation applies to existing residential neighborhoods found mostly west of the Beltline or immediately adjacent to the east side of the Beltline.

The primary land use in the LDR districts is residential and the predominant housing type is the single-family housing unit, detached or semi-detached, typically placed within a street grid or a network of meandering suburban streets. The density in these districts ranges between 0 and 6 dwelling units per acre (du/ac).

These neighborhoods may also contain small-scale, low-rise multi-unit structures at appropriate locations, as well as complementary retail, parks and civic institutions such as schools, community centers, neighborhood playgrounds, and churches or other religious uses if those uses are designed and sited in a manner compatible with and connected to the surrounding context. The presence of individual ancillary uses should contribute to the fabric of a complete neighborhood, developed at a walkable, bikeable human scale.

REQUEST Conditional Use Permit STR

N

NTS

SHORT-TERM RENTAL CONDITIONAL USE PERMIT CRITERIA

Standards of Review:

Conditional Use Permits (CUPs) are required for certain uses in the Use Table (Table 64-2-24.1). These uses may have some special impact which differs from the potential impacts of permitted uses, such as exceeding permitted uses in intensity, or have unique requirements specified for compliance in the Unified Development Code (UDC).

General CUP Review Criteria (UDC Article 5, Section 6-E):

The City Council shall not approve an Application for Conditional Use Permit unless the following are satisfied:

1. **Code Compliance:**
    a. Meets all **development standards** and **use regulations** under the UDC.
2. **Neighborhood Compatibility:**
    a. Compatible with the **character** of the surrounding neighborhood.
3. **Development Impact:**
    a. Does **not impede** orderly development/improvement of nearby residents.
4. **Health, Safety, Welfare:**
    a. Does **not adversely affect** health, safety, or welfare of nearby residents.
    b. Considerations:
        i. Building type/height
        ii. Landscaping/screening
        iii. Lighting
        iv. Hours of operation
        v. Other mitigatable impacts
5. **Traffic & Access:**
    a. Safe ingress/egress; no traffic hazards or congestion.
6. **Stormwater Impact:**
    a. Minimizes impact on stormwater infrastructure.
7. **Utility Access:**
    a. Adequate water and sanitary sewer service.
8. **Emissions/Disturbance:**
    a. Not offensive due to emissions, noise, vibration, odor, etc.
9. **Public Welfare:**
    a. Will **not endanger public health, safety, or general welfare.**
10. **Community Benefit:**
    a. Serves a **need**, offers a **public benefit**, or fulfills a **public purpose**.
11. **Use-Specific Considerations:**
    a. Short-Term-Rental-specific criteria (see below) must be met.
    b. Reasonable conditions may be imposed by the Planning Commission or City Council.

Criteria Specific to Short-Term Rentals (STR):

1. **Employees:** No on-site employees allowed.
2. **Rooms:** Maximum of eight (8) guest rooms per STR.
3. **Meals:** No meal service permitted.
4. **Cooking Facilities:** Guest rooms must **not** have cooking facilities.
5. **Business License:** Valid license required; the license number must appear on all STR advertisements or listings.

6. **Residential Character:** Must **not alter** the residential nature or dwelling's character.
7. **Refuse Area:**
    a. Must be **screened from view.**
    b. Must be no closer than 20 feet from any property line.
    c. Must be no closer than 100 feet from any dwelling on an adjacent lot.
8. **Parking:**
    a. At least **two (2) off-street spaces for primary residents** (if applicable).
    b. At least **one (1) space per guest room.**
    c. Parking must not be in **required front/side yard setbacks** and must be **screened** from view of adjacent properties.
9. **Signage:** No "Vacancy," "Rent," etc. signs allowed.
10. **Local Contact:**
    a. Name and phone number posted inside the STR.
    b. Must respond to complaints **24 hours a day, seven (7) days a week** during rental periods.
11. **Safety Equipment:**
    a. Operational smoke and carbon monoxide detectors.
    b. One (1) 2.5-pound Class A-B-C fire extinguisher per floor.
    c. Prominently displayed and legible 9-1-1 address on building exterior.
12. **Structures:** No rentals permitted in **accessory structures, outdoor spaces,** or **Recreational Vehicles**.

PLANNING COMMENTS

The applicant is requesting a Conditional Use Permit to allow a Short-Term Rental in an R-1, Single-Family Residential Suburban District. The applicant's narrative justifying the request can be viewed using the link on Page 1 of this report.

In reviewing the request, staff has determined that the site **does/does not** meet the following site and design criteria of Article 5, Section 6-E. of the UDC:

The site **does** meet the criteria		That there are no more than eight (8) guest rooms.
The site **does** meet the criteria		That the operation will not alter the residential nature of the neighborhood.
The site **does** meet the criteria		That the operation does not alter the character of the dwelling as a residence.
	The site **does not** meet the criteria	That the refuse (garbage) area is screened from view.
	The site **does not** meet the criteria	That the refuse (garbage) area is no closer than 20 feet from any property line.
	The site **does not** meet the criteria	That the refuse (garbage) area is no closer than 100 feet from any other dwelling.
	The site **does not** meet the criteria	That the minimum number of parking spaces are provided.
The site **does** meet the criteria		That the operation does not occupy any accessory structure, accessory dwelling unit, outdoor space, or recreational vehicle on the site.

The applicant **has/has not** certified the following in their application:

Has certified		That there shall be no on-site employees.
Has certified		That the establishment shall not serve meals.
Has certified		That the guest rooms shall not contain cooking facilities.
Has certified		That a valid City of Mobile business license shall be obtained for the site, and the business license number shall be provided on any advertisement or listing for the Short-Term Rental.
Has certified		That no signage or advertising copy such as Vacancy/No Vacancy, Rent/Lease, etc. shall be placed on the site.
Has certified		That the name and telephone number of a local responsible party shall be conspicuously posted within the Short-Term Rental.
Has certified		That the local responsible party shall answer and respond to calls twenty-four (24) hours a day, seven (7) days a week for the duration of the Short-Term Rental period to address guests' problems or complaints.
Has certified		That the Short-Term Rental shall be equipped with smoke and carbon monoxide detectors.
Has certified		That one (1) 2.5 lb. Class A-B-C fire extinguisher shall be provided on each floor of the dwelling.
Has certified		That the address of the dwelling shall be prominently displayed and legible on the building.

Approval of the request should be contingent upon full compatibility with the requisite criteria for approval of a Conditional Use Permit for a Short-Term Rental. **All criteria in the above tables should be certified and the site must meet all criteria for the Conditional Use Permit to be approved.** If the criteria are not certified and the site does not meet all applicable criteria, then the Conditional Use Permit cannot be approved.

It should be noted that, if approved, the Conditional Use Permit, including all restrictions and conditions concerning the use of the property, shall be recorded in the Office of the Judge of Probate. A copy of the recorded document shall be provided to the Planning and Zoning Department.

SHORT-TERM RENTAL CONDITIONAL USE PERMIT CONSIDERATIONS

The Planning Commission should consider a holdover of the request until the August 21st meeting, with additional information submitted no later than August 4th, to allow the applicant to address the following:

1. Revise the site plan to depict the location of any/all garbage cans or other waste refuse bins;
2. Provide proof that all waste (garbage) refuse containers are screened from view (via photographs), and,
3. Revise the site plan to illustrate the required off-street parking spaces.

If the Planning Commission and City Council consider approving the request, the following Findings of Fact must be present. The application:

1. Is consistent with all applicable requirements of this Chapter, including:
   (a) Any applicable development standards; and
   (b) Any applicable use regulations.
2. Is compatible with the character of the surrounding neighborhood;
3. Will not impede the orderly development and improvement of surrounding property; and
4. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood. In making this determination, the Planning Commission and City Council shall consider:
   (a) The location, type and height of buildings or structures;
   (b) The type and extent of landscaping and screening;
   (c) Lighting;
   (d) Hours of operation; and
   (e) Other conditions that might require mitigation of the adverse impacts of the proposed development.
5. Is designed to provide ingress and egress that minimizes traffic hazards and traffic congestion on the public roads;
6. Is designed to minimize the impact on storm water facilities;
7. Will be adequately served by water and sanitary sewer services;
8. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
9. Shall not be detrimental to or endanger the public health, safety or general welfare.
10. The proposed use will meet the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

The Planning Commission and City Council should determine if the site meets all requisite criteria for approval of a Short-Term Rental, as detailed in Article 5, Section 64-5-6.E.11.(g) of the UDC.

If the application is considered for approval, it should be subject to the following conditions:

1. Provision of a revised site plan depicting the location of any/all garbage cans or other waste refuse bins;
2. Provision of photographs proving that all waste (garbage) refuse containers are screened from view;
3. Revision of the site plan to illustrate the required off-street parking spaces;
4. Provision of a revised site plan and any restrictions and/or conditions concerning the use of the property to Planning and Zoning for review prior to recording, and provision of a copy of the recorded site plan and any restrictions and/or conditions concerning the use of the property (hard copy and pdf) to Planning and Zoning; and,
5. Full compliance with all municipal codes and ordinances.

RESOLUTION

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, that the City Clerk be, and she hereby is, instructed to publish in a newspaper of general circulation within the municipality the attached notice stating the time and place a proposed amendment to the Zoning Ordinance is to be considered by the City Council and further stating that at such time and place all persons who desire shall have an opportunity of being heard in opposition to or in favor of the proposed amendment.

Adopted:

_____

City Clerk

Notice of Public Hearing for the Proposed Modification of a
Previously Approved Planned Unit Development for Property
Located at 550 Providence Park Drive East

Pursuant to Resolution of the Mobile, Alabama City Council adopted **September 16, 2025**, a public hearing will be held on the **21st** day of **October, 2025**, at 10:30 a.m., to consider adoption of an ordinance for the modification of a Previously Approved Planned Unit Development for property located at 550 Providence Park Drive East to allow construction of a healthcare facility with multiple buildings on a single building site.

The public hearing will be held in the Auditorium of Government Plaza, 205 Government Street, Mobile, Alabama. All persons who desire shall have an opportunity to be heard in favor of or in opposition to the proposed amendment at such time and place. Further, the City Council may consider zoning classifications other than the ones sought by the applicant, and may take other actions allowed by law.

Lisa C. Lambert
City Clerk

AN ORDINANCE AMENDING THE ORDINANCE ADOPTED BY THE CITY COUNCIL OF THE CITY OF MOBILE ON THE 12TH DAY OF JULY, 2022, SAID ORDINANCE BEING COMMONLY KNOWN AS THE UNIFIED DEVELOPMENT CODE

WHEREAS, a Planned Unit Development was approved on April 21, 2022, amending a previously approved master plan, to allow construction of a healthcare facility with multiple buildings on a single building site located at 550 Providence Park Drive East and described as follows:

COMMENCING AT THE NORTHWEST CORNER OF THE SOUTHWEST QUARTER OF SECTION 20, TOWNSHIP 4 SOUTH, RANGE 2 WEST, MOBILE COUNTY, ALABAMA; THENCE NORTH 89° - 49' - 19" EAST 20.00 FEET TO THE POINT OF BEGINNING OF THE PROPERTY HEREIN DESCRIBED; THENCE CONTINUE NORTH 89° - 49' - 19" EAST 495.91 FEET TO THE SOUTHEAST CORNER OF LOT 2, AIRPORT / CODY SUBDIVISION AS RECORDED IN MAP BOOK 86, PAGE 103, PROBATE COURT RECORDS, MOBILE COUNTY, ALABAMA; THENCE SOUTH 01° - 07' - 41" EAST 17.84 FEET TO THE SOUTHWEST CORNER OF LOT 1, HAVERTY'S SUBDIVISION AS RECORDED IN MAP BOOK 122, PAGE 24; THENCE NORTH 89° - 51' - 12" EAST 263.81 FEET TO THE SOUTHEAST CORNER OF SAID LOT 1; THENCE SOUTH 00° - 12' - 19" WEST ALONG THE WEST LINE OF LOT 2, PROVIDENCE PARK, UNIT SEVEN AS RECORDED IN MAP BOOK 108, PAGE 87 A DISTANCE OF 170.21 FEET TO THE SOUTHWEST CORNER OF LOT 2; THENCE SOUTH 61° - 50' - 25" EAST 314.43 FEET TO A CORNER OF LOT 1, PROVIDENCE PARK, UNIT TWO AS RECORDED IN MAP BOOK 72, PAGE 49; THENCE NORTH 87° - 08' - 35" EAST 137.19 FEET TO THE SOUTHEAST CORNER OF SAID LOT 1, BEING ON THE WEST LINE OF PROVIDENCE PARK DRIVE EAST; THENCE SOUTHEASTWARDLY ALONG SAID WEST LINE AND ALONG THE ARC OF A 809.42 FOOT RADIUS CURVE TO THE LEFT AN ARC DISTANCE OF 141.02 FEET (CHORD BEARS SOUTH 02° - 46' - 38" EAST 140.84 FEET) TO THE P.T. THEREOF ON THE EAST LINE OF CODY ROAD; THENCE NORTH 00° - 47' - 50" EAST ALONG SAID EAST LINE 514.21 FEET TO THE POINT OF BEGINNING.

WHEREAS, the owner of said property applied for a Major Modification of the Planned Unit Development on July 21, 2025, to allow construction of a healthcare facility with multiple buildings on a single building site.

WHEREAS, the Planning Commission held a public hearing on the requested Major Modification on August 21, 2025, and recommended approval of the Major Modification of the Planned Unit Development (PUD) subject to the following conditions:

1. Revision of the site plan to illustrate the driveway to Cody Road will be paved with either asphalt or concrete;
2. Placement of a note on the site plan stating that the site will fully comply with tree planting and landscape area requirements;
3. Revision of the site plan to provide the number of beds and number of proposed parking spaces;
4. Revision of the site plan to depict any additional parking spaces over the minimum required as having an Alternative Paving Surface, if appropriate;
5. Placement of a note on the site plan stating future development or redevelopment of the property may require approval by the Planning Commission and City Council;
6. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit site plan prior to their recording in Probate Court, and the provision of copies of the recorded site plans (.pdf) to Planning and Zoning; and,
7. Full compliance with all municipal codes and ordinances.

WHEREAS, the City Council finds that the proposed modification:

a. Is consistent with all applicable requirements of this Chapter;
b. Is compatible with the character of the surrounding neighborhood;
c. Will not impede the orderly development and improvement of surrounding property;
d. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood;

e. Is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;
f. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
g. Shall not be detrimental or endanger the public health, safety or general welfare.
h. Benefits Consideration. In addition, consideration was given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOBILE AS FOLLOWS:

Section One: That the modification of the Planned Unit Development is hereby approved with the following required conditions:

1. Revision of the site plan to illustrate the driveway to Cody Road will be paved with either asphalt or concrete;
2. Placement of a note on the site plan stating that the site will fully comply with tree planting and landscape area requirements;
3. Revision of the site plan to provide the number of beds and number of proposed parking spaces;
4. Revision of the site plan to depict any additional parking spaces over the minimum required as having an Alternative Paving Surface, if appropriate;
5. Placement of a note on the site plan stating future development or redevelopment of the property may require approval by the Planning Commission and City Council;
6. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit site plan prior to their recording in Probate Court, and the provision of copies of the recorded site plans (.pdf) to Planning and Zoning; and,
7. Full compliance with all municipal codes and ordinances.

Section Two: This Ordinance shall be in force and effect from and after its adoption and publication.

NOTICE OF HEARING
OF PROPOSED AMENDMENT
TO THE UNIFIED DEVELOPMENT CODE

Notice is hereby given that the Mobile City Council proposes to consider the adoption of the below synopsized amendment to the Ordinance adopted on the 12th day of July, 2022, and known as the "Unified Development Code". The adoption of such amendment will be considered by the Mobile City Council in the Auditorium of the Government Plaza in Mobile, Alabama on the 21st day of October, 2025, at 10:30 AM. At such time and place all persons who desire shall have an opportunity to be heard in opposition to or in favor of the amendment.

Synopsis of Proposed Amendment to the Unified Development Code

The proposed amendment to the Unified Development Code was published in full on the 24th day of September, 2025 in the Lagniappe.

The proposed amendment to the Unified Development Code concerns the property within the City of Mobile, located at **550 Providence Park Drive East.**

The proposed amendment will modify a Planned Unit Development (PUD) that was approved for said location on **April 21, 2022.** The owner of said property has applied for a Major Modification of a previously approved Planned Unit Development (PUD) **amending a previously approved master plan, to allow construction of a healthcare facility with multiple buildings on a single building site.** If approved, the major modification will allow construction of a healthcare facility with multiple buildings on a single building site, subject to the following proposed conditions: 1. Revision of the site plan to illustrate the driveway to Cody Road will be paved with either asphalt or concrete; 2. Placement of a note on the site plan stating that the site will fully comply with tree planting and landscape area requirements; 3. Revision of the site plan to provide the number of beds and number of proposed parking spaces; 4. Revision of the site plan to depict any additional parking spaces over the minimum required as having an Alternative Paving Surface, if appropriate; 5. Placement of a note on the site plan stating future development or redevelopment of the property may require approval by the Planning Commission and City Council; 6. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit site plan prior to their recording in Probate Court, and the provision of copies of the recorded site plans (.pdf) to Planning and Zoning; and, 7. Full compliance with all municipal codes and ordinances.

This proposed amendment to the Unified Development Code will be in full force and effect from after its publication and adoption by the Mobile City Council.

AN ORDINANCE AMENDING THE ORDINANCE ADOPTED BY THE CITY COUNCIL OF THE CITY OF MOBILE ON THE 12TH DAY OF JULY, 2022, SAID ORDINANCE BEING COMMONLY KNOWN AS THE UNIFIED DEVELOPMENT CODE

WHEREAS, a Planned Unit Development was approved on **April 21, 2022, amending a previously approved master plan**, to allow construction of a healthcare facility with multiple buildings on a single building site located at **550 Providence Park Drive East** and described as follows:

MOBILE CITY PLANNING COMMISSION

September 10, 2025
City Council
Mobile Government Plaza
Mobile, Alabama 36644

Dear Council Members:

The Mobile City Planning Commission at its meeting on **August 21, 2025**, considered the request of **Providence Park Rehabilitation & Healthcare (David Dichiara, Kadre Engineering, LLC, Agent)**, for a Major Modification of a previously approved Planned Unit Development (PUD) amending a previously approved master plan, to allow construction of a healthcare facility with multiple buildings on a single building site**,** for the property located at **550 Providence Park Drive East.**

After discussion it was decided to recommend approval of the modification request to the City Council subject to the following conditions:

1. Revision of the site plan to illustrate the driveway to Cody Road will be paved with either asphalt or concrete;
2. Placement of a note on the site plan stating that the site will fully comply with tree planting and landscape area requirements;
3. Revision of the site plan to provide the number of beds and number of proposed parking spaces;
4. Revision of the site plan to depict any additional parking spaces over the minimum required as having an Alternative Paving Surface, if appropriate;
5. Placement of a note on the site plan stating future development or redevelopment of the property may require approval by the Planning Commission and City Council;
6. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit site plan prior to their recording in Probate Court, and the provision of copies of the recorded site plans (.pdf) to Planning and Zoning; and,
7. Full compliance with all municipal codes and ordinances.

THE CITY OF MOBILE, ALABAMA
MOBILE CITY PLANNING COMMISSION

LETTER OF DECISION

August 25, 2025

Clarence Ball
1 Southern Way
Mobile, Alabama 36619

Re: 550 Providence Park Drive East
MOD-003425-2025
Providence Park Rehabilitation & Healthcare (David Dichiara, Kadre Engineering, LLC, Agent)
District 6
Major Modification of a previously approved Planned Unit Development amending a previously approved master plan, to allow construction of a healthcare facility with multiple buildings on a single building site.

Dear Applicant(s)/ Property Owner (s):

At its meeting on August 21, 2025, the Planning Commission considered the above referenced application.

After discussion the Planning Commission determined the following Findings of Fact to support modification of the previously approved Planned Unit Development:

a. The request is consistent with all applicable requirements of this Chapter;
b. The request is compatible with the character of the surrounding neighborhood;
c. The request will not impede the orderly development and improvement of surrounding property;
d. Having considered the applicable factors, the request will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood;
e. The request is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;
f. The request is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
g. The request hall not be detrimental or endanger the public health, safety or general welfare.
h. Benefits Consideration. In addition, consideration was given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

As such, the Planning Commission voted to recommend approval of the Major Planned Unit Development Modification to the City Council, subject to the following conditions:

1. Revision of the site plan to illustrate the driveway to Cody Road will be paved with either asphalt or concrete;
2. Placement of a note on the site plan stating that the site will fully comply with tree planting and landscape area requirements;
3. Revision of the site plan to provide the number of beds and number of proposed parking spaces;
4. Revision of the site plan to depict any additional parking spaces over the minimum required as having an Alternative Paving Surface, if appropriate;
5. Placement of a note on the site plan stating future development or redevelopment of the property may require approval by the Planning Commission and City Council;
6. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit site plan prior to their recording in Probate Court, and the provision of copies of the recorded site plans (.pdf) to Planning and Zoning; and,
7. Full compliance with all municipal codes and ordinances.

The advertising fee for this application is based on the current legal description is **$651.32.** Upon receipt of this fee (*check made out to the "City of Mobile"*), your application will be forwarded to the City Clerk's office to be scheduled for public hearing by the City Council.

Once the application has been approved by the City Council, the approved site plan illustrating compliance with all required conditions must be recorded in Probate Court. A copy of the recorded document in pdf format must be submitted to the Planning and Zoning Department via email (planning@cityofmobile.org) or uploaded to the case via CSS. If no construction permit is obtained to implement the approved modification within two (2) years of approval, the modification shall expire, unless an extension request is filed and approved by the Planning Commission and City Council.

If you have any questions regarding this action, please call this office at 251-208-5895.

Sincerely,

MOBILE CITY PLANNING COMMISSION
Ms. Jennifer Denson, Secretary

PUBLIC HEARING NOTICE

Re: 550 Providence Park Drive East
MOD-003425-2025
Providence Park Rehabilitation & Healthcare (David Dichiara, Kadre Engineering, LLC, Agent)
District 6
Major Modification of a previously approved Planned Unit Development amending a previously approved master plan, to allow construction of a healthcare facility with multiple buildings on a single building site.

Dear Property Owner(s):

This letter is to advise adjacent property owners, as required by State Law, that the Mobile City Planning Commission will hold a Public Hearing on Thursday, August 21, 2025, at 2:00 p.m., to consider the above referenced application.

The meeting will be held in the Auditorium at 205 Government Street, Mobile, Alabama.

While your presence is not required, this notice is to advise you of the meeting so that you may participate and if you wish, present your views concerning this application to the Planning Commission. Please note, this application will not re-zone your property.

If you wish to comment on the application, you may email your comments to planning@cityofmobile.org or upload your comments to the case, which can be found under the meeting date on the web portal at https://www.buildmobile.org/planning-commission/. You may also submit comments by letter:

Planning & Zoning/City of Mobile
P.O. Box 1827
Mobile, Alabama 36633-1827

Include your full name and address with any comments. All comments must be submitted via email or uploaded to the portal, or received via mail, by 2:00 p.m. on Wednesday, August 20, 2025, to allow adequate time for the Commission members to review the information.

If you wish to present your views to the Commission in person, the Commission's Operating Rules and Procedures limit both the proponent and opposition to four (4) speakers each, for a maximum of five (5) minutes.

For additional information or assistance, please contact a Planner at (251) 208-5895.

Application Completeness Review

The Planning & Zoning staff have reviewed the below referenced submittal (Case #) and required items are not included with the application.

Please note, an incomplete application (which includes payment of required fees) cannot be processed and consequently cannot be placed on a Planning Commission or Board of Adjustment agenda.

Any shot clock associated with an application for a Class 1-4 Telecommunications Permit does not commence until a complete application is filed.

In order for an application to be complete, the items below must be submitted, and all fees paid.

Applicant Name:	Clarence Ball, Ball Healthcare
Case #	MOD-003425-2025
Application Address	550 Providence Park Dr. E.
Deficiencies	- Mailing labels. Please provide labels with the addresses of all property owners whose properties are within 300 feet of the subject site. - Site plan. Please provide a digital copy of the proposed site plan as well as the AutoCAD (.dwg) file to planning@cityofmobile.org. -Owner authorization. A corporate letter of authorization signed by Clarence Ball was submitted; however, we are unable to verify Mr. Ball's affiliation with Parkway Property Holdings, LLC. Please provide one of the following to satisfy this requirement: 1) A revised authorization letter issued by Parkway Property Holdings, LLC explicitly authorizing Mr. Ball to act on their behalf; or 2) Documentation confirming that Mr. Ball is an officer or authorized agent of Parkway Property Holdings, LLC. - Legal description. A complete legal description of the subject property (not the abbreviated version provided on the License Commissioner's website) is required in order to calculate the City Council advertising fees.

City of Mobile • Planning &Zoning

Planning Commission Application

For hard copy submissions, SEVEN (7) COPIES of all the necessary information as required by the Zoning Ordinance, including the site plan, must be submitted along with **seven (7) paper copies of this application by NOON** on the deadline filing date. Otherwise, this application will not be accepted. Separate application packets and fees are required for each application type. Digital submissions are required by noon on the deadline filing date.

Fees

Conditional Use Permit	$500
Conditional Use Permit for Above-Ground Oil Storage Tank*	$1,500
Conditional Use Permit for Hazardous Substance Storage Tank*	$1,500
Rezoning, Text Amendment, or Specific Area Plan	$500
Planned Development	$500
Planning Approval or Planned Unit Development	$500

Notification fees: First Class Postage per property owner within 300', and each applicant/owner.

Additional fees: A legal advertisement fee will be required for each application, after consideration by the Planning Commission and prior to consideration by the City Council. If approved by the City Council, documentation must be recorded in Mobile County Probate Court at the expense of the applicant.

* For Above-Ground Oil Storage Tank or Hazardous Substance Storage Tank applications, please contact staff for additional information regarding fee, legal ad and notification requirements.

APPLICATION TYPE Please select the application type. Please complete the appropriate checklist (A, B, C, or D) for a full list of application requirements.

- ☐ **Conditional Use Permits** — Checklist A
- ☐ **Rezoning, Text Amendment, or Specific Area Plan Amendments** — Checklist B
- ☐ **Planned Development** — Checklist C
- ■ **Previously approved Planning Approvals or Planned Unit Development** — Checklist D

Have you provided the required information on the corresponding checklist? ■ Yes ☐ No

---

1. APPLICANT INFORMATION If other than the property owner, must furnish written authorization from owner. Owner must submit evidence, such as deed or tax assessment that the person has right of possession to the land and any structures thereon.

CHECKLIST D

Previously approved Planning Approvals and Planned Unit Developments

The following are required to evaluate applications for Previously approved Planning Approvals and Planned Unit Developments. Please provide a statement for all items.

The following information is required for Planned Development Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

- ■ Planning Commission Application
- ■ A site plan that shows existing and proposed improvements and indicates proposed modification of prior approval

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.
   The project proposes the same uses as previously approved in the PUD, provides similar uses as exist on adjacent properties.

   Institutional
   Future Land Use Map (FLUM) Designation

2. Describe how is the proposal and plan compatible with the character of the surrounding neighborhood.
   Neighboring uses also include healtcare uses such as hospitals, specialized medical practices, lodging and other very similar uses. The site and aesthetics of the proposed structure is pleasing and meets and/or exceeds current ordinances and adjacent neighboring sites.

3. Describe how the proposal prevents impacts on the development or improvement of adjacent property.
   The project will provide a needed resource to the City and its residences. Additional healthcare facilities will help promote and improve adjacent properties by providing a high quality project of similar use thus improving property values and business growth.

4. Does the site design include adequate public facilities and utilities? ☐ Yes ■ No

5. Does the plan provide appropriate ingress and egress? (Please provide a site plan showing ingress and egress)
   ■ Yes ☐ No

PLANNING AND ZONING
21 JUL 2025 AM9:10

6. Please provide the following information:

- [x] The location, type and height of buildings or structures: (e.g., The existing structure is 24 feet tall)

The project will include two building structures, a ninety-eight bed skilled nursing facility (approximately 67,900 square feet) and a Maintenance Building (approximately 1,800 square feet). Both building will be Type VA Construction, finished in masonry, fiber cement board, asphalt shingles and metal roofs. The structures are less than forty four feet in height.

- [x] The type and location of landscaping and screening: (e.g., A row of shrubs is located along the western edge of the property)

A landscape architect has full designed landscaping for the site in accordance with the City's ordinance which has been provided as part of site's required city permitting documents.

- [x] Lighting:

Lighting for the project is designed to meet all applicable codes adopted by the City of Mobile. This includes exterior (site) and interior lighting. Site lighting consists of lighting the parking areas, access streets and means of egress from the building structures. Photometric site plan will be submitted to the Planning & Zoning Department as requested in the initial review.

- [x] Hours of operation:

Visitor hours will be from 8am to 5pm. The facility will be staffed 24 hours a day, seven days a week, as required to provide the level of care necessary for patients.

- [ ] Other conditions that are unique to the use of the property:

7. Describe how the proposal will minimize elements that may be noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; or have elements that are detrimental to the public health, safety or general welfare.

The project has been designed to follow all required buidling codes, city ordinances and state regulations as they apply to this project. This ensures a project that meets or exceeds requirements and is quality project that is not detrimental to public health.

8. Describe how the proposal is in the City's or the larger community's best interest and what needs, benefits, or public purposes it serves.

With the City's growth, careful attention needs to be placed to ensure project such are provided to Mobile's citizens. Once completed this project will provide a state of the art skilled nursing facility that will enhance the quality of life of those it serves. It is in the best public interest that this project be completed so that citizens have the option available to them to receive the healthcare they require locally.

1 attachment (67 KB)
Invoice - Providence Park Rehabilitation & Healthcare (MOD-003425-2025).pdf;

Good morning,

We have completed our review of the above-referenced Major Modification application and determined that it is **partially complete**.

An invoice for the application fees has been issued. Once payment is received, the application will be placed on the appropriate Planning Commission agenda. However, **please note** that a **complete legal description** of the subject property (not the abbreviated version provided on the License Commissioner's website) is required in order to calculate the City Council advertising fees.

Following the Planning Commission's recommendation, this full legal description must be submitted to the Planning and Zoning Department **before** the application can proceed to the City Council for final consideration.

If application fees are paid **by noon on July 21, 2025**, the application will be scheduled for the **August 21, 2025,** Planning Commission agenda. If the deadline is not met, the application will be held until all outstanding requirements have been addressed.

Billing contacts associated with the request with Customer Self-Service Portal (CSS) accounts are: Clarence Ball (cmball@ballhealth.com) and David Dichiara (ddichiara@kadr-eng.com). Said contacts may log into their CSS account and pay the associated fees by opening the Major Modification case number listed in the subject line of this email.

If you do not have access to the case or do not have a registered CSS account, you may pay the fees via telephone by calling **(251) 208-7904**; or a business/cashier's check made payable to "City of Mobile" may be delivered to the Planning and Zoning Department at 205 Government Street, 3rd Floor, South Tower, Mobile, AL 36633.

IMPORTANT
The City of Mobile Planning and Zoning Department will **never request payment via wire transfer** or any

other suspicious method. If you receive any questionable communication claiming to be from our department, please report it immediately to: planning@cityofmobile.org.

If you have any questions or need further assistance, please don't hesitate to reach out.

Thank You,
Logan Anderson

Subject: Re: Providence Park Rehabilitation & Healthcare (MOD-003425-2025)

All,

I failed to mention that we'll need one additional item for your application to be considered complete:

A complete legal description of the subject property (not the abbreviated version provided on the License Commissioner's website) is required in order to calculate the City Council advertising fees.

Following the Planning Commission's recommendation, this full legal description must be submitted to the Planning and Zoning Department **before** the application can proceed to the City Council for final consideration.

This will not hold-up your current application, but, as mentioned, it will need to be provided before the application can be forwarded to City Council. Please provide this information in a Microsoft Word document to planning@cityofmobile.org.

Thank You,
Logan Anderson

Subject: Providence Park Rehabilitation & Healthcare (MOD-003425-2025)

Good morning,

Staff has reviewed the above referenced Major Modification application submitted to our office and have determined it is **incomplete**. Please see the attached **Application Completeness Review** form for additional information.

Once all items have been submitted and verified, an invoice will be issued for the application fees. Please note that the application will not be considered complete—and therefore cannot be scheduled—until all required materials have been received and the fees have been processed.

For your convenience I have provided the list of addresses that are required to be notified of the public hearing.

If all items are submitted **no later than noon on July 21, 2025**, the application will be placed on the agenda for the **August 21, 2025, Planning Commission** meeting. Otherwise, the application will be held over until it is made complete.

If you have any questions or need further clarification, please don't hesitate to reach out.

PLANNING COMMISSION
VICINITY MAP - EXISTING AERIAL

The site is surrounded by residential units to the west, and commercial units to the east.

APPLICATION NUMBER 7 DATE August 8, 2025

APPLICANT Providence Park Rehabilitation & Healthcare (David Dichiara, Kadre Engineering, LLC, Agent)

REQUEST PUD Modification

N

NTS

SITE HISTORY

The site came before the Planning Commission at its April 21, 2022 meeting as part of a Subdivision and a Planned Unit Development (PUD) to allow the creation of two (2) new lots with access to private streets.

The site has not been before the Board of Zoning Adjustment previously.

STAFF COMMENTS

Engineering Comments:

1. Label the drawing that was submitted (Sheet No. C2.0) as the PUD Site Plan.
2. Show and label the proposed sidewalk along Cody Rd. and Providence Park Dr. E.
3. Label the existing public roadways.
4. ADD THE FOLLOWING NOTES TO THE PUD SITE PLAN:
    a. Any work performed in the existing ROW (right-of-way) such as driveways, sidewalks, utility connections, grading, drainage, irrigation, or landscaping will require a ROW permit from the City of Mobile Engineering Permitting Department (251-208-6070) and must comply with the City of Mobile Right-of-Way Construction and Administration Ordinance (Mobile City Code, Chapter 57, Article VIII).
    b. A Land Disturbance Permit application shall be submitted for any proposed land disturbing activity with the property. A complete set of construction plans including, but not limited to, drainage, utilities, grading, storm water detention systems and paving will need to be included with the Land Disturbance permit. This Permit must be submitted, approved, and issued prior to beginning any of the construction work.
    c. Any and all proposed land disturbing activity within the property will need to be submitted for review and be in conformance with Mobile City Code, Chapter 17, Storm Water Management and Flood Control); the City of Mobile, Alabama Flood Plain Management Plan (1984); and, the Rules For Erosion and Sedimentation Control and Storm Water Runoff Control.
    d. Any existing or proposed detention facility shall be maintained as it was constructed and approved. The Land Disturbance Permit application for any proposed construction includes a requirement of a Maintenance and Inspection Plan (signed and notarized by the Owner) for the detention facility. This Plan shall run with the land and be recorded in the County Probate Office prior to the Engineering Department issuing their approval for a Final Certificate of Occupancy.
    e. The approval of all applicable federal, state, and local agencies (including all storm water runoff, wetland and floodplain requirements) will be required prior to the issuance of a Land Disturbance permit. The Owner/Developer is responsible for acquiring all of the necessary permits and approvals.
    f. The proposed development must comply with all Engineering Department design requirements and Policy Letters.

Traffic Engineering Comments:

Driveway number, size, location, and design to be approved by Traffic Engineering and conform to AASHTO standards. Any required on-site parking, including ADA handicap spaces, shall meet the minimum standards as defined in Article 3, Section 64-3-12 of the City's Unified Development Code

Urban Forestry Comments:

Property to be developed in compliance with state and local laws that pertain to tree preservation and protection on both city and private properties [Act 929 of the 1961 Regular Session of the Alabama Legislature (Acts 1961, p. 1487), as amended, and City Code Chapters 57 and 65]. Private removal of trees in the right-of-way will require approval of the Mobile Tree Commission. Removal of heritage trees from undeveloped residential sites, developed residential sites in historic districts, and all commercial sites will require a tree removal permit.

Fire Department Comments:

All projects located within the City Limits of Mobile shall comply with the provisions of the City of Mobile Fire Code Ordinance, which adopts the 2021 edition of the *International Fire Code (IFC)*.

Fire apparatus access roads shall be provided to within 150 feet of all non-sprinklered commercial buildings and within 300 feet of all sprinklered commercial buildings, as measured along an approved route around the exterior of the facility.

An approved fire water supply capable of meeting the requirements set forth in *Appendices B and C* of the 2021 IFC shall be provided for all commercial buildings.

Fire hydrant placement shall comply with the following minimum standards:

- Within 400 feet of non-sprinklered commercial buildings
- Within 600 feet of sprinklered commercial buildings
- Within 100 feet of fire department connections (FDCs) serving standpipe or sprinkler systems

Although the *International Residential Code (IRC)* functions as a stand-alone document for the construction of one- and two-family dwellings and townhouses, it does not govern the design or layout of emergency access or community-level fire protection infrastructure. Therefore, residential developments must also comply with the applicable requirements of the *International Fire Code*, including, but not limited to, those listed above concerning the design, construction, regulation, and maintenance of fire apparatus access roads and fire protection water supplies.

Planning Comments:

The site has been before the Planning Commission previously as part of a Planned Unit Development (PUD) in 2022. At that time, no development was depicted for the subject site. As the applicant is now ready to move forward with the development of the subject site, a Major Modification is required to amend the previously approved plans.

Detailed descriptions of the request are available via the links on page 1 of this report.

The applicant is proposing to build a new rehabilitation center with associated parking and a maintenance building on Lot A of the Providence Park, Northwest Development Parcel Resubdivision, with access to Cody Road depicted through Lot B of the same Subdivision.

It should be noted that the proposed access to Cody Road is depicted as being surfaced with gravel. The UDC requires all access and maneuvering areas to be paved with either asphalt or concrete. If approved, the site plan should be revised to depict compliance with paving requirements.

Because this is the first commercial development of the property, it will be required to fully comply with tree planting and landscape area requirements.

The application does not state how many patient beds the facility will have. The UDC requires medical facilities with overnight patients to have one (1) parking space per bed. If approved, the site plan should be revised in order to provide both the number of beds and the number of parking spaces. Any parking provided over the minimum required number, must be paved with an Alternative Paving Surface.

It should be noted that future development or redevelopment of either lot may require additional modifications of the PUD to be approved by the Planning Commission and City Council. A note stating as much should be placed on the recorded site plans, if approved.

PLANNED UNIT DEVELOPMENT MODIFICATION CONSIDERATIONS

Standards of Review:

The Unified Development Code (UDC) in Section 64-5-8-B.(5) states the following concerning Planned Unit Development / Planning Approval Modifications:

Approval Criteria. The Planning Commission shall not recommend a major modification for approval, and the City Council shall not approve the modification, unless the proposed modification:

1. Is consistent with all applicable requirements of this Chapter;
2. Is compatible with the character of the surrounding neighborhood;
3. Will not impede the orderly development and improvement of surrounding property;
4. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood:

    a. In making this determination, the Planning Commission and City Council shall consider the location, type and height of buildings or structures, the type and extent of landscaping and screening, lighting, hours of operation or any other conditions that mitigate the impacts of the proposed development; and
    b. Includes adequate public facilities and utilities;

5. Is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;
6. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
7. Shall not be detrimental or endanger the public health, safety or general welfare.
8. Benefits Consideration. In addition, consideration should also be given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

Considerations:

If the Planning Commission considers a recommendation of approval for the Modified Planning Approval / Planned Unit Development, the following Findings of Fact must apply:

a. The request is consistent with all applicable requirements of this Chapter;
b. The request is compatible with the character of the surrounding neighborhood;
c. The request will not impede the orderly development and improvement of surrounding property;

d. The request will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood:

    1. In making this determination, the Planning Commission and City Council shall consider the location, type and height of buildings or structures, the type and extent of landscaping and screening, lighting, hours of operation or any other conditions that mitigate the impacts of the proposed development; and
    2. Includes adequate public facilities and utilities;

e. The request is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;
f. The request is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
g. The request shall not be detrimental or endanger the public health, safety or general welfare.
h. Benefits Consideration. In addition, consideration should also be given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

If approved, the following conditions could apply:

1. Revision of the site plan to illustrate the driveway to Cody Road will be paved with either asphalt or concrete;
2. Placement of a note on the site plan stating that the site will fully comply with tree planting and landscape area requirements;
3. Revision of the site plan to provide the number of beds and number of proposed parking spaces;
4. Revision of the site plan to depict any additional parking spaces over the minimum required as having an Alternative Paving Surface, if appropriate;
5. Placement of a note on the site plan stating future development or redevelopment of the property may require approval by the Planning Commission and City Council;
6. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit site plan prior to their recording in Probate Court, and the provision of copies of the recorded site plans (.pdf) to Planning and Zoning; and,
7. Full compliance with all municipal codes and ordinances.

Zoning District Correspondence Matrix

- ■ Directly Related
- ○ Elements of the zoning category are related to the future LU category, but with qualifications (such as a development plan with conditions)
- □ Land use category is appropriate, but the district does not directly implement the category (e.g., open space in an industrial district)

Institutional Land Use (INS)

This designation includes land and buildings occupied by municipal and other governmental agencies for the exercise of their functions, to serve the public or provide a civic use or amenity. These include major libraries, airports, public schools and public safety facilities, but exclude parks and public open space which are identified under a separate land use classification (see below). Semi-public uses such as grammar and high schools, colleges and universities, hospitals, and other major institutions that serve the public and/or operate in a public function are included.

Note: Small-scale properties (less than 2 acres) accommodating subsidiary public and semi-public facilities, such as branch libraries, substations, satellite clinics, etc., may not be specifically called out in the FLUM under this land use designation, but may instead be considered part of the array of integrated complementary uses typically found in a residential neighborhood or a mixed-use center or corridor. The specific location and design of these complementary uses is subject to zoning.

ORDINANCE TO ADOPT CHAPTER 52 – REAL PROPERTY MAINTENANCE AND ENFORCEMENT ARTICLE VIII. VACANT STRUCTURE REGISTRY FOR THE HENRY AARON LOOP

ARTICLE VIII. VACANT STRUCTURE REGISTRY FOR THE HENRY AARON LOOP

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, AS FOLLOWS:

VACANT STRUCTURE REGISTRY

Sec. 52-200. Adoption.

There is hereby adopted a vacant structure registry code for the Henry Aaron Loop in the City of Mobile.

Sec. 52-201. Purpose.

(a) The city has determined that uninspected and unmonitored vacant commercial structures in the Henry Aaron Loop (i) present a fire hazard; (ii) are often utilized by vagrants and transients (including drug abusers and traffickers) as dangerous and unsafe temporary shelters; (iii) detract from private and/or public efforts to rehabilitate or maintain surrounding buildings; and (iv) require additional regulation and services to protect the health, safety and welfare of the public.

(b) Under this Article, Owners of vacant commercial structures in the Henry Aaron Loop must register such vacant structures with the city, pay a vacant structure registration fee as set forth herein, and otherwise conform to the requirements of this vacant structure code.

(c) It is the intent of this Article that, through a registration, inspection, and monitoring process, and other improved public safety efforts, vacant commercial structures in the Henry Aaron Loop will be kept weathertight and secure from trespassers, will provide safe entry to police officers and firefighters in times of emergency, will not impede private and/or public efforts to rehabilitate or maintain surrounding properties, and will not otherwise present a public nuisance.

(d) It is the city's further intent for the provisions of this Article to supplement Chapter 52 Article II, Abatement of Unsafe Buildings and Structural Nuisances, by placing the responsibility to register and maintain a vacant commercial structure on the Owner of the structure before a condition of the structure becomes unsafe or a public nuisance.

Sec. 52-202. Definitions.

(a) For purposes of this Article, the following words and phrases shall have the meanings respectively ascribed to them as follows:

(1) *Actively marketed:* A property is being "actively marketed" when its Owner is, in good faith, doing those things and performing those activities standard and effective in the industry necessary to sell or lease a structure, including, but not limited to, using the services of a realtor licensed in the State of Alabama, or advertising the availability of the structure for sale or lease.

(2) *Boarded:* A Vacant Structure shall be deemed to be "boarded" if in place of one or more exterior doors, other than a storm door, or of one or more windows, there is a sheet or sheets of plywood or similar material covering the space for such door or window, in compliance with Mobile City Code, Section 52-1, Property Maintenance Code Boarding Methods.

(3) *Code official:* The city's code official, as defined in Section 52-22 of this Chapter, or his or her designee.

(4) *Commercial structure*: Any structure used or intended to be used to generate revenue. Commercial structures include structures leased to tenants who occupy the property for non-commercial uses such as residences or offices of non-profit organizations.

(5) *Director*: The City of Mobile official designated by the Mayor as the person to whom the Code Official reports, either directly or through the chain of command.

(6) *Henry Aaron Loop*: That geographic area within downtown Mobile bounded by Beauregard Street on the north, Water Street on the east, Canal Street on the south, and Broad Street on the west.

(7) *Occupy/occupied/occupies:* Any building or structure shall be deemed to be "occupied" if one or more persons conducts a lawful business or lawfully resides in the building as the licensed business occupant, or as the legal or equitable owner/occupant(s) or tenant(s) on a permanent, non-transient basis, or any combination of the same.

(8) *Open:* A Vacant Structure shall be deemed to be "open" if any one or more exterior doors other than a storm door is broken, open, and/or closed but without a properly functioning lock to secure it; if one or more windows is broken or not capable of being locked and secured from intrusion; if any other opening in the structure allows entry into the structure by an unauthorized person; or any combination of the same.

(9) *Owner:* Any person, agent, firm or corporation having legal title to the real property, including any mortgage holder, bank, lien holder, company, institution, individual or other entity listed in the records of the office of the judge of probate of the county, and/or the estate of any deceased owner(s), and/or the last assessed owner in the property tax records of the Mobile County Revenue Commissioner with the legal right to enter the property.

(10) *Square footage:* The gross interior floor area of the structure measured to the exterior face of perimeter walls, including basements and mezzanines, but excluding structured parking and unenclosed exterior areas.

(11) *Vacant Structure Registry:* The structure registry created pursuant to this Article, specifically by section 52-204(a).

(12) *Vacant Structure:* A commercial structure on a parcel of real property that either:

(A) Has, for a continuous period of at least six (6) months, lacked regular, lawful occupancy by persons entitled to be on the premises, excluding intermittent, token, or incidental presence not amounting to bona fide use**;** or

(B) Has had substantially all lawful business operations cease for at least six (6) months.

For purposes of this definition, if a discrete floor or other separately occupiable portion of a building has a current Certificate of Occupancy (CO) and is actively occupied, that occupied portion is not a Vacant Structure; however, any vacant portions of the building must be protected by fire-alarm systems that comply with Section 52-209(a)(5).

Sec. 52-203. Applicability, obligation to register, automatic registration, exemptions.

(a) *Applicability and obligation to register.* Except as provided in subsection (c) below, this Article is applicable to all Vacant Structures and their Owners in the Henry Aaron Loop in the City of Mobile. It is the obligation of the Owner of any Vacant Structure to register it with the Code Official in accordance with the provisions of section 52-204. Registration shall be required for all Vacant Structures, whether vacant and secure, vacant and open or vacant and boarded. Vacant Structures shall be registered on or before 30 days after becoming a Vacant Structure, unless exempt under subsection (c) below. The registration of a Vacant Structure and the payment of registration fees do not exonerate the Owner, agent, or responsible party from compliance with any other building code or zoning requirement.

(b) *Registration by Code Official.* When the Code Official has reason to believe a structure is a Vacant Structure that the Owner has failed to register, a notice will be posted on the subject structure stating that the Code Official has reason to believe that the structure is a Vacant Structure and directing the Owner to either (i) register the structure in accordance with the provisions of this Article or (ii) provide the Code Official evidence demonstrating that the structure is not a Vacant Structure. In addition to posting a notice on the suspected Vacant Structure, the Code Official shall, by certified mail; if undeliverable, by first-class mail, send a copy of the same notice to the Owner(s) of the property listed in the records of the Revenue Commissioner of Mobile County, or other records readily available to the City. If, 30 days after posting and mailing, the Owner has neither registered the property in the Vacant Structure Registry nor demonstrated to the satisfaction of the Code Official that the property is not a Vacant Structure, the Code Official shall add the structure to the Vacant Structure Registry using the information of record. In addition to all other fees, Owners of properties registered by the Code Official under this section shall owe a failure to register fee under Section 52-204 (d) (4).

(c) *Exemptions.* The following are exempt from the requirements of this Article:

(1) Any building owned by the city, county, state, or federal government.

(2) Buildings under construction or property that, in the reasonable discretion of the Code Official, is being actively renovated or rehabilitated; provided, this exemption shall be available for no more than 18 months, unless the Owner provides written justification satisfactory to the Code Official to extend the exemption.

(3) Actively Marketed Vacant Structures; provided, this exemption shall be available for no more than six (6)

months, unless the Owner provides written justification satisfactory to the Code Official to extend the exemption.

(4) Vacant Structures that are vacant due to fire damage or damage caused by an extreme weather event; provided, this exemption shall be available for no more than six (6) months following the fire or extreme weather event, unless the City Council by resolution extends the exemption period due to a major disaster affecting numerous properties in the Henry Aaron Loop.

(5) Actively Marketed commercial structures in the Henry Aaron Loop purchased through an arm's length transaction for up to twelve (12) months following the date on which the purchase closes.

(6) Mixed-Occupancy Buildings. A building containing one or more Vacant Areas is not required to register under this Article if: (i) at least one discrete area of the building holds a current Certificate of Occupancy (CO) and is actively occupied; and (ii) all Vacant Areas comply with §52-209(a)(5), provided that the occupied area constitutes at least twenty percent (20%) of the building's gross leasable floor area or ten thousand (10,000) square feet, whichever is less.

Sec. 52-204. Registry, registration information, amending information, fees, dedicated account, publication.

(a) *Registry created.* The Vacant Structure Registry is hereby created. The Code Official is hereby authorized to create, compile, monitor and enforce the Vacant Structure Registry. The city finance department is authorized to aid and assist the Code Official with the administration and collection of fees and other matters related to this Article.

(b) *Registration information.* Owners of property(ies) on which one or more Vacant Structures are located shall register the same with the city on a form supplied by the city. The registration form will require the following information, at a minimum:

(1) The street address of the Vacant Structure(s);

(2) The type of Vacant Structure(s);

(3) The square footage for each Vacant Structure;

(4) The name, residence address, business address, email address, telephone number, and mobile telephone number of all Owners of the Vacant Structure;

(5) The name, address, e-mail address, telephone number, and mobile telephone number, of all persons authorized to make or order repairs or services for the Vacant Structure;

(6) If an Owner resides or is domiciled outside the city, the name, address, e-mail address, mobile number and telephone number of a person located within the city who is designated to accept legal notices or service of process on matters concerning the Vacant Structure;

(7) If the Owner is a corporation or a limited liability company, the name(s), address(es), and telephone

number(s) of an officer or agent of the corporation or limited liability company designated to accept all legal notices of fees due or services of process with respect to the Vacant Structure;

(8) If the Owner is an estate, the name, address and telephone number of the executor of the estate;

(9) If the Owner is a trust, the name, address and telephone number of the trustee(s) designated to accept all legal notices of fees due or services of process with respect to the Vacant Structure;

(10) If the Owner is a partnership, the names, addresses and telephone number of all partners with an interest of ten percent or greater;

(11) If the Owner is any other form of unincorporated association, the names addresses and telephone numbers of all principals with an interest of ten percent or greater;

(12) Proof of a liability insurance policy in force for protection against damage to persons and property, so as to ensure that the purposes of this Article are met;

(13) Proof of a fire protection system(s) maintained and monitored in accordance with the International Fire Code 2021 Edition Section 901.6, as currently enacted or as hereafter amended.

(14) Proof of a plumbing system that either complies with city plumbing and building codes or is properly closed off and secured from infestation by rodents and insects.

(15) The Owner's plan for maintenance and repair of the Vacant Structure(s), including the time within which the Owner anticipates completion of all repairs necessary to bring the Vacant Structure(s) into compliance with the city building code.

(c) *Amending information.* If the registration information collected in accordance with this section changes or becomes inaccurate during any calendar year, it is the responsibility of the Owner, responsible party or agent for the same to contact the Code Official within 30 days of the occurrence of such change and advise the city of those changes in writing.

(d) *Fees.* There shall be a fee for each Vacant Structure subject to registration on the Vacant Structure Registry. The fees shall be remitted to the Code Official for deposit into a dedicated fund as defined in paragraph (e) below, as follows:

(1) For commercial structures used as residences with one to three units;
  (i) For the first year, $250.
  (ii) For the second year, $500.
  (iii) For the third year, $750.
  (iv) For each subsequent year, $1,000.

(2) For commercial structures used as residences with four to six units, and mixed commercial use and residential use of two to three residential units;
  (i) For the first year, $500.
  (ii) For the second year, $1,000.

(iii) For the third year, $1,500.
(iv) For each subsequent year, $2,000.

(3) For commercial structures used as residences with seven or greater units, and mixed commercial use and residential use with four or greater units:
(i) For the first year, $1,000.
(ii) For the second year, $2,000.
(iii) For the third year, $3,000.
(iv) For each subsequent year, $4,000.

(4) For commercial structures without any residential units, the greater of:
(i) For the first year, $1,000 or $0.05 per square foot.
(ii) For the second year, $2,000 or $0.10 per square foot.
(iii) For the third year, $3,000 or $0.15 per square foot.
(iv) For each subsequent year, $4,000 or $0.20 per square foot.

(5) In addition to the above registration fees, for Vacant Structures that are registered by the Code Official under Section 52-203 (b), a failure to register fee of $500.00.

(6) The Vacant Structure shall be registered prior to the issuance of any building permits for that structure, except for a demolition permit.

(e) *Dedicated account.* All fees collected pursuant to this Article shall be deposited into a fund known as the Vacant Structures Registry Fund and shall be appropriated to the city's Tax Increment Finance District 1 Fund, and therefore used solely to repair, rehabilitate or stabilize Vacant Structures, to administer this Article, in an effort to support economic development, property rehabilitation and blight reduction in the Henry Aaron Loop. All amounts remaining in the Vacant Structures Registry Fund at the end of the fiscal year shall not lapse but shall retain their dedication to the purposes of the Fund.

(f) *Publication.* The city may, from time to time and in its reasonable discretion, publish or disclose certain information contained in the Vacant Structure Registry, including, but not limited to:

(1) General demographic information about Vacant Structures registered on the Vacant Structure Registry;

(2) The address of Vacant Structures on the Vacant Structure Registry;

(3) The Owners of each Vacant Structure;

(4) The amount of time any Vacant Structure has been on the Vacant Structure Registry; and

(5) The amount of any delinquent fees due under this Article, or otherwise due to the city for any Vacant Structure.

The City shall not publish personal telephone numbers, personal e-mail addresses, individual residential mailing addresses, or other information protected from disclosure by law of natural-person Owners listed on the Vacant Structure Registry.

(g) *Changes in ownership.* A change in ownership of a Vacant Structure shall not remove the Vacant Structure from the Vacant Properties Registry or from complying with the requirements of this Article, nor shall it restart the period of exemption in subdivision (3), or (5), subsection (c) of section 52-203 of this Code. Fees arising under this article shall continue to accrue at the applicable rate until the structure either no longer constitutes a Vacant Structure or qualifies for an exemption, all transfers of ownership notwithstanding. All fees arising under this article shall run with the property and failure to pay such fees may result in the city filing a lien that attaches to the property. Such liens shall be municipal code liens enforceable in rem pursuant to Ala. Code §§ 11-40-62 through 11-40-69.

Sec. 52-205. Right of appeal.

(a) *Request for reconsideration.* The Owner shall have the right to request reconsideration by the Director of (i) the imposition of the registration fees imposed by this Article and/or (ii) the designation of a building as a Vacant Structure, by filing a request for reconsideration in writing to the Director no later than 15 calendar days after the date of the notice to the Owner that a property has been placed on the Vacant Structure Registry pursuant to section 52-203(b) or that fees are due under this Article. On the request for reconsideration, the Owner shall bear the burden of providing satisfactory proof that the building is occupied, that the building is not a Vacant Structure, or that the building is a Vacant Structure but exempt from registration.

(b) *Director's determination.* Within 30 days, or as soon thereafter as is practicable, after the Director receives a request for reconsideration pursuant to section 52-205(a) above, the Director will contact the Owner(s) and afford them the opportunity to meet in person or virtually to present their request for reconsideration. Within 30 days, or as soon thereafter as is practicable after consideration of all information provided by the Owner, the Director shall grant or deny the request in writing and provide the Owner with a copy of the decision.

(c) *Appeal of Director's decision*. If the Owner receives an unfavorable decision from the Director, the Owner may appeal that decision to the City Council for review at a public hearing, which may be conducted during a regularly scheduled City Council meeting. Within 15 days following the date of the notice of the Director's decision, an Owner may file a written appeal with the City Clerk, indicating the portion of the decision he or she claims is inaccurate or incorrect. As soon as practicable after receiving the appeal, the City Clerk will request a copy of the record from the Director and, following receipt of the record, will schedule a public hearing to consider the appeal. Notice of the public hearing shall be provided to the Owner who shall be afforded the opportunity to appear in person and be heard. As soon as practicable after conclusion of the public hearing, the City Council will determine whether the decision of the Director properly applied the provisions of this Article and will affirm the decision if it finds that the Director properly applied the provisions of this Article and the decision is supported by substantial evidence.

(d) An Owner may appeal a decision of the City Council made pursuant to section 52-205(c) above, within thirty (30) days of its issuance to the Circuit Court of Mobile County.

Sec. 52-206. Penalties for Violations of this Article.

The failure or refusal of any Owner to register a Vacant Structure as required by this Article, knowingly providing false information or withholding information required to be provided by the registration requirements, or failure to comply with any of the provisions of this Article shall constitute a misdemeanor

offense, punishable upon conviction thereof by a fine of up to $500, imprisonment for a period not to exceed six (6) months, and other penalties in accordance with Chapter 1 Article II of the Mobile City Code for each violation. Each month that an Owner knowingly fails or refuses to register a vacant structure as required by this Article shall be a separate violation. Criminal enforcement under this section is reserved for willful or repeated violations; nonpayment of fees may be pursued through civil remedies, including liens, under Section 52-208.

Sec. 52-207. Inspections, monitoring, corrective action.

(a) At the time of registration, or at any time thereafter, the Code Official shall determine whether an inspection of a Vacant Structure is necessary to identify any conditions that present a threat to public safety.

(b) The Code Official is authorized to conduct inspections of structures on the Vacant Structure Registry, and, to the extent feasible under the circumstances to take reasonable steps to ensure the structure (i) complies with the security and maintenance regulations for Vacant Structures in Section 52-209; (ii) is being kept weathertight and secure from trespassers; (iii) provides for safe entry to police officers and firefighters in times of emergency, (iv) does not impede private and/or public efforts to rehabilitate or maintain surrounding properties; (v) and does not present a public hazard. Inspection may be a visual inspection of the exterior of the vacant structure by the Code Official or his/her designee.

(c) If the Code Official determines that an internal inspection is necessary, he/she will make a reasonable effort to locate the owner, the owner's authorized agent, or other person having charge or control of the structure (herein referred to collectively as the "Owner") and request entry. If the Owner fails or refuses to grant entry, the Code Official shall have recourse to the remedies provided by law to secure entry.

(d) Any corrective action required to abate unsafe buildings and structural nuisances shall proceed under Article II of this Chapter 52.

Sec. 52-208. Non-payment; collection; municipal code liens.

(a) Personal obligation; civil action. Except for Owners who have properly perfected an appeal under §52-205, any registration, renewal, or other non-penalty fee due under §52-204 constitutes a debt due to the City. The City may commence a civil action to collect any unpaid amount. Nothing herein limits the City's ability to assess late charges authorized by this Article.

(b) Municipal code liens (civil penalties; enforcement/abatement costs). In lieu of, or in addition to, a civil action, the City may, upon nonpayment, record a Notice of Municipal Code Lien against the real property for any civil penalty imposed under this Article and any enforcement or abatement costs incurred to secure, inspect, re-inspect, board, clean, or otherwise remedy violations of this Article, consistent with Ala. Code §§11-40-62 through 11-40-69. Such municipal code liens do not include routine registration or renewal fees.

(c) Recording; interest; priority; owner-occupied exclusion. Upon recordation in the Office of the Judge of Probate, a municipal code lien shall bear interest at seven and one-half percent (7.5%) per annum from the date of filing and shall be superior to all liens except tax liens, as provided in Ala. Code §§11-40-62(4) and 11-40-63(b). Owner-occupied real property is excluded from in-rem enforcement as provided in §11-40-63(a).

(d) Notice of nonpayment. Prior to recording a municipal code lien or filing suit, the City shall provide written notice by certified mail to the Owner at the address of record; if undeliverable, the City may provide notice by first-class mail and posting a conspicuous notice on the structure.

(e) Foreclosure of municipal code liens. Municipal code liens may be enforced by judicial in-rem foreclosure pursuant to Ala. Code §§11-40-64 through 11-40-69 and City Code §52-139.

(f) Other lien authorities unaffected. This section does not limit the City's authority to assess and enforce assessment liens arising from unsafe structure abatement under Ala. Code §11-53B-1 et seq. or weed liens under Ala. Code §11-67-1 et seq., when those statutes are invoked.

Sec. 52-209. Vacant structure security and maintenance regulations.

(a) It shall be the responsibility of the Owner of a Vacant Structure to ensure the following:

(1) Vacant Structures shall be secured so as not to be accessible to unauthorized persons. Securing of Vacant Structures includes, but is not limited to, closing and locking windows, doors, walk-through, sliding, and garage doors/gates, and any other opening that may allow access to the interior of the property and/or structures. In the case of broken windows securing means re-glazing or boarding the windows.

(2) The Owner shall ensure that the property on which the structure is located is continuously in compliance with the requirements of this Article and all applicable provisions of the city's building code.

(3) The Owner of a Vacant Structure shall perform or provide for the performance of periodic maintenance, including but not limited to grass cutting or leaf removal on a timely basis.

(4) The Owner shall maintain a policy of liability insurance with coverage for not less than One Million Dollars ($1,000,000.00) per occurrence and Two Million Dollars ($2,000,000.00) aggregate protecting against injury or damage to person or property arising from the Vacant Structure and shall provide the Code Official proof of insurance upon request.

(5) The Owner shall ensure that the Vacant Structure is at all times protected by a fire alarm system(s) that detects fires, transmits alarm signals to the public safety answering point (PSAP) via a UL-listed central station and is continuously monitored, maintained, and inspected as required by the International Fire Code 2021 Edition Section 901.6 and NFPA 72, as currently enacted or as hereafter amended. The system shall be supported by a dedicated power source. If the power source is electricity, it must comply with the city's electrical code.

(6) The Owner shall ensure that the Vacant Structure has a plumbing system that either complies with the city's plumbing and building codes or is properly closed off and secured from infestation by rodents and insects.

(7) The Owner shall install and maintain a Knox Box, type and mounting location as required by the Fire Code Official.

(8) The Owner shall ensure that the Vacant Structure and surrounding property have exterior lighting as required by the Code Official.

Sec. 52-210. Relation to other codes and laws.

It is to be understood that the intent and purpose of this Article are separate and distinct from other parts and sections of this City Code and the general laws of the State of Alabama which may also be applicable. The provisions of this Article are applicable to the Owners of such Vacant Structures as set forth herein and are in addition to and not in lieu of all other applicable provisions of this City Code. Where a condition constitutes an unsafe building or structural nuisance under Article II of this Chapter, enforcement, abatement, and cost recovery shall proceed under Article II; this Article addresses registration, inspection, and monitoring of vacant structures before such conditions arise or in parallel where appropriate.

Sec. 52-211. Severability.

The provisions of this Article VIII are severable. If any part of this article is held to be invalid by a court of competent jurisdiction, the remaining provisions of this chapter and of this article shall remain in full force and effect.

Sec. 52-212. Effective Date

This Article shall be effective the first day of the first month commencing six (6) months following its adoption.

Sec. 52-213. Review.

Within twenty-four (24) months after the effective date of this Article, the Director shall report to the City Council on compliance, costs, and outcomes in the Henry Aaron Loop and recommend whether to (i) continue, (ii) modify, or (iii) expand the program citywide.

RESOLUTION

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, that the City Clerk be, and she hereby is, instructed to publish in a newspaper of general circulation within the municipality the attached notice stating the time and place a proposed amendment to the Zoning Ordinance is to be considered by the City Council and further stating that at such time and place all persons who desire shall have an opportunity of being heard in opposition to or in favor of the proposed amendment.

Adopted:

_____

City Clerk

Notice of Public Hearing for the Proposed Modification of a
Previously Approved Planned Unit Development for Property
Located at 4350 Moffet Road

Pursuant to Resolution of the Mobile, Alabama City Council adopted **September 9, 2025**, a public hearing will be held on the **14th** day of **October, 2025**, at 10:30 a.m., to consider adoption of an ordinance for the modification of a Previously Approved Planned Unit Development for property located at 4350 Moffet Road to allow multiple buildings on a single building site.

The public hearing will be held in the Auditorium of Government Plaza, 205 Government Street, Mobile, Alabama. All persons who desire shall have an opportunity to be heard in favor of or in opposition to the proposed amendment at such time and place. Further, the City Council may consider zoning classifications other than the ones sought by the applicant, and may take other actions allowed by law.

Lisa C. Lambert
City Clerk

AN ORDINANCE AMENDING THE ORDINANCE ADOPTED BY THE CITY COUNCIL OF THE CITY OF MOBILE ON THE 12TH DAY OF JULY, 2022, SAID ORDINANCE BEING COMMONLY KNOWN AS THE UNIFIED DEVELOPMENT CODE

WHEREAS, a Planned Unit Development was approved on May 15, 2025, allowing construction of a multi-family development with 50 dwelling units in multiple buildings on a single building site located at 4350 Moffett Road, described as follows:

BEGINNING AT THE NORTHEAST CORNER OF LOT 2, ANTHONY ESTATE, AS RECORDED IN MAP BOOK 98 PAGE 39, PROBATE COURT RECORDS, MOBILE COUNTY, ALABAMA; THENCE NORTH 88°40'29" WEST 172.33 FEET TO THE NORTHWEST CORNER OF LOT 1, ANTHONY ESTATE; THENCE NORTH 89°44'59" WEST ALONG THE NORTH LINE OF FRED MARSHALL COURT 50.00 FEET TO A POINT; THENCE SOUTH 89°36'54" WEST 147.94 FEET TO A POINT; THENCE NORTH 00°01'51" EAST 1082.94 FEET TO A POINT ON THE SOUTH LINE OF LOT 13, KUFFSKIE COURT, AS RECORDED IN MAP BOOK 23 PAGE 15 OF SAID RECORDS; THENCE NORTH 89°59'26" EAST ALONG THE SOUTH LINE OF LOTS 13 AND 12 OF KUFFSKIE COURT AND THE EASTWARD PROJECTION THEREOF 336.15 FEET TO A POINT; THENCE SOUTH 00°08'29" WEST 200.00 FEET TO A POINT; THENCE NORTH 89°59'26" EAST 25.00 FEET TO A POINT; THENCE SOUTH 00°22'25" EAST 434.90 FEET TO A POINT; THENCE SOUTH 00°46'51" EAST 451.36 FEET TO THE POINT OF BEGINNING.

WHEREAS, the owner of said property applied for a Major Modification of the Planned Unit Development on July 16, 2025, to allow construction of a multi-family development with 50 dwelling units in multiple buildings on a single building site.

WHEREAS, the Planning Commission held a public hearing on the requested Major Modification on August 21, 2025, and recommended approval of the Major Modification of the Planned Unit Development (PUD) subject to the following conditions:

1. Retention of the 25-foot front yard setback along Fred Marshall Court on the Final PUD Site Plan, adjusted for any required dedication resulting from the subdivision request;

2. Retention of the lot size in square feet on the Final PUD Site Plan, adjusted for any required dedication, or provision of a table with this information;
3. Labeling of each building with its size in square feet on the Final PUD Site Plan, or provision of a table with this information;
4. Retention of the illustrated 75-foot rear setback on the Final PUD Site Plan, noting that removal in the future would require re-subdivision;
5. Revision of the Final PUD Site Plan to illustrate compliance with the bicycle parking requirements of Article 3, Section 64-3-12.A.9. of the UDC, including minimum required quantity and location;
6. Revision of the site plan to depict a minimum 24-foot-wide drive aisle to the rear of the community building providing access to a dumpster enclosure, unless the site is reconfigured for one-way circulation requiring only 14-foot-wide aisles;
7. Retention of directional arrows illustrating on-site traffic circulation on the Final PUD Site Plan, updated as necessary to reflect any revisions to drive aisle widths;
8. Retention of a note on the Final PUD Site Plan stating that parking lot lighting will comply with the illumination standards of Section 64-3-9.C. of the UDC;
9. Provision of a note on the Final PUD Site Plan stating that the site will comply with the architectural design feature requirements of Article 3, Section 64-3-6 of the UDC, including at least one element from each applicable design category (Site Frontage, Building Form – Height, Building Form – Wall, Architectural Feature);
10. Provision of a note stating the proposed buildings will not exceed 50 feet in height, in compliance with Article 2, Section 64-2-7.E. of the UDC;
11. Verification and, if necessary, revision of the landscape area calculation (currently listed as 225,415± square feet) on the Final PUD Site Plan to ensure accuracy and consistency with the total site area;
12. Retention of a note on the Final PUD Site Plan stating that the site will comply with the tree planting requirements of Article 3, Section 64-3-7 of the UDC;
13. Retention of the note on the Final PUD Site Plan stating all dumpsters will comply with the enclosure and placement standards of Section 64-3-13.A.4. of the UDC;
14. Provision of a note stating any signage proposed for the site must be reviewed and permitted separately by the Planning and Zoning Department; illuminated signage must be installed by a licensed and bonded contractor and permitted through the Permitting Department;
15. Retention of the note on the Final PUD Site Plan stating that future development or redevelopment of the site may require additional modifications to the PUD, subject to approval by the Planning Commission and City Council;
16. Compliance with all Engineering comments noted in the staff report;
17. Compliance with all Traffic Engineering comments noted in the staff report;
18. Compliance with all Urban Forestry comments noted in the staff report;
19. Compliance with all Fire Department comments noted in the staff report;
20. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit Development site plan prior to its recording in Probate Court, and the provision of one (1) copy of the recorded site plan (hard copy and pdf) to Planning and Zoning; and,
21. Full compliance with all municipal codes and ordinances.

WHEREAS, the City Council finds that the proposed modification:

a. Is consistent with all applicable requirements of this Chapter;
b. Is compatible with the character of the surrounding neighborhood;
c. Will not impede the orderly development and improvement of surrounding property;
d. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood;

e. Is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;
f. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
g. Shall not be detrimental or endanger the public health, safety or general welfare.
h. Benefits Consideration. In addition, consideration was given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOBILE AS FOLLOWS:

Section One: That the modification of the Planned Unit Development is hereby approved with the following required conditions:

1. Retention of the 25-foot front yard setback along Fred Marshall Court on the Final PUD Site Plan, adjusted for any required dedication resulting from the subdivision request;
2. Retention of the lot size in square feet on the Final PUD Site Plan, adjusted for any required dedication, or provision of a table with this information;
3. Labeling of each building with its size in square feet on the Final PUD Site Plan, or provision of a table with this information;
4. Retention of the illustrated 75-foot rear setback on the Final PUD Site Plan, noting that removal in the future would require re-subdivision;
5. Revision of the Final PUD Site Plan to illustrate compliance with the bicycle parking requirements of Article 3, Section 64-3-12.A.9. of the UDC, including minimum required quantity and location;
6. Revision of the site plan to depict a minimum 24-foot-wide drive aisle to the rear of the community building providing access to a dumpster enclosure, unless the site is reconfigured for one-way circulation requiring only 14-foot-wide aisles;
7. Retention of directional arrows illustrating on-site traffic circulation on the Final PUD Site Plan, updated as necessary to reflect any revisions to drive aisle widths;
8. Retention of a note on the Final PUD Site Plan stating that parking lot lighting will comply with the illumination standards of Section 64-3-9.C. of the UDC;
9. Provision of a note on the Final PUD Site Plan stating that the site will comply with the architectural design feature requirements of Article 3, Section 64-3-6 of the UDC, including at least one element from each applicable design category (Site Frontage, Building Form – Height, Building Form – Wall, Architectural Feature);
10. Provision of a note stating the proposed buildings will not exceed 50 feet in height, in compliance with Article 2, Section 64-2-7.E. of the UDC;
11. Verification and, if necessary, revision of the landscape area calculation (currently listed as 225,415± square feet) on the Final PUD Site Plan to ensure accuracy and consistency with the total site area;
12. Retention of a note on the Final PUD Site Plan stating that the site will comply with the tree planting requirements of Article 3, Section 64-3-7 of the UDC;
13. Retention of the note on the Final PUD Site Plan stating all dumpsters will comply with the enclosure and placement standards of Section 64-3-13.A.4. of the UDC;
14. Provision of a note stating any signage proposed for the site must be reviewed and permitted separately by the Planning and Zoning Department; illuminated signage must be installed by a licensed and bonded contractor and permitted through the Permitting Department;
15. Retention of the note on the Final PUD Site Plan stating that future development or redevelopment of the site may require additional modifications to the PUD, subject to approval by the Planning Commission and City Council;

16. Compliance with all Engineering comments noted in the staff report;
17. Compliance with all Traffic Engineering comments noted in the staff report;
18. Compliance with all Urban Forestry comments noted in the staff report;
19. Compliance with all Fire Department comments noted in the staff report;
20. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit Development site plan prior to its recording in Probate Court, and the provision of one (1) copy of the recorded site plan (hard copy and pdf) to Planning and Zoning; and,
21. Full compliance with all municipal codes and ordinances.

Section Two: This Ordinance shall be in force and effect from and after its adoption and publication.

NOTICE OF HEARING
OF PROPOSED AMENDMENT
TO THE UNIFIED DEVELOPMENT CODE

Notice is hereby given that the Mobile City Council proposes to consider the adoption of the below synopsized amendment to the Ordinance adopted on the 12th day of July, 2022, and known as the "Unified Development Code". The adoption of such amendment will be considered by the Mobile City Council in the Auditorium of the Government Plaza in Mobile, Alabama on the 14th day of October, 2025, at 10:30 AM. At such time and place all persons who desire shall have an opportunity to be heard in opposition to or in favor of the amendment.

Synopsis of Proposed Amendment to the Unified Development Code

The proposed amendment to the Unified Development Code was published in full on the 17th day of September, 2025 in the Lagniappe.

The proposed amendment to the Unified Development Code concerns the property within the City of Mobile, located at **4350 Moffet Road.**

The proposed amendment will modify a Planned Unit Development (PUD) that was approved for said location on **May 15, 2025**. The owner of said property has applied for a Major Modification of the PUD allowing multiple buildings on a single building site, to allow construction of a multi-family development with 50 dwelling units in multiple buildings on a single building site. If approved, the Major Modification will **allow construction of a multi-family development with 50 dwelling units in multiple buildings on a single building site**, subject to the following proposed conditions: 1. Retention of the 25-foot front yard setback along Fred Marshall Court on the Final PUD Site Plan, adjusted for any required dedication resulting from the subdivision request; 2. Retention of the lot size in square feet on the Final PUD Site Plan, adjusted for any required dedication, or provision of a table with this information; 3. Labeling of each building with its size in square feet on the Final PUD Site Plan, or provision of a table with this information; 4. Retention of the illustrated 75-foot rear setback on the Final PUD Site Plan, noting that removal in the future would require re-subdivision; 5. Revision of the Final PUD Site Plan to illustrate compliance with the bicycle parking requirements of Article 3, Section 64-3-12.A.9. of the UDC, including minimum required quantity and location; 6. Revision of the site plan to depict a minimum 24-foot-wide drive aisle to the rear of the community building providing access to a dumpster enclosure, unless the site is reconfigured for one-way circulation requiring only 14-foot-wide aisles; 7. Retention of directional arrows illustrating on-site traffic circulation on the Final PUD Site Plan, updated as necessary to reflect any revisions to drive aisle widths; 8. Retention of a note on the Final PUD Site Plan stating that parking lot lighting will comply with the illumination standards of Section 64-3-9.C. of the UDC; 9. Provision of a note on the Final PUD Site Plan stating that the site will comply with the architectural design feature requirements of Article 3, Section 64-3-6 of the UDC, including at least one element from each applicable design category (Site Frontage, Building Form – Height, Building Form – Wall, Architectural Feature); 10. Provision of a note stating the proposed buildings will not exceed 50 feet in height, in compliance with Article 2, Section 64-2-7.E. of the UDC; 11. Verification and, if necessary, revision of the landscape area calculation (currently listed as 225,415± square feet) on the Final PUD Site Plan to ensure accuracy and consistency with the total site area; 12. Retention of a note on the Final PUD Site Plan stating that the site will comply with the tree planting requirements of Article 3, Section 64-3-7 of the UDC; 13. Retention of the note on the Final PUD Site Plan stating all dumpsters will comply with the enclosure and placement standards of Section 64-3-13.A.4. of the UDC; 14. Provision of a note stating any signage proposed for the site must be reviewed and permitted separately by the Planning and Zoning Department; illuminated signage must be installed by a licensed and bonded contractor and permitted through the Permitting

Department; 15. Retention of the note on the Final PUD Site Plan stating that future development or redevelopment of the site may require additional modifications to the PUD, subject to approval by the Planning Commission and City Council; 16. Compliance with all Engineering comments noted in this staff report; 17. Compliance with all Traffic Engineering comments noted in this staff report; 18. Compliance with all Urban Forestry comments noted in this staff report; 19. Compliance with all Fire Department comments noted in this staff report; 20. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit Development site plan prior to its recording in Probate Court, and the provision of one (1) copy of the recorded site plan (hard copy and pdf) to Planning and Zoning; and, 21. Full compliance with all municipal codes and ordinances.

This proposed amendment to the Unified Development Code will be in full force and effect from after its publication and adoption by the Mobile City Council.

AN ORDINANCE AMENDING THE ORDINANCE ADOPTED BY THE CITY COUNCIL OF THE CITY OF MOBILE ON THE 12TH DAY OF JULY, 2022, SAID ORDINANCE BEING COMMONLY KNOWN AS THE UNIFIED DEVELOPMENT CODE

WHEREAS, a Planned Unit Development was approved on **May 15, 2025**, allowing construction of a multi-family development with 50 dwelling units in multiple buildings on a single building site located at **4350 Moffett Road,** described as follows:

BEGINNING AT THE NORTHEAST CORNER OF LOT 2, ANTHONY ESTATE, AS RECORDED IN MAP BOOK 98 PAGE 39, PROBATE COURT RECORDS, MOBILE COUNTY, ALABAMA; THENCE NORTH 88°40'29" WEST 172.33 FEET TO THE NORTHWEST CORNER OF LOT 1, ANTHONY ESTATE; THENCE NORTH 89°44'59" WEST ALONG THE NORTH LINE OF FRED MARSHALL COURT 50.00 FEET TO A POINT; THENCE SOUTH 89°36'54" WEST 147.94 FEET TO A POINT; THENCE NORTH 00°01'51" EAST 1082.94 FEET TO A POINT ON THE SOUTH LINE OF LOT 13, KUFFSKIE COURT, AS RECORDED IN MAP BOOK 23 PAGE 15 OF SAID RECORDS; THENCE NORTH 89°59'26" EAST ALONG THE SOUTH LINE OF LOTS 13 AND 12 OF KUFFSKIE COURT AND THE EASTWARD PROJECTION THEREOF 336.15 FEET TO A POINT; THENCE SOUTH 00°08'29" WEST 200.00 FEET TO A POINT; THENCE NORTH 89°59'26" EAST 25.00 FEET TO A POINT; THENCE SOUTH 00°22'25" EAST 434.90 FEET TO A POINT; THENCE SOUTH 00°46'51" EAST 451.36 FEET TO THE POINT OF BEGINNING.

WHEREAS, the owner of said property applied for a Major Modification of the Planned Unit Development on **July 16, 2025**, to **allow construction of a multi-family development with 50 dwelling units in multiple buildings on a single building site.**

WHEREAS, the Planning Commission held a public hearing on the requested Major Modification on **August 21, 2025**, and recommended approval of the Major Modification of the Planned Unit Development (PUD) subject to the following conditions:

1. Retention of the 25-foot front yard setback along Fred Marshall Court on the Final PUD Site Plan, adjusted for any required dedication resulting from the subdivision request;
2. Retention of the lot size in square feet on the Final PUD Site Plan, adjusted for any required dedication, or provision of a table with this information;
3. Labeling of each building with its size in square feet on the Final PUD Site Plan, or provision of a table with this information;
4. Retention of the illustrated 75-foot rear setback on the Final PUD Site Plan, noting that removal in the future would require re-subdivision;
5. Revision of the Final PUD Site Plan to illustrate compliance with the bicycle parking requirements of Article 3, Section 64-3-12.A.9. of the UDC, including minimum required quantity and location;

6. Revision of the site plan to depict a minimum 24-foot-wide drive aisle to the rear of the community building providing access to a dumpster enclosure, unless the site is reconfigured for one-way circulation requiring only 14-foot-wide aisles;
7. Retention of directional arrows illustrating on-site traffic circulation on the Final PUD Site Plan, updated as necessary to reflect any revisions to drive aisle widths;
8. Retention of a note on the Final PUD Site Plan stating that parking lot lighting will comply with the illumination standards of Section 64-3-9.C. of the UDC;
9. Provision of a note on the Final PUD Site Plan stating that the site will comply with the architectural design feature requirements of Article 3, Section 64-3-6 of the UDC, including at least one element from each applicable design category (Site Frontage, Building Form – Height, Building Form – Wall, Architectural Feature);
10. Provision of a note stating the proposed buildings will not exceed 50 feet in height, in compliance with Article 2, Section 64-2-7.E. of the UDC;
11. Verification and, if necessary, revision of the landscape area calculation (currently listed as 225,415± square feet) on the Final PUD Site Plan to ensure accuracy and consistency with the total site area;
12. Retention of a note on the Final PUD Site Plan stating that the site will comply with the tree planting requirements of Article 3, Section 64-3-7 of the UDC;
13. Retention of the note on the Final PUD Site Plan stating all dumpsters will comply with the enclosure and placement standards of Section 64-3-13.A.4. of the UDC;
14. Provision of a note stating any signage proposed for the site must be reviewed and permitted separately by the Planning and Zoning Department; illuminated signage must be installed by a licensed and bonded contractor and permitted through the Permitting Department;
15. Retention of the note on the Final PUD Site Plan stating that future development or redevelopment of the site may require additional modifications to the PUD, subject to approval by the Planning Commission and City Council;
16. Compliance with all Engineering comments noted in the staff report;
17. Compliance with all Traffic Engineering comments noted in the staff report;
18. Compliance with all Urban Forestry comments noted in the staff report;
19. Compliance with all Fire Department comments noted in the staff report;
20. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit Development site plan prior to its recording in Probate Court, and the provision of one (1) copy of the recorded site plan (hard copy and pdf) to Planning and Zoning; and,
21. Full compliance with all municipal codes and ordinances.

WHEREAS, the City Council finds that the proposed modification:

a. Is consistent with all applicable requirements of this Chapter;
b. Is compatible with the character of the surrounding neighborhood;
c. Will not impede the orderly development and improvement of surrounding property;
d. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood;
e. Is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;

f. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
g. Shall not be detrimental or endanger the public health, safety or general welfare.
h. Benefits Consideration. In addition, consideration was given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOBILE AS FOLLOWS:

Section One: That the modification of the Planned Unit Development is hereby approved with the following required conditions:

1. Retention of the 25-foot front yard setback along Fred Marshall Court on the Final PUD Site Plan, adjusted for any required dedication resulting from the subdivision request;
2. Retention of the lot size in square feet on the Final PUD Site Plan, adjusted for any required dedication, or provision of a table with this information;
3. Labeling of each building with its size in square feet on the Final PUD Site Plan, or provision of a table with this information;
4. Retention of the illustrated 75-foot rear setback on the Final PUD Site Plan, noting that removal in the future would require re-subdivision;
5. Revision of the Final PUD Site Plan to illustrate compliance with the bicycle parking requirements of Article 3, Section 64-3-12.A.9. of the UDC, including minimum required quantity and location;
6. Revision of the site plan to depict a minimum 24-foot-wide drive aisle to the rear of the community building providing access to a dumpster enclosure, unless the site is reconfigured for one-way circulation requiring only 14-foot-wide aisles;
7. Retention of directional arrows illustrating on-site traffic circulation on the Final PUD Site Plan, updated as necessary to reflect any revisions to drive aisle widths;
8. Retention of a note on the Final PUD Site Plan stating that parking lot lighting will comply with the illumination standards of Section 64-3-9.C. of the UDC;
9. Provision of a note on the Final PUD Site Plan stating that the site will comply with the architectural design feature requirements of Article 3, Section 64-3-6 of the UDC, including at least one element from each applicable design category (Site Frontage, Building Form – Height, Building Form – Wall, Architectural Feature);
10. Provision of a note stating the proposed buildings will not exceed 50 feet in height, in compliance with Article 2, Section 64-2-7.E. of the UDC;
11. Verification and, if necessary, revision of the landscape area calculation (currently listed as 225,415± square feet) on the Final PUD Site Plan to ensure accuracy and consistency with the total site area;
12. Retention of a note on the Final PUD Site Plan stating that the site will comply with the tree planting requirements of Article 3, Section 64-3-7 of the UDC;
13. Retention of the note on the Final PUD Site Plan stating all dumpsters will comply with the enclosure and placement standards of Section 64-3-13.A.4. of the UDC;
14. Provision of a note stating any signage proposed for the site must be reviewed and permitted separately by the Planning and Zoning Department; illuminated signage must

be installed by a licensed and bonded contractor and permitted through the Permitting Department;

15. Retention of the note on the Final PUD Site Plan stating that future development or redevelopment of the site may require additional modifications to the PUD, subject to approval by the Planning Commission and City Council;
16. Compliance with all Engineering comments noted in the staff report;
17. Compliance with all Traffic Engineering comments noted in the staff report;
18. Compliance with all Urban Forestry comments noted in the staff report;
19. Compliance with all Fire Department comments noted in the staff report;
20. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit Development site plan prior to its recording in Probate Court, and the provision of one (1) copy of the recorded site plan (hard copy and pdf) to Planning and Zoning; and,
21. Full compliance with all municipal codes and ordinances.

Section Two: This Ordinance shall be in force and effect from and after its adoption and publication.

Adopted:

MOBILE CITY PLANNING COMMISSION

September 3, 2025
City Council
Mobile Government Plaza
Mobile, Alabama 36644

Dear Council Members:

The Mobile City Planning Commission at its meeting on **August 21, 2025**, considered the request of **Chris Pfeiffer, 24/7 Development Partners of Alabama, LLC**, for a Major Modification of a previously approved Planned Unit Development (PUD) allowing multiple buildings on a single building site, to allow construction of a multi-family development with 50 dwelling units in multiple buildings on a single building site**,** for the property located at **4350 Moffet Road.**

After discussion it was decided to recommend approval of the modification request to the City Council subject to the following conditions:

1. Retention of the 25-foot front yard setback along Fred Marshall Court on the Final PUD Site Plan, adjusted for any required dedication resulting from the subdivision request;
2. Retention of the lot size in square feet on the Final PUD Site Plan, adjusted for any required dedication, or provision of a table with this information;
3. Labeling of each building with its size in square feet on the Final PUD Site Plan, or provision of a table with this information;
4. Retention of the illustrated 75-foot rear setback on the Final PUD Site Plan, noting that removal in the future would require re-subdivision;
5. Revision of the Final PUD Site Plan to illustrate compliance with the bicycle parking requirements of Article 3, Section 64-3-12.A.9. of the UDC, including minimum required quantity and location;
6. Revision of the site plan to depict a minimum 24-foot-wide drive aisle to the rear of the community building providing access to a dumpster enclosure, unless the site is reconfigured for one-way circulation requiring only 14-foot-wide aisles;
7. Retention of directional arrows illustrating on-site traffic circulation on the Final PUD Site Plan, updated as necessary to reflect any revisions to drive aisle widths;

8. Retention of a note on the Final PUD Site Plan stating that parking lot lighting will comply with the illumination standards of Section 64-3-9.C. of the UDC;
9. Provision of a note on the Final PUD Site Plan stating that the site will comply with the architectural design feature requirements of Article 3, Section 64-3-6 of the UDC, including at least one element from each applicable design category (Site Frontage, Building Form – Height, Building Form – Wall, Architectural Feature);
10. Provision of a note stating the proposed buildings will not exceed 50 feet in height, in compliance with Article 2, Section 64-2-7.E. of the UDC;
11. Verification and, if necessary, revision of the landscape area calculation (currently listed as 225,415± square feet) on the Final PUD Site Plan to ensure accuracy and consistency with the total site area;
12. Retention of a note on the Final PUD Site Plan stating that the site will comply with the tree planting requirements of Article 3, Section 64-3-7 of the UDC;
13. Retention of the note on the Final PUD Site Plan stating all dumpsters will comply with the enclosure and placement standards of Section 64-3-13.A.4. of the UDC;
14. Provision of a note stating any signage proposed for the site must be reviewed and permitted separately by the Planning and Zoning Department; illuminated signage must be installed by a licensed and bonded contractor and permitted through the Permitting Department;
15. Retention of the note on the Final PUD Site Plan stating that future development or redevelopment of the site may require additional modifications to the PUD, subject to approval by the Planning Commission and City Council;
16. Compliance with all Engineering comments noted in the staff report;
17. Compliance with all Traffic Engineering comments noted in the staff report;
18. Compliance with all Urban Forestry comments noted in the staff report;
19. Compliance with all Fire Department comments noted in the staff report;
20. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit Development site plan prior to its recording in Probate Court, and the provision of one (1) copy of the recorded site plan (hard copy and pdf) to Planning and Zoning; and,
21. Full compliance with all municipal codes and ordinances.

Copies of the application and reports are attached.

Sincerely,

Stephen Guthrie

THE CITY OF MOBILE, ALABAMA
MOBILE CITY PLANNING COMMISSION

LETTER OF DECISION

August 25, 2025

Kari Givens
Byrd Surveying, Inc.
2609 Halls Mill Road
Mobile, Alabama 36606

Re: 4350 Moffet Road
MOD-003418-2025
Fred Marshall Court Subdivision
Kari Givens, Byrd Surveying, Inc.
District 1
Major Modification of a previously approved Planned Unit Development allowing multiple buildings on a single building site, to allow construction of a multi-family development with 50 dwelling units in multiple buildings on a single building site.

Dear Applicant(s)/ Property Owner (s):

At its meeting on August 21, 2025, the Planning Commission considered the above referenced application.

After discussion the Planning Commission determined the following Findings of Fact to support modification of the previously approved Planned Unit Development:

a. The request is consistent with all applicable requirements of this Chapter;
b. The request is compatible with the character of the surrounding neighborhood;
c. The request will not impede the orderly development and improvement of surrounding property;
d. Having considered the applicable factors, the request will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood;
e. The request is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;
f. The request is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
g. The request hall not be detrimental or endanger the public health, safety or general welfare.
h. Benefits Consideration. In addition, consideration was given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

As such, the Planning Commission voted to recommend approval of the Major Planned Unit Development Modification to the City Council, subject to the following conditions:

1. Retention of the 25-foot front yard setback along Fred Marshall Court on the Final PUD Site Plan, adjusted for any required dedication resulting from the subdivision request;
2. Retention of the lot size in square feet on the Final PUD Site Plan, adjusted for any required dedication, or provision of a table with this information;
3. Labeling of each building with its size in square feet on the Final PUD Site Plan, or provision of a table with this information;
4. Retention of the illustrated 75-foot rear setback on the Final PUD Site Plan, noting that removal in the future would require re-subdivision;
5. Revision of the Final PUD Site Plan to illustrate compliance with the bicycle parking requirements of Article 3, Section 64-3-12.A.9. of the UDC, including minimum required quantity and location;
6. Revision of the site plan to depict a minimum 24-foot-wide drive aisle to the rear of the community building providing access to a dumpster enclosure, unless the site is reconfigured for one-way circulation requiring only 14-foot-wide aisles;
7. Retention of directional arrows illustrating on-site traffic circulation on the Final PUD Site Plan, updated as necessary to reflect any revisions to drive aisle widths;
8. Retention of a note on the Final PUD Site Plan stating that parking lot lighting will comply with the illumination standards of Section 64-3-9.C. of the UDC;
9. Provision of a note on the Final PUD Site Plan stating that the site will comply with the architectural design feature requirements of Article 3, Section 64-3-6 of the UDC, including at least one element from each applicable design category (Site Frontage, Building Form – Height, Building Form – Wall, Architectural Feature);
10. Provision of a note stating the proposed buildings will not exceed 50 feet in height, in compliance with Article 2, Section 64-2-7.E. of the UDC;
11. Verification and, if necessary, revision of the landscape area calculation (currently listed as 225,415± square feet) on the Final PUD Site Plan to ensure accuracy and consistency with the total site area;
12. Retention of a note on the Final PUD Site Plan stating that the site will comply with the tree planting requirements of Article 3, Section 64-3-7 of the UDC;
13. Retention of the note on the Final PUD Site Plan stating all dumpsters will comply with the enclosure and placement standards of Section 64-3-13.A.4. of the UDC;
14. Provision of a note stating any signage proposed for the site must be reviewed and permitted separately by the Planning and Zoning Department; illuminated signage must be installed by a licensed and bonded contractor and permitted through the Permitting Department;
15. Retention of the note on the Final PUD Site Plan stating that future development or redevelopment of the site may require additional modifications to the PUD, subject to approval by the Planning Commission and City Council;
16. Compliance with all Engineering comments noted in the staff report;
17. Compliance with all Traffic Engineering comments noted in the staff report;
18. Compliance with all Urban Forestry comments noted in the staff report;
19. Compliance with all Fire Department comments noted in the staff report;

20. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit Development site plan prior to its recording in Probate Court, and the provision of one (1) copy of the recorded site plan (hard copy and pdf) to Planning and Zoning; and,
21. Full compliance with all municipal codes and ordinances.

The advertising fee for this application is based on the current legal description is **$962.16.** Upon receipt of this fee (*check made out to the "City of Mobile"*), your application will be forwarded to the City Clerk's office to be scheduled for public hearing by the City Council.

Once the application has been approved by the City Council, the approved site plan illustrating compliance with all required conditions must be recorded in Probate Court. A copy of the recorded document in pdf format must be submitted to the Planning and Zoning Department via email (planning@cityofmobile.org) or uploaded to the case via CSS. If no construction permit is obtained to implement the approved modification within two (2) years of approval, the modification shall expire, unless an extension request is filed and approved by the Planning Commission and City Council.

If you have any questions regarding this action, please call this office at 251-208-5895.

Sincerely,

MOBILE CITY PLANNING COMMISSION
Ms. Jennifer Denson, Secretary

As an adjacent property owner to 4350 Moffett Road I do have an opinion about the multi-family development being considered next door to me. We already have our quota of children in the neighborhood which quota is fed by Forest Hill Elementary School and Scarborough Middle School. I do not dislike children but when there is disrespect of property shown by them, it is not a good thing. I am opposing a multi-family arrangement.

We had problems with children when St. Mary's home was in the location next door and those were only a few children. More problems came when Scarborough Middle School was built.

Because we have property surrounding us we have pleasant living conditions. My husband and I do not approve of any changes requested and based on the information I have received there would be no benefit to the neighborhood in the future because of it.

Over loading a community increases the opportunity for crime, criminals love that and we should all be concerned about that.

And speaking of over loading what's to become of traffic entering and exiting into and away from Moffett Road. As it stands today I can hardly get out of my driveway onto Moffett Road now.

Please reconsider this poorly construed plan to build dwellings in this location. (For the sake of the neighborhood and the present residents.)

PUBLIC HEARING NOTICE

MOBILE
ALABAMA

Re: 4350 Moffet Road
MOD-003418-2025
Fred Marshall Court Subdivision
District 1
Major Modification of a previously approved Planned Unit Development allowing multiple buildings on a single building site, to allow all construction of a multi-family development with 50 dwelling units in multiple buildings on a single building site.

Dear Applicant(s) / Owner(s):

The Mobile City Planning Commission will hold a Public Hearing on Thursday, August 21 , 2025, at 2:00 p.m. to consider your above referenced application.

The meeting will be held in the Auditorium at 205 Government Street, Mobile, Alabama.

Your presence, or that of your agent, is required at this hearing. Failure to participate in the hearing may result in a denial of your request. Please be prepared to present your application to the Commission and respond to any questions they might have.

If you wish to comment on the application, you may email your comments to planning@cityofmobile.org or upload your comments to the case, which can be found under the meeting date on the web portal at https://www.buildmobile.org/planning-commission/. You may also submit comments by letter:

Planning & Zoning/City of Mobile
P.O. Box 1827
Mobile, Alabama 36633-1827

Include your full name and address with any comments. All comments must be submitted via email or uploaded to the portal, or received via mail, by 2:00 p.m. on Wednesday, August 20, 2025, to allow adequate time for the Commission members to review the information.

For additional information or assistance, please contact a Planner at (251) 208-5895.

Address:	[redacted]	

2. PROPERTY INFORMATION Attach a brief description of the property location, parcel number, and legal description.

4350 MOFFETT ROAD — Property Address
KEY #00429511

8.937 ACRES — Property Area (acres or square feet)

Parcel Number(s) or Key Number(s)

R-3 — Present Zoning or Transect District

R-3 — Proposed Zoning or Transect District (if applicable)

3. NEIGHBORHOOD MEETING Attach the Neighborhood Meeting Documentation if applicable.

This requirement applies to any of the following applications:

a) Any Rezoning to a higher classification;
b) Any application to create or modify a Planned Development; or
c) Any Conditional Use Permit.

Have you provided the required Neighborhood Meeting Documentation, if applicable? ☐ Yes ☐ No

4. LABELS FOR NOTIFICATION Provide the names and complete addresses of owners of property lying within 300 feet of the property in this application, as shown by the latest assessment records of the Mobile County Revenue Commissioner's Office located in the plat and map room. ALL property ownership information provided for notification MUST be verified through Probate Court records. Each name and address must be TYPED on a standard size (approximately 1" x 2-5/8") white self-adhesive label. Include one (1) label with the APPLICANT'S name and address, plus one (1) label with the OWNER'S name and address (if applicant and owner differ). A PHOTOCOPY OF THE TYPED LABELS MUST ALSO BE SUBMITTED. (Please use 8 1/2" x 11" sheets of labels).

5. SIGNATURE It is warranted in good faith by the applicant whose name is signed hereto that all of the above facts are true and correct.

Christopher Pfeiffer — Owner Signature

7/14/25 — Date

Kori P. Given — Applicant or Agent Signature (if applicable)

7/14/25 — Date

AGREEMENT ALLOWING THE CITY OF MOBILE TO POST PUBLIC NOTICE SIGNS ON PROPERTY PENDING BEFORE THE MOBILE CITY PLANNING COMMISSION

I hereby agree to allow the City of Mobile to post on my property, which is under consideration for Planning Commission/City Council approval, a sign notifying the general public of said request. I understand that the City of Mobile will erect and maintain said sign for the prescribed period of time.

Kori P. Given — Applicant or Agent Signature

7/14/25 — Date

CHECKLIST D
Previously approved Planning Approvals and Planned Unit Developments

The following are required to evaluate applications for Previously approved Planning Approvals and Planned Unit Developments. Please provide a statement for all items.

The following information is required for Planned Development Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

- ■ Planning Commission Application
- ■ A site plan that shows existing and proposed improvements and indicates proposed modification of prior approval

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.
   THE PROPERTY IS CURRENTLY ZONED R-3 AND OUR PROPOSAL CONFORMS TO THE R-3 REQUIREMENTS

   LOW DENSITY RESIDENTIAL
   Future Land Use Map (FLUM) Designation

2. Describe how is the proposal and plan compatible with the character of the surrounding neighborhood.
   THIS PROPOSAL IS FOR SINGLE FAMILY HOUSING UNITS WITH 6 UNITS PER BUILDING. THERE IS VACANT LAND ADJOINING THE WEST LINE AND RESIDENTIAL HOUSING ADJOINING THE NORTH AND EAST LINES. THERE IS A MASONIC LODGE ADJOINING THE SOUTH LINE AND RESIDENTIAL HOUSING ALSO ADJOINS THE SOUTH LINE.

3. Describe how the proposal prevents impacts on the development or improvement of adjacent property.
   THIS PROPOSAL WILL NOT IMPACT THE DEVELOPMENT OR IMPROVEMENT OF THE ADJOINING PROPERTIES.

4. Does the site design include adequate public facilities and utilities? ■ Yes ☐ No

5. Does the plan provide appropriate ingress and egress? (Please provide a site plan showing ingress and egress)
   ■ Yes ☐ No

6. Please provide the following information:

   ☐ The location, type and height of buildings or structures: (e.g., The existing structure is 24 feet tall)
   EXISTING BUILDINGS WILL BE REMOVED. NEW STRUCTURES WILL BE 26 FEET TALL.

   ☐ The type and location of landscaping and screening: (e.g., A row of shrubs is located along the western edge of the property)
   EXISTING TREES ALONG PROPERTY LINES WILL REMAIN. WE PROPOSE A 75 FOOT VEGETATIVE BUFFER ALONG THE NORTH LINE.

   ☐ Lighting:
   PER CITY ORDINANCE

   ☐ Hours of operation:

   ☐ Other conditions that are unique to the use of the property:

7. Describe how the proposal will minimize elements that may be noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; or have elements that are detrimental to the public health, safety or general welfare.
   THIS DEVELOPMENT WILL NOT HAVE ANY OF THE ITEMS LISTED AND WILL BE COMPARABLE TO ANY RESIDENTIAL SUBDIVISION.

8. Describe how the proposal is in the City's or the larger community's best interest and what needs, benefits, or public purposes it serves.
   THIS DEVELOPMENT WILL PROVIDE THE SENIOR CITIZENS OF MOBILE AN OPPORTUNITY TO LIVE IN A MODERN RESIDENTIAL HOUSING AREA.

City of Mobile · Planning & Zoning

Planning Commission Application

For hard copy submissions, SEVEN (7) COPIES of all the necessary information as required by the Zoning Ordinance, including the site plan, must be submitted along with **seven (7) paper copies of this application by NOON** on the deadline filing date. Otherwise, this application will not be accepted. Separate application packets and fees are required for each application type. Digital submissions are required by noon on the deadline filing date.

Fees

Conditional Use Permit $500
Conditional Use Permit for Above-Ground Oil Storage Tank* $1,500
Conditional Use Permit for Hazardous Substance Storage Tank* $1,500
Rezoning, Text Amendment, or Specific Area Plan $500
Planned Development $500
Planning Approval or Planned Unit Development $500

Notification fees: First Class Postage per property owner within 300', and each applicant/owner.

Additional fees: A legal advertisement fee will be required for each application, after consideration by the Planning Commission and prior to consideration by the City Council. If approved by the City Council, documentation must be recorded in Mobile County Probate Court at the expense of the applicant.

* For Above-Ground Oil Storage Tank or Hazardous Substance Storage Tank applications, please contact staff for additional information regarding fee, legal ad and notification requirements.

APPLICATION TYPE Please select the application type. Please complete the appropriate checklist (A, B, C, or D) for a full list of application requirements.

☐ **Conditional Use Permits**
Checklist A

☐ **Rezoning, Text Amendment, or Specific Area Plan Amendments**
Checklist B

☐ **Planned Development**
Checklist C

■ **Previously approved Planning Approvals or Planned Unit Development**

Present Zoning or Transect District

R-3
Proposed Zoning or Transect District (if applicable)

3. NEIGHBORHOOD MEETING Attach the Neighborhood Meeting Documentation if applicable.

This requirement applies to any of the following applications:

a) Any Rezoning to a higher classification;
b) Any application to create or modify a Planned Development; or
c) Any Conditional Use Permit.

Have you provided the required Neighborhood Meeting Documentation, if applicable? ☐ Yes ☐ No

4. LABELS FOR NOTIFICATION Provide the names and complete addresses of owners of property lying within 300 feet of the property in this application, as shown by the latest assessment records of the Mobile County Revenue Commissioner's Office located in the plat and map room. ALL property ownership information provided for notification MUST be verified through Probate Court records. Each name and address must be TYPED on a standard size (approximately 1" x 2-5/8") white self-adhesive label. Include one (1) label with the APPLICANT'S name and address, plus one (1) label with the OWNER'S name and address (if applicant and owner differ). A PHOTOCOPY OF THE TYPED LABELS MUST ALSO BE SUBMITTED. (Please use 8 1/2" x 11" sheets of labels).

5. SIGNATURE It is warranted in good faith by the applicant whose name is signed hereto that all of the above facts are true and correct.

CHECKLIST D
Previously approved Planning Approvals and Planned Unit Developments

The following are required to evaluate applications for Previously approved Planning Approvals and Planned Unit Developments. Please provide a statement for all items.

The following information is required for Planned Development Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

- ■ Planning Commission Application
- ■ A site plan that shows existing and proposed improvements and indicates proposed modification of prior approval

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.
   THE PROPERTY IS CURRENTLY ZONED R-3 AND OUR PROPOSAL CONFORMS TO THE R-3 REQUIREMENTS

   LOW DENSITY RESIDENTIAL
   Future Land Use Map (FLUM) Designation

2. Describe how is the proposal and plan compatible with the character of the surrounding neighborhood.
   THIS PROPOSAL IS FOR SINGLE FAMILY HOUSING UNITS WITH 6 UNITS PER BUILDING. THERE IS VACANT LAND ADJOINING THE WEST LINE AND RESIDENTIAL HOUSING ADJOINING THE NORTH AND EAST LINES. THERE IS A MASONIC LODGE ADJOINING THE SOUTH LINE AND RESIDENTIAL HOUSING ALSO ADJOINS THE SOUTH LINE.

3. Describe how the proposal prevents impacts on the development or improvement of adjacent property.
   THIS PROPOSAL WILL NOT IMPACT THE DEVELOPMENT OR IMPROVEMENT OF THE ADJOINING PROPERTIES.

4. Does the site design include adequate public facilities and utilities? ■ Yes ☐ No

5. Does the plan provide appropriate ingress and egress? (Please provide a site plan showing ingress and egress)
   ■ Yes ☐ No

6. Please provide the following information:

☐ The location, type and height of buildings or structures: (e.g., The existing structure is 24 feet tall)
EXISTING BUILDINGS WILL BE REMOVED. NEW STRUCTURES WILL BE 26 FEET TALL.

☐ The type and location of landscaping and screening: (e.g., A row of shrubs is located along the western edge of the property)
EXISTING TREES ALONG PROPERTY LINES WILL REMAIN. WE PROPOSE A 75 FOOT VEGETATIVE BUFFER ALONG THE NORTH LINE.

☐ Lighting:
PER CITY ORDINANCE

☐ Hours of operation:

☐ Other conditions that are unique to the use of the property:

7. Describe how the proposal will minimize elements that may be noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; or have elements that are detrimental to the public health, safety or general welfare.
THIS DEVELOPMENT WILL NOT HAVE ANY OF THE ITEMS LISTED AND WILL BE COMPARABLE TO ANY RESIDENTIAL SUBDIVISION.

8. Describe how the proposal is in the City's or the larger community's best interest and what needs, benefits, or public purposes it serves.
THIS DEVELOPMENT WILL PROVIDE THE SENIOR CITIZENS OF MOBILE AN OPPORTUNITY TO LIVE IN A MODERN RESIDENTIAL HOUSING AREA.

Subject: 24/7 Development Partners of Alabama, LLC (MOD-003418-2025)

Good afternoon,

We have completed our review of the above-referenced application for a Major Modification to a previously approved Planned Unit Development and determined that it is **partially complete**.

An invoice for the application fees has been issued. Once payment is received, the application will be placed on the appropriate Planning Commission agenda. However, **please provide a legal description in Microsoft Word or other comparable format** of the subject property in order to accurately calculate the City Council advertising fees.

Following the Planning Commission's recommendation, this legal description must be submitted to the Planning and Zoning Department **before** the application can proceed to the City Council for final consideration.

If application fees are paid **by noon on July 21, 2025**, the application will be scheduled for the **August 21, 2025,** Planning Commission agenda.

IMPORTANT

The City of Mobile Planning and Zoning Department will **never request payment via wire transfer** or any other suspicious method. If you receive any questionable communication claiming to be from our department, please report it immediately to: planning@cityofmobile.org.

If you have any questions or need further assistance, please don't hesitate to reach out.

JULY 16, 2025

NARRATIVE FOR THE SUBDIVISION AND PUD MODIFICATION FOR
FRED MARSHALL COURT, 4350 MOFFETT ROAD

THE SUBDIVISION AND PUD MODIFICATION FOR THIS PROPERTY APPEARED BEFORE THE PLANNING COMMISSION ON MAY 15, 2025, AND WAS APPROVED WITH CONDITIONS.

AT THE TIME OF SUBMITTAL AND AT THE MEETING THE APPLICATIONS WERE PRESENTED AS OWNING THE 50' DRIVE FROM MOFFETT ROAD NORTHWARDLY TO THE "BUILDABLE" PORTION OF THE PROPERTY BUT THIS WAS IN ERROR. THE BISHOP OF MOBILE, A PREVIOUS OWNER, HAD CONVEYED THE ENTRANCE DRIVE (50' x 320') TO THE COUNTY OF MOBILE ON JULY 18, 1962, AND THROUGH ANNEXATION, THE STREET BECAME PART OF THE MOBILE CITY STREET SYSTEM.

LOT 1, THAT WE SHOW ON THE SUBDIVISION PLAT, HAS USED THIS STREET AS ACCESS TO MOFFETT ROAD FOR THE LAST 63 YEARS.

PLANNING COMMISSION
VICINITY MAP - EXISTING AERIAL

The site is surrounded by residential units.

APPLICATION NUMBER 9 DATE August 21, 2025

APPLICANT Fred Marshall Court Subdivision

REQUEST Subdivision, PUD Modification

N

NTS

SITE HISTORY

The site was approved as a non-conforming lot of record in 1998. That same year, in June, an Administrative Planned Unit Development (PUD) was approved to allow construction of multiple buildings on a single building site for use as a residential treatment and alternative education facility for children under 18. Administrative amendments to the PUD were approved in November 1999.

In May 2011, the Board of Zoning Adjustment approved a Use Variance to allow use of a separate building on the property as transitional housing for unhoused youth between the ages of 18 and 21.

Most recently, at its May 15, 2025, meeting, the Planning Commission tentatively approved a one-lot subdivision of the site and a Major Modification to the previously approved PUD to allow a multi-family development consisting of 50 dwelling units in multiple buildings on a single building site.

STAFF COMMENTS

Engineering Comments:

Subdivision

FINAL PLAT COMMENTS (should be addressed prior to submitting the FINAL PLAT for review):

A. Provide all of the required information on the SUBDIVISION PLAT (i.e. signature blocks, signatures, certification statements, written legal description, required notes, legend, scale, bearings and distances) that is required by the current Alabama State Board of Licensure for Professional Engineers and Land Surveyors.
B. Email a pdf copy of the FINAL SUBDIVISION PLAT and LETTER OF DECISION to the Permitting Engineering Dept. for review at land.disturbance@cityofmobile.org prior to obtaining any signatures. No signatures are required on the drawing.

Planned Unit Development Modification

1. Retain NOTES #1 - #7, as shown on the PUD MODIFICATION drawing.

Traffic Engineering Comments:

Driveway number, size, location, and design to be approved by Traffic Engineering and conform to AASHTO standards. Any required on-site parking, including ADA handicap spaces, shall meet the minimum standards as defined in Article 3, Section 64-3-12 of the City's Unified Development Code.

Urban Forestry Comments:

Property to be developed in compliance with state and local laws that pertain to tree preservation and protection on both city and private properties [Act 929 of the 1961 Regular Session of the Alabama Legislature (Acts 1961, p. 1487), as amended, and City Code Chapters 57 and 65]. Private removal of trees in the right-of-way will require approval of the Mobile Tree Commission. Removal of heritage trees from undeveloped residential sites, developed residential sites in historic districts, and all commercial sites will require a tree removal permit.

Fire Department Comments:

All projects located within the City Limits of Mobile shall comply with the provisions of the City of Mobile Fire Code Ordinance, which adopts the 2021 edition of the *International Fire Code (IFC)*.

Fire apparatus access roads shall be provided to within 150 feet of all non-sprinklered commercial buildings and within 300 feet of all sprinklered commercial buildings, as measured along an approved route around the exterior of the facility.

An approved fire water supply capable of meeting the requirements set forth in *Appendices B and C* of the 2021 IFC shall be provided for all commercial buildings.

Fire hydrant placement shall comply with the following minimum standards:

- Within 400 feet of non-sprinklered commercial buildings
- Within 600 feet of sprinklered commercial buildings
- Within 100 feet of fire department connections (FDCs) serving standpipe or sprinkler systems

Although the *International Residential Code (IRC)* functions as a stand-alone document for the construction of one- and two-family dwellings and townhouses, it does not govern the design or layout of emergency access or community-level fire protection infrastructure. Therefore, residential developments must also comply with the applicable requirements of the *International Fire Code*, including, but not limited to, those listed above concerning the design, construction, regulation, and maintenance of fire apparatus access roads and fire protection water supplies.

Planning Comments:

Subdivision

As previously noted, the site was approved as a non-conforming lot of record in 1998; however, any redevelopment of the property must comply fully with current regulations, including the Subdivision Regulations. Accordingly, the subdivision request considered in May 2025 sought to create one legal lot of record from an existing metes-and-bounds parcel. The request was tentatively approved, contingent upon the rezoning of a portion of the property containing what had been considered a private drive—Fred Marshall Court—which provides access to the site from Moffett Road.

Since that time, the applicant has revised the subdivision plat to reflect the dedication of this segment of land for public maintenance. Although a deed describing the dedication was recorded in the Mobile County Probate Court in August 1962, it was not accounted for on recent parcel maps of the property. This application therefore serves to formally recognize the previously recorded dedication, thereby eliminating the need for rezoning.

Reference to the recorded deed dedicating Fred Marshall Court for public maintenance—such as its book and page number, instrument number, or other applicable recording information—should be provided on the Final Plat, if approved.

The site is served by public water and sanitary sewer.

The proposed lot has frontage on Fred Marshall Court, which may be considered a minor street with curb and gutter requiring a 50-foot-wide right-of-way. The preliminary plat depicts sufficient right-of-way, making additional dedication unnecessary.

The lot, as proposed, exceeds the minimum size requirements for lots served by public water and sanitary sewer in an R-3, Multi-Family Residential Suburban District, and is appropriately labeled with this information in square feet and acres on the preliminary plat, as required by Section 5.A.2(e)(4) of the Subdivision Regulations. This information should be retained on the Final Plat, if approved, adjusted for any required dedication; or the provision of a table on the Final Plat with the same information will suffice.

A 25-foot building setback line is illustrated along Fred Marshall Court, in compliance with Section 6.C.8. of the Subdivision Regulations and Article 2 Section 64-2-7.E. of the Unified Development Code (UDC) for lots in an R-3 Suburban zoning district. This information should be retained on the Final Plat, if approved, adjusted for any required dedication.

A 75-foot building setback line is illustrated along the rear property line, to the North. This is not a requirement of either the Subdivision Regulations or the UDC. As such, if approved, development of the property will be subject to a building setback at this location that is greater than what is required by current regulations. If the Final Plat is recorded with this setback, its removal in the future will require re-subdivision of the property to amend the plat.

Planned Unit Development Modification

The site plan depicts re-development of the property with a 50-unit apartment complex with ten (10) apartment buildings, a community building, and multiple dumpster pads. Each of the proposed apartment buildings contains five (5) dwelling units with a mixture of one (1), two (2), and three (3)-bedroom apartments. A detailed description of the request and all application materials are available at the link on Page 1 of this report.

The required 25-foot front yard setback is illustrated along Fred Marshall Court and should be retained on the Final PUD Site Plan, if approved, adjusted for any required dedication resulting from the subdivision request.

A 75-foot building setback is illustrated along the rear property line, which will serve as a residential buffer for the single-family dwellings to the North. No such buffer is proposed for the single-family dwellings to the East, or for the single-family residentially zoned property to the West; however, the Unified Development Code (UDC) does not require a residential buffer between residentially zoned properties, and it should be noted that the R-3, Multi-Family Residential Suburban District, is a residential zoning district.

The size of the lot is provided in square feet in a table on the site plan. This information should be retained on the Final PUD Site Plan, if approved, adjusted for any required dedication resulting from the subdivision request.

Table 64-3-12.1 of Article 3 of the UDC requires 1.5 off-street parking spaces per dwelling unit, thus the site requires 70 off-street parking spaces. A table on the site plan indicates there are 90 off-street parking spaces, each of which appears to meet the dimensional standards outlined in Table 64-3-12.2 of Article 3 of the UDC.

Curbing is illustrated where vehicles could extend beyond the proposed parking facilities, along with pedestrian walkways leading from each parking area to each of the proposed buildings.

No sidewalk is proposed along Fred Marshall Court. The existing frontage is already fully developed with roadway improvements, leaving minimal space to accommodate sidewalk construction.

Bicycle parking is not shown on the site plan or addressed in the parking table. The site plan should be revised to illustrate compliance with the bicycle parking standards of Article 3, Section 64-3-12.A.9. of the UDC, including required minimums and location specifications.

Two-way traffic circulation is proposed throughout the site, requiring 24-foot-wide drive aisles in accordance with Table 64-3-12.2 of Article 3 of the UDC. All proposed drive aisles meet this requirement, except for the aisle located to the rear of the community building, which provides access to a dumpster enclosure and is shown as only 20 feet wide. Therefore, the site plan should be revised to illustrate a minimum 24-foot-wide drive aisle at this location, unless the layout is reconfigured to accommodate one-way circulation, which would require a minimum aisle width of 14 feet.

Directional arrows illustrating traffic circulation are depicted on the site plan and should be retained on the Final PUD Site Plan, if approved. This information should be updated, as needed, to reflect any revisions to the drive aisle behind the community building.

Redevelopment of the site requires the provision of parking lot lighting, which must meet the illumination standards of Section 64-3-9.C. of the UDC. A note stating as much is provided on the site plan and should be retained on the Final PUD Site Plan, if approved. A photometric plan will be required at the time of permitting to verify the site will comply with these requirements.

No elevation drawings were provided as part of this application, but it should be noted that the proposed buildings will need to include at least one feature from each of the following design categories, the details of which are found in Section 64-3-6 of Article 3 of the UDC: 1) Site Frontage; 2) Building Form – Height; 3) Building Form – Wall; and, 4) an Architectural Feature.

The narrative from the prior PUD modification stated that all buildings would not exceed 26 feet in height, but no height information was submitted with the current application. Therefore, it should be noted that the maximum height allowed in the R-3 Suburban District is 50 feet.

The size of each building should be labeled in square feet on a revised site plan, if approved. Alternatively, a table on the Final PUD Site Plan containing this information would suffice.

In addition to approval of the PUD modification, the applicant is seeking relief from the UDC to allow reduced landscape area. Based on the size of the property, Section 64-2-7.E. of the UDC requires 58,393± square feet (15%) of the site to be landscaped, 35,036± square feet (60%) of which is required to be planted between the street-facing property line and any building wall(s) facing the street. The applicant proposes planting a total of 225,415± square feet (56%) of landscaping, 20,113± square feet of which will be front landscape area (5% of the site and 33% of the required amount of front landscape area). No justification for this request was provided.

Although the proposed total landscape area may fulfill the general intent of the UDC landscaping requirements, the stated 225,415 square feet may be inaccurate, as this area exceeds five (5) acres and the total site area is approximately nine (9) acres. The applicant should verify and, if necessary, revise this calculation for inclusion on the Final PUD Site Plan.

Tree plantings are illustrated on the site plan, but compliance with Article 3 tree planting requirements cannot be confirmed. A note on the site plan states the development will comply with Section 64-3-7 of the UDC. This note should be retained on the Final PUD Site Plan, if approved. A detailed tree and landscape plan will be required at the time of permitting to confirm full compliance.

Pursuant to Article 2, Section 64-2-7.E. of the UDC, a minimum of 700 square feet of open space is required per dwelling unit within an R-3 Suburban District. For 50 dwelling units, 35,000 square feet of open space is required. The site appears to meet this requirement, based on the proposed 225,415± square feet of landscape area.

Multiple dumpster enclosures are illustrated and labeled on the site plan. A note indicating that all dumpsters must comply with the enclosure and placement standards of Section 64-3-13.A.4. of the UDC is included and should be retained on the Final PUD Site Plan, if approved.
No signage is illustrated or described in the submitted application materials. Any proposed signage must be reviewed and permitted separately by the Planning and Zoning Department. Illuminated signage must be designed and installed by a licensed and bonded sign contractor and will also require electrical permits from the Permitting Department.

Any future development or redevelopment of the lot may require additional modification of the PUD to be approved by the Planning Commission and City Council. A note stating as much is on the site plan and should be retained on the Final PUD Site Plan, if approved.

A revised Modified PUD site plan (hard copy and pdf) should be submitted to and approved by Planning and Zoning prior to recording the plan in Probate Court, as required by Section 64-5-8-B.2(f) of the UDC.

SUBDIVISION CONSIDERATIONS

Standards of Review:

Subdivision review examines the site with regard to promoting orderly development, protecting general health, safety and welfare, and ensuring that development is correlated with adjacent developments and public utilities and services, and to ensure that the subdivision meets the minimum standards set forth in the Subdivision Regulations for lot size, road frontage, lot configuration, etc.

Considerations:

If the Planning Commission considers approving the Subdivision request the following conditions could apply:

1. Placement of a reference on the Final Plat to the recorded deed dedicating Fred Marshall Court for public maintenance (e.g., book and page number, instrument number, etc.);
2. Retention of the 50-foot-wide right-of-way along Fred Marshall Court;
3. Retention of the lot size label in both square feet and acres, or provision of a table on the Final Plat with the same information;
4. Retention of the 25-foot minimum front yard setback line along Fred Marshall Court, in compliance with Section 6.C.8. of the Subdivision Regulations and Article 2 Section 64-2-7.E. of the Unified Development Code;
5. Retention of the illustrated 75-foot rear setback line, if the applicant intends to exceed minimum setback requirements, with the understanding that its removal in the future will require re-subdivision of the property;
6. Compliance with all Engineering comments noted in this staff report;
7. Placement of a note on the Final Plat stating all Traffic Engineering comments noted in this staff report;
8. Compliance with all Urban Forestry comments noted in this staff report; and,
9. Compliance with all Fire Department comments noted in this staff report.

PLANNED UNIT DEVELOPMENT MODIFICATION CONSIDERATIONS

Standards of Review:

The Unified Development Code (UDC) in Section 64-5-8-B.(5) states the following concerning Planned Unit Development Modifications:

Approval Criteria. The Planning Commission shall not recommend a major modification for approval, and the City Council shall not approve the modification, unless the proposed modification:

1. Is consistent with all applicable requirements of this Chapter;
2. Is compatible with the character of the surrounding neighborhood;
3. Will not impede the orderly development and improvement of surrounding property;
4. Will not adversely affect the health, safety or welfare of persons living or working in the surrounding neighborhood, or be more injurious to property or improvements in the neighborhood:

    a. In making this determination, the Planning Commission and City Council shall consider the location, type and height of buildings or structures, the type and extent of landscaping and screening, lighting, hours of operation or any other conditions that mitigate the impacts of the proposed development; and
    b. Includes adequate public facilities and utilities;

5. Is subject to adequate design standards to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads;
6. Is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
7. Shall not be detrimental or endanger the public health, safety or general welfare.
8. Benefits Consideration. In addition, consideration should also be given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

Considerations:

If the Planning Commission considers a recommendation of approval of the Modified Planned Unit Development, the following conditions could apply:

1. Retention of the 25-foot front yard setback along Fred Marshall Court on the Final PUD Site Plan, adjusted for any required dedication resulting from the subdivision request;
2. Retention of the lot size in square feet on the Final PUD Site Plan, adjusted for any required dedication, or provision of a table with this information;
3. Labeling of each building with its size in square feet on the Final PUD Site Plan, or provision of a table with this information;
4. Retention of the illustrated 75-foot rear setback on the Final PUD Site Plan, noting that removal in the future would require re-subdivision;
5. Revision of the Final PUD Site Plan to illustrate compliance with the bicycle parking requirements of Article 3, Section 64-3-12.A.9. of the UDC, including minimum required quantity and location;
6. Revision of the site plan to depict a minimum 24-foot-wide drive aisle to the rear of the community building providing access to a dumpster enclosure, unless the site is reconfigured for one-way circulation requiring only 14-foot-wide aisles;
7. Retention of directional arrows illustrating on-site traffic circulation on the Final PUD Site Plan, updated as necessary to reflect any revisions to drive aisle widths;

8. Retention of a note on the Final PUD Site Plan stating that parking lot lighting will comply with the illumination standards of Section 64-3-9.C. of the UDC;
9. Provision of a note on the Final PUD Site Plan stating that the site will comply with the architectural design feature requirements of Article 3, Section 64-3-6 of the UDC, including at least one element from each applicable design category (Site Frontage, Building Form – Height, Building Form – Wall, Architectural Feature);
10. Provision of a note stating the proposed buildings will not exceed 50 feet in height, in compliance with Article 2, Section 64-2-7.E. of the UDC;
11. Verification and, if necessary, revision of the landscape area calculation (currently listed as 225,415± square feet) on the Final PUD Site Plan to ensure accuracy and consistency with the total site area;
12. Retention of a note on the Final PUD Site Plan stating that the site will comply with the tree planting requirements of Article 3, Section 64-3-7 of the UDC;
13. Retention of the note on the Final PUD Site Plan stating all dumpsters will comply with the enclosure and placement standards of Section 64-3-13.A.4. of the UDC;
14. Provision of a note stating any signage proposed for the site must be reviewed and permitted separately by the Planning and Zoning Department; illuminated signage must be installed by a licensed and bonded contractor and permitted through the Permitting Department;
15. Retention of the note on the Final PUD Site Plan stating that future development or redevelopment of the site may require additional modifications to the PUD, subject to approval by the Planning Commission and City Council;
16. Compliance with all Engineering comments noted in this staff report;
17. Compliance with all Traffic Engineering comments noted in this staff report;
18. Compliance with all Urban Forestry comments noted in this staff report;
19. Compliance with all Fire Department comments noted in this staff report;
20. Submittal to and approval by Planning and Zoning of the revised Modified Planned Unit Development site plan prior to its recording in Probate Court, and the provision of one (1) copy of the recorded site plan (hard copy and pdf) to Planning and Zoning; and,
21. Full compliance with all municipal codes and ordinances.

Zoning District Correspondence Matrix

- ■ Directly Related
- ○ Elements of the zoning category are related to the future LU category, but with qualifications (such as a development plan with conditions)
- □ Land use category is appropriate, but the district does not directly implement the category (e.g., open space in an industrial district)

Residential Land Use

LOW DENSITY RESIDENTIAL (LDR)

This designation applies to existing residential neighborhoods found mostly west of the Beltline or immediately adjacent to the east side of the Beltline.

The primary land use in the LDR districts is residential and the predominant housing type is the single-family housing unit, detached or semi-detached, typically placed within a street grid or a network of meandering suburban streets. The density in these districts ranges between 0 and 6 dwelling units per acre (du/ac).

These neighborhoods may also contain small-scale, low-rise multi-unit structures at appropriate locations, as well as complementary retail, parks and civic institutions such as schools, community centers, neighborhood playgrounds, and churches or other religious uses if those uses are designed and sited in a manner compatible with and connected to the surrounding context. The presence of individual ancillary uses should contribute to the fabric of a complete neighborhood, developed at a walkable, bikeable human scale.

RESOLUTION

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, that the City Clerk be, and she hereby is, instructed to publish in a newspaper of general circulation within the municipality the attached notice stating the time and place a proposed amendment to the Zoning Ordinance is to be considered by the City Council and further stating that at such time and place all persons who desire shall have an opportunity of being heard in opposition to or in favor of the proposed amendment.

Adopted:

_____

City Clerk

Notice of Public Hearing to Consider Rezoning
Property located at
2602, 2610, 2612, 2614, & 2616 Old Shell Road
and 107 & 107 Item Avenue

Pursuant to Resolution of the Mobile, Alabama City Council adopted **September 9, 2025**, a public hearing will be held on the **14th** day of **October, 2025**, at 10:30 a.m., to consider adoption of an ordinance to rezone property located at 2602, 2610, 2612, 2614, & 2616 Old Shell Road and 107 & 107 Item Avenue from R-1, Single-Family Residential Urban District, and B-2, Neighborhood Business Urban District, to B-2, Neighborhood Business Urban District.

The public hearing will be held in the Auditorium of Government Plaza, 205 Government Street, Mobile, Alabama. All persons who desire shall have an opportunity to be heard in favor of or in opposition to the proposed amendment at such time and place. Further, the City Council may consider zoning classifications other than the ones sought by the applicant, and may take other actions allowed by law.

Lisa C. Lambert
City Clerk

AN ORDINANCE AMENDING THE ORDINANCE ADOPTED BY THE CITY COUNCIL OF THE CITY OF MOBILE ON THE 12TH DAY OF JULY, 2022, SAID ORDINANCE BEING COMMONLY KNOWN AS THE UNIFIED DEVELOPMENT CODE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOBILE AS FOLLOWS:

Section One: That the Ordinance commonly known as the Unified Development Code and adopted on July 12, 2022, together with the Zoning Map of the City of Mobile, be, and the same hereby is amended in respect to that certain property in the City of Mobile, State of Alabama, described as follows to-wit:

BEGINNING AT A CAPPED REBAR AT THE NORTHWEST CORNER OF OLD SHELL ROAD AND ITEM AVENUE IN THE CITY OF MOBILE, ALABAMA; THENCE NORTH 62°25'07" WEST ALONG THE NORTH LINE OF OLD SHELL ROAD 330.46 FEET TO A CAPPED REBAR; THENCE NORTH 04°59'53" EAST 689.50 FEET TO A CAPPED REBAR; THENCE SOUTH 83°03'23" EAST 165.69 FEET TO A CAPPED REBAR; THENCE SOUTH 05°13'42" WEST 594.18 FEET TO A CAPPED REBAR; THENCE SOUTH 85°44'37" EAST 140.72 FEET TO A CAPPED REBAR ON THE WEST LINE OF ITEM AVENUE; THENCE SOUTH 04°40'52" WEST ALONG SAID WEST LINE 218.43 FEET TO THE POINT OF BEGINNING.

The classification of said property is hereby changed from R-1, Single-Family Residential Urban District, and B-2, Neighborhood Business Urban District, to B-2, Neighborhood Business Urban District and it shall hereafter be lawful to construct on such property any structures permitted by the Ordinance of July 12, 2022, commonly known as the Unified Development Code and to use said premises for any use permitted by the terms of said Ordinance in a B-2, Neighborhood Business Urban District, provided, however, that the plans for any structure or building sought to be erected on said property shall be in compliance with the building laws of the City of Mobile, and that any structure shall be approved by the Building Inspector of the City of Mobile, and that any such structure be erected only in compliance with such laws, including the requirements of said Unified Development Code of July 12, 2022, and further provided, however, that no lot or

parcel of land herein above described shall be used for any use allowed in a B-2, Neighborhood Business Urban District, until the condition set forth below has been complied with: 1. Full compliance with all municipal codes and ordinances.

Section Two: This Ordinance shall be in force and effect from and after its adoption and publication.

NOTICE OF HEARING
OF PROPOSED AMENDMENT
TO THE UNIFIED DEVELOPMENT CODE

Notice is hereby given that the City Council of Mobile proposes to consider the adoption of the below synopsized amendment to the Ordinance adopted on the 12th day of July, 2022, and known as the "Unified Development Code". The adoption of such amendment will be considered by the City Council of Mobile in the Auditorium of the Government Plaza in Mobile, Alabama on the 14th day of October, 2025, at 10:30 AM. At such time and place all persons who desire shall have an opportunity to be heard in opposition to or in favor of the amendment.

Synopsis of Proposed Amendment to the Zoning Ordinance

The proposed amendment to the Unified Development Code was published in full on the 17th day of September, 2025 in the Lagniappe.

The proposed amendment to the Unified Development Code concerns the property within the City of Mobile, located at **2602, 2610, 2612, 2614, & 2616 Old Shell Road and 105 & 107 Item Avenue.**

The proposed amendment to the Unified Development Code changes the classification of the subject property from **R-1, Single-Family Residential Urban District and B-2, Neighborhood Business Urban District, to B-2, Neighborhood Business Urban District.** Under the proposed amendment to the Unified Development Code, it shall hereafter be lawful to construct on the subject property any structures and to use the subject property for any use, as permitted in **B-2** districts under the terms of the Unified Development Code of July 12, 2022, as amended. Any construction or erection on the subject property shall be in compliance with the building laws of the City of Mobile and shall be approved by the Building Inspector of the City of Mobile. Any such constructed or erected structure shall be erected or constructed in compliance with the laws of the City of Mobile, including without limitation the requirements of the Unified Development Code of July 12, 2022, as amended. Further, no lot or parcel shall be used for any use allowed in **B-2** districts until the following condition has been complied with: 1. Full compliance with all municipal codes and ordinances.

This proposed amendment to the Unified Development Code shall be in full force and effect from after its publication and adoption by the Mobile City Council.

AN ORDINANCE AMENDING THE ORDINANCE ADOPTED BY THE CITY COUNCIL OF THE CITY OF MOBILE ON THE 12TH DAY OF JULY, 2022, SAID ORDINANCE BEING COMMONLY KNOWN AS THE UNIFIED DEVELOPMENT CODE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOBILE AS FOLLOWS:

Section One: That the Ordinance commonly known as the Unified Development Code and adopted on July 12, 2022, together with the Zoning Map of the City of Mobile, be, and the same hereby is amended in respect to that certain property in the City of Mobile, State of Alabama, described as follows to-wit:

BEGINNING AT A CAPPED REBAR AT THE NORTHWEST CORNER OF OLD SHELL ROAD AND ITEM AVENUE IN THE CITY OF MOBILE, ALABAMA; THENCE NORTH 62°25'07" WEST ALONG THE NORTH LINE OF OLD SHELL ROAD 330.46 FEET TO A CAPPED REBAR; THENCE NORTH 04°59'53" EAST 689.50 FEET TO A CAPPED REBAR; THENCE SOUTH 83°03'23" EAST 165.69 FEET TO A CAPPED REBAR; THENCE SOUTH 05°13'42" WEST 594.18 FEET TO A CAPPED REBAR; THENCE SOUTH 85°44'37" EAST 140.72 FEET TO A CAPPED REBAR ON THE WEST LINE OF ITEM AVENUE; THENCE SOUTH 04°40'52" WEST ALONG SAID WEST LINE 218.43 FEET TO THE POINT OF BEGINNING.

The classification of said property is hereby changed from **R-1, Single-Family Residential Urban District, and B-2, Neighborhood Business Urban District, to B-2, Neighborhood Business Urban District** and it shall hereafter be lawful to construct on such property any structures permitted by the Ordinance of July 12, 2022, commonly known as the Unified Development Code and to use said premises for any use permitted by the terms of said Ordinance in a **B-2, Neighborhood Business Urban District,** provided, however, that the plans for any structure or building sought to be erected on said property shall be in compliance with the building laws of the City of Mobile, and that any structure shall be approved by the Building Inspector of the City of Mobile, and that any such structure be erected only in compliance with such laws, including the requirements of said Unified Development Code of July 12, 2022, and further provided, however, that no lot or parcel of land herein above described shall be used for any use allowed in a **B-2, Neighborhood Business Urban District,** until the condition set forth below has been complied with: 1. Full compliance with all municipal codes and ordinances.

Section Two: This Ordinance shall be in force and effect from and after its adoption and publication.

THE CITY OF MOBILE, ALABAMA
PLANNING & ZONING DEPARTMENT

MOBILE CITY PLANNING COMMISSION

September 3, 2025
City Council
Mobile Government Plaza
Mobile, Alabama 36644

Dear Council Members:

The Mobile City Planning Commission at its meeting on August 21, 2025, considered the request of **Ten Seven Properties, LLC** for a change in zoning from **Single-Family Residential Urban District (R-1), and Neighborhood Business Urban District (B-2), to Neighborhood Business Urban District (B-2),** for the property located at **2602, 2610, 2612, 2614, & 2616 Old Shell Road and 105 & 107 Item Avenue**.

After discussion it was decided to recommend approval of the rezoning request to the City Council subject to the following condition:

1. Full compliance with all municipal codes and ordinances.

Copies of the application and report are attached.

Sincerely,

Stephen Guthrie

LETTER OF DECISION

August 25, 2025

Kari Givens
Byrd Surveying, Inc.
2609 Halls Mill Road
Mobile, Alabama 36606

Re: 2602, 2610, 2612, 2614, & 2616 Old Shell Road and 105 & 107 Item Avenue
ZON-UDC-003420-2025
Ten Seven Subdivision
Kari Givens, Byrd Surveying, Inc.
District 1
Rezoning from Single-Family Residential Urban District (R-1) and Neighborhood Business Urban District (B-2), to Neighborhood Business Urban District (B-2).

Dear Applicant(s)/ Property Owner (s):

At its meeting on August 21, 2025, the Planning Commission considered the above referenced application.

After discussion the Planning Commission determined the following criteria prevail to support Rezoning of the property to **B-2, Neighborhood Business Urban District**:

A) Consistency. The proposed amendment is consistent with the Comprehensive Plan;
B) Compatibility. The proposed amendment is compatible with:
   (1) The current development trends, if any, in the vicinity of the subject property;
   (2) Surrounding land uses;
   (3) Would not adversely impact neighboring properties; or
   (4) Cause a loss in property values.
C) Health, Safety and General Welfare. The proposed amendment promotes the community's public health, safety, and general welfare.
D) Capacity. The infrastructure is in place to accommodate the proposed amendment; and,
E) Change. Changed or changing conditions in a particular area make an amendment necessary and desirable.
F) Benefits Consideration. In addition, consideration was given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

As such, the Planning Commission voted to recommend approval of Rezoning the property to **B-2, Neighborhood Business Urban District**, to the City Council, subject to the following condition(s):

1. Full compliance with all municipal codes and ordinances.

ZON-UDC-003420-2025 2602, 2610, 2612, 2614, & 2616 Old Shell Road and 105 & 107 Item Avenue

Rezoning from Single-Family Residential Urban District (R-1) and Neighborhood Business Urban District (B-2), to Neighborhood Business Urban District (B-2).

Dear Property Owner(s):

This letter is to advise adjacent property owners, as required by State Law, that the Mobile City Planning Commission will hold a Public Hearing on Thursday, August 21, 2025, at 2:00 p.m., to consider the above referenced application.

The meeting will be held in the Auditorium at 205 Government Street, Mobile, Alabama.

While your presence is not required, this notice is to advise you of the meeting so that you may participate and if you wish, present your views concerning this application to the Planning Commission. Please note, this application will not re-zone your property.

If you wish to comment on the application, you may email your comments to planning@cityofmobile.org or upload your comments to the case, which can be found under the meeting date on the web portal at https://www.buildmobile.org/planning-commission/. You may also submit comments by letter:

Planning & Zoning/City of Mobile
P.O. Box 1827
Mobile, Alabama 36633-1827

Include your full name and address with any comments. All comments must be submitted via email or uploaded to the portal, or received via mail, by 2:00 p.m. on Wednesday, August 20, 2025, to allow adequate time for the Commission members to review the information.

If you wish to present your views to the Commission in person, the Commission's Operating Rules and Procedures limit both the proponent and opposition to four (4) speakers each, for a maximum of five (5) minutes.

For additional information or assistance, please contact a Planner at (251) 208-5895.

DESCRIPTION AND JUSTIFICATION FOR THE REZONING
OF TEN SEVEN PROPERTIES

THE PURPOSE OF THIS REZONING APPLICATION IS TO CORRECT AN ERROR IN THE ZONING ORDINANCE. THE SOUTH PORTION OF THE PROPERTY IS ZONED B-2 AND THE EXISTING BUSINESSES CORRESPOND TO THAT CLASSIFICATION. THE MAJORITY OF THE PROPERTY THAT EXTENDS NORTHWARDLY IS ZONED R-1 BUT HAS BEEN DEVELOPED AND UTILIZED WITH B-2 BUSINESSES FOR MORE THAN 30 YEARS. THE CURRENT OWNERS PURCHASED THE PROPERTY IN 2023 AND DESIRE TO CORRECT THE ZONING OF THE PROPERTY.

SINCE THERE IS NOT ANY CHANGE IN THE CURRENT BUILDINGS OR USE, THE PARKING AND LANDSCAPE DATA IS OMITTED FROM THE SITE PLAN.

City of Mobile · Planning & Zoning

Planning Commission Application

For hard copy submissions, SEVEN (7) COPIES of all the necessary information as required by the Zoning Ordinance, including the site plan, must be submitted along with **seven (7) paper copies of this application by NOON** on the deadline filing date. Otherwise, this application will not be accepted. Separate application packets and fees are required for each application type. Digital submissions are required by noon on the deadline filing date.

Fees

Conditional Use Permit $500
Conditional Use Permit for Above-Ground Oil Storage Tank* $1,500
Conditional Use Permit for Hazardous Substance Storage Tank* $1,500
Rezoning, Text Amendment, or Specific Area Plan $500
Planned Development $500
Planning Approval or Planned Unit Development $500

Notification fees: First Class Postage per property owner within 300', and each applicant/owner.

Additional fees: A legal advertisement fee will be required for each application, after consideration by the Planning Commission and prior to consideration by the City Council. If approved by the City Council, documentation must be recorded in Mobile County Probate Court at the expense of the applicant.

* For Above-Ground Oil Storage Tank or Hazardous Substance Storage Tank applications, please contact staff for additional information regarding fee, legal ad and notification requirements.

APPLICATION TYPE Please select the application type. Please complete the appropriate checklist (A, B, C, or D) for a full list of application requirements.

☐ **Conditional Use Permits**
Checklist A

☐ **Rezoning, Text Amendment, or Specific Area Plan Amendments**
Checklist B

☐ **Planned Development**
Checklist C

☐ **Previously approved Planning Approvals or Planned Unit Development**
Checklist D

Have you provided the required information on the corresponding checklist? ☐ Yes ☐ No

---

1. APPLICANT INFORMATION If other than the property owner, must furnish written authorization from owner. Owner must submit evidence, such as deed or tax assessment that the person has right of possession to the land and any structures thereon.

	Applicant	Agent (If Applicable)
Name:	KARI GIVENS	
Firm:	BYRD SURVEYING	
Phone:	[redacted]	
Email:	[redacted]	
Address:	[redacted]	

	Owner	Design Professional
Name:	HAYES TAPIA	
Firm:	TEN SEVEN PROPERTIES, LLC	
Phone:	[redacted]	
Email:		
Address:	[redacted]	

2. PROPERTY INFORMATION Attach a brief description of the property location, parcel number, and legal description.

2602, 2610-2616 OLD SHELL ROAD AND 105 & 107 ITEM AVENUE — Property Address

144,880 SF — Property Area (acres or square feet)

KEY #00770954, #00770945, #00770936 — Parcel Number(s) or Key Number(s)

B-2 & R-1 — Present Zoning or Transect District

B-2 — Proposed Zoning or Transect District (if applicable)

3. NEIGHBORHOOD MEETING Attach the Neighborhood Meeting Documentation if applicable.

This requirement applies to any of the following applications:

a) Any Rezoning to a higher classification;
b) Any application to create or modify a Planned Development; or
c) Any Conditional Use Permit.

Have you provided the required Neighborhood Meeting Documentation, if applicable? ■ Yes ☐ No

4. LABELS FOR NOTIFICATION Provide the names and complete addresses of owners of property lying within 300 feet of the property in this application, as shown by the latest assessment records of the Mobile County Revenue Commissioner's Office located in the plat and map room. ALL property ownership information provided for notification MUST be verified through Probate Court records. Each name and address must be TYPED on a standard size (approximately 1" x 2-5/8") white self-adhesive label. Include one (1) label with the APPLICANT'S name and address, plus one (1) label with the OWNER'S name and address (if applicant and owner differ). A PHOTOCOPY OF THE TYPED LABELS MUST ALSO BE SUBMITTED. (Please use 8_1/2" x 11" sheets of labels).

5. SIGNATURE It is warranted in good faith by the applicant whose name is signed hereto that all of the above facts are true and correct.

Owner Signature — Date: 7.16.25

Kori P. Gwin — Applicant or Agent Signature (if applicable) — Date: 7/15/2025

AGREEMENT ALLOWING THE CITY OF MOBILE TO POST PUBLIC NOTICE SIGNS ON PROPERTY PENDING BEFORE THE MOBILE CITY PLANNING COMMISSION

I hereby agree to allow the City of Mobile to post on my property, which is under consideration for Planning Commission/City Council approval, a sign notifying the general public of said request. I understand that the City of Mobile will erect and maintain said sign for the prescribed period of time.

Kori P Gwin — Applicant or Agent Signature — Date: 7/15/2025

CHECKLIST B
Rezoning, Text Amendments, or Specific Area Plan Amendments

The following information is required to evaluate applications for Rezoning, Text Amendments, or Specific Area Plan Amendments. Please provide a statement for all items.

The following information is required for Rezoning Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

- ☐ Planning Commission Application
- ☐ Neighborhood Meeting documentation
- ☐ Boundary Plan
- ■ A Concept Plan or Site Plan due to complexity of project or if required by Planning Commission
- ☐ Traffic Impact Studies, as prescribed by the Traffic Engineer

---

A. JUSTIFICATION FOR THE PROPOSED AMENDMENT

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.
   THE MAP FOR MOBILE ALLOWS FOR A MIXTURE OF TRADITIONAL BUSINESS - THIS AREA HAS EXISTING BUSINESSES THAT CONFORM TO THAT CRITERIA

   NEIGHBORHOOD CENTER - TRADITIONAL
   Future Land Use Map (FLUM) Designation

   B-2
   Requested Zoning

2. Was there a mistake or error in the original zoning map? ■ Yes ☐ No
   If yes, describe the error
   THE SOUTH PORTION OF PROPERTY IS ZONED B-2 AND THE REMAINDER OF PROPERTY IS ZONED R-1. THE ENTIRE PROPERTY HAS BEEN UTILIZED BY B-2 BUSINESSES FOR MORE THAN 30 YEARS.

3. Describe how this proposal promotes the community's health, safety, and welfare.
   THE OWNER DOES NOT HAVE IMMEDIATE PLANS TO CHANGE THE BUILDINGS OR THE BUSINESS USES.

4. Describe what changed or changing conditions in the area make an amendment necessary and desirable.
   THIS PROPOSAL IS TO CORRECT THE ZONING TO CONFORM TO THE BUSINESSES ON SITE.

B. SITE AND NEIGHBORHOOD COMPATIBILITY The following will be considered when evaluating application for compatibility with surrounding uses.

1. Describe the current development trends in the area of the property.
   THIS AREA OF OLD SHELL ROAD HAS SEEN MANY PROPERTIES BEING RENOVATED WITH NEW TYPES OF BUSINESS. SOME STRUCTURES HAVE BEEN REMOVED AND NEW BUILDINGS PLANNED OR UNDER CONSTRUCTION.

2. Describe the surrounding land uses.
   FRESENIUS KIDNEY CARE, P & G MACHING & SUPPLY, COASTAL INSULATION, AMBERS ATTIC ANTIQUES, HIGH COTTON CONSIGNMENTS, STATE FARM INSURANCE

3. Describe any potential adverse impacts on neighboring properties and how they will be mitigated.
   THERE WILL BE NO ADVERSE AFFECT.

4. Describe if there is adequate infrastructure in place to accommodate the proposed request.
   INFRASTRUCTURE IS IN PLACE.

5. Describe how the proposal is in the City's or the larger community's best interest and what needs, benefits, or public purposes it serves.
   THIS PROPOSAL IS TO CORRECT THE CITY'S MISTAKE.

C. SPECIFIC AREA PLANS For Specific Area Plans (regulating plans, Neighborhood Plans, and overlay districts), describe proposed changes to area plan.

Re: Ten Seven Properties, LLC (ZON-UDC-003420-2025)

From Anderson, Logan <dlogananderson@cityofmobile.org>
Date Thu 7/17/2025 3:20 PM
To Kari Givens <kari@byrdsurveying.biz>

Good afternoon,

We have completed our review of the above-referenced Rezoning application. Before the application can be considered complete and scheduled for review, the following items must be addressed:

1. **DWG File Submission:** If you have not already done so, please submit the DWG (AutoCAD) file of the Preliminary Plat to our GIS staff. For your convenience, Marine has been copied on this message.

An invoice for the application fees has been issued. **Please note that the application will not be considered complete until the required information has been submitted and all fees have been processed.**

If all outstanding items are resolved **by noon on July 21, 2025**, the application will be placed on the **August 21, 2025, Planning Commission agenda**. If the deadline is not met, the application will be held over until all requirements have been satisfied.

IMPORTANT
The City of Mobile Planning and Zoning Department will **never request payment via wire transfer** or any other suspicious method. If you receive any questionable communication claiming to be from our department, please report it immediately to: planning@cityofmobile.org.

If you have any questions or need further assistance, please don't hesitate to reach out.

Logan,

Sorry, I fully intended to send the legal with application, I have attached. I have also attached an "Assignment of Rents" for Ten Seven Properties, LLC showing Hays Tapia as Member. Will this document be sufficient?

Thanks,

Subject: Ten Seven Properties, LLC (ZON-UDC-003420-2025)

Good afternoon,

We have completed our review of the above Rezoning application and have determined that the following items must be addressed before the application can be deemed complete and scheduled for consideration:

1. **Owner Authorization:** A corporate letter of authorization signed by Hayes Tapia was submitted; however, we are unable to verify their affiliation with Ten Seven Properties, LLC. Please provide one of the following to satisfy this requirement:
   - A revised authorization letter issued by Ten Seven Properties, LLC explicitly authorizing Hayes Tapia to act on their behalf; or
   - Documentation confirming that Hayes Tapia is an officer or authorized agent of Ten Seven Properties, LLC.
2. **DWG File Submission:** If you have not already done so, please submit the **DWG AutoCAD file** for the preliminary plat to our GIS staff. For your convenience, **Marine** and **Tori** have been copied on this message.

3. **Legal Description:** Please provide a legal description in **Microsoft Word or other comparable format** of the subject property in order to accurately calculate the City Council advertising fees.

Once all items have been submitted and verified, an invoice will be issued for the application fees. Please note that the application will not be considered complete—and therefore cannot be scheduled—until all required materials have been received and the fees have been processed.

If all items are submitted **no later than noon on July 21, 2025**, the application will be placed on the agenda for the **August 21, 2025, Planning Commission** meeting. Otherwise, the application will be held over until it is made complete.

IMPORTANT
The City of Mobile Planning and Zoning Department will **never request payment via wire transfer** or any other suspicious method. If you receive any questionable communication claiming to be from our department, please report it immediately to: planning@cityofmobile.org.

ASSIGNMENT OF RENTS

NOTICE: This Assignment is given as additional security for the Indebtedness, which also is secured by a mortgage or other security instrument on which the recording tax in the full amount of the Indebtedness has already been paid.

THIS ASSIGNMENT OF RENTS dated May 19, 2023, is made and executed between TEN SEVEN PROPERTIES LLC, AN ALABAMA LIMITED LIABILITY COMPANY, whose address is 2616 OLD SHELL ROAD, MOBILE, AL 36607 (referred to below as "Grantor") and River Bank & Trust, whose address is 118 NORTH ROYAL STREET, SUITE 100, MOBILE, AL 36602 (referred to below as "Lender").

ASSIGNMENT. For valuable consideration, Grantor hereby assigns, grants a continuing security interest in, and conveys to Lender all of Grantor's right, title, and interest in and to the Rents from the following described Property located in MOBILE County, State of Alabama:

See EXHIBIT "A", which is attached to this Assignment and made a part of this Assignment as if fully set forth herein.

*2614

The Property or its address is commonly known as 2602, 2610 & 2616 OLD SHELL ROAD, MOBILE, AL 36607.

FUTURE ADVANCES. In addition to the Note, this Assignment secures all future advances made by Lender to Grantor whether or not the advances are made pursuant to a commitment. Specifically, without limitation, this Assignment secures, in addition to the amounts specified in the Note, all future amounts Lender in its discretion may loan to Grantor, together with all interest thereon.

THIS ASSIGNMENT IS GIVEN TO SECURE (1) PAYMENT OF THE INDEBTEDNESS AND (2) PERFORMANCE OF ANY AND ALL OBLIGATIONS OF GRANTOR UNDER THE NOTE, THIS ASSIGNMENT, AND THE RELATED DOCUMENTS. THIS ASSIGNMENT IS GIVEN AND ACCEPTED ON THE FOLLOWING TERMS:

PAYMENT AND PERFORMANCE. Except as otherwise provided in this Assignment or any Related Documents, Grantor shall pay to Lender all amounts secured by this Assignment as they become due, and shall strictly perform all of Grantor's obligations under this Assignment. Unless and until Lender exercises its right to collect the Rents as provided below and so long as there is no default under this Assignment, Grantor may remain in possession and control of and operate and manage the Property and collect the Rents, provided that the granting of the right to collect the Rents shall not constitute Lender's consent to the use of cash collateral in a bankruptcy proceeding.

GRANTOR'S REPRESENTATIONS AND WARRANTIES. Grantor warrants that:

Ownership. Grantor is entitled to receive the Rents free and clear of all rights, loans, liens, encumbrances, and claims except as disclosed to and accepted by Lender in writing.

Right to Assign. Grantor has the full right, power and authority to enter into this Assignment and to assign and convey the Rents to Lender.

No Prior Assignment. Grantor has not previously assigned or conveyed the Rents to any other person by any instrument now in force.

No Further Transfer. Grantor will not sell, assign, encumber, or otherwise dispose of any of Grantor's rights in the Rents except as provided in this Assignment.

LENDER'S RIGHT TO RECEIVE AND COLLECT RENTS. Lender shall have the right at any time, and even though no default shall have occurred under this Assignment, to collect and receive the Rents. For this purpose, Lender is hereby given and granted the following rights, powers and authority:

Notice to Tenants. Lender may send notices to any and all tenants of the Property advising them of this Assignment and directing all Rents to be paid directly to Lender or Lender's agent.

##############009040205192023

Enter the Property. Lender may enter upon and take possession of the Property; demand, collect and receive from the tenants or from any other persons liable therefor, all of the Rents; institute and carry on all legal proceedings necessary for the protection of the Property, including such proceedings as may be necessary to recover possession of the Property; collect the Rents and remove any tenant or tenants or other persons from the Property.

Maintain the Property. Lender may enter upon the Property to maintain the Property and keep the same in repair; to pay the costs thereof and of all services of all employees, including their equipment, and of all continuing costs and expenses of maintaining the Property in proper repair and condition, and also to pay all taxes, assessments and water utilities, and the premiums on fire and other insurance effected by Lender on the Property.

Compliance with Laws. Lender may do any and all things to execute and comply with the laws of the State of Alabama and also all other laws, rules, orders, ordinances and requirements of all other governmental agencies affecting the Property.

Lease the Property. Lender may rent or lease the whole or any part of the Property for such term or terms and on such conditions as Lender may deem appropriate.

Employ Agents. Lender may engage such agent or agents as Lender may deem appropriate, either in Lender's name or in Grantor's name, to rent and manage the Property, including the collection and application of Rents.

Other Acts. Lender may do all such other things and acts with respect to the Property as Lender may deem appropriate and may act exclusively and solely in the place and stead of Grantor and to have all of the powers of Grantor for the purposes stated above.

No Requirement to Act. Lender shall not be required to do any of the foregoing acts or things, and the fact that Lender shall have performed one or more of the foregoing acts or things shall not require Lender to do any other specific act or thing.

APPLICATION OF RENTS. All costs and expenses incurred by Lender in connection with the Property shall be for Grantor's account and Lender may pay such costs and expenses from the Rents. Lender, in its sole discretion, shall determine the application of any and all Rents received by it; however, any such Rents received by Lender which are not applied to such costs and expenses shall be applied to the Indebtedness. All expenditures made by Lender under this Assignment and not reimbursed from the Rents shall become a part of the Indebtedness secured by this Assignment, and shall be payable on demand, with interest at the Note rate from date of expenditure until paid.

FULL PERFORMANCE. If Grantor pays all of the Indebtedness when due and otherwise performs all the obligations imposed upon Grantor under this Assignment, the Note, and the Related Documents, Lender shall execute and deliver to Grantor a suitable satisfaction of this Assignment and suitable statements of termination of any financing statement on file evidencing Lender's security interest in the Rents and the Property. Any termination fee required by law shall be paid by Grantor, if permitted by applicable law.

LENDER'S EXPENDITURES. If any action or proceeding is commenced that would materially affect Lender's interest in the Property or if Grantor fails to comply with any provision of this Assignment or any Related Documents, including but not limited to Grantor's failure to discharge or pay when due any amounts Grantor is required to discharge or pay under this Assignment or any Related Documents, Lender on Grantor's behalf may (but shall not be obligated to) take any action that Lender deems appropriate, including but not limited to discharging or paying all taxes, liens, security interests, encumbrances and other claims, at any time levied or placed on the Rents or the Property and paying all costs for insuring, maintaining and preserving the Property. All such expenditures incurred or paid by Lender for such purposes will then bear interest at the rate charged under the Note, or the maximum rate permitted by law, whichever is less, from the date incurred or paid by Lender to the date of repayment by Grantor. All such expenses will become a part of the Indebtedness and, at Lender's option, will (A) be payable on demand; (B) be added to the balance of the Note and be apportioned among and be payable with any installment payments to become due during either (1) the term of any applicable insurance policy; or (2) the remaining term of the Note; or (C) be treated as a balloon payment which will be due and payable at the Note's maturity. The Assignment also will secure payment of these amounts. Such right shall be in addition to all other rights and remedies to which Lender may be entitled upon the occurrence of any Event of Default.

DEFAULT. Each of the following, at Lender's option, shall constitute an Event of Default under this Assignment:

Payment Default. Grantor fails to make any payment when due under the Indebtedness.

Other Defaults. Grantor fails to comply with or to perform any other term, obligation, covenant or condition contained in this Assignment or in any of the Related Documents or to comply with or to perform any term, obligation, covenant or condition contained in any other agreement between Lender and Grantor.

Default on Other Payments. Failure of Grantor within the time required by this Assignment to make any payment for taxes or insurance, or any other payment necessary to prevent filing of or to effect discharge of any lien.

Default in Favor of Third Parties. Any guarantor or Grantor defaults under any loan, extension of credit, security agreement, purchase or sales agreement, or any other agreement, in favor of any other creditor or person that may materially affect any of any guarantor's or Grantor's property or ability to perform their respective obligations under this Assignment or any of the Related Documents.

False Statements. Any warranty, representation or statement made or furnished to Lender by Grantor or on Grantor's behalf under this Assignment or the Related Documents is false or misleading in any material respect, either now or at the time made or furnished or becomes false or misleading at any time thereafter.

Defective Collateralization. This Assignment or any of the Related Documents ceases to be in full force and effect (including failure of any collateral document to create a valid and perfected security interest or lien) at any time and for any reason.

Death or Insolvency. The dissolution of Grantor's (regardless of whether election to continue is made), any member withdraws from the limited liability company, or any other termination of Grantor's existence as a going business or the death of any member, the insolvency of Grantor, the appointment of a receiver for any part of Grantor's property, any assignment for the benefit of creditors, any type of creditor workout, or the commencement of any proceeding under any bankruptcy or insolvency laws by or against Grantor.

Creditor or Forfeiture Proceedings. Commencement of foreclosure or forfeiture proceedings, whether by judicial proceeding, self-help, repossession or any other method, by any creditor of Grantor or by any governmental agency against the Rents or any property securing

##############009040305192023

the Indebtedness. This includes a garnishment of any of Grantor's accounts, including deposit accounts, with Lender. However, this Event of Default shall not apply if there is a good faith dispute by Grantor as to the validity or reasonableness of the claim which is the basis of the creditor or forfeiture proceeding and if Grantor gives Lender written notice of the creditor or forfeiture proceeding and deposits with Lender monies or a surety bond for the creditor or forfeiture proceeding, in an amount determined by Lender, in its sole discretion, as being an adequate reserve or bond for the dispute.

Property Damage or Loss. The Property is lost, stolen, substantially damaged, sold, or borrowed against.

Events Affecting Guarantor. Any of the preceding events occurs with respect to any Guarantor of any of the Indebtedness or any Guarantor dies or becomes incompetent, or revokes or disputes the validity of, or liability under, any Guaranty of the Indebtedness.

Adverse Change. A material adverse change occurs in Grantor's financial condition, or Lender believes the prospect of payment or performance of the Indebtedness is impaired.

Insecurity. Lender in good faith believes itself insecure.

RIGHTS AND REMEDIES ON DEFAULT. Upon the occurrence of any Event of Default and at any time thereafter, Lender may exercise any one or more of the following rights and remedies, in addition to any other rights or remedies provided by law:

Accelerate Indebtedness. Lender shall have the right at its option without notice to Grantor to declare the entire Indebtedness immediately due and payable, including any prepayment penalty that Grantor would be required to pay.

Collect Rents. Lender shall have the right, without notice to Grantor, to take possession of the Property and collect the Rents, including amounts past due and unpaid, and apply the net proceeds, over and above Lender's costs, against the Indebtedness. In furtherance of this right, Lender shall have all the rights provided for in the Lender's Right to Receive and Collect Rents Section, above. If the Rents are collected by Lender, then Grantor irrevocably designates Lender as Grantor's attorney-in-fact to endorse instruments received in payment thereof in the name of Grantor and to negotiate the same and collect the proceeds. Payments by tenants or other users to Lender in response to Lender's demand shall satisfy the obligations for which the payments are made, whether or not any proper grounds for the demand existed. Lender may exercise its rights under this subparagraph either in person, by agent, or through a receiver.

Appoint Receiver. Lender shall have the right to have a receiver appointed to take possession of all or any part of the Property, with the power to protect and preserve the Property, to operate the Property preceding foreclosure or sale, and to collect the Rents from the Property and apply the proceeds, over and above the cost of the receivership, against the Indebtedness. The receiver may serve without bond if permitted by law. Lender's right to the appointment of a receiver shall exist whether or not the apparent value of the Property exceeds the Indebtedness by a substantial amount. Employment by Lender shall not disqualify a person from serving as a receiver.

Other Remedies. Lender shall have all other rights and remedies provided in this Assignment or the Note or by law.

Election of Remedies. Election by Lender to pursue any remedy shall not exclude pursuit of any other remedy, and an election to make expenditures or to take action to perform an obligation of Grantor under this Assignment, after Grantor's failure to perform, shall not affect Lender's right to declare a default and exercise its remedies.

Attorneys' Fees; Expenses. If Lender institutes any suit or action to enforce any of the terms of this Assignment, Lender shall be entitled to recover such sum as the court may adjudge reasonable as attorneys' fees at trial and upon any appeal. Whether or not any court action is involved, and to the extent not prohibited by law, all reasonable expenses Lender incurs that in Lender's opinion are necessary at any time for the protection of its interest or the enforcement of its rights shall become a part of the Indebtedness payable on demand and shall bear interest at the Note rate from the date of the expenditure until repaid. Expenses covered by this paragraph include, without limitation, however subject to any limits under applicable law, Lender's attorneys' fees and Lender's legal expenses, whether or not there is a lawsuit, including attorneys' fees and expenses for bankruptcy proceedings (including efforts to modify or vacate any automatic stay or injunction), appeals, and any anticipated post-judgment collection services, the cost of searching records, obtaining title reports (including foreclosure reports), surveyors' reports, and appraisal fees, title insurance, and fees for the Trustee, to the extent permitted by applicable law. Grantor also will pay any court costs, in addition to all other sums provided by law.

MISCELLANEOUS PROVISIONS. The following miscellaneous provisions are a part of this Assignment:

Amendments. This Assignment, together with any Related Documents, constitutes the entire understanding and agreement of the parties as to the matters set forth in this Assignment. No alteration of or amendment to this Assignment shall be effective unless given in writing and signed by the party or parties sought to be charged or bound by the alteration or amendment.

Caption Headings. Caption headings in this Assignment are for convenience purposes only and are not to be used to interpret or define the provisions of this Assignment.

Governing Law. This Assignment will be governed by federal law applicable to Lender and, to the extent not preempted by federal law, the laws of the State of Alabama without regard to its conflicts of law provisions. This Assignment has been accepted by Lender in the State of Alabama.

Choice of Venue. If there is a lawsuit, Grantor agrees upon Lender's request to submit to the jurisdiction of the courts of MOBILE County, State of Alabama.

Merger. There shall be no merger of the interest or estate created by this Assignment with any other interest or estate in the Property at any time held by or for the benefit of Lender in any capacity, without the written consent of Lender.

Interpretation. (1) In all cases where there is more than one Borrower or Grantor, then all words used in this Assignment in the singular shall be deemed to have been used in the plural where the context and construction so require. (2) If more than one person signs this Assignment as "Grantor," the obligations of each Grantor are joint and several. This means that if Lender brings a lawsuit, Lender may sue any one or more of the Grantors. If Borrower and Grantor are not the same person, Lender need not sue Borrower first, and that Borrower need not be joined in any lawsuit. (3) The names given to paragraphs or sections in this Assignment are for convenience purposes only. They are not to be used to interpret or define the provisions of this Assignment.

##################009040405192023

No Waiver by Lender. Lender shall not be deemed to have waived any rights under this Assignment unless such waiver is given in writing and signed by Lender. No delay or omission on the part of Lender in exercising any right shall operate as a waiver of such right or any other right. A waiver by Lender of a provision of this Assignment shall not prejudice or constitute a waiver of Lender's right otherwise to demand strict compliance with that provision or any other provision of this Assignment. No prior waiver by Lender, nor any course of dealing between Lender and Grantor, shall constitute a waiver of any of Lender's rights or of any of Grantor's obligations as to any future transactions. Whenever the consent of Lender is required under this Assignment, the granting of such consent by Lender in any instance shall not constitute continuing consent to subsequent instances where such consent is required and in all cases such consent may be granted or withheld in the sole discretion of Lender.

Notices. Any notice required to be given under this Assignment shall be given in writing, and shall be effective when actually delivered, when actually received by telefacsimile (unless otherwise required by law), when deposited with a nationally recognized overnight courier, or, if mailed, when deposited in the United States mail, as first class, certified or registered mail postage prepaid, directed to the addresses shown near the beginning of this Assignment. Any party may change its address for notices under this Assignment by giving formal written notice to the other parties, specifying that the purpose of the notice is to change the party's address. For notice purposes, Grantor agrees to keep Lender informed at all times of Grantor's current address. Unless otherwise provided or required by law, if there is more than one Grantor, any notice given by Lender to any Grantor is deemed to be notice given to all Grantors.

Powers of Attorney. The various agencies and powers of attorney conveyed on Lender under this Assignment are granted for purposes of security and may not be revoked by Grantor until such time as the same are renounced by Lender.

Severability. If a court of competent jurisdiction finds any provision of this Assignment to be illegal, invalid, or unenforceable as to any circumstance, that finding shall not make the offending provision illegal, invalid, or unenforceable as to any other circumstance. If feasible, the offending provision shall be considered modified so that it becomes legal, valid and enforceable. If the offending provision cannot be so modified, it shall be considered deleted from this Assignment. Unless otherwise required by law, the illegality, invalidity, or unenforceability of any provision of this Assignment shall not affect the legality, validity or enforceability of any other provision of this Assignment.

Successors and Assigns. Subject to any limitations stated in this Assignment on transfer of Grantor's interest, this Assignment shall be binding upon and inure to the benefit of the parties, their successors and assigns. If ownership of the Property becomes vested in a person other than Grantor, Lender, without notice to Grantor, may deal with Grantor's successors with reference to this Assignment and the Indebtedness by way of forbearance or extension without releasing Grantor from the obligations of this Assignment or liability under the Indebtedness.

Time is of the Essence. Time is of the essence in the performance of this Assignment.

Waiver of Homestead Exemption. Grantor hereby releases and waives all rights and benefits of the homestead exemption laws of the State of Alabama as to all Indebtedness secured by this Assignment.

Waiver of Right of Redemption. NOTWITHSTANDING ANY OF THE PROVISIONS TO THE CONTRARY CONTAINED IN THIS ASSIGNMENT, GRANTOR HEREBY WAIVES ANY AND ALL RIGHTS OF REDEMPTION FROM SALE UNDER ANY ORDER OR JUDGMENT OF FORECLOSURE ON GRANTOR'S BEHALF AND ON BEHALF OF EACH AND EVERY PERSON, EXCEPT JUDGMENT CREDITORS OF GRANTOR, ACQUIRING ANY INTEREST IN OR TITLE TO THE PROPERTY SUBSEQUENT TO THE DATE OF THIS ASSIGNMENT.

DEFINITIONS. The following capitalized words and terms shall have the following meanings when used in this Assignment. Unless specifically stated to the contrary, all references to dollar amounts shall mean amounts in lawful money of the United States of America. Words and terms used in the singular shall include the plural, and the plural shall include the singular, as the context may require. Words and terms not otherwise defined in this Assignment shall have the meanings attributed to such terms in the Uniform Commercial Code:

Assignment. The word "Assignment" means this ASSIGNMENT OF RENTS, as this ASSIGNMENT OF RENTS may be amended or modified from time to time, together with all exhibits and schedules attached to this ASSIGNMENT OF RENTS from time to time.

Borrower. The word "Borrower" means TEN SEVEN PROPERTIES LLC.

Event of Default. The words "Event of Default" mean any of the events of default set forth in this Assignment in the default section of this Assignment.

Grantor. The word "Grantor" means TEN SEVEN PROPERTIES LLC.

Guarantor. The word "Guarantor" means any guarantor, surety, or accommodation party of any or all of the Indebtedness.

Guaranty. The word "Guaranty" means the guaranty from Guarantor to Lender, including without limitation a guaranty of all or part of the Note.

Indebtedness. The word "Indebtedness" means all principal, interest, and other amounts, costs and expenses payable under the Note or Related Documents, together with all renewals of, extensions of, modifications of, consolidations of and substitutions for the Note or Related Documents and any amounts expended or advanced by Lender to discharge Grantor's obligations or expenses incurred by Lender to enforce Grantor's obligations under this Assignment, together with interest on such amounts as provided in this Assignment. Specifically, without limitation, Indebtedness includes the future advances set forth in the Future Advances provision of this Assignment, together with all interest thereon.

Lender. The word "Lender" means River Bank & Trust, its successors and assigns.

Note. The word "Note" means the promissory note dated May 19, 2023, **in the original principal amount of $935,000.00** from Grantor to Lender, together with all renewals of, extensions of, modifications of, refinancings of, consolidations of, and substitutions for the promissory note or agreement.

Property. The word "Property" means all of Grantor's right, title and interest in and to all the Property as described in the "Assignment" section of this Assignment.

##################009040505192023

ASSIGNMENT OF RENTS
(Continued)

Related Documents. The words "Related Documents" mean all promissory notes, credit agreements, loan agreements, environmental agreements, guaranties, security agreements, mortgages, deeds of trust, security deeds, collateral mortgages, and all other instruments, agreements and documents, whether now or hereafter existing, executed in connection with the Indebtedness.

Rents. The word "Rents" means all of Grantor's present and future rights, title and interest in, to and under any and all present and future leases, including, without limitation, all rents, revenue, income, issues, royalties, bonuses, accounts receivable, cash or security deposits, advance rentals, profits and proceeds from the Property, and other payments and benefits derived or to be derived from such leases of every kind and nature, whether due now or later, including without limitation Grantor's right to enforce such leases and to receive and collect payment and proceeds thereunder.

THE UNDERSIGNED ACKNOWLEDGES HAVING READ ALL THE PROVISIONS OF THIS ASSIGNMENT, AND NOT PERSONALLY BUT AS AN AUTHORIZED SIGNER, HAS CAUSED THIS ASSIGNMENT TO BE SIGNED AND EXECUTED ON BEHALF OF GRANTOR ON MAY 19, 2023.

THIS ASSIGNMENT IS GIVEN UNDER SEAL AND IT IS INTENDED THAT THIS ASSIGNMENT IS AND SHALL CONSTITUTE AND HAVE THE EFFECT OF A SEALED INSTRUMENT ACCORDING TO LAW.

251-476-5010

Dear Neighbor,

The owner of properties located at 105 & 107 Item Avenue and 2610 to 2616 Old Shell Road is submitting a rezoning application to the City of Mobile to correct an error in the zoning ordinance. A portion of the property is zoned B-2 and the remainder is zoned R-1. All of the property is developed and utilized by businesses that corresponds to the B-2 classification. The owner does not have immediate plans to change the current buildings or business use.

You are invited to attend a neighborhood meeting to further discuss the rezoning and we will answer any questions.

Meeting Location: Senior Center at Dumas-Wesley Community Center at 126 Mobile Street
Date: July 14, 2025
Time: 5:00 p.m.

If you wish to contact me prior to the meeting, you may call 251-476-5010, 8:00 a.m. to 3:00 p.m., Monday to Thursday or email jerry@byrdsurveying.biz.

Sincerely,

Gerald D. Byrd
GDB/kpg

MINUTES OF NEIGHBORHOOD MEETING JUNE 14, 2025, FOR TEN SEVEN PROPERTIES, LLC AT DUMAS WESLEY SENIOR CENTER, 126 MOBILE STREET, MOBILE, ALA.:

THE MEETING WAS ADVERTISED TO BEGIN AT 5:00 P.M. AND I CALLED THE MEETING TO ORDER AT THAT TIME. THERE WERE THREE NEIGHBORS, TWO OWNERS, AND MYSELF IN ATTENDANCE. THERE WAS A GENERAL DISCUSSION CONCERNING THE PROPERTY AND ANY FUTURE PLANS. THE OWNERS HAVE BEEN CLEANING THE PROPERTY AND MAKING SOME REPAIRS TO THE EXISTING BUILDINGS. THE NEIGHBORS AND THE OWNERS DISCUSSED PROBLEMS WITH RODENTS AND A HOMELESS MAN THAT LIVED IN THE ST. CATHERINE'S SCHOOL BUILDING THAT HAS NOW BEEN REMOVED. WITH SCHOOL DEMOLITION AND THE CLEAN UP OF THE TEN SEVEN PROPERTY THEY ARE HOPING THESE PROBLEMS WILL DISAPPEAR. ONE ADDITIONAL NEIGHBOR JOINED THE MEETING AT 5:30 P.M. AND WE EXPLAINED THE PROPERTY REZONING TO HER. SHE ATTENDED A PREVIOUS NEIGHBORHOOD MEETING AND SHE IS FAMILIAR WITH THE CITY'S REZONING PROCESS. ADDITIONAL GENERAL DISCUSSION OF THE RE-DEVELOPMENT OF OLD SHELL ROAD AREA FOLLOWED.

WITH NO OTHER QUESTIONS, THE MEETING WAS ADJOURNED AT 6:00 P.M.

DETAILS

Location:
2602, 2610, 2612, 2614, & 2616 Old Shell Road and 105 & 107 Item Avenue

Subdivision Name:
Ten Seven Subdivision

Applicant / Agent:
Kari Byrd, Byrd Surveying, Inc.

Property Owners:
Ten Seven Properties, LLC

Current Zoning:
R-1, Single-Family Residential Urban District &
B-2, Neighborhood Business Urban District

Proposed Zoning:
B-2, Neighborhood Business Urban District

Future Land Use:
Neighborhood Center - Traditional

Applicable Codes, Policies, and Plans:

- Unified Development Code
- Subdivision Regulations
- Map for Mobile Comprehensive Plan

Proposal:

- Subdivision approval to create one (1) legal lot of record.
- Rezoning from R-1 & B-2 to B-2.
  - Any use permitted in the proposed district would be allowed at this location if the zoning is approved. The Planning Commission may consider other zoning districts than the proposed sought by the applicant for this property.

Commission Considerations:

1. Subdivision proposal with nine (9) conditions; and
2. Rezoning with one (1) condition.

APPLICATION NUMBER 11 DATE August 21, 2025

APPLICANT Ten Seven Subdivision

REQUEST Subdvision, Rezoning from R-1 and B-2 to B-2

N

NTS

SITE HISTORY

The subject site was annexed into the City in 1945.

With the adoption of the Zoning Ordinance in 1967 it was assigned its current split zoning of R-1 and B-2 classifications.

The portion of the site at the Northwest corner of Old Shell Road and Item Avenue was the subject of a Use Variance request in 1987 to allow a used car lot, which was denied by the Board of Zoning Adjustment.

The site has never had any cases before the Planning Commission.

STAFF COMMENTS

Engineering Comments:

Subdivision:

FINAL PLAT COMMENTS (should be addressed prior to submitting the FINAL PLAT for review):

A. Provide all of the required information on the SUBDIVISION PLAT (i.e. signature blocks, signatures, certification statements, written legal description, required notes, legend, scale, bearings and distances) that is required by the current Alabama State Board of Licensure for Professional Engineers and Land Surveyors.
B. Label the proposed ROW dedication and list the amount of area being dedicated in SF and AC.
C. Email a pdf copy of the FINAL SUBDIVISION PLAT and LETTER OF DECISION to the Permitting Engineering Dept. for review at land.disturbance@cityofmobile.org prior to obtaining any signatures. No signatures are required on the drawing.

Rezoning:

ADD THE FOLLOWING NOTES TO THE SITE PLAN:

1. Any work performed in the existing ROW (right-of-way) such as driveways, sidewalks, utility connections, grading, drainage, irrigation, or landscaping will require a ROW permit from the City of Mobile Engineering Permitting Department (251-208-6070) and must comply with the City of Mobile Right-of-Way Construction and Administration Ordinance (Mobile City Code, Chapter 57, Article VIII).
2. A Land Disturbance Permit application shall be submitted for any proposed land disturbing activity with the property. A complete set of construction plans including, but not limited to, drainage, utilities, grading, storm water detention systems and paving will need to be included with the Land Disturbance permit. This Permit must be submitted, approved, and issued prior to beginning any of the construction work.
3. Any and all proposed land disturbing activity within the property will need to be submitted for review and be in conformance with Mobile City Code, Chapter 17, Storm Water Management and Flood Control); the City of Mobile, Alabama Flood Plain Management Plan (1984); and, the Rules For Erosion and Sedimentation Control and Storm Water Runoff Control.
4. Any existing or proposed detention facility shall be maintained as it was constructed and approved. The Land Disturbance Permit application for any proposed construction includes a requirement of a Maintenance and Inspection Plan (signed and notarized by the Owner) for the detention facility. This Plan shall run with the land and be recorded in the County Probate Office prior to the Engineering Department issuing their approval for a Final Certificate of Occupancy.

5. The approval of all applicable federal, state, and local agencies (including all storm water runoff, wetland and floodplain requirements) will be required prior to the issuance of a Land Disturbance permit. The Owner/Developer is responsible for acquiring all of the necessary permits and approvals.
6. The proposed development must comply with all Engineering Department design requirements and Policy Letters.

Traffic Engineering Comments:

Driveway number, size, location, and design to be approved by Traffic Engineering and conform to AASHTO standards. Any required on-site parking, including ADA handicap spaces, shall meet the minimum standards as defined in Article 3, Section 64-3-12 of the City's Unified Development Code.

Urban Forestry Comments:

Property to be developed in compliance with state and local laws that pertain to tree preservation and protection on both city and private properties [Act 929 of the 1961 Regular Session of the Alabama Legislature (Acts 1961, p. 1487), as amended, and City Code Chapters 57 and 65]. Private removal of trees in the right-of-way will require approval of the Mobile Tree Commission. Removal of heritage trees from undeveloped residential sites, developed residential sites in historic districts, and all commercial sites will require a tree removal permit.

Fire Department Comments:

All projects located within the City Limits of Mobile shall comply with the provisions of the City of Mobile Fire Code Ordinance, which adopts the 2021 edition of the International Fire Code (IFC).

Fire apparatus access roads shall be provided to within 150 feet of all non-sprinklered commercial buildings and within 300 feet of all sprinklered commercial buildings, as measured along an approved route around the exterior of the facility.

An approved fire water supply capable of meeting the requirements set forth in Appendices B and C of the 2021 IFC shall be provided for all commercial buildings.

Fire hydrant placement shall comply with the following minimum standards:

- Within 400 feet of non-sprinklered commercial buildings
- Within 600 feet of sprinklered commercial buildings
- Within 100 feet of fire department connections (FDCs) serving standpipe or sprinkler systems

Although the International Residential Code (IRC) functions as a stand-alone document for the construction of one- and two-family dwellings and townhouses, it does not govern the design or layout of emergency access or community-level fire protection infrastructure. Therefore, residential developments must also comply with the applicable requirements of the International Fire Code, including, but not limited to, those listed above concerning the design, construction, regulation, and maintenance of fire apparatus access roads and fire protection water supplies.

Planning Comments:

Subdivision

The purpose of this application is to create one (1) legal lot of record from one (1) existing metes-and-bounds parcel. The site is served by public water and sanitary sewer.

The site has frontage along Old Shell Road and Item Avenue. Old Shell Road is a component of the Major Street Plan as a Minor Arterial Street with a compliant 50-foot right-of-way; therefore, no dedication would be required along Old Shell Road. Item Avenue is a minor street with curb and gutter and a compliant 50-foot right-of-way; therefore, no dedication would be required along Item Avenue. The preliminary plat indicates a 20-foot radius curve is to be dedicated at the intersection of Old Shell Road and Item Avenue. If approved, this should be retained on the Final Plat, adjusted for any further dedication, if required by City Engineering. The right-of-way widths of Old Shell Road and Item Avenue should be retained on the Final Plat, if approved.

As the site is proposed to be rezoned from R-1, Single-Family Residential Urban District, and B-2, Neighborhood Business Urban District, to B-2, Neighborhood Business Urban District, the required 10-foot minimum front yard setback for a B-2 Urban District should be illustrated along both street frontages on the Final Plat, if approved.

The proposed lot meets the minimum size requirements of the Subdivision Regulations, and the lot size label in both square feet and acres should be retained on the Final Plat, if approved, or a table should be furnished on the Final Plat providing the same information.

If approved, the subdivision would result in the lot being split-zoned, R-1 and B-2. As such, the request for Subdivision Approval will be contingent upon approval of the associated Rezoning request.

Rezoning

As mentioned, if the subdivision request is approved it will result in the lot being split-zoned R-1 and B-2. The applicant's justification for the rezoning, which can be viewed using the link on Page 1 of this report, is to correct an error in the assigned zoning classification, as the site has been developed and utilized for more than 30 years with B-2 businesses. In this instance, the subdivision of land may make reclassification necessary and desirable to eliminate split zoning. Subdivision of the property suggests rezoning of the site, in general, is necessary, especially to eliminate the potential for split zoning. If approved, the Rezoning process should be completed prior to signing the Final Plat for the proposed subdivision.

The site is bordered along Old Shell Road to the West by other B-2 properties in commercial use; to the North by an R-1 property used as a church, and R-1 property used as a residence. To the East across Item Avenue, and to the South across Old Shell Road, properties are also zoned B-2 in commercial use.

As no change in the current buildings or use on the site is proposed, and no expansion within the site is proposed, parking and landscaping data is omitted on the site plan provided.

The proposed subdivision of the site into one (1) lot would seem to justify the rezoning to eliminate split zoning within the site. Furthermore, the assignment of an R-1 zoning classification to property which has been in B-2 use for many years would further seem to justify the rezoning.

SUBDIVISION CONSIDERATIONS

Standards of Review:

Subdivision review examines the site with regard to promoting orderly development, protecting general health, safety and welfare, and ensuring that development is correlated with adjacent developments and public utilities and services, and to ensure that the subdivision meets the minimum standards set forth in the Subdivision Regulations for lot size, road frontage, lot configuration, etc.

Considerations:

If the Planning Commission considers approving the Subdivision request, the following conditions could apply:

1. Retention of the right-of-way widths of Old Shell Road and Item Avenue on the Final Plat;
2. Retention of the 20-foot radius corner dedication at the intersection of Old Shell Road and item Avenue, adjusted for any further dedication if required by City Engineering;
3. Revision of the plat to illustrate a 10-foot minimum building setback line along Old Shell Road and Item Avenue;
4. Retention of the lot size label in both square feet and acres on the Final Plat, or the furnishing of a table on the Final Plat providing the same information;
5. Completion of the Rezoning process to eliminate the potential for split-zoning prior to signing the Final Plat;
6. Compliance with all Engineering comments noted in this staff report;
7. Placement of a note on the Final Plat stating all Traffic Engineering comments noted in this staff report;
8. Compliance with all Urban Forestry comments noted in this staff report; and,
9. Compliance with all Fire Department comments noted in this staff report.

REZONING CONSIDERATIONS

Standards of Review:

The Unified Development Code (UDC) in 64-5-5.E. states that Rezonings are intended to carry out the objective of a sound, stable and desirable development and that casual change or amendment would be detrimental to the achievement of that objective.

The UDC goes on to say that zoning changes should be consistent with the Comprehensive Plan. However, the Comprehensive Plan and Future Land Use Plan (FLUP) and Map (FLUM) are meant to serve as a general guide, not a detailed lot and district plan; they are not a legal mandate for development. The FLUP and FLUM allow the Planning Commission and City Council to consider individual cases based on several factors including: surrounding development, classification requested, timing of the request, and the appropriateness and compatibility of the proposed use the zoning classification.

The UDC states that an application for rezoning shall include a statement of the justification for the proposed amendment that addresses all of the following:

A) Consistency. Whether the proposed amendment is consistent with the Comprehensive Plan;
B) Mistake. For a Rezoning, whether there was a mistake or error in the original zoning map; and
C) Compatibility. Whether the proposed amendment is compatible with:
    (1) The current development trends, if any, in the vicinity of the subject property;
    (2) Surrounding land uses;
    (3) Would adversely impact neighboring properties; or
    (4) Cause a loss in property values.
D) Health, Safety and General Welfare. Whether the proposed amendment promotes the community's public health, safety, and general welfare;
E) Capacity. Whether the infrastructure is in place to accommodate the proposed amendment; and
F) Change. Whether changed or changing conditions in a particular area make an amendment necessary and desirable.

G) Benefits Consideration. In addition, consideration should also be given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

The applicant's responses to address the above criteria are available in the link on page one (1).

Considerations:

If the Planning Commission considers a recommendation of approval of the Rezoning request to the City Council, the following condition could apply:

1. Full compliance with all municipal codes and ordinances.

Zoning District Correspondence Matrix

- ■ Directly Related
- O Elements of the zoning category are related to the future LU category, but with qualifications (such as a development plan with conditions)
- □ Land use category is appropriate, but the district does not directly implement the category (e.g., open space in an industrial district)

NEIGHBORHOOD CENTER (NC)

This land use designation applies to smaller hubs of mixed commercial, community, and recreational activity that cater to adjacent residential areas. Many of these centers exist today in some form. Therefore, the following common principles apply not just to the future development of new centers, but also to the redevelopment (wholesale or incremental) of existing centers.

General Principles for Neighborhood Centers:

- NC should support a limited amount of commercial employment
- NC should incorporate some residential use, which may vary in type from detached single family, townhouse, accessory and live-work units in mixed use and low-rise multifamily structures.
- The residential density in NC designations –ranging from 4 to 10 du/ac— must be compatible in character with that of surrounding residential development, providing appropriate transitions in height, massing and other buffering from one land use district to the next.
- The retail and housing uses should merge around vibrant, compact, accessible nodes, located at key neighborhood intersections or along short road segments.
- The NC nodes should be connected to the surrounding neighborhood and nearby public uses (e.g., schools, parks, etc.) via well-designed sidewalks and complete streets.

While the above-listed principles are common to all NC districts, the design attributes of neighborhood centers generally vary depending on whether a center is in a more "traditional" or more "suburban" context.

Additional Attributes of Neighborhood Centers:

- NC in traditional contexts: These tend to be in those areas east of the Beltline and correspond to MxDR neighborhoods. In these NCs, buildings should orient to the street, with on-site parking typically pushed to the back of the site. The design qualities of the public realm are emphasized, including the provision of continuous sidewalks, tree canopy, pedestrian amenities, on-street parking and bicycle facilities where appropriate.
- NC in suburban contexts: These generally are located among the LDR land use designations in the areas west of the Beltline. Where they exist, these centers currently have a more pronounced vehicular orientation. Therefore, the emphasis is on retrofitting to improve internal walkability (e.g., through the addition of sidewalks, tree canopy, protection from the elements) and external connectivity to the surrounding areas (via sidewalks, paths and trails, street crossings, transit stops, etc.) and to increase the mix and density of uses (e.g., infill of outparcels, addition of housing, etc.).

RESOLUTION

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, that the City Clerk be, and she hereby is, instructed to publish in a newspaper of general circulation within the municipality the attached notice stating the time and place a proposed amendment to the Zoning Ordinance is to be considered by the City Council and further stating that at such time and place all persons who desire shall have an opportunity of being heard in opposition to or in favor of the proposed amendment.

Adopted:

_____

City Clerk

Notice of Public Hearing to Consider an Amendment to the
Downtown Development District Regulating Plan to
Rezone Property Located at 250 Saint Francis Street

Pursuant to Resolution of the Mobile, Alabama City Council adopted **September 9, 2025**, a public hearing will be held on the **14th** day of **October**, 2025, at 10:30 a.m., to consider adoption of an ordinance to amend the Downtown Development District Regulating Plan to rezone property located at 250 Saint Francis Street from T-5.1 to T-5.2.

The public hearing will be held in the Auditorium of Government Plaza, 205 Government Street, Mobile, Alabama. All persons who desire shall have an opportunity to be heard in favor of or in opposition to the proposed amendment at such time and place. Further, the City Council may consider zoning classifications other than the ones sought by the applicant, and may take other actions allowed by law.

Lisa C. Lambert
City Clerk

AN ORDINANCE AMENDING THE ORDINANCE ADOPTED BY THE CITY COUNCIL OF THE CITY OF MOBILE ON THE 12TH DAY OF JULY, 2022, SAID ORDINANCE BEING COMMONLY KNOWN AS THE UNIFIED DEVELOPMENT CODE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOBILE AS FOLLOWS:

Section One: That the Ordinance commonly known as the Unified Development Code and adopted on July 12, 2022, together with the Zoning Map of the City of Mobile, be, and the same hereby is amended in respect to that certain property in the City of Mobile, State of Alabama, described as follows to-wit:

LOT A, CONDOMINIUM SUBDIVISION, AS PER PLAT RECORDED IN MAP BOOK 121, PAGE 25, PROBATE COURT OF MOBILE COUNTY, ALABAMA.

The classification of said property is hereby changed from T-5.1 to T-5.2 and it shall hereafter be lawful to construct on such property any structures permitted by the Ordinance of July 12, 2022, commonly known as the Unified Development Code and to use said premises for any use permitted by the terms of said Ordinance in a T-5.2, provided, however, that the plans for any structure or building sought to be erected on said property shall be in compliance with the building laws of the City of Mobile, and that any structure shall be approved by the Building Inspector of the City of Mobile, and that any such structure be erected only in compliance with such laws, including the requirements of said Unified Development Code of July 12, 2022, and further provided, however, that no lot or parcel of land herein above described shall be used for any use allowed in a T-5.2, until the condition set forth below has been complied with: 1. Full compliance with all municipal codes and ordinances.

Section Two: This Ordinance shall be in force and effect from and after its adoption and publication.

NOTICE OF HEARING
OF PROPOSED AMENDMENT
TO THE UNIFIED DEVELOPMENT CODE

Notice is hereby given that the City Council of Mobile proposes to consider the adoption of the below synopsized amendment to the Ordinance adopted on the 12th day of July, 2022, and known as the "Unified Development Code". The adoption of such amendment will be considered by the City Council of Mobile in the Auditorium of the Government Plaza in Mobile, Alabama on the 14th day of October, 2025, at 10:30 AM. At such time and place all persons who desire shall have an opportunity to be heard in opposition to or in favor of the amendment.

Synopsis of Proposed Amendment to the Zoning Ordinance

The proposed amendment to the Unified Development Code was published in full on the 17th day of September, 2025 in the Lagniappe.

The proposed amendment to the Unified Development Code concerns the property within the City of Mobile, located at **250 Saint Francis Street.**

The proposed amendment to the Unified Development Code changes the classification of the subject property **from T-5.1 to T-5.2.** Under the proposed amendment to the Unified Development Code, it shall hereafter be lawful to construct on the subject property any structures and to use the subject property for any use, as permitted in **T-5.2** Districts under the terms of the Unified Development Code of July 12, 2022, as amended. Any construction or erection on the subject property shall be in compliance with the building laws of the City of Mobile and shall be approved by the Building Inspector of the City of Mobile. Any such constructed or erected structure shall be erected or constructed in compliance with the laws of the City of Mobile, including without limitation the requirements of the Unified Development Code of July 12, 2022, as amended. Further, no lot or parcel shall be used for any use allowed in **T-5.2** until the following condition set forth below has been complied with: 1. Full compliance with all municipal codes and ordinances.

This proposed amendment to the Unified Development Code shall be in full force and effect from after its publication and adoption by the Mobile City Council.

AN ORDINANCE AMENDING THE ORDINANCE ADOPTED BY THE CITY COUNCIL OF THE CITY OF MOBILE ON THE 12TH DAY OF JULY, 2022, SAID ORDINANCE BEING COMMONLY KNOWN AS THE UNIFIED DEVELOPMENT CODE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOBILE AS FOLLOWS:

Section One: That the Ordinance commonly known as the Unified Development Code and adopted on July 12, 2022, together with the Zoning Map of the City of Mobile, be, and the same hereby is amended in respect to that certain property in the City of Mobile, State of Alabama, described as follows to-wit:

LOT A, CONDOMINIUM SUBDIVISION, AS PER PLAT RECORDED IN MAP BOOK 121, PAGE 25, PROBATE COURT OF MOBILE COUNTY, ALABAMA.

The classification of said property is hereby changed from **T-5.1 to T-5.2** and it shall hereafter be lawful to construct on such property any structures permitted by the Ordinance of July 12, 2022, commonly known as the Unified Development Code and to use said premises for any use permitted by the terms of said Ordinance in a **T-5.2**, provided, however, that the plans for any structure or building sought to be erected on said property shall be in compliance with the building laws of the City of Mobile, and that any structure shall be approved by the Building Inspector of the City of Mobile, and that any such structure be erected only in compliance with such laws, including the requirements of said Unified Development Code of July 12, 2022, and further provided, however, that no lot or parcel of land herein above described shall be used for any use allowed in a **T-5.2,** until the condition set forth below has been complied with: 1. THE CITY OF MOBILE, ALABAMA
PLANNING & ZONING DEPARTMENT

MOBILE CITY PLANNING COMMISSION

August 29, 2025
City Council
Mobile Government Plaza
Mobile, Alabama 36644

Dear Council Members:

The Mobile City Planning Commission at its meeting on **August 21, 2025**, considered the request of **Ryan Patel, A&R Development Group, LLC (James F. Watkins, Maynard Nexsen, PC, Agent)** for an Amendment to the Downtown Development District Regulating Plan to Rezone the property from T-5.1 to T-5.2. for the property located at **250 Saint Francis Street**.

After discussion it was decided to recommend approval of the rezoning request to the City Council subject to the following condition:

1. Full compliance with all other municipal codes and ordinances.

Copies of the application and report are attached.

Sincerely,

Stephen Guthrie

LETTER OF DECISION

August 25, 2025

Ryan Patel
A & R Development Group, LLC
1381 W. Fairfield Drive
Gulf Shores, Alabama 36542

Re: 250 Saint Francis Street
ZON-UDC-003414-2025
Ryan Patel, A&R Development Group, LLC (James F. Watkins, Maynard Nexsen, PC, Agent)
District 1
Rezoning from Neighborhood Business Suburban District (B-2) to Light Industry District (I-1).
Amendment to the Downtown Development District Regulating Plan to Rezone the property from T-5.1 to T-5.2.

Dear Applicant(s)/ Property Owner (s):

At its meeting on August 21, 2025, the Planning Commission considered the above referenced application.

After discussion the Planning Commission determined the following criteria prevail to support amending the Downtown Development District Regulating Plan to rezone the property to **T-5.2**:

A) Consistency. The proposed amendment is consistent with the Comprehensive Plan;
B) Mistake. There was a mistake or error in the original zoning map; and
C) Compatibility. The proposed amendment is compatible with:
   (1) The current development trends, if any, in the vicinity of the subject property;
   (2) Surrounding land uses;
   (3) Would not adversely impact neighboring properties; or
   (4) Cause a loss in property values.
D) Health, Safety and General Welfare. The proposed amendment promotes the community's public health, safety, and general welfare.
E) Capacity. The infrastructure is in place to accommodate the proposed amendment; and,
F) Benefits Consideration. In addition, consideration was given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

As such, the Planning Commission voted to recommend approval of Rezoning the property to **T-5.2** to the City Council, subject to the following condition(s):

1. Full compliance with all other municipal codes and ordinances.

ZON-UDC-003414-2025 250 St. Francis Street

Ryan Patel, A&R Development Group, LLC (James F. Watkins, Maynard Nexsen, PC, Agent)
District 2
Amendment to the Downtown Development District Regulating Plan to Rezone the property from T-5.1 to T-5.2.

Dear Property Owner(s):

This letter is to advise adjacent property owners, as required by State Law, that the Mobile City Planning Commission will hold a Public Hearing on Thursday, August 21, 2025, at 2:00 p.m., to consider the above referenced application.

The meeting will be held in the Auditorium at 205 Government Street, Mobile, Alabama.

While your presence is not required, this notice is to advise you of the meeting so that you may participate and if you wish, present your views concerning this application to the Planning Commission. Please note, this application will not re-zone your property.

If you wish to comment on the application, you may email your comments to planning@cityofmobile.org or upload your comments to the case, which can be found under the meeting date on the web portal at https://www.buildmobile.org/planning-commission/. You may also submit comments by letter:

Planning & Zoning/City of Mobile
P.O. Box 1827
Mobile, Alabama 36633-1827

Include your full name and address with any comments. All comments must be submitted via email or uploaded to the portal, or received via mail, by 2:00 p.m. on Wednesday, August 20, 2025, to allow adequate time for the Commission members to review the information.

If you wish to present your views to the Commission in person, the Commission's Operating Rules and Procedures limit both the proponent and opposition to four (4) speakers each, for a maximum of five (5) minutes.

For additional information or assistance, please contact a Planner at (251) 208-5895.

Owner Signature — Date

Applicant or Agent Signature (if applicable) — Date 7/14/25

AGREEMENT ALLOWING THE CITY OF MOBILE TO POST PUBLIC NOTICE SIGNS ON PROPERTY PENDING BEFORE THE MOBILE CITY PLANNING COMMISSION

I hereby agree to allow the City of Mobile to post on my property, which is under consideration for Planning Commission/City Council approval, a sign notifying the general public of said request. I understand that the City of Mobile will erect and maintain said sign for the prescribed period of time.

Applicant or Agent Signature — Date 7/14/25

CHECKLIST A

Conditional Use Permit

Requirement Checklist A is required for all Conditional Use Permits

The following information is required to evaluate applications for Conditional Use Permits. Please provide a statement for all items.

Please consult the Use Table in Section 64-2-24 of the UDC as the following uses may require supplemental documentation. Select all of the uses that apply.

☐ Bed and Breakfast Establishments	☐ Daycare, Child (Home Based 7-12 Children)
☐ Community Residences	☐ Private or Parochial School
☐ Above-Ground Oil Storage Tank	☐ Hazardous Substance Storage Tank
☐ Bar/Lounge	

Have you provided the required information for the selected uses above? ☐ Yes ☐ No

---

The Following information is required for Conditional Use Permits. Please refer to Section 64-10-6 for a full description of the requirements and verify that the following documentation is provided:

☐ Planning Commission Application
☐ Site Plan
☐ Documentation of compliance with Approval Criteria
☐ Neighborhood Meeting Documentation
☐ Traffic Impact Studies, as prescribed by the Traffic Engineer

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

   _____

   _____

   _____

   _____

   _____

   Future Land Use Map (FLUM) Designation

2. Is the application compliant with Development Standards of Article 3? ☐ Yes ☐ No
   If no, what are the deficiencies?

   _____

   _____

   _____

3. Describe how the application and plan is compatible with the character of the surrounding neighborhood.

   _____

   _____

   _____

4. Describe how the proposal prevents impacts on the development or improvement of adjacent property.

5. Please provide the following information:
   - ☐ The location, type and height of buildings or structures: (e.g., The existing structure is 24 feet tall)
   - ☐ The type and location of landscaping and screening: (e.g., A row of shrubs is located along the western edge of the property)
   - ☐ Lighting:
   - ☐ Hours of operation:
   - ☐ Other conditions that are unique to the use of the property:

6. Does the plan provide appropriate ingress and egress? (Please provide a site plan showing ingress and egress)
   ☐ Yes ☐ No

7. Describe how the proposal is designed to minimize the impact on storm water facilities.

8. Describe how the development is served by water and sanitary sewer services. What services are provided and by what entity?

9. Describe how the proposal will minimize elements that may be noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; or have elements that are detrimental to the public health, safety or general welfare.

10. For Above-Ground Oil Storage Tanks, please include all information required by Section 64-4-7. For Hazardous Substance Storage Tanks, please include all information required by Section 64-4-8.

SUPPLEMENTAL DOCUMENTATION
Bed and Breakfast Establishments

The following information is required to evaluate applications for Conditional Use Permits for a Bed and Breakfast. Please provide a statement for all items.

1. Will the owner of the establishment reside on the site? ☐ Yes ☐ No
   How many nonresident employees are proposed for the business?

2. How many guest rooms will be provided?

3. Will meals be provided? Are meals or food to be provided to any customers that are NOT overnight guests of the proposed Bed and Breakfast?

4. What is the maximum stay for guests?

SITE PLAN, BUILDING ELEVATION AND SIGN INFORMATION

The following information is required to evaluate the conditional use application. Please provide all the following information as additional documentation.

☐ Provide elevations of all structure on the property to illustrate that the residential nature of the neighborhood or the character of the dwelling as a residence are maintained.

☐ Illustrate the refuse area on the site plan (be no closer than twenty (20) feet from any property line and 100 feet from any dwelling on an adjacent lot)

☐ Illustrate required parking on the site plan (Minimum of two (2) off-street parking spaces for the principal occupants of the residence, and a minimum of one (1) additional parking space per guest room. The additional parking spaces shall not be located in any required front or side yard setback area and shall be screened from the view of adjacent properties.

☐ No more than one (1) identification sign shall be permitted for the Bed and Breakfast use. Such signs shall state only the name and street address of the establishment. It shall not exceed four (4) square feet in sign face area. No other signage or advertising copy such as Vacancy/No Vacancy, Rent/Lease, etc. is permitted.

SUPPLEMENTAL DOCUMENTATION
Bar/Lounge

The following information is required to evaluate applications for Conditional Use Permits for a Bar/Lounge. Please provide a statement for all items.

1. Is entertainment or music to be provided? ☐ Yes ☐ No
   If yes, how often will entertainment or music be provided? Will sound systems or amplification be used? What hours will entertainment or music be provided?

2. Describe how the proposal is in the City's, larger community's, or neighborhood's best interest and what needs, benefits, or public purposes it serves.

3. Describe any potential adverse effects of the proposed use and structure upon the neighborhood and how will they be mitigated.

SUPPLEMENTAL DOCUMENTATION
Community Residences

The following information is required to evaluate applications for Conditional Use Permits for Community Residences. Please provide a statement for all items.

1. How many unrelated persons will occupy the home?

2. Will the community residence operate as a functional family (also known as emulating a biological family) to foster community gathering?

3. Is there an existing community residence within one thousand linear feet of the proposed community residence location? ☐ Yes ☐ No
   Refer to the Alabama Department of Mental Health, the Alabama Department of Public Health, and the Alabama Department of Human Resources for information regarding existing community residences.
   If yes, provide the address of the existing community residence(s).

4. Describe how the proposed Community Residence will not alter the residential character of the surrounding neighborhood.

5. By how many individuals will the community residence exceed the as of right maximum of four (4) residents? Provide an explanation of the financial and/or therapeutic need to house the proposed number of residents.

6. What is the primary function of the proposed Community Residence? What type of treatment is provided on site?

7. Describe how the requested number of residents in the proposed Community Residence will not interfere with the normalization and community integration of the occupants of any existing Community Residence.

SUPPLEMENTAL DOCUMENTATION
Daycare, Child (Home Based 7-12 children)

The following information is required to evaluate applications for Conditional Use Permits for Home Based Daycare. Please provide a statement for all items.

1. Is the home the primary residence of the daycare operator? ☐ Yes ☐ No

2. Are there additional employees? ☐ Yes ☐ No
   If yes, how many and do they reside at the home?

   _____

   _____

SITE PLAN AND BUILDING INFORMATION

The following are required to evaluate the conditional use application. Please provide all the following information as additional documentation.

☐ The outdoor play area shall be enclosed by a fence or wall at least four (4) feet in height. Please indicate on the site plan.

☐ The outdoor play area shall be adequate in size to accommodate the number of children served but in no event may be less than the number required of the Alabama Department of Human Resources.

☐ All parking shall comply with the Parking Requirements of Article 3, Section 12, except that the parking and driveway may be of an Approved Alternative Paving Surface, and shall comply with the size, location, and other specification requirements set forth in Section 64-3-12.

☐ The following minimum amount of off-street parking must be provided:

- ☐ The minimum number required for residences as set forth in Section 64-3-12 and Table 64-3-12.1 (i.e., two (2) per dwelling unit for a single-family detached dwelling); plus
- ☐ One (1) space for each employee who is not a full-time permanent resident of the home; plus
- ☐ One (1) space for every three (3) children that the home daycare is licensed to serve by the Department of Human Resources.

☐ The indoor floor space of the home must be adequate in size to accommodate the number of children served but in no event may be less than the number required of the Alabama Department of Human Resources.

SUPPLEMENTAL DOCUMENTATION
Private or Parochial Schools

The following information is required to evaluate the conditional use application. Please provide all the following information as additional documentation.

SITE PLAN

- ☐ Building coverage shall not exceed forty (40) percent of the total lot area.
- ☐ Not less than two (2) off-street parking spaces per classroom shall be provided for an elementary school, three (3) per classroom for a junior high school and eight (8) per classroom for a senior high school.
- ☐ Minimum yard dimensions should be: Front Yard depth, thirty (30) feet; Side Yard width, forty (40) feet; Rear Yard depth, forty (40) feet, provided that each of these dimensions should be increased by one foot for every foot by which the height of the building exceeds thirty-five (35) feet.
- ☐ Playgrounds, play fields and other active recreation facilities should not extend into required yards, and no structure for seating spectators at athletic events (except a gymnasium or auditorium completely enclosed within a building) should be located closer than two hundred (200) feet to any residential property line.
  - ☐ One off-street parking space should be provided for every three (3) spectator seats in any such facility.
- ☐ Off-street school bus loading spaces should be provided when school buses are to be used.
- ☐ Fences or planted buffer strips should be provided as determined by the Board to be necessary for safety purposes or to minimize possible adverse effects upon adjacent property.

CHECKLIST B
Rezoning, Text Amendments, or Specific Area Plan Amendments

The following information is required to evaluate applications for Rezoning, Text Amendments, or Specific Area Plan Amendments. Please provide a statement for all items.

The following information is required for Rezoning Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

- ■ Planning Commission Application
- ☐ Neighborhood Meeting documentation
- ■ Boundary Plan
- ■ A Concept Plan or Site Plan due to complexity of project or if required by Planning Commission
- ☐ Traffic Impact Studies, as prescribed by the Traffic Engineer

---

A. JUSTIFICATION FOR THE PROPOSED AMENDMENT

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

Developer is proposing to develop vacant lot as a 140+/- room branded hotel. The site is located in teh Downtown area under the Map for Mobile. In the Downtonw District, in-fill development is encouraged. A hotel use increases the mix of uses along this corridor of St. Francis Street. In this area, uses include churches, retail, commercial offices, commercial storage, restuarants, and residential uses.

Downtown — Future Land Use Map (FLUM) Designation

T-5(ii) — Requested Zoning

2. Was there a mistake or error in the original zoning map? ☐ Yes ■ No
If yes, describe the error

3. Describe how this proposal promotes the community's health, safety, and welfare.

Additional hotel rooms in teh Downtown District will promote tourism and enhance Mobile's ability to attract additional tourists and convention business. The development of hte site will take a vacant parcel and create an anchor for activity in this area between Dauphin and St. Louis Streets. Development of the site as a hotel will increase tax revenue forthe City and COunty through lodging and ad valorem taxes.

4. Describe what changed or changing conditions in the area make an amendment necessary and desirable.

Redevelopment of hte Downtown District has brough additional tourists and businesses to the area. The construction ofhte new Civic Center and the relocation of teh Mobile Airport to Brokley Field will increase demand for hotel rooms in the Downtown District. Improvements to the Convention Center, growth in tourism in the Africatown Community and renovations to the Battleship all point to increased tourism in the downtown area and evidences a need for additional hotel rooms. Current zoning allows small hotel on site, but developer's plan woudl be for a room count exceeding what is allowed.

B. SITE AND NEIGHBORHOOD COMPATIBILITY The following will be considered when evaluating application for compatibility with surrounding uses.

1. Describe the current development trends in the area of the property.

The Downtown Area contiues to see renovation of existing structures as well as new construction, all leading to more people visiting the area. The construction of a new Civic Center as well as the relocation of the Mobile Airport to Brookley Field will further fuel growth of visitors to Downtown Work in the area is a mix of restoration of historic buildings as well as new construction.

2. Describe the surrounding land uses.

Within a several block radius of the site there is a significant mix of residential, commercial office, retail, church, restuarant and hotel uses.

3. Describe any potential adverse impacts on neighboring properties and how they will be mitigated.

Given the location of the site in the Downtown District, and the various uses already in close proximity to the site, there would be minimal, if any, adverse impact on neighboring properties. The proposed building height is comparable to the nearby church and existing hotels and office buildings nearby. There could be an increase in parking required for this proposed use but the developer is providing some on-site parking and there are a numebr of existing surface lots within 1-2 blocks of the site which would mitigate that issue.

4. Describe if there is adequate infrastructure in place to accommodate the proposed request.

The Downtown District has sufficient infrastructure in place to suppot the proposed use.

5. Describe how the proposal is in the City's or the larger community's best interest and what needs, benefits, or public purposes it serves.

Development of additional hotel rooms will support growth of the Downtown District as a tourist destination as well as support attracking conventions to the area.

C. SPECIFIC AREA PLANS For Specific Area Plans (regulating plans, Neighborhood Plans, and overlay districts), describe proposed changes to area plan.

CHECKLIST C

Planned Development

The following are required to evaluate applications for Planned Developments. Please provide a statement for all prompts.

The following information is required for Planned Development Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

- ☐ Planning Commission Application
- ☐ Neighborhood Meeting documentation
- ☐ A Concept Plan
- ☐ Dimensional and Design Standards, per Section 64-2-23.D
- ☐ Traffic Impact Studies, as prescribed by the Traffic Engineer
- ☐ List of Permitted uses, per Section 64-2-23.C

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

   _____

   _____

   _____

   _____

   _____

   Future Land Use Map (FLUM) Designation

2. Describe how is the application and plan compatible with the character of the surrounding neighborhood.

   _____

   _____

   _____

   _____

3. Describe how the proposal prevents impacts on the development or improvement of adjacent property.

   _____

   _____

   _____

   _____

4. Please provide the following information:
   - ☐ The location, type and height of buildings or structures: (e.g., The existing structure is 24 feet tall)

     _____

     _____
   - ☐ The type and location of landscaping and screening: (e.g., A row of shrubs is located along the western edge of the property)

     _____

     _____
   - ☐ Lighting:

     _____

     _____
   - ☐ Hours of operation:

☐ Other conditions that are unique to the use of the property:

5. Describe how the proposal is designed to minimize the impact on storm water facilities.

6. Describe how the development is served by water and sanitary sewer services. What services are provided and by what entity?

7. Describe how the proposal will minimize elements that may be noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; or have elements that are detrimental to the public health, safety or general welfare.

8. Describe how the proposal is in the City's or the larger community's best interest and what needs, benefits, or public purposes it serves.

SITE PLAN AND BUILDING INFORMATION

The following information is required to evaluate the application. Please provide all the following information as additional documentation.

- ☐ Illustrate that the site plan satisfies the minimum continuous acreage requirements of Section 64-2-23.A
- ☐ Illustrate the open space.
- ☐ Illustrate available public utilities, streets, and community facilities.
- ☐ Illustrate that the site has appropriate ingress and egress.
- ☐ Illustrate how the site accommodates existing urban amenities and natural features.

CHECKLIST D
Previously approved Planning Approvals and Planned Unit Developments

The following are required to evaluate applications for Previously approved Planning Approvals and Planned Unit Developments. Please provide a statement for all items.

The following information is required for Planned Development Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

☐ Planning Commission Application

☐ A site plan that shows existing and proposed improvements and indicates proposed modification of prior approval

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

   _____

   _____

   _____

   _____

   _____

   Future Land Use Map (FLUM) Designation

2. Describe how is the proposal and plan compatible with the character of the surrounding neighborhood.

   _____

   _____

   _____

   _____

3. Describe how the proposal prevents impacts on the development or improvement of adjacent property.

   _____

   _____

   _____

   _____

4. Does the site design include adequate public facilities and utilities? ☐ Yes ☐ No

5. Does the plan provide appropriate ingress and egress? (Please provide a site plan showing ingress and egress)
   ☐ Yes ☐ No

6. Please provide the following information:
   - ☐ The location, type and height of buildings or structures: (e.g., The existing structure is 24 feet tall)

     _____

     _____

   - ☐ The type and location of landscaping and screening: (e.g., A row of shrubs is located along the western edge of the property)

     _____

     _____

   - ☐ Lighting:

     _____

     _____

NEIGHBORHOOD MEETING DOCUMENTATION

The following are required for neighborhood meeting documentation. Please provide a statement for all items. Refer to Section 64-5-4 of the UDC for full requirements.

This section applies to any of the following applications:

a) Any Rezoning to a higher classification;
b) Any application to create or modify a Planned Development; or
c) Any Conditional Use Permit.

Please verify the following documentation is provided:

- ☒ Dated Photograph(s) of the posted sign(s)
- ☒ The verified address list of surrounding property owners who were notified
- ☐ A sign-in sheet documenting meeting attendance
- ☐ Written summary or minutes of the meeting
- ☐ Copies of any site plans, building elevations or other documents provided or referenced at the meeting

Neighborhood Meeting Proceedings:

1. What was the date and location of the meeting?
   Meeting Date is set for July 21, 2025

2. What information was presented at the meeting?

3. What concerns were raised during the meeting?

4. Were any modifications made or considered in response to the concerns raised at the meeting?

City of Mobile • Planning &Zoning

Planning Commission Application

For hard copy submissions, SEVEN (7) COPIES of all the necessary information as required by the Zoning Ordinance, including the site plan, must be submitted along with **seven (7) paper copies of this application by NOON** on the deadline filing date. Otherwise, this application will not be accepted. Separate application packets and fees are required for each application type. Digital submissions are required by noon on the deadline filing date.

Fees

Conditional Use Permit $500
Conditional Use Permit for Above-Ground Oil Storage Tank* $1,500
Conditional Use Permit for Hazardous Substance Storage Tank* $1,500
Rezoning, Text Amendment, or Specific Area Plan $500
Planned Development $500
Planning Approval or Planned Unit Development $500

Notification fees: First Class Postage per property owner within 300', and each applicant/owner.

Additional fees: A legal advertisement fee will be required for each application, after consideration by the Planning Commission and prior to consideration by the City Council. If approved by the City Council, documentation must be recorded in Mobile County Probate Court at the expense of the applicant.

* For Above-Ground Oil Storage Tank or Hazardous Substance Storage Tank applications, please contact staff for additional information regarding fee, legal ad and notification requirements.

APPLICATION TYPE Please select the application type. Please complete the appropriate checklist (A, B, C, or D) for a full list of application requirements.

☐ **Conditional Use Permits**
Checklist A

■ **Rezoning, Text Amendment, or Specific Area Plan Amendments**
Checklist B

☐ **Planned Development**
Checklist C

☐ **Previously approved Planning Approvals or Planned Unit Development**
Checklist D

Have you provided the required information on the corresponding checklist? ☐ Yes ☐ No

---

1. APPLICANT INFORMATION If other than the property owner, must furnish written authorization from owner. Owner must submit evidence, such as deed or tax assessment that the person has right of possession to the land and any structures thereon.

	Applicant	Agent (If Applicable)
Name:	Ryan Patel	James F. Watkins
Firm:	A & R Development Group, LLC	Maynard Nexsen PC
Phone:	251-223-6311	251-432-0001

2. PROPERTY INFORMATION Attach a brief description of the property location, parcel number, and legal description.

250 St. Francis Street, Mobile, AL 36602 — Property Address

0.53 Acres — Property Area (acres or square feet)

Key No. 00736234

Parcel Number(s) or Key Number(s)

T-5(i) — Present Zoning or Transect District

T-5(ii) — Proposed Zoning or Transect District (if applicable)

3. NEIGHBORHOOD MEETING Attach the Neighborhood Meeting Documentation if applicable.

This requirement applies to any of the following applications:

a) Any Rezoning to a higher classification;
b) Any application to create or modify a Planned Development; or
c) Any Conditional Use Permit.

Have you provided the required Neighborhood Meeting Documentation, if applicable? ☐ Yes ☐ No

4. LABELS FOR NOTIFICATION Provide the names and complete addresses of owners of property lying within 300 feet of the property in this application, as shown by the latest assessment records of the Mobile County Revenue Commissioner's Office located in the plat and map room. ALL property ownership information provided for notification MUST be verified through Probate Court records. Each name and address must be TYPED on a standard size (approximately 1" x 2-5/8") white self-adhesive label. Include one (1) label with the APPLICANT'S name and address, plus one (1) label with the OWNER'S name and address (if applicant and owner differ). A PHOTOCOPY OF THE TYPED LABELS MUST ALSO BE SUBMITTED. (Please use 8_1/2" x 11" sheets of labels).

5. SIGNATURE It is warranted in good faith by the applicant whose name is signed hereto that all of the above facts are true and correct.

Owner Signature — Date

Applicant or Agent Signature (if applicable) — Date 7/14/25

AGREEMENT ALLOWING THE CITY OF MOBILE TO POST PUBLIC NOTICE SIGNS ON PROPERTY PENDING BEFORE THE MOBILE CITY PLANNING COMMISSION

I hereby agree to allow the City of Mobile to post on my property, which is under consideration for Planning Commission/City Council approval, a sign notifying the general public of said request. I understand that the City of Mobile will erect and maintain said sign for the prescribed period of time.

Applicant or Agent Signature — Date 7/14/25

CHECKLIST A

Conditional Use Permit

Requirement Checklist A is required for all Conditional Use Permits

The following information is required to evaluate applications for Conditional Use Permits. Please provide a statement for all items.

Please consult the Use Table in Section 64-2-24 of the UDC as the following uses may require supplemental documentation. Select all of the uses that apply.

☐ Bed and Breakfast Establishments	☐ Daycare, Child (Home Based 7-12 Children)
☐ Community Residences	☐ Private or Parochial School
☐ Above-Ground Oil Storage Tank	☐ Hazardous Substance Storage Tank
☐ Bar/Lounge	

Have you provided the required information for the selected uses above? ☐ Yes ☐ No

---

The Following information is required for Conditional Use Permits. Please refer to Section 64-10-6 for a full description of the requirements and verify that the following documentation is provided:

- ☐ Planning Commission Application
- ☐ Documentation of compliance with Approval Criteria
- ☐ Traffic Impact Studies, as prescribed by the Traffic Engineer
- ☐ Site Plan
- ☐ Neighborhood Meeting Documentation

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

   _____

   _____

   _____

   _____

   _____

   Future Land Use Map (FLUM) Designation

2. Is the application compliant with Development Standards of Article 3? ☐ Yes ☐ No
   If no, what are the deficiencies?

   _____

   _____

   _____

3. Describe how the application and plan is compatible with the character of the surrounding neighborhood.

   _____

   _____

   _____

4. Describe how the proposal prevents impacts on the development or improvement of adjacent property.

5. Please provide the following information:
   - ☐ The location, type and height of buildings or structures: (e.g., The existing structure is 24 feet tall)
   - ☐ The type and location of landscaping and screening: (e.g., A row of shrubs is located along the western edge of the property)
   - ☐ Lighting:
   - ☐ Hours of operation:
   - ☐ Other conditions that are unique to the use of the property:

6. Does the plan provide appropriate ingress and egress? (Please provide a site plan showing ingress and egress)
   ☐ Yes ☐ No

7. Describe how the proposal is designed to minimize the impact on storm water facilities.

8. Describe how the development is served by water and sanitary sewer services. What services are provided and by what entity?

9. Describe how the proposal will minimize elements that may be noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; or have elements that are detrimental to the public health, safety or general welfare.

10. For Above-Ground Oil Storage Tanks, please include all information required by Section 64-4-7. For Hazardous Substance Storage Tanks, please include all information required by Section 64-4-8.

SUPPLEMENTAL DOCUMENTATION
Bed and Breakfast Establishments

The following information is required to evaluate applications for Conditional Use Permits for a Bed and Breakfast. Please provide a statement for all items.

1. Will the owner of the establishment reside on the site? ☐ Yes ☐ No
   How many nonresident employees are proposed for the business?

2. How many guest rooms will be provided?

3. Will meals be provided? Are meals or food to be provided to any customers that are NOT overnight guests of the proposed Bed and Breakfast?

4. What is the maximum stay for guests?

SITE PLAN, BUILDING ELEVATION AND SIGN INFORMATION

The following information is required to evaluate the conditional use application. Please provide all the following information as additional documentation.

☐ Provide elevations of all structure on the property to illustrate that the residential nature of the neighborhood or the character of the dwelling as a residence are maintained.

☐ Illustrate the refuse area on the site plan (be no closer than twenty (20) feet from any property line and 100 feet from any dwelling on an adjacent lot)

☐ Illustrate required parking on the site plan (Minimum of two (2) off-street parking spaces for the principal occupants of the residence, and a minimum of one (1) additional parking space per guest room. The additional parking spaces shall not be located in any required front or side yard setback area and shall be screened from the view of adjacent properties.

☐ No more than one (1) identification sign shall be permitted for the Bed and Breakfast use. Such signs shall state only the name and street address of the establishment. It shall not exceed four (4) square feet in sign face area. No other signage or advertising copy such as Vacancy/No Vacancy, Rent/Lease, etc. is permitted.

SUPPLEMENTAL DOCUMENTATION
Bar/Lounge

The following information is required to evaluate applications for Conditional Use Permits for a Bar/Lounge. Please provide a statement for all items.

1. Is entertainment or music to be provided? ☐ Yes ☐ No
   If yes, how often will entertainment or music be provided? Will sound systems or amplification be used? What hours will entertainment or music be provided?

2. Describe how the proposal is in the City's, larger community's, or neighborhood's best interest and what needs, benefits, or public purposes it serves.

3. Describe any potential adverse effects of the proposed use and structure upon the neighborhood and how will they be mitigated.

SUPPLEMENTAL DOCUMENTATION
Community Residences

The following information is required to evaluate applications for Conditional Use Permits for Community Residences. Please provide a statement for all items.

1. How many unrelated persons will occupy the home?

2. Will the community residence operate as a functional family (also known as emulating a biological family) to foster community gathering?

3. Is there an existing community residence within one thousand linear feet of the proposed community residence location? ☐ Yes ☐ No
   Refer to the Alabama Department of Mental Health, the Alabama Department of Public Health, and the Alabama Department of Human Resources for information regarding existing community residences.
   If yes, provide the address of the existing community residence(s).

4. Describe how the proposed Community Residence will not alter the residential character of the surrounding neighborhood.

5. By how many individuals will the community residence exceed the as of right maximum of four (4) residents? Provide an explanation of the financial and/or therapeutic need to house the proposed number of residents.

6. What is the primary function of the proposed Community Residence? What type of treatment is provided on site?

7. Describe how the requested number of residents in the proposed Community Residence will not interfere with the normalization and community integration of the occupants of any existing Community Residence.

SUPPLEMENTAL DOCUMENTATION
Daycare, Child (Home Based 7-12 children)

The following information is required to evaluate applications for Conditional Use Permits for Home Based Daycare. Please provide a statement for all items.

1. Is the home the primary residence of the daycare operator? ☐ Yes ☐ No

2. Are there additional employees? ☐ Yes ☐ No
   If yes, how many and do they reside at the home?

   _____

   _____

SITE PLAN AND BUILDING INFORMATION

The following are required to evaluate the conditional use application. Please provide all the following information as additional documentation.

☐ The outdoor play area shall be enclosed by a fence or wall at least four (4) feet in height. Please indicate on the site plan.

☐ The outdoor play area shall be adequate in size to accommodate the number of children served but in no event may be less than the number required of the Alabama Department of Human Resources.

☐ All parking shall comply with the Parking Requirements of Article 3, Section 12, except that the parking and driveway may be of an Approved Alternative Paving Surface, and shall comply with the size, location, and other specification requirements set forth in Section 64-3-12.

☐ The following minimum amount of off-street parking must be provided:

- ☐ The minimum number required for residences as set forth in Section 64-3-12 and Table 64-3-12.1 (i.e., two (2) per dwelling unit for a single-family detached dwelling); plus
- ☐ One (1) space for each employee who is not a full-time permanent resident of the home; plus
- ☐ One (1) space for every three (3) children that the home daycare is licensed to serve by the Department of Human Resources.

☐ The indoor floor space of the home must be adequate in size to accommodate the number of children served but in no event may be less than the number required of the Alabama Department of Human Resources.

SUPPLEMENTAL DOCUMENTATION
Private or Parochial Schools

The following information is required to evaluate the conditional use application. Please provide all the following information as additional documentation.

SITE PLAN

- ☐ Building coverage shall not exceed forty (40) percent of the total lot area.
- ☐ Not less than two (2) off-street parking spaces per classroom shall be provided for an elementary school, three (3) per classroom for a junior high school and eight (8) per classroom for a senior high school.
- ☐ Minimum yard dimensions should be: Front Yard depth, thirty (30) feet; Side Yard width, forty (40) feet; Rear Yard depth, forty (40) feet, provided that each of these dimensions should be increased by one foot for every foot by which the height of the building exceeds thirty-five (35) feet.
- ☐ Playgrounds, play fields and other active recreation facilities should not extend into required yards, and no structure for seating spectators at athletic events (except a gymnasium or auditorium completely enclosed within a building) should be located closer than two hundred (200) feet to any residential property line.
  - ☐ One off-street parking space should be provided for every three (3) spectator seats in any such facility.
- ☐ Off-street school bus loading spaces should be provided when school buses are to be used.
- ☐ Fences or planted buffer strips should be provided as determined by the Board to be necessary for safety purposes or to minimize possible adverse effects upon adjacent property.

CHECKLIST B
Rezoning, Text Amendments, or Specific Area Plan Amendments

The following information is required to evaluate applications for Rezoning, Text Amendments, or Specific Area Plan Amendments. Please provide a statement for all items.

The following information is required for Rezoning Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

- ■ Planning Commission Application
- ☐ Neighborhood Meeting documentation
- ■ Boundary Plan
- ■ A Concept Plan or Site Plan due to complexity of project or if required by Planning Commission
- ☐ Traffic Impact Studies, as prescribed by the Traffic Engineer

---

A. JUSTIFICATION FOR THE PROPOSED AMENDMENT

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

Developer is proposing to develop vacant lot as a 140+/- room branded hotel. The site is located in teh Downtown area under the Map for Mobile. In the Downtonw District, in-fill development is encouraged. A hotel use increases the mix of uses along this corridor of St. Francis Street. In this area, uses include churches, retail, commercial offices, commercial storage, restuarants, and residential uses.

Downtown
Future Land Use Map (FLUM) Designation

T-5(ii)
Requested Zoning

2. Was there a mistake or error in the original zoning map? ☐ Yes ■ No
If yes, describe the error

3. Describe how this proposal promotes the community's health, safety, and welfare.

Additional hotel rooms in teh Downtown District will promote tourism and enhance Mobile's ability to attract additional tourists and convention business. The development of hte site will take a vacant parcel and create an anchor for activity in this area between Dauphin and St. Louis Streets. Development of the site as a hotel will increase tax revenue forthe City and COunty through lodging and ad valorem taxes.

4. Describe what changed or changing conditions in the area make an amendment necessary and desirable.

Redevelopment of hte Downtown District has brough additional tourists and businesses to the area. The construction ofhte new Civic Center and the relocation of teh Mobile Airport to Brokley Fleld will increase demand for hotel rooms in the Downtown District. Improvements to the Convention Center, growth in tourism in the Africatown Community and renovations to the Battleship all point to increased tourism in the downtown area and evidences a need for additional hotel rooms. Current zoning allows small hotel on site, but developer's plan woudl be for a room count exceeding what is allowed.

B. SITE AND NEIGHBORHOOD COMPATIBILITY The following will be considered when evaluating application for compatibility with surrounding uses.

1. Describe the current development trends in the area of the property.

The Downtown Area contiues to see renovation of existing structures as well as new construction, all leading to more people visiting the area. The construction of a new Civic Center as well as the relocation of the Mobile Airport to Brookley Field will further fuel growth of visitors to Downtown Work in the area is a mix of restoration of historic buildings as well as new construction.

2. Describe the surrounding land uses.

Within a several block radius of the site there is a significant mix of residential, commercial office, retail, church, restuarant and hotel uses.

3. Describe any potential adverse impacts on neighboring properties and how they will be mitigated.

Given the location of the site in the Downtown District, and the various uses already in close proximity to the site, there would be minimal, if any, adverse impact on neighboring properties. The proposed building height is comparable to the nearby church and existing hotels and office buildings nearby. There could be an increase in parking required for this proposed use but the developer is providing some on-site parking and there are a numebr of existing surface lots within 1-2 blocks of the site which would mitigate that issue.

4. Describe if there is adequate infrastructure in place to accommodate the proposed request.

The Downtown District has sufficient infrastructure in place to suppot the proposed use.

5. Describe how the proposal is in the City's or the larger community's best interest and what needs, benefits, or public purposes it serves.

Development of additional hotel rooms will support growth of the Downtown District as a tourist destination as well as support attracking conventions to the area.

C. SPECIFIC AREA PLANS For Specific Area Plans (regulating plans, Neighborhood Plans, and overlay districts), describe proposed changes to area plan.

CHECKLIST C

Planned Development

The following are required to evaluate applications for Planned Developments. Please provide a statement for all prompts.

The following information is required for Planned Development Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

- ☐ Planning Commission Application
- ☐ Neighborhood Meeting documentation
- ☐ A Concept Plan
- ☐ Dimensional and Design Standards, per Section 64-2-23.D
- ☐ Traffic Impact Studies, as prescribed by the Traffic Engineer
- ☐ List of Permitted uses, per Section 64-2-23.C

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

   _____

   _____

   _____

   _____

   _____

   Future Land Use Map (FLUM) Designation

2. Describe how is the application and plan compatible with the character of the surrounding neighborhood.

   _____

   _____

   _____

   _____

3. Describe how the proposal prevents impacts on the development or improvement of adjacent property.

   _____

   _____

   _____

   _____

4. Please provide the following information:

   ☐ The location, type and height of buildings or structures: (e.g., The existing structure is 24 feet tall)

   _____

   _____

   ☐ The type and location of landscaping and screening: (e.g., A row of shrubs is located along the western edge of the property)

   _____

   _____

   ☐ Lighting:

   _____

   _____

   ☐ Hours of operation:

☐ Other conditions that are unique to the use of the property:

5. Describe how the proposal is designed to minimize the impact on storm water facilities.

6. Describe how the development is served by water and sanitary sewer services. What services are provided and by what entity?

7. Describe how the proposal will minimize elements that may be noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; or have elements that are detrimental to the public health, safety or general welfare.

8. Describe how the proposal is in the City's or the larger community's best interest and what needs, benefits, or public purposes it serves.

SITE PLAN AND BUILDING INFORMATION

The following information is required to evaluate the application. Please provide all the following information as additional documentation.

- ☐ Illustrate that the site plan satisfies the minimum continuous acreage requirements of Section 64-2-23.A
- ☐ Illustrate the open space.
- ☐ Illustrate available public utilities, streets, and community facilities.
- ☐ Illustrate that the site has appropriate ingress and egress.
- ☐ Illustrate how the site accommodates existing urban amenities and natural features.

CHECKLIST D

Previously approved Planning Approvals and Planned Unit Developments

The following are required to evaluate applications for Previously approved Planning Approvals and Planned Unit Developments. Please provide a statement for all items.

The following information is required for Planned Development Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

☐ Planning Commission Application

☐ A site plan that shows existing and proposed improvements and indicates proposed modification of prior approval

---

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

   _____

CHECKLIST B

Rezoning, Text Amendments, or Specific Area Plan Amendments

The following information is required to evaluate applications for Rezoning, Text Amendments, or Specific Area Plan Amendments. Please provide a statement for all items.

The following information is required for Rezoning Applications. Please refer to Article 10 for a full description of the requirements and verify that the following documentation is provided:

- ■ Planning Commission Application
- ☐ Neighborhood Meeting documentation
- ■ Boundary Plan
- ■ A Concept Plan or Site Plan due to complexity of project or if required by Planning Commission
- ☐ Traffic Impact Studies, as prescribed by the Traffic Engineer

---

A. JUSTIFICATION FOR THE PROPOSED AMENDMENT

1. Describe how the proposal aligns with the Comprehensive Plan, Map for Mobile.

Developer is proposing to develop vacant lot as a 140+/- room branded hotel. The site is located in teh Downtown area under the Map for Mobile. In the Downtonw District, in-fill development is encouraged. A hotel use increases the mix of uses along this corridor of St. Francis Street. In this area, uses include churches, retail, commercial offices, commercial storage, restuarants, and residential uses.

Downtown
Future Land Use Map (FLUM) Designation

T-5(ii)
Requested Zoning

2. Was there a mistake or error in the original zoning map? ☐ Yes ■ No
If yes, describe the error

3. Describe how this proposal promotes the community's health, safety, and welfare.

Additional hotel rooms in teh Downtown District will promote tourism and enhance Mobile's ability to attract additional tourists and convention business. The development of hte site will take a vacant parcel and create an anchor for activity in this area between Dauphin and St. Louis Streets. Development of the site as a hotel will increase tax revenue forthe City and COunty through lodging and ad valorem taxes.

4. Describe what changed or changing conditions in the area make an amendment necessary and desirable.

Redevelopment of hte Downtown District has brough additional tourists and businesses to the area. The construction ofhte new Civic Center and the relocation of teh Mobile Airport to Brokley Field will increase demand for hotel rooms in the Downtown District. Improvements to the Convention Center, growth in tourism in the Africatown Community and renovations to the Battleship all point to increased tourism in the downtown area and evidences a need for additional hotel rooms. Current zoning allows small hotel on site, but developer's plan woudl be for a room count exceeding what is allowed.

B. SITE AND NEIGHBORHOOD COMPATIBILITY The following will be considered when evaluating application for compatibility with surrounding uses.

1. Describe the current development trends in the area of the property.

The Downtown Area contiues to see renovation of existing structures as well as new construction, all leading to more people visiting the area. The construction of a new Civic Center as well as the relocation of the Mobile Airport to Brookley Field will further fuel growth of visitors to Downtown Work in the area is a mix of restoration of historic buildings as well as new construction.

2. Describe the surrounding land uses.

Within a several block radius of the site there is a significant mix of residential, commercial office, retail, church, restuarant and hotel uses.

3. Describe any potential adverse impacts on neighboring properties and how they will be mitigated.

Given the location of the site in the Downtown District, and the various uses already in close proximity to the site, there would be minimal, if any, adverse impact on neighboring properties. The proposed building height is comparable to the nearby church and existing hotels and office buildings nearby. There could be an increase in parking required for this proposed use but the developer is providing some on-site parking and there are a numebr of existing surface lots within 1-2 blocks of the site which would mitigate that issue.

4. Describe if there is adequate infrastructure in place to accommodate the proposed request.

The Downtown District has sufficient infrastructure in place to suppot the proposed use.

5. Describe how the proposal is in the City's or the larger community's best interest and what needs, benefits, or public purposes it serves.

Development of additional hotel rooms will support growth of the Downtown District as a tourist destination as well as support attracting conventions to the area.

C. SPECIFIC AREA PLANS For Specific Area Plans (regulating plans, Neighborhood Plans, and overlay districts), describe proposed changes to area plan.

Outlook

RE: Ryan Patel, A&R Development Group, LLC (ZON-UDC-003414-2025)

From Anderson, Logan <dlogananderson@cityofmobile.org>
Date Mon 7/14/2025 2:04 PM
To James F. Watkins <jwatkins@maynardnexsen.com>

Good afternoon,

We have completed our review of the above-referenced Rezoning application and determined that it is **partially complete**.

An invoice for the application fees has been issued. Once payment is received, the application will be placed on the appropriate Planning Commission agenda. However, **the following items must be addressed before the application can be considered complete for Planning Commission review**:

1. **Neighborhood Meeting Documentation:**
   Complete and compliant Neighborhood Meeting documentation must be submitted to the Planning and Zoning Department **by 4:30 PM on Wednesday, August 6, 2025**.
   Note: To date, only dated photographs of the Neighborhood Meetings signs have been received.

2. **DWG File Submission:** If you have not already done so, please submit the **DWG AutoCAD file** for the conceptual plan to our GIS staff. For your convenience, **Marine** and **Tori** have been copied on this message.

If the application fees are paid **by noon on Monday, July 21, 2025**, the case will be scheduled for the **August 21, 2025 Planning Commission** agenda. However, please note that if the Neighborhood Meeting documentation is not received by the stated deadline, the application will be held until all outstanding requirements are satisfied.

IMPORTANT
The City of Mobile Planning and Zoning Department will **never request payment via wire transfer** or any other suspicious method. If you receive any questionable communication claiming to be from our department, please report it immediately to: planning@cityofmobile.org.

If you have any questions or need further assistance, please don't hesitate to reach out.

Regards,
Logan Anderson

Neighborhood Meeting Cover Sheet

Please complete this cover sheet to submit with all required meeting documentation

Date of Submittal: 7/24/25

The following documentation has been collected, signed, and submitted with this cover sheet to the City of Mobile Planning and Zoning Department for the proposed application(s) (i.e. Rezoning, Planned Development, Conditional Use Permit):

_____

_____

Neighborhood Meeting Date: 7/21/25

Neighborhood Meeting Time: 5:00

Neighborhood Meeting Location: Ben May Public Library

_____

The following documents are enclosed (place a checkmark where applicable):

- ✓ Dated photograph(s) of the posted sign(s)
- ✓ The verified address list of surrounding property owners to whom notification was provided
- ✓ A copy of the notice advertising the Neighborhood Meeting
- ✓ A sign-in sheet documenting meeting attendance
- ✓ A written summary or minutes of the meeting
- ✓ Copies of any site plans, building elevations or other documents provided of referenced at the meeting
- ___ Additional documents (Describe: _____ _____)

Applicant's Name: A & R Development Group, LLC / James F Watkins - Agent

(First Name & Last Name)

Applicant's signature attesting to the accuracy of the documentation provided:

X _____ Date: 7/24/25

All required meeting documentation must be submitted to the Planning and Zoning Department not less than 15 days before the applicable Planning Commission meeting date. Failure to do so will require the associated application(s) to be heldover to a later meeting date.

To: "James F. Watkins" <jwatkins@M Nexsen.com>

These have date and time. I just downloaded ...., called Datestamper. Process was pretty easy.

Notice of Neighborhood Meeting

July 2, 2025

Dear Property Owner(s):

This letter is to inform you that a Neighborhood Meeting has been scheduled to discuss the following application that A & R Development Group, L.L.C., or its assigns, will be submitting to the Mobile City Planning Commission:

> Application for Zoning Change to rezone the property at 250 St. Francis Street, Mobile, Alabama 36602 from T-5.1 Mixed Use – Medium Intensity to T-5.2 – Mixed Use – Medium Intensity

The neighborhood Meeting will be held at the following time, date and location:

July 21, 2025
5:00 p.m
Ben May Main Library
Armbrecht Briskman Meeting Room
701 Government Street
Mobile, Alabama 36602

You are receiving this notice because your property is located within 300 feet of 250 St. Francis Street, Mobile, Alabama, in compliance with the notification requirements of Article 5 of the City of Mobile Unified Development Code (UDC). You or your agent are invited to attend the Neighborhood Meeting to learn more about the above-referenced application, ask questions, and present your views.

Sincerely,

James F. Watkins, as agent for applicant

Neighborhood Meeting Summary

Meeting Date: July 21, 2025

Meeting Time: 5:00 p.m.

Meeting Location: Ben May Library - Mobile
701 Government Street, Mobile 36602

Below is a summary of the proposed project presented at the Neighborhood Meeting:

The applicant is requesting to re-zone property at 250 St. Francis Street from T-5(i) to T-5(i) in order to build a 5 story, 132 +/- room branded hotel.

The following information was distributed (e.g. site plan, building elevation drawings, traffic study, etc.):

A site plan and floor design were provided on both a large format and handout version. Scale renderings and ~~aerial~~ aerial view renderings were also provided.

Please attach copies of the distributed information to this summary.

Below is a summary of what occurred at the meeting (please provide the names of anyone who spoke, summarize any questions and responses, summarize any pertinent information discussed or any important activities that occurred):

Please see attached summary.

Neighborhood Meeting Summary

Date: _____ **Meeting Location:** _____

Applicant: _____ **Application:** _____

(Meeting summary, continued)

If meeting minutes were recorded, please provide a copy of the written minutes with this summary.

The Neighborhood Meeting ended at the following time: 6:30 p.m.

Applicant's signature attesting to the accuracy of this summary:

X _____ Date: 7/24/25

Neighborhood Meeting

July 21, 2025

A & R Development Group, LLC

The meeting was called to order at 5:00 pm on Monday July 21, 2025. James Watkins, attorney for the applicant, introduced the project and the proposal for re-zoning the property at 250 St. Francis Street from T-5(i) to T-5(ii). The need for the re-zoning was to allow a greater building height and a larger room count in the proposed hotel. Copies of the site plan and the scaling renderings were placed around the room for attendees to view. Mr. Watkins referred to the elevations and reminded the attendees that the re-zoning was not site plan specific, but the exhibits were being provided to give people an indication of what a hotel on the site might look like.

Mr. Watkins introduced Zach Hoyt, the President of A & R Development Group, LLC, the developer of the project, who discussed his company's history in Mobile and other hotel properties they owned and operated in Mobile and Baldwin Counties. He described the project including the height, floor and room count, and timeline for development. He indicated that the expectation was that the building would be 73,000 +/- square feet in size, would have 5 floors and approximately 132 rooms. He expected to commence construction in the second quarter of 2026 and be complete in the fourth quarter of 2027, and 18 month construction timeline. After his presentation he opened the floor for questions.

Attendees asked questions (answers were by both Mr. Hoyt and Mr. Watkins):

Q. Is the site in a historic district.

A. The site is in the DDD but not in a historic district. That answer was corrected as the site is a historic district.

Q. Are the renderings what will be built? Comments were made that the drawings were "ugly" and "really obnoxious". "The building looks like something you would see on the side of the highway, not downtown Mobile".

A. The renderings are to reflect scale of the building. No formal design drawings have been commissioned yet. Developer wanted to get entitlements in place before they engaged the architects. Ultimately the building design would have to meet the

Downtown Development District requirements and any other codes or ordinances governing the site.

Q. Why are you coming into downtown Mobile? What are the economics?

A. The proposed Home2 Suites brand is an extended stay format. Downtown Mobile has several hotel offerings but not much in the extended stay category. Additionally, with the new civic center and the move of the airport to Brookley, the return of the cruise ship and AmTrack service, the developer believes there will be an increase in hotel demand in the area.

Q. A St. Francis Street resident asked about stormwater given some street flooding in the area. They also asked about whether the building would be on a slab or if pilings would be required.

A. The site will be developed in accordance with the City Storm Water Ordinance. The engineering plans on drainage and whether a slab or piles would be used had not been determined at this stage.

Q. How would the hotel handle parking? There did not appear from the plans to be a lot of on-site parking.

A. The developer group has secured a long term lease for an adjacent parking lot to allow for hotel guests to have nearby parking.

Q. Would developer employ semi-permeable surfacing to reduce stormwater from parking lots?

A. Developer was not sure what surfacing would be but would be willing to consider that if a viable option.

Q. Will there be any commercial uses as a part of the building? Bar, restaurants, shops?

A. There will be no non-hotel guest amenities built into this facility.

Q. The pastor from the church across St. Francis asked about the construction schedule and whether any streets would be closed and, if so, for how long.

A. The project is expected to be 18 months of construction. At this time the developer was not aware as to whether any streets would be required to be closed.

Q. What was the landscaping plan for the site?

A. No landscape plan was completed yet. The site would comply with the ordinance.

Q. Would the operator of the hotel offer memberships for neighbors to use the pool at the hotel like the Battle House?

A. No.

At the end of the question and answer period there were several additional comments about the architecture of the building and things that could be done to make it feel more like a part of downtown. Attendees pointed to the Hilton Garden Inn and the Hampton Inn as examples of incorporating architectural elements that made those buildings a better fit in the downtown area. The developer took note of those comments.

The meeting was closed at 6:30.

Applicant Materials for Consideration

DETAILS

Location:
250 Saint Francis Street

Applicant / Agent:
Ryan Patel, A&R Development Group, LLC (James F. Watkins, Maynard Nexsen, PC, Agent)

Property Owner:
Robert Biscan

Current Zoning:
T-5.1 Sub-District of the Downtown Development District

Proposed Zoning:
T-5.2 Sub-District of the Downtown Development District

Future Land Use:
Downtown

Applicable Codes, Policies, and Plans:

- Unified Development Code
- Map for Mobile Comprehensive Plan

Proposal:

- Amendment to the the Downtown Development District Regulating Plan to Rezone the property from T-5.1 to T-5.2

  Any use permitted in the proposed district would be allowed at this location if the zoning is approved. The Planning Commission may consider other zoning districts than the proposed sought by the applicant for this property.

Commission Considerations:

1. Rezoning with one (1) condition.

The site is surrounded by miscellaneous commercial and residential units.

APPLICATION NUMBER 8 DATE August 21, 2025

APPLICANT Ryan Patel, A&R Development Group, LLC (James F. Watkins, Maynard Nexsen, PC, Agent)

REQUEST Rezoning from T-5.1 to T-5.2

N

NTS

SITE HISTORY

In March 2008, the site was before the Planning Commission for a one-lot Subdivision, Condominium Subdivision, which was recorded in Probate Court.

In January 2014, the City Council rezoned the site from B-4 to T-5.1, with the adoption of the Downtown Development District.

There have been no other cases for the site before the Planning Commission or the Board of Zoning Adjustment.

STAFF COMMENTS

Engineering Comments:

1. Any work performed in the existing ROW (right-of-way) such as driveways, sidewalks, utility connections, grading, drainage, irrigation, or landscaping will require a ROW permit from the City of Mobile Engineering Permitting Department (251-208-6070) and must comply with the City of Mobile Right-of-Way Construction and Administration Ordinance (Mobile City Code, Chapter 57, Article VIII).
2. A Land Disturbance Permit application shall be submitted for any proposed land disturbing activity with the property. A complete set of construction plans including, but not limited to, drainage, utilities, grading, storm water detention systems and paving will need to be included with the Land Disturbance permit. This Permit must be submitted, approved, and issued prior to beginning any of the construction work.
3. Any and all proposed land disturbing activity within the property will need to be submitted for review and be in conformance with Mobile City Code, Chapter 17, Storm Water Management and Flood Control); the City of Mobile, Alabama Flood Plain Management Plan (1984); and, the Rules For Erosion and Sedimentation Control and Storm Water Runoff Control.
4. Any existing or proposed detention facility shall be maintained as it was constructed and approved. The Land Disturbance Permit application for any proposed construction includes a requirement of a Maintenance and Inspection Plan (signed and notarized by the Owner) for the detention facility. This Plan shall run with the land and be recorded in the County Probate Office prior to the Engineering Department issuing their approval for a Final Certificate of Occupancy.
5. The approval of all applicable federal, state, and local agencies (including all storm water runoff, wetland and floodplain requirements) will be required prior to the issuance of a Land Disturbance permit. The Owner/Developer is responsible for acquiring all of the necessary permits and approvals.
6. The proposed development must comply with all Engineering Department design requirements and Policy Letters.

Traffic Engineering Comments:

Driveway number, size, location, and design to be approved by Traffic Engineering and conform to AASHTO standards. Any required on-site parking, including ADA handicap spaces, shall meet the minimum standards as defined in Appendix A, Section 9.C of the City's Unified Development Code.

Urban Forestry Comments:

Property to be developed in compliance with state and local laws that pertain to tree preservation and protection on both city and private properties [Act 929 of the 1961 Regular Session of the Alabama Legislature (Acts 1961, p. 1487), as amended, and City Code Chapters 57 and 65]. Private removal of trees in the right-of-way will require approval of the Mobile Tree Commission. Removal of heritage trees from undeveloped residential sites, developed residential sites in historic districts, and all commercial sites will require a tree removal permit.

Fire Department Comments:

All projects located within the City Limits of Mobile shall comply with the provisions of the City of Mobile Fire Code Ordinance, which adopts the 2021 edition of the International Fire Code (IFC).

Fire apparatus access roads shall be provided to within 150 feet of all non-sprinklered commercial buildings and within 300 feet of all sprinklered commercial buildings, as measured along an approved route around the exterior of the facility.

An approved fire water supply capable of meeting the requirements set forth in Appendices B and C of the 2021 IFC shall be provided for all commercial buildings.

Fire hydrant placement shall comply with the following minimum standards:

- Within 400 feet of non-sprinklered commercial buildings
- Within 600 feet of sprinklered commercial buildings
- Within 100 feet of fire department connections (FDCs) serving standpipe or sprinkler systems

Although the International Residential Code (IRC) functions as a stand-alone document for the construction of one- and two-family dwellings and townhouses, it does not govern the design or layout of emergency access or community-level fire protection infrastructure. Therefore, residential developments must also comply with the applicable requirements of the International Fire Code, including, but not limited to, those listed above concerning the design, construction, regulation, and maintenance of fire apparatus access roads and fire protection water supplies.

Planning Comments:

The applicant is requesting an amendment to the Downtown Development District Regulating Plan to Rezone the property from T-5.1 to T-5.2.

A detailed description of the proposed request is available via the link on Page 1 of this report.

The site abuts properties to the West that are currently zoned T-5.1 and used as an office and a parking lot. To the North, across St. Michael Street is a T-5.1 property developed as a parking lot. To the South, across St. Francis Street, are a church and an office, both zoned T-5.1. Properties to the East, across North Joachim Street, are zoned T-5.2 and are occupied by offices.

The site plan submitted with the rezoning application has been submitted to the Consolidated Review Committee (CRC) for review, and has been found to have several aspects that either needed additional information provided, needed to be revised to comply, or required a variance to be granted by the Board of Zoning Adjustment.

It should be noted that the site is located in the Lower Dauphin Street Historic District, therefore any development will require a Certificate of Approval from the Architectural Review Board (ARB).

REZONING CONSIDERATIONS

Standards of Review:

The Unified Development Code (UDC) in 64-5-5.E. states that Rezonings are intended to carry out the objective of a sound, stable and desirable development and that casual change or amendment would be detrimental to the achievement of that objective.

The UDC goes on to say that zoning changes should be consistent with the Comprehensive Plan. However, the Comprehensive Plan and Future Land Use Plan (FLUP) and Map (FLUM) are meant to serve as a general guide, not a detailed lot and district plan; they are not a legal mandate for development. The FLUP and FLUM allow the Planning Commission and City Council to consider individual cases based on several factors including: surrounding development, classification requested, timing of the request, and the appropriateness and compatibility of the proposed use the zoning classification.

The UDC states that an application for rezoning shall include a statement of the justification for the proposed amendment that addresses all of the following:

A. Consistency. Whether the proposed amendment is consistent with the Comprehensive Plan;
B. Mistake. For a Rezoning, whether there was a mistake or error in the original zoning map; and
C. Compatibility. Whether the proposed amendment is compatible with:
    - The current development trends, if any, in the vicinity of the subject property;
    - Surrounding land uses;
    - Would adversely impact neighboring properties; or
    - Cause a loss in property values.
D. Health, Safety and General Welfare. Whether the proposed amendment promotes the community's public health, safety, and general welfare;
E. Capacity. Whether the infrastructure is in place to accommodate the proposed amendment; and
F. Change. Whether changed or changing conditions in a particular area make an amendment necessary and desirable.
G. Benefits Consideration. In addition, consideration should also be given to the City's and the larger community's best interests and the need, benefit, or public purpose of the proposed request.

The Downtown Development District (DDD) regulations state in Appendix A, Section 4.E.1. the following criteria for adjustments to the transect sub-district, including:

(a) Increases to the next higher transect sub-district provided the lot is adjacent to a lot of the higher transect sub-district for which the increase is requested. Adjustments to transect sub-districts require approval by the Planning Commission and City Council.
(b) Reconciliations of transect sub-district require approval by the Planning Commission and City Council.
(c) Modifications of boundaries resulting in a change from SD-WH to an adjacent mapped transect sub-district require approval by the Planning Commission and City Council.

The applicant's responses to address the above criteria are available in the link on page one (1).

Considerations:

If the Planning Commission considers a recommendation of approval of the request to the City Council to Rezone the site to T-5.2, the following condition should apply:

1. Full compliance with all other municipal codes and ordinances.

Zoning District Correspondence Matrix

- ■ Directly Related
- ○ Elements of the zoning category are related to the future LU category, but with qualifications (such as a development plan with conditions)
- □ Land use category is appropriate, but the district does not directly implement the category (e.g., open space in an industrial district)

DOWNTOWN (DT)

Downtown is called out as a separate land use designation due to its distinct role, layout and fabric.

As a land use district, Downtown is the ultimate mixed-use environment. Land development and redevelopment will emphasize variety, mixed uses, and unity of form within buildings or complexes.

As the City's and region's center for commercial and service employment, Downtown supports intense development and a dynamic combination of uses: specialty and regional retail shopping and offices; business support services; urban housing at higher densities (starting at 10 du/ac); civic, educational and cultural destinations; entertainment options; and other public amenities including active and passive park space. The successful integration of a mix of housing types and densities will be critical to achieve a vibrant, 24/7, active Downtown Mobile.

Development in the DT district will focus on new, redeveloped and adaptively reused buildings that frame attractive, human-scaled streetscapes, memorable public spaces, bicycle and pedestrian-friendly streets and convenient transit access to jobs, housing and entertainment. Accordingly, certain areas of Downtown will be more intensively developed to facilitate that pedestrian orientation.

AN ORDINANCE DEEMING CERTAIN PROPERTY NOT NOW NEEDED FOR PUBLIC OR MUNICIPAL PURPOSES AND AUTHORIZING THE SALE THEREOF

Sponsored by : Mayor William S. Stimpson

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA as follows:

SECTION ONE: It is hereby found and determined by the City Council of the City of Mobile, Alabama, that the property at 165 South Dearborn Street hereinafter described is not now needed for public or municipal purposes and that it is in the best interest of the City of Mobile and in the public interest that said property be sold to Timothy Finnigan for the amount of $16,900 to be returned to the Community Development Block Grant as Program Income:

ADDENDUM NO. 1

May 19, 2025

ALDOT Transportation Alternative Projects

Sidewalks on Dauphin Island Parkway Between Old Military Road and I-10
Federal Aid Project No: TAPAA-TA17(938)

BID DATE: MAY 21, 2025
2:30 p.m.

1. Question: In the advertisement it states the contractor must be licensed and self-perform 30% of the work. What license is needed?
   Response: At the time of Award, the Contractor shall hold a general contractor license from the State of Alabama in an area of similar work that will be required for this project. The license shall not statutorily preclude the Contractor from performing the work as a prime contractor. The prime contractor must self-perform 30% of the work in the contract.

2. Question: If you're a DBE Prime do you still need a DBE sub?
   Response: There is not a mandatory percentage of work required for a DBE subcontractor.

3. Question: Is certified payroll needed for the project?
   Response: Yes, certified payroll will be required from not only the prime contractor but also any subcontractors who work on the project.

NOTE: A SIGNED COPY OF THIS ADDENDUM MUST ACCOMPANY THE BID. ATTACH TO INSIDE OF FRONT COVER OF THE BID DOCUMENT.

ADVERTISEMENT FOR BIDS

Notice to Contractors:

Sealed bids will be received by the City Clerk of the City of Mobile, Alabama, 205 Government Street, 9th Floor South Tower, until 2:30 P.M. local time, May 21, 2025 and then publicly opened and read in the Government Plaza Atrium, Ground Floor, for constructing:

Project Name:	**Sidewalk on Dauphin Island Parkway Between Old Military Rd to I-10**
Project No:	**TAPAA-TA17(938)**
Project Description:	**Sidewalk Improvements**

Plans & contract documents may be obtained from the office of ***Neel-Schaffer, Inc., 5 Dauphin Street, Suite 200, Mobile, Alabama 36602*** upon payment of $ 25.00 . This deposit shall be refunded in full to each prime Contractor Bidder upon return of the documents in reusable condition within ten (10) days after Bid Opening. The cost of and return of additional sets of specifications shall be in accordance with Act 97-225, Public Works Contracts.

No Bid Packages will be issued to Contractors later than twenty-four (24) hours after the Pre-Bid Conference. No questions, whether orally or written, will be addressed after 2:30 P.M. on May 19, 2025.

A Mandatory Pre-Bid Conference will be held at City Traffic Engineering Department, 852 Gayle Street, Mobile, Alabama, on May 14, 2025 at 2:30 P.M. Significant items related to the proposed construction will be explained. ***Any contractor not represented at the Pre-Bid Conference will be disqualified from bidding on the project.*** **A single individual cannot represent more than one contracting company.**

Bidders are advised to carefully and thoroughly review the bid documents for the specific federal provisions that must be met over the course of the Project. The awarding of a contract will require the Contractor to pay the prevailing wage rates for this district that are applicable to the trades engaged in this project.

Each bid shall be accompanied by a check or bid bond for the sum of five percent (5%) of the amount bid (maximum amount of bond $10,000), made payable to the City of Mobile, and certified by a reputable banking institution. These monies shall serve as assurance that within ten (10) days of notice of contract award contemplated in the Proposal, the successful bidder will enter into such contract and file a bond for the execution of same.

The performance bond required will be for the amount bid, and labor and material bond shall be one hundred percent (100%) of amount of contract, and shall be made by a Surety Company acceptable to the City of Mobile and upon the forms of bonds appended hereto.

In default of the entering into such contract and the execution of such bond, the certified check required to accompany such bid shall be forfeited to the City of Mobile, Alabama. These fees shall not be a penalty but damages for delays, or for the additional cost or expenses that the City of Mobile may incur by reason of such default.

In addition, the Contractor must furnish to the City at the time of the signing of the Contract a certificate of insurance coverage as provided in the specification which will include comprehensive insurance, Contractor's Automobile Liability Insurance, Owner's Protective Liability Insurance, or a Comprehensive General and Public Liability policy naming the City of Mobile, its agents and employees as additionally insured, and where applicable, subcontractor's Public Liability and Property Damage Insurance. The right is reserved to reject any and/or all bids and to waive informalities and to furnish any item of material or work to change the amount of said Contract.

Liquidated damages for non-completion of the work within the time limit agreed upon will be assessed according to Section 108.11 of Alabama Department of Transportation Standard Specifications for Highway Construction 2022 Edition.

It is not required that a Contractor be licensed in order to submit a bid; however, prior to award of a contract, proper proof of all applicable licensures must be provided by the Contractor. Proof of insurance coverages of the types and amounts as set forth in the project specifications will be required of the Contractor, and any and all subcontractors, prior to beginning work. The Contractor will be required to perform work amounting to at least 30% of the total contract cost with his own organization.

Contractor prequalification is not required to bid on this project; however, the award of the contract will not be made to any bidder who, at the time of the award, is considered by the Alabama Department of Transportation (ALDOT) to be disqualified from bidding, nor to any bidder who is an affiliate of or has a corporate officer, director, or principal owner who is a corporate officier, director, or owner of, another person who is presently disqualified by ALDOT. Further details and definitions regarding this provision are included in Section 102 of the Special Provision 22-LPA-001.

The City of Mobile reserves the right to reject any and all bids and waive informalities in the bidding.

Bids must be sealed and have the project name and number marked on the outside of the envelope. The envelope containing bids must be addressed as follows, and delivered to Ms. Lisa Lambert, City Clerk; City of Mobile, Post Office Box 1827, Mobile Alabama 36633; "Bid for completion of ***Sidewalks on Dauphin Island Parkway Between Old Military Rd and I-10***, Federal Aid Project No. ***TAPAA-TA17(938)***, in the City of Mobile, Alabama".

PLEASE PUBLISH IN THE ISSUES APRIL 23, APRIL 30, AND MAY 7, 2025.

ITEM II
INSTRUCTIONS TO BIDDERS

1. PREPARATION OF BIDS:
Forms furnished, or copies thereof, shall be used, and strict compliance with the requirements of the advertisement, these instructions, and the instructions printed on the forms is necessary. Special care shall be exercised in the preparation of Bids. Bidders must make their own estimates of the facilities and difficulties attending the performance of the proposed Contract, including local conditions, uncertainty of weather, and all other contingencies. All designations and prices shall be fully and clearly set forth. The proper spaces in the Bid and guaranty forms shall be suitably filled. **A City of Mobile Subcontracting Plan must be submitted with the bid documents.**

2. LABOR AND MATERIALS NOT TO BE FURNISHED BY CITY OF MOBILE, ALABAMA:
The City of Mobile, Alabama will not furnish any labor, materials or supplies unless specifically provided in the Contract.

3. SIGNATURE OF BIDDERS:
Each Bid must give the full business address of the Bidder and be signed by him with his usual signature. Bids by partnerships must furnish the full names of all partners and must be signed with the partnership name by one of the members of the partnership or by an authorized representative, followed by the signature and designation of the person signing. Bids by Corporations must be signed with the legal name of the corporation, followed by the name of State of Incorporation and by the signature of the president, secretary or other person authorized to bind it in the matter. The name of each person shall also be typed or printed below the signature. A Bid by a person who affixes to his signature the word "President", "Secretary", "Agent", or other designation without disclosing his principal may be held responsible for the Bid. When requested by the City of Mobile, Alabama satisfactory evidence of the authority of the office signing on behalf of the corporation shall be furnished.

4. SPECIFICATIONS AND SCHEDULES:
The specifications, conditions, schedules and drawings that form the basis of any Bid will be considered as a part thereof and will form a part of the Contract. Copies of these papers, together with a copy of the standard Contract form, including authorized additions, or deletions, if any, will be furnished to or made available for the inspection of Bidders by the office indicated in the advertisement of invitation. The current specifications to be used for this project will be the **Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 edition**, subject to any amendments set forth in the Special Provisions or the Supplemental Specifications.

5. CORRECTIONS:
Erasures or other changes in the Bids must be explained or noted over the signature of the Bidder.

6. OWNER:
Where the word "Owner" appears herein, the same refers to the City of Mobile, Alabama, and includes the Mayor acting through the City Council, its governing body.

7. GUARANTY AND INSURANCE:
Security is required to insure the execution of the Contract and bond for performance of the services; no Bid will be considered unless it is so guaranteed. The Bidder must furnish with his Bid, a guaranty bond or certified check in the amount of five percent (5%) (maximum amount $10,000) of his Bid price payable to the City of Mobile, Alabama. Upon default of the Contract and the execution of such bond within ten (10) consecutive calendar days of written notice of award of the Contract, the Certified Check or Bid Bond required to accompany such Bid shall be forfeited to the City of Mobile, Alabama, not as a

penalty but as liquidated damages for delays, or any additional cost or expenses which may be incurred by the City by reason of such default.

8. BONDS AND INSURANCE:
The bonds and insurance policies of any surety company or insurance company respectively, authorized to do business in the State of Alabama, will be accepted as security and insurance as required for any Bid or Contract. See the instructions hereinafter contained and the applicable standard forms with respect to the type, form, and the amounts of required bonds and insurance policies.

9. MARKING AND MAILING BIDS:
Bids, with their guaranty, must be securely sealed in suitable envelopes, addressed and marked on the outside: "Bid for completion of ***Sidewalks on Dauphin Island Parkway Between Old Military Rd and I-10***, Federal Aid Project No. ***TAPAA-TA17(938)***, in the City of Mobile, Alabama".

10. TIME FOR RECEIVING BIDS:
Bids received prior to the time of opening will be securely stored, unopened. The Owner will decide when the specified time has arrived; no Bid will be considered if received thereafter. When a Bid arrives by mail after time for opening, but before award is made, and it is shown to the Owner's satisfaction that the late arrival was due solely to mail delays, beyond the Bidder's responsibility, the Bid will be received and considered. Non-responsibility will be attached to the City of Mobile for the premature opening of a Bid not properly addressed and identified. Unless specifically authorized, telegraphic Bids will not be considered; however, modifications to previously submitted Bids will be considered if received prior to the hour set for opening.

11. WITHDRAWAL OF BIDS:
Bids may be withdrawn by written or telegraphic requests received from Bidders prior to the time fixed for opening. Negligence on the part of the Bidder in preparing the Bid confers no right for the withdrawal of Bid after it has been opened.

12. BIDDERS PRESENT:
At the time fixed for opening, Bid contents will be made public for the information of Bidders and others properly interested, who may be present either in person or by representation.

13. AWARD OR REJECTION OF BIDS:
The Contract will be awarded to the lowest responsible Bidder, complying with the conditions of the Invitation for Bids, provided his Bid is reasonable and in the best interest of the Owner for acceptance. The Bidder to whom the award is made will be notified at the earliest possible date.

The Owner, however, reserves the right to reject any and all Bids and to waive any informality in Bids received whenever such rejection or waiver is in the best interest of the Owner. The Owner also reserves the right to reject the Bidder who has previously failed to perform properly or complete projects on time; to obtain and/or meet permitting requirements specific to a project; to complete Contracts of a similar nature; or a Bidder who is not, in the judgement of the Owner, in a position to perform the Contract.

14. PRE-QUALIFICATION OF BIDDERS:
It is not required that a Contractor be licensed in order to submit a bid; however, prior to award of a contract, proper proof of all applicable licensures must be provided by the Contractor. Proof of insurance coverages of the types and amounts as set forth in the project specifications will be required of the Contractor, and any and all subcontractors, prior to beginning work. The Contractor will be required to perform work amounting to at least 30% of the total contract cost with his own organization.

Contractor prequalification is not required to bid on this project; however, the award of the contract will not be made to any bidder who, at the time of the award, is considered by the Alabama Department of Transportation (ALDOT) to be disqualified from bidding, nor to any bidder who is an affiliate of or has a corporate officer, director, or principal owner who is a corporate officier, director, or owner of, another person who is presently disqualified by ALDOT. Further details and deinitions regarding this provision are included in Section 102 of the Special Provision 22-LPA-001.

15. ISSUANCE OF PROPOSAL FORMS:

The Owner reserves the right to refuse to issue a proposal form to a prospective bidder, should such bidder be in default for any of the following reasons:

- **a.** Failure to comply with any pre-qualification regulations of the Owner, if such regulations are cited, or otherwise included, in the proposal as a requirement for bidding.
- **b.** Failure to pay, or satisfactorily settle, all bills due for labor and materials on former contracts in force (with the owner) at the time the owner issues the proposal to the prospective bidder.
- **c.** Contractor default under previous contracts with the owner.
- **d.** Unsatisfactory work of any nature, or failure to meet schedule on previous contracts with the Owner.
- **e.** Uncompleted work or work behind schedule, which, in the opinion of the owner, might hinder or prevent prompt completion of this work.
- **f.** Lack of competent workmen and equipment to perform at least 50% of the required work with contractor's own forces and equipment.

16. BIDDERS INTERESTED IN MORE THAN ONE BID:

If more than one Bid is offered by any one party, by, or in the name of his clerk, partner, a corporation in which he has a substantial interest, in which he is an officer, or other person, all such Bids may be rejected. A party who has quoted prices on materials to a Bidder is not disqualified from quoting prices to other Bidders or from submitting a Bid directly for the materials or work. The City of Mobile reserves the right to determine, in its discretion, whether any Bidder has violated the provisions of this clause.

17. ERRORS IN BID:

Bidders or their authorized agents are expected to examine the maps, drawings, specifications and all other documents pertaining to the work, which will be open to their inspection. Failure to do so will be at the Bidder's own risk; the Bidder cannot secure relief on the plea of error in the Bid. In case of error in the extenuation of prices, the unit price will govern.

Should any Bidder observe any ambiguity, discrepancy, omission, or error in the Drawings or any Contract Document, or be in doubt as to the intention and meaning thereof, he should at once report such to the Engineer and request clarification, in writing, with a copy of his request to the City.

Clarification will be made only by written Addenda sent to all prospective bidders. Neither the Engineer nor the City Engineer will be responsible, in any manner, for verbal instructions made prior to the award of the Contract.

Should conflict occur in or between Drawings and Specifications, a Bidder will be deemed to have estimated on the more expensive way of doing the work involved; unless, prior to submission of the proposal, the bidder requested and obtained the Engineer's written decision indicating the preferred method, materials, or equipment.

18. CONTRACT AND BOND:
The Bidder to whom award is made, must, when requested, enter into Contract on the standard form as set out herein, with satisfactory security in the amount required, within the period specified, within ten (10) working days after the required forms are presented to him for signature.

19. COLLUSION:
If there is any reason for believing that collusion exists among the Bidders, any or all Proposals may be rejected, and those participating in such collusion may be barred from submitting Bids on the same or other work with the City.

20. SUBLETTING OR ASSIGNING OF CONTRACT:

(a) Limitations: The Contractor shall not sublet, assign, transfer, convey, sell or otherwise dispose of any portion of the Contract, his right, title or interest therein, or his power to execute such Contract, to any person, firm, or corporation without written consent of the City; such consent shall not be construed to relieve the Contractor of any responsibility for the fulfillment of the Contract. Unless otherwise stipulated in the proposal or special provisions, the Contractor shall perform with his own organization, and with the assistance of workmen under his immediate supervision, and reported on his payroll, all Contract work of a value not less than fifty percent (50%) of the total Contract amount. Any items designated in the Contract as "Specialty Items", so performed by Subcontract may be deducted from the total Contract amount before computing the amount of work required to be performed by the Contractor with his own organization.

(b) Subcontractor's Status: A Subcontractor shall be recognized only in the capacity of an employee or agent of the Contractor. The Contractor will be responsible to the City for the entire Subcontractor's work, including failures or omissions. The Engineer may require a Subcontractor's removal, as in the case of a Contractor's employee.

21. PROSECUTION OF WORK:

(a) Notice of Intent: The Contractor shall give the Engineer definite notice of his intention to start work at least seventy-two (72) hours in advance of beginning particular features of construction, such as driving piles, placing concrete, etc. Should the Contractor, with the consent of the Engineer, discontinue prosecution of the work, the Contractor shall give the Engineer at least forty-eight (48) hours notice in writing before resuming operations.

(b) General: The Contractor shall prosecute the work continuously and diligently in the order and manner set out in his schedule as approved by the Engineer. The Contractor shall provide sufficient material, labor, and equipment to insure that the work will be completed in a satisfactory manner within the time specified in the Contract.

Should the Contractor fail to maintain a satisfactory rate of progress, the Engineer will direct additional forces and equipment to work on the project to ensure the project continues on schedule and to maintain satisfactory progress.

Should the Contractor fail to furnish sufficient satisfactory equipment and labor for maintaining the quality and progress of the work, the Engineer may withhold all pay requests and estimates that are or may become due, until satisfactory quality and progress are maintained or the Contract may be annulled.

ITEM III
PROPOSAL

TO: Honorable Mayor
City of Mobile
Mobile, Alabama

Date May 20, 2025

The undersigned, as Bidder, hereby declares that he has examined the site of the work and is fully aware of conditions pertaining to the place where the work is to be done. The Bidder also declares that he has carefully examined the Instructions to Bidders, the General Conditions of the Specifications as proposed by City of Mobile Engineering Department and the drawings, as prepared by ***Neel-Schaffer, Inc.***, for the City Engineer, as well as the premises and the conditions affecting the work to be performed:

Project Name:	**Sidewalks on Dauphine Island Parkway Between Old Military Rd to I-10**
Project No:	**TAPAA-TA17(938)**
Project Description:	**Sidewalk Improvements**
Major work items include:	**Concrete Sidewalks, Crosswalks, and Signal Modifications**

The Bidder further agrees to construct the improvements in **40** working days.

The Bidder proposes and accepts the Articles of Agreement with the City of Mobile, Alabama to furnish all necessary materials, equipment, tools, machinery, means of transportation, and labor to complete the construction of the project.

All work performed under this contract shall be in accordance with the State of Alabama Highway Department Standard Specifications for Highway Construction, 2022 Edition, with all latest additions and modifications by the Engineering Department for the City of Mobile, or as amended herein.

The quantities for bid items listed on the proposal sheets are estimated quantities. Payment to the Contractor will be made only for the actual quantities of work performed and accepted or materials furnished in accordance with the contract. The scheduled quantities of work to be done and materials to be furnished may each be increased, decreased or omitted as herein provided.

No interpretations of the meaning of the plans, specifications or other bid documents will be made to any bidder orally. Any request for such interpretation should be in writing, addressed to ***Neel-Schaffer, Inc., 5 Dauphin Street, Suite 200, Mobile, Alabama 36602***. In order to receive consideration, the request must be received before 2:30 PM on May 19, 2025. Any such interpretation and any supplemental instructions will be mailed or delivered to all prospective bidders.

FEDERAL AID PROJECT NO. TAPAA-TA17(938)
Sidewalks on Dauphin Island Parkway Between Old Military Road and I-10

The following items shall be constructed in accordance with the 2022 Alabama Department of Transportation Standard Specifications for Highway Construction, except as modified in this contract:

Notes:

1. The following unit prices shall include all labor, materials, equipment, rental, overhead, profit, insurance, etc., to cover the finished work of the several kinds called for.
2. Bidder understands that the Owner reserves the right to reject any and all bids.
3. All items shall confirm to the 2022 ALDOT Standard Specifications for Highway Construction or as amended by the Supplemental Specifications enclosed herein.

FEDERAL-AID FUNDED PROJECTS

PLEASE READ AND COMPLETE SECTIONS A AND B. THE EXECUTION HEREINAFTER MADE ALSO CONSTITUTES THE EXECUTION OF THE PROPOSAL AND REPRESENTS THE AGREEMENT OF THE CONTRACTOR TO COMPLY WITH ALL DOCUMENTS CONTAINED IN THE PROPOSAL AND THOSE REFERRED TO THEREIN. FAILURE TO SUBMIT THE SWORN CERTIFICATION THROUGH PAGE 6 OF THIS NOTICE WILL BE CONSIDERED A NON-RESPONSIVE BID. BID BOND MUST BE SEPARATELY EXECUTED BY CONTRACTOR AND SURETY.

The contractor, subrecipient, or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of USDOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

(1.) Withholding monthly progress payments;
(2.) Assessing sanctions; and/or
(3.) Disqualifying the contractor from future bidding as non-responsive.

The Statement Required To Be Submitted By Proposed Contractor Pursuant To Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity (Executive Order 11246) and Regulations in 41 CFR Part 60-4 On All Federal and Federally-Assisted Contracts In Excess of $10,000 Will Be Included In the Award of Your Contract and Should Be Returned With Your Executed Contract.

The undersigned agrees that the terms and commitments contained herein shall not be constituted as a debt of the State of Alabama in violation of Article 11, Section 213 of the Constitution of Alabama, 1901, as amended by Amendment Number 26. It is further agreed that if any provision of this contract shall contravene any statute or Constitutional provision or amendment, either now in effect or which may, during the course of this contract, be enacted, then that conflicting provision in the contract shall be null and void.

The undersigned understands that in the event the term of this contract includes more than one fiscal year, said contract is subject to termination should funds not be appropriated for the continued payment of the contract in subsequent fiscal years.

The undersigned understands that in the event of the proration of the fund from which payment under this contract is to be made, the contract will be subject to termination.

Section A: The Alabama Department of Transportation is obligated on every Federal-aid project to implement, to the extent practical, 49CFR26,"Participation by Disadvantaged Business Enterprises (DBE) in U.S. DOT Financial Programs". This participation can be achieved by race neutral and/or race conscious means.

When race conscious means are used the contract goal for DBE participation will be indicated on Page Two of the Proposal Cover Sheet and in Section 111 of the Alabama Department of Transportation Standard Specifications for Highway Construction. Race neutral participation occurs when the contractor exceeds the indicated contract goal, or in the absence of a contract goal, obtains participation from a certified DBE that meets the CREDIT TOWARD PARTICIPATION portion of Section 111 of the Alabama Department of Transportation Standard Specifications for HighwayConstruction.

If the Department has determined that this project has sufficient opportunities for MBE/DBE participation the goal for this contract will be listed on Page Two of the Proposal Cover Sheet.

All bidders must complete form HR-DBE, "BIDDERS LIST OF QUOTERS FOR THE DISADVANTAGED BUSINESS ENTERPRISE (DBE) PROGRAM."

If the contractor is low bidder for the project, it is understood the contractor will provide a DBE Utilization Plan which outlines the proposed percentage of DBE Utilization within five (5) calendar days of the letting date, along with documentation of the contractor's "Good Faith" efforts to utilize DBE firms if the proposed percentage of utilization is less than the designated project goal. The contractor's good faith efforts will fully comply with and meet all requirements, provisions and criteria of Title 49, Code of Federal Regulations, Part 26, including the criteria set forth in 49 CFR, Part 26, Appendix A and will comply with and meet the requirements, provisions and criteria set forth in Section 111 of the Alabama Department of Transportation

Standard Specifications for Highway Construction as all of such foregoing requirements, provisions and criteria are applicable to Disadvantaged Business Enterprises, all of which the contractor represents that he is familiar. The contractor understands that the good faith efforts of the contractor will be reviewed by the Department in keeping with all such requirements, provisions and criteria.

NOTE

The Department will advise the low bidder of his status as soon as possible after the opening of bids. A copy of the Department's DBE Utilization form has been attached to this proposal for use in complying with the Requirement.

Failure by the successful bidder to provide an acceptable DBE Utilization plan within the time frame required or failure of the successful bidder to make and document Good Faith Efforts, when applicable, will result in non-award of the contract to that bidder. If the contract is awarded to the next low bidder, the original low bidder will be prohibited from doing any work on the contract, either as subcontractor or in any other capacity. The original low bidder will also be prohibited from bidding on the project if it is re-advertised for letting. These restrictions shall apply to any other name under which the same person, individual, partnership, company, firm, corporation, association, co-operative or other legal entity that may be operating in which the principal owner(s) is involved.

Section B: CONTRACTOR'S CERTIFICATION

The contractor proposes to perform all "Force Account of Extra Work" that may be required on the basis provided in the Specifications hereto attached, and to give such work personal attention in order to see that it is economically performed.

The contractor further proposes to execute the Contract Agreement in a form to be attached as soon as the work is awarded to the contractor and to begin and complete the work within the respective time limit provided for in the Specifications hereto attached.

The contractor also proposes to furnish a Performance Bond, acceptable to the State, in an amount equal to the total amount of the contract. This bond shall serve not only to guarantee the completion of the work but also to guarantee the excellence of both workmanship and materials until the work is finally accepted. The contractor will also furnish a materialsman bond, acceptable to the State, equal to the amount of the contract.

The contractor encloses a cashier's check or bid bond for five percent (5%) of the bid, maximum $50,000.00, and hereby agrees that in case of failure to execute a contract and furnish bonds within fifteen (15) days* after notice of award, the awarding authority shall retain from the proposal guaranty, if it is a cashier's check, or recover from the principal and/or the sureties, if the guaranty is a bid bond, the difference between the amount of the Contract as awarded and the amount of the proposal of the next lowest acceptable bidder, which amount shall not exceed $50,000.00.

If no other bids are received, the full amount of the proposal guaranty shall be so retained and/or recovered as Liquidated Damages for such default. It is understood that in case the work is not awarded to the contractor, the proposal guaranty, if a cashier's check, will be returned as provided in the Alabama Department of Transportation Standard Specifications for Highway Construction.

In compliance with State of Alabama Act 2016-312, the contractor further certifies that it is not currently engaged in, and will not engage in, the boycott of a person or an entity based in or doing business with a jurisdiction with which this state can enjoy open trade. In compliance with Ala. Act No. 2023-409, by signing this contract, Contractor provides written verification that Contractor, without violating controlling law or regulation, does not and will not, during the term of the contract engage in economic boycotts as the term "economic boycott" is defined in Section 1 of the Act.

1. DISADVANTAGED BUSINESS ENTERPRISES

The contractor intends to comply with the contract documents to utilize Disadvantaged Business Enterprises (hereinafter referred to at times as (DBE)) to the extent practical and when, under Section A herein above, the contract documents specify a minimum monetary amount to be expended with Disadvantaged Business Enterprises, to equal or exceed said amount through subcontracting and/or by purchases of materials and services on the project.

*Time may be modified by Special Provision.

It is understood that failure to submit a Disadvantaged Business Enterprise Plan, when such is required by the contract within the time frame so specified, will be cause for assessment of penalties as provided in the contract.

It is further understood that failure to comply with the contract relating to Disadvantaged Business Enterprises, when such are applicable, will be cause for the assessment of penalties as provided in the contract.

2. REQUIREMENT BY THE EQUAL EMPLOYMENT OPPORTUNITY REGULATIONS OF THE SECRETARY OF LABOR (41 CFR 60-1.7(b) (1))

THE CONTRACTOR MUST CHECK THE APPROPRIATE BOX BELOW:

The contractor submitting this proposal certifies that such contractor

HAS /✓/ HAS NOT /_____/

participated in a previous contract or subcontract subject to the Equal Opportunity Clause, as required by Executive Orders 10925, 1114 or 11246.

If the contractor checked the "HAS" box above, the following statement must be completed. The contractor submitting this proposal certifies that such contractor

HAS /✓/ HAS NOT /_____/

filed with the Joint Reporting Committee, the director of OFCC, any Federal Agency or the former President's Committee on Equal Employment Opportunity all reports due under the applicable filing requirements of those organizations. All reports due are considered to be those requested by one of these committees or agencies.

Concurrently, Standard Form 100 (EEO-1) is the only report required by the Executive Orders or their implementing regulations.

Proposed prime contractors and subcontractors who have participated in a previous contract or subcontract subject to the Executive Orders and who have not filed the required reports should note that 41 CFR 60-1.7(b)(1) prevents the award of contracts and subcontracts unless such contractor submits a report covering the delinquent period or such other period specified by the Federal Highway Administration or by the director, Office of Federal Contract Compliance, U. S. Department of Labor.

3. COLLUSION

It is further certified that neither the person, firm, partnership or corporation submitting this bid, nor any of their officers, have directly or indirectly entered into any agreement, participated in any collusion or otherwise taken any action in restraint of free competitive bidding in connection with this contract.

4. SUSPENSION/DEBARMENT

A. Certification Regarding Debarment, Suspension and Other Responsibility Matters - Primary Covered Transactions

Instructions for Certification

By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause of default.

The prospective primary participant shall provide immediate written notice to the department or agency to whom this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The terms "covered transaction", "debarred", "suspended", "ineligible", "lower-tier covered transaction", participant", "person", "primary covered transaction", "principal", "proposal" and "voluntarily excluded" as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower-tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion/Lower-Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower-tier covered transactions and in all solicitations for lower-tier covered transactions.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower-tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

Except for transactions authorized under these instructions, if a participant in a covered transaction knowingly enters into a lower-tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment Suspension and Other Responsibility Matters - Primary Covered Transactions

The prospective primary participant certifies, to the best of its knowledge and belief, that it and its principals:

Are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any Federal department or agency;

Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;

Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in the preceding paragraph of this

certification; and have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

B. For Lower-Tier Requirements, see Section XI of "Required Contract Provisions Federal-Aid Construction Contracts" located in the proposal.

Exceptions to the above are to be submitted on a separate sheet with the bid proposal. For any exception noted, indicate to whom it applies, initiating agency and dates of action. Providing false information may result in criminal prosecution or administrative sanctions.

5. LOBBYING RESTRICTIONS

These restrictions were established by Section 319 of Public Law 101-121 Department of the Interior and Related Agencies Appropriations Act for Fiscal Year1990).

The contractor certifies to the best of his/her knowledge and belief that:

A. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement and the extension, continuation, renewal, amendment or modification of any Federal contract grant, loan or cooperative agreement.

B. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of congress, an officer or employee of Congress or an employee of a Member of congress in connection with this Federal contract, grant, loan or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file this required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The contractor also agrees by submitting this proposal that he/she shall require that the language of this certification be included in all lower-tier subcontracts which exceed $100,000 and that all such subrecipients shall certify and disclose accordingly.

I further certify that I am a properly authorized individual or corporate official, as applicable, to make this certification that the above is true and correct; and that I recognize, by signing this certification, I am also signing the contract proposal on behalf of the contractor in whose name the proposal is made, whether individual, partnership, or corporation as might be applicable.

NOTE: PROVIDED THE BID BOND ON THE FOLLOWING TWO PAGES IS PROPERLY EXECUTED IN THE CONTRACTOR'S NAME, SIGNED BY AN AUTHORIZED OFFICER OF THE CONTRACTOR CORPORATION (OR INDIVIDUAL OR PARTNER, WHEN NOT A CORPORATION), THE SAME MAY MAKE THE FOREGOING CERTIFICATIONS BY SIGNING BEFORE A PROPERLY SWORN NOTARY PUBLIC. THE CERTIFICATIONS MUST BE PROPERLY SWORN TO, SIGNED AND NOTARIZED BELOW.

Signature of Contractor. If the contractor is an **INDIVIDUAL**, signature of the individual is required; if contractor is a **CORPORATION**, signature of proper corporate officer is required; if contractor is a **PARTNERSHIP**, signature of partner is required; if contractor is **JOINT VENTURE**, appropriate signatures of all contractors are required.

CAPITOL INDEMNITY CORPORATION
POWER OF ATTORNEY

CIC1959923
Bond Number

KNOW ALL MEN BY THESE PRESENTS, That the **CAPITOL INDEMNITY CORPORATION**, a corporation of the State of Wisconsin, having its principal offices in the City of Middleton, Wisconsin, does make, constitute and appoint

----------B. DOYLE CAMPBELL----------

its true and lawful Attorney(s)-in-fact, to make, execute, seal and deliver for and on its behalf, as surety, and as its act and deed, any and all bonds, undertakings and contracts of suretyship, provided that no bond or undertaking or contract of suretyship executed under this authority shall exceed in amount the sum of

----------ALL WRITTEN INSTRUMENTS IN AN AMOUNT NOT TO EXCEED: $20,000,000.00----------

This Power of Attorney is granted and is signed and sealed by facsimile under and by the authority of the following Resolution adopted by the Board of Directors of **CAPITOL INDEMNITY CORPORATION** at a meeting duly called and held on the 15th day of May, 2002.

"**RESOLVED,** that the President, Executive Vice President, Vice President, Secretary or Treasurer, acting individually or otherwise, be and they hereby are granted the power and authorization to appoint by a Power of Attorney for the purposes only of executing and attesting bonds and undertakings, and other writings obligatory in the nature thereof, one or more resident vice-presidents, assistant secretaries and attorney(s)-in-fact, each appointee to have the powers and duties usual to such offices to the business of this company; the signature of such officers and seal of the Company may be affixed to any such power of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the Company, and any such power so executed and certified by facsimile signatures and facsimile seal shall be valid and binding upon the Company in the future with respect to any bond or undertaking or other writing obligatory in the nature thereof to which it is attached. Any such appointment may be revoked, for cause, or without cause, by any of said officers, at any time."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner – Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

IN WITNESS WHEREOF, the **CAPITOL INDEMNITY CORPORATION** has caused these presents to be signed by its officer undersigned and its corporate seal to be hereto affixed duly attested, this 1st day of September, 2022.

Bond No. CIC1964738

ITEM V
LABOR AND MATERIALS BOND

KNOW ALL MEN BY THESE PRESENT, that we Gaines Utility Construction Company, LLC

_____ as Principal and Capitol Indemnity Corporation

_____ as Surety, are held and firmly bound unto said City of Mobile, a political subdivision of the body corporate in the State of Alabama, hereinafter called the Obligee, in the penal sum of One Hundred Ninety Seven Thousand Five Hundred Eighty Eight and 00/100*** Dollars ($ $197,588.00***) lawful money of the United States, for the payment of which sum and truly to be made, we bind ourselves, our heirs, personal representatives, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, said Principal has entered into a certain Contract with said Obligee, dated _____, 2025 (hereinafter called the Contract) for ***Sidewalks on Dauphin Island Parkway Between Old Military Rd and I-10***, Federal Aid Project No. ***TAPAA-TA17(938)*** which Contract the Specifications for said work shall be deemed a part hereof as fully as if set out herein.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH THAT if said Principal, all subcontractors to whom any portion of the work in said Contract is sublet, all assignees of said Principal and of such subcontractors shall promptly make payments to all persons supplying him or them with labor, materials, or supplies for or in the prosecution of the work provided for in such Contract, or in any amendment or extension of or addition to said Contract, and for the payment of reasonable attorney's fees, incurred by the successful claimant or plaintiffs in suits or claims against the Contractor arising out of or in connection with the said Contract, then the above obligation shall be void; otherwise to remain in full force and effect.

PROVIDED, however, that this bond is subject to the following conditions and limitations:

(a) Any person, firm or corporation that has furnished labor, materials, or supplies for or in the projection of the work provided for in said Contract shall have a direct right of action against the Principal and Surety on this bond, which right of action shall be asserted in a proceeding, instituted in the CITY, in which the work provided for in said Contract is to be performed or in any CITY in which said Principal or Surety does business. Such right of action shall be asserted in a proceeding instituted in the name of the claimant or claimants for his or their use and benefit against the Principal and Surety or either of them (but not later than one year after the final settlement of said Contract falls due) in which action such claim or claims shall be adjusted and judgment rendered thereon.

(b) The Principal and Surety hereby designate and appoint the Mayor of the City of Mobile, Mobile County, State of Alabama, or his successor or representative, as the agent of each of them to receive and accept services of process or other pleading issued or filed in any proceeding instituted on this bond and hereby consent that such service shall be the same as personal service on the Principal and/or Surety.

(c) The Surety shall not be liable hereunder for any damage or compensation recoverable under Workmen's Compensation or Employer's Liability Statute.

(d) In no event shall the Surety be liable for a greater sum than the penalty of this bond, or subject to any suit, action or preceding thereon that is instituted later than one year after the final settlement of said contract.

(e) This Bond is given pursuant to the terms of an Act of the Legislature of the State of Alabama approved February 8, 1935, entitled: "An Act to Further Provide for Bonds of Contractors on State and Other Public Works and Suits Thereon."

This Power of Attorney is granted and is signed and sealed by facsimile under and by the authority of the following Resolution adopted by the Board of Directors of **CAPITOL INDEMNITY CORPORATION** at a meeting duly called and held on the 15th day of May, 2002.

"**RESOLVED**, that the President, Executive Vice President, Vice President, Secretary or Treasurer, acting individually or otherwise, be and they hereby are granted the power and authorization to appoint by a Power of Attorney for the purposes only of executing and attesting bonds and undertakings, and other writings obligatory in the nature thereof, one or more resident vice-presidents, assistant secretaries and attorney(s)-in-fact, each appointee to have the powers and duties usual to such offices to the business of this company; the signature of such officers and seal of the Company may be affixed to any such power of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the Company, and any such power so executed and certified by facsimile signatures and facsimile seal shall be valid and binding upon the Company in the future with respect to any bond or undertaking or other writing obligatory in the nature thereof to which it is attached. Any such appointment may be revoked, for cause, or without cause, by any of said officers, at any time."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner – Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

IN WITNESS WHEREOF, the **CAPITOL INDEMNITY CORPORATION** has caused these presents to be signed by its officer undersigned and its corporate seal to be hereto affixed duly attested, this 1st day of September, 2022.

CIC-ePOA-M (Rev. 09-2022)

During the performance of this contract, the Contractor agrees as follows:

1. The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The Contractor will take affirmative action to insure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color or national origin. Such shall include but not be limited to the following:

   Employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation, and selection for training, include apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting agency of the municipality setting forth the provisions of this nondiscrimination clause.

2. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualifying applicants will receive consideration for employment without regard to race, creed, color, or national origin.

3. The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other Contract or understanding, a notice to be provided by the municipal contracting agency, advising the labor union or workers' representative of the Contractor's commitments under this ordinance. Copies of the notice shall be posted in conspicuous places available to employees and applicants for employment.

4. In the event of the Contractor's non-compliance with the non-discrimination clauses of this Contract, this Contract may be canceled, terminated or suspended in whole or in part and the Contractor may be declared ineligible for further municipal contracts.

5. Contractor will include the provisions of this ordinance in every subcontract or purchase order unless exempted by written orders of the governing body of the City of Mobile so that provisions will be binding upon each subcontractor or vendor.

ITEM VII
INSURANCE

Insurance: CONTRACTOR shall take out and maintain during the life of the contract the following:

Contractor shall name the City of Mobile as an additional insured.

1. Workers' Compensation/Employer's Liability:

a. Workers' Compensation insurance in the amounts required by all applicable laws, rules or regulations of the state of Alabama.

b. Employer's Liability with limits of not less than:

Bodily Injury by Accident	$1,000,000 each accident
Bodily Injury by Disease	$1,000,000 policy limit
Bodily Injury by Disease	$1,000,000 each employee

c. Borrowed Servant/Alternate Employer endorsement in favor of City of Mobile.

2. Comprehensive General Liability Insurance:

a. Comprehensive General Liability (occurrence form) including coverage for products/completed operations, independent contractors, blanket contractual liability specifically covering the obligations assumed by Contractor.

b. Limit of Liability: $1,000,000 combined single limit of liability each occurrence bodily injury or property damage.

c. General Aggregate Limit shall apply on a "Per Project" Basis.

3. Automobile Liability Insurance:

a. Automobile Liability Insurance to cover any auto, including all owned, non-owned, and hired vehicles, with a $1,000,000 combined single limit of liability each accident for bodily injury and/or property damage.

4. Excess/Umbrella Liability Insurance

a. Providing following form coverage for Employer's Liability, Comprehensive General Liability, and Automobile Liability.

b. Limit of Liability: $2,000,000 combined single limit of liability each occurrence for bodily injury and/or property damage.

5. Certificate of Liability Insurance Endorsement Page

The policy endorsements listed below are required and must be listed in the "Descriptions of Operations" box on the Certificate of Liability Insurance or listed separately on an attachment to the certificate of insurance (ACORD 101, Additional Remarks Schedule).

a. Waiver of Subrogation - All policies of insurance shall be endorsed to waive rights of subrogation in favor of City of Mobile.

b. Additional Insured - All policies of insurance, except those referenced under paragraph A, shall be endorsed to name City of Mobile as an Additional Insured

c. Primary Insurance - All policies of insurance, except those referenced under paragraph A, shall be endorsed to provide that all such insurances are primary and non-contributing with any other insurance maintained by City of Mobile.

d. Notice of Cancellation - Certificates of Insurance shall provide that such insurance shall not be subject to cancellation, non-renewal nor material change without 30 days or more (except 10 days for non-payment) prior written notice thereof to the City of Mobile.

e. Certificates of Insurance - General – Within ten (10) calendar days from the date of issuance of Contract forms for execution, Contractor shall deliver to the City of Mobile, certificates of insurance (standard ACORD format) certifying the existence and limits of the insurance coverages along with separate policy endorsements as described above. Contractor shall also be responsible for delivering policy renewal certificates to the City of Mobile. A sample Certificate of Liability Insurance form,including the policy endorsement requirements is attached for Contractor's reference.

ITEM VIII
SPECIAL PROVISIONS

1. Subletting or Assigning of Contract:

(a) Limitations: The Contractor shall not sublet, assign, transfer, convey, sell or otherwise dispose of any portion of the contract, his right, title or interest therein, or his power to execute such contract, to any person, firm or corporation without written consent of the City and such written consent shall not be construed to relieve the Contractor of any responsibility for the fulfillment of the contract. Unless otherwise stipulated in the proposal or special provisions, the Contractor shall perform with his own organization, and with the assistance of workmen under his immediate supervision and reported on his payroll, all contract work of a value not less than 50 percent of the total contract amount, except that any items designated in the contract as "Specialty Items" may be performed by subcontract, and the cost of any such "Specialty Items" so performed by subcontract may be deducted from the total contract amount before computing the amount of work required to be performed by the Contractor, with his own organization.

(b) Subcontractor's Status: A subcontractor shall be recognized only in the capacity of an employee or agent of the Contractor and the Contractor will be responsible to the City for all subcontractors' work, including failures or omissions; and his removal may be required by the City Engineer, as in the case of an employee.

2. The contractor shall not sublet the contract on any portion thereof without written permission from the City Engineer. If consent is given, the contractor will be permitted to sublet a portion of the work, but shall perform with his own organization, work amounting to not less than fifty (50%) percent of the total contract price. The performance of the contract may not be assigned.

3. The City Engineering Department reserves the right to disqualify or refuse to award the contract to a prospective bidder for the following reasons:

(a) Uncompleted work which, in the judgment of the City Engineering Department, might hinder or prevent the prompt completion of additional work if awarded.

(b) Failure to pay or satisfactorily settle all bills due to labor and material on former contracts in force at the time of issuance of proposals.

(c) Default, as defined in Article 108.12 of the Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile under a previous contract, or unsatisfactory work of any nature on previous work. In addition to the above, disqualification for unsatisfactory progress of an on-going contract will be administered as outlined in Subarticle 108.04(c) Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile. Disqualification applies to bidding as a prime contractor or doing any subcontract work for a prime contractor.

(d) The Owner, reserves the right to reject any Bidder who has previously failed to perform properly or complete on time contracts of similar nature, or a bid of a bidder who is not, in the judgment of the Owner, in a position to perform the Contract.

4. The successful bidder shall make every reasonable effort to have at least fifteen (15%) percent of the total value of the contract performed by socially and economically disadvantaged individuals. A City of Mobile Subcontracting Plan must be submitted with the bid documents. Contractors

will be required to submit a City of Mobile DBE Utilization Report with each invoice and with final closeout documents.

5. It is the intent to construct the within described work as shown on the plans and specifications prepared by the Engineering Department of the City of Mobile in accordance with the Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile.

6. In said specifications, where the words State of Alabama, Governor, State, State Highway Department, Director, etc. appear substitute City of Mobile acting by and through its Mayor.

7. All insurance and bonds must be furnished by a Surety licensed to do business in the State of Alabama, signed or countersigned by a licensed Resident Agent of Alabama and have a minimum rating of A Class VI as reported in the latest issue of Best's Key Rating Guide Property and Casualty.

8. Payment for any work incidental to the completion of this contract, for which no item was set up, shall be absorbed in other bid items.

9. The City of Mobile reserves the right to add to or reduce quantities or delete any item or items in this contract without any adjustment in unit price. Additional items of work necessary for the completion of this contract may be added by Change Order.

10. Failure to complete the work in this contract within the time stipulated will result in a deduction for money due the contractor. Such liquidated damages will be assessed as provided for in Item 108 of the Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile.

11. **The contractor shall provide maintenance for a period of one year from final acceptance of the work. This maintenance work shall include furnishing all materials, labor, and incidentals necessary to maintain the project in acceptable condition as determined by the City Engineering Department. This maintenance for a one year period shall be provided with no additional compensation.**

12. The City of Mobile may retain a reputable laboratory to make all tests, inspections, etc. required by the Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile at no cost to the contractor. The laboratory shall furnish copies of all test results to the City Engineer.

13. The successful bidder will be required to submit mix designs to comply with Item 429-A, based on the State of Alabama Highway Department Standard Specifications for Highway Construction, 2022 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile, to the City's Testing Lab for approval.

14. Any asphalt used on the project shall have an approved mix design and shall not contain shingles (RAS).

15. The Contractor shall have on the job site at all times, as his agent, a competent superintendent capable of reading and thoroughly understanding the plans and specifications and thoroughly experienced in the type of work being performed, who shall receive instructions from the City

Engineer or his authorized representatives. The Superintendent shall have full authority to execute orders or directions of the City Engineer without delay and to promptly supply such materials, equipment, tools, labor and incidentals as may be required. Joint venture Contractors shall have one such superintendent for all ventures. Such superintendents shall be furnished irrespective of the amount of work sublet and shall have full authority over all subcontract work. The superintendent shall be required to have direct communication with the supplier in case of mechanical failure at the site or the plant.

16. The contractor shall take all necessary precautions for the protection and safety of the work. Such work shall comply with applicable spec sections of Items 104 and 107. There will be no compensation for this work.

17. The quantities shown on the proposal and plans are approximate. The Contractor will be paid only for the amount of each item to complete the project.

18. It will be the Contractor's responsibility to determine the exact location of all existing utilities, whether public or private, and make the necessary adjustments as required to construct the project. Prior to construction, the Contractor shall notify all utility companies to obtain information on locations, depths, etc. of their utilities. The utility companies, directed by the City Engineer unless provided for in this contract, shall undertake any relocation and/or adjustments of utilities. The Contractor shall cooperate with the utility companies and provide assistance in excavation for such adjustments and relocation work, if requested. This work will be paid for under the appropriate items of work for excavation and borrow.

    If any private utility line, including but not limited to irrigation lines, are encountered within the right-of-way, it is the Contractor's responsibility to make the necessary adjustments of said facilities and coordinate with the property owner or private company. Such adjustments are considered incidental to the project (no said pay item).

19. It shall be the Contractor's responsibility to determine if the required construction can be performed within the area provided and comply with requirements of the Occupational Safety and Health Regulations (OSHA) for construction projects of this type. Any safety measures or methods of construction that are necessary in the construction of this project to comply with these regulations are the Contractor's responsibility and shall be provided with all costs to be included in the various pay items of the contract (no direct payment).

20. If needed, the contractor shall be required to submit a plan for traffic control to the City Traffic Engineer for approval prior to beginning construction. Such plan shall include required signs, detour routes, barricades, lights, drums, cones, etc., to comply with Article 104.04 of the Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile. There will be no direct compensation for said traffic control plan preparation.

    Payment for items in Section 740 shall be full compensation for all materials, signage, lights, hardware, drums, equipment, labor, handling and maintenance until project completion and any other incidentals necessary to complete the job. The Contractor shall restore existing traffic mechanisms to original condition.

21. All equipment shall be in good mechanical working order. If not, the Project Inspector can require removal from the project.

22. The Contractor at no direct payment will support any utilities encountered during construction,

requiring support. Contractor is responsible for securing and supporting all utilities located adjacent to or within the limits of excavation. The cost associated with this work will be a subsidiary obligation of clearing & grubbing (no direct payment).

23. Maintenance roads, haul roads, laydown yards, staging areas, and detours constructed for the Contractor's use and convenience, shall be constructed at the Contract's expense, and shall be absorbed in other bid items. All construction entrances to the site of work shall have aggregate surfacing placed over filter fabric for a minimum of fifty (50) linear feet from the adjacent connecting roadway, by an appropriate width, in an effort to minimize the transportation of sediment onto existing roadways. All areas shall be restored to their preconstruction condition after project completion. Any damage to the asphalt wearing surface beyond or within the limits of construction, as determined by the Engineer or Owner, shall be repaired at no cost to the Owner. Any traffic control required to complete such repairs shall be in accordance with Federal MUTCD manual, Millennium Edition and at no cost to the Owner.

24. Any damage caused by the Contractor or his subcontractors to the existing bituminous asphalt surface and/or base structure on local streets leading to or associated with this project shall be repaired by the Contractor at no cost to the owner.

25. It shall be the responsibility of the contractor to provide a substantial stand of grass at the time of the Final Inspection. Any sod that is not living and/or viable in the opinion of the Engineer shall be replaced at no additional cost to the project.

26. Contactor shall remove and dispose of all waste and unsuitable material, from the project site. The Contractor will be held responsible for disposal of debris and construction materials in an appropriate manner and at an approved, permitted location. The Contractor will be responsible for compliance with applicable laws or ordinances regarding material type and disposal site. **Disposal of construction materials and debris is specified in Subarticles 206.4(c) and 201.03(d) of the Standard Specifications.**

    The Contractor will submit a plan for the disposal of construction materials, indicating proposed disposal location, type of debris and quantity of material. City Engineering staff will monitor the disposal of construction materials for compliance with applicable laws and ordinances. There will be no additional compensation for disposing of such material off the project site.

27. All salvageable material from the project shall be stored on the project at locations designated by the City Engineer. Any material not wanted by the City of Mobile shall be the property of the Contractor and removed from the project. There will be no direct payment for removing and storing the salvageable materials, nor removing unwanted materials from the project.

28. Existing excavated material suitable for use as backfill, embankments, etc. shall be used on the project at no direct payment. Additional material required and compaction of the additional fill material shall be paid for under Item 210-D and Section 306.03 of the Standard Specifications.

29. Existing topsoil material suitable for use on the project shall be stockpiled and utilized at no direct payment. Additional topsoil required shall be paid for under Item 650-A, as designated in the Standard Specifications and will be measured by Truck Bed Measurement.

30. **All water and sanitary sewer work shall comply with the Mobile Area Water and Sewer System (MAWSS) Standard Specifications, latest edition. All MAWSS work, whether by prime or subcontractor, shall be accomplished by an experienced contractor, familiar with MAWSS construction and specifications. The Engineer may require the Contractor to**

provide necessary documentation explaining such experience before permission to accomplish work is granted.

31. The project site shall be kept clean at all times. Loose dirt, materials, excavation, etc. shall be kept cleared from streets, walks, ditches, etc. The Owner reserves the right to demand that the Contractor's forces be diverted to clean up whenever conditions warrant such diversion. Diversion of Contractor's forces will not entitle the Contractor to any extension of time or additional compensation.

32. The contractor shall take whatever steps are necessary to insure that dust is controlled during operations.

33. If provided in the Bid Schedule, accepted Concrete Combination Curb and Gutter, as designated in the Standard Specifications, will be measured in linear feet, complete, in place, along the base of the curb face. Measurement for payment will not extend across driveways or inlets.

34. If provided in the Bid Schedule, mix design for Bituminous Concrete Wearing Surface, Item 429-A, shall be based on the Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 edition. The successful bidder will be required to submit mix designs to comply with Item 429-A, based on the Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile, to the City's Testing Lab for approval.

35. The Contractor, at no cost to the Owner, shall replace any existing survey monument or property corner that is damaged during construction.

36. Project Documentation: Prior to the start of construction, the **Contractor** shall document any features or items of interest or importance by the use of photography and/or videotapes. At least two (2) copies of video and/or photos shall be made. City Engineer shall retain one set. Prints and/or tapes shall be delivered to the City Engineer within one week after they are made.

37. Pipe is to be videoed before acceptance by the City of Mobile. No pay item provided. Cost is considered incidental to the Project.

38. It is the sole responsibility of the Contractor to protect his/her equipment. The owner or the engineer shall not entertain any claims by the Contractor due to any damage to his or her equipment or materials.

39. The Contractor shall notify property owners prior to construction. The Contractor shall provide documentation to the Engineer that this has been accomplished. Notifying property owners is considered incidental to the project.

40. OMITTED.

41. Any damage to private property beyond the limits required to install the storm drain system, sidewalk, curbing, etc., as determined by the Engineer, shall be repaired at the Contractor's expense.

42. The Contractor shall use extreme caution when working in close proximity to existing houses or other structures. Any damage to the existing structures from the Contractor's negligence shall be repaired at the Contractor's expense. The Contractor shall be very cautious of existing

landscaping items located within the project area and shall coordinate with property owners regarding landscaping items to be removed. Any damage to existing items not scheduled to be removed shall be replaced at the Contractor's expense.

43. All pipe joints shall be wrapped to City of Mobile specifications. Pipes shall not have lifting holes.

44. OMITTED.

45. The contractor shall be responsible for implementing and maintaining any and all necessary environmental control measures in accordance with all Local, State, and Federal laws and requirements. This includes protection from concrete surface preparations, erosion and sediment controls, as well as a result from any other construction related activities. There will be no direct payment for the materials, equipment, labor or other incidentals required to fulfill this requirement, shall be subsidiary of Item No. 600A, Mobilization.

46. The Contractor shall provide, install and maintain all temporary erosion control measures shown on the drawings. Wattles, hay bales, silt fences and other approved erosion control devices shall be installed by the Contractor and shall be maintained throughout the course of this project. Adjustments to the methods and types of erosion control will be necessary during the course of the construction, and it will be the responsibility of the Contractor to provide, install and maintain these as well. The Engineer shall approve methods of erosion control. It will be the responsibility of the Contractor to satisfy himself that all Federal, State and Local Codes and Ordinances are abided by at all times during construction. Additionally, the Contractor shall implement any and all other Best Management Practices applicable per Federal, State, County and Municipal laws concerning water pollution.

47. The Contractor shall be responsible for implementing all erosion control BMPs on City construction projects and for all sediment within and leaving the construction site until the project is accepted by the City. Severe penalties will be imposed to ensure compliance.

48. All projects and construction sites shall be in accordance with the Clean Water Act; the Alabama Water Pollution Control Act; the current version of the Alabama Handbook for Erosion Control, Sediment Control and Stormwater Management on Construction Sites and Urban Areas; current version of the Mobile, Alabama City Code Chapter 17 Stormwater Management and Flood Control.

    Any fines, penalties, or judgments accessed to City of Mobile, its agents or representatives due to inadequately installed or maintained erosion control shall be the responsibility of the Contractor. The Contractor shall indemnify and hold harmless the Engineer, City of Mobile, its agents or representatives from all claims resulting, all or in part, from inadequately installed or maintained erosion control.

49. OMITTED.

50. Working hours on certain streets will be limited. All working times, closures, etc., will be coordinated with the City of Mobile Traffic Engineering Department.

51. Workmen shall wear reflectorized jackets.

52. The Contractor shall not commence with milling, tacking, resurfacing, or striping until all vehicles are removed from the street.

53. At intersections, driveways, and all turnouts, the City Project Inspectors and/or its Engineer shall determine the limits to mill and resurface. The Contractor shall ensure that the asphalt surface meets the elevation at the gutter so as to facilitate drainage, sidewalk ramp construction, and ADA compliance.

54. Tack coat shall be emulsified asphalt grade CRS-2, CRS-2h, CSS-1, CSS-1h, CQS-1h, or CQS-1hp, or one of the Performance Graded Asphalt Binders shown in Article 804.07 in accordance with requirements of Section 405 of the State of Alabama Highway Department Standard Specifications for Highway Construction, 2022 Edition, with all latest additions and modifications of the Engineering Department for the City of Mobile.

55. Contractor shall use a mechanical broom with blower in operating condition for cleaning streets prior to tacking and resurfacing operations.

56. On some streets, a "ski pole" will be required to insure the correct grade on the street. This will be done at the discretion of the Project Inspector.

57. All temporary stop work joints shall be made using paper. At the beginning of the next work day the contractor shall make every effort to make a joint that will conform to the existing road surface.

58. Prior to resurfacing, the water and sewer manholes and valve covers will be raised by Mobile Area Water & Sewer System. The contractor will make every reasonable effort to make sure the manholes and water valves are exposed after resurfacing is completed.

59. All traffic control configurations shall be restored to their original patterns, unless otherwise directed by the Traffic Engineering Director.

60. All resurfaced streets shall require blue fire hydrant raised markers to be installed to help identify fire hydrant locations. Blue pavement markers are installed in the middle of the travel lane adjacent to a fire hydrant location. In cases where the fire hydrant is located at the corner of an intersecting street, a blue pavement marker is installed on both streets.

61. Reflective Hot tape or 3M-brand reflective roll tape may be allowed to be substituted for thermoplastic paint on Item 703-A. Traffic Engineering must approve any substitutions before use.

62. The Engineer will prepare an estimate once each month for work completed. The contractor will send the Engineer a copy of his estimate figures for the month. Contractors will be required to submit a City of Mobile DBE Utilization Report with each invoice and with final closeout documents.

63. Tack coat shall be applied prior to placement of asphalt per ALDOT Section 405. There will be no direct payment for this work. It shall be absorbed in other items of work. Only trackless tack shall be allowed on this project.

64. Gutter cleaning will be a subsidiary obligation of 424A Superpave Bituminous Concrete Wearing Surface.

65. All permanent striping on the final surface that is required to be removed shall be removed by hydraulic means only or as directed by the Engineer.

ITEM IX
ARTICLES OF AGREEMENT

STATE OF ALABAMA)
COUNTY OF MOBILE)
CITY OF MOBILE)

(Executed in Quintuplicate)

This AGREEMENT ("Agreement" is made and entered into as of the date on which the last party executes this Agreement (the "Effective Date"), by and between the CITY OF MOBILE acting by and through its Mayor and City Council (hereinafter referred to as the "City"), a municipal corporation organized and existing under the laws of Alabama and Gaines Utility Construction Company LLC, (hereinafter referred to as "Contractor"), an Alabama limited liability company with its principal office at 712 Lakeside Dr Mobile, AL 36693.

WITNESSETH: That the said party of the second part has agreed and by these present does agree with the said party of the first part, for the consideration hereinafter mentioned and contained, and under the penalty expressed in a bond bearing even date with these presents and hereunto annexed, to furnish at their/his own proper cost and expense, all the necessary materials, equipment and labor, of every description and to carry out and complete in a good, firm and substantial manner the following:

Project Name:	**Sidewalks on Dauphin Island Parkway Between Old Military Rd and I-10**
Project No:	**TAPAA-TA17(938)**
Project Description:	**Sidewalk Improvments**
Major work items include:	**Concrete Sidewalk, Crosswalks, & Signal Modifications**

Federal Aid Project Number **TAPAA-TA17(938)**, all complete in place with all appurtenances for the consideration of unit prices set forth in CONTRACTOR's Proposal (estimated to total $ 197,588.00) in strict accordance with this contract. The advertisement, proposal, special provisions, plans and specifications are all made a part of this agreement.

ALDOT:
(2) Wherever the word "ALDOT" is used, it shall refer to the Alabama Department of Transportation.

CITY:
(3) Wherever the word "CITY" is used, it shall refer to the City of Mobile, Alabama.

COUNCIL:
(4) Whenever the word "COUNCIL" is used in the Specifications, it shall refer to the governing body of the City of Mobile, Alabama, the party of the first part of the Agreement.

CONTRACT:
(5) Whenever the word "CONTRACT" is used it shall be held to mean the executed documents comprising the written agreement between the City of Mobile and the Contractor setting forth the obligations of the parties hereunder for the performance of the prescribed work. The Contract includes the invitation for bids, proposal, contract forms and contract bonds, specifications, supplemental specifications, special provisions, general and detailed plans, these Articles of Agreement, notice to proceed, and any change orders that are required to complete the construction of the work in an

acceptable manner, including authorized extensions thereof, and such other documents as by law or references are made a part thereof, all of which constitute one instrument.

CONTRACTOR:

(6) Whenever the word "CONTRACTOR" is used it shall be held to mean any individual, corporation, partnership, or other entity selected to perform any or all construction services. The contractor shall be eligible to bid Alabama Department of Transportation projects at the time of the prebid conference to be considered a valid bidder for this project.

CITY TRAFFIC ENGINEER:

(7) Whenever the word "CITY TRAFFIC ENGINEER" is used, it shall refer to the CITY TRAFFIC ENGINEERING DIRECTOR for the City of Mobile or his appointed assistants.

ENGINEER:

(8) The engineering company assigned to perform engineering design and construction inspection services for this project. The engineering company so assigned to this project is **NEEL-SCHAFFER, INC.**

LOCAL PUBLIC AGENCY (LPA):

(9) Whenever the acronym "LPA" is used, it shall refer to the City of Mobile, who is the Local Public Agency.

AUTHORITY OF THE CITY TRAFFIC ENGINEER:

(10) The CITY TRAFFIC ENGINEER will decide all questions which may arise as to the quality and acceptability of materials furnished and work performed and as to the rate of progress of the work; all questions which may arise as to the interpretation of the plans and specifications; all questions as to the acceptable fulfillment of the contract on the part of the CONTRACTOR.

The CITY TRAFFIC ENGINEER shall have the authority to withhold further payment or to suspend the work wholly or in part due to failure of the CONTRACTOR to correct conditions unsafe for the workmen or the general public; failure to carry out provisions of the contract; failure to carry out orders; for such periods as he may deem necessary due to unsuitable weather; for conditions unsuitable for prosecution of the work; or for any other conditions or reason deemed to be in the public interest.

DUTIES OF THE CONTRACTOR:

(11) The work performed under this contract and agreement shall be in strict compliance with the "State of Alabama Highway Department Standard Specifications for Highway Construction", 2018 Edition, with all latest additions and modifications by the Engineering Department of the City of Mobile and with the plans on file in the office of the CITY TRAFFIC ENGINEER or as noted herein.

ARBITRATOR:

(12) Both parties to this contract hereby agree that the CITY TRAFFIC ENGINEER shall act as referee in all questions and disputes arising under the terms of this Contract between the parties thereto and that the decision of the CITY TRAFFIC ENGINEER in all such cases shall be final.

STANDARD SPECIFICATIONS:

(13) Whenever the word "STANDARD SPECIFICATIONS" is used, it shall refer to State of Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 edition, with all latest additions and modifications by the Engineering Department of the City of Mobile, a copy of which is on file in the office of the CITY TRAFFIC ENGINEER.

WAGE SCALE:

(14) The CONTRACTOR will be required to pay the prevailing wage rates for this district that are applicable to the trades engaged in the several different lines of work.

APPOINTMENT AND AUTHORITY OF INSPECTORS:

(15) The CITY TRAFFIC ENGINEER may appoint such inspectors, assistants, or representatives as he deems necessary, and they shall be granted full access to the work and to the mills and factories in which material is being prepared for use under the contract.

Inspectors will be authorized to inspect all work done and materials furnished. Such inspection may extend to all or any part of the work and to the preparation, fabrication or manufacture of the materials to be used. The inspector will not be authorized to alter or waive the provisions of this contract. The inspector will not be authorized to issue instructions contrary to the plans and specifications, or to act as foreman for the CONTRACTOR; however, he shall have the authority to reject work or materials until any questions at issue can be referred to and decided by the CITY TRAFFIC ENGINEER.

The CITY ENGINEER reserves the right to require replacement of any inspector considered to be unqualified for the work.

INSPECTION:

(16) Inspection and acceptance of materials and construction during the progress of the work shall not relieve the CONTRACTOR from any of the obligations assumed under this contract to furnish materials and to perform work strictly in accordance with its terms, and any work in accordance therewith (although overlooked and passed), shall be made good and inferior materials shall be removed and replaced with proper materials upon the demand of the CITY TRAFFIC ENGINEER at any time prior to the completion of the work and its acceptance by the CITY TRAFFIC ENGINEER.

INCOMPETENT EMPLOYEES TO BE DISCHARGED:

(17) If the work of any person employed by the CONTRACTOR should appear to the CITY TRAFFIC ENGINEER to be incompetent or disorderly, he shall be immediately discharged upon the request of the CITY TRAFFIC ENGINEER.

CHANGES AND EXTRA WORK PRECAUTIONS TO PREVENT ACCIDENT:

(18) Should the COUNCIL deem it proper or necessary in the execution of the work to make any alterations, which shall increase or diminish the quantities or the expense, such alterations or reductions shall not validate or annul the contract or agreement hereby entered into. The said COUNCIL shall determine the value of the work to be added or omitted; such value to be added to or to be deducted from the contract price as the case may be.

No claim whatever shall be made by the CONTRACTOR for extra materials or work, or for a greater amount of money than is herein stipulated to be paid, unless some changes in or additions to said work requiring additional outlay by the CONTRACTOR shall first have been ordered, in writing, by the said COUNCIL on application of the CITY TRAFFIC ENGINEER. Said writing will be attached to the contract for the making of said improvements, stating that such work is not included in the contract, what the extras are and that such are necessary for the proper completion of the work, or for the security of the work previously done and the reason therefor.

RESPONSIBILITY FOR ACCIDENTS:

(19) The CONTRACTOR covenants to and shall defend, hold harmless, indemnify and exonerate the CITY and any of its officers, directors and employees of and from any and all claims, demands, liability, losses, damages, suits and/or judgments, whether frivolous or otherwise of any character, arising out of, or connected with, the work covered by this contract, regardless of how it may

be caused. The CONTRACTOR shall be responsible for providing the City of Mobile and any of its officers, directors, and employees a defense and paying all costs of defending it and investigating said claims, including attorney's fees and expenses.

WORK TO BE PROSECUTED AS DIRECTED:

(20) All work shall be done according to the direction of the CITY TRAFFIC ENGINEER or his authorized assistant.

GENERAL COMPLIANCE WITH LAWS:

(21) The Contractor shall comply with the provisions of the labor laws, state laws and federal and local statutes, ordinances and regulations that are applicable to the performance of this Agreement, and procure all necessary licenses and permits.

SUSPENSION OF WORK:

(22) If, in the opinion of the CITY TRAFFIC ENGINEER, during the progress of the work the conditions of the weather make it inexpedient or hazardous to proceed with the same, or if the public need seems to demand a temporary suspension, prosecution of the project shall cease for such a period as the CITY TRAFFIC ENGINEER may direct in writing. No allowance will be made to the CONTRACTOR for damages alleged to have been sustained on account of such suspension of the work. The period of such cessation shall be determined and recorded by the CITY TRAFFIC ENGINEER and shall be added to the time herein specified for the completion of the work. It is further agreed that in case of any legal obstruction or injunction affecting the prosecution of the work, such delay shall extend the time of completion of such part or parts of the work as obstructed and delayed for the length of time the obstruction continued and no longer. No damages shall be claimed or allowed the CONTRACTOR by reason of such unavoidable delay.

DELAYS:

(23) Delay in completion or the acceptance of any portion of the work shall not be deemed or construed as a waiver of any of the rights of the CITY under this contract, or to prevent the abrogation of this contract on account of the violations of its terms or the enforcement and collection of any just claim for loss or damage sustained by the CITY by reason thereof. Should delay arise by reason of the neglect or inability of the CONTRACTOR to prosecute the work or to furnish materials to the extent that, in the opinion of the CITY TRAFFIC ENGINEER, it becomes necessary to insure the completion within the limit of time specified to this contract, the CITY TRAFFIC ENGINEER shall serve a warning to the CONTRACTOR requiring him to provide the means or material to insure the completion of work. Should such warning be disregarded to the extent that unnecessary and unreasonable delay is likely, in the opinion of the CITY TRAFFIC ENGINEER, to ensue, the CITY TRAFFIC ENGINEER shall notify the COUNCIL of such fact. Should said COUNCIL so elect, the CITY may complete the contract using for such purpose all materials and tools found upon the work site and belonging to the CONTRACTOR. The COUNCIL shall assess the cost of such work against the sum, which would have been due under this contract.

COMMENCEMENT AND COMPLETION:

(24) The work shall commence within ten (10) days from the date specified in a Notice to Proceed Order to be issued to the Contractor by the Council, or its authorized representative, and shall be completed within the number of working days indicated in this Proposal, following the commencement date stipulated in said Notice to Proceed Order. In the event the Contractor should fail to complete the work within the time specified herein, the Contractor shall pay the Council, as liquidated damages, the amount specified in Section 108 of the Standard Specifications for each working day beyond the required date of completion.

ESTIMATE:

(25) In making partial payments to the CONTRACTOR, the CITY shall retain no more than five percent (5%) of the estimated amount of work done, the value of materials stored on the site (if applicable), and the value of materials suitably stored and insured off-site (if applicable). Following fifty percent (50%) completion, no further retainage shall be withheld.

FINAL ESTIMATE:

(25) Upon the final completion of the work according to the terms of these Articles of Agreement, the Engineer shall inspect all work and materials not previously accepted and returned, and shall render to the City Engineer and the Contractor a semi-final estimate of all work performed and materials furnished. A FINAL estimate, containing only the retainage due to the CONTRACTOR, shall then be prepared by the ENGINEER and rendered to the CITY and CONTRACTOR. Upon receipt of the Engineer's certification of project completion, the City Engineer shall inspect the work and, if satisfactory, shall pay or cause to be paid to the Contractor the final estimate, under the terms of these Articles of Agreement.

Prior to issuance of the FINAL ESTIMATE, the Contractor shall furnish, to the Engineer, the following documents:

- The Contractor must publicly advertise the Notice of Completion a minimum of once a week for four consecutive weeks and submit proof of advertising publication, original form with notary seal, as required by Section 39-2-12 of the 1975 Code of Alabama.
- The Contractor must execute copies of Contractor's Affidavit of Payment of Claims and Debts.
- The Contractor must have his/her surety execute copies of Consent of Surety to Final Payment.
- The Contractor must furnish a letter on his letterhead acknowledging that acceptance of final payment by the Contractor constitutes a waiver of all claims, present or future, in connection with this project.
- The Contractor must furnish a written guarantee on his letterhead covering all defects in material and workmanship for a period of one (1) year commencing on the date of final acceptance.
- The Contractor must provide a Maintenance Agreement for the grassing for up to one (1) year from the date of final acceptance.
- The Contractor must provide a City of Mobile DBE Utilization Report summarizing DBE participation to include the name of the DBE firm, address, telephone number and amount paid. If there was no DBE participation on the project, this report must summarize the reasons why and document any attempts made to secure DBE participation.

Upon successful completion of these documents, payment of the FINAL ESTIMATE shall be made to the Contractor.

E-VERIFY:

(27) By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate Federal Immigration Law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

The CONTRACTOR shall insure that all subcontractors under his employment for this project shall participate in the e-verify program. The CONTRACTOR shall be responsible for having each subcontractor sign the enclosed e-verify form. Any subcontractor found to be in violation of this provision shall cause the CONTRACTOR to be in breach of the agreement and the CONTRACTOR shall be responsible for all damages resulting therefrom.

PROHIBITION OF BOYCOTTING:

(28) By signing this contract, the CONTRACTOR represents and agrees that it is not currently engaged in, nor will it engage in, any boycott of a person or entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade.

NONDISCRIMINATION CLAUSE:

(29) The CONTRACTOR shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, *inter alia*, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

SIGNATURE:

IN WITNESS WHEREOF, the parties to these present have hereunto set their hand and seal the day and year first above written; the City of Mobile by its Mayor acting under and by virtue of the authority in him vested and the Contractor by such duly authorized officers or individuals as may be required by law.

AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY

Statement Required To Be Submitted By Proposed Contractor Pursuant To Notice Of Requirement For Affirmative Action To Ensure Equal Employment Opportunity (Executive Order 11246) And Regulation In 41 CFR Part 60-4 On All Federal And Federally Assisted Contracts In Excess of $10,000.

Project Number: TAPAA-TA17(938)

County: Mobile

Contractor: Gaines Utility Construction Company, LLC

Mailing Address: 772 Lakeside Dr Mobile AL 36693
Street City State Zip

Telephone Number: 251 307-2407
A.C.

Employer Identification Number: 822550320

"Employer Identification Number" means the Federal Social Security Number used on the Employer's Quarterly Federal Tax Return, U. S. Treasury Department Form 941.

Amount of Contract: $ 197,588.00

Estimated Starting Date: 9-1-25 Estimated Completion Date: 10-17-25

Signed: Jennifer Gaines Date: 7-29-25
Contractor's Representative

NOTE: If more than one contractor firm is involved, a copy of this statement shall be completed by each contractor and returned with the executed contract.

13- Affirmative Action To Ensure Equal Employment Opportunity

ITEM X

SUPPLEMENTAL SPECIFICATIONS

Alabama Department of Transportation Standard Specifications for Highway Construction, 2022 Edition, shall be amended as follows:

1. PARAGRAPH 105.06(b) *CONTRACTOR'S SUPERINTENDENCE AND SUPERVISION* SHALL BE **AMENDED TO INCLUDE** THE FOLLOWING:

    a. If requested by the ENGINEER, Contractor shall provide resume or other information necessary to insure that project superintendent is experienced in drainage work and associated work items. At the request of the ENGINEER in writing with concurrence of the City of Mobile, Contractor shall immediately remove any superintendent or other employee whose lack of experience, conduct or inability to effectively communicate in the English language is detrimental to the project. Said removal shall not be cause for claim against ENGINEER, City of Mobile or their agents.

2. ITEM 108.01 *SUBLETTING AND ASSIGNMENT (a);* PARAGRAPH 1 *LIMITATIONS* SHALL BE **AMENDED TO INCLUDE** THE FOLLOWING:

    The ENGINEER reserves the right, with approval from the CITY ENGINEER, to disapprove or disqualify a Subcontractor that has exhibited or participated in fraudulent activities either as a prime Contractor or a Subcontractor under a previous contract administered by the ENGINEER. Furthermore; the ENGINEER may require a list of references from local Contractors, Project Engineers or Government Agents in order to verify past performances, capabilities and competency before acceptance of the Subcontractor is granted.

3. SECTION 109, SUB-SECTION 109.07 *PARTIAL PAYMENT* SHALL BE **REPLACED** WITH THE FOLLOWING:

    Once each month the ENGINEER will make an appropriate estimate on the regulation form of the work or portion of the work completed and the value thereof based on the contract Unit Prices, or proportional part thereof for Lump Sum items, less retainage or any assessed liquidated damages or other designated deductions.

    The payment of any monthly estimate for any portion of the work as provided in the Specifications shall in no way affect the obligation of the Contractor to complete the work in accordance with the contract. Payment of any monthly invoice will not be made until such time as all records and forms are completed and submitted.

    No Payment for stored material will be included on the monthly estimates.

4. SECTION 210, PAY ITEM 210-A *UNCLASSIFIED EXCAVATION*; PAY ITEM 210-D *BORROW EXCAVATION (A-2-4 OR BETTER)*, SUB-SECTION 210.09 METHOD OF MEASUREMENT SHALL BE **REPLACED** WITH THE FOLLOWING:

    Unit of Measurement for all accepted Excavation shall be by the cubic yard truck bed measure. The accepted volume of Excavation shall be based on certified delivery tickets as determined by truck bed measure

5. OMITTED

6. OMITTED

7. *SECTION 620, PAY ITEM 620-A MINOR STRUCTURE CONCRETE, SUB-SECTION 620.05 BASIS OF PAYMENT* SHALL BE **MODIFIED** AS FOLLOWS:

Delete the following portion from the first sentence of the paragraph:

"except reinforcing steel."

Replace it with the following:

"including reinforcing steel."

8. SECTION 650, PAY ITEM 650-A *TOPSOIL*: SUB-SECTION 650.04 *METHOD OF MEASUREMENT* SHALL BE **REPLACED** WITH THE FOLLOWING:

Unit of Measurement for all accepted TOPSOIL shall be by the cubic yard truck bed measure. The accepted volume of TOPSOIL shall be based on certified delivery tickets as determined by truck bed measure.

9. ITEM 654-A *SOLID SODDING*:

654A

Basis of Payment
Payment will be based on the respective unit bid price for solid sodding, complete-in-place, which shall be payment in full for furnishing the individual solid sodding, for hauling, preparation, placing, and maintenance (incl. watering) of the solid sodding and for all labor, equipment, tools and incidentals necessary to complete this item.

SPECIAL PROVISIONS
PROJECT No. TAPAA-TA17(938)
THE CITY OF MOBILE
MOBILE, ALABAMA

The following Special Provisions are supplementary requirements and amendments to the 2022 Standard Specifications for Highway Construction, which apply to this project. The requirements and amendments given in these Special Provisions shall take precedence over the requirements given in the Standard Specifications. In case of conflict, the first three Special Provisions listed below shall take precedence over the remaining Special Provisions.

S.P. CODE	SPECIAL PROVISION
FHWA-1273	Form FHWA-1273-Revised October 23, 2023
22-LPA-001	General Provisions for Projects let by LPA (with prequalification)
22-LPA-002	Acceptance for Projects let by LPA
22-WR0049(4)	Davis Bacon Wage Rates
22-FH0002	Title VI Assurance
22-FH0003	Non-Discrimination Statues and Authorities
22-FH0004	Special Training Responsibilities of Equal Employment Opportunity Requirements
22-FH0005	Required Contract Provision for all Federal Aid Projects for Equal Employment Opportunity
22-GA0008	Asphalt Pavement
22-GA0010(2)	Work Performed and Progress Based Pay Items
22-GA0011	Oversize/Overweight Permit
22-GA0013	Roadway Signs
22-GA0015	Moving and Covering Traffic Control Signs
22-GA0016	Traffic Signal
22-GA0027	Cement

ATTACHMENTS

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of $10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding $10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (*see* 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

> "It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than $10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding $2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in paragraphs (d) and (e) of 29 CFR 5.5, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.e. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph 4. of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph 1.c. of this section) and the Davis-Bacon poster (WH–1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. *Frequently recurring classifications.* (1) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a **wage determination may contain, pursuant to § 1.3(f), wage** and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph 1.c. of this section, provided that:

(i) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(ii) The classification is used in the area by the construction industry; and

(iii) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(2) The Administrator will establish wage rates for such classifications in accordance with paragraph 1.c.(1)(iii) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

c. *Conformance.* (1) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is used in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(3) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(4) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(5) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division under paragraphs 1.c.(3) and (4) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph 1.c.(3) or (4) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

d. *Fringe benefits not expressed as an hourly rate.* Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

e. *Unfunded plans.* If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in **§ 5.28, that the applicable standards of the Davis**-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

f. *Interest.* In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

2. Withholding (29 CFR 5.5)

a. *Withholding requirements.* The contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that **is held by the same prime contractor (as defined in § 5.2). The** necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in paragraph 3.d. of this section, the contracting agency may on its own initiative and after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with paragraph

2.a. of this section or Section V, paragraph 3.a., or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

3. Records and certified payrolls (29 CFR 5.5)

a. *Basic record requirements* (1) *Length of record retention.* All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(2) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(3) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph 1.e. of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(4) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

b. *Certified payroll requirements* (1) *Frequency and method of submission.* The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the contracting agency. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(2) *Information required.* The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph 3.a.(2) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH–347 or in any other format desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the contracting agency.

(3) *Statement of Compliance.* Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(i) That the certified payroll for the payroll period contains the information required to be provided under paragraph 3.b. of this section, the appropriate information and basic records are being maintained under paragraph 3.a. of this section, and such information and records are correct and complete;

(ii) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(4) *Use of Optional Form WH–347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(3) of this section.

(5) *Signature.* The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(6) *Falsification.* The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(7) *Length of certified payroll retention.* The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

c. *Contracts, subcontracts, and related documents.* The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

d. *Required disclosures and access* (1) *Required record disclosures and access to workers.* The contractor or subcontractor must make the records required under paragraphs 3.a. through 3.c. of this section, and any other documents that the contracting agency, the State DOT, the FHWA, or the Department of Labor deems necessary to determine compliance with the labor standards provisions of **any of the applicable statutes referenced by § 5.1, available for** inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(2) *Sanctions for non-compliance with records and worker access requirements.* If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be **grounds for debarment action pursuant to § 5.12. In addition,** any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(3) *Required information disclosures.* Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the contracting agency, the State DOT, the FHWA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

4. Apprentices and equal employment opportunity (29 CFR 5.5)

a. *Apprentices* (1) *Rate of pay.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) *Fringe benefits.* Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(3) *Apprenticeship ratio.* The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to paragraph 4.a.(4) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph 4.a.(1) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) *Reciprocity of ratios and wage rates.* Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

b. *Equal employment opportunity.* The use of apprentices and journeyworkers under this part must be in conformity with

the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

c. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeyworkers shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor must insert FHWA-1273 in any subcontracts, along with the applicable wage determination(s) and such other clauses or contract modifications as the contracting agency may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate. 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility. a. By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) **or § 5.12(a).**

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) **or § 5.12(a).**

c. The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

11. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

d. Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchpersons and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1. of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or

mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph 1. of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1. of this section.

* $31 as of January 15, 2023 (See 88 FR 88 FR 2210) as may be adjusted annually by the Department of Labor, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990.

3. Withholding for unpaid wages and liquidated damages

a. *Withholding process.* The FHWA or the contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this section on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same **prime contractor (as defined in § 5.2). The** necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with Section IV paragraph 2.a. or paragraph 3.a. of this section, or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

4. Subcontracts. The contractor or subcontractor must insert in any subcontracts the clauses set forth in paragraphs 1. through 5. of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1. through 5. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

5. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

d. Informing any other person about their rights under CWHSSA or this part.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term "perform work with its own organization" in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of $150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.327.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.327.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost $25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. Instructions for Certification – First Tier Participants:

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

*****

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.335;.

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property, 2 CFR 180.800;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification, 2 CFR 180.700 and 180.800; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default. 2 CFR 180.335(d).

(5) Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(6) Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability (USDOT Order 4200.6 implementing appropriations act requirements).

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

* * * * *

3. **Instructions for Certification - Lower Tier Participants:**

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost $25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900 – 180.1020, and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/), which is compiled by the General Services Administration. 2 CFR 180.300, 180.320, 180.330, and 180.335.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily

excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 2 CFR 180.325.

* * * * *

4. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:

(1) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.355;

(2) is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(3) is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. (USDOT Order 4200.6 implementing appropriations act requirements)

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal.

* * * * *

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed $100,000. 49 CFR Part 20, App. A.

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

XII. USE OF UNITED STATES-FLAG VESSELS:

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, or any other covered transaction. 46 CFR Part 381.

This requirement applies to material or equipment that is acquired for a specific Federal-aid highway project. 46 CFR 381.7. It is not applicable to goods or materials that come into inventories independent of an FHWA funded-contract.

When oceanic shipments (or shipments across the Great Lakes) are necessary for materials or equipment acquired for a specific Federal-aid construction project, the bidder, proposer, contractor, subcontractor, or vendor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels. 46 CFR 381.7.

2. To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, 'on-board' commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b)(1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Office of Cargo and Commercial Sealift (MAR-620), Maritime Administration, Washington, DC 20590. (MARAD requires copies of the ocean carrier's (master) bills of lading, certified onboard, dated, with rates and charges. These bills of lading may contain business sensitive information and therefore may be submitted directly to MARAD by the Ocean Transportation Intermediary on behalf of the contractor). 46 CFR 381.7.

ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS (23 CFR 633, Subpart B, Appendix B) This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work.

ALABAMA DEPARTMENT OF TRANSPORTATION

DATE: January 4, 2022 Special Provision No. 22-LPA-001

EFFECTIVE DATE: January 1, 2022

SUBJECT: General Provisions for Projects let by LPA (with prequalification)

Alabama Standard Specifications, 2022 Edition, shall be amended by the modification of SECTIONS 101, 102, 103, 107, 109 and 110 as follows:

SECTION 101
DEFINITION OF TERMS

101.01 Definitions

This Article (101.01) shall be amended to include the following Subarticle:

(d) LOCAL PUBLIC AGENCY

This project is being advertised, let to contract, and administered by a Local Public Agency (henceforth referred to as LPA). The LPA is the awarding authority for the contract. The work shall be under the supervision of the LPA, but subject to the inspection and approval of the proper officials of the Alabama Department of Transportation (ALDOT). Such inspection shall in no sense make ALDOT a party to this contract and will in no way interfere with the rights of the Contractor or the LPA.

All references made in the standard specifications and in other related and included documents of this proposal, to ALDOT, the "State", the "Department" or "Highway Department", etc. shall be understood to mean the LPA for this project, except in any references made to ALDOT qualification procedures (including prequalification, disqualification, requalification), or to the LPA consulting or interacting with ALDOT, etc. All references made in the standard specifications and in other related and included documents of this proposal, to any of the representatives, employees, officials, bureaus, committees, laboratories and other facilities, physical address and contact information, etc. of ALDOT, the "State", the "Department" or "Highway Department", etc. shall be understood to mean the appropriate and applicable ALDOT or non-ALDOT person(s), parties, facilities, physical address and contact information, etc. as determined (in consultation with ALDOT personnel) and designated by the LPA for this project.

All references made in the standard specifications and in other related and included documents of this proposal, to ALDOT or State of Alabama Highway Department manuals, lists, forms, procedures, and other TECHNICAL publications and documents (including electronic and websites), shall remain intact and in full effect for this project unless otherwise indicated in the plans and proposal.

The term "owner", as used in this proposal and its related and included documents, shall be understood to mean the LPA for this project, except in those cases where it is clear that the term "owner" is used in reference to a party other than the LPA.

SECTION 102
PROPOSAL REQUIREMENTS AND CONDITIONS

102.02 Qualification of Bidders.

This Article shall be amended by deleting Article 102.02(a) as written and the following substituted in lieu thereof:

(a) PREQUALIFICATION.

Consultants/contractors must be prequalified by ALDOT for project awards in excess of $1,000,000. Project awards less than $1,000,000.00 will not require ALDOT prequalification. For project awards in excess of $1,000,000.00, proposal forms will only be issed to prospective bidders who have qualified with the Alabama Department of Transportation and have a valid ALDOT certification of qualification. Said certification shall be the same as that which would, by State law, be required prior to bid if the project were being let to contract by ALDOT. The contract will not be awarded to a bidder who does not have such a certification in effect with ALDOT at the time of the award, even if a proposal form was issued to that bidder. All applicants for qualification shall submit to ALDOT's Office Engineer Bureau, under Oath, a complete confidential statement, equipment questionnaire, and experience questionnaire on forms that will be furnished by ALDOT upon request. To ensure sufficient time for consideration, the applicant shall properly complete and submit the forms at least 14 calendar days prior to the date of opening bids on which the applicant desires to submit proposals. Forms received at a later date, so long as they are received prior to the date and time set for the opening of the bids, will be considered whenever practicable.

If the applicant is a corporation organized in a State other than Alabama, it shall furnish a certificate from the Secretary of State showing that it is qualified to transact business in Alabama. A corporation from another State can be issued a certificate valid for award of contracts only on projects involving Federal participation, without the certificate from the Secretary of State.

A prospective bidder will not be prequalified who has a corporate officer, director, or principal owner who is a corporate officer, director, or owner of another person which is presently disqualified by ALDOT. A prospective bidder will also not be prequalified who is an affiliate of a person that is presently disqualified by ALDOT.

For the purposes of this Section, the following definitions shall apply:

- an affiliate shall be defined as any person that controls, is controlled by, or is under common control with another person.
- a person shall be defined as an individual, a corporation, a partnership, an association, a joint stock company, a trust, or any unincorporated organization.
- control shall be defined as the ownership, directly or indirectly, of 10% or more of the voting securities of a person or if the person is not a corporation, an ownership interest, directly or indirectly of 10% or more of the person.

This Article shall be further amended by deleting the first sentence of Subarticle (b) through the colon (":") as written and the following substituted in lieu thereof:

(b) DISQUALIFICATION.

ALDOT will have the right to disqualify a prospective bidder and prohibit the issuance of a proposal and/or award of a contract to that bidder, the LPA will have the right to refuse to award a contract to a bidder (even if a proposal form was issued to the bidder), and ALDOT and the LPA may each elect to consider a contractor to be disqualified from bidding on this or any

future contracts with their respective agencies, for any of the following reasons related to this or any other projects with ALDOT or this LPA:

102.03 Contents of Proposal Form.

This Article shall be amended by deleting Subarticle (b) as written and the following substituted in lieu thereof:

(b) ADDENDA.

Minor changes, corrections, additions, and deletions to the proposal package may be put into effect by the LPA, in the form of Addenda. Prospective bidders to whom bid documents have been distributed prior to the release of respective Addenda will be notified of the Addenda by documented hand-delivery, certified or express type mail, facsimile, telegram, or other electronic media. Bidders shall acknowledge receipt of all Addenda, in writing, in the space so designated in the proposal.

102.06 Preparation of Proposal.

This Article shall be amended by deleting Subarticle (a) as written and the following substituted in lieu thereof:

(a) PROPOSAL FORM.

The bidder's proposal must be submitted on the complete original proposal form furnished him by the LPA. Proposal forms are numbered serially and are not transferable. Unless otherwise provided in the proposal, joint venturers may submit a proposal for a joint venture of qualified bidders on a proposal form issued to one of them, provided each venturer has taken out a proposal and provided the proposal is signed by each co-venturer.

This Article shall be further amended by deleting Subarticle (b) as written and the following substituted in lieu thereof:

(b) DETAILS.

On the "CONTRACT SCHEDULE" included in the proposal form the bidder shall enter in figures a unit price and the extended amount bid (unit price X quantity) in the appropriate column for each bid item, exclusive of those items for which a fixed contract unit price and extension amount are shown. In all prices and amounts entered on the proposal form, the respective figures for dollars and cents shall be clearly separated by a single decimal. If the bidder desires to bid a fraction of a cent for the unit price, he can do so by entering up to four figures to the right of a decimal. On "lump sum" items an entry shall be shown in the amount bid column. If a bidder wishes to bid an item "free", then he shall enter "0.00" in the unit price column (if applicable) and "0.00" in the amount bid column. After all extensions are made, the bidder shall total the extended amounts of the bid items and show his total bid amount in the appropriate place on the proposal form.

Except as provided for in the following paragraph, where the "CONTRACT SCHEDULE" included in the proposal form lists alternate designs or packages (designated as "Alternates"), the bidder shall enter prices on Alternate-related items only for the Alternate which will be most economical for him to construct. All items not designated for a specific Alternate are common items for all Alternates. The bidder shall enter prices for all such common items, as well as for any items relating to the specific Alternate being bid. In the event that the bidder enters prices

for more than one of the listed Alternates (except as provided for in the paragraph below), then the bid shall be considered to be based upon the lowest-priced Alternate.

If the CONTRACT SCHEDULE lists any Alternates as "Cumulative Alternates", then each Cumulative Alternate represents items which the owner may choose to include in the contract in addition to the items included in the "Base Bid". Prior to the award of the contract, the selection of any Cumulative Alternates to be included in the contract will be made by the LPA. The selection of Cumulative Alternates (or "Base Bid" with no Cumulative Alternates) will be made cumulatively in the order that they appear on the proposal form, from Base Bid to last Cumulative Alternate, skipping no Cumulative Alternates between the Base Bid and the last chosen Cumulative Alternate. The bidder shall enter prices on ALL Cumulative Alternates. Cumulative Alternates must be bid as a positive or zero ("$0.00") amount. No deductive Cumulative Alternates will be considered. If a negative amount is entered for a Cumulative Alternate, it will be considered as a zero additive. The low bidder and contract amount will be determined based upon the total amount bid for the Base Bid plus the additive amounts bid for any selected Cumulative Alternates.

If any item on the proposal form permits a choice between alternate specified types of materials, the bidder shall indicate by a check mark the type of material he proposes to use. If more than one type or none is checked, then the owner will make the selection. Permitted choices between alternate types of materials represent an option made available to the bidder for his convenience and economy in bidding a required item, and are not to be confused with formally designated "Alternates" or "Cumulative Alternates", as discussed in the preceding two paragraphs.

All figures shall be legibly shown in ink or typed. Any interlineation, erasure, or other alteration of a figure shall be initialed by the signer of the proposal. The LPA will check the extension of each item given in the proposal and correct all errors and discrepancies. In case of a discrepancy between a unit bid price and the extension amount, the unit price shall govern. The sum of the extension amounts will be the contract bid price.

A pay item may be shown with a maximum allowable amount for the bid. The bidder shall enter an amount for the bid that is equal or less than the maximum allowable amount. If the bid entered is greater than the maximum allowable amount, the LPA will adjust the bid price to the maximum allowable amount for that item and recalculate the total bid amount.

A pay item may be shown with a minimum required amount for the bid. The bidder shall enter an amount for the bid that is equal to or greater than the minimum required amount. If the bid entered is less than the minimum required amount, the LPA will adjust the bid price to the minimum required amount for that item and recalculate the total bid amount.

This Article shall be further amended by deleting Subarticle (c) as written and the following substituted in lieu thereof:

(c) SIGNING.

The bidder's proposal must be signed with ink by the individual, by one or more members of the partnership, by one or more members or officers of each firm representing a joint venture, or by one or more officers of a corporation, or by an agent of the Contractor legally qualified and acceptable to the LPA. If the proposal is made by an individual, his name and business address must be shown; by a partnership, the name and business address of each partnership member must be shown; as a joint venture, the name and business address of each member or officer of the firms represented by the joint venture must be shown; by a corporation, the name of the corporation and the business address of its corporate officials must be shown.

The proposal bid bond, if bid bond is tendered, shall be properly signed by the bidder and the surety.

This Article shall be further amended by deleting Subarticle (e), COMPUTER BIDDING, in its entirety.

102.07 Irregular Proposals.

This Article shall be amended by deleting the Subarticle (a) as written and the following substituted in lieu thereof:

(a) GENERAL.

Proposals will be considered irregular and may be rejected if they contain any omissions, alteration of form, additions not called for, incomplete bids (includes failure to enter a unit bid price on a bid item or, in the case of an Alternate, the Alternate being bid by the Contractor, or on a Cumulative Alternate), interlineations, erasures or alterations not initialed by the person signing the proposal, or other irregularities of any kind. Proposals may be rejected at any time prior to the execution of the contract by the LPA.

Any bidder using the same or different names for submitting more than one proposal upon any project will be disqualified from further consideration on that project. Evidence that any bidder is interested, as a principal, in more than one proposal for work contemplated (for example bidding in a partnership, as a joint partnership or association, and as a partnership, association, or individuals) will cause the rejection of any such proposal. A bidder, however, may submit a proposal as a principal and as a Subcontractor to some other principal, or may submit a proposal as a Subcontractor to as many other principals as he desires, and by doing so will not be liable to disqualification in the intent of these Specifications.

102.08 Combination Bids.

This Article shall be amended by deleting Item 6 under Subarticle (a) as written and the following substituted in lieu thereof:

(a) COMBINATION BIDDING.

6. SUBMITTAL OF WRITTEN STATEMENT OF NOTIFICATION OF COMBINATION BID.

The bidder shall notify the LPA in writing of a bid that is being submitted as a combination bid. In order for a bid to be evaluated as a combination bid, prior to the opening of bids, the written notification must be enclosed in the sealed bid package envelopes of each bid that is being combined in a combination bid. Alternatively, it may also be transmitted to the awarding authority by facsimile. The Contractor shall be responsible for verifying that the facsimile has been received by the LPA prior to the opening of bids. The letter of notification of a combination bid shall:

- be addressed to the same LPA official as the proposal;
- describe the type of combination bid ("All or None", "Reduction in Unit Price", etc.);
- be dated no later than the date set for bid opening;
- be written on the bidder's letterhead;
- be signed by a person authorized to sign contracts for the bidder;
- contain a list of the project numbers included in the proposed combination bid.

This Article shall be further amended by deleting Subarticle (b) as written and the following substituted in lieu thereof:

(b) PROJECT LET BY LPA.

Combination bids will not be accepted on any project or projects let by a LPA unless it is in combination with, and only with, other project(s) being let at the same time (bids due at the same exact time) by the same LPA.

102.10 Delivery of Proposals.

This Article shall be amended by deleting Article 102.10 as written and the following substituted in lieu thereof:

Each proposal for each contract shall be placed, together with the proposal guaranty, in a sealed envelope on the outside of which is written in large letters "Proposals for Highway Work" or "Bid Proposal", and so marked as to indicate the project number, the name of the LPA (city, county, university, etc.), the town or city in which the work is located or, if not in a town or city, the name of the county in which the work is located, and the name of the bidder. Proposals will be received by the LPA at the location stated in the Notice to Contractors, until the hour and date set therein for the opening of bids. No proposal will be considered which has not been received prior to the hour and date set for the opening of bids. Proposals received after that time will be returned.

102.11 Withdrawal or Revision of Proposals.

This Article shall be amended by deleting Article 102.11 as written and the following substituted in lieu thereof:

A bidder may withdraw or revise a proposal after it has been deposited with the LPA, provided the request for such is received by the LPA in writing, or by facsimile or telegram before the time set for opening proposals. The request must bear the same signature(s) which the bidder has affixed to the proposal. No proposal may be modified or corrected after the time set for opening such proposals.

Withdrawal of proposals after bid opening will be permitted without forfeiture of bid guaranty only as provided for by, and when evidence of a mistake is furnished in accordance with, Section 39-2-11(d), Code of Alabama, 1975. Such evidence of mistake must be furnished no later than three working days after the opening of bids. Upon such withdrawal without forfeiture, the bidder shall be prohibited from (1) doing any work on the contract, either as a subcontractor or in any other capacity, and (2) bidding on the same project if it is readvertised for letting.

102.13 Multiple Bids.

This Article (102.13) shall be deleted in its entirety.

SECTION 103
AWARD AND EXECUTION OF CONTRACT

103.02 Award of Contract.

This Article shall be amended by deleting Subarticle (a) as written and the following substituted in lieu thereof:

(a) GENERAL.

The award of contract, if to be awarded, will be made within 30 calendar days after opening of proposals to the lowest responsible and responsive bidder whose proposals comply with the requirements of Section 102 and the invitation to bid (Notice to Contractors). Should no award by made within 30 days, all proposals will be rejected unless the successful bidder agrees in writing to a stipulated extension in the time limit for award. The successful bidder will be notified by telegram, confirmed facsimile, or letter mailed to the address shown on the proposal that his bid has been accepted and that he has been awarded the contract.

After the opening of bids, the award of the contract to the low bidder will be contingent upon said low bidder's possession of a valid certification of qualification in accordance with Article 102.02. On work involving Federal funds, the award of the contract to the low bidder will also be contingent upon said low bidder obtaining a license from the State Licensing Board for General Contractors in accordance with the existing State laws.

SECTION 107
LEGAL RELATIONS AND RESPONSIBILITY TO PUBLIC

107.21 Stormwater Management.

This Article shall be amended by deleting Subarticle (c) as written and the following substituted in lieu thereof:

(c) NPDES NOTICE OF INTENT.

A "Notice of Intent" (NOI) is an application filed with ADEM requesting NPDES registration. If an NOI has been filed or is required for the project site, the LPA will be the OWNER of record with ADEM for the NOI. The Contractor shall be the OPERATOR and shall comply with all requirements of the NOI.

A Project Note will be shown on the plans to indicate whether or not an NOI has been filed with ADEM for the project. If an NOI has been filed, the note may also provide information regarding the availability of a Construction Best Management Practices Plan (CBMPP) for the project. If an NOI has not been filed, the note may further indicate that the Contractor is required to file an NOI at his own expense.

The Contractor shall be responsible for filing all NOI's required by ADEM on all material pits, waste areas, plant sites, haul roads, and other off-site areas used by him to construct the project. For each area requiring an NOI to be filed, a copy of written acknowledgement from ADEM verifying that a complete NOI has been filed shall be forwarded to the LPA before ground is disturbed in that area.

SECTION 109
MEASUREMENT AND PAYMENT

109.12 Final Payment

This Article shall be amended by deleting the last sentence of Subarticle (c) as written and the following substituted in lieu thereof:

(c) FINAL ESTIMATE DOCUMENTATION.

Failure by the Contractor to furnish any of the above documentation may be cause for either or both, the owner and/or ALDOT, to consider the Contractor to be disqualified from future bidding and contract awards, as per Article 102.02.

SECTION 110
CLAIMS

110.04 Claims Process.

This Article shall be amended by deleting Article 110.04 as written and the following substituted in lieu thereof:

(a) GENERAL.

After the work has been completed on the disputed item(s) of work, the Contractor shall have 90 calendar days to submit his claim. Any claim not submitted within this 90 calendar day period is waived. The Contractor shall submit six copies of the claim, containing the required documentation listed in Article 110.03, to the LPA. Once the claim is received, the LPA will review the claim submittal in accordance with its local policies and procedures.

(b) PARTICIPATION AND REVIEW BY ALDOT.

If the LPA desires for ALDOT to participate in the possible funding of the Contractor's claim, provided the claim is determined to be valid and funding is available, the LPA shall notify ALDOT of the Contractor's notice of intent to file a claim, and any meetings, hearings, etc. In addition, the LPA shall provide a copy of the Contractor's claim when it is submitted, and then the LPA's written response based on their review. Failure of the LPA to notify ALDOT of the notice of intent and any associated meetings and submittals shall constitute a waiver by the LPA for any possible funding by ALDOT.

The claim and the LPA's response will be reviewed by the Region Engineer within 30 calendar days after the LPA has submitted it to the administering Region. The Region Engineer will review the claim and prepare a recommendation for ALDOT's level of funding participation. The Region Engineer's recommendation will be reviewed by the chairman of ALDOT's Claims Committee, and a response provided back to the Region within 30 calendar days. The review and response by the Region Engineer and chairman of the Claims Committee in the amount of ALDOT funding for the claim shall be final, non-appealable and not subject to judicial or other review. Their decision is binding with the LPA.

Even if the claim is determined to be valid, ALDOT's level of funding will be based on the amount of monies remaining in the project agreement with the LPA.

110.06 Auditing of Claims.

This Article shall be amended by deleting the first paragraph and the following substituted in lieu thereof:

All claims submitted by the LPA to ALDOT shall be subject to audit by the Department's External Auditor at any time following the filing of such claim. The audit may begin on ten day's notice to the LPA, Contractor, Subcontractor, or Supplier. The LPA, Contractor, Subcontractor, or Supplier shall cooperate with the auditors. Failure of the LPA, Contractor, Subcontractor, or Supplier to maintain and retain sufficient records to allow the Department's auditor to verify the

claim shall constitute a waiver of that portion of such claim that cannot be verified and shall bar recovery thereunder.

ALABAMA DEPARTMENT OF TRANSPORTATION

DATE: November 30, 2023 Special Provision No. 22-LPA-002(2)

EFFECTIVE DATE: September 5, 2023

SUBJECT: Acceptance for Projects let by LPA

Alabama Standard Specifications, 2022 Edition, shall be amended by the modification of SECTION 105 as follows:

SECTION 105
CONTROL OF WORK

105.15 Acceptance.

This Article shall be amended by deleting Article 105.15 as written and the following substituted in lieu thereof:

(a) CONSTRUCTION ACCEPTANCE INSPECTION.

Whenever the LPA considers the work provided for and contemplated by the contract is nearing completion, or within two weeks of written notice of presumptive completion of the entire project by the Contractor, the LPA and all pertinent personnel (its representatives, ALDOT Region, FHWA) will inspect all work in the contract. The Contractor should not presume completion of the entire project until permanent vegetation is established. If the LPA finds that the work has not been satisfactorily completed at the time of the inspection, the Contractor will be advised in writing as to the work to be done or the particular defects to be remedied to place the work in condition for acceptance for maintenance purposes. The Contractor will have a maximum of four weeks to correct and complete the items listed. Time charges should resume if the work is not completed in the four weeks.

(b) PARTIAL ACCEPTANCE FOR MAINTENANCE.

When requested by the Contractor in writing, the LPA may consider accepting a portion of the contract for maintenance prior to all items of work being completed. This will apply to vegetation establishment being restricted by seasonal limitations and all other contract items of work are complete. Once a satisfactory application of seed prescribed by the tables in Section 860 for Fall or Winter has been completed, time charges may be suspended or extended based on seasonal limitations in accordance with 108.07(c) or 108.09. Time charges should resume based on the first available date in the Spring to apply permanent vegetation as shown in the seed mix tables.

The LPA, with concurrence from ALDOT, will notify the contractor that they will assume maintenance of specific items or operations of work and will also indicate which items are not accepted. The partial acceptance letter to the contractor should also detail the disposition of time charges as indicated in the paragraph above.

Additional costs for completing the remaining items of work as a consequence of a partial acceptance such as traffic control and remobilization shall be borne by the Contractor. Partial acceptance shall in no way void or alter any terms of the contract.

Once the permanent vegetation has been satisfactorily established and any other pending item of work is completed, the LPA will accept the remaining items of work and assume maintenance of the project henceforth.

(c) FINAL ACCEPTANCE.

1. GENERAL.

Upon due notice from the Contractor upon presumptive completion of the remaining items of work in Subarticles (a) and (b) above, the LPA and all pertinent personnel will make an inspection. If all construction provided for and contemplated by the contract is satisfactorily completed, that inspection shall constitute the final inspection.

2. VEGETATION BONDS.

When directed by the LPA, the Contractor shall provide a vegetation bond covering sustained growth of established or planted vegetation. The bond shall be of sufficient value to cover all costs associated with the replanting or reestablishment of the vegetation should it become necessary. The dollar amount of the bond shall cover all costs for the labor, materials, and equipment required for traffic control, temporary erosion and sediment control, and permanent vegetation establishment. The period of time covered by the bond will not be required to be greater than 12 months unless shown otherwise on the plans. Vegetation bonds should not be used as a substitute for established vegetation of a permanent species.

3. ACCEPTANCE FOR MAINTENANCE.

Upon satisfactory completion of the work as noted in Item 105.15(c)1. above, the LPA will notify ALDOT that the contractor has completed all work required by the contract. After ALDOT has concurred with the LPA's recommendation, the LPA will advise the Contractor in writing that the work has been accepted and the LPA will assume the maintenance thereof subject to the "record check" of materials and workmanship.

4. NPDES TERMINATION.

Within 10 days of Acceptance for Maintenance, the LPA will requests NPDES Permit Termination as outlined in Subarticle 107.21(d). The Contractor shall be responsible for stormwater runoff control on the project until the NPDES Permit is terminated or 30 calendar days after the LPA's request for termination has been processed, whichever is less. The Contractor is also responsible for correcting problems associated with onsite erosion and off site sedimentation deposition during this time.

5. CONTRACTOR'S ADVERTISEMENT OF COMPLETION.

The Contractor, immediately after receiving Notice of Acceptance for Maintenance, shall give notice of said completion by an advertisement for a period of four successive weeks in some newspaper in general circulation published within the county in which the project is located. Final settlement with the contractor will not be made prior to the expiration of 30 days after the completion of the notice, although in fact, due to the amount of time generally taken up in complying with other requirements, final settlement will likely take well in excess of 30 days. If the project is located in more than one county, an advertisement shall be given in a newspaper of general circulation published within each county in which the project is located. Proof of publication of said notice shall be made by the Contractor to the LPA, by affidavit of the publisher, and a printed copy of the published notice. If a newspaper is not published in a county where work is done, the notice may be given by posting at the courthouse for 30 days and proof of same shall be made by the Probate Judge or Sheriff and the Contractor.

In cases where contractors are performing contracts of less than fifty thousand dollars ($50,000) in amount, the governing body of the LPA shall cause notice of final completion of the contract to be published one time in a newspaper of general circulation, published in the county of the LPA and shall post notice of final completion on the LPA's bulletin board for one week, and shall require the contractor to certify under oath that all bills have been paid in full. Final settlement with the contractor will not be made prior to the expiration of one entire week after the posting of the notice, although in fact, due to the amount of time generally taken up in complying with other requirements, final settlement will likely take well in excess of one week.

"General Decision Number: AL20240164 01/05/2024

Superseded General Decision Number: AL20230164

State: Alabama

Construction Type: Highway

County: Mobile County in Alabama.

HIGHWAY CONSTRUCTION PROJECTS (excluding tunnels, building structures in rest area projects & railroad construction; bascule, suspension & spandrel arch bridges designed for commercial navigation, bridges involving marine construction; and other major bridges).

-----(THE FOLLOWING NOTE DOES NOT APPLY TO THIS CONTRACT)-----

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(1).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	. Executive Order 14026 generally applies to the contract. . The contractor must pay all covered workers at least $17.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2024.

If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:	. Executive Order 13658 generally applies to the contract. . The contractor must pay all covered workers at least $12.90 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2024.

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at http://www.dol.gov/whd/govcontracts.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

==========

** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 ($17.20) or 13658 ($12.90). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide

employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter

* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

==========

END OF GENERAL DECISION"

ALABAMA DEPARTMENT OF TRANSPORTATION

DATE: November 8, 2017 Special Provision No. 22-FH0002

EFFECTIVE DATE: January 1,2022

SUBJECT: Title VI Assurance.

Alabama Standard Specifications, 2022 Edition, shall be revised by the addition of the following:

APPENDIX A, TITLE VI ASSURANCE to FHWA

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

(1) **Compliance with Regulations**: The contractor (hereinafter includes consultants) will comply with the Acts and Regulations relative to Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

(2) **Non-discrimination**: The contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor will not participate either directly or indirectly in the discrimination prohibited by the Acts and the Regulations, including employment practices when the contract covers any activity, project, or program set for in Appendix B of 49 C.F.R. Part 21.

(3) **Solicitations for Subcontractors, Including Procurements of Materials and Equipment**: In all solicitation, either by competitive bidding, or negotiation made by the contractor for work to be performed under a subcontractor or supplier will be notified by the contractor of the contractor's obligations under this contract and the Acts and the Regulations relative to Non-discrimination on the grounds of race, color, or national origin.

(4) **Information and Reports**: The contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the Federal Highway Administration to be pertinent to ascertain compliance with such Acts, Regulations, and instructions.

Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the Federal Highway Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

(5) **Sanctions for Noncompliance**: In the event of the contractor's noncompliance with Non-discrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including, but not limited to:

a. withholding payments to the contractor under the contract until the contractor complies; and/or
b. cancelling, terminating, or suspending a contract, in whole or in part.

(6) **Incorporating of Provisions**: The contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The contractor will take action with respect to any subcontract or procurement as the Recipient or the Federal Highway Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided that if the contractor becomes involved in, or is threatened with litigation by subcontractor, or supplier as a result of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

ALABAMA DEPARTMENT OF TRANSPORTATION

DATE: November 8, 2017 Special Provision No. 22-FH0003

EFFECTIVE DATE: January 1, 2022

SUBJECT: Non-Discrimination Statutes and Authorities.

Alabama Standard Specifications, 2022 Edition, shall be revised by the addition of the following:

APPENDIX E

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

Pertinent Non-Discrimination Authorities:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq*., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21.
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 *et seq*.), (prohibits discrimination on the basis of sex);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 *et seq*.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 *et seq*.), (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 – 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38;
- The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;

- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq).

ALABAMA DEPARTMENT OF TRANSPORTATION

DATE: November 14, 2017 Special Provision No. 22-FH0004

EFFECTIVE DATE: January 1, 2022

SUBJECT: Special Training Responsibilities of Equal Employment Opportunity Requirements

Alabama Standard Specifications, 2022 Edition, are hereby amended to include the following:

This Training Special Provision is an implementation of 23 USC 140(a).

As part of the contractor's equal opportunity affirmative action program training shall be provided as follows:

> The contractor shall provide on-the-job training aimed at developing full journeymen in the type of trade or job classification involved. The number of trainee hours under this contract will be as indicated in the bidding proposal and on the plans. In the event that a contractor subcontracts a portion of the contract work, he shall determine how many, if any, of the trainee hours are to be subcontracted, provided, however, that the contractor shall retain the primary provision. The contractor shall also insure that this training special provision is made applicable to such subcontract. Where feasible, 25 percent of apprentices or trainees in each occupation shall be in their first year of apprenticeship or training.

The number of trainees shall be distributed among the work classifications on the basis of the contractor's needs and the availability of journeymen in the various classifications within a reasonable area of recruitment. Prior to commencing construction, the contractor shall submit to the Alabama Department of Transportation for approval the number of trainees to be trained in each selected classification and training to be used. Furthermore, the contractor shall specify the starting time for training in each of the classifications. The contractor will be credited for each trainee employed by him on the contract work that is currently enrolled or becomes enrolled in an approved program and will be reimbursed for such trainees as provided hereinafter.

Training and upgrading of minorities and women toward journeyman status is a primary objective of this Training Special Provision. Accordingly, the contractor shall make every effort to enroll minority trainees and women (e.g. by conducting systematic and direct recruitment through public and private sources likely to yield minority and women trainees) to the extent that such persons are available within a reasonable area of recruitment. The contractor will be responsible for demonstrating the steps that he has taken in pursuant thereof, prior to a determination as to whether the contractor is in compliance with this Training Special Provision. This training commitment is not intended, and shall not be used, to discriminate against any applicant for training, whether a member of a minority group or not.

No employee shall be employed as a trainee in any classification in which he has successfully completed a training course leading to journeyman status or in which he has been employed as a journeyman. The contractor should satisfy this requirement by including appropriate questions in the employee application or by other suitable means. Regardless of the method used the contractor's records should document the findings in each case.

The minimum length and type of training for each classification will be as established in the training program selected by the contractor and approved by the Alabama Department of Transportation and the Federal Highway Administration. The Alabama Department of Transportation and the Federal Highway Administration shall approve a program if it is reasonably calculated to meet the equal employment opportunity obligations of the contractor and to qualify the average trainee for journeyman status in the classification concerned by the end of the training period. Furthermore, apprenticeship programs

registered with the U.S. Department of Labor, Bureau of Apprenticeship and Training, or with a State apprenticeship agency recognized by the Bureau and training programs approved but not necessarily sponsored by the U.S. Department of Labor, Manpower Administration, Bureau of Apprenticeship and Training shall also be considered acceptable provided it is being administered in a manner consistent with the equal employment obligations of Federal-aid highway construction contracts. Approval or acceptance of a training program shall be obtained from the State prior to commencing work on the classification covered by the program. It is the intention of these provisions that training is to be provided in the construction crafts rather than clerk-typists or secretarial-type positions. Training is permissible in lower level management positions such as office engineers, estimators, timekeepers, etc. where the training is oriented toward construction applications. Training in the laborer classification may be permitted provided that significant and meaningful training is provided and approved by the Division Office, FHWA.

Some offsite training is permissible as long as the training is an integral part of an approved training program and does not comprise a significant part of the overall training.

The contractor will be reimbursed 80 cents per hour of training given an employee on this contract is in accordance with an approved training program. As approved by the engineer, reimbursement will be made for training hours in excess of the number specified herein. This reimbursement will be made even though the contractor receives additional training program funds from other sources, provided such other source does not specifically prohibit the contractor from receiving other reimbursement. Reimbursement for offsite training indicated above may only be made to the contractor where he does one or more of the following and the trainees are concurrently employed on a Federal-aid project; contributes to the cost of the training, provides the instruction to the trainee or pays the trainee's wages during the offsite training period.

No payment shall be made to the contractor if either the failure to provide the required training, or the failure to hire the trainee as a journeyman, is caused by the contractor and evidences a lack of good faith on the part of the contractor in meeting the requirements of this Training Special Provision. It is normally expected that a trainee will begin his training on the project as soon as feasible after start of work utilizing the skill involved and remain on the project as long as training opportunities exist in his work classification or until he has completed his training program. It is not required that all trainees be on board for the entire length of the contract. A contractor will have fulfilled his responsibilities under this Training Special Provision if he has provided acceptable training to the number of trainees specified. The number trained shall be determined on the basis of the total number enrolled on the contract for a significant period.

Trainees will be paid at least 60 percent of the appropriate minimum journeyman's rate specified in the contract for the first half of the training period, 75 percent for the third quarter of the training period, and 90 percent for the last quarter of the training period, unless apprentices or trainees in an approved existing program are enrolled as trainees on this project. In that case, the appropriate rates approved by the Department of Labor or Transportation in connection with the existing program shall apply to all trainees being trained for the same classification who are covered by this Training Special Provision.

The contractor shall furnish the trainee a copy of the program he will follow in providing the training. The contractor shall provide each trainee with a certification showing the type and length of training satisfactorily completed.

The contractor will provide for the maintenance of records and furnish periodic reports documenting his performance under this Training Special Provision.

PAYMENT WILL BE MADE UNDER ITEM NUMBER:

999-000 Trainee Hours at 80 Cents Per Hour

Payment of $0.80 per hour will be made to the contractor for each hour of training completed on this project by a trainee. Progress payments on monthly estimates at $0.80 per hour for each trainee hour will be permitted, if requested by contractor.

The definition of contract item (Pay Item) as set forth in Article 101.01 of the standard specifications will not apply to this Special Provision.

ALABAMA DEPARTMENT OF TRANSPORTATION

DATE: November 14, 2017 Special Provision No. 22-FH0005

EFFECTIVE DATE: January 1, 2022

SUBJECT: Required Contract Provision for all Federal Aid Projects for Equal Employment Opportunity

Alabama Standard Specification, 2022 Edition, are hereby amended to include the following:

In compliance with Executive Order 11246, the following Standard Federal Equal Opportunity Construction Contract Specifications shall apply:

General Requirements
(41 CPR 60-4.3)

1. As used in these specifications:
   a. "Covered area" means the geographical area described in the solicitation from which this contract resulted;
   b. "Director" means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;
   c. "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return. U.S. Treasury Department Form 941;
   d. "Minority" includes:
      (i) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
      (ii) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish Culture or origin, regardless of race);
      (iii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent or the Pacific islands); and
      (iv) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).
2. Whenever the Contractor, or any Subcontractor at any tier, subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract, in excess of $10,000, the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this contract resulted.
3. If the Contractor is participating (pursuant to 41 CFR 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Contractor or Subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other Contractors or Subcontractors toward a goal in an approved Plan does not excuse any covered Contractor's or Subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.

4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7a through 7p of these specifications. The goals set forth in the solicitation from which this contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered construction contractors performing construction work in geographical areas where they do not have a federal or federally-assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed. Goals are as shown on Attachment No. 1. The Contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.
5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations under these specifications, Executive order 11246, or the regulations promulgated pursuant thereto.
6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.
7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully and shall implement affirmative action steps at least as extensive as the following:
    a. Ensure and maintain a working environment free of harassment, intimidation and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each construction project. The Contractor shall specifically ensure that all foremen, superintendents and other on-site supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
    b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organization's responses.
    c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant, and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefore, along with whatever additional actions the Contractor may have taken.
    d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meets its obligations.
    e. Develop on-the-job training opportunities and/or participate in training programs for the areas which expressly include minorities and women, including upgrading programs, and apprenticeship and trainee programs, relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources complied under 7b above.
    f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their co-operation in assisting the Contractor in meeting its EEO obligations by including it in any policy manual and collective bargaining agreement, by publicizing it in the company newspaper, annual report, etc., by specific review of the policy with all management personnel and with all minority and female employees at least once a

year, and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.

g. Review at least annually the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with onsite supervisory personnel such as Superintendents, General Foremen, etc. prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other Contractors and Subcontractors with whom the Contractor does or anticipates doing business.

i. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures and tests to be used in the selection process.

j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the site and in other areas of a Contractor's workforce.

k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CPR Part 60-3.

l. Conduct at least annually an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

m. Ensure that seniority practices, job classifications, work assignments and other personnel practices do not have a discriminatory effect by continually monitoring all personnel and employment-related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.

n. Ensure that all facilities and company activities are nonsegregated, except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

p. Conduct a review, at least annually, of all supervisors, adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

8. Contractors are encouraged to participate in voluntary associations that assist in fulfilling one or more of their affirmative action obligations (7a through 7p). The efforts of a contractor association, joint contractor-union, contractor-community or other similar group of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7a through 7p of these Specifications provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is

employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contract may be in violation of the Executive Order if a specific minority group of women is under-utilized).

10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex or national origin.
11. The Contractor shall not enter into any Subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.
12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of the Federal Contract Compliance Programs. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.
13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.
14. The Contractor shall designate a responsible official to monitor all employment-related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government and to keep records. Records shall at least include for each employee the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g. mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree existing records satisfy this requirement, contractors shall not be required to maintain separate records.
15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g. those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

Hometown Plans
(41 CFR 60-4.5)

(a) A contractor participating, either individually or through an association, in an approved Hometown Plan (including heavy highway affirmative action plans) shall comply with its affirmative action obligations under Executive Order 11246 by complying with its obligations under the plan: Provided, that each contractor or subcontractor participating in an approved plan is individually required to comply with the equal opportunity clause set forth in 41 CFR 60-1.4; to make a good faith effort to achieve the goals for each trade participating in the plan in which it has employees; and that the overall good performance by other contractors or subcontractors toward a goal in an approved plan does not excuse any covered contractor's or subcontractor's failure to take good faith efforts to achieve the Plan's goals and timetables. If a Contractor is not participating in an approved Hometown Plan, it shall comply with the Specifications set forth in §60-4.3 of this part and with the goals and timetables for the appropriate area as listed in the Notice required by 41 CFR 4.2 with regard to that trade. For the purposes of this part 60-4, the contractor is not participating in a Hometown Plan for a particular trade if it:
   (1) Ceases to be signatory to a Hometown Plan covering that trade;
   (2) Is signatory to a Hometown Plan for that trade but is not party to a collective bargaining agreement for that trade;
   (3) Is signatory to a Hometown Plan for that trade but is party to a collective bargaining agreement with labor organizations which are not or cease to be signatories to the same Hometown Plan for that trade;

(4) Is signatory to a Hometown Plan for that trade and is party to a collective bargaining agreement with labor organization for that trade but the two have not jointly executed a specific commitment to minority and female goals and timetables and incorporated the commitment in the Hometown Plan for that trade;
(5) Is participating in a Hometown Plan for that trade which is no longer acceptable to the Office of Federal Contract Compliance Programs;
(6) Is signatory to a Hometown Plan for that trade but is party to a collective bargaining agreement with a labor organization for that trade and the labor organization and the contractor have failed to make a good faith effort to comply with their obligations under the Hometown Plan for that trade.

(b) Contractors participating in Hometown Plans must be able to demonstrate their participation and document their compliance with the provisions of the Hometown Plan.

Solicitations
(41 CPR 60-4.2)

(d) The following notice shall be included in, and shall be a part of, all solicitations for offers and bids on all Federal and federally assisted construction contracts or subcontracts in excess of $10,000 to be performed in geographical areas designated by the Director pursuant to §60-4.6 of this part (see 41 CPR-4.2 (a)):

Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity (Executive Order 11246)

1. The Offeror's or Bidder's attention is called to the "Equal opportunity Clause" and the "Standard Federal Equal Employment Specifications" set forth herein.
2. The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as shown on Attachment No. 1.
   These goals are applicable to all the Contractor's construction work (whether or not it is Federal or federally assisted) performed in the covered area. If the contractor performs construction work in a geographical area located outside of the covered area, it shall apply the goals established for such geographical area where the work is actually performed. With regard to this second area, the contractor also is subject to the goals for both its federally-involved and nonfederally involved construction.
   The Contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Employment Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR 60-4.3(a), and its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CPR Part 60-4. Compliance with the goals will be measured against the total work hours performed.
3. The Contractor shall provide written notification to the Director of the Office of Federal Contract Compliance Programs within 10 working days of award of any construction subcontract in excess of $10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the name, address and telephone number of the subcontractor; employer identification number of the subcontractor; estimated dollar amount of the subcontract; estimated starting and completion dates of the subcontract; and the geographical area in which the subcontract is to be performed.
4. As used in this Notice, and in the contract resulting from this solicitation, the "covered area" is that shown on Attachment No. 1.

Show Cause Notice
(41 CFR 60-4.8)

If an investigation or compliance review reveals that a construction contractor or subcontractor has violated the Executive Order, any contract clause, specifications or the regulations in this chapter and if administrative enforcement is contemplated, the Director shall issue to the contractor or subcontractor a notice to show cause which shall contain the items specified in (i) - (iv) of 41 CPR 60-2.2 (c)(1) - If the Contractor does not show good cause within 30 days, or, in the alternative, fails to enter an acceptable conciliation agreement which includes where appropriate, make-up goals and timetables, back pay, and seniority relief for affected class members, the compliance agency shall follow the procedure in 41 CFR 60-1.26(b) : Provided that where a conciliation agreement has been violated, no show cause notice is required prior to the initiation of enforcement proceedings.

Attachment No. 1

Goals & Timetables
(41 CFR 60-4.2)

The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

FEMALE

Area Covered – Statewide

Timetable	Trade	Goals %
Until Further Notice	All	6.9%

MINORITY

Area Covered – Etowah, Jefferson, Shelby, St. Clair & Walker Counties

Timetable	Trade	Goals %
Until Further Notice	All	24.9%

Area Covered –Autauga, Barbour, Bullock, Butler, Coffee, Coosa, Covington, Crenshaw, Dale, Dallas, Elmore, Geneva, Henry, Houston, Lowndes, Macon, Montgomery, Perry, Pike & Tallapoosa Counties

Timetable	Trade	Goals %
Until Further Notice	All	29.9%

Area Covered – Tuscaloosa County

Timetable	Trade	Goals %
Until Further Notice	All	20.6%

Area Covered – Russell County

Timetable	Trade	Goals %
Until Further Notice	All	29.6%

Area Covered – Franklin, Lawrence & Morgan Counties

Timetable	Trade	Goals %
Until Further Notice	All	11.2%

Area Covered – DeKalb & Jackson Counties

Timetable	Trade	Goals %
Until Further Notice	All	8.6%

Area Covered – Baldwin & Mobile Counties

Timetable	Trade	Goals %
Until Further Notice	All	25.9%

Area Covered – Choctaw, Clarke, Conecuh, Escambia, Marengo, Monroe, Washington & Wilcox Counties

Timetable	Trade	Goals %
Until Further Notice	All	26.4%

Area Covered – Calhoun County

Timetable	Trade	Goals %
Until Further Notice	All	14.3%

Area Covered – Bibb, Blount, Cherokee, Chilton, Clay, Cleburne, Cullman, Fayette, Greene, Hale, Lamar, Marion, Pickens, Randolph, Sumter, Talladega & Winston Counties

Timetable	Trade	Goals %
Until Further Notice	All	20.7%

Area Covered – Limestone, Madison & Marshall Counties

Timetable	Trade	Goals %
Until Further Notice	All	12.0%

Area Covered – Chambers & Lee Counties

Timetable	Trade	Goals %
Until Further Notice	All	31.6%

Area Covered – Colbert & Lauderdale Counties

Timetable	Trade	Goals %
Until Further Notice	All	11.9%

ALABAMA DEPARTMENT OF TRANSPORTATION

General Application Special Provision

DATE: September 8, 2022 GASP No. 22-GA0008

EFFECTIVE DATE: May 1, 2023

SUBJECT: Asphalt Pavement

Alabama Standard Specifications, 2022 Edition, SECTION 106, SECTION 401, SECTION 410, SECTION 420, SECTION 423, SECTION 424, and SECTION 804 shall be revised as follows:

SECTION 106
CONTROL OF MATERIALS

106.09 Quality Control and Quality Assurance (QC/QA) Requirements for Hot Mix Asphalt (HMA) Pavement.

(b) Quality control.

The following note shall be added after Table I and will apply to all types of asphalt mixes.

Note: For asphalt paving jobs that are 1000 feet or less in length, such as those at bridge or culvert replacements, the Contractor, as part of his QC plan, shall establish a rolling pattern using the nondestructive testing devices approved in Section 306 of the Specifications. The device shall either be calibrated to roadway cores or gage counts and shall be used to determine the rolling pattern producing maximum density. Contractor QC personnel shall be on site throughout each day to perform periodic checks and verify that the rolling pattern continually produces the maximum density that is achievable.

(c) Quality Assurance.

4. Testing and Lot Verification.

Item 106.09(c)4 shall be replaced by the following:

4. Testing and Lot Verification.

Air voids shall be computed on the Contractor's sample by using the running average of the Contractor's last four maximum specific gravities and the individual bulk specific gravity. If slag is used as an aggregate in the mixture, the running average of the Contractor's four most recent determinations for the bulk specific gravity of the compacted mixture shall be used in the computation of the air voids for the Contractor's sample. The calculation of the running averages of both maximum specific gravity and bulk specific gravity shall start with the first LOT. The test strip is independent of the LOTs. Air voids shall be computed on the Department's sample by using the Department's individual maximum specific gravity and individual bulk specific gravity. The Department and the Contractor shall compare test results with each other for the above mentioned testing increments. If there are no differences or if the differences are within the tolerances listed in Tables V or VI, Section 410, for each parameter, no further testing and analysis will be necessary and the Contractor's test values will be used in the computation of the appropriate LOT pay factor.

If the Contractor's air voids do not compare with the Department's test results, the Contractor shall re-compute test results using the individual maximum specific gravity and the individual bulk specific gravity for that particular testing increment and re-compare with the verification test result. If the results compare within the tolerances in Table V, Section 410, using the individual maximum

specific gravities and the individual bulk specific gravity, no further testing will be required and the Contractor's running average of the last four maximum specific gravities and the last four maximum specific gravities and individual bulk specific gravities will be used to compute air voids for pay factor determination.

Also, if the Contractor's air voids do not compare with the Department's test results, and the Contractor is using slag as an aggregate, the Contractor shall re-compute test results using the individual bulk specific gravity for that particular testing increment and the running average of the Contractor's last four maximum specific gravities and re-compare with the verification test result. If the results compare within the tolerances in Table V, Section 410, using the individual bulk specific gravity, no further testing will be required and the Contractor's running average of the last four bulk specific gravities and the last four maximum specific gravities will be used to compute air voids for pay factor determination.

If the results of the Department's verification test and the Contractor's test do not compare within the tolerances in Tables V or VI, Section 410, but yield the same pay factor for the LOT when the Department's result is substituted for the Contractor's result, no further testing will be required. Where the Contractor's test results and the Department's test results do not compare and cannot be resolved by the above mentioned methods but the pay factor dispute is between 1.00 and 1.02 the Contractor may elect to accept the 1.00 pay factor and waive referee testing.

When differences between test results of the verification samples are not within the tolerances listed in Tables V or VI, Section 410, and cannot be resolved by the above mentioned methods, referee testing will be required.

All referee samples will be tested by the Bureau of Materials and Tests, Central Laboratory, 3704 Fairground Road, Montgomery, AL 36110. The Bureau of Materials and Tests Central Laboratory is an AASHTO accredited laboratory (see AASHTO R 18, Recommended Practice for Establishing and Implementing a Quality System for Construction Materials Testing Laboratories).

5. Referee Testing

a. Laboratory:

Subitem 106.09(c)5a shall be replaced by the following:

a. Laboratory:

All testing increments of the referee samples for the entire LOT shall be tested in the Bureau of Materials and Tests Hot Mix Laboratory for the pay factor parameter(s) (liquid asphalt binder content, laboratory compacted air voids, or gradation) in question. The Contractor's results (using the individual air voids, individual bulk specific gravities and running average of maximum specific gravities) will be compared to the Bureau of Materials and Tests results (using Materials and Tests individual bulk and maximum specific gravities) for each testing increment in the LOT. When the Contractor's results and the Bureau of Materials and Tests results are within the tolerances listed in Tables V or VI, Section 410, the Contractor's results will be used. When the Contractor's results are not within the tolerances listed in Tables V or VI, Section 410, the Bureau of Materials and Tests Central Laboratory results will be used for final pay factors. The Bureau of Materials and Tests Central Laboratory will record the Contractor's field results and the Central Laboratory's results of the parameter(s) in question on form BMT-135.

For each testing increment these results, either the Contractor's or the Bureau of Materials and Tests', will be used in the computation of the appropriate LOT pay factor.

Should differences between test results, that are not within the tolerances listed in Table V or VI, Section 410, for liquid asphalt binder content, air voids, or gradation continue for two consecutive days, operations shall be halted until testing discrepancies can be resolved. The Bureau of Materials and Tests will monitor testing procedures by Department and Contractor technicians until consistent test results are achieved.

SECTION 401
BITUMINOUS SURFACE TREATMENTS

401.01 Description.

(b) Bituminous Treatment Table.

Article 401.01(b) shall be replaced with the following:

(b) Bituminous Treatment Table.

The following table shows the amount of bituminous material and the size and amount of cover aggregate required for the various types of bituminous treatments. The types are designated in the table by letters of the alphabet such as A, B, C, D, etc. The proposal will designate in the pay item description which of the various types are to be used. The kind of bitumen may also be specified or, if none is specified, the Contractor may select one of the kinds, if not in conflict with other provisions of these Specifications, permitted by the table. All other requirements of the tabular line opposite the type designation shall apply.

(Example: A bituminous treatment Type AKG, specifies a prime coat with the quantities specified on line "A", covered by a single surface treatment with the quantities specified on line "K", covered in turn by a seal treatment with the quantities shown on line "G".)

Bituminous materials shall be placed within the tolerance specified by the table for the type treatment involved, unless otherwise ordered by the Engineer in writing. Any variation outside of the designated limits shall be cause for ordering the treatment to be removed and replaced or corrected as directed by the Engineer, all without additional cost to the Department.

The rate of aggregate coverage shown by the table is the approximate rate found to produce an acceptable coverage when properly applied. Regardless of the rate shown, the Contractor shall provide aggregate in sufficient quantities and so spread the aggregate that the bitumen is uniformly and evenly covered.

The Engineer will notify the Contractor in writing should it become advisable to change the amounts of any material from the limits specified in the table. In such event an adjustment in the contract unit price will be made as specified in Subarticle 401.06(a).

BITUMINOUS TREATMENT TABLE SUBARTICLE 401.01(b)					
Designated Letter	Type Treatment	Aggregates ****		Gallons {Liters} of Bituminous Material per square yard {m²} of Treatment **	
		Size	cu. ft./ sq. yd. {m³/m²}	Liquid Asphalt Binder	Emulsified Petroleum Resin, Cutback or Emulsified Asphalt
A	Prime Coat				0.10 - 0.25* {0.45 - 1.13}*
B	Flush Coat "B"	Sand	0.15 {0.0051}		0.16 - 0.19 {0.72 - 0.86}
C	Flush Coat "C"	9	0.20 {0.0068}		0.16 - 0.19 {0.72 - 0.86}
D	Liquid Seal "D"	78 or 89	0.25 {0.0085}	0.18 - 0.21 {0.81-0.95}	0.20 - 0.23 {0.90 - 1.04}
E	Liquid Seal "E"	78	0.25 {0.0085}	0.22 - 0.25 {1.00-1.13}	0.25 - 0.28 {1.13 - 1.27}
F	Liquid Seal "F"	78	0.27 {0.0091}	0.26 - 0.29 {1.18-1.31}	0.31 - 0.34 {1.40 - 1.54}
G	Liquid Seal "G"	7 or 78	0.27 {0.0091}	0.31 - 0.34 {1.40-1.54}	0.35 - 0.38 {1.58 - 1.72}
H	Liquid Seal "H"	6	0.40 {0.0135}	0.31 - 0.34 {1.40-1.54}	0.35 - 0.38 {1.58 - 1.72}
J	Surface Treatment "J"	6	0.42 {0.0142}	0.33 - 0.36 {1.49-1.63}	0.38 - 0.41 {1.72 - 1.86}
K	Surface Treatment "K"	5	0.50 {0.0169}	0.35 - 0.38 {1.58-1.72}	0.40 - 0.43 {1.81 - 1.95}
L ***	Surface Treatment "L"				
	1st Application	4	0.9 {0.0305}	0.35 - 0.38 {1.58-1.72}	0.40 - 0.43 {1.81 - 1.95}
	Dry Choke	78	0.20 {0.0068}		
	2nd Application	78	0.25 {0.0085}	0.55 - 0.58 {2.49-2.63}	0.62 - 0.65 {2.81 - 2.94}

* Appropriate rate will be set by engineer within the maximum and minimum range
** For shoulders, different amounts of aggregate and bitumen may be shown on plans or in the proposal.
*** Aggregate for this treatment shall be crushed aggregate.
**** Approximate rate of application for uniform coverage. Minor adjustments to these rates may be ordered by the Engineer to fit the physical properties of aggregates furnished for use.

Multipurpose and Cationic Emulsified Asphalts shall be in the same quantities as shown above for Emulsified Asphalt. Conversion of aggregate volume to weight {mass}, when required, shall be in accordance with AASHTO T 19.

The application rates of Bituminous Materials shown above are based on the material being at 60 °F {16 °C}.

401.03 Construction Requirements.

(a) Equipment.

2. Pressure Distributor.

Item 401.03(a)2 shall be replaced by the following:

2. Pressure Distributor.

A pressure distributor shall be required and shall be so designed and operated that it will distribute the contents in a uniform spray for the full width of the treatment area without

atomization, at the rate and within the limits specified. Heating equipment shall be provided. Distributors shall be capable of circulating or agitating the bitumen throughout the heating process providing a uniform temperature, with the ranges specified herein, and suitable means shall be provided for determining such temperatures. Suitable measuring equipment for accurately measuring the volume of the contents shall be provided. The distributor shall be equipped with a spray bar of adjustable height, hand hose, and nozzle.

Heating equipment will not be required for the application of Emulsified Petroleum Resin prime.

SECTION 410
ASPHALT PAVEMENTS

410.01 Description.

Article 410.01 shall be replaced by the following:

410.01 Description.

The work under this Section covers the general requirements that are applicable to all types of hot and warm mix asphalt pavements of the plant mix type. Deviations from these general requirements will be indicated in the specific requirements for various types of mixes noted in the following sections of these Specifications.

This work shall consist of one or more courses of hot and warm mix asphalt plant mix constructed in accordance with these specifications and the specific requirements of the type of mixture required and in reasonably close conformity with the lines, grades, thicknesses, and typical cross sections shown on the plans or established by the Engineer. The Contractor may use either hot mix or warm mix for all Superpave ESAL Range mixes in Sections 420, 423, and 424. Warm mix asphalt shall be defined as the use of an approved warm mix technology in the plant mix at the time of production.

This work shall also include the preparation of the underlying surface on which the plant mix is to be placed, including patching and/or leveling as shown on the plans or directed by the Engineer.

In addition, this work shall also include the placing of widening at locations shown on the plans and/or directed by the Engineer. In general, widening shall consist of (1) narrow width build-ups, three feet or less {one meter or less}, required for widening existing pavement, (2) paving for turn-outs beyond three feet {one meter} from the edge of pavement, (3) pavement crossovers, and (4) turning lanes of less than 200 feet {60 m} for crossovers. Paving used on turn-outs for intersecting paved roads and shoulder paving will not be considered as widening unless shown on the plans.

Surface layers and wearing layers are defined as those layers where the pay item contains the wording "Wearing Surface".

All ALDOT procedures referenced are applicable to both hot and warm mix asphalt.

410.03 Construction Requirements.

(c) Preparation of Underlying Surface.

3. Leveling.

Item 410.03(c)3 shall be replaced by the following:

3. Leveling.

When leveling of an existing pavement or base is provided by the plans, the surface shall be brought to required grade and cross section with plant mix material. The surface to be treated shall be prepared as noted herein and approved before placing the new material. The plant mix material shall be spread in accordance with the provisions of Item 410.03(f)2 and shall be compacted in accordance with section 410.03(g).

Leveling shall include the placement of asphalt plant mix layers to correct superevelation when directed.

SECTION 420
POLYMER MODIFIED OPEN GRADED FRICTION COURSE

420.02 Materials.

(e) Tack Coat Materials

Subarticle 420.02(e) shall be replaced by the following:

(e) Tack Coat Materials

Tack coat materials shall either be a CQS-1hp asphalt emulsion used in conjunction with the spray paver equipment as required in Subarticle 420.04 (d) or "PG Asphalt for Trackless Tack" including DOTC-10, eTac HB, or Ultrafuse with conventional paving equipment. All tack coat materials shall meet the requirements given in Section 804 except as modified by the requirements given herein. The CQS-1hp shall be smooth and homogeneous and shall meet the requirements shown in the following table:

CQS-1hp MODIFIED ASPHALT EMULSION			
TEST OF EMULSION			
Parameter	Test Method	Value	
Viscosity @ 77° F, SF	AASHTO T 59	20 Min.	150 Max.
Sieve Test, %	AASHTO T 59	-	0.1 Max.[1]
24-Hour Storage Stability, %	AASHTO T 59	-	1.0 Max. [2]
Residue By Distillation	AASHTO T 59	60 Min.	-
Oil Distillate, by Volume of Emulsion, %	AASHTO T 59	-	-
Particle Charge	AASHTO T 59	Positive [3]	
TEST OF RESIDUE FROM EMULSION			
Solubility in TCE, %	AASHTO T 44 [4]	97.5 Min.	-
Elastic Recovery @ 50 °F	AASHTO T 301	60.0 Min.	-
Penetration @ 77 °F	AASHTO T 49	60 Min.	110 Max.
Ductility @ 77.0 °F	AASHTO T 51	40 Min.	-

1. Sieve test may be waived based on successful application in the field.
2. After standing undisturbed for 24 hours, the surface shall show no white, milky-colored substance, but shall be a smooth homogeneous color throughout the sample.
3. If the Particle Charge Test is inconclusive, a pH test (AASHTO T 200) shall be used with a maximum of 6.7 allowable.
4. ASTM D 5546 may be used when polymers block the filter during the test.

The original "PG Asphalt for Trackless Tack" (no RTFO or PAV testing) shall conform to the physical requirements shown in the following table:

SPECIFICATIONS FOR PG ASPHALT FOR TRACKLESS TACK		
Parameter	Specification	Test Method
Rotational Viscosity	Maximum 3 Pa•s @ 135 °C	AASHTO T 316
Penetration	Maximum 25 @ 77 °F {25 °C}, 100 g. 5s	AASHTO T49
Softening Point (°C)	Minimum 70	AASHTO T 53
Dynamic Shear, G*/sin δ	Minimum 1.0 kPa @ 82 °C	AASHTO T 315

SECTION 423
STONE MATRIX ASPHALT (SMA)
(FIBER STABILIZED ASPHALT CONCRETE)

423.02 Materials.

(c) Blend of Aggregates.

In Subarticle 423.02(c) the table "Allowable Carbonate Stone Criteria for SMA" shall be replaced by the following:

ALLOWABLE CARBONATE STONE CRITERIA FOR SMA	
BPN 9 Value of Aggregate Source *	Maximum Allowable Percentage Of Carbonate Stone
≤ 20	Not Allowed
21 through 25	30
26 through 28	35
29 through 31	40
32 through 34	45
≥ 35	50
* This value, BPN 9, is made using the British Pendulum Tester on aggregate source specimen polished for 9 hours on an accelerated polishing machine known as the British Wheel as per ASTM D 3319, ASTM E 303 and BMTP-382.	

SECTION 424
SUPERPAVE BITUMINOUS CONCRETE BASE, BINDER, AND WEARING SURFACE LAYERS

424.02 Materials.

(c) Blend of Aggregates.

4. Restrictions in the use of Carbonate Stone for blend of Aggregates.

Item 424.02(c)4 shall be replaced by the following:

4. Restrictions in the use of Carbonate Stone for blend of Aggregates.

The restrictions for the use of carbonate stone are given in the following table. These restrictions do not apply to widening as defined in Article 410. 01, shoulder paving, underlying layers, and layers that are to be covered by Polymer Modified Open Graded Friction Course (Section 420) mix in this contract.

CRITERIA FOR THE USE OF CARBONATE STONE IN SUPERPAVE	
BPN 9 Value Of Aggregate Source *	Maximum Allowable Percentage Of Carbonate Stone
≤ 20	Not Allowed
21 through 25	30
26 through 28	35
29 through 31	40
32 through 34	45
≥ 35	50
* This value, BPN 9, is made using the British Pendulum Tester on aggregate source specimen polished for 9 hours on an accelerated polishing machine known as the British Wheel as per ASTM D 3319, ASTM E 303 and ALDOT-382.	

In no case shall the total amount of virgin carbonate stone in the combined mixture used as actual wearing surface layers that are exposed to traffic exceed the percentage shown in the above table. When parts of the carbonate stone used in the mix are from differing strata of material or coming from multiple sources that are represented by different BPN 9 values, the lowest BPN 9 value will be used.

SECTION 804
ASPHALT MATERIALS

804.07 Tables of Asphalt Materials.

Article 804.07 shall be replaced by the following:

804.07 Tables of Asphalt Materials.

(a) Asphalt Materials Table Number 1, Grade PG 58-22.

ASPHALT MATERIALS TABLE NO. 1 SPECIFICATIONS FOR PERFORMANCE GRADED ASPHALT BINDER		
Property	Grade PG 58-22	
	Specification	Test Method
Original Binder		
Flash Point Temperature	Minimum 230 °C	AASHTO T 48
Rotational Viscosity	Maximum 3 Pa•s @ 135 °C	AASHTO T 316
Dynamic Shear, G*/sin δ	Minimum 1.00 kPa @ 58 °C	AASHTO T 315
Rolling Thin Film Oven Residue (AASHTO T 240)		
Mass Loss (RTFO)	Maximum 1.00 %	AASHTO T 240
Dynamic Shear, G*/sin δ	Minimum 2.20 kPa @ 58 °C	AASHTO T 315
Pressure Aging Vessel Residue (AASHTO R 28)		
Dynamic Shear, G*•sin δ	Maximum 6000 kPa @ 22 °C	AASHTO T 315
Phase Angle, δ	Minimum 42° @ 22°C	AASHTO T315
Creep Stiffness, S	Maximum 300 MPa @ -12 °C	AASHTO T 313
m-value	Minimum 0.300 @ -12 °C	AASHTO T 313

(b) Asphalt Materials Table Number 2, Grade PG 64-22.

ASPHALT MATERIALS TABLE NO. 2 SPECIFICATIONS FOR PERFORMANCE GRADED ASPHALT BINDER		
Property	Grade PG 64-22	
	Specification	Test Method
Original Binder		
Flash Point Temperature	Minimum 230 °C	AASHTO T 48
Rotational Viscosity	Maximum 3 Pa•s @ 135 °C	AASHTO T 316
Dynamic Shear, G*/sin δ	Minimum 1.00 kPa @ 64°C	AASHTO T 315
Rolling Thin Film Oven Residue (AASHTO T 240)		
Mass Loss (RTFO)	Maximum 1.00 %	AASHTO T 240
Dynamic Shear, G*/sin δ	Minimum 2.20 kPa @ 64 °C	AASHTO T 315
Pressure Aging Vessel Residue (AASHTO R 28)		

Dynamic Shear, G*•sin δ	Maximum 6000 kPa @ 25 °C	AASHTO T 315
Phase Angle, δ	Minimum 42° @ 25°C	AASHTO T315
Creep Stiffness, S	Maximum 300 MPa @ -12 °C	AASHTO T 313
m-value	Minimum 0.300 @ -12 °C	AASHTO T 313

The binder shown in Table No. 2 shall be made by adding polymer to a refined grade of PG 58-22 or shall be blended from PG 76-22 using an ALDOT approved blending procedure at the refinery. Air blown and oxidized asphalt shall not be used.

All PG 64-22 shall contain a minimum of 1.5 %, by weight, polymer solids.

A sample and infrared scan (Fourier Transform Infrared, FTIR) using the ALDOT 408 test method to determine the styrene and butadiene peaks and polymer percentage at the appropriate polymer loading shall be submitted to the Materials and Tests Engineer for laboratory evaluation prior to use.

All polymers shall conform to Section 811 for polymer additives.

All Polymer Modified Asphalt Binder manufacturers shall submit the information required in Article 811.01 annually or upon request by the Department.

(c) Asphalt Materials Table Number 3, Grade PG 67-22.

ASPHALT MATERIALS TABLE NO. 3 SPECIFICATIONS FOR PERFORMANCE GRADED ASPHALT BINDERS (NOT SHOWN IN AASHTO M-320)		
Property	**Grade PG 67-22**	
	Specification	Test Method
Original Binder		
Flash Point Temperature	Minimum 230 °C	AASHTO T 48
Rotational Viscosity	Maximum 3 Pa•s @ 135 °C	AASHTO T 316
Dynamic Shear, G*/sin δ	Minimum 1.00 kPa @ 67 °C	AASHTO T 315
Rolling Thin Film Oven Residue (AASHTO T 240)		
Mass Loss (RTFO)	Maximum 1.00 %	AASHTO T 240
Dynamic Shear, G*/sin δ	Minimum 2.20 kPa @ 67 °C	AASHTO T 315
Pressure Aging Vessel Residue (AASHTO R 28)		
Dynamic Shear, G*•sin δ	Maximum 6000 kPa @ 26.5 °C	AASHTO T 315
Phase Angle, δ	Minimum 42° @ 26.5°C	AASHTO T315
Creep Stiffness, S	Maximum 300 MPa @ -12 °C	AASHTO T 313
m-value	Minimum 0.300 @ -12 °C	AASHTO T 313

(d) Asphalt Materials Table Number 4, Grade PG 76-22.

ASPHALT MATERIALS TABLE NO. 4 SPECIFICATIONS FOR PERFORMANCE GRADED ASPHALT BINDER		
Property	Grade PG 76-22	
	Specification	Test Method
Original Binder		
Flash Point Temperature	Minimum 230 °C	AASHTO T 48
Rotational Viscosity	Maximum 3 Pa•s @ 135 °C	AASHTO T 316
Dynamic Shear, G*/sin δ	Minimum 1.00 kPa @ 76°C	AASHTO T 315
Rolling Thin Film Oven Residue (AASHTO T 240)		
Mass Loss (RTFO)	Maximum 1.00 %	AASHTO T 240
Dynamic Shear, G*/sin δ	Minimum 2.20 kPa @ 76 °C	AASHTO T 315
Elastic Recovery	Minimum 50 %@ 10°C	AASHTO T 301[1]
Pressure Aging Vessel Residue (AASHTO R 28)		
Dynamic Shear, G*•sin δ	Maximum 6000 kPa @ 26.5 °C	AASHTO T 315
Phase Angle, δ	Minimum 42° @ 31°C	AASHTO T315
Creep Stiffness, S	Maximum 300 MPa @ -12 °C	AASHTO T 313
m-value	Minimum 0.300 @ -12 °C	AASHTO T 313

[1]The following exceptions shall be made to the requirements given in AASHTO T 301: The statement given in Section 4.5 that reads "Attach the clips to the pins or hooks of the force adapter and the testing machine..." shall be disregarded. The mold shall be in accordance with the requirements given in ASTM D 6084 with dimensions noted in this method. All Elastic Recovery failures will be subject to FTIR scans for acceptability.

All binders used in Table 4 shall be made by the addition of polymer to refined grades of PG 67-22 without using air blown or oxidized asphalt.

All PG 76-22 shall contain a minimum of 2.5 %, by weight, polymer solids.

A sample and infrared scan (Fourier Transform Infrared, FTIR) using the ALDOT 408 test method to determine the styrene and butadiene peaks along with the percentage of polymer added at the appropriate polymer loading shall be submitted to the Materials and Tests Engineer for laboratory evaluation prior to use. All polymers shall conform to Section 811 for polymer additives.

All Polymer Modified Asphalt Binder manufacturers shall submit the information required in Article 811.01 annually or upon request by the Department.

ALABAMA DEPARTMENT OF TRANSPORTATION

General Application Special Provision

DATE: June 23, 2023 GASP No. 22-GA0010(2)

EFFECTIVE DATE: September 1, 2023

SUBJECT: Work Performed and Progress Based Pay Items.

Alabama Standard Specifications, 2022 Edition, shall be amended by the revision of SECTIONS 101, 108, by the replacement of SECTIONS 600, 680, and 698:

SECTION 101
DEFINITION OF TERMS

101.01 Definitions.

(b) Terms.

Subarticle 101.01(b) shall be amended by the addition of the following definitions:

Adjusted Contract Amount. The current contract amount that is determined by applying actual and projected changes to the Contract Bid Price (original contract amount) caused by quantity overruns or underruns in contract items and actual and projected costs for extra work, either by supplemental agreement or by force account.

Original Contract Amount. The total contract bid price not including changes caused by quantity overruns, underruns, or extra work.

Progress Based Pay Items. Contract pay items for which progress payments (monthly estimate payments) are based on the progress of construction. Progress based pay items include Mobilization, Construction Fuel, Geometric Controls, and other items for which payments will be based on the progress of construction.

State Construction Engineer. The Bureau Chief of the Construction Bureau, acting directly or through duly authorized representatives; such representatives acting within the scope of the duties and authority assigned to them.

Work Performed. The dollar amount of work that has been completed at a point in time when progress payments (monthly estimate payments) will be made. Work Performed is the payment for the designated physical construction work that has been completed and accepted for payment. Work Performed will not include the following:

- payments for extra work done on a Force Account basis;
- payments that were, or will be based on the progress and quality of the construction;
- payments that were, or will be made for material price adjustments, fuels, and stored or unused materials.

Subarticle 101.01(b) shall also be amended by the deletion of the following definition:

~~**Contract Sum or Contract Amount.** The total contract bid price, revised to include changes caused by overruns and underruns in contract items, plus the sum of all approved supplemental agreements and force account orders.~~

SECTION 108
PROSECUTION AND PROGRESS

108.04 Prosecution of Work.

(e) Unsatisfactory Progress.

Subarticle 108.04(e) shall be replaced by the following:

(e) Unsatisfactory Progress.

The Department will monitor the Contractor's progress towards completing the work. The Contractor may be disqualified from bidding further work with the Department if the progress towards completing the work is unsatisfactory.

Unsatisfactory progress toward completing the work shall be when the "Percent Time Elapsed" exceeds the "Percent Complete" by more than 25 %. Percent Time Elapsed and Percent Complete are defined as follows:

$$\text{Percent Time Elapsed} = 100 \times \left[\frac{\text{Days Charged}}{\text{CT} + \text{TE}} \right]$$

$$\text{Percent Complete} = 100 \times \left[\frac{\text{WP} + \text{FA}_1}{\text{AC} - \text{PBPI}} \right]$$

Where,
Days Charged = Number of days charged towards the completion of the work.
CT = Original Contract time. (Days)
TE = Number of days of time extension. (Days)
WP = "Work Performed" as defined in Article 101.01. (Dollars)
FA_1 = Payments for Extra Work paid by Force Account. (Dollars)
AC = "Adjusted Contract Amount" as defined in Article 101.01. (Dollars)
PBPI = Payments for "Progress Based Pay Items" as defined in Article 101.01. (Dollars)

The decimal values derived by the terms "(Days Charged) / (CT + TE)" and "$(WP + FA_1)$ / (AC - PBPI)" shall be rounded to the nearest hundredth.

When the Contractor's progress towards completing the work is unsatisfactory a warning notice of possible disqualification will be sent from the State Construction Engineer to the Contractor by certified mail (return receipt requested). The Contractor will be allowed 10 calendar days from the date of the receipt of the notice of possible disqualification to complete enough of the work to make the progress satisfactory or submit in writing an acceptable explanation to the State Construction Engineer for why the progress is unsatisfactory. At the end of the ten day period, a final notice of disqualification from further bidding will be issued if the progress of the work remains unsatisfactory or the explanation for the unsatisfactory progress is unacceptable.

108.08 Determination of Contract Time.

(d) Monthly Statement and Time Charges.

2. Contracts on a Calendar Day or Date Basis.

Item 108.08(d)2. shall be replaced by the following:

2. Contracts on a Calendar Day or Date Basis.

For projects on a calendar day or date basis, a statement will be furnished the Contractor indicating the number of calendar days remaining in the contract. For contracts that have a calendar completion date, the days assigned for contract time will be the number of calendar days available to the Contractor for performance of the work (from the beginning of contract time charges through the original calendar completion date). A revised completion date will be established for time extensions by adding the approved number of days of extension to the original contract completion date.

108.09 Extension of Contract Time.

Article 108.09 shall be replaced by the following:

108.09 Extension of Contract Time.

(a) Days or Date of Time Extension.

If approved by the Engineer, contract time extensions will be given as additional working days, additional calendar days or a revised calendar completion date in accordance with the type of time that is set in the original contract for the completion of the work. An extended time for completion, once approved, shall be in full force and effect the same as though it were the original time for completion.

(b) Extension of Contract Time due to Extra Work.

The original contract time may be extended due to the addition of extra work if the Engineer determines that the extra work will affect the schedule for the completion of the project. The contract time will be modified when the extra work is made a part of the contract.

(c) Extension of Contract Time due to Contract Overrun.

An extension of contract time will be made by the Engineer to account for the overrun of the required work (unexpected increase in the quantity of work). The time extension will be calculated using the following formula.

$$TE = CT \left[\frac{WP + FA_2 - EW}{OC - PBPI_1} - 1.0 \right]$$

(This formula is only applicable when WP - EW is greater than OC - PBPI.)

Where,
TE = Number of days of time extension. (Days) (Rounded up to the nearest whole number.)
CT = Original Contract time. (Days)
WP = "Work Performed" as defined in Article 101.01. (Dollars)
FA_2 = Payments for Extra Work paid by Force Account except for Force Account work that has been covered under an approved Time Extension. (Dollars)
EW = Total Amount of Extra Work paid by Supplemental Agreement, regardless of whether or not a time extension is approved as part of the agreement. (Dollars)
OC = Original Contract Amount. (Dollars)
$PBPI_1$ = Payments for "Progress Based Pay Items" as defined in Article 101.01. (Dollars)

For contracts that have a calendar completion date, there will be no automatic extension of contract time based on contract overrun. Extensions of contract time for calendar date projects must be based on either extra work or an approved Contractor request for additional time.

(d) Contractor's Request for an Extension of Contract Time.

If the Contractor anticipates that the work cannot be completed within the contract time (which includes approved time extensions) the Engineer may consider the Contractor's request for an extension of contract time. The request must be submitted in writing to the Engineer. The request shall include the specific dates and amount of time requested by the Contractor and a full description of the circumstances that were beyond the control of the Contractor and could not have been anticipated by the Contractor that caused the delay in the overall completion of the work. The controlling work items for each day and the factors that affected progress on these items shall also be provided. An assertion that the contract time is inadequate for the completion of the work will not be considered an acceptable reason for a time extension.

The Contractor shall submit the request for an extension of contract time to the Engineer for evaluation. The Engineer will evaluate the request and then send a recommendation for approval, disapproval or partial approval to the Construction Engineer for further evaluation.

The State Construction Engineer or Region Engineer may approve a time extension if the work was delayed because of conditions beyond the control of the Contractor and could not have been anticipated by the Contractor.

The Transportation Director will make a final determination of the amount of the time extension if the Contractor disagrees with the time extension designated by the State Construction Engineer or Region Engineer. The Contractor may submit the disputed request for a time extension

directly, in writing, to the Transportation Director. The Transportation Director will be the final authority in evaluating the disputed request for the time extension. The Transportation Director may send the request to the Claims Committee for a recommendation before making the final decision. Time extension requests will not be referred to the Claims Appeal Board. Information concerning the Claims Committee and Claims Appeal Board is given in Section 110.

SECTION 600
MOBILIZATION

600.01 Description.

This Section shall cover the preparatory work and operations including, but not limited to, those necessary for the movement of personnel, equipment, supplies, and incidentals to the project site; for the establishment of all offices, buildings, and other facilities necessary for work on the project; and for all other work and operations which must be performed or costs incurred prior to beginning work on the various items on the project site.

The lump sum bid for mobilization shall be so distributed among the various pay items of the contract that an overrun of a particular pay item will not adversely affect the unit price of that item.

600.02 Materials.

Not applicable.

600.03 Construction Details.

Not applicable.

600.04 Method of Measurement.

(a) Partial Payment.

When more than one project is included in one contract, the amount of payment to be made will be based on the "Percent Complete" as defined in Article 108.04 and amount of the entire contract, not the amount of each individual project. Once the amount of payment is determined, based on the entire contract, this amount will then be prepared for payment on each individual project based on the fraction of the total contract of which the project is a part.

Partial Payments for mobilization are based on the Percent Complete and the total adjusted contract amount for all items of work. Payments will be made at the time, and in the amounts shown in the following schedules.

SCHEDULE OF PARTIAL PAYMENTS FOR MOBILIZATION WHEN THE CONTRACT BID PRICE FOR MOBILIZATION IS LESS THAN, OR EQUAL TO 12 % OF THE ORIGINAL CONTRACT AMOUNT (Partial Payments are a % of the Contract Amount for Mobilization)		
TIME OF PARTIAL PAYMENT	AMOUNT OF PARTIAL PAYMENT	ACCUMULATED PAYMENT
First Estimate	20 % of the Bid Price for Mobilization	20 % of the Bid Price for Mobilization
After the First Estimate and When the Percent Complete Exceeds 5 % of the Adjusted Contract Amount	50 % of the Bid Price for Mobilization	70 % of the Bid Price for Mobilization
After the First Estimate and When the Percent Complete Exceeds 50 % of the Adjusted Contract Amount	30 % of the Bid Price for Mobilization	100 % of the Bid Price for Mobilization
Note: If 50 % or more of the adjusted contract amount is completed by the first estimate, a payment of 75 % of the Bid Price for Mobilization will be made on the first estimate. The remainder of the Bid Price for Mobilization will be paid on the following estimate.		

SCHEDULE OF PARTIAL PAYMENTS FOR MOBILIZATION WHEN THE CONTRACT BID PRICE FOR MOBILIZATION IS GREATER THAN 12 % OF THE ORIGINAL CONTRACT AMOUNT (Partial Payments are a % of the Contract Amount, Except the Final Payment)		
TIME OF PARTIAL PAYMENT	AMOUNT OF PARTIAL PAYMENT	ACCUMULATED PAYMENT
First Estimate	2 % of the Original Contract Amount	2 % of Total Contract Amount
After the First Estimate and When the Percent Complete Exceeds 5 % of the Adjusted Contract Amount	6 % of the Original Contract Amount	8 % of Total Contract Amount
After the First Estimate and When the Percent Complete Exceeds 50 % of the Adjusted Contract Amount	4 % of the Original Contract Amount	12 % of Total Contract Amount
At Acceptance for Maintenance per Item 105.15(c)3.	Remainder of Contract Amount for Mobilization	100 % of Contract Amount for Mobilization

The total sum of all payments shall not exceed the original contract amount bid for the item of Mobilization, regardless of the fact that the Contractor may have, for any reason, shut down his work on the project or moved equipment away from the project and then back again.

(b) When No Separate Payment Is Shown in the Proposal.

When the proposal does not include a separate item for Mobilization, all work and incidental costs specified as being covered under this Section shall be included for payment under the several scheduled items of the overall contract, and no separate payment will be made therefore.

600.05 Basis of Payment.

(a) Unit Price Coverage.

The item of Mobilization, measured as noted above, will be paid for at the contract lump sum price bid. Said lump sum price bid shall be full compensation for organizing and moving all labor, tools, equipment, supplies, and incidentals to the project site and for disbanding, disorganizing, and removing all labor, tools, equipment, supplies, and incidentals from the project site, regardless of number of times such moves are made, including all preconstruction costs exclusive of bidding costs.

(b) Partial Payment.

Partial payments may be made in accordance with schedule noted in Article 600.04. The final quantity for this item will be 1.0 unless the project is terminated prior to completing the work in accordance with Article 108.14.

(c) Payment will be made under Item No.:

600-A Mobilization - per lump sum

SECTION 680
GEOMETRIC CONTROLS

680.01 Description.

When this item is included in the proposal, it shall consist of the Contractor furnishing, placing, and maintaining construction stakes, lines, and grades necessary for establishing the accurate location of all features of construction.

680.02 Materials.

All materials needed in the performance of the work of Geometric Controls shall be furnished by the Contractor.

680.03 Construction Requirements.

(a) Determination of Lines and Grades.

The Engineer will furnish centerline control points (P.C.s, P.O.C.s, P.T.s, P.O.T.s, etc.) at intervals determined necessary by the Engineer for the Contractor to establish alignment on all roadways. Where ramps, cross roads, service roads, etc. are geometrically tied to the mainline roadway, the

Engineer will only establish control points along the mainline of the roadways. The Engineer will stake breaks of rights-of-way and mark the clearing limits.

Bench marks will be furnished at intervals along the project for vertical control. Sufficient design roadway cross section information (elevations, slope ratios, etc.) will be provided to enable the Contractor to establish grade stakes and slope stakes. Alignment data and flowline data for drainage structures (including box culverts) will be furnished by the Engineer. For each bridge site, except box culverts, the Engineer will furnish a minimum of two horizontal control points and one bench mark for vertical control.

(b) Contractor's Responsibility.

1. Contractor's Responsibility for Establishing Geometric Controls.

The Contractor shall be responsible for all layout and geometric control work necessary for construction of all items of work. The Contractor shall use the plans, controls and other data furnished by the Engineer in establishing the required location of all features of the work. The Contractor shall be responsible for the utilization and preservation of all furnished controls. The Contractor shall replace State furnished control stakes or marks that are disturbed by the Contractor during construction.

2. Contractor's Responsibility to Check Furnished Controls.

The Contractor shall check all furnished controls as a first order of work to be assured that they are accurate. The Contractor's use of all furnished points and marks for construction of the project shall be acceptance of the responsibility for the accuracy of these controls. By acceptance of responsibility for the accuracy of the controls the Contractor waives all claims for extra compensation for corrective work if the controls are later found to be incorrect. All discrepancies shall be reported immediately to the Engineer in writing.

3. Setting Geometric Controls for Roadway Construction.

The Contractor shall mark or monument the locations of the finished subgrade along the centerline, at the edges of lanes and at breakpoints. Markings or monuments shall be provided at intervals of 100 feet {30 m} on tangent alignments and at intervals of 50 feet {15 m} on curved alignments. The type of marking or monument shall be suitable for the purpose of checking the vertical and horizontal position of the location against the required position shown in the plans. The type of marking or monument shall be approved by the engineer prior to being set.

The Contractor shall also mark or monument locations on each layer of soil or aggregate base at transverse breakpoints on these layers at intervals of 50 feet {15 m}.

4. Setting Geometric Controls for Bridge Construction.

For all bridge work the Contractor shall establish and maintain all horizontal and vertical control points and furnish all lines and grades necessary for the bridge construction from the initial layout to the final acceptance of the bridges. The Contractor shall accurately set all forms, headers, rails, and screeds to provide the dimensions, elevations, and grades shown on the plans.

680.04 Method of Measurement.

Measurement of the item of Geometric Controls will be made on a lump sum basis. When more than one project is included in a contract, each project will be designated a fractional part of the lump sum as shown on the plans.

Partial payments for the item of Geometric Controls will be made on monthly estimates with the amount to be paid each month a percentage of the lump sum bid price. Payments will be made at the time and in the amounts shown in the following schedules:

SCHEDULE OF PARTIAL PAYMENTS FOR GEOMETRIC CONTROLS WHEN THE CONTRACT BID PRICE FOR GEOMETRIC CONTROLS IS LESS THAN, OR EQUAL TO 5 % OF THE ORIGINAL CONTRACT AMOUNT (Partial Payments are a % of the Contract Amount for Geometric Controls)		
TIME OF PARTIAL PAYMENT	AMOUNT OF PARTIAL PAYMENT	ACCUMULATED PAYMENT
First Estimate	20 % of the Bid Price for Geometric Controls	20 % of the Bid Price for Geometric Controls
After the First Estimate and When the Percent Complete Exceeds 5 % of the Adjusted Contract Amount	50 % of the Bid Price for Geometric Controls	70 % of the Bid Price for Geometric Controls
After the First Estimate and When the Percent Complete Exceeds 50 % of the Adjusted Contract Amount	30 % of the Bid Price for Geometric Controls	100 % of the Bid Price for Geometric Controls
Note: If 50 % or more of the Adjusted contract amount is completed by the first estimate, a payment of 75 % of the Bid Price for Geometric Controls will be made on the first estimate. The remainder of the Bid Price for Geometric Controls will be paid on the following estimate.		

SCHEDULE OF PARTIAL PAYMENTS FOR GEOMETRIC CONTROLS WHEN THE CONTRACT BID PRICE FOR GEOMETRIC CONTROLS IS GREATER THAN 5 % OF THE ORIGINAL CONTRACT AMOUNT (Partial Payments are a % of the Contract Amount for Geometric Controls)		
TIME OF PARTIAL PAYMENT	AMOUNT OF PARTIAL PAYMENT	ACCUMULATED PAYMENT
First Estimate	10 % of the Bid Price for Geometric Controls	10 % of Total Bid Price for Geometric Controls
After the First Estimate and When the Percent Complete Exceeds 5 % of the Adjusted Contract Amount	25 % of the Bid Price for Geometric Controls	35 % of Total Bid Price for Geometric Controls
After the First Estimate and When the Percent Complete Exceeds 50 % of the Adjusted Contract Amount	50 % of the Bid Price for Geometric Controls	85 % of the Bid Price for Geometric Controls
At Acceptance for Maintenance per Item 105.15(c)3.	15 % of the Bid Price for Geometric Controls	100 % of the Bid Price for Geometric Controls

When more than one project is included in one contract, the amount of payment to be made will be based on the "Percent Complete" as defined in Article 108.04 and amount of the entire contract, not the amount of each individual project. Once the amount of partial payment is determined, based on the entire contract, this amount will then be prepared for payment on each individual project based on the fraction of the total contract of which the project is a part.

680.05 Basis of Payment.

(a) Unit Price Coverage.

The item of Geometric Controls, measured as noted above, will be paid for at the contract lump sum price bid. Said lump sum shall be full compensation for furnishing all materials (hubs, stakes, templates, straightedges), equipment, tools, labor, and incidentals necessary to complete this item of work.

Partial payments for the item of Geometric Controls will be made in accordance with Article 680.04. The final quantity for this item will be 1.0 unless the project is terminated prior to completing the work in accordance with Article 108.14. When more than one project is included in a contract, the amount of a partial payment will be the sum of separate calculations made for each project.

(b) Payment will be made under Item No.:

680-A Geometric Controls - per lump sum

SECTION 698
CONSTRUCTION FUEL COST

698.01 Description.

This Section shall cover the cost of construction fuel for the equipment necessary for the performance of the required work except for the production of Hot Mix Asphalt (HMA).

698.02 Bidding.

The bidder shall enter an amount from zero dollars up to the maximum dollar amount shown in the pay item description for fuel on the proposal form. The Contractor signifies that this amount represents a reasonable estimate of the fuel costs isolated from all other costs of completing the required work except for the production of HMA.

If a proposal contains an amount greater than the maximum amount shown in the pay item description, the amount bid for Construction Fuel will be assigned a value that is the maximum amount.

698.03 Method of Determining Partial Payments and Cost Adjustments.

(a) Partial Payments.

Partial payments for construction fuel will be based on the lump sum bid price for Construction Fuel and the Work Performed ("Work Performed" is defined in Section 101). This component will be calculated as follows.

$$P = CF \left[\frac{WP_{ce} - WP_{pe}}{OC - PBPI_2} \right]$$

Where,

P = Amount of Partial Payment. (Dollars) (The total sum of partial payments may be less than or exceed the original contract amount for Construction Fuel.)

CF = Lump Sum Contract Amount of "Construction Fuel". (Dollars)

WP_{ce} = "Work Performed" (as defined in Article 101.01) at the time of the current estimate or partial payment. (Dollars)

WP_{pe} = "Work Performed" (as defined in Article 101.01) at the time of the prior estimate for partial payment. (Dollars)

OC = Original Contract Amount. (Dollars)

$PBPI_2$ = Original Bid Price for Mobilization, Geometric Controls, and Construction Fuel. (Dollars)

The decimal value derived by the term "(WPce - WPpe) / (OC- $PBPI_2$)" rounded to the nearest hundredth will be the decimal amount of the lump sum contract amount for construction fuel. WP is the "Work Performed" (as defined in Article 101.01).

(b) Cost Adjustments.

The Department will determine and publish a monthly "Fuel Index" utilizing the average area terminal price reports for regular unleaded gasoline and No. 2 fuel of the "Platts Oilgram Price Report" published during the week in which the first day of the month occurs.

The Base Fuel Index (BFI) for the project will be the monthly fuel index published for the month in which the bids were opened for the project. The Current Fuel Index (CFI) for the project will be the monthly fuel index published for the previous month if the estimate is finalized on any day from the 1 st through the 10th day of the month. The Current Fuel Index (CFI) for the project will be the monthly fuel index published for the month in which the estimate is finalized if the estimate is finalized on any day between the 11th and the last day of the month.

A cost adjustment for construction fuel will be calculated as follows.

$$CA = P \left[\frac{CFI}{BFI} - 1 \right]$$

Where,
CA = Amount of Cost Adjustment (Dollars)
P = Amount of Partial Payment Based on Amount of Work Performed (Dollars)
CFI = Current Fuel Index (the current month's CFI is defined above)
BFI = Base Fuel Index

After the expiration of contract time (plus approved time extensions) two calculations of a potential cost adjustment will be made. The first calculation will be made using the current index (CFI) and the base index (BFI) as noted in the preceding formula. The second calculation will be made using the index during the month that contract time (plus approved time extensions) expired and the base index. The smallest amount of cost adjustment resulting from these two calculations will be made for the current estimate period.

(c) Payments and Adjustments for Contracts with More Than One Project.

When more than one project is included in one contract, the amount of payment to be made will be based on the "Work Performed", as defined in Section 101, on the entire contract, not on each individual project. Once the amount of partial payment and cost adjustment is determined, this amount will then be prepared for payment on each individual project based on the fraction of the entire contract of which the project is a part.

698.04 Basis of Payment.

(a) Unit Price Coverage.

The amount designated for construction fuel, shall be full compensation, after all applicable cost adjustments, for the furnishing of fuel for equipment used on the project, except for the fuel for the production of HMA, and for all materials, equipment, tools, labor, transportation and incidentals necessary for its use.

Partial payments for the item of Construction Fuel will be made in accordance with Article 698.03. At the completion of work, the sum of partial payments may exceed or be less than the original contract lump sum unit price bid. The final quantity may be more or less than 1.0 due to contract overruns or underruns.

(b) Payment will be made under Item No.:

698-A Construction Fuel (max. bid limited to $_____) - per Lump Sum

ALABAMA DEPARTMENT OF TRANSPORTATION

General Application Special Provision

DATE: March 16, 2022 GASP No. 22-GA0011

EFFECTIVE DATE: April 1, 2022

SUBJECT: Oversize/Overweight Vehicle Permit.

Alabama Standard Specifications, 2022 Edition, SECTION 105 shall be amended as follows:

SECTION 105
CONTROL OF WORK

105.12 Oversize/Overweight Vehicle Permit and Load Restrictions.

(a) Oversize/Overweight Vehicle Permit.

Subarticle 105.12(a) shall be replaced with the following.

(a) Oversize/Overweight Vehicle Permit.

An Oversize/Overweight Vehicle Permit may be required for moving oversized and overweight loads. The ALDOT Vehicle Enforcement Office should be contacted for information on obtaining the permit and any special requirements (such as police escorts) for moving these loads. An annual permit for moving specific equipment on a construction project is available for purchase from the ALDOT Vehicle Enforcement Office.

ALABAMA DEPARTMENT OF TRANSPORTATION

General Application Special Provision

DATE: December 15, 2023 GASP No. 22-GA0013(2)

EFFECTIVE DATE: June 1, 2024

SUBJECT: Roadway Signs, Construction Signs, and Cones.

Alabama Standard Specifications, 2022 Edition, SECTION 710, SECTION 740, and SECTION 880 shall be amended as follows:

SECTION 710
ROADWAY SIGNS

710.01 Description.

(b) Types and Classes of Signs

The table "Classes and Descriptions of Signs" shall be replaced with the following:

CLASSES AND DESCRIPTIONS OF SIGNS	
Class 1	Obsolete
Class 1A	Obsolete
Class 2	Type IV Reflectorized Sheeting Background with the same Type Reflectorized Sheeting Cut-Out Copy. Type IV Reflectorized Sheeting Background with Digital Printing is also allowable.
Class 2A	Type IV Reflectorized Sheeting Background with Non-Reflectorized Cut-Out Copy For Multiple Extruded Panels, Type XI Reflectorized Sheeting Background with Digital Printing is also allowable.
Class 3	Obsolete
Class 4	Type IV Reflectorized Background with Screen Copy. Type IV Reflectorized Sheeting Background with Digital Printing is also allowable
Class 5	Obsolete
Class 6	Type IV Reflectorized Sheeting Background with Type XI Reflectorized Sheeting Cut-out Copy For Multiple Extruded Panels, Type XI Reflectorized Sheeting Background with Digital Printing is also allowable.
Class 7	Obsolete
Class 8	Obsolete
Class 9	Type XI Reflectorized Sheeting Background with the same Type Reflectorized Sheeting Cut-Out Copy or Digital Printing.
Class 10	Type XI with Screen Copy or Digital Printing

(c) Methods of Fabrication.

The first paragraph of Subarticle 710.01(c) shall be replaced with the following:

In addition to the Classes noted above, signs will be designated by the method of fabrication as follows. At the Contractor's discretion multiple panel signs may be made of multiple flat panels or multiple extruded sections.

710.05 Basis of Payment.

(b) Payment will be made under Item No.:

Subarticle 710.05(b) shall be replaced with the following:

(b) Payment will be made under Item No.:

710-A Class _*_Sign Panels - per square foot {square meter}
710-B Roadway Sign Post (_Description & Size_) - per linear foot {meter}
710-C Removal of Existing Roadway Signs - per lump sum
* Appropriate Class

SECTION 740
TRAFFIC CONTROL DEVICES
FOR CONSTRUCTION WORK ZONES

740.02 Materials.

(b) Crashworthiness of Devices.

Subarticle 740.02(b) shall be replaced by the following:

(b) Crashworthiness of Devices.

The Contractor shall be responsible for ensuring that all devices that are used for work zone traffic control meet "crashworthy" requirements given in the National Cooperative Highway research Program (NCHRP) Report 350 for the appropriate category of device.

(d) Materials for Fabrication, Construction, and Installation.

Subarticle 740.02(d) shall be replaced by the following:

(d) Materials for Fabrication, Construction, and Installation.

Materials used in the fabrication, construction and installation of the construction signs, barricades and other devices shall conform to the requirements of Article 104.04, plan details, the MUTCD and the details noted in this Section:

Sign panels may be fabricated from one of the types of material shown below:

Material	Min. Panel Thickness	* Sign Face Area
Aluminum Flat Sheets	0.080 inches {2.00 mm}	All sizes
Aluminum Composite	0.080 inches {2.00 mm}	All sizes

*NOTE: Any sign panel installation using Standard Mounting procedures, which in the opinion of the Engineer does not provide a reasonably rigid sign installation, shall be strengthened by the use of additional supports and/or backing stringers.

Sign background and messages shall be formed using materials noted for such in Articles 880.02 and 880.03. To permit visual verification of proper use, each type sheeting shall display an identifiable symbol, on the face of the sheeting, in a repeat pattern.

When no pre-requirements are specified for units, they shall comply with the manufacturer's specifications as approved by the Department under the provisions of Section 32-5-36 of the Alabama Code.

Items are not required to be new. Used items may be acceptable provided the following conditions are met:

Units are in good repair, clean and structurally sound.
Reflective sheeting on any unit is clean and in good repair.
All legends and messages are sharp, clean and legible.
Reflectivity of said units during the hours of darkness shall provide acceptable, clear and uniform delineation without dead spots.

No test reports are required, but the Engineer shall visually inspect all units and accessories for compliance with the various dimensional and material stipulations noted before approving their use in

the work. The approval of any unit for use is subject to satisfactory field performance and does not preclude the Engineer ordering replacements of units; said replacements for these previously approved units shall be without additional compensation.

(e) Pilot Car, Flaggers, and Flagging Equipment.

Subarticle 740.02(e) shall be replaced with the following:

(e) Pilot Car, Flaggers, Flagging Equipment, and AFAD.

The pilot car, flaggers, flagging equipment, and AFAD shall meet the requirements of the MUTCD. The pilot car shall be a registered motor vehicle designed for use upon a highway. "Off-road" type vehicles will not be allowed.

Automatic Flagger Assistance Devices (AFAD) must be selected from List IV-3 of the Department's MSDSAR.

740.03 Construction Requirements.

(a) Traffic Control Personnel, Devices, Equipment and Training.

Item 740.03(a)3 shall be replaced with the following:

3. Moving and Covering Traffic Control Signs and Other Devices While Not in Use.

During periods when signs and other devices are not being used for traffic control, they shall be removed from the work area, covered with the specified material or otherwise positioned so they do not convey their message to the traveling public. If covered, the covering material shall be 1/2 inch {13 mm} (nominal size) exterior plywood or aluminum composite material cut to fit the shape of the sign panel. The covering material shall be installed in accordance with the plan details and in such manner that no damage will occur to the sign panel during installation. Covering material shall be maintained in a neat and workmanlike manner during its use.

740.04 Method of Measurement.

Article 740.04 shall be modified by the deletion of the following paragraph

~~Ballasts for cones will be measured per each for each weight {mass} ordered, accepted, and used.~~

740.05 Basis of Payment.

Article 740.05 shall be replaced by the following:

740.05 Basis of Payment.

(a) General.

Payment for Construction Signs and Special Construction Signs measured as noted above will be paid for at the contract unit price bid which shall be full compensation for fabrication of sign panel with proper sheeting and legend, furnishing and erecting on proper supports, furnishing all mounting hardware, covering when not in use, handling and maintaining until project completion.

Payment for drums, barricades, cones, delineators, warning lights, and vertical panels, measured as noted above, will be paid for at the contract unit price bid which shall be full compensation for fabrication, erection at designated locations whenever required, furnishing continuous power source for lights, handling and maintenance until project completion. Payment for cones shall include ballasts.

Electric incandescent or fluorescent lights measured as noted above will be paid for at the contract unit price bid which shall be full compensation for furnishing all materials and mounting hardware, wiring, erecting, maintaining and investigating, procuring and bearing the expense of continuous power supply.

Area Lights measured as noted above will be paid for at the contract unit price bid which shall be full compensation for furnishing all materials and mounting hardware including 250 watt mercury vapor lamp or equivalent luminaire and luminaire mounting arm and Class 7 wood pole, wiring, erecting, maintaining and investigating, procuring and bearing the expense of continuous power supply.

Item 740-O, Pilot Car, measured as noted above will be paid for at the contract unit price bid which shall be full compensation for furnishing and operating the pilot car, for furnishing the pilot car driver and flaggers, for all equipment and materials necessary to complete the work.

Item 740-P, Portable Rumble Strips, measured as noted above will be paid for at the contract unit price bid which shall be full compensation for fabrication, for installation at designated locations whenever required, and for handling and maintenance until project completion.

Payment for Items 740-B - L and 740-P will further include all costs in relocating, removing and returning these Items to the project when required to provide a complete traffic control system throughout the life of the project. No payment will be made beyond the maximum quantity of signs, barricades or other traffic control devices installed at any one time except when alternate sign panels are required for proper handling of the traffic, in such case both alternate panels will be measured for payment.

The Lump Sum payment for traffic control devices specified by plan details shall be full compensation for furnishing all materials, power sources and mounting hardware, erecting, handling, relocating signs and devices within the indicated "Traffic Handling Scheme" and maintaining all traffic control devices until project completion. If traffic control devices are deleted from the traffic handling scheme that is to be paid on a lump sum basis, deductions for the items deleted will be made from the lump sum cost in the amount of the contract unit prices bid for the quantity of individual traffic control items so deleted. Traffic control items which are added to the lump sum traffic handling scheme will be paid for at the contract unit price for the item added. A lump sum payment will be considered as full compensation for "traffic handling scheme". Once construction signs or other warning devices are no longer needed within the designated limits of the lump sum "traffic handling scheme", they may be used in other areas of traffic control and payment will be made under the appropriate pay item.

Unless otherwise designated on the construction plans, all signs, barricades, and other traffic control devices covered by this Section shall become the property of the Contractor at the completion of the project. The salvage value for these items shall be reflected in the contract unit prices bid.

No payment will be made for stored materials under this Section unless the material in storage was either manufactured or purchased new for specific use on the project.

No payment will be made for devices installed solely for the protection of the Contractor's work and which serve no useful purpose in protecting the safety of the public or workmen such as traffic cones for paint protection, devices installed to protect fresh concrete presenting no hazard, etc.

The Contractor will be expected to submit a balanced bid for all traffic control items. The submission of unbalanced bid prices may result in loss of contract award.

(b) Payment will be made under Item No.:

740-A Traffic Control Scheme - per lump sum
740-B Construction Signs - per square foot {square meter}
740-C Special Construction Signs - per square foot {square meter}
740-D Channelizing Drums - per each
740-E Cones (36 inches {900 mm} high) - per each
740-F Barricades, Type ____ - per each
740-G Barricades, Type I, (Portable, 24 inches {600 mm} wide) - per each
740-H Delineators - per each
740-I Warning Lights, Type ____ - per each
740-J Electric Incandescent or Fluorescent Light - per each
740-K Area Light - per each
740-L Vertical Panel Type __* , ___** Sided - per Each
740-O Pilot Car - per each
740-P Portable Rumble Strips - per lump sum

* Specify either I or II
** Specify either Single or Double

SECTION 880
SIGN MATERIALS

880.01 Sign Panels.

(a) Aluminum Sign Materials.

Subarticle 880.01(a) shall be replaced with the following:

(a) Aluminum Sign Materials.

1. General.

Aluminum sign materials shall conform to the details shown on the plans and the following:

The materials used, unless otherwise noted by plan details, shall meet the requirements noted below and, in addition, the material used shall be free from corrosion, white rust, water stains, dirt, and grease with the panels processed as noted in Item 2 below.

ALUMINUM SIGN MATERIALS	
USE	ALLOY & TEMPER DESIGNATION
Sign Panels	ASTM B 209 Alloy 5052-H38 or 6061-T6
Extruded Shapes (sign panels), Bars or Rods	ASTM B 221 Alloy 6063 - T6
Angles, Structural Shapes (including Stiffeners)	ASTM B 308 Alloy 6061-T6
*Bolts	ASTM B 211 Alloy 2024-T4
Tamper Proof Nuts ≤ ¼"	ASTM B 211 Alloy 2024 - T4
*Spring Lock Washers	ASTM B 211 Alloy 7075-T6
Washers	ASTM B 209 Alloy Alclad 2024 - T4
Rivets	ASTM B 316 Alloy 6053 - T6
Shims	ASTM B 209 Alloy 1100-0
Flange Splicing Material	ASTM B 209 Alloy 6061 - T6
Weld Filler Wire	ASTM B 285 Alloy ER 5356 or ER 5556
*Hex. Nuts (Plain)	ASTM B 211 Alloy 6262-T9
*Hex. Lock Nuts	ASTM B 211 Alloy 2017-T4
* Unless otherwise specified	

Aluminum Sign Panel Thickness	
Class 4, 9, and 10 Flat	0.080 inches {2.00 mm}
Class 2, 2A, and 6 Multiple Flat or Multiple Extruded Panels	0.125 inches {3.00 mm}

Aluminum bolts, nuts, and washers shall have an anodic coating of at least 0.0002 inch {0.0051 mm} in thickness and shall be chromate sealed.

Galvanized bolts, nuts, and washers as specified under Galvanized Signs, or stainless steel hardware meeting the requirements of ASTM F 593, will be acceptable in lieu of the above.

2. Special Treatment of Aluminum Sign Material.

Each panel shall receive a chemical conversion treatment that will produce an acceptable etched surface suitable for either porcelainizing or attachment of reflectorized or non-reflectorized sheeting.

3. Tests and Samples.

The Contractor shall furnish certified test reports confirming compliance with the requirements noted and, in addition, shall furnish samples of all materials used in the signs in accordance with current Departmental policy for evaluation and verification tests.

4. Recycled Aluminum Sign Panels.

Recycled aluminum sign panels will be allowed for installation in accordance with the following requirements.

Recycled sign panels shall be the same alloy and temper required for new sign panels. They shall be free of corrosion and white rust and shall meet the required tolerances for flatness and thickness for new sign panels. The process for removing the old reflectorized or non-reflectorized sheeting shall not damage the chromate coating. Smelting, sanding, and chemical stripping processes for recycling will not be allowed.

Recycled signs will be inspected, sampled, and tested in accordance with current Departmental policy, except certified test reports will not be required. The Contractor shall furnish a materials guaranty that the materials conform to the requirements for recycling the sign panels.

(d) Porcelain Enamel Signs.

Subarticle 880.01(d) shall be replaced with the following:

(d) Blank.

ALABAMA DEPARTMENT OF TRANSPORTATION

General Application Special Provision

DATE: August 18, 2022 GASP No. 22-GA0016

EFFECTIVE DATE: January 1, 2023

SUBJECT: Traffic Signals.

Alabama Standard Specifications, 2022 Edition, SECTION 730 shall be amended as follows:

SECTION 730
TRAFFIC SIGNALS

730.05 Basis of Payment

(b) Payment will be made under Item No.

Subarticle 730.05(b) shall be replaced by the following:

(b) Payment will be made under Item No.

730-A Removal of Existing Traffic Control Unit *(1) (2)* - per lump sum
730-C Furnishing and Installing Traffic Control Unit *(2)* - per lump sum
730-E Metal Traffic Signal Pole Foundation - per each
730-F Metal Traffic Signal Pole with *(3)* Mast Arm Assembly - per each
730-G Traffic Signal Pole, (4), (5) - per each
730-H Loop Wire - per linear foot {meter}
730-I Loop Detector Lead-In Cable - per linear foot {meter}
730-J Vehicle Loop Detector - per each
730-K Traffic Signal Junction Box (6) - per each
730-L *(7), (8)*, Conduit - per linear foot {meter}
730-M Interconnect Cable, *(9), (10)* AWG, *(11), (12)* - per linear foot {meter}
730-N Luminaire Extension Assembly, *(13)* feet {meters} - per each
730-O Illuminated Sign Assembly (14) (15) - per each
730-P *(16)* Signal Head, *(17)* Section, Type *(18)* - per each
730-Q Miscellaneous Equipment, (19) - per each
730-R Controller Assembly, Type *(20), (21)* Output Phase Channels - per each
730-S *(22)* Traffic Signal Preemption *(23) (24) (2)* - per lump sum
730-T Electrical Power Service Assembly (25) - per each
730-U *(26)* Detection System *(2)* - per lump sum
730-Y *(27)* Pedestal Pole and Foundation with *(28)* - per lump sum

(1) Specify Partial or Temporary if required
(2) Specify Intersection Location
(3) Specify Length of Mast Arm
(4) Specify Type (Metal Strain, Concrete Strain, Wood Strain, Pedestal)
(5) Specify State Furnished if required
(6) Specify Size (Type S1, Type S2, or Type S3)
(7) Specify Size (1 inch, 2 inch, or 3 inch) {27 mm, 53 mm, or 78 mm}
(8) Specify Type (metallic or non-metallic)
(9) Specify Type (Aerial Self-supporting, Aerial Lashed, or Underground)
(10) Specify Cable Size (No. 14 AWG or No. 19 AWG)
(11) Specify Number of Conductors or Pairs (9 Conductors or 6 Pairs)

(12) Specify (IMSA 20-1, IMSA 20-3, REA PE-22, REA PE-38, or REA PE-39)
(13) Specify Arm Length in Feet {Meters}
(14) Specify Lighting Method (with Flashing Beacon, or With Embedded LEDs)
(15) Specify Power Source (Solar, or Utility Powered)
(16) Specify Vehicular or Pedestrian
(17) Specify Number of Sections
(18) Specify Type (Incandescent, Optically Programmed, or LED)
(19) Specify Type (Backplate for Existing Signal Head, Pedestrian Push Button, Pedestal Pole and Foundation)
(20) Specify Type (NEMA or ATC)
(21) Specify Number of Output Channels (8, 16, or 32)
(22) Specify Type (Acoustical, Optical or GPS)
(23) Specify Whether or not Software is Required (With Software, or Without Software)
(24) Specify Whether or not Training is Required (With Training, or Without Training)
(25) Specify Whether or not Wood Pole is Required (With Wood Pole or Without Wood Pole)
(26) Specify Type [Video, Radar, Magnetometer, or Hybrid (Video/Radar)]
(27) Specify (Furnishing and Installing, Removal of, or Relocation of)
(28) Specify (Flashing Beacon, Pedestrian Signal Features, or Illuminated School Zone Sign)

ALABAMA DEPARTMENT OF TRANSPORTATION

General Application Special Provision

DATE: October 26, 2022 GASP No. 22-GA0027

EFFECTIVE DATE: May 1, 2023

SUBJECT: Cement.

Alabama Standard Specifications, 2022 Edition, SECTION 815 shall be replaced with the following:

SECTION 815
CEMENT

815.01 Portland Cement.

(a) Type I Portland Cement.
Type I Portland Cement shall meet the requirements of AASHTO M 85 and the additional requirements shown below.

(b) Type II Portland Cement.
Type II Portland Cement shall meet the requirements of AASHTO M 85 and the additional requirements shown below.

(c) Type III Portland Cement (High Early Strength).
Type III Portland Cement shall meet the requirements of AASHTO M 85 and the additional requirements shown below.

(d) Type IS Portland Cement.
Type IS Portland blast furnace slag cement shall meet the requirements of AASHTO M 240, Blended Hydraulic Cement.

(e) Type IL Portland Cement.
Type IL Portland limestone cement shall meet the requirements of AASHTO M 240, Blended Hydraulic Cement.

(f) Type IP Portland Cement.
Type IP Portland pozzolan cement shall meet the requirements of AASHTO M 240, Blended Hydraulic Cement.

815.02 Blank

815.03 Blank

815.04 Blank

815.05 Blank

815.06 Masonry Cement.

Masonry cement shall meet the requirements of ASTM C 91.

815.07 Chemical Properties.

The Specifications for all cements as covered by Articles 815.01 to 815.06, inclusive, are amended to the effect that the total alkali content of any cement used, calculated as the percentage of sodium oxide (Na_2O) plus the product of 0.658 times the percentage of potassium oxide (K_2O), shall not exceed 0.60 percent.

In addition to the above, for Type II cement covered by Article 815.02, the standard chemical requirement shown in Table 1 of AASHTO M 85 for Tricalcium Silicate (C_3S) is hereby waived.

815.08 Testing of Cement.

All cement furnished for use shall be tested before use or be from an approved producer meeting the requirements of ALDOT-227, Quality Control of Portland and Blended Hydraulic Cements, and listed on List I-2, PRODUCERS OF PORTLAND AND BLENDED CEMENT, of the Department's "Materials, Sources, and Devices With Special Acceptance Requirements" Manual. Refer to Subarticle 106.01(f) and ALDOT-355 concerning this list.

815.09 Flash Set and False Set.

Flash set and false set, as determined by ASTM C 451, shall be cause for rejection of the cement.

815.10 Unusual Appearance.

Unusual appearance as to color, etc. shall be sufficient grounds for rejection of the cement.

815.11 Use, Care, and Handling.

(a) Use.

1. Bulk cement will be permitted provided the bulk cement is handled as follows:
   a. Portland cement shall be measured by weight {mass}, considering that one bag of cement is equivalent to 94 pounds {42 kg} net of cement.
   b. Handling equipment and the equipment used for weight {mass} determination shall be inspected by the Engineer prior to use. Cement shall be fully protected from contamination or damage during handling.
   c. Bulk cement shall be batched by weight {mass}, and scales may be of either the beam or springless dial type and shall be the product of a reputable manufacturer. Scales shall be accurate to within a tolerance of 5 pounds per 1000 pounds {2 kg per 455 kg} net load in the hopper. The value of the minimum gradation of any scale shall not be greater than 0.1 percent of the scale capacity.
   d. Provisions shall be made to indicate to the operator that the required load in the hopper or container is being approached, such as a springless dial indicator or tare beam. Such device shall indicate at least the last 50 pounds {22 kg} of load.
   e. After the required weight {mass} of the cement is batched, it shall be protected from loss in handling or in transit.
2. Only cement of the same "Type" shall be used in the construction of any structure or unit (substructure or superstructure) except as permitted in writing. All cement in any container having lumps of cement or caked cement, or cement which for any reason has become damaged or partially set, shall be rejected. Cement salvaged from discarded or used bags shall not be used. Cement shall not be used while its temperature is more than 150 °F {65 °C}.
3. The Contractor shall keep accurate records of the deliveries of cement and its use in the work including that from ready-mix plants. Copies of these records shall be furnished the Engineer at the close of each day's work or 8 hour run, in such form as he may require, showing the quantity used during the day or run at each part of the work.

(b) Care and Handling.

1. The Contractor shall provide suitable means for storing and protecting the cement against dampness. Cement not for immediate use shall be stored in suitable weather proof buildings. Buildings shall be placed in approved locations. Provisions for storage shall be ample and the shipment of cement as received shall be separately stored in such a manner as to provide easy access for identification and inspection of each shipment. On small structures, storage in the open may be permitted by authorization, in which case a raised platform and ample waterproof covering shall be provided. Stored cement shall meet the test requirements at any time after storage when a retest is ordered.
2. Cement of different types, even if tested and approved, shall be stored separately and shall not be mixed.

ALABAMA DEPARTMENT OF TRANSPORTATION

General Application Special Provision

DATE: January 5, 2023 GASP No. 22-GA0028

EFFECTIVE DATE: January 18, 2023

SUBJECT: Build America, Buy America Act.

Alabama Standard Specifications, 2022 Edition, SECTION 106 shall be amended as follows:

SECTION 106
CONTROL OF MATERIALS

106.01 Source of Supply and Quality Requirements.

(a) General.

1. Federal Participating Projects.

Item 106.01(a)1 shall be replaced by the following:

1. Federal Participating Projects.

a. Steel and Iron Products (Buy America).

Steel/iron materials from the initial melting and mixing of these materials and all manufacturing processes including the stage of applying a coating to these materials (epoxy coating, galvanizing, painting, or any other coating that protects or enhances the value of the coated material) that are permanently incorporated into the completed project shall be produced domestically (in the United States, its territories, or possessions). If any part of the project (defined by and including the NEPA document) is funded by Federal-aid, then the entire project must meet the Buy America provisions, including utility relocation reimbursements for Federal-aid funds authorized after October 1, 2012.

If the dollar amount of the foreign source steel/iron is less than $2,500 or 0.1% of the contract amount, whichever is greater, the foreign source steel/iron can be used in the project.

The Contractor shall provide certification that the steel/iron is domestically produced.

b. Build America, Buy America Act.

The Build America, Buy America Act (BABA) of the Infrastructure Investment and Job Act (IIJA) (Pub. L. No. 117-58 §§ 70901-52) expands the requirements of the Buy America Act to include permanently incorporated construction materials on Federal-aid projects.

A "construction material" as defined under BABA shall include any article, material, or supply - other than an item of primarily iron or steel; a manufactured product; cement and cementitious materials; aggregates such as sand, stone, or gravel; or aggregate binding agents or additives - that is or consists primarily of the following:

1. Non-ferrous metals;
2. Plastic and polymer-based products, including but not limited to polyvinylchloride, composite building materials, and polymers used in fiber optic cables;
3. Glass (including optic glass);
4. Lumber; or
5. Drywall

Items that consist of two or more of the listed materials that have been combined together through a manufacturing process, and items that include at least one of the listed materials combined with a material that is not listed through a manufacturing process, should be considered as manufactured products rather than construction materials.

All construction materials must be manufactured in the United States. To be considered produced in the United States, at least the final manufacturing process and the immediately preceding manufacturing process must occur in the United States.

The Contractor assumes the risk of including any foreign materials that are not exempt, including iron or steel, in the Contractor's bid.

The Contractor has the obligation to remove and replace non-BABA complaint material unless a waiver is granted for the use. No claims for contract adjustment (additional time, money, or both) will be made because of the non-BABA complaint material.

The Contractor shall provide certification that the construction materials defined under BABA are domestically produced. After work is completed on the project, the Contractor must submit a certification to the Engineer with the following information:

"I hereby certify that all construction materials furnished to the Alabama Department of Transportation for the construction of the above referenced project that are required to be compliant with the Build America Buy America Act have been produced in the United States of America as defined by §70912 "Definitions" of the Infrastructure and Investment Jobs Act (IIJA) (Public Law 117-58 - Nov. 15, 2021). I further certify that all supporting documentation is on file and will be maintained for a period of three (3) years after project completion."

The Contractor may maintain this documentation electronically or in paper format. The Department or FHWA may request to review the Contractor's supporting documentation to verify compliance with the Buy America provisions at any time. The Contractor shall provide the supporting documentation within five (5) business days of the request. The burden of proof to meet the Buy America provisions rests on the Contractor. If the supporting documentation does not undeniably demonstrate to the Department or FHWA that the iron or steel, manufactured products, or construction materials identified in the Certificates of Compliance were produced in the United States of America, then such iron, steel, manufactured products or construction materials will be considered unacceptable and must be replaced at no cost to the Department.

The Contractor shall not anticipate that any BABA preference provisions will be waived.

c. Convict Produced Materials.

Materials produced after July 1, 1991, by convict labor are prohibited from being incorporated in the work unless such materials have been:

- Produced by convicts who are on parole, supervised release, or probation from a prison or
- Produced in a qualified prison facility and the cumulative annual production amount of such materials for use in Federal-aid highway construction does not exceed the amount of such materials produced in such facility for use in Federal-aid highway construction during the 12-month period ending July 1, 1987. "Qualified prison facility" means any prison facility in which convicts, during the 12-month period ending July 1, 1987, produced materials for use in Federal-aid highway construction projects.

d. Cargo Preference Act.

Materials or equipment that are acquired solely for a Federal-aid project must comply with the requirements of 46 CFR 381. Clauses 46 CFR 381.7(a)-(b) are hereby incorporated into these Specifications by reference.

ALABAMA DEPARTMENT OF TRANSPORTATION

General Application Special Provision

DATE: August 29, 2023 GASP No. 22-GA0036

EFFECTIVE DATE: September 5, 2023.

SUBJECT: Contractor's Advertisement of Completion.

Alabama Standard Specifications, 2022 Edition, SECTION 105 shall be amended as follows:

SECTION 105
CONTROL OF WORK

105.15 Acceptance.

(c) Final Acceptance.

5. Contractor's Advertisement of Completion.

Item 105.15(c)5 shall be replaced by the following:

5. Contractor's Advertisement of Completion.

The Contractor, immediately after receiving Notice of Acceptance for Maintenance, shall give notice of said completion by publishing the notice for a minimum of three successive weeks using one or more of the following methods:

a. In a newspaper of general circulation in the county or counties in which the work, or some portion thereof, has been done.

b. On a website that is maintained by a newspaper of general circulation in the county of counties in which the work, or some portion thereof, has been done.

c. If a newspaper is not published in a county where work is done, the notice may be given by posting at the Court House for 30 days and proof of the posting of the notice shall be given by the Contractor.

Proof of publication of said notice shall be made by the Contractor to the Director, by affidavit of the publisher.

ALABAMA DEPARTMENT OF TRANSPORTATION

General Application Special Provision

DATE: December 5, 2022 GASP No. 22-LD0001

EFFECTIVE DATE: January 1, 2023

SUBJECT: Liquidated Damages.

Alabama Standard Specifications, 2022 Edition, SECTION 108 shall be amended as follows:

SECTION 108
PROSECUTION AND PROGRESS

108.11 Schedule of Liquidated Damages.

Article 108.11 shall be replaced by the following:

108.11 Schedule of Liquidated Damages.

Original Contract Amount		Liquidated Damages Daily Charge	
More Than	To and Including	Calendar Day or Fixed Date	Work Day
$ 0	$ 200,000	$1325	$2650
200,000	10,000,000	2725	5450
10,000,000	------	3350	6700

When the contract time is on the calendar day or date basis, the schedule for calendar days shall be used. When the contract time is on a work day basis, the schedule for work days shall be used.

HR-DBE
Revised 06-08-2011

Date: 5-20-25

Letting Date: 5-21-25

BIDDER'S LIST OF QUOTERS

In accordance with 49 CFR Part 26.11, the Alabama Department of Transportation will establish its State Disadvantaged Business Enterprise (DBE) goal using Bidders' Lists of Quoters. These Bidders' Lists of Quoters will be used to determine the relative availability of DBE's and Non-DBE's. Each Bidder's List of Quoters is a compilation of quoters who have submitted quotes to the Bidder during the advertising period. Subsequent to notification as Apparent Low Bidder, the Bidder must submit an **updated** Form HR-DBE prior to award of contract. Form HR-DBE will accompany Form OE-110 (DBE Utilization Plan) if appropriate.

Each time Form HR-DBE is submitted to the Department, the Bidder shall list the quoters for the project, using additional sheets if necessary. The listing shall include EACH quoter's name, business location, telephone number and whether or not the quoter is an Alabama certified DBE. **FAILURE TO COMPLY WITH THIS REQUIREMENT MAY RENDER THE BID NON-RESPONSIVE AND THE BID MAY BE REJECTED.**

The term "quoter" shall include all subcontractors, manufacturers, and suppliers of materials.

BIDDER'S NAME: Jermaine Gaines **PROJECT NUMBER:** TAPAA-TA17(938) **COUNTY:** Mobile

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ **Go to *www.irs.gov/FormW9* for instructions and the latest information.**

Give Form to the requester. Do not send to the IRS.

Print or type. See **Specific Instructions** on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
GAINES UTILITY CONSTRUCTION COMPANY LLC

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☑ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
712 LAKESIDE DR

Requester's name and address (optional)

6 City, state, and ZIP code
MOBILE, AL 36693

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
			–			–				

or

Employer identification number
8	2	–	2	5	5	0	3	2	0

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here | **Signature of U.S. person ▶** [signature] **Date ▶** 7-30-25

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

CONTRACTOR'S CLOSEOUT REQUIREMENTS

The Contractor shall execute the following requirements as follows:

1. The Contractor must publicly advertise the NOTICE OF COMPLETION furnished by Engineer a minimum of once a week for four (4) consecutive weeks.

2. The Contractor must execute copies of CONTRACTOR'S AFFIDAVIT OF PAYMENT OF CLAIMS AND DEBTS on the form furnished by the Engineer.

3. The contractor must have his surety execute copies of CONSENT OF SURETY TO FINAL PAYMENT on the form furnished by the Engineer.

4. The Contractor must furnish a letter on his letterhead acknowledging that acceptance of final payment by the Contractor constitutes a waiver of all claims, present or future, in connection with this project.

5. The Contractor must furnish a written guarantee on his letterhead covering all defects in material and workmanship for a period of one (1) year commencing on the date of final acceptance.

6. Contractor must provide a Maintenance Agreement for the grassing for up to (1) year.

7. The Contractor must provide a DBE Utilization Report summarizing the DBE participation to include name of DBE firm, address, telephone number, and amount paid.

All the above requirements must be satisfied by the Contractor before final payment can be made.

MASTER AGREEMENT
BETWEEN CITY OF MOBILE AND CONTRACTOR
FOR A STIPULATED SUM (HEREINAFTER "AGREEMENT")

BETWEEN the City:

CITY OF MOBILE
205 Government Street
P O Box 1827
Mobile, Alabama 36633

And the Contractor:

JPayne Organizations, LLC
2655 Airport BLVD
Mobile, AL 36606

City Business License No.: 79742
Secretary of State No.: 000-429-657

For the following Project:

CIP D7 Senior Center
6024 Lorma Road
Mobile, Alabama 36608

Project Number: PR-049-25

MASTER AGREEMENT
BETWEEN CITY OF MOBILE AND CONTRACTOR

THIS AGREEMENT is made and entered into as of the date on which the last party executes this Agreement (the "Effective Date"), by and between the CITY OF MOBILE acting by and through its Mayor and City Council (hereinafter referred to as the "City"), a municipal corporation organized and existing under the laws of Alabama and JPayne Organizations, LLC (hereinafter referred to as "Contractor"), an Alabama corporation with its principal office at 2655 Airport BLVD Mobile, AL 36606.

I. CONTRACT DOCUMENTS

The contract documents consist of this Agreement, including its Exhibits:

Exhibit A: Scope Of Services
Exhibit B: Project Schedule
Exhibit C: Schedule of Values
Exhibit D: City Insurance [Required]
Exhibit E: E-Verify Documents [If Applicable]
Exhibit F: Bidding And Contract Requirement Documents

,attached hereto, all incorporated herein, represents the entire agreement between Contractor and City with respect to the subject matter hereof and supersedes all prior agreements, negotiations, or understandings between the parties in any way relating to the subject matter of this Agreement. Contractor and City acknowledge having read and understood this Agreement and hereby agree to be bound by its terms and conditions.

WHEREAS, the City issued a bid package on August 6, 2025; and,

WHEREAS, the City evaluated the proposals received and found the Contractor qualified to perform the necessary services; and

WHEREAS, the Contractor has reviewed the services required pursuant to the Agreement and is qualified, willing and able to provide and perform all such services in accordance with its terms.

NOW, THEREFORE, the City and the Contractor, in consideration of the mutual covenants contained herein, agree as follows:

I. CONTRACTOR'S SERVICE

A. The Contractor agrees to diligently provide all materials, services and labor for the performance of CIP D7 Senior Center (the "Project"), in accordance with the scope of services made part of this Contract as **Exhibit A**, attached hereto and incorporated herein. All work and labor shall be done in accordance with the plans and specifications on file with the City and are incorporated herein by reference.

II. TERM

A. This Contract shall commence immediately upon execution by both the City and the Contractor and shall continue through the completion of the Project, in accordance with **Exhibit B** Project Schedule attached hereto and incorporated herein.

III. COMPENSATION AND PAYMENT OF CONTRACTORS SERVICE

A. The City shall pay the Contractor the Contract Sum in current funds for the Contractor's performance of the Contract. The Contract Sum shall be Three Hundred Sixty Six Thousand Seven Hundred Eighty Two and 00/100 ($366,782.00), subject to additions and deductions as provided in the Contract Documents.

Base Bid:	$ 336,782.00
Contingency Allowance:	$30,000.00
Total Bid:	$366,782.00
Alternate: (if none available put N/A)	N/A
Total Contract Sum:	$366,782.00

B. Alternates (if any included in the contract sum)

Item: N/A Price: N/A

C. Contingency Allowance

1. Contingency Allowance shall cover cost of material, labor, overhead, profit and other expenses for complete installation of items of additional work as required for a complete, functional project.
2. Contingency Allowance shall be used for unforeseen conditions not covered in the construction documents.
3. All extra work under this section must be authorized by the City, in writing, prior to materials or undertaking work.
4. Upon completion of the Work, the unused portion of the Allowance shall be credited back to the City in the form of a Change Order.

D. The City shall pay the Contractor for the services rendered hereunder and completed in accordance with the terms and conditions of this Contract an amount not to exceed $366,782.00 for the entire

Project in accordance with Exhibit C Fee Schedule attached hereto and incorporated herein OR, upon the completion and acceptance thereof by the City or its duly authorized agent. The contract price includes a contingency amount for unanticipated work within the scope of the agreement and may only be authorized at the discretion of the City's Architectural Engineering Director.

E. Notwithstanding the preceding, Contractor shall perform no work under this Contract until receipt of a notice to proceed. Contractor acknowledges and agrees that no minimum amount of work is guaranteed under this Contract and City may elect to issue no notice to proceed. If a notice is issued, the City reserves the right to amend, reduce or cancel the notice in its sole discretion.

F. The City's performance and obligation to pay under this Contract is contingent upon an appropriation by the City Council or by grant award. In the event funds are not appropriated or approved for any fiscal year, this agreement shall terminate upon notice to Contractor. The City shall promptly notify the Contractor if the necessary appropriation is not made.

IV. METHOD OF PAYMENT

A. Progress Payments

1. Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the City shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.
2. The period covered by each Application for Payment shall be one calendar month ending on the 25th of the month. Provided that an Application for Payment in acceptable format is received by the Architect not later than the first 1st day of a month, the City shall make payment of the amount certified to the Contractor not later than the tenth 10th day of the following month.
3. If an Application for Payment in acceptable format is received by the Architect after the application date fixed above, payment of the amount certified shall be made by the City not later than Forty (40) days after the Architect receives the Application for Payment.
4. Federal, state or local laws may require payment within a certain period of time.
5. Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This accepted schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.
6. Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.
7. General Conditions of the Contract for Construction (including City's then current Modifications), and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

a. The amount of each progress payment shall first include:
    i. That portion of the Contract Sum properly allocable to completed Work;
    ii. That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the City, suitably stored off the site at a location agreed upon in writing and insured as specified.
    iii. Completed work shall be determined by multiplying the percentage completion of each portion of the Work by the share of the Contract Sum allocated to that portion of the Work in the schedule of values.

b. The amount of each progress payment shall then be reduced by:
    i. The aggregate of any amounts previously paid by the City;
    ii. The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment;
    iii. Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;
    iv. For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part; and
    v. Retainage withheld pursuant to Section IV(A)(8).

c. Any Progress Payment shall include partial release of liens for material and labor for previous application for payment amount approved and paid. The DBE Utilization Report shall be included with the pay application.

8. Retainage
    a. For each progress payment made prior to Substantial Completion of the Work, the City may withhold the following amount, as retainage, from the payment otherwise due:
        i. Five percent (5%) of the first fifty percent (50%) of the completed work and after fifty percent (50%) completion has been accomplished, no further retainage shall be held from the original Contract Sum. Increases in the contract sum by Change Order shall also be subject to retainage.
        ii. Upon Substantial Completion of the Work, the Contractor may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section IV(A)(8). The Application for Payment submitted at Substantial Completion shall not include retainage as follows:

        The net amount of the Retainage shall be equal to two and one half percent (2.5%) of total Contract Sum, as increased or decreased by Change Order.

9. If final completion of the Work is materially delayed through no fault of the Contractor, the City shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.
10. Except with the City's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

B. Final Payment

1. Final monthly progress payment, constituting the entire unpaid balance of the Contract Sum, less retainage, shall be made by the City to the Contractor when
   a. the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A201 (including City's then-current modifications which may be obtained from the City or, alternatively, a copy of which is incorporated in the Project Manual and incorporated by reference herein as a part thereof), and to satisfy other requirements, if any, which extend beyond final payment; and
   b. a Certificate of Substantial Completion has been issued by the Architect/City and the project accepted.
2. The City's final payment to the Contractor of retainage shall be made as follows:

   The final two and one half percent (2.5%) of the total Contract Sum retained will not be paid until proof of publication is submitted and all written claims paid in full. Contractor to submit the following:

   a. Contractor's Affidavit of Payment of Debts and Claims (AIA form G706, included in contract documents) with
      i. Contractor's Release or Waiver of Liens
      ii. Releases or Waivers of Liens from Subcontractors and Material and Equipment Suppliers;
   b. Contractor's Affidavit of Release of Liens (AIA form G706A, included in contract documents);
   c. Consent of Surety, if any, to final payment (AIA form G707, included in contract documents);
   d. Any additional close out requirements per the contract documents; and
   e. Notarized Affidavit of Notice of Completion advertisement from publisher.

   Contractor shall provide proof of publication of Notice of Completion in a local newspaper once per week for a minimum of three (3) consecutive weeks., as required in the Title 39, Section 39-1-1, Subsection (f), of the Code of Alabama quoted below. "The Contractor shall, immediately after the completion of the contract, give notice of Completion by an advertisement in a newspaper of general circulation published within the city or county in which the work has been done, for a period of once per week for a minimum of three (3) consecutive weeks. A final settlement shall not be made upon the contract until the expiration of thirty (30) days after the completion of the notice. Proof of publication of the notice shall be made by the contractor to the authority by whom the contract was made by affidavit of the publisher and a printed copy of the notice published. If no newspaper is published in the county

in which the work is done, the notice may be given by the contract." (Acts 1927, No. 39, 9.37; Acts 1935, No. 39, 9. 70; Code 1940, T. 50, Section 16; Acts 1983, No. 83-737, 9.1203; Acts 1989, No. 89-650m 9. 1284, Section 1; Acts 1994, No. 94-207, p, 270, Section 1; Acts 1997, No. 97-225, p. 348, Section 1.)

The Notice of Completion shall read as follows:

STATE OF ALABAMA
COUNTY OF MOBILE
NOTICE OF COMPLETION

In accordance with Chapter I, Title 39, Code of Alabama, 1975, NOTICE IS HEREBY given that JPayne Organizations, LLC has completed the contract for CIP D7 Senior Center, 6024 Lorma Road, Mobile, Alabama 36608, Project #PR-049-25. All persons having any claims for labor, material or otherwise in connection with this project should immediately notify the Architectural Engineering Department, City of Mobile, P. O. Box 1827, Mobile, Alabama 36633-1827.

C. Publication of the Notice of Completion shall not begin until the Project has been accepted as Substantially Complete by the City of Mobile.

V. ADDITIONAL SERVICES

A. No changes to this Contract or the performance contemplated hereunder shall be made unless the same are in writing and signed by both the Contractor and the City's authorized agent.

B. If the City's Architectural Engineering Director requires the Contractor to perform additional services related to this Contract then the Contractor shall be entitled to additional compensation based on the Fee Schedule as amended to the extent necessary to accommodate such additional work. The additional compensation shall be agreed upon before commencement of any additional services or changes and shall be incorporated into this Contract by written amendment. The City shall not pay for any additional service or work performed before a written amendment to this Contract is executed by the City and the Contractor. Notwithstanding the preceding, in the event additional services are required as a result of error, omission or negligence of the Contractor, the Contractor shall not be entitled to additional compensation.

VI. LIABILITY OF CONTRACTOR

A. To the fullest extent permitted by law, Contractor covenants to release, defend, indemnify, hold harmless, protect, and exonerate both the City and its agents, employees, and representatives, from and against any and all liability, claims (direct and indirect), damages, losses, suits, actions, demands, liens, arbitrations, administrative proceedings, awards, judgments, expenses, costs, and attorneys' fees pertaining to personal injury, bodily injury, death, damage to or destruction of property (including any loss of use), economic loss or damage, labor disputes, safety requirements, performance or non-performance of obligations, certifications, property rights of third parties, sickness or disease, which (1) are caused in whole or in part by the Contractor (herein defined to include but not be limited to Contractor's owners, employees, agents, representatives,

subcontractors, suppliers, and invitees or other third parties connected with the Contractor as well as the agents or employees of any of them), or (2) arise out of or are related to work undertaken or to be performed by the Contractor, or (3) arise out of or are related to any other act or omission relating to the Contractor, the Contract, the work under the Contract or otherwise undertaken by the Contractor as defined in the parenthetical of (1) above. It is the specific and express intent of the parties to the contract for the foregoing covenants and indemnity obligations to apply to the fullest extent permitted by applicable law, regardless of whether the liability is caused in whole or in part by a party indemnified hereunder, and whether said liability be caused by, or arise out of, any joint, concurrent, or contributory negligence of a party indemnified hereunder. The contractor agrees it is not a design professional within the meaning of § 41-9A-3, Ala. Code (1975).

B. This section of the Agreement will survive the expiration or termination of the Agreement.

VII. CONTRACTORS INSURANCE

A. Workmen's Compensation Insurance: - Statutory-amount and coverage as required by all applicable laws, rules or regulations of the State of Alabama and the United States of America, including the U. S. Longshore and Harbor Workers Act and the Jones Act, if applicable.

B. Employee's Liability Insurance shall be provided for limits of liability not less than:

Bodily Injury by Accident	$1,000,000 each accident
Bodily Injury by Disease	$1,000,000 each employee
Bodily Injury by Disease	$1,000,000 each policy

C. United States Longshoreman's Harbor Worker's Act.

D. Jones Act Coverage (if applicable) placed either in the Workers Compensation or through the Marine General Liability.

E. The Contractor shall provide Broad Form (commonly termed Comprehensive) General Liability Insurance (including premises-product-completed operations, independent contractors, and blanket contractual liability), specifically covering the obligations assumed by the Contractor for limits of liability not less than:

1. Bodily Injury	$1,000,000 each person $1,000,000 each occurrence
2. Property Damage	$1,000,000 each occurrence; or
3. Bodily Injury and Property Damage	$1,000,000 combined single limit

F. Such comprehensive policy shall include the following:

1. All liability of the Contractor, for the Contractor's Direct Operations.
2. Subcontractor's Operations.

3. Completed Operations Cover, thereby meaning any loss which shall occur after the contract has been completed, but which can be traced back to the Contract.
4. General Aggregate Limit of $2,000,000 shall apply on a "Per Project" Basis.
5. Contractual Liability, meaning thereby; any risk assumed by the Contractor under Hold Harmless Agreements or any other assumption of liability
6. Broad Form Property Damage Coverage, including Completed Operations.
7. Personal Injury Liability, with employee's exclusions removed.
8. Explosion and Collapse Hazard (if applicable):
9. Underground Hazard (if applicable):
10. Marine General Liability shall include Premises and Operations, Personal and Advertising Injury, Products and Completed Operations, Protection and Indemnity including vessel and crew (if applicable).
11. Deletion of watercraft exclusion with respect to non-owned vessels and contractual Liability for watercraft exposure not covered by Protection and Indemnity policy.
12. The Marine General Liability policy must include an endorsement to cover "Sudden And Accidental Pollution."

G. The Contractor shall carry for himself and shall require that all Subcontractors and all Citys of Automobiles or trucks rented or hired on the contract carry, until the Contracts is completed, Comprehensive Automobile Liability Coverage for Bodily Injury and property. Damage for any auto in amounts not less than the minimum amounts as indicated. The Contractor and Subcontractor shall also carry for themselves insurance for all non-owned and hired automobile at the limits of liability as indicated below:

1. Bodily Injury	$1,000,000 each person $1,000,000 each occurrence
2. Property damage	$1,000,000 each occurrence; or,
3. Bodily Injury and Property damage	$1,000,000 combined single limit
H. Umbrella/Excess Liability:	$2,000,000 combined single limit each occurrence for bodily injury and/or property damage

I. Builder's Risk Coverage (Property Insurance): The Contractor shall carry for the City, himself, and all Subcontractors a Builder's Risk Policy to cover the full amount of the Contract during construction, fabrication or erection of any equipment.

1. The Contractor shall purchase and maintain, in a company or companies lawfully authorized to do business in the jurisdiction in which the Project is located, property insurance written on a builder's risk "all-risk" or equivalent policy form in the amount of the initial Contract Sum, plus value of subsequent Contract Modifications and cost of materials supplied or installed by others, comprising total value for the entire Project at the site on a replacement cost basis. Such property insurance shall be maintained, unless otherwise provided in the Contract

Documents or otherwise agreed in writing by all persons and entities who are beneficiaries of such insurance, until final payment has been made, or until no person or entity other than the City has an insurable interest in the property, whichever is later. This insurance shall include interests of the City, the Contractor, Subcontractors, Sub-subcontractors, and the Design Professionals in the Project.

2. Property insurance shall be on an "all-risk" or equivalent policy form and shall include, without limitation, insurance against the perils of fire (with extended coverage) and physical loss or damage including, without duplication of coverage, theft, vandalism, malicious mischief, collapse, windstorm, falsework, testing and startup, temporary buildings and debris removal including demolition occasioned by enforcement of any applicable legal requirements, and shall cover reasonable compensation for Architect's and Contractor's services and expenses required as a result of such insured loss.

3. If the property insurance requires deductibles, the Contractor shall pay costs not covered because of such deductibles. Deductibles shall be limited to a maximum of $2,500.00 unless the loss is caused by windstorm; then deductible shall be a maximum of three percent (3%) of the insured value.

4. This property insurance shall cover the full value of equipment, material, and other portions of the Work stored off the site, and also portions of the Work in transit. There shall be no limits on the value of loss per occurrence.

5. A named storm endorsement is required. The deductible shall be a maximum of three percent (3%) of the insured value.

J. A Surety authorized to do business in the State of Alabama shall furnish the required Insurance.

K. The standard ACORD™ format shall be provided. The ACORD™ Certificate must be signed or countersigned by a Licensed Resident Agent of the State of Alabama and the agent's name, address and telephone number must appear on the face of the certificate.

L. The Surety must have a minimum rating of A/Class VI as reported in the latest issue of Best's Key Rating Guide Property-Casualty, published by Alfred M. Best Company, Inc. if the bid price exceeds $50,000.00.

M. "In Rem" endorsement.

N. Contractor shall procure and maintain insurance as specified in Exhibit D, City of Mobile Insurance Requirements, attached hereto and made a part of this Agreement.

The insurance shall be written for not less than limits of liability specified in the Contract Documents or required by law, whichever coverage is greater. Coverages, whether written on an occurrence or claims-made basis, shall be maintained without interruption from the date of

commencement of the Work until the date of final payment and termination of any coverage required to be maintained after final payment, and, with respect to the Contractor's completed operations coverage, until the expiration of the period for correction of Work or for such other period for maintenance of completed operations coverage as specified in the Contract Documents.

Certificates of insurance acceptable to the City shall be filed with the City within ten (10) calendar days from date of issuance of contract forms for execution. Contractor shall deliver to the City of Mobile, certificates of insurance certifying the existence and limits of the insurance coverages along with separate policy endorsements. Contractor shall also be responsible for delivering policy renewal certificates to the City of Mobile, and thereafter upon renewal or replacement of each required policy of insurance. These certificates and the insurance policies shall contain a provision that coverages afforded under the policies will not be cancelled subject to non-renewal nor material change, or allowed to expire without at least thirty (30) days' (except ten (10) days from non-payment) prior written notice has been given to the City. An additional certificate evidencing continuation of liability coverage, including coverage for completed operations, shall be submitted with the final Application for Payment and thereafter upon renewal or replacement of such coverage until the expiration of the time. Information concerning reduction of coverage on account of revised limits or claims paid under the General Aggregate, or both, shall be furnished by the Contractor with reasonable promptness.

All policies of insurance, except worker's compensation, shall be endorsed to provide that all such insurances are primary and non-contributing with any other insurance maintained by the City of Mobile and endorsed to waive rights of subrogation in favor of the City of Mobile.

The Contractor shall cause the commercial liability coverage required by the Contract Documents to include (1) the City, the Architect and the Architect's Consultants as additional insureds for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's operations; and (2) the City as an additional insured for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's completed operations.

O. The Contractor shall provide bonds as set forth below:

Contractor shall furnish bonds covering faithful performance of the Contract and payment of obligations arising thereunder.

Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

The Labor and Material Payment Bond and the Performance Bond shall each be for one hundred percent (100%) of the Contract Sum.

1. Bond shall be submitted with the executed agreement on provided form(s).

2. Power of Attorney is required for both bonds.

3. A Surety authorized to do business in the State of Alabama shall furnish both bonds.

4. A Surety licensed to do business in the State of Alabama must execute the bonds.

5. The Surety must have a minimum rating of A/Class VI as reported in the latest issue of Best's Key Rating Guide Property-Casualty, published by Alfred M. Best Company, Inc., if the bid price exceeds $50,000.00.

6. The Surety company shall be required to execute AIA Document G-707, "Consent of Surety to Final Payment" prior to Final Payment being made to the Contractor.

VIII. RESPONSIBILITIES OF THE CONTRACTOR

A. The personnel assigned by the Contractor to perform the services of this Contract shall comply with the terms set forth in this Contract. The Contractor shall ensure that all key personnel, support personnel, and other agents are fully qualified and capable to perform their assigned tasks. Any change or substitution to the Contractor's key personnel must receive the City's Department Head's written approval before said changes or substitution can become effective.

B. The Contractor agrees to respond to communication from the City within three working days unless a shorter response time is specified by the City.

C. The Contractor warrants that it has not employed or retained any company or person (other than a bona fide employee working solely for the Contractor), to solicit or secure this Contract and that he has not paid or agreed to pay any person, company, corporation, individual, or firm other than a bona fide employee working solely for the Contractor; any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award of this Contract.

D. Contractor agrees that it and its employees shall communicate with City employees and members of the public in a civil manner. All aspects of a Contractor's performance, including complaints received from City employees or members of the public, may impact the City's decision to renew or terminate this Contract in accordance with the provisions contained herein. The City further reserves the right to suspend or debar the Contractor from consideration for award of future contracts in accordance with Alabama competitive bid law if the Contractor does not abide by the terms of this contract.

E. The Contractor shall comply with all federal, state, and local laws, regulations and ordinances applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex, or national origin in the performance of work under this Contract.

F. The Contractor shall maintain books, records, documents, and other evidence directly pertaining to or connected with the services under this Contract which shall be available and accessible at the Contractor's offices for the purpose of inspection, audit, and copying during normal business hours by the City, or any of its authorized representatives.

G. The Contractor is, and shall be, in the performance of all work, services and activities under this Contract, an independent contractor. Contractor is not an employee, agent, or servant of the City

and shall not represent itself as such. All persons engaged in any work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the Contractor's sole direction, supervision and control. The Contractor shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the Contractor's relationship and the relationship of its employees to the City shall be that of an independent contractor and not as employees of the City. The Contractor shall be solely responsible for providing benefits and insurance to its employees.

IX. TIME FOR PERFORMANCE

A. Time is of the essence in the performance of this Contract. The Contractor specifically agrees that contract time will begin on the date the Notice to Proceed is issued. Contractor also agrees no work will begin prior to such date. All work to be performed under the provisions of this Contract shall be completed to Substantial Completion in not more than Ninety (90) calendar days and all work shall be completed to Final Acceptance within thirty (30) calendar days from Substantial Completion, or thirty (30) calendar days from delivery to Contractor of a list of items to be completed punch list. Upon Final Completion, Contractor shall deliver Notice of Final Completion via Hard Copy Format and an Electronic Copy Format within (30) calendar days from the competition of services.

X. ENUMERATION OF DOCUMENTS

A. Standard Form of Agreement Between City and Contractor;

B. General Conditions of the Contract for Construction, including City's then-current modifications, a copy of which is incorporated in the contract documents and incorporated by reference herein as a part thereof.

C. Drawings

g.	Section 00700	General Conditions of the Contract for Construction-Document A201

XI. LIQUIDATED DAMAGES

A. The parties to this Contract agree that time is of the essence in the work provided for herein and that a precise determination of actual damages which would be incurred by the City for delay in the completion of the work provided for herein, aside from the additional cost of inspection and supervision, would be difficult to ascertain. Accordingly, the parties to the Contract agree that the liquidated damages for those items of damage not otherwise provided for by this Contract, for each and every day that the time consumed in completing the work provided for in these construction documents exceeds the time(s) allowed therefore, shall be the amount(s) stated below per day, including Saturdays, Sundays, and legal holidays. The parties specifically agree that the liquidated damages provided for herein do not constitute a penalty. Furthermore, since the additional cost of inspection and supervision arising from a delay is not difficult to ascertain, it is agreed that the Contractor shall pay, in addition to the liquidated damages provided for herein, all expenses for inspection and supervision occasioned by the failure of the Contractor to complete the work within

the time(s) fixed for completion herein. The amount(s) of liquidated damages together with the additional costs for inspection and supervision occasioned by the Contractor's delay will be deducted and retained out of the monies payable to the Contractor. If not so deducted, the Contractor and sureties for the Contractor shall be liable therefore. The amount of liquidated damages to be assessed for each calendar day that any Work remains uncompleted, or any required closeout documents are not acceptably submitted, for more than thirty (30) days after the time specified for the Substantial Completion shall be Two Hundred Fifty Dollars ($250.00) per day, the amount of which shall be deducted by the owner, and shall be retained by the Owner out of monies otherwise due the Contractor in the final payment, not as a penalty, but as liquidated damages sustained.

XII. FORCE MAJEURE

A. The Contractor specifically agrees that all work performed under the terms and conditions of this Contract shall be completed within the time limits as set forth herein, or as otherwise identified in the City's purchase order or specified by the City's Department Head, subject only to delays caused by force majeure, or as otherwise defined herein. "Force majeure" shall be deemed to be any cause affecting the performance of this Contract arising from or attributable to acts, events, omissions or accidents beyond the reasonable control of the parties.

XIII. OBLIGATIONS OF THE CITY

A. City shall designate a Department Head or other person to act as City's representative with respect to this Agreement. Such person will have authority to transmit instructions, receive information, and interpret and define City's policies and decisions regarding the scope of services.

B. City shall furnish to Contractor all applicable information and technical data in City's possession or control reasonably requested by Contractor for the proper performance of the Services.

C. The City's Designated representative will do all things necessary to properly administer the terms and conditions of this Agreement, including, but not limited to: 1. Review of all Contractor payment requests for approval or rejection. 2. Periodic reviews of the work of the Contractor as necessary for the completion of the Contractor's services during the period of this Agreement.

D. The City shall not provide any services to the Contractor in connection with any claim brought on behalf of or against the Contractor.

XIV. TERMINATION

A. The City shall have the right at any time upon thirty (30) calendar day's written notice to the Contractor to terminate the services of the Contractor. The City shall pay to the Contractor and the Contractor shall accept as full payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

B. Any failure of the Contractor to satisfy the requirements of this Contract, as documented by the Department Head, shall be considered a default of the Contract and sufficient reason for termination. 1. For defaults that are curable (as determined by the City), the Contractor shall be

notified in writing by the City and shall have an opportunity to cure such default(s) within ten (10) working days after notification. 2. For defaults that are not curable (as determined by the City), notice of the termination date shall be given as deemed appropriate by the City.

C. In the event the City's termination of this Contract for default is in any way deficient, at the option of the City such termination shall be deemed to be a termination for convenience pursuant to Section XIV(A) above.

D. The parties may mutually agree to terminate this Contract. Such termination shall be evidenced by a notice issued by the City. The City shall pay to the Contractor and the Contractor shall accept as payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

E. In the event that the Contractor has abandoned performance under this Contract, then the City may terminate this Contract upon three (3) calendar day's written notice to the Contractor indicating its intention to do so. Payment for work performed prior to the Contractor's abandonment shall be as stated above. Contractor shall have one hundred and eighty (180) days to submit invoices. Invoices submitted after one hundred and eighty (180) days may not be accepted for payment.

F. The Contractor shall have the right to terminate services only in the event of the City failing to pay the Contractor's properly documented and submitted invoice within ninety (90) calendar days of the approval by the City's Department Head, or if the Project is suspended by the City for a period greater than ninety (90) calendar days.

G. After consultation with and written Notice to the Contractor providing a reasonable opportunity to cure, the City shall have the right to refuse to make payment, in whole or part due to: 1. The quality of a portion, or all, of the Contractor's work not performed in accordance with the requirements of this Contract; 2. The quantity of the Contractor's work not delivered or performed as represented in the Contractor's Payment Request, or otherwise; 3. Claims made, or likely to be made, against the City, or its property; 4. Damages to the City or a third party caused by Contractor; 5. The Contractor's failure or refusal to perform any other obligation under this Contract.

XV. DISPUTE RESOLUTION

A. In the event of a dispute or claim arising out of this Agreement, the parties agree first to try in good faith to settle the dispute by direct discussion. If this is unsuccessful, the parties may enter into mediation in Mobile City, Alabama, with the parties sharing equally in the cost of such mediation.

B. In the event mediation, if attempted, is unsuccessful in resolving a dispute, the parties may proceed to litigation as set forth below.

C. Any dispute, action or proceeding arising out of or related to this Agreement will be exclusively commenced in the state courts of City of Mobile, Alabama, or where proper subject matter jurisdiction exists in the United States District Court for the Southern District of Alabama. Each party irrevocably submits and waives any objections to the exclusive personal jurisdiction and venue of such courts, including any objection based on forum non conveniens.

D. Contractor agrees to waive all rights to trial by jury for any litigation undertaken concerning this Agreement

E. This Agreement and the rights and obligations of the parties shall be governed by the laws of the State of Alabama without regard to its conflict of laws principles.

F. Unless otherwise agreed in writing, the Contractor shall be required to continue its services and all other obligations under this Agreement during the pendency of the claim or dispute, including, but not limited to, the actual period of mediation or judicial proceedings.

XVI. CONTRACTOR WARRANTY

A. Contractor shall provide a minimum one (1) years warranty from the date of substantial completion of all Labor and Materials for the Work covered by this contract, unless otherwise specified. Labor and Material warranties required by other sections of the construction document shall not conflict with this provision. The most stringent warranty provision shall apply

B. Best Management Practices (BMPs): The Contractor shall be responsible for providing, implementing and maintaining BMPs for sediment and erosion control in full compliance with all applicable Local, State and Federal Codes and Ordinances throughout the contract period. All Work shall be in accordance with the Clean Water Act; the Alabama Water Pollution Control Act; the current version of the Alabama Handbook for Erosion Control, Sediment Control Storm water Management on Construction sites and Urban Areas; and the current version of the Mobile, Alabama City Code Chapter 17 Storm water Management and Flood Control. All Wastewater with oils, grease, paint, mortar, etc., shall be properly contained and disposed of.

C. All products provided under this Contract shall be new and of the most suitable grade for the purpose intended.

D. If any product delivered does not meet performance representations or other quality assurance representations as published by manufacturers, producers or distributors of the products or the specifications listed in this Contract, the Contractor shall pick up the product from the City at no expense to the City. The City reserves the right to reject any or all materials if, in its judgment, the item reflects unsatisfactory workmanship or manufacturing or shipping damage. In such case, the Contractor shall refund to the City any money which has been paid for same.

E. Contractor warrants that the products under normal use and service will be free from material defects in materials and workmanship. In the event Contractor's standard product warranty is for a period of time longer than that stated above, this warranty shall be extended to that longer duration.

F. All services will be performed (i) by qualified personnel in a professional and workmanlike manner, consistent with industry standards, (ii) in accord with the performance specifications, scope of work and terms and conditions set forth in this agreement, (iii) with due care and in accord with applicable laws and regulations including all laws and regulations relating to the scope of work in the agreement, health, safety and the environment, fair labor practices, unlawful discrimination and immigration, and (iv) in accord with generally prevailing industry standards. Upon City providing notice to Contractor as set out in a reasonably detailed written notice to cure any non-conformance

within thirty (30) days of occurrence, Contractor agrees to re-perform the services to achieve commercially reasonable conformance with this warranty.

XVII. SUSPENSION/STOP WORK ORDER

A. The City's Department Head, may at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract. Any order shall be identified specifically as a stop work order issued pursuant to this clause. This order shall be effective as of the date the order is delivered to the Contractor. Upon receipt of such an order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. The Contractor shall not resume work unless specifically so directed in writing by the City. The Department Head shall take one of the following actions: 1. Cancel the stop work order; or 2. Terminate the work covered by the order; or 3. Terminate the Contract in accordance with provisions contained in Section XIV(A).

B. In the event the City of Mobile determines not to direct the Contractor to resume work, the stop work order may be converted into a notice of termination for convenience pursuant to Section XIV(A). The notice period for such termination shall be deemed to commence on the date of issuance of the stop work order. In the event the City does not direct the Contractor to resume work within ninety (90) days, the Contractor may terminate this Contract.

XVIII. NOTICES

A. The City of Mobile Authorized Agent, authorized to act on the City's behalf with respect to the Project is the Architectural Engineering Director.

B. Any notices of any nature, whatsoever, including but not limited to notice of termination or default shall be sufficient if sent by parties via United States Certified mail, postage paid, or via nationally recognized delivery service, to the address listed below:

CITY:
City of Mobile
c/o Director, Architectural Engineering
As: City's Authorized Agent
P.O Box 1827
Mobile, AL 36633-1827

CONTRACTOR:
JPayne Organizations, LLC
c/o Joseph Payne, Managing Partner
Contractor's Authorized Agent
2655 Airport Blvd
Mobile Al 36606

CITY OF MOBILE – LEGAL:
City of Mobile
Legal Department
P.O. Box 1827
Mobile, AL 36633-1827

C. Any change in the City's Department Head or the Contractor's Authorized Agent will be promptly communicated by the party making the change.

XIX. DEFAULT/ BREACH

A. Default. Default, for purposes of this contract, shall include, but is not limited to, any of the following: 1) failure to perform the work or provide the services in accordance with the terms of the contract, 2) failure to meet established deadlines or schedules, 3) substandard or non-compliant work or services, 4) failure to comply with applicable laws, regulations, or permits, including state and federal law, local ordinances and any federal grant requirements, 5) failure to make payments to subcontractors or suppliers, 6) failure to communicate adequately with the City regarding progress or issues, 7) unauthorized assignment or transfer of the contract without prior written consent from the City, 8) failure to correct deficiencies after receiving written notice from the City, 9) misrepresentation or falsification of information provided in contract proposals or during performance,10) failure to maintain required insurance coverage, 11) use of unapproved subcontractors or failure to supervise subcontractors adequately, 12) unauthorized use of City property, equipment, or resources, 13) failure to comply with safety standards, resulting in hazardous conditions or accidents, 14) violation of confidentiality or data protection requirements outlined in the contract, 15) breach of warranties related to the quality, fitness, or compliance of goods or services provided, 16) failure to provide required reports, documentation, or certifications within specified timelines, 17) delays caused by inadequate staffing, equipment, or materials, 18) failure to replace defective or non-compliant materials or equipment within a reasonable time-frame, 19) violation of environmental regulations, including improper disposal of hazardous materials, 20) failure to cooperate with City inspectors, auditors, or other designated officials during site visits or reviews, 21) failing to comply with written directives from the City to correct specific issues or deficiencies, 22) subcontractor abandonment or unauthorized substitution of key personnel, 23) unauthorized cessation of work or delays caused by disputes with subcontractors, 24) breach of intellectual property rights, including unauthorized use of copyrighted or proprietary materials, 25) misuse of funds allocated for specific tasks or deliverables, 26) failure to meet minority, small business, or other subcontracting goals as specified in the contract, 27) failure to maintain adequate security measures for sensitive information or physical assets, 28) failure to address health and safety violations that result in injury or property damage, 29) providing false claims for payments, reimbursements, or change orders, 30) failing to meet requirements for workforce certifications or qualifications outlined in the contract, 31) failure to disclose debarment or loss of required license.

XX. EFFECT OF DEFAULT

A. Upon the occurrence of default, City shall have rights which include but are not limited to (i) the right to keep this Contract in effect and sue Contractor for all damages caused by the default and recover the cost thereof; (ii) the right to cure any such default by Contractor and to recover any damages caused thereby; and (iii) the right to terminate this Contract either as to the entire Project or part thereof, in either case by giving Contractor written notice of such termination. In the event of termination of this Agreement by the City because of the Contractor's default or breach, the City may take possession of all materials, equipment, tools, construction equipment, and machinery thereon owned by the Contractor and may finish the Project by whatever method and means City may select subject to its obligation to reasonably mitigate.

XXI. WITHHOLDING PAYMENT DUE

A. Default by Contractor shall excuse any obligation of City to pay compensation or sums otherwise due Contractor under the agreement. City may withhold any and all sums due if there has been a default or breach by Contractor of any provision of this agreement.

XXII. CURE PLAN

A. If Contractor fails to comply with any material provision of this agreement, the City may issue a written notice requiring Contractor to submit a corrective action plan (CAP) within such time as City directs. If Contractor fails to provide an acceptable CAP or does not cure the breach within the time frame specified, the City may invoke additional sanctions or terminate this Agreement.

XXIII. EFFECT OF DEFAULT ON FUTURE COMPETITIVE BIDDING

A. Failure by the Contractor to perform in accordance with the terms, conditions, and specifications of this agreement, including but not limited to failure to complete work within the specified time frame, failure to meet quality or safety standards, or abandonment of the project, and any other breach as defined herein, may be considered by City in evaluating the Contractor's status as a 'responsible bidder' as defined under Alabama law in future competitive bid determinations within the parameters of acceptable evaluation.

XXIV. PEER REVIEW/VALUE ENGINEERING

A. The City reserves the right to engage independent experts to conduct peer reviews or value engineering analyses of the Project at any stage. Contractor shall cooperate fully by providing necessary documentation and access. If the peer review identifies opportunities for cost savings or performance improvements without compromising safety or quality, Contractor shall implement such recommendations as directed by the City, subject to equitable adjustments if necessary.

XXV. ANTI-BOYCOTT

A. Contractor agrees it is not currently engaged in and will not engage in the boycott of a person or an entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade within the meaning of Alabama Code 41-16-5.

XXVI. NON-DISCRIMINATION

A. Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

XXVII. COMPLIANCE WITH IMMIGRATION LAW

A. By signing this contract, the contracting parties affirm, for the duration of the Agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Pursuant to Alabama Code (1975) Section 31-13-9, if Contractor employs one or more employees within the State of Alabama, Contractor shall provide documentation establishing that Contractor is enrolled in the *E-Verify* program. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the Agreement and shall be responsible for all damages resulting therefrom.

XXVIII. MISCELLANEOUS

A. This Agreement constitutes the sole and complete understanding between the parties and supersedes all agreements between them, whether oral or written with respect to the subject matter. No Amendment, change or addendum to this Agreement is enforceable unless agreed to in writing by both parties and incorporated into this Agreement.

B. The language of this Agreement shall be construed, in all cases, according to its fair meaning and not for or against any party hereto.

C. The parties hereto do not intend nor shall this Agreement be construed to grant any rights, privileges or interest to any third party.

D. Time is of the essence with regard to each and every aspect of the Contractor's performance under this Contract.

E. The rights and remedies of the City provided for under this Agreement are in addition to any other rights and remedies provided by law.

F. If the Contractor is comprised of more than one legal entity, each entity shall be jointly and severally liable hereunder.

G. The exercise by either party of any rights or remedies provided herein shall not constitute a waiver of any other rights or remedies available under this Agreement or any applicable law.

H. If any term, condition, or covenant of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this Agreement shall be valid and binding on each party.

I. The parties covenant and agree that each is duly authorized to enter into and perform this Agreement and those executing this Agreement have all requisite power and authority to bind the parties.

J. Neither the City's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

K. Paragraph headings are for the convenience of the parties and for reference purposes only and shall be given no legal effect.

L. In the event of conflicts or inconsistencies between the provisions of this agreement and those in any attachment or Exhibit hereto, then the provisions of this agreement will take precedence and be applicable, binding and enforceable.

M. Preparation of Agreement. All provisions of this Agreement have been subject to full and careful review by and negotiation between Contractor and City. Each such party has availed itself of such legal advice and counsel as it, respectively, has deemed appropriate. The parties hereto agree that neither one of them shall be deemed to be the drafter or author of this Agreement, and in the event this Agreement is subject to interpretation or construction by a court of law or panel of arbitration, such court or panel shall not construe this Agreement or any portion hereof against either party as the drafter of this Agreement.

N. Entire Agreement. This Agreement embodies the entire agreement and understanding between the parties pertaining to the subject matter of this Agreement, and supersedes all prior agreements, understandings, negotiations, representations and discussions, whether verbal or written, of the parties pertaining to that subject matter.

O. Binding Effect. The provisions of this Agreement shall bind and inure to the benefit of the parties and their respective successors and permitted assigns.

P. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute a single agreement.

Q. Amendment and Waiver. This Agreement may be amended, modified or supplemented only by a writing executed by each of the parties. Any party may in writing waive any provisions of this Agreement to the extent such provision is for the benefit of the waiving party. No action taken pursuant to this Agreement shall be deemed to constitute a waiver by that party of any other party's compliance with provisions of this Agreement. No waiver by any party of a breach of any provision of this Agreement shall be construed as a waiver of any subsequent or different breach, and no forbearance by a party to seek a remedy for noncompliance or breach by another party shall be construed as a waiver of any right or remedy with respect to such noncompliance or breach.

R. Attorney's Fees and Costs. If the City is required to take legal action to enforce this contract, the contractor agrees to reimburse the City for all reasonable attorney's fees and associated costs incurred.

S. Non-Waiver of Rights. Failure by the City to enforce any provision of this contract shall not be deemed a waiver of its rights to enforce any other provision or the same provision in the future.

T. Sovereign Immunity. Nothing in this Agreement shall be construed as a waiver of any governmental, sovereign, or other immunity by the City, its officials, or employees. All defenses and limitations of liability provided by law remain fully applicable.

IN WITNESS WHEREOF, we have hereunto set our hands and seals on this the day and year last written below.

Bond No.: 1001200232

LABOR AND MATERIAL PAYMENT BOND

Any singular reference to Contractor, Surety, Owner or other Party shall be considered plural where applicable.

KNOW ALL MEN BY THESE PRESENTS: That the Contractor, JPayne Organizations, LLC, 2655 Airport BLVD Mobile, AL 36606 , as Principal, and American Contractors Indemnity Company, 801 S. Figueroa St, Suite 700, Los Angeles, CA 90017, as Surety, are held and firmly bound unto the **City of Mobile, P. O. Box 1827, Mobile, AL 36633** (hereinafter called the "Obligee") in the penal sum of Three Hundred Sixty Six Thousand Seven Hundred Eighty Two and 00/100 ($366,782.00), lawful money of the United States, for the payment of which sum well and truly to be made we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally, firmly by these presents.

WHEREAS, said Principal has entered into a certain Contract with said Obligee, dated the ____ day of _____, 2025 (hereinafter called the "Contract") for furnishing all labor, material, equipment and insurance and perform all work required to properly complete CIP D7 Senior Center (PR-049-25) 6024 Lorma Road Mobile, Alabama 36608, which, **THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH** that if said Principal and all subcontractors to whom any portion of work provided for in said Contract is sublet and all assignees of said Principal and of such subcontractors shall promptly make payments to all persons supplying him or them with labor, materials or supplies for or in the prosecution of the work provided for in such Contract, or in any amendment or extension of or additions to said Contract, and for the payment of reasonable attorney's fees, incurred by the claimant or claimants in suits on each bond, then the above obligations shall be void; otherwise to remain in full force and effect.

PROVIDED, however, that this bond is subject to the following conditions and limitations.

(a) Any person, firm or corporation that has furnished labor, materials or supplies for or in the prosecution of the work provided for in said contract shall have a direct right of action against the Principal and Surety on this bond, which right of action shall be asserted in a proceeding instituted in the County in which the work provided for in said Contract is to be performed or in any county in which said Principal and Surety does business. Such right of action shall be asserted in a proceeding instituted in the name of the claimant or claimants for his or their use and benefit against said Principal and Surety or either of them (but not later than one year after the final settlement of said Contract) in which action such claim or claims shall be adjudicated and judgment rendered thereon.

(b) The Principal and Surety hereby designate and appoint Bradford J. Quiri, **Attorney-In-Fact,** as the agent of each of them to receive and accept service of process or other pleading issued or filed in any proceeding instituted on this bond and hereby consent that such service shall be the same as personal service on the Principal and/or Surety. In addition to any other legal mode of service, service of summons, and other process in civil actions brought in Mobile County may be had on the Contractor or the Surety on the bond by leaving a copy of the summons and complaint or other pleading or process with the Mayor of the City of Mobile which shall bind the principal Contractor and Surety to the mode of service above described and that the service shall be the same as personal service on the contractor or surety.

(c) The Surety shall not be liable hereunder for damage or compensation recoverable under any Workmen's Compensation or Employer's Liability Statute.

(d) In no event shall the Surety be liable for a greater sum than the penalty of this bond, or subject to any suit, action or proceeding thereon that is instituted later than two years after the final settlement of said Contract.

(e) This bond is given pursuant to the terms of Alabama Code, Title 39-1-1, et. al., As Amended.

EXECUTED IN FOUR (4) COUNTERPARTS.

POWER OF ATTORNEY

AMERICAN CONTRACTORS INDEMNITY COMPANY TEXAS BONDING COMPANY UNITED STATES SURETY COMPANY U.S. SPECIALTY INSURANCE COMPANY

KNOW ALL MEN BY THESE PRESENTS: That American Contractors Indemnity Company, a California corporation, Texas Bonding Company, an assumed name of American Contractors Indemnity Company, United States Surety Company, a Maryland corporation and U.S. Specialty Insurance Company, a Texas corporation (collectively, the "Companies"), do by these presents make, constitute and appoint:

Jeremy Crawford, Michael D. Williams, William J. Nemec, Tanya Fukushima, William Gerber, Bradford J. Quiri, Amanda M. Quigley, or Andrea Haight of Golden Valley, Minnesota

its true and lawful Attorney(s)-in-fact, each in their separate capacity if more than one is named above, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver **any and all bonds, recognizances, undertakings or other instruments or contracts of suretyship to include riders, amendments, and consents of surety, providing the bond penalty does not exceed** ***** Five Million and 00/100 ***** Dollars (**$5,000,000.00**). This Power of Attorney shall expire without further action on April 23rd, 2026. This Power of Attorney is granted under and by authority of the following resolutions adopted by the Boards of Directors of the Companies:

Be it Resolved, that the President, any Vice-President, any Assistant Vice-President, any Secretary or any Assistant Secretary shall be and is hereby vested with full power and authority to appoint any one or more suitable persons as Attorney(s)-In-Fact to represent and act for and on behalf of the Company subject to the following provisions:

Attorney-in-Fact may be given full power and authority for and in the name of and on behalf of the Company, to execute, acknowledge and deliver, any and all bonds, recognizances, contracts, agreements or indemnity and other conditional or obligatory undertakings, including any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts, and any and all notices and documents canceling or terminating the Company's liability thereunder, and any such instruments so executed by any such Attorney-In-Fact shall be binding upon the Company as if signed by the President and sealed and effected by the Corporate Secretary.

Be it Resolved, that the signature of any authorized officer and seal of the Company heretofore or hereafter affixed to any power of attorney or any certificate relating thereto by facsimile, and any power of attorney or certificate bearing facsimile signature or facsimile seal shall be valid and binding upon the Company with respect to any bond or undertaking to which it is attached.

IN WITNESS WHEREOF, The Companies have caused this instrument to be signed and their corporate seals to be hereto affixed, this 18th day of April 2022.

Bidders and Proposers – Please complete and submit these forms as required by your City of Mobile Bid or Proposal Specification.

If you are submitting a proposal in response to a Request for Qualifications, Request for Proposal, or other solicitation ("Solicitations") issued by the City of Mobile, the bid specification may require you to utilize disadvantaged business enterprise ("DBE") subcontractors and suppliers. If SBE participation is required, you must complete and submit these forms with your proposal. If required, failure to submit this form will render your bid non-responsive. NOTE: To satisfy participation requirements for a federally funded project, you must utilize SBEs certified through the Alabama Unified Certification Program.

If SBE participation is required, and you fail to satisfy the participation requirement, you must show that you made a good faith effort to include such participation; you will be required to submit DBE Compliance Form 2 and include additional information if needed. When so required, failure to address adequately the good faith effort factors on Form 2 will render your bid or proposal non-responsive. The "good faith effort" factors on Form 2 are not intended to be a mandatory, exhaustive, or exclusive.

You are encouraged to work with the City of Mobile Small Business Development Manager when preparing this form. Please consult with the City Small Business Development Manager for a list of eligible SBEs. The "good faith effort" factors on **Form 2** are not intended to be mandatory, exhaustive, or exclusive; they are a tool to help you, and the City of Mobile, determine whether you made efforts which, by their scope, intensity, and appropriateness to the objective, would reasonably be expected to fulfill the participation requirement.

About **"DBEs"**: Disadvantaged business enterprise or DBE means a for-profit small business concern (1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and (2) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

About **"Good Faith" Effort**: Good faith efforts mean efforts to achieve a DBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program requirement. The City of Mobile expects contractors holding large contracts to recruit and engage DBEs to be a part of their team.

Failure to submit this form, when so required by the bid or proposal specification, will render your bid non-responsive.

Please complete this form if you are unable to identify DBE subcontractors or suppliers to reach 15% of the value of your bid.

YES (□)	NO (□)	Did you do these suggested areas for DBE recruitment and engagement
X		**PRE-BID MEETING(S):** The bidder attended all pre-bid meetings scheduled by the City to inform DBEs of contracting and subcontracting opportunities.
X		**DBE/ALDOT DBE LIST(S):** The bidder utilized the Office of Small Business Development list or lists of certified through the Alabama Department of Transportation UCP DBE Listing
X		**SMALL CONTRACT(S):** The bidder selected specific portions of the work to be performed by DBEs in order to increase the likelihood of meeting the DBE goals (including breaking down contracts into smaller units to facilitate DBE participation). Consider support services, including insurance, accounting, temporary labor, and transportation, landscaping, and janitorial as potential areas for DBE use.
X		**FOLLOW-UP:** The bidder followed-up initial indications of interest by DBEs by contacting those DBEs to determine with certainty if they remained interested in bidding.
X		**GOOD FAITH NEGOTIATIONS:** The bidder negotiated in good faith with interested DBEs and did not reject DBEs as unqualified without sound business reasons based on a thorough investigation of their capabilities. Bidders are not expected to engage unqualified subcontractors or subcontractors whose pricing, after negotiation, remains excessive or unreasonable. (Please document qualification deficiencies or unreasonable pricing if it prevented your engagement of specific DBE subcontractors.)
	X	**ADVERTISEMENT:** The bidder advertised in general circulation and/or trade association publications concerning subcontracting opportunities and allowed DBEs reasonable time to respond.
	X	**INTERNET ADVERTISING:** The bidder advertised DBE and/or subcontracting opportunities in the newspaper or other internet portals that are accessible to DBEs and/or potential subcontractors.

X		**INFORMATION:** The bidder provided interested DBEs with adequate information about the plans, specifications and requirements of the subcontract.
X		**WRITTEN NOTICE(S):** The bidder/proposer took the necessary steps to provide written notice in a manner reasonably calculated to inform DBEs of subcontracting opportunities and allowed sufficient time for them to participate effectively.
X		**COMMUNITY RESOURCES:** The bidder/proposer used the services of available community organizations, small and/or disadvantaged business assistance offices and other organizations that provided assistance in the recruitment and placement of DBE firms.

CONTRACT RECORDS:

The bidder/proposer has maintained the following records for each DBE that has bid on the subcontracting opportunity:

1. Name, address, email address and telephone number
2. A description of information provided by the bidder/proposer or subcontractor; and
3. A statement of whether an agreement was reached, and if not, why not, including any reasons for concluding that the DBE was unqualified to perform the job.

Section 2(B)

_____ There are not ways to break out 15% of the value of this contract for subcontractors / suppliers. Provide further details as to why and attach the document to this form if there is an inability to break out 15% of the value of the contract was the reason, or a reason, you could not meet the participation requirements.

_____ Could not find sufficient DBEs to provide subcontracting or supplier services.

_____ DBEs were available but did not have sufficient qualifications or experience to meet the needs of this contract.

Please indicate additional efforts you have taken to recruit and engage DBEs. _____

SECTION 00100
INVITATION TO BID

You are invited to submit a sealed bid for construction of the following facility:

PROJECT NAME: CIP D7 Senior Center
PROJECT LOCATION: 6024 Lorma Road, Mobile, Alabama 36608
PROJECT NUMBER: PR-049-25

1 BID DATE:

A. Sealed Bids will be received and clocked in until 2:15 PM local time, Wednesday, the 27th day of August. Bidders shall insert sealed Bids into a receptacle, marked "City of Mobile Bids", located in the elevator lobby outside the office of the City Clerk Office, 9th Floor South Tower, Government Plaza, 205 Government Street, Mobile, Alabama 36602.

B. All Bids not clocked in at the City Clerk's Office prior to the specified time, or Bids received after the specified time, will be automatically rejected, and returned immediately, unopened.

C. Bids will be publicly opened and read at 2:30 PM local time, in the Atrium Lobby of Government Plaza.

2 SPECIFICATIONS AND DRAWINGS:

A. Specifications and Drawings are on file and may be examined and obtained from the following location: https://www.cityofmobile.org/bids/

B. Bidders shall use complete sets of Bid Documents in preparing their bid. Neither the Owner nor Architect/Engineer assumes responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bid Documents.

C. **Addenda will be posted on the City of Mobile Bidding Website.** https://www.cityofmobile.org/bids/

D. **This is a tax-exempt project and shall be certified by the requirements of the Alabama Department of Revenue. Bidders shall NOT include sales and use taxes with their bid amounts. Bidders shall complete the Sales Tax Form C-3A and include it pas an attachment to their Bid Form (see Section 00400).**

E. Product Substitutions must be pre-approved before the bid (see Section 01635 Substitution Procedures for requirements).

3 BID SURETY: Required on Bids $50,000.00 or more

A. A Cashier's Check drawn on a bank registered to do business in the State of Alabama, and which is a member of the Federal Deposit Insurance Corporation, or a Bid Bond payable to Owner, City of Mobile, in the amount of 5% of the Base Bid, but in no event more than $10,000.00 is required to accompany Bid.

B. Bid Bond must be issued by a Surety licensed to do business in the State of Alabama. Bidder shall require the attorney in fact who executes the required bonds on behalf of the surety to affix to the bond a certified and current copy of the power of attorney.

C. No Bid may be modified, withdrawn, or canceled for a period of sixty (60) days after the time designated above for receipt of bids.

D. The City of Mobile will have sixty (60) days from the bid opening date to award contract.

4 SURETY QUALIFICATIONS:

A. A Surety authorized to do business in the State of Alabama must issue Bonds.

B. If the Base Bid is $50,000 or more, the Surety must have a minimum rating of A/Class VI as reported by the latest issue of Best Key Rating Guide Property-Casualty published by Alfred M. Best Company, Inc.

5 IRREGULARITIES AND REJECTION:

A. The City of Mobile reserves the right to waive irregularities in the Bid and in Bidding, and to reject any or all Bids.

6 BIDDER QUALIFICATIONS:

A. Bids for Work costing $50,000 or more must be licensed pursuant to current Alabama law and of classifications compliant with the State of Alabama Licensing Board for General Contractors. Note that if the contract amount is $10,000 or greater, both a Performance Bond and a Labor and Material Payment Bond shall be required. **Before Bidding, Contractor shall verify their license classification of their General Contractors license with the State of Alabama Licensing Board for General Contractors to verify classification is acceptable to perform 51% of the Scope of Work.**

B. In case of a joint venture of two or more Contractors, the amount for the bid shall be within the maximum bid limitations as set by the State of Alabama Licensing Board for General Contractors of at least one of the partners to the joint venture.

7 NON-RESIDENT CONTRACTORS:

A. Except for contracts funded in whole or part with funds received from a federal agency, preference shall be given to resident Contractors on the same basis as the nonresident Contractor's state awards contracts to Alabama Contractors bidding in similar circumstances.

B. Nonresident Bidders shall, prior to submitting a bid, be registered with the Alabama Secretary of State and the Alabama Department of Revenue. Provide the Secretary of State Business "Entity ID Number" on the Bid Form in the space provided.

8 PRE-BID CONFERENCE:

A. A pre-bid conference will be held on August 13, 2025, at 9:00 am on site at the Pavilion behind the building. Note that any information conveyed by facility personnel outside written addenda is not official.

9 BID SUBMITTAL:

A. Bids must be submitted on copies of the Bid Forms furnished in the bidding documents.

B. Bid, with Bid Security, Sales Tax Form C-3A, City of Mobile Subcontracting and Major Supplier Plan and other supporting data specified, shall be contained in a sealed,

opaque envelope, approximately 9x12 inches or larger and be marked on the outside with the words **"SEALED BID FOR CIP D7 SENIOR CENTER - PROJECT NUMBER: PR-049-25".**

C. The Bid envelope shall be clearly addressed to the Owner as indicated on the Bid Form and include the bid date, the name, address and State License number and classification of the Bidder issued by the State of Alabama Licensing Board for General Contractors.

D. All Bids of $50,000 or more must include the bidder's State of Alabama General Contractor's License information written on the outside of the bid envelope. Any bid submitted without such license information may be rejected and returned to the bidder unopened.

E. In addition, in large letters on both front and back of envelope, write the following: **DO NOT OPEN UNTIL TWO-THIRTY PM, AUGUST 27, 2025.**

F. For a bid to be valid it shall be delivered at designated location prior to time and date for receipt of Bids indicated in INVITATION TO BID, or prior to any extension thereof issued to Bidders. After that time no Bid will be received or withdrawn.

G. When sent by mail, preferably special delivery, express service, or registered mail, the sealed Bid, marked as indicated above, shall be enclosed in another envelope for mailing such that the exterior mailing container or envelope may be opened without revealing the contents of the Bid. It is the Contractors responsibility to assure delivery of the bid to the City Clerk's Office prior the time and date established.

10 EQUAL OPPORTUNITY:

A. The City of Mobile, Alabama is an Equal Opportunity Employer and requires that all Contractors comply with the Equal Employment Opportunity laws and the provisions of the Bid Documents in this regard.

B. The City of Mobile also encourages and supports the utilization of Minority Business Enterprises on these and all other publicly solicited Bids and shall be in compliance with the City of Mobile's Minority Utilization Plan as adopted by the City Council.

C. Contractor shall provide an appropriately completed copy of the "City of Mobile Subcontracting and Major Supplier Plan" in the envelope with their Bid Form. Form shall document DBE Subcontractors participating in the project and, should the total % of DBE participation not meet the 15% minimum, all efforts to obtain DBE Subcontractors shall be documented on or attached to the DBE Form when submitted. During construction, contractors are required to submit a "DBE Utilization Report" with every Pay Application.

D. Contractors should contact the City of Mobile, Supplier Diversity Manager for assistance with DBE Subcontractor information and any questions regarding the DBE Compliance Forms. Contact Archnique Kidd at 251-208-7967.

E. A Directory of DBE Vendors can be found at the following location: https://workwith.cityofmobile.org/

11 ADDITIONAL BIDDING PROCEDURES:

A. Refer to the complete information in the Bid Documents prior to submitting a bid. Additional Bidding Procedure information is contained therein, particularly in the specification Section 00200 “Instructions to Bidders - AIA Document A701” and in the specification Section 00300 “Supplementary Instructions to Bidders”.

12 STATE OF ALABAMA IMMIGRATION ACT

“The State of Alabama, under the Beason-Hammon Alabama Taxpayer and Citizen Protection Act, Act No. 2011-535, Alabama Code Section 31-13-1, et. Seq., requires:

A. That the Contractor shall be enrolled in the E-Verify Program, shall participate in that Program during the performance of the contract, and shall verify the immigration status of every employee who is required to be verified, according to the applicable federal rules and regulations; and

B. That it will attach to the contract the company’s documentation of enrollment in E-Verify.

C. The subcontractor must also enroll in the E-Verify Program prior to performing any work on the contract and shall attach to its sworn affidavit documentation establishing that the subcontractor is enrolled in the E-Verify Program.

13 PUBLIC CONTRACTS WITH ENTITIES ENGAGING IN CERTAIN BOYCOTT ACTIVITIES

A. By signing this contract, Contractor further represents and agrees that it is not currently engaged in, nor will it engage in, any boycott of a person or entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade.

14 SECRETARY OF STATE

A. The contractor must also provide documentation of being enrolled in the Alabama Secretary of State Business Identity Records prior to performing any work on the contract and shall attach to bidding documentation.

END OF SECTION 00100

SECTION 00200
INSTRUCTIONS TO BIDDERS

PART 1 GENERAL

A. This section includes the INSTRUCTIONS TO BIDDERS, AIA Document A701 to be utilized with the Owner's most recent modifications and which shall be used in conjunction with the entire Bid Documents and Section 00300 SUPPLEMENTARY INSTRUCTIONS TO BIDDERS for this project.

ARTICLE 1 DEFINITIONS

§ 1.1 Bidding Documents include the Bidding Requirements and the Proposed Contract Documents. The Bidding Requirements consist of the advertisement or invitation to bid, Instructions to Bidders, supplementary instructions to bidders, the bid form, and any other bidding forms. The Proposed Contract Documents consist of the unexecuted form of Agreement between the Owner and Contractor and that Agreement's Exhibits, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, all Addenda, and all other documents enumerated in Article 8 of these Instructions.

§ 1.2 Definitions set forth in the General Conditions of the Contract for Construction, or in other Proposed Contract Documents apply to the Bidding Documents.

§ 1.3 Addenda are written or graphic instruments issued by the Architect, which, by additions, deletions, clarifications, or corrections, modify or interpret the Bidding Documents.

§ 1.4 A Bid is a complete and properly executed proposal to do the Work for the sums stipulated therein, submitted in accordance with the Bidding Documents.

§ 1.5 The Base Bid is the sum stated in the Bid for which the Bidder offers to perform the Work described in the Bidding Documents, to which Work may be added or deleted by sums stated in Alternate Bids.

§ 1.6 An Alternate Bid (or Alternate) is an amount stated in the Bid to be added to or deducted from, or that does not change, the Base Bid if the corresponding change in the Work, as described in the Bidding Documents, is accepted.

§ 1.7 A Unit Price is an amount stated in the Bid as a price per unit of measurement for materials, equipment, or services, or a portion of the Work, as described in the Bidding Documents.

§ 1.8 A Bidder is a person or entity who submits a Bid and who meets the requirements set forth in the Bidding Documents. A Bidder must be licensed by the State Licensing Board for General Contractors if the amount for the Contract exceeds the amount established by said Board.

§ 1.9 A Sub-bidder is a person or entity who submits a bid to a Bidder for materials, equipment, or labor for a portion of the Work. A Sub-bidder performing Work must be licensed by the State Licensing Board for General Contractors if the Sub-bidders' contract amount exceeds that established by said Board.

1.10 A non-resident Bidder or Sub-bidder is one who

a. Is neither organized nor existing under the laws of the State of Alabama
b. nor maintains its principal place of business in the State of Alabama.

A non-resident contractor who has maintained a permanent branch office within the State of Alabama for at least five (5) continuous years shall not thereafter be deemed to be a non-resident contractor so long as such contractor continues to maintain a branch office within Alabama.

ARTICLE 2 BIDDER'S REPRESENTATIONS

§ 2.1 By submitting a Bid, the Bidder represents that:

.1 the Bidder has read and understands the Bidding Documents;

.2 the Bidder understands how the Bidding Documents relate to other portions of the Project, if any, being bid concurrently or presently under construction;

.3 the Bid complies with the Bidding Documents;

.4 the Bidder has visited the site, become familiar with local conditions under which the Work is to be performed, and has correlated the Bidder's observations with the requirements of the Proposed Contract Documents;

.5 the Bid is based upon the materials, equipment, and systems required by the Bidding Documents without exception; and

.6 the Bidder has read and understands the provisions for liquidated damages, if any, set forth in the form of Agreement between the Owner and Contractor.

User Notes: (1969713257)

§ 2.2 The Bidder is licensed by the State Licensing Board for General Contractors and the amount Bid does not exceed the Bid Limit stipulated in the Bidder's License and by the City of Mobile.

§ 2.3 Each and every Contractor belonging to or comprising a part of any entity that is bidding as a joint venture or association involving two or more contractors is licensed by the State Licensing Board for General Contractors and that the amount Bid does not exceed the Bid limit stipulated in at least one of their licenses.

§ 2.4 Any non-resident Bidder is authorized by the Secretary of State of Alabama and is registered with Alabama Department of Revenue to transact business in Alabama.

§ 2.5 Joint Ventures or Associations of Contractors, whether the same are Bidders or Subcontractors of Bidders, will remain in existence until all insurance and warranty requirements for the Project have been fulfilled.

ARTICLE 3 BIDDING DOCUMENTS

§ 3.1 Distribution

§ 3.1.1 Bidders shall obtain complete Bidding Documents, as indicated below, from the issuing office designated in the advertisement or invitation to bid, for the deposit sum, if any, stated therein.
(Paragraphs deleted)
§ 3.1.2 Any required deposit shall be refunded to Bidders who submit a bona fide Bid and return the paper Bidding Documents in good condition within ten days after receipt of Bids. The cost to replace missing or damaged paper documents will be deducted from the deposit. A Bidder receiving a Contract award may retain the paper Bidding Documents, and the Bidder's deposit will be refunded.

§ 3.1.3 Bidding Documents will not be issued directly to Sub-bidders unless specifically offered in the advertisement or invitation to bid, or in supplementary instructions to bidders.

§ 3.1.4 Bidders shall use complete Bidding Documents in preparing Bids. Neither the Owner nor Architect assumes responsibility for errors or misinterpretations resulting from the use of incomplete Bidding Documents.

§ 3.1.5 The Bidding Documents will be available for the sole purpose of obtaining Bids on the Work. No license or grant of use is conferred by distribution of the Bidding Documents.

§ 3.2 Modification or Interpretation of Bidding Documents

§ 3.2.1 The Bidder shall carefully study the Bidding Documents, shall examine the site and local conditions, and shall notify the Architect of errors, inconsistencies, or ambiguities discovered and request clarification or interpretation pursuant to Section 3.2.2.

§ 3.2.2 Requests for clarification or interpretation of the Bidding Documents shall be submitted by the Bidder in writing and shall be received by the Architect at least five (5) calendar days prior to the date for receipt of Bids.
(Paragraphs deleted)

§ 3.2.3 Modifications and interpretations of the Bidding Documents shall be made by Addendum. Modifications and interpretations of the Bidding Documents made in any other manner shall not be binding, and Bidders shall not rely upon them.

§ 3.2.4 The Contract Drawings and Specifications are intended to cooperate and agree, but should conflicts or difference be found to exist between the requirements within either and clarification has not been obtained in accordance with the above procedure prior to Bidding, then the most costly and/or restrictive interpretation by the decision of the Architectural Engineering Department Director will be final.

§ 3.3 Substitutions

§ 3.3.1 The materials, products, and equipment described in the Bidding Documents establish a standard of required function, dimension, appearance, and quality to be met by any proposed substitution.

AIA Document A701 – 2018. Copyright © 1970, 1974, 1978, 1987, 1997 and 2018. All rights reserved. This document was produced at 09:01:47 ET on 04/09/2025 under Order No.3104238820 which expires on 06/30/2025, is not for resale, is licensed for one-time use only, and may only be used in accordance with the AIA Contract Documents® Terms of Service. To report copyright violations, e-mail docinfo@aiacontracts.com.
User Notes: (1969713257)

§ 3.3.2 Substitution Process

§ 3.3.2.1 Written requests for substitutions shall be received by the Architect at least fifteen (15) calendar days prior to the date for receipt of Bids. Requests shall be submitted in the same manner as that established for submitting clarifications and interpretations in Section 3.2.2.

§ 3.3.2.2 Bidders shall submit substitution requests on a Substitution Request Form if one is provided in the Bidding Documents.

§ 3.3.2.3 If a Substitution Request Form is not provided, requests shall include (1) the name of the material or equipment specified in the Bidding Documents; (2) the reason for the requested substitution; (3) a complete description of the proposed substitution including the name of the material or equipment proposed as the substitute, performance and test data, and relevant drawings; and (4) any other information necessary for an evaluation. The request shall include a statement setting forth changes in other materials, equipment, or other portions of the Work, including changes in the work of other contracts or the impact on any Project Certifications (such as LEED), that will result from incorporation of the proposed substitution.

§ 3.3.3 The burden of proof of the merit of the proposed substitution is upon the proposer. The Architect's decision of approval or disapproval of a proposed substitution shall be final.

§ 3.3.4 If the Architect approves a proposed substitution prior to receipt of Bids, such approval shall be set forth in an Addendum. Approvals made in any other manner shall not be binding, and Bidders shall not rely upon them.

§ 3.3.5 No substitutions will be considered after the Contract award unless specifically provided for in the Contract Documents.

§ 3.3.6 See Division One Section "Substitution Procedures", if included in Specification.

§ 3.4 Addenda

§ 3.4.1 Addenda will be transmitted to Bidders known by the issuing office to have received complete Bidding Documents.

(Paragraphs deleted)

§ 3.4.2 Addenda will be available where Bidding Documents are on file.

§ 3.4.3 Addenda will be issued no later than two (2) days prior to the date for receipt of Bids, except an Addendum withdrawing the request for Bids or one which includes postponement of the date for receipt of Bids.

§ 3.4.4 Prior to submitting a Bid, each Bidder shall ascertain that the Bidder has received all Addenda issued, and the Bidder shall acknowledge their receipt in the Bid.

ARTICLE 4 BIDDING PROCEDURES

§ 4.1 Preparation of Bids

§ 4.1.1 Bids shall be submitted on the forms included with or identified in the Bidding Documents. No bid will be considered unless made out and submitted on a copy of the Bid Form, Section 00410. Additional Bid Forms will be furnished to prospective Bidders upon request.

§ 4.1.2 All blanks on the bid form shall be legibly executed. Paper bid forms shall be executed in a non-erasable medium.

§ 4.1.3 Sums shall be expressed in both words and numbers, unless noted otherwise on the bid form. In case of discrepancy, the amount entered in words shall govern.

§ 4.1.4 Edits to entries made on paper bid forms must be initialed by the signer of the Bid.

§ 4.1.5 All requested Alternates shall be bid. If no change in the Base Bid is required, enter "No Change" or as required by the bid form.

Unit Prices: Supply requested Unit Prices where shown on the Bid Form, Such Unit Prices shall be used to adjust the Contract Amount where the quantities shown on the Drawings and/or Specifications do not reflect amounts required for

AIA Document A701 – 2018. Copyright © 1970, 1974, 1978, 1987, 1997 and 2018. All rights reserved. User Notes: (1969713257)

completion of the work. Where Completion of the Work requires quantities in excess of those shown on the drawings and specifications, unit prices shall be used to compute an extra payment to the Contractor. Where completion of work required quantities less than those on the Drawings and/or specifications, unit prices shall be used to compute a credit to the Owner.

Contingency Allowance: As shown on the Bid Form, Contractor shall add the amount of the contingency allowance to the Base Bid to derive the Total Bid. The contingency allowance shall cover cost of material, labor, overhead, profit and other expenses for complete installation of items of additional work as required for a complete functional project. The contingency allowance shall be used to fund unforeseen conditions not covered in the construction documents and shall be subject to the provisions of change orders. Upson the completion of work any unused portion of the contingency allowance shall be credited to the Owner by change order.

§ 4.1.6 Where two or more Bids for designated portions of the Work have been requested, the Bidder may, without forfeiture of the bid security, state the Bidder's refusal to accept award of less than the combination of Bids stipulated by the Bidder. The Bidder shall neither make additional stipulations on the bid form nor qualify the Bid in any other manner.

§ 4.1.7 Each copy of the Bid shall state the legal name and legal status of the Bidder. As part of the documentation submitted with the Bid, the Bidder shall provide evidence of its legal authority to perform the Work in the jurisdiction where the Project is located. Each copy of the Bid shall be signed by the person or persons legally authorized to bind the Bidder to a contract. A Bid by a corporation shall further name the state of incorporation and have the corporate seal affixed. A Bid submitted by an agent shall have a current power of attorney attached, certifying the agent's authority to bind the Bidder.

§ 4.1.8 A Bidder shall incur all costs associated with the preparation of its Bid.

§ 4.2 Bid Security

§ 4.2.1 Each Bid shall be accompanied by the following bid security if so required in the Bidding Documents:
(Insert the form and amount of bid security.)

The Bidder shall provide a Bid Security in the form of a cashier's check drawn on a bank registered to do business in the State of Alabama and which is a member of the Federal Deposit Insurance Corporation, or a Bid Bond. Bid Security is required for bids exceeding $10,000.00. Bid Security shall be in the amount of 5% of the TOTAL BID, but in no event more than $10,000.00.

§ 4.2.2 The Bidder pledges to enter into a Contract with the Owner on the terms stated in the Bid and shall, if required, furnish bonds covering the faithful performance of the Contract and payment of all obligations arising thereunder. Should the Bidder refuse to enter into such Contract or fail to furnish such bonds if required, the amount of the bid security shall be forfeited to the Owner as liquidated damages, not as a penalty.

§ 4.2.3 If a surety bond is required as bid security, it shall be written on AIA Document A310™, Bid Bond, unless otherwise provided in the Bidding Documents. The attorney-in-fact who executes the bond on behalf of the surety shall affix to the bond a certified and current copy of an acceptable power of attorney. The Bidder shall provide surety bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 4.2.4 The Owner will have the right to retain the bid security of Bidders to whom an award is being considered until (a) the Contract has been executed and bonds, if required, have been furnished; (b) the specified time has elapsed so that Bids may be withdrawn; or (c) all Bids have been rejected.

§ 4.2.5 Bonds must be issued by a Surety authorized to do business in the State of Alabama. A Performance Bond and a Labor and Material Payment Bond are required for projects exceeding $10,000.00. If the project cost is $50,000.00 or more, the Surety must have a minimum rating of A/Class VI as reported by the latest issue of Best's Key Rating Guide Property-Casualty published by Alfred M. Best Company, Inc.

§ 4.3 Submission of Bids

§ 4.3.1 A Bidder shall submit its Bid as indicated below:
(Indicate how, such as by website, host site/platform, paper copy, or other method Bidders shall submit their Bid.)

AIA Document A701 – 2018. Copyright © 1970, 1974, 1978, 1987, 1997 and 2018. All rights reserved. Submission of Bid shall be as stated in Section 00100, Invitation to Bid, Paragraph 9, titled "Bid Submittal".

(Paragraph deleted)

§ 4.3.3 Bids shall be submitted by the date and time and at the place indicated in the invitation to bid. Bids submitted after the date and time for receipt of Bids, or at an incorrect place, will not be accepted and will be returned unopened.

§ 4.3.4 The Bidder shall assume full responsibility for timely delivery at the location designated for receipt of Bids.

§ 4.3.5 A Bid submitted by any method other than as provided in this Section 4.3 will not be accepted.

§ 4.4 Modification or Withdrawal of Bid

§ 4.4.1 Prior to the date and time designated for receipt of Bids, a Bidder may submit a new Bid to replace a Bid previously submitted, or withdraw its Bid entirely, by notice to the party designated to receive the Bids. Such notice shall be received and duly recorded by the receiving party on or before the date and time set for receipt of Bids. The receiving party shall verify that replaced or withdrawn Bids are removed from the other submitted Bids and not considered. Notice of submission of a replacement Bid or withdrawal of a Bid shall be worded so as not to reveal the amount of the original Bid.

§ 4.4.2 Withdrawn Bids may be resubmitted up to the date and time designated for the receipt of Bids in the same format as that established in Section 4.3, provided they fully conform with these Instructions to Bidders. Bid security, if required, shall be in an amount sufficient for the Bid as resubmitted.

(Paragraphs deleted)

ARTICLE 5 CONSIDERATION OF BIDS

§ 5.1 Opening of Bids

If stipulated in an advertisement or invitation to bid, or when otherwise required by law, Bids properly identified and received within the specified time limits will be publicly opened and read aloud. A summary of the Bids may be made available to Bidders.

§ 5.2 Rejection of Bids

Unless otherwise prohibited by law, the Owner shall have the right to reject any or all Bids.

§ 5.3 Acceptance of Bid (Award)

§ 5.3.1 It is the intent of the Owner to award a Contract to the lowest responsive and responsible Bidder, provided the Bid has been submitted in accordance with the requirements of the Bidding Documents and does not exceed the funds available. Unless otherwise prohibited by law, the Owner shall have the right to waive informalities and irregularities in a Bid received and to accept the Bid which, in the Owner's judgment, is in the Owner's best interests.

§ 5.3.2 The Owner shall accept Alternates in the order listed on the Bid Form to determine the lowest responsive and responsible Bidder on the basis of the sum of the Base Bid and Alternates accepted.

ARTICLE 6 POST-BID INFORMATION

§ 6.1 Contractor's Qualification Statement

Bidders to whom award of a Contract is under consideration shall submit to the Architect, upon request and within the timeframe specified by the Architect, a properly executed AIA Document A305™, Contractor's Qualification Statement, unless such a Statement has been previously required and submitted for this Bid.

(Paragraphs deleted)

§ 6.3 Submittals

§ 6.3.1 After notification of selection for the award of the Contract, the Bidder shall, within three (3) calendar days or as stipulated in the Bidding Documents, submit in writing to the Owner through the Architect:

.1 a designation of the Work to be performed with the Bidder's own forces;

.2 names of the principal products and systems proposed for the Work and the manufacturers and suppliers of each; and

AIA Document A701 – 2018. Copyright © 1970, 1974, 1978, 1987, 1997 and 2018. All rights reserved. To report copyright violations, e-mail docinfo@aiacontracts.com.
User Notes: (1969713257)

.3 names of persons or entities (including those who are to furnish materials or equipment fabricated to a special design) proposed for the principal portions of the Work.

.4 The name of the Project Superintendent and Project Manager together with the resume of qualifications of each;

.5 Nonresident Contractor shall submit a letter from an attorney as required by Subparagraph 11.1.2 below and;

.6 Engineering Firm or Testing Laboratory for testing as specified.

§ 6.3.2 The Bidder will be required to establish to the satisfaction of the Architect and Owner the reliability and responsibility of the persons or entities proposed to furnish and perform the Work described in the Bidding Documents.

§ 6.3.3 Prior to the execution of the Contract, the Architect will notify the Bidder if either the Owner or Architect, after due investigation, has reasonable objection to a person or entity proposed by the Bidder. If the Owner or Architect has reasonable objection to a proposed person or entity, the Bidder may, at the Bidder's option, withdraw the Bid or submit an acceptable substitute person or entity. The Bidder may also submit any required adjustment in the Base Bid or Alternate Bid to account for the difference in cost occasioned by such substitution. The Owner may accept the adjusted bid price or disqualify the Bidder. In the event of either withdrawal or disqualification, bid security will not be forfeited.

§ 6.3.4 Persons and entities proposed by the Bidder and to whom the Owner and Architect have made no reasonable objection must be used on the Work for which they were proposed and shall not be changed except with the written consent of the Owner and Architect.

§ 6.3.5 The Contractor shall, within ten (10) calendar days of receiving Contract Forms for signature, furnish to the Owner the following items, along with the signed contract, or the Bid Security will be forfeited automatically without further delay:

.1 A Signed Construction Contract;
.2 Performance Bond and Labor and Material Payment Bond (originals) on all Bids over $10,000.00;
.3 Certificate of Insurance and copy of Builder's Risk Policy (original), as identified in the specifications;
.4 Schedule of Values; and
.5 Federal Immigration Law Compliance: E-Verify enrollment documentation.

§ 6.3.6 The Bid Check or Bond of the three (3) lowest Bidders will not be returned until after the Construction Contract is executed.

ARTICLE 7 PERFORMANCE BOND AND PAYMENT BOND

§ 7.1 Bond Requirements

§ 7.1.1 If stipulated in the Bidding Documents, the Bidder shall furnish bonds covering the faithful performance of the Contract and payment of all obligations arising thereunder.

§ 7.1.2 If the furnishing of such bonds is stipulated in the Bidding Documents, the cost shall be included in the Bid. If the furnishing of such bonds is required after receipt of bids and before execution of the Contract, the cost of such bonds shall be added to the Bid in determining the Contract Sum.

§ 7.1.3 The Bidder shall provide surety bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 7.1.4 Unless otherwise indicated below, the Penal Sum of the Payment and Performance Bonds shall be the amount of the Contract Sum.

§ 7.1.4 A Surety authorized to do business in the State of Alabama shall issue Performance Bond and Labor and Material Payment Bond, as required by the Contract Documents. If the project cost is $50,000.00 or more, the Surety must have a minimum rating of A/Class VI as reported by the latest issue of Best's Key Rating Guide Property-Casualty, published by Alfred M. Best Company, Inc.

To report copyright violations, e-mail docinfo@aiacontracts.com.
User Notes: (1969713257)

§ 7.2 Time of Delivery and Form of Bonds

§ 7.2.1 The Bidder shall deliver the required bonds to the Owner not later than ten (10) calendar days from receiving the Construction Contract forms for signature.

§ 7.2.2 The bonds shall be written on City's Performance Bond and Labor and Material Payment Bond forms.

§ 7.2.3 The bonds shall be dated on or after the date of the Contract.

§ 7.2.4 The Bidder shall require the attorney-in-fact who executes the required bonds on behalf of the surety to affix to the bond a certified and current copy of the power of attorney.

ARTICLE 8 FORM OF AGREEMENT BETWEEN OWNER AND CONTRACTOR

Unless otherwise required in the Bidding Documents, the Agreement for the Work will be written on AIA Document A101, Standard Form of Agreement Between Owner and Contractor Where the Basis of Payment Is a Stipulated Sum.

§ 8.1.1 AIA Document A101, Standard Form of Agreement Between Owner and Contractor where the Basis of Payment is a stipulated sum will be edited electronically and include the standard signatures as required by the City of Mobile.

ARTICLE 9 NONDISCRIMINATION

§9.1.1 Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, *inter alia*, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities. Contractor shall provide a completed copy of the City of Mobile Subcontracting and Major Supplier Plan with the Bid Form, for bids of $250,000.00 or greater.

ARTICLE 10 USE OF DOMESTIC PRODUCTS

§ 10.1.1 Section 39-3-1 Code of Alabama provides that the Contractor agrees, in the execution of this contract, to use material supplies and products manufactured, mined, processed or otherwise produced in the United States or its territories, if available at reasonable prices, and that breach of this agreement by the Contractor shall result in the assessment of liquidated damages in an amount not less than $500 nor more than 20 percent of the gross amount of the contract price.

§ 10.1.2 Section 39-3-4, Code of Alabama provides that the Contractor for a municipal construction project, financed by the State of Alabama or any political subdivision thereof, is required to use steel produced within the United States. If the Contractor violates the requirement to use domestic steel, this contract will automatically be revoked and the contractor shall not be entitled to any set-off or recoupment for labor or materials used up to the time of revocation.

ARTICLE 11 PREFERENCE TO RESIDENT CONTRACTORS

§ 11.1.1 Except for contracts funded in whole or in part with funds received from a federal agency, preference shall be given to Alabama resident contractors, and a nonresident bidder domiciled in a state having laws granting preference to local contactors shall be awarded the contracts only on the same basis as a the nonresident bidder's state awards contracts to Alabama contractors bidding under similar circumstances. In the letting of public contracts in which any state, county or municipal funds are utilized, resident contractors in Alabama, be they corporations, individuals or partnerships, are to be granted preference over nonresidents in awarding of contracts in the same manner and to the same extent as provided by the laws of the state of domicile of the nonresident.

§ 11.1.2 A successful nonresident bidder shall include in his post bid submittals a written opinion of an attorney at law licensed to practice law in such nonresident bidders' state of domicile, as to the preferences, if any or none, granted by the law of that state to its own business entities whose principal places of business are in that state in the letting of any or all public contracts.

ARTICLE 12 PRE-BID REQUIREMENTS

§ 12.1 STATE OF ALABAMA CONTRACTORS LICENSE

§ 12.1.1 If the Project total bid amount is $50,000 or more, a license issued by the State of Alabama Licensing Board for General Contractors is required prior to submitting a bid and the licensed classification and bid limits must cover the type

User Notes: (1969713257)

of work in this project. See Invitation to Bid, Section 6 "Bidder Qualifications".

§ 12.2 A NONRESIDENT BIDDER

§ 12.2.1 Every bidder shall be registered with the Department of Revenue and with the Alabama Secretary of the State prior to bidding. The Secretary of State's "Business Entity ID" registration number shall be included on the bid form.

ARTICLE 13 POST-BID REQUIREMENTS

§ 13.1 CITY CONTRACTOR'S LICENSE

13.1.1 A City of Mobile Contractors License is required and must be current before the Contractor signs the Contract. Contractor must qualify and post $10,000.00 Surety Bond with the Land Use/Code Administration Department before a Contractors License will be issued by the Revenue Department. Information on the City Contractors License may be obtained by writing or calling:

Land Use/Code Administration
P. O. Box 1827
Mobile, Alabama 36633-1827
Phone: 251.208.7421

Revenue Department
P. O. Box 1827
Mobile, Alabama 36633-1827
251.208.7461

13.2 E-VERIFY DOCUMENTATION

§ 13.2.1 The Contractor agrees that it shall comply with all of the requirements of the State of Alabama Immigration Law (Act. No. 2011-535 as amended by Act. No. 2012-491, Alabama Code (1975) Section 31-13-1, et. Seq., See Section 31-13-9), and the provisions of said Law, including all penalties for violation thereof, are incorporated therein.

13.3 PUBLIC CONTRACTS WITH ENTITIES ENGAGING IN CERTAIN BOYCOTT ACTIVITIES

§ 13.3 The Contractor represents and agrees that it is not currently engaged in, nor will engage in, any boycott of a person or entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade.

8 ~~ENUMERATION OF THE PROPOSED CONTRACT DOCUMENTS~~FORM OF AGREEMENT BETWEEN OWNER AND CONTRACTOR

9 NONDISCRIMINATION

10 USE OF DOMESTIC PRODUCTS

11 PREFERENCE TO RESIDENT CONTRACTORS

12 PRE-BID REQUIREMENTS
13 POST-BID REQUIREMENTS

PAGE 2

§ 1.8 A Bidder is a person or entity who submits a Bid and who meets the requirements set forth in the Bidding Documents. A Bidder must be licensed by the State Licensing Board for General Contractors if the amount for the Contract exceeds the amount established by said Board.

§ 1.9 A Sub-bidder is a person or entity who submits a bid to a Bidder for materials, equipment, or labor for a portion of the Work. A Sub-bidder performing Work must be licensed by the State Licensing Board for General Contractors if the Sub-bidders' contract amount exceeds that established by said Board.

1.10 A non-resident Bidder or Sub-bidder is one who
a. Is neither organized nor existing under the laws of the State of Alabama
b. nor maintains its principal place of business in the State of Alabama.

A non-resident contractor who has maintained a permanent branch office within the State of Alabama for at least five (5) continuous years shall not thereafter be deemed to be a non-resident contractor so long as such contractor continues to maintain a branch office within Alabama.

PAGE 3

§ 2.2 The Bidder is licensed by the State Licensing Board for General Contractors and the amount Bid does not exceed the Bid Limit stipulated in the Bidder's License and by the City of Mobile.

§ 2.3 Each and every Contractor belonging to or comprising a part of any entity that is bidding as a joint venture or association involving two or more contractors is licensed by the State Licensing Board for General Contractors and that the amount Bid does not exceed the Bid limit stipulated in at least one of their licenses.

§ 2.4 Any non-resident Bidder is authorized by the Secretary of State of Alabama and is registered with Alabama Department of Revenue to transact business in Alabama.

§ 2.5 Joint Ventures or Associations of Contractors, whether the same are Bidders or Subcontractors of Bidders, will remain in existence until all insurance and warranty requirements for the Project have been fulfilled.

...

~~*(Indicate how, such as by email, website, host site/platform, paper copy, or other method Bidders shall obtain Bidding Documents.)*~~

...

§ 3.2.2 Requests for clarification or interpretation of the Bidding Documents shall be submitted by the Bidder in writing and shall be received by the Architect at least ~~seven~~ five (5) calendar days prior to the date for receipt of Bids. ~~*(Indicate how, such as by email, website, host site/platform, paper copy, or other method Bidders shall submit requests for clarification and interpretation.)*~~

...

§ 3.2.4 The Contract Drawings and Specifications are intended to cooperate and agree, but should conflicts or difference be found to exist between the requirements within either and clarification has not been obtained in accordance with the above procedure prior to Bidding, then the most costly and/or restrictive interpretation by the decision of the Architectural Engineering Department Director will be final.

PAGE 4

§ 3.3.2.1 Written requests for substitutions shall be received by the Architect at least ~~ten~~ fifteen (15) calendar days prior to the date for receipt of Bids. Requests shall be submitted in the same manner as that established for submitting clarifications and interpretations in Section 3.2.2.

...

§ 3.3.6 See Division One Section "Substitution Procedures", if included in Specification.

...

~~*(Indicate how, such as by email, website, host site/platform, paper copy, or other method Addenda will be transmitted.)*~~

User Notes: (1969713257)

§ 3.4.3 Addenda will be issued no later than ~~four~~ two (2) days prior to the date for receipt of Bids, except an Addendum withdrawing the request for Bids or one which includes postponement of the date for receipt of Bids.

...

§ 4.1.1 Bids shall be submitted on the forms included with or identified in the Bidding Documents. No bid will be considered unless made out and submitted on a copy of the Bid Form, Section 00410. Additional Bid Forms will be furnished to prospective Bidders upon request.

...

Unit Prices: Supply requested Unit Prices where shown on the Bid Form, Such Unit Prices shall be used to adjust the Contract Amount where the quantities shown on the Drawings and/or Specifications do not reflect amounts required for completion of the work. Where Completion of the Work requires quantities in excess of those shown on the drawings and specifications, unit prices shall be used to compute an extra payment to the Contractor. Where completion of work required quantities less than those on the Drawings and/or specifications, unit prices shall be used to compute a credit to the Owner.

Contingency Allowance: As shown on the Bid Form, Contractor shall add the amount of the contingency allowance to the Base Bid to derive the Total Bid. The contingency allowance shall cover cost of material, labor, overhead, profit and other expenses for complete installation of items of additional work as required for a complete functional project. The contingency allowance shall be used to fund unforeseen conditions not covered in the construction documents and shall be subject to the provisions of change orders. Upson the completion of work any unused portion of the contingency allowance shall be credited to the Owner by change order.

PAGE 5

§ 4.2.1 Each Bid shall be accompanied by the following bid ~~security:~~security if so required in the Bidding Documents:

...

The Bidder shall provide a Bid Security in the form of a cashier's check drawn on a bank registered to do business in the State of Alabama and which is a member of the Federal Deposit Insurance Corporation, or a Bid Bond. Bid Security is required for bids exceeding $10,000.00. Bid Security shall be in the amount of 5% of the TOTAL BID, but in no event more than $10,000.00.

§ 4.2.2 The Bidder pledges to enter into a Contract with the Owner on the terms stated in the Bid and shall, if required, furnish bonds covering the faithful performance of the Contract and payment of all obligations arising thereunder. Should the Bidder refuse to enter into such Contract or fail to furnish such bonds if required, the amount of the bid security shall be forfeited to the Owner as liquidated damages, not as a penalty. ~~In the event the Owner fails to comply with Section 6.2, the amount of the bid security shall not be forfeited to the Owner.~~

...

§ 4.2.4 The Owner will have the right to retain the bid security of Bidders to whom an award is being considered until (a) the Contract has been executed and bonds, if required, have been furnished; (b) the specified time has elapsed so that Bids may be withdrawn; or (c) all Bids have been rejected. ~~However, if no Contract has been awarded or a Bidder has not been notified of the acceptance of its Bid, a Bidder may, beginning days after the opening of Bids, withdraw its Bid and request the return of its bid security.~~

§ 4.2.5 Bonds must be issued by a Surety authorized to do business in the State of Alabama. A Performance Bond and a Labor and Material Payment Bond are required for projects exceeding $10,000.00. If the project cost is $50,000.00 or more, the Surety must have a minimum rating of A/Class VI as reported by the latest issue of Best's Key Rating Guide Property-Casualty published by Alfred M. Best Company, Inc.

PAGE 6

Submission of Bid shall be as stated in Section 00100, Invitation to Bid, Paragraph 9, titled "Bid Submittal".

~~**§ 4.3.2** Paper copies of the Bid, the bid security, and any other documents required to be submitted with the Bid shall be enclosed in a sealed opaque envelope. The envelope shall be addressed to the party receiving the Bids and shall be identified with the Project name, the Bidder's name and address, and, if applicable, the designated portion of the Work for which the Bid is submitted. If the Bid is sent by mail, the sealed envelope shall be enclosed in a separate mailing envelope with the notation "SEALED BID ENCLOSED" on the face thereof.~~

§ 4.3.3 Bids shall be submitted by the date and time and at the place indicated in the invitation to bid. Bids submitted after the date and time for receipt of Bids, or at an incorrect place, will not be ~~accepted.~~accepted and will be returned unopened.

...

§ 4.4.2 Withdrawn Bids may be resubmitted up to the date and time designated for the receipt of Bids in the same format as that established in Section 4.3, provided they fully conform with these Instructions to Bidders. Bid ~~security~~ security, if required, shall be in an amount sufficient for the Bid as resubmitted.

~~**§ 4.4.3** After the date and time designated for receipt of Bids, a Bidder who discovers that it made a clerical error in its Bid shall notify the Architect of such error within two days, or pursuant to a timeframe specified by the law of the jurisdiction where the Project is located, requesting withdrawal of its Bid. Upon providing evidence of such error to the reasonable satisfaction of the Architect, the Bid shall be withdrawn and not resubmitted. If a Bid is withdrawn pursuant to this Section 4.4.3, the bid security will be attended to as follows:~~
~~*(State the terms and conditions, such as Bid rank, for returning or retaining the bid security.)*~~

...

§ 5.3.1 It is the intent of the Owner to award a Contract to the lowest responsive and responsible Bidder, provided the Bid has been submitted in accordance with the requirements of the Bidding ~~Documents.~~ Documents and does not exceed the funds available. Unless otherwise prohibited by law, the Owner shall have the right to waive informalities and irregularities in a Bid received and to accept the Bid which, in the Owner's judgment, is in the Owner's best interests.

§ 5.3.2 ~~Unless otherwise prohibited by law, the Owner shall have the right to accept Alternates in any order or combination, unless otherwise specifically provided in the Bidding Documents, and~~ The Owner shall accept Alternates in the order listed on the Bid Form to determine the lowest responsive and responsible Bidder on the basis of the sum of the Base Bid and Alternates accepted.

...

~~**§ 6.2 Owner's Financial Capability**~~
~~A Bidder to whom award of a Contract is under consideration may request in writing, fourteen days prior to the expiration of the time for withdrawal of Bids, that the Owner furnish to the Bidder reasonable evidence that financial arrangements have been made to fulfill the Owner's obligations under the Contract. The Owner shall then furnish such reasonable evidence to the Bidder no later than seven days prior to the expiration of the time for withdrawal of Bids. Unless such reasonable evidence is furnished within the allotted time, the Bidder will not be required to execute the Agreement between the Owner and Contractor.~~

§ 6.3.1 After notification of selection for the award of the Contract, the Bidder shall, ~~as soon as practicable~~ within three (3) calendar days or as stipulated in the Bidding Documents, submit in writing to the Owner through the Architect:

.3 names of persons or entities (including those who are to furnish materials or equipment fabricated to a special design) proposed for the principal portions of the Work.

.4 The name of the Project Superintendent and Project Manager together with the resume of qualifications of each;

.5 Nonresident Contractor shall submit a letter from an attorney as required by Subparagraph 11.1.2 below and;

.6 Engineering Firm or Testing Laboratory for testing as specified.

...

§ 6.3.5 The Contractor shall, within ten (10) calendar days of receiving Contract Forms for signature, furnish to the Owner the following items, along with the signed contract, or the Bid Security will be forfeited automatically without further delay:

.1 A Signed Construction Contract;
.2 Performance Bond and Labor and Material Payment Bond (originals) on all Bids over $10,000.00;
.3 Certificate of Insurance and copy of Builder's Risk Policy (original), as identified in the specifications;
.4 Schedule of Values; and
.5 Federal Immigration Law Compliance: E-Verify enrollment documentation.

§ 6.3.6 The Bid Check or Bond of the three (3) lowest Bidders will not be returned until after the Construction Contract is executed.

...

~~(If Payment or Performance Bonds are to be in an amount other than 100% of the Contract Sum, indicate the dollar amount or percentage of the Contract Sum.)~~

§ 7.1.4 A Surety authorized to do business in the State of Alabama shall issue Performance Bond and Labor and Material Payment Bond, as required by the Contract Documents. If the project cost is $50,000.00 or more, the Surety must have a minimum rating of A/Class VI as reported by the latest issue of Best's Key Rating Guide Property-Casualty, published by Alfred M. Best Company, Inc.

PAGE 8

§ 7.2.1 The Bidder shall deliver the required bonds to the Owner not later than ~~three days following the date of execution of the Contract. If the Work is to commence sooner in response to a letter of intent, the Bidder shall, prior to commencement of the Work, submit evidence satisfactory to the Owner that such bonds will be furnished and delivered in accordance with this Section 7.2.1.~~ten (10) calendar days from receiving the Construction Contract forms for signature.

§ 7.2.2 ~~Unless otherwise provided, the bonds shall be written on AIA Document A312, Performance Bond and Payment Bond.~~The bonds shall be written on City's Performance Bond and Labor and Material Payment Bond forms.

...

~~ARTICLE 8 ENUMERATION OF THE PROPOSED CONTRACT DOCUMENTS~~

ARTICLE 8 FORM OF AGREEMENT BETWEEN OWNER AND CONTRACTOR

Unless otherwise required in the Bidding Documents, the Agreement for the Work will be written on AIA Document A101, Standard Form of Agreement Between Owner and Contractor Where the Basis of Payment Is a Stipulated Sum.

§ 8.1.1 AIA Document A101, Standard Form of Agreement Between Owner and Contractor where the Basis of Payment is a stipulated sum will be edited electronically and include the standard signatures as required by the City of Mobile.

ARTICLE 9 NONDISCRIMINATION

§9.1.1 Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, *inter alia*, that all contractors performing work for the

Additions and Deletions Report for AIA Document A701 – 2018. Copyright © 1970, 1974, 1978, 1987, 1997 and 2018. All rights reserved. User Notes: (1969713257)

City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities. Contractor shall provide a completed copy of the City of Mobile Subcontracting and Major Supplier Plan with the Bid Form, for bids of $250,000.00 or greater.

ARTICLE 10 USE OF DOMESTIC PRODUCTS

§ 10.1.1 Section 39-3-1 Code of Alabama provides that the Contractor agrees, in the execution of this contract, to use material supplies and products manufactured, mined, processed or otherwise produced in the United States or its territories, if available at reasonable prices, and that breach of this agreement by the Contractor shall result in the assessment of liquidated damages in an amount not less than $500 nor more than 20 percent of the gross amount of the contract price.

§ 10.1.2 Section 39-3-4, Code of Alabama provides that the Contractor for a municipal construction project, financed by the State of Alabama or any political subdivision thereof, is required to use steel produced within the United States. If the Contractor violates the requirement to use domestic steel, this contract will automatically be revoked and the contractor shall not be entitled to any set-off or recoupment for labor or materials used up to the time of revocation.

ARTICLE 11 PREFERENCE TO RESIDENT CONTRACTORS

§ 11.1.1 Except for contracts funded in whole or in part with funds received from a federal agency, preference shall be given to Alabama resident contractors, and a nonresident bidder domiciled in a state having laws granting preference to local contactors shall be awarded the contracts only on the same basis as a the nonresident bidder's state awards contracts to Alabama contractors bidding under similar circumstances. In the letting of public contracts in which any state, county or municipal funds are utilized, resident contractors in Alabama, be they corporations, individuals or partnerships, are to be granted preference over nonresidents in awarding of contracts in the same manner and to the same extent as provided by the laws of the state of domicile of the nonresident.

§ 11.1.2 A successful nonresident bidder shall include in his post bid submittals a written opinion of an attorney at law licensed to practice law in such nonresident bidders' state of domicile, as to the preferences, if any or none, granted by the law of that state to its own business entities whose principal places of business are in that state in the letting of any or all public contracts.

ARTICLE 12 PRE-BID REQUIREMENTS

§ 12.1 STATE OF ALABAMA CONTRACTORS LICENSE

§ 12.1.1 If the Project total bid amount is $50,000 or more, a license issued by the State of Alabama Licensing Board for General Contractors is required prior to submitting a bid and the licensed classification and bid limits must cover the type of work in this project. See Invitation to Bid, Section 6 "Bidder Qualifications".

§ 12.2 A NONRESIDENT BIDDER

§ 12.2.1 Every bidder shall be registered with the Department of Revenue and with the Alabama Secretary of the State prior to bidding. The Secretary of State's "Business Entity ID" registration number shall be included on the bid form.

ARTICLE 13 POST-BID REQUIREMENTS

§ 13.1 CITY CONTRACTOR'S LICENSE

13.1.1 A City of Mobile Contractors License is required and must be current before the Contractor signs the Contract. Contractor must qualify and post $10,000.00 Surety Bond with the Land Use/Code Administration Department before a Contractors License will be issued by the Revenue Department. Information on the City Contractors License may be obtained by writing or calling:

SECTION 00300

SUPPLEMENTARY INSTRUCTIONS TO BIDDERS

THE ATTENTION OF ALL BIDDERS IS CALLED TO THE FOLLOWING INSTRUCTIONS AND CONDITIONS:

1. BIDDING DOCUMENTS:

   A. Bidders may obtain complete sets of Bid Documents and Specifications (Project Manual) from the Department of Architectural Engineering as listed in the Invitation to Bid.

   B. Bidders shall use the complete set of documents in preparing their bid. The City of Mobile assumes no responsibility for errors or misinterpretations resulting from the use of an incomplete set of documents.

   C. Bidders shall use the complete set of documents in preparing their bid. Neither the City of Mobile nor the Engineer assume responsibility for errors or misinterpretations resulting from the use of an incomplete set of documents.

2. INTERPRETATION OF BID DOCUMENTS:

   A. Bidders shall carefully study and compare the Bidding Documents and compare various components of the Bidding Documents with each other, shall examine the site and local conditions and shall at once report to the Project Manager any errors, inconsistencies or ambiguities discovered.

   B. Bidders requiring clarification or interpretation of the Bidding Documents shall make a written request to the Project Manager by 3:00 PM August 20, 2025. E-mail requests are required and should be addressed to the Project Manager elizabeth.miller@cityofmobile.org . Interpretations, corrections and changes to the Bidding Documents will be made by a formal, written Addendum. Interpretations, corrections and changes to the Bidding Documents made in any other manner will not be binding, and Bidders shall not rely on them.

   C. Any discrepancy not resolved prior to Bidding shall be bid by the Contractor to provide for the costliest and/or restrictive interpretation of the documents.

3. BIDDING PROCEDURES:

   A. No Bid will be considered unless made out and submitted on a copy of the Bid Form as set forth by the Bid Documents.

   B. All blanks on the Bid Form shall be legibly executed in a non-erasable medium.

   C. Sums shall be expressed in both words and figures. In case of discrepancy, the amount written in words shall govern.

   D. Interlineations, alterations and erasures must be initialed by the signer of the Bid.

E. All requested Alternates, Unit Prices and Allowances shall be bid as indicated on the Bid Form and the Bid Documents.

F. Addenda shall be considered as a part of the Bid Documents and those issued prior to the opening of Bids shall be acknowledged on the Bid Form and any adjustment in cost shall be included in the Contract Sum.

4. BID SECURITY:

A. A Cashier's Check drawn on a bank registered to do business in the State of Alabama, and which is a member of the Federal Deposit Insurance Corporation, or Bid Bond payable to Owner, City of Mobile, in the amount of 5% of the Base Bid, but in no event more than $10,000.00, must accompany bid. By submitting a Bid Security, the Bidder pledges to enter into a Contract with the City of Mobile on the terms stated in the Bid, and will, if required, furnish bonds covering faithful performance of the Contract and required insurance certificate. Should the Bidder refuse to enter into such Contract or fail to furnish such bonds or insurance or any other required document, the amount of the Bid security shall be forfeited to the Owner as liquidated damages, not as a penalty.

B. Bid Bond shall be valid for a minimum of sixty (60) days from the date of the Bid. The Owner reserves the right to retain the security of all Bidders until the successful Bidder enters into the Contract or until (60) days after Bid opening, whichever is sooner.

C. Bonds must be issued by a Surety licensed to do business in the State of Alabama. If the project cost is more than $50,000.00 the Surety must have a minimum rating of A/Class VI as reported by the latest issue of Best's Key Rating Guide Property-Casualty published by Alfred M. Best Company, Inc.

D. Power of Attorney is required for all Bonds.

E. The Surety company shall be required to execute AIA Document G-707, "Consent of Surety to Final Payment" prior to Final Payment of retainage being made to the Contractor.

5. EXAMINATION OF DOCUMENTS AND SITE WORK:

A. Before submitting a Bid, Bidders should carefully examine the Bid Documents, visit the site of the Work and fully inform themselves as to existing conditions and limitations, and include in the Bid a sum to cover the cost of all items included in the Contract and necessary to perform the Work. The submission of a Bid will be considered as conclusive evidence that the Bidder has made such examination.

B. **Request for substitutions shall be entertained pre-bid only. Submit requests in accordance with Section 01635 Substitutions via e-mail to the Project Manager by 3:00 pm August 20, 2025.**

6. SUBMISSION OF BIDS:

   A. Bid, with Bid Security, Sales Tax Form C-3A, City of Mobile Subcontracting & Major Supplier Plan and other supporting data specified, shall be contained in a sealed, opaque envelope, approximately 9 x 12 inches or larger and be marked on the outside with the words "SEALED BID FOR CIP D7 SENIOR CENTER: PR-049-25", the Bid Date, and Contractor's name, address, and City of Mobile Business License number. And, if bidding in an amount of $50,000 or greater, the State of Alabama General Contractor's License number and classification of the Bidder issued by the State of Alabama Licensing Board for General Contractors shall be written on the envelope.

   B. Bids shall be deposited at the designated location prior to the time and date for receipt of Bids. Bids received after the time and date specified in the Invitation to Bid, or as modified by Addendum, will not be considered. Late Bids will be returned to the Bidder unopened.

   C. The Bidder shall assume full responsibility for timely delivery at the location designated for receipt of Bids.

   D. Oral, telephonic, facsimile or other electronically transmitted bids will not be considered.

7. MODIFICATION OR WITHDRAWAL OF BIDS:

   A. A Bid may not be modified, withdrawn, or canceled by the Bidder for a period of sixty (60) days following the time and date designated for receipt of bids, and each Bidder so agrees in submitting a Bid.

8. CONSIDERATION AND AWARD OF BIDS:

   A. At the discretion of the City, the properly identified Bids received on time will be publicly opened and will be read aloud.

   B. The City shall have the right to reject any and all Bids. A Bid not accompanied by a required Bid security or a Bid which is in any way incomplete or irregular is subject to rejection.

   C. It is the intent of the City to award a Contract to the lowest qualified Bidder provided the Bid has been submitted in accordance with the requirements of the Bidding Documents and does not exceed the funds available. The City shall have the right to waive informalities and irregularities in a Bid received and to accept the Bid which, in the City's judgment, is in the City's best interest.

   D. The award shall be based on the lowest Total Bid for the Base Bid and any allowances, plus any alternates and/or options that may be accepted, as listed on the Bid Form.

9. PROOF OF COMPETENCY OF BIDDER:

   A. Bidders may be required to furnish evidence satisfactory to the City of Mobile that they have sufficient means and experience in the types of work called for to assure the completion of the Contract in a satisfactory manner.

10. SIGNING OF CONTRACT:

A. The Standard Agreement between the City of Mobile and the Contractor, included herein, shall serve as the Agreement between the City and the Contractor.

B. The Bidder to whom the Contract is awarded shall, within ten (10) calendar days of receiving the Contract Forms, properly execute and deliver to the Owner, the following items with the signed Agreement:
   (1). Performance Bond and Labor and Material Payment Bond (originals);
   (2). Certificate of Insurance (original) with endorsements to City of Mobile;
   (3). Evidence of enrollment in the E-Verify program.
   (4). Other documentation as required by the Contract Documents.

C. Failure or refusal to sign the Agreement or to provide Certificates of Insurance in a form satisfactory to the City of Mobile, E-Verify verification, or other required documentation, shall subject the Bidder to immediate forfeiture of Bid Security.

D. On all documents: City of Mobile Business License, the Alabama Secretary of State Business Identity, the Alabama Secretary of State Certificate of Authority (out of state contractors), E-verify documentation, and ACORD Insurance Form, the Contractor's name shall be EXACTLY the same.

11. NONDISCRIMINATION:

A. Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

12. AMERICANS WITH DISABILITIES ACT (ADA):

A. Bidders shall comply with the provisions of the Americans with Disabilities Act (ADA) of 1990 which prohibits discrimination against individuals with disabilities.

13. USE OF DOMESTIC PRODUCTS:

A. Section 39-3-1, Alabama Code, 1975, provides that the Contractor agree, in the execution of this Contract, to use materials, supplies and products manufactured, mined, processed or otherwise produced in the United States or its territories, if available at reasonable prices, and that breach of this Agreement by the Contractor shall result in the assessment of liquidated damages in an amount not less than $500.00 nor more than twenty (20) percent of gross amount of the Contract Price.

14. NON-RESIDENT (OUT OF STATE) CONTRACTORS:

A. Preference to Resident Contractors: Section 39-3-5, Code of Alabama, 1975, provides that a non-resident (out of State) bidder domiciled in a state which grants a preference to local Contractors is to be awarded a public contract on the same basis as the non-resident bidder's state awards contracts to Alabama bidders. Alabama bidders are given a preference to the same extent that a non-resident bidder receives a preference in his home state. A non-resident bidder must include with any written bid documents a written opinion of an attorney licensed to practice in the non-resident bidder's state declaring what preferences, if any, exists in the non-resident's state.

B. Certificate of Authority: All non-resident (out of State) bidders shall be registered with the Alabama Secretary of State and the Alabama Department of Revenue prior to submitting a Bid. Provide the Secretary of State Business "Entity ID Number" on the Bid Form in the space provided.

15. ALABAMA IMMIGRATION ACT:

A. The State of Alabama Immigration Law (Act No. 2011-535 as amended by Act No. 2012-491), requires that Contractors not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. In addition, Contractors are required to enroll in the federal E-Verify program and submit verification of enrollment to the City of Mobile within ten (10) days of receiving the contract forms (see Section 00600).

16. CITY OF MOBILE BUSINESS LICENSE:

A. A City of Mobile Business License is required and must be current at time of contract award and throughout contract period.

17. CITY OF MOBILE CONTRACTOR'S BUSINESS LICENSE:

A. A City of Mobile Contractor's Business License is required and must be current when contractor signs the contract and throughout contract period.

B. Contractor must qualify and post a $10,000 surety bond with the Land Use/Code Administration Department before a Contractor's Business License will be issued by the Revenue Department. Information on the City Contractor's License may be obtained by writing or calling:

Land Use/Code Administration
P.O. Box 1827
Mobile, Alabama 36633-1827
Phone: 251-208-7421

Revenue Department
P.O. Box 1827
Mobile, Alabama 36633-1827
Phone: 251-208-7461p

18. CITY OF MOBILE BUILDING PERMIT:

A. City of Mobile Building Permits are required and shall be obtained from the Code Administration Department, but at no cost to the Contractor.

B. Contractor is responsible for ensuring that all inspections are successfully performed in accordance with City of Mobile regulations.

19. CONSTRUCTION SCHEDULE AND ACCESS:

A. Equipment required for the project shall be submitted to the engineer for approval within fifteen (15) calendar days of Notice to Proceed. After approved submittals are returned, the equipment shall be ordered within ten (10) days of approval. Work shall be completed within fifteen (15) calendar days from the date of equipment delivery.

B. At all buildings that will remain in use throughout the Construction period, the Contractor is directed to coordinate all areas of work and scheduling of work with the Owner. Within five days of the bid opening, the Apparent Low Bidder shall meet with the Owner to discuss Owner scheduling and priorities. Apparent Low Bidder shall then provide a proposed schedule within 5 calendar days of the initial meeting for Owner review and approval.

C. Contractor shall have access to the various buildings between 7:30 am and 5:00 pm or as otherwise scheduled with the Facility Maintenance Staff. Schedules to be discussed at the meeting referenced in part B directly above.

D. The Contractor may be allowed additional construction days due to inclement conditions (“rain days”) only as such are appropriately documented and are in excess of the NOAA/National Weather Service average (previous 5 years) for the given month. A “rain day” is defined as more than a “trace” (0.10”) of rain falling within a given 24-hour period. The Contractor shall provide documentation and formally request any “rain days” they feel are legitimately due. Documentation shall be submitted to the Project Manager, in writing, within ten (10) calendar days of the rain event. Claim shall include documentation of trades adversely impacted and the impacted activities of each trade.

20. SITE CONSIDERATIONS:

A. It is the Contractor’s responsibility to carefully remove and store any items not permanently installed within the work areas. It is strongly recommended that the Contractor photograph, videotape or in some manner document any features to be removed and their condition, prior to removal.

B. Noise and strong smells shall be isolated or kept to a minimum when adjacent portions of the site are occupied.

C. Contractor shall be responsible to leave the work area and adjacent site clear of equipment and debris, etc. at the end of each workday. All final cleaning is the responsibility of the Contractor and shall be executed prior to acceptance for reuse of any portion of the site.

D. A dumpster and lay down area for Contractor materials and staging may be located at the site and located per the direction of the Owner. The Contractor is

responsible for the removal of the dumpster, any storage containers and any security fencing, temporary erosion control (BMPs), etc. as soon as practical after their use by the Contractor or the work is complete.

21. SALES AND USE TAX EXEMPTION:

A. As per the State of Alabama ACT 2013-205, the Alabama Department of Revenue (ADOR) has been granted the authority to issue a "Certificate of Exemption from Sales and Use Tax for Governmental Entities" on construction projects. Therefore, this project shall qualify for State of Alabama Sales and Use Tax Exemptions under this ACT. It is the responsibility of the Bidder to confirm the potential tax-exempt status of their bid with the ADOR and include any such savings in their bid, as well as accounting for same on their bid form attachment Sales Tax Form C-3A.

B. The full text of ACT 2013-205 is available on the State of Alabama Building Commission website at www.bc.alabama.gov .

22. SUBMISSION OF LIEN WAIVERS AND DBE COMPLIANCE, UTILIZATION REPORTS:

A. At each monthly Application for Payment submitted to the owner, the Contractor shall provide completed "City of Mobile DBE Compliance, Utilization Reports" and lien waivers, including those from Subcontractors and material suppliers.

23. NOTICE OF COMPLETION:

A. For Contracts $50,000 or greater:
Contractor shall provide proof of publication of Advertisement of Completion for four consecutive weeks in a local newspaper, as required in the Title 39, Section 39-1-1, Subsection (f), of the Code of Alabama. This Advertisement shall not begin until the Project has been accepted by the City of Mobile.

B. Notice of Completion advertisement shall read as follows:

STATE OF ALABAMA

COUNTY OF MOBILE

NOTICE OF COMPLETION
In accordance with Chapter 1, Title 39, Code of Alabama, 1975, NOTICE IS HEREBY given that (COMPANY NAME) has completed the contract for CIP D7 Senior Center - PR-049-25, 6024 Lorma Road, Mobile, Alabama 36608. All persons having any claims for labor, material or otherwise in connection with this project should immediately notify the Architectural Engineering Department, City of Mobile, P.O. Box 1827, Mobile, Alabama 36633-1827.

C. Advertisement shall not begin until the Project has been accepted by the City of Mobile as Substantially Complete.

24. CONTRACTOR WARRANTY AND CERTIFICATION:

A. Upon completion of the contract, the Contractor shall certify under oath that all bills have been paid in full.

B. Contractor shall provide a ten (10) year Labor and Materials Warranty on company letterhead in addition to other warranties required by the Bid Documents.

25. LIQUIDATED DAMAGES

A. A time charge equal to Two Hundred Fifty Dollars ($250.00) per calendar day will be made against the Contractor for the entire period that any part of the Work remains uncompleted, or any required closeout documents are not acceptably submitted, for more than thirty (30) calendar days after the time specified for the Substantial Completion for the Work, the amount of which shall be deducted by the owner, and shall be retained by the Owner out of monies otherwise due the Contractor in the final payment, not as a penalty, but as liquidated damages sustained.

END OF SECTION

SECTION 00400

BID FORM

Copies of the following Bid Forms shall be used. Bids submitted on alternate forms may be rejected. Fill in all blank spaces with an appropriate entry. Bid Form must be signed by an officer of the company and notarized.

TO: City of Mobile, 205 Government St., P.O. Box 1827, Mobile, AL, 36633

REF: PROJECT NO.: PR-049-25
PROJECT NAME: CIP D7 Senior Center
PROJECT LOCATION: 6024 Lorma Road
Mobile, Alabama, 36608

In compliance with the Bid Documents and having carefully and thoroughly examined said documents for the subject Work prepared by the City of Mobile, Architectural Engineering Department and Jaguar Consulting, LLC, dated August 6, 2025; and all Addendum (a) Number(s) _____, dated _____, 2025 (CAUTION: before submitting any bid it is the Bidder's responsibility to check with the Architectural Engineering Department for all Addenda or special instructions that may impact the Bid) thereto, receipt of which is hereby acknowledged, the premises and all conditions affecting the Work prior to making this Proposal, the Undersigned Bidder, hereby

Bidders and Proposers – Please complete and submit these forms as required by your City of Mobile Bid or Proposal Specification.

If you are submitting a proposal in response to a Request for Qualifications, Request for Proposal, or other solicitation ("Solicitations") issued by the City of Mobile, the bid specification may require you to utilize disadvantaged business enterprise ("DBE") subcontractors and suppliers. If SBE participation is required, you must complete and submit these forms with your proposal. If required, failure to submit this form will render your bid non-responsive. NOTE: To satisfy participation requirements for a federally funded project, you must utilize SBEs certified through the Alabama Unified Certification Program.

If SBE participation is required, and you fail to satisfy the participation requirement, you must show that you made a good faith effort to include such participation; you will be required to submit DBE Compliance Form 2 and include additional information if needed. When so required, failure to address adequately the good faith effort factors on Form 2 will render your bid or proposal non-responsive. The "good faith effort" factors on Form 2 are not intended to be a mandatory, exhaustive, or exclusive.

You are encouraged to work with the City of Mobile Small Business Development Manager when preparing this form. Please consult with the City Small Business Development Manager for a list of eligible SBEs. The "good faith effort" factors on **Form 2** are not intended to be mandatory, exhaustive, or exclusive; they are a tool to help you, and the City of Mobile, determine whether you made efforts which, by their scope, intensity, and appropriateness to the objective, would reasonably be expected to fulfill the participation requirement.

About **"DBEs"**: Disadvantaged business enterprise or DBE means a for-profit small business concern (1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and (2) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

About **"Good Faith" Effort**: Good faith efforts mean efforts to achieve a DBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program requirement. The City of Mobile expects contractors holding large contracts to recruit and engage DBEs to be a part of their team.

Failure to submit this form, when so required by the bid or proposal specification, will render your bid non-responsive.

Please complete this form if you are unable to identify DBE subcontractors or suppliers to reach 15% of the value of your bid.

YES (□)	NO (□)	Did you do these suggested areas for DBE recruitment and engagement
		PRE-BID MEETING(S): The bidder attended all pre-bid meetings scheduled by the City to inform DBEs of contracting and subcontracting opportunities.
		DBE/ALDOT DBE LIST(S): The bidder utilized the Office of Small Business Development list or lists of certified through the Alabama Department of Transportation UCP DBE Listing
		SMALL CONTRACT(S): The bidder selected specific portions of the work to be performed by DBEs in order to increase the likelihood of meeting the DBE goals (including breaking down contracts into smaller units to facilitate DBE participation). Consider support services, including insurance, accounting, temporary labor, and transportation, landscaping, and janitorial as potential areas for DBE use.
		FOLLOW-UP: The bidder followed-up initial indications of interest by DBEs by contacting those DBEs to determine with certainty if they remained interested in bidding.
		GOOD FAITH NEGOTIATIONS: The bidder negotiated in good faith with interested DBEs and did not reject DBEs as unqualified without sound business reasons based on a thorough investigation of their capabilities. Bidders are not expected to engage unqualified subcontractors or subcontractors whose pricing, after negotiation, remains excessive or unreasonable. (Please document qualification deficiencies or unreasonable pricing if it prevented your engagement of specific DBE subcontractors.)
		ADVERTISEMENT: The bidder advertised in general circulation and/or trade association publications concerning subcontracting opportunities and allowed DBEs reasonable time to respond.
		INTERNET ADVERTISING: The bidder advertised DBE and/or subcontracting opportunities in the newspaper or other internet portals that are accessible to DBEs and/or potential subcontractors.

		INFORMATION: The bidder provided interested DBEs with adequate information about the plans, specifications and requirements of the subcontract.
		WRITTEN NOTICE(S): The bidder/proposer took the necessary steps to provide written notice in a manner reasonably calculated to inform DBEs of subcontracting opportunities and allowed sufficient time for them to participate effectively.
		COMMUNITY RESOURCES: The bidder/proposer used the services of available community organizations, small and/or disadvantaged business assistance offices and other organizations that provided assistance in the recruitment and placement of DBE firms.

CONTRACT RECORDS:
The bidder/proposer has maintained the following records for each DBE that has bid on the subcontracting opportunity:
1. Name, address, email address and telephone number
2. A description of information provided by the bidder/proposer or subcontractor; and
3. A statement of whether an agreement was reached, and if not, why not, including any reasons for concluding that the DBE was unqualified to perform the job.

Section 2(B)

_____ There are not ways to break out 15% of the value of this contract for subcontractors / suppliers. Provide further details as to why and attach the document to this form if there is an inability to break out 15% of the value of the contract was the reason, or a reason, you could not meet the participation requirements.

_____ Could not find sufficient DBEs to provide subcontracting or supplier services.

_____ DBEs were available but did not have sufficient qualifications or experience to meet the needs of this contract.

Please indicate additional efforts you have taken to recruit and engage DBEs. _____

Total Contract Sum:	$_____

B. Alternates (if any included in the contract sum)

Item: _____ Price: _____

C. Contingency Allowance

1. Contingency Allowance shall cover cost of material, labor, overhead, profit and other expenses for complete installation of items of additional work as required for a complete, functional project.
2. Contingency Allowance shall be used for unforeseen conditions not covered in the construction documents.
3. All extra work under this section must be authorized by the City, in writing, prior to materials or undertaking work.
4. Upon completion of the Work, the unused portion of the Allowance shall be credited back to the City in the form of a Change Order.

D. The City shall pay the Contractor for the services rendered hereunder and completed in accordance with the terms and conditions of this Contract an amount not to exceed $_____ [Insert Contract Amount] for the entire Project in accordance with Exhibit C Fee Schedule attached hereto and incorporated herein OR, upon the completion and acceptance thereof by the City or its

DRAFT SUBJECT TO CHANGE

duly authorized agent. The contract price includes a contingency amount for unanticipated work within the scope of the agreement and may only be authorized at the discretion of the City's Architectural Engineering Director.

E. Notwithstanding the preceding, Contractor shall perform no work under this Contract until receipt of a notice to proceed. Contractor acknowledges and agrees that no minimum amount of work is guaranteed under this Contract and City may elect to issue no notice to proceed. If a notice is issued, the City reserves the right to amend, reduce or cancel the notice in its sole discretion.

F. The City's performance and obligation to pay under this Contract is contingent upon an appropriation by the City Council or by grant award. In the event funds are not appropriated or approved for any fiscal year, this agreement shall terminate upon notice to Contractor. The City shall promptly notify the Contractor if the necessary appropriation is not made.

IV. METHOD OF PAYMENT

A. Progress Payments

1. Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the City shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.
2. The period covered by each Application for Payment shall be one calendar month ending on the 25th of the month. Provided that an Application for Payment in acceptable format is received by the Architect not later than the first 1st day of a month, the City shall make payment of the amount certified to the Contractor not later than the tenth 10th day of the following month.
3. If an Application for Payment in acceptable format is received by the Architect after the application date fixed above, payment of the amount certified shall be made by the City not later than Forty (40) days after the Architect receives the Application for Payment.
4. Federal, state or local laws may require payment within a certain period of time.
5. Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This accepted schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.
6. Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.
7. General Conditions of the Contract for Construction (including City's then current Modifications), and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

    a. The amount of each progress payment shall first include:
        i. That portion of the Contract Sum properly allocable to completed Work;

DRAFT SUBJECT TO CHANGE

ii. That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the City, suitably stored off the site at a location agreed upon in writing and insured as specified.

iii. Completed work shall be determined by multiplying the percentage completion of each portion of the Work by the share of the Contract Sum allocated to that portion of the Work in the schedule of values.

b. The amount of each progress payment shall then be reduced by:

i. The aggregate of any amounts previously paid by the City;

ii. The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment;

iii. Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;

iv. For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part; and

v. Retainage withheld pursuant to Section IV(A)(8).

c. Any Progress Payment shall include partial release of liens for material and labor for previous application for payment amount approved and paid. The DBE Utilization Report shall be included with the pay application.

8. Retainage

a. For each progress payment made prior to Substantial Completion of the Work, the City may withhold the following amount, as retainage, from the payment otherwise due:

i. Five percent (5%) of the first fifty percent (50%) of the completed work and after fifty percent (50%) completion has been accomplished, no further retainage shall be held from the original Contract Sum. Increases in the contract sum by Change Order shall also be subject to retainage.

ii. Upon Substantial Completion of the Work, the Contractor may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section IV(A)(8). The Application for Payment submitted at Substantial Completion shall not include retainage as follows:

The net amount of the Retainage shall be equal to two and one half percent (2.5%) of total Contract Sum, as increased or decreased by Change Order.

9. If final completion of the Work is materially delayed through no fault of the Contractor, the City shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.

10. Except with the City's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

DRAFT SUBJECT TO CHANGE

B. Final Payment

1. Final monthly progress payment, constituting the entire unpaid balance of the Contract Sum, less retainage, shall be made by the City to the Contractor when
   a. the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A201 (including City's then-current modifications which may be obtained from the City or, alternatively, a copy of which is incorporated in the Project Manual and incorporated by reference herein as a part thereof), and to satisfy other requirements, if any, which extend beyond final payment; and
   b. a Certificate of Substantial Completion has been issued by the Architect/City and the project accepted.
2. The City's final payment to the Contractor of retainage shall be made as follows:

   The final two and one half percent (2.5%) of the total Contract Sum retained will not be paid until proof of publication is submitted and all written claims paid in full. Contractor to submit the following:

   a. Contractor's Affidavit of Payment of Debts and Claims (AIA form G706, included in contract documents) with
      i. Contractor's Release or Waiver of Liens
      ii. Releases or Waivers of Liens from Subcontractors and Material and Equipment Suppliers;
   b. Contractor's Affidavit of Release of Liens (AIA form G706A, included in contract documents);
   c. Consent of Surety, if any, to final payment (AIA form G707, included in contract documents);
   d. Any additional close out requirements per the contract documents; and
   e. Notarized Affidavit of Notice of Completion advertisement from publisher.

   Contractor shall provide proof of publication of Notice of Completion in a local newspaper once per week for a minimum of three (3) consecutive weeks., as required in the Title 39, Section 39-1-1, Subsection (f), of the Code of Alabama quoted below. "The Contractor shall, immediately after the completion of the contract, give notice of Completion by an advertisement in a newspaper of general circulation published within the city or county in which the work has been done, for a period of once per week for a minimum of three (3) consecutive weeks. A final settlement shall not be made upon the contract until the expiration of thirty (30) days after the completion of the notice. Proof of publication of the notice shall be made by the contractor to the authority by whom the contract was made by affidavit of the publisher and a printed copy of the notice published. If no newspaper is published in the county in which the work is done, the notice may be given by the contract." (Acts 1927, No. 39, 9.37; Acts 1935, No. 39, 9. 70; Code 1940, T. 50, Section 16; Acts 1983, No. 83-737, 9.1203; Acts 1989, No. 89-650m 9. 1284, Section 1; Acts 1994, No. 94-207, p, 270, Section 1; Acts 1997, No. 97-225, p. 348, Section 1.)

DRAFT SUBJECT TO CHANGE

3. The Notice of Completion shall read as follows:

STATE OF ALABAMA
COUNTY OF MOBILE
NOTICE OF COMPLETION

In accordance with Chapter I, Title 39, Code of Alabama, 1975, NOTICE IS HEREBY given that _____ [contractor name] has completed the contract for CIP D7 Senior Center, 6024 Lorma Road, Mobile, Alabama 36608, Project #PR-049-25. All persons having any claims for labor, material or otherwise in connection with this project should immediately notify the Architectural Engineering Department, City of Mobile, P. O. Box 1827, Mobile, Alabama 36633-1827.

C. Publication of the Notice of Completion shall not begin until the Project has been accepted as Substantially Complete by the City of Mobile.

V. ADDITIONAL SERVICES

A. No changes to this Contract or the performance contemplated hereunder shall be made unless the same are in writing and signed by both the Contractor and the City's authorized agent.

B. If the City's Architectural Engineering Director requires the Contractor to perform additional services related to this Contract then the Contractor shall be entitled to additional compensation based on the Fee Schedule as amended to the extent necessary to accommodate such additional work. The additional compensation shall be agreed upon before commencement of any additional services or changes and shall be incorporated into this Contract by written amendment. The City shall not pay for any additional service or work performed before a written amendment to this Contract is executed by the City and the Contractor. Notwithstanding the preceding, in the event additional services are required as a result of error, omission or negligence of the Contractor, the Contractor shall not be entitled to additional compensation.

VI. LIABILITY OF CONTRACTOR

A. To the fullest extent permitted by law, Contractor covenants to release, defend, indemnify, hold harmless, protect, and exonerate both the City and its agents, employees, and representatives, from and against any and all liability, claims (direct and indirect), damages, losses, suits, actions, demands, liens, arbitrations, administrative proceedings, awards, judgments, expenses, costs, and attorneys' fees pertaining to personal injury, bodily injury, death, damage to or destruction of property (including any loss of use), economic loss or damage, labor disputes, safety requirements, performance or non-performance of obligations, certifications, property rights of third parties, sickness or disease, which (1) are caused in whole or in part by the Contractor (herein defined to include but not be limited to Contractor's owners, employees, agents, representatives, subcontractors, suppliers, and invitees or other third parties connected with the Contractor as well as the agents or employees of any of them), or (2) arise out of or are related to work undertaken or to be performed by the Contractor, or (3) arise out of or are related to any other act or omission relating to the Contractor, the Contract, the work under the Contract or otherwise undertaken by the Contractor as defined in the parenthetical of (1) above. It is the specific and express intent of the

DRAFT SUBJECT TO CHANGE

parties to the contract for the foregoing covenants and indemnity obligations to apply to the fullest extent permitted by applicable law, regardless of whether the liability is caused in whole or in part by a party indemnified hereunder, and whether said liability be caused by, or arise out of, any joint, concurrent, or contributory negligence of a party indemnified hereunder. The contractor agrees it is not a design professional within the meaning of § 41-9A-3, Ala. Code (1975).

B. This section of the Agreement will survive the expiration or termination of the Agreement.

VII. CONTRACTORS INSURANCE

A. Workmen's Compensation Insurance: - Statutory-amount and coverage as required by all applicable laws, rules or regulations of the State of Alabama and the United States of America, including the U. S. Longshore and Harbor Workers Act and the Jones Act, if applicable.

B. Employee's Liability Insurance shall be provided for limits of liability not less than:

Bodily Injury by Accident	$1,000,000 each accident
Bodily Injury by Disease	$1,000,000 each employee
Bodily Injury by Disease	$1,000,000 each policy

C. United States Longshoreman's Harbor Worker's Act.

D. Jones Act Coverage (if applicable) placed either in the Workers Compensation or through the Marine General Liability.

E. The Contractor shall provide Broad Form (commonly termed Comprehensive) General Liability Insurance (including premises-product-completed operations, independent contractors, and blanket contractual liability), specifically covering the obligations assumed by the Contractor for limits of liability not less than:

1. Bodily Injury	$1,000,000 each person $1,000,000 each occurrence
2. Property Damage	$1,000,000 each occurrence; or
3. Bodily Injury and Property Damage	$1,000,000 combined single limit

F. Such comprehensive policy shall include the following:

1. All liability of the Contractor, for the Contractor's Direct Operations.
2. Subcontractor's Operations.
3. Completed Operations Cover, thereby meaning any loss which shall occur after the contract has been completed, but which can be traced back to the Contract.
4. General Aggregate Limit of $2,000,000 shall apply on a "Per Project" Basis.
5. Contractual Liability, meaning thereby; any risk assumed by the Contractor under Hold Harmless Agreements or any other assumption of liability
6. Broad Form Property Damage Coverage, including Completed Operations.

DRAFT SUBJECT TO CHANGE

7. Personal Injury Liability, with employee's exclusions removed.
8. Explosion and Collapse Hazard (if applicable):
9. Underground Hazard (if applicable):
10. Marine General Liability shall include Premises and Operations, Personal and Advertising Injury, Products and Completed Operations, Protection and Indemnity including vessel and crew (if applicable).
11. Deletion of watercraft exclusion with respect to non-owned vessels and contractual Liability for watercraft exposure not covered by Protection and Indemnity policy.
12. The Marine General Liability policy must include an endorsement to cover "Sudden And Accidental Pollution."

G. The Contractor shall carry for himself and shall require that all Subcontractors and all Citys of Automobiles or trucks rented or hired on the contract carry, until the Contracts is completed, Comprehensive Automobile Liability Coverage for Bodily Injury and property. Damage for any auto in amounts not less than the minimum amounts as indicated. The Contractor and Subcontractor shall also carry for themselves insurance for all non-owned and hired automobile at the limits of liability as indicated below:

1. Bodily Injury	$1,000,000 each person $1,000,000 each occurrence
2. Property damage	$1,000,000 each occurrence; or,
3. Bodily Injury and Property damage	$1,000,000 combined single limit

H. Umbrella/Excess Liability: $2,000,000 combined single limit each occurrence for bodily injury and/or property damage

I. Builder's Risk Coverage (Property Insurance): The Contractor shall carry for the City, himself, and all Subcontractors a Builder's Risk Policy to cover the full amount of the Contract during construction, fabrication or erection of any equipment.

1. The Contractor shall purchase and maintain, in a company or companies lawfully authorized to do business in the jurisdiction in which the Project is located, property insurance written on a builder's risk "all-risk" or equivalent policy form in the amount of the initial Contract Sum, plus value of subsequent Contract Modifications and cost of materials supplied or installed by others, comprising total value for the entire Project at the site on a replacement cost basis. Such property insurance shall be maintained, unless otherwise provided in the Contract Documents or otherwise agreed in writing by all persons and entities who are beneficiaries of such insurance, until final payment has been made, or until no person or entity other than the City has an insurable interest in the property, whichever is later. This insurance shall include interests of the City, the Contractor, Subcontractors, Sub-subcontractors, and the Design Professionals in the Project.

DRAFT SUBJECT TO CHANGE

2. Property insurance shall be on an "all-risk" or equivalent policy form and shall include, without limitation, insurance against the perils of fire (with extended coverage) and physical loss or damage including, without duplication of coverage, theft, vandalism, malicious mischief, collapse, windstorm, falsework, testing and startup, temporary buildings and debris removal including demolition occasioned by enforcement of any applicable legal requirements, and shall cover reasonable compensation for Architect's and Contractor's services and expenses required as a result of such insured loss.

3. If the property insurance requires deductibles, the Contractor shall pay costs not covered because of such deductibles. Deductibles shall be limited to a maximum of $2,500.00 unless the loss is caused by windstorm; then deductible shall be a maximum of three percent (3%) of the insured value.

4. This property insurance shall cover the full value of equipment, material, and other portions of the Work stored off the site, and also portions of the Work in transit. There shall be no limits on the value of loss per occurrence.

5. A named storm endorsement is required. The deductible shall be a maximum of three percent (3%) of the insured value.

J. A Surety authorized to do business in the State of Alabama shall furnish the required Insurance.

K. The standard ACORD™ format shall be provided. The ACORD™ Certificate must be signed or countersigned by a Licensed Resident Agent of the State of Alabama and the agent's name, address and telephone number must appear on the face of the certificate.

L. The Surety must have a minimum rating of A/Class VI as reported in the latest issue of Best's Key Rating Guide Property-Casualty, published by Alfred M. Best Company, Inc. if the bid price exceeds $50,000.00.

M. "In Rem" endorsement.

N. Contractor shall procure and maintain insurance as specified in Exhibit D, City of Mobile Insurance Requirements, attached hereto and made a part of this Agreement.

The insurance shall be written for not less than limits of liability specified in the Contract Documents or required by law, whichever coverage is greater. Coverages, whether written on an occurrence or claims-made basis, shall be maintained without interruption from the date of commencement of the Work until the date of final payment and termination of any coverage required to be maintained after final payment, and, with respect to the Contractor's completed operations coverage, until the expiration of the period for correction of Work or for such other period for maintenance of completed operations coverage as specified in the Contract Documents.

Certificates of insurance acceptable to the City shall be filed with the City within ten (10) calendar days from date of issuance of contract forms for execution. Contractor shall deliver to the City of Mobile, certificates of insurance certifying the existence and limits of the insurance coverages along with separate policy endorsements. Contractor shall also be responsible for delivering policy

DRAFT SUBJECT TO CHANGE

renewal certificates to the City of Mobile, and thereafter upon renewal or replacement of each required policy of insurance. These certificates and the insurance policies shall contain a provision that coverages afforded under the policies will not be cancelled subject to non-renewal nor material change, or allowed to expire without at least thirty (30) days' (except ten (10) days from non-payment) prior written notice has been given to the City. An additional certificate evidencing continuation of liability coverage, including coverage for completed operations, shall be submitted with the final Application for Payment and thereafter upon renewal or replacement of such coverage until the expiration of the time. Information concerning reduction of coverage on account of revised limits or claims paid under the General Aggregate, or both, shall be furnished by the Contractor with reasonable promptness.

All policies of insurance, except worker's compensation, shall be endorsed to provide that all such insurances are primary and non-contributing with any other insurance maintained by the City of Mobile and endorsed to waive rights of subrogation in favor of the City of Mobile.

The Contractor shall cause the commercial liability coverage required by the Contract Documents to include (1) the City, the Architect and the Architect's Consultants as additional insureds for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's operations; and (2) the City as an additional insured for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's completed operations.

O. The Contractor shall provide bonds as set forth below:

Contractor shall furnish bonds covering faithful performance of the Contract and payment of obligations arising thereunder.

Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

The Labor and Material Payment Bond and the Performance Bond shall each be for one hundred percent (100%) of the Contract Sum.

1. Bond shall be submitted with the executed agreement on provided form(s).

2. Power of Attorney is required for both bonds.

3. A Surety authorized to do business in the State of Alabama shall furnish both bonds.

4. A Surety licensed to do business in the State of Alabama must execute the bonds.

5. The Surety must have a minimum rating of A/Class VI as reported in the latest issue of Best's Key Rating Guide Property-Casualty, published by Alfred M. Best Company, Inc., if the bid price exceeds $50,000.00.

6. The Surety company shall be required to execute AIA Document G-707, "Consent of Surety to Final Payment" prior to Final Payment being made to the Contractor.

DRAFT SUBJECT TO CHANGE

VIII. RESPONSIBILITIES OF THE CONTRACTOR

A. The personnel assigned by the Contractor to perform the services of this Contract shall comply with the terms set forth in this Contract. The Contractor shall ensure that all key personnel, support personnel, and other agents are fully qualified and capable to perform their assigned tasks. Any change or substitution to the Contractor's key personnel must receive the City's Department Head's written approval before said changes or substitution can become effective.

B. The Contractor agrees to respond to communication from the City within three working days unless a shorter response time is specified by the City.

C. The Contractor warrants that it has not employed or retained any company or person (other than a bona fide employee working solely for the Contractor), to solicit or secure this Contract and that he has not paid or agreed to pay any person, company, corporation, individual, or firm other than a bona fide employee working solely for the Contractor; any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award of this Contract.

D. Contractor agrees that it and its employees shall communicate with City employees and members of the public in a civil manner. All aspects of a Contractor's performance, including complaints received from City employees or members of the public, may impact the City's decision to renew or terminate this Contract in accordance with the provisions contained herein. The City further reserves the right to suspend or debar the Contractor from consideration for award of future contracts in accordance with Alabama competitive bid law if the Contractor does not abide by the terms of this contract.

E. The Contractor shall comply with all federal, state, and local laws, regulations and ordinances applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex, or national origin in the performance of work under this Contract.

F. The Contractor shall maintain books, records, documents, and other evidence directly pertaining to or connected with the services under this Contract which shall be available and accessible at the Contractor's offices for the purpose of inspection, audit, and copying during normal business hours by the City, or any of its authorized representatives.

G. The Contractor is, and shall be, in the performance of all work, services and activities under this Contract, an independent contractor. Contractor is not an employee, agent, or servant of the City and shall not represent itself as such. All persons engaged in any work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the Contractor's sole direction, supervision and control. The Contractor shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the Contractor's relationship and the relationship of its employees to the City shall be that of an independent contractor and not as employees of the City. The Contractor shall be solely responsible for providing benefits and insurance to its employees.

IX. TIME FOR PERFORMANCE

A. Time is of the essence in the performance of this Contract. The Contractor specifically agrees that contract time will begin on the date the Notice to Proceed is issued. Contractor also agrees no work

DRAFT SUBJECT TO CHANGE

will begin prior to such date. All work to be performed under the provisions of this Contract shall be completed to Substantial Completion in not more than [insert] calendar days and all work shall be completed to Final Acceptance within thirty (30) calendar days from Substantial Completion, or thirty (30) calendar days from delivery to Contractor of a list of items to be completed punch list. Upon Final Completion, Contractor shall deliver Notice of Final Completion via Hard Copy Format and an Electronic Copy Format within (30) calendar days from the competition of services.

X. ENUMERATION OF DOCUMENTS

A. Standard Form of Agreement Between City and Contractor;

B. General Conditions of the Contract for Construction, including City's then-current modifications, a copy of which is incorporated in the contract documents and incorporated by reference herein as a part thereof.

XI. LIQUIDATED DAMAGES

A. The parties to this Contract agree that time is of the essence in the work provided for herein and that a precise determination of actual damages which would be incurred by the City for delay in the completion of the work provided for herein, aside from the additional cost of inspection and supervision, would be difficult to ascertain. Accordingly, the parties to the Contract agree that the liquidated damages for those items of damage not otherwise provided for by this Contract, for each and every day that the time consumed in completing the work provided for in these construction documents exceeds the time(s) allowed therefore, shall be the amount(s) stated below per day, including Saturdays, Sundays, and legal holidays. The parties specifically agree that the liquidated damages provided for herein do not constitute a penalty. Furthermore, since the additional cost of inspection and supervision arising from a delay is not difficult to ascertain, it is agreed that the Contractor shall pay, in addition to the liquidated damages provided for herein, all expenses for inspection and supervision occasioned by the failure of the Contractor to complete the work within the time(s) fixed for completion herein. The amount(s) of liquidated damages together with the additional costs for inspection and supervision occasioned by the Contractor's delay will be deducted and retained out of the monies payable to the Contractor. If not so deducted, the Contractor and sureties for the Contractor shall be liable therefore. The amount of liquidated damages to be assessed for each calendar day that any Work remains uncompleted, or any required closeout documents are not acceptably submitted, for more than thirty (30) days after the time specified for the Substantial Completion shall be Two Hundred Fifty Dollars ($250.00) per day, the amount of which shall be deducted by the owner, and shall be retained by the Owner out of monies otherwise due the Contractor in the final payment, not as a penalty, but as liquidated damages sustained.

DRAFT SUBJECT TO CHANGE

XII. FORCE MAJEURE

A. The Contractor specifically agrees that all work performed under the terms and conditions of this Contract shall be completed within the time limits as set forth herein, or as otherwise identified in the City's purchase order or specified by the City's Department Head, subject only to delays caused by force majeure, or as otherwise defined herein. "Force majeure" shall be deemed to be any cause affecting the performance of this Contract arising from or attributable to acts, events, omissions or accidents beyond the reasonable control of the parties.

XIII. OBLIGATIONS OF THE CITY

A. City shall designate a Department Head or other person to act as City's representative with respect to this Agreement. Such person will have authority to transmit instructions, receive information, and interpret and define City's policies and decisions regarding the scope of services.

B. City shall furnish to Contractor all applicable information and technical data in City's possession or control reasonably requested by Contractor for the proper performance of the Services.

C. The City's Designated representative will do all things necessary to properly administer the terms and conditions of this Agreement, including, but not limited to: 1. Review of all Contractor payment requests for approval or rejection. 2. Periodic reviews of the work of the Contractor as necessary for the completion of the Contractor's services during the period of this Agreement.

D. The City shall not provide any services to the Contractor in connection with any claim brought on behalf of or against the Contractor.

XIV. TERMINATION

A. The City shall have the right at any time upon thirty (30) calendar day's written notice to the Contractor to terminate the services of the Contractor. The City shall pay to the Contractor and the Contractor shall accept as full payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

B. Any failure of the Contractor to satisfy the requirements of this Contract, as documented by the Department Head, shall be considered a default of the Contract and sufficient reason for termination. 1. For defaults that are curable (as determined by the City), the Contractor shall be notified in writing by the City and shall have an opportunity to cure such default(s) within ten (10) working days after notification. 2. For defaults that are not curable (as determined by the City), notice of the termination date shall be given as deemed appropriate by the City.

C. In the event the City's termination of this Contract for default is in any way deficient, at the option of the City such termination shall be deemed to be a termination for convenience pursuant to Section XIV(A) above.

D. The parties may mutually agree to terminate this Contract. Such termination shall be evidenced by a notice issued by the City. The City shall pay to the Contractor and the Contractor shall accept as payment for its services, a sum of money equal to the work completed in any commenced but incomplete services.

DRAFT SUBJECT TO CHANGE

E. In the event that the Contractor has abandoned performance under this Contract, then the City may terminate this Contract upon three (3) calendar day's written notice to the Contractor indicating its intention to do so. Payment for work performed prior to the Contractor's abandonment shall be as stated above. Contractor shall have one hundred and eighty (180) days to submit invoices. Invoices submitted after one hundred and eighty (180) days may not be accepted for payment.

F. The Contractor shall have the right to terminate services only in the event of the City failing to pay the Contractor's properly documented and submitted invoice within ninety (90) calendar days of the approval by the City's Department Head, or if the Project is suspended by the City for a period greater than ninety (90) calendar days.

G. After consultation with and written Notice to the Contractor providing a reasonable opportunity to cure, the City shall have the right to refuse to make payment, in whole or part due to: 1. The quality of a portion, or all, of the Contractor's work not performed in accordance with the requirements of this Contract; 2. The quantity of the Contractor's work not delivered or performed as represented in the Contractor's Payment Request, or otherwise; 3. Claims made, or likely to be made, against the City, or its property; 4. Damages to the City or a third party caused by Contractor; 5. The Contractor's failure or refusal to perform any other obligation under this Contract.

XV. DISPUTE RESOLUTION

A. In the event of a dispute or claim arising out of this Agreement, the parties agree first to try in good faith to settle the dispute by direct discussion. If this is unsuccessful, the parties may enter into mediation in Mobile City, Alabama, with the parties sharing equally in the cost of such mediation.

B. In the event mediation, if attempted, is unsuccessful in resolving a dispute, the parties may proceed to litigation as set forth below.

C. Any dispute, action or proceeding arising out of or related to this Agreement will be exclusively commenced in the state courts of City of Mobile, Alabama, or where proper subject matter jurisdiction exists in the United States District Court for the Southern District of Alabama. Each party irrevocably submits and waives any objections to the exclusive personal jurisdiction and venue of such courts, including any objection based on forum non conveniens.

D. Contractor agrees to waive all rights to trial by jury for any litigation undertaken concerning this Agreement

E. This Agreement and the rights and obligations of the parties shall be governed by the laws of the State of Alabama without regard to its conflict of laws principles.

F. Unless otherwise agreed in writing, the Contractor shall be required to continue its services and all other obligations under this Agreement during the pendency of the claim or dispute, including, but not limited to, the actual period of mediation or judicial proceedings. p

DRAFT SUBJECT TO CHANGE

XVI. CONTRACTOR WARRANTY

A. Contractor shall provide a minimum one (1) years warranty from the date of substantial completion of all Labor and Materials for the Work covered by this contract, unless otherwise specified. Labor and Material warranties required by other sections of the construction document shall not conflict with this provision. The most stringent warranty provision shall apply

B. Best Management Practices (BMPs): The Contractor shall be responsible for providing, implementing and maintaining BMPs for sediment and erosion control in full compliance with all applicable Local, State and Federal Codes and Ordinances throughout the contract period. All Work shall be in accordance with the Clean Water Act; the Alabama Water Pollution Control Act; the current version of the Alabama Handbook for Erosion Control, Sediment Control Storm water Management on Construction sites and Urban Areas; and the current version of the Mobile, Alabama City Code Chapter 17 Storm water Management and Flood Control. All Wastewater with oils, grease, paint, mortar, etc., shall be properly contained and disposed of.

C. All products provided under this Contract shall be new and of the most suitable grade for the purpose intended.

D. If any product delivered does not meet performance representations or other quality assurance representations as published by manufacturers, producers or distributors of the products or the specifications listed in this Contract, the Contractor shall pick up the product from the City at no expense to the City. The City reserves the right to reject any or all materials if, in its judgment, the item reflects unsatisfactory workmanship or manufacturing or shipping damage. In such case, the Contractor shall refund to the City any money which has been paid for same.

E. Contractor warrants that the products under normal use and service will be free from material defects in materials and workmanship. In the event Contractor's standard product warranty is for a period of time longer than that stated above, this warranty shall be extended to that longer duration.

F. All services will be performed (i) by qualified personnel in a professional and workmanlike manner, consistent with industry standards, (ii) in accord with the performance specifications, scope of work and terms and conditions set forth in this agreement, (iii) with due care and in accord with applicable laws and regulations including all laws and regulations relating to the scope of work in the agreement, health, safety and the environment, fair labor practices, unlawful discrimination and immigration, and (iv) in accord with generally prevailing industry standards. Upon City providing notice to Contractor as set out in a reasonably detailed written notice to cure any non-conformance within thirty (30) days of occurrence, Contractor agrees to re-perform the services to achieve commercially reasonable conformance with this warranty.

XVII. SUSPENSION/STOP WORK ORDER

A. The City's Department Head, may at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract. Any order shall be identified specifically as a stop work order issued pursuant to this clause. This order shall be effective as of the date the order is delivered to the Contractor. Upon receipt of such an order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. The Contractor shall

DRAFT SUBJECT TO CHANGE

not resume work unless specifically so directed in writing by the City. The Department Head shall take one of the following actions: 1. Cancel the stop work order; or 2. Terminate the work covered by the order; or 3. Terminate the Contract in accordance with provisions contained in Section XIV(A).

B. In the event the City of Mobile determines not to direct the Contractor to resume work, the stop work order may be converted into a notice of termination for convenience pursuant to Section XIV(A). The notice period for such termination shall be deemed to commence on the date of issuance of the stop work order. In the event the City does not direct the Contractor to resume work within ninety (90) days, the Contractor may terminate this Contract.

XVIII. NOTICES

A. The City of Mobile Authorized Agent, authorized to act on the City's behalf with respect to the Project is the Architectural Engineering Director.

B. Any notices of any nature, whatsoever, including but not limited to notice of termination or default shall be sufficient if sent by parties via United States Certified mail, postage paid, or via nationally recognized delivery service, to the address listed below:

CITY:
City of Mobile
c/o Director, Architectural Engineering
As: City's Authorized Agent
P.O Box 1827
Mobile, AL 36633-1827

CONTRACTOR:

Legal Department
P.O. Box 1827
Mobile, AL 36633-1827

C. Any change in the City's Department Head or the Contractor's Authorized Agent will be promptly communicated by the party making the change.

XIX. DEFAULT/ BREACH

A. Default. Default, for purposes of this contract, shall include, but is not limited to, any of the following: 1) failure to perform the work or provide the services in accordance with the terms of the contract, 2) failure to meet established deadlines or schedules, 3) substandard or non-compliant work or services, 4) failure to comply with applicable laws, regulations, or permits, including state and federal law, local ordinances and any federal grant requirements, 5) failure to make payments to subcontractors or suppliers, 6) failure to communicate adequately with the City regarding progress or issues, 7) unauthorized assignment or transfer of the contract without prior written consent from the City, 8) failure to correct deficiencies after receiving written notice from the City, 9) misrepresentation or falsification of information provided in contract proposals or during

DRAFT SUBJECT TO CHANGE

performance,10) failure to maintain required insurance coverage, 11) use of unapproved subcontractors or failure to supervise subcontractors adequately, 12) unauthorized use of City property, equipment, or resources, 13) failure to comply with safety standards, resulting in hazardous conditions or accidents, 14) violation of confidentiality or data protection requirements outlined in the contract, 15) breach of warranties related to the quality, fitness, or compliance of goods or services provided, 16) failure to provide required reports, documentation, or certifications within specified timelines, 17) delays caused by inadequate staffing, equipment, or materials, 18) failure to replace defective or non-compliant materials or equipment within a reasonable time-frame, 19) violation of environmental regulations, including improper disposal of hazardous materials, 20) failure to cooperate with City inspectors, auditors, or other designated officials during site visits or reviews, 21) failing to comply with written directives from the City to correct specific issues or deficiencies, 22) subcontractor abandonment or unauthorized substitution of key personnel, 23) unauthorized cessation of work or delays caused by disputes with subcontractors, 24) breach of intellectual property rights, including unauthorized use of copyrighted or proprietary materials, 25) misuse of funds allocated for specific tasks or deliverables, 26) failure to meet minority, small business, or other subcontracting goals as specified in the contract, 27) failure to maintain adequate security measures for sensitive information or physical assets, 28) failure to address health and safety violations that result in injury or property damage, 29) providing false claims for payments, reimbursements, or change orders, 30) failing to meet requirements for workforce certifications or qualifications outlined in the contract, 31) failure to disclose debarment or loss of required license.

XX. EFFECT OF DEFAULT

A. Upon the occurrence of default, City shall have rights which include but are not limited to (i) the right to keep this Contract in effect and sue Contractor for all damages caused by the default and recover the cost thereof; (ii) the right to cure any such default by Contractor and to recover any damages caused thereby; and (iii) the right to terminate this Contract either as to the entire Project or part thereof, in either case by giving Contractor written notice of such termination. In the event of termination of this Agreement by the City because of the Contractor's default or breach, the City may take possession of all materials, equipment, tools, construction equipment, and machinery thereon owned by the Contractor and may finish the Project by whatever method and means City may select subject to its obligation to reasonably mitigate.

XXI. WITHHOLDING PAYMENT DUE

A. Default by Contractor shall excuse any obligation of City to pay compensation or sums otherwise due Contractor under the agreement. City may withhold any and all sums due if there has been a default or breach by Contractor of any provision of this agreement.

XXII. CURE PLAN

A. If Contractor fails to comply with any material provision of this agreement, the City may issue a written notice requiring Contractor to submit a corrective action plan (CAP) within such time as City directs. If Contractor fails to provide an acceptable CAP or does not cure the breach within the time frame specified, the City may invoke additional sanctions or terminate this Agreement.

DRAFT SUBJECT TO CHANGE

XXIII. EFFECT OF DEFAULT ON FUTURE COMPETITIVE BIDDING

A. Failure by the Contractor to perform in accordance with the terms, conditions, and specifications of this agreement, including but not limited to failure to complete work within the specified time frame, failure to meet quality or safety standards, or abandonment of the project, and any other breach as defined herein, may be considered by City in evaluating the Contractor's status as a 'responsible bidder' as defined under Alabama law in future competitive bid determinations within the parameters of acceptable evaluation.

XXIV. PEER REVIEW/VALUE ENGINEERING

A. The City reserves the right to engage independent experts to conduct peer reviews or value engineering analyses of the Project at any stage. Contractor shall cooperate fully by providing necessary documentation and access. If the peer review identifies opportunities for cost savings or performance improvements without compromising safety or quality, Contractor shall implement such recommendations as directed by the City, subject to equitable adjustments if necessary.

XXV. ANTI-BOYCOTT

A. Contractor agrees it is not currently engaged in and will not engage in the boycott of a person or an entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade within the meaning of Alabama Code 41-16-5.

XXVI. NON-DISCRIMINATION

A. Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

XXVII. COMPLIANCE WITH IMMIGRATION LAW

A. By signing this contract, the contracting parties affirm, for the duration of the Agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Pursuant to Alabama Code (1975) Section 31-13-9, if Contractor employs one or more employees within the State of Alabama, Contractor shall provide documentation establishing that Contractor is enrolled in the *E-Verify* program. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the Agreement and shall be responsible for all damages resulting therefrom.

XXVIII. MISCELLANEOUS

A. This Agreement constitutes the sole and complete understanding between the parties and supersedes all agreements between them, whether oral or written with respect to the subject matter. No

DRAFT SUBJECT TO CHANGE

Amendment, change or addendum to this Agreement is enforceable unless agreed to in writing by both parties and incorporated into this Agreement.

B. The language of this Agreement shall be construed, in all cases, according to its fair meaning and not for or against any party hereto.

C. The parties hereto do not intend nor shall this Agreement be construed to grant any rights, privileges or interest to any third party.

D. Time is of the essence with regard to each and every aspect of the Contractor's performance under this Contract.

E. The rights and remedies of the City provided for under this Agreement are in addition to any other rights and remedies provided by law.

F. If the Contractor is comprised of more than one legal entity, each entity shall be jointly and severally liable hereunder**.**

G. The exercise by either party of any rights or remedies provided herein shall not constitute a waiver of any other rights or remedies available under this Agreement or any applicable law.

H. If any term, condition, or covenant of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this Agreement shall be valid and binding on each party.

I. The parties covenant and agree that each is duly authorized to enter into and perform this Agreement and those executing this Agreement have all requisite power and authority to bind the parties.

J. Neither the City's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

K. Paragraph headings are for the convenience of the parties and for reference purposes only and shall be given no legal effect.

L. In the event of conflicts or inconsistencies between the provisions of this agreement and those in any attachment or Exhibit hereto, then the provisions of this agreement will take precedence and be applicable, binding and enforceable.

M. Preparation of Agreement. All provisions of this Agreement have been subject to full and careful review by and negotiation between Contractor and City. Each such party has availed itself of such legal advice and counsel as it, respectively, has deemed appropriate. The parties hereto agree that neither one of them shall be deemed to be the drafter or author of this Agreement, and in the event this Agreement is subject to interpretation or construction by a court of law or panel of arbitration, such court or panel shall not construe this Agreement or any portion hereof against either party as the drafter of this Agreement.

DRAFT SUBJECT TO CHANGE

N. Entire Agreement. This Agreement embodies the entire agreement and understanding between the parties pertaining to the subject matter of this Agreement, and supersedes all prior agreements, understandings, negotiations, representations and discussions, whether verbal or written, of the parties pertaining to that subject matter.

O. Binding Effect. The provisions of this Agreement shall bind and inure to the benefit of the parties and their respective successors and permitted assigns.

P. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute a single agreement.

Q. Amendment and Waiver. This Agreement may be amended, modified or supplemented only by a writing executed by each of the parties. Any party may in writing waive any provisions of this Agreement to the extent such provision is for the benefit of the waiving party. No action taken pursuant to this Agreement shall be deemed to constitute a waiver by that party of any other party's compliance with provisions of this Agreement. No waiver by any party of a breach of any provision of this Agreement shall be construed as a waiver of any subsequent or different breach, and no forbearance by a party to seek a remedy for noncompliance or breach by another party shall be construed as a waiver of any right or remedy with respect to such noncompliance or breach.

R. Attorney's Fees and Costs. If the City is required to take legal action to enforce this contract, the contractor agrees to reimburse the City for all reasonable attorney's fees and associated costs incurred.

S. Non-Waiver of Rights. Failure by the City to enforce any provision of this contract shall not be deemed a waiver of its rights to enforce any other provision or the same provision in the future.

T. Sovereign Immunity. Nothing in this Agreement shall be construed as a waiver of any governmental, sovereign, or other immunity by the City, its officials, or employees. All defenses and limitations of liability provided by law remain fully applicable.

PERFORMANCE BOND

Any singular reference to Contractor, Surety, Owner or other Party shall be considered plural where applicable.

KNOW ALL MEN BY THESE PRESENTS: That the Contractor, _____, _____,_____, hereinafter called the Principal, and _____ _____, hereinafter called the Surety, are held and firmly bound unto the **City of Mobile, P. O. Box 1827, Mobile, AL 36633**, hereinafter called the Owner, in the penal sum of _____ and xx/100 Dollars ($_____.00) for payment of which we bind ourselves, our heirs, executors, administrators, successors, and assigns for the faithful performance of a certain written Contract dated the _____ day of _____, 2025 entered into between the Principal and the City of Mobile for furnishing all labor, material, equipment and insurance and performing all Work required to properly complete CIP D7 Senior Center (PR-049-25), 6024 Lorma Road Mobile, Alabama, 36608, a copy of which said Contract is incorporated herein by reference and is made a part hereof as if fully copied herein.

NOW, THEREFORE, the condition of this obligation is such that if the Principal shall faithfully perform the terms and conditions of the Contract in all respects on its part and shall fully pay all obligations incurred in connection with the performance of such Contract on account of labor and materials used in connection therewith, and all such other obligations of every form, nature and character, and shall save harmless the Owner from all and any liability of every nature, kind and character which may be incurred in connection with the performance or fulfillment of such Contract or other such and liability resulting from negligence or otherwise on the part of such Principal and further save harmless the Owner from all cost and damage which may be suffered by reason of the failure to fully and completely perform said contract and shall fully reimburse and repay the Owner for all expenditures of every kind, character, and description which may be incurred by the Owner in making good any and every default which may exist on the part of the Principal in connection with the performance of said Contract; and further that the Principal shall pay all lawful claims of all persons, firms, partnerships, or corporations for all labor performed and material furnished in connection with the performance of the Contract, and that the failure to do so with such persons, firms, partnerships or corporations shall give them a direct obligation; and provided, however, that no suit, action, or proceedings by reason of any default whatever shall be brought on this bond after two years from the date on which the final payment on the Contract falls due, and provided, further, that if any alterations or additions which may be made under the Contract, or in the work to be done under it, or the giving by the Owner of any extensions of time for the performance of the Contract or any other forbearance being expressly waived. This obligation shall remain in full force and effect until the performance of all covenants, terms and conditions herein stipulated and after such performance, it shall become null and void.

In addition to any other legal mode of service, service of summons, and other process in civil actions brought in Mobile County may be had on the Contractor or the Surety on the bond by leaving a copy of the summons and complaint or other pleading or process with the Mayor of the City of Mobile which shall bind the principal Contractor and Surety to the mode of service above described and that the service shall be the same as personal service on the contractor or surety. This Bond is given pursuant to the terms of Alabama Code, Title 39-1-1, et. al., As Amended.

LABOR AND MATERIAL PAYMENT BOND

Any singular reference to Contractor, Surety, Owner or other Party shall be considered plural where applicable.

KNOW ALL MEN BY THESE PRESENTS: That the Contractor**,** _____, _____, _____ , as Principal, and _____, as Surety, are held and firmly bound unto the **City of Mobile, P. O. Box 1827, Mobile, AL 36633** (hereinafter called the "Obligee") in the penal sum of _____ and xx/100 ($_____.00) lawful money of the United States, for the payment of which sum well and truly to be made we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally, firmly by these presents.

WHEREAS, said Principal has entered into a certain Contract with said Obligee, dated the ____ day of _____, 2025 (hereinafter called the "Contract") for furnishing all labor, material, equipment and insurance and perform all work required to properly complete CIP D7 Senior Center (PR-049-25), 6024 Lorma Road, Mobile, Alabama, 36608, which**, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH** that if said Principal and all subcontractors to whom any portion of work provided for in said Contract is sublet and all assignees of said Principal and of such subcontractors shall promptly make payments to all persons supplying him or them with labor, materials or supplies for or in the prosecution of the work provided for in such Contract, or in any amendment or extension of or additions to said Contract, and for the payment of reasonable attorney's fees, incurred by the claimant or claimants in suits on each bond, then the above obligations shall be void; otherwise to remain in full force and effect.

PROVIDED, however, that this bond is subject to the following conditions and limitations.

(a) Any person, firm or corporation that has furnished labor, materials or supplies for or in the prosecution of the work provided for in said contract shall have a direct right of action against the Principal and Surety on this bond, which right of action shall be asserted in a proceeding instituted in the County in which the work provided for in said Contract is to be performed or in any county in which said Principal and Surety does business. Such right of action shall be asserted in a proceeding instituted in the name of the claimant or claimants for his or their use and benefit against said Principal and Surety or either of them (but not later than one year after the final settlement of said Contract) in which action such claim or claims shall be adjudicated and judgment rendered thereon.

(b) The Principal and Surety hereby designate and appoint _____**Attorney-In-Fact,** as the agent of each of them to receive and accept service of process or other pleading issued or filed in any proceeding instituted on this bond and hereby consent that such service shall be the same as personal service on the Principal and/or Surety. In addition to any other legal mode of service, service of summons, and other process in civil actions brought in Mobile County may be had on the Contractor or the Surety on the bond by leaving a copy of the summons and complaint or other pleading or process with the Mayor of the City of Mobile which shall bind the principal Contractor and Surety to the mode of service above described and that the service shall be the same as personal service on the contractor or surety.

(c) The Surety shall not be liable hereunder for damage or compensation recoverable under any Workmen's Compensation or Employer's Liability Statute.

(d) In no event shall the Surety be liable for a greater sum than the penalty of this bond, or subject to any suit, action or proceeding thereon that is instituted later than two years after the final settlement of said Contract.

(e) This bond is given pursuant to the terms of Alabama Code, Title 39-1-1, et. al., As Amended.

EXECUTED IN FOUR (4) COUNTERPARTS.

Mobile, Alabama 36633-1827

TO CONTRACTOR:
(Name and address)

PROJECT OR PORTION OF THE PROJECT DESIGNATED FOR PARTIAL OCCUPANCY OR USE SHALL INCLUDE:

The Work performed under this Contract has been reviewed and found, to the Architect's best knowledge, information and belief, to be substantially complete. Substantial Completion is the stage in the progress of the Work when the Work or designated portion is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use. The date of Substantial Completion of the Project or portion designated above is the date of issuance established by this Certificate, which is also the date of commencement of applicable warranties required by the Contract Documents, except as stated below:

Warranty **Date of Commencement**

ARCHITECT	BY	DATE OF ISSUANCE

A list of items to be completed or corrected is attached hereto. The failure to include any items on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents. Unless otherwise agreed to in writing, the date of commencement of warranties for items on the attached list will be the date of issuance of the final Certificate of Payment or the date of final payment.

Cost estimate of Work that is incomplete or defective: $0.00

The Contractor will complete or correct the Work on the list of items attached hereto within Zero (0) days from the above date of Substantial Completion.

CONTRACTOR	BY	DATE

The Owner accepts the Work or designated portion as substantially complete and will assume full possession at (time) on (date).

City of Mobile OWNER	BY	DATE

The responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance shall be as follows:
(Note: Owner's and Contractor's legal and insurance counsel should determine and review insurance requirements and coverage.)

Form **W-9**
(Rev. December 2014)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give Form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification; check only **one** of the following seven boxes:

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶ _____

Note. For a single-member LLC that is disregarded, do not check LLC; check the appropriate box in the line above for the tax classification of the single-member owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

6 City, state, and ZIP code

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

Social security number

☐☐☐ - ☐☐ - ☐☐☐☐

or

Employer identification number

☐☐ - ☐☐☐☐☐☐☐

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

Sign Here | **Signature of U.S. person** ▶ | **Date** ▶ 12/28/2018

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at *www.irs.gov/fw9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding?* on page 2.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

SECTION 00700

GENERAL CONDITIONS OF THE CONTRACT FOR CONSTRUCTION,
AIA DOCUMENT A201 - 2007

PART 1 GENERAL

This section includes the GENERAL CONDITIONS OF THE CONTRACT FOR CONSTRUCTION, AIA Document A-201, that is to be used for this Project. The document has been electronically modified to meet the City of Mobile's requirements and shall be used for the project.

AIA® Document A201® – 2017

General Conditions of the Contract for Construction

for the following PROJECT:
(Name and location or address)
CIP D7 Senior Center
6024 Lorma Road
Mobile, AL 36608

THE OWNER:
(Name, legal status and address)
CITY OF MOBILE
205 Government Street
P O Box 1827
Mobile, Alabama 36633

THE ARCHITECT:
(Name, legal status and address)

ADDITIONS AND DELETIONS:
The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An *Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

For guidance in modifying this document to include supplementary conditions, see AIA Document A503™, Guide for Supplementary Conditions.

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 Basic Definitions

§ 1.1.1 The Contract Documents

The Contract Documents are enumerated in the Agreement between the Owner and Contractor (hereinafter the Agreement) and consist of the Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Agreement, and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive, or (4) a written order for a minor change in the Work issued by the Architect. Unless specifically enumerated in the Agreement, the Contract Documents do not include the advertisement or invitation to bid, Instructions to Bidders, sample forms, other information furnished by the Owner in anticipation of receiving bids or proposals, the Contractor's bid or proposal, or portions of Addenda relating to bidding or proposal requirements.

§ 1.1.2 The Contract

The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect's consultants, (2) between the Owner and a Subcontractor or a Sub-subcontractor, (3) between the Owner and the Architect or the Architect's consultants, or (4) between any persons or entities other than the Owner and the Contractor. The Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of the Architect's duties.

§ 1.1.3 The Work

The term "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project.

§ 1.1.4 The Project

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by Separate Contractors.

§ 1.1.5 The Drawings

The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules, and diagrams.

§ 1.1.6 The Specifications

The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

§ 1.1.7 Instruments of Service

Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, **Project Manual**, specifications, and other similar materials.

§ 1.1.8 Initial Decision Maker

The Initial Decision Maker is the person identified in the Agreement to render initial decisions on Claims in accordance with Section 15.2. The Initial Decision Maker shall not show partiality to the Owner or Contractor and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 1.2 Correlation and Intent of the Contract Documents

§ 1.2.1 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results.

§ 1.2.1.1 The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. If it is determined that any provision of the Contract Documents violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Contract.

§ 1.2.2 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

§ 1.3 Capitalization

Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other documents published by the American Institute of Architects.

§ 1.4 Interpretation

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 1.5 Ownership and Use of Drawings, Specifications, and Other Instruments of Service

§ 1.5.1 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and retain all common law, statutory, and other reserved rights in their Instruments of Service, including copyrights. The Contractor, Subcontractors, Sub-subcontractors, and suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Architect's or Architect's consultants' reserved rights.

§ 1.5.2 The Contractor, Subcontractors, Sub-subcontractors, and suppliers are authorized to use and reproduce the Instruments of Service provided to them, subject to any protocols established pursuant to Sections 1.7 and 1.8, solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and suppliers may not use the Instruments of Service on other projects or for additions to the Project outside the scope of the Work without the specific written consent of the Owner, Architect, and the Architect's consultants.

§ 1.6 Notice

§ 1.6.1 Except as otherwise provided in Section 1.6.2, where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the designated representative of the party to whom the notice is addressed and shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic transmission if a method for electronic transmission is set forth in the Agreement.

§ 1.6.2 Notice of Claims as provided in Section 15.1.3 shall be provided in writing and shall be deemed to have been duly served only if delivered to the designated representative of the party to whom the notice is addressed by certified or registered mail, or by courier providing proof of delivery.

ARTICLE 2 OWNER

§ 2.1 General

§ 2.1.1 The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization. Except as otherwise provided in Section 4.2.1, the Architect does not have such authority. The term "Owner" means the Owner or the Owner's authorized representative.

(Paragraph deleted)

§ 2.2 Evidence of the Owner's Financial Arrangements

§ 2.2.1 Prior to commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract. The Contractor shall have no obligation to commence the Work until the Owner provides such evidence. If commencement of the Work is delayed under this Section 2.2.1, the Contract Time shall be extended appropriately.

§ 2.2.2 Following commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract only if (1) the Owner fails to make payments to the Contractor as the Contract Documents require; (2) the Contractor identifies in writing a reasonable concern regarding the Owner's ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within fourteen days of the Contractor's request, the Contractor may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. However, if the request is made because a change in the Work materially changes the Contract Sum under (3) above, the Contractor may immediately stop only that portion of the Work affected by the change until reasonable evidence is provided. If the Work is stopped under this Section 2.2.2, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided in the Contract Documents.

§ 2.2.3 After the Owner furnishes evidence of financial arrangements under this Section 2.2, the Owner shall not materially vary such financial arrangements without prior notice to the Contractor.

§ 2.2.4 Where the Owner has designated information furnished under this Section 2.2 as "confidential," the Contractor shall keep the information confidential and shall not disclose it to any other person. However, the Contractor may disclose "confidential" information, after seven (7) days' notice to the Owner, where disclosure is required by law, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or by court or arbitrator(s) order. The Contractor may also disclose "confidential" information to its employees, consultants, sureties, Subcontractors and their employees, Sub-subcontractors, and others who need to know the content of such information solely and exclusively for the Project and who agree to maintain the confidentiality of such information.

§ 2.3 Information and Services Required of the Owner

§ 2.3.1 Except for permits and fees that are the responsibility of the Contractor under the Contract Documents, including those required under Section 3.7.1, the Owner shall secure and pay for necessary approvals, easements, assessments and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

§ 2.3.2 The Owner shall retain an architect lawfully licensed to practice architecture, or an entity lawfully practicing architecture, in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 2.3.3 If the employment of the Architect terminates, the Owner shall employ a successor to whom the Contractor has no reasonable objection and whose status under the Contract Documents shall be that of the Architect.

§ 2.3.4 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site. The Contractor shall be entitled to rely on the accuracy of

(1231318356)

information furnished by the Owner but shall exercise proper precautions relating to the safe performance of the Work.

§ 2.3.5 The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner's control and relevant to the Contractor's performance of the Work with reasonable promptness after receiving the Contractor's written request for such information or services.

§ 2.3.6 Unless otherwise provided in the Contract Documents, the Owner shall furnish to the Contractor one copy of the Contract Documents for purposes of making reproductions pursuant to Section 1.5.2.

§ 2.4 Owner's Right to Stop the Work

If the Contractor fails to correct Work that is not in accordance with the requirements of the Contract Documents as required by Section 12.2 or repeatedly fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity, except to the extent required by Section 6.1.3.

§ 2.5 Owner's Right to Carry Out the Work

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a ten-day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. Such action by the Owner and amounts charged to the Contractor are both subject to prior approval of the Architect and the Architect may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Architect's additional services made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

ARTICLE 3 CONTRACTOR

§ 3.1 General

§ 3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under this Contract. The term "Contractor" means the Contractor or the Contractor's authorized representative.

§ 3.1.2 The Contractor shall perform the Work in accordance with the Contract Documents.

§ 3.1.3 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Architect in the Architect's administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

§ 3.2 Review of Contract Documents and Field Conditions by Contractor

§ 3.2.1 Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become generally familiar with local conditions under which the Work is to be performed, and correlated personal observations with requirements of the Contract Documents.

§ 3.2.2 Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.3.4, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall

User Notes:
(1231318356)

promptly report to the Architect any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information in such form as the Architect may require. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.

§ 3.2.3 The Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Contractor shall promptly report to the Architect any nonconformity discovered by or made known to the Contractor as a request for information in such form as the Architect may require.

§ 3.2.4 If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor fails to perform the obligations of Sections 3.2.2 or 3.2.3, the Contractor shall pay such costs and damages to the Owner, subject to Section 15.1.7, as would have been avoided if the Contractor had performed such obligations. If the Contractor performs those obligations, the Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

§ 3.3 Supervision and Construction Procedures

§ 3.3.1 The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under the Contract. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences, or procedures, the Contractor shall evaluate the jobsite safety thereof and shall be solely responsible for the jobsite safety of such means, methods, techniques, sequences, or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely notice to the Owner and Architect, and shall propose alternative means, methods, techniques, sequences, or procedures. The Architect shall evaluate the proposed alternative solely for conformance with the design intent for the completed construction. Unless the Architect objects to the Contractor's proposed alternative, the Contractor shall perform the Work using its alternative means, methods, techniques, sequences, or procedures.

§ 3.3.2 The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

§ 3.3.3 The Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

§ 3.3.4 Three (3) days after the opening of the Bids, the Contractor shall furnish for written approval, an outline of the education, experience, and character of the Contractor's Project Manager, Superintendent, and Engineer. Any future substitution must have prior written approval of the Architect.

§ 3.4 Labor and Materials

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

§ 3.4.2 Except in the case of minor changes in the Work approved by the Architect in accordance with Section 3.12.8 or ordered by the Architect in accordance with Section 7.4, the Contractor may make substitutions only with the consent of the Owner, after evaluation by the Architect and in accordance with a Change Order or Construction Change Directive.

User Notes:
(1231318356)

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 3.4.4 The Contractor's or his/her Subcontractor's supervisors and workmen engaged on special work or skilled Work in any supervisory position or trade shall be qualified and have had sufficient education, training, and experience as a recognized professional or master mechanic in such Work to perform it properly and satisfactorily as prescribed in the Contract Documents.

§ 3.4.5 Any project manager, superintendent, engineer, foreman, or workman employed by the Contractor or by a Subcontractor who, in the sole opinion of the Architect, does not perform his/her Work in a proper and skillful manner or becomes party to disrespectful, intemperate, disorderly, intoxicated, or dishonest behavior, or uses foul language, fights, commits criminal act(s), falsifies records and construction, covers-up faulty Work or materials, does not comprehend or follow instructions, does not get along with the Architect or Owner's representative, or is otherwise objectionable, shall at the written request by the Architect, be discharged within 24 hours by the Contractor or Subcontractor employing such project manager, superintendent, engineer, foreman or workman, and shall not be employed again or any portion of the Work without the written consent of the Architect.

§ 3.4.6 Should the Contractor fail to remove such person or persons specified in Article 3.4.5 hereinabove or fail to furnish suitable and sufficient machinery, equipment, materials or qualified labor force for the proper execution of the Work, the Architect may withhold all payments which are or may become due to the Contractor or may suspend the Work until such orders are complied with.

§ 3.4.7 Contractor shall abide by provisions of Section 14.1 and Section 14.2, Code of the City of Mobile, originally adopted December 10, 1991. Prohibiting Discrimination in Employment by Contractors, Subcontractors, and Vendors performing Work and providing materials and supplies for the City of Mobile. A copy of said Code is located in the City's Projects Architectural Engineering Department. Certification of compliance with this requirement shall be made for all persons involved in the Work by the signature of the General Conditions on the Bid Form.

§ 3.5 Warranty

§ 3.5.1 The Contractor warrants to the Owner and Architect that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

§ 3.5.2 All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4.

§ 3.6 Taxes

The Contractor shall pay sales, consumer, use and similar taxes for the Work provided by the Contractor that are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect.

§ 3.7 Permits, Fees, Notices and Compliance with Laws

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall secure **City of Mobile building permit without cost, and shall secure and pay for** other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

§ 3.7.1.1 The Contractor shall secure building and other permits customarily obtained from the City of Mobile at no cost.

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work.

§ 3.7.3 If the Contractor performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction.

§ 3.7.4 Concealed or Unknown Conditions

If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner and the Architect before conditions are disturbed and in no event later than 14 days after first observance of the conditions. The Architect will promptly investigate such conditions and, if the Architect determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will recommend that an equitable adjustment be made in the Contract Sum or Contract Time, or both. If the Architect determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner and Contractor, stating the reasons. If either party disputes the Architect's determination or recommendation, that party may submit a Claim as provided in Article 15.

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 3.8 Allowances

§ 3.8.1 The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

§ 3.8.2 Unless otherwise provided in the Contract Documents,

- **.1** allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;
- **.2** Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and
- **.3** whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 3.8.2.1 and (2) changes in Contractor's costs under Section 3.8.2.2.

§ 3.8.3 Materials and equipment under an allowance shall be selected by the Owner with reasonable promptness.

§ 3.9 Superintendent

§ 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor.

§ 3.9.2 The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the name and qualifications of a proposed superintendent. Within 14 days of receipt of the information, the Architect may notify the Contractor, stating whether the Owner or the Architect (1) has reasonable objection to the proposed

superintendent or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 3.9.3 The Contractor shall not employ a proposed superintendent to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.

§ 3.10 Contractor's Construction and Submittal Schedules

§ 3.10.1 The Contractor, **within ten (10) business days** after being awarded the Contract, shall submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project.

§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule for the Architect's approval. The Architect's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow the Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, or fails to provide submittals in accordance with the approved submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 3.10.3 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Architect.

§ 3.11 Documents and Samples at the Site

The Contractor shall make available, at the Project site, the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and the approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Architect and Owner, and delivered to the Architect for submittal to the Owner upon completion of the Work as a record of the Work as constructed.

§ 3.12 Shop Drawings, Product Data and Samples

§ 3.12.1 Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor to illustrate some portion of the Work.

§ 3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

§ 3.12.3 Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Work will be judged.

§ 3.12.4 Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate how the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review by the Architect is subject to the limitations of Section 4.2.7. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Architect without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Architect, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documentswith reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of Separate Contractors. **Submittals which are not marked as reviewed for compliance with the Contract**

Documents and approved by the Contractor may be returned by the Architect without action. Wherever Shop Drawings are required in these Specifications, Shop Drawings shall be submitted for approval before materials are fabricated. Drawings shall show complete details. The General Contractor shall check and approve them either in writing or by stamp before forwarding to the Architect. The Architect will mark copies "Approved" if correct; or, "Approved As Noted" if only minor corrections are necessary. If major corrections are necessary, they will be noted on the Shop Drawings and they will be returned to the Contractor for correction and resubmission. Submit four (4) copies for Architect's and Owner's use plus the number of copies the Contractor requires for his/her own use.

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor represents to the Owner and Architect that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been approved by the Architect.

§ 3.12.8 The Work shall be in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from the requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data, Samples, or similar submittals, unless the Contractor has specifically notified the Architect of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples, or similar submittals, by the Architect's approval thereof.

§ 3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples, or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such notice, the Architect's approval of a resubmission shall not apply to such revisions.

§ 3.12.10 The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences, and procedures. The Contractor shall not be required to provide professional services in violation of applicable law.

§ 3.12.10.1 If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will specify all performance and design criteria that such services must satisfy. The Contractor shall be entitled to rely upon the adequacy and accuracy of the performance and design criteria provided in the Contract Documents. The Contractor shall cause such services or certifications to be provided by an appropriately licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings, and other submittals related to the Work, designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Architect. The Owner and the Architect shall be entitled to rely upon the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor the performance and design criteria that such services must satisfy. Pursuant to this Section 3.12.10, the Architect will review and approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

§ 3.12.10.2 If the Contract Documents require the Contractor's design professional to certify that the Work has been performed in accordance with the design criteria, the Contractor shall furnish such certifications to the Architect at the time and in the form specified by the Architect.

User Notes:

§ 3.13 Use of Site
The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

§ 3.14 Cutting and Patching
§ 3.14.1 The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise required by the Contract Documents.

§ 3.14.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner or Separate Contractors by cutting, patching, or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter construction by the Owner or a Separate Contractor except with written consent of the Owner and of the Separate Contractor. Consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold, from the Owner or a Separate Contractor, its consent to cutting or otherwise altering the Work.

§ 3.15 Cleaning Up
§ 3.15.1 The Contractor shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract. At completion of the Work, the Contractor shall remove waste materials, rubbish, the Contractor's tools, construction equipment, machinery, and surplus materials from and about the Project.

§ 3.15.2 If the Contractor fails to clean up as provided in the Contract Documents, the Owner may do so and the Owner shall be entitled to reimbursement from the Contractor.

§ 3.16 Access to Work
The Contractor shall provide the Owner and Architect with access to the Work in preparation and progress wherever located.

§ 3.17 Royalties, Patents and Copyrights
The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner and Architect harmless from loss on account thereof, but shall not be responsible for defense or loss when a particular design, process, or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications, or other documents prepared by the Owner or Architect. However, if an infringement of a copyright or patent is discovered by, or made known to, the Contractor, the Contractor shall be responsible for the loss unless the information is promptly furnished to the Architect.

§ 3.18 Indemnification
§ 3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity **which** would otherwise exist as to a party or person described in this Section 3.18.

§ 3.18.2 In claims against any person or entity indemnified under this Section 3.18 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the indemnification obligation under Section 3.18.1 shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefit acts, or other employee benefit acts.

§ 3.19 As applicable, the Contractor shall be responsible at the appropriate time during construction of the Project to have all permanent meters installed (electrical, water, gas, etc.) and all utilities connected prior to the time of Final Inspection. The Contractor shall pay all utility costs until the Project is accepted by the City of Mobile.

ARTICLE 4 ARCHITECT

§ 4.1 General

§ 4.1.1 The Owner shall retain an Architect lawfully licensed to practice architecture or an entity lawfully practicing architecture in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 4.1.2 Duties, responsibilities, and limitations of authority of the Architect as set forth in the Contract Documents shall not be restricted, modified, or extended without written consent of the Owner, Contractor, and Architect. Consent shall not be unreasonably withheld.

§ 4.2 Administration of the Contract

§ 4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative **(1) during construction, (2) until all conditions necessary for the final completion and payment have been fulfilled, and (3) with the Owner's concurrence, from time to time during the one-year period for correction of Work described in Section 12.2.** The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents**, unless otherwise modified in writing in accordance with other provisions of the Contract.**

§ 4.2.3 On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work. The Architect will not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not have control over or charge of, and will not be responsible for acts or omissions of, the Contractor, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

§ 4.2.4 Communications

The Owner and Contractor shall include the Architect in all communications that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and suppliers shall be through the Contractor. Communications by and with Separate Contractors shall be through the Owner. The Contract Documents may specify other communication protocols.

§ 4.2.5 Based on the Architect's evaluations of the Contractor's Applications for Payment, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts.

§ 4.2.6 The Architect has authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect will have authority to require inspection or testing of the Work in accordance with Sections 13.4.2 and 13.4.3, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

User Notes:
(1231318356)

§ 4.2.7 The Architect will review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action will be taken in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. The Architect's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 4.2.8 The Architect will prepare Change Orders and Construction Change Directives, and may order minor changes in the Work as provided in Section 7.4. The Architect will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

§ 4.2.9 The Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to Section 9.8; receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10; and issue a final Certificate for Payment pursuant to Section 9.10.

§ 4.2.10 If the Owner and Architect agree, the Architect will provide one or more Project representatives to assist in carrying out the Architect's responsibilities at the site. The Owner shall notify the Contractor of any change in the duties, responsibilities and limitations of authority of the Project representatives.

§ 4.2.11 The Architect will interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 4.2.12 Interpretations and decisions of the Architect will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings. When making such interpretations and decisions, the Architect will endeavor to secure faithful performance by both Owner and Contractor, will not show partiality to either, and will not be liable for results of interpretations or decisions rendered in good faith.

§ 4.2.13 The Architect's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

§ 4.2.14 The Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

ARTICLE 5 SUBCONTRACTORS

§ 5.1 Definitions

§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include a Separate Contractor or the subcontractors of a Separate Contractor.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

§ 5.2 Award of Subcontracts and Other Contracts for Portions of the Work

§ 5.2.1 The apparent low bidder, within (3) days after bids are opened shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect (1) has reasonable objection to any such proposed person or entity or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection.

§ 5.2.4 The Contractor shall not substitute a Subcontractor, person, or entity for one previously selected if the Owner or Architect makes reasonable objection to such substitution.

§ 5.3 Subcontractual Relations

By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work that the Contractor, by these Contract Documents, assumes toward the Owner and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies, and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

§ 5.4 Contingent Assignment of Subcontracts

§ 5.4.1 Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Owner, provided that

.1 assignment is effective only after termination of the Contract by the Owner for cause pursuant to Section 14.2 and only for those subcontract agreements that the Owner accepts by notifying the Subcontractor and Contractor; and

.2 assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of a subcontract agreement, the Owner assumes the Contractor's rights and obligations under the subcontract.

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than 30 days, the Subcontractor's compensation **may** be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor contractor or other entity.

ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

§ 6.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 6.1.1 The term "Separate Contractor(s)" shall mean other contractors retained by the Owner under separate agreements. The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under Conditions of the Contract substantially similar to

AIA Document A201 – 2017. Copyright © 1911, 1915, 1918, 1925, 1937, 1951, 1958, 1961, 1963, 1966, 1970, 1976, 1987, 1997, 2007 and 2017. All rights reserved. User Notes:
(1231318356)

those of this Contract, including those provisions of the Conditions of the Contract related to insurance and waiver of subrogation.

§ 6.1.2 When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Agreement.

§ 6.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces and of each Separate Contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with any Separate Contractors and the Owner in reviewing their construction schedules. The Contractor shall make any revisions to its construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Contractor, Separate Contractors, and the Owner until subsequently revised.

§ 6.1.4 Unless otherwise provided in the Contract Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Contractor has under the Conditions of the Contract, including, without excluding others, those stated in Article 3, this Article 6, and Articles 10, 11, and 12.

§ 6.2 Mutual Responsibility

§ 6.2.1 The Contractor shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

§ 6.2.2 If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner or a Separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly notify the Architect of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Contractor's Work. Failure of the Contractor to notify the Architect of apparent discrepancies or defects prior to proceeding with the Work shall constitute an acknowledgment that the Owner's or Separate Contractor's completed or partially completed construction is fit and proper to receive the Contractor's Work. The Contractor shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractor that are not apparent.

§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Contractor's delays, improperly timed activities or defective construction. The Owner shall be responsible to the Contractor for costs the Contractor incurs because of a Separate Contractor's delays, improperly timed activities, damage to the Work or defective construction.

§ 6.2.4 The Contractor shall promptly remedy damage that the Contractor wrongfully causes to completed or partially completed construction or to property of the Owner or Separate Contractor as provided in Section 10.2.5.

§ 6.2.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14.

§ 6.3 Owner's Right to Clean Up

If a dispute arises among the Contractor, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and the Architect will allocate the cost among those responsible.

ARTICLE 7 CHANGES IN THE WORK

§ 7.1 General

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents. **The total of all Change Orders on each contract shall not exceed (10%) of the contract price for each project and shall be subject to at least one of the following criteria:**

AIA Document A201 – 2017. Copyright © 1911, 1915, 1918, 1925, 1937, 1951, 1958, 1961, 1963, 1966, 1970, 1976, 1987, 1997, 2007 and 2017. All rights reserved. To report copyright violations, e-mail docinfo@aiacontracts.com.
User Notes:

1. **Minor changes for a total monetary value less than required for competitive bidding under the State Competitive Bid Laws.**
2. **Changes for matters relatively minor and incidental to the original contract necessitated by unforeseen circumstances arising during the course of the Work.**
3. **Emergencies arising during the course of the Work of the Contract.**
4. **Changes or Alterations provided for the original bidding where there is no difference in price on the Change Order from the original best bid on the Alternate.**
5. **Changes of relatively minor items not contemplated when the plans and specifications were prepared and the Project was bid, which are in the public interest.**

§ 7.1.2 A Change Order shall be based upon agreement among the Owner, Contractor, and Architect. A Construction Change Directive requires agreement by the Owner and Architect and may or may not be agreed to by the Contractor. An order for a minor change in the Work may be issued by the Architect alone.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents. The Contractor shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work.

§ 7.2 Change Orders

§ 7.2.1 A Change Order is a written instrument prepared by the Architect and signed by the Owner, Contractor, and Architect stating their agreement upon all of the following:

.1 The change in the Work;
.2 The amount of the adjustment, if any, in the Contract Sum; and
.3 The extent of the adjustment, if any, in the Contract Time.
.4 **There shall be attached to each Change Order, a signed statement from the Architect containing the following:**
A. **A statement of what the Change Order covers and who instituted the Change Order and why it is necessary or desired.**
B. **A statement setting forth the reasons for using the Change Order method rather than taking new competitive bids.**
C. **A statement that all prices have been reviewed and found reasonable, fair, and equitable and recommending approval of the same.**

§ 7.3 Construction Change Directives

§ 7.3.1 A Construction Change Directive is a written order prepared by the Architect and signed by the Owner and Architect, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 7.3.3 If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:

.1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
.2 Unit prices stated in the Contract Documents or subsequently agreed upon;
.3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
.4 As provided in Section 7.3.4.

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Architect shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an **allowance of (10%) mark-up on Subcontractor's direct cost (actual cost of Labor & Materials) and (15%) mark-up on General Contractor's direct (actual cost of Labor & Materials).** In such case, and also under Section 7.3.3.3, the Contractor

shall keep and present, in such form as the Architect may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

.1 Costs of labor, including applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by the Architect;

.2 Costs of materials, supplies, and equipment, including cost of transportation, **actually incorporated or consumed in the work;**

.3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented **by** the Contractor or others;

.4 Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and

.5 Costs of supervision and field office personnel directly attributable to the change.

§ 7.3.5 If the Contractor disagrees with the adjustment in the Contract Time, the Contractor may make a Claim in accordance with applicable provisions of Article 15.

§ 7.3.6 Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.7 A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by the Architect. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. The Architect will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Architect determines, in the Architect's professional judgment, to be reasonably justified. The Architect's interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.

§ 7.3.10 When the Owner and Contractor agree with a determination made by the Architect concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Architect will prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

§ 7.4 Minor Changes in the Work

The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. The Architect's order for minor changes shall be in writing. If the Contractor believes that the proposed minor change in the Work will affect the Contract Sum or Contract Time, the Contractor shall notify the Architect and shall not proceed to implement the change in the Work. If the Contractor performs the Work set forth in the Architect's order for a minor change without prior notice to the Architect that such change will affect the Contract Sum or Contract Time, the Contractor waives any adjustment to the Contract Sum or extension of the Contract Time.

ARTICLE 8 TIME

§ 8.1 Definitions

§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work.

§ 8.1.2 The date of commencement of the Work is the date established in the Agreement.

AIA Document A201 – 2017. Copyright © 1911, 1915, 1918, 1925, 1937, 1951, 1958, 1961, 1963, 1966, 1970, 1976, 1987, 1997, 2007 and 2017. All rights reserved. To report copyright violations, e-mail docinfo@aiacontracts.com.
User Notes:
(1231318356)

§ 8.1.3 The date of Substantial Completion is the date certified by the Architect in accordance with Section 9.8.

§ 8.1.4 The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined.

§ 8.2 Progress and Completion

§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

1. **No Work shall commence and no materials ordered until the Owner issues the written Notice to Proceed.**
2. **The Work shall be commenced within ten (10) days of the date of written Notice to Proceed.**

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, commence the Work prior to the effective date of insurance required to be furnished by the Contractor and Owner.

§ 8.2.3 The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.3 Delays and Extensions of Time

§ 8.3.1 If the Contractor is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner or Architect, of an employee of either, or of a Separate Contractor; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, or other causes beyond the Contractor's control; (4) by delay authorized by the Owner ; or (5) by other causes that the Contractor asserts, and the Architect determines, justify delay, then the Contract Time shall be extended for such reasonable time as the Architect may determine.

§ 8.3.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.3.3 This Section 8.3 does not preclude recovery of damages for delay by either party under other provisions of the Contract Documents.

§ 8.4 Liquidated Damages

§ 8.4.1 Time is the essence of the Contract. Any delay in the completion of the Work as provided for in the Contract Documents will cause inconvenience to the public and loss and damage to the Owner in interest, and in additional administrative, architectural, inspection, and supervision charges. Therefore, a time charge equal to ($250.00) per calendar day will be made against the Contractor for the entire period that any part of the Work remains uncompleted or any required closeout documents are not acceptably submitted for more that (30) days after the time specified for the Substantial Completition of the Work, the amount of which shall be deducted by the Owner, and shall be retained by the Owner out of monies otherwise due the Contractor in the final payment, not as a penalty, but as liquidated damages sustatined.

ARTICLE 9 PAYMENTS AND COMPLETION

§ 9.1 Contract Sum

§ 9.1.1 The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents.

§ 9.1.2 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed so that application of such unit prices to the actual quantities causes substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values

Where the Contract is based on a stipulated sum or Guaranteed Maximum Price, the Contractor shall submit a schedule of values to the Architect before the first Application for Payment, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to substantiate its accuracy, required by the Architect. This schedule, unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's Applications for Payment. Any changes to the schedule of values shall be

User Notes:
(1231318356)

submitted to the Architect and supported by such data to substantiate its accuracy as the Architect may require, and unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's subsequent Applications for Payment.

1. **Unit Prices and Allowances, if stated in Contract Documents, shall be identified within the Schedule of Values.**

§ 9.3 Applications for Payment

§ 9.3.1 The Contractor shall submit to the Architect **on the first of each month for Work performed through the 25th of the preceding month, four (4) original, itemized Applications for Payment for Work completed in accordance with the accepted** schedule of values, if required under Section 9.2, for completed portions of the Work. The application shall be notarized and supported by all data substantiating the Contractor's right to payment that the Owner or Architect require, such copies of requisitions, and releases and waivers of liens from Subcontractors and suppliers, and shall reflect retainage **and documents as follows:**

1. **Until the final payment is made, the Owner shall pay ninety-seven and one half percent (97.5%) of the amount due the Contractor on account of progress payments (note: the 2-1/2% retainage is calculated by withholding the first 5% of the first 50% of the Work completed); and**
2. **The Contractor shall provide documentation substantiating that test, inspections and approvals for portions of Work included in an Application for Payment and required by the Contract Documents, or by laws, ordinances, rules, regulations or orders of public authorities having jurisdiction were made at the appropriate time.**

§ 9.3.1.1 Such applications may include requests for payment on account of changes in the Work, **which have been authorized and approved by properly executed Change Order(s)**.

§ 9.3.2 Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Contractor, Subcontractors, suppliers, or other persons or entities that provided labor, materials, and equipment relating to the Work.

§ 9.4 Certificates for Payment

§ 9.4.1 The Architect will, within seven days after receipt of the Contractor's Application for Payment, either (1) issue to the Owner a Certificate for Payment in the full amount of the Application for Payment, with a copy to the Contractor; or (2) issue to the Owner a Certificate for Payment for such amount as the Architect determines is properly due, and notify the Contractor and Owner of the Architect's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Contractor and Owner of the Architect's reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.4.2 The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on the Architect's evaluation of the Work and the data in the Application for Payment, that, to the best of the Architect's knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion, and to specific qualifications expressed by the Architect.

AIA Document A201 – 2017. Copyright © 1911, 1915, 1918, 1925, 1937, 1951, 1958, 1961, 1963, 1966, 1970, 1976, 1987, 1997, 2007 and 2017. All rights reserved. User Notes:
(1231318356)

However, the issuance of a Certificate for Payment will not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work; (2) reviewed construction means, methods, techniques, sequences, or procedures; (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment; or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Architect may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Architect's opinion the representations to the Owner required by Section 9.4.2 cannot be made. If the Architect is unable to certify payment in the amount of the Application, the Architect will notify the Contractor and Owner as provided in Section 9.4.1. If the Contractor and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Architect may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Architect's opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from acts and omissions described in Section 3.3.2, because of

- **.1** defective Work not remedied;
- **.2** third party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Contractor;
- **.3** failure of the Contractor to make payments properly to Subcontractors or suppliers for labor, materials or equipment;
- **.4** reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
- **.5** damage to the Owner or a Separate Contractor;
- **.6** reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or
- **.7** repeated failure to carry out the Work in accordance with the Contract Documents.

§ 9.5.2 When either party disputes the Architect's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, that party may submit a Claim in accordance with Article 15.

§ 9.5.3 When the reasons for withholding certification are removed, certification will be made for amounts previously withheld.

§ 9.5.4 If the Architect withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Contractor and to any Subcontractor or supplier to whom the Contractor failed to make payment for Work properly performed or material or equipment suitably delivered. If the Owner makes payments by joint check, the Owner shall notify the Architect and the Contractor shall reflect such payment on its next Application for Payment.

§ 9.6 Progress Payments

§ 9.6.1 After the Architect has issued a Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Contract Documents, and shall so notify the Architect.

§ 9.6.2 The Contractor shall pay each Subcontractor, no later than seven days after receipt of payment from the Owner, the amount to which the Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the Subcontractor's portion of the Work. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner.

§ 9.6.3 The Architect will, on request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Architect and Owner on account of portions of the Work done by such Subcontractor.

§ 9.6.4 The Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within seven days, the Owner shall have the right to contact Subcontractors and suppliers

User Notes:
(1231318356)

to ascertain whether they have been properly paid. Neither the Owner nor Architect shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.6.5 The Contractor's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

§ 9.6.7 Unless the Contractor provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Contractor for Work properly performed by Subcontractors or provided by suppliers shall be held by the Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with the Contractor for which payment was made by the Owner. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Contractor, create any fiduciary liability or tort liability on the part of the Contractor for breach of trust, or entitle any person or entity to an award of punitive damages against the Contractor for breach of the requirements of this provision.

§ 9.6.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor. If approved by the applicable court, when required, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.7 Failure of Payment

If the Architect does not issue a Certificate for Payment, through no fault of the Contractor, within seven days after receipt of the Contractor's Application for Payment, or if the Owner does not pay the Contractor within seven days after the date established in the Contract Documents, the amount certified by the **Architect**, then the Contractor may, upon seven additional days' notice to the Owner and Architect, stop the Work until payment of the amount owing has been received. The Contract Time **may** be extended appropriately and the Contract Sum **may** be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided for in the Contract Documents.

§ 9.8 Substantial Completion

§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

§ 9.8.3 Upon receipt of the Contractor's list, the Architect will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. In such case, the Contractor shall then submit a request for another inspection by the Architect to determine Substantial Completion.

§ 9.8.4 When the Work or designated portion thereof is substantially complete, the Architect will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion; establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance; and fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

User Notes:

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in the Certificate. Upon such acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work .

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Architect as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner, Contractor, and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon receipt of the Contractor's notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Architect will promptly make such inspection. When the Architect finds the Work acceptable under the Contract Documents and the Contract fully performed, the Architect will promptly issue a final Certificate for Payment stating that to the best of the Architect's knowledge, information and belief, and on the basis of the Architect's on-site visits and inspections, the Work has been completed in accordance with the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Architect's final Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect, (3) a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment, **(5) Contractors Affidavit of Release of Liens, (6) separate Releases or Waivers of Liens from Subcontractors and material and equipment suppliers, (7) written warranty on Contractor's letterhead covering materials and labor for one-year, and (8) the advertisement of completion. The Contractor shall provide proof of publication of Advertisement of completion in a local newspaper for three (3) consecutive weeks, as required in Title 39, Section 39-1-1, Subsection (f), of the Code of Alabama. The final 2.5% retained will not be paid until proof of publication is submitted and all written claims paid in full. This advertisement shall not begin until the City of Mobile has accepted the Project.**

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor and the Architect so confirms, the Owner shall, upon application by the Contractor and certification by the Architect, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Architect prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

.1 liens, Claims, security interests, or encumbrances arising out of the Contract and unsettled;

.2 failure of the Work to comply with the requirements of the Contract Documents;

.3 terms of special warranties required by the Contract Documents; or

.4 audits performed by the Owner, if permitted by the Contract Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor, or a supplier, shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

§ 10.1 Safety Precautions and Programs

The Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Contract.

§ 10.2 Safety of Persons and Property

§ 10.2.1 The Contractor shall **comply with all Federal, State, and Local law regarding safety including the requirements of the Occupational Safety and Health Act of 1970, Public Law #91-596, latest version**. **Contractor shall** take **all other** reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury, or loss to

.1 employees on the Work and other persons who may be affected thereby;

.2 the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Contractor, a Subcontractor, or a Sub-subcontractor; and

.3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

.4 **The Contractor shall be responsible for damage done to buried cables and other utilities by its equipment and shall contact the appropriate offices prior to construction for information depth, etc., of utilities in the area.**

§ 10.2.2 The Contractor shall comply with, and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on safety of persons or property or their protection from damage, injury, or loss.

§ 10.2.3 The Contractor shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Contractor shall promptly remedy damage and loss to property referred to in Sections 10.2.1.2 and 10.2.1.3 caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under Sections 10.2.1.2 and 10.2.1.3. The Contractor may make a Claim for the cost to remedy the damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under Section 3.18.

§ 10.2.6 The Contractor shall designate a responsible member of the Contractor's organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated by the Contractor in writing to the Owner and Architect.

(1231318356)

§ 10.2.7 The Contractor shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 Injury or Damage to Person or Property
If either party suffers injury or damage to person or property because of an act or omission of the other party, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 21 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

§ 10.3 Hazardous Materials and Substances
§ 10.3.1 The Contractor is responsible for compliance with any requirements included in the Contract Documents regarding hazardous materials or substances. If the Contractor encounters a hazardous material or substance not addressed in the Contract Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop Work in the affected area and notify the Owner and Architect of the condition.

§ 10.3.2 Upon receipt of the Contractor's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Contract Documents, the Owner shall furnish in writing to the Contractor and Architect the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Contractor and the Architect will promptly reply to the Owner in writing stating whether or not either has reasonable objection to the persons or entities proposed by the Owner. If either the Contractor or Architect has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Contractor and the Architect have no reasonable objection. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written agreement of the Owner and Contractor. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable additional costs of shutdown, delay, and start-up, **except to the extent that any such delay is attributable to the Contractor's objection to the persons or entitles whom Owner shall have furnished to perform the task of removal of safe containment of such material or substance.**

(Paragraph deleted)
§ 10.3.4 The Owner shall not be responsible **for materials or substances brought to the site by the Contractor regardless of whether such materials or substances were required by the Contract Documents.**

§ 10.3.5 The Contractor shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of hazardous materials or substances the Contractor brings to the site and negligently handles, or (2) where the Contractor fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 If, without negligence **or wantonness** on the part of the Contractor, the Contractor is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Work as required by the Contract Documents, the Owner **may** reimburse the Contractor for all **reasonable** cost and expense thereby incurred.

§ 10.4 Emergencies
In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury, or loss. Additional compensation or extension of time claimed by the Contractor on account of an emergency **may** be determined **only** as provided in Article 15 and Article 7.

ARTICLE 11 INSURANCE AND BONDS

§ 11.1 Contractor's Insurance and Bonds

§ 11.1.1 The Contractor shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Contractor shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner, Architect, and Architect's consultants shall be named as additional insureds under the Contractor's commercial general liability policy or as otherwise described in the Contract Documents.

§ 11.1.2 The Contractor shall provide surety bonds of the types, for such penal sums, and subject to such terms and conditions as required by the Contract Documents. The Contractor shall purchase and maintain the required bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 11.1.3 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

§ 11.1.4 Notice of Cancellation or Expiration of Contractor's Required Insurance. Within three (3) business days of the date the Contractor becomes aware of an impending or actual cancellation or expiration of any insurance required by the Contract Documents, the Contractor shall provide notice to the Owner of such impending or actual cancellation or expiration. Upon receipt of notice from the Contractor, the Owner shall, unless the lapse in coverage arises from an act or omission of the Owner, have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by the Contractor. The furnishing of notice by the Contractor shall not relieve the Contractor of any contractual obligation to provide any required coverage.

§ 11.2 Owner's Insurance

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in the Agreement or elsewhere in the Contract Documents, the Owner shall inform the Contractor in writing prior to commencement of the Work. Upon receipt of notice from the Owner, the Contractor may delay commencement of the Work and may obtain insurance that will protect the interests of the Contractor, Subcontractors, and Sub-Subcontractors in the Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Contractor is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Contractor for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Contract Documents, the Owner shall provide notice to the Contractor of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Contractor: (1) the Contractor, upon receipt of notice from the Owner, shall have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Contractor; (2) the Contract Time and Contract Sum shall be equitably adjusted.

(Paragraphs deleted)

ARTICLE 12 UNCOVERING AND CORRECTION OF WORK

§ 12.1 Uncovering of Work

§ 12.1.1 If a portion of the Work is covered contrary to the Architect's request or to requirements specifically expressed in the Contract Documents, it must, if requested in writing by the Architect, be uncovered for the Architect's examination and be replaced at the Contractor's expense without change in the Contract Time.

§ 12.1.2 If a portion of the Work has been covered that the Architect has not specifically requested to examine prior to its being covered, the Architect may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, the Contractor shall be entitled to an equitable adjustment to the Contract Sum and Contract Time as may be appropriate. If such Work is not in accordance with the Contract Documents, the costs of uncovering the Work, and the cost of correction, shall be at the Contractor's expense.

§ 12.2 Correction of Work

§ 12.2.1 Before Substantial Completion

The Contractor shall promptly correct Work rejected by the Architect or failing to conform to the requirements of the Contract Documents, discovered before Substantial Completion and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Architect's services and expenses made necessary thereby, shall be at the Contractor's expense.

§ 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Contractor's obligations under Section 3.5, if, within one year after the date of Substantial Completion of the Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of notice from the Owner to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of Work, if the Owner fails to notify the Contractor and give the Contractor an opportunity to make the correction, the Owner waives the rights to require correction by the Contractor and to make a claim for breach of warranty. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from the Owner or Architect, the Owner may correct it in accordance with Section 2.5.

§ 12.2.2.2 The one-year period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.

§ 12.2.2.3 The one-year period for correction of Work shall not be extended by corrective Work performed by the Contractor pursuant to this Section 12.2.

§ 12.2.3 The Contractor shall remove from the site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.

User Notes:
(1231318356)

§ 12.2.4 The Contractor shall bear the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

§ 12.3 Acceptance of Nonconforming Work

If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 MISCELLANEOUS PROVISIONS

§ 13.1 Governing Law

The Contract shall be governed by the law of **State of Alabama.**

§ 13.2 Successors and Assigns

§ 13.2.1 The Owner and Contractor respectively bind themselves, their partners, successors, assigns, and legal representatives to covenants, agreements, and obligations contained in the Contract Documents. Except as provided in Section 13.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 13.2.2 The Owner may, without consent of the Contractor, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Contract Documents. The Contractor shall execute all consents reasonably required to facilitate the assignment.

§ 13.2.3 No assignment of the Contract shall be made without the written permission of Surety providing bonding and the City of Mobile.

§ 13.3 Rights and Remedies

§ 13.3.1 Duties and obligations imposed by the Contract Documents and rights and remedies available thereunder shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 13.3.2 No action or failure to act by the Owner, Architect, or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 13.4 Tests and Inspections

§ 13.4.1 Tests, inspections, and approvals of portions of the Work shall be made as required by the Contract Documents and by applicable laws, statutes, ordinances, codes, rules, and regulations or lawful orders of public authorities. Unless otherwise provided, the Contractor shall make arrangements for such tests, inspections, and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs of tests, inspections, and approvals. The Contractor shall give the Architect timely notice of when and where tests and inspections are to be made so that the Architect may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after bids are received or negotiations concluded. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

§ 13.4.2 If the Architect, Owner, or public authorities having jurisdiction determine that portions of the Work require additional testing, inspection, or approval not included under Section 13.4.1, the Architect will, upon written authorization from the Owner, instruct the Contractor to make arrangements for such additional testing, inspection, or

approval, by an entity acceptable to the Owner, and the Contractor shall give timely notice to the Architect of when and where tests and inspections are to be made so that the Architect may be present for such procedures. Such costs, except as provided in Section 13.4.3, shall be at the Owner's expense.

§ 13.4.3 If procedures for testing, inspection, or approval under Sections 13.4.1 and 13.4.2 reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, all costs made necessary by such failure, including those of repeated procedures and compensation for the Architect's services and expenses, shall be at the Contractor's expense.

§ 13.4.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Architect.

§ 13.4.5 If the Architect is to observe tests, inspections, or approvals required by the Contract Documents, the Architect will do so promptly and, where practicable, at the normal place of testing.

§ 13.4.6 Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

(Paragraphs deleted)

§ 13.4.7 Test, inspections or approvals made in addition to the Architect's normal design and contract administration services caused by the Contractor shall be paid for by the Contractor. The normal service schedule is contained in Article 2.8.1 of AIA B102-2017 as amended by the Owner and is available to Contractor on request.

§ 13.4.8 The Contractor must call the Urban Development Department of the City of Mobile for their inspections and approval at the times required by the Urban Development Department, as well as notify the Architect, Consulting Engineer, and/or Test Laboratory, for inspection and approval of sub-grade conditions, under slab and footing conditions, vapor barrier placement, reinforcing steel placement, all structural connections, electrical, mechanical, etc. None of the above will be accepted that have been covered up before receiving approval of the Architect or his Consultant.

ARTICLE 14 TERMINATION OR SUSPENSION OF THE CONTRACT

§ 14.1 Termination by the Contractor

§ 14.1.1 The Contractor may terminate the Contract if the Work is stopped for a period of 30 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, for any of the following reasons:

- **.1** Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;
- **.2** An act of government, such as a declaration of national emergency, that requires all Work to be stopped;
- **.3** Because the Architect has not issued a Certificate for Payment and has not notified the Contractor of the reason for withholding certification as provided in Section 9.4.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Contract Documents; or
- **.4** The Owner has failed to furnish to the Contractor reasonable evidence as required by Section 2.2.

§ 14.1.2 The Contractor may terminate the Contract if, through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven days' notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work **executed.**

§ 14.1.4 If the Work is stopped for a period of 60 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, or their agents or employees or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon seven additional days' notice to the Owner and the Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3.

§ 14.2 Termination by the Owner for Cause

§ 14.2.1 The Owner may terminate the Contract if the Contractor

- **.1** repeatedly refuses or fails to supply enough properly skilled workers or proper materials;
- **.2** fails to make payment to Subcontractors or suppliers in accordance with the respective agreements between the Contractor and the Subcontractors or suppliers;
- **.3** repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or
- **.4** otherwise is guilty of substantial breach of a provision of the Contract Documents.

§ 14.2.2 When any of the reasons described in Section 14.2.1 exist, and upon certification by the Architect that sufficient cause exists to justify such action, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor's surety, if any, seven days' notice, terminate employment of the Contractor and may, subject to any prior rights of the surety:

- **.1** Exclude the Contractor from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor;
- **.2** Accept assignment of subcontracts pursuant to Section 5.4; and
- **.3** Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Contractor, the Owner shall furnish to the Contractor a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 14.2.3 When the Owner terminates the Contract for one of the reasons stated in Section 14.2.1, the Contractor shall not be entitled to receive further payment until the Work is finished.

§ 14.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work, including compensation for the Architect's services and expenses made necessary thereby, and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to the Owner. The amount to be paid to the Contractor or Owner, as the case may be, shall be certified by the Initial Decision Maker, upon application, and this obligation for payment shall survive termination of the Contract.

§ 14.3 Suspension by the Owner for Convenience

§ 14.3.1 The Owner may, without cause, order the Contractor in writing to suspend, delay or interrupt the Work, in whole or in part for such period of time as the Owner may determine.

§ 14.3.2 The Contract Sum and Contract Time **may** be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent

- **.1** that performance is, was, or would have been, so suspended, delayed, or interrupted, by another cause for which the Contractor is responsible; or
- **.2** that an equitable adjustment is made or denied under another provision of the Contract.

§ 14.4 Termination by the Owner for Convenience

§ 14.4.1 The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause.

§ 14.4.2 Upon receipt of notice from the Owner of such termination for the Owner's convenience, the Contractor shall

- **.1** cease operations as directed by the Owner in the notice;
- **.2** take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and
- **.3** except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

§ 14.4.3 In case of such termination for the Owner's convenience, the Owner shall pay the Contractor for Work properly executed costs incurred by reason of **termination.**

ARTICLE 15 CLAIMS AND DISPUTES

§ 15.1 Claims

§ 15.1.1 Definition

A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Contractor arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims

The Owner and Contractor shall commence all Claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in the Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Contractor waive all Claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims

§ 15.1.3.1 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered prior to expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant **acting with due diligence, reasonably should have first recognized** the condition giving rise to the Claim, whichever is later. **Claims must be initiated by written notice to the Architect and the other party.**

§ 15.1.3.2 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by notice to the other party. In such event, no decision by the Initial Decision Maker is required.

§ 15.1.4 Continuing Contract Performance

§ 15.1.4.1 Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Contract Documents.

§ 15.1.4.2 The Contract Sum and Contract Time shall be adjusted in accordance with the Initial Decision Maker's decision, subject to the right of either party to proceed in accordance with this Article 15. The Architect will issue Certificates for Payment in accordance with the decision of the Initial Decision Maker.

§ 15.1.5 Claims for Additional Cost

If the Contractor wishes to make a Claim for an increase in the Contract Sum, notice as provided in Section 15.1.3 shall be given before proceeding to execute the portion of the Work **giving rise to such claim.** that is the subject of the Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

§ 15.1.6 Claims for Additional Time

§ 15.1.6.1 If the Contractor wishes to make a Claim for an increase in the Contract Time, notice as provided in Section 15.1.3 shall be given. The Contractor's Claim shall include an estimate of cost and of probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

§ 15.1.6.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated, and had an adverse effect on the scheduled construction.

§ 15.1.7 Waiver of Claims for Consequential Damages

The Contractor and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes

.1 damages incurred by the Owner for rental expenses, for losses of use, income, profit, financing, business and reputation, and for loss of management or employee productivity or of the services of such persons; and

.2 damages incurred by the Contractor for principal office expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit, except anticipated profit arising directly from the Work.

This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with Article 14. Nothing contained in this Section 15.1.7 shall be deemed to preclude assessment of liquidated damages, when applicable, in accordance with the requirements of the Contract Documents.

§ 15.2 Initial Decision

§ 15.2.1 Claims, excluding those where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2 or arising under Sections 10.3, 10.4, and 11.5, shall be referred to the Initial Decision Maker for initial decision. The Architect will serve as the Initial Decision Maker, unless otherwise indicated in the Agreement. Except for those Claims excluded by this Section 15.2.1, an initial decision shall be required as a condition precedent to mediation of any Claim. If an initial decision has not been rendered within 30 days after the Claim has been referred to the Initial Decision Maker, the party asserting the Claim may demand mediation and binding dispute resolution without a decision having been rendered. Unless the Initial Decision Maker and all affected parties agree, the Initial Decision Maker will not decide disputes between the Contractor and persons or entities other than the Owner.

§ 15.2.2 The **Architect** will review Claims and within ten days of the receipt of a Claim take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim, (4) suggest a compromise, or (5) advise the parties that the Initial Decision Maker is unable to resolve the Claim if the Initial Decision Maker lacks sufficient information to evaluate the merits of the Claim or if the **Architect reasonably concludes that**, it would be inappropriate for the Initial Decision Maker to resolve the Claim.

§ 15.2.3 In evaluating Claims, the Initial Decision Maker may, but shall not be obligated to, consult with or seek information from either party or from persons with special knowledge or expertise who may assist the Initial Decision Maker in rendering a decision. The Initial Decision Maker may request the Owner to authorize retention of such persons at the Owner's expense.

§ 15.2.4 If the Initial Decision Maker requests a party to provide a response to a Claim or to furnish additional supporting data, such party shall respond, within ten days after receipt of the request, and shall either (1) provide a response on the requested supporting data, (2) advise the Initial Decision Maker when the response or supporting data will be furnished, or (3) advise the Initial Decision Maker that no supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Initial Decision Maker will either reject or approve the Claim in whole or in part.

§ 15.2.5 The Initial Decision Maker will render an initial decision approving or rejecting the Claim, or indicating that the Initial Decision Maker is unable to resolve the Claim. This initial decision shall (1) be in writing; (2) state the reasons **therefore**; and (3) notify the parties and the Architect, if the Architect is not serving as the Initial Decision Maker, of any change in the Contract Sum or Contract Time or both. The initial decision shall be final and binding on the parties .

User Notes:

§ 15.2.7 In the event of a Claim against the Contractor, the Owner may, but is not obligated to, notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Contractor's default, the Owner may, but is not obligated to, notify the surety and request the surety's assistance in resolving the controversy.

§ 15.2.8 If a Claim relates to or is the subject of a mechanic's lien, the party asserting such Claim may proceed in accordance with applicable law to comply with the lien notice or filing deadlines.

§ 15.3 Mediation

§ 15.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, and 15.1.7, shall **not** be subject to mediation as a condition precedent to binding dispute resolution.

PAGE 9

Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, **Project Manual,** specifications, and other similar materials.

PAGE 10

~~**§ 1.7 Digital Data Use and Transmission**~~

~~The parties shall agree upon written protocols governing the transmission and use of, and reliance on, Instruments of Service or any other information or documentation in digital form.~~

~~**§ 1.8 Building Information Models Use and Reliance**~~

~~Any use of, or reliance on, all or a portion of a building information model without agreement to written protocols governing the use of, and reliance on, the information contained in the model shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.~~

PAGE 11

~~**§ 2.1.2** The Owner shall furnish to the Contractor, within fifteen days after receipt of a written request, information necessary and relevant for the Contractor to evaluate, give notice of, or enforce mechanic's lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner's interest therein.~~

PAGE 13

§ 3.3.4 Three (3) days after the opening of the Bids, the Contractor shall furnish for written approval, an outline of the education, experience, and character of the Contractor's Project Manager, Superintendent, and Engineer. Any future substitution must have prior written approval of the Architect.

PAGE 14

§ 3.4.4 The Contractor's or his/her Subcontractor's supervisors and workmen engaged on special work or skilled Work in any supervisory position or trade shall be qualified and have had sufficient education, training, and experience as a recognized professional or master mechanic in such Work to perform it properly and satisfactorily as prescribed in the Contract Documents.

§ 3.4.5 Any project manager, superintendent, engineer, foreman, or workman employed by the Contractor or by a Subcontractor who, in the sole opinion of the Architect, does not perform his/her Work in a proper and skillful manner or becomes party to disrespectful, intemperate, disorderly, intoxicated, or dishonest behavior, or uses foul language, fights, commits criminal act(s), falsifies records and construction, covers-up faulty Work

User Notes:

or materials, does not comprehend or follow instructions, does not get along with the Architect or Owner's representative, or is otherwise objectionable, shall at the written request by the Architect, be discharged 24 hours by the Contractor or Subcontractor employing such project manager, superintendent, engineer, foreman or workman, and shall not be employed again or any portion of the Work without the written consent of the Architect.

§ 3.4.6 Should the Contractor fail to remove such person or persons specified in Article 3.4.5 hereinabove or fail to furnish suitable and sufficient machinery, equipment, materials or qualified labor force for the proper execution of the Work, the Architect may withhold all payments which are or may become due to the Contractor or may suspend the Work until such orders are complied with.

§ 3.4.7 Contractor shall abide by provisions of Section 14.1 and Section 14.2, Code of the City of Mobile, originally adopted December 10, 1991. Prohibiting Discrimination in Employment by Contractors, Subcontractors, and Vendors performing Work and providing materials and supplies for the City of Mobile. A copy of said Code is located in the City's Projects Architectural Engineering Department. Certification of compliance with this requirement shall be made for all persons involved in the Work by the signature of the General Conditions on the Bid Form.

...

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall ~~secure and pay for the building permit as well as for~~ **City of Mobile building permit without cost, and shall secure and pay for** other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

§ 3.7.1.1 The Contractor shall secure building and other permits customarily obtained from the City of Mobile at no cost.
PAGE 16

§ 3.10.1 The Contractor, ~~promptly~~ **within ten (10) business days** after being awarded the Contract, shall submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project.

...

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Architect, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract ~~Documents, in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with~~ Documentswith reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of Separate Contractors. **Submittals which are not marked as reviewed for compliance with the Contract Documents and approved by the Contractor may be returned by the Architect without action. Wherever Shop Drawings are required in these Specifications, Shop Drawings shall be submitted for approval before materials are fabricated. Drawings shall show complete details. The General Contractor shall check and approve them either in writing or by stamp before forwarding to the Architect. The Architect will mark copies "Approved" if correct; or, "Approved As Noted" if only minor corrections are necessary. If major corrections are necessary, they will be noted on the Shop Drawings and they will be returned to the Contractor for correction and resubmission. Submit four (4) copies for Architect's and Owner's use plus the number of copies the Contractor requires for his/her own use.**

User Notes:

§ 3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity ~~that~~ **which** would otherwise exist as to a party or person described in this Section 3.18.
PAGE 19

§ 3.19 As applicable, the Contractor shall be responsible at the appropriate time during construction of the Project to have all permanent meters installed (electrical, water, gas, etc.) and all utilities connected prior to the time of Final Inspection. The Contractor shall pay all utility costs until the Project is accepted by the City of Mobile.

...

§ 4.1.1 The ~~Architect is the person or entity retained by the Owner pursuant to Section 2.3.2 and identified as such in the Agreement.~~**Owner shall retain an Architect lawfully licensed to practice architecture or an entity lawfully practicing architecture in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.**

...

§ 4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative ~~during construction until the date the Architect issues the final Certificate for Payment.~~ **(1) during construction, (2) until all conditions necessary for the final completion and payment have been fulfilled, and (3) with the Owner's concurrence, from time to time during the one-year period for correction of Work described in Section 12.2.** The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract ~~Documents.~~Documents**, unless otherwise modified in writing in accordance with other provisions of the Contract.**
PAGE 21

§ 5.2.1 ~~Unless otherwise stated in the Contract Documents, the Contractor, as soon as practicable after award of the Contract,~~ **The apparent low bidder, with (3) days after bids are** opened shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect (1) has reasonable objection to any such proposed person or entity or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

...

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection. ~~If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be~~

User Notes:

~~increased or decreased by the difference, if any, occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute Subcontractor's Work. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required.~~

...

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than 30 days, the Subcontractor's compensation ~~shall~~ **may** be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor contractor or other entity. ~~If the Owner assigns the subcontract to a successor contractor or other entity, the Owner shall nevertheless remain legally responsible for all of the successor contractor's obligations under the subcontract.~~

PAGE 22

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents. **The total of all Change Orders on each contract shall not exceed (10%) of the contract price for each project and shall be subject to at least one of the following criteria:**

1. **Minor changes for a total monetary value less than required for competitive bidding under the State Competitive Bid Laws.**
2. **Changes for matters relatively minor and incidental to the original contract necessitated by unforeseen circumstances arising during the course of the Work.**
3. **Emergencies arising during the course of the Work of the Contract.**
4. **Changes or Alterations provided for the original bidding where there is no difference in price on the Change Order from the original best bid on the Alternate.**
5. **Changes or relatively minor items not contemplated when the plans and specifications were prepared and the Project was bid, which are in the public interest.**

PAGE 23

.4 There shall be attached to each Change Order, a signed statement from the Architect containing the following:

A. **A statement of what the Change Order covers and who instituted the Change Order and why it is necessary or desired.**

B. **A statement setting forth the reasons for using the Change Order method rather than taking new competitive bids.**

C. **A statement that all prices have been reviewed and found reasonable, fair, and equitable and recommending approval of the same.**

...

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Architect shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an ~~amount for overhead and profit as set forth in the Agreement, or if no such amount is set forth in the Agreement, a reasonable amount.~~ **allowance of (10%) mark-up on Subcontractor's direct cost (actual cost of Labor & Materials) and (15%) mark-up on General Contractor's direct (actual cost of Labor & Materials).** In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as the Architect may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

PAGE 24

.2 Costs of materials, supplies, and equipment, including cost of transportation, ~~whether incorporated or consumed;~~**actually incorporated or consumed in the work;**

PAGE 25

1. **No Work shall commence and no materials ordered until the Owner issues the written Notice to Proceed.**
2. **The Work shall be commenced with ten (10) days of the date of written Notice to Proceed.**

...

§ 8.3.1 If the Contractor is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner or Architect, of an employee of either, or of a Separate Contractor; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, or other causes beyond the Contractor's control; (4) by delay authorized by the Owner ~~pending mediation and binding dispute resolution; ~~; or (5) by other causes that the Contractor asserts, and the Architect determines, justify delay, then the Contract Time shall be extended for such reasonable time as the Architect may determine.

...

§ 8.4 Liquidated Damages

§ 8.4.1 Time is the essence of the Contract. Any delay in the completion of the Work as provided for in the Contract Documents will cause inconvenience to the public and loss and damage to the Owner in interest, and in additional administrative, architectural, inspection, and supervision charges. Therefore, a time charge equal to ($250.00) per calendar day will be made against the Contractor for the entire period that any part of the Work remains uncompleted or any required closeout documents are not acceptable submitted for more that (30) days after the time specified for the Substantial Completition of the Work, the amount of which shall be deducted by the Owner, and shall be retained by the Owner out of monies otherwise due the Contractor in the final payment, not as a penalty, but as liquidated damages sustatined.

PAGE 26

1. **Unit Prices and Allowances, if stated in Contract Documents, shall be identified within the Schedule of Values.**

...

§ 9.3.1 ~~At least ten days before the date established for each progress payment, the~~ **The** Contractor shall submit to the Architect ~~an itemized Application for Payment prepared in accordance with the~~ **on the first of each month for Work performed through the 25th of the preceding month, four (4) original, itemized Applications for Payment for Work completed in accordance with the accepted** schedule of values, if required under Section 9.2, for completed portions of the Work. The application shall be ~~notarized, if required,~~ notarized and supported by all data substantiating the Contractor's right to payment that the Owner or Architect require, such ~~as~~ copies of requisitions, and releases and waivers of liens from Subcontractors and suppliers, and shall reflect ~~retainage if provided for in the Contract Documents.~~retainage **and documents as follows:**

1. **Until the final payment is made, the Owner shall pay ninety-seven and on half percent (97.5%) of the amount due the Contractor on account of progress payments (note: the 2-1/2% retainage is calculated by withholding the first 5% of the first 50% of the Work completed); and**
2. **The Contractor shall provide documentation substantiating that test, inspections and approvals for portions of Work included in an Application for Payment and required by the Contract Documents, or by laws, ordinances, rules, regulations or orders of public authorities having jurisdiction were made at the appropriate time.**

§ 9.3.1.1 ~~As provided in Section 7.3.9, such~~ **Such** applications may include requests for payment on account of changes in the ~~Work that have been properly authorized by Construction Change Directives, or by interim determinations of the Architect, but not yet included in Change Orders.~~Work, **which have been authorized and approved by properly executed Change Order(s)**.

User Notes:

§ 9.3.1.2 ~~Applications for Payment shall not include requests for payment for portions of the Work for which the Contractor does not intend to pay a Subcontractor or supplier, unless such Work has been performed by others whom the Contractor intends to pay.~~**Such applications may include requests for payment on account of changes in the Work, which have been authorized and approved by properly executed Change Order(s).**
PAGE 28

If the Architect does not issue a Certificate for Payment, through no fault of the Contractor, within seven days after receipt of the Contractor's Application for Payment, or if the Owner does not pay the Contractor within seven days after the date established in the Contract Documents, the amount certified by the ~~Architect or awarded by binding dispute resolution,~~ **Architect**, then the Contractor may, upon seven additional days' notice to the Owner and Architect, stop the Work until payment of the amount owing has been received. The Contract Time ~~shall~~ **may** be extended appropriately and the Contract Sum ~~shall~~ **may** be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided for in the Contract Documents.
PAGE 29

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in the Certificate. Upon such acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work ~~or designated portion thereof. Such payment shall be adjusted for Work that is incomplete or not in accordance with the requirements of the Contract Documents.~~.

...

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect, (3) a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment, **(5)** ~~documentation of any special warranties, such as manufacturers' warranties or specific Subcontractor warranties, and (6) if required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts and releases and waivers of liens, claims, security interests, or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the Owner. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify the Owner against such lien, claim, security interest, or encumbrance. If a lien, claim, security interest, or encumbrance remains unsatisfied after payments are made, the Contractor shall refund to the Owner all money that the Owner may be compelled to pay in discharging the lien, claim, security interest, or encumbrance, including all costs and reasonable attorneys' fees.~~**Contractors Affidavit of Release of Liens, (6) separate Releases or Waivers of Liens from Subcontractors and material and equipment suppliers, (7) written warranty on Contractor's letterhead covering materials and labor for one-year, and (8) the advertisement of completion. The Contractor shall provide proof of publication of Advertisement of completion in a local newspaper for three (3) consecutive weeks, as required in Title 30, Section 39-1-1, Subsection (f), of the Code of Alabama. The final 2.5% retained will not be paid until proof of publication is submitted and all written claims paid in full. This advertisement shall not begin until the City of Mobile has accepted the Project.**

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor ~~or by issuance of Change Orders affecting final completion,~~ and the Architect so confirms, the Owner shall, upon application by the Contractor and certification by the Architect, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Architect prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 10.2.1 The Contractor shall **comply with all Federal, State, and Local law regarding safety including the requirements of the Occupational Safety and Health Act of 1970, Public Law #91-596, latest version**. **Contractor shall** take **all other** reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury, or loss to

...

.3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

.4 The Contractor shall be responsible for damage done to buried cables and other utilities by its equipment and shall contact the appropriate offices prior to construction for information depth, etc., of utilities in the area.

...

§ 10.2.5 The Contractor shall promptly remedy damage and loss ~~(other than damage or loss insured under property insurance required by the Contract Documents)~~ () to property referred to in Sections 10.2.1.2 and 10.2.1.3 caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under Sections 10.2.1.2 and 10.2.1.3. The Contractor may make a Claim for the cost to remedy the damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under Section 3.18.

PAGE 31

§ 10.3.2 Upon receipt of the Contractor's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Contract Documents, the Owner shall furnish in writing to the Contractor and Architect the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Contractor and the Architect will promptly reply to the Owner in writing stating whether or not either has reasonable objection to the persons or entities proposed by the Owner. If either the Contractor or Architect has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Contractor and the Architect have no reasonable objection. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written agreement of the Owner and Contractor. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable additional costs of shutdown, delay, and ~~start-up.~~start-up, **except to the extent that any such delay is attributable to the Contractor's objection to the persons or entitles whom Owner shall have furnished to perform the task of removal of safe containment of such material or substance.**

~~**§ 10.3.3** To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Contractor, Subcontractors, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work in the affected area if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), except to the extent that such damage, loss, or expense is due to the fault or negligence of the party seeking indemnity.~~

§ 10.3.4 The Owner shall not be responsible ~~under this Section 10.3 for hazardous materials or substances the Contractor brings to the site unless such materials or substances are required by the Contract Documents. The Owner shall be responsible for hazardous materials or substances required by the Contract Documents, except to the extent of the Contractor's fault or negligence in the use and handling of such materials or substances.~~**for materials or**

substances brought to the site by the Contractor regardless of whether such materials or substances were required by the Contract Documents.

...

§ 10.3.6 If, without negligence **or wantonness** on the part of the Contractor, the Contractor is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Work as required by the Contract Documents, the Owner ~~shall~~ **may** reimburse the Contractor for all **reasonable** cost and expense thereby incurred.

...

In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury, or loss. Additional compensation or extension of time claimed by the Contractor on account of an emergency ~~shall~~ **may** be determined **only** as provided in Article 15 and Article 7.
PAGE 33

.

~~**§ 11.3 Waivers of Subrogation**~~
~~**§ 11.3.1** The Owner and Contractor waive all rights against (1) each other and any of their subcontractors, sub-subcontractors, agents, and employees, each of the other; (2) the Architect and Architect's consultants; and (3) Separate Contractors, if any, and any of their subcontractors, sub-subcontractors, agents, and employees, for damages caused by fire, or other causes of loss, to the extent those losses are covered by property insurance required by the Agreement or other property insurance applicable to the Project, except such rights as they have to proceeds of such insurance. The Owner or Contractor, as appropriate, shall require similar written waivers in favor of the individuals and entities identified above from the Architect, Architect's consultants, Separate Contractors, subcontractors, and sub-subcontractors. The policies of insurance purchased and maintained by each person or entity agreeing to waive claims pursuant to this section 11.3.1 shall not prohibit this waiver of subrogation. This waiver of subrogation shall be effective as to a person or entity (1) even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, (2) even though that person or entity did not pay the insurance premium directly or indirectly, or (3) whether or not the person or entity had an insurable interest in the damaged property.~~

~~**§ 11.3.2** If during the Project construction period the Owner insures properties, real or personal or both, at or adjacent to the site by property insurance under policies separate from those insuring the Project, or if after final payment property insurance is to be provided on the completed Project through a policy or policies other than those insuring the Project during the construction period, to the extent permissible by such policies, the Owner waives all rights in accordance with the terms of Section 11.3.1 for damages caused by fire or other causes of loss covered by this separate property insurance.~~

~~**§ 11.4 Loss of Use, Business Interruption, and Delay in Completion Insurance**~~
~~The Owner, at the Owner's option, may purchase and maintain insurance that will protect the Owner against loss of use of the Owner's property, or the inability to conduct normal operations, due to fire or other causes of loss. The Owner waives all rights of action against the Contractor and Architect for loss of use of the Owner's property, due to fire or other hazards however caused.~~

~~**§11.5 Adjustment and Settlement of Insured Loss**~~

~~**§ 11.5.1** A loss insured under the property insurance required by the Agreement shall be adjusted by the Owner as fiduciary and made payable to the Owner as fiduciary for the insureds, as their interests may appear, subject to requirements of any applicable mortgagee clause and of Section 11.5.2. The Owner shall pay the Architect and Contractor their just shares of insurance proceeds received by the Owner, and by appropriate agreements the Architect and Contractor shall make payments to their consultants and Subcontractors in similar manner.~~

~~**§ 11.5.2** Prior to settlement of an insured loss, the Owner shall notify the Contractor of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Contractor shall have 14 days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Contractor does not object, the Owner shall settle the loss and the Contractor shall be bound by the settlement and allocation. Upon receipt, the Owner shall deposit the insurance proceeds in a separate account and make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Contract for convenience, the Owner and Contractor shall execute a Change Order for reconstruction of the damaged or destroyed Work in the amount allocated for that purpose. If the Contractor timely objects to either the terms of the proposed settlement or the allocation of the proceeds, the Owner may proceed to settle the insured loss, and any dispute between the Owner and Contractor arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Construction Change Directive for the reconstruction of the damaged or destroyed Work.~~

PAGE 34

The Contract shall be governed by the law of ~~the place where the Project is located, excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 15.4.~~**State of Alabama.**

...

§ 13.2.3 No assignment of the Contract shall be made without the written permission of Surety providing bonding and the City of Mobile.

PAGE 35

~~**§ 13.5 Interest**~~

~~Payments due and unpaid under the Contract Documents shall bear interest from the date payment is due at the rate the parties agree upon in writing or, in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located.~~

§ 13.4.7 Test, inspections or approvals made in addition to the Architects normal design and contract administration services caused by the Contractor shall be paid for by the Contractor. The normal service schedule is contained in Article 2.8.1 of AIA B102-2017 as amended by the Owner and is available to Contractor on request.

§ 13.4.8 The Contractor must call the Urban Development Department of the City of Mobile for their inspections and approval at the times required by the Urban Development Department, as well as notify the Architect, Consulting Engineer, and/or Test Laboratory, for inspection and approval of sub-grade conditions, under slab and footing conditions, vapor barrier placement, reinforcing steel placement, all structural connections, electrical, mechanical, etc. None of the above will be accepted that have been covered up before receiving approval of the Architect or his Consultant.

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven days' notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work ~~executed, as well as reasonable overhead and profit on Work not executed, and costs incurred by reason of such termination.~~ **executed.**
PAGE 36

§ 14.3.2 The Contract Sum and Contract Time ~~shall~~ **may** be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent
PAGE 37

§ 14.4.3 In case of such termination for the Owner's convenience, the Owner shall pay the Contractor for Work properly executed; costs incurred by reason ~~of the termination, including costs attributable to termination of Subcontracts; and the termination fee, if any, set forth in the Agreement.~~**termination.**

...

§ 15.1.3.1 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered prior to expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated ~~by notice to the other party and to the Initial Decision Maker with a copy sent to the Architect, if the Architect is not serving as the Initial Decision Maker. Claims by either party under this Section 15.1.3.1 shall be initiated~~ within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant ~~first recognizes~~ **acting with due diligence, reasonably should have first recognized** the condition giving rise to the Claim, whichever is later. **Claims must be initiated by written notice to the Architect and the other party.**

...

If the Contractor wishes to make a Claim for an increase in the Contract Sum, notice as provided in Section 15.1.3 shall be given before proceeding to execute the portion of the Work **giving rise to such claim.** that is the subject of the Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.
PAGE 38

§ 15.2.2 The ~~Initial Decision Maker~~ **Architect** will review Claims and within ten days of the receipt of a Claim take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim, (4) suggest a compromise, or (5) advise the parties that the Initial Decision Maker is unable to resolve the Claim if the Initial Decision Maker lacks sufficient information to evaluate the merits of the Claim or if the ~~Initial Decision Maker concludes that, in the Initial Decision Maker's sole discretion,~~ **Architect reasonably concludes that**, it would be inappropriate for the Initial Decision Maker to resolve the Claim.

...

§ 15.2.5 The Initial Decision Maker will render an initial decision approving or rejecting the Claim, or indicating that the Initial Decision Maker is unable to resolve the Claim. This initial decision shall (1) be in writing; (2) state the reasons ~~therefor;~~ **therefore**; and (3) notify the parties and the Architect, if the Architect is not serving as the Initial Decision Maker, of any change in the Contract Sum or Contract Time or both. The initial decision shall be final and binding on the parties ~~but subject to mediation and, if the parties fail to resolve their dispute through mediation, to binding dispute resolution.~~.

~~**§ 15.2.6** Either party may file for mediation of an initial decision at any time, subject to the terms of Section 15.2.6.1.~~

~~**§ 15.2.6.1** Either party may, within 30 days from the date of receipt of an initial decision, demand in writing that the other party file for mediation. If such a demand is made and the party receiving the demand fails to file for mediation~~

User Notes:

~~within 30 days after receipt thereof, then both parties waive their rights to mediate or pursue binding dispute resolution proceedings with respect to the initial decision.~~

PAGE 39

§ 15.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, and 15.1.7, shall **not** be subject to mediation as a condition precedent to binding dispute resolution.

~~**§ 15.3.2** The parties shall endeavor to resolve their Claims by mediation which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. A request for mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration is stayed pursuant to this Section 15.3.2, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.~~

~~**§ 15.3.3** Either party may, within 30 days from the date that mediation has been concluded without resolution of the dispute or 60 days after mediation has been demanded without resolution of the dispute, demand in writing that the other party file for binding dispute resolution. If such a demand is made and the party receiving the demand fails to file for binding dispute resolution within 60 days after receipt thereof, then both parties waive their rights to binding dispute resolution proceedings with respect to the initial decision.~~

~~**§ 15.3.4** The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.~~

~~**§ 15.4 Arbitration**~~

~~**§ 15.4.1** If the parties have selected arbitration as the method for binding dispute resolution in the Agreement, any Claim subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement. The Arbitration shall be conducted in the place where the Project is located, unless another location is mutually agreed upon. A demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.~~

~~**§ 15.4.1.1** A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.~~

~~**§ 15.4.2** The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.~~

~~**§ 15.4.3** The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to the Agreement, shall be specifically enforceable under applicable law in any court having jurisdiction thereof.~~

~~**§ 15.4.4 Consolidation or Joinder**~~

~~**§ 15.4.4.1** Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either party may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation, (2) the arbitrations to~~

SECTION 01010
SUMMARY OF THE WORK

PART 1 GENERAL

1.1 SECTION INCLUDES

A. Summary of Work: Contract, contractor use of premises.

B. Contract Considerations: Contingency allowance, schedule of values, applications for payment, change procedures, alternates.

C. Coordination and Meetings: Coordination, field engineering, cutting and patching, meetings, progress meetings, examination, preparation.

D. Submittals: Submittal procedures, construction progress schedules, proposed products list, shop drawings, product data, samples, manufacturers' installation instructions, manufacturers' certificates.

E. Quality Control: Quality assurance - control of installation, Tolerances, References, Mock-ups, Manufacturers' field services and reports.

F. Construction Facilities and Temporary Controls: power, temporary lighting for construction purposes, heat, temporary ventilation, telephone service, water service, temporary sanitary facilities, barriers and fencing, exterior enclosures, protection of installed work, security, access roads, parking, progress cleaning and waste removal, project identification, field offices and sheds, removal of utilities, facilities, and controls.

G. Material and Equipment: Products, transportation, handling, storage, and protection, products options, substitutions.

H. Contract Closeout: Contract closeout procedures, final cleaning, adjusting, project record documents, operation and maintenance data, spare parts and maintenance materials, warranties.

1.2 CONTRACT

A. Summary of Work:
Base Bid: The Work includes interior renovations involve painting walls, installing new flooring, LED lighting fixtures, replacing windows and window treatments, upgrading the restroom to meet ADA compliance, and converting a former storage area into a warming kitchen. The HVAC unit is being replaced and the ductwork redesigned. Exterior work includes new exterior signage and lighting.
Additive Alternate: Provide cost of Warming Kitchen equipment.

B. Contract Description: Stipulated sum.

C. Equipment required for the project shall be submitted to the engineer for approval within fifteen (15) calendar days of Notice to Proceed. After the approved submittals are returned, the equipment shall be ordered within ten (10) days of approval. Work shall be completed within fifteen (15) calendar days from the date of equipment delivery. Substitutions on named equipment shall be considered pre-bid only.

1.3 CONTRACTOR USE OF PREMISES

A. Limit use of premises to allow continued Owner occupancy. All facilities shall remain in use except the immediate work area for this project. Obey all Facility Regulations and coordinate access and schedule of work with Project Manager.

1.4 CONTINGENCY ALLOWANCE

A. Include in the Contract the stipulated amount for use upon Owner's instruction.

B. Contractor's costs for products, delivery, installation, labor, insurance, payroll, taxes, bonding, equipment rental, overhead and profit are included in Change or Field Orders authorizing expenditure of funds from this Contingency Allowance.

1.5 SCHEDULE OF VALUES

A. Submit Schedule of Values on AIA Form G703 within five (5) calendar days of notification of project award.

1.6 APPLICATIONS FOR PAYMENT

A. Submit two signed and notarized originals of each application on AIA Form G702 and AIA Form G703. Submit Lien Release Waivers, including from subcontractors and major suppliers, with each pay application. Submit DBE Utilization Form with each pay application.

B. Content and Format: Utilize Schedule of Values, AIA Form G703, for listing items in Application for Payment.

C. Payment Period: Monthly, except for final payment of retainage after all Close Out documents are submitted and approved.

1.7 CHANGE ORDER PROCEDURES

A. All contract changes involving a change in scope, payment and/or time shall be made by change order.

B. Stipulated Sum/Price Change Order: Based on Proposal Request and Contractor's fixed price quotation or Contractor's request for a Change Order as approved by Owner.

1.8 ALTERNATE BID ITEMS

A. Alternates quoted on Bid Form, if any, will be reviewed and accepted in the order listed.

B. Coordinate related Work and modify surrounding Work as required.

C. Schedule of Alternates: Listed on bid form, as applicable.

1.9 COORDINATION

A. Coordinate scheduling, submittals, and Work at the facility to ensure an efficient and orderly sequence and to facilitate the continued uninterrupted use of the Facility.

B. Request Utility interruptions at least 72 hours in advance. Note that due to scheduling in the facility, utility interruptions must be approved.

1.10 FIELD ENGINEERING

A. Establish elevations, lines, and levels and certify that elevations and locations of the Work conform to the Contract Documents. Verify existing conditions.

B. Contractor shall field verify all measurements and quantities required for a complete installation.

1.11 PRECONSTRUCTION MEETINGS

A. Owner will schedule a pre-construction meeting after contract award for all affected parties.

1.12 PROGRESS MEETINGS

A. Schedule and administer meetings throughout progress of the Work at pre-approved intervals at least every week while work on site is proceeding.

B. Preside at meetings, record minutes, and distribute copies within two days to those affected by decisions made.

1.13 CONSTRUCTION PROGRESS SCHEDULES

A. Submit initial progress schedule in duplicate within five (5) calendar days after date of notice of award of project for Project Manager’s review.

B. Submit revised schedules with each Application for Payment, identifying changes since previous version. Indicate estimated percentage of completion for each item of Work at each submission.

1.14 SHOP DRAWINGS

A. Shop Drawings for Review: Submit to Project Manager/Engineer for review for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

B. Submit electronic submittals to the Project Manager. Close Out documents shall include electronic and hard copies of all submittals.

1.15 QUALITY ASSURANCE - CONTROL OF INSTALLATION

A. Monitor quality control over suppliers, manufacturers, products, services, site conditions, and workmanship, to produce Work of specified quality.

B. Comply with manufacturers' written instructions.

C. Comply with specified standards as minimum quality for the Work except when more stringent tolerances, codes, or specified requirements indicate higher standards or more precise workmanship.

D. Supply certification from manufacturer that the installed Work meets or exceeds all manufacturers' requirements.

1.16 EXAMINATION

A. Verify that existing site conditions and subsurfaces are acceptable for subsequent Work. Beginning new Work means acceptance of existing conditions.

B. Verify that utility services are available, of the correct characteristics, and in the correct location.

1.17 PREPARATION

A. Prepare surfaces prior to applying next material installation.

1.18 TOLERANCES

A. Monitor fabrication and installation tolerance control of installed Products over suppliers, manufacturers, Products, site conditions, and workmanship, to produce acceptable Work. Do not permit tolerances to accumulate. Comply fully with manufacturers' tolerances.

1.19 REFERENCES

A. Conform to reference standards by date of issue current as of date of Contract

Documents.

B. Should specified reference standard conflict with Contract Documents, request clarification from Project Manager before proceeding.

1.20 ELECTRICITY

A. Unless otherwise provided for, Contractor shall be allowed to utilize power from the facility in moderate amounts.

B. Provide power outlets for construction operations, branch wiring, distribution boxes, and flexible power cords as required.

1.21 TEMPORARY LIGHTING FOR CONSTRUCTION PURPOSES

A. Provide and maintain temporary lighting for construction operations as may be required.

B. Provide branch wiring from power source to distribution boxes with lighting conductors, pigtails, and lamps as required.

1.22 WATER SERVICE

A. Owner shall provide suitable potable water in moderate quantities without cost to the Contractor.

1.23 TEMPORARY SANITARY FACILITIES

A. Contractor shall provide his own temporary facilities. Use of facility facilities is not possible.

1.24 BARRIERS AND FENCING

A. Provide barriers and fencing as needed to prevent unauthorized entry to construction areas and to protect existing facilities and adjacent properties from dust, debris and damage.

1.25 PROTECTION OF INSTALLED WORK

A. Protect installed Work and provide special protection where specified in individual specification sections. Prohibit traffic or storage upon grass or paving surfaces.

1.26 SECURITY

A. Provide security and facilities to protect Work and existing facilities from unauthorized entry, vandalism, or theft.

1.27 ACCESS ROADS & HAULING

A. Maintain temporary access routes through the public thoroughfare and parking areas to serve the construction area as required without obstructing traffic or blocking access for facility staff or participants. Provide drive pads as required.

B. Restore site to pre-construction condition. Fill ruts, replace broken or damaged amenities, sod disturbed areas.

1.28 PARKING

A. Arrange for temporary parking areas to accommodate construction personnel on site. Do not block traffic.

1.29 PROGRESS CLEANING AND WASTE REMOVAL

A. Collect and maintain work areas free of waste materials, debris, and rubbish on a daily basis. Maintain site in a clean and orderly condition. Provide refuse containers and dispose of construction debris legally off site. The Owner may request load tickets from landfills permitted to accept construction debris.

1.30 REMOVAL OF UTILITIES, FACILITIES, AND CONTROLS

A. Remove temporary utilities, equipment, facilities and materials, prior to Substantial Completion review.

B. Clean and repair damage caused by installation or use of temporary work.

C. Restore existing facilities used during construction to original condition. Restore permanent facilities used during construction to specified condition.

1.31 PRODUCTS

A. Products: Means new material, machinery, components, equipment, fixtures, and systems forming the Work but does not include machinery and equipment used for preparation, fabrication, conveying and erection of the Work.

1.32 TRANSPORTATION, HANDLING, STORAGE AND PROTECTION

A. Transport, handle, store, and protect Products in accordance with manufacturers' instructions.

1.33 PRODUCT OPTIONS

A. Products Specified: **Equal alternate products to be approved by Owner as PRE-BID Substitutions. Submit product data as required in SUBSTITUTIONS.**

1.34 SUBSTITUTIONS

A. **Architect/Engineer will consider requests for Substitutions only Pre-Bid. Submit requests by August 20, 2025 by 3:00pm via e-mail to Project Manager elizabeth.miller@cityofmobile.org.**

B. Document each request with complete backup data substantiating compliance of proposed Substitution with all characteristics of the materials specified in the Contract Documents. Comply with procedures and documentation as per Section 01635 Substitutions.

C. Acceptance or Rejection of Pre-Bid Substitution Requests will be issued by Addendum.

1.35 FINAL CLEANING

A. Execute final cleaning prior to final inspection of work area. User may occupy portions of the work incrementally as the work is completed and accepted. Entire project to be ready for use by User once all areas of work are completed.

B. Clean debris from site and drainage systems.

C. Remove waste and surplus materials, rubbish, and construction facilities from the facility and the site. Leave site in raked and smooth condition.

1.36 PROJECT RECORD DOCUMENTS

A. Maintain on site one set of Contract Documents to be utilized only for record documents.

B. Record actual revisions to the Work. Record information concurrent with construction progress.

C. Specifications: Legibly mark and record at each Product section a description of actual Products installed.

D. Record Documents and Shop Drawings: Legibly mark each item to record actual construction.

E. Submit documents to Project Manager with claim for final Application for Payment.

F. Submit 2 paper copies and 1 disc with pdf copies to include:
   a. As built drawings and specifications
   b. Approved submittals
   c. Warrantees and guarantees
   d. Certificate of Occupancy or Letter of Completion from Permitting Department or other agencies, as applicable.

1.37 WARRANTIES

A. Product and Manufacturer's Warranties shall be provided per specifications.

B. In addition, all materials and labor shall be warranted for a minimum of ten (10) years after Substantial Completion of the entire project. Contractor to promptly repair all deficiencies within that time. A warranty inspection shall be scheduled by the Owner, with the Contractor and Owner's representative, before the end of the warranty period, in order to review the work and note deficiencies for the Contractor to correct. Said meeting may be waived if no deficiencies are noted.

PART 2 PRODUCTS
Not Used.

PART 3 EXECUTION
Not Used.

END OF SECTION

SECTION 01210

ALLOWANCES

PART 1GENERAL

1.1 RELATED DOCUMENTS

Drawings and general provisions of the Contract, including General Conditions and Division 01 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Allowances will be utilized to:

1. Defer selection of certain items until more information is available.

2. Provide for discretionary installation of materials where exact and specific conditions cannot be determined in advance.

3. Provide for the discretionary use of labor where tasks and time frames cannot be determined in advance.

B. Include in Total Bid a stipulated lump sum allowance amount as specified in this Section.

1.3 ALLOWANCE

A. Include in the Total Base Quote a stipulated allowance(s) as indicated on the Quote Form for the use upon Owner's instruction. Upon Contractor inspection and Owner approval, any additional work that may be required, but not covered in the original Scope of Work (Base Scope Quote), shall be added to the scope and cost charged against the Contingency Allowance. Contractor's cost for products, delivery, installation labor, insurance, payroll, bonding, equipment rental and overhead and profit will be included in the Allowances. Contractor's markups on allowances are limited to 10% for subcontractor's work and 15% for his own forces.

B. Use of Contingency Allowance(s) shall be approved in writing by the Owner before any materials are ordered or work performed.

C. Upon completion of the Work, any unused portion of the Allowances shall be credited back to the City of Mobile in the form of a Change Order.

D. Contractor shall provide a detailed proposal of the work with overhead and profit broken out. Such proposals shall include proposals from subcontractors, also showing their detailed proposal with overhead and profit broken out.

1.4 SELECTION AND PURCHASE

A. Advise the Project Manager when final selection and purchase of allowance item must be complete to avoid delay.

1.5 SUBMITTALS

A. Request for Use of Allowance: Submit proposals for approval that detail and break out costs for contractors and subcontractor's markups.

B. After Use of Allowance: Submit invoices to show quantity delivered to the site for each allowance.

PART 2 PRODUCTS

Not used

PART 3 EXECUTION

3.1 INSPECTION

A. Promptly inspect all Allowance items upon delivery. Immediately report any shortage, damage, or defects to Project Manager.

3.2 PREPARATION

A. Coordinate materials and installation to assure that each item is integrated with related construction activities.

3.3 ALLOWANCE SCHEDULE

A. Include as a Contingency Allowance the lump sum amount of thirty thousand Dollars ($30,000.00).

END OF SECTION

SECTION 01230

ALTERNATIVE BID ITEMS

PART 1 GENERAL

1.1 RELATED DOCUMENTS
Drawings and general provisions of the Contract, including General Conditions and Division 01 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section Includes
1. Documentation of changes to Contract Sum and/or Contract Time.

B. Contract Documents contain pertinent requirements for materials and methods to accomplish work described herein.

C. Provide alternate costs for inclusion in Contract Sum if accepted by Owner.

1.3 RELATED REQUIREMENTS

A. Owner/Contractor Agreement: Alternates accepted by Owner for incorporation into the Work.

B. Individual specification sections identified.

1.4 PROCEDURES

A. Alternates will be exercised at the option of Owner.

B. Coordinate related work and modify surrounding work as required to complete the work, including changes under each Alternate, when acceptance is designated in Owner/Contractor Agreement.

1.5 DESCRIPTION OF ALTERNATES

A. Alternate #1: Provide cost of Warming Kitchen equipment.

PART 2 PRODUCTS Not used

PART 3 EXECUTION Not used

END OF SECTION

SECTION 01310
PROJECT MANAGEMENT AND COORDINATION

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 1 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section includes administrative provisions for coordinating construction operations on Project including, but not limited to, the following:

1. General project coordination procedures.
2. Administrative and supervisory personnel.
3. Coordination drawings.
4. Requests for Information (RFIs).
5. Project meetings.

B. Each contractor shall participate in coordination requirements. Certain areas of responsibility are assigned to a specific contractor.

C. Related Sections:
1. Division 1 Section "Execution Requirements"
2. Division 1 Section "Project Record Drawings" for coordinating closeout of the Contract.

1.3 DEFINITIONS

A. RFI: Request from Owner, Architect, Engineer, or Contractor seeking information from each other during construction.

1.4 COORDINATION

A. Contractor shall be responsible for coordinating all trades of his contract, Owners Contractors, coordinating construction sequences and schedules, and coordinating actual installed location and interface of work.

B. Contractor shall supervise and direct the development of coordination drawings showing comprehensive coordination and integration of all Work of this project

including, but not limited to, structural, architectural mechanical, plumbing, fire protection, electrical disciplines, and Owners Contractors.

C. Coordination drawings are intended to assist Contractor and all trades during construction and may be used to supplement shop drawings, record drawings, and other required submittals.

D. Coordination: Each contractor shall supervise and direct construction operations with those of subcontractors and entities to ensure efficient and orderly installation of each part of the Work. Each contractor shall coordinate its operations with operations, included in different Sections that depend on each other for proper installation, connection, and operation.

1. Schedule construction operations in sequence required to obtain the best results where installation of one part of the Work depends on installation of other components, before or after its own installation.
2. Coordinate installation of different components with other contractors to ensure maximum performance and accessibility for required maintenance, service, and repair.
3. Make adequate provisions to accommodate items scheduled for later installation.p

E. Prepare memoranda for distribution to each party involved, outlining special procedures required for coordination. Include such items as required notices, reports, and list of attendees at meetings.

1. Prepare similar memoranda for Owner and separate contractors if coordination of their Work is required.

F. Administrative Procedures: Coordinate scheduling and timing of required administrative procedures with other construction activities to avoid conflicts and to ensure orderly progress of the Work. Such administrative activities include, but are not limited to, the following:

1. Preparation of Contractor's construction schedule.
2. Preparation of the schedule of values.
3. Installation and removal of temporary facilities and controls.
4. Delivery and processing of submittals.
5. Progress meetings.
6. Preinstallation conferences.
7. Project closeout activities.
8. Startup and adjustment of systems.
9. Project closeout activities.

1.5 KEY PERSONNEL

A. Key Personnel Names: Within 5 days of Notice to Proceed, submit a list of key personnel assignments, including superintendent and other personnel in attendance at Project site. Identify individuals and their duties and responsibilities; list addresses and

telephone numbers, including home, office, and cellular telephone numbers and email addresses. Provide names, addresses, and telephone numbers of individuals assigned as standbys in the absence of individuals assigned to Project.

1. Post copies of list at site. Keep list current at all times.

1.6 REQUESTS FOR INFORMATION (RFIs)

A. General: Immediately on discovery of the need for additional information or interpretation of the Contract Documents, Contractor shall prepare and submit an RFI in the form specified.

1. Engineer will return RFIs submitted to Engineer by other entities controlled by Contractor with no response.
2. Coordinate and submit RFIs in a prompt manner so as to avoid delays in Contractor's work or work of subcontractors.

1.7 PROJECT MEETINGS

A. General: Attendance of subcontractors and superintendent at a weekly progress meeting is required.

PART 2 - PRODUCTS (Not Used)

PART 3 - EXECUTION (Not Used)

END OF SECTION 01310

SECTION 01320
CONSTRUCTION PROGRESS DOCUMENTATION

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 1 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section includes administrative and procedural requirements for documenting the progress of construction during performance of the Work, including the following:

1. Start-up construction schedule.
2. Contractor's construction schedule.
3. Field condition reports.
4. Special reports.

1.3 INFORMATIONAL SUBMITTALS

A. Format for Submittals: Submit required submittals in the following format:

1. PDF electronic file.

B. Start-up construction schedule.

C. Contractor's Construction Schedule: Initial schedule, of size required to display entire schedule for entire construction period.

D. Field Condition Reports: Submit at time of discovery of differing conditions.

E. Special Reports: Submit at time of unusual event.

F. Existing Condition Photos: Submit prior to onsite mobilization to record existing conditions. If, during construction, damage occurs by others, notify Project Manager right away.

PART 2 - PRODUCTS

2.1 CONTRACTOR'S CONSTRUCTION SCHEDULE, GENERAL

A. Time Frame: Extend schedule from date established for the Notice to Proceed to date of final completion.

B. Activities: Treat each story or separate area as a separate numbered activity for each principal element of the Work. Show the following:

1. Activity Duration
2. Procurement Activities: Include procurement process activities for long lead items and major items, requiring a cycle of more than 60 days, as separate activities in schedule. Procurement cycle activities include, but are not limited to, submittals, approvals, purchasing, fabrication, and delivery.
3. Submittal Review Time: Include review and resubmittal times indicated in Division 1 Section "Submittal Procedures" in schedule. Coordinate submittal review times in Contractor's construction schedule with submittal schedule.
4. Startup and Testing Time: Include not less than 15 days for startup, testing and training.
5. Substantial Completion: Indicate completion in advance of date established for Substantial Completion, and allow time for Architect's administrative procedures necessary for certification of Substantial Completion.

C. Constraints: Include constraints and work restrictions indicated in the Contract Documents and as follows in schedule, and show how the sequence of the Work is affected.

1. Phasing: Arrange list of activities on schedule by phase.
2. Work Restrictions: Show the effect of the following items on the schedule:

a. Coordination with existing construction.
b. Limitations of continued occupancies.
c. Uninterruptible services.
d. Partial occupancy before Substantial Completion.
e. Use of premises restrictions.
f. Provisions for future construction.
g. Seasonal variations.
h. Environmental control.

D. Milestones: Include milestones indicated in the Contract Documents in schedule, including, but not limited to, the Notice to Proceed, Substantial Completion, and final completion.

E. Upcoming Work Summary: Prepare summary report indicating activities scheduled to occur or commence prior to submittal of next schedule update. Summarize the following issues:

1. Unresolved issues.
2. Unanswered RFIs.
3. Rejected or unreturned submittals.
4. Notations on returned submittals.

2.2 START-UP CONSTRUCTION SCHEDULE

A. Bar-Chart Schedule: Submit start-up horizontal bar-chart-type construction schedule within seven days of date established for the Notice to Proceed .

B. Preparation: Indicate each significant construction activity separately. Identify first workday of each week with a continuous vertical line. Outline significant construction activities for first 90 days of construction.

2.3 CONTRACTOR'S CONSTRUCTION SCHEDULE (CPM SCHEDULE)

A. CPM Schedule Preparation: Prepare a list of all activities required to complete the Work. Using the start-up network diagram, prepare a skeleton network to identify probable critical paths.

1. Activities: Indicate the estimated time duration, sequence requirements, and relationship of each activity in relation to other activities. Include estimated time frames for the following activities:

    a. Preparation and processing of submittals.
    b. Mobilization and demobilization.
    c. Purchase of materials.
    d. Delivery.
    e. Fabrication.
    f. Utility interruptions.
    g. Installation.
    h. Work by Owner that may affect or be affected by Contractor's activities.
    i. Testing and commissioning.
    j. Punch list and final completion.
    k. Activities occurring following final completion.

2. Critical Path Activities: Identify critical path activities, including those for interim completion dates. Scheduled start and completion dates shall be consistent with Contract milestone dates.
3. Format: Mark the critical path. Locate the critical path near center of network; locate paths with most float near the edges.

B. Contract Modifications: For each proposed contract modification and concurrent with its submission, prepare a time-impact analysis using a network fragment to demonstrate the effect of the proposed change on the overall project schedule.

C. Initial Issue of Schedule: Identify critical activities. Prepare tabulated reports showing the following:

1. Contractor or subcontractor and the Work or activity.
2. Description of activity.
3. Principal events of activity.
4. Immediate preceding and succeeding activities.
5. Early and late start dates.
6. Early and late finish dates.
7. Activity duration in workdays.

D. Schedule Updating: Submit at each weekly coordination meeting.

1. Identification of activities that have changed.
2. Changes in early and late start dates.
3. Changes in early and late finish dates.
4. Changes in activity durations in workdays.
5. Changes in the critical path.
6. Changes in total float or slack time.
7. Changes in the Contract Time.

Note: The Contractor may be allowed additional construction days due to inclement conditions ("rain days") only as such are appropriately documented and are in excess of the NOAA/National Weather Service average (previous 5 years) for the given month. A "rain day" is defined as more than a "trace" (0.10") of rain falling within a given 24 hour period. The Contractor shall provide documentation and formally request any "rain days" they feel are legitimately due. Documentation shall be submitted to the Project Manager, in writing, within ten (10) calendar days of the rain event. Documentation shall include trades and activities that were adversely impacted by the weather.

2.4 REPORTS

A. Field Condition Reports: Immediately on discovery of a difference between field conditions and the Contract Documents, prepare and submit a detailed report. Submit with a Request for Information. Include a detailed description of the differing conditions, together with recommendations for changing the Contract Documents.

2.5 SPECIAL REPORTS

A. General: Submit special reports directly to Owner within one day of an occurrence. Distribute copies of report to parties affected by the occurrence.

B. Reporting Unusual Events: When an event of an unusual and significant nature occurs at Project site, whether or not related directly to the Work, prepare and submit a special report. List chain of events, persons participating, response by Contractor's personnel, evaluation of results or effects, and similar pertinent information. Advise Owner in advance when these events are known or predictable.

SECTION 01330
SUBMITTAL PROCEDURES

PART 1 GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contact, including General and Supplementary Conditions and Division 01 Specification Section, apply to this Section.

1.2 SUMMARY

A. Section Includes:
   1. Submittal Procedure
   2. Submittal Schedule
   3. Shop Drawings
   4. Product Data
   5. Samples

1.3 SUBMITTAL PROCEDURES

A. Number each submittal with Project Manual specification Section number and sequential number within each section. Number resubmittals with original number and an alphabetic suffix.

B. Identify Project, Contractor, Subcontractor or supplier, pertinent Drawing sheet and detail numbers, and specification Section number, as appropriate.

C. Submit all submittals simultaneously for each Produce or Specification Section. Where multiple Products function as an assembly, group submittals for all related Products into single submittal.

D. Project Manager will not review incomplete submittals.

E. Apply Contractor's stamp, signed or initialed certifying that:

   1. Submittal was reviewed.
   2. Products, field dimensions, and adjacent construction have been verified.
   3. Information has been coordinated with requirements for Work and Contract Documents.

F. Schedule submittals to expedite the Project, and deliver to Project Manager. Coordinate submittal of related items.

G. For each submittal, allow 10 days for Project Manager's review, excluding delivery time to and from Contractor. Identify variations from Contract Documents and Product or system limitations that may be detrimental to successful performance of completed Work.

H. Revise and resubmit submittals when required; identify all changes made since previous submittals.

I. Distribute copies of reviewed submittals to concerned parties and to Project Record Documents file. Instruct parties to promptly report any inability to comply with provisions.

.

1.4 SUBMITTAL SCHEDULE

A. Submit a submittal schedule showing all submittals proposed for project, including:
1. Submittals for Review
2. Closeout Submittals.

B. Include for each submittal:
1. Specification section number.
2. Description of submittal.
3. Type of submittal.
4. Anticipated submittal date.

C. Submit one (1) PDF copy, concurrently.

1.5 SHOP DRAWINGS

A. Present information in clear and thorough manner.

B. Identify details by reference to sheet and detail numbers or areas shown on Drawings.

C. Reproductions of details contained in Contract Documents are not acceptable.

D. Submit one (1) PDF copy (concurrently). One hard copy and a PDF copy will be returned to Contractor for printing and distribution.

1.6 PRODUCT DATA

A. Mark each copy to identify applicable products, models, options, and other data.

B. Supplement manufacturers' standard data to provide information unique to this Project.

C. Submit one (1) pdf copy. Project Manager will return one copy to Contractor for printing and distribution.

1.7 SAMPLES

A. Submit samples to illustrate functional and aesthetic characteristics of Products, with integral parts and attachment of devices. Coordinate sample submittals for interfacing work.

B. Where so indicated, submit samples of finishes from the full range of manufacturers' standard colors, textures, and patterns for Project Manager's selection.

C. Include identification for each sample, with full Project information.

D. Project Manager will notify Contractor of approval or rejection of samples, or of selection of color, texture or pattern if full range is submitted.

END OF SECTION

SECTION 01635
SUBSTITUTION PROCEDURES

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 1 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section includes administrative and procedural requirements for substitutions.

B. **Named products and products that are scheduled to be direct replacements must obtain substitution approval prior to bid**. If a substitution is approved, all costs to provide a complete and turn key project that may be associated with the substitution shall be included in the Bid.

C. Related Sections:
   1. Divisions 2 through 16 Sections for specific requirements and limitations for substitutions and pre-bid approvals.

1.3 DEFINITIONS

A. Substitutions: Changes in products, materials, equipment, and methods of construction from those required by the Contract Documents and proposed by Contractor.

   1. Substitutions for Cause: Changes proposed by Contractor that are required due to changed Project conditions, such as unavailability of product, regulatory changes, or unavailability of required warranty terms.
   2. Substitutions for Convenience: Changes proposed by Contractor or Owner that are not required in order to meet other Project requirements but may offer advantage to Contractor or Owner.

1.4 SUBMITTALS

A. Substitution Requests: Submit three copies of each request for consideration. Identify product or fabrication or installation method to be replaced.

   1. Documentation: Show compliance with requirements for substitutions and the following, as applicable:

a. Statement indicating why specified product or fabrication or installation cannot be provided, if applicable.
b. Coordination information, including a list of changes or modifications needed to other parts of the Work and to construction performed by Owner and separate contractors that will be necessary to accommodate proposed substitution.
c. Product Data, including drawings and descriptions of products and fabrication and installation procedures.
d. 6”x12” Samples of each finish material in proposed pattern and color.
e. Certificates and qualification data.
f. Material test reports from a qualified testing agency indicating and interpreting test results for compliance with requirements indicated.
g. Cost information, including a proposal of change, if any, in the Contract Sum (not applicable for pre-bid Submittals).
h. Impact of substitution on construction schedule.
i. Contractor's certification that proposed substitution complies with requirements in the Contract Documents except as indicated in substitution request, is compatible with related materials, and is appropriate for applications indicated.
j. Contractor's waiver of rights to additional payment or time that may subsequently become necessary because of failure of proposed substitution to produce indicated results.

2. Project Manager’s Action: If necessary, Project Manager will request additional information or documentation for evaluation within seven days of receipt of a request for substitution. Project Manager will notify Contractor of acceptance or rejection of proposed substitution within 7 days of receipt of request, or seven days of receipt of additional information or documentation, whichever is later.

a. Forms of Acceptance: Change Order, Construction Change Directive, or Project Manager Supplemental Instructions for minor changes in the Work.
b. Use product specified if Project Manager does not issue a decision on use of a proposed substitution within time allocated.

1.5 QUALITY ASSURANCE

A. Compatibility of Substitutions: Investigate and document compatibility of proposed substitution with related products and materials. Engage qualified testing agency to perform compatibility tests recommended by manufacturers.

1.6 PROCEDURES

A. Coordination: Modify or adjust affected work as necessary to integrate work of the approved substitutions.

PART 2 - PRODUCTS (Not Used)

PART 3 - EXECUTION (Not Used)

END OF SECTION

SECTION 01700
EXECUTION REQUIREMENTS

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 1 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section includes general administrative and procedural requirements governing execution of the Work including, but not limited to, the following:

1. Environmental concerns.
2. Installation of the Work.
3. Cutting and patching.
4. Progress cleaning.
5. Starting and adjusting.
6. Protection of installed construction.
7. Correction of the Work.

B. Related Sections:
1. Division 1 Sections “Summary of the Work”, “Project Record Documents”, or "Closeout Procedures", if included in Project Manual, for submitting closeout documents and final cleaning.

1.3 DEFINITIONS

A. Cutting: Removal of in-place construction necessary to permit installation or performance of other work.

B. Patching: Fitting and repair work required to restore construction to original conditions after installation of other work.

1.4 INFORMATIONAL SUBMITTALS

A. Cutting and Patching Plan: Submit plan describing procedures at least 10 days prior to the time cutting and patching will be performed. Include the following information:

1. Extent: Describe reason for and extent of each occurrence of cutting and patching.
2. Changes to In-Place Construction: Describe anticipated results. Include changes to structural elements and operating components as well as changes in building appearance and other significant visual elements.

3. Products: List products to be used for patching and firms or entities that will perform patching work.
4. Dates: Indicate when cutting and patching will be performed.
5. Utilities and Mechanical and Electrical Systems: List services and systems that cutting and patching procedures will disturb or affect. List services and systems that will be relocated and those that will be temporarily out of service. Indicate how long services and systems will be disrupted. Prior approval of Utility outages is required. Notify Owner of intent at least 72 hours in advance for outages less than 1 hour in duration and two (2) months in advance for outages over 1 hour in duration.

1.5 QUALITY ASSURANCE

A. Cutting and Patching: Comply with requirements for and limitations on cutting and patching of construction elements.

PART 2 - PRODUCTS

2.1 MATERIALS

A. General: Comply with requirements specified in other Sections.

B. In-Place Materials: Use materials for patching identical to in-place materials. For exposed surfaces, use materials that visually match in-place adjacent surfaces to the fullest extent possible.

1. If identical materials are unavailable or cannot be used, use materials that, when installed, will provide a match acceptable to the Architect for the visual and functional performance of in-place materials.

PART 3 - EXECUTION

3.1 EXAMINATION

A. Existing Conditions: The existence and location of underground and other utilities and construction indicated as existing are not guaranteed. Before beginning work, investigate and verify the existence and location of underground utilities, mechanical and electrical systems, and other construction affecting the Work.

1. Before construction, verify the location and invert elevation at points of connection of sanitary sewer, storm sewer, and water-service piping; underground electrical services, and other utilities.
2. Furnish location data for work related to Project that must be performed by public utilities serving Project site.

B. Examination and Acceptance of Conditions: Before proceeding with each component of the Work, examine substrates, areas, and conditions, with Installer or Applicator present where indicated, for compliance with requirements for installation tolerances and other conditions affecting performance. Record observations.

1. Written Report: Where a written report listing conditions detrimental to performance of the Work is required by other Sections, include the following:

a. Description of the Work.
b. List of detrimental conditions, including substrates.
c. List of unacceptable installation tolerances.
d. Recommended corrections.

2. Verify compatibility with and suitability of substrates, including compatibility with existing finishes or primers.
3. Examine roughing-in for mechanical and electrical systems to verify actual locations of connections before equipment and fixture installation.
4. Examine walls, floors, and roofs for suitable conditions where products and systems are to be installed.
5. Proceed with installation only after unsatisfactory conditions have been corrected. Proceeding with the Work indicates acceptance of surfaces and conditions.

3.2 PREPARATION

A. Field Measurements: Take field measurements as required to fit the Work properly. Recheck measurements before installing each product. Where portions of the Work are indicated to fit to other construction, verify dimensions of other construction by field measurements before fabrication. Coordinate fabrication schedule with construction progress to avoid delaying the Work.

B. Space Requirements: Verify space requirements and dimensions of items shown diagrammatically on Drawings.

C. Review of Contract Documents and Field Conditions: Immediately on discovery of the need for clarification of the Contract Documents caused by differing field conditions outside the control of the Contractor, submit a request for information to Architect according to requirements in Division 1 Section "Project Management and Coordination."

D. Surface and Substrate Preparation: Comply with manufacturer's recommendations for preparation of substrates to receive subsequent work.

3.3 INSTALLATION

A. General: Locate the Work and components of the Work accurately, in correct alignment and elevation, as indicated.

1. Make vertical work plumb and make horizontal work level.
2. Where space is limited, install components to maximize space available for maintenance and ease of removal for replacement.

3. Conceal pipes, ducts, and wiring in finished areas, unless otherwise indicated.
4. Maintain minimum headroom clearance of 96 inches, but in no case shall the new piping be lower than the existing piping.

B. Comply with manufacturer's written instructions and recommendations for installing products in applications indicated.

C. Install products at the time and under conditions that will ensure the best possible results. Maintain conditions required for product performance until Substantial Completion.

D. Conduct construction operations so no part of the Work is subjected to damaging operations or loading in excess of that expected during normal conditions of occupancy.

E. Tools and Equipment: Do not use tools or equipment that produce harmful noise levels.

F. Templates: Obtain and distribute to the parties involved templates for work specified to be factory prepared and field installed. Check Shop Drawings of other work to confirm that adequate provisions are made for locating and installing products to comply with indicated requirements.

G. Attachment: Provide blocking and attachment plates and anchors and fasteners of adequate size and number to securely anchor each component in place, accurately located and aligned with other portions of the Work. Where size and type of attachments are not indicated, verify size and type required for load conditions.

1. Mounting Heights: Where mounting heights are not indicated, mount components at heights directed by Architect.
2. Allow for building movement, including thermal expansion and contraction.
3. Coordinate installation of anchorages. Furnish setting drawings, templates, and directions for installing anchorages, including sleeves, concrete inserts, anchor bolts, and items with integral anchors, that are to be embedded in concrete or masonry. Deliver such items to Project site in time for installation.

H. Joints: Make joints of uniform width. Where joint locations in exposed work are not indicated, arrange joints for the best visual effect. Fit exposed connections together to form hairline joints.

I. Hazardous Materials: Use products, cleaners, and installation materials that are not considered hazardous, and meet environmental requirements.

3.4 CUTTING AND PATCHING

A. Cutting and Patching, General: Employ skilled workers to perform cutting and patching. Proceed with cutting and patching at the earliest feasible time, and complete without delay.

1. Cut in-place construction to provide for installation of other components or performance of other construction, and subsequently patch as required to restore surfaces to their original condition.

B. Temporary Support: Provide temporary support of work to be cut.

C. Protection: Protect in-place construction during cutting and patching to prevent damage. Provide protection from adverse weather conditions for portions of Project that might be exposed during cutting and patching operations.

D. Adjacent Occupied Areas: Where interference with use of adjoining areas or interruption of free passage to adjoining areas is unavoidable, coordinate cutting and patching in accordance with requirements of Division 1 Section "Summary."

E. Existing Utility Services and Mechanical/Electrical Systems: Where existing services/systems are required to be removed, relocated, or abandoned, bypass such services/systems before cutting to prevent interruption to occupied areas.

F. Cutting: Cut in-place construction by sawing, drilling, breaking, chipping, grinding, and similar operations, including excavation, using methods least likely to damage elements retained or adjoining construction. If possible, review proposed procedures with original Installer; comply with original Installer's written recommendations.

1. In general, use hand or small power tools designed for sawing and grinding, not hammering and chopping. Cut holes and slots neatly to minimum size required, and with minimum disturbance of adjacent surfaces. Temporarily cover openings when not in use.
2. Finished Surfaces: Cut or drill from the exposed or finished side into concealed surfaces.
3. Concrete and Masonry: Cut using a cutting machine, such as an abrasive saw or a diamond-core drill.
4. Mechanical and Electrical Services: Cut off pipe or conduit in walls or partitions to be removed. Cap, valve, or plug and seal remaining portion of pipe or conduit to prevent entrance of moisture or other foreign matter after cutting.
5. Proceed with patching after construction operations requiring cutting are complete.

G. Patching: Patch construction by filling, repairing, refinishing, closing up, and similar operations following performance of other work. Patch with durable seams that are as invisible as practicable. Provide materials and comply with installation requirements specified in other Sections, where applicable.

1. Inspection: Where feasible, test and inspect patched areas after completion to demonstrate physical integrity of installation.
2. Exposed Finishes: Restore exposed finishes of patched areas and extend finish restoration into retained adjoining construction in a manner that will minimize evidence of patching and refinishing.

    a. Clean piping, conduit, and similar features before applying paint or other finishing materials.
    b. Restore damaged pipe covering to its original condition.

3. Floors and Walls: Where walls or partitions that are removed extend one finished area into another, patch and repair floor and wall surfaces in the new space. Provide an even surface of uniform finish, color, texture, and appearance. Remove

in-place floor and wall coverings and replace with new materials, if necessary, to achieve uniform color and appearance.

a. Where patching occurs in a painted surface, prepare substrate and apply primer and intermediate paint coats appropriate for substrate over the patch, and apply final paint coat over entire unbroken surface containing the patch. Provide additional coats until patch blends with adjacent surfaces.

4. Ceilings: Patch, repair, or rehang in-place ceilings as necessary to provide an even-plane surface of uniform appearance.
5. Exterior Building Enclosure: Patch components in a manner that restores enclosure to a weathertight condition.

H. Cleaning: Clean areas and spaces where cutting and patching are performed. Remove paint, mortar, oils, putty, and similar materials from adjacent finished surfaces.

3.5 PROGRESS CLEANING

A. General: Clean Project site and work areas daily, including common areas. Enforce requirements strictly. Dispose of materials lawfully.

1. Comply with requirements in NFPA 241 for removal of combustible waste materials and debris.
2. Do not hold waste materials more than seven days during normal weather or three days if the temperature is expected to rise above 80 deg F (27 deg C).
3. Containerize hazardous and unsanitary waste materials separately from other waste. Mark containers appropriately and dispose of legally, according to regulations.

a. Utilize containers intended for holding waste materials of type to be stored.

4. Coordinate progress cleaning for joint-use areas where more than one installer has worked.

B. Site: Maintain Project site free of waste materials and debris.

C. Work Areas: Clean areas where work is in progress to the level of cleanliness necessary for proper execution of the Work.

1. Remove liquid spills promptly.
2. Where dust would impair proper execution of the Work, broom-clean or vacuum the entire work area, as appropriate.

D. Installed Work: Keep installed work clean. Clean installed surfaces according to written instructions of manufacturer or fabricator of product installed, using only cleaning materials specifically recommended. If specific cleaning materials are not recommended, use cleaning materials that are not hazardous to health or property and that will not damage exposed surfaces.

E. Exposed Surfaces in Finished Areas: Clean exposed surfaces and protect as necessary to ensure freedom from damage and deterioration at time of Substantial Completion.

F. Waste Disposal: Do not bury or burn waste materials on-site. Do not wash waste materials down sewers or into waterways.

G. During handling and installation, clean and protect construction in progress and adjoining materials already in place. Apply protective covering where required to ensure protection from damage or deterioration at Substantial Completion.

H. Clean completed construction as frequently as necessary through the remainder of the construction period.

3.6 STARTING AND ADJUSTING

A. Coordinate startup and adjusting of equipment and operating components with requirements in other Division 2 -16 Sections."

B. Start equipment and operating components to confirm proper operation. Remove malfunctioning units, replace with new units, and retest.

C. Adjust equipment for proper operation. Adjust operating components for proper operation without binding.

D. Test each piece of equipment to verify proper operation. Test and adjust controls and safeties. Replace damaged and malfunctioning controls and equipment.

E. Manufacturer's Field Service: Comply with qualification requirements in other Division 2-16 Sections.

3.7 PROTECTION OF INSTALLED CONSTRUCTION

A. Provide final protection and maintain conditions that ensure installed Work is without damage or deterioration at time of Substantial Completion.

B. Comply with manufacturer's written instructions for temperature and relative humidity.

3.8 CORRECTION OF THE WORK

A. Repair or remove and replace defective construction. Restore damaged substrates and finishes.

1. Repairing includes replacing defective parts, refinishing damaged surfaces, touching up with matching materials, and properly adjusting operating equipment.

B. Restore permanent facilities used during construction to their specified condition.

C. Remove and replace damaged surfaces that are exposed to view if surfaces cannot be repaired without visible evidence of repair.

D. Repair components that do not operate properly. Remove and replace operating components that cannot be repaired.

E. Re-grade and sod any disturbed grass areas.

3.9 ENVIRONMENTAL CONCERNS

1. Provide protection and conduct construction in ways that comply with environmental regulations and that minimize possible air, waterway, and subsoil contamination or pollution or other undesirable effects.

3.10 STORMWATER CONTROL AND DISCHARGE

1. Comply with City of Mobile and Alabama Department of Environmental Management requirements. Pay particular attention to Water Regulations and Allowable Discharges.

2. See City of Mobile Code, Chapter 17, Storm Water Management and Flood Control.

3. Obtain any necessary permits that may be required due to discharges.

END OF SECTION 01700

SECTION 01710
CLOSEOUT PROCEDURES

PART 1 - GENERAL

1.1 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and other Division 01 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section includes administrative and procedural requirements for contract closeout, including, but not limited to, the following:

1. Substantial Completion procedures.
2. Final completion procedures.
3. Warranties.
4. Final cleaning.
5. Repair of the Work.

1.3 ACTION SUBMITTALS

A. Product Data: For each type of cleaning agent.

B. Contractor's List of Incomplete Items: Initial submittal at Substantial Completion.

C. Certified List of Incomplete Items: Final submittal at final completion.

1.4 CLOSEOUT SUBMITTALS

A. Certificates of Release: From authorities having jurisdiction.

B. Certificate of Insurance: For continuing coverage.

1.5 MAINTENANCE MATERIAL SUBMITTALS

A. Schedule of Maintenance Material Items: For maintenance material submittal items specified in other Sections.

1.6 SUBSTANTIAL COMPLETION PROCEDURES

A. Contractor's List of Incomplete Items: Prepare and submit a list of items to be completed and corrected (Contractor's punch list), indicating the value of each item on the list and reasons why the Work is incomplete.

B. Submittals Prior to Substantial Completion: Complete the following a minimum of 10 days prior to requesting inspection for determining date of Substantial Completion. List items below that are incomplete at time of request.

1. Certificates of Release: Obtain and submit releases from authorities having jurisdiction permitting Owner unrestricted use of the Work and access to services and utilities. Include occupancy permits, operating certificates, and similar releases.
2. Submit closeout submittals specified in other Division 01 Sections, including project record documents, operation and maintenance manuals, damage or settlement surveys, property surveys, and similar final record information.
3. Submit closeout submittals specified in individual Sections, including specific warranties, workmanship bonds, maintenance service agreements, final certifications, and similar documents.
4. Submit maintenance material submittals specified in individual Sections, including tools, spare parts, extra materials, and similar items, and deliver to location designated by Engineer. Label with manufacturer's name and model number.

    a. Schedule of Maintenance Material Items: Prepare and submit schedule of maintenance material submittal items, including name and quantity of each item and name and number of related Specification Section. Obtain Engineer’s signature for receipt of submittals.

5. Submit testing, adjusting, and balancing records.
6. Submit sustainable design submittals not previously submitted.
7. Submit changeover information related to Owner's occupancy, use, operation, and maintenance.

C. Procedures Prior to Substantial Completion: Complete the following a minimum of 10 days prior to requesting inspection for determining date of Substantial Completion. List items below that are incomplete at time of request.

1. Advise Owner of pending insurance changeover requirements.
2. Make final changeover of permanent locks and deliver keys to Owner. Advise Owner's personnel of changeover in security provisions.
3. Complete startup and testing of systems and equipment.
4. Perform preventive maintenance on equipment used prior to Substantial Completion.
5. Instruct Owner's personnel in operation, adjustment, and maintenance of products, equipment, and systems.
6. Advise Owner of changeover in utility services.
7. Terminate and remove temporary facilities from Project site, along with mockups, construction tools, and similar elements.
8. Complete final cleaning requirements.

9. Touch up paint and otherwise repair and restore marred exposed finishes to eliminate visual defects.

D. Inspection: Submit a written request for inspection to determine Substantial Completion a minimum of 10 days prior to date the Work will be completed and ready for final inspection and tests. On receipt of request, Engineer will either proceed with inspection or notify Contractor of unfulfilled requirements. Engineer will prepare the Certificate of Substantial Completion after inspection or will notify Contractor of items, either on Contractor's list or additional items identified by Engineer, that must be completed or corrected before certificate will be issued.

1. Request reinspection when the Work identified in previous inspections as incomplete is completed or corrected.
2. Results of completed inspection will form the basis of requirements for final completion.

1.7 FINAL COMPLETION PROCEDURES

A. Submittals Prior to Final Completion: Before requesting final inspection for determining final completion, complete the following:

1. Certified List of Incomplete Items: Submit certified copy of Engineer's Substantial Completion inspection list of items to be completed or corrected (punch list), endorsed and dated by Engineer. Certified copy of the list shall state that each item has been completed or otherwise resolved for acceptance.
2. Certificate of Insurance: Submit evidence of final, continuing insurance coverage complying with insurance requirements.
3. Submit final completion photographic documentation.

B. Inspection: Submit a written request for final inspection to determine acceptance a minimum of 10 days prior to date the work will be completed and ready for final inspection and tests. On receipt of request, Engineer will either proceed with inspection or notify Contractor of unfulfilled requirements. Engineer will prepare a final Certificate for Payment after inspection or will notify Contractor of construction that must be completed or corrected before certificate will be issued.

1. Request reinspection when the Work identified in previous inspections as incomplete is completed or corrected.

1.8 LIST OF INCOMPLETE ITEMS (PUNCH LIST)

A. Organization of List: Include name and identification of each space and area affected by construction operations for incomplete items and items needing correction including, if necessary, areas disturbed by Contractor that are outside the limits of construction.
1. Organize items applying to each space by major element, including categories for ceiling, individual walls, floors, equipment, and building systems.
2. Include the following information at the top of each page:

a. Project name.
b. Date.

c. Name of Engineer.
d. Name of Contractor.
e. Page number.

3. Submit list of incomplete items in the following format:

a. MS Excel electronic file. Engineer will return annotated file.
b. PDF electronic file. Engineer will return annotated file.

1.9 SUBMITTAL OF PROJECT WARRANTIES

A. Time of Submittal: Submit written warranties on request of Engineer for designated portions of the Work where warranties are indicated to commence on dates other than date of Substantial Completion, or when delay in submittal of warranties might limit Owner's rights under warranty.

B. Organize warranty documents into an orderly sequence based on the table of contents of Project Manual.

C. Warranty Electronic File: Provide warranties and bonds in PDF format. Assemble complete warranty and bond submittal package into a single electronic PDF file with bookmarks enabling navigation to each item. Provide bookmarked table of contents at beginning of document.

D. Warranties in Paper Form:

1. Bind warranties and bonds in heavy-duty, three-ring, vinyl-covered, loose-leaf binders, thickness as necessary to accommodate contents, and sized to receive 8-1/2-by-11-inch paper.
2. Provide heavy paper dividers with plastic-covered tabs for each separate warranty. Mark tab to identify the product or installation. Provide a typed description of the product or installation, including the name of the product and the name, address, and telephone number of Installer.
3. Identify each binder on the front and spine with the typed or printed title "WARRANTIES," Project name, and name of Contractor.

E. Provide additional copies of each warranty to include in operation and maintenance manuals.

PART 2 - PRODUCTS

2.1 MATERIALS

A. Cleaning Agents: Use cleaning materials and agents recommended by manufacturer or fabricator of the surface to be cleaned. Do not use cleaning agents that are potentially hazardous to health or property or that might damage finished surfaces.

1. Use cleaning products that comply with Green Seal's GS-37, or if GS-37 is not applicable, use products that comply with the California Code of Regulations maximum allowable VOC levels.

PART 3 - EXECUTION

3.1 FINAL CLEANING

A. General: Perform final cleaning. Conduct cleaning and waste-removal operations to comply with local laws and ordinances and Federal and local environmental and antipollution regulations.

B. Cleaning: Employ experienced workers or professional cleaners for final cleaning. Clean each surface or unit to condition expected in an average commercial building cleaning and maintenance program. Comply with manufacturer's written instructions.

1. Complete the following cleaning operations before requesting inspection for certification of Substantial Completion for entire Project or for a designated portion of Project:

a. Clean Project site, and grounds, in areas disturbed by construction and delivery activities, of rubbish, waste material, litter, and other foreign substances.
b. Sweep paved areas broom clean. Remove petrochemical spills, stains, and other foreign deposits.
c. Remove tools, construction equipment, machinery, and surplus material from Project site.
d. Clean interior hard-surfaced finishes to a dirt-free condition, free of stains, films, and similar foreign substances. Avoid disturbing natural weathering of exterior surfaces. Restore reflective surfaces to their original condition.
e. Remove debris and surface dust from limited access spaces, including roofs, plenums, shafts, trenches, equipment vaults, manholes, attics, and similar spaces.
f. Sweep concrete floors broom clean in unoccupied spaces.
g. Vacuum carpet and similar soft surfaces, removing debris and excess nap; clean according to manufacturer's recommendations if visible soil or stains remain.
h. Clean transparent materials, including mirrors and glass in doors and windows. Remove glazing compounds and other noticeable, vision-obscuring materials. Polish mirrors and glass, taking care not to scratch surfaces.
i. Remove labels that are not permanent.
j. Wipe surfaces of mechanical and electrical equipment, and similar equipment. Remove excess lubrication, paint and mortar droppings, and other foreign substances.
k. Replace disposable air filters and clean permanent air filters. Clean exposed surfaces of diffusers, registers, and grills.
l. Clean ducts, blowers, and coils if units were operated without filters during construction or that display contamination with particulate matter on inspection.

m. Clean light fixtures, lamps, globes, and reflectors to function with full efficiency.
n. Leave Project clean and ready for occupancy.

3.2 REPAIR OF THE WORK

A. Complete repair and restoration operations before requesting inspection for determination of Substantial Completion.

B. Repair, or remove and replace, defective construction. Repairing includes replacing defective parts, refinishing damaged surfaces, touching up with matching materials, and properly adjusting operating equipment. Where damaged or worn items cannot be repaired or restored, provide replacements. Remove and replace operating components that cannot be repaired. Restore damaged construction and permanent facilities used during construction to specified condition.

1. Remove and replace chipped, scratched, and broken glass, reflective surfaces, and other damaged transparent materials.
2. Touch up and otherwise repair and restore marred or exposed finishes and surfaces. Replace finishes and surfaces that that already show evidence of repair or restoration.

    a. Do not paint over "UL" and other required labels and identification, including mechanical and electrical nameplates. Remove paint applied to required labels and identification.

3. Replace parts subject to operating conditions during construction that may impede operation or reduce longevity.
4. Replace burned-out bulbs, bulbs noticeably dimmed by hours of use, and defective and noisy starters in fluorescent and mercury vapor fixtures to comply with requirements for new fixtures.

END OF SECTION

SECTION 01731
CUTTING AND PATCHING

PART 1 - GENERAL

1.1 SUMMARY

A. This section includes procedural requirements for cutting and patching.

B. Definition: Cutting and patching includes cutting into existing construction to provide for the installation or performance of other work and subsequent fitting and repair required to restore surfaces to their original condition.

C. Operational Limitations: Do not cut and patch operating elements, safety related systems, or related components in a manner that would result in reducing their capacity to perform as intended. Do not cut and patch operating elements, safety related systems or related components in a manner that would result in increased maintenance or decreased operational life or safety.

PART 2 - PRODUCTS

2.1 MATERIALS

A. Use materials identical to existing materials to the maximum extent available.

B. For exposed surfaces, use materials that visually match existing adjacent surfaces to the fullest extent possible.

C. Use materials whose installed performance will equal or surpass that of existing materials.

PART 3 - EXECUTION

3.1 INSPECTION

A. Before cutting, examine surfaces to be cut and patched and conditions under which cutting and patching is to be performed. If unsafe or unsatisfactory conditions are encountered, take corrective action before proceeding.

B. Before proceeding with cutting and patching involving two or more trades, meet at the Project site with the entities providing or affected by the cutting and patching. Review areas of potential interference and conflict. Coordinate procedures and resolve potential conflicts before proceeding.

3.2 PREPARATION

A. Provide temporary support of work to be cut.

B. Protect existing conditions during cutting and patching to prevent damage.

C. Bypass in-service existing pipe, conduit, or ductwork scheduled to be removed or relocated before cutting.

3.3 PERFORMANCE

A. Employ skilled workmen to perform cutting and patching. Proceed with cutting and patching at the earliest feasible time and complete without delay.

B. Cutting: Cut existing construction using methods least likely to damage elements retained and adjoining construction. Where possible, review proposed procedures with the original installer and comply with the original installer's recommendations.

1. In general, use hand or small power tools designed for sawing or grinding, not for hammering and chopping.
2. Cut through concrete and masonry using a cutting machine, such as a Carborundum saw or a diamond-core drill.

C. Patching: Patch with durable seams that are as invisible as possible. Comply with specified tolerances.

1. Where feasible, inspect and test patched areas to demonstrate integrity of the installation.
2. Restore exposed finishes of patched areas and extend finish restoration into adjoining construction in a manner that will eliminate evidence of patching and refinishing.

3.4 CLEANING

A. Clean areas and spaces where cutting and patching are performed. Completely remove paint, mortar, oils, putty, and similar items.

END OF SECTION

SECTION 017823
OPERATION AND MAINTENANCE DATA

PART 1 - GENERAL

1.1 SUMMARY

A. This Section includes administrative and procedural requirements for preparing operation and maintenance manuals, including the following:
   1. Operation manuals for systems, subsystems, and equipment.
   2. Maintenance manuals for the care and maintenance of products, materials, and finishes, systems and equipment.

B. See Divisions 01 through 16 Sections for specific operation and maintenance manual requirements for the Work in those Sections.

1.2 SUBMITTALS

A. Manual: Submit two copies of each manual in final form at least 15 days before final inspection. Architect will return copy with comments within 10 days after final inspection.

   1. Correct or modify each manual to comply with Architect's comments. Submit **2** copies of each corrected manual within 10 days of receipt of Architect's comments.

   2. Provide PDF copies on 2 discs. Submit with the corrected manual.

PART 2 - PRODUCTS

2.1 MANUALS, GENERAL

A. Organization: Unless otherwise indicated, organize each manual into a separate section for each system and subsystem, and a separate section for each piece of equipment not part of a system. Each manual shall contain a title page, table of contents, and manual contents.

B. Title Page: Enclose title page in transparent plastic sleeve. Include the following information:

   1. Subject matter included in manual.
   2. Name and address of Project.
   3. Name and address of Owner.
   4. Date of submittal.
   5. Name, address, and telephone number of Contractor.

6. Name and address of Architect and Engineer.
7. Cross-reference to related systems in other operation and maintenance manuals.

C. Table of Contents: List each product included in manual, identified by product name, indexed to the content of the volume, and cross-referenced to Specification Section number in Project Manual.

D. Manual Contents: Organize into sets of manageable size. Arrange contents alphabetically by system, subsystem, and equipment. If possible, assemble instructions for subsystems, equipment, and components of one system into a single binder.

1. Binders: Heavy-duty, 3-ring, vinyl-covered, loose-leaf binders, in thickness necessary to accommodate contents, sized to hold 8-1/2-by-11-inch (215-by-280-mm) paper; with clear plastic sleeve on spine to hold label describing contents and with pockets inside covers to hold folded oversize sheets.

    a. Identify each binder on front and spine, with printed title "OPERATION AND MAINTENANCE MANUAL," Project title or name, and subject matter of contents. Indicate volume number for multiple-volume sets.

2. Dividers: Heavy-paper dividers with plastic-covered tabs for each section. Mark each tab to indicate contents. Include typed list of products and major components of equipment included in the section on each divider, cross-referenced to Specification Section number and title of Project Manual.
3. Protective Plastic Sleeves: Transparent plastic sleeves designed to enclose diagnostic software diskettes for computerized electronic equipment.
4. Drawings: Attach reinforced, punched binder tabs on drawings and bind with text.

    a. If oversize drawings are necessary, fold drawings to same size as text pages and use as foldouts.
    b. If drawings are too large to be used as foldouts, fold and place drawings in labeled envelopes and bind envelopes in rear of manual. At appropriate locations in manual, insert typewritten pages indicating drawing titles, descriptions of contents, and drawing locations.

2.2 OPERATION MANUALS

A. Content: In addition to requirements in this Section, include operation data required in individual Specification Sections and equipment descriptions, operating standards, operating procedures, operating logs, wiring and control diagrams, and license requirements.

B. Descriptions: Include the following:

1. Product name and model number.
2. Manufacturer's name.
3. Equipment identification with serial number of each component.

4. Equipment function.
5. Operating characteristics.
6. Limiting conditions.
7. Performance curves.
8. Engineering data and tests.
9. Complete nomenclature and number of replacement parts.

C. Operating Procedures: Include start-up, break-in, and control procedures; stopping and normal shutdown instructions; routine, normal, seasonal, and weekend operating instructions; and required sequences for electric or electronic systems.

D. Systems and Equipment Controls: Describe the sequence of operation, and diagram controls as installed.

E. Piped Systems: Diagram piping as installed, and identify color-coding where required for identification.

2.3 PRODUCT MAINTENANCE MANUAL

A. Content: Organize manual into a separate section for each product, material, and finish. Include source information, product information, maintenance procedures, repair materials and sources, and warranties and bonds, as described below.

B. Source Information: List each product included in manual, identified by product name and arranged to match manual's table of contents. For each product, list name, address, and telephone number of Installer or supplier and maintenance service agent, and cross-reference Specification Section number and title in Project Manual.

C. Product Information: Include the following, as applicable:

1. Product name and model number.
2. Manufacturer's name.
3. Color, pattern, and texture.
4. Material and chemical composition.
5. Reordering information for specially manufactured products.

D. Maintenance Procedures: Include manufacturer's written recommendations and inspection procedures, types of cleaning agents, methods of cleaning, schedule for cleaning and maintenance, and repair instructions.

E. Repair Materials and Sources: Include lists of materials and local sources of materials and related services.

F. Warranties and Bonds: Include copies of warranties and bonds and lists of circumstances and conditions that would affect validity of warranties or bonds.

2.4 SYSTEMS AND EQUIPMENT MAINTENANCE MANUAL

A. Content: For each system, subsystem, and piece of equipment not part of a system, include source information, manufacturers' maintenance documentation, maintenance procedures, maintenance and service schedules, spare parts list and source information, maintenance service contracts, and warranty and bond information, as described below.

B. Source Information: List each system, subsystem, and piece of equipment included in manual, identified by product name and arranged to match manual's table of contents. For each product, list name, address, and telephone number of Installer or supplier and maintenance service agent, and cross-reference Specification Section number and title in Project Manual.

C. Manufacturers' Maintenance Documentation: Manufacturers' maintenance documentation including maintenance instructions, drawings and diagrams for maintenance, nomenclature of parts and components, and recommended spare parts for each component part or piece of equipment:

D. Maintenance Procedures: Include test and inspection instructions, troubleshooting guide, disassembly instructions, and adjusting instructions, and demonstration and training videotape if available, that detail essential maintenance procedures.

E. Submit demonstration and training video for all lighting control systems.

F. Maintenance and Service Schedules: Include service and lubrication requirements, list of required lubricants for equipment, and separate schedules for preventive and routine maintenance and service with standard time allotment.

G. Spare Parts List and Source Information: Include lists of replacement and repair parts, with parts identified and cross-referenced to manufacturers' maintenance documentation and local sources of maintenance materials and related services.

H. Maintenance Service Contracts: Include copies of maintenance agreements with name and telephone number of service agent.

I. Warranties and Bonds: Include copies of warranties and bonds and lists of circumstances and conditions that would affect validity of warranties or bonds.

PART 3 - EXECUTION

3.1 MANUAL PREPARATION

A. Product Maintenance Manual: Assemble a complete set of maintenance data indicating care and maintenance of each product, material, and finish incorporated into the Work.

B. Operation and Maintenance Manuals: Assemble a complete set of operation and maintenance data indicating operation and maintenance of each system, subsystem, and piece of equipment not part of a system.

C. Manufacturers' Data: Where manuals contain manufacturers' standard printed data, include only sheets pertinent to product or component installed. Mark each sheet to identify each product or component incorporated into the Work. If data include more than one item in a tabular format, identify each item using appropriate references from the Contract Documents. Identify data applicable to the Work and delete references to information not applicable.

D. Drawings: Prepare drawings supplementing manufacturers' printed data to illustrate the relationship of component parts of equipment and systems and to illustrate control sequence and flow diagrams. Coordinate these drawings with information contained in Record Drawings to ensure correct illustration of completed installation.

   1. Do not use original Project Record Documents as part of operation and maintenance manuals.

E. Comply with Division 01 Section "Closeout Procedures" for schedule for submitting operation and maintenance documentation.

END OF SECTION 017823

SECTION 017839
PROJECT RECORD DOCUMENTS

PART 1 - GENERAL

1.1 SUMMARY

A. This Section includes administrative and procedural requirements for Project Record Documents, including the following:

1. Record Drawings.
2. Record Specifications.
3. Record Product Data.

B. See Division 01 Section "Operation and Maintenance Data" for operation and maintenance manual requirements.

C. See Divisions 01 through 16 Sections for specific requirements for Project Record Documents of the Work in those Sections.

1.2 SUBMITTALS

A. Record Drawings: Comply with the following:

1. Number of Copies: Submit copies of Record Drawings as follows:
   a. Final Submittal: Submit two sets of marked-up Record Prints, showing all dimensional locations, materials changes, any changes via addendum or change order. Pay particular attention to noting underground utilities.

B. Record Specifications: Submit two copies of Project's Specifications, including addenda and contract modifications.

C. Record Product Data: Submit two copies of each Product Data submittal.

D. Submit PDF’s of Record Drawings, Record Specifications, Record Change Orders, Requests for Proposal, Documentation of use of Allowances, Product and Contractor’s Warrantees, Product Test Reports, Final Surveys, Record Product Data, etc on 2 discs.

PART 2 - PRODUCTS

2.1 RECORD DRAWINGS

A. Record Prints: Maintain one set of blue- or black-line white prints of the Contract Drawings and Shop Drawings.

1. Preparation: Mark Record Prints to show the actual installation where installation varies from that shown originally. Require individual or entity who obtained record data, whether individual or entity is Installer, subcontractor, or similar entity, to prepare the marked-up Record Prints.

    a. Give particular attention to information on concealed elements that would be difficult to identify or measure and record later.
    b. Record data as soon as possible after obtaining it. Record and check the markup before enclosing concealed installations.

2. Mark the Contract Drawings or Shop Drawings, whichever is most capable of showing actual physical conditions, completely and accurately. If Shop Drawings are marked, show cross-reference on the Contract Drawings.
3. Mark record sets with erasable, red-colored pencil. Use other colors to distinguish between changes for different categories of the Work at same location.
4. Note Construction Change Directive numbers, alternate numbers, Change Order numbers, and similar identification, where applicable.

B. Format: Identify and date each Record Drawing; include the designation "PROJECT RECORD DRAWING" in a prominent location.

1. Record Prints: Organize Record Prints and newly prepared Record Drawings into manageable sets. Bind each set with durable paper cover sheets. Include identification on cover sheets.
2. Record Transparencies: Organize into unbound sets matching Record Prints. Place transparencies in durable tube-type drawing containers with end caps. Mark end cap of each container with identification. If container does not include a complete set, identify Drawings included.
3. Record CAD Drawings: Organize CAD information into separate electronic files that correspond to each sheet of the Contract Drawings. Name each file with the sheet identification. Include identification in each CAD file.
4. Identification: As follows:

    a. Project name.
    b. Date.
    c. Designation "PROJECT RECORD DRAWINGS."
    d. Name of Architect and Engineer.
    e. Name of Contractor.

2.2 RECORD SPECIFICATIONS

A. Preparation: Mark Specifications to indicate the actual product installation where installation varies from that indicated in Specifications, addenda, and contract modifications.

1. Give particular attention to information on concealed products and installations that cannot be readily identified and recorded later.
2. Mark copy with the proprietary name and model number of products, materials, and equipment furnished, including substitutions and product options selected.

3. Record the name of manufacturer, supplier, Installer, and other information necessary to provide a record of selections made.
4. Note related Change Orders, Record Product Data, and Record Drawings where applicable.

2.3 RECORD PRODUCT DATA

A. Preparation: Mark Product Data to indicate the actual product installation where installation varies substantially from that indicated in Product Data submittal.

1. Give particular attention to information on concealed products and installations that cannot be readily identified and recorded later.
2. Include significant changes in the product delivered to Project site and changes in manufacturer's written instructions for installation.
3. Note related Change Orders, Record Specifications, and Record Drawings where applicable.

2.4 MISCELLANEOUS RECORD SUBMITTALS

A. Assemble miscellaneous records required by other Specification Sections for miscellaneous record keeping and submittal in connection with actual performance of the Work. Bind or file miscellaneous records and identify each, ready for continued use and reference.

B. Completed Test Reports.

PART 3 - EXECUTION

3.1 RECORDING AND MAINTENANCE

A. Recording: Maintain one copy of each submittal during the construction period for Project Record Document purposes. Post changes and modifications to Project Record Documents as they occur; do not wait until the end of Project.

B. Maintenance of Record Documents and Samples: Store Record Documents and Samples in the field office apart from the Contract Documents used for construction. Do not use Project Record Documents for construction purposes. Maintain Record Documents in good order and in a clean, dry, legible condition, protected from deterioration and loss. Provide access to Project Record Documents for Architect's reference during normal working hours.

END OF SECTION 017839

SECTION 02400 DEMOLITION AND STRUCTURE MOVING

PART 1 - GENERAL

1.01 SUMMARY

A. Extent of demolition Work is indicated on Drawings. Demolition requires selective removal and subsequent offsite disposal.

B. Types of Demolition Work include, but are not limited to the following items:
   1. Interior non-loadbearing masonry walls as indicated on Drawings and as required to accommodate new construction.
   2. Relocate interior door openings within interior non-loadbearing masonry walls as indicated on Drawings and as required to accommodate new construction.
   3. Exterior windows as indicated on Drawings and as required to accommodate new construction.
   4. Existing Mechanical, Electrical and Plumbing fixtures as indicated on Drawings and as required to accommodate new construction.

1.02 MATERIALS OWNERSHIP

A. Unless otherwise indicated, demolition waste becomes property of Contractor.

B. Historic items, relics, antiques, and similar objects including, but not limited to, cornerstones and their contents, commemorative plaques and tablets, and other items of interest or value to Owner that may be uncovered during demolition remain the property of Owner.
   1. Carefully salvage in a manner to prevent damage and promptly return to Owner.

1.03 INFORMATIONAL SUBMITTALS

A. Proposed Protection Measures: Submit informational report, including drawings, that indicates the measures proposed for protecting individuals and property. Indicate proposed locations and construction of barriers.
   1. Adjacent Buildings: Detail special measures proposed to protect adjacent buildings to remain.

B. Schedule of building demolition with starting and ending dates for each activity.

C. Inventory of items to be removed and salvaged.

D. Predemolition photographs or video.

E. Statement of Refrigerant Recovery: Signed by refrigerant recovery technician.

1.04 QUALITY ASSURANCE

A. Predemolition Conference: Conduct conference at Project site, unless noted otherwise.

1.05 PROJECT CONDITIONS

A. Building to be demolished will be vacated and their use discontinued before start of the Work.

B. Pavilions, tennis courts and parking lot immediately adjacent to project building will be open to the public during construction. Conduct demolition work so operations of occupied facilities and the use of the parking lot will not be disrupted.
1. Provide not less than 72 hours' notice of activities that will affect operations of adjacent occupied buildings.

2. Maintain access to existing walkways, exits, and other facilities used by occupants of adjacent buildings.

a. Do not close or obstruct walkways, exits, or other facilities used by occupants of adjacent buildings without written permission from authorities having jurisdiction.

C. Owner assumes no responsibility for buildings and structures to be demolished.
1. Conditions existing at time of inspection for bidding purpose will be maintained by Owner as far as practical.

D. Hazardous Materials: It is not expected that hazardous materials will be encountered in the Work.
1. Hazardous materials will be removed by Owner before start of the Work.

2. If materials suspected of containing hazardous materials are encountered, do not disturb; immediately notify the Architect. Hazardous materials will be removed by Owner under a separate contract.

E. On-site storage or sale of removed items or materials is not permitted.

PART 2 - PRODUCTS

2.01 PERFORMANCE REQUIREMENTS

A. Regulatory Requirements: Comply with governing EPA notification regulations before beginning demolition. Comply with hauling and disposal regulations of authorities having jurisdiction.

B. Standards: Comply with ASSE A10.6 and NFPA 241.

PART 3 - EXECUTION

3.01 EXAMINATION

A. Verify that utilities have been disconnected and capped before starting demolition operations.

B. Inventory and record the condition of items to be removed and salvaged.

3.02 PREPARATION

A. Existing Utilities: Locate, identify, disconnect, and seal or cap off indicated utilities serving the fixtures or structures to be demolished.
   1. Owner will arrange to shut off indicated utilities when requested by Contractor.

   2. If removal, relocation, or abandonment of utility services will affect adjacent occupied buildings, then provide temporary utilities that bypass buildings and structures to be demolished and that maintain continuity of service to other buildings and structures.

   3. Cut off pipe or conduit a minimum of 24 inches below grade. Cap, valve, or plug and seal remaining portion of pipe or conduit after bypassing according to requirements of authorities having jurisdiction.

   4. Do not start demolition work until utility disconnecting and sealing have been completed.

B. Salvaged Items:
   1. Clean salvaged items of dirt and demolition debris.

   2. Pack or crate items after cleaning. Identify contents of containers.

   3. Store items in a secure area until delivery to Owner.

   4. Transport items to storage area indicated on Drawings.

   5. Protect items from damage during transport and storage.

3.03 PROTECTION

A. Existing Facilities: Protect adjacent walkways, pavilions, tennis courts, fencing, posts & railings, and other building facilities during demolition operations. Maintain exits from existing buildings.

B. Existing Utilities: Maintain utility services to remain and protect from damage during demolition operations. Do not interrupt existing utilities serving adjacent occupied or operating facilities unless authorized in writing by Owner and authorities having jurisdiction.

C. Temporary Protection: Erect temporary protection, such as walks, fences, railings, canopies, and covered passageways, where required by authorities having jurisdiction and as indicated
   1. Protect adjacent buildings and facilities from damage due to demolition activities.

   2. Protect existing site improvements, appurtenances, and landscaping to remain.

   3. Erect a plainly visible fence around drip line of individual trees or around perimeter drip line of groups of trees to remain.

   4. Provide temporary barricades and other protection required to prevent injury to people and damage to adjacent buildings and facilities to remain.

5. Provide protection to ensure safe passage of people around building demolition area and to and from occupied portions of adjacent buildings and structures.

6. Protect walls, windows, roofs, and other adjacent exterior construction that are to remain and that are exposed to building demolition operations.

7. Erect and maintain dustproof partitions and temporary enclosures to limit dust, noise, and dirt migration to occupied portions of adjacent buildings.

D. Remove temporary barriers and protections where hazards no longer exist. Where open excavations or other hazardous conditions remain, leave temporary barriers and protections in place.

3.04 DEMOLITION

A. General: Demolish indicated portions of the existing building as shown in the drawings completely. Use methods required to complete the Work within limitations of governing regulations.
1. Do not use cutting torches until work area is cleared of flammable materials. Maintain portable fire-suppression devices during flame-cutting operations.

2. Maintain fire watch during and for at least 8 hours after flame cutting operations.

3. Maintain adequate ventilation when using cutting torches.

4. Locate building demolition equipment and remove debris and materials so as not to impose excessive loads on supporting walls, floors, or framing.

B. Site Access and Temporary Controls: Conduct building demolition and debris-removal operations to ensure minimum interference with roads, streets, walks, walkways, and other adjacent occupied and used facilities.

C. Explosives: Use of explosives is not permitted.

D. Proceed with demolition of structural framing members systematically, from higher to lower level. Complete building demolition operations above each floor or tier before disturbing supporting members on the next lower level.

E. Remove debris from elevated portions of the building by chute, hoist, or other device that will convey debris to grade level in a controlled descent.

F. Below-Grade Areas: Completely fill below-grade areas and voids resulting from building demolition operations with satisfactory soil materials.

G. Site Grading: Uniformly rough grade area of demolished construction to a smooth surface, free from irregular surface changes. Provide a smooth transition between adjacent existing grades and new grades.

H. Promptly repair damage to adjacent components of the existing building caused by demolition operations.

3.05 CLEANING

A. Remove demolition waste materials from Project site and legally dispose of them in an EPA-approved landfill acceptable to authorities having jurisdiction. Do not burn demolished materials.

B. Clean adjacent structures and improvements of dust, dirt, and debris caused by building demolition operations. Return adjacent areas to condition existing before building demolition operations began.

END OF SECTION

SECTION 06100 ROUGH CARPENTRY

PART 1 - GENERAL

1.01 SUMMARY

Section Includes:

1. Framing with dimension lumber
Wood blocking and nailers.
Wood sleepers.
Plywood backing panels.
Exposed plywood.

1.02 DEFINITIONS

A. Dimension Lumber: Lumber of 2 inches nominal or greater but less than 5 inches nominal in least dimension.

B. Lumber grading agencies, and the abbreviations used to reference them, include the following:

1. SPIB: The Southern Pine Inspection Bureau.
2. WWPA: Western Wood Products Association.

1.03 ACTION SUBMITTALS

A. Product Data: For each type of process and factory-fabricated product. Indicate component materials and dimensions and include construction and application details.

1. Include data for wood-preservative treatment from chemical treatment manufacturer and certification by treating plant that treated materials comply with requirements. Indicate type of preservative used and net amount of preservative retained.
2. For products receiving a waterborne treatment, include statement that moisture content of treated materials was reduced to levels specified before shipment to Project site.
3. Include copies of warranties from chemical treatment manufacturers for each type of treatment.

1.04 INFORMATIONAL SUBMITTALS

A. Material Certificates: For dimension lumber specified to comply with minimum allowable unit stresses. Indicate species and grade selected for each use and design values approved by the ALSC Board of Review.

B. Evaluation Reports: For the following, from ICC-ES:

1. Wood-preservative-treated wood.
2. Shear panels.
3. Power-driven fasteners.

4. Powder-actuated fasteners.
5. Expansion anchors.

1.05 QUALITY ASSURANCE

A. Testing Agency Qualifications: For testing agency providing classification marking for fire-retardant treated material, an inspection agency acceptable to authorities having jurisdiction that periodically performs inspections to verify that the material bearing the classification marking is representative of the material tested.

1.06 DELIVERY, STORAGE, AND HANDLING

A. Stack lumber flat with spacers beneath and between each bundle to provide air circulation. Protect lumber from weather by covering with waterproof sheeting, securely anchored. Provide for air circulation around stacks and under coverings.

PART 2 - PRODUCTS

2.01 WOOD PRODUCTS, GENERAL

A. Lumber: DOC PS 20 and applicable rules of grading agencies indicated. If no grading agency is indicated, provide lumber that complies with the applicable rules of any rules-writing agency certified by the ALSC Board of Review. Provide lumber graded by an agency certified by the ALSC Board of Review to inspect and grade lumber under the rules indicated.

1. Factory mark each piece of lumber with grade stamp of grading agency.
2. Where nominal sizes are indicated, provide actual sizes required by DOC PS 20 for moisture content specified. Where actual sizes are indicated, they are minimum dressed sizes for dry lumber.
3. Comply with structural notes as indicated on Drawings.

B. Maximum Moisture Content of Lumber: 15 percent for 2-inch nominal thickness or less, 19 percent for more than 2-inch nominal thickness unless otherwise indicated.

2.02 WOOD-PRESERVATIVE-TREATED LUMBER

A. Preservative Treatment by Pressure Process: AWPA U1; Use Category UC2 for interior construction not in contact with the ground, Use Category UC3b for exterior construction not in contact with the ground, and Use Category UC4a for items in contact with the ground.

1. Preservative Chemicals: Acceptable to authorities having jurisdiction and containing no arsenic or chromium.

B. Kiln-dry lumber after treatment to a maximum moisture content of 19 percent. Do not use material that is warped or that does not comply with requirements for untreated material.

C. Mark lumber with treatment quality mark of an inspection agency approved by the ALSC Board of Review.

D. Application: Treat all rough carpentry unless otherwise indicated.

2.03 MISCELLANEOUS LUMBER

A. General: Provide miscellaneous lumber indicated and lumber for support or attachment of other construction, including the following:

1. Blocking.
2. Nailers.

B. For items of dimension lumber size, provide Construction or No. 2 grade lumber and any of the following species:

1. Mixed southern pine; SPIB.
2. Spruce-pine-fir (south); NeLMA, WCLIB, or WWPA.

C. For concealed boards, provide lumber with 15 percent maximum moisture content and any of the following species and grades:

1. Mixed southern pine; No. 2 grade; SPIB.
2. Western woods; Construction or No. 2 Common grade; WCLIB or WWPA.

D. For blocking not used for attachment of other construction, Utility, Stud, or No. 3 grade lumber of any species may be used provided that it is cut and selected to eliminate defects that will interfere with its attachment and purpose.

E. For blocking and nailers used for attachment of other construction, select and cut lumber to eliminate knots and other defects that will interfere with attachment of other work.

2.04 PLYWOOD BACKING PANELS

A. Equipment Backing Panels: DOC PS 1, Exterior, AC fire-retardant treated, in thickness indicated or, if not indicated, not less than 3/4-inch nominal thickness.

2.05 EXPOSED PLYWOOD

A. Where plywood will be exposed to view, provide 1/2 inch unless otherwise specified or shown on Drawings. Unless specifically stated otherwise, all exposed plywood shall be painted or stained from standard colors as selected by Architect.

2.08 FASTENERS

A. General: Provide fasteners of size and type indicated that comply with requirements specified in this article for material and manufacture.

1. Where rough carpentry is exposed to weather, in ground contact, pressure-preservative treated, or in area of high relative humidity, provide fasteners of Type 304 stainless steel.

B. Power-Driven Fasteners: NES NER-272.

1. Expansion Anchors: Anchor bolt and sleeve assembly of material indicated below with capability to sustain, without failure, a load equal to six times the load imposed

when installed in unit masonry assemblies and equal to four times the load imposed when installed in concrete as determined by testing per ASTM E 488 conducted by a qualified independent testing and inspecting agency.

2. Material: Stainless steel with bolts and nuts complying with ASTM F 593 and ASTM F 594, Alloy Group 1 or 2.

C. Stainless-Steel Sheet: ASTM A 666, Type 304.

1. Use for exterior locations and where indicated.

PART 2 - EXECUTION

3.01 INSTALLATION, GENERAL

A. Set rough carpentry to required levels and lines, with members plumb, true to line, cut, and fitted. Fit rough carpentry to other construction; scribe and cope as needed for accurate fit. Locate nailers, blocking, grounds, and similar supports to comply with requirements for attaching other construction.

B. Install plywood backing panels by fastening to CMU; coordinate locations with utilities requiring backing panels. Install fire-retardant treated plywood backing panels with classification marking of testing agency exposed to view.

C. Do not splice structural members between supports unless otherwise indicated.

D. Sort and select lumber so that natural characteristics will not interfere with installation or with fastening other materials to lumber. Do not use materials with defects that interfere with function of member or pieces that are too small to use with minimum number of joints or optimum joint arrangement. Comply with structural notes as indicated on Drawings.

E. Comply with AWPA M4 for applying field treatment to cut surfaces of preservative-treated lumber.

1. Use inorganic boron for items that are continuously protected from liquid water.
2. Use copper naphthenate for items not continuously protected from liquid water.

F. Securely attach rough carpentry work to substrate by anchoring and fastening as indicated, complying with the following:

1. NES NER-272 for power-driven fasteners.
2. Table 2304.9.1, "Fastening Schedule," in ICC's International Building Code.

3.02 WOOD SLEEPER, BLOCKING, AND NAILER INSTALLATION

A. Install where indicated and where required for attaching other work. Form to shapes indicated and cut as required for true line and level of attached work. Coordinate locations with other work involved.

B. Attach items to substrates to support applied loading. Recess bolts and nuts flush with surfaces unless otherwise indicated.

C. Where wood-preservative-treated lumber is installed adjacent to metal decking, install

continuous flexible flashing separator between wood and metal decking.

3.04 PROTECTION

A. Protect wood that has been treated with inorganic boron (SBX) from weather. If, despite protection, inorganic boron-treated wood becomes wet, apply EPA-registered borate treatment. Apply borate solution by spraying to comply with EPA-registered label.

B. Protect rough carpentry from weather. If, despite protection, rough carpentry becomes wet or sufficiently wet that moisture content exceeds that specified, apply EPA-registered borate treatment. Apply borate solution by spraying to comply with EPA-registered label.

END OF SECTION

SECTION 07260 VAPOR RETARDERS

PART 1 - GENERAL

1.01 SUMMARY

Section Includes:

1. Vapor retarder under concrete floor slab.
2. Concrete curing paper on top of freshly poured concrete floor slab.
3. Floor protection paper used for positive protection of finished floors.

1.02 ACTION SUBMITTALS

Product Data: Manufacturer's technical product data, installation instructions and recommendations for products specified.

PART 2 - PRODUCTS

2.01 ACCEPTABLE MANUFACTURERS

Drawings and specifications are based on products manufactured by Fortifiber Corporation, 300 Industrial Drive, Fernley, NV 89408. Tel. (800) 773-4777.

Equivalent products by the following manufacturers are acceptable:

1. Grace Construction Products, Cambridge, Ma. Tel: (800) 444-6459.
2. Griffolyn ® Division, Reef Industries, Inc., Houston, TX. Tel: (800) 231-6074.
3. Stego Industries LLC, San Juan Capistrano, CA. Tel: (877) 464-7834.
4. Or Approved Equal.

Substitutions that fully meet or exceed the specified requirements may be considered under provisions of Section 01635 - Substitution Procedures

2.02 VAPOR RETARDER

Membrane shall be a 15 mil polyolefin film meeting ASTM E-1745-97 Class A Test Method, equal to Fortifiber Corporation, Moistop® Ultra™ 15, including Moistop® tape and sealants with the following characteristics:

1. Moisture Vapor Permeance: ASTM E-154, Section 7 (E-96, Method A) = .01Perms.
2. Dry Tensile Strength: ASTM D-882 = (80 lb f/in min)-MD & (78 lbf/in min.) CD.
3. Puncture Resistance: ASTM D-1709, Method B = 4,900 Grams.

2.03 CONCRETE CURING PAPER

Laminated tri directional glass fiber reinforced long fibered kraft curing papers with double coating of high-melting-point asphalt, meeting ASTM C-171 Test Method, equal to "Orange Label Sisalkraft®".

2.04 FLOOR PROTECTION PAPER

Non-staining reinforced floor protection paper consisting of two heavy kraft sheets and glass reinforcing fibers laminated with a non-staining adhesive, meeting ASTM D 828

and ASTM D 781 Test Methods, equal to “Seekure®”.

PART 3 - EXECUTION

3.01 PREPARATION

Ensure items that pass through building paper / membrane are properly and rigidly installed, substrate is free of projections and irregularities that may be detrimental to proper installation of building paper / membrane.

3.02 INSTALLATION

Vapor Retarder:

1. Unroll underslab vapor retarder over thoroughly compacted subgrade and turn down to cover the bottom of footings and grade beams.
2. Seal joints watertight, with a pressure sensitive tape as recommended by manufacturer, allowing a minimum overlap of 6 inches.
3. Apply tape evenly over seams and rub out wrinkles formed during application.
4. Seal pipes and conduits passing through the membrane with Moistop boot and tape.
5. Inspect membrane thoroughly and repair all punctures immediately before placing concrete. Equipment, tools, and procedures that might puncture the membrane shall not be used while placing and finishing the concrete.
6. Comply with manufacturer’s recommendations and installation procedures as outlined in ASTM E-1643.

Curing Paper:

7. Unroll concrete curing paper over the entire surface once the concrete has set sufficiently hard to permit application without marring the surface.
8. Lap joints 4 inches and seal with pressure sensitive tape.
9. Apply tape evenly over seams and rub out wrinkles formed during application.
10. Ensure that all tears or penetrations are repaired.

Floor Protection Paper:

11. Apply floor protection paper immediately after floor covering is installed.
12. Do not remove until final completion and acceptance by the Project Engineer.
13. Lay paper in widest practical width with 6-inch laps to provide complete coverage of flooring.
14. Seal joints with minimum 2 inch wide pressure sensitive tape.

3.03 CLEANING

Inspect vapor barrier membrane thoroughly and keep clean. Remove dirt, oils, mud, debris, etc. prior to placing concrete.

END OF SECTION

SECTION 07920 JOINT SEALANTS

PART 1 - GENERAL

1.01 SUMMARY

A. Section Includes:

1. Furnishing and installation of sealants.

1.02 ACTION SUBMITTALS

A. Product Data: For each joint-sealant product indicated.

B. Samples for Initial Selection: Manufacturer's color charts consisting of strips of cured sealants showing the full range of colors available for each product exposed to view.

C. Samples for Verification: For each kind and color of joint sealant required, provide Samples with joint sealants in 1/2-inch- wide joints formed between two 6-inch- long strips of material matching the appearance of exposed surfaces adjacent to joint sealants.

D. Joint-Sealant Schedule: Include the following information:

1. Joint-sealant application, joint location, and designation.
2. Joint-sealant manufacturer and product name.
3. Joint-sealant formulation.
4. Joint-sealant color.

1.03 INFORMATIONAL SUBMITTALS

A. Product Certificates: For each kind of joint sealant and accessory, from manufacturer.

B. Product Test Reports: Based on evaluation of comprehensive tests performed by a qualified testing agency, indicating that sealants comply with requirements.

C. Field-Adhesion Test Reports: For each sealant application tested.

1.04 QUALITY ASSURANCE

A. Installer Qualifications: Manufacturer's authorized representative who is trained and approved by the Manufacturer for installation of units required for this Project.

B. Source Limitations: For each Joint-Sealant Application listed in PART 3 obtain each kind of joint sealant from single source from single manufacturer.

1.05 PROJECT CONDITIONS

A. Do not proceed with installation of joint sealants under the following conditions:

1. When ambient and substrate temperature conditions are outside limits permitted by joint-sealant manufacturer or are below 40 deg F (5 deg C).
2. When joint substrates are wet.
3. Where joint widths are less than those allowed by joint-sealant manufacturer for applications indicated.
4. Where contaminants capable of interfering with adhesion have not yet been removed from joint substrates.

PART 2 - PRODUCTS

2.01 MATERIALS, GENERAL

A. Compatibility: Provide joint sealants, backings, and other related materials that are compatible with one another and with joint substrates under conditions of service and application, as demonstrated by joint-sealant manufacturer, based on testing and field experience.

B. Joint Sealants:

1. Products: Subject to compliance with requirements, provide one of the products listed.
2. Manufacturers: Where no product is listed, subject to compliance with requirements, provide products from one of the following manufacturers:
   a. BSAF
   b. Dow
   c. Pecora Corporation.
   d. Sika Corporation, Construction Products Division.
   e. Tremco Incorporated.

C. Liquid-Applied Joint Sealants: Comply with ASTM C 920 and other requirements indicated for each liquid-applied joint sealant specified, including those referencing ASTM C 920 classifications for type, grade, class, and uses related to exposure and joint substrates.

D. Stain-Test-Response Characteristics: Where sealants are specified to be nonstaining to porous substrates, provide products that have undergone testing according to ASTM C 1248 and have not stained porous joint substrates indicated for Project.

E. Colors of Exposed Joint Sealants: As selected by Architect from manufacturer's full range.

2.02 SILICONE JOINT SEALANTS

A. Mildew-Resistant, Single-Component, Nonsag, Neutral-Curing Silicone Joint Sealant: ASTM C 920, Type S, Grade NS, Class 25, for Use NT.

1. Products: Subject to compliance with requirements, available products that may be incorporated into the Work include, but are not limited to, the following:
   a. Pecora Corporation; 898.

2.03 URETHANE JOINT SEALANTS

A. Single-Component, Nonsag, Urethane Joint Sealant: ASTM C 920, Type S, Grade NS, Class 100/50, for Use NT.

1. Products: Subject to compliance with requirements, available products that may be incorporated into the Work include, but are not limited to, the following:
   a. Trimco Incorporated; Dymonic FC.

B. Single-Component, Nonsag, Traffic-Grade, Urethane Joint Sealant: ASTM C 920. Type S, Grade NS, Class 25, for Use T.

1. Products: Subject to compliance with requirements, available products that may be incorporated into the Work include, but are not limited to, the following:
   a. BASF Building Systems; Sonolastic NP1.

C. Single-Component, Pourable, Traffic-Grade, Urethane Joint Sealant: ASTM C 920, Type S, Grade P, Class 25, for Use T.

1. Products: Subject to compliance with requirements, provide one of the following:
   a. BASF Building Systems; Sonolastic SL 1.
   b. Bostik Inc.; Chem-Calk 950.
   c. Pecora Corporation; Urexpan NR-201.

2.04 LATEX JOINT SEALANTS

A. Latex Joint Sealant: Acrylic latex or siliconized acrylic latex, ASTM C 834, Type OP, Grade NF.

1. Products: Subject to compliance with requirements, provide one of the following:
   a. BASF Building Systems; Sonolac.
   b. Bostik Inc.; Chem-Calk 600.
   c. Pecora Corporation; AC-20+.

2.05 JOINT SEALANT BACKING

A. General: Provide sealant backings of material that are nonstaining; are compatible with joint substrates, sealants, primers, and other joint fillers; and are approved for applications indicated by sealant manufacturer based on field experience and laboratory testing.

B. Cylindrical Sealant Backings: ASTM C 1330, of type approved in writing by the joint-sealant manufacturer for the joint application indicated, and of size and density to control sealant depth and otherwise contribute to producing optimum sealant performance.

C. Bond-Breaker Tape: Polyethylene tape or other plastic tape recommended by sealant manufacturer for preventing sealant from adhering to rigid, inflexible joint-filler materials or joint surfaces at back of joint. Provide self-adhesive tape where applicable.

2.06 MISCELLANEOUS MATERIALS

A. Primer: Material recommended by joint-sealant manufacturer where required for adhesion of sealant to joint substrates indicated, as determined from preconstruction joint-sealant-substrate tests and field tests.

B. Cleaners for Nonporous Surfaces: Chemical cleaners acceptable to manufacturers of sealants and sealant backing materials, free of oily residues or other substances capable of staining or harming joint substrates and adjacent nonporous surfaces in any way and formulated to promote optimum adhesion of sealants to joint substrates.

C. Masking Tape: Nonstaining, nonabsorbent material compatible with joint sealants and surfaces adjacent to joints.

PART 3 - EXECUTION

3.01 EXAMINATION

A. Examine joints indicated to receive joint sealants, with Installer present, for compliance with requirements for joint configuration, installation tolerances, and other conditions affecting joint-sealant performance.

B. Proceed with installation only after unsatisfactory conditions have been corrected.

3.02 PREPARATION

A. Surface Cleaning of Joints: Clean out joints immediately before installing joint sealants to comply with joint-sealant manufacturer's written instructions and the following requirements:

1. Remove all foreign material from joint substrates that could interfere with adhesion of joint sealant, including dust, paints (except for permanent, protective coatings tested and approved for sealant adhesion and compatibility by sealant manufacturer), old joint sealants, oil, grease, waterproofing, water repellents, water, surface dirt, and frost.

2. Clean porous joint substrate surfaces by brushing, grinding, mechanical abrading, or a combination of these methods to produce a clean, sound substrate capable of developing optimum bond with joint sealants. Remove loose particles remaining after cleaning operations above by vacuuming or blowing out joints with oil-free compressed air. Porous joint substrates include the following:
   a. Concrete.
   b. Masonry.
3. Remove laitance and form-release agents from concrete.
4. Clean nonporous joint substrate surfaces with chemical cleaners or other means that do not stain, harm substrates, or leave residues capable of interfering with adhesion of joint sealants. Nonporous joint substrates include the following:
   a. Metal.
   b. Glass.
   c. Glazed surfaces of ceramic tile.

B. Joint Priming: Prime all other joint substrates where recommended by joint-sealant manufacturer. Apply primer to comply with joint-sealant manufacturer's written instructions. Confine primers to areas of joint-sealant bond; do not allow spillage or migration onto adjoining surfaces.

C. Masking Tape: Use masking tape where required to prevent contact of sealant or primer with adjoining surfaces that otherwise would be permanently stained or damaged by such contact or by cleaning methods required to remove sealant smears. Remove tape immediately after tooling without disturbing joint seal.

3.03 INSTALLATION OF JOINT SEALANTS

A. General: Comply with joint-sealant manufacturer's written installation instructions for products and applications indicated, unless more stringent requirements apply.

B. Sealant Installation Standard: Comply with recommendations in ASTM C 1193 for use of joint sealants as applicable to materials, applications, and conditions indicated.

C. Install sealant backings of kind indicated to support sealants during application and at position required to produce cross-sectional shapes and depths of installed sealants relative to joint widths that allow optimum sealant movement capability.

1. Do not leave gaps between ends of sealant backings.
2. Do not stretch, twist, puncture, or tear sealant backings.
3. Remove absorbent sealant backings that have become wet before sealant application and replace them with dry materials.

D. Install bond-breaker tape behind sealants where sealant backings are not used between sealants and backs of joints.

E. Install sealants using proven techniques that comply with the following and at the same time backings are installed:

1. Place sealants so they directly contact and fully wet joint substrates.
2. Completely fill recesses in each joint configuration.
3. Produce uniform, cross-sectional shapes and depths relative to joint widths that allow optimum sealant movement capability.

F. Tooling of Nonsag Sealants: Immediately after sealant application and before skinning or curing begins, tool sealants according to requirements specified in subparagraphs below to form smooth, uniform beads of configuration indicated; to eliminate air pockets; and to ensure contact and adhesion of sealant with sides of joint.

1. Remove excess sealant from surfaces adjacent to joints.
2. Use tooling agents that are approved in writing by sealant manufacturer and that do not discolor sealants or adjacent surfaces.
3. Provide concave joint profile per Figure 8A in ASTM C 1193, unless otherwise indicated.

3.04 FIELD QUALITY CONTROL

A. Field-Adhesion Testing: Field test joint-sealant adhesion to joint substrates as follows:

1. Extent of Testing: Test completed and cured sealant joints as follows:
   a. Perform 10 tests for the first 1000 feet of joint length for each kind of sealant and joint substrate.
   b. Perform 1 test for each 1000 feet of joint length thereafter.
2. Test Method: Test joint sealants according to Method A, Field-Applied Sealant Joint Hand Pull Tab, in Appendix X1 in ASTM C 1193 or Method A, Tail Procedure, in ASTM C 1521.
   a. For joints with dissimilar substrates, verify adhesion to each substrate separately; extend cut along one side, verifying adhesion to opposite side. Repeat procedure for opposite side.
3. Inspect tested joints and report on the following:
   a. Whether sealants filled joint cavities and are free of voids.
   b. Whether sealant dimensions and configurations comply with specified requirements.
   c. Whether sealants in joints connected to pulled-out portion failed to adhere to joint substrates or tore cohesively. Include data on pull distance used to test each kind of product and joint substrate. Compare these results to determine if adhesion passes sealant manufacturer's field-adhesion hand-pull test criteria.
4. Record test results in a field-adhesion-test log. Include dates when sealants were installed, names of persons who installed sealants, test dates, test locations, whether joints were primed, adhesion results and percent elongations, sealant fill, sealant configuration, and sealant dimensions.
5. Repair sealants pulled from test area by applying new sealants following same procedures used originally to seal joints. Ensure that original sealant surfaces are clean and that new sealant contacts original sealant.

B. Evaluation of Field-Adhesion Test Results: Sealants not evidencing adhesive failure from testing or noncompliance with other indicated requirements will be considered

satisfactory. Remove sealants that fail to adhere to joint substrates during testing or to comply with other requirements. Retest failed applications until test results prove sealants comply with indicated requirements.

3.05 CLEANING

A. Clean off excess sealant or sealant smears adjacent to joints as the Work progresses by methods and with cleaning materials approved in writing by manufacturers of joint sealants and of products in which joints occur.

3.06 PROTECTION

A. Protect joint sealants during and after curing period from contact with contaminating substances and from damage resulting from construction operations or other causes so sealants are without deterioration or damage at time of Substantial Completion. If, despite such protection, damage or deterioration occurs, cut out and remove damaged or deteriorated joint sealants immediately so installations with repaired areas are indistinguishable from original work.

3.07 JOINT-SEALANT SCHEDULE

A. General: When more than one type of sealant is listed for a Joint-Sealant Application provide one of the sealants listed.

B. Joint-Sealant Application: Exterior joints in horizontal traffic surfaces EHT-1.

1. Joint Locations:
   a. Isolation and contraction joints in cast-in-place concrete slabs.
   b. Other joints as indicated.
2. Urethane Joint Sealant: Single component, pourable, traffic grade.
3. Joint-Sealant Color: As selected by Architect from manufacturer's full range of colors.

C. Joint-Sealant Application: Exterior joints in vertical surfaces and horizontal nontraffic surfaces EV-1.

1. Joint Locations:
   a. Construction joints in cast-in-place concrete.
   b. Control and expansion joints in unit masonry.
   c. Joints between different materials listed above.
   d. Perimeter joints between materials listed above and frames of doors, windows, and louvers.
2. Urethane Joint Sealant: Single component, nonsag, Class 100/50.
3. Joint-Sealant Color: As selected by Architect from manufacturer's full range of colors.

D. Joint-Sealant Application: Interior joints in horizontal traffic surfaces IHT-1.
   1. Joint Locations:
      a. Isolation joints in cast-in-place concrete slabs.
   2. Urethane Joint Sealant: Single component, pourable, traffic grade.
   3. Joint-Sealant Color: As selected by Architect from manufacturer's full range of colors.

E. Joint-Sealant Application: Interior joints in vertical surfaces and horizontal nontraffic surfaces IV-1.

   1. Joint Locations:
      a. Isolation joints in cast-in-place concrete slabs.
      b. Perimeter joints of exterior openings where indicated.
      c. Vertical joints on exposed surfaces of interior unit masonry, concrete walls and partitions.
      d. Perimeter joints between interior wall surfaces and frames of interior doors, windows and elevator entrances.
   2. Joint Sealant: Latex.
   3. Joint-Sealant Color: As selected by Architect from manufacturer's full range of colors.

F. Joint-Sealant Application: Mildew-resistant interior joints in vertical surfaces and horizontal nontraffic surfaces I-PF-1.

   1. Joint Locations:
      a. Joints between plumbing fixtures and adjoining walls, floors, and counters.
   2. Joint Sealant: Mildew resistant, single component, nonsag, neutral curing, Silicone.
   3. Joint-Sealant Color: As selected by Architect from manufacturer's full range of colors.

END OF SECTION

SECTION 08110 NON-SECURITY STEEL DOORS AND FRAMES

PART 1 - GENERAL

1.01 SUMMARY

A. This section includes non-security steel doors and hollow metal frames.

B. Extent of steel doors and frames is indicated and scheduled on Drawings and in the Written Specifications.

C. Related Work in Other Section

1. Door Hardware: Section 08711
2. Paints and Coatings: Section 09900

1.02 QUALITY ASSURANCE

A. Provide doors and frames complying with Steel Door Institute "Recommended Specifications: Standard Steel Doors and Frames" (SDI-100) and as herein specified.

B. Fire-Rated Door Assemblies: Where fire-rated door assemblies are indicated or required, provide fire-rated door and frame assemblies that comply with NFPA 80 "Standard for Fire Doors and Windows", and have been tested, listed, and labeled in accordance with ASTM E 152 "Standard Methods of Fire Tests of Door Assemblies" by a nationally recognized independent testing and inspection agency acceptable to authorities having jurisdiction.

1.03 SUBMITTALS

A. Product Data: Submit manufacturer's technical product data substantiating that products comply with requirements.

B. Shop Drawings: Submit for fabrication and installation of steel doors and frames. Include details of each frame type, elevations of door design types, conditions at openings, details of construction, location and installation requirements of finish hardware and reinforcements, and details of joints and connections. Show anchorage and accessory items.

1. Provide schedule of doors and frames using same reference numbers for details and openings as those on contract drawings. Indicate coordination of glazing frames and stops with glass and glazing requirements.

1.04 DELIVERY, STORAGE AND HANDLING

A. Deliver hollow metal work cartoned or crated to provide protection during transit and job storage.

B. Inspect hollow metal work upon delivery for damage. Minor damages may be repaired provided that refinished items are equal in all respects to new work and acceptable to Architect; otherwise, remove and replace damaged items as directed.

C. Store doors and frames at building site upright under cover per manufacturer’s instructions. Place units on minimum 4 inches high wood blocking. Avoid use of non-vented plastic or canvas shelters

which could create humidity chamber. If cardboard wrapper on door becomes wet, remove carton immediately. Provide 1/4 inch spaces between stacked doors to promote air circulation.

PART 2 - PRODUCTS

2.01 ACCEPTABLE MANUFACTURERS

A. Manufacturer: Provide steel doors and frames by one of the following:

1. Ceco Corp.Dean Steel
2. Curries Republic Door
3. Habersham Metal Products, Inc.
4. Steelcraft/Div. Ingorsoll-Rand
5. Trussbilt, Inc.
6. MPI - Metal Products Inc.

2.02 MATERIALS

A. Hot-Rolled Steel Sheets and Strip: Commercial quality carbon steel, pickled and oiled, complying with ASTM A 569 and ASTM A 568.

B. Cold-Rolled Steel Sheets: Commercial quality carbon steel, complying with ASTM A 366 and ASTM A 568.

C. Galvanized Steel Sheets: Zinc-coated carbon steel sheets of commercial quality, complying with ASTM A 526, with ASTM A 525, G60 zinc coating, mill phosphatized.

D. Supports and Anchors: Fabricate of not less than 18-gage galvanized sheet steel.

E. Inserts, Bolts, and Fasteners: Manufacturer's standard units, except hot-dip galvanize items to be built into exterior walls, complying with ASTM A 153, Class C or D as applicable.

F. Primer: Rust-inhibitive primer suitable as a base for specified finish paints. Provide primer in red color.

1. Primer to be equal to Tnemec Series 10-99.

2.03 FABRICATION, GENERAL

A. Fabricate steel door and frame units to be rigid, neat in appearance and free from defects, warp or buckle. Fit and assemble units in manufacturer's plant. Clearly identify work that cannot be permanently factory-assembled before shipment, to assure proper assembly at project site. Comply with SDI-100 requirements as follows:

1. Interior Doors: SDI-100, Grade II, heavy-duty, Model 2, minimum 16-gage faces (see Door Schedule) with vertical steel stiffeners. Door edges to be continuously welded.
2. Exterior Doors: SDI-100, Grade III, extra heavy-duty, Model 2, minimum 16-gage faces (see Door Schedule) with vertical steel stiffeners. Door edges to be continuously welded.

B. Fabricate frames, concealed stiffeners, reinforcement, edge channels, and moldings from either cold-rolled or hot- rolled steel (at fabricator's option).

C. Fabricate exterior doors, panels, and frames from galvanized sheet steel. Close top and bottom edges of exterior doors as integral part of door construction or by addition of minimum 16-gage inverted steel channels.

D. Exposed Fasteners: When exposed fasteners are unavoidable, provide countersunk flat Phillips heads for exposed screws and bolts.

E. Thermal-Rated (Insulating) Assemblies: At exterior locations, provide doors which have been fabricated as thermal insulating door and frame assemblies and tested in accordance with ASTM C 236.

F. Unless otherwise indicated, provide thermal-rated assemblies with U factor of 0.24 Btu/(hr x ft sq x deg.F) or better.

G. Finish Hardware Preparation: Prepare doors and frames to receive mortised and concealed finish hardware in accordance with final Finish Hardware Schedule and templates provided by hardware supplier. Comply with applicable requirements of ANSI A115 series specifications for door and frame preparation for hardware.

H. Reinforce doors and frames to receive surface-applied hardware. Drilling and tapping for surface-applied finish hardware may be done at project site.

I. Locate finish hardware as indicated on final shop drawings in accordance with "Recommended Locations for Builder's Hardware", published by Door and Hardware Institute.

J. Shop Painting:

1. Clean, treat, and paint exposed surfaces of steel door and frame units, including galvanized surfaces.
2. Clean steel surfaces of mill scale, rust, oil, grease, dirt, and other foreign materials before application of paint.
3. Apply shop coat of prime paint of even consistency to provide a uniformly finished surface ready to receive finish paint.

2.04 STEEL DOORS

A. Provide metal doors of types and styles indicated on drawings and in this section.

2.05 STEEL FRAMES

A. Provide metal frames for doors, borrowed lights, and other openings, as shown on drawings and schedules. Provide concealed fastenings. Fabricate frames of minimum 16-gage cold-rolled furniture steel.

1. Fabricate frames with mitered and welded corners. KD or Knock Down frames are not acceptable.
2. Form exterior frames of hot-dip galvanized steel.

B. Door Silencers: Except on weather-stripped frames, drill stops to receive, and provide, 3 silencers on strike jambs of single-swing frames and 2 silencers per leaf on heads of double-swing frames.

C. Plaster Guards: Provide 26-gage steel plaster guards or mortar boxes, welded to frame, at back of finish hardware cutouts where mortar or other materials might obstruct hardware operation and to close off interior of openings.

PART 3 - EXECUTION

3.01 `INSTALLATION

A. General: Install doors, frames, and accessories in accordance with final shop drawings, manufacturer's data, and as herein specified.

B. Placing Frames: Comply with provisions of SDI-105 "Recommended Erection Instructions for Steel Frames".

1. Place frames prior to construction of enclosing walls and ceilings. Set frames accurately in position, plumbed, aligned, and braced securely until permanent anchors are set. After wall construction is completed, remove temporary braces and spreaders leaving surfaces smooth and undamaged.
2. In masonry construction, locate 3 wall anchors per jamb at hinge and strike levels.
3. In masonry construction, grout frame head and jambs full with cement grout as specified in Section 04200.
4. Install fire-rated frames in accordance with NFPA Std. No. 80.
5. In metal stud partitions, install at least 3 wall anchors per jamb at hinge and strike levels. In open steel stud partitions, place studs in wall anchor notches and wire tie. In closed steel stud partitions, attach wall anchors to studs with tapping screws.
6. Caulk base of frames to floor in non-carpeted areas.

C. Door Installation:

1. Fit hollow metal doors accurately in frames, within clearances specified in SDI-100.
2. Place fire-rated doors with clearances as specified in NFPA Standard No. 80.

3.02 ADJUST AND CLEAN

A. Prime Coat Touch-Up: Immediately after erection, sand smooth any rusted or damaged areas of prime coat and apply touch-up of compatible air-drying primer.

B. Final Adjustments: Check and readjust operating finish hardware items, leaving steel doors and frames undamaged and in complete and proper operating condition.

END OF SECTION

SECTION 08711 DOOR HARDWARE

PART 1 - GENERAL

1.01 SUMMARY

A. Section includes:

1. Mechanical door hardware for the following:
   a. Swinging doors.
2. Cylinders for door hardware specified in other Sections.

B. Related Sections:

1. Section 08110 "NON-SECURITY STEEL DOORS AND FRAMES" Steel Frames for door silencers provided as part of hollow-metal frames.
.

1.02 ACTION SUBMITTALS

A. Product Data: For each type of product indicated. Include construction and installation details, material descriptions, dimensions of individual components and profiles, and finishes.

B. Other Action Submittals:

1. Door Hardware Schedule: Prepared by or under the supervision of Installer, detailing fabrication and assembly of door hardware, as well as installation procedures and diagrams. Coordinate final door hardware schedule with doors, frames, and related work to ensure proper size, thickness, hand, function, and finish of door hardware.
   a. Submittal Sequence: Submit door hardware schedule concurrent with submissions of Product Data and Shop Drawings. Coordinate submission of door hardware schedule with scheduling requirements of other work to facilitate the fabrication of other work that is critical in Project construction schedule.
   b. Format: Use same scheduling sequence and format as in the Contract Documents.
   c. Content: Include the following information:
      1) Identification number, location, hand, fire rating, size, and material of each door and frame.
      2) Locations of each door hardware set, cross-referenced to Drawings on floor plans and to door and frame schedule.
      3) Complete designations, including name and manufacturer, type, style, function, size, quantity, and finish of each door hardware product.
      4) Fastenings and other pertinent information.
      5) Explanation of abbreviations, symbols, and codes contained in schedule
      6) Mounting locations for door hardware.
      7) List of related door devices specified in other Sections for each door and frame.
2. Keying Schedule: Prepared by or under the supervision of Installer, detailing Owner's final keying instructions for locks. Include schematic

keying diagram and index each key set to unique door designations that are coordinated with the Contract Documents.

1.03 INFORMATIONAL SUBMITTALS

A, Qualification Data: For Installer Architectural Hardware Consultant.

B. Product Test Reports: For compliance with accessibility requirements, based on evaluation of comprehensive tests performed by manufacturer and witnessed by a qualified testing agency, for door hardware on doors located in accessible routes.

C. Warranty: Special warranty specified in this Section.

1.04 CLOSEOUT SUBMITTALS

A. Maintenance Data: For each type of door hardware to include in maintenance manuals. Include final hardware and keying schedule.

1.05 MAINTENANCE MATERIAL SUBMITTALS

A. Furnish extra materials that match products installed and that are packaged with protective covering for storage and identified with labels describing contents.

1. Door Hardware:
   a. Mortise lockset; Provide one (1) ML 9070 unit.
   b. Cylinders; Provide one (1) unit.

1.06 QUALITY ASSURANCE

A. Installer Qualifications: Supplier of products and an employer of workers trained and approved by product manufacturers and an Architectural Hardware Consultant who is available during the course of the Work to consult with Contractor, Architect, and Owner about door hardware and keying.

1. Warehousing Facilities: Within 2 hours travel time; approximately 100 miles.
2. Scheduling Responsibility: Preparation of door hardware and keying schedules.

B. Architectural Hardware Consultant Qualifications: A person who is experienced in providing consulting services for door hardware installations that are comparable in material, design, and extent to that indicated for this Project and who is currently certified by DHI as follows.

1. For door hardware, an Architectural Hardware Consultant (AHC).

C. Source Limitations: Obtain each type of door hardware from a single manufacturer.

D. Fire-Rated Door Assemblies: Where fire-rated door assemblies are indicated, provide door hardware rated for use in assemblies complying with NFPA 80 that are listed and labeled by a qualified testing agency, for fire-protection ratings indicated, based on testing at positive pressure according to NFPA 252 or UL 10C, unless otherwise indicated. .

E. Smoke- and Draft-Control Door Assemblies: Where smoke- and draft-control door assemblies are required, provide door hardware that meet requirements of assemblies tested according to UL 1784 and installed in compliance with NFPA 105.

1. Air Leakage Rate: Maximum air leakage of 0.3 cfm/sq. ft. at the tested pressure differential of 0.3-inch wg of water

F. Means of Egress Doors: Latches do not require more than 15 lbf to release the latch. Locks do not require use of a key, tool, or special knowledge for operation.

G. Accessibility Requirements: Comply with applicable provisions in the DOJ's 2010 ADA Standards for Accessible Design and CC A117.1 for door hardware on doors in an accessible route.

1. Provide operating devices that do not require tight grasping, pinching, or twisting of the wrist and that operate with a force of not more than 5 lbf.
2. Comply with the following maximum opening-force requirements:
   a. Interior, Non-Fire-Rated Hinged Doors: 5 lbf applied perpendicular to door.
   b. Fire Doors: Minimum opening force allowable by authorities having jurisdiction.
3. Bevel raised thresholds with a slope of not more than 1:2. Provide thresholds not more than 1/2 inch high.
4. Closers: Adjust door closer sweep periods so that, from an open position of 90 degrees, the time required to move the door to a position of 12 degrees from the latch is 5 seconds minimum.

H. Keying Conference: Conduct conference at Project site to comply with requirements in Division 1 Section "Project Management and Coordination." In addition to Owner, Contractor, and Architect, conference participants shall also include Installer's Architectural Hardware Consultant. Incorporate keying conference decisions into final keying schedule after reviewing door hardware keying system including, but not limited to, the following:

1. Function of building, flow of traffic, purpose of each area, degree of security required, and plans for future expansion.
2. Preliminary key system schematic diagram.
3. Requirements for key control system.
4. Requirements for access control.
5. Address for delivery of keys.

1.07 DELIVERY, STORAGE, AND HANDLING

A. Inventory door hardware on receipt and provide secure lock-up for door hardware delivered to Project site.

B. Tag each item or package separately with identification coordinated with the final door hardware schedule, and include installation instructions, templates, and necessary fasteners with each item or package.

C. Deliver keys to manufacturer of key control system for subsequent delivery to Owner.

1.08 COORDINATION.

A. Installation Templates: Distribute for doors, frames, and other work specified to be factory prepared. Check Shop Drawings of other work to confirm that adequate provisions are made for locating and installing door hardware to comply with indicated requirements.

B. Security: Coordinate installation of door hardware and keying with Owner.

1.09 WARRANTY

A. Special Warranty: Manufacturer's standard form in which manufacturer agrees to repair or replace components of door hardware that fail in materials or workmanship within specified warranty period.

1. Failures include, but are not limited to, the following:
   a. Structural failures including excessive deflection, cracking, or breakage.
   b. Faulty operation of doors and door hardware.
   c. Deterioration of metals, metal finishes, and other materials beyond normal weathering and use. .
2. Warranty Period: Three years from date of Substantial Completion, unless otherwise indicated.
   a. Locks: Five years from date of Substantial Completion.
   b. Exit Devices: Two years from date of Substantial Completion.
   c. Manual Closers: 10 years from date of Substantial Completion.

1.10 MAINTENANCE SERVICE

A. Maintenance Tools and Instructions: Furnish a complete set of specialized tools and maintenance instructions for Owner's continued adjustment, maintenance, and removal and replacement of door hardware. .

B. Maintenance Service: Beginning at Substantial Completion, provide twelve months' full maintenance by skilled employees of door hardware Installer. Include quarterly preventive maintenance, repair or replacement of worn or defective components, lubrication, cleaning, and adjusting as required for proper door and door hardware operation. Provide parts and supplies that are the same as those used in the manufacture and installation of original products.

PART 2 - PRODUCTS

2.01 SCHEDULED DOOR HARDWARE

A. Provide door hardware for each door as scheduled in Part 3 "Door Hardware Schedule" Article to comply with requirements in this Section.

1. Door Hardware Sets: Provide quantity, item, size, finish or color indicated.

B. Designations: Requirements for design, grade, function, finish, size, and other distinctive qualities of each type of door hardware are indicated in Part 3 "Door Hardware Schedule" Article. Products are identified by descriptive titles corresponding to requirements specified in Part 2.

2.02 CONTINUOUS HINGES

A. Continuous Hinges: BHMA A156.26; minimum 0.120-inch- thick, hinge leaves with minimum overall width of 4 inches; fabricated to full height of door and frame and to template screw locations; with components finished after milling and drilling are complete.

2.03 MECHANICAL LOCKS AND LATCHES

A. Lock Functions: As indicated in door hardware schedule.

B. Lock Throw: Comply with testing requirements for length of bolts required for labeled fire doors, and as follows:

1. Bored Locks: Minimum 1/2-inch latchbolt throw.
2. Mortise Locks: Minimum 3/4-inch latchbolt throw.
3. Deadbolts: Minimum 1.25-inch bolt throw.

C. Lock Backset: 2-3/4 inches, unless otherwise indicated

D. Lock Trim:

1. Description: Basis-of-Design, Schlage; Lever Design 07, Finish 626.
2. Escutcheon: Basis-of-Design, Schlage; N Escutcheon.
3. Dummy Trim: Match lever lock trim and escutcheons.
4. Operating Device: Lever with escutcheons.

E. Strikes: Provide manufacturer's standard strike for each lock bolt or latchbolt complying with requirements indicated for applicable lock or latch and with strike box and curved lip extended to protect door; finished to match lock or latch.

1. Flat-Lip Strikes: For locks with three-piece antifriction latchbolts, as recommended by manufacturer.
2. Aluminum-Frame Strike Box: Manufacturer's special strike box fabricated for aluminum framing.
3. Rabbet Front and Strike: Provide on locksets for rabbeted meeting stiles.

F. Mortise Locks: BHMA A156.13; Security Grade 2; stamped steel case with steel or brass parts; Series 1000

2.04 AUXILIARY LOCKS

A. Mortise Auxiliary Locks: BHMA A156.5; Grade 1; with strike that suits frame. See Editing Instruction No. 1 in the Evaluations for cautions about naming manufacturers. Retain one of two subparagraphs and list of manufacturers below. See Section016000 "Product Requirements."

2.05 EXIT DEVICES AND AUXILIARY ITEMS

A. Exit Devices and Auxiliary Items: BHMA A156.3. LOCK CYLINDERS

2.06 LOCK CYLINDERS

A. Lock Cylinders: Tumbler type, constructed from brass or bronze, stainless steel, or nickel silver.

1. Manufacturer: Existing keyway system. Provide cylinder and cores for new locks, including locks provided under other sections of this specification. Provide cylinders and cores with six pin timblers. Provide cylinders from products of one manufacturer, and provide cores from the products of one manufacturer. Provide cores and cylinders by the following:
   a. Schlage interchangeable core, 6 pin SC keyway

B. High-Security Lock Cylinders: BHMA A156.30; Grade 1; Type M, mechanical; permanent cores that are removable; face finished to match lockset.

C. Construction Master Keys: Provide cylinders with feature that permits voiding of construction keys without cylinder removal. Provide 10 construction master keys.

D. Construction Cores: Provide construction cores that are replaceable by permanent cores. Provide 10 construction master keys.

2.07 KEYING

A. Keying System: Factory registered, complying with guidelines in BHMA A156.28, Appendix A. Incorporate decisions made in keying conference. Retain first subparagraph below if Owner has an existing keying system.

1. Existing System:
   a. Master key or grand master key locks to Owner's existing system.
2. Keyed Alike: Key all cylinders to same change key.

B. Keys: Nickel silver.

1. Stamping: Permanently inscribe each key with a visual key control number and include the following notation:
   a. Notation: "DO NOT DUPLICATE."
2. Quantity: In addition to one extra key blank for each lock, provide the following:
   a. Cylinder Change Keys: Three.

2.08 KEY CONTROL SYSTEM

A. Key Control Cabinet: not applicable for this project.

2.09 OPERATING TRIM

A. Operating Trim: BHMA A156.6; stainless steel, unless otherwise indicated.

2.10 SURFACE CLOSERS

A. Surface Closers: BHMA A156.4; rack-and-pinion hydraulic type with adjustable sweep and latch speeds controlled by key-operated valves and forged-steel main arm. Comply with manufacturer's written recommendations for size of door closers depending on size of door, exposure to weather, and anticipated frequency of use. Provide factory-sized closers, adjustable to meet field conditions and requirements for opening force. See Editing Instruction No. 1 in the Evaluations for cautions about naming manufacturers.

Retain one of two subparagraphs and list of manufacturers below. See Section016000 "Product Requirements."

2.11 MECHANICAL STOPS AND HOLDERS

A. Wall- and Floor-Mounted Stops: BHMA A156.16; polished cast brass, bronze, or aluminum base metal.

2.12 OVERHEAD STOPS AND HOLDERS

A. Overhead Stops and Holders: BHMA A156.8

2.13 DOOR GASKETING

A. Door Gasketing: BHMA A156.22; air leakage not to exceed 0.50 cfm per foot of crack length for gasketing other than for smoke control, as tested according to ASTM E 283; with resilient or flexible seal strips that are easily replaceable and readily available from stocks maintained by manufacturer.

2.14 THRESHOLDS

A. Thresholds: BHMA A156.21; fabricated to full width of opening indicated

2.15 METAL PROTECTIVE TRIM UNITS

A. Metal Protective Trim Units: BHMA A156.6; fabricated from 0.050-inch- thick stainless steel; with manufacturer's standard machine or self-tapping screw fasteners.

2.16 AUXILIARY DOOR HARDWARE

A. Auxiliary Hardware: BHMA A156.16.

2.17 FABRICATION .

A. Manufacturer's Nameplate: Do not provide products that have manufacturer's name or trade name displayed in a visible location except in conjunction with required fire-rated labels and as otherwise approved by Architect.

1. Manufacturer's identification is permitted on rim of lock cylinders only.

B. Base Metals: Produce door hardware units of base metal indicated, fabricated by forming method indicated, using manufacturer's standard metal alloy, composition, temper, and hardness. Furnish metals of a quality equal to or greater than that of specified door hardware units and BHMA A156.18.

C. Fasteners: Provide door hardware manufactured to comply with published templates prepared for machine, wood, and sheet metal screws. Provide screws that comply with commercially recognized industry standards for application intended, except aluminum fasteners are not permitted. Provide Phillips flat-head screws with finished heads to match surface of door hardware, unless otherwise indicated.

1. Concealed Fasteners: For door hardware units that are exposed when door is closed, except for units already specified with concealed fasteners. Do not use through bolts for installation where bolt head or nut on opposite face is exposed

unless it is the only means of securely attaching the door hardware. Where through bolts are used on hollow frame construction, provide sleeves for each through bolt.

2. Fire-Rated Applications:
   a. Wood or Machine Screws: For the following:
      1) Hinges mortised to doors or frames; use threaded-to-the-head wood screws for wood doors.
      2) Strike plates to doors.
      3) Closers to doors and frames.
   b. Steel Through Bolts: For the following unless door blocking is provided:
      1) Surface hinges to doors.
      2) Closers to doors and frames.
      3) Surface-mounted exit devices.
3. Fasteners for Wood Doors: Comply with requirements in DHI WDHS.2, "Recommended Fasteners for Wood Doors."
4. Gasketing Fasteners: Provide noncorrosive fasteners for exterior applications and elsewhere as indicated.

2.18 FINISHES

A. Provide finishes complying with BHMA A156.18 as indicated in door hardware schedule.

B. Protect mechanical finishes on exposed surfaces from damage by applying a strippable, temporary protective covering before shipping.

C. Appearance of Finished Work: Variations in appearance of abutting or adjacent pieces are acceptable if they are within one-half of the range of approved Samples. Noticeable variations in the same piece are not acceptable. Variations in appearance of other components are acceptable if they are within the range of approved Samples and are assembled or installed to minimize contrast.

PART 3 - EXECUTION

3, 01 EXAMINATION

A. Examine doors and frames, with Installer present, for compliance with requirements for installation tolerances, labeled fire-rated door assembly construction, wall and floor construction, and other conditions affecting performance.

B. Proceed with installation only after unsatisfactory conditions have been corrected.

3.02 PREPARATION

A. Steel Frames: For surface applied door hardware, drill and tap doors and frames according to ANSI/SDI A250.6.

B. Wood Doors: Comply with DHI WDHS.5 "Recommended Hardware Reinforcement Locations for Mineral Core Wood Flush Doors."

3.03 INSTALLATION

A. Mounting Heights: Mount door hardware units at heights to comply with the following unless otherwise indicated or required to comply with governing regulations.

1. Standard Steel Frames: ANSI/SDI A250.8.
2. Hollow Metal Door: HMMA 831-11, "Hardware Locations for Hollow Metal Doors and Frames."

B. Install each door hardware item to comply with manufacturer's written instructions. Where cutting and fitting are required to install door hardware onto or into surfaces that are later to be painted or finished in another way, coordinate removal, storage, and reinstallation of surface protective trim units with finishing. Do not install surface-mounted items until finishes have been completed on substrates involved.

1. Set units level, plumb, and true to line and location. Adjust and reinforce attachment substrates as necessary for proper installation and operation.
2. Drill and countersink units that are not factory prepared for anchorage fasteners. Space fasteners and anchors according to industry standards.

C. Hinges: Install types and in quantities indicated in door hardware schedule.

D. Lock Cylinders: Install construction cores to secure building and areas during construction period..

1. Replace construction cores with permanent cores as directed by Owner.
2. Furnish permanent cores to Owner for installation.

E. Key Control System: Tag keys and place them on markers and hooks in key control system cabinet, as determined by final keying schedule

F. Thresholds: Set thresholds for exterior doors and other doors indicated in full bed of sealant complying with requirements specified in Division 7 Section "Joint Sealants."

G. Stops: Provide floor stops for doors unless wall or other type stops are indicated in door hardware schedule. Do not mount floor stops where they will impede traffic.

H. Perimeter Gasketing: Apply to head and jamb, forming seal between door and frame.

I. Meeting Stile Gasketing: Fasten to meeting stiles, forming seal when doors are closed.

J. Door Bottoms: Apply to bottom of door, forming seal with threshold when door is closed.

3.04 FIELD QUALITY CONTROL

A. Independent Architectural Hardware Consultant: Engage a qualified independent Architectural Hardware Consultant to perform inspections and to prepare inspection reports.

1. Independent Architectural Hardware Consultant will inspect door hardware and state in each report whether installed work complies with or deviates from requirements, including whether door hardware is properly installed and adjusted.

3, 05 ADJUSTING

A. Initial Adjustment: Adjust and check each operating item of door hardware and each door to ensure proper operation or function of every unit. Replace units that cannot be adjusted to operate as intended. Adjust door control devices to compensate for final

operation of heating and ventilating equipment and to comply with referenced accessibility requirements.

1. Door Closers: Adjust sweep period to comply with accessibility requirements and requirements of authorities having jurisdiction. .

B. Occupancy Adjustment: Approximately six months after date of Substantial Completion, Installer's Architectural Hardware Consultant shall examine and readjust each item of door hardware, including adjusting operating forces, as necessary to ensure function of doors and door hardware.

3.06 CLEANING AND PROTECTION

A. Clean adjacent surfaces soiled by door hardware installation.

B. Clean operating items as necessary to restore proper function and finish.

C. Provide final protection and maintain conditions that ensure that door hardware is without damage or deterioration at time of Substantial Completion.

3.07 DEMONSTRATION

A. Engage a factory-authorized service representative to train Owner's maintenance personnel to adjust, operate, and maintain door hardware and door hardware finishes. Refer to Division 1 Section "Demonstration and Training."

3.08 DOOR HARDWARE SCHEDULE

Door Hardware Set No. 1
Location: Interior Janitor Closet
Metal Door x Hollow Metal Frame:

No.	Item	Description	Finish

END OF SECTION

SECTION 09900 PAINTS AND COATINGS

PART 1 - GENERAL

1.01 SUMMARY

A. Painting and finishing of exterior and interior exposed items and surfaces throughout the project, except as otherwise indicated. Surface preparation, priming and finish coats specified in this Section are in addition to shop priming and surface treatment specified under other Sections of the Work.

1. The Work includes field painting of exposed bare and covered pipes and ducts (including color coding), and of hangers, exposed steel and iron work, and primed metal surfaces of equipment installed under the mechanical and electrical Work, except as otherwise indicated.
2. “Paint” means all coating systems materials, including primers, emulsions, enamels, stains, sealers and fillers, and other applied materials whether used as prime, intermediate or finish coats.
3. Paint all exposed surfaces whether or not colors are designated in "schedules", except where the natural finish of the material is specifically noted as a surface not to be painted. Where items or surfaces are not specifically mentioned, paint these the same as adjacent similar materials or areas. If color or finish is not designated, the Architect will select these from standard colors available for the materials system specified.
4.

1.02 PAINTING NOT INCLUDED

A. The following categories of Work are not included as parts of the field-applied finish Work, or are included in other Sections of these Specifications.

B. Shop Priming: Unless otherwise specified, shop priming of ferrous metal items is included under the various Sections for structural steel, miscellaneous metal, hollow metal work, and similar items. Also, for fabricated or factory-built mechanical and electrical equipment or accessories.

C. Pre-Finished Items: Unless otherwise indicated, do not include painting when factory-finishing or installer finishing is specified for such items as (but not limited to) plastic toilet enclosures, prefinished partition systems, acoustic materials, architectural woodwork and casework, finished mechanical and electrical equipment including light fixture, switch-gear and distribution cabinets, elevator entrance frames, door and equipment.

D. Concealed Surfaces: Unless otherwise indicated, painting is not required on surfaces such as walls or ceilings in concealed areas and generally inaccessible areas, foundation spaces, furred areas, utility tunnels, pipe spaces, duct shafts and elevator shafts.

E. Finished Metal surfaces: Metal surfaces of anodized aluminum, stainless steel, chromium plate, copper, bronze and similar finished materials will not require finish painting, unless otherwise indicated.

F. Operating Parts and Labels: Moving parts of operating units, mechanical and electrical parts, such as valve and damper operators, linkages, sinkages, sensing devices, motor and fan shafts will not require finish painting, unless otherwise indicated. Do not paint over any code-required labels, such as Underwriter's Laboratories and Factory Mutual, or any equipment identification, performance rating, name, or nomenclature plates.

1.03 SUBMITTALS

A. Product Data: Submit manufacturer's technical information including basic materials analysis and application instructions for each coating material specified.

B. Samples for Initial Selection: For each type of topcoat product indicated. Submit color samples for selection by Architect from manufacturer’s full range of colors. Indicate submitted manufacturer’s closest STANDARD colors that match colors specified or provide “Custom” color if not match.

C. Samples for Verification: For each type of paint system and each color and gloss/sheen of topcoat indicated.

1. Submit Samples on rigid backing, 8 inches square.
2. Step coats on Samples to show each coat required for system.
3. Label each coat of each Sample.
4. Label each Sample for location and application area.
5.

D. Product List: For each product indicated, include the following:

1. Comply with Articles 3.7 and 3.8 indicating each type of primer, intermediate coat and topcoat required for each substrate by product name and number.
2. Cross-reference to paint system and locations of application areas. Use same designations indicated on Drawings and in schedules.
3.

E. Coating Maintenance Manual: Upon conclusion of the project, the Contractor or paint manufacturer / supplier shall furnish a coating maintenance manual, such as Sherwin-Williams “Custodian Project Color and Product Information” report or equal. Manual shall include an Area Summary with finish schedule, Area Detail designating where each product / color / finish was used, product data pages, Material Safety Data sheets (MSDS), care and cleaning instructions, including touch-up procedures.

F. Substitutions for Convenience: Architect will consider formal written requests from Contractor for substitution of products in place of those specified if received within 10 days prior to Bids. Requests received after that time may be considered or rejected at discretion of Architect. Substitutions which decrease the film thickness, the number of coats applied, change the generic type of coating or fail to meet the performance criteria of the specified materials WILL NOT be approved. All primers and topcoats plus the seam sealer and pit filler shall be furnished by the same manufacturer to ensure compatibility.

1.04 QUALITY ASSURANCE

A. Mockups: Apply benchmark samples of each paint system indicated and each color and finish selected to verify preliminary selections made under sample submittals and to demonstrate aesthetic effects and set quality standards for materials and execution.

1. Architect will select one surface to represent surfaces and conditions for application of each paint system specified.
   a. Vertical and Horizontal Surfaces: Provide samples of at least 100 sq. ft..
   b. Other Items: Architect will designate items or areas required.
2. Final approval of color selections will be based on benchmark samples.
   a. If preliminary color selections are not approved, apply additional benchmark samples of additional colors selected by Architect at no added cost to Owner.
   b.

1.05 DELIVERY, STORAGE, AND HANDLING

A. Deliver all materials to the job site in original, new and unopened packages and containers bearing manufacturer's name and label, and the following information:

1. Name or title of material.
2. Fed. Spec. Number, if applicable.
3. Manufacturer's stock number and date of manufacturer.
4. Manufacturer's name.
5. Contents by volume, for major pigment and vehicle constituents.
6. Thinning instructions.
7. Application instructions.
8. Color name and number.
9.

B. Store materials not in use in tightly covered containers in well-ventilated areas with ambient temperatures continuously maintained at not less than 45 deg F.

1. Maintain containers in clean condition, free of foreign materials and residue.
2. Remove rags and waste from storage areas daily.
3.

1.06 PROJECT CONDITIONS

A. Apply paints only when temperature of product, surfaces to be painted and ambient air temperatures are between 50 and 95 deg F.

B. Do not apply paint late in the day when dew and condensation are likely to form; or snow, rain, fog or mist is expected; or when the relative humidity exceeds 85 percent; or to damp or wet surfaces; unless otherwise permitted by the paint manufacturer's printed instruction. Painting may be continued during inclement weather only if the areas and surfaces to be painted are enclosed and heated within the temperature limits specified by the paint manufacturer during application and drying periods.

1.07 EXTRA MATERIALS

A. Furnish extra materials described below that are from same production run (batch mix)

as materials applied and that are packaged for storage and identified with labels describing contents.

1. Quantity: Furnish an additional 5 percent, but not less than 1 gallon of each material and color applied.

PART 2 - PRODUCTS

2.01 MANUFACTURERS

A. Manufacturers: Subject to compliance with requirements, provide products by one of the following:

1. BLP Mobile Paint, Theodore, AL Tel. (251) 443-6110.
2. Benjamin Moore & Company, Montvale, NJ. Tel. (800) 344-0400.
3. Farrell-Calhoun Paint, Memphis, TN. Tel. (901) 526-2211.
4. PPG Paints, Inc., Pittsburgh, PA. Tel (412) 434-3131.
5. Rust-Oleum, Vernon Hills, IL. 60061. Tel. (800) 323-3584.
6. Sherwin-Williams Company, Cleveland, OH 44115. Tel. (800) 321-8194. (Basis-of-Design)
7.

B. Substitution Requests: Substitutions that fully meet or exceed the specified requirements may be considered under provisions of Section 01635 - Substitution Procedures

2.02 COLORS AND FINISHES

A. Paint colors, surface treatments, and finishes will be selected from color chips submitted by contractor. Prior to beginning Work, the Architect will select color chips for surfaces to be painted. Use representative colors when preparing samples for review. Final acceptance of colors will be from samples.

B. Colors Pigments: Pure, non-fading, applicable types to suit the substrates and service indicated. Lead content in the pigment, if any, is limited to contain not more than 0.5 percent lead, as lead metal based on the total non-volatile (dry-film) of the paint by weight.

C. Paint Coordination: Provide finish coats which are compatible with prime paints used. Review other sections of these Specifications in which prime paints are to be provided to ensure compatibility of total coats system for various substrates. Upon request from other trades, furnish information on characteristics of finish materials provided for use, to ensure compatible prime coats are used. Provide barrier coats over incompatible primer or remove and reprime as required. Notify the Architect in writing of any anticipated problems using specified coating systems with substrates primed by others.

2.03 MATERIAL QUALITY

A. Provide the best quality grade of the various types of coatings as regularly manufactured by acceptable paint materials manufacturers. Materials not displaying the manufacturer's identification as a standard, BEST GRADE product WILL NOT be

acceptable. Proprietary names used to designate colors or materials are not intended to imply that products of the named manufacturers are required to the exclusion of equivalent products of other manufacturers.

B. Provide undercoat paint produced by the same manufacturer as the finish coats. Use only thinners approved by the paint manufacturer, and use only within recommended limits.

PART 3 - EXECUTION

3.01 EXAMINATION

A. Applicator must examine the areas and conditions under which painting Work is to be applied and notify the Contractor in writing of conditions detrimental to the proper and timely completion of the Work. Do not proceed with the Work until unsatisfactory conditions have been corrected in a manner acceptable to the Applicator. Starting of painting Work will be construed as the Applicator's acceptance of the surfaces and conditions within any particular area.

B. Maximum Moisture Content of Substrates: When measured with an electronic moisture meter as follows:

1. Concrete: 12 percent.
2. Masonry (Clay and CMU): 12 percent.
3. Wood Interior & Exterior located: 10 percent per ASTM D2016.
4.

C. Do not paint over dirt, rust, scale, grease, moisture, scuffed surfaces, or conditions otherwise detrimental to the formation of a durable paint film.

3.02 SURFACE PREPARATION

A. Perform preparation and cleaning procedures in strict accordance with the paint manufacturer's instructions and as herein specified, for each particular substrate condition.

1. Remove all hardware, hardware accessories, machined surfaces, plates, lighting fixtures, and similar items in place and not to be finish-painted, or provide surface-applied protection prior to surface preparation and painting operations.
2. Remove, if necessary, for the complete painting of the items and adjacent surfaces.
3. Following completion of painting of each space or area, re-install the removed items by workmen skilled in the trades involved.
4. Clean surfaces to be painted before applying paint or surface treatments.
5. Remove oil and grease prior to mechanical cleaning.
6. Remove mildew by washing with a mixture of 1 part liquid chlorine bleach to 3 parts water. Before use, be sure to read and follow instructions and warnings on label. Rinse thoroughly.
7. Schedule the cleaning and painting so that contaminates from the cleaning

process with not fall onto wet, newly painted surfaces.

8. Warning-If you scrape, sand, or remove old paint; you may release lead dust or fumes. Lead is toxic and can cause serious illness. Wear a properly fitted NIOSH-approved respirator and prevent skin contact to control lead exposure.
9.

B. Ferrous Metals:

1. Clean ferrous surfaces, which are not galvanized or shop-coated, of oil, grease, dirt, loose mill scale and other foreign substances by solvent or mechanical cleaning.
2. Touch-up shop-applied prime coats wherever damaged or bare. Where required by other Sections of these Specifications, clean and touch-up with the same type shop primer.
3.

C. Galvanized Surfaces: Clean free of oil and surface contaminants with acceptable non-petroleum based solvent.

D. Wood: Clean wood surfaces to be painted of all dirt, oil, or other foreign substances with scrapers, mineral spirits, and sandpaper, and dust off. Scrape and clean small, dry, seasoned knots and apply a thin coat of white shellac or other recommended knot sealer before application of the priming coat.

1. Prime, stain, or seal wood required being job-painted, as soon as practicable upon delivery to job. Prime edges, ends, faces, under sides, and backsides of such wood, including cabinets, counters, cases, paneling, etc. After priming, fill holes and imperfections in finish surfaces with putty or plastic wood-filler. Sandpaper smooth when dry.
2. When transparent finish is required, use sealer as recommended by manufacturer. Seal tops, bottoms, and cutouts of unprimed wood doors with sealer immediately upon delivery to project.
3.

3.03 MATERIALS PREPARATION

A. Mix and prepare painting materials in accordance with manufacturer's directions. Store materials not in actual use in tightly covered containers. Maintain containers used in storage, mixing and application of paint in a clean condition, free of foreign materials and residue. Stir materials before application to produce a mixture of uniform density, and stir as required during the application of the materials. Do not stir surface film into the material. Remove the film and if necessary, strain the material before using.

3.04 APPLICATION

A. Apply paint in accordance with the manufacturer's directions. Use applications and techniques best suited for the substrate and type of material being applied. Apply additional coats when undercoats, stains or other conditions show through the final coat of paint, until the paint film is of uniform finish, color and appearance. Give special attention to insure that all surfaces, including edges, corners, crevices, welds, and exposed fasteners receive a dry film thickness equivalent to that of flat surfaces.

B. Paint surfaces behind movable equipment and furniture the same as similar exposed surfaces. Paint surfaces behind permanently fixed equipment or furniture with prime coat only before final installation of equipment. Paint interior surfaces of ducts, where visible through registers or grilles, with a flat, non-specular black paint. Paint the back-sides of access panels, and removable or hinged covers to match the exposed surfaces.

C. Finish exterior doors on tops, bottoms and side edges the same as the exterior faces, unless otherwise indicated.

D. Sand lightly between each succeeding enamel or varnish coat.

E. Omit the first coat (primer) on metal surfaces that have been shop-primed and touch-up painted, unless otherwise indicated or barrier coat is required for compatibility.

F. Scheduling Paint: Apply the first-coat material to surfaces that have been cleaned, pretreated or otherwise prepared for painting as soon as practicable after preparation and before subsequent surface deterioration. Allow sufficient time between successive coatings to permit proper drying. Do not re-coat until paint has dried to where it feels firm, does not deform or feel sticky under moderate thumb pressure and the application of another coat of paint does not cause lifting or loss of adhesion of the undercoat.

G. Minimum Coating Thickness: Apply each material at not less than the manufacturer's recommended spreading rate, to establish a total dry film thickness as indicated or, if not indicated, as recommended by coating manufacturer.

H. Prime Coats: Apply a prime coat of material which is required to be painted or finished, and which has not been prime coated by others. Re-coat primed and sealed surfaces where there is evidence of suction spots or unsealed areas in first coat, to assure a finish coat with no burn-through or other defects due to insufficient sealing.

I. Pigmented (Opaque) Finishes: Completely cover to provide an opaque, smooth surface of uniform finish, color appearance and coverage. Cloudiness, spotting, holidays, laps, brush marks, runs, sags, or other surface imperfections will not be acceptable.

J. Transparent (Clear) Finishes: Use multiple coats to produce glass-smooth surface film of even luster. Provide a finish free of laps, cloudiness, color irregularity, runs, brush marks, orange peel, nail holes, or other surface imperfections. Provide satin finish for final coats, unless otherwise indicated.

K. Completed Work: Match approved samples for color, texture and coverage. Remove, refinish or repaint Work not in compliance with specified requirements.

3.05 FIELD QUALITY CONTROL

A. Testing of Paint Materials: Owner reserves the right to invoke the following procedure at any time and as often as Owner deems necessary during the period when paints are being applied:

1. Owner will engage the services of a qualified testing agency to sample paint materials being used. Samples of material delivered to Project site will be taken,

identified, sealed, and certified in presence of Contractor.

2. Testing agency will perform tests for compliance of paint materials with product requirements.
3. Owner may direct Contractor to stop applying paints if test results show materials being used do not comply with product requirements.
4. Contractor shall remove non-complying-paint materials from Project site, pay for testing, and repaint surfaces painted with rejected materials.
5. Contractor will be required to remove rejected materials from previously painted surfaces if, on repainting with complying materials, the two paints are incompatible.
6.

3.06 CLEANING AND PROTECTION

A. Cleaning: During the progress of the Work, remove from the site all discarded paint materials, rubbish, cans and rags at the end of each workday. Upon completion of painting work, clean window glass and other paint-spattered surfaces. Remove spattered paint by proper methods of washing and scraping, using care not to scratch or otherwise damage finished surfaces.

B. Protection: Protect Work of other trades, whether to be painted or not, against damage by painting and finishing Work. Correct damage by others for protection of their Work, after completion of painting operations. At the completion of Work of other trades, touch-up and restore all damaged or defaced painted surfaces.

3.07 EXTERIOR PAINTING SCHEDULE

A. Provide the following Sherwin-Williams (or equal) paint systems for the various substrates, as indicated:

1. Ferrous and Zinc Coated Metal
   a. Prime Coat: S-W ProCryl® Universal Primer, B66-310 Series (2.0-4.0 mils dry)
   b. Intermediate Coat: Sher-Cryl™ HPA Acrylic, B66-350 Series (2.5-4.0 mils dry)
   c. Topcoat: Sher-Cryl™ HPA Acrylic, B66-350 Series (2.5-4.0 mils dry)
2. Steel Shop Primed: (structural steel framing exposed to view including steel lintels and steel stairs and handrails)
   a. Prime Coat: S-W ProCryl® Universal Primer, B66-310 Series (2.0-4.0 mils dry)
   b. Intermediate Coat: S-W Pro Industrial Waterbased Alkyd Urethane, B53-1150 series (1.7 mils dry)
   c. Topcoat: S-W Pro Industrial Waterbased Alkyd Urethane, B53-1150 series (1.7 mils dry)
3. Painted Woodwork
   a. Prime Coat: S-W Exterior Latex primer, B42W841 (1.4 mils dry). If tannin bleeding occurs, use A-100 Exterior Stain Blocking Primer, Y24 Series.
   b. Intermediate Coat: S-W A-100 Exterior Latex Gloss, A8 Series (1.3 mils dry)
   c. Topcoat: S-W A-100 Exterior Latex Gloss, A8 Series (1.3 mils dry)
4. Exterior Split Face & Smooth Face Block (Water Repellent-Tinted)

a. Prime Coat: H&C Colortop Solid Color Solvent Based
b. Intermediate Coat: H&C Colortop Solid Color Solvent Based
c. Topcoat H&C Colortop Solid Color Solvent Based (if required for uniform color)

(Comply with manufacturer's instructions for coverage and uniform color.)

d.

3.08 INTERIOR PAINTING SCHEDULE

A. Provide the following Sherwin-Williams (or equal) paint systems for the various substrates, as indicated:

1. Concrete Masonry Units (Epoxy)
   a. Prime Coat: S-W PrepRite Block Filler, B25W25 (8.0 mils dry)
   b. Intermediate Coat: S-W Pro Industrial Water Based Catalyzed Epoxy, B73-360 Series (2.0-5.0 mils dry)
   c. Topcoat: S-W Pro Industrial Water Based Catalyzed Epoxy, B73-360 Series (2.0-5.0 mils dry)
2. Ferrous and Zinc Coated Metal
   a. Prime Coat: S-W ProCryl® Universal Primer, B66-310 Series (2.0-4.0 mils dry)
   b. Intermediate Coat: S-W ProClassic Waterborne Acrylic Semi-Gloss, B31 Series (2.0-3.0 mils dry)
   c. Topcoat: S-W ProClassic Waterborne Acrylic Semi-Gloss, B31 Series (2.0-3.0 mils dry)
3. Painted Woodwork
   a. Prime Coat: S-W ProMar 200 Zero VOC Interior Latex Primer, B28-2600 (1.0 mils dry)
   b. Intermediate Coat: S-W ProClassic Waterborne Acrylic Semi-Gloss, B31 Series (2.4-3.0 mils dry)
   c. Topcoat: S-W ProClassic Waterborne Acrylic Semi-Gloss, B31 Series (2.4-3.0 mils dry)
   d.

END OF SECTION

SECTION 10280 TOILET ACCESSORIES

PART 1 - GENERAL

1.01 SUMMARY

A. Section Includes:

1. Public-use washroom accessories including electric hand dryers.

1.02 COORDINATION

A. Coordinate accessory locations with other work to prevent interference with clearances required for access by people with disabilities, and for proper installation, adjustment, operation, cleaning, and servicing of accessories.

B. Deliver inserts and anchoring devices set into concrete or masonry as required to prevent delaying the Work.

C. Coordinate blocking and anchoring devices for owner furnished accessories.

1.03 ACTION SUBMITTALS

A. Product Data: For each type of product.

1. Include construction details, material descriptions, dimensions of individual components and profiles, and finishes.
2. Include anchoring and mounting requirements, including requirements for cutouts in other work and substrate preparation.
3. Include electrical characteristics.

B. Product Schedule: Indicating types, quantities, sizes, and installation locations by room of each accessory required.

1. Identify locations using room designations indicated.
2. Identify accessories using designations indicated.

1.04 INFORMATIONAL SUBMITTALS

A. Sample Warranty: For manufacturer's special warranty.

1.05 CLOSEOUT SUBMITTALS

A. Maintenance Data: For accessories to include in maintenance manual.

1.06 WARRANTY

A. Manufacturer's Special Warranty for Mirrors: Manufacturer agrees to repair or replace mirrors that fail in materials or workmanship within specified warranty period.

1. Failures include, but are not limited to, visible silver spoilage defects.
2. Warranty Period: 5 years from date of Substantial Completion.

PART 2 - PRODUCTS

2.01 OWNER-FURNISHED MATERIALS

A. Owner-Furnished Materials: Toilet Tissue Dispenser, As indicated on the Drawings.

1. At return of Contractor submittal product data for Owner furnished materials will be provided to the Contractor for scheduling and installation use.

2.02 PRODUCTS

A. Source Limitations: Obtain all accessories from single source from single manufacturer.

B. Basis-of-Design: Specific products from Bobrick Washroom Equipment, Inc. and others are identified on the Drawings by model number. Provide either the identified product or a comparable product form one of the following manufacturers:

1. A & J Washroom Accessories
2. A.S.I.
3. Bradley Corporation.
4. Surface Mounted Vertical Soap Dispenser: American Specialties Model 0347
5. Electric Hand Dryers: American Specialties Model 0165. Coordinate model voltage with electrical before ordering.
6. Baby Changing Station: Equal to Koala Kare model KB112-01CT Countertop surface mounted unit.
7. Mirrors: Equal to Vandal Stop by Atlas American Products LLC (Phone No. 530-894-7867) Model AA-MVL: Safety Mirror, 14 ga. stainless steel, finish #4 satin. Refer to Drawings for locations and size(s).
8. Toilet Tissue Dispenser: Owner furnished and installed. Custom fabricated by Owner per City of Mobile specifications.

2.04 MATERIALS.

A. Stainless Steel: ASTM A 666, Type 304, 0.031-inch (0.8-mm) minimum nominal thickness unless otherwise indicated.

B. Brass: ASTM B 19, flat products; ASTM B 16/B 16M, rods, shapes, forgings, and flat products with finished edges; or ASTM B 30, castings.

C. Steel Sheet: ASTM A 1008/A 1008M, Designation CS (cold rolled, commercial steel), 0.036-inch (0.9-mm) minimum nominal thickness.

D. Galvanized-Steel Sheet: ASTM A 653/A 653M, with G60 (Z180) hot-dip zinc coating.

E. Galvanized-Steel Mounting Devices: ASTM A 153/A 153M, hot-dip galvanized after fabrication.

F. Fasteners: screws, bolts, and other devices of same material as accessory unit and tamper-and-theft resistant.

G. Chrome Plating: ASTM B 456, Service Condition Number SC 2 (moderate service).

H. Mirrors: ASTM C 1503, Mirror Glazing Quality, clear-glass mirrors, nominal 6.0 mm thick.

2.05 FABRICATION

A. General: Fabricate units with tight seams and joints, and exposed edges rolled. Hang doors and access panels with full-length, continuous hinges. Equip units for concealed anchorage and with corrosion-resistant backing plates.

B. Keys: Provide universal keys for internal access to accessories for servicing and resupplying. Provide minimum of six keys to Owner's representative.

C. Furnish and install surface-mounted Nova Cast Aluminum, Integral Nozzle, Automatic Hand Dryer 100 to 240 Volts.

PART 3 - EXECUTION

3.01 INSTALLATION

A. Install accessories according to manufacturers' written instructions, using fasteners appropriate to substrate indicated and recommended by unit manufacturer. Install units level, plumb, and firmly anchored in locations and at heights indicated.

B. Grab Bars: Install to withstand a downward load of at least 250 lbf (1112 N), when tested according to ASTM F 446.

C. Install hand dryers level, plumb and firmly anchored into walls using manufacturer’s recommended anchors. Apply a bead of sealant around edges of cover to wall.

D. Verify that folding benches, if provided, are installed to provide 500 lb. support limit.

3.02 ADJUSTING AND CLEANING

A. Adjust accessories for unencumbered, smooth operation. Replace damaged or defective items.

B. Remove temporary labels and protective coatings.

C. Clean and polish exposed surfaces according to manufacturer's written instructions.

END OF SECTION

SECTION 10431 SIGNS

PART 1 - GENERAL

1.01 SUMMARY

A. Section Includes:

1. Panel signs.
2. Signage accessories.

1.02 COORDINATION

A. Coordinate locations with other work to prevent interference with clearances required for access by people with disabilities, and for proper installation, adjustment, operation, cleaning, and servicing of accessories.

B. Deliver inserts and anchoring devices set into concrete or masonry as required to prevent delaying the Work.

1.03 SUBMITTALS

A. Product Data: For each type of product.

1. Include construction details, material descriptions, dimensions of individual components and profiles, and finishes for each type of sign.

B. Product Schedule: Include plans, elevations, and large-scale sections of typical members and other components. Show mounting methods, grounds, mounting heights, layout, spacing, reinforcement, accessories, and installation details.

1. Provide message list for each sign, including large-scale details of wording, lettering, artwork, and Braille layout.

C. Samples for Initial Selection: For each type of sign material indicated that involves color selection.

D. Samples for Verification: Include the following Samples to verify color selected and style selections:

1. Panel Signs: Full-size samples.
2. Approved samples will not be returned for installation into Project.

E. Qualification Data: For Installer.

F. Maintenance Data: For signage cleaning and maintenance requirements to include III maintenance manuals.

1.06 QUALITY ASSURANCE

A. An Installer Qualifications: An authorized representative of signage manufacturer for installation and maintenance of units required for this Project.

B. Source Limitations: Obtain each sign type through one source from a single manufacturer.

C. Regulatory Requirements: Comply with the Americans with Disabilities Act (ADA) and with code provisions as adopted by authorities having jurisdiction.

1. Interior Code Signage: Provide signage as required by accessibility regulations and requirements of authorities having jurisdiction. These include, but are not limited to, the following:
   a. Illuminated Exit Signs: Refer to Electrical Drawings.
   b. Room Capacity: See Architectural Drawings.

PART 2 – PRODUCT

2.01 PANEL SIGNS

A. General: Provide panel signs that comply with requirements indicated for materials, thicknesses, finishes, colors, designs, shapes, sizes, and details of construction.

B. Basis-of-Design Product: Subject to compliance with requirements, provide Best Sign Systems; Strata and Strata Updateable Signs or a comparable product by one of the following:

1. Andco Industries Corp.
2. APCO Graphics, Inc.
3. ASI Sign Systems, Inc.
4. Innerface Sign Systems, Inc.
5. Mohawk Sign Systems.

C. Cast-Acrylic Sheet: Manufacturer's standard and as follows:

1. Color: As selected by Architect from manufacturer's full range.

D. Plastic Laminate: Provide high-pressure laminate engraving stock with face and core plies as selected by Architect from manufacturer's full range.

E. Aluminum Sheet and Plate: ASTM B 209 (ASTM B 209M), alloy and temper recommended by aluminum producer and finisher for type of use and finish indicated, and with not less than the strength and durability properties of5005-H15.

F. Laminated Panels: Permanently laminate face panels to backing sheets of material; use manufacturer's standard process.

G. Graphic Content and Style: Provide sign copy that complies with requirements indicated in the Sign Schedule and on Drawings for size, style, spacing, content, mounting height and location, material, finishes, and colors of signage.

D. Tactile and Braille Copy: Manufacturer's standard process for producing copy complying with ADA Accessibility Guidelines and ICC/ANSI AII7.I. Text shall be accompanied by Grade 2 Braille. Produce precisely formed characters with square cut edges free from burrs and cut marks.

1. Panel Material: Opaque acrylic sheet.
2. Raised-Copy Thickness: Not less than 1/32 inch.

E. Engraved Copy: Machine engraves letters, numbers, symbols, and other graphic devices into panel sign on face indicated to produce precisely formed copy, incised to uniform depth.

1. Engraved Plastic Laminate: Engrave through exposed face ply of plastic-laminate sheet to expose contrasting core ply.

F. Applied Copy: Die-cut characters from vinyl film of nominal thickness of 3 mils with pressure sensitive adhesive backing. Apply copy to exposed face of panel sign, glass, doors, and wall surfaces as indicated on Architectural Drawings.

1. Panel Material: Opaque acrylic sheet.

G. Colored Coatings for Acrylic Sheet: For copy and background and frame colors, provide Pantone Matching System (PMS) colored coatings, including inks and paints that are recommended by acrylic manufacturers for optimum adherence to acrylic surface and are non-fading for application intended.

2.02 PANEL SIGN TYPES

A. Room Signs:

1. Material: Exterior Grade, Cast-acrylic sheet. Exterior Performance.
2. Copy: Tactile and Braille. Character Style: Helvetica.
3. Text: As indicated in the Sign Schedule. Message: N/A.
4. Sizes:
   a. Sign: As indicated on Drawings.
   b. Character: Minimum l-inch- high characters.
5. Colors:
   a. Character: White
   b. Background: Black
6. Schedule: See Drawings.

B. Sink Signs:

1. Material: 3MM White MaxMetal with rounded corners
2. Character Style: Arial.
3. Text: (2) versions, as indicated on Drawings Sign Types. Message: See Sign Types on Drawings.
4. Sizes: (2) sizes, As indicated on Drawings.

a. Sign: As indicted on Sign Type in Drawings.
b. Character: Minimum l-inch- high characters.

5. Colors:
b. Character: Black
c. Background: White, as indicated on Drawings Sign Type
6. Schedule: See Drawings.

2.03 ACCESSORIES

A. Vinyl Film: Provide opaque non-reflective vinyl film, 0.0035-inch minimum thickness, with pressure-sensitive adhesive backing suitable for both exterior and interior applications.

B. Mounting Methods: Use concealed fasteners fabricated from materials that are not corrosive to sign material and mounting surface.

C. Anchors and Inserts: Provide nonferrous-metal or hot-dip galvanized anchors and inserts for exterior installations and. elsewhere as required for corrosion resistance. Use toothed steel or lead expansion-bolt devices for drilled-in-place anchor-so Furnish inserts, as required, to be set into concrete or masonry work.

2.04 FABRICATION

A. General: Provide manufacturer's standard signs of configurations indicated.

1. Welded Connections: Comply with AWS standards for recommended practices in shop welding. Provide welds behind finished surfaces without distortion or discoloration of exposed side. Clean exposed welded surfaces of welding flux and dress exposed and contact surfaces.
2. Mill joints to tight, hairline fit. Form joints exposed to weather to exclude water penetration.
3. Preassemble signs in the shop to greatest extent possible. Disassemble signs only as necessary for shipping and handling limitations. Clearly mark units for reassembly and installation, in location not exposed to view after final assembly.
4. Conceal fasteners if possible; otherwise, locate fasteners where they will be inconspicuous.

2.05 FINISHES, GENERAL

A. Protect mechanical finishes on exposed surfaces from damage by applying strippable, temporary protective covering before shipping.

B. Appearance of Finished Work: Variations in appearance of abutting or adjacent pieces are acceptable if they are within one-half of range of approved Samples. Noticeable variations in same piece are not acceptable. Variations in appearance of other components are acceptable if they are within range of approved Samples and are assembled or installed to minimize contrast.

PART 3 - EXECUTION

3.01 EXAMINATION

A. Examine substrates, areas, and conditions, with Installer present, for compliance with requirements for installation tolerances and other conditions affecting performance of work.

B. Verify that items, including anchor inserts, and electrical power provided under other sections of Work are sized and located to accommodate signs.

C. Examine supporting members to ensure that surfaces are at elevations indicated or required to comply with authorities having jurisdiction and are free from dirt and other deleterious matter.

D. Proceed with installation only after unsatisfactory conditions have been corrected.

3.02 INSTALLATION

A. General: Locate signs and accessories where indicated, using mounting methods of types described and in compliance with manufacturer's written instructions.

B. Install signs level, plumb, and at heights indicated, with sign surfaces free from distortion and other defects in appearance.

C. Interior Wall Signs: Install signs on walls adjacent to latch side of door where applicable.

D. Where not indicated or possible, such as double doors, install signs on nearest adjacent walls. Locate to allow approach within 3 inches of sign without encountering protruding objects or standing within swing of door. Mount sign centered approximately 5-feet 0-inches above finish floor.

E. Wall-Mounted Panel Signs: Attach panel signs to wall surfaces using methods indicated below:

1. Mechanical Fasteners: Use non-removable mechanical fasteners placed through predrilled holes. Attach signs with fasteners and. anchors suitable for secure attachment to substrate as recommended in writing by sign manufacturer.

F. Cast-Metal Plaques: Mount plaques using standard fastening methods to comply with manufacturer's written instructions for type of wall surface indicated.

1. Concealed Mounting: Mount plaques by inserting threaded studs into tapped lugs on back of plaque. Set in predrilled holes filled with quick-setting cement.

3.03 CLEANING AND PROTECTION

A. After installation, clean soiled sign surfaces according to manufacturer's written instructions. Protect signs from damage until acceptance by Owner.

3.04 SIGN SCHEDULE

A. See Drawings for more information.

END OF SECTION

SECTION 10525 FIRE EXTINGUISHERS

PART 1 - GENERAL

1.01 SUMMARY

A. Section Includes: Portable multi-purpose, dry-chemical fire extinguisher(s) including mounting brackets.

1.02 ACTION SUBMITTALS

A. Product Data: Manufacturer's technical data and installation instructions for all portable fire extinguishers required.

1.03 CLOSEOUT SUBMITTALS

A. Operation and maintenance data.

1.04 QUALITY ASSURANCE

A. NFPA Compliance: Fabricate and label fire extinguishers to comply with NFPA 10, "Portable Fire Extinguishers."

B. Fire Extinguishers: Listed and labeled for type, rating, and classification by an independent testing agency acceptable to authorities having jurisdiction.

C. Coordinate type and capacity of fire extinguishers with fire protection cabinets to ensure fit and function.

PART 2 - PRODUCTS

2.01 ACCEPTABLE MANUFACTURERS

A. Drawings and Specifications are based on products manufactured by J.L. Industries, Inc., 4450 W. 78th Street Circle, Bloomington, MN 55435. Tel. (612) 835-6850.

B. Equivalent products by the following manufacturers are acceptable:

1. Amerex Corp., Trussville, AL. Tel. (205) 655-3271.
2. Larsen's Mfg. Co., Minneapolis, MN. Tel. (612) 571-1181.
3. Potter-Roemer, Santa Ana, CA. Tel. (800) 366-3473.

C. Substitutions that fully meet or exceed the specified requirements may be considered under provisions of Section 01635 - Substitution Procedures.

2.02 FIRE EXTINGUISHERS

A. Provide fire extinguishers for each location indicated, in colors and finishes that comply with requirements of governing authorities.

B. Multi-Purpose Dry Chemical for Surface Mounting: Equal to J.L. Industries Cosmic 10E, UL rated 4A-80BC, 10 lb. nominal capacity.

2.03 MOUNTING BRACKETS

A. Mounting Brackets: Provide manufacturer's bracket designed to prevent accidental dislodgment of extinguisher, of proper size for type and capacity of extinguisher indicated, in manufacturer's standard plated finish.

PART 3 - EXECUTION

3.01 INSTALLATION

A. Install items included in this section in locations and at mounting heights indicated, or if not indicated, at heights to comply with ADA and applicable regulations of governing authorities.

B. Examine fire extinguishers for proper charging and tagging.

1. Remove and replace damaged, defective, or undercharged fire extinguishers.

C. Securely fasten mounting brackets to structure, square and plumb, to comply with manufacturer's instructions.

D. Fire Extinguisher unit(s) shall be mounted in exposed location(s) where indicated on Drawings.

2.1 Special Inspections - IBC Section 1704

Building Permit Requirements: The permit applicant shall submit a statement of Special Inspections prepared by the Registered Design Professional in charge and in accordance with IBC Section 107.1. As a condition for permit issuance, this statement shall include a list of materials and work requiring special inspections by this Section, 1704.3, the inspections to be performed, list of individuals, approved agencies and firms intended to be retained for conducting such inspections.

Yes X No

If no, explain

2.2 STATEMENT OF SPECIAL INSPECTIONS

PROJECT NAME:
PROJECT ADDRESS:

PERMIT APPLICANT:
PERMIT APPLICANT ADDRESS:
OWNER:
OWNER
ADDRESS:

REGISTERED DESIGN PROFESSIONALS:

ARCHITECT:
GEOTECHNICAL ENGINEER:
STRUCTURAL ENGINEER:
MECHANICAL ENGINEER:
ELECTRICAL ENGINEER:

A Statement of Special Inspections shall be submitted as a condition for the issuance of a permit in accordance with the International Building Code, Chapter 17. The Statement of Special Inspections shall include a Schedule of Special Inspections for the above-referenced project, as well as identify the individuals, agencies, or firms intended to be retained for conducting the Special Inspections.

The Special Inspector (s) shall keep records of all inspections and shall furnish interim inspection reports to the building official and to the registered design professional in responsible charge and at a frequency agreed upon by the permit applicant and building official prior to the start of work. Discrepancies shall be brought to the immediate attention of the contractor for correction. If the discrepancies are not corrected, the discrepancies shall be brought to the attention of the building official and the registered design professional in charge prior to the completion of that phase of the work. A Final Report of Final Inspections documenting required Special Inspections and correction of any discrepancies noted in the inspections shall be submitted by each agent at the completion of that phase of work.

The minimum frequency of interim report submittals shall be not less than:
Monthly Bi-Monthly Upon completion Per Attached Schedule

The Special Inspection Program does not relieve the Contractor of the responsibility to comply with the Contract Documents. Jobsite safety, means and methods of construction are solely the responsibility of the Contractor.

3.2 Construction Description

New Construction X Renovation (Existing Bldg.) Tenant Build-out
Alteration Addition Change of Occupancy

Scope of Work - Building: RENOVATE INTERIOR FINISHES AND EXISTING RESTROOMS TO BE ADA COMPLIANT. RENOVATE FOR A NEW WARMING KITCHEN. ALL MEP SYSTEMS TO BE UPGRADED.

Scope of Work - Electrical: REMOVE ALL EXISTING LIGHTING AND REPLACE WITH NEW ENERGY EFFICIENT LED LIGHTING (INCLUDING BUT NOT LIMITED TO GENERAL LIGHTING AND EXIT LIGHTING.PROVIDE NEW POWER AS REQUIRED FOR NEW WARMING KITCHEN. REMOVE AND REPLACE INTERIOR DISTRIBUTION PANEL. REMOVE ALL ABANDONED EQUIPMENT, DEVICES, CABLING, CONDUIT, ETC.

Scope of Work - Mechanical: REPLACE EXISTING PACKAGE UNIT AND ASSOCIATED AIR DISTRIBUTION SYSTEM WITH A NEW UNIT AND AIR DISTRIBUTION SYSTEM.

3. GENERAL CODE DATA (CONT'D)

Scope of Work - Plumbing: DEMOLISH EXISTING PLUMBING FIXTURES AND REPLACE NEW. NEW WATER AND SEWER SYSTEMS.

Scope of Work - Energy Conservation: N/A

Scope of Work - Fire: N/A

3.3 Existing Buildings

The building will remain in operation during construction ___Yes X No

If yes, add provisions for rigid safety barriers and dust barriers to protect the public during construction in accordance with the applicable provisions of IBC Chapter 33. Yellow safety tape not acceptable.

3.4 Renovations

Is the work in this building or space a change of occupancy? ___Yes X No

3.5 Historic buildings

This building is a Historic Building ___Yes X No

3.6 Compliance Alternatives- (IBC Section 3412)

Provide building evaluations when existing building does not meet current codes and renovations will not meet all requirements of current building code. Provide evaluation of existing building and a second evaluation reflecting those design features chosen by the Architect/Engineer to give the building a positive score for fire safety, means of egress, and general safety. Call Chief Building Inspector if you are not sure whether evaluation is required or not. Include Summary sheet (Tables in 3412) on drawings including applicable calculations.

5.3 Mixed Occupancy ___ No X Yes Separation _____ Hr
Exception

Identify whether you are using the provisions of Non-Separated Uses or Separated Uses by placing an "X" below by your design choice.

X Non-Separated Mixed Occupancy (508.3)

The required type of construction for the building shall be determined by applying the height and area limitations for each of the applicable occupancies to the entire building. The most restrictive type of construction, so determined, shall apply to the entire building.

__ Separated Mixed Occupancy (508.4)

Each portion of the building shall be individually classified as to use and shall be completely separated from adjacent areas by fire barrier walls or horizontal assemblies or both having a fire-resistance rating determined in accordance with **Table 508.4** for the uses being separated. For each story, the area of the occupancy shall be such that the sum of the ratios of the actual floor area of each use divided by the allowable floor area for each use shall not exceed 1.

__ Incidental Use Areas (Table 508.2.5)

$\frac{\text{Actual Area of Occupancy A}}{\text{Allowable Area of Occupancy A}} + \frac{\text{Actual Area of Occupancy B}}{\text{Allowable Area of Occupancy B}} \leq 1$

6. ALLOWABLE BUILDING AREAS AND HEIGHTS (TABLE 503)

6.1 Allowable Area

Allowable area SEE LS1 Sq. Ft Actual area TOTAL = 1,343 Sq. Ft
Attach area increase calculations per Section 506, if applicable. For unlimited areas, provide applicable paragraph number in Section 507 _____.

6.2 Allowable Height SEE LS1 FOR MIXED USE ALLOWABLE HEIGHT & STORIES

Allowable height ___--___Ft Actual building height +/- 14'-0" Ft

Non-bearing walls and partitions	Interior 0	--
Floor Construction: supporting beams and joists	0	--
Roof construction (Including supporting beams and joists)	0	--

Sprinkler Systems Yes X No Partial
Sprinkler Type 13 13R 13D
Standpipes Yes X No Wet Dry Class
Fire/Smoke Alarm Yes X No

7.2 Fire Rated Elements

Fire Element	Required	UL* Hourly Rating	Number
Interior Walls Bearing	0	--	--
Non-bearing	0	--	--
Ceiling-Floors	0	--	--
Beams	0	--	--
Columns	0	--	--
Ceiling-Roofs	0	--	--
Shafts-Exit	0	--	--
Shafts-Other	0	--	--
Corridor Separation	0	--	--
Occupancy Separation	--	--	--
Party/Fire Wall Separation:	N/A	--	--
Smoke Barrier Separation:	N/A	--	--
Tenant Separations:	N/A	--	--

* **Or other approved agencies**

FOOTNOTES

1. All fire rated walls shall be identified on plans by hatching, shading, etc.; show legend.
2. Identify code section when using any special exceptions, etc.
   Reproduce full UL. or other approved agencies details or reproductions of rated assemblies/penetrations on the drawings.

7.3 Draftstopping N/A

Draftstopping in floor (718.3) ___Yes ___No
Draftstopping in attic (718.4) ___Yes ___No

7.4 Distance to Property Line from Exterior Wall (Table 602) N/A
(Site Plan/Reference Plan required)

Fire Separation Distance _____ Ft Fire Resistance Rating _____ Hrs

7.5 Life Safety Systems

Emergency Lighting:	___ No	X Yes
Exit Signs:	___ No	X Yes
Fire Alarm:	X No	___ Yes
Smoke Detection Systems:	X No	___ Yes

8. EXIT REQUIREMENTS

8.1 Exit Access

No. of exits required 2
No. of exits furnished 2

8.2 Means of egress width (1005)

Units of Exit required 41.8 inches
Units of Exit furnished 126 inches

Stair width units required N/A inches
Stair width units provided N/A inches

8.3 Diagonal Rule (1015.1) N/A

Meets 1015.2.1 ___ Yes ___ No

8.4 Travel Distance (Table 1017.2)

Allowable Travel Distance 200 Ft
Actual Travel Distance (Maximum) 52 Ft

8.5 Spaces with one means of egress (1015) N/A

For buildings with one means of egress, I have checked the occupant load and the common path of travel against the requirements of IBC 1015. ____ Yes ____ No.

9. LIFE SAFETY PLAN

Provided X Yes ____ No (If yes, Drawing No.) SEE SHEET LS1

10. ACCESSIBILITY (Chapter 11)

Design conforms to IBC Chapter 11 ICC A117.1-2009. X Yes ___ No
If no, explain condition that will not allow building to be accessible.

10.1 ACCESSIBLE PARKING N/A

Total Parking Spaces _____
Total Accessible Parking Spaces _____
Total Accessible Van Parking _____

11. DESIGN LOADS N/A

Ultimate Design Wind Speed Maps in accordance with 11609 0r ASCE 7-10

_____ Risk Cat. I - 145 mph _____ Risk Cat. II - 159 mph _____ Risk Cat III & IV - 169 mph

Classification of Building Category/Use Group _____ (I, II, III, IV)

Live Load Roof _____ PSF
Attic _____ PSF
Mezzanine _____ PSF
Floor _____ PSF

Wind Borne Debris Region (1609.1.2) N/A

This building will use impact resistant glass per 1609.1.2. ____ Yes ____ No

This building will use wood structural panels per exception 1609.1.2. ___ Yes ___ No

This building will use shutters.____ Yes ____No

Load-Bearing Values of Soils (1610) N/A

Allowable soil bearing_____ pounds / sq. ft.
Soil Report ____ Yes ___ No.

Earthquake Design (1613) N/A

Seismic Design Load Controls _____ Yes ____ No
If seismic design controls, furnish data required in 1603.1.5.

12. SPECIAL DETAILED REQUIREMENTS N/A

I have reviewed the special detail requirements in Chapter 4 as indicated below and incorporated the provisions into my design.

REQUIREMENT		APPLICABLE (Yes or N/A)
402	Covered Mall building	N/A
403	High rise buildings	N/A
404	Atriums	N/A
405	Under Ground buildings	N/A
406	Motor-vehicle Related Occupancies	N/A
407	Group I-2	N/A
408	Group I-3	N/A
409	Motion Picture Projection Rooms	N/A
410	Stages & Platforms	N/A
411	Special Amusement Buildings	N/A
412	Aircraft Related Occupancies	N/A
413	Combustible Storage	N/A
414	Hazardous Materials	N/A
415	Groups H-1, H-2, H-3, H-4, & H-5	N/A
416	Application of flammable finishes	N/A
417	Drying Rooms	N/A
418	Organic Coatings	N/A

13. FLOOD REQUIREMENTS (IBC 1612) N/A
All projects located in a Special Flood Hazard Area shall comply with the City of Mobile Storm Water Management and Flood Control Ordinance.

13.1 Special Flood Hazard Area ____ Yes ____ No
13.2 Flood Zone
Base Flood Elevation (BFE) _____
Minimum Finish Floor Elevation (MFFE) _____
13.3 Flood proofing Requirements ____ Yes ____ No
13.4 Flood Proofing Certificate provided ____ Yes ____ No
13.5 Flood Proofing Plan included ____ Yes ____ No
13.6 Flood Openings Requirements
____Yes ____ No
Total net area of flood openings _____
No. of flood openings _____
13.7 Comments _____

QUALITY ASSURANCE FOR WIND REQUIREMENTS (IBC 1705.10)

I have reviewed the requirements of IBC Section 1705 and my design incorporates the requirements of this Section of the Code and is reflected on the drawings and in the specifications.
X Yes ____ No

I have notified the Contractor of his responsibility under Section 1704. ____ Yes X No N/A

*Contractor's Signature: _____
At time of permitting

15. SAFETY GLAZING FOR HAZARDOUS LOCATION N/A

I have identified on drawings where tempered glass is required in hazardous locations. (2406.3)
____Yes X No N/A

16. PREFABRICATED METAL BUILDINGS N/A

Requirements for metal building erection drawings included on drawings _____

17. PRE-ENGINEERED TRUSSES N/A

Live Loads shown _____
Wind Loads shown _____
Certification from manufacturer (Sealed) _____

18. FIRE DEPARTMENT REQUIREMENTS N/A

18.1 Required water supply _____ gpm @ psi (per Architect/Engineer)
(The Insurance Service Office (ISO) method; the Iowa State University (ISU) Method; the Illinois Institute of Technology (IIT) Research Institute Method), or the 2012 International Fire Code (Table B105.1).

18.2 Hydraulic calculations for fire hydrant systems shall be submitted to the Fire Department for review and approval prior to construction.
_____Yes X No

18.3 ***Timing of Installation***. Fire apparatus access roads and a water supply for fire protection shall be installed and made serviceable prior to and during the time of construction.
_____Yes X No

18.4 Knox Key Box is required for all commercial occupancies with fire alarm and fire protection systems and all commercial occupancies requiring a certificate of occupancy inspection.
_____Yes X No

19. ENERGY CODE REQUIREMENTS N/A

19.1 Energy Requirements:
The following data shall be considered minimum and any special attribute required to meet the energy code shall also be provided. Each Designer shall furnish the required portions of the project information for the plan data sheet. If performance method, state the annual energy cost for the standard reference design versus annual energy cost for the proposed design.

19.2 Climate Zone: 2 - Mobile, Alabama N/A

19.3 Method of Compliance: N/A

Prescriptive (International Energy Conservation Code - (Latest edition adopted by State)) EXIST
Building Envelope Requirements
Building Mechanical Systems
Service Water Heating
Electrical Power & Lighting System
Prescriptive (ASHRAE 90.1) _____
UA Trade-Off (need signed COMcheck calculations or other approved software) _____
Performance (International Energy Conservation Code) _____
Performance (ASHRAE 90.1) _____

20. ELECTRICAL CODE REQUIREMENTS

20.1 Electrical Work X Yes ____ No
(If no, submit a Letter of Supervision indication electrical is not included in scope of work.)
20.2 Riser Diagram included X Yes ____ No
20.3 Panel Schedules X Yes ____ No
20.4 Light Fixture Schedule X Yes ____ No
20.5 Service Location ____ Yes X No
20.6 Panel Location X Yes ____ No

21. MECHANICAL CODE REQUIREMENTS

21.1 Provide complete floor plan of mechanical layout (ductwork, a/c units, air-handlers, etc.) X Yes ____ No
21.2 Manufacturer's specifications. X Yes ____ No
21.3 HVAC equipment schedules. X Yes ____ No
21.4 HVAC clearances. X Yes ____ No
21.5 EER ratings for cooling capacity. X Yes ____ No
21.6 Permanent roof access location, (if required) ____Yes X No
21.7 Outside air ventilation calculations, (ASHRAE 62-2012) X Yes ____ No
21.8 Verify rated walls/ceilings with in building. N/A Yes X No
21.9 Printout of heating and cooling load calculations, (manual J) ____ Yes X No
21.10 Dryer vent length and location, (if applicable) N/A Yes X No

22. RESTAURANTS/BUILDINGS USING COOKING EQUIPMENT N/A

22.1 Kitchen equipment schedule. X Yes ____ No
22.2 Ventilation calculations shown on drawings. ____ Yes X No N/A
22.3 Cooking and ventilation equipment specifications. ____ Yes X No N/A
22.4 Exhaust outlet discharge clearances. ____ Yes X No N/A
22.5 Hood clearances from combustibles. ____ Yes X No N/A
22.6 Exhaust duct materials and construction type. ____ Yes X No N/A
22.7 Exhaust duct layout diagram shown. ____ Yes X No N/A

23. PLUMBING REQUIREMENTS

23.1 Plumbing Work X Yes ____ No
(If no, submit a Letter of Supervision indication plumbing is not included in scope of work.)
23.2 Riser Diagram included X Yes ____ No
23.3 Fixture Schedule included X Yes ____ No
23.4 Public Sewer X Yes ____ No
23.5 Total Number of Required Fixtures:

DEMOLITION LEGEND

- INDICATES EXISTING CMU WALL WITH BRICK VENEER TO REMAIN
- INDICATES EXISTING CONSTRUCTION TO BE REMOVED COMPLETE

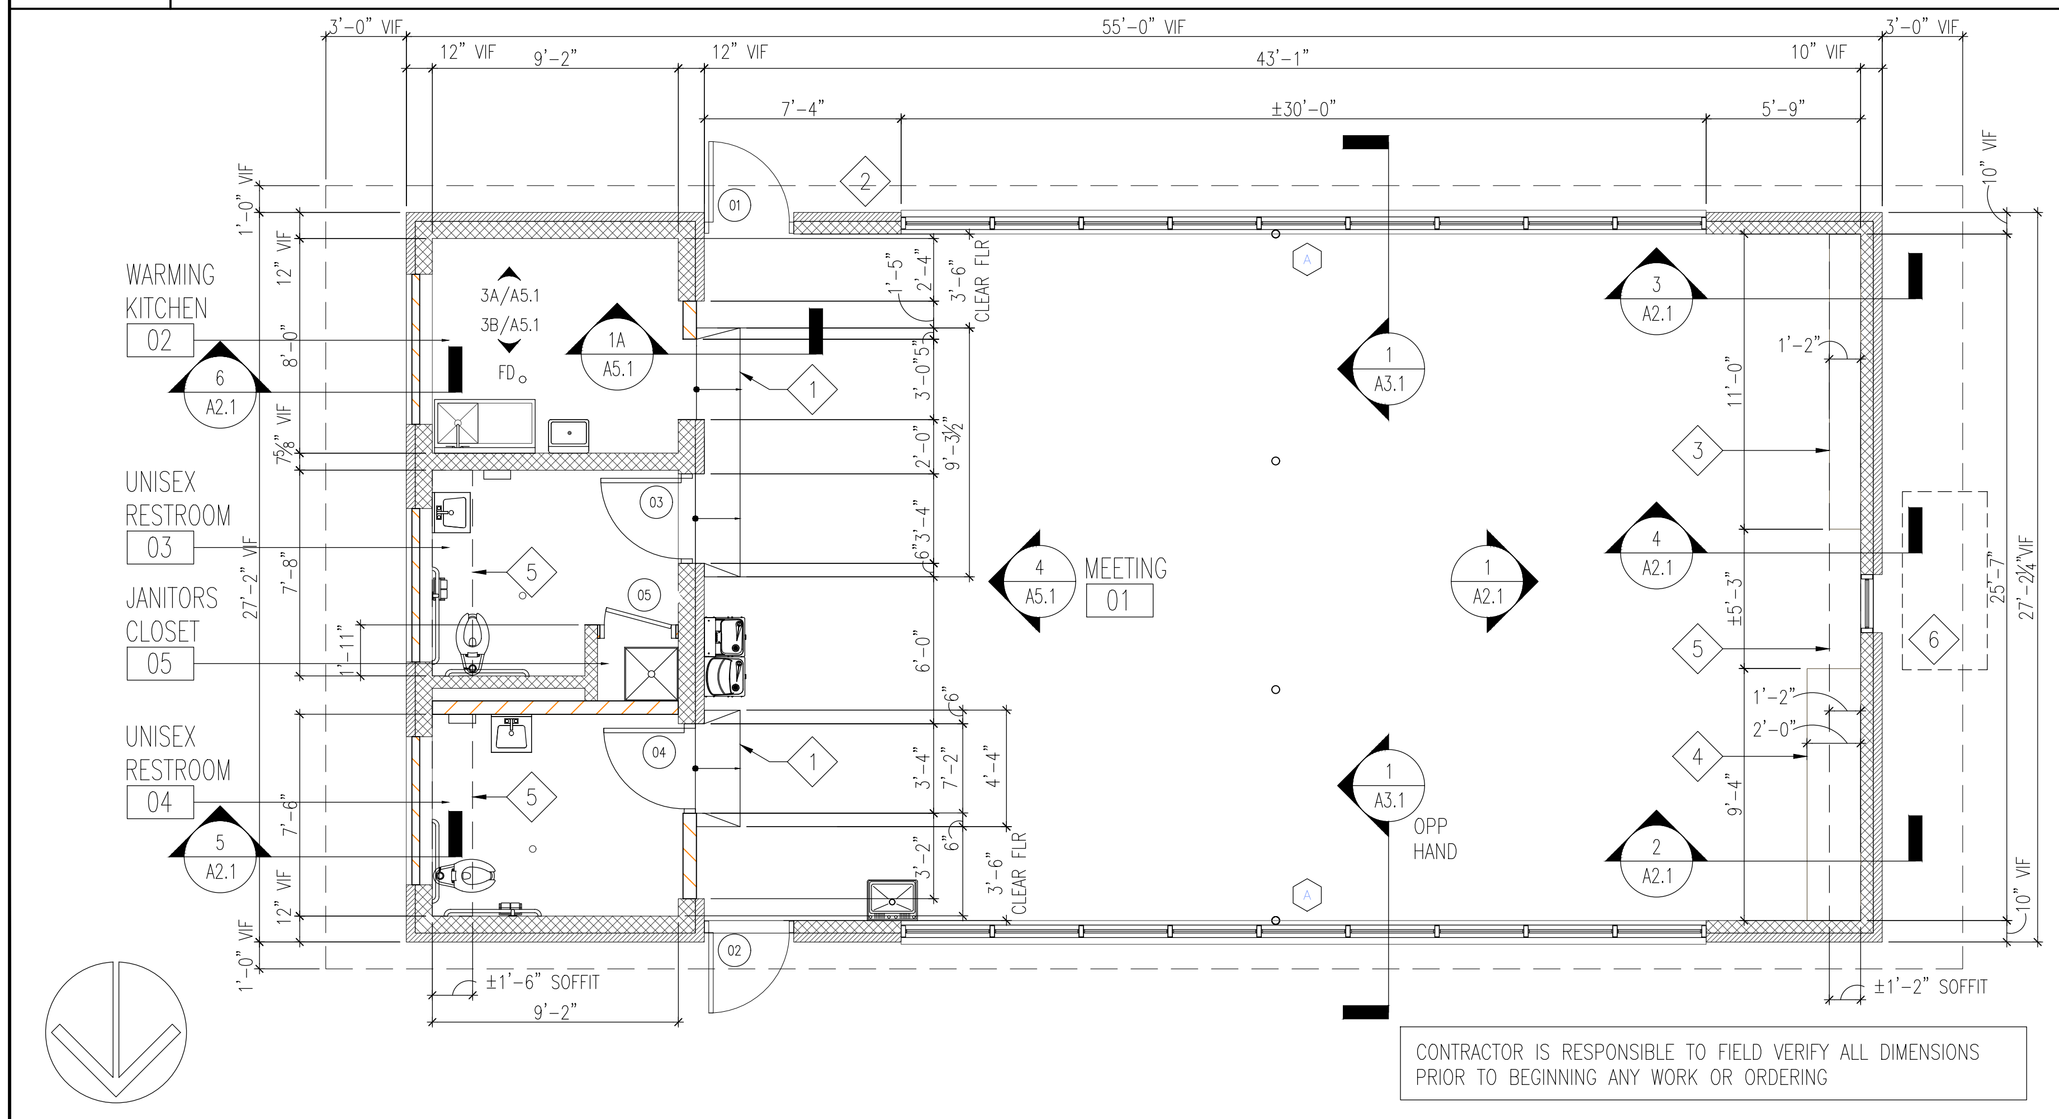
DEMOLITION KEY NOTES

1. REMOVE ALL EXISTING FURNITURE, FIXTURES AND EQUIPMENT & SALVAGE PER OWNERS INSTRUCTIONS
2. REMOVE EXISTING FLOOR FINISH & PREPARE SUB-STRAIGHT FOR NEW FLOOR FINISH PER FINISH SCHEDULE
3. REMOVE EXISTING CONCRETE SLAB & PREPARE FOR NEW RAMP/THRESHOLD PER ARCHITECTURAL DETAILS
4. REMOVE CONCRETE SLAB RAMP & PREPARE FOR REPLACEMENT PER ARCHITECTURAL DETAILS
5. REMOVE EXISTING WINDOWS & TRIM COMPLETE. PREPARE OPENING IN MASONRY FOR WINDOW & HEADER REPLACEMENT PER DETAIL 1/A3.1
6. REMOVE EXISTING MEP FIXTURES PER ENGINEER DESIGN
7. REMOVE EXISTING DOOR AND FRAME COMPLETE, PREPARE JAMB FOR NEW DOOR & FRAME PER SCHEDULES
8. EXISTING WATER FOUNTAIN FIXTURE AND PIPING TO BE REMOVED COMPLETE, SEE PLUMBING DESIGN
9. GRIND DOWN EXISTING SLAB THRESHOLD TO MATCH MEETING ROOM FLOOR LEVEL & PREP FOR NEW FLOOR FINISH
10. COORDINATE NEW PENETRATIONS THRU EXISTING MASONRY WALL WITH MEP DESIGN. SEE STRUCTURAL DETIALS.
11. EXIST OPENING FOR SUPPLY DUCT & LOUVERS TO BE REUSED FOR NEW MECHANICAL EQUIPMENT. SEE MECHANICAL DESIGN.

CONTRACTOR IS RESPONSIBLE TO FIELD VERIFY ALL DIMENSIONS PRIOR TO BEGINNING ANY WORK OR ORDERING

2 FLOOR PLAN - DEMOLITION

SCALE: 1/4"=1'-0"



NEW WORK LEGEND

- INDICATES 2X WOOD STUD FRAME SOFFIT FINISHED WITH 5/8IN GWB ABOVE
- INDICATES NEW 2X WOOD STUD FRAME WALL INFILL, SEE DETAILS FOR EACH CONDITION
- PREFINISHED ALUMINUM STOREFRONT ASSEMBLY, SEE WINDOW SCHEDULE & DETAILS
- NEW HOLLOW METAL DOOR AND FRAME, SEE DOOR SCHEDULE & DETAILS
- (A) INDICATES WINDOW, SEE WINDOW SCHEDULE
- (XX) INDICATES DOOR, SEE DOOR SCHEDULE

NEW WORK KEY NOTES

1. INSTALL CONCRETE THRESHOLD APRON, SLOPED @ 1:12 MAX AND FINISH TO MATCH SURROUNDING FLOOR FINISH PER PER SCHEDULE
2. PROVIDE & INSTALL "KNOX BOX" SEE AS1.1 FOR MODEL
3. PROVIDE & INSTALL PREFABRICATED FLOOR TO SOFFIT STORAGE CABINET WITH LOCKING DOORS – LAMINATED OR PAINTED BLACK. ARCHITECT TO APPROVE. SEE DETAIL 3/A2.1.
4. PROVIDE & INSTALL PREFABRICATED BASE & UPPER CABINET – LAMINATED OR PAINTED BLACK. COUNTERTOP TO BE LAMINATED BLACK. ARCHITECT TO APPROVE. SEE DETAIL 2/A2.1.
5. INSTALL BOX SOFFIT 2X WD @ 24IN O.C. AND FINISHED WITH PAINTED GWB. SEE DETAILS. COORDINATE DIMENSIONS WITH MEP DESIGN PRIOR TO INSTALLATION.
6. SEE MECHANICAL DESIGN FOR EQUIPMENT LAYOUT THIS AREA.

PLUMBING FIXTURE CONNECTION SCHEDULE

MARK #	FIXTURE TYPE	CONNECTIONS				REMARKS	NOTES
		WASTE	VENT	CW	HW		
P-1A	FLUSH VALVE WATER CLOSET (HC)	3"	1-1/2"	1"	-	VIT. CHINA, WHITE, 16-5/8" HIGH ELONGATED BOWL, FLOOR MOUNTED FLUSH VALVE TYPE, 1.6 GALLONS PER FLUSH, WITH OPEN FRONT SEAT WITHOUT COVER, AND SLOAN REGAL FLUSH VALVE. INSTALL PER ADA REQUIREMENTS. PROVIDE WITH HANDLE ON THE APPROACH SIDE OF THE FIXTURE. EQUAL TO KOHLER K-96057.	(1)
P-2A	LAVATORY (HC)	1-1/2"	1-1/2"	1/2"	1/2"	VIT. CHINA, WHITE, WALL MOUNTED LAVATORY. PROVIDE WITH SINGLE LEVER ADA GOOSENECK FAUCET, 17 GA. P-TRAP, GRID DRAIN, FLOOR MOUNTED CARRIER, FLEXIBLE SUPPLIES AND STOPS. PROVIDE WITH ASSE 1070 TEMPERATURE LIMITING VALVE SET FOR 105°F. INSTALL PER ADA REQUIREMENTS. EQUAL TO KOHLER K-2035-4 AND DELTA 27C4844. CONTRACTOR SHALL OPEN EXISTING WALLS AS NECESSARY TO ACCOMMODATE THE INSTALLATION OF THE NEW FLOOR MOUNTED FIXTURE CARRIER. PATCH WALLS TO MATCH SURROUNDING ONCE INSTALLATION IS COMPLETED.	(1)
P-3	WATER COOLER (HC)	2"	1-1/2"	1/2"	-	WALL HUNG, DUAL HEIGHT WATER COOLER WITH BOTTLE FILLER. PROVIDE WITH WALL MOUNTING BRACKET, P-TRAP, FLEXIBLE SUPPLY, AND STOP. INSTALL PER ADA REQUIREMENTS. EQUAL TO ELKAY VRCTLDDWSK.	(1)
P-4	ICE MAKER BOX	-	-	1/2"	-	RECESSED BOX WITH 1/4 TURN STOP. EQUAL TO GUY GRAY BIM875.	
P-5	JANITOR'S SINK	3"	2"	1/2"	1/2"	24x24 FLOOR MOUNTED RECEPTOR EQUAL TO FIAT MSB-2424. PROVIDE WITH FIAT 830-AA WALL MOUNTED FAUCET, MOP HANGER, STAINLESS STEEL WALL SPLASH GUARDS, AND STAINLESS STEEL DRAIN GRATE.	
P-6	ART SINK	3"	2"	1/2"	1/2"	23x21 SINK EQUAL TO FIAT FL-1 WITH WALL HANGER, LEG KIT ,AND DECK MOUNTED FAUCET. INSTALL PER SPECIFIC MANUFACTURER'S RECOMMENDATIONS.	
KHS	KITCHEN HAND SINK	2"	2"	1/2"	1/2"	STAINLESS STEEL KITCHEN HAND SINK AND FAUCET EQUAL TO ADVANCE TABCO 7PS-40. PROVIDE WITH LEVER OPERATED DRAIN, BUILT-IN OVERFLOW, AND SPRING CLAMPS. PROVIDE WITH FLOOR MOUNTED CARRIER, FLEXIBLE SUPPLIES, STOPS, AND P-TRAP.	
SNK	KITCHEN SINK	2"	2"	1/2"	1/2"	STAINLESS STEEL SINGLE COMPARTMENT SINK WITH LEFT HANDED DRAINBOARD EQUAL TO REGENCY 600S1181824XLFT AND T &S BRASS B-1146. PROVIDE WITH A FLOOR MOUNTED CARRIER, FLEXIBLE SUPPLIES, STOPS, AND P-TRAPS.	
MV-1	MIXING VALVE	-	-	3/4"	3/4"	MIXING VALVE EQUAL TO SYMMONS 5-225-CK WITH INTERNAL CHECK VALVES. MINIMUM FLOW 0.5 GMP, MAXIMUM FLOW 5.5 GPM @ 10.0 PSI DROP. SET FOR 105°F.	
FPHB	FREEZE PROOF HOSE BIBB	-	-	3/4"	-	FREEZE PROOF HOSE BIBB WITH VACUUM BREAKER. PROVIDE AS RECESSED BOX TYPE WITH HINGED COVER.	
FS	FLOOR SINK	3"	2"	-	-	12x12 FLOOR SINK EQUAL TO ZURN. PROVIDE WITH HALF GRATE.	
FD	3" FLOOR DRAIN	3"	2"	-	-	FLOOR DRAIN EQUAL TO ZURN 415 SERIES WITH BRASS GRATE. PROVIDE WITH "GREEN DRAIN" TRAP SEAL.	
GI	GREASE INTERCEPTOR	3"	2"	-	-	GREASE INTERCEPTOR SHALL BE EQUAL TO ZURN Z1170 SIZE 300. 20 POUND CAPACITY, 10 GPM FLOW RATE. INSTALL PER SPECIFIC MANUFACTURERS RECOMMENDATIONS. PROVIDE WITH TEST WELL AND HEAVY DUTY COVER. INSTALL COVER FLUSH WITH FINISHED FLOOR. PROVIDE EXTENSION RINGS AS NECESSARY TO PROVIDE COVER FLUSH WITH FINISHED FLOOR. THE INSTALLATION OF THE GREASE INTERCEPTOR IS VERY CRITICAL AND SHALL BE APPROVED BY THE ARCHITECT AND ENGINEER PRIOR TO ACCEPTANCE OF THE BUILDING (NO EXCEPTIONS). CONTRACTOR SHALL SUBMIT INSTALLATION SHOP DRAWINGS FOR APPROVAL PRIOR TO BEGINNING ANY WORK.	
SP	SAMPLE PORT	3"	-	-	-	6"Ø SAMPLE PORT FOR GREASE LINE. PROVIDE WITH COVER INSTALLED FLUSHE WITH FINISHED FLOOR.	

(1) HANDICAPPED FIXTURES SHALL BE INSTALLED PER THE LATEST REQUIREMENTS OF ADA.

ELECTRIC WATER HEATER SCHEDULE

MARK EWH	TANK CAPACITY (GALLONS)	MINIMUM EFFICIENCY	TEMPERATURE SETPOINT (F)	HEATING CAPACITY (KW)	VOLTS	Hz	PHASE	RECIRCULATED SYSTEM	NOTES
1	30	0.9	119	2.5	208	60	1	NO	1, 2, 3

NOTES	
1	COORDINATE ALL ELECTRICAL REQUIREMENTS WITH THE ELECTRICAL CONTRACTOR.
2	PROVIDE WITH EXPANSION TANK, HEAT TRAPS ON CONNECTIONS, T&P RELIEF VALVE, AUXILIARY DRAIN PAN, ISOLATION VALVES WITH DI-ELECTRIC UNIONS ON HOT AND COLD CONNECTIONS.
3	PROVIDE WITH MASTER MIXING VALVE. SEE DETAIL AND MANUFACTURERTS REQUIREMENTS FOR SPECIFIC PIPING REQUIREMENTS.

GENERAL PLUMBING NOTES

1. THE CONTRACTOR SHALL EXECUTE ALL WORK SO THAT IT PROCEEDS WITH A MINIMUM INTERFERENCE WITH OTHER TRADES.
2. VERIFY EXACT PLUMBING FIXTURE ROUGH-IN AND FINAL HVAC EQUIPMENT REQUIREMENTS IN THE FIELD.
3. DRAIN, WASTE, AND VENT PIPING AND FITTINGS SHALL BE SCHEDULE 40 POLY VINYL CHLORIDE (PVC) SYSTEM "ASTM D 2665". NO FOAM CORE SHALL BE USED.
4. DOMESTIC WATER PIPING SHALL BE ASTM B 88, TYPE K, WITH ANSI B16.18 OR ANSI B16.22 SOLDER JOINT FITTINGS USING SILVER SOLDER AND FLUX CONTAINING NOT MORE THAN 0.2 PERCENT LEAD; OR WITH ANSI B16.26 FLARED JOINT FITTINGS. ASTM B 88, TYPE L MAY BE PROVIDED FOR ABOVEGROUND PIPING. SLEEVE SERVICE ENTRANCE AT SLAB. SEAL AROUND PIPING WATER PROOF.
5. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL FINAL CONNECTIONS TO PLUMBING FIXTURES. THIS RESPONSIBILITY INCLUDES, BUT IS NOT LIMITED TO, FURNISHING AND INSTALLING ALL TRAPS, DRAINS, AND SUPPLIES WITH STOPS. FURNISH AND INSTALL PLUMBING FIXTURES INDICATED OR SPECIFIED, COMPLETE WITH ALL EQUIPMENT, FITTINGS, TRIM AND ACCESSORIES INDICATED OR SPECIFIED. EXPOSED WATER PIPING TO FIXTURES SHALL BE CHROME-PLATED BRASS, IPS. ADJUST WATER FLOW THROUGH ALL FIXTURES TO PROVIDE PROPER FLUSHING ACTION WITH THE LEAST AMOUNT OF WATER.
6. COORDINATE ROUTING OF WATER SUPPLY, WASTE, AND VENT PIPING WITH OTHER TRADES.
7. THE PLUMBING CONTRACTOR SHALL COORDINATE WITH THE GENERAL CONTRACTOR AND OTHER TRADES ALL REQUIRED OPENINGS AND EXCAVATIONS.
8. ALL ITEMS PROJECTING THROUGH THE ROOF SHALL BE FLASHED A MINIMUM OF 12" ABOVE THE ROOF. ALL VENTS SHALL BE A MINIMUM OF 10 FEET FROM ANY OUTSIDE AIR INTAKE.
9. FLOOR CLEANOUTS SHALL BE ADJUSTABLE HEIGHT POLISHED BRONZE, NICKEL BRONZE WITH "CO" CAST IN THE FLOOR PLATE.
10. PROVIDE STOPS AND WATER HAMMER ARRESTORS IN ACCORDANCE WITH PDI AND ASSE 1010. AN ACCESS PANEL MUST BE INSTALLED IF WATER HAMMER ARRESTER IS LOCATED INSIDE A WALL OR ABOVE A HARD CEILING. COORDINATE OPENINGS WITH ARCHITECT.
11. PROVIDE DIELECTRIC UNIONS AT ALL DISSIMILAR METAL CONNECTIONS.
12. INSULATE ALL WATER PIPING. DOMESTIC WATER PIPE NOT EXPOSED TO VIEW SHALL BE INSULATED WITH 1" THICK GLASS FIBER WITH FACTORY APPLIED UNIVERSAL JACKET. DENSITY SHALL BE 4 POUNDS PER CUBIC FOOT. FITTINGS SHALL BE INSULATED ACCORDING TO MANUFACTURER'S RECOMMENDATIONS. INSULATION VAPOR BARRIER SHALL BE LAPPED AND CEMENTED IN ACCORDANCE WITH MANUFACTURER'S RECOMMENDATIONS. DOMESTIC WATER PIPE EXPOSED TO VIEW SHALL BE INSULATED SAME AS WHERE NOT EXPOSED TO VIEW, EXCEPT IT SHALL BE FINISHED WITH A SIZED UNIVERSAL JACKET SUITABLE FOR PAINTING. FITTING SHALL BE MADE OF "QUICKSET" CEMENT MOLDED TO FIT AND COVERED WITH 8 OZ. CANVAS AND FINISHED WITH WHITE VAPOR BARRIER CEMENT, AND HAVE PLASTIC MOLDED FITTING COVERS. INSULATE DOMESTIC WATER AND WASTE PIPING UNDER HANDICAP LAVATORIES AND SINKS USING "LAVGUARD2 E-Z SERIES" MOLDED VINYL PIPING COVERS. COVER ALL PIPING, FITTING, VALVES, AND TRAPS EXPOSED TO VIEW.
13. ROUTE ALL PIPING AS TO CAUSE MINIMAL INTERFERENCE FOR MAINTENANCE OF ALL EQUIPMENT. UNLESS OTHERWISE NOTED, ALL DOMESTIC WATER PIPING SHALL BE ROUTED WITHIN CHASE SPACE. PIPING BELOW SLAB SHALL BE WITHOUT JOINTS AND TEES. PIPING PASSING THRU WALLS EXTENDING TO BOTTOM OF STRUCTURE SHALL BE SLEEVED AND SEALED. ALL DOMESTIC WATER PIPING ROUTED EXPOSED BELOW 6'-8" ABOVE FINISH FLOOR SHALL BE PROVIDED WITH A PVC JACKET TO PREVENT DAMAGE TO THE PIPE.
14. PROVIDE SHUTOFF VALVE TO EACH SILLCOCK WITH VALVE IDENTIFICATION AS REQUIRED BY CODE.
15. BEFORE FINAL ACCEPTANCE OF THE WORK, TEST EACH SYSTEM AS IN SERVICE TO DEMONSTRATE COMPLIANCE WITH 2021 INTERNATIONAL PLUMBING CODE AND LOCAL CODE REQUIREMENTS. ONCE TEST ARE IN COMPLIANCE WITH CONTRACT REQUIREMENTS DISINFECT WATER SYSTEM IN ACCORDANCE WITH AWWA C651.
16. CONTRACTOR TO VERIFY ALL LOCATIONS OF ROOF PENETRATIONS WITH ARCHITECTURAL DRAWINGS.
17. PIPE HANGERS AND SUPPORTS SHALL BE MSS SP-58 AND MSS SP-69, TYPE 1 OR 6, OF THE ADJUSTABLE TYPE, EXCEPT AS INDICATED OTHERWISE. ATTACHMENTS TO STEEL W OR S BEAMS SHALL BE WITH TYPE 21, 28, 29, OR 30 CLAMPS. ATTACHMENTS TO STEEL ANGLES AND CHANNELS (WITH WEB VERTICAL) SHALL BE WITH TYPE 20 CLAMP WITH A BEAM CLAMP CHANNEL ADAPTER. ATTACHMENTS TO STEEL CHANNEL (WITH WEB HORIZONTAL) SHALL BE WITH DRILLED HOLE ON CENTERLINE AND DOUBLE NUT AND WASHER. ATTACHMENTS TO CONCRETE SHALL BE WITH TYPE 18 INSERT OR A DRILLED HOLE WITH EXPANSION ANCHOR. HANGER RODS AND ATTACHMENTS SHALL BE FULL SIZE OF THE HANGER-THREADED DIAMETER. PROVIDE TYPE 40 INSULATION PROTECTION SHIELDS FOR INSULATED PIPING. PROVIDE STEEL SUPPORT RODS. PROVIDE NONMETALLIC, HAIR FELT, OR PLASTIC PIPING ISOLATORS BETWEEN COPPER TUBING AND THE HANGERS.
18. LABEL ALL WATER SERVICE VALVES IN ACCORDANCE WITH APPLICABLE CODES
19. COORDINATE EXACT FLOOR DRAIN LOCATIONS ARCHITECTURAL DRAWINGS. SLOPE ENTIRE ROOM TO DRAINS.
20. ALL TRAP PRIMER VALVES NOT LOCATED IN NORMALLY UNOCCUPIED SPACES SHALL BE MOUNTED ABOVE THE CEILING AND PROVIDED WITH A LABEL ON THE CEILING GRID TO INDICATE THE TRAP PRIMER LOCATION. NO TRAP PRIMERS SHALL BE INSTALLED EXPOSED IN NORMALLY OCCUPIED SPACES.
21. ROUTE SANITARY PIPING AS HIGH AS POSSIBLE TO AVOID CONFLICT WITH FOOTERS AND TO MAINTAIN ABILITY TO GRAVITY DISCHARGE INTO CITY SEWER. IT IS THE CONTRACTORS RESPONSIBILITY TO FIELD VERIFY THE EXACT LOCATION OF THE NEW SANITARY SEWER LATERAL AND ENSURE WASTE PIPING IS INSTALLED TO PROVIDE A GRAVITY DISCHARGE INTO THE CITY MAIN.
22. THE CONTRACTOR IS RESPONSIBLE FOR PAYING ALL ASSOCIATED WASTE AND WATER TAP FEES ASSOCIATED WITH THIS PROJECT. ALL FEES ARE TO BE INCLUDED IN THE CONSTRUCTION COST.
23. ALL WORK INSTALLED SHALL MEET THE REQUIREMENTS OF THE LOCAL AUTHORITY HAVING JURISDICTION, THE 2021 INTERNATIONAL PLUMBING CODE, AND THE 2013 ASHRAE 90.1 ENERGY CONSERVATION CODE.

SHEET NOTES

1. EXISTING PLUMBING FIXTURE TO BE REMOVED ENTIRELY. REMOVE WASTE, WATER, AND VENT PIPING TO A POINT INSIDE THE WALL, ABOVE THE CEILING, OR BELOW THE SLAB. ALL EXISTING SANITARY WASTE PIPING INSIDE THE BUILDING IS TO BE REMOVED OR ABANDONED IN PLACE. IT IS NOT TO BE REUSED. SEE NEW WORK PLAN FOR ADDITIONAL REQUIREMENTS.
2. PREVIOUS LOCATION OF NATURAL GAS METER. EXISTING NATURAL GAS PIPING HAS BEEN ABANDONED IN PLACE. CONTRACTOR SHALL REMOVE ALL NATURAL GAS PIPING INSIDE AND OUTSIDE THE BUILDING ENTIRELY. PATCH ALL INTERIOR AND EXTERIOR WALL PENETRATIONS WEATHER PROOF TO MATCH SURROUNDING CONSTRUCTION/FINISHES.
3. EXISTING HOSE BIBB TO BE REMOVED.
4. EXISTING FLOOR DRAIN TO BE REMOVED ENTIRELY. REMOVE WASTE AND VENT PIPING TO A POINT INSIDE THE WALL, ABOVE THE CEILING, OR BELOW THE SLAB. PREPARE PIPING FOR REUSE OR CAP AIR TIGHT. SEE NEW WORK PLAN FOR ADDITIONAL REQUIREMENTS.
5. EXISTING WATER HEATER TO BE REMOVED ENTIRELY. REMOVE ALL ASSOCIATED HOT WATER PIPING BETWEEN WATER HEATER AND FIXTURES.
6. REMOVE ABANDONED NATURAL GAS PIPING ENTIRELY. PATCH WALL PENETRATIONS TO MATCH SURROUNDING.

PROVIDE AIR DEVICE WITH THE FOLLOWING OPTIONS:

1. REFER TO ARCHITECTURAL PLANS FOR CEILING TYPES. PROVIDE AIR DEVICE WITH 24"x24" LAY-IN PANEL FOR GRILLES IN LAY-IN CEILING.
2. PROVIDE AIR DEVICE WITH INTEGRAL BALANCING DAMPER.
3. PROVIDE AS 4-WAY THROW UNLESS INDICATED OTHERWISE.
4. AIR DEVICE SHALL BE PAINTED OFF WHITE.
5. TRANSITION DUCT FROM SIZE INDICATED TO AIR DEVICE CONNECTION SIZE.

HVAC GENERAL NOTES:

1. INSTALL ALL WORK IN COMPLIANCE WITH THE LOCAL AUTHORITY HAVING JURISDICTION, THE 2021 INTERNATIONAL MECHANICAL CODE, AND THE 2013 ASHRAE 90.1 ENERGY CONSERVATION CODE.
2. COORDINATE ALL ELECTRICAL REQUIREMENTS WITH THE ELECTRICAL CONTRACTOR PRIOR TO BEGINNING ANY WORK.
3. INSTALL OUTDOOR UNITS ON 4" THICK CONCRETE PADS EXTENDING 6" IN ALL DIRECTIONS BEYOND FOOTPRINT OF UNIT. PLASTIC OR FIBERGLASS EQUIPMENT PADS SHALL NOT BE USED. SECURE UNITS TO CONCRETE PAD WITH A MINIMUM OF TWO "REDHEAD" TYPE ANCHORS.
4. DUCT CONSTRUCTION SHALL BE PER THE LATEST REQUIREMENTS OF NFPA 90A AND 90B, SMACNA AND ASHRAE AND SHALL MEET OR EXCEED THEIR REQUIREMENTS FOR SUPPORT AND REINFORCEMENT.
5. REFRIGERANT SUCTION LINES SHALL BE INSULATED WITH FLEXIBLE ELASTOMERIC INSULATION WITH A MINIMUM THICKNESS OF 0.5". ALL INSULATION INSTALLED AT BUILDING EXTERIOR SHALL BE PAINTED WITH TWO COATS OF WHITE UV PROTECTIVE PAINT.
6. BRANCH SUPPLY AND RETURN DUCT RUNOUTS SHALL BE GALVANIZED SNAP-LOCK WITH ALL JOINTS AND SEAMS SEALED WITH MASTIC. TRAVERSE JOINTS SHALL BE CONNECTED WITH SHEET METAL SCREWS MINIMUM 6" ON CENTER. ALL GALVANIZED DUCT SHALL BE INSULATED WITH 2" THICK, 1 POUND DENSITY WRAP INSULATION. INSULATION TO BE INSTALLED PER MANUFACTURERS RECOMMENDATIONS.
7. FLEXIBLE DUCT TO SUPPLY GRILLES SHALL NOT EXCEED 8'-0". ROUTE EXTERNALLY INSULATED RIGID SNAP LOCK DUCT TO WITHIN 8'-0" OF GRILLE.
8. EQUIPMENT PROVIDED AND INSTALLED ON THIS PROJECT SHALL MEET OR EXCEED THE MINIMUM EFFICIENCY REQUIREMENTS INDICATED IN THE SCHEDULE.
9. DUCT CONSTRUCTION SHALL BE G-90 GALVANIZED SHEET METAL. DUCT SEALING SHALL BE CLASS "A", ALL JOINTS, SEAMS, AND PENETRATIONS SHALL BE BRUSHED WITH 2 COATS OF WATER BASED MASTIC. THE DUCT SEAL SHALL MEET OR EXCEED PRESSURE CLASS 2".
10. ALL SHEET METAL DUCT SHALL BE INTERNALLY INSULATED WITH 1" THICK, MINIMUM R-4.3 DUCT LINER. INSTALLED PER SPECIFIC MANUFACTURERS RECOMMENDATIONS.
11. THE MECHANICAL CONTRACTOR SHALL COORDINATE WITH THE GENERAL CONTRACTOR AND OTHER TRADES ALL REQUIRED OPENINGS IN WALLS, FOUNDATIONS, FLOORS, AND ROOFS. CONTRACTOR SHALL INSTALL LOUVERS PER MANUFACTURERS RECOMMENDATIONS AND DETAILS INDICATED ON THE ARCHITECTURAL PLANS.
12. ALL OUTSIDE AIR INLETS SHALL BE LOCATED A MINIMUM OF 10 FEET FROM ANY EXHAUST AIR OUTLET OR PLUMBING VENT STACK. COORDINATE WITH THE PLUMBING DRAWINGS AND WITH THE PLUMBING AND GENERAL CONTRACTORS IN THE FIELD.
13. THE MECHANICAL CONTRACTOR SHALL VERIFY ALL MECHANICAL EQUIPMENT LOCATIONS AND BE RESPONSIBLE FOR ALL RELATED CLEARANCES IN THE FIELD. PROVIDE CLEARANCE IN FRONT OF ALL ELECTRICAL PANELS PER NATIONAL ELECTRIC CODE REQUIREMENTS. DUCT SHALL NOT ROUTE OVER ELECTRICAL PANELS.
14. OFFSET AND TRANSITION DUCT AS NECESSARY TO AVOID STRUCTURAL MEMBERS OR EQUIPMENT CONNECTION SIZES. PROVIDE FLEXIBLE DUCT CONNECTORS ON ALL DUCT CONNECTION TO MOTORIZED EQUIPMENT.
15. PROVIDE EACH HVAC SYSTEM WITH A 7 DAY PROGRAMMABLE WI-FI THERMOSTAT WITH BATTERY BACKUP AND UNOCCUPIED HOURS SET BACK CAPABILITIES.

NUMBER	REVISION DESCRIPTION

CITY OF MOBILE

SHEET TITLE: HVAC SCHEDULES AND NOTES

SHEET: M1.0

SHEET NOTES

1. EXISTING NOMINAL 5 TON PACKAGED AIR CONDITIONING UNIT TO BE REMOVED ENTIRELY. REMOVE ALL ASSOCIATED AIR DISTRIBUTION SUPPLY AND RETURN DUCT AS WELL AS GRILLES AND DIFFUSERS. THE STEEL STAND THE UNIT IS SETTING ON SHALL BE REMOVED ENTIRELY AS WELL. CLEAN EQUIPMENT PAD AND PREPARE IT FOR THE INSTALLATION OF THE NEW UNIT. REMOVE FENCING AS NECESSARY TO ACCOMPLISH REQUIRED WORK. REPLACE FENCING ONCE HVAC WORK IS COMPLETED. PATCH BUILDING EXTERIOR WALL PENETRATIONS TO MATCH SURROUNDING, OR PREPARE THEM FOR REUSE. SEE NEW WORK PLAN FOR ADDITIONAL REQUIREMENTS. RECOVER REFRIGERANT AND RECYCLE AS NECESSARY PER THE REQUIREMENTS OF THE LOCAL AHJ AND 40 CFR 82.
2. EXISTING TOILET ROOM EXHAUST FAN AND ASSOCIATED DISCHARGE DUCT TO BE REMOVED ENTIRELY. PATCH EXTERIOR WALL PENETRATION TO MATCH SURROUNDING, OR PREPARE FOR REUSE.
3. EXISTING THERMOSTAT TO BE REMOVED ENTIRELY.
4. A GAS FIRED UNIT HEATER WAS LOCATED IN THIS AREA BUT WAS REMOVED PREVIOUSLY. THE NATURAL GAS PIPING AND CEILING SUPPORT SYSTEM HAVE BEEN ABANDONED IN PLACE. SEE PLUMBING PLANS FOR NATURAL GAS PIPING REMOVAL REQUIREMENTS.

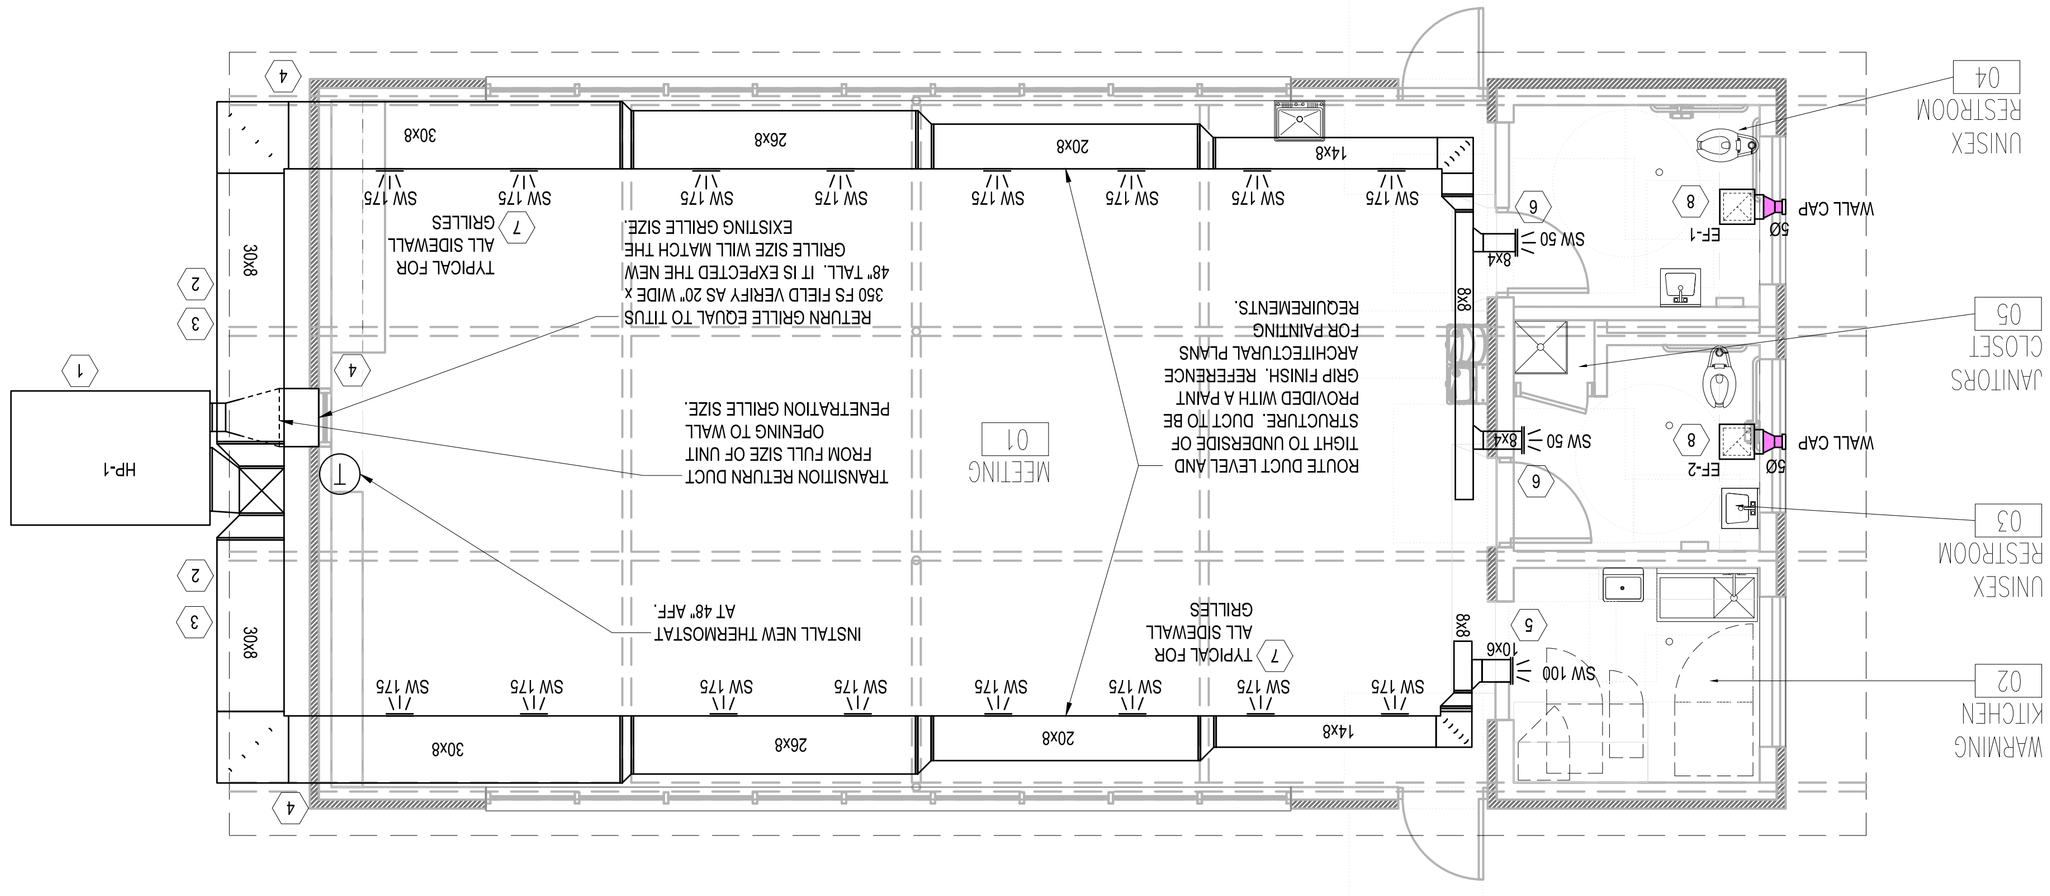
SHEET: M2.0

HVAC NEW WORK PLAN



SHEET NOTES

1. CONTRACTOR SHALL PROVIDE AND INSTALL A NEW GALVANIZED STEEL STAND APPROXIMATELY 18" TALL TO SUPPORT THE NEW UNIT. STEEL STAND SHALL SUPPORT THE PERIMETER OF THE UNIT WITH CROSS BRACING AS NECESSARY TO MAKE IT STRUCTURALLY RIGID WITH THE UNIT INSTALLED. STAND SHALL SUPPORT THE UNIT IN A LEVEL MANNER.
2. ROUTE SUPPLY DUCT UP TO UNDERSIDE OF ROOF AND PENETRATE EXTERIOR WALL AT ELEVATION EQUAL TO WHERE THE DUCT WILL ROUTE THROUGH BUILDING. ROUTE DUCT TIGHT TO THE EXTERIOR WALL.
3. SUPPLY AND RETURN AIR DUCT AT BUILDING EXTERIOR SHALL BE DOUBLE WALL CONSTRUCTION WITH R-8 LINER INSTALLED BETWEEN A SOLID INNER AND SOLID OUTER G-90 GALVANIZED SHEET. SEAL ALL DUCT AT BUILDING EXTERIOR WITH WATER PROOF MASTIC. DIMENSIONS SHOWN ARE CLEAR INSIDE DIMENSIONS. INCREASE DUCT TO ACCOMMODATE INSULATION THICKNESS. EXTERIOR SKIN OF DUCT SHALL BE PROVIDED WITH A PAINT GRIP FINISH. REFERENCE ARCHITECTURAL PLANS FOR PAINT COLOR REQUIREMENTS.
4. SEAL AROUND EXTERIOR WALL DUCT PENETRATIONS WEATHER PROOF AND RODENT PROOF.
5. INSTALL NEW SIDEWALL GRILLE AT PREVIOUS GRILLE LOCATION. PROVIDE SHEET METAL BLANK OFF AT UNUSED PORTIONS OF THE WALL PENETRATION ON BOTH SIDES OF THE WALL.
6. COORDINATE WALL PENETRATION LOCATIONS WITH THE ARCHITECTURAL PLANS. PROVIDE SHEET METAL BLANK OFF AT UNUSED PORTIONS OF THE WALL PENETRATION ON BOTH SIDES OF THE WALL.
7. INSTALL SIDEWALL GRILLE IN THE SIDE OF THE DUCT. PROVIDE GRILLE WITH EXTRACTOR.
8. INSTALL CEILING EXHAUST FAN IN FUR DOWN. EXTEND DISCHARGE DUCT TO BUILDING EXTERIOR FOR DISCHARGE THROUGH A WALL CAP. COORDINATE EXTERIOR WALL PENETRATIONS WITH OTHER TRADES. SEAL AROUND PENETRATIONS WEATHER PROOF AND RODENT PROOF.

SUPPLY AND RETURN DUCT AT BUILDING EXTERIOR SHALL BE DOUBLE WALL CONSTRUCTION WITH A MINIMUM R-8 INSULATION SANDWICHED BETWEEN G-90 SHEET METAL. DUCT INSIDE THE BUILDING SHALL BE INTERNALLY INSULATED WITH 1" THICK , R-4.3 LINER. DUCT DIMENSIONS SHOWN ARE CLEAR INSIDE DIMENSIONS. DUCT SHALL BE PROVIDED WITH A PAINT GRIP FINISH.

ELECTRICAL LEGEND

WIRING:

- CIRCUIT WIRING (2#12, 1#12G, 3/4" C., UNLESS OTHERWISE NOTED). (TICK MARKS DESIGNATE QUANTITY OF HOT/NEUTRAL CONDUCTORS)
- 2DP-XX — CIRCUIT HOME RUN TO THE INDICATED PANELBOARD. (2#12, 1#12G, 3/4" C., UNLESS OTHERWISE NOTED)
- LV — LOW VOLTAGE CABLING NOT ROUTED IN CONDUIT. (SEE MANUFACTURER'S SPECIFICATIONS FOR WIRE TYPE)

LIGHTING CONTROL DEVICES:

- $ — SINGLE POLE LIGHTING SWITCH. MOUNT 48" AFF TO TOP OF BOX. APPLICABLE SUBSCRIPTS:
  - D - LOW VOLTAGE DIMMER SWITCH:
    - SEE MANUFACTURER'S SPECS FOR WIRING REQUIREMENTS, AND PROGRAMMED TO BE MANUAL ON.
  - L2 - LINE VOLTAGE DIMMER SWITCH:
    - WITH DUAL RELAYS, OCCUPANCY SENSOR, AND PROGRAMMED TO BE MANUAL ON.
- OS — LOW VOLTAGE 360° DUAL TECHNOLOGY OCCUPANCY SENSOR. (MOUNT IN CEILING, UNLESS OTHERWISE NOTED)
- PR — POWER RELAY PACK WITH DIMMING. (MOUNT ABOVE CEILING, UNLESS OTHERWISE NOTED)

IDENTIFICATION:

- HPU 1 — IDENTIFICATION TAG: MECHANICAL EQUIPMENT. (SEE SCHEDULES FOR MORE INFORMATION)
- BLT — IDENTIFICATION TAG: LIGHTING FIXTURES. (SEE SCHEDULES FOR MORE INFORMATION)

POWER EQUIPMENT:

- POWER PANELBOARD. (SEE SCHEDULES FOR MORE INFORMATION)
- POWER COMPANY METER
- DISCONNECT SWITCH (NON-FUSED) (HEAVY DUTY FOR OUTDOOR USE)

MISCELLANEOUS EQUIPMENT:

- X — ELECTRICAL TERMINATION TO EQUIPMENT. (SEE SCHEDULES FOR MORE INFORMATION)

GENERAL ELECTRICAL DEVICES:

- NEMA 5-20R GENERAL DUPLEX RECEPTACLE. (MOUNT OUTLET 18" AFF UNLESS OTHERWISE NOTED)
- G — 20A GFCI TYPE RECEPTACLE. (MOUNT OUTLET 18" AFF UNLESS OTHERWISE NOTED)
- E — 20A GFCI TYPE RECEPTACLE INSTALLED WITH DIE-CAST WEATHERPROOF BOX AND COVERPLATE. (MOUNT OUTLET 18" AFF UNLESS OTHERWISE NOTED)
- NEMA 5-20R DUPLEX GENERAL RECEPTACLE. (MOUNT 7" ABOVE COUNTER OR HEIGHT INDICATED)
- N — SPECIAL NEMA RECEPTACLE. (MOUNT OUTLET 18" AFF UNLESS OTHERWISE NOTED)

ELECTRICAL SPECIFICATIONS

1. GENERAL ELECTRICAL:
   - 1.1. THE CONTRACTOR SHALL FURNISH ALL LABOR, MATERIALS AND EQUIPMENT NECESSARY FOR THE INSTALLATION OF A COMPLETE ELECTRICAL SYSTEM AS INDICATED WITHIN THESE DRAWINGS. ALL WORK SHALL BE INSTALLED IN STRICT ACCORDANCE WITH ALL APPLICABLE CODES AND ORDINANCES AND WITH MANUFACTURER'S RECOMMENDATIONS.
   - 1.2. THE CONTRACTOR SHALL CAREFULLY EXAMINE THE ARCHITECTURAL, STRUCTURAL, ELECTRICAL AND MECHANICAL DRAWINGS PRIOR TO SUBMITTING HIS BID. THE CONTRACTOR WILL BE REQUIRED TO FURNISH, INSTALL AND CONNECT ALL ITEMS AS INDICATED ON THE DRAWINGS.
   - 1.3. THE ARCHITECT SHALL BE NOTIFIED OF ANY CONFLICTS, OR INTERFERENCES THAT OCCUR BETWEEN INDIVIDUAL DRAWINGS.
   - 1.4. ALL MATERIALS AND EQUIPMENT SHALL BE INSTALLED IN A NEAT, FIRST CLASS, WORKMANLIKE MANNER, TO THE APPROVAL OF THE ARCHITECT/ENGINEER AND GOVERNING AUTHORITIES.
   - 1.5. IN ADDITION TO THE MANUFACTURERS STANDARD GUARANTEES, THE CONTRACTOR SHALL GUARANTEE ALL MATERIALS, EQUIPMENT AND WORKMANSHIP AGAINST DEFECTS FOR ONE YEAR FROM THE DATE OF FINAL ACCEPTANCE, AND SHALL CORRECT ANY DEFECTS AT NO ADDITIONAL COST TO THE OWNER. ALL LAMPS SHALL BE GUARANTEED FOR 30 DAYS AFTER ACCEPTANCE.
   - 1.6. THE LOADS SHOWN FOR APPLIANCES AND EQUIPMENT ARE BASED ON DESIGN INFORMATION. THE CONTRACTOR SHALL VERIFY ALL APPLIANCE LOADS PRIOR TO RUNNING THE CIRCUIT. THE MINIMUM CIRCUIT REQUIREMENTS SHALL BE BASED ON THE APPLIANCE NAMEPLATE VALUE OR CODE REQUIREMENTS, WHICHEVER IS MORE STRINGENT. ADDITIONAL COMPENSATION SHALL NOT BE ALLOWED FOR APPLIANCE MODIFICATIONS BY THE CONTRACTOR.
   - 1.7. PRIOR APPROVAL: PRIOR APPROVAL SHALL BE REQUIRED FOR ANY MANUFACTURER OTHER THAN THOSE LISTED FOR ALL SPECIFIED ITEMS IN THESE DRAWINGS. SUBMIT ALL REQUESTS FOR PRIOR APPROVAL 2 WEEKS PRIOR TO BID OPENING. ENGINEER'S APPROVAL WILL BE IN THE FORM OF AN ADDENDUM.

2. CODES & STANDARDS:
   - 2.1. INSTALLATION AND MATERIALS SHALL COMPLY WITH THE LATEST ADOPTED EDITION OF THE FOLLOWING CODES & STANDARDS:
     - 2.1.1. NATIONAL ELECTRICAL CODE.
     - 2.1.2. NFPA 72. NATIONAL FIRE PROTECTION CODE.
     - 2.1.3. INTERNATIONAL BUILDING CODE.
     - 2.1.4. INTERNATIONAL ENERGY CONSERVATION CODE.
     - 2.1.5. NFPA 101.
     - 2.1.6. ADA .
     - 2.1.7. ANSI.
     - 2.1.8. NEMA.
     - 2.1.9. OSHA.
     - 2.1.10. UL.

3. ALTERATIONS & ADDITIONS TO EXISTING WORK:
   - 3.1. PROVIDE ALL NECESSARY ADDITIONS AND ALTERATIONS TO EXISTING WORK AS REQUIRED TO PROVIDE AND MAINTAIN A COMPLETE AND PROPER ELECTRICAL INSTALLATION.
   - 3.2. AS NECESSARY, RELOCATE EXISTING ELECTRICAL WORK SO OTHER TRADES CAN PURSUE THEIR WORK.
   - 3.3. MAINTAIN POWER TO EXISTING PORTIONS OF BUILDINGS FED FROM OR THROUGH AREA IN SCOPE OF THIS CONTRACT.
   - 3.4. COORDINATE ALL REQUIRED OUTAGES WITH OWNER.

4. BASIC MATERIALS & METHODS:
   - 4.1. ALL POWER AND DISTRIBUTION CABLING SHALL BE COPPER TYPE THWN/THHN.
   - 4.2. ALL ELECTRICAL EQUIPMENT, DEVICES, ETC. LOCATED OUTDOORS SHALL BE WEATHERPROOF.
   - 4.3. CONDUIT ROUTINGS AND DEVICE/EQUIPMENT LOCATIONS SHOWN ARE DIAGRAMMATIC ONLY, CONTRACTOR SHALL FIELD ROUTE AND LOCATE AS REQUIRED. CONDUIT ROUTINGS SHALL BE PARALLEL OR PERPENDICULAR TO BUILDING LINES.
   - 4.4. COORDINATE ALL ELECTRICAL WORK WITH OTHER TRADES AND STRUCTURAL COMPONENTS.
   - 4.5. THE CONDUIT MATERIAL SHALL BE AS FOLLOWS:
     - 4.5.1. ABOVE GRADE SUBJECT TO PHYSICAL ABUSE - RGS.
     - 4.5.2. ABOVE GRADE NOT SUBJECT TO PHYSICAL ABUSE OR WEATHER - EMT.
     - 4.5.3. FINAL CONDUIT CONNECTIONS TO HEAT PUMPS, AIR HANDLERS, EXHAUST FANS, AND WATER HEATERS SHALL BE LFMC WHETHER INTERIOR OR EXTERIOR.
   - 4.6. CONDUIT FITTINGS SHALL BE AS FOLLOWS:
     - 4.6.1. EMT - <=2" USE STEEL SET SCREW WITH INSULATED THROATS FOR INTERIOR/ USE COMPRESSION FITTINGS WITH INSULATED THROATS FOR EXTERIOR, >2" USE SET-SCREW STEEL WITH INSULATED THROATS.
     - 4.6.2. RGS - THREADED GALVANIZED STEEL.
     - 4.6.3. PVC - PVC APPROVED FOR THE USE.
   - 4.7. ALL OUTLET BOXES SHALL BE 4"X4"X1-1/2" DEEP MINIMUM.
   - 4.8. ALL DIMENSIONS TO DEVICES AFF SHALL BE TO CENTERLINE UNLESS NOTED OTHERWISE.

5. GROUNDING & BONDING:
   - 5.1. PROVIDE AN INSULATED EQUIPMENT GROUNDING CONDUCTOR IN ALL CONDUITS.

6. IDENTIFICATION:
   - 6.1. PROVIDE ENGRAVED 1 1/2"x3" PHENOLIC LABELS FOR ALL PANELBOARDS, SAFETY SWITCHES, TRANSFORMERS, CABINETS, ETC.

7. GENERAL WIRING DEVICES:
   - 7.1. SWITCHES - SPECIFICATION GRADE, 20 AMP, COLOR BY ARCHITECT.
   - 7.2. RECEPTACLES - SPECIFICATION GRADE, 20 AMP, NEMA 5-20R, COLOR BY ARCHITECT.
   - 7.3. COVER PLATES - NYLON, COLOR BY ARCHITECT.
   - 7.4. APPROVED MANUFACTURERS - HUBBELL, LEVITON, EAGLE, PASS & SEYMOUR.

8. SAFETY SWITCHES:
   - 8.1. GENERAL DUTY, VISIBLE BLADE, LOCKABLE, QUICK-MAKE/QUICK-BREAK, HORSEPOWER RATED, FUSED WHERE INDICATED.
   - 8.2. PROVIDE WITH GROUND LUG KIT.
   - 8.3. EXTERIOR - NEMA 3R.
   - 8.4. APPROVED MANUFACTURERS - SQUARE D, GENERAL ELECTRIC, CUTLER-HAMMER SIEMENS, EATON.

9. LIGHTING:
   - 9.1. PROVIDE A 6'-0" MAXIMUM FLEXIBLE CONNECTION FROM EACH RECESSED LIGHTING FIXTURE TO JUNCTION BOX ABOVE CEILING.
   - 9.2. FOR FIXTURES IN LAY-IN CEILINGS, PROVIDE WIRE SUPPORTS AT OPPOSITE CORNERS OF FIXTURE SEPARATE FROM LAY-IN CEILING WIRE SUPPORTS.
   - 9.3. ELECTRONIC BALLASTS SHALL BE INSTANT START, <10%THD, SOUND RATED A, OUTPUT FREQUENCY >40kHz, CONTAIN NO PCBs, SYLVANIA QTP SERIES OR ADVANCE CENTIUM SERIES.
   - 9.4. APPROVED MANUFACTURERS FOR LAMPS SHALL BE GE, SYLVANIA, PHILIPS.

SHEET: E3.0

GENERAL NOTES:

DISCLAIMER:

1. THE FOLLOWING SPECIFICATIONS ARE AN OUTLINE OF MINIMUM MATERIAL REQUIREMENTS AND THEIR APPLICATION. MANUFACTURER SPECIFICATIONS AND LOCAL CODE REQUIREMENTS, WHEN IN EXCESS OF MINIMUM SPECIFICATION, SHALL CONTROL. IT IS THE CONTRACTOR RESPONSIBILITY TO REVIEW AND SUBMIT ALL SHOP DRAWINGS AND REPORT ALL DOCUMENT DISCREPANCIES TO THE STRUCTURAL ENGINEER PRIOR TO FABRICATION OR ERECTION.

2. AT CONSTRUCTION ISSUE, THESE DRAWINGS REPRESENT STRUCTURAL COMPONENTS IN THEIR FINAL AND FINISHED STATE. CONSTRUCTION PROCEDURES, BRACING METHODS, SAFETY PRECAUTIONS OR MECHANICAL REQUIREMENTS USED TO ERECT THEM ARE THE SOLE RESPONSIBILITY OF THE GENERAL CONTRACTOR OR SUBCONTRACTOR PERFORMING THE WORK.

BUILDING DESIGN CRITERIA:

A. CODES

2021 INTERNATIONAL BUILDING CODE
BUILDING CODE REQUIREMENTS FOR REINFORCED CONCRETE (ACI 318)
BUILDING CODE REQUIREMENTS FOR CONCRETE MASONRY STRUCTURES (ACI 531)
ASCE 7-16

MASONRY:

1. HOLLOW CONCRETE MASONRY UNITS SHALL CONFORM TO ASTM C-90 LIGHTWEIGHT, TYPE N-1 WITH A MINIMUM COMPRESSIVE STRENGTH f'm = 1500 PSI.
2. ALL MORTAR FOR USE IN MASONRY SHALL CONFORM TO ASTM C-270, TYPE M OR S. GROUT USED IN MASONRY SHALL BE MINIMUM 2500 PSI AND CONFORM TO ASTM C-476. MINIMUM 8 SACK MIX.
3. REINFORCING BARS TO BE GRADE 60 AND MEET ASTM A-615.
4. GROUT FILL ALL CELLS BELOW GRADE.
5. LAY ALL MASONRY IN A RUNNING BOND PATTERN.
6. PROVIDE #9 TRUSS TYPE JOINT REINFORCEMENT AT 16"o.c. FOR TYPICAL HORIZONTAL REINFORCING.
7. PROVIDE #9 TRUSS TYPE JOINT REINFORCEMENT AT 8"o.c. FOR TYPICAL HORIZONTAL REINFORCING AT PARAPET WALLS.
8. PROVIDE A MINIMUM OF 1" GROUT BETWEEN MAIN REINFORCING AND MASONRY UNITS.

STEEL:

1. STRUCTURAL STEEL SHALL MEET THE LATEST AISC "SPECIFICATION FOR THE DESIGN, FABRICATION AND ERECTION OF STRUCTURAL STEEL FOR BUILDINGS".
2. ALL STRUCTURAL STEEL TO MEET ASTM A992- f'y = 50ksi. ALL TUBING TO MEET ASTM A500, GRADE B - f'y = 46ksi.
3. WELDING SHALL CONFORM TO THE STANDARDS SET FORTH IN AWS PUBLICATION "WELDING IN BUILDING CONSTRUCTION".
4. ALL SHOP CONNECTIONS TO HAVE 3/16" FILLET WELDS MINIMUM UNLESS NOTED AS BOLTED CONNECTIONS.
5. ALL FIELD WELDS TO BE WITH E70XX ELECTRODES.
6. ALL ERECTION DRAWINGS SHALL SHOW ALL FIELD WELDS REQUIRED.
7. STRUCTURAL STEEL SHALL HAVE SP3 GRADE "POWER TOOL" CLEANING IN ACCORDANCE WITH THE STRUCTURAL STEEL PAINTING COUNCIL.
8. STRUCTURAL STEEL SHALL HAVE ONE COAT OF PRIMER.

Addendum No. 1

To: Pre-Bid Meeting Attendees and Registered Plan holders

From: Elizabeth Miller
City of Mobile Architectural Engineering Department

Re: CIP D7 Senior Center
Project # PR-049-25

Date: August 15, 2025

This Addendum forms a part of, and modifies, the Request for Bids for the above referenced project, dated August 13, 2025. Acknowledge the receipt of this Addendum No. 1, if any, in the space provided on the Bid Form. Failure to do so may subject Bidder to disqualification.

General:

Clarifications:

Item 1. The Pre-Bid Conference Agenda, the Pre-Bid Conference Attendance Roster, dated August 13, 2025, as part of Addendum No. 1.
Item 2. The roof replacement is part of a separate contract and should not be included with the bids for this project.
Item 3. The roof replacement was planned to be done before the interior, however, the roof replacement could be completed simultaneously with the construction of this project. In this case, the construction schedules will need to be coordinated.
Item 4. The building has had roof leaks in the past. All roof leaks have been patched (no current leaks). Damage from an old (repaired) roof leak was noted at the Pre-Bid meeting. The ceiling planks were damaged from the leak. A unit price has been added to the bid documents for replacing damaged wood planks in the project.
Item 5. The existing DX unit is to be turned over to the City of Mobile Facilities Department. All remaining items inside the building are to be demolished.

Forms and Specifications:

Item 1. Replace Index to Documents with Index to Documents, Addendum #1, dated August 15, 2025. Added Section 01220 Unit Prices, Addendum #1, dated August 15, 2025.
Item 2. Replace Section 04000 Bid Form with Section 00400 Bid Form, Addendum #1, dated August 15, 2025. Added Unit Price to Bid form.
Item 3. Added Section 01220 Unit Prices, Addendum #1, dated August 15, 2025.

CITY OF MOBILE PROJECT #PR-049-25
August 13, 2025 AT 9:00 am

Note: This Agenda is complimentary, for general use as an outline and for discussion during this meeting. Any errors, omissions, or clarifications shall be communicated to the Engineer for distribution. This Agenda does not attempt to be, nor represent, any recapitulation of Project requirements, and does not change or alter same in any respect; Changes, if any, will only be made by written Addendum.

1. Welcoming remarks. Reminder to sign in on sheet being circulated. Include a contact person and an e-mail address where any Addenda should be sent. Please write legibly.

2. Name of Owner – City of Mobile
Project Manager – Elizabeth Miller
Engineering Consultant – Christina Marie, PE

3. Every General Contractor and every Subcontractor should read and be familiar with all of the "front-end" documents and all of Division 1 of the Project Manual, in addition to the work they are bidding and have to coordinate with.

4. Bid time, date, place – are indicated in the Advertisement for Bids; Sealed bids will be received and clocked in until 2:15 pm, Wednesday, the 27th day of August, 2025 ; bidders shall insert sealed Bids into a receptacle, marked "City of Mobile Bids", located in the elevator lobby outside the office of the City Clerk Office, 9th Floor South Tower, Government Plaza, 205 Government Street, Mobile, Alabama 36602. Bid will be publicly opened and read at 2:30 PM local time, in the Atrium Lobby of Government Plaza. It is the Contractors responsibility to make sure Bid is received prior to bid time or they will not be accepted.

5. Note that Advertisement and Instructions to Bidders should be read by each bidder. For insurance requirements refer to Invitation & Instructions to Bidders in the Project Manual. A Certificate of Insurance evidencing all the minimum requirements must be provided to and accepted by the City of Mobile prior to commencing on the contract.

6. Contractors shall use the Bid Form included in Project Manual, copies of which are furnished to each bidder with Bid Documents.

7. Before submitting a bid for the Work, the bidders shall carefully examine the Bid Documents, visit the site, and satisfy themselves as to the nature and location of the Work, and the general and local conditions, including weather, the general character of the site, the character and extent of existing work within or adjacent to the site and any other work being performed thereon at the time of submission of their bids.

8. Addenda - Minutes of Mandatory Pre-Bid Conference, and any pertinent items discussed shall be issued as Addendum following the Mandatory Pre-Bid Conference. Addenda will be posted on the City of Mobile Bid Website under the Project. https://www.cityofmobile.org/bids/ Please check this website

for all Addenda prior to submitting your bid form.

9. Clarification will be made only by written Addenda posted on the City of Mobile website. Questions and Clarifications must be submitted in writing seven (7) days prior to bid.

10. When the Bid Documents identify three or more sources and the list of sources is not followed by “or approved equal” or similar wording, the bidder’s proposal shall be based upon one of the identified sources, unless the bidder obtains “Pre-bid Approval” of another source. Approval of substitutions, if granted, shall not be effective until published by the Engineer in an addendum to the Bid Documents. Requests for substitutions will only be considered seven (7) days prior to bid.

11. If there is a conflict, discrepancy, or confusion between the existing conditions, plans and specifications for work, materials or equipment and the Contractor does not receive written clarification from the Engineer prior to the opening of bids the Contractor shall include the better quality or greater quantity of work in his/her bid.

12. Bids must be submitted on the Bid Form as contained in the Bid Documents; only one copy is required to be submitted.

13. All information requested of the bidder on the Bid Form must be filled in. The form must be completed by typewriter or hand-printed in ink.

14. Bids shall be accompanied by a Bid Security equal to 5% (percent) of the total bid price, including the allowance if any, but in no event not more than $10,000.00. Bid Security shall be on the form of a Bid Bond or cashier’s check payable to the City of Mobile. No Bid Security is required on Bids less than $10,000.00.

15. Bid, with Bid Security, Sales Tax Form C-3A, City of Mobile Subcontracting and Major Supplier Plan and other supporting data specified, shall be contained in a sealed, opaque envelope, approximately 9x12 inches or larger and be marked on the outside with the words "SEALED BID FOR D7 SENIOR CENTER – PROJECT NUMBER: (PR-049-25)”.

16. Performance Assurance and Insurance: The bidder to whom award is made shall provide a Performance Bond equal to 100% of the total Contract Amount (including the allowance) and a Labor and Material Bond equal to 100% of the total contract amount (including the allowance). The accepted Bidder shall also provide insurance as required in section 1.20
NO WORK IS TO BE PERFORMED UNTIL PROOF OF COMPLIANCE WITH THE INSURANCE REQUIREMENTS HAS BEEN RECEIVED BY THE CITY OF MOBILE.

17. A valid City of Mobile business license for the duration of the contract period. E-verify Documentation: The Beason-Hammond Taxpayer Protection Act applies to this project. Contractor shall comply with the requirements of this Act and show proof of enrollment in the E-verify program by submitting the electronically generated Federal E-verify document prior to signing of the construction contract. (see Project Manual)

18. Bids may be delivered in person or by mail if ample time is allowed for delivery.

19. Bids will be opened and read publicly at the time and place indicated in the Advertisement for Bids.

20. Alternates, if any, are listed in the Bid Form in the order in which they shall cumulatively add to from the base bid for determining the lowest bidder.

21. Bid Forms may be rejected if they contain any omissions, alterations of forms, additions not called for, conditional bids, alternate bids unless called for, incomplete bids, erasures, or irregularities of any kind.

22. Discussion of Scope of Work.
    a. Base Bid: The Work includes interior renovations involve painting walls, installing new flooring, LED lighting fixtures, replacing windows and window treatments, upgrading the restroom to meet ADA compliance, and converting a former storage area into a warming kitchen. The HVAC unit is being replaced and the ductwork redesigned. Exterior work includes new exterior signage and lighting.
    b. Add Alternate 1: Provide cost of Warming Kitchen equipment per design documents.

23. Completion Time for Project: Base Bid Completion Time: The Project shall be completed within ninety (90) calendar days from the date indicated by the Notice to Proceed**.** Time begins from date of Official Notice to Proceed.

24. There is a $30,000.00 Contingency Allowance. Allowances shall be utilized only after advanced written approval by the Owner. At the end of the project, remaining contingency will be returned to the City via Change Order.

25. At the time the Contractor duly awarded the Bid receives the signed Contract and the Notice to Proceed, he shall submit a Schedule of Work Progress to the Architect which reasonably reflects the amount of time required for each Phase of Work and the deadline by which it can be expected that such phase of the Work shall be completed. This Schedule should accurately reflect the date for Substantial Completion, and take into consideration any reasonable contingencies.

26. The Contractor shall be responsible for all project safety. Neither the Engineer nor the Owner will be responsible for the Contractor's safety precautions, means, methods, techniques, sequences, or procedures. Contractor's personnel responsible for safety shall be OSHA certified. Safety barricades (as described in the contract documents) for project, including equipment and storage areas, part of contractors means, methods, techniques, sequences, procedures; cost of any type fencing, barricades, etc. necessary shall be incidental to project.

27. Contractor shall have access to the site five days a week, 7:00 am until 5:00 pm unless approved differently by Project Manager.

28. Contractor shall keep an exceptionally clean site. The Community Center will continue to operate during normal business hours. All Construction and lay down areas must be protected from public and Community Center staff.

29. Contractor may utilize, without cost: power, electricity, toilet, and handwashing facilities, etc. if available in moderation.

30. Protect all concrete sidewalks, pads and paving. Contractor shall be responsible for re-pouring any concrete cracked or damaged through the course of the work. It is advised that the Contractor document the area before beginning Construction.

31. Remove waste, spoils, surplus materials, rubbish, and construction facilities from the site. On-Site Dumpster location to be coordinated with Owner Contact. Do not use facilities waste bins or dumpsters. Site must be kept clean.
    a. Storm and Wastewater:

i. Comply with City of Mobile and Alabama Department of Environmental Management requirements. Pay attention to Water Regulations and Allowable Discharges.
ii. See City of Mobile Code, Chapter 17, Storm Water Management and Flood Control.

32. Contractor must obtain permits and arrange for all permit inspections required by the City of Mobile. There is no charge for the Permit. Subcontractors will need to obtain their own permits.

33. Parking for Contractors and their Subs and workers: Shall be coordinated with the Owner.

34. Traffic Control:
- Coordinate all construction activities with parties having jurisdiction.
- Particular attention shall also be paid to vehicular and pedestrian traffic and routing of such during project.

35. Meetings: Owner / Engineer / Contractor (OEC) Progress Meeting to be held per project requirements. Pre-Construction Conference will be held once a Contractor has been awarded the project and contract signed.

36. Liquidated Damages: Per Item II Invitation & Instructions to Bidders, 1.24 LIQUIDATED DAMAGES: for non-completion of the work within the time limited agreed upon will be assessed in the amount of actual damages to the Owner but in no event not more than $250.00 per day.

37. Retainage withheld at 5% of the first 50% of Construction Completed until the amount equals 2.5% of the full contract amount. The final 2.5% of the full contract amount is withheld as retainage until all close out requirements are met, proof of advertisement, warranties, Consent of Surety and release of liens, etc. By State of Alabama Law, notice of final completion of the contract shall be published in a local newspaper of general circulation.

38. Closing remarks / questions. Any observed ambiguities, discrepancies, omissions or errors in any part of the contract documents shall be submitted as written RFIs to Elizabeth Miiller at elizabeth.miller@cityofmobile.org.

(Note: Secretary of State Account Number shall be filled in only by non-resident bidders)

(Check one) [ ] A Corporation [ ] A Partnership [ ] An Individual Doing Business

hereby proposes to furnish all labor, materials, tools, equipment, and supplies and to sustain all the expenses incurred in performing the Work on the above captioned Project in accordance with the terms of the Contract Documents, and all applicable laws and regulations for the sum listed below. The initial term of the Contract shall extend for approximately ninety (90) calendar days from the date of the Notice to Proceed.

Base Bid: **$ _____ .00**

Contingency Allowance: **+ $ 30,000.00**

Total Base Bid: **$ _____ .00**
(Fill in here and in Total Bid below)

TOTAL BASE BID: _____

_____ Dollars, ($ **_____ .00**)
(Amount in Words) (Amount in Figures)

Additive Alternate #1: Provide cost of Warming Kitchen equipment.

_____ Dollars & No Cents $_____ .00
Amount in Words Amount in #'s

Unit Price #1: Provide and install dimension body (matching existing) x 8 feet long wood plank, for replacement of damaged ceiling planks. Includes removal and replacement of damaged wood planks and all other necessary construction components for installation.

$_____ LF

(Note: Show amount in both words and figures. In case of discrepancy, the amount in words shall govern). **Bids shall be provided in whole dollar amount with no cents.**

CONTINGENCY ALLOWANCE: $30,000.00 lump sum Contingency Allowance shall be included in the Total Bid for work related to unforeseen conditions as approved by the Owner.

BID SECURITY: The undersigned Bidder agrees that the attached Bid Security, as a Cashier's Check drawn on a bank registered to do business in the State of Alabama and which is a member of the Federal Deposit Insurance Corporation, or a Bid Bond, made payable to the City of Mobile, in the amount of 5% of the bid amount, but in no event more than $10,000.00, as the proper measure of liquidated damages which the City will sustain by the failure of the undersigned to execute the Contract. Said Bid Security shall become the property of the City of Mobile as liquidated damages as specified in the Contract Documents.

AMERICANS WITH DISABILITIES ACT (ADA): The undersigned Bidder agrees to fully comply with all requirements of the Americans with Disabilities Act of 1990 and the Amendment Act.

NONDISCRIMINATION: Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, *inter alia*, that all contractors performing

work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

SIGNATURE: If the undersigned Bidder is incorporated, the entire legal title of the company followed by "a corporation" should be used. If Bidder is an individual, then that individual's full legal name followed by doing business as (d/b/a) and name of firm, if any, should be used. If Bidder is a partnership, then full name of each partner should be listed followed by "d/b/a" and name of firm, if any.

Ensure that name and exact arrangement thereof is the same on all forms submitted with this Bid. If a word is abbreviated in the official company name, such as "Co.", then use that abbreviation. If not abbreviated in the official name, spell out.

Bidder agrees not to revoke or withdraw this Bid until sixty (60) calendar days following the time and date for receipt of bids. If notified in writing of the acceptance of this Bid within this time period, Bidder agrees to execute a Contract based on this Bid on the proscribed form within ten (10) calendar days of said notification and to furnish Performance Bond and Materials and Payment Bond as specified.

SECTION 01220
UNIT PRICES
ADDENDUM #1, DATED AUGUST 15, 2025

PART 1 GENERAL

1.1 RELATED DOCUMENTS
Drawings and general provisions of the Contract, including General Conditions and Division 01 Specification Sections, apply to this Section.

1.2 SUMMARY

A. Section Includes:
1. Measurement.
2. Payment.

1.3 UNIT PRICES

A. Provide unit prices for items listed, for inclusion in Contract, guaranteed to apply for duration of Project as basis for additions to or deductions from Contract Sum.

B. Actual quantities and measurements supplied or placed in the Work will determine payment.

C. Payment includes full compensation for all required labor, Products, tools, equipment, services, and incidentals, and for erection, application, or installation of an item of the Work.

PART 2 PRODUCTS Not used

PART 3 EXECUTION

3.1 UNIT PRICE SCHEDULE

A. Provide and install dimension body (matching existing) x 8 feet long wood plank, for replacement of damaged ceiling planks. Includes removal and replacement of damaged wood planks and all other necessary construction components for installation.
1. Unit of measure: Per Each.
2. Basis of payment:
a. Contract Sum to be based on quantities material provided and installed.
b. Adjustments to Contract Sum will be made based on actual quantity of items provided to owner.

END OF SECTION

Addendum No. 2

To: Pre-Bid Meeting Attendees and Registered Plan holders

From: Elizabeth Miller
City of Mobile Architectural Engineering Department

Re: CIP D7 Senior Center
Project # PR-049-25

Date: August 19, 2025

This Addendum forms a part of, and modifies, the Request for Bids for the above referenced project, dated August 13, 2025. Acknowledge the receipt of this Addendum No. 2 and all subsequent Addenda, if any, in the space provided on the Bid Form. Failure to do so may subject Bidder to disqualification.

General: N/A

Clarifications:

Item 1. The existing interior panels are to be completely removed.

Item 2. Use existing conduit where feasible (i.e. concealed in walls) - all surface mounted conduit (new and existing) is to be painted to match surface on which it is installed. Box covers are to be labeled on the interior of cover.

Forms and Specifications: N/A

Drawings: N/A

RFI's:

Question 1. In order to finalize a proposal for Builder's Risk insurance required by the Contract we will need the following information:

1. Year Built
2. Type of Roof
3. Approximate Monetary value of the building

Answer 1. Below is the requested information for the Builder's Risk insurance

1. Building was bult in 1958
2. It has a built-up roof (BUR).
3. The approximate value is $375,000.

RFI's:

Question 1. Please confirm that marine insurance is not applicable. City of Mobile Contract VII.F.10-12. If Marine insurance is required, please confirm that the costs related to this coverage are to be in included in the base proposal.

Answer 1. Per the Project Manual, Marine insurance is required if applicable, which is only when working within 5 feet of water.

Question 2. Please verify that the contractual liability provisions are to remain as issued. Standard commercial liability policies do not cover this and there will be additional costs to address this language. If the language is to remain as written, please confirm the additional costs to provide the coverage are to be included in the base proposal.

Answer 2. Insurance requirements are as defined by the Project manual, see attached Sample COI (also included in the PM)

Question 3. Please verify that the contractual liability provisions are to remain as issued. Standard commercial liability policies do not cover this and there will be additional costs to address this language. If the language is to remain as written, please confirm the additional costs to provide the coverage are to be included in the base proposal.

Answer 3. Insurance requirements are as defined by the Project manual.

RESOLUTION

Sponsored by: Mayor William S. Stimpson;

WHEREAS, the City of Mobile receives grant funds from the United States Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG), Program, under Title I of the Housing and Community Development Act of 1974 as amended. The CDBG Program is designed to develop viable communities by providing decent housing, a suitable living environment, and expanded economic opportunities; and

WHEREAS, the Alabama Department of Economic and Community Affairs has been allowed under the CARES Act (Public Law 116-136) to allocate a portion of funding to Entitlement Communities for eligible activities within the CDBG program to respond to, prepare for, and prevent coronavirus; and

WHEREAS, as part of the revision process the City followed its HUD approved Citizen Participation Plan throughout the process;

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOBILE, ALABAMA, that the Mayor, or his designee, is authorized to revise its ADECA CDBG-CV funds budget allocation in accordance with the table below:

ADECA Community Development Block Grant-Coronavirus Response (ADECA CDBG-CV)

HUD Category

Activity	Pre-Revision Budget	Revised Budget
Administration	$150,000.00	$150,000.00
Acquisition of Real Property for Food Banks in Low/Mod Income Areas	$550,000.00	$50,844.72
Food Banks in Low/Mod Income Areas	$300,000.00	$299,923.22
VIA Senior Portable Wellness Program	$34,232.00	$34,232.00
Legal Services of Alabama- Fair Housing Education Program	$50,000.00	$50,000.00
Low/Mod Income Area Pandemic Related Fire Protection Equipment	$415,768.00	$915,000.06
Total	**$1,500,000.00**	**$1,500,00.00**

TOTAL BUDGET $1,500,000.00

BE IT FURTHER RESOLVED that the Mayor, or his designee, is authorized to act on behalf of the City of Mobile in the filing of the revised budget with ADECA, and that this authorization extends to the execution of all required certifications, agreements, and loan documents as well as all other actions required by said Federal and State funds.

A copy of this Amendment shall remain on file in the office of the City Clerk.

We will allow a discount _____% 20 days from date of receipt of goods and correct invoice of competed order

State delivery time within_____ days of receipt of P.O.

Firm Name _____

Signature _____

Type or Print Name _____

1. All quotations must be signed with the firm name and by an authorized officer or employee.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. IF a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

BID CONTINUATION SHEET

QUANTITY	ARTICLES — Bid on this form ONLY. Make no changes on this form. Additional information to be submitted on separate sheet and attached hereto.	UNIT	UNIT PRICE Dollars	UNIT PRICE Cents	EXTENSION Dollars	EXTENSION Cents

A cone of silence is in effect on this bid. DO NOT contact City employees with questions. All questions must be emailed to purchasing@cityofmobile.org.

All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to issuance of a Purchase Order.

State of Alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

CONE OF SILENCE. From the time of advertising, and until the final award by completion of a signed contract or purchase document issued by the City, there is a prohibition on communication by respondents (or anyone on their behalf) with the City staff and elected officials regarding this request Page 3 of 3for bids, proposals, or qualifications. This does not apply to communications directly with the Procurement Department staff during authorized question periods, or with designated City staff during pre-bid conferences, interviews, requests for clarification, and written contract negotiations. Breaking the established prohibition on communication, if proven, may result in a disqualification of your submittal.

If you have any questions, please feel free to contact the Purchasing Department at purchasing@cityofmobile.org.

Rachel Laurie Riddle
Chief Examiner

December 11, 2024

Alabama County Commissions
Alabama Municipalities
City and County Boards of Education

To Whom It May Concern,

In accordance with Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975 as amended by Act No. 2022-135, the Department has reviewed the competitive bidding process used by Sourcewell, a national, governmental purchasing cooperative, for the contracts awarded as of the date of this letter. The Department did not identify any matters that were contrary to proper purchasing procedures or routine governmental procurement practices. Each contract was awarded by Sourcewell pursuant to the competitive bid laws of the State of Minnesota.

Based on the Department's review, the competitive bid process used by Sourcewell is approved for use through **December 31, 2025**. This approval authorizes the purchase, lease, or lease/purchase of certain goods or services, other than voice or data wireless communication services, when certain statutory conditions are fulfilled. See Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975 as amended by Act No. 2023-135.

Prior to utilizing Sourcewell, each governmental entity must verify that the goods or services to be purchased, leased, or lease/purchased are either not at the time available on the state purchasing program or are available at a price equal to or less than that on the state purchase program. *Id.* Any such purchases, leases, or lease/purchases must be made through a participating Alabama vendor holding an Alabama business license if such a vendor exists. *Id.* Any such vendor shall also comply with Section 41-16-51(a)(16)d, *Ala. Code* 1975 when applicable. Further, all such purchases must comply with the requirements of *Uniform Guidance*.

Should the Department receive notice that Sourcewell or its awarded vendors are allowing Alabama governmental entities to make unauthorized purchases or other unlawful business transactions, Sourcewell's competitive bid process approval will subject to immediate revocation by the Department.

*****Please be advised, this letter authorizes the purchase of materials or equipment (by counties or municipalities only) that are otherwise part of a contract for "public works," as defined in Section 39-2-1(6), *Ala. Code* 1975, as long as the remaining portion of the public works project is subject to the requirements of Title 39, even if the remaining portion of the project would involve an amount less than $100,000 as a result of the exclusion of the purchase of materials or equipment. See Section 39-2-2(l)(1) and (2), *Ala. Code* 1975, as amended by Act 2023-497.**

If the Department can be of further assistance, please let us know.

Sincerely,

Rachel Laurie Riddle
CHIEF EXAMINER

We will allow a discount _____% 20 days from date of receipt of goods and correct invoice of competed order

State delivery time within_____ days of receipt of P.O.

Firm Name _____

Signature _____

Type or Print Name _____

1. All quotations must be signed with the firm name and by an authorized officer or employee.

2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.

3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.

4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.

5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.

6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.

7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)

8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.

9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.

10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.

11. Bids received after specified time will be returned un-opened.

12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.

13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.

14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/

15. IF a bid bond is required in the published specifications, see below:
    Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft** or **Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.

16. Contracts in excess of $50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.

17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.

18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx . Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.

19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.

20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.

21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.

22. City of Mobile applies local vendor preference to all purchases: Code of Aabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.

23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

BID CONTINUATION SHEET

QUANTITY	ARTICLES	Bid on this form ONLY. Make no changes on this form. Additional information to be submitted on separate sheet and attached hereto.	UNIT	UNIT PRICE Dollars	UNIT PRICE Cents	EXTENSION Dollars	EXTENSION Cents

QUANTIES LISTED ARE APPROXIMATIONS.

TO BE AWARDED ON AN ALL OR NONE BASIS.

All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed.

(Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to issuance of a Purchase Order.

State of Alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

CONE OF SILENCE. From the time of advertising, and until the final award by completion of a signed contract or purchase document issued by the City, there is a prohibition on communication by respondents (or anyone on their behalf) with the City staff and elected officials regarding this request for bids, proposals, or qualifications.

PROCUREMENT DEPARTMENT

Potential bidders are responsible to check this site for any ADDENDUMS that are issued. It is the responsibility of the BIDDER to check for, download, and include with their BID RESPONSE any and all ADDENDUMS that are issued for a specific BID published by the City of Mobile. Failure to download and include ADDENDUMS in your BID RESPONSE may cause your bid to be rejected.

This is a sealed bid. Any responses faxed or e-mailed will be rejected.

This is a sealed bid. Any response must be submitted in a sealed envelope with the bid number and bid opening date on the outside of the envelope.

Any response that arrives improperly marked or with no bid number and opening date on the outside of the delivery or express package and opened in error will be rejected and not considered.

It is the responsibility of the bidder to ensure that their bid response is delivered to and received in the Purchasing Department before the date and time of the bid opening.

Be sure to read the Terms and Conditions.
All bids are F.O.B. destination unless otherwise stated.

Be sure to sign your bid!
