A RESOLUTION URGING ALL CITIZENS TO WEAR PROTECTIVE FACE COVERINGS WHEN ENTERING OR WORKING AT PLACES OF BUSINESS

MINUTES OF MAY 5, 2020

WHEREAS, due to the coronavirus pandemic the Governor of the State of Alabama, on March 13, 2020, declared a state public health emergency pursuant to the Alabama Emergency Management Act of 1955, as amended; and,

WHEREAS, on March 17, 2020, the City Council of the City of Mobile declared that a public health emergency exists in the City of Mobile; and,

WHEREAS, the City Council deems it appropriate to warn persons visiting and working at places of business that there is a continuing risk of infection of COVID-19 and that the Centers for Disease Control has recommended the wearing of cloth coverings of the nose and mouth to reduce the chances of transmission or acquisition of the COVID-19 virus.

PRESENTATIONS OF PETITIONS AND OTHER COMMUNICATIONS TO THE COUNCIL:

AGENDA ITEMS:

1. Reggie Hill, 1007 Center Street, submitted the following requests:

“Fellow Citizens and Stakeholders of Mobile – Greetings!

Reggie Hill, 1007 Center Street.

As always, I am sending my prayers to each of our City’s Leaders. I hope that all of you will have the necessary clarity to make the best decisions for our Citizens. I want to take this time to congratulate Mobile District Fire Chief, and Mobile’s first female Firefighter, Chief LeAnn Tacon, on her retirement. Thank you for more than 30 years of service and commitment to our community.

I also would like to commend the Administration. As Elected Officials all over the country seek statewide and local bailouts from the Federal Government, our City has taken a stance of building upon what we have. This is a true sign of our resiliency and I am confident that we will reboot our economy – in the near future!

I want to echo the sentiments of our Public Safety Committee Chairman, who earlier this week expressed the importance of best spending practices during the pandemic.

MINUTES OF MAY 5, 2020

Please review the questions I submitted on Tuesday regarding the purchase of vehicles.

I want to thank the Chairwoman of our Public Services Committee for presenting some tough, but necessary, questions regarding item 08-314.

1). Have there been any discussions made about investing in preventative or solution based medical research with our local universities and hospitals? I would much rather see our funds going towards proactive measures rather than towards tests that DO NOT identify if someone is contagious or not. We are already aware that the tests are not completely accurate. Also, with federal agencies daily creating new symptoms to identify for potential risk of COVID-19 – how do we justify the fiscal allotment for 08-314?

2). Is there any clarity on the testing practices that are being used in the Mobile Metro Jail? Have there been any talks to remove those individuals who are incarcerated for non-violent drug offenses, non-violent offenders unable to meet bail, or non-violent offenders who have preexisting conditions?

3). Why were the tests, identified in 08-314, approved and on the ground before the City Council was aware of this?

Lastly, it was quite disappointing to watch our Council President as he put on a show over unnecessary Citations. The Council President even went as far as asking the Administration to investigate the matter at hand and urged the City Council to develop an ordinance that would prevent something of that nature from happening again.

4). Will the Council President publicly encourage the Administration to investigate illegal Citations issued to Citizens in District 2?

5). Will the Council President encourage the City Council to develop and implement an Ordinance that will prevent the Mobile Police Department from issuing unlawful Citations that clog up the Municipal Court, outlining specific consequences for misuse of law enforcement power?

6). Will the Council President encourage the City Council to amend Chapter 38 of the Mobile Municipal Code to create fair consequences for Judges that find Citizens guilty for laws that do not exist? How we manage Law Enforcement and the Municipal Court, moving forward, will have a very important role in regards to our economy and working capital. I will address this more, prior to the City Council meeting.

I look forward to your responses!

Kindest Regards,
Reggie”

2. Reggie Hill also submitted the following:

“Madam City Clerk,

Good morning! I hope that all is well. Please add the additional comments to the official minutes of the Mobile City Council Meeting.

1). Like any other supporting documents that are apart of the agenda and sometimes the minutes - when will the actual documents submitted to the City Clerk’s Office, from Citizens, be available for the Public to view online prior to and after City Council Meetings?

2). What measures will be taken, via Resolution or Ordinance, to ensure that the Administration will never be able to make purchases of more than \$5,000 without the approval of the Mobile City Council?

3). Our assisted living, senior focused, and income based housing units in the City of Mobile are mostly in deplorable conditions. As well, there are several residential areas that have been neglected for decades. To the best of my knowledge, based on what was

MINUTES OF MAY 5, 2020

presented by the Administration last week, resources that have been approved and appropriated to address these concerns will be taken from the City of Mobile Neighborhood Development Department to pay for 09-323 and 31-335. What is being done to ensure that any resources transferred from CDBG and Neighborhood Development funding will be replaced for its original usage and what is the timeline for those resources to be returned and utilized as they were initially intended?

4). How does the City Council plan to address those who don't wish to wear face coverings (masks) because of the First Amendment to the U.S. Constitution - particularly Freedom of Religion?

Kindest Regards,

Reggie”
