MINUTES OF MARCH 26, 2019

MONTHLY FINANCE REPORT:

Paul Wesch, Executive Director of Finance, stated:

"This is the February 2019 monthly financial report. We are five months into the fiscal year. The fifth month is about the time when we can say that we are going to have an acceptable year. I think from a revenue standpoint we will. Right now we are about 1.7%, in all revenues, above last year in the general fund and about 1.5% above budget, so that's solid. Departmental expenditures are still below budget.

On March 8 we received our monthly SSUT distribution from the State of Alabama. That means that those taxes were collected in February from sales made in January. The reason that's important is because January was the first monthly period that all of the SSUT amendments from last year were fully phased in. Last March our SSUT distribution was \$106,000.00, this month it was \$350,000.00, so about a 350% increase over last year. On an annual basis that should be better than \$4 million and we think as more and more online retailers understand the law and voluntarily contribute, that number should go up. That is primarily the result of the larger cities in Alabama joining together last legislative session standing together in Montgomery and not letting some really bad legislation pass. The city portion of SSUT was increased and the marketplace facilitators were taxed for the first time in online sales. The Supreme Court also decided that totally remote sellers, such as Wayfair, would now have to contribute to taxes. The cities are engaging again to withstand what we think will be another attempt by the Alabama Department of Revenue to grab some sales taxes that we collect locally, such as Walmart.com, what we call the brick and mortar .coms and run that through SSUT at a lower rate for us. No legislation has been filed, but we hear rumblings. If that becomes the case we will certainly come to you and seek your support."

Mr. Wesch then answered a question from Councilmember Williams.

Sec. 63-52. - Requirements for placement on rotation lists.

(a) The police department shall maintain three (3) wrecker rotation lists. One list shall include all qualified wrecker companies operating large wreckers as defined in this chapter. A second list shall include all qualified wrecker companies operating certified hazardous materials wreckers as defined in this chapter. The third list shall include all qualified, wrecker companies operating wreckers other than large or hazardous materials wreckers.

Inclusion in one list shall not mandate exclusion from either of the other two lists. In order for a company to qualify for inclusion in any of these rotation lists it must meet all the requirements of this chapter and, in addition thereto, must meet the requirements set out in paragraph (b) herein below.

(b) To qualify for inclusion on a rotation list, a wrecker company must:

(1) Maintain a duly licensed business within the city's limits or its police jurisdiction with a separate business license for each and every geographic location out of which the wrecker company will house and/or dispatch wreckers.

(2) Complete and execute an application form supplied by the police department, which form may be amended from time to time at the discretion of the police department.

(3) Maintain twenty-four-hour wrecker service seven (7) days per week, with a wrecker operator and wrecker on call at all times at its place of business. Answering services shall not be permitted because time is of the essence in responding to wrecker calls.

(4) All wreckers and towing vehicles dispatched in response to calls or requests for tows shall depart from the company's place of business (as defined in section 63-2 above).

(5) Respond to all calls for tows using vehicles and equipment which belong to the called company. No subcontracted, substitute or replacement vehicles will be allowed, unless approved in advance in writing by the City's chief of police.

MINUTES OF MARCH 26, 2019

(6) When dispatched as the closest wrecker, arrive on the scene within the times specified in section 63-59 herein.

(7) Be active participants in good standing on the lists of companies that tow impounded vehicles pursuant to section 61-101 et seq., of the City Code, and execute the form entitled "Conditions for Participating in the City of Mobile Wrecker/Towing Call List(s)."

(8) Pick up, remove from the scene (including the roadway and any road shoulder or gutter) and properly dispose of all debris, including but not limited to all glass and plastic fragments, at the time of towing.

(9) Wrecker companies must submit a picture of oil absorbent material used on scene attached to the invoice for payment.

IV. Article V.-Miscellaneous.

DIVISION 3. - HAZARDOUS MATERIALS REQUIREMENTS

Sec. 63-64. - Emergency Response Guidebook.

It shall be the duty of each wrecker company owner listed on the hazardous materials wreckers list to ensure that each wrecker responding pursuant to the terms of this chapter is properly certified by DOT and has the proper insurance riders for hazardous materials in accordance with federal guidelines along with a copy of the current edition of the U.S. Department of Transportation Emergency Response Guidebook contained within the cab of the wrecker. Also, the owner of the wrecker company shall have a duty to ensure that all personnel who may respond to an incident pursuant to the terms and provisions of this chapter shall receive hazardous materials training on an annual basis regarding the Department of Transportation's guidelines on the following topics:
