Subject And Specific Questions: Why are there time limits for residents to address the City Council versus NO time limit for a Prayer by a religious organization?

Pertain To City Business: Last Tuesday you allowed Travis Johnson from Pathway Church to do a Prayer/sermon for 6 minutes plus receive applause afterward, Supposedly this is not allowed per the Council Rules \for residents who speak and discriminates against citizens by enforcing a time limit of 3 minutes, which was previously 5 minutes and reduced to 3 minutes. Are there exceptions for ministers? Why is a prayer before a PublicCity Business meeting included anyway.?

To Whom It May Concern,

In accordance with Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975, as amended by Act No. 2021-485, the Department has reviewed the competitive bidding process used by the National Cooperative Purchasing Alliance ("NCPA"), a national, governmental purchasing cooperative, for the contracts awarded as of the date of this letter. The Department did not identify any matters that were contrary to proper purchasing procedures or routine governmental procurement practices. Each contract was awarded by NCPA pursuant to the competitive bid laws of the State of Texas.

Based on the Department's review, the competitive bid process used by NCPA is approved for use through **December 31, 2023**. This approval authorizes the purchase, lease, or lease/purchase of certain goods or services, other than voice or data wireless communication services, when certain statutory conditions are fulfilled. See Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975, as amended by Act No. 2021-485.

Prior to utilizing NCPA, each governmental entity must verify that the goods or services to be purchased, leased, or lease/purchased are either not at the time available on the state purchasing program or are available at a price equal to or less than that on the state purchase program. *Id.* Further, any such purchases, leases, or lease/purchases must be made through a participating Alabama vendor holding an Alabama business license if such a vendor exists. *Id.*

Should the Department receive notice that NCPA or its awarded vendors are allowing Alabama governmental entities to make unauthorized purchases or other unlawful business transactions, NCPA's competitive bid process approval will subject to immediate revocation by the Department.

If the Department can be of further assistance, please let us know.

Sincerely,

Rachel Laurie Riddle

To Whom It May Concern,

In accordance with Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975, as amended by Act No. 2021-485, the Department has reviewed the competitive bidding process used by Omnia Partners Public Sector ("Omnia"), a national purchasing cooperative, for the contracts awarded as of the date of this letter. The Department did not identify any matters that were contrary to proper purchasing procedures or routine governmental procurement practices. Each contract was awarded by various governmental entities pursuant to the competitive bid laws in the state of the awarding authority.

Based on the Department's review, the competitive bid process used by Omnia is approved for use through **December 31, 2023**. This approval authorizes the purchase, lease, or lease/purchase of certain goods or services, other than voice or data wireless communication services, when certain statutory conditions are fulfilled. See Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975, as amended by Act No. 2021-485.

Prior to utilizing Omnia, each governmental entity must verify that the goods or services to be purchased, leased, or lease/purchased are either not at the time available on the state purchasing program or are available at a price equal to or less than that on the state purchase program. *Id.* Further, any such purchases, leases, or lease/purchases must be made through a participating Alabama vendor holding an Alabama business license if such a vendor exists. *Id.*

Should the Department receive notice that Omnia, its awarding authorities, or its awarded vendors are allowing Alabama governmental entities to make unauthorized purchases or other unlawful business transactions, Omnia's competitive bid process approval will subject to immediate revocation by the Department.

If the Department can be of further assistance, please let us know.

Sincerely,

Rachel Laurie Riddle

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Elgin Sweeper Company, 1300 West Bartlett Road, Elgin, IL 60120 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Street Sweepers and Specialty Sweepers, with Related Equipment, Accessories, and Supplies from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

B. EXPIRATION DATE AND EXTENSION. This Contract expires November 16, 2025, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.

C. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

DocuSign Envelope ID: EA816B01-BB77-4918-B2F2-DE921CD3633A

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

DocuSign Envelope ID: EA816B01-BB77-4918-B2F2-DE921CD3633A

returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;

DocuSign Envelope ID: EA816B01-BB77-4918-B2F2-DE921CD3633A

- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

DocuSign Envelope ID: EA816B01-BB77-4918-B2F2-DE921CD3633A

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be negotiated directly between the Participating Entity and the Supplier. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

Line Item	Question	Response *	
9	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	Aligned with Federal Signal, Elgin Sweeper works to enhance the cleanliness, safety and well being of our communities and work places. We are an American manufacturer with 107 years of street sweeper design and manufacturing experience. We are focused on designing, manufacturing and distributing high-quality street sweeping equipment that serves municipal, governmental, industrial and institutional customers. We are focused on doing this with high regard for our employees and our environment.	*
10	What are your company's expectations in the event of an award?	We would expect to continue cooperation with Sourcewell as we work to serve its membership and work to provide effective and simple solutions for environmental cleaning challenges. This would include Sourcewell commitment to expand membership and promotion of their contracts to support their contract holders. We have over a decade of cooperation and growth working together with Sourcewell and their members, and we would work together to continue serve the membership with the latest advances in street sweeper designs and product offerings.	*
11	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Elgin Sweeper Co.has been manufacturing street sweepers for over 107 years. Today we are the leading manufacturer of sweepers for municipalities and governmental agencies in North America. We offer the the broadest selection of street sweepers across various sweeping technologies. We utilize mechanical, regenerative air, pure vacuum sweeper and we offer alternative fuels including CNG and hybrid electric sweeping. Elgin is a subsidiary of Federal Signal - a publicly traded company with more than $1.2 billion in revenue last year. The link shown here can be used to access the latest quarterly reports as well as other financial related topics and will clearly show Federal Signal's financial strength and stability. https//:www.federalsignal.com/annual-quarterly-reports	*
12	What is your US market share for the solutions that you are proposing?	Our industry is a non-reporting industry. Therefore, no independent data of market share exists. Based on our market knowledge and across all sweeping model/technologies, we believe our market share to be 40+%.	*
13	What is your Canadian market share for the solutions that you are proposing?	Again, we do not have empirical data supporting market share in Canada but our research shows that we are approximately 35% market share across all types of sweeping technologies.	*
14	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	Elgin Sweeper Co. and Federal Signal Corp. have never been the subject of a bankruptcy action.	*
15	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	We are a manufacturer. We have a network of third-party dealerships across North America that are trained to sell and service our products. The dealerships are specifically contracted and trained to represent our products in their local areas. We also have Regional Sales Reps (located throughout N. America) that support the sales process and are available to meet and work with end-user. We also have a Field Service and Support team. They too are located within their regions, and are dedicated to support our dealers and their efforts to ensure customer satisfaction with our products. The Regional Sales Reps and the Regional Service and Support Reps are employees of the company.	*
16	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	All of our contracted dealers are required to have valid state equipment dealer license. All of our dealers must comply with this requirement as part of their contract with us. While not required, Elgin is ISO 9001 certified. ISO is the International Standards Organization and being certified means that we have policies and procedures commensurate with our business (heavy manufacturing) and that we adhere to those policies, procedures and quality standards. We are audited annually.	*
17	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	None	*

We as a manufacturer do not hold any additional state or provincial purchasing contracts - only our current Sourcewell contract. However, a number of our local dealers do hold state or local purchasing contracts which they service. We do not have access to the detailed sales volumes as those are not tracked.	*
22	List any GSA contracts or Standing Offers and Supply Arrangements (SOSA) that you hold. What is the annual sales volume for each of these contracts over the past three years?	We service a GSA contract (47QMCA18D000E) that is administered through our dealer in Maryland. Again, annual sales volumes are unknown.	*

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
25	Sales force.	Elgin has six Regional Sales Managers (RSMs) tasked with supporting our dealer's sales efforts. The RSMs set sales targets and are involved in the end-user sales process as needed. The RSMs report to a Director of Municipal/Governmental Sales who reports to a Group level Vice President	*
26	Dealer network or other distribution methods.	Our dealer network consists of 34 dealer entities with over 70 location throughout North America. All dealers are assigned an area of responsibility that cover all of the US, Canada and the US Territories. Total dealer sales reps/territory managers for North American total over 230.	*
27	Service force.	Internally, Elgin has an Inside Service organization with seven technical reps that support our dealer's daily need for technical support. We also have four Regional Service and Support Managers (RSSMs) that live and work with specific dealers within their assigned regions to provide warranty support, training, consultation and end-user interaction. All of our internal reps support approximately 225 dealer technicians tasked with providing end-user service.	*
28	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Sourcewell members will order through their local dealer who will, in-turn, place an order with us. Our dealer will be responsible for assisting the member with equipment configuration recommendations and providing a detailed proposal/quotation to the member. Once the sweeper is manufactured and delivered to our dealer, they will be responsible for preparing, delivering, training and supporting the end-user's needs with the sweeper. History is showing that Elgin dealers are knowledgeable, experienced and anxious to use our Sourcewell contract.	*
29	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Customer Service starts from the delivery process with Sweeper installation/operation training. Shorty after delivery, we request a customer satisfaction survey be filled out so we can understand the level of satisfaction from product quality, to dealer support and overall product satisfaction. Any negative responses are recorded and assigned to a field rep for appropriate follow-up. All Elgin Dealers have trained and certified technicians with the vast majority of dealers providing road (go to customer location) service complete with well-equipped service trucks. This allows for quicker support of possible inoperative vehicles. Also, at Elgin we have a 24-hour toll free helpline that is staffed by factory personnel. The objective is to provide an immediate contact and response for both our dealers and end-user customers. Lastly, we support our products with a comprehensive warranty that is provided through our trained dealer network. Our philosophy is that quality products with high-levels of service support will ensure the best value for our customers - this, in turn, will create their desire to continue their business relationship with Elgin and our dealers.	*
30	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	Our dealer network allows us to sell and service our products throughout all of North America. Our dealers are assigned geographic areas (or territories) of responsibility that include all states and provinces. The assigned territories are listed in the dealer contract.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	We support, service and actively pursue business opportunities with all Canadian entities that use street sweepers.	*
32	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	We will service all geographic areas of the US and Canada.	*
33	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	We will service any and all Sourcewell participating entities.	*
34	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	Hawaii, Alaska and the US Territories are serviced the same as other states. We have dealers that are contractually assigned these geographic regions.	*

Table 7: Marketing Plan

Line Item	Question	Response *	
35	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	We advertise our Sourcewell contract at trade shows, on our public website, on our marketing collateral and at our internal dealer events. We invite our Sourcewell Contract Administrator to attend and participate at our trade shows and internal dealer sales training events. We have facilitated contract training with both our Regional Sales Managers and dealerships. We encourage our dealers to attend and network at Sourcewell sponsored events like GTKU and Sourcewell University.	*
36	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Elgin utilizes a number of social media platforms to inform and communicate with the public and our followers. Our Marketing Communications Group does an excellent job of utilizing these technologies to promote our products and keep our users informed of what's happening. We use Facebook, LinkedIn, You Tube and Twitter to keep users and followers up-to-date with the latest product releases including videos; application specific information, new option availability (to enhance the functionality), and the latest press releases. Our website allows users to connect to information including our Sourcewell relationship and contract information.	*
37	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	We would expect Sourcewell to promote our contracts to their membership as a way to simplify the procurement process and that membership understands that contract holders are part of an elite group of product/solution providers that have proven to be reputable and responsive to member's needs. We expect that Sourcewell works to continue to expand membership so that additional entities would be able to experiences the benefits for all parties. Our Sourcewell contract is currently well integrated within our sales process. Our RSMs, as well as our dealers, have been trained in using our contract as a preferred method of selling/procuring our products. Our dealers currently have the ability to create Sourcewell compliant proposals/quotes within our on-line configurator and ordering tool. By making a simple selection (check box) within our CPQ tool a dealer sales rep can create a proposal that is compliant with our Sourcewell contract. The tool applies the appropriate pricing, contract information, inserts the approved Sourcewell logo and tracks orders for reporting purposes.	*
38	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We do not have an e-procurement system for end-customer use. However, we do have an on-line product configuration and ordering tool that our dealers use to configure customers specific units and place orders with us. Our dealers use this on-line tool to prepare Sourcewell compliant proposal/quotes for members and then to place that Sourcewell order upon award.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	
39	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	We offer training at several levels. Initial training is basic installation training and is provided by our dealers at or shortly after delivery of a new sweeper as agreed to with customer. This would include basic operation, cleaning and maintenance training. This is generally free of charge unless the member requests multiple sessions or more in-depth training that requires more time. This initial training is considered standard or can be optionally upgraded if a deeper level of training is desired. We also offer product model specific training at the factory. This covers multiple days and is also free of charge with the only costs being travel and hotel accommodations if needed. Dealers usually assist the member/customer with registration for this training.	*
40	Describe any technological advances that your proposed products or services offer.	We have a number of technological advances on current product offerings including single-engine sweepers. We use advance variable planetary drive system (VPD) to drive sweeper components without sacrificing sweep performance. This drive system is a unique technology for our industry. We currently offer this single-engine technology for two of our four air sweeper models. More are in development. We also have an electric-hybrid sweeper that is available mounted on a diesel or CNG powered chassis. Sweeping is powered electrically while the chassis propulsion and battery re-charging is done with the diesel or clean CNG chassis power. Our pipeline of development items is significant as well. Users will see a number of new products utilizing technological advances in the coming years. This is all attributable to our Engineering and Product Development group where we focus on employing new technologies for our products.	*
41	Describe any “green” initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	We have a working relationship and agreement with NASCAR Green, the sustainability arm of NASCAR sweeping. We have worked with them for approximately eight years and we are the exclusive sweeper for all major NASCAR events. We were chosen after comprehensive testing of our sweeper product and we were chosen because of benefits such as fuel efficiency and ability to design and deliver very specific features required for use on race tracks. We offer single-engine sweep technologies on several models and we are able to show improved fuel efficiency and noise reduction. This theme has continued most recently with development of our hybrid-electric sweeping technology that tis now available with our Broom Bear sweeper. Sourcewell members can look forward to additional "green" solutions in the near future.	*
42	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Elgin Sweeper Company is committed to providing environmental solutions that reduce storm water runoff pollution and air pollution. Years ago we introduced our "Eco-Infused" Technology to our brand which is development platform that combines science and innovation to produce more environmentally efficient sweepers. From alternative fuel to waterless dust control to singled-engine sweeper technology to electric hybrid powered sweepers, Elgin is a technology leader in developing products that result in cleaner streets, water and air. We have been recognized by NASCAR green with a long-term partnership (9 years running) based on our ability to provide track sweeping and drying in the most efficient manner available.	*
43	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	While Elgin does not qualify under any of these business heading, several of our partner/dealers do. This includes WMBE and SBE. This is not a requirement of our dealer/partners and therefore access to documentation is not readily available.	*
44	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	Elgin's unique attributes include a full-line of street/road sweepers that can be configured for virtually any road sweeping application. The full line includes multiple units of purpose build mechanical, chassis mounted mechanical, regenerative air, pure vacuum sweepers, as well as alternative fuel. Our dealer network positions us to serve and support virtually any Sourcewell member in the US and Canada. We have long-term relationships with our dealer network which means we work well together and ultimately, our customers and Sourcewell members benefit. Together, and with our complete-line of sweeper offerings, we can focus on specific sweeping applications that would best serve our customers and Sourcewell membership. We do not need to push one technology or nudge customers in a certain direction as we offer all types of sweeping. We have a full service engineering department which provides tremendous flexibility to offer unique option requests to meet specific customer/member requirements. Lastly, our long relationship with Sourcewell means that we are familiar with member needs and also with vendor requirements - such as reporting and managing our contract effectively to the mutual benefit of all parties.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
45	Do your warranties cover all products, parts, and labor?	Yes	*
46	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	No usage limitation. Standard warranty is for 1 year bumper-to -bumper exclusive of wear items such as brooms.	*
47	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Yes	*
48	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	Our dealer contracts require that they provide service for all customer within their area of responsibility. This would of course include Sourcewell member customers. In very rare situations and with the agreement of the customer, authorizations for a specific customer to perform their own warranty repair can be given. Elgin and our dealer would support this by providing parts, work instructions and compensation at pre-established rates. Authorization would only be given if the required repair is considered relatively easy to accomplish and did not present any risk for the customer.	*
49	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Our warranty covers all items with the exception of engines, truck chassis, tires and other components that carry their own manufacturers warranty. These items are typically supported by local dealer facilities. Any items/components that do not have local service would be cover by Elgin and our dealers. We have been know to assist our end user by leveraging our contacts with engine and chassis manufacturers and dealers.	*
50	What are your proposed exchange and return programs and policies?	It is extremely rare that we would need to exchange or have a sweeper returned. If one of our sweepers was determined to be wrong for a specific customer need/application, we would work with them to modify or exchange a product for one that would work better. Ultimately, we are all better off if the customer is satisfied with their sweeper - that's what we work toward.	*
51	Describe any service contract options for the items included in your proposal.	We are not specifically offering service contracts with this proposal. However, most of our dealer offer a variety service contract options and service specials. The offerings can be from full-service turnkey parts and service solutions to specific seasonal specials in preparation for sweeping season. These are dealer specific.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
52	Describe your payment terms and accepted payment methods?	Payment terms are established between the Elgin dealer and the Sourcewell member. Generally, this is net 15 or net 30-days. However, our dealers do most of their business municipally and understand that some entities need to apply different payment terms. Most of the time the specific member requirements can be met if within reason. The standard payment terms between our dealer and u is net 30-days.	*
53	Describe any leasing or financing options available for use by educational or governmental entities.	Again, leasing and financing options are determined between the Egin dealer and the Sourcewell member. All of our dealers offer some type of leasing and/or financing option. This is usually with a third-party that we or they have established relationships with. We often recommend NCL and many of our dealers have an established relationship with NCL and use NCL's Sourcewell contract solution for lease/financing options.	*
54	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	We do not have a standard transaction document that is provided to the end-user/member. Typically, the entity issues a purchase order to our dealer based on a Sourcewell proposal/quote that is generated through our configurator tool. The dealer submits the "quote" to us as an order once the member issues a PO. We, in turn, issue an electronic acknowledgement document to the dealer confirming what was ordered. This is our standard process today, for all orders, and Sourcewell orders fit nicely within our existing process. I am including example documents in the upload section.	*
55	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	The payment process for members is a transaction between Sourcewell member and Elgin dealer. I do not believe P-card transactions are used. We do not accept P-Card payments from our dealers. We have no hidden or undisclosed costs.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
56	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	We are offering our full-line of sweepers. Our pricing model is a simple 3% discount from list price on all sweeper products including options, exclusive of chassis and freight (from factory to dealer location) costs. We are also offering the rental of our sweepers. Rental rates apply across the US and Canada (in Canadian dollars). The rates provided on the rental rate sheets are the Sourcewell member's price. Used Sweepers, primarily from rental fleet, are generally late model and because of various usage and condition of specific units, the pricing will be a negotiated and agreed to price between the member and Elgin dealer. This allows members a method of obtaining a quality sweeper at a much lower initial acquisition cost.	*
57	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	For new equipment a 3% discount from list price applies. This discount applies to all Elgin manufactured content including options. The rental pricing is a pre-established rental rate and is consistent throughout the US and Canada. These rates are at the lower end of the regional rate study that was conducted. Used equipment pricing will be negotiated and agreed to between member and Elgin dealer.	*
58	Describe any quantity or volume discounts or rebate programs that you offer.	Additional volume discounts could be considered on a case-by-case basis.	*
59	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	Sourced products or open market items fall into three categories for us. This could be items that would be provided by our dealer. The items in this category would be quoted by our dealer to the member and could include items such as special radios, decals or exterior wraps, lighting, and other dealer installed accessories. These items would not be subject to the 3% discount. Also included in this category would be unique equipment or options that would be designed, manufactured or procured and installed by Elgin. This is common for us and would be handled through our RFQ/Specials process. This allows us to provide a unique (off price list) solution for our customers and would be priced consistently with the 3% discount from list price. Our "Special" solution would be included in the Sourcewell proposal/quote. The last category would be factory supplied chassis. Because most of our product are mounted and integrated to a commercial chassis, we work with commercial chassis manufacturers and their local dealers to provide chassis specifically engineered for Elgin sweeper-mounting and use. We typically get favorable pricing from the manufacturer/dealer because of our volume. These chassis are very competitively priced and specifically designed for use with our sweepers. This is the easiest, least risky, and most often cost-effective turnkey solution. Because chassis availability/inventory is inconsistent and lead times vary, we do not provide chassis pricing. We will provide chassis quote through our dealer at the time a Sourcewell quote/proposal is being developed - the 3% discount does not apply to chassis that we or our dealers provide.	*
60	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Additional costs not included with our submittal would include dealer charges for items such as pre-delivery inspection and unit preparation, local freight charges, additional training above and beyond initial training at or shortly after delivery. Also, as mentioned above, any dealer installed item would not be identified in our price sheets but would be identified in the member's Sourcewell proposal/quote.	*
61	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	The freight from our factory to the local dealer facility would be included with the Sourcewell quote but not subject to the 3% discount. Freight is a pass thru cost and not a profit item for us. Local freight and delivery is handled by our local dealers and is not specifically listed in our response. This cost would be additional and should be listed on the member's pricing quote (often listed as part of the PDI process). This price would also vary by dealer and complexity of local shipping requirements.	*
62	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Alaska, Hawaii, Canada or other "offshore" delivery requirement would include a special quote from us. With offshore shipping requirements we typically containerize the sweeper, deliver to a coastal port via truck and then load the container to a boat for delivery to location. This usually requires additional handling charges including protective coatings and dock charges. These charges can vary and would be disclosed in a member's proposal/quote.	*
63	Describe any unique distribution and/or delivery methods or options offered in your proposal.	We have a dedicated traffic department which is tasked with arranging any unique delivery requirement. This is their focus and the department is knowledgeable and skilled at finding competitively priced shipping options that best meet requirements.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
64	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	The pricing offered for our complete line of street sweepers for this Sourcewell proposal is typically better than what we offer for other purchasing contracts. It is possible that a dealer may offer a lesser price for a specific deal or customer but that is generally without our input.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
65	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Currently, we require our Regional Sales Managers to report Sourcewell Sales (using the provided Sourcewell template) on a quarterly basis. Late last year we refined and simplified that process by allowing our dealers to select "Sourcewell" within the CPQ/ordering tool and that would automatically apply the appropriate pricing. This also allows us the ability to track Sourcewell deals in our CPQ/on-line ordering tool. Each RSM now has the ability to view all sales, by specific dealer and region and can query for Sourcewell specific sales. By tracking sales within our CPQ ordering tool, we can verify "Sourcewell" sales and obtain the other required reporting details including transaction price. Once RSMs submit their territory Sourcewell sales reports, they are reviewed and reconciled by our Controller. Once approved, I submitted the quarterly report as required and our Controller initiates payment.	*
66	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Quarterly sales are reviewed and compared to the previous year's quarterly results and are also reviewed as a percentage of overall sales. As Business Development Manager, I am task with ensuring growth targets are achieved specific to several business development objectives that are set. This includes overall Sourcewell Sales increases. I am also charged with ensuring compliance to requirements.	*
67	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	As with past contracts, we propose a 0.5% administrative fee exclusive of chassis pricing and freight. We remove chassis pricing and freight as these items are not profit generating but rather cost items. This fee will be paid by us (Elgin) and is not a line item past on to the member.	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *	
68	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	We are offering for purchase or rental, a full-line of street sweepers. We offer purpose-built mechanical sweepers, chassis-mounted mechanical, regenerative air and pure vacuum sweeping technologies. We also offer a number of our models utilizing alternative fuels including Compressed Natural Gas (CNG) and hybrid electric sweepers. Our product offering represents the most comprehensive line-up of full-sized street sweepers for use in municipal, county highway and state DOT applications. Because of recent popularity of renting sweepers, we are offering rental option for our line of sweepers as well as the sale of late model used sweeper equipment.	*
69	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services. [Refer also to RFP Section II. B. 2 for potential subcategory descriptors.]	Our focus is on street, highway, runway, construction, and large parking lot sweepers. Our subcategories include purpose-built, chassis-mounted diesel and alternative fuels including Compressed natural gas (CNG) and hybrid (electric) solutions. It should be noted that our sweepers have a comprehensive list of options and accessories that are available to customize our products for specific and geographic applications including waterless sweeping and high-altitude sweeping. These options are including in our offering.	*

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.

3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.

4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.

6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.

7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.

8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

11. Proposer its employees, agents, and subcontractors are not:

    1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: https://www.treasury.gov/ofac/downloads/sdnlist.pdf;

    2. Included on the government-wide exclusions lists in the United States System for Award Management found at: https://sam.gov/SAM/; or

    3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - David Panizzi, Business Development Manager, Elgin Sweeper Company

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

To Whom It May Concern,

In accordance with Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975 as amended by Act No. 2021-485, the Department has reviewed the competitive bidding process used by Sourcewell, a national, governmental purchasing cooperative, for the contracts awarded as of the date of this letter. The Department did not identify any matters that were contrary to proper purchasing procedures or routine governmental procurement practices. Each contract was awarded by Sourcewell pursuant to the competitive bid laws of the State of Minnesota.

Based on the Department's review, the competitive bid process used by Sourcewell is approved for use through **December 31, 2023**. This approval authorizes the purchase, lease, or lease/purchase of certain goods or services, other than voice or data wireless communication services, when certain statutory conditions are fulfilled. See Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975 as amended by Act No. 2021-485.

Prior to utilizing Sourcewell, each governmental entity must verify that the goods or services to be purchased, leased, or lease/purchased are either not at the time available on the state purchasing program or are available at a price equal to or less than that on the state purchase program. *Id.* Further, any such purchases, leases, or lease/purchases must be made through a participating Alabama vendor holding an Alabama business license if such a vendor exists. *Id.*

Should the Department receive notice that Sourcewell or its awarded vendors are allowing Alabama governmental entities to make unauthorized purchases or other unlawful business transactions, Sourcewell's competitive bid process approval will subject to immediate revocation by the Department.

If the Department can be of further assistance, please let us know.

Sincerely,

Rachel Laurie Riddle

The exhaust stack dampeners are electronically actuated to close when burners are off to reduce heat loss. The burners are thermostat controlled and regulated at 10 PSI. The ignition system is 12 volt DC with electronic igniter. Gas burner has a safety shut-off on loss of flame or excessive temperature. Automatic safety shut-off when diesel pump is operating. Burner has two stages, ignites on 10 oz. pressure, operates at 10 PSI, on high burn regulated by the same thermostat as the electric heater. Thermostats will be 0/300° F. solid state. *Systems using Heat Transfer Oil are not acceptable.*

6. ELECTRONIC CONTROLS

All electronic controls will be solid state shock resistant. Thermostat for tack oil tank is 50/200° F. Thermostat for asphalt aggregate hopper is 0/300° F. Digital with temperature read out.     Five spool, two-way, variable flow with 2200 PSI relief valve. The valve controls hydraulic screw conveyor, hydraulic doors, asphalt agitator, liquid asphalt pump and tool circuit. The valve has an internal or external safety design that will protect the operator and not allow the screw conveyor or asphalt agitator to operate when the doors are open. This system is designed to divert hydraulic oil pressure back to the tank. Electric solenoids on hydraulic valve are not acceptable due to mechanical override feature and ease of bypassing system. The valve is operated from the rear of machine by remote levers. To reduce maintenance problems the main directional control valve stack has no electric solenoids.

12. **HYDRAULIC-OPERATED STEEL TOP DOORS**
    Two (2) hydraulically operated bi-fold steel top doors with hex brake for rigidity. Doors are insulated with 2" of high temperature insulation in a double steel jacket. When requested by the City of Mobile, Alabama satisfactory evidence of the authority of the office signing on behalf of the corporation shall be furnished.

4. SPECIFICATIONS AND SCHEDULES:
The specifications, conditions, schedules, and drawings that form the basis of any Bid will be considered as a part thereof and will form a part of the Contract. Copies of these papers, together with a copy of the standard Contract form, including authorized additions, or deletions, if any, will be furnished to or made available for the inspections of Bidders by the office indicated in the advertisement of invitation. The current specifications to be used for this project will be the **Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 edition**, subject to any amendments set forth in the Special Provisions or the Supplemental Specifications.

The Bidder must furnish with his Bid, a guaranty bond or certified check in the amount of five percent (5%) (maximum amount $10,000) of his Bid price payable to the City of Mobile, Alabama. Upon default of the Contract and the execution of such bond within ten (10) consecutive working days of written notice of award of the Contract, the Certified Check or Bid Bond required to accompany such Bid shall be forfeited to the City of Mobile, Alabama, not as a penalty but as liquidated damages for delays, or any additional cost or expenses which may be incurred by the CITY by reason of such default.

8. BONDS AND INSURANCE:
The bonds and insurance policies of any surety company or insurance company respectively, authorized to do business in the State of Alabama, will be accepted as security and insurance as required for any Bid or Contract. See the instructions hereinafter contained and the applicable standard forms with respect to the type, form, and the amounts of required bonds and insurance policies.

9. MARKING AND MAILING BIDS:

10. TIME FOR RECEIVING BIDS:
Bids received prior to the time of opening will be securely stored, unopened. The Owner will decide when the specified time has arrived; no Bid will be considered if received thereafter. When a Bid arrives by mail after time for opening, but before award is made, and it is shown to the Owner's satisfaction that the late arrival was due solely to mail delays, beyond the Bidder's responsibility, the Bid will be received and considered. Non-responsibility will be attached to the City of Mobile for the premature opening of a Bid not properly addressed and identified. Unless specifically authorized, telegraphic Bids will not be considered; however, modifications to previously submitted Bids will be considered if received prior to the hour set for opening.

11. WITHDRAWAL OF BIDS:
Bids may be withdrawn by written or telegraphic requests received from Bidders prior to the time fixed for opening. Negligence on the part of the Bidder in preparing the Bid confers no right for the withdrawal of Bid after it has been opened.

12. BIDDERS PRESENT:
At the time fixed for opening Bids, Bid contents will be made public for the information of Bidders and others properly interested, who may be present either in person or by representation.

13. AWARD OR REJECTION OF BIDS:
The Contract will be awarded to the lowest responsible Bidder, complying with the conditions of the Invitation for Bids, provided his Bid is reasonable and in the best interest of the Owner for

acceptance. The Bidder to whom the award is made will be notified at the earliest possible date. The Owner, however, reserves the right to reject any and all Bids and to waive any informality in Bids received whenever such rejection or waiver is in the best interest of the Owner. The Owner also reserves the right to reject the Bidder who has previously failed to perform properly or complete projects on time; to complete Contracts of a similar nature; or a Bidder who is not, in the judgment of the Owner, in a position to perform the Contract.

14. PRE-QUALIFICATION OF BIDDERS:

The bidder must not be disqualified from bidding on ALDOT projects at the time of the Pre-Bid Conference. Any contractor that desires to bid as a prime contractor must possess a **Municipal & Utility (MU) Major Classification or a Highways & Streets (HS) Major Classification** per Section 230-X-.27 of the State of Alabama Licensing Board for General Contractors Administrative Code.

15. ISSUANCE OF PROPOSAL FORMS:

The Owner reserves the right to refuse to issue a proposal form to a prospective bidder, should such bidder be in default for any of the following reasons:

a. Failure to comply with any pre-qualification regulations of the Owner, if such regulations are cited, or otherwise included, in the proposal as a requirement for bidding.
b. Failure to pay, or satisfactorily settle, all bills due for labor and materials on former contracts in force (with the owner) at the time the owner issues the proposal to the prospective bidder.
c. Contractor default under previous contracts with the owner.
d. Unsatisfactory work of any nature, or failure to meet schedule on previous contracts with the Owner.
e. Uncompleted work or work behind schedule, which, in the opinion of the owner, might hinder or prevent prompt completion of this work.
f. Lack of competent workmen and equipment to perform at least 50% of the required work with contractor's own forces and equipment.

16. BIDDERS INTERESTED IN MORE THAN ONE BID:

If more than one Bid is offered by any one party, by, or in the name of his clerk, partner, a corporation in which he has a substantial interest, in which he is an officer, or other person, all such Bids may be rejected. A party who has quoted prices on materials to a Bidder is not disqualified from quoting prices to other Bidders or from submitting a Bid directly for the materials or work. The City of Mobile reserves the right to determine, in its discretion, whether any Bidder has violated the provisions of this clause.

17. ERRORS IN BID:

Bidders or their authorized agents are expected to examine the maps, drawings, specifications and all other documents pertaining to the work, which will be open to their inspection. Failure to do so will be at the Bidder's own risk; the Bidder cannot secure relief on the plea of error in the Bid. In case of error in the extenuation of prices, the unit price will govern.

Should any Bidder observe any ambiguity, discrepancy, omission, or error in the Drawings or any Contract Document, or be in doubt as to the intention and meaning thereof, he should at once

report such to the Engineer and request clarification, in writing, with a copy of his request to the City.

Clarification will be made only by written Addenda sent to all prospective bidders. Neither the Engineer nor the City Engineer will be responsible, in any manner, for verbal instructions made prior to the award of the Contract.

Should conflict occur in or between Drawings and Specifications, a Bidder will be deemed to have estimated on the more expensive way of doing the work involved; unless, prior to submission of the proposal, the bidder requested and obtained the Engineer's written decision indicating the preferred method, materials, or equipment.

18. CONTRACT AND BOND:

The Bidder to whom award is made, must, when requested, enter into Contract on the standard form as set out herein, with satisfactory security in the amount required, within the period specified, within ten (10) working days after the required forms are presented to him for signature.

19. COLLUSION:

If there is any reason for believing that collusion exists among the Bidders, any or all Proposals may be rejected, and those participating in such collusion may be barred from submitting Bids on the same or other work with the City.

20. SUBLETTING OR ASSIGNING OF CONTRACT:

(a) Limitations: The Contractor shall not sublet, assign, transfer, convey, sell or otherwise dispose of any portion of the Contract, his right, title or interest therein, or his power to execute such Contract, to any person, firm, or corporation without written consent of the City; such consent shall not be construed to relieve the Contractor of any responsibility for the fulfillment of the Contract. Unless otherwise stipulated in the proposal or special provisions, the Contractor shall perform with his own organization, and with the assistance of workmen under his immediate supervision, and reported on his payroll, all Contract work of a value not less than fifty percent (50%) of the total Contract amount. Any items designated in the Contract as "Specialty Items", so performed by Subcontract may be deducted from the total Contract amount before computing the amount of work required to be performed by the Contractor with his own organization.

(b) Subcontractor's Status: A Subcontractor shall be recognized only in the capacity of an employee or agent of the Contractor. The Contractor will be responsible to the City for the entire Subcontractor's work, including failures or omissions. The City Engineer may require a Subcontractor's removal, as in the case of a Contractor's employee.

21. PROSECUTION OF WORK:

(a) Notice of Intent: The Contractor shall give the City Engineer definite notice of his intention to start work at least seventy-two (72) hours in advance of beginning particular features of construction, such as driving piles, placing concrete, etc. Should the Contractor, with the consent of the Engineer, discontinue prosecution of the work, the Contractor shall

give the City Engineer at least forty-eight (48) hours notice in writing before resuming operations.

(b) **General:** The Contractor shall prosecute the work continuously and diligently in the order and manner set out in his schedule as approved by the City Engineer. The Contractor shall provide sufficient material, labor, and equipment to ensure that the work will be completed in a satisfactory manner within the time specified in the Contract.

Should the Contractor fail to maintain a satisfactory rate of progress, the City Engineer will direct additional forces and equipment to work on the project to ensure the project continues on schedule and maintain satisfactory progress.

Should the Contractor fail to furnish sufficient satisfactory equipment and labor for maintaining the quality and progress of the work, the City Engineer may withhold all pay requests and estimates that are or may become due, until satisfactory quality and progress are maintained or the Contract may be annulled.

Bidders and Proposers – Please complete and submit these forms as required by your City of Mobile Bid or Proposal Specification.

If you are submitting a proposal in response to a Request for Qualifications, Request for Proposal, or other solicitation ("Solicitations") issued by the City of Mobile, the bid specification may require you to utilize disadvantaged business enterprise ("DBE") subcontractors and suppliers. If DBE participation is required, you must complete and submit these forms with your proposal. If required, failure to submit this form will render your bid non-responsive. NOTE: To satisfy participation requirements for a federally funded project, you must utilize DBEs certified through the Alabama Unified Certification Program.

If DBE participation is required, and you fail to satisfy the participation requirement, you must show that you made a good faith effort to include such participation; you will be required to submit DBE Compliance Form 2 and include additional information if needed. When so required, failure to address adequately the good faith effort factors on Form 2 will render your bid or proposal non-responsive. The "good faith effort" factors on Form 2 are not intended to be a mandatory, exhaustive, or exclusive.

You are encouraged to work with the City of Mobile Supplier Diversity Manager when preparing this form. Please consult with the City Supplier Diversity Manager for a list of eligible DBEs. The "good faith effort" factors on **Form 2** are not intended to be mandatory, exhaustive, or exclusive; they are a tool to help you, and the City of Mobile, determine whether you made efforts which, by their scope, intensity, and appropriateness to the objective, would reasonably be expected to fulfill the participation requirement.

About **"DBEs"**: Disadvantaged business enterprise or DBE means a for-profit small business concern (1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and (2) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

About **"Good Faith" Effort**: Good faith efforts means efforts to achieve a DBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program requirement. The City of Mobile expects contractors holding large contracts to recruit and engage DBEs to be a part of their team.

Failure to submit this form, when so required by the bid or proposal specification, will render your bid non-responsive.

W I T N E S S E T H:

WHEREAS, Seller is the owner of that certain tract or parcel of land being located at 1621 Virginia Street, Mobile, Alabama 36605, as more fully described on **Exhibit "A"** attached hereto and made a part hereof by reference (said parcel, together with all improvements, if any, situated thereon, and all hereditaments, appurtenances, rights, permits, licenses, easements and rights-of-way incident and appurtenant thereto are herein collectively referred to as the "**Property**"); and

WHEREAS, Seller has agreed to sell and Purchaser has agreed to purchase the Property on the terms and conditions hereinafter set forth;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Seller and Purchaser hereby agree as follows:

1. PURCHASE AND SALE. Seller agrees to sell and convey the Property to Purchaser, and Purchaser agrees to purchase and pay for the Property from Seller, all in accordance with the terms and conditions provided in this Agreement. It is expressly understood and agreed by the parties hereto that the Property and all improvements and fixtures and equipment forming part of the Property are being sold "as is, where is" with no express or implied warranties of any sort, except for those warranties expressly set forth in this Agreement and the general warranty of title set forth in the general warranty deed to be executed pursuant hereto. In particular, any implied warranties of merchantability and of fitness for a particular purpose are expressly disclaimed.

2. PURCHASE PRICE. The purchase price (the "**Purchase Price**") for the Property Shall be One and No/100 Dollars ($1.00).

3. PAYMENT OF PURCHASE PRICE. The Purchase Price shall be paid to Seller in cash or immediately available funds at the Closing.

At Seller's election, however, Seller may convey the legal description derived from the survey or subdivision solely by a separate quitclaim deed along with the legal description on **Exhibit "A"** or the legal description on Seller's acquisition deed that is in the general warranty deed that is to also be delivered at Closing. In connection with Purchaser's review and inspection of the Property, Purchaser will provide to Seller copies of all surveys, plans, zoning submission materials, and inspection reports, and upon receipt or production thereof, shall promptly provide Seller with copies thereof. The Purchaser shall pay all of its costs incurred in making such surveys, inspections, tests, analyses and investigations, and Purchaser, at its own expense, shall be responsible for the repair of any damages to the Property incurred by reason of Purchaser's inspection of the Property. On or before the expiration of the time period ending sixty (60) days following the Effective Date (the

"**Inspection Period**"), Purchaser shall have the absolute right, exercisable in Purchaser's sole and absolute discretion, to terminate this Agreement by delivery of written notice to Seller. Upon delivery of such notice of termination the parties hereunder shall have no further rights, duties or obligations under this Agreement, except for such rights, duties or obligations as are expressly stated herein to survive a termination or expiration of this Agreement. 7.3 Tenants. There is no tenant, lessee, or occupancy of the Property having any right or claim to possession or use of the Property after the Closing Date.

7.8 Management; Contracts. There are no management arrangements or service contracts respecting the Property.

7.9 Environmental Matters. Seller has furnished to Purchaser copies of all environmental studies which Seller has had performed or otherwise has in its possession pertaining to the Property, if any. Seller has not used, nor authorized nor allowed the use of the Property for the handling, treatment, storage, disposal or release of any hazardous or toxic substance as defined under any applicable state or federal law or regulation including without limitation CERCLA.

7.10 Seller's Actions. Seller will not intentionally take any action, or omit to take any action, which action or omission would have the effect of violating any of its representations, warranties, covenants and agreements contained herein, provided, in the event Seller learns of any violation, Seller shall notify Buyer and take appropriate action to remedy same. Seller's representations and warranties contained in this Agreement shall be true and correct in all material respects and not in default at the time of the Closing Date either expressly or by implication, just as though they were made at such time, and Seller shall execute at Closing in favor of Purchaser a certificate certifying such representations and warranties are true and correct in all material respects. Purchaser's rights to enforce such representations, warranties and covenants shall survive the Closing for a period of two (2) years following the Closing and such rights to enforce shall not be merged into the documents delivered by Seller at Closing.

8. BROKERS. Seller and Purchaser each represent and warrant one to the other that neither has employed, retained, or consulted any real estate broker, agent or other finder in carrying on the negotiations relative to this Agreement and the transaction contemplated hereby, except as follows: Herrington Realty, Inc., is representing Seller in this transaction and shall be paid by Seller a five percent (5%) commission based on the sales price at Closing from Seller's sales proceeds in the event this transaction closes.

9. CLOSING CONDITIONS. Purchaser's obligations to consummate the purchase of the Property pursuant to this Agreement are subject to and conditioned upon the satisfaction of the conditions precedent listed in this Section 9 (collectively, "**Purchaser's Conditions to Close**"). In connection with such conditions precedent, Purchaser shall have the obligation to use good faith efforts to attempt to satisfy the conditions precedent at or prior to Closing. These conditions precedent shall be applicable through the Closing Date, as may be extended. Unless Purchaser shall advise Seller in writing that same are not satisfied at or prior to Closing, the conditions precedent shall be deemed fully satisfied. If any of the conditions precedent is not then satisfied, Purchaser, upon delivery of written notice to Seller at or prior to Closing, may terminate this Agreement and thereafter the parties shall have no rights, duties or obligations under this Agreement except for those obligations which expressly survive any termination of this Agreement.

9.1 Title. Purchaser's obligations under this Agreement are subject to and conditioned upon Seller's conveyance of fee simple title to purchaser, subject only to the Use Restriction.

9.2 Compliance with Agreement. Purchaser's obligations under this Agreement are subject to and conditioned upon Seller's compliance with all of the terms, conditions, obligations, covenants, representations and warranties as are contained in this Agreement applicable to Seller.

10. THE CLOSING.

10.1 Closing Date and Location. Unless otherwise agreed upon between Seller and Purchaser, the sale and purchase of the Property (the "**Closing**") shall -occur fifteen (15) days after the expiration of the Inspection Period (the "**Closing Date**"). Notwithstanding the foregoing, Purchaser may cause the Closing to occur at such earlier date as Purchaser may choose by providing Seller with ten (10) days written notice. Additional Contributions shall be made by the Members within ten (10) days following the date of a Required Vote of the Members that any Additional Contributions are to be made, or on any other basis as determined by a Required Vote of the Members.

3.03 **Failure to Make Capital Contributions.**

(a) If a Member fails to make all or any portion of the Initial Contributions or if a Member shall fail to make all or any portion of any Additional Contribution required to be made by that Member (**"Non-Contributing Member"**) pursuant to this Article within the period set forth above, then

any Members that choose to satisfy the obligation of the Non-Contributing Member to make the Initial Contribution or Additional Contribution (**"Lending Members"**) may, but shall not be obligated to, contribute to the Company an amount to satisfy the deficiency so created, which amount shall be deemed loaned to the Non-Contributing Member (**"Default Loan"**), which Default Loan shall be made in proportion to the Member Percentages of the Lending Members or as the Lending Members shall otherwise agree. The Default Loan shall be subject to the following terms: (i) the Default Loan shall be a demand loan which shall bear interest at the Default Rate; (ii) all monies paid as repayment of a Default Loan shall first be applied to the costs and expenses of the Lending Member(s), including attorneys' fees and costs with respect to the Default Loan, secondly towards accrued and unpaid interest, and finally towards the outstanding principal balance; (iii) interest on the Default Loan shall be due and payable monthly as an obligation of the Non-Contributing Member; (iv) the Default Loan shall be secured by the Member Interest of the Non-Contributing Member; (v) the Default Loan may be called in whole or in part anytime, and (vi) the Default Loan shall be recourse to the Non-Contributing Member if it arises with respect to a contribution required to be made under Section 3.01(a), and non-recourse to the Non-Contributing Member if it arises with respect to a contribution required to be made under Section 3.02. Each of the Members hereby pledges, transfers, assigns and hypothecates its entire Member Interest to each other Member as security for the repayment of the aggregate amount of any and all Default Loans made by a Member or Members. To the extent permitted under applicable law, this Agreement shall be deemed to be a "security agreement," as defined in the Uniform Commercial Code, as amended from time to time, and the Member shall have all of the rights and remedies of a secured party under the Uniform Commercial Code. Each Member hereby authorizes each other Member following ten (10) days prior notice to file UCC-1 financing statements and continuation statements with respect to such UCC-1 financing statements and continuation statements. Each Member hereby designates each other Member as its attorney-in-fact to execute on its behalf all security agreements which are necessary or desirable to secure any Default Loans incurred because it failed to contribute its pro rata share of Capital Contributions pursuant to Section 3.01, which is coupled with an interest and is irrevocable.

(b) The Non-Contributing Member hereby irrevocably pledges and assigns to the Lending Members, or its Affiliates, for collateral for any Default Loan all of the Non-Contributing Member's right, title and interest in and to the Company together with all right, title and interest in and to any distributions and other similar benefits relating thereto. Such assignment shall be deemed terminated upon repayment of the Default Loan in full (including both the outstanding principal and all accrued interest). A separate written agreement or security agreement between the Lending Members and Non-Contributing Member may be utilized but shall not be required.

(c) Unless expressly stated otherwise in a separate written agreement between the Lending Members and the Non-Contributing Member and notwithstanding anything contained in this Agreement, the Company shall make all distributions due the Non-Contributing Member pursuant to the terms of this Agreement directly to the Lending Members, or its Affiliate, to be applied to repayment of the Default Loan (applied first to any accrued interest and then to the outstanding principal) until the Default Loan has been repaid in full (including the outstanding principal, expenses and all accrued interest). The Company shall make no distributions whatsoever directly to the Non-Contributing Member until the Default Loan has been repaid in full (including outstanding principal, expenses, and all accrued interest).

(d) The Non-Contributing Member, if an individual, hereby personally guarantees for the benefit of the Lending Members, or its Affiliate, repayment of all other obligations under the Default Loan. In the event that the Non-Contributing Member is an entity, then each owner of such entity shall be deemed to have personally guaranteed, jointly and severally, repayment of and all other obligations under the Default Loan. The personal guarantors expressly hereby waive any legal obligations or necessity for the Lending Members or the Company to give notice of non-performance or default to the Non-Contributing Member or the personal guarantors, to proceed first against another entity or individual or to exhaust any remedy whatsoever, it being understood that in the event of default or failure of performance hereunder in any respect by the Non-Contributing Member, the Lending Members or may immediately proceed and have right of action against the Non-Contributing Member and/or any of the personal guarantors. Such personal guarantee shall be deemed terminated upon repayment of the Default Loan in full (including the outstanding principal, expenses and all accrued interest). A separate written agreement or guarantee between the Lending Members, the Non-Contributing Member or the personal guarantors may be utilized but shall not be required.

(e) The failure of the Non-Contributing Member to pay any principal, expenses, or interest of the Default Loan when due within ten (10) days after written notice from the Lending Members shall constitute a default of a Default Loan. Upon default of a Default Loan, the Lending Members shall have the following rights and remedies:

i. The Lending Members may declare the Default Loan immediately due and payable in full (including both the outstanding principal and all accrued interest), without notice, and then the Non-Contributing Member and/or the personal guarantors shall immediately pay such amount to the Lending Members.

ii. The Lending Members may instruct the Company to transfer to the Lending Members all of the Non-Contributing Member's right, title and Membership Interest in the Company together with all right, title and interest in and to any distributions and other similar benefits relating thereto. Notwithstanding anything contained in this Agreement, such transfer shall be made by the Company without notice to and/or consent from the Members. Each Member hereby waives any and all right of first refusal or other similar restriction to transfers of Membership Interest contained in this Agreement. Such transfer shall not release the Non-Contributing Member or any personal guarantor from the debt or other obligations of the Default Loan.

iii. The Non-Contributing Member and all personal guarantors, jointly and severally, agree to pay to the Lending Members all costs and expenses incurred by the Lending Members in enforcing its rights hereunder, including, but not limited to, reasonable attorneys' fees and legal expenses, whether or not there is a lawsuit, including reasonable attorney's fees and legal expenses for bankruptcy proceedings (including efforts to modify or vacate any automatic stay or injunction), appeals and any post-judgment collection services. In no event shall the Non-Contributing Member or any personal guarantor have the right to recover attorneys' fees and/or legal expenses from the Lending Members.

(f) Each Member and each personal guarantor shall execute all documents necessary to effectuate the purposes of this Agreement, but the failure to execute such documents shall not affect the rights or obligations of any Member or any personal guarantor hereunder.

(g) The remedies heretofore expressly set forth are in addition to and not in lieu of any and all other legal and equitable remedies that may be available to the Company and/or the Lending Members in the event of a default by the Non-Contributing Member or its personal guarantors as applicable. The Lending Members and the Company shall have the right to pursue any remedies against the Non-Contributing Member, and its personal guarantors as applicable, on a cumulative basis, no action seeking any single remedy constituting an election or in any other way precluding the Lending Members or the Company from simultaneously or thereafter pursuing the other remedies; provided, however, that, if the Lending Members or the Company shall elect to convert the Default Loan to the capital of the Company, such conversion shall constitute a waiver of the right to seek collection of the Default Loan from the Non-Contributing Member.

(h) If during a Fiscal Year the Member Percentages of the Members are adjusted pursuant to this Section, the Company's books shall, unless otherwise determined by the Members, be closed as of the date immediately preceding the date of the adjustment. For the period ended on that date, Available Cash, Profits, Losses, gain or loss from a capital transaction, and all other items of income, gain, loss, deduction and credit (sometimes collectively hereinafter referred to as **"Company Items"**) shall be distributed and allocated pursuant to the terms hereof, according to the Member Percentages in effect prior to the date of that adjustment, and for the balance of that Fiscal Year, the Company items shall be distributed and allocated pursuant to the terms hereof, according to the Member Percentages of those Members, as so adjusted.

3.04. **Loans**

(a) Subject to the limitations provided herein, in the event that at any time or from time to time additional funds in excess of the initial or additional Capital Contributions of the Members are required by the Company for or in respect of its business or any of its obligations, expenses, costs, liabilities or expenditures, upon obtaining a Required Vote of the Members, the Members may, but shall not be obligated to, apply on behalf of the Company to borrow any required additional funds, with interest payable at the then prevailing rates, from commercial banks, savings and loan associations or other lending institutions. Any Member may, but is not required to, provide security or personal guarantees for those loans, in exchange for which that Member may be compensated in the amount as shall be agreed to by the Members. All Members posting security or providing guarantees shall be compensated on an equal basis.

(b) In the event that the Members are unable or choose not to cause the Company to borrow said required additional funds from a commercial bank, savings and loan association, other lending institution, or other commercially reasonable source of funds, any Member (or an Affiliate of any Member) may, but is not required to, lend funds to the Company. If the Members seek to borrow funds from a Member under this Paragraph, the lending Member shall give all the Members notice thereof, which notice shall include the amount to be borrowed and the terms under which the loan shall be made. In the event that a Member elects to provide the additional funds in the form of a loan to the Company, any loan shall

have commercially reasonable terms and conditions as determined by the Required Vote of the Members. Any interest paid pursuant to this Paragraph shall be deemed an expense of the Company and repayment of the loan(s) shall not affect the Capital Account of the Member. All loans made by a Member shall be and are hereby declared to be secured by a lien upon the assets of the Company, subject only to any prior liens granted in writing and perfected in accordance with applicable law to third party lenders. This provision is not intended to be for the benefit of any creditor or other Member (other than a Member in its capacity as a Member) to whom any debts, liabilities or obligations are owed by the Company or any of the Members.

3.05. **Other Matters Relating to Capital and Loans**

(a) Interest earned on Company funds shall inure solely to the benefit of the Company, and, except as specifically provided herein, no interest shall be paid upon any contributions or advances to the capital of the Company or upon any undistributed or reinvested income or profits of the Company.

(b) The Capital Contributions of the Members shall be utilized for carrying out the purposes of the Company as set forth in this Agreement and for payment of any expenses incurred in connection therewith, including payment or reimbursement of expenses paid or incurred on behalf of the Company whether prior or subsequent to the execution of this Agreement.

(c) Subject to the provisions of Section 3.03, loans by a Member to the Company (including those arising by virtue of payment under a guaranty or indemnity of Company obligations) shall not be considered contributions to the capital of the Company and shall not increase the Capital Account of the lending Member.

(d) Except as specifically provided herein, no Member shall be entitled to withdraw its Capital Contribution, or to a return of any part of its Capital Contribution or to receive property or assets other than cash in return thereof without the Required Vote of the Members, and the Members shall not be liable for the return of all or any portion of the Members' Capital Contributions, except to the extent that any loss shall result directly from a Member's bad faith, breach of fiduciary duty, fraud or gross negligence as determined by a court of competent jurisdiction.

(e) No Member shall be entitled to priority over any other Member, either with respect to a return of its Capital Contribution or to allocations of taxable income, gains, losses or credits, or to distributions, except as provided in this Agreement.

iii. Finally, to the Members, pro rata in accordance with their respective Member Percentages.

4.04. **Special Allocations.** Prior to making any allocations pursuant to Sections 4.01 or 4.03 hereof, the following special allocations shall be made each Fiscal Year, to the extent required, in the following order:

(a) **Minimum Gain Chargebacks.** Items of Company income and gain shall be allocated for any Fiscal Year to the extent, and in an amount sufficient to satisfy the "minimum gain chargeback" requirements of Treasury Regulation Sections 1.704-2(f) and (i)(4).

(b) **Qualified Income Offset.** Items of Company income and gain shall be allocated any Fiscal Year to the extent, and in an amount sufficient to satisfy the "qualified income offset" requirements of Treasury Regulation Section 1.704-1(b)(2)(ii)(d)(3).

(c) **Member Nonrecourse Deductions.** Member Nonrecourse Deductions shall be allocated to the Member who bears the economic risk of loss associated with such deductions, in accordance with Treasury Regulations Section 1.704-2(i).

(d) **Nonrecourse Deductions.** Nonrecourse Deductions for any Fiscal Year shall be allocated among the Members in accordance with their Member Interest.

(e) **Section 754 Adjustments.** To the extent an adjustment to the adjusted tax basis of any Company asset pursuant to Sections 734(b) or 743(b) of the Code is required, pursuant to Treasury Regulation Section 1.704-1(b)(2)(iv)(m) to be taken into account in determining Capital Accounts, the amount of such adjustment to the Capital Accounts shall be treated as an item of gain (if the adjustment increases the basis of the asset) or loss (if the adjustment decreases such basis) and such gain or loss shall be specially allocated to the Members in accordance with the requirements of Treasury Regulation Section 1.704-1(b)(2)(iv)(m).

4.05. **Curative Allocations.** The allocations set forth in Section 4.04 (the "Regulatory Allocations") are intended to comply with certain requirements of the Regulations. It is the intent of the Members that, to the extent possible, all Regulatory Allocations shall be offset either with other Regulatory Allocations or with special allocations of other items of Company income, gain, loss or deduction pursuant to this Section. Therefore, notwithstanding any other provision of this Article IV (other than the Regulatory Allocations), the Members shall make offsetting special allocations of Company income, gain, loss or deduction in whatever manner it determines appropriate in its reasonable discretion so that, after such offsetting allocations are made, each Member's Capital Account balance is, to the extent possible, equal to the Capital Account balance the Member would have had if the Regulatory Allocations were not part of the Agreement and all Company items were allocated pursuant to Section 4.03. In exercising its discretion under this Section, the Members shall take into account future Regulatory Allocations under Section 4.04 that, although not yet made, are likely to offset other Regulatory Allocations previously made under this Section.

4.06. **Tax Allocations: Code Section 704(c)**

(a) In accordance with Code Section 704(c) and the Regulations thereunder, income, gain, loss, and deduction with respect to any property contributed to the capital of the Company shall, solely for tax purposes, be allocated among the Members so as to take account of any variation between the adjusted basis of such property to the Company for federal income tax purposes and its initial Gross Asset Value (computed in accordance with subparagraph (i) of the definition of "Gross Asset Value").

(b) In the event the Gross Asset Value of any Company asset is adjusted pursuant to subparagraph (ii) of the definition of "Gross Asset Value," subsequent allocations of income, gain, loss, and deduction with respect to that asset shall take account of any variation between the adjusted basis of that asset for federal income tax purposes and its Gross Asset Value in the same manner as under Code Section 704(c) and the Regulations thereunder.

(c) Any elections or other decisions relating to those allocations shall be made by the Required Vote of the Members in any manner that reasonably reflects the purpose and intention of this Agreement. Allocations pursuant to this Section are solely for purposes of federal, state, and local taxes and shall not affect, or in any way be taken into account in computing, any Member's Capital Account or share of Profits, Losses, other items, or distributions pursuant to any provision of this Agreement.

(d) Except as otherwise provided in this Agreement, all items of Company income, gain, loss, deduction, and any other allocations not otherwise provided for shall be divided among the Members in the same proportions as they share Profits or Losses, as the case may be, for the Fiscal Year.

4.07. **Other Allocation Rules.**

(a) Profits, Losses, and any other items of income, gain, loss or deduction shall be allocated to the Members pursuant to this Article IV as of the last day of each Fiscal Year; provided that Profits, Losses and any other items shall also be allocated at any times as the Gross Asset Values of Company property are adjusted pursuant to subparagraph (ii) of the definition of Gross Asset Value.

(b) For purposes of determining the Profits, Losses, or any other items allocable to any period, Profits, Losses, and any other items shall be determined on a daily, monthly, or other basis, as determined by the Members, in their reasonable discretion, using any permissible method under Code Section 706 and any Regulations thereunder.

(c) All allocations to the Members pursuant to this Article IV shall, except as otherwise provided, be divided among them in proportion to the Member Percentages held by each Member.

(d) The Members are aware of the income tax consequences of the allocations made by this Article IV and hereby agree to be bound by the provisions of this Article IV in reporting their shares of Company income and loss for income tax purposes, except to the extent otherwise required by law.

4.08. **Allocations to Transferred Interests.** Company income and losses which are allocable to a Member Interest that was transferred or assigned during a Fiscal Year shall be further allocated between or among the transferor and transferee Members in proportion to the number of days during the Fiscal Year that each such Member owned said Member Interest or in any other proportion authorized by the Code and selected by the Members, without regard to the actual Company income or loss as of the date of the transfer or assignment and without regard to any distributions made with respect to that Member Interest.

4.09. **Administrative Fee.** Upon the full execution of this Agreement, Company shall deliver a non-refundable, one-time administrative fee to Surge Holdings, LLC in an amount equal to one percent (1%) of the estimated gross aggregate project pro forma cost ("Project Cost") (less this Administrative Fee) for the anticipated establishment of the Company's business. Such Project Cost shall be agreed upon, in writing, by the Members.

ARTICLE V

MANAGEMENT OF THE COMPANY

5.01. **The Manager.** The business and affairs of the Company shall be managed by its Manager, who shall be appointed and removed by the Required Vote of the Members. Surge Holdings, LLC is the initial Manager and shall continue to serve until its removal and replacement. The Manager has full and complete authority, power and discretion to manage and control the business, affairs and properties of the Company, to make all decisions regarding those matters and to perform any and all other acts or activities customary or incident to the management of the Company's business to the extent provided or limited by this Agreement. The Management Agreement attached, and as may be amended, hereto as **Schedule "B"** is hereby incorporated by reference.

5.02 **Limitations on Authority.** The following matters require the Members' approval by a Required Vote:

(a) Adopting an operating budget for the Company that provides for capital expenditures exceeding the previous year's budget for capital expenditures by more than 20%;

(b) Accepting additional Capital Contributions or the right to make additional Capital Contributions or to acquire, directly or indirectly, an Interest in the Company;

(c) Repurchasing or redeeming an Interest in the Company;

(d) Borrowing money in excess of $50,000.00, provided that this limitation does not restrict the taking of draws on credit facilities approved by the Members;

(e) Authorizing a liquidation or dissolution of the Company or the decision to cause the Company to incur an Event of Bankruptcy;

(f) Amending the Articles of Organization or this Agreement; provided, however, that this Agreement may not be amended to create any obligation to contribute capital to the Company without the consent of each affected Member;

(g) Authorizing a sale, exchange or other disposition of more than 20% of the Company property as part of a single transaction or plan, except in the orderly liquidation and winding up of the business of the Company upon its duly authorized dissolution;

(h) Authorizing a merger of the Company with another limited liability company, a limited partnership, a general partnership, or a corporation; provided in no event is a Member required to become a general partner in a merger with a limited partnership or a general partnership without his or her express written consent;

(i) Do any act that would make it impossible to carry on the ordinary business of the Company;

(j) Admit a Person as a Member, except as provided in this Agreement;

(k) Do any act that is specifically reserved to the Members under the Act; and

(l) Knowingly perform any act that would subject a Member to personal liability.

5.03. **Number, Term and Qualifications.** Each Manager holds office until a successor has been appointed. If a Manager has resigned or been removed from office, the Members manage the business of the Company until they appoint a successor Manager and those appointed have qualified.

5.04. **Standard of Care.** In performing their duties, a Manager conducts the Company's business in good faith, with due care and in a manner they believe to be in the best interests of the Company and its Members.

5.05. **Manner of Acting**. If the Company has more than one Manager, the Managers strive in good faith to obtain consensus in all material decisions affecting the Company. This obligation does not, however, impair the validity of any action by an individual Manager exercising his or her business judgment. If the Managers are unable to obtain consensus about a matter, the Members may decide the matter and cause such action to be taken as is necessary or appropriate.

The Manager or Managers may record their decisions in resolutions reciting the action authorized, approved or ratified. Such resolutions may be adopted either by a written consent signed by the Managers or at a meeting at which at least a majority of the Managers are present. The Managers may adopt such procedural rules for the taking of action as they deem appropriate for the conduct of the Company's business.

5.06. **Resignation.** A Manager may resign at any time by giving written notice to the Members. Unless otherwise specified in the notice, the resignation takes effect upon receipt, and the acceptance of the resignation is not necessary to make it effective. Upon the resignation, retirement, death or removal of a Manager, the Members nominate and appoint a replacement Manager.

5.07. **Time Devoted to Business.** The Manager shall devote such time to the business of the Company as they deem necessary for the efficient carrying on of the Company's business.

5.08 **Competing Interests; Related Transactions.** The Manager and/or its Affiliates may have business interests and engage in business activities for its account or for the account of others in addition to those relating to the Company, including business interests and activities in direct competition with the Company. No provision of this Agreement is deemed to prohibit the Manager from conducting such businesses and activities. Neither the Company, the Members nor the other Managers have any rights by this Agreement in any business ventures of the competing Manager.

5.09. **Liability and Indemnification of Manager.**

(a) Neither Manager nor their employees, agents, Affiliates, successors, or assigns shall be liable to the Company or the Members for any loss or damage incurred by reason of any act performed or omitted in connection with the activities of the Company or in dealing with third parties on behalf of the Company, unless the act or omission was taken or omitted by such party, in bad faith, or the act or omission constitutes fraud, gross negligence or willful breach of fiduciary duty. The Manager shall have no liability for the acts of any other parties to whom managerial or other functions of the Manager is delegated or assigned.

(b) The Company, its receiver or its trustee, shall indemnify and save harmless the Manager and its employees, agents, Affiliates, successors and assigns, from any claim, liability, loss, judgment or damage incurred by them by reason of any act performed or omitted to be performed in connection with the activities of the Company or in dealing with third parties on behalf of the Company,

including costs and attorneys' fees (which attorneys' fees may be paid as incurred) and any amounts expended in the settlement of any claims of liability, loss or damage provided that the act or omission of the Manager is not found, by a final, non-appealable ruling of a court of competent jurisdiction or arbitrator, as applicable, to have resulted from an act or omission of the Manager taken in bad faith or that constitutes fraud, gross negligence or willful breach of fiduciary duty by the Manager. The Company shall advance all sums required to indemnify and hold the Manager, their employees, agents, Affiliates, successors, or assigns harmless as provided herein from the initiation of any claim against any indemnified Persons, subject to acknowledgment in writing by the indemnified Person of the obligation to reimburse the Company in the event that, following the entry of a final, non-appealable judgment, it is determined that the Company was not obligated to indemnify that Person pursuant to this Agreement. All judgments against the Company and the Manager, wherein the Manager is entitled to indemnification in accordance herewith, must first be satisfied from Company assets before the Manager shall be responsible for those obligations. The Company shall not pay for any insurance covering liability of the Manager or of its employees, agents, Affiliates, successors and assigns for actions or omissions for which indemnification is not permitted hereunder; provided, that nothing contained herein shall preclude the Company from purchasing and paying for those types of insurance, including extended coverage liability and casualty and worker's compensation, as would be customary for any person owning comparable property and engaged in a similar business or from naming the Manager and any of its Affiliates as additional insured parties thereunder. The provisions of this Section shall survive the termination of the Company.

5.10. **Contractual Provisions.** The Manager shall have the right and authority to require a provision in all Company contracts that it not be personally liable thereon and that the person or entity contracting with the Company is to look solely to the Company and its assets for satisfaction.

5.11. **Delegation of Duties.** The Manager shall have the right and authority to delegate to one or more persons (including, but not limited to, delegation among the Members) the management right and powers to manage and control the businesses, investments and affairs of the Company, including to delegate to agents and employees of the Manager or Company, provided that any delegation shall not limit or reduce the liability of the Manager with respect to any obligations hereunder, nor shall any additional compensation or fees be paid by the Company as a result of that delegation. In particular, the Manager may authorize the other Members as authorized signatories on Company banking accounts, contracts, and other documents.

5.12. **Limitations on Compensation.** Except as otherwise provided in this Article or in any other Section of this Agreement or the management agreement with the Manager, without the prior consent of the Required Vote of the Members, the Company shall have no authority to pay for any services performed by the Members or Affiliates nor shall the Members or its Affiliates receive any salary, fees, commissions, reimbursements, sums, profits, distributions or rebates in connection with the Company's activities, nor shall Members or its Affiliates participate in reciprocal business arrangements which shall circumvent this prohibition.

ARTICLE VI
MATTERS REGARDING MEMBERS

6.01. **Liability and Indemnification of Members.**

(a) Except as provided in Article III hereof, the Members shall not be bound by, or personally liable for, obligations or liabilities of the Company beyond the amount of their initial Capital Contributions and any additional Capital Contributions to the Company; provided, however, the Members are obligated to return a distribution from the Company to the extent required by Law.

(b) The Company will indemnify, to the extent of Company assets, each Member against any claim of liability asserted against a Member solely because it is a Member of the Company or because of any contract or agreement entered into by the Company, unless such claim of liability arises from an act or omission taken or omitted by a Member in bad faith, or such act or omission constitutes fraud, gross negligence or willful breach of fiduciary duty.

6.02. **Restrictions on Powers.** Except as otherwise provided in this Agreement or required by law, a Member, in its capacity as a Member, does not participate in the control, management, direction or operation of the affairs of the Company and has no power to bind the Company.

6.03. **Limitation of Certain Rights.** The Members shall not have the right or power to: (a) withdraw or reduce their Capital Contributions to the Company except as a result of the dissolution of the Company or as otherwise provided in this Agreement or by the Law; or (b) bring an action for partition against the Company or with respect to any of its property.

6.04. **Voting.** Whenever the Members are entitled by this Agreement to vote on any particular matter, each Member shall be entitled to vote in proportion to the Member Percentage of that Member as set forth on Schedule "A," as modified pursuant to the terms of this Agreement from time to time.

6.05. **Meetings of the Members.**

(a) Meetings of the Members for any purpose shall be called upon request in writing signed by those Members having ten percent (10%) or more of the Member Percentages in the aggregate or individually. The request shall state the purpose or purposes of the proposed meeting and the business to be transacted. The meeting shall be held at such place identified by the Member. Notice of any meeting shall be delivered to all Members in the manner prescribed in Section 12.02 of this Agreement within three (3) days after receipt of the request and no fewer than three (3) days or more than sixty (60) days before the date of the meeting. The notice shall state the place, date, hour and purpose of the meeting. A Member may attend in person or telephonically. At each meeting, the Members present or represented by proxy shall adopt any rules for the conduct of the meeting as they shall deem appropriate. A list of the names and addresses of all Members shall be maintained as part of the books and records of the Company.

(b) The presence in person or by proxy of the Members possessing at least a majority of the Member Percentages shall constitute a quorum at all meetings; provided, however, that if there be no quorum, Members (or their proxies) holding more than ten (10%) percent in the aggregate or individually, of the Member Percentages of the Members at the meeting may adjourn the meeting from time to time without further notice, until a quorum shall be obtained.

(c) Each Member may authorize any person or person to act for it by proxy in all matters in which a Member is entitled to participate. Every proxy must be signed by the Member or its attorney in fact. No proxy shall be valid after the expiration of six (6) months from the date thereof. Every proxy shall be recoverable and rescindable (if rescinded prior to any vote) by the Member executing it.

ARTICLE VII
ISSUANCE, TRANSFERS AND WITHDRAWALS OF MEMBER INTERESTS

7.01. **Prohibition.** Except as provided in this ARTICLE VII, no Member shall Transfer all or any portion of its Member Interest or any interest or right therein other than to a Permitted Transferee. For purposes of this Agreement, any change in the control of a Member shall constitute a Transfer of that Member's Member Interest. Any purported Transfer of a Member Interest in violation of the provisions of this Agreement shall be void ab initio.

(a) A "change of control" occurs when: (i) a person or group who is not an Affiliate of the Member attains the beneficial ownership of an equity interest representing at least 50% of the voting power within the Member; or (ii) the Member, directly or indirectly, consolidates or merges with any other Person or sells or leases its properties and assets substantially in an entirety to any other Person who is not an Affiliate of the Member.

7.02. **Rights of Assignee.** For purposes of this Agreement, an "**Assignee**" is any Person who acquires (by purchase, gift, inheritance, judgment or otherwise), or claims to have an ownership or security interest (including any charging lien) in or against the Company or any Member Interest, but who has not been admitted as a Member of the Company in accordance with Section 7.02. Any interest in the Company or any Member Interest acquired by an Assignee is subject to the terms and conditions of this Agreement. An Assignee has no rights or entitlements in respect to the Company or any Member Interest except as specifically granted to the Assignee in this Agreement. By way of illustration and not limitation, an Assignee shall have no (a) voting rights of any nature or kind, or (b) rights to require any information or accounting of the Company's transactions or finances or to inspect Company books. If, however, an Assignee is admitted to the Company as a Member, that admission shall vest in the Assignee all rights, powers, authorities and responsibilities inuring to and imposed upon Members hereunder. Notwithstanding the transfer of a Member Interest to a Permitted Transferee or the admission of an Assignee, nothing herein shall relieve a personal guarantor or the assigning Member of any liability hereunder.

7.03. **Additional Member Interests; Admission of Members.**

(a) No additional Members, except Permitted Transferees, shall be admitted into the Company without the Required Vote of the Members. Any additional Member admitted into the Company shall be admitted upon such terms and conditions as determined by the Members and in compliance with the provisions of this Agreement. Additional Members shall be admitted to the Company as an additional Member only if the conditions set forth in Section 7.03(b)(i) through (vii) are satisfied.

(b) An Assignee will be admitted to the Company as successor Member only if all of the following conditions are met:

i. The Assignee is a Permitted Transferee;

ii. The Assignee agrees in writing to be bound by the provisions of this Agreement;

iii. The Assignee executes any and all documents, including a counterpart to this Agreement, required to effectuate or evidence its admission to the Company as a Member;

iv. The Assignee reimburses the Company for all reasonable costs and expenses (including reasonable attorney's fees) incurred in connection with the transfer and admission;

v. The Assignee is not a minor or legally incompetent;

vi. The transfer does not constitute a default under any agreement to which the Company or its assets, or the Assignee, is bound; and

vii. If deemed necessary by the Members, an opinion of counsel is delivered to the Members to the effect that: (A) the proposed Transfer does not require registration under the Act or any other applicable state or federal securities laws, including, in each case, the rules and regulations promulgated thereunder; and (B) that the action will not cause the Company to be terminated for federal income tax purposes pursuant to Code Section 708.

7.04. **Restrictions on Withdrawal.** A Member may not voluntarily withdraw as a Member without the consent of the Members.

7.05. **Liquidating Distribution to a Withdrawing Member.** Distributions in liquidation of a withdrawing Member's interest in the Company shall be considered as payment for the withdrawing Member's capital interest in the Company, including without limitation goodwill. Further, the amount of any distribution paid in liquidation of a withdrawing Member's interest in the Company shall be adjusted for any book-tax difference related to the timing of distribution to the Member relative to the Company's recognition of taxable income. Such adjustment is necessary since the withdrawing Member may otherwise receive distributions with respect to income that will later be taxed to and paid by the Company's remaining Members.

7.06. **Right of First Refusal.**

(a) Except for Transfers to Permitted Transferees as provided, prior to any voluntary Transfer of all or any portion of any Member Interest in the Company by a Member (or Assignee thereof) pursuant to a bona fide offer from a third party, the transferring Member shall first offer in writing to the Company the Member Interest to be transferred (the "Offered Interest") at a price no greater than and on terms not less favorable to the Company than the price at which, and the terms on which, said Member

Interests are proposed to be transferred (the "Offered Price" and the "Offered Terms," respectively). The Company shall have a period of 30 days after receipt of said written offer to accept said offer.

(b) In the event the Company fails to accept said written offer within said 30-day period, the remaining Members ("Offeree Member", whether one or more) shall be offered in writing the Offered Interest at the Offered Price and on the Offered Terms. Said Offeree Member shall have a period of 30 days after receipt of said written offer to accept said offer, or to reject said offer. If more than one Offeree Member desires to purchase the Offered Interest, they shall purchase the same in proportion to the Member Interest that each owns as compared to the Member Interests owned by all Offeree Members desiring to purchase the Offered Interest, or such other proportion as they shall mutually agree.

(c) In the event that neither the Company nor the Offeree Member has accepted the Offered Terms to purchase the Offered Interest during the time periods set forth herein, the transferring Member may then transfer the Offered Interests (but no more and no less than the Offered Interests) at a price no more favorable to the purchaser than the Offered Price and on terms no more favorable to the purchaser than the Offered Terms, provided that such transfer shall be consummated during the period of ninety (90) days following the expiration of the last applicable period of time during which the Offeree Member may have accepted the offer to purchase said Member Interest; provided, however, that the transferee of the Member Interest of a Member shall be deemed an assignee of the Member Interest unless and until such transferee becomes a substituted Member in accordance with the terms of this Agreement. Under no circumstances can the Offered Interest be sold, exchanged, or otherwise Transferred after expiration of said 90-day period unless and until such Offered Interest has first been re-offered to the Company and then to the Members in the complete manner hereinabove provided.

7.07. {Reserved}

ARTICLE VIII
{Reserved}

ARTICLE IX
FISCAL MATTERS

9.01. **Books and Records.** The Members shall keep, or cause to be kept, full and accurate books and records of all transactions of the Company in accordance with generally accepted accounting practices. All organizational records of the Company and other records required to be kept by the Company under the Law, shall, at all times, be maintained at the Company's record keeping office, and shall be open during ordinary business hours for inspection and copying upon the reasonable request and at the expense of the Members and their authorized representatives. Upon a Member's request, the following information shall be provided, at the Company's expense: (i) a current list of the full name and address of each Member; (ii) a copy of the Articles of Organization of the Company and all amendments thereto; (iii) copies of the Company's federal, state, and local income tax returns and reports, if any, for the three most recent years; (iv) copies of this Agreement and all amendments hereto; and (v) other information regarding the financial condition and affairs of the Company as shall be reasonably requested by the Member.

9.02. **Reports and Statements.**

(a) Within one hundred twenty (120) days after the end of each Fiscal Year, and within sixty (60) days after the end of each fiscal quarter, a Member shall be entitled, at its request, to cause the Company, at the Company's expense, to deliver to the Members the following unaudited financial statements:

i. A profit and loss statement for such period; and

ii. A balance sheet of the Company as of the end of such period.

(b) The Members shall, at the expense of the Company, prepare, or cause to be prepared, for delivery to the Members prior to the due date thereof, all federal and any required state and local income tax returns for the Company for each Fiscal Year of the Company.

(c) The Members shall distribute bank statements to each Contributory Member on a monthly basis.

9.03. **Appointment of Tax Matters Partner.** Pursuant to Code Section 6231(a)(7), the Members shall annually appoint the Company's representative ("Tax Matters Partner") who is responsible for acting as the liaison between the Company and the Internal Revenue Service ("Service"). The Tax Matters Partner shall have the duties of a tax matters partner as provided in the Code, in addition to any other duties as are provided under this Agreement. The Tax Matters Partner shall be reimbursed by the Company for all out of pocket expenses, costs and liabilities expended or incurred by the Tax Matters Partner in acting as the Company's Tax Matters Partner.

9.04. **Tax Status.** Any provision hereof to the contrary notwithstanding, solely for United States federal income tax purposes, each of the Members hereby recognizes that the Company will be subject to all provisions of Subchapter K of Chapter 1 of Subtitle A of the Code. The parties intend that the Company be taxed as a partnership for United States income tax purposes. The parties intend that all special allocations be considered to have economic effect under the "qualified income offset" provisions described in section 1.704-1(b)(2)(ii)(d) of the Regulations. All questions of construction and interpretation shall be resolved consistently with that intent.

9.05. **Tax Elections.** The Members shall from time to time determine whether or not to make or attempt to revoke any and all tax elections regarding depreciation methods and recovery periods, capitalization of construction period expenses, amortization of organizational and start-up expenditures, basis adjustments upon admission or retirement of the Members, and any other federal, state, or local income tax elections.

ARTICLE X
DISSOLUTION

10.01. **Dissolution.** The Company shall be dissolved only upon the occurrence of any of the following:

(a) The sale of all or substantially all of the assets of the Company accompanied by a written election of all the Members to not continue to operate the business of the Company;

(b) The written election by a Required Vote of the Members that the Company should be dissolved; or

(c) The Company is required to be dissolved under the Law.

10.02. **Wind-Up of Affairs.**

(a) Upon dissolution, the Members shall proceed with dispatch and without any unnecessary delay to sell or otherwise liquidate the Company assets upon terms and conditions as determined by the Members. The Capital Account of each Member shall be determined. Profits or Losses to the date of termination, including realized Profits or Losses arising from a sale of all of the assets of the Company (whether or not recognized for Federal income tax purposes), and unrealized Profits and Losses on any assets to be distributed in kind (determined as if the assets had been sold by the Company for prices equal to their respective fair market value) shall be allocated as set forth in Article IV and credited or charged to the Capital Accounts of the Members. After paying or duly providing for all liabilities to creditors of the Company, the Members shall distribute the net proceeds and any other liquid assets of the Company among the Members in the manner hereinafter set forth:

i. First, to the expenses of any such sale or disposition;

ii. Next, to the payment of just debts and liabilities of the Company (including all amounts of any principal or interest payable with respect to any loans from Members), in the order of priority as provided by the Law;

iii. Next, to the establishment of any Reserves that the Members may deem reasonably necessary for any contingent or unforeseen liabilities and other obligations of the Company or of the Members arising out of or in conjunction with the Company's affairs; and

iv. Finally, to the Members, an amount equal to their then-existing positive Capital Account balances, as determined after taking into account all Capital Account adjustments for the Company's taxable year during which the liquidation occurs, including without limitation goodwill.

(b) The wind up of the affairs of the Company shall be conducted exclusively by the Members, which are hereby authorized to do any and all acts and things authorized by law for that purpose. In liquidating the assets of the Company, all tangible assets of a saleable value shall be sold at the

price and terms as the Members in good faith determine to be fair and equitable. Any partnership, corporation or other entity in which all or any of the Members are in any way interested may purchase the assets at the sale upon the terms and conditions as are approved by the Required Vote of the Members. It shall not be necessary to sell any intangible assets of the Company. A reasonable time shall be allowed for the orderly liquidation of the assets of the Company and the discharge of liabilities to creditors so as to enable the Company to minimize the losses normally occurring upon a liquidation.

(c) If any assets of the Company are to be distributed in kind, those assets shall be distributed on the basis of the then-fair market value thereof (after adjusting the Capital Accounts of all Members for any unrealized gain or loss inherent in that property, as set forth above). The fair market value shall be determined by the Required Vote of the Members or by an independent appraiser who shall be selected by Required Vote of the Members. With a Required Vote of the Members, a pro rata portion of the distributions that would otherwise be made to the Members pursuant to this Article X may be:

i. Distributed to a trust established for the benefit of the Members solely for the purposes of liquidating Company property, collecting amounts owed to the Company, and paying any contingent or unforeseen liabilities or obligations of the Company or of the Members arising out of or in connection with the Company. The assets of the trust shall be distributed to the Members from time to time, in the reasonable discretion of the Members in the same proportions as the amount distributed to the trust by the Company would otherwise have been distributed to the Members pursuant to this Article X; or

ii. Withheld to provide a reasonable reserve for Company liabilities (contingent or otherwise) and to allow for the collection of the unrealized portion of any installment obligations owed to the Company, provided that the withheld amounts shall be distributed to the Members as soon as practicable.

The portion of the distributions that would otherwise have been made to each of the Members that is instead distributed to a trust or withheld to provide a reserve pursuant hereto shall be determined in the same manner as the expense or deduction would have been allocated if the Company had realized an expense equal to those amounts immediately prior to distributions being made pursuant to this Article X.

ARTICLE XI
REPRESENTATIONS OF THE MEMBERS

By their execution below, each Member represents and warrants to the other Members and the Company as follows:

(a) The Member is an "accredited investor" as that term is defined under the rules promulgated under the Securities Act of 1933, as amended, and is a sophisticated investor by virtue of the

education, training and/or numerous prior investments made on its own behalf or through entities which its management, alone or with others, controls. The Member is knowledgeable and experienced in financial and business matters, especially in investments which involve real property, and which have risks similar to those which may be encountered by the Company. The Member is capable of evaluating the merits and risks of an investment in the Company.

(b) The Member has been furnished or otherwise obtained all information necessary to enable it to evaluate the merits and risks of its prospective investment in the Company. The Member recognizes that the Company has no prior operating history, may be highly leveraged and involves substantial risks. An investment in the Company is highly speculative and the Member may suffer a complete loss of its investment.

(c) The Member has been furnished or has had access to any and all material documents and information regarding the Company. The Member hereby acknowledges that the Company has made available to the Member prior to any investment in the Company all information requested by the Member and reasonably necessary to enable the Member to evaluate the risks and merits of an investment in the Company. The Member, after a review of this information and other information it has obtained, is aware of the speculative nature of any investment in the Company.

(d) The Member is aware that the Member will have to make the cash payment, if not already, set forth on ***Schedule "A."*** The Member can bear the economic risk of the investment in the Company (including the possible loss of its entire cash payment) without impairing the Member's ability to provide itself in the same manner that the Member would have been able to provide prior to making an investment in the Company. The Member understands that it must continue to bear the economic risk of the investment in the Company for an indefinite period of time.

(e) The Member understands that the Member Interests have not been registered under the Securities Act of 1933, as amended, or related laws and regulations or any other applicable securities laws of any other jurisdiction (collectively, the "**Securities Laws**"), inasmuch as the offering of Member Interest is being made to a limited group of potential investors. The Member understands that it has no rights whatsoever to request, and that the Company is under no obligation whatsoever to furnish, a registration of the Member Interests under the Securities Laws.

(f) The Member Interests that the Member is acquiring are being acquired solely for its account and are not being purchased with a view to, or for resale in connection with, any distribution within the meaning of the Securities Act of 1933, as amended, or any other applicable Securities Laws. The Member will not resell or offer to resell any Member Interests except in accordance with the terms of this Agreement and in compliance with all applicable Securities Laws.

(g) To the best of such Member's knowledge, neither the execution and delivery of this Agreement, nor the performance of or the compliance with, this agreement has resulted (or will result) in any violation of, or be in conflict with, or invalidate, cancel, or make inoperative, or interfere with, or constitute a default under, or result in the creation of any lien, encumbrance, or any other charge upon any property pursuant to any charter or by law provision, partnership agreement, trust agreement, mortgage,

deed of trust, indenture, contract, agreement, permit, judgment, decree, or order to which Member is a party, and there is no default and no event or omission has occurred which, but for the passing of time or the giving of notice, or both, would constitute a default on the part of such Member under this Agreement.

(h) To the best of such Member's knowledge, there is no action, proceeding or investigation, pending or threatened (nor any basis therefore) which questions, directly or indirectly, the validity or enforceability of this Agreement as to the Member.

ARTICLE XII

12.01. **Amendments.** This Agreement may only be amended by a Required Vote of the Members.

12.02. **Notices.** Any notice required or permitted to be delivered to any Member under the provisions of this Agreement shall be deemed to have been duly given (a) upon hand delivery thereof, (b) upon receipt of any overnight deliveries, or (c) on the third (3rd) business day after mailing United States registered or certified mail, return receipt requested, postage prepaid, addressed to each Member as set forth on ***Schedule "A"*** hereto or at any other address, or to any other Person and at any address for that Person, as any Member shall designate in writing to the other Members in the manner hereinabove set forth.

12.03. **Agency.** Except as provided herein, nothing herein contained shall be construed to constitute any Member hereof the agent of any other Member hereof or to limit in any manner the Members in the carrying on of their own respective businesses or activities. Any Member may engage in and/or possess any interest in other business ventures of every nature and description, independently or with others, whether existing as of the date hereof or hereafter coming into existence; and neither the Company nor any Member hereof shall have any rights in or to any independent ventures or the income or profits derived therefrom.

12.04. **Further Assurances.** The Members will execute and deliver any further instruments and do any further acts and things as may be required to carry out the intent and purposes of this Agreement.

12.05. **Headings.** The headings of the various sections of this Agreement are intended solely for convenience of reference, and shall not be deemed or construed to explain, modify or place any construction upon the provisions hereof.

12.06. **Successors and Assigns.** This Agreement and any amendments hereto shall be binding upon and, to the extent expressly permitted by the provisions hereof, shall inure to the benefit of the Members, their respective heirs, legal representatives, successors, and assigns.

12.07. **Applicable Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of {STATE OF ENTITY}. This Agreement is intended to be performed in accordance with, and only to the extent permitted by, all applicable laws, ordinances, rules, and regulations of the jurisdictions in which the Company does business.

12.08. **Entire Agreement.** This Agreement sets forth all (and is intended by all parties hereto to be an integration of all) of the promises, agreements, conditions, understandings, warranties and representations among the parties hereto with respect to the Company, the Company's business and the Company's assets, and there are no promises, agreements, conditions, understandings, warranties or representations, express or implied, except as set forth herein or as otherwise provided in a written agreement among all of the Members.

12.09. **Counterparts: Facsimile Signatures.** This Agreement and any amendments hereto may be executed in counterparts, each of which shall be deemed to be an original, but all of which, when taken together, shall constitute one and the same document. For purpose of executing this Agreement, facsimile signatures are acceptable.

12.10. **Gender.** Wherever the context requires, any pronoun used herein may be deemed to mean the corresponding masculine, feminine, or neuter in form thereof and the singular form of any nouns and pronouns herein may be deemed to mean the corresponding plural and vice versa as the case may require.

12.11. **Legal Proceedings.** The Company and the Members shall resolve in the manner provided in this Section any claim, dispute, or controversy among or between any of them that arises out of, or with respect to any provision of this Agreement (a **"Dispute"**).

(a) ***Compulsory Non-Binding Mediation.*** If the parties to a Dispute are unable to resolve it by mutual agreement, they shall promptly attempt in good faith to resolve the Dispute by non-binding mediation at a site determined by the Members, in accordance with the Model Procedure for Mediation of Business Disputes of the CPR Institute for Dispute Resolution, 366 Madison Avenue, New York, New York 10017; Telephone: (212) 949-6490; Fax: (212) 949-8859; E-mail: info@cpradr.org., within 30 days after the appointment of a mediator who is mutually acceptable to the parties to the Dispute. Any party to the Dispute may elect to submit the Dispute to mediation by delivering written notice to every other party to the Dispute. The parties to the Dispute shall share equally the costs of mediation, including the fees of the mediator and any rental or other cost of obtaining a place for the mediation, but excluding their own expenses and attorney fees. If the parties to the Dispute reach a mutually acceptable settlement of the Dispute during the mediation, they shall record the settlement in a written settlement agreement that will be binding on all of them. None of the parties to the Dispute shall terminate the mediation unless each of them has participated (or been afforded an opportunity to participate) in the mediation and are unable to agree on a settlement. Mediation discussions between parties to the Dispute and opinion of the mediator are confidential and are not permitted to be relied on, referred to, or introduced as evidence in any subsequent litigation or other legal proceeding. All applicable statutes of limitation will be tolled during the pendency of mediation, and the parties to the mediation shall take any and all action that is necessary to accomplish that tolling.

(b) ***Binding Arbitration.*** If a dispute is not resolved pursuant to mediation within 30 days after the initiation of the mediation, any party to the dispute may elect to settle the Dispute by submitting the Dispute to binding arbitration in accordance with the Rules for Non-Administered Arbitration of the CPR Institute for Dispute Resolution. Arbitration will be the sole and exclusive method

of resolving a Dispute that is not resolved by mediation, and the parties to a Dispute shall not file a lawsuit concerning the subject matter of the arbitration, except in each case to avoid the lapse of a statute of limitations or to obtain an equitable remedy as provided in subsection (c) below. A party to the Dispute may commence binding arbitration by giving every other party to the Dispute a notice of arbitration in accordance with the CPR Rules for Non-Administered Arbitration and any related commentary.

(c) ***Selection of Arbitrator.*** The arbitration will be conducted by a Louisiana corporate lawyer who is rated "AV" by Martindale-Hubbell Law Directory, who is selected by agreement of the parties to the Dispute, and who is independent (not a lawyer or relative of any officer, director, or member of the corporation) without any economic or financial interest of any kind in the outcome of the arbitration. If the parties to the Dispute cannot agree on an arbitrator within 15 days after the effective date of the notice of arbitration, the party who submitted the Dispute to arbitration shall circulate to the other party or parties to the Dispute a list of ten Louisiana corporate lawyers who are licensed to practice law in the State of Louisiana, are rated "AV" by Martindale-Hubbell Law Directory, and are acceptable to it to serve as arbitrator of the Dispute. The other party or parties to the Dispute shall select the arbitrator from this list of proposed arbitrators. A party who fails to select an arbitrator within the prescribed 15-day period waives the right to select an arbitrator, and the other party or parties will be entitled to choose the arbitrator for the arbitration from the list of lawyers provided by the party who submitted the Dispute to arbitration. If for any reason none of the parties to the Dispute selects an arbitrator within the 15-day period, or if there are multiple parties to the Dispute and they do not agree on the selection of an arbitrator from the list provided by the party who submitted the Dispute to arbitration, the arbitrator will be selected by the CPR Institute for Dispute Resolution based on the criteria stated above. The parties to the Dispute shall pay on a pro rata basis all fees and expenses charged by the CPR Institute for Dispute Resolution for its services in selecting an arbitrator.

(d) ***Arbitration Award.*** The award of the arbitrator will be final and binding as to all the parties to the Dispute and will not be subject to appeal, review, or re-examination by a court or the arbitrator, except for fraud, perjury, manifest clerical error, or evident partiality or misconduct by the arbitrator that prejudices the rights of a party to the arbitration. The award of the arbitrator may include an award of any damages other than treble, special, punitive, exemplary, or consequential damages, and, pursuant to the pleading of any party to the Dispute, any court having jurisdiction may enter a judgment of any award rendered in the arbitration.

(e) ***Equitable Remedies; Enforcement Litigation.*** Whether or not a Dispute is submitted to binding arbitration, the parties to the Dispute retain all rights to obtain injunctive relief and other equitable remedies to enforce their respective rights. Without limiting the generality of the foregoing, any party to a Dispute may (a) petition a court of competent jurisdiction to enter a temporary restraining order or preliminary injunction to preserve the status quo pending resolution of any arbitration proceeding, and (b) commence a proceeding in any court of competent jurisdiction.

(f) ***Exclusive Venue for Litigation.*** The proper, exclusive, and convenient venue for any litigation between or among any of the parties for the interpretation or enforcement of this Agreement shall be in New Orleans, Louisiana.

12.12. **Expense Reimbursement.** In any mediation, arbitration, or lawsuit arising out of this Agreement, the losing party shall reimburse the prevailing party, on demand, for all costs incurred by the prevailing party in enforcing, defending, or prosecuting any claim arising out of this Agreement, including all reasonable fees, costs, and expenses of agents, experts, attorneys, witnesses, arbitrators and supersedes bonds, whether incurred before or after demand or commencement of legal or arbitration proceedings, and whether incurred pursuant to trail, appellate, mediation, arbitration, bankruptcy, or judgment-execution proceedings. A party to this Agreement who fails to pay when due any amount owed to another party pursuant to this Agreement shall pay to the other party, on demand, interest on the unpaid amount, from the date when due until paid in full, at the annual rate then provided by {STATE OF ENTITY} law for the payment of interest on judgments generally.

12.13. **No Third-Party Beneficiary.** This Agreement is made solely and specifically among and for the benefit of the parties hereto, and their respective successors and assigns subject to the express provisions hereof relating to successors and assigns, and no other Person shall have any rights, interest or claims hereunder or be entitled to any benefits under or on account of this Agreement as a third-party beneficiary or otherwise.

12.14. **No Recordation.** Neither this Agreement nor any memorandum thereof shall be recorded amongst the public records of any governmental authority without the prior written consent of the Members.

12.15 **Confidentiality.** No Member, during or at any time hereafter, will, (a) without the express written consent of the Company, directly or indirectly communicate or divulge to, or use for his or her or its own benefit or for the benefit of any other Person, any of the Company's personal or Restricted Information which was communicated to or otherwise learned of or acquired by such Member during the common ownership of the Company, or (b) without the express written consent of the other Member, directly or indirectly communicate or divulge to, or use for his or her or its own benefit or for the benefit of any other Person, any of the other Member's personal or Restricted Information which was communicated to or otherwise learned of or acquired by such Member during the common ownership of the Company, provided, however, a Member may disclose or use such information under any of the following circumstances: (i) disclosure or use thereof in good faith in connection with the performance of his or her duties in the course of his or her work or duties for, and for the benefit of, the Company; (ii) disclosure which such Member is advised by counsel is required by a court or other governmental agency of competent jurisdiction; and (c) disclosure or use by such Member of any such information or data which is generally known or is otherwise publicly available through independent sources, which sources have no duty of confidentiality related to such information or data.

12.17. **No Foreign Person Withholding.** Each of the Members hereby represents and warrants that it is not a "foreign person" within the meaning of Code Section 1445.

12.18. **Outside Activities.** Each Member or their Affiliates may have business interests and engage in business activities for their own account or for the account of others in addition to those relating to the Company, including business interests and activities in direct competition with the Company. No provision of this Agreement is deemed to prohibit the Member or his or her Affiliates from conducting such

businesses and activities. Neither the Company nor the Members have any rights by this Agreement in any business ventures of the competing Member or their Affiliates.

12.19 **Legal Representation.** The Company, Manager, Members and/or Affiliates may retain one or more legal counsel ("**Law Firm**"), from time to time, to represent the Company on specific matters, and the Members hereby recognize and acknowledge that representation of the Company shall not establish any attorney-client relationship between the various Members and the Law Firm. It is further expressly acknowledged and agreed by the Members, that any Law Firm representing the Company may also represent a Member, Manager, or any Affiliates of a Member unless any litigation or dispute were to arise between such represented Member, or any Affiliates of such Member, and the Company.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 87-4733266. This EIN will identify your entity, accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

Taxpayers request an EIN for their business. Some taxpayers receive CP575 notices when another person has stolen their identity and are opening a business using their information. If you did not apply for this EIN, please visit, www.irs.gov/einnotrequested.

When filing tax documents, making payments, or replying to any related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear-off stub and return it to us.

Based on the information received from you or your representative, you must file the following forms by the dates shown.

Form 1065	03/15/2023

If you have questions about the forms or the due dates shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 538, Accounting Periods and Methods.

We assigned you a tax classification (corporation, partnership, estate, trust, EPMF, etc.) based on information obtained from you or your representative. It is not a legal determination of your tax classification and is not binding on the IRS. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRS under the guidelines in Revenue Procedure 2020-1, 2020-1 I.R.B. 1 (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, Entity Classification Election. See Form 8832 and its instructions for additional information.

The City of Mobile requests bids for:
Regular E-10 Unleaded Gasoline, #2 Diesel Fuels, and Unleaded Gasoline, 89 Octane, 0% Ethane.

Prices on this bid are to remain firm for one (1) year from date of award. At the option of the City and the successful Vendor, the award may be extended for two (2) additional one (1) year periods.

Delivery Tickets are required at the time of delivery. Ticket must state: Time and Date of delivery, Product, and Number of Gallons delivered. Fuel will be purchased at the Net Amount.

Exact quantity of fuel to be purchased is an estimate. The City does attempt to place orders for fuel as close to amount needed. The City does not guarantee exact quantity to be purchased.

The contract will be awarded to the Bidder having the lowest Mark-Up (margin) above the daily Oil Price Information Service (OPIS) prices. The City of Mobile uses the daily published State of Alabama OPIS prices, based off the "Rack Avg" pricing for the Montgomery, Alabama location. Purchase Orders will be paid by the daily OPIS Price (Day of Delivery of Fuel), the contracted Mark-Up (margin) price, and applicable taxes.

To Whom It May Concern,

In accordance with Sections 16-13B-2(a)(13) and 41-16-51(a)(16), *Ala. Code* 1975 as amended by Act No. 2021-485, the Department has reviewed the competitive bidding process used by Sourcewell, a national, governmental purchasing cooperative, for the contracts awarded as of the date of this letter. The Department did not identify any matters that were contrary to proper purchasing procedures or routine governmental procurement practices. Each contract was awarded by Sourcewell pursuant to the competitive bid laws of the State of Minnesota.

Based on the Department's review, the competitive bid process used by Sourcewell is approved for use through **December 31, 2023**. This approval authorizes the purchase, lease, or lease/purchase of certain goods or services, other than voice or data wireless communication services, when certain statutory conditions are fulfilled. Prior to utilizing Sourcewell, each governmental entity must verify that the goods or services to be purchased, leased, or lease/purchased are either not at the time available on the state purchasing program or are available at a price equal to or less than that on the state purchase program. *Id.* Further, any such purchases, leases, or lease/purchases must be made through a participating Alabama vendor holding an Alabama business license if such a vendor exists. *Id.*

Should the Department receive notice that Sourcewell or its awarded vendors are allowing Alabama governmental entities to make unauthorized purchases or other unlawful business transactions, Sourcewell's competitive bid process approval will subject to immediate revocation by the Department.

If the Department can be of further assistance, please let us know.

Sincerely,

Rachel Laurie Riddle

BID CONTINUATION SHEET

QUANTITY	ARTICLES — Bid on this form ONLY. Make no changes on this form. Additional information to be submitted on separate sheet and attached hereto.	UNIT	UNIT PRICE Dollars	UNIT PRICE Cents	EXTENSION Dollars	EXTENSION Cents

All vendors will be required to provide verification of enrollment in the E-Verify program. Additional information may be found at **http://immigration.alabama.gov/**

If the successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Secretary of State prior to issuance of a Purchase Order.

Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See: www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for the issuance of a Certificate of Authority may be several weeks.

Upon notification, vendor will have 10 business days to provide the Certificate of Authority and the E-Verify numbers to the Purchasing Department before award can be completed. (Vendors will possibly need to pay the expedite fee to meet this requirement because application is not sufficient. We must have a copy of the certificate with your Company ID number).

Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State, nor the E-Verify for certification to submit a bid, but will need to obtain the Business License and Certificate of Authority verification and/or provide the E-Verify Certification, if applicable, prior to issuance of a Purchase Order.

State of alabama Local Vendor Preference Law 41-16-50 (a) and (d) will apply to this purchase.

If you have any questions, please feel free to contact the Purchasing Department at purchasing@cityofmobile.org.

Line Item	Question	Response *	
54	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Snap-on Product Managers assign each product to a price group and each price group has a designated discount percentage. See the uploaded Product Price Group (PPG) document for discount details. The discount percentage will be applied to the IPLHF7 list price. See the uploaded IPLHF7 price list for part number and product group specifics. Pricing will be updated annually. From time to time a product's price group may be changed. The designated price group discounts will remain unchanged throughout the term of the contract. Price group categories may be added or deleted at Product Management's discretion.	*

For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	As described in number 54 above, all products are assigned to a price group. Any "sourced" product will be discounted according to its assigned price group.	*
58	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	The only element of total cost of acquisition not submitted is installation. This applies primarily, but not exclusively, to lifts. Installation charges will be quoted in advance. Any such charges will be imposed directly by Snap-on. Snap-on will employ a specific price matrix (IPLHF7) for this contract. Sourcewell member accounts will be linked to this price matrix. The matrix will not allow price deviation or product substitution. Quarterly report information is generated by a query of all accounts linked to the matrix. This is the same process Snap-on has used for many years in managing its contracts.	*
64	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. Proposers Assurance of Comp

PROPOSER ASSURANCE OF COMPLIANCE

PROPOSER'S AFFIDAVIT

The undersigned, authorized representative of the entity submitting the foregoing proposal (the "Proposer"), swears that the following statements are true to the best of his or her knowledge.

1. The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to Sourcewell member agencies. The undersigned affirms that he or she is authorized to act on behalf of, and to legally bind the Proposer to the terms in this Contract.

2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of Sourcewell, or any person, firm, or corporation under contract with Sourcewell, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP.

3. The contents of the Proposer's proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or agent of the Proposer and will not be communicated to any such persons prior to the official opening of the proposals.

4. The Proposer has examined and understands the terms, conditions, scope, contract opportunity, specifications request, and other documents in this solicitation and affirms that any and all exceptions have been noted and included with the Proposer's Proposal.

5. The Proposer will, if awarded a Contract, provide to Sourcewell Members the /products and services in accordance with the terms, conditions, and scope of this RFP, with the Proposer-offered specifications, and with the other documents in this solicitation.

6. The Proposer agrees to deliver products and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

7. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

8. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify Sourcewell for reasonable measures that Sourcewell takes to uphold such a data designation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - John Gowey, Vice President - Sales North America Critical Industries, Snap-on Industrial, A Division of IDSC Holdings LLC

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

If the Department can be of further assistance, please let us know.

Sincerely,

10. TIME FOR RECEIVING BIDS:

Bids received prior to the time of opening will be securely stored, unopened. The Owner will decide when the specified time has arrived; no Bid will be considered if received thereafter. When a Bid arrives by mail after time for opening, but before award is made, and it is shown to the Owner's satisfaction that the late arrival was due solely to mail delays, beyond the Bidder's responsibility, the Bid will be received and considered. Non-responsibility will be attached to the City of Mobile for the premature opening of a Bid not properly addressed and identified. Unless specifically authorized, telegraphic Bids will not be considered; however, modifications to previously submitted Bids will be considered if received prior to the hour set for opening.

11. WITHDRAWAL OF BIDS:

Bids may be withdrawn by written or telegraphic requests received from Bidders prior to the time fixed for opening. Negligence on the part of the Bidder in preparing the Bid confers no right for the withdrawal of Bid after it has been opened.

12. BIDDERS PRESENT:

At the time fixed for opening Bids, Bid contents will be made public for the information of Bidders and others properly interested, who may be present either in person or by representation.

13. AWARD OR REJECTION OF BIDS:

The Contract will be awarded to the lowest responsible Bidder, complying with the conditions of the Invitation for Bids, provided his Bid is reasonable and in the best interest of the Owner for acceptance. The Bidder to whom the award is made will be notified at the earliest possible date. The Owner, however, reserves the right to reject any and all Bids and to waive any informality in Bids received whenever such rejection or waiver is in the best interest of the Owner. The Owner also reserves the right to reject the Bidder who has previously failed to perform properly or complete projects on time; to complete Contracts of a similar nature; or a Bidder who is not, in the judgment of the Owner, in a position to perform the Contract.

14. PRE-QUALIFICATION OF BIDDERS:

Unless otherwise specified, a bidder must submit evidence that he is pre-qualified to bid State of Alabama Department of Transportation (ALDOT) projects. The bidder must be on ALDOT's "bidder's list" in effect at the time of the Pre-Bid Conference. Any contractor that desires to bid as a prime contractor must possess a Municipal & Utility (MU) or a Highways & Streets (HS) major classification per Section 230-X-.27 of the State of Alabama Licensing Board for General Contractors Administrative Code.

15. ISSUANCE OF PROPOSAL FORMS:

The Owner reserves the right to refuse to issue a proposal form to a prospective bidder, should such bidder be in default for any of the following reasons:

- **a.** Failure to comply with any pre-qualification regulations of the Owner, if such regulations are cited, or otherwise included, in the proposal as a requirement for bidding.
- **b.** Failure to pay, or satisfactorily settle, all bills due for labor and materials on former contracts in force (with the owner) at the time the owner issues the proposal to the prospective bidder.
- **c.** Contractor default under previous contracts with the owner.
- **d.** Unsatisfactory work of any nature, or failure to meet schedule on previous contracts with the Owner.
- **e.** Uncompleted work or work behind schedule, which, in the opinion of the owner, might hinder or prevent prompt completion of this work.
- **f.** Lack of competent workmen and equipment to perform at least 50% of the required work with contractor's own forces and equipment.

16. BIDDERS INTERESTED IN MORE THAN ONE BID:

If more than one Bid is offered by any one party, by, or in the name of his clerk, partner, a corporation in which he has a substantial interest, in which he is an officer, or other person, all such Bids may be rejected. A party who has quoted prices on materials to a Bidder is not disqualified from quoting prices to other Bidders or from submitting a Bid directly for the materials or work. The City of Mobile reserves the right to determine, in its discretion, whether any Bidder has violated the provisions of this clause.

17. ERRORS IN BID:

Bidders or their authorized agents are expected to examine the maps, drawings, specifications and all other documents pertaining to the work, which will be open to their inspection. Failure to do so will be at the Bidder's own risk; the Bidder cannot secure relief on the plea of error in the Bid. In case of error in the extenuation of prices, the unit price will govern.

Should any Bidder observe any ambiguity, discrepancy, omission, or error in the Drawings or any Contract Document, or be in doubt as to the intention and meaning thereof, he should at once report such to the Engineer and request clarification, in writing, with a copy of his request to the City.

Clarification will be made only by written Addenda sent to all prospective bidders. Neither the Engineer nor the City Engineer will be responsible, in any manner, for verbal instructions made prior to the award of the Contract.

Should conflict occur in or between Drawings and Specifications, a Bidder will be deemed to have estimated on the more expensive way of doing the work involved; unless, prior to submission of the proposal, the bidder requested and obtained the Engineer's written decision indicating the preferred method, materials, or equipment.

18. CONTRACT AND BOND:

The Bidder to whom award is made, must, when requested, enter into Contract on the standard form as set out herein, with satisfactory security in the amount required, within the period specified, within ten (10) working days after the required forms are presented to him for signature.

19. COLLUSION:

If there is any reason for believing that collusion exists among the Bidders, any or all Proposals may be rejected, and those participating in such collusion may be barred from submitting Bids on the same or other work with the City.

20. SUBLETTING OR ASSIGNING OF CONTRACT:

(a) Limitations: The Contractor shall not sublet, assign, transfer, convey, sell or otherwise dispose of any portion of the Contract, his right, title or interest therein, or his power to execute such Contract, to any person, firm, or corporation without written consent of the City; such consent shall not be construed to relieve the Contractor of any responsibility for the fulfillment of the Contract. Unless otherwise stipulated in the proposal or special provisions, the Contractor shall perform with his own organization, and with the assistance of workmen under his immediate supervision, and reported on his payroll, all Contract work of a value not less than fifty percent (50%) of the total Contract amount. Any items designated in the Contract as "Specialty Items", so performed by Subcontract may be deducted from the total Contract amount before computing the amount of work required to be performed by the Contractor with his own organization.

(b) Subcontractor's Status: A Subcontractor shall be recognized only in the capacity of an employee or agent of the Contractor. The Contractor will be responsible to the City for the entire Subcontractor's work, including failures or omissions. The City Engineer may require a Subcontractor's removal, as in the case of a Contractor's employee.

21. PROSECUTION OF WORK:

(a) Notice of Intent: The Contractor shall give the City Engineer definite notice of his intention to start work at least seventy-two (72) hours in advance of beginning particular features of construction, such as driving piles, placing concrete, etc. Should the Contractor, with the consent of the Engineer, discontinue prosecution of the work, the Contractor shall give the City Engineer at least forty-eight (48) hours' notice in writing before resuming operations.

(b) **General:** The Contractor shall prosecute the work continuously and diligently in the order and manner set out in his schedule as approved by the City Engineer. The Contractor shall provide sufficient material, labor, and equipment to insure that the work will be completed in a satisfactory manner within the time specified in the Contract.

Should the Contractor fail to maintain a satisfactory rate of progress, the City Engineer will direct additional forces and equipment to work on the project to ensure the project continues on schedule and maintain satisfactory progress.

Should the Contractor fail to furnish sufficient satisfactory equipment and labor for maintaining the quality and progress of the work, the City Engineer may withhold all pay requests and estimates that are or may become due, until satisfactory quality and progress are maintained or the Contract may be annulled.

(16) Should the COUNCIL deem it proper or necessary in the execution of the work to make any alterations, which shall increase or diminish the quantities or the expense, such alterations or reductions shall not validate or annul the contract or agreement hereby entered into. The said COUNCIL shall determine the value of the work to be added or omitted; such value to be added to or to be deducted from the contract price as the case may be.

No claim whatever shall be made by the CONTRACTOR for extra materials or work, or for a greater amount of money than is herein stipulated to be paid, unless some changes in or additions to said work requiring additional outlay by the CONTRACTOR shall first have been ordered, in writing, by the said COUNCIL on application of the CITY ENGINEER. Said writing will be attached to the contract for the making of said improvements, stating that such work is not included in the contract, what the extras are and that such are necessary for the proper completion of the work, or for the security of the work previously done and the reason therefor.

RESPONSIBILITY FOR ACCIDENTS:
(17) The CONTRACTOR covenants to and shall defend, hold harmless, indemnify and exonerate the CITY and any of its officers, directors and employees of and from any and all claims, demands, liability, losses, damages, suits and/or judgments, whether frivolous or otherwise of any character, arising out of, or connected with, the work covered by this contract, regardless of how it may be caused. The CONTRACTOR shall be responsible for providing the City of Mobile and any of its officers, directors, and employees a defense and paying all costs of defending it and investigating said claims, including attorney's fees and expenses.

WORK TO BE PROSECUTED AS DIRECTED:

(18) All work shall be done according to the direction of the CITY ENGINEER or his authorized assistant.

GENERAL COMPLIANCE WITH LAWS:

(19) The Contractor shall comply with the provisions of the labor laws, state laws and federal and local statutes, ordinances and regulations that are applicable to the performance of this Agreement, and procure all necessary licenses and permits.

SUSPENSION OF WORK:

(20) If, in the opinion of the CITY ENGINEER, during the progress of the work the conditions of the weather make it inexpedient or hazardous to proceed with the same, or if the public need seems to demand a temporary suspension, prosecution of the project shall cease for such a period as the CITY ENGINEER may direct in writing. No allowance will be made to the CONTRACTOR for damages alleged to have been sustained on account of such suspension of the work. The period of such cessation shall be determined and recorded by the CITY ENGINEER and shall be added to the time herein specified for the completion of the work. It is further agreed that in case of any legal obstruction or injunction affecting the prosecution of the work, such delay shall extend the time of completion of such part or parts of the work as obstructed and delayed for the length of time the obstruction continued and no longer. No damages shall be claimed or allowed the CONTRACTOR by reason of such unavoidable delay.

DELAYS:

(21) Delay in completion or the acceptance of any portion of the work shall not be deemed or construed as a waiver of any of the rights of the CITY under this contract, or to prevent the abrogation of this contract on account of the violations of its terms or the enforcement and collection of any just claim for loss or damage sustained by the CITY by reason thereof. Should delay arise by reason of the neglect or inability of the CONTRACTOR to prosecute the work or to furnish materials to the extent that, in the opinion of the CITY ENGINEER, it becomes necessary to insure the completion within the limit of time specified to this contract, the CITY ENGINEER shall serve a warning to the CONTRACTOR requiring him to provide the means or material to insure the completion of work. Should such warning be disregarded to the extent that unnecessary and unreasonable delay is likely, in the opinion of the CITY ENGINEER, to ensue, the CITY ENGINEER shall notify the COUNCIL of such fact. Should said COUNCIL so elect, the CITY may complete the contract using for such purpose all materials and tools found upon the work site and belonging to the CONTRACTOR. The COUNCIL shall assess the cost of such work against the sum, which would have been due under this contract.

COMMENCEMENT AND COMPLETION:

(22) The work shall commence within ten (10) days from the date specified in a Notice to Proceed Order to be issued to the Contractor by the Council, or its authorized representative, and shall be completed within the number of working days indicated in this Proposal, following the commencement date stipulated in said Notice to Proceed Order. In the event the Contractor should fail to complete the work within the time specified herein, the Contractor shall pay the Council, as liquidated damages, the amount specified in Section 108 of the Standard Specifications for each working day beyond the required date of completion.

ESTIMATE:

(23) In making partial payments to the CONTRACTOR, the CITY shall retain no more than five percent (5%) of the estimated amount of work done, the value of materials stored on the site (if applicable), and the value of materials suitably stored and insured off-site site (if applicable). Following fifty percent (50%) completion, no further retainage shall be withheld.

FINAL ESTIMATE:

(24) Upon the final completion of the work according to the terms of these Articles of Agreement, the ENGINEER shall inspect all work and materials not previously accepted and returned, and shall render to the City Engineer and the Contractor a semi-final estimate of all work performed and materials furnished. A FINAL estimate, containing only the retainage due to the CONTRACTOR, shall then be prepared by the ENGINEER and rendered to the CITY and CONTRACTOR. Upon receipt of the Engineer's certification of project completeness, the City Engineer shall inspect the work and, if satisfactory, shall pay or cause to be paid to the Contractor the final estimate, under the terms of these Articles of Agreement.

Prior to issuance of the FINAL ESTIMATE, the Contractor shall furnish, to the Engineer, the following documents:

- The Contractor must have his/her surety execute copies of Consent of Surety to Final Payment.

- The Contractor must furnish a written guarantee on his letterhead covering all defects in material and workmanship for a period of one (1) year commencing on the date of final acceptance.
- The Contractor must provide a Maintenance Agreement for the grassing for up to one (1) year from the date of final acceptance.
- The Contractor must provide a report summarizing DBE participation to include the name of the DBE firm, address, telephone number and amount paid. If there were no DBE participation on the project, this report must summarize the reasons why and document any attempts made to secure DBE participation.

Upon successful completion of these documents, payment of the FINAL ESTIMATE shall be made to the Contractor.

Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

The CONTRACTOR shall insure that all subcontractors under his employment for this project shall participate in the e-verify program. The CONTRACTOR shall be responsible for having each subcontractor sign the enclosed e-verify form. Any subcontractor found to be in violation of this provision shall cause the CONTRACTOR to be in breach of the agreement and the CONTRACTOR shall be responsible for all damages resulting therefrom.

ANTI-DISCRIMINATION CLAUSE:

(28) Contractor shall comply with all Federal, State and local laws concerning nondiscrimination, including but not limited to City of Mobile Ordinance No. 14-034 which requires, inter alia, that all contractors performing work for the City of Mobile not discriminate on the basis of race, creed, color, national origin or disability, require that all subcontractors they engage do the same, and make every reasonable effort to assure that fifteen percent of the work performed under contract be awarded to socially and economically disadvantaged individuals and business entities.

   Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured on another policy providing coverage for the same "occurrence", offense, claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by a written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

E. This endorsement does not apply to an additional insured which has been added to this policy by an endorsement showing the additional insured in a Schedule of additional insureds, and which endorsement applies specifically to that identified additional insured.

F. With respect to the insurance afforded to the additional insureds under this endorsement, the following is added to Section **III – Limits Of Insurance**:

The most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the written contract or written agreement referenced in Paragraph **A.** of this endorsement; or
2. Available under the applicable Limits of Insurance shown in the Declarations,

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

All other terms and conditions of this policy remain unchanged.

Commercial General Liability Coverage Part

The following is added to the **Transfer Of Rights Of Recovery Against Others To Us Condition**:

If you are required by a written contract or agreement, which is executed before a loss, to waive your rights of recovery from others, we agree to waive our rights of recovery. This waiver of rights shall not be construed to be a waiver with respect to any other operations in which the insured has no contractual interest.

IMPORTANT NOTICE ABOUT HOLD HARMLESS AND INDEMNIFICATION AGREEMENTS

While insurance policies may respond to certain contractual assumption of liability or responsibility (Hold Harmless/Indemnification Agreements/Clauses), such policies are not broad enough to transfer or fund all assumed exposures. In addition, insurance policies have monetary limits that apply to covered claims. Please consult a qualified attorney for advice on Hold Harmless/Indemnification Agreements/Clauses. Our practice is limited to insurance specific areas. Our receipt of hold harmless/indemnification agreements and issuance of certificates of insurance is not validation that all conditions of the hold harmless/indemnification agreement have been met. Most assumption of risk agreements/clauses are broader than the terms and conditions of insurance policies.

IMPORTANT NOTICE ABOUT AUTOMATIC STATUS ADDITIONAL INSUREDS/WAIVERS

The certificate of insurance may represent that Additional Insured &/or Waiver status is included when required by written contract. In order for Additional Insured &/or Waiver status to be triggered in this case, there must be a written and executed contract between the insured and the person(s) or organization(s) for which Additional Insured &/or Waiver status is required.

Bidders and Proposers – Please complete and submit these forms as required by your City of Mobile Bid or Proposal Specification.

If you are submitting a proposal in response to a Request for Qualifications, Request for Proposal, or other solicitation ("Solicitations") issued by the City of Mobile, the bid specification may require you to utilize disadvantaged business enterprise ("DBE") subcontractors and suppliers. If DBE participation is required, you must complete and submit these forms with your proposal. If required, failure to submit this form will render your bid non-responsive. NOTE: To satisfy participation requirements for a federally funded project, you must utilize DBEs certified through the Alabama Unified Certification Program.

If DBE participation is required, and you fail to satisfy the participation requirement, you must show that you made a good faith effort to include such participation; you will be required to submit DBE Compliance Form 2 and include additional information if needed. When so required, failure to address adequately the good faith effort factors on Form 2 will render your bid or proposal non-responsive. The "good faith effort" factors on Form 2 are not intended to be a mandatory, exhaustive, or exclusive.

You are encouraged to work with the City of Mobile Supplier Diversity Manager when preparing this form. Please consult with the City Supplier Diversity Manager for a list of eligible DBEs. The "good faith effort" factors on **Form 2** are not intended to be mandatory, exhaustive, or exclusive; they are a tool to help you, and the City of Mobile, determine whether you made efforts which, by their scope, intensity, and appropriateness to the objective, would reasonably be expected to fulfill the participation requirement.

About **"DBEs"**: Disadvantaged business enterprise or DBE means a for-profit small business concern (1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and (2) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

About **"Good Faith" Effort**: Good faith efforts means efforts to achieve a DBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program requirement. The City of Mobile expects contractors holding large contracts to recruit and engage DBEs to be a part of their team.

Failure to submit this form, when so required by the bid or proposal specification, will render your bid non-responsive.

Special Specification 999-A

HIGH FRICTION SURFACE TREATMENT

SPECIAL SPECIFICATION

999-A

High Friction Surface Treatment

1. **Description.** Furnish and apply a high friction surfacing system in accordance with this Specification and the details shown on the plans.

   Ensure the manufacturer's representative is present at the construction site to train Department and Contractor personnel before placing the surface treatment and remains available during the application as necessary.

2. **Materials.**

   A. **General.** Furnish a high friction surface treatment (HFST) containing polymer binder capable of retaining a bauxite aggregate topping under vehicular traffic conditions.

   B. **Polymer Binder Resin System.** Provide a binder resin system recommended by the manufacturer as suitable for use on the intended pavement surface and for the potential range of atmospheric exposure.

Table 1
Polymer Binder Resin System Requirements

Property	Test Method	Requirement
Viscosity	ASTM D-2556	7 - 30 poises
Gel Time	ASTM C-881	10 minutes min
Ultimate Tensile Strength	ASTM D-638	2500 - 5000 psi
Elongation at break point	ASTM D-638	30 - 70 %
Durometer Hardness (shore D)	ASTM D-2240	60-80
Compressive Strength	ASTM C-579	1,000 psi min at 3 hours 5,000 psi min at 7 days
Cure Rate (Dry through time)	ASTM D-1640	3 hours max
Water Absorption	ASTM D-570	1% max
Adhesive Strength @ 24 hours	ASTM C-1583	250 psi min or 100% substrate failure

C. Aggregate Topping. Furnish an aggregate topping that is a calcined bauxite consisting of a 1-3mm gradation. Ensure the aggregate is delivered to the construction site in clearly labeled 55 lb. bags or 2200 lb. super sacks. Provide aggregate that is clean, dry, and free from foreign matter. Provide aggregate that meets the requirements of Table 2.

Table 2
Aggregate Requirement

Property	Test Method	Requirement
Aggregate Grading		No. 6 Percentage Passing 95% min. No.16 Percentage Passing 5% max.
Aggregate Abrasion Value Loss at 100 rev.	LA Abrasion ASTM C-131	10% max.
Aggregate Acid Insolubility	Tex-512-J	Greater than 90%
Aggregate Magnesium Soundness	Tex-411-A (Stockpile gradation)	30% max.
Aluminum Oxide Content	ASTM C-25	87% min

D. Certification. Provide an independent laboratory report showing that the polymeric binder meets the requirements of this section. Submit certification from the manufacturer that the aggregate topping meets the above requirements. Submit documentation of the in-place friction characteristics (minimum 65 FN40R in accordance with ASTM E274) of aggregate bonded to a vehicular bearing surface using the polymer binder. Supply a sample of the resin binder or components lot/batch upon request.

3. Construction.

A. General. Do not apply the modified polymer binder on a wet surface, when the surface temperature is below 55˚F or the ambient temperature is above 105˚F unless the manufacturer provides test data demonstrating a cure rate (dry through time) of 3 hours maximum when cured at representative temperatures. Do not apply the polymer binder when the anticipated weather conditions would prevent the proper application of the surface treatment as determined by the manufacturer's representative. Do not place the HFST with visible moisture on the prepared surface. Test for moisture in the pavement by taping an 18"x18" plastic sheet to the pavement per ASTM D4263. Perform the plastic sheet test only when surface temperatures and ambient conditions are within the established parameters for application of the overlay system. In the event of rain, the pavement must be allowed to air dry for a minimum of 24 hours prior to performing the plastic sheet test. A 2-hour minimum test duration is allowed in lieu of the 16 hours specified in ASTM D4263.

B. Preparation. For applications on new pavements, install the high friction polymer binder and aggregate topping a minimum of 30 days after placing the underlying and adjacent asphalt pavement to reduce the likelihood of "tracking."

Protect utilities, drainage structures, curbs, and any other structure within or adjacent to the treatment location against the application of the surface treatment materials. Cover and protect existing pavement markings that are adjacent to the application surfaces as

directed. Remove existing or temporary pavement markings that conflict with the surface application.

Clean asphalt pavement surfaces using mechanical sweepers and high-pressure air wash with sufficient oil traps. Mechanically sweep all surfaces to remove dirt, loose aggregate, debris, and deleterious material. Vacuum sweep or air wash using a minimum of 180 cfm of clean and dry compressed air, all surfaces to remove all dust, debris, and deleterious material. Maintain air lance perpendicular to the surface and the tip of the air lance within 12 inches of the surface.

Treat joints and cracks greater than 1/4 in. in width and depth with the mixed polymer specified in this specification. Once the polymer in the pre-treated areas has gelled, the high friction polymer binder and aggregate topping installation may proceed.

C. Control Strip. Complete a trial of HFST before starting HFST production work. The control strip shall:

- Be paid for as part of the project if successful,
- Be a minimum of 8 feet wide by 20 feet long and done within the limits of the project, and
- Be constructed using the same equipment as the production work.

Replicate field conditions, including ambient and surface temperatures, anticipated for the production work. Demonstrate surface preparation requirements. Remove pavement markers within the area to receive HFST, for the lane and length involved, prior to placing polymer binder resin system. Document the settings on the applicator equipment, initial quantities of polymer binder resin and aggregate topping, and unused quantities of resin and aggregate topping remaining in the applicator equipment after applying the HFST. Determine the "Dry through time" for the polymer binder resin system. Have temporary or permanent pavement markers and delineation in place when lanes are open to traffic. Determine that work can be completed within time permitted. Ensure tensile pull-off strength of 250 psi at 24 hours or less when tested in conformance with ASTM C 1583. Additional control strips may be required until a satisfactory pull off of 250 psi at 24 hours or less is achieved. Remove control strips that do not meet specifications. Pull off strength at less than 250 psi is acceptable if 100% of the failure is within the pavement and not the bond line of the polymer resin to the pavement.

D. Mixing and Application Methods. Utilize one of the following methods to apply the polymer binder and aggregate wearing course, as shown in plans. Utilize the automated continuous application (method 1) on areas greater than 250 feet in length. If mechanical application equipment is used, take 2 ounce samples for each 100 gallons of resin placed to verify mix ratios and curing times. Place samples at the roadway shoulder and ensure that the gel time is within proper range in accordance with the manufacturer's recommendation.

1. Automated Continuous Application

Ensure that the applicator continuously mixes, meters, monitors and applies the resin binder and high friction aggregate in one continuous application pass with a single self- contained application unit.

Ensure that the applicator vehicle is equipped with an inbuilt data management unit which can produce real time data flow showing the volume of resin, the resin mil thickness on average throughout the application width and the volume of aggregate applied throughout the application width. The automated continuous application vehicle must have continuous pumping and portioning devices that blend the polymer binder within a controlled system. Ensure the polymer binder is blended and mixed in the ratio per the manufacturer's specification (+/- 2% by volume); the polymer binder must be continuously applied once blended. The application vehicle should be capable of applying the minimum polymer binder spread rate.

The high friction aggregate must be applied by the same automated continuous application vehicle that applies the resin binder to the pavement section. The automatic aggregate spreader must be capable of applying up to a continuous 12-foot width application. The high friction aggregate must be applied within 3 seconds (+/- 1 sec) of the base polymer binder application onto the pavement section, from a maximum height of 12 inches from above the pavement section surface, at the minimum spread rate. Recovered bauxite aggregate may only be reused once. The recovered bauxite must be blended with new bauxite at a rate of 2:1 (two parts of new bauxite to one part of recovered bauxite). Provide a written record of the recovered bauxite aggregate and mark the containers containing the recovered bauxite aggregate as follows, "Recovered Bauxite" with the project number.

Ensure no exposed wet spots of the polymer binder are visible once the aggregate is installed. The operations should proceed in such a manner that will not allow the mixed material to separate, cure, dry, be exposed or otherwise harden in such a way as to impair retention and bonding of the high friction surfacing aggregate, walking, standing or any form of contact or contamination with the wet uncured resin will result in that section of resin being removed and replaced at the contractor's expense.

2. **Hand Mixing and Application.** For areas deemed to be low volume and areas less than 250 feet in length, hand-mix the resin binder in accordance to the manufacturer's recommendations. Uniformly spread the resin binder onto the surface using a serrated edge squeegee. Immediately broadcast the high friction surfacing aggregates until refusal. Reuse the excess aggregate by reclaiming with a mechanical sweeper. Ensure the recovered aggregate is clean, uncontaminated and dry. Recovered bauxite aggregate may only be reused once. The recovered bauxite must be blended with new bauxite at a rate of 2:1 (two parts of new bauxite to one part of recovered bauxite). Provide a written record of the recovered bauxite aggregate and mark the containers containing the recovered

bauxite aggregate as follows, "Recovered Bauxite" with the project number.

Remove the excess and loose aggregate from the traveled way and shoulders by street sweeping. Application of HFST on highway ramps requires a second street sweeping 24- 48 hours after application on the ramp.

Protect utilities, drainage structures, curbs, and any other structures within or adjacent to the treatment location against the application of the HFST materials.

When magnesium phosphate concrete is placed prior to the HFST bridge deck overlay, the magnesium phosphate concrete must be placed at least 72 hours prior to placing the polymer resin binder.

When modified high alumina based concrete is placed prior to the HFST bridge deck overlay, the polymer resin binder must not be placed on the concrete until at least 30 minutes after final set of the modified high alumina based concrete.

Adequately isolate expansion joints and deck drains prior to applying HSFT.

Before opening HFST areas to traffic, test for the coefficient of friction per ASTM E1911. Provide results to the Engineer on the same working day that the tests are performed.

E. **Measurement.** High Friction Surface Course will be measured by the square yard of completed and accepted work. No deduction will be made for the areas occupied by manholes, inlets, drainage structures, pavement markings, or by any public utility appurtenances within the area.

This is a plans quantity Item. The quantity to be paid is the quantity shown in the proposal. Additional measurements or calculations will be made if adjustments of quantities are required.

F. **Payment.** The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for Bid Item 999-A "High Friction Surface Treatment." This price is full compensation for surface preparation, furnishing, preparing, hauling and placing materials including epoxy binder, removing existing pavement markings and excess aggregate as needed, and for labor, tools, equipment, and incidentals.
