A qualified wrecker company that has been on one or more wrecker rotation list for at least five (5) consecutive years, and which is removed from the city's police jurisdiction due to a change in the city's jurisdictional limits, may remain qualified to apply for a Wrecker Permit and inclusion on the Wrecker Rotation Lists so long as the company complies with the following:

Article IV: City Rotation List; Procedures; Fees; Records

Sec. 63-28. Accident scenes; police emergencies.

Whenever a motor vehicle has been involved in an accident or collision within the limits of the City of Mobile or police jurisdiction and is unable to proceed safely, or the driver is physically unable to drive the motor vehicle, the police officer at the scene shall request of the driver that the driver designate a wrecker company to tow the motor vehicle. In the event that the driver is physically unable to designate a wrecker company, or expresses no preference for a wrecker company, the wrecker company next on the Wrecker Rotation List maintained by the department shall be dispatched to the scene to tow the motor

MINUTES OF SEPTEMBER 1, 2020

vehicle. For any other requirements for a towing service by the department, including traffic hazards and any other impediments to the traffic function, this same procedure and rotation shall be followed.

Sec. 63-29. Impoundments; abandoned vehicles.

The department is hereby authorized to use wrecker companies on the Wrecker Rotation List to provide towing services for the circumstances contained within City Code Sec. 61-101(a)(1)–(5). The department shall proceed through the list according to the procedures subscribed herein.

Sec. 63-30. Closest Wrecker company.

Notwithstanding any other provision of this chapter, whenever any police officer of the City arrives at the scene of any accident or disabled vehicle and in the exercise of his discretion as a police officer determines that a traffic hazard, as defined in Article I, section 63-5(21) exists, or that an emergency exists requiring the immediate service of a wrecker in order to protect the life of any person, then upon approval by a supervisor, the police officer shall immediately notify dispatch of such emergency and the place of the emergency and the closest wrecker company with a place of business, as defined under

Article I, section 63-5(2), shall be dispatched to the scene of the accident by the police dispatcher receiving such call.

Sec. 63-31. Department operations; procedure upon receiving request.

The department shall follow the following procedure in order to engage wrecker companies from the wrecker rotation list:

- 1) On receiving the first request for a wrecker off the rotation list, dispatch shall call the first wrecker company on the wrecker rotation lists.
- 2) In each succeeding communication of the inability or unwillingness of an owner to designate a wrecker company, the next company on the list shall be called and a proper notation of each such call shall be made upon the rotation list.
- 3) When it is determined that a large wrecker is needed, the dispatch shall call a large wrecker from the large wrecker rotation list, in the same manner as he would a regular wrecker off the regular rotation list. If it is not known initially that a large wrecker is needed, and a regular wrecker is dispatched from the rotation list and it is substantially determined that a large wrecker is needed, the large wrecker shall be dispatched, and the regular wrecker company that was previously dispatched shall be recalled and placed back on top of the regular rotation list.
- 4) When emergency conditions necessitate, the department reserves the right to request the services of the wrecker company who, in the police department's opinion, is best able to handle the situation and/or can reach the scene most expeditiously, regardless of the company's position on the rotation list. If a dispatch is made under these circumstances, the wrecker company making such a response will not forfeit their respective position on the rotation list.
- 5) The first wrecker dispatched to the scene of a vehicular accident shall have first choice of vehicles being towed, unless directed otherwise by the officer in charge at the scene.

Sec. 63-32. Rotation list; wrecker company and operator response.

The wrecker company shall adhere to the following rules when responding to call for wrecker service from the wrecker rotation list:

- 1) A wrecker company, or its designated operator, shall promptly respond to a dispatch and arrive with a wrecker on the scene within thirty (30) minutes under normal driving conditions. If an operator is not capable at the time of dispatch to respond, it shall

MINUTES OF SEPTEMBER 1, 2020

immediately notify dispatch of this fact. The wrecker company will be passed over for that rotation and the dispatch will go to the next company on the rotation list.

2) A wrecker company shall not accept a dispatch for wrecker services from the rotation list unless the company has an operator, wrecker and the necessary equipment immediately available to perform the requested service.

3) When a wrecker company responds to a dispatch, but renders no wrecker services, the wrecker company will not lose its position on the rotation list if the operator provides prompt notification of the same to the department's dispatch. The officer will notify dispatch of the cancellation.

4) If the operator does not arrive on the scene on time or if the public health, safety and welfare necessitate more expeditious action, the department reserves the right to request the services of the next wrecker company on the rotation list. Under these circumstances, the wrecker company who received the first call will forfeit its position on the rotation list for that turn. Any wrecker company that is late in responding to dispatches for wrecker service without justification may be subject to penalties as provided herein.

Sec. 63-33. Wrecker company listed only once.

Each wrecker company shall be listed on the rotation list only once.

1) This listing will use the name the wrecker company submitted during the application process and under which he/she is qualified under this chapter. It is prohibited for a wrecker company conducting business at one location to receive multiple listings by utilizing a different or fictitious name for wreckers operating from the same location or by utilizing wreckers with the same name out of different locations within the city.

2) When two or more businesses or companies are owned by the same individual, partnership, or parent corporation, each business or company may have a separate listing only when each business maintains completely separate offices, required documentation, logs, and wreckers labeled with the appropriate business name in accordance with Section 63-33(3) at the approved locations.

3) A wrecker business will be regarded as having separate locations only when each business or company continuously and regularly occupies separate, different, permanent, nonresidential, non-overlapping structures: each with its own phone number and service; each with its own dispatch number and dispatch operator; each keeping its own towing and recovery books, logs, tax records, and other required records; each prominently displaying its city and state licenses; and each business open to customers with an employee present and available to assist customers continuously between the hours of 8:00 a.m. until 5:00 p.m., Monday through Friday (excluding state or federal holidays).

Sec. 63-34. Response with own wreckers.

The wrecker company shall respond to a dispatch with its own wreckers and shall not send another wrecker company in response to a rotation list dispatch. If it appears to the officer on the scene, that the wrecker operator is not capable to perform the required services or needs assistance, the officer may request that another wrecker company be dispatched.

Sec. 63-35. Response while impaired prohibited.

No driver of a wrecker shall respond to a dispatch when he or she is under the influence of alcoholic beverages, controlled substances or is otherwise impaired.

Sec. 63-36. Restriction for conviction of crimes.

No wrecker operator shall be on the rotation list who has been convicted of any crime within the past five (5) years that is related to their capability to provide wrecker services to the public in a safe and responsible manner.

Sec. 63-42. Kickbacks for business.

It shall be unlawful and an offense against the city for any person to offer or pay any reward or remuneration to any city employee, officer, or agent, police officer or any employee of the city, for the purpose of obtaining the solicitation of business for any wrecker company.

Violation of any rule, regulation or provision of this article as it relates to wrecker services for rotation list dispatches may be cause for suspension or removal of the wrecker company from the rotation list. The department shall notify the wrecker company in writing of a violation and the applicable penalty.

1) Upon receipt of notification, the wrecker company may, within fifteen (15) days thereof, deliver a written request to the City Clerk and the department's representative for a hearing to be held before the city council. The city clerk shall notify the wrecker company and the department of the time, date and place of the hearing. The city council may hear from department and any other city representatives who may have relevant information.

5) If any violations of the regulations or provisions of this article are deemed by the city representative to be of such a nature as to endanger public safety, the department shall immediately suspend from the rotation list the wrecker company committing such violation, then provide notice pursuant to the provisions of subsection (1) above.

6) No applications for reinstatement to the rotation list resulting from violation of these regulations will be considered by a transferee of the suspended wrecker company's business interest unless such transfer was the result of a bona fide sale of a majority of the assets of the business for a reasonable consideration. All documents demonstrating the same must be provided to the Department.

Sec. 63-44. Penalties.

In addition to any other potential penalties for violating this Chapter, the following penalties shall be assessed for rotation list violations:

There shall be no written warnings for any of such violations. Upon receipt of a suspension under this section, a hearing before the City Council shall be held at the next immediately scheduled Council meeting.

- 1) The senior fire official on the scene shall be the fire department emergency incident commander at all hazardous materials spills or other emergency situations in the city.

- 3) The vehicle owner, or the individual or entity who is responsible for the hazardous materials until the proper delivery of such, shall have the authority to either call or request the city to call a wrecker company of his or her choice which is on the city's hazardous materials wreckers list to tow the vehicle at the time the hazardous materials fire department emergency incident commander deems appropriate.
